## Tigers Bow Grudgingly To 'Cats, 10-2

**By DALTON WOOD**  
When the Littlefield Wildcats came to Slaton last Friday night, they managed to extend their season's unbeaten string to three, but they must be nursing a few sore spots this week, and certainly know they've been in a game.

Littlefield won the game 10-2, with their biggest blow being a beautiful 77-yard pass-and-run play in the first quarter. But except for that, Slaton played them mighty tough, and the Tigers never could quite find the touchdown door open, although they knocked loudly on it a couple of times.

**Turner Versatile**  
Littlefield's Bill Turner, who does it all, was the game's leading ball carrier with 101 yards in 15 carries—and he also scored the TD after taking QB Ronald Parmer's perfect strike behind the Slaton defender and racing the rest of the way over the goal line. Parmer's pass covered more than 40 yards in the air.

The Wildcats did a fair job of bottling up Slaton's Bill McClesky, but the Tiger tailback did gain 84 yards in 20 carries for a respectable 4.2 average.

In the second period,

after Tiger tackle Geron Stricklin recovered a fumble. QB Mike Tumlinson turned in an 18-yard run and Slaton moved down around the Littlefield 20

before being held. Again, just before the end of the half, Slaton went the other way, but couldn't score.

In the third, Littlefield

drove to the Slaton 7, but the Tiger line stopped the runners, and Tumlinson knocked down a pass in the end zone, so the Wildcats were held to a 25-yard field goal, by Turner, of course.

A Slaton fumble stopped a Tiger threat at the Littlefield 19 early in the fourth. Later, Slaton moved to a first and goal as End Bill Burks caught a 22-yard pass from Tumlinson at the visitors' 9. On fourth down, McClesky was stopped at the 3 and Littlefield took over, later punting out to the Wildcat 41. Tumlinson hit Slotback Ernest Gipson for a 17-yard passing gain, then McClesky romped 17 yards to the 7. On fourth and goal from the 4, McClesky was stopped on a really fine tackle at the 1-foot line by Littlefield's Steve Cruz, a linebacker. On the next play, the 'Cats' Reg Payton was tackled by linebackers

John T. Basinger and Clarence Hammons for a safety.

Slaton threw 19 passes—all by Tumlinson—in the game, and although several were near misses, there were five completions for 71 yards, with just one interception. Littlefield had a slight edge in total yards gained, but Slaton had 9 first downs to 8 for the Wildcats in the primarily defensive ball-game.

Linebackers Hammons and Basinger and defensive end Greg Basinger were among the Slaton defenders turning in a good game.

This week, Slaton goes to Abernathy, a team they beat handily last year, but one obviously much improved this season, having beaten Tahoka and Hale Center in the last two weeks.

## Contest Money Won By High School Class

Mrs. Paul Johnson's high school bookkeeping class won the first prize of \$10 in the Slatonite's weekly football contest, sponsored by 22 sports-minded merchants in town. The entry by the class had four wrong.

Not counted on last week-end's contest was the Coronado-Estacado game, which was played on Thursday night, although Top-O-Texas football magazine had listed it as a Friday game.

Second prize of \$5 goes to Dennis Bednarz, 915 S. 21st, who missed five. Also missing five was Slaton tiger defensive end Greg Basinger, but Greg's tie-breaker score was 2 points higher than Bednarz' 21, so Greg has to settle for third prize of \$2.

Among the five Fearless Forecasters, Joe Sparkman missed only two games and moved into first place, from where he can only go down. Sparkman has a mark of 26

right, 8 wrong for the year, while Bill Ball slipped back into second after missing four, with a 24-10 record.

Dalton Wood moved from last all the way to third, missing just three, and should pass up the other two players and move into first this week, unless something unforeseen occurs. Wood's record is 21-13. Pete Williams missed 7 out of 12, which is pretty bad, and dropped into last place at 18-16. J.W. Holt stayed in fourth at 19-15 after missing six games.

## Budget For Year Okayed By City

The City Commission adopted the budget for the coming year and approved the work of the tax equalization board Tuesday morning during a short Commission meeting.

