Colorado City.
osp of Slaton
to make the
trip for the

game which starts at 8 p.m.
It will be the first game
under new head coach
Edward Cook, the man
chosen by Slaton school
board to try to break the
Tigers of a losing habit built
up over more than two
decades.

The Tigers have shown
rare good spirit in workouts
and in two pre-season
scrimmages, and are given
a chance to win the very
first one, although the
Wolves, just moved down
into Class AA after being
Class AAA, will be solid

favorites.
Coaches in District 5-AA
have tabbed Slaton to finish
last, a factor which should
give this year's team added
incentive.
Last Saturday morning,
the Tigers scrimmaged a-
gainst O'Donnell, a big

Class A team which is
picked by coaches in that
district to finish last, de-
spite an outstanding back-
field. The scrimmage had to
be considered a moral
victory for O'Donnell, since
neither team scored, al-
though Slaton would have

had the best of the statistics
if they had been kept.
Slaton's defense did a
good job, holding the big
Eagle backs, primarily with
some good front line play
augmented by good pursuit
from linebackers and defen-
sive halfbacks. The Eagles'

all-state candidate, David
Pearson, 6-5 and 205, was
limited to moderate gains
and several times was
stopped cold.
Possibly Slaton's best of-
fensive move in the scrim-
mage was a pass from QB
Gary Aycock to End Eiland
Wood for about 30 yards.

Coach Cook indicated he
was not pleased with the
Tigers offense, but he did
say they moved the ball well
at times. Regarding the
game coming up Friday, he
commented:

"We'll face two of the
best running backs we'll see
all year, and they have a
good passing attack with
their quarterback, named
Banks. . . . the good
running backs are Warren
and Bolin."

Cook noted that the
Colorado City team is "pre-
tly young, except for the
experienced backfield."

The Slaton coach said all
players came out of the
O'Donnell scrimmage in
good condition and everyone
should be ready to go
Friday night, barring any
mishaps in practice this
week.

the booster organization.

Four Accidents Investigated

Four traffic accidents
were investigated by Slaton
Police Dept. during the last
week, with one person listed
as injured.

Injured and taken to
Methodist Hospital in Lub-
bock was David Brian Sa-
vell, 18, of Rt. 2, Wilson,
who was driver of a 1972
motorcycle which over-
turned. He later was re-
leased from the hospital.

On Monday at 20th and
Woodrow Rd. a 1969 motor
home driven by Sam Ru-
dolph Ging of Copeland,
Texas, struck the entry arch
at Englewood Cemetery.
Damage was minor.

Last Sunday at 9th and
Lynn a 1970 car driven by
Brack West of 935 S.
Arizona St. and a 1968 car
driven by William Scott
Harris of Sweetwater colli-
ed. Total damage was
estimated at \$50.

Also on Sunday, Paul
Mosser, 805 S. 19th, report-
ed theft of a white 1974
Nova from his driveway. As
of Wednesday, it had not
been recovered.

Last Wednesday on the
high school parking lot a
1968 car driven by Brian
Clay Johnston Jr., 1425 S.
11th, and a 1965 car driven
by Epifania Ledesma of
Slaton collided.

Farmers-Merchants Barbecue Scheduled

The 17th annual Farmers-
Merchants Barbecue spon-
sored by Slaton Chamber of
Commerce will be at the
Little League ballpark at
7:30 p.m. Tuesday, Sept.
17, it was announced this
week.

The Outstanding Farmer
award will be presented,
plus cash awards for the
first, second and third bales
ginned in the area.

Farmers are guests at the
event paid for by the
merchants. Families of
farmers are not included.

Fearless Forecasters Returning

Slaton's Fearless Five
Forecasters, coming off a
brilliant season of prognos-
tication football winners last
year, are back again this
week for another season of
exhibiting their unusual tal-
ents for analyzing area and
national football teams and
coming up with the proba-
ble winners.

The Fearless Forecasters
are led by their all-star
performer, J. W. Holt, the
luckiest bum in 17 states at
picking winners. Holt won
over the other four in 1972,
and in 1973 made a run-

way of it, picking 109
winners correctly while
missing just 47.

Holt is a graduate of
TCU, and turns purple and
white whenever asked about
the Horned Frogs' record in
recent years.

In second place last year
was Bill Ball, with a 96-60
mark, about the same per-
centage of accuracy as with
his weather forecasting.
Ball, who attended junior
high school with Jim
Thorpe, is so confident he'll
win it all this year that he
has spotted all the others 12

games by refusing to make
any choices the first week.

Pete Williams, 90-66 last
year, has been training hard
for this season by smoking
26 cigars a day and gazing
into the smoke for a look
into the future. Pete played
on the last district champ-
ionship team here, along
with Moses and Aaron.

Joe Sparkman, who
should have been last in
1973, was fourth with a
record of 83-73. Sparkman
has a new formation to
spring on his opponents this
year — he gained 23

European Tour Costs Less Than Plane Ticket

Slaton residents now have
the opportunity to spend
nine days in Europe and
tour five countries for less
than the cost of a single
round trip plane ticket to
Amsterdam.

Persons participating in a
group tour sponsored by
The Slatonite will be able to
enjoy nine days in Belgium,
Switzerland, Holland,
France and Germany for
only \$628. Included in that
low price are round trip jet
flight from Lubbock to
Amsterdam, hotel accommo-
dations, two light meals per
day and a personal escort.
The cost of round trip air

fare to Amsterdam is \$800.

Because Wholesale Tours
International, Inc. of New
York is arranging the tour
around a group rather than
the individual, the price is
much lower than the cost
would be for any one person
making the same trip.

The tour leaves Lubbock
March 22, 1975 and will
take place during both the
Slaton schools and the
Texas Tech spring break.
After arriving in Amsterdam
by jet, the tour will then go
by air conditioned buses
through five countries.

Some of the more well-
known stops along the way
will include a tour of Paris,
an afternoon on the Rhine
river, a visit to the cathed-
rals of Cologne and Notre
Dame and an afternoon in
Brussels.

Because of the low price
and the excellent benefits of
world travel, nine days in
Europe would make a great
Christmas or graduation
gift. Start thinking about it
now.

For more information,
contact Sandy Martin at The
Slatonite, 828-6201.

Enrollment Remains Steady

According to a Slaton
school official, enrollment
figures for the first two
weeks of school are approx-
imately the same as last
year.

A breakdown by campus-
es of the 1870 total enroll-
ment reveals that West
Ward has the most students
with 602 enrolled.

There are 312 students
attending Stephen F. Austin
and 444 are enrolled in
junior high.

