TEXAS TALK
By FRED MYERS

One of the ideas drifting out of the Industrial East is that farmers need to give up tractors and irrigation and return to the horse and mule as power sources. Along with this minor change the farmer could also give up modern pesticides and fertilizers. The thought (if there was any) behind this nostalgic notion would alleviate the fuel crisis and that the jobs created would solve the unemployment situation. . . . couple of problems with this idea. First we would have to wait until 1993 in order to have enough horses and mules to go to work. Then there's the matter of 180 million extra acres to feed the 61 million animals required. Then there's 27 million people needed to take care of the 180 million acres and 61 million animals. Top it all off with an overall 150 percent increase in food prices and such a proposal takes on its appropriate designation . . . ridiculous!

SENTRY SAVINGS ASSOCIATION

Junior High Jottings

By KEVIN BALES and JEFF McCLANAHAN
This week in junior high has been the busiest one yet.

Last Tuesday there was an assembly on wheelchair basketball and a pep rally for the junior high football teams.

Tuesday night the seventh grade won 20-0 over Roosevelt, with Mike Whaley scoring 14 points and Manual Fernandez scoring six.

The eighth grade lost a heartbreaker to Roosevelt 16-12. Scoring in that game was by Glenn Culver who made six points and by Lance Bownds who also scored six points on a pass up the middle.

The seventh grade now has a 4-0-1 record and the eighth grade has posted a 3-1-1 record.

We at junior high are glad to welcome Daniel Botello to the eighth grade, Raymond Montellango and Domingo Gonzales to the seventh grade, and Jerry

Whiteger and Larry Holcombs to the sixth grade. We are sorry to say that Randy Greir checked out of the seventh grade. Mr. Davis told us that there are approximately 520 students in junior high right now, making the enrollment the highest yet recorded.

a touchdown and a quarter-back hurt. It all started early in the quarter when the Pirates fumbled the ball on their own 48-yard line. Less than a minute later the second turnover came on a fourth down situation. The Tahoka center snapped the ball low that was bobbled by the punter. By the time the punter had the ball in control the Pirate defense was swarming over him. This gave the Pirates the ball on the Bulldog 46-yard line.

The Pirates were unable to take advantage of the turnover and punted the ball away. It was at that point the third turnover happened. The Bulldogs fumbled the ball on their own 28-yard line to give the Pirates a good shot at another score. This was not to be because of the fourth turnover. Martinez threw a pass intended for Pirate wingback Donnie Seale that was intercepted by Mitch Raindl of Tahoka, who was dropped by Seale on the

to the Pirates when they fumbled the ball on their own 32-yard line. Only the alertness of Tahoka tackle Perry Haney saved the victory for the Bulldogs. By the time the Pirates got the ball back time was almost out, not enough time to move the ball far enough to get within scoring distance. The fans watched as the seconds ticked off and Cooper lost number seven, 15-10.

NEWS BRIEFS

Initiation for Freshmen Ag students took place Monday, Oct. 6. The boys were required to wear a short dress, high heeled shoes, purse, wig, and a clove of garlic. The girls wore irrigation boots and pants inside out. Their hair was braided into pigtails.

Several elementary room doors and bulletin boards are decorated for Halloween. The students are looking forward to the jack-o-lantern contest which will be late in October.

The Activity Committee and officers of DECA decided on the activities for this school year. The meeting was held Oct. 1 in the DE class room.

PARADE IS BEGINNING

Marching in the Fall Parade on Sept. 22 was the beginning of a year of competitive activities for the Cooper High School Band. They placed second above all other AA bands in competition. Abernathy placed first.

UIL Marching Contest, being held November 5, at Jones Stadium, will be the next competition entered by the band. Individuals in the band will be competing in All-Region and All-Area try-outs later in the year, as well as Solo and Ensemble Contests on Jan. 22, 1976.

Concert Contest, in April, is often the end of a band's competitive year, but Leon Long, band director, is investigating the possibility of a Festival trip in the late spring as a final climax to the year's activities.

For marching season, Long says that the band has a two-fold purpose. Its first

purpose is to provide spirited motivation in support of the football team and to entertain the fans at half-time. Secondly, the band serves as a competitive unit at UIL Marching Contest.