City Secretary Alex Webb said the budget is comparable to last year's. "What we have is a basic, balanced budget," he said.

A brief breakdown of the budget reveals there will be a \$16,000 surplus in the general fund, a balanced interest and sinking fund, a \$14,000 deficit in Water and Sewer, and a \$8,000 surplus in the cemetery fund.

The budget was reviewed during the Sept. 9 meeting, and was adopted by unanimous vote of the three commissioners present. H.R. Donaldson was unable to attend the meeting.

The Commission also voted to accept the work of the tax equalization board. Tax valuation has been set at \$1.75 for \$100. Total valuation of real property is estimated at \$8,601,997, while the total valuation of personal property has been set at \$3,932,859.

The total valuation of all property has been estimated

at \$11,635,856. The equalization board will be set at \$11.635,856. The equalization board will be set at \$11.635,856. The equalization board will be set at \$11.635,856.

## Slaton Youth Fatally Stabbed

A 17-year-old Slaton High School student was fatally stabbed in Lubbock around midnight Monday, and a 16-year-old girl was taken into custody by police in connection with the incident.

Leo George Tutson, a

member of the track team last season, was found dead about 12:55 a.m. Tuesday at 1014 E. 29th St., No. 6, in Lubbock. He reportedly had been stabbed one time in the chest.

Justice of the Peace Charles Smith withheld a ruling in the death pending an autopsy.

According to the Lubbock Avalanche-Journal, police reports indicated that officers were first called to the East Lubbock address to investigate a "break-in in progress". Upon arrival, investigators found Tutson lying face down in the kitchen of the apartment.

The body was taken to South Plains Funeral Home in Lubbock, where services were pending Wednesday morning.

### SLATON RESIDENT INJURED IN WRECK

J.C. Jones of Slaton was seriously injured last Thursday when a grain truck he was driving went out of control and struck an embankment on Golf Course Rd. at the canyon. Jones was taken to Mercy Hospital and later moved to St. Mary's in Lubbock, where he was reported in improved condition Wednesday.

## Morton Nips Struggling Pirates

By BILL AYRES  
Cooper S.I.D.

A third quarter rally by the Morton Indians rolled over the Cooper Pirate defense last Friday. Led by quarterback Rusty Lamar the Indians racked up 138 yards rushing and passing, 7 first downs, a touchdown and a two-point conversion to put the Indians ahead 14-10 where they remained to win the game.

The Morton Indians scored in the closing minutes of the first quarter. Steve Polvado, quarterback, threw a pass to wingback Robbie Gattis, who ran 16 yards for the score. The kick for the extra point went wide to put the Indians out front 6-0.

### Morton Fumbles

The Pirates got their first break of the game early in the second quarter when the Indians fumbled the ball on the 8-yard line. Four plays later, Pirate quarterback Kelly Choban kept the ball and scored from 3 yards out. The kick by Tony Houchin was good to give the Pirates a one-point lead, 7-6.

Seconds later, Pirate wingback Donnie Seale intercepted a pass and ran the ball back 35 yards. The Pirate offense was unable to push the ball in for the score. With 4:05 remaining in the half, Houchin kicked a field goal from the 25-yard line to add another three points to the Pirate score. As the half came to an end, the Pirates led 10-6.

The Indians controlled the ball all but 2 minutes in the third quarter. Morton took the kick-off and began to move the ball downfield. Robbie Gattis of Morton received three passes for 28 yards, one for a touchdown. David Ramby, Tino Sabala and Sam Jackson carried the ball 19 times for 106

yards rushing. The score came with 7:32 remaining in the quarter. Gattis took a pass thrown by Lamar for 16 yards. Sabala took the ball and threw to Gattis for the two-point conversion. As the quarter came to an end, the Indians were again in the lead, 14-10.

This Friday night, the Cooper Pirates will play the Dalou Wildcats at Cooper. Last year, the Pirates defeated the Wildcats 49-6.

## Highlights

#### KARATE EXHIBITION

The Instruction and Exhibition Team of Black Dragon Tae-Kwan-Do Korean Institute gave an assembly in the Cooper auditorium last Wednesday.