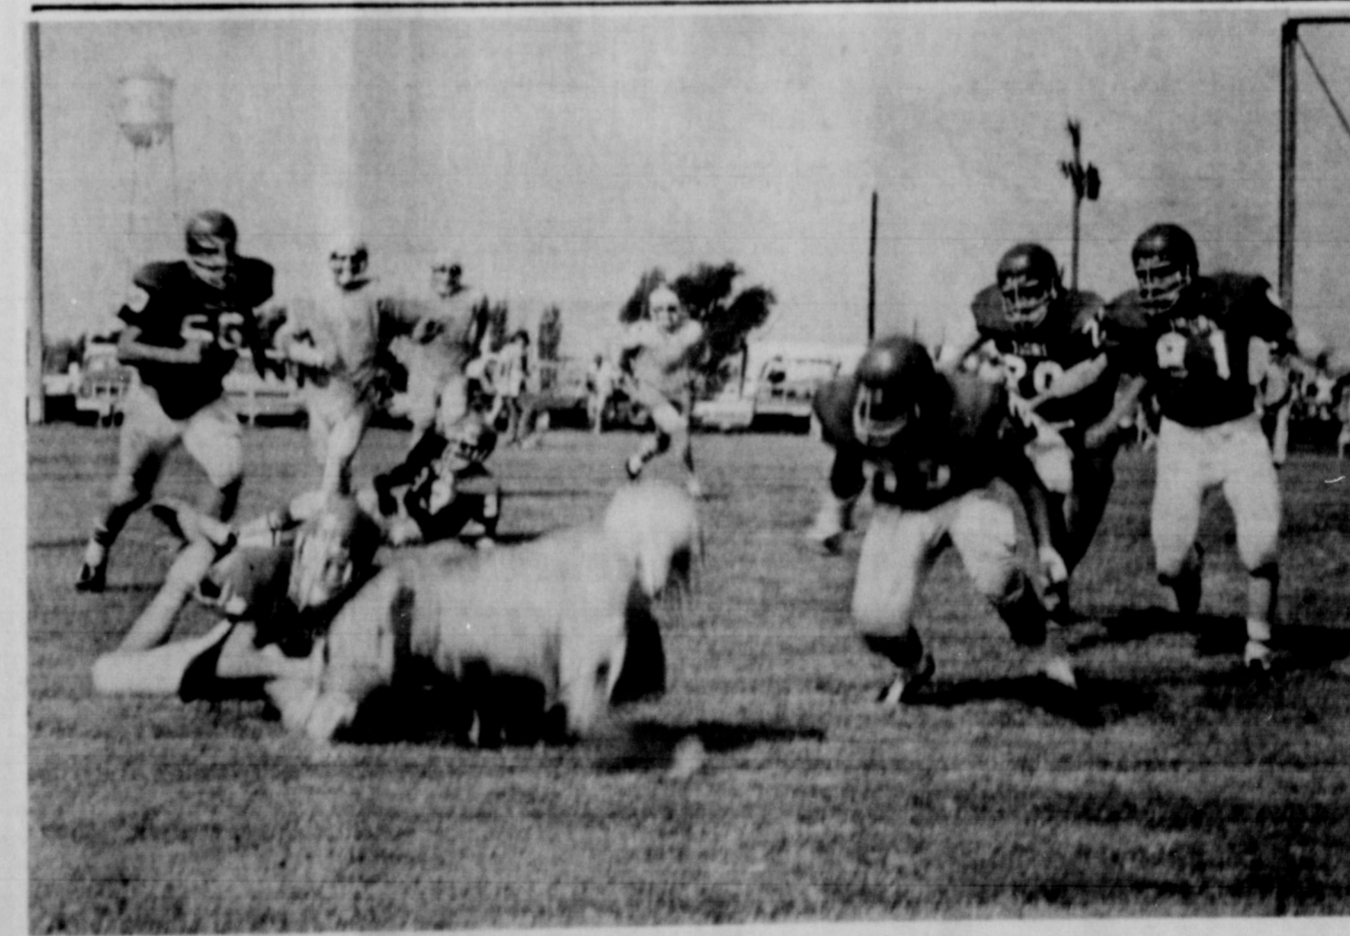

Slaton High School has an
enrollment of 512, which is
almost identical with the
516 figure at the end of the
first six weeks last year.

Football Contest Again Offers Cash To Winners

Cash prizes just for guessing the
winners of football games again will
be offered each week by the Slatonite,
with the first list of games being
presented on page 4 of section 2 in
this issue.

Each week, residents may mark
their choices on the entry blank at the

bottom of the page, and bring the
blanks to the Slatonite office before 5
p.m. Friday. Each entry must be
signed or stamped by one of the
participating sponsors of the annual
contest. Other rules of the contest are
listed on the page.

First prize each week is \$10, second

prize is \$5 and third is \$2. And a \$25
jackpot is offered for a perfect entry,
although this hasn't been claimed in
the last two years. Also, in event of a
tie, each contestant should mark what
he thinks will be the total combined
score of the two teams in the
tie-breaker game, which this week is

Slaton at Colorado City.

Winners of this week's contest will
be announced in next Thursday's
paper. And they must pick up their
prize money by 5 p.m. the following
Monday or forfeit the prize.

Meurer-Maeker Nuptials Read In Church

Nadine Marie Meurer and Dennis Glen Maeker were united in marriage at 6 p.m. Aug. 31 in St. Joseph Catholic Church in Slaton. Officiating the double ring ceremony were Msgr. Peter Morsch, Slaton, and the Rev. Rodney Maeker, of Victory, brother of the groom.

Parents of the couple are Mr. and Mrs. Paul Meurer, of Slaton, and Mr. and Mrs. Edmund Maeker, of Wilson. Given in marriage by her father, the bride wore a colonial style gown of ivory silken organza accented in peau d'ange lace and seed pearls. The softly moulded bodice featured a Sabrina neckline of natural scallops

and was highlighted in the seed pearl beading. Long leg sleeves of organza over lace tapered to the wrists and were cuffed in crystal pleated ruffles falling over the hands. The natural waistline was banded in satin ribbon and the full bell skirt swept to a chapel train. A deep border of lace with scalloped edging encircled the entire hemline and train which was flounced in crystal pleating.

The bride's veiling fell from a capulet centered in a garland of pearl beaded lace petals and leaves which were also sprinkled throughout on the twin panels extending beyond the length

of her train. Ruth Meicher was maid of honor. Bridesmaids were Vernell Katz, sister of the bride; Janice Teague of Dallas; Anna Neumeyer of San Antonio; Brenda Meurer, sister-in-law of the bride; and Lisa Meurer, niece of the bride.

The attendants wore long dresses of burgandy satin fashioned with empire waists and yokes of candlelight lace with stand-up collars.

