## Police Probe Burglaries, Purse Snatching Here

some shrubbery. Mrs. Dunlap said she screamed, one of the hoodlums grabbed her arm and she dropped her purse. She said they then grabbed her purse and ran away. The purse contained \$3 in cash, a payroll check and some papers. Alexander Washington, 625 New Mexico, reported

burglary of a pool hall at that address last Tuesday, with coin operated machines broken into, and about \$12 cash missing.

G&H Castings reported a burglary Tuesday night, with entry gained by forcing a door. Missing were two rolls of postage stamps, about \$3 cash, an Olivetti portable typewriter, a Mercury cassette player and recorder.

## Prayer Groups Meet To Pray For Billy Graham Crusade

district determines how many prayer groups meet in each one. Some of the more populated districts have a group meeting on each block.

The groups meet and listen to the material presented on KFYO radio in Lubbock, then pray for the success of the crusade.

These meetings will continue for the next three weeks until the crusade begins.

Other prayer sessions are being held in Roosevelt, Idalou, Lake Ransom Canyon, Lubbock and Amarillo.

D. C. Gonzales, 375 E. Panhandle, reported his home burglarized after a neighbor saw a small boy climbing through a window of the Gonzales home.

Missing were two pair of boots and one pair of shoes, all children's sizes.

On Friday at 300 W. Panhandle, a 1970 International Travelall driven by James Hardy Eblen, 1155 W. Fisher, was involved in an accident with three parked cars belonging to Mary Maldonado and Sara Maldonado.

An 18-year-old wanted as AWOL from the service was arrested in Slaton and held for other authorities Saturday.

A woman living in south-east Slaton told police she went to another residence in the vicinity and was struck with a crowbar when she became involved in a dispute between a man and his wife. She said she would press charges.

**RODEO WINNERS**—Shawn, left, and Blaine Wilson were winners Saturday night in the Kappa Upsilon Little Wrangler Rodeo in Plainview. Shawn is displaying his belt buckle, trophy and ribbon for Best All Around Cowboy, first in the boot race and second in the scoop race. Blaine, who was just too tired to hold up his white ribbon, won third in the stick horse race. (SLATONITE PHOTO)

## Tax Board Hikes SWPS Valuation

Southwestern Public Service Company's request to have the valuation of Jones Plant lowered for the purpose of computing Slaton school taxes was turned down by the board of tax equalization of the district Tuesday night.

The tax board, after meeting with the board of education of the Slaton Independent School District, voted to put the SWPS property on the tax roll at \$34,968,440, about \$3 million more than the figure the company had rendered. The figure takes into consideration a 62 per cent lifetime depreciation factor applied to industries, so is quite a bit less than the actual value of the plant, according to Tax Assessor Edwin Knight.

The equalization board's

final figure on the Jones Station plant actually was about \$3,000 higher than the figure at which Knight had assessed the property. The board explained their action by comment that the land on which the plant is built should be valued, in their opinion, as industrial property rather than as ranch land as it has been assessed in the past.

SWPS officials Wednesday gave no indication as to whether they would appeal the assessment through legal channels.

No tax rate has been set for the coming year, but the school board is scheduled to set the tax rate and also conduct the official public hearing on the budget at the next meeting of the board Sept. 8, Knight said.

## School Signup Schedules Set

Summer vacation for Slaton young people officially ends Aug. 19 when classes begin at 9 a.m. in all schools throughout the city.

Registration for West Ward students will be Monday, Aug. 18. First grade students will register at 9 a.m. followed by second grade at 10 a.m. and third grade at 11 a.m.

new students. The seventh grade registers at 2 p.m. followed by the eighth grade at 2:30 p.m.

Sparkman said all children who will be five years old by Sept. 1, and who have not already signed up for kindergarten, should do so Monday, Aug. 11, at 10 a.m. in the West Ward cafeteria.

Children registering then should have birth certificate and immunization record.

## Three Seek Ward 3 Job

Tuesday was the deadline for filing in the election for City Commissioner of Ward III. When the deadline passed, three candidates had bid for the position.

B. A. Hanna and B. H. Bollinger, both retired Santa Fe men, and Ira Keys, a self-employed businessman, filed for the post. The election is set for Sept. 5 to fill the vacancy created in May when Commissioner J. P. Spears resigned.

Both Hanna and Bollinger have served on the Commission previously.

Hesikize Thomas will face a recall election at a date not yet determined by the City Commission.

Thomas refused to resign when a petition for his recall was circulated and turned into City Hall.

This is the second recall election citizens have demanded this year. Commissioner Otis Neill retained his Commission seat earlier in the year when a recall election failed.

## Slaton Youths Win In Wrangler Rodeo

Several Slaton youths were among the winners Saturday night of the fourth annual Kappa Upsilon Little Wrangler Rodeo in Plainview.

Shawn Wilson, 8, was the Best All Around Cowboy, winning a belt buckle for the honor. He also won a trophy for first place in the boot race and a ribbon for second in the scoop race. This is the second year he has won Best All Around

Cowboy distinction. Blaine and Shawn are the sons of Mr. and Mrs. Sammy Joe Wilson. Kim Crowson is the granddaughter of Gloria Reasoner, Slaton, and Geneva Crowson, Wilson, and Douglas is the grandson of Mr. and Mrs. W. J. Schilling and Mr. and Mrs. Louis Droemer, all of Slaton.

## Football Team Hopefuls Take Physicals Friday

Candidates for the Slaton High School football teams will report to the office of Coach Eddie Cook for physical examinations at 6 p.m. Friday, and the first workouts for the team will get underway Monday morning. Coach Cook said this week.

Only the high school players, freshmen through seniors, are to report to the gymnasium for the physicals Friday evening, Cook said, pointing out that each player must have a physical before he can be issued equipment. Shoes were is-

sued Wednesday, and players are to report on the field at 8 a.m. Monday for the first workout. Workouts then will be conducted at 6 p.m. each day and at 8 a.m. each day, the Tiger boss said.

The Tigers will open the 1975 season at home Sept. 5 against Colorado City.

Cook also noted that several athletes still have not picked up their awards, and should do so at Cook's office. He also reported that letter jackets and blankets have arrived and should be picked up at his office.

## Tiger Club Seeks New Members

Slaton Tiger Club met Monday night in the Chamber of Commerce building to make plans for the coming school year and to adopt a new \$10 family membership plan.

For each \$10 donation, the donor gets membership for his entire family, and also gets a bonus of one free Slaton Tiger-Tigerette cap per family membership.

Also, said Curtis Aycock, president of the Tiger Club, the caps still are available for purchase at \$3.75 each, and the red windbreakers at \$10 each still are on sale by the Booster Club at O. Z. Ball and Co. Both caps and windbreakers carry the words "Slaton Tigers" and "Tigerettes".

"We need these family memberships to show support of the high school athletes," Aycock said. Anyone interested should contact Aycock or any Tiger Club

member. As a further inducement to join, a drawing is planned at each meeting after Aug. 24 at which members will qualify for a door prize.