The purpose of Concert band is to expose the students to different styles and forms of music from different periods in history. "The goal of the Cooper Band," states Long, "is to support our students in athletic competition and to bring honor to our school through our efforts in all forms of music."

Homecoming Highlights

Several contests, along with many other events, highlighted the Cooper 1975-76 Homecoming Friday.

The main attraction was the announcement of the Homecoming Queen during half-time. The 1975-76 Homecoming Queen is Terri Robertson, senior, escorted by Scott Armstrong.

Other candidates were Debbie Pevehouse, escorted by Kelly Choban, Pam Smith, escorted by Bob Cooper, and Teresa Thomason, escorted by Steve Black.

Also during half-time, Mrs. June Rainey Jernigan was named Coming Home Queen by the Exes Association. Her escort was Jimmy

Flournoy, 1969 graduate. Jane Bednarz, last year's queen, escorted by Exes Association President Gene Vinson, presented Mrs. Jernigan with a charm bracelet.

Mrs. Jernigan graduated from Cooper in 1964. Her husband, Bill Jernigan works for the Lubbock Avalanche Journal. They have two children, a girl and a boy.

The other Coming Home Queen candidates and their escorts were Suzanne Smith Ehler and Mike Ehler, both 1969 graduates, and 1974 graduate Gloria Perez Penquino and 1973 graduate Jesse Bentancourt.

This year a new Homecoming festivity, a float contest, was held. The contest was sponsored by FHA. At the beginning of half-time all the floats paraded around the football field. The first place winner was the El Circulo Espanol float, with the theme "Vayan Pirates Vayan." The third place was captured by the VOCT Club with a Pirate ship which symbolized when Pirates ruled the seas. FFA won fourth place with an out-house on the float and the sign, "Stink Out the Bull-

dogs." Fifth place was won by DECA, who decorated their brand new car.

At the pep rally earlier that afternoon, winners of the door decorating contest, sponsored by DECA, were announced. The first place door was Mrs. Cochran's with the theme, "Drum the Bulldogs." Second place was Mrs. Quick's door, with the theme, "The wise ones are hooting for the Pirates." "Sack the Bulldogs" was the theme for the Honorable Mention door by Mr. Gregory.

After the game, the Student Council sponsored a Homecoming dance. During a dance contest was held and winners Eddie Tidmore and Dora Bentancourt each received a five dollar gift certificate to Record Town.

Operation ID Designed To Reduce Burglary Rate

An extensive team effort by citizens and law enforcement officers is needed to control this country's rapidly rising crime rate.

Operation Identification, the kick-off project of the Slaton Police Department's crime prevention program, is the first community-wide crime control project designed to reduce the burglary rate in Slaton.

The following is how you can participate:

Operation I. D. has basically two parts. First, mark all your easily stolen valuables so they can be identified. Second, display a warning sticker which tells burglars that your property is protected with your mark.

Marking property accomplishes several things. Items marked in Operation I.D. are harder for the burglar to see or "fence," and an Operation I.D. sticker on a front and back window or door deters burglars because your property can be easily and positively identified. Also, the identification mark makes the owner's chances of returning stolen property much higher in addition to simplifying the apprehension of criminals.

The Slaton Police Department has purchased engraving pens which can be checked out at no cost to you. The pens are available at the Slaton Police Department for easy access.

When home owners and businessmen obtain an etching pen, the department encourages them to talk to their friends and neighbors about marking their property while the pen is handy.

The actual marking process is simple. Use your driver's license number to mark your property in the following manner: Engrave TX for state identification, so that if the property is taken out of the state, the number can be easily traced; then write your license number. (Example: TX 5551212).

If you don't have a driver's license, call Slaton Police Department and ask for a number you can use.

Once items have been marked, use the Property Listing form supplied with the pen for your own reference. This is your check list of your property in case of theft.

Small and fragile items such as jewelry, silver and china can be protected if you will take a photograph of them, and keep the photos in a safe, fire-proof

Fire Posters Are Judged

Bob Kern, Fire Chief of the Slaton Volunteer Fire Department, presented certificates of achievement to 23 junior high students for their work on fire prevention posters.