The exhibition was given by three of the instructors. They showed several methods of using karate for self-defense and exhibited some of the primitive forms of karate. They also explained the spiritual, mental, and physical aspects of karate.

The team is scheduled to return in the near future to give instructions to the girls' P.E. classes on methods of self-defense for women.

#### NEWS BRIEFS

Bob Cooper and Diana Trimble represented Cooper at the Boys' and Girls' State during the summer. The faculty elected them because of their outstanding character and leadership abilities. Bob attended the University of Texas in Austin and Diana went to Seguin. They were taught the fundamental proceedings of the American Government.

The DE Club elected new officers for this coming year. The new officers are: president, Marvin Garrison; vice-president, Mary Jane

Vasquez; secretary, Denise Pounds; treasurer, Luis Velez; reporter, Helen Hernandez; historian, Vicki Bruster.

The club voted to send Marvin Garrison, president, Kay Graves, sponsor, and Paulette Brownfield, counselor, to the DECA Leadership Lab at the Episcopal Encampment in Amarillo.

The CVAE class officers were chosen from the CVAE students to represent their club meetings. They are: president, Chester Thomas; vice-president, Rene Mendez; secretary, Joe Olivarez; treasurer, Fred Montelongo; reporter, Alton Anthony; parliamentarian, Robert Wiggins; sergeant-at-arms, Bobby Ross; student advisor, Glen Maynard.

#### TRACK FACILITIES

Unlevel ground, running on grass, uncertain lanes and unmarked distances.... the new Cooper track will make these unfavorable conditions nonexistent.

Construction on it began shortly after school was out in May. The area was graded before curbing of the track was started. Mr. Robert Dennis and the CVAE class did most of the curbing. The track is not yet completed, but will be ready by the next track season in

the spring of 1976.

The cinder track has six lanes on the curve and seven lanes on the straightaway. The topic is now in debate whether to eventually turn it into an all-weather track.

The building of the track was delayed until now because of the lack of money and the belief the area around the field was too small. After having the land surveyed, it was discovered the area was large enough. The money was granted and the construction of the track was put in motion.

Track meets at Cooper are on the agenda for future years. It is possible that a junior high meet will be held here in the upcoming track season.

#### GED Course

Individuals who do not have their high school diploma and are interested in earning one may have the chance to do so soon.

Anyone who is interested in getting their diploma and who lives in either the Wilson Independent School District or New Home Independent School District should contact Superintendent Bob Spence at Wilson or Superintendent Russell Howell at New Home.

If sufficient interest is shown, classes will be held with no cost to participants. If there is not enough students for a class at Wilson and a class at New Home, one class will meet half the time at each place.

Those who complete the course should be able to pass their General Education Development (GED) Test and obtain their high school equivalency.

Anyone interested is asked to contact either superintendent by Oct. 10.

#### Wilson Juniors Plan Car Wash

The Wilson High School Junior class will have a car wash Saturday from 10 a.m. to 4 p.m.

Prices range from \$2 for a car, both inside and outside, to \$5 for campers, outside only.

#### Junior High Jottings

By Tory Taylor and Marcia Roye

As we come to the end of the sixth week of school, we find that many classes are getting right to work on new and different projects.

Mr. Dixon's seventh graders are working on consumer projects. They are making a small supermarket in class. Along with their projects they are learning which products are good and which are not.

Mrs. Davies's sixth graders have made up a product and then have presented a commercial on that product in class.

Mrs. Lawrence's classes are doing blue jean designs with yarn. Some of her other classes are learning the basics of weaving.

Some of the art students who have their weaving projects on display are Debbie Bradford, Joe Mercer, Mike Gordon, Teresa Torres, Ruthie Kerr, Manuel Hernandez, Isabel Carreon, Ricky Diaz, Alvin Scott, Tommy Gaydos, Henry Espinoza, and Paula Parras.

We would like to congratulate the 7th and 8th grade football teams for their victories. The 7th graders won 42-0 and the 8th graders won 32-8 against Littlefield.