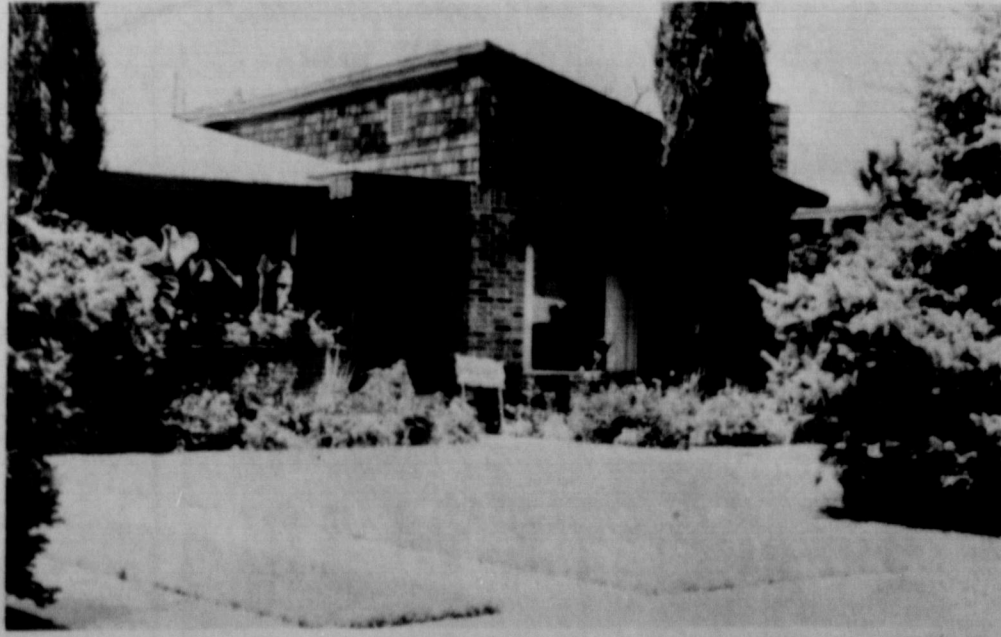

Anyone interested in athletics is urged to attend the next meeting of the booster club at 8 p.m. Aug. 18 at the Chamber office. This meeting will be held just a few days before the Tigers first scrimmage, against Levelland here on Aug. 23.

A good turnout was reported at Monday's meeting with all coaches present except Mrs. Gay Benson, who was out of town.

Among other projects planned by the Tiger Club are sales of tickets on a half beef, and bumper stickers featuring the Bicentennial emblem designed by Tiger Quarterback Mike Tumlinson and the words "Tigers-Tigerettes."

**WORK**  
by dalton  
CONDITIONS on a weekend in the New Mexico:  
about a dozen or so chipmunks a cabin a few miles from Tres Mexico, which probably are of diabetes or maybe just plain chipmunks are susceptible to such things. Our family just wound up a at the semi-primitive cabin (no no running water, no teevee, no telephone, no refrigerator and no miles). And the younger people spent a good deal of the time chipmunks.  
the little critters peanuts, corn on ake, hamburger meat, M&Ms, bread and English peas. And these were kind of like our staff here at they'll eat anything.  
chip is a ground squirrel, according but these weren't shaped just like can see almost anytime out at the They were fatter, but of course, because other folks who camp in ed chipmunks, too.  
beautiful country near Tres Ritos, and didn't mind not having television telephone, and even not having wasn't too great an inconvenience some time shortly after we arrived to our local SWPS people). The could have used Reddy Kilowatt after we arrived and the butane away into blackness because the played out and I had no earthly to get them filled. We solved this temporarily by all going to bed.  
who own the cabin told us there Drinking water running in a stream about 100 yards from they forgot to tell us which way, led for more than an hour the next finding it (shortly thereafter we a note on the cabinet telling us  
up to Taos one day to look at the and ugly people, but mostly we and the cabin.  
meaning to ask someone what "Tres means, and by the time this appears in sure I'll know, because any of my asking friends probably can tell me. figure, means "three," but I have that "Ritos" means. Possibly it or streams, or maybe even but if the latter is true, they've multiplied admirably since the named.

## Couple Exchanges Vows

Susan Kay Spencer and Warren Jefferson Thompson were united in marriage at 7:30 p.m. Aug. 2 in the Parkway Drive Church of Christ.

Jerry Macghan, minister, read the double ring ceremony for the daughter of Mr. and Mrs. Kenneth Spencer and for the son of Mr. and Mrs. Virgil Thompson, all of Lubbock.

Given in marriage by her father, the bride wore a formal gown of white satin styled with a high collar, empire waistline and long sheer sleeves. The neckline of the gown and the sleeves were accented with white lace and blue and white trim.

Her floor length veil of illusion fell from a ruffled caplet. She carried a cascade of daisies and carnations.

Pam Buchanan was maid of honor. Bridesmaids were Cindi Spencer, sister of the bride, Rhonda Carney and Diane Daniels.

The attendants wore long gowns of blue cotton brocade. The dresses were designed with short puffed sleeves and princess lines. The maid of honor carried a bouquet of daisies and carnations, and the bridesmaids carried single carnations.

Scotty Cross was best man. Groomsmen were Calvin Lemon, Jeff Anderson and Cary Long.

Ronnie Kucus was usher. Miles Monroe and Steve Spencer, brother of the bride, were candlelighters. Acting as flower girl was Kimberly Crawford. Bryan Thompson, nephew of the groom, was ring bearer.

Providing wedding music were Mr. and Mrs. Wayne Hines and daughter, Sherry Ferrill and Kim Hanson.

A reception in the fellowship hall of the church followed.

The bride is a 1974 graduate of Roosevelt High School and is now employed at the Coca Cola Sprite Co.

Thompson, a 1975 graduate of Lubbock Christian High School, is employed at Purtille Construction Company.

"Alcohol is the major cause of insanity and poisoning from it causes more deaths than from all of our most infectious diseases."

—Dr. Parran, Surgeon General of the U.S.

### BICENTENNIAL BITS

By NEUMA CARNES

If you have not yet purchased a souvenir calendar, better get over to the Chamber of Commerce with your dollar — approximately 100 copies remain.

Last Tuesday's meeting of the Bicentennial Committee began with acknowledgment of letters from Sen. John Tower, Executive Director of the Bicentennial Commission of Texas Mrs. Gene Brownrigg, and others, congratulating Slaton on its acceptance as a National Bicentennial Community.

Mrs. Crandall was named chairman of a committee to present suggestions for an appropriate presentation ceremony. There was a discussion of the Veteran's Day activities planned for Nov. 11.

Community groups interested in participating in the Bicentennial theme parade or in other ways should begin preparation now. Those planning floats for the parade might be interested in looking over resource material available at the C of C.

A committee was named to study the large amount of literature on Bicentennial promotional and fund-raising items available. Merchants who order pens, key rings, litter bags, matchbooks, etc. for advertising are urged to use the Slaton Bicentennial emblem on those items.

The pioneer cookbook is receiving a lot of interest. Requests from out of town for copies of the cookbook are already on file. Mrs. Tunnell reports one of the features of the cookbook will be a page dedicated to the Slaton Tigers followed by recipes to be used for football parties. Perhaps some Tigerette mothers could provide basketball party recipes and thus promote a page dedicated to the Tigerettes?

A set of recipes from five generations of a family is a novel contribution to the pioneer cookbook. Recipes are from Mrs. Lillian Lockett, her mother, Mrs. Williams (a vinegar pie recipe), her grandmother, Mrs. Martha Jane Gray, her daughter, Mrs. Tommie Kyle, and her granddaughters, Phyllis Lee and Ann Lee Kyle. Can anyone match or top this?