First place went to Steven Burdick. Second and third places were won by Michael Forson and Les Howell.

Receiving honorable mention were Frances Chapa, Nita Benton, Clint Brown, Carla Patterson, Abel Pina, Danny Ardrey, Paula Forson, Mark Lincoln, Kayla Hogue, Cherrie Smith, Debbie Bradford, Jeff McClanahan, Cecilia Alvarado, Julie Smallwood, Terry Cook, Stanley Randle, Manuel Hernandez, Joe Mercer, Jeff Driver and K.C. King.

PTA Sponsors Halloween Carnival

The Slaton PTA is sponsoring a Halloween Carnival Oct. 30 from 6 to 9 p.m. in West Ward School.

Admission will be 10 cents at the door.

Activities will include a cake walk, country store, fish pond, bean bag throw and others.

Food will be available in the cafeteria. Hot dogs, pies, cakes and other goodies will be for sale.

You will be issued a self-adhesive decal to put outside your home or office to warn burglars that the property inside is protected by Operation I.D. Displaying the decal will deter burglars since they know that having marked items in their possession is dangerous.

Operation Identification also have a cumulative effect. The more people in your neighborhood participating, the less attractive the area is for burglars. They know that aware citizens are going to be suspicious of unusual people and activities in the area.

Next Week: How does Operation Identification work to cut the crime rate?

Whitharral Downs Southland

Southland lost a disappointing game Friday night when the Eagles fell to Whitharral 57-14.

Eagle coach J. J. Thomason said of the game, "We played better than the score indicates. Our downfall came when they scored with one second left in the first half, then came back and received the ball on the kick off and scored again."

Thomason said the two touchdowns "took all the life out of us."

Until Whitharral scored just before the buzzer ending the first half, Southland was only down 24-14.

The first Eagle touchdown came on a 43-yard run by Junior Buxkemper. The PAT pass from Buxkemper to covering 60 yards.

Sherman Daughtery passed to David Becker for the extra point following the last touchdown. Micky Garza and Sable Rodriguez scored one touchdown each on runs of 10 and nine yards, respectively.

On Thursday, Oct. 16, Southland defeated Whitharral in both the A and B team games. The B team won 32-0. Perry Hill scored on a run of 20 yards and caught a pass from Ambrose Davila for another touchdown. The pass play covered 20 yards, also. Davila threw to Gerry Hill for a 30-yard touchdown, and later in the game, Pete Valdez scored on a five-yard run. To round out the

Now, we introduce QMX-2 with our remarkable micro-circuitry in larger screen sizes to broaden your sales appeal.

Two—just two—of the five highly sophisticated integrated circuits contain the elements of over 500 transistors, resistors, diodes and capacitors. This is one reason we're able to use such a highly automated assembly process to reduce the chance of human error. And, with fewer parts and interconnections, there are fewer things to go wrong. Can you think of a better way to make color TV?

In this era of energy consciousness, Quasar gives you another highly sophisticated feature: the QMX-2 uses less energy at nominal voltages than a 100 watt light bulb even though it powers larger screen sizes.

LUTHERAN MINISTER HONORED — The Rev. Delmas Luther Luedke of San Antonio's Hope Lutheran Church and his wife, Roberta, hold an engraved silver tray given to him by The Progressive Farmer magazine as Texas Rural Minister of the Year. Altar Society Plans Annual Turkey Dinner

The St. Joseph's Altar Society will have their annual turkey dinner Sunday, Nov. 2, at St. Joseph's Hall from 11:30 a.m. to 4 p.m.

The menu includes turkey and dressing, homemade

German sausage and all the trimmings. Adult plates will sell for \$3, with children 8-12 years old costing \$1.50 and seven years and under selling for 75 cents.

The Catholic Daughters Bazaar will be the same day

in the St. Joseph School from 11 a.m. to 5 p.m.

There will be old fashioned fun for everyone. Games that day will include TV Room, golf ball game, white elephant sale, spot board and others.

Two quilts, a dressed doll and complete wardrobe and a filled cedar chest will be given away.