**TEXAS TALK**  
By FRED MYERS

Some folks are saying the most amazing thing about the Beefalo may be that it's the only breed on record more than one-half bull. Most cattlemen agree the new breed may hold a lot of promise for the industry but many of them are hedging their predictions with a wait-and-see attitude. Founder of the breed, Bud Basolo, got everybody's attention last year by announcing the sale of a Beefalo bull for two and a half million dollars. And a lot of those first in line to begin raising the California-spawned breed are quick to praise the animals for rapid gain on basically forage rations, hardy adaptation to sparse land and nutritious meat. One of the problems is an extensive study done in Canada on an earlier beef-buffalo cross which showed poor results. Promoters of the American breed say those problems were all solved with today's Beefalo which is one-quarter Hereford, three-eighths Charolais and three-eighths Buffalo.

**By RUSTY WASHINGTON**  
Roosevelt's Eagles could not get their offense in gear last Friday night and as a result lost their first game of the season, a 30-0

pasting at the hands of the Seagraves Eagles, ranked No. 2 in the state in Class A.

Kenny Jackson scored for Seagraves from the 2 in the first period and it was 6-0 after no extras were scored. Seagraves poured it on in the second quarter, scoring twice to give the home team a 22-0 advantage at halftime. Bryan Hawkins and Mike Hoover scored the TDs. Roosevelt drove deep once, but Brad Woods intercepted QB Roger Daniel's pass at the Seagraves 9 to stop the drive.

Southland's only score came in the second quarter on a four yard run by John Chaffin. The attempt for the

fourth period was scoreless, with Roosevelt reaching the Seagraves 13. Daniel completed 5 of 11 passes for 51 yards and gained 55 yards in 11 carries on the ground. Doug Gentry and Darron Mann combined for 14 Roosevelt tackles. Roosevelt has an open date this week to prepare for Freshman the following week, the first district game.

Is my auto insurance good if I am driving outside the United States?

Your coverage is good in the United States, its territories and Canada if your liability coverage is as great as the required coverage in that area. However, in Mexico the standard policy is not adequate for either liability or medical coverage. You must either take out a Mexican policy written by a Mexican company or buy a special "trip" policy from your present insurance company. This "trip" policy is written to cover you for a specified number of days in the foreign country. If you are going out of the country, consult with your agent in order to be adequately covered

**BICENTENNIAL BITS**

By NEWMA CARNES

**BICENTENNIAL BITS**  
Mrs. Jo Holt shared with us the July 13, 1975 edition of the Kilgore News-Herald which contained sections devoted to Kilgore's Bicentennial activities. One section described the 'living preservation' of the historic Thompson-Laird house. Mrs. Holt is a descendant of Benjamin Franklin Thompson who finished the house in 1861, about six miles southwest of Kilgore. Application has been made for a Texas Historical Survey Medallion for the grand old house.

Have you been listening to the Bicentennial Moments and the Bicentennial Quiz over KCAS? Tune in around three p.m. for the

Bicen Moments and around five p.m. for the Quiz.  
Mrs. Harvey Tunnell said of the Pioneer Cookbook, "I'm wondering if we haven't built a boat in our basement!" Seriously, the cookbook will be a large one, with recipes from many, many of our citizens. It is still Mrs. Tunnell's hope to have the book ready for sale before Christmas.  
Slaton's Bicentennial emblem was designed by Mike Tumlinson during the competition in early summer. No "prize" was offered other than the honor of having one's design on all Slaton's Bicentennial promotional materials until July, 1976. However, the Bicen Committee surprised

Mike with a \$25.00 savings bond when the state and national certificates were presented.

Have you noticed the emblem appearing on several new places? For example, it is on the football tickets, programs, and schedules, on the new Tigers/Tigerettes bumper stickers, on matchbooks given away locally, and even on a poster on the front door of the central office of Slaton ISD.

It seems quite likely that Slaton is to have a competition to name a bicentennial queen, and that she will be named in time to preside over the Nov. 11 Veteran's Day activities. Any organization that would be interested in sponsoring any special activity on that day should contact the Bicen Committee which headquarters at the Chamber of Commerce office.