Next meeting of the Slaton Bicentennial Committee will be Tuesday, Aug. 12, 7:30 p.m. at the C of C building.

## Alcoholism Is New Topic For Physician Education

Alcoholism has been called "nobody's disease." It belongs to no particular medical specialty and often is denied by the public because of the social stigma attached.

But an increasing awareness of the widespread public health implications of alcohol and related drug abuse have caused the Texas Tech University School of Medicine (TTUSM) to develop a program to educate physicians about this disease.

TTUSM's educational program, one of the few in the country to involve medical students and residents in the direct treatment of alcoholics, was begun in 1973 in the Department of Psychiatry under grants from the Texas Commission on Alcoholism and through the National Institutes of Health Career Teacher Program.

Dean George Tyner, a professor in Psychiatry, initiated the program because he considers alcoholism to be "probably the most serious disease the nation faces." Some experts estimate that in the U.S. population of approximately 200 million, nine million people are alcoholics. Dr. Tyner said predictions are that 10 per cent of other persons who now use alcohol will develop the disease. He said, "among health care workers the incidence is even higher."

Although most people are aware of alcohol's addictive properties, few realize that certain drugs can cause the same type of dependency, but without side effects such as liver disease.

"That...goes back to the definition of alcoholism," Dr. Tyner explained. "Alcoholism is a disease associated with the repetitious, compulsive ingestion of any sedative compound, the chief one of which is alcohol, to the point of interfering with function." He emphasized that this state can be caused by any number of different sedatives, or tranquilizers, as well as alcohol. "The word 'alcoholism' is a misnomer," he said.

Dr. Tyner noted that persons having the closest working relationship with sedative drugs are in the health and allied health fields. However, although the problem of alcoholism has been recognized for several years, until recently no formal medical training in the treatment of the disease was available. He said that the stigma attached to the disease often cause both the public and the medical profession to ignore it.

In an effort to recognize and legitimize the disease among medical professionals, Dr. Tyner decided that the best way to prevent the problem was to educate physicians during their medical training and in continuing education.

From this proposal grew a training program in addictive disorders for both undergraduate medical students and residents. Students are assigned to patients and actively participate in diagnosing and treating the disease. They do physical and psychiatric evaluations and, cooperating with members of the psychiatric staff, follow their patients through various stages of treatment.

Another phase of the training involves attending seminars on the principles of diagnosis and treatment

of alcoholism, review of current and pending legislation affecting the alcohol user and details of the physiological manifestations of alcoholism from a biochemical and toxicological standpoint.

Students then utilize this experience and information by participating in training sessions held for alcoholic patients to teach them about their disease.

The School of Medicine utilizes St. Mary of the Plains Hospital for inpatient treatment and psychiatry facilities at Thompson Hall for treating outpatients. The Department of Family Practice and of Medicine also participate in the program, lending consultation when necessary.

## Care Center Activities

By GLADYS RICHARDSON

This has been a busy week at the center. We have two new residents, Lena Mae Payne and Bertha Hancock. Two other residents have gone home. They are Ben Bowen and Mary Sewell.

We welcome back to our staff Lena Respondeck, a kitchen worker. We also have a new LVN, Mrs. Agnes Moore.

A large crowd was present Wednesday for Bingo. We give jewelry as prizes, and we would appreciate any donations from those with jewelry no longer needed.

An August birthday party has been set by the Care Center Auxiliary for Friday at 2:30 p.m.

Those celebrating birthdays this month are Ethel Butler, Jennie Garland, Ida Adams, Alene Line, Charles Griffin, Rosie Washington, Barney Holcomb and Perry Lee Bostick.

Bobby Greer, Ida Rushing and I attended a seminar this week, getting new ideas for crafts, which we will be starting soon.

Hostess gift...

Special guests Lindol Beard, bride-elect, and Anita Warren and Kocich, aunt of mother of Beard.

## Joseph School Classes To Open

Classes in August will begin at 8:45 a.m. and end at 3 p.m. After Labor Day, classes will be dismissed at 3:45 p.m.

According to school officials, enrollment for the year has picked up, and many grades have reached the peak point.

A general cleaning of the school is scheduled for Monday beginning at 8:30 a.m. All parents are asked to bring a mop, bucket, rags and a helping hand.

Sister Angelita Heinrich will again assume the leadership role of the school serving as principal.

Barbara Long will teach first grade and Sister M. Clotilda will teach the third and fourth grades. Sister Martina Eiber will be home room instructor for fifth and sixth grades, and Mrs. Janet Neugebauer will be language arts teacher.

Mrs. Karla Schuette will coach the girls again. Positions not mentioned have not been finalized yet.

ROCKY DEE STONE

## Last Son Continues Family Tradition

Rocky Dee is the eighth and last son of Mrs. Ruby Stone, and like his brothers before him, he has joined the service.

Stone is now completing basic training in Fort Leonard Wood, Mo., where he is stationed with the United States Army.

Stone has three brothers currently in the armed forces. They are Paul Henry, stationed with the Navy on Guam; Michael Leo, at Fort Hood with the Army; and Elmer Charles is in Maryland with the Marine Air Detachment.

## Memorial Gift Is Tribute

James F. Moore of the American Lung Association of Texas, West Texas Area announces its new Memorial Gifts Program.

A memorial gift to the American Lung Association is a thoughtful tribute to a deceased relative or friend, a lasting tribute that benefits everyone through medical research and health education. Your Lung Association is working to find new and more effective ways to treat asthma, emphysema, tuberculosis — all respiratory diseases. They are also active in working against specific health hazards, such as cigarette smoking, and general air and environmental pollution.

A memorial of this nature is a good way to let relatives and friends of the deceased know that you really care.

You may send your gift to the West Texas Lung Association, 1961 Texas Ave., Lubbock, Texas 79405 or ask for the attractive Memorial envelopes.

## LETTER TO THE EDITOR

The Slatonite  
Slaton, Texas  
Dear Dalton,

Via you and your fine publication I want to express my sincere appreciation to the Slaton community and school system for their support, cooperation, and generosity during my four years as a teacher and student teacher at Slaton High School.

It is with deep regret that I have submitted my resignation as homemaking teacher in the Slaton ISD. My family and I are moving to the Dimmitt area where my husband has already started a new business. I am accepting a similar position with the Nazareth ISD.

The past four years at Slaton have truly been the "best years of my life", both as a student teacher and as a teacher. I want to commend the administration especially J. C. McClesky and M. W. Kerr for their invaluable assistance and support. The students at Slaton High School are the greatest and I have thoroughly enjoyed my job! They are who I regret leaving the most. I love 'em all! Their friendships, enthusiasm, and genuineness have made my job easier and most rewarding. I suppose you could diagnose my malady as a "good case of Tiger Pride."

I am proud to have been employed in such a fine school system. I will miss Slaton. Thank you, Slaton, for helping make my position a most enjoyable and satisfying teaching experience.

Very truly yours,  
/s/ Debbie Cade Mummie

## Legion Has Installation

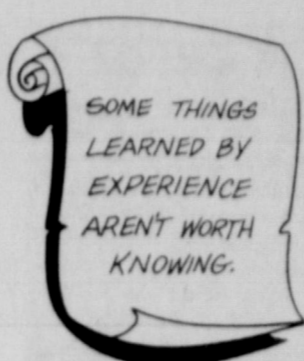

Joint installation for the American Legion Post and Auxiliary was held July 31 at the Slaton American Legion Hall at 7:30 p.m.