Best man was Edmund Maeker, father of the groom. Groomsmen were Valton Maeker, brother of the groom; Hal Evans, of Lubbock; Wayland Peterson of Odessa; Steven Bednarz

of Wilson; and Tommy Maeker of Wilson. Ushers were Gaylon Buxkemper of Slaton; Doyle Buxkemper of Slaton; Gary Cook of Lubbock; and David Wied of Wilson.

Candlelighter was Mark Meurer, nephew of the bride. Assisting were Melody and Kitty Kaatz; and Lana Meurer, all nieces of the bride.

Flower girl was Beth Maeker of Victory, niece of the groom. Ring bearer was Daniel Kaatz, nephew of the bride.

Wedding music was provided by organist Clifford Kitten and soloist Mrs. Nancy Maeker.

Following the ceremony,

a reception and dance was held at Vann's.

The bride is an honor graduate of Slaton High School, and has attended Incarnate Word College of San Antonio, and Texas Tech. She is presently employed by American State Bank of Lubbock.

The groom attended Wilson High School and Texas Tech. He is presently employed by Agro Systems of Lubbock.

Following a wedding trip to the mountains of New Mexico and Colorado, the couple will live in Lubbock.

Mr. and Mrs. Edmund Maeker hosted a rehearsal dinner for the couple in the Gold Room at Hemphill Wells at South Plains Mall.

Nuptials Sanctified

Dina Jean Wilke and Dan Wesley Crowson were united in marriage at 7 p.m. Aug. 31 in Slaton's Grace Lutheran Church.

The Rev. Louis Balderach, pastor of St. John's Lutheran Church in Wilson, read the double ring ceremony for the daughter of Mr. and Mrs. Carlton Wilke, Wilson, and for the son of Mrs. Geneva Crowson and the late Sam Crowson, also of Wilson.

Given in marriage by her father, the bride wore a formal gown of ivory glorgette fashioned with a deep scoop neckline, full sheer bishop sleeves and cuffs of heavy Venise lace. The dress' empire bodice was overlaid with Venise lace. A deep ruffle formed the hem of the A line skirt, and the attached train swept to chapel length.

Pre-Nuptials For Miss Elder

Mrs. Wayne Perkins was hostess for a bridal luncheon Aug. 17 in the Hemphill Wells Gold Room in honor of Martha Elder, bride-elect of Wayne Rasmussen.

An arrangement of purple carnations decorated the table.

Special guests were the mothers of the engaged couple, Mmes. Grady Elder Sr., and Mildred Rasmussen.

Other guests were Mmes. Jerry Edwards, Danny Smith, Jim Dulin, Phil Goad, A. C. Ethridge, C. L. Cowan, Raeland Blackerby and Miss Linda Robison.

Mrs. Perkins presented the honoree with a pressed crystal cookie jar.

A dinner party at the Villa Inn poolside Aug. 24 also honored the engaged couple.

Mr. and Mrs. Phil Goad, Lubbock, hosted the affair and presented the couple with a silver tray.

Mothers of the couple were again special guests. Others attending were Mr. and Mrs. Fred Clark, Mr. and Mrs. Jim Dulin, Art Cuevaz, Mr. and Mrs. Danny Smith, Mrs. Raeland Blackerby, Zella Rocha and Mark Ethridge.

The bride's headpiece was a lace Juliet cap which held her chapel length veil of illusion. Her bouquet was made of white carnations, gypsophelias and pink sweetheart roses.

Matron of honor was Donna Fields, Wilson. Attending the bride as bridesmaids were Beverly Peoples, Lubbock, Carla Wilke and Jan Wilke, both sisters of the bride.

The attendants wore pink and white checked gingham halter dresses with white lace hats trimmed in matching gingham bands. They carried nosegays of pink and white carnations.

Sammy Crowson served his brother as best man. Acting as groomsmen were Chris Coleman, John Fields and Donny Crowson, brother of the groom.

Ushers were Wesley Wilke, brother of the bride, Clyde Wilke, Leland Brieger and Tony Bishop.

Candlelighters were Kendall Wilke, brother of the bride, and Wade Crowson.

Kim Crowson was flower girl and Brad Crowson was ring bearer.

Mrs. Victor Steinhauser was organist and Susan and Russell McCormick were soloists.

A reception in Grace Lutheran Parrish Hall followed the ceremony.

The couple will make their home in Lubbock, where the bride is employed by the Ex-Students Association at Tech and the groom is employed by Piggly Wiggly. The bride is a graduate of Wilson High School, and the groom is currently attending Texas Tech.

MRS. MARTY CROSSLAND
Vicki Jolene Wisian

Couple Wed In Earth

Vicki Jolene Wisian and Marty Crossland solemnized vows of marriage at 2 p.m. Aug. 24 in the Earth United Methodist Church, in Earth.

The Rev. Edmund Robb read the double ring ceremony for the daughter of Mr. and Mrs. Elroy Wisian Sr., Springlake, and for the son of Mr. and Mrs. Carl Crossland, Slaton.

Given in marriage by her father, the bride wore a Victorian style gown of white organza with accents of peau d'ange lace. The gown's fitted bodice was designed with a portrait neckline and a bertha collarlet of scalloped lace ruffling highlighted in tiny seed pearls. Long tapered sleeves repeated the scallop lace ruffling with cuffs falling over the hands.

The full circular skirt was sprinkled in beaded lace medallions and swept to a chapel length train. The entire hemline was encircled in a circular flounce of self fabric attached with lace scallops.

The bride wore a lace bonnet accented with seed pearls, which held her three tiered veil. Lace scallops edged each tier of illusion.

Coelita Biles, Abilene, was maid of honor. Bridesmaids were Le Ann Humphreys, Guthrie; Darlene Sulser, Abilene; and Gena Wisian, sister of the bride, Springlake.

The attendants wore long blue dresses styled with empire waistlines, scooped necklines and self ties in back.

Rich Crossland, brother of the groom, served as best man. Groomsmen were Tracy Lee, Lubbock; David Wisian, brother of the bride, Springlake; and Ricky Ferrell, Lubbock.

Serving as candlelighters were Jimmie Wisian, Muleshoe, and Janis Beauchamp, Lubbock.

Ushers were Elroy Wisian Jr., brother of the bride; Edward Beauchamp, cousin of the groom; Michael Wisian, cousin of the bride, and Leslie Beauchamp, cousin of the groom.

Wedding music was provided by organist Mrs. Bob Belew and by soloist Wayne Anderson.

A reception followed the ceremony in the Fellowship

Hall. Following a wedding trip to New Mexico, the couple will reside in Lubbock.

The bride is a 1973 graduate of Springlake-Earth High School, and is a sophomore at Texas Tech University.

The groom, a 1972 graduate of Roosevelt High School, is a senior at Texas Tech University.

Showers Fete Nedra Moseley

Three pre-nuptial courtesies were given recently in honor of Nedra Moseley, bride-elect of David Robertson.