**Post Steer Roping, Art Exhibit Will Benefit Homeless Boys**

**POST**—The OS Ranch Steer Roping and Art Exhibit on the historic OS Ranch southeast of here Saturday and Sunday, Oct. 4-5, will be the biggest ever.

A field of 33 of the nation's top steer ropers will compete for a \$15,000 jackpot Sunday afternoon, including Roy Thompson of Tulia, 1975 world steer roping champ and eight others in the 20 top finishers in steer roping prize winnings this year.

Forty of the nation's best cowboy and western artists will exhibit paintings, drawings and sculpture in the renovated ranch house near the roping arena. Last year \$95,000 worth of art was sold.  
Arena events scheduled

for Saturday, Oct. 4, include an invitational calf roping in which 40 ropers will compete, a match calf roping between Roy Cooper of Monument, N.M., and Jimmy Barzil of Grover, Texas, a jackpot team roping in which 160 ropers are entered, and a GRA approved girls barrel race which has drawn 40 entrants.

The whole weekend show—which also includes a big western dance in Post Saturday night and beef barbecues at the ranch both days—is staged by Jim Prather, OS boss, as a benefit to the 72 homeless boys in West Texas Boys Ranch at San Angelo.

Last year, the OS benefits raised \$24,000 to help support the Boys Ranch.

### PUNCH LINE OF THE WEEK

## Mustangs' Upset Bid Falls Short, 39-12

The Wilson Mustangs took a 12-0 lead over the heavily-favored Lubbock Christian High School Eagles last Friday, but after this lead early in the second quarter, the Mustangs finally bowed reluctantly 39-12.

Wes Wilke, Wilson's top ground-gainer for the game, scored the first TD for the Mustangs on a 1-yard plunge in the first quarter. A PAT kick effort failed. Just 12 seconds deep into

the second period, Wilson shocked LCHS with a 28-yard scoring pass from the QB Carlton Henderson to Greg Bednarz.

LCHS swift David Conder returned the ensuing kickoff 87 yards for a TD and the Lubbock team continued to score in all the final three quarters. Wilke had 60 yards in 20 carries, and Henderson hit on 6 of 10 passes for 78 yards. The Mustangs were hurt by losing six fumbles in the game.

## City Receives Sales Tax

# Hypertension Can Kill

One in seven adults has high blood pressure, also known as hypertension, and if you have it, the odds are even that you don't know it. Hypertension is a national health problem affecting 23 million Americans. If un-

controlled, it stresses the heart, blood vessels and kidneys, eventually damaging these organs. High blood pressure is the primary cause of about 60,000 deaths each year in the U.S. It also plays a role in the

more than 1,500,000 heart attacks and strokes suffered by Americans each year.

Generally speaking, a person is considered to have high blood pressure if his reading is persistently higher than 150/90. The first figure in this reading is the systolic pressure which occurs when the heart is at

the peak of its contraction; the second is the diastolic pressure, when the contraction has subsided.

What can you do about high blood pressure? First, have your blood pressure checked regularly to find whether you are one of the 23 million. If you are, check with your doctor on what to do about it.

Fortunately, there are ways of bringing high blood pressure under control in almost all cases. These include drugs, diet, exercise, and rest and relaxation. No one method works for all; individual treatment is necessary for each patient. Treatment may have to be continued over a period of time. Proper treatment definitely reduces

risk of disease and death and increases the potential for health and long life expectancy.

The American Medical Association has listed the following facts about high blood pressure that if learned and heeded could do much to guard against the serious effects of untreated hypertension:

1. Hypertension is a common "silent" health problem; many people are unaware that they have high blood pressure because they feel perfectly well.
2. Hypertension is a major cause of stroke, heart failure and kidney failure, but these complications can be prevented with control of blood pressure.
3. Hypertension usually

cannot be cured. It is a lifetime condition and can be controlled by medications. 4. Those being treated for hypertension should have their blood pressure checked frequently. 5. Anyone who has ever had his blood pressure checked should have it checked frequently. If you have high blood pressure, you should get it checked right away. Hypertension is a killer, but it can be controlled.