Distinguished guest for the Post was Don McCray, 19th District Commander from Big Spring, and for the Auxiliary were Mrs. Tom Wheeler, Department Vice President, and Mrs. Tom Harben, 19th District President from Brownfield.

The meeting started with food and refreshments served from tables covered with white and centerpieces of red poppies on backgrounds of blue to carry out the theme of the Bicentennial year of our nation. To further carry out this theme a group of Lubbock square dancers presented dancing of our forefathers. Liberty bells were presented as gifts to Mesdames Harben and Wheeler.

The following officers were installed in the Auxiliary: president, Mable Isbell; first vice president, Gerry Waugh; second vice president, Thelma McCarver; third vice president, Micki Anderson; secretary, Gerry Schmid; treasurer, Bernice Dickie; historian, Margaret Morton; chaplain, Mable Garrett; sergeant-at-arms, Eillene Tucker; executive committee at large, Pearl Pinkert, Loree Polk and Minni Shaw.

American Legion officers installed were: commander, Ellis P. Schmid; first vice commander, Paul R. Mercer; second vice commander, H. Greeley Sanders; adjutant, Jack B. Clark; finance officer, Earl F. Wilson; service officer, Cecil H. Scott; sergeant-at-arms, Bert R. Polk; chaplain, Wilburn H. Legate; mess officer, Edgar H. Ahrens; historian, Travis Mann; child welfare officer, H. M. Englund; judge advocate, Claude S. Cravens Jr.; executive committee, Luther B. Peterson, Ervin Heinrich and Leeman A. Reasoner.

All members who can be asked to attend Slaton's American Legion Day at the VA Hospital at Big Spring Aug. 31. A spokesman commented, "Please come help make a happier day in the lives of those who suffer because of what they did for you and your country."

## Tucker To Be WTSU Grad

There will be 368 West Texas State University students to graduate in summer commencement ceremonies Aug. 16 at 4:30 p.m. in the Amarillo Civic Center Coliseum.

The rehearsal is scheduled for 10 a.m. that morning in the coliseum. Dr. Lloyd I. Watkins, University president, will present diploma covers to the students. The invocation and benediction addresses will be given by Marcus L. Adair, director of Faith Bible Center.

A graduate student from Slaton is Doyle Dean Tucker, Box 34, master of agriculture.

There are 14 Roosevelt ball players and three Idaho players.

**NEWS BRIEFS**  
Mrs. Erna Tiemann of LaGrange visited recently with her niece, Mrs. Bill Walter and also attended a 50th wedding anniversary July 27 of another niece and her husband, Mr. and Mrs. Raymond Foerster at Level-

land. Also attending were Mr. and Mrs. Bill Walter and Mr. and Mrs. Duane Walter.

Mrs. Norine Patschke is recovering in Highland Hospital after having surgery Monday.

Mrs. Helen Spradling of Levelland, Mrs. Erna Tiemann of LaGrange, Mr. and Mrs. Bill Walter and Mr. and Mrs. Duane Walter went to see the musical production "Texas" at Palo Duro Canyon last Monday night.

Mr. and Mrs. James Walter also went to see "Texas" last Saturday.

Spending a few days fishing at Oak Creek were Mr. and Mrs. Charles Miller and Jimmy.

Guests in the home of Walter Perry have been Mrs. Perry's brother and

his wife, Mr. and Mrs. Orville Lee Morgan of Eldorado, Ark.

Jeff Matsler will be attending college at Snyder on a rodeo scholarship.

Spending Sunday at White River were Mr. and Mrs. Walter Perry, Paula and Kenny, and guests Marcie Hunt, Mr. and Mrs. O. L. Morgan, Mr. and Mrs. James Cate and Terry, Mr. and Mrs. Joe E. Hall, Lynda, Jan, and Sonja, Chris Marshall, Brady Mimms, Bud Barnett, Maxey Reasoner, and Mr. and Mrs. Billy Jackson and Heath.

Attending the Church of Christ youth camp at White River last week were Johnny Thompson and Donna Jan Oliver.

**4-H NEWS**  
The District 2 4-H record book judging contest was held Friday at the Municipal Garden and Art Center. Sandra Patschke received second place with Food Preservation, and Marty Mimms' records participated in beef.

**Meeting Is Routine**

The Women's Division of the Chamber of Commerce met Monday at 1:15 p.m. with nine members present. The president, Louise Smith, presided at the meeting.

Mrs. Smith reported that Russell Park was being mowed and edged. All residents around the park were taking part in this and are also helping water the park. The Lions Club painted the Russell Park sign, which had rusted.

The committee chairmen reported on projects which are in the planning stages at this time.

**INSUR-MATION**

By Bob Kern  
Pember Insurance  
828-6251

My roof was damaged by hail and I had it repaired. If it leaks after another storm will this additional damage be covered by my insurance?

If you have all ready collected on one roof repair necessitated by a storm, you must prove through receipts, contracts, etc., that the roof was in fact repaired by a reputable repairman. This would qualify you for collecting from your insurance should another storm cause a leak. If your certification of repair is in order, the insurance company would look at the cost of repairs as necessitated by two separate catastrophes. However, in order for your insurance to pay for the damage caused by the second storm, the deductible must once again be met. It is important to notify your company as soon as possible after such damages are incurred.

**New Japanese Transport System To Be Tested**

Computers to Combat Pollution

The Computer-controlled Vehicle System come to fore in Japan as a unique solution to traffic congestion and worsening air pollution. A new system, a city is crisscrossed with a network of tracks like monorails, and electric driverless vehicles seating two to four passengers moved along the tracks under the control of a computer.

A double-tracked network of courses with a length of about three miles has just been completed.

## Pair To Lead 4-A Activities

Jackie Harris and Rodney Harris, new 4-H adult leaders, have been active in several years. They became leaders only two months ago.

## Lisk Family Has Reunion

The Lisk family gathered in the home of Mrs. Winona Brewer of Slaton on July 26 and 27 for a family reunion.

Lisk was the name of Mrs. Brewer's grandmother before she married B.H. Pike. Relatives from California, Colorado and New Mexico journeyed to Slaton for the reunion. Other visitors came from Arizona and from here in town.

One tidbit of family history which was discovered at the reunion was that a second cousin of Mrs. Norma Pike was married to a second cousin of her late husband's.

The next reunion is set for July of 1976 in Colorado Springs, Colo.

## CARD OF THANKS

Our sorrow in the loss of our loved one is somewhat easier to bear because of your kindness. In a time like this we learn how much our friends really mean to us. We deeply appreciate your kindness, food and flowers.

The family of Melvin M. Tumlison

Contrary to popular belief, arthritis is not an "old folks" disease. Rheumatoid, which is the most crippling, the most prevalent and the most painful type, strikes from birth to age 30 or 40, the most productive years. Some 250,000 children were diagnosed as having arthritis last year; some infants were born with arthritis.

**NEW LEADERS** — Rodney and Jackie Harris are the new 4-H adult leaders for the local chapter. They replace Mrs. Walter Denzer who worked with the chapter for several years. (SLATONITE PHOTO)

## Cooper Schools Set Registration Times

Cooper schools have released the following information concerning registration for the fall.