Mrs. Pat Taylor hosted a wedding shower in her home from 7:30-9 p.m. Thursday evening.

Refreshments were served from a table decorated with milk glass appointments and colors of apricot. Gifts were displayed, including a lighted curio from the 28 hostesses.

A spice shower was also given in Nedra's honor in the home of Mrs. Patsy Savell. Other hostesses were Dru Ann Beard, Genie Sokora and Nita Latham.

Hostesses' gift was a spice rack. Special guests at the shower were the mothers of the engaged couple, Mrs. Norris Robertson and Mrs. Ed Moseley.

Jenelle and Jenice Robertson hosted a lingerie shower at Plains Villa Apartments.

The hostesses presented Nedra with a lilac gown.

Educator Ends 53 Year Career

J. P. Hewlett, a long time educator in Lynn County, retired Saturday to end a 53 year career which included teaching, coaching and being superintendent.

At the time of his retirement, Hewlett was Lynn County School Superintendent. He was the last person to hold that position since voters abolished the office following his last term.

Hewlett began his career

in education at the age of 16 when he took over teaching duties at the Sim's Valley school near his hometown of Stephenville.

At that time, anyone with a high school education could obtain a teaching permit. As the times changed, so did Hewlett. He eventually earned two bachelor's degrees and a master's degree in education at Texas Tech.

At the same time he was busy teaching other people's children, he raised three boys of his own. A bachelor, he adopted two sons and raised a third as a foster parent.

Now 75 years old, Hewlett delights in being both a grandfather and a bachelor. His retirement plans include watching TV and enjoying his only surviving son and his family, the John Hewletts of Lubbock.

HELP FOR PARENTS — Grace Surguy, director of Operation Peace of Mind, at a Tampa, Fla. conference encourages representatives of 26 governors to support the Houston runaway hotline by publicizing the toll-free number nationwide.

Hotline Relieves Minds Of Many Parents

Operation Peace of Mind, the Houston-based telephone hotline for runaway children, was the topic of intense discussion at Tampa, Fla., Aug. 28-29. Representatives of 26 governors were on hand to examine ways their states could be linked with the 24-hour service.

It was explained that the hotline was begun by Gov. Dolph Briscoe a year ago because of the grisly discovery of the bodies of 27 young men in the Houston area. Hundreds of concerned parents from all over the United States were calling Houston to see if one of their runaway children. Originally, the operation's costs were defrayed by private contributions with a recent assist by a Criminal Justice Division grant of \$21,000.

Gov. Briscoe opened the volunteer staffed service with the idea that if runaways called and their message that they were alive and well was relayed to their parents, then they indeed would have that peace of mind. At that time, no one dreamed how the idea would grow and develop to the status it has received throughout the country.

Thousands of Calls
More than 4,000 runaways from 47 states have called Peace of Mind since last September to let some-

one they care about know that they are safe. Many calls have resulted in the runaways voluntarily returning to their homes and families.

The national impetus of the service began to grow when the Florida legislature, in an unprecedented action, appropriated \$20,000 in funds to publicize the Texas hotline number throughout that recreation state, which ranks high in runaways.

Gov. Briscoe observed, "The extraordinary thing about Operation Peace of Mind is that it not only meets a Texas need to help runaway children, but touches every state and every parent's heart whose child is away from home."

Because of the increasing interest on the project from other states, Gov. Briscoe and Florida Gov. Reubin Askew jointly initiated the Tampa conference to discuss various methods of publicizing the hotline number in all other states to help as many children as possible.

Grace Surguy, director of POM, said "the reason Peace of Mind works is that all calls are confidential. We only relay the message runaways want relayed — no more and no less."

Toll-Free Number
"The runaway calls us on a toll-free number that is not traced and asks us to

call someone to say they are okay. They generally call back later to see if there was any reply to their message," she added.

"Most runaways are afraid to call their parents directly, fearful that they might be rejected. It's a big decision for them to make that first telephone call," she continued.

"One of the most rewarding aspects of Peace of Mind is that the runaway's call to us and the reply from the parents that the child is loved and wanted back home often makes the two contact each other directly and work out a reconciliation based on love and better understanding," Mrs. Surguy concluded.

The conference delegates have returned to their governors with the details of how to best help the runaway children of America. Most have indicated an immediate willingness to begin implementation of publicity throughout their state of the Peace of Mind hotline number.

More Publicity
With the expected increase of publicity on the national hotline number (1-800-231-6946) and of the Texas WATS number (1-800-392-3352), Texas is preparing to add more incoming WATS lines as the traffic demands. Texas will continue to supply the communications equipment

and staff support, with other states advertising the telephone number.

Construction Continues On US 84

The Texas Highway Department today announced that the 8-mile section of the northbound lane of U.S. 84 between Post and Southland, which has been closed for several months for reconstruction, will be reopened to traffic and a 3-mile section of the southbound lane beginning about 6 miles northwest of Post will be closed for reconstruction and all southbound traffic will be rerouted over the remaining lane which will be used as a two-way detour.

It is anticipated that the change will be made sometime during the week of Sept. 9 through Sept. 14 dependent on weather and other factors affecting the construction work.

Appropriate sign changes will be made at all intersections and crossovers throughout the project. Motorists using this section of U.S. 84 are urged to use extreme care, read and obey all signs, and be constantly aware that the new detour lane is carrying two-way traffic.

The early Chinese believed a solar eclipse was caused by a great dragon attempting to swallow the sun. On such occasions they would go out into the streets and set up a terrific din to frighten the monster away. It never failed to bring the sun back.

Members of Slaton High School's Homemaking III class have shown their school spirit by taking care of the marquee in front of the high school. They will be responsible for changing the signs whenever a new event is scheduled. (SLATONITE PHOTO)

Family Attends Flying Farmers Meeting

Over 1000 members of the International Flying Farmers attended the 29th annual convention held Aug. 10-16 in the San Antonio Convention Center. Members flew in from locations scattered throughout the United States, Canada and Mexico.

The Flying Farmers comprise the second largest pilots organization in the United States. Among the 9000 members, they own over 5000 airplanes and approximately 4000 landing strips, many of which are located on their own farms.

entertainment by Allis-Chalmers Corp.; various scholarships sponsored by Anderson Land & Cattle, Inc., Archer Petroleum Corp., King Radio Corp., and others; a night of musical entertainment by John Deere and Company; and various awards associated with flying, presented by Avco Lycoming Division, Avco Corp., Cutter Aviation, Don Flower Assoc., Farm Journal, Inc. and Piper Aircraft Corp.

Business meetings were held throughout the week. The objectives of the International Flying Farmers organization are to promote the use of aviation in the Agricultural Industry, encourage the conservation of soil and water resources, and aid the development of proper regulations and planning for general aviation.