The Home and School Association will give away a black and white TV and a quarter beef.

Just as anyone can fall victim to a hearing loss, anyone suffering from such an impairment can be exposed to physical dangers every day and never be aware of the situations, according to the Beltone Crusade for Hearing Conservation. As an example, Crusade officials said that a child can be taught to be aware for automobile horns, but that if the child cannot hear a car horn blast, he may never be aware of the danger he was exposed to.

Idalou Church To Show "A Thief In The Night"

"A Thief In The Night", a new color film, will be shown at the First Assembly of God Church at 411 W. 4th in Idalou tonight, Thursday, from 6 to 8 p.m. Admission is free.

"A Thief In The Night" is a mighty motion picture about Bible prophecy. It shows what can happen when Jesus Christ returns. This exciting story centers around Patty, an average girl caught up in living for the present, with little concern about the future. What happens when this thinking finally catches up with her provides an action packed, unforgettable drama.

The fast moving pace includes a young man confronted by a deadly Asian cobra, a young girl's daring escape from jail, and a take-over by "The Imperium" that regards all, who are not properly identified, as enemies of the system.

Filmed on location in Iowa, this picture portrays with devastating reality the Biblical prediction, "There will be no place to hide." One does not merely view this film, he experiences it. Every thinking person will seriously consider its impact.

"A Thief In The Night" was given the "Best Film of the Year" award by the National Evangelical Film Foundation of Valley Forge, Pennsylvania. The lead actress, Patty Dunning, was given the "Outstanding Female" award at the same time.

The film has been produced by Mark IV Pictures, Incorporated, of Des Moines, Iowa.

male Actress" award at the same time.

Church Plans Special Day

The Bible Baptist Church will observe "Old Fashioned Day" this Sunday. Everyone is invited to participate and to wear clothes of days gone by.

According to H.E. Summar, pastor, old time items will be on display throughout the day.

An old fashioned dinner will be spread for the congregation, and will be followed by an old time singing.

The singing will get under way at 2:30 p.m.

For the past month, the church has been observing a Harvest Time campaign. The class rooms are decorated with the Harvest Time theme.

The Sunday School lesson will be "The Harvest Is Past." Sunday School begins at 10 a.m., followed by the morning worship at 11 a.m.

If you often find it necessary to ask persons to repeat what they said, you should have a hearing test, according to the Beltone Crusade for Hearing Conservation. Crusade officials stress that the inability to clearly hear other persons when they are speaking at a normal level is a common sign of a hearing loss.

Teams Have Good Week

Slaton football teams had a good week, with four of the five teams winning games against Roosevelt last week.

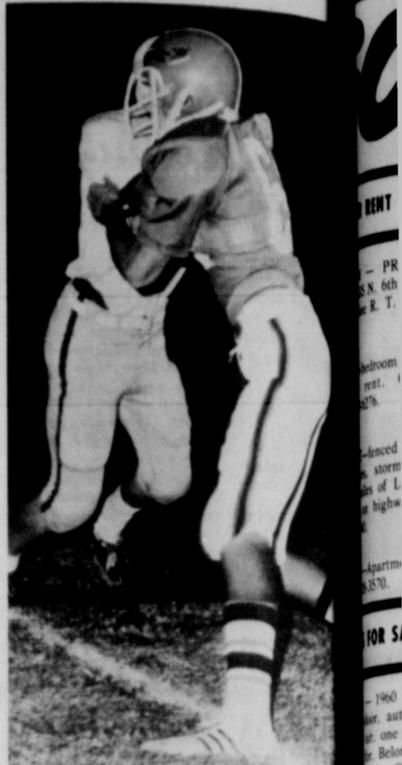

Slaton's junior varsity team remained unbeaten in six games as they downed Roosevelt 35-7.

In the jayvee game, Roosevelt took the opening kickoff and moved downfield and scored before Slaton could get its defense set.

John Johnson scored and Edward Kitten kicked the extra point to tie the score, and then with time running out in the first half, Steve White threw a pass to Stan White for a TD, giving Slaton a 13-7 halftime lead.