Elementary and junior high students will register Aug. 13 from 10 a.m. to 3:30 p.m. Freshmen and sophomores will register Aug. 12 from 10 a.m. to 3:30 p.m. and juniors and seniors will register the 13th also, from 10 a.m. to 3:30 p.m.

Buses will make their first run Aug. 14.

A general faculty meeting will take place Aug. 11 at 9 a.m.

Directing the schools this year will be Superintendent Harold Carpenter, administrative assistant Earl Madding, high school principal D.N. Taylor, junior high principal Stanley Wheeler and elementary principal Mary Francis Vinson.

New students and kindergarten students enrolling for the first time in Cooper schools will need their birth certificates and immunization records.

Officials predict an enrollment of 1150 students this fall.

## Area Men In Service

Coast Guard Fireman Apprentice Fred Valadez, son of Mr. and Mrs. Margarito Valadez of Slaton, has reported for duty aboard the U.S. Coast Guard Cutter Sorrel, homeported at Cordova, Ala.

A former student of Mineral Wells High School, he joined the Coast Guard in April of 1975.

## Women's Lib Nothing New

At a time when women are scaling the proverbial ladder of success in virtually every field of endeavor, it's really not so unusual to hear of a lady heading up a multi-million dollar manufacturing firm. However, when that lady has been "doing her thing" for a half-century, she makes Gloria Steinem look a bit behind the times.

"I've been liberated all my life," spouts the energetic Miss Enid Justin, president and founder of The Nocona Boot Company.

Though approaching her 81st birthday, "Miss Enid," as she is affectionately called, still plays an active role in Nocona's daily management and operation, starting her workday at 7 a.m. sharp.

"I really don't mind rising early. Besides, you need to get an early start if you want to keep a jump ahead of everybody else," she says.

And it was just that kind of spirit and spunk that gave the world's only lady cowboy bootmaker her start. Now celebrating her Company's 50th Anniversary, Miss Enid recalls how a dream and a loan set her up in business.

"A few years after Daddy Joe passed on, my brothers got the itch to move the family boot business away from Nocona. But I knew Daddy Joe wouldn't have wanted it that way, so I stayed on."

Despite her brothers' warnings, the plucky Miss Enid borrowed \$5,000 and organized The Nocona Boot Company in 1925, just five years after women received voting privileges. Starting with a mere 1,000 square feet of space and just seven employees, she built the Company into the multi-million dollar firm that it is today, featuring a modern, 90,000 square foot factory and more than 350 employees.

But amid all the changes that have occurred during Miss Enid's 50-year reign as Nocona's president, her driving spirit has not changed. When asked about her plans for retirement, she quickly dismisses the subject.

"I don't plan on getting the rocking chair get me," she says spiritedly. "Besides, I've got too much to do to be worrying about myself."

Clearly, Miss Enid intends to celebrate a good many more anniversaries of her Nocona Boot Company.

In 1948, Miss Enid Justin moved her thriving western boot business to a new 53,000 square foot facility. Today, the 50-year-old Nocona Boot Company of Nocona, Texas, occupies a modern 90,000 square foot plant where the 80-year-old president and founder still puts in a 50-hour workweek.

As the types of Nocona customers have grown, so too has the variety of boot colors and styles.

"We used to make boots only in brown, black and tan. Now we have beautiful blues, reds, greens and yellows as well," Miss Enid exclaims. "And we also offer a wider selection of leathers, including such exotics as lizard, antelope and ostrich hide."

But amid all the changes that have occurred during Miss Enid's 50-year reign as

Nocona's president, her driving spirit has not changed. When asked about her plans for retirement, she quickly dismisses the subject.

"I don't plan on getting the rocking chair get me," she says spiritedly. "Besides, I've got too much to do to be worrying about myself."

Clearly, Miss Enid intends to celebrate a good many more anniversaries of her Nocona Boot Company.

## New Law Cracks Down On Uninsured Drivers

Uninsured motorists involved in traffic accidents resulting in death, personal injury or property damage in excess of \$250 may be subject to suspension of their driving privileges and vehicle registrations under a revision to the Texas Safety Responsibility Law.

Col. Wilson E. Speir, director of the Texas Department of Public Safety, said the new law — which was enacted during the recent Legislative session — requires DPS to evaluate traffic accidents (meeting the above criteria of seriousness) to determine if there is a "reasonable probability of judgement" against one or more of the drivers.

If such a finding is made, and if the driver or owner has no liability insurance meeting the state's minimum requirement, then the DPS must require the uninsured motorist believed at fault to satisfy the security provisions of the law. This may be done in the following ways:

By submitting a written release signed by the other damaged parties.

By filing an installment agreement made with the other damaged parties involved.

By depositing security in a sufficient amount to take care of damages sustained by others and maintain proof of financial responsibility for a period of five years from the date of the accident.

By filing copies of civil damage judgement obtained against other parties involved in the accident, or a judgement of non-liability.

When the security provisions of the law are not satisfied by the uninsured owners and operators, and the DPS determines there is "a reasonable probability of judgement" against such persons, the following provisions of the law become applicable:

A written notice of future driver license and motor vehicle registration suspension must be forwarded to

such persons by certified mail. Such a notice will advise that a hearing will be granted upon request.

Upon receipt of a request for a hearing, the DPS will notify the persons requesting same to appear before the traffic court judge in their precinct of residence, and it will become the responsibility of the traffic court judge to determine whether or not there is "a reasonable probability of judgement" and, if so, the amount of security to be deposited with DPS by the uninsured persons.

Any suspension invoked by the DPS in motor vehicle accident cases of this type will be stayed by a request for hearing until such time as the matter is finally resolved through administrative hearing or the courts.

Speir said the new law was enacted to enable Texas to comply with a US Supreme Court decision.

The decision had invalidated portions of the previous Texas Safety Responsibility Law because of a lack of "due process" provisions in the old law.

Speir said the new law was signed by the Governor on June 20, and uninsured motorists involved in accidents since June 21 can be affected by its provisions.

GRACE LeMONDS

## Le Monds Awarded Fellowship

Grace McWhorter Le-Monds, West Texas educator and former owner of an oil secretarial services company, has been named recipient of a Helen DeVitt Jones Fellowship at Texas Tech University in the College of Education for 1975-76.

The recipient of the \$7,000 fellowship will enter the doctoral program in higher education. Her career interest is in developing programs on the college level for handicapped persons. She formerly was employed by the Brownfield and Slaton school districts and is the former owner of Grace McWhorter, Oil Secretarial Services, at Midland.

She is a graduate of Eunice, N.M., High School.

The McWhorters ranch near Frankel City. She is a graduate of McMurry College, Abilene, and earned her Master of Education degree at Texas Tech.

RECEIVES AWARD — Bobby Lee, Wilson Vocational Agriculture teacher, is presented his 20 year tenure pin by Albert Timmerman Jr., of Rockdale, president of the Vocational Agriculture Teachers Association of Texas. The award was presented during the annual awards program in Houston for Lee's outstanding service to vocational ag in the state.

## Needs Applicants

The Texas DPS is an Equal Opportunity Employer.

Department of Transportation (DPS) is in need of qualified applicants from all backgrounds. The Department of Transportation will be a full-time position with a salary of \$110 per month. Major C.W. Bell, Major Commander.

form their duties." DPS recruit training consists of 18 weeks of comprehensive programs in all aspects of modern law enforcement at the Homer Garrison Law Enforcement Academy in Austin. During training the October School Recruit will receive pay of \$768 a month. Upon graduation the new trooper will be assigned to one of the uniformed services of the Department.