FLYING FARMERS — Bill and Naomi Hunt, and their son Ken, of Wilson, were among those arriving at Kelly Field in San Antonio to attend the 29th annual International Flying Farmers convention held Aug. 10-16. They have been with the Flying Farmers for two years, and are the advisors for the International Flying Farmers Teens.

This week nothing much has happened, but during the summer a lot of things happened. The inside of the school was repainted and the offices were remodeled. The outside of our school was cleaned up. Mr. Davis would appreciate it if we would stay off the grass and keep trash off the school grounds.

The share group started on Wednesday. Everyone is urged to come on Mondays, Wednesdays, and Fridays at 8:30.

Every Tuesday starting Sept. 10, will be red and black day until football season is over.

We welcome the new teachers to Slaton Junior High. Mrs. Ellis, Mrs. Myers, Coach Dixon, and Coach Sahm. We only had time to interview Mrs. Myers this week. She told us she enjoyed teaching here in Slaton. She and her husband now reside in

Southland. The 6th graders told us how they felt about Slaton Jr. High. Brent Aycock said, "Everything's okay, except the paddle." Brett Bumpass said, "It's okay to me."

What's the most important thing you learned last year? The 7th graders were asked. Donna Tomlinson replied, "Not to laugh while playing the clarinet." Kevin Bales answered, "How to cope with Mr. Carter."

The 8th graders were asked "How does it feel to be big 8th graders?" Peggy Alsbaugh said, "Feels great!" Steve Evans said, "Weird!" Billy Jack Haire said, "Great!"

Also, Mr. Davis would like to compliment all the kids on their behavior in the halls and the cafeteria.

New Name, New Look
The Cooper school paper has adopted a new name for itself, "The Anchor". It was formerly called "The Scope". The new look is that of a published one. The paper is published every two weeks and various businesses advertise in the paper. The success of the new school paper is credited to Miss Patti Payton, the sponsor of The Anchor, and the hard working newspaper staff.

NHS Officers Elected
Last Friday the 1974-75 National Honor Society officers were elected. President is Randy Holloway; vice president, Arthur Wunsche; secretary, Sherry Hammond; treasurer, Kevin Pringle; and parliamentarian, Kevin Killian.

Other members of NHS are Jon Fehleison, Kathy Jones, Vicki Madrid, Charles Rogers, Gail Walker and Susan McWilliams.
Sponsors are Miss Karla Alexander and James Gordon.

The members discussed the induction of the new members which will be chosen by the faculty sometime in September.

FHA Chapters Divided
The Future Homemakers of America divided into two chapters. The grades of 10-12 are known as the freshman chapter and the sophomore chapter. This is to teach leadership to the freshmen and upper classmen.

Mrs. Jennifer Cochran is the senior chapter sponsor. She teaches Home and Family Living, Consumer Ed and Homemaking III and IV. Mrs. Cochran has been helping the officers in a workshop and teaching them such things as parliamentary procedure.

Mrs. Vicki Skipworth is the junior chapter sponsor and teaches Homemaking I and II. She had aided the freshmen officers in learning the creed, emblem and beginning of Future Homemakers of America.

Both chapters have made their yearly plans. They have decided to have such activities as style show, sweetheart banquet and lectures.

Mrs. Cochran said, "This is believed to be a new beginning for the Cooper FHA."

Band Steps High
The Pirate band has been working hard for three

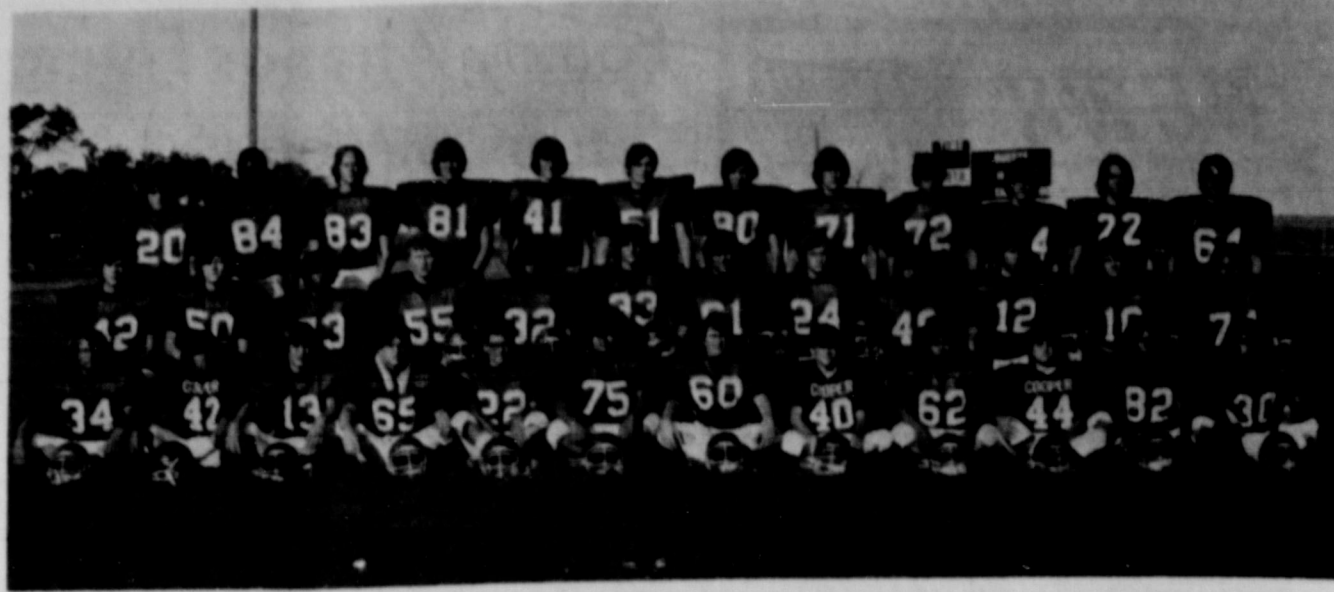

weeks on the upcoming marching season. The theme they have taken on is to better themselves in the coming year. They will be stepping out with such popular music as "Tie A Yellow Ribbon", "Sunshine Go Away", and "Wabash Cannon Ball".

Leon Long is filling the shoes as the band director. Mr. Long is a music major from Texas Tech and a former assistant for the Raider band. His family consists of his wife, DeDe, and Tom, their two-year-old son. When asked Mr. Long what he thought of Cooper, his reply was, "I think Cooper has the greatest potential of any other school around."

To aid Mr. Long in making the band a success is the drum major, Mike Hall. Mike is a senior and is the son of Mr. and Mrs. Marvin Hall. He plays the tuba in concert band and saxophone in stage band.