Johnson, who ran well in the game, broke loose in the third quarter to score again. Kitten took one in from the 3, and the final touchdown came on a bootleg by Steve White, who eluded several tacklers for the score. The jayvee defense played well, as it has all season.

The junior varsity will host Tahoka here at 8 p.m. Thursday.

TOUGH ON RUNNERS — Greg Basinger is tough on running backs from his defensive end. Here is Greg vying for position with a Roosevelt player.

Charismatic Fight Expected

DALLAS — When Texas Baptists meet here next week, messengers likely will again be faced by a controversy over the charismatic movement, which drew attention last year in the annual meeting in Amarillo.

Dr. Ralph Smith of Austin, president of the 2.2 million member group, said he believes the movement is dying down, but added there may be a challenge to seating messengers from churches which practice charismatic ministries.

"I would not be surprised if such a challenge comes. I hope it won't though."

The likelihood of a fight was virtually assured when the Dallas Baptist Association ousted two of its member churches because they have charismatic ministries.

The two churches are the Beverly Hills Baptist Church of Dallas and Shady Grove Baptist Church of Grand Prairie.

They are the only known churches to have been kicked out of a local organization because of doctrinal practices relating to the charismatic movement, which emphasizes speaking in tongues and faith healing.

If a similar move to disfellowship charismatic churches occurs, it could take place at the opening session when they are seated.

The convention held in the Dallas Convention Center Oct. 30. It will begin at 8:30 p.m. Tuesday about noon Thursday.

Preceding the meeting of the Men and Women's Missionary Union.

GOD'S HOUSE

"I was glad when they said unto me, Let us go unto the house of Jehovah." So spoke David in Psalms 122:1. The words illustrate the deep devotion and soul-stirring interest this great man of God had in the worship of the Almighty.

Have you stopped to think it was this attitude that made David great? Sometimes we hear the view that religion is for the weak and for women and children. Many are unwilling to attend worship services, for they mistakenly feel they can succeed without spiritual assistance. But this was not the attitude of the great king of Israel who looked upward to God from whom came his strength and greatness. Are you faithfully including God in your plans? Are you faithfully following and depending on Him that a measure of greatness may be yours?

A sincere welcome is yours at every service of the church of Christ:

Sunday morning Bible classes 9:45 a.m.
Sunday worship 10:40 a.m. and 6:00 p.m.
Wednesday Ladies' Bible class 10:00 a.m.
Wednesday night Bible study 7:30 p.m.

INSUR-MATION

By Bob Kern
Pember Insurance
828-6251

Must I keep up with all the premium dates on my policies to keep them in force?

Most companies and agencies have well thought-out, proven systems that do this for you. With property companies, usually your policy is renewed, issued and mailed to you with a letter in ample time for you to review the insurance and ask questions or increase your benefits. Many companies carry "errors and omissions" policies which protect you if they make a mistake. Life companies usually use bank draft or periodic notices to notify you of a premium due. If you don't get the notice, they follow up with a second notice and usually a personal call.

Couples Demonstrate Amistad Catfishing

AMISTAD FISHERMEN — Mr. and Mrs. C.C. Hunter are shown here demonstrating their catfishing skills. The Hunters and the H.F. Guelkers hosted an information officer for the Texas Parks and Wildlife Department during a day of catfishing at Lake Amistad.

Not so with a fraternity of catfishermen who have found friendly harbors in the deep, clear waters of this great lake on the Texas-Mexico border. They fish in deep water, using special bait and take fish from Amistad by the basketfuls.

One group from the Slaton area (that's right, Slaton, in the South Plains) has found the catfishing so good here that they make a trip to Amistad on vacation at least once a year. They've been doing it for five years now and each time they return home with ice chests full of catfish fillets. So successful are these fishermen that the Parks and Wildlife Department biologists heard of them and requested I go see for myself.

With the help of local guide and lodge operator Larry Scruggs, we arranged to meet with the group on a Sunday night to prepare for a morning of catfishing at Amistad.

Most of the group had already been there for a week by the time I arrived and had returned home; however, two couples, Mr. and Mrs. C.C. Hunter and Mr. and Mrs. H.F. Guelker, had graciously consented to stay over a day and show

me their technique.