The Texas DPS has been increasingly successful in its search for recruits from minority racial groups of both sexes and encourages persons who think that they would qualify to contact the nearest DPS Trooper or DPS office to receive complete information regarding the application and employment procedures.

"Region 5 is most interested in being well represented by the best qualified persons available from the Northwest Texas area in the upcoming school," Major Bell stated. "but to do this, we must have the persons apply."

### CONSUMERS' CORNER

#### Gasoline Octane Rating

The Federal Trade Commission has issued a trade regulation rule requiring the minimum octane rating of gasoline to be posted on gasoline pumps. The rule is scheduled to go into effect on March 15, 1972.

The octane rating of gasoline is a simple means of determining how well a gasoline will resist knocking in the engine. The FTC says consumers are to be informed of a gasoline's octane rating because "knocking" can cause damage to automobile engines; use of the proper octane-rated gasoline can control knocking and save the consumer money if he has been paying for a high octane gasoline that he does not need.

The rule requires refiners or distributors of gasoline to post the minimum octane number on dispensing pumps in a clear, conspicuous and permanent manner.

On March 15 (or a little after for some service stations that qualify for certain exemptions) you should look for octane ratings on gasoline pumps. Depending on the brand, the numbers for three grades of gasoline might be numbered 92, 96, and 100.

**EXPERIMENT STATION MEDALLION** — Mrs. Wilmer Smith of Route 1 Wilson, a member of the Texas A&M University System Board of Directors, receives a bronze centennial medallion from Dr. Jarvis E. Miller, director of the Texas Agricultural Experiment Station, while A&M President Jack K. Williams looks on. The medallion commemorates a century of state support for ag research in the United States for the public benefit. The nation's first experiment station was established in Connecticut in 1875 and was quickly followed by other states. The Texas Agricultural Experiment Station had its beginning in 1886.

## Greenbugs Building Chemical Resistance

Populations of chemically resistant greenbugs are building rapidly and spreading throughout the Texas and Eastern New Mexico plains regions, threatening serious economic injury, according to area entomologists.

The problem has rapidly intensified because the bugs are developing resistance to Thiamet, leaving only two chemicals which are generally effective.

Jack King, research director of Grain Sorghum Producers Association and the Texas Grain Sorghum Producers Board, said Thiamet is "getting only fair control in some places and virtually no control in others, and the resistance is continuing to spread."

"Parathion and Diazinon are still holding but there are reports that resistance is beginning to develop in both," King said. "And the kill time is longer on all three chemicals, in some cases up to three days."

King advised against fly-

ing chemical controls for corn leaf aphids at this time. "They (aphids) will probably leave the fields as soon as the sorghum starts to head and what remains will be killed with the greenbug controls."

A farmer with developing greenbug problems should contact his local applicator for information about what chemicals are proving beneficial in his area. King points out that timing is vital and that farmers should avoid spraying too early. He adds that in most cases, the label rates should be used.

"When using Parathion, a rate of 1/4 pound per acre active ingredient is advised in good weather or 1/3 pound per acre if the weather is less than ideal," King suggests.

King urged farmers who use Parathion and Diazinon but do not get satisfactory results to contact him immediately at GSPA-TGSPB offices, 1708-A 15th St., Lubbock, Texas 79401, 763-4425.

## Obituaries

### CECIL PROCTOR

Cecil William Proctor, 65, was found dead Sunday at his home in Seagraves.

Services were held at 2 p.m. Tuesday in First United Methodist Church in Seagraves with the Rev. Wesley Daniels of Littlefield and the Rev. John Decker, pastor, officiating. Grave-side services were at 4:15 p.m. in Resthaven Memorial Park in Lubbock.

Proctor, a pharmacist, moved to Seagraves from Lubbock in 1938. He had operated the Seagraves Drug Co. during his entire tenure in the city. He was a member of the Seagraves United Methodist Church.

Survivors include his wife, Robbie; a son, Robert C. of Albuquerque, N. M.; a daughter, Mrs. G. Earl of Lubbock; his father, Leonard Proctor, of Lampasas; five sisters, Mrs. Paul Barber of Dallas, Mrs. Inez Speed of Slaton, Mrs. Mary Nell Harkey of Lampasas, Mrs. Billy Porter of Eldorado, and Mrs. Jo Ann Castleman of Canyon; three brothers, John R. of New Orleans, La., Bernice of Cleburne and Dick of Austin; and three grandchildren.

### ARCHIE PAIR

Services for Archie Miller Pair, 93, a resident of Lubbock and father of a Slaton resident, Mrs. Flora Collins, were held Tuesday in Lorenzo United Methodist Church.

Officiating was the Rev. James Futch, pastor, assist-

ed by the Rev. Bruce Parks, pastor of Tulia United Methodist Church. Burial was in Englewood Cemetery in Slaton under direction of Carter Funeral Home in Falls.

Pair died Sunday in Lubbock Methodist Hospital.

A native of Missouri, Pair moved to the South Plains in 1921, settling near Slaton. In 1944, he moved to Lorenzo. He was a retired farmer.

Survivors include his wife, Donna; one daughter, Mrs. Collins of Slaton; five sons, O. W. of Marble Falls, E. E. of Levelland, Jerry of Pearland and Marvin of Slaton; 28 grandchildren; 32 great-grandchildren; and four great-great-grandchildren.

### MONROE HAGUE

Services for Monroe Leon Hague, 46, were held at 2 p.m. Saturday at the Church of God in Seagraves with the Rev. J.G. Jackson, pastor, officiating, assisted by the Rev. P.L. Shuffield. Burial was in Englewood Cemetery in Slaton at 5 p.m. under the direction of Connally Funeral Home of Seagraves.

Hague died of head and chest injuries suffered when he was crushed by a tractor Wednesday in a field approximately 16 miles northwest of Seminole.

Survivors include his wife, Rosie Lee; his mother, Mrs. Ruth Smith of Slaton;

son, N.L. of Fairplay, Mo.; a daughter, Melba Rose Armstrong of Denver City; a brother, Bill Williams of Seagraves; and three sisters, Betty Nelson of Denver City, Joyce Edwards of Wilson and Louise Accock of California.

### PABLO VIDAURRE

Mass for Pablo Vidaurre, 77, of Slaton, was held at 4 p.m. Friday in Our Lady of Guadalupe Catholic Church. The Rev. James Daley, pastor, officiated.

Burial was in Englewood Cemetery under direction of Englands.

Vidaurre died Wednesday in Mercy Hospital after suffering an apparent heart attack.

A native of Georgetown, Vidaurre moved to Slaton from Brownfield in 1947. He was a farm laborer.

He is survived by his wife, Silla of Slaton; four sons, Nazario, Gilbert and Thomas, all of Slaton, and Paul Jr. of Lubbock; two daughters, Mrs. Olivia Salas of Idalou and Mrs. Maria Garcia of Skidmore; one brother, Lupe Reyes of Lubbock; two sisters, Mrs. Orticia Zapata of Lubbock and Mrs. Antonia Salinas of Corpus Christi; 35 grandchildren and 15 great-grandchildren.

### MELVIN M. TUMLINSON

Services for Melvin M. Tumlinson, 60, were held at 2 p.m. Friday in the First United Methodist Church

here. The Rev. Merriell Abbott, pastor, officiated. Burial was in Englewood Cemetery with Englands in charge of arrangements.