To add a dazzling look to the band are five twirlers. These girls attended the Tech band camp where they took classes in twirling and band. They performed at the Lubbock Lions Club and for the camp assembly. They also participated in line competition and band activities.

Leadership for the Pirate band was chosen by the members. These students were selected on their dedication to the band and leadership ability. New officers are: president, Randy Holloway; vice president, Scot Pate; secretary, Kandy Jones; and reporter, Debra Haynes.

COOPER PIRATES — Shown here is the 1974 Cooper Pirates football team. Coach Pete Hurst's team will host Littlefield in the season opener Friday night.

READY FOR SEASON — Cooper High School cheerleaders have been preparing for the approaching football season all summer, attending the High Plains Cheerleading School at Lubbock Christian College and earning the spirit stick there. They received two superior ratings and two of excellent. From left are Tina McBride, Dora Bentancourt, head cheerleader Delsey Cooper, Terri Robertson and Debbie Rogers, with Francis Hernandez in front.

Tough Littlefield First Foe Of Cooper Pirates

A strong Littlefield team will provide the opposition for the Cooper Pirates as the Cooper team opens the 1974 football season at home Friday night.

Coach Pete Hurst's Pirates have scrimmaged against Ralls and Lockney

and should be ready for the Wildcats. Coaches in the district have tabbed Cooper to come in third this year behind Denver City and Post, but with 16 lettermen back, the Pirates expect to have the depth and leadership to be in the running for all the marbles.

The Pirates will be tackling a rugged schedule this season. Other than the district foes, Cooper will be playing three teams expected to win their respective Class AA districts. These teams, to be met on successive weeks, are Littlefield, Floydada and Morton. Game time Friday night is 8 p.m.

PIRATE GIRLS — Twirlers for the Cooper High School band this season are (from left) Debbie Hayes, Renee Flourney, Kandy Jones, Debra Haynes and De Rai Collins.

CONSUMERS' CORNER

What are the facts about waterproof rainwear?
Waterproof rainwear is exactly that — it does not allow water or air to penetrate the fabric. This is why a raincoat may cause the wearer to feel hot and uncomfortable.

However, special styling through the use of underarm eyelets and supported yokes, helps to provide greater comfort.

You may sponge, hose, or wipe off a waterproof garment to remove soil. Look for specific care instructions on the hangtag or label sewed to the garment. Save this information for future reference.

Some plastic types of rainwear are waterproof until torn or punched by sharp edges. Difficult to mend, they may not wear so well or so long as the waterproof woven or knit fabric.

Read the labels for fabric finish information and to consider your basic needs when shopping for rainwear. Trying on rainwear over the kinds of garments to be worn with it is important to getting the most satisfaction and service from the raincoat.

SLATONITE — The above photos taken last week in the Roosevelt Community show residents of that area claim is a severe drainage problem which the county is remedying despite several complaints in the past. According to the residents, a drainage ditch in front of the school and also in front of the community clubhouse, and the Roosevelt Baptist Church, above right, has a poor drainage setup and

this not only inconveniences school children and churchgoers, but also residents of homes along the road. Now, the residents say, high water overflowing from the road has ruined two water wells of residents, and poses a threat to the drinking water wells for the church, school and clubhouse. Dean's List

Nursing Home News

A total of five Texas Tech University students from Slaton were recognized for academic achievement during the spring semester and were listed on the dean's honor rolls.

To qualify for the recognition, students must achieve a grade average of 3.0 on a 4 point scale.

Included on the honor rolls were: William Jaynes, Carl Kahlich, Paul Martin, Keith Vardeman and David Hammett.

Approximately 21,500 students are enrolled in the six colleges and two schools at the university: Agricultural Sciences, Arts and Sciences, Business Administration, Education, Engineering, and Home Economics and the Graduate School and the School of Law. Texas Tech is one of the major universities in the state and third largest in enrollment.

By MADALINE KEITH
Hi! Hope everyone had a nice Labor Day! I'm sure everyone here at the home did.

We are sorry that the Rev. Ascher of the Wilson St. Paul's Lutheran Church won't be with us for a while. But fortunately, the Rev. Birdie L. Jones of the Slaton Westview Baptist Church will be taking his place for our Wednesday devotionals.

We want to thank Mrs. T. A. Johnson for the tomatoes she gave us.

We would like to thank Mrs. W. R. Greer for the magazines she gave to our home. The residents will enjoy them so much.

Our thanks also to Mrs. Franklin Kitten for the green beans.

New residents in our home are Jimmy Bartlett and Nick Nue. We are very happy to have them with us.

We are very happy to have Eleanor Howard, Ethel Ratcliff and Andrew Howard back with us after their stay in the hospital.

We wish a speedy recovery to Annie Davis and Lena Lamb who are in the hospital.

Roosevelt News

by Lynda Hall and Sandra Patschke

Futurity
Owned by Roy of Roosevelt, in the All-Futurity at Ruidoso, which has four seconds and in 14 outings turned in the qualifying time American finals, clocking time of 1:12.30.
Third in the consolation Kansas Futurity, losing each to the Labor Day News from 126

entries in 38 categories in District II 4-H Club Record Book competition have been announced by Billy Gunter and Catherine B. Crawford, district agents with the Texas Agricultural Extension Service in Lubbock. The winners were from 13 counties in District II.
Roosevelt senior 4-H members whose record books won in the district competition were Sandra Patschke's Food Preservation, alternate, and Lynda Hall's in Poultry.
All the winning record books will be forwarded to Texas A&M University to compete at the state level against the best books from 12 other districts of the Texas Agricultural Extension Service.

New Student at RHS
A new student attending Roosevelt this year is Gabriela Montero, 16, of San Jose, Costa Rica, Central America.
Gabby, as she likes to be called, has two brothers and one sister. Her mother, Norma, is employed with the Costa Rican Government.
Gabby has completed her education in Costa Rica and is furthering her education by attending school in the United States on a part scholarship and part her own financing under the Youth for Understanding Teenage Exchange Program which is sponsored by

Youth for Understanding, Inc.

She plans to remain in the U. S. for at least a year to get knowledge of the U. S. American life and most important U. S. teenage education, activities, family life and community life.

Gabby doesn't want anyone to speak to her in Spanish so she can learn to speak and understand English better.

While attending Roosevelt she will be living with Mr. and Mrs. Wally Moyers, Sr. of Buffalo Springs Lake.

Football

The first varsity football game of the 1974 season will be Friday, Sept. 6, against Lorenzo there, beginning at 8 p.m.

The pep rally will be held in the high school gym at 2:30. Everyone is invited.

FFA News

The Roosevelt FFA met Tuesday. Michael Patschke was introduced to the new members as last year's president. The club decided to have the donkey basketball game again this year at a date to be announced later. As a money making

project they will have the sausage and the fruit sales again this year. It was also decided the FFA will attend the El Paso, Houston and Dallas stock shows.