I was particularly interested in the Rio Grande bluecat, a fish unique to that area and particularly to Amistad waters. They indicated they had caught many of those but not as many as in years past.

We left the Diablo East public boat ramp at 7:30 a.m. just as the sun was rising. The weather was chilly and the wind, fairly mild, was out of the southwest. As any visitor to Amistad should be aware, the wind can be a very treacherous element, especially when fishing far from shore. However, we were going to be staying close to the shoreline and had only a mile or so to go to our fishing spot in a sheltered cove area my companions referred to as "Catfish Slew", for lack of a better name.

Five or six anchored jugs, set out the week before, were bobbing in the water when we arrived. We anchored one of the boats, tied on to the other and then anchored it with one of the anchored jugs marking the spot to be fished.

The area had been baited during a fishing foray the evening before but additional food was put out. The bait consisted of a mixture of grains—wheat, milo and corn—that had been soured. This souring was accomplished by wetting the mixture and allowing it to soak up the water for three or four days. Stale beer can also be added since Hunter advised that catfish like its taste as much as some humans do.

Hunter emphasized the importance of souring the mixture before using it because dry grain will make catfish stomachs swell and the fish will stop biting.

The mixture is broadcast over the water and allowed to sink to the bottom, some 80 to 100 feet below. Sour mash is broadcast periodically throughout the fishing effort.

Rod and reels with braided line, a barrel sinker and a No. 8 treble hook were used. The line was threaded through the barrel sinker and then tied to the hook. A piece of a wooden matchstick was tied below the sinker and about a foot from the end of the line to keep the sinker from slipping

Merlin the Magician

How to solve your heating problem

These drafty old castles are notorious even today for being dreadfully hot in summer and frigidly cold in winter. We didn't have the heat pump in those days, of course. I think what I like best about the heat pump is its simplicity. One unit provides heating and cooling... complete comfort in any kind of weather with one setting of the thermostat.

And the heat pump is environmentally sound... when heating, it actually provides more energy than it uses. Yes, if I'd had a heat pump, I wouldn't have been so cranky about passing on my magic secrets...

BE SWITCHED TO ELECTRIC HEAT

You've got Merlin the Magician's best when it comes to comparing up a heating system that answers all your needs. Just call us this week and we'll show you how to have complete comfort in your home with our FREE electric heat cost survey. Electric heat: it's not magic... it just works that way.

ENERGY EFFICIENCY ALLOWANCE

We at Southeastern are interested in your getting the most for your energy dollar. That's why we're offering an Energy Efficiency Incentive Allowance to our customers in existing homes who install electric comfort heating. Ask us about it.

The basic crime prevention theory and techniques instruction program was held Sept. 29-Oct. 10 in Wimberly. The TCPI is headquartered at Southwest Texas State University and funded through grants from the Criminal Justice Division of the Governor's Office.

Medicaid Transportation Available Each Wednesday

Medicaid Transportation Program of Lubbock County is a new program funded by the State of Texas and administered by American Red Cross, Lubbock County Chapter.

The program will run through August, 1976. Medicaid Transportation provides transportation for Title XIX Medicaid recipients who are unable to provide their own transportation to and from doctor's offices, laboratories, clinics, etc.

This is a non-emergency program. There are approximately 7,000 recipients in Lubbock County, and transportation will be provided 40 hours per week, from 8 a.m. to 5 p.m.

Arrangements have been made for a car and driver to be available in Slaton each Wednesday of the month. Medicaid recipients needing

transportation must call 763-5249 and make appointments to be transported. Clients will be picked up at their homes, and taken to doctor appointments.

They will call 763-5249 at the end of their doctor visit, therapy, etc. and driver will be notified to pick them up and return them to their homes.

In cooperation with City Hall, the Medicaid driver will wait there between drives. The program expresses appreciation to Alex A. Webb, City Secretary for his assistance in making this possible.

Mrs. Kathleen Grisham is the director of the program. She is a graduate of Texas Tech University and is fluent in Spanish.

The Medicaid Transportation Program was undertaken by the Board of

Directors of the Lubbock County Red Cross and will function with funds granted by the Texas Department of Public Welfare.