Tumlinson, an engineer for the Santa Fe Railway Company was fatally injured when a pickup he was driving was in collision with a car driven by Mrs. Don Bybee, 44, of Lockney.

The wreck occurred at the intersection of 7th St. and U.S. 87 Business Route in Plainview at approximately 12:35 p.m. Wednesday.

Police said Tumlinson, westbound, was returning to the Santa Fe Depot during the lunch hour when his vehicle collided with Mrs. Bybee's northbound car.

Tumlinson moved to Slaton in 1948 from San Angelo. He had served as a railroad engineer for Santa Fe since 1947.

Survivors include his wife, Billie of the home; two sons, C.W. "Corky" of Brownwood and B.C. "Skip" of Slaton; three brothers, Wallace of Lubbock, Earl of Slaton and Wilmer of California; two sisters, Mrs. Laverne Smith and Mrs. Willie Marie Perrot of San Angelo; and six grandchildren.

### JOHN SIMS

Services for prominent Garza County rancher John Tom "Red" Sims, 76, were held at 3 p.m. Saturday in the First United Methodist Church in Post with the Rev. Charles Hastings, Southland Methodist minister, and retired Lubbock Baptist minister W.F. Ferguson officiating.

Burial was in Terrace Cemetery under direction of

Hudman Funeral Home in Post.

Sims died Thursday in Highland Hospital in Lubbock following an illness.

Born in Kent County, he ranched there until 1940 when he moved to Garza County to engage in ranching. He was married to Byrdie Nell Davis in 1924 in Post. He was a member of the Southland Methodist Church.

Survivors include his wife; two daughters, Mrs. Zoe Ham of Big Lake and Mrs. Jean Basinger of Slaton; three sisters, Mrs. Golda Bell Stanfield and Mrs. Sallie Trammell, both of Sweetwater and Mrs. Eva Davis of Clairemont; six grandchildren and two great-grandchildren.

## PRaise THE LORD

By LENDA WOOD

A couple months ago this column's subjects were "faith" as compared to planting seed, and how God multiplies our faith in exactly the same way that He multiplies the seeds we plant in the ground.

I planted a garden this spring and it has been the most bountiful I've ever experienced. Just a few days ago I made the comment that I believed the Lord especially blessed those seeds just so that I would know without a doubt that He does multiply. For on one stalk of corn (from one little tiny dried-up seed) as many as 2,000 kernels of corn were produced!

Our faith grows and multiplies in the same way. Time and time again in the Bible this is pointed out to us.

If you believe God, then trust Him for a miracle of faith being multiplied in your life. As is very simply stated in Mark 11:22: "Have faith in God."

"Therefore I say unto you, what things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them." (Mark 11:24.)

### BIRTHS

8-3-75 — Mr. and Mrs. Larry Don Parker, Slaton, a girl, Tonya LeAnn, 10 lbs.

**Read Psalm 46**  
Be still, and know that I am God. (Psalm 46:10) God says, "Be still"; the world says, "Be heard." To hear God's voice means shutting out the noise and commotion around us, and perhaps within us. Being still seems impossible with our present-day problems of sound pollution. Activity and strident sounds surround us. Where can one find quietness? I remember as a child the hush that fell over the Canadian prairies on summer evenings. Even a small bird's twitter seemed loud. And just so in the stillness with God — His voice will be clearly audible to the listener. Getting to know God as the One to whom we can turn at all times brings confidence and strength. Being still in God's presence can open our eyes to our own shortcomings, to the needs of others, and perhaps to God's remedy for both. Prayer: Dear Lord, teach me to be still even in the midst of turmoil, that I may always be able to hear Your voice. Help me to know that in quietness and confidence shall be my strength. Amen. Thought for the day: To meet God in the stillness is to know Him in the storm. —copyright— THE UPPER ROOM — Erma Klassen — Lemgo, West Germany)

### JESUS AND THE BLIND...

And as they departed from Jer-i-cho, a great multitude followed him. And, behold, two blind men sitting by the way side, when they heard that Je-sus passed by, cried out, saying, Have mercy on us, O Lord, thou son of David. And the multitude rebuked them, because they should hold their peace; but they cried the more, saying, Have mercy on us, O Lord, thou son of David. And Je-sus stood still, and called them, and said, What wilt thou that I shall do unto you? They said unto him, Lord, that our eyes may be opened. So Je-sus had compassion on them, and touched their eyes: and immediately their eyes received sight, and they followed him. —St. Matthew 20:29-34

### SUNDAY'S SERMON

**Moral Leadership**  
The topic around the nation lately has been our country's lack of moral leadership. Many people use this notion as a cop-out for their own lack of moral leadership in their state, community and home. It is always easy to blame someone else for a problem when most of us are guilty. But we are all responsible for this lack of moral leadership in our nation. The loftiest offices in this nation need the moral leadership of the little guy to build upon. Moral leadership depends on all of us to be faithful followers of our moral principles. If we are to survive as a nation, we must have moral leadership and moral followers. This applies from the highest offices

### OBEDIENCE THEN AND NOW

In every age Jehovah has always blessed men when they obeyed His commands. The exact details may have been different in each age, but the principle of the obedience of faith has remained constant and sure. Adam and Eve had the forbidden fruit, Noah had his ark to build, Abraham had a son to sacrifice, Joshua had the promised land to conquer, Naaman had to dip in the Jordan River. YOU AND I TODAY have the gospel of Christ to obey. Do you really believe in Jesus Christ as the Son of God? Christ is the author of our salvation, not the creeds and speculations of men! Christ has laid down certain conditions upon which men can be saved. We may not be able to see the connection between some of our Lord's commands and our salvation, yet our faith, if it is saving faith, will lead us to obey the gospel. Faith that is not strong enough to cause us to obey is a weak faith that will not save! Remember the testimony of Paul: "For ye are all sons of God, through faith, in Christ Jesus, by as many of you as were baptized into Christ did put on Christ" (Galatians 3:26, 27). "We who were baptized into Christ Jesus were baptized into his death. . . We were buried therefore with him through baptism into death: that like as Christ was raised from the dead through the glory of the Father, so we also might walk in newness of life. . . ye became obedient from the heart. . . and being made free from sin, ye became servants of righteousness" (Romans 6:3-18). THE OBEDIENCE OF FAITH MAKES THE DIFFERENCE!

### What Sport Do You Prefer?

What Sport Do You Prefer? The other day I was waiting to catch Jack and Martha Conner pulled the bus back from town when up to the curb and offered me a lift. Jack's in his sixties. Martha — well I've never asked Martha her age, and don't intend to. My reason for mentioning this is that they're both sold on tennis. Play a few sets every Friday morning at the local club. Seems like they might be tempting fate at their time of life. So, after some chit-chat back and forth, I mentioned my surprise that they were still at it. Jack made the reply I might have anticipated. "Why not, wasn't King Gustave of Sweden still playing tennis at the age of ninety-five?" "Yes, but wasn't he the exception that proves the rule?" Martha gave a pert look of her head. "I hope," she countered, "you're not implying we're that old. But seriously, a sport like tennis isn't out of line for retired people, if they use a little common sense."