News Briefs

Guests of the Joe Hall family over the Labor Day weekend at White River were Mr. and Mrs. James Biggs, Ronnie and Jan of Lubbock, and Mrs. DeeDee Biggs of Dallas.

Spending the weekend at Amistad Lake were Mr. and Mrs. Charles Miller and Jimmy, Mr. and Mrs. W. D. Killian Jr., Rhonda, Melanie, Wes and Mark, Jeri Parchman, Judy Holmes, and Mr. and Mrs. August Patschke, Michael, Dwaine, and Craig Hancock.

FHA

The FHA chapter held its first meeting Aug. 27. The year's program of work was presented by the officers. Elaine Hogland, junior, presided over her first meeting. Again this year's funds will be made by pecan sales. Repeating projects will be the Sweetheart banquet and carolling at a nursing home.

For the first time at Roosevelt, guys are making the FHA scene. Thirty-nine guys are enrolled in the homemaking class and over half attended the meeting.

Homecoming

Homecoming has been set for Sept. 20 during the Seagraves game. Orders are now being taken for mums.

Lunch Menu

Monday — Long John sandwich, tossed salad, corn, brownies and milk.

Tuesday — Parcupine balls, carrot raisin salad, mashed potatoes, orange fluff, rolls, butter and milk.

Wednesday — Spaghetti, tossed salad, green beans, cornbread, lime jello, butter and milk.

Thursday — Chicken and spaghetti, chilled tomato, buttered cabbage, orange ambrose salad, rolls, butter and milk.

Roosevelt Star Signs With WTC

Annie Tillman, a 5-10 forward from Roosevelt High School, is the latest addition to the emerging women's basketball program at Western Texas College.

Miss Tillman, who started for Roosevelt for two years, scored 501 points her senior year and averaged four rebounds per game. She was chosen first team All-District during the same season.

The signing of Miss Tillman gives WTC nine freshmen women — all standout players in West Texas during their high school careers.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Hopes for a no-new-taxes session of the legislature soared with surprise predictions of a \$910.4 million general revenue surplus at end of the fiscal year next August.

Lawmakers, according to Legislative Budget Board estimates, actually will have \$1.5 billion for "extras" over and above.

Maintaining programs at present levels, giving state employees a 23.8 per cent pay raise, adding \$800 million to the foundation school program, allocating \$393.8 million for emergency measures and allowing for possible loss of \$124 million in federal revenue sharing funds.

LBB staff members reported sales tax revenue, spurred by inflation, soared 20.3 per cent during fiscal 1974. Normal growth rate is 9.6 per cent.

The energy crisis also boomed oil and gas production taxes. The oil tax income jumped 65.7 per cent, and the natural gas tax 38.8 per cent. These taxes normally are expected to increase 1.1 per cent and 7.3 per cent annually.

Indications are the legislature, without raising taxes, can expand state aid to local school districts and many other state services.

Full impact of inflation on state operations cannot be measured precisely, however.

The forecast prompted Sen. Tom Creighton of Mineral Wells, to announce he will introduce legislation to reduce the state sales tax from four per cent to three per cent.

SCHOOL AID PROVIDED—Gov. Dolph Briscoe announced a plan for advance payments of foundation school funds to districts this month to ease financial strain.

Legislative Budget Board went along with the plan which usually is paid in 10 monthly installments. This goes along with regular payment of a tenth of 1974-75 salary and transportation allocations.

State payments to schools in September thus goes up from \$81 million to \$154 million.

"This early payment... will allow the school districts to proceed in an orderly manner without having to resort so heavily to short-term borrowing in anticipation of later receipt of state and local revenues," Briscoe said.

"This, of course, will save the schools the interest costs they would otherwise be forced to pay and will alleviate some of the borrowing problems caused by the present tight money situation."

Lt. Gov. Bill Hobby recommended a future statute providing that the plan can be used again only with specific legislative approval.

MORE MED SCHOOLS "UNNEEDED"—A preliminary report of a Texas College and University Coordinating Board advisory committee found no immediate need for additional medical and dental schools.

The tentative report concluded Texas will have "sufficient medical manpower for the decade ahead" with anticipated expansion of present schools and foreseeable trends.

Final action is scheduled October 16 by the committee. One recommendation will call for financial aid to medical students who agree to practice in rural areas.

AG OPINIONS—State employees must be paid for overtime work or given compensatory time in the same pay period, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

- The federal government is constitutionally immune from state sales taxes... When a motor vehicle held for rent is converted to personal or business use of its owner, the vehicle sales tax is due.

- A car owned by a dealer and used for his personal purposes is subject to the sales and use tax even though it still has temporary carboard tags.

- Election petitions under the fire and police employee relations action must be signed by five per cent of qualified voters who voted in the last general election in a political subdivision, or 20,000.

- List of bidders on laboratory chemicals sold to the state must be released on demand.

- There is no statutory authority for a county official to take a leave of absence without pay to work for the state.

- A commissioners court

has limited powers to regulate utility rates, building or house codes, door-to-door salesmen or home builder bonding.

• Notice of public meetings should be posted three days in advance in a place generally accessible to the public.

RECORDS REPORTED—U.S. Department of Agriculture said Texas' total cash receipts for 1973 crops and livestock, \$6.5 billion, amounted to a new record.

Livestock receipts were up \$1 billion and crop receipts \$1.4 billion. Texas was third in the nation in total cash income from agriculture, first in cattle, sorghum, cabbage, spinach, wool, mohair, water-

melons and upland cotton.

CONVENTION DATE SET—The federal circuit court of appeals in New Orleans upheld a district court order that the State Democratic Convention can go on September 17.

Jewish delegates filed suit to delay the convention because the date conflicts with that of Rosh Hashana, a high Jewish holy day.

The court noted the convention date is set by state law, and ruled there was no effort to discriminate against anyone because of religion.

Meanwhile, a fund-raising dinner on the eve of the convention here has been reported an advance sellout.

Fad Diets Harmful

Fad diets are rampant, costing Americans more than \$100 million annually for reducing aids including pills, books, special clothing, diet foods and drinks, according to one foods and nutrition specialist.

Sally Springer, with the Texas Agricultural Extension Service, noted that these fad diets may be harmful to health, and weight loss often isn't permanent.

"Fad diets severely limit food choice, often emphasizing only one or two foods. Nutritionally balanced diets include a variety of foods, giving the dieter a chance to eat foods he likes."

Common fad diets suggest alterations in the protein, carbohydrate or fat intake. But all these nutrients are necessary for good health. Severe restrictions of any one may cause undesirable metabolic changes in the body, the specialist continued.

However, excess amounts of any of these energy nutrients convert to fat if a person eats more calories than his body needs for energy, she explained.

"Weight loss on fad diets is often more than five pounds a week. Losing two pounds each week is the normal suggestion from most physicians and nutritionists. This helps the body adjust slowly and gives the dieter time to change his eating habits so the weight loss will be permanent."

New fabric blends of cotton and wool take advantage of the best characteristics of each fiber. The warmth of wool and the comfort of cotton create a pleasing, attractive balance for wearers.

The U.S. Consumer Product Safety Commission today announced that thousands of full-size baby cribs manufactured by Simmons Company, Juvenile Products Division, New London, Wisconsin, between February and June 1974, do not meet current mandatory Federal safety standards.

A Commission spokesman said that some cribs have spindle or side slat spacing wider than the 2 3/8 inches permitted by the Federal standard that became effective on February 1, 1974.

The spacing requirement was based on infant body measurements and was established to prevent infants from slipping between crib slats.

In addition, metal brackets which hold the foot release mechanism on Simmons cribs shipped between February 1, 1974, to June 1974, have been found

by the Commission staff to have sharp corners and rough edges sufficient to cause cuts or lacerations.

The cribs, which were labeled to indicate compliance with the law, carried 23 different model numbers. The model numbers appear at the head end of the crib on the inside bottom rail printed in blue on white.

The Commission announced that Simmons Company, in accordance with applicable repurchase regulations, had made arrangements with its dealers to provide, at the request of the consumer, a full refund of the purchase price plus any reasonable and necessary shipping charges incurred in the return of these cribs.

Points For Parents Of Small Fry

Help Themselves
Encourage independence. "Expect him to get along without you for short intervals," says Dr. Laura L. Dittman, professor at the Institute for Child Study at the University of Maryland. "If he hasn't had nursery school, give him some practice by exchanging children with a neighbor from time to time. Sunday school also can give a child a pleasant introduction to a teacher."

Crossing streets correctly is a basic skill a five-year-old should have, but lessons need to begin a year earlier. Four to six practice sessions should be enough, lessons which teach crossing at crosswalks and how to wait at traffic lights, what the lights mean, etc. Actually going to the traffic area of the school and using the crossing guards is an excellent lesson too.

Lessons taught without pressure and with gentle encouragement are best.

Set Example
Parents will be teaching about traffic and social responsibilities by what they themselves do at all times, whether they want to or not. If they teach these lessons verbally and later are observed by Joey or Lucy in disobeying those same standards, such as safety laws, then another kind of a lesson is absorbed.

Listening and following simple instructions are skills necessary to education, and when parents teach them to their children at three and four, the youngsters are way ahead when they get inside the classroom.

Parents are a child's first teachers, and lessons begin as soon as they get baby

home from the hospital. When parents become more conscious of the process, they can help their child immeasurably.

"As you encourage and helpfully answer his questions, you give him background for learning at school," says Dr. Dittman. "You sharpen his powers of observation by pointing out the differences and similarities in animals and plants, cars and trucks."

"You have read to him and talked about books, and the TV programs he sees," she says. "You travel — not necessarily beyond the limits of your own town — but freely and fully within it," pointing out things of interest wherever you can.

Children are naturally curious about themselves, the world they live in and other people. Encouraging that curiosity and supplying

simplified answers which relate to a child's level of understanding can help give a youngster an unquenchable thirst for knowledge that could last a lifetime.

Insect Damaged Foods Can Be Prevented

Housewives can become extremely irritated upon finding insect damaged foodstuffs. Such infestations can be difficult problems and may require a combination of procedures to gain control.

"Good sanitation and food storage practices will often prevent general infestations from developing in the home, but precautions should be taken to prevent introduction of the pests," says Dr. Ken Lewis, area entomologist for the Texas Agricultural extension Service.

Infestations can develop after the foodstuffs have been brought into the home, or they can originate from outside sources. An infestation of stored product pests may be recognized not

only through the presence of insects, but by holes in packages or containers, by webbing in the food material, by insect feces and similar indicators.

With the present costs of garden vegetables, there is keen interest in storing beans, peas, cowpeas and similar foods for subsequent human consumption or for seed. "The primary pests of these products are small, mottled, brown to olive-brown bruchid weevils. Some of these weevils attack beans and peas only before harvest, while certain others are capable of attacking prior to harvest and then continuing their activities in storage," Lewis notes.

"When storing beans and peas, take adequate steps to

provide the least favorable conditions for insect development," the specialist advises. "Temperature and moisture are the two most important factors in the ecology of stored product insects. Up to certain limits their rate of development and reproduction increases in direct proportion to increase in the temperature and moisture content of the products. Storage temperatures above 95 degrees F. are not favorable for development of most of these insects; conversely, temperatures below 65 degrees F. or 12 per cent moisture content retard their development."

Clean, sound, dry beans and peas should be stored in airtight containers that will resist puncture by insects and rodents. Such storage, however, will not prevent the development of insects present at the time of storage. Control or corrective treatments are required for infestations that develop before preventive measures can be applied, or when such measures have been inadequate. These treatments may include chemical fumigation, the application of an insecticidal spray or dust, or the use of controlled heat or cold.

"When considering treatments to control insect infested beans and peas prior to final storage, it is essential that the ultimate use for these products be established," Lewis cautions. "This is because treatments for seeds are different from those used for foodstuffs intended for human consumption."

Beans and peas held for future use as food can be protected from significant insect damage by cold or heat treatments. Cold treatment can be employed for small quantities of products by storing them in a freezer at or near 0 degrees F. For heat treatment, beans and peas spread in a shallow pan and placed in an oven heated to 150 to 160 degrees F. for about 30 minutes before storage in airtight containers should be free of insect damage.

Small quantities of dried beans and peas to be used as seed can be protected from insect damage by cold treatment or by insecticide protectants. (The moisture content of seeds can be lowered by sealing them in airtight containers with, but not touching, some calcium chloride. Use enough of the chemical so that the moisture absorbed from the seeds will not produce a visible change in the calcium chloride). Cold treatment can be administered to dry seeds by storing them in a freezer at or near 0 degrees F. Coatings of malathion or methoxychlor will also prevent extensive damage of the seed. The insecticides can be most effectively applied by slightly wetting the surface of the seeds, and evenly mixing 2 ounces active ingredient of malathion or methoxychlor dust per bushel of seed.

"If large quantities of seed beans or peas are to be protected, it is often more effective to use fumigation methods. The only chemical registered for fumigating beans and peas is methyl bromide. Fumigants are extremely poisonous to humans and should not be used by inexperienced persons or without proper safety equipment," cautions Lewis.

"Before using any insecticide or fumigant, read and follow all label directions and precautions," the specialist urges.