What Sport Do You PREFER? "We both have regular physicals, and our doctor tells us every time that we're in better shape

# Recent on Health

On a recent afternoon in Central Texas, the weather turned vicious. Suddenly out of a black sky came torrential rains — and with it, lightning, hail bigger than golf balls, and winds that showed no mercy on trees, signs or anything else.

What might have been a peaceful Memorial Day weekend turned into a mess for many home and business owners. All the reports are not in, but property losses will run into the millions.

This experience could apply anywhere in Texas — at any time. It just so happened that it was in Austin.

Not surprisingly, after the storm passed, then came questions about recovery and about insurance. How do I get flood insurance? Why isn't damage from flooding covered in my regular insurance? Where do I find my insurance company to report the loss? Are materials used to prevent further damage covered by insurance?

It's not surprising the questions came after the fact because, according to the Texas Office of the Insurance Information Institute, it sometimes takes a serious, unexpected loss to get people's attention. Some people just won't plan ahead or look after their own interests; others maybe haven't even thought about a catastrophe happening to them.

Questions Raised

Facts about flood insurance in Austin, for instance, had been fairly well reported as it had just become available in recent weeks. Still there were questions. Often people assume flood damage is covered in their standard policies — it is not, and it requires a special policy.

Other information about what to do before, during, and after a storm is offered by many agencies and organizations such as the Texas Insurance Advisory Association, American Red Cross, Department of Public Safety and others.

There are many true stories to illustrate the need to plan ahead.

regional representative of the Emergency Medical Services Division of your Texas Department of Health Resources.

BY JANE ASHLEY

Use Sauce for Flavor Accent

Chefs the world over have often built their reputations on the excellence of their sauces. Salsa Criolla de Tomates is the creation of an Argentinian chef. It uses ingredients almost everyone has on hand at all times.

As the name suggests, it has a tomato base. In addition, the flavors of mushroom, parsley and bay leaf go into it. The sauce is seasoned just right and thickened very lightly with a small amount of corn starch. It is good served with chicken, rice, beef and omelets.

**Salsa Criolla De Tomates (Parsley Tomato Sauce)**

1 (1 pound 12-ounce) can tomatoes  
1 (3-ounce) can mushrooms, drained and chopped  
1 teaspoon chopped parsley  
1 teaspoon sugar  
1 teaspoon salt  
1/2 teaspoon pepper  
1 bay leaf  
2 tablespoons corn starch  
1/4 cup water

Mix together tomatoes, mushrooms, parsley, sugar, salt, pepper and bay leaf in saucepan. Cook over medium heat, stirring occasionally, about 10 minutes or until mixture comes to a boil. Reduce heat; cover and simmer 20 minutes.

Remove bay leaf. With a spoon, stir corn starch with water. Then stir into tomato mixture. Stirring constantly, bring to a boil and boil 1 minute. Makes 3 1/2 cups.

**FREE RODEO TICKETS WITH ANY PURCHASE OF BOOTS NOT ON SALE.**

**BOOTS**  
Closeout on All TEXAS BRAND BOOTS

EXAMPLES:

Texas Kid Boots . . . \$9.95

## ACCENT ON HEALTH

Summer and vacations go together, but accidents can be an unwelcome vacation traveler unless precautions are taken, warns the Texas Department of Health Resources.

The Texas climate has something to offer for all who seek recreating pursuits — from seashores and lakes to forests and rugged mountains.

In most cases, summer recreation is associated with water for swimming, boating, water skiing and fishing. While great for recreation, water poses a serious threat to the safety of young and old alike.

Last year, for example, 725 persons drowned in water-related accidents in Texas, according to Parks and Wildlife Department figures.

Swimming accidents took the largest toll — 211 persons. Close behind were fishing accidents, accounting for 108 deaths. And boating, sailing, skiing and canoeing had a combined toll of 54 deaths.

Not all of these drownings involved swimmers and boaters.

In far too many cases individuals fell from a place of presumed safety — such as a dock or river bank — into the water and drowned.

Children are most susceptible to this type of accident. A good safety rule is to put a life jacket on every child playing near the water — just in case of a sudden, unplanned dip. All boaters should wear life preservers for the same reason. A near-tragedy recently on a Central Texas lake dramatically emphasizes this necessity.

One hundred persons drowned last year in falls into the water. Deaths occurred in such things as lakes, creeks, drainage ditches, mop buckets and inflated plastic swimming pools. And, 16 bathtub deaths were recorded.

How can you help make your vacation trip a happy safe one?

First, make swimmers of yourself and your children. You can take lessons from such agencies as the Red Cross or private instructors. Always swim in marked areas if possible, and never swim alone. If you get into trouble, your companion can toss you a life jacket or rope, or extend you a pole to help you reach safety. Never swim when chilled, overtired or overheated.

Stay out of or off the water if a thunderstorm threatens. Rough water and lightning take their toll.

Always supervise small children constantly. They need your protection. It only takes seconds for a tragedy to occur.

If you're a boater, make certain your boat is in perfect shape and meets state and safety regulations — which includes having a Coast Guard approved flotation device on board for each person. It's a life-saving practice to wear a flotation device. If your boat should capsize, it's a good idea to stay with it — chances are that it will float, says the Department of Health Resources.

When pulling skiers, boat drivers should be aware of swimmers, other boats and obstacles above and below the water. Don't be a show-off on the water. Life is so precious to lose. All skiers should wear life preserver. Even good swimmers can be dazed by a hard fall while skiing — or struck by a ski.

A good procedure is to have at least two persons in the ski boat — one to drive and the other to watch the skier. Learn the arm signals prepared specifically for skiers and use them. It's hard to hear above the noise of the motor, but a hand signal can get the message across. For instance, a skier who falls should raise an arm to signal he's okay.

Raising a ski will make you visible to other boats in the area.

When a person is entering the water from a boat, being picked up or having a tow rope moved into position to grab, the motor should be in neutral. Whirling propeller blades can kill or maim.

If you're out in the sun for extended periods, be cautious about sunburn. Get a little sun each day — and don't overdo it. Large doses can make you quite ill. Babies may sunburn in just a few minutes if their tender skins are exposed to direct sun rays or reflected rays. Cover them as much as possible.

Summer is a time for fun, so plan in safety with each of your recreational pursuits. A little thought pays dividends — in lives and lack of accidents.

## City Gets Tax On Mixed Drinks

AUSTIN — Comptroller Bob Bullock said Tuesday that more than \$2.5 million is being sent to 188 counties and 298 cities across Texas as their share of the mixed drinks tax for the April-June quarter of 1975. Slaton received \$105.91 as its share.

This share to cities and counties is 30 per cent of the total tax collected in each locality. The remaining 70 per cent, \$6.3 million for

the quarter, goes to the state general revenue fund. The tax is 10 per cent on all gross receipts.

## RAIN

Last Friday night's electrical storm and clouds dumped another inch of rain on the Slaton area. This brings the total for the year to 14.65.

## WINS BEAUTY CONTEST

Donneva Sikes, a senior at Slaton High School was first runner up in the Miss Workshop beauty contest Tuesday night at Texas Tech University.

Donneva, daughter of Mr. and Mrs. Don Sikes, is attending the journalism workshop currently in progress on the Tech campus.

Some symptoms of arthritis are: persistent pain and stiffness upon getting up in the morning, pain, tenderness and/or swelling in one or more joints, repeated episodes of these symptoms, particularly if they occur in one or more joints, loss of weight, fatigue.

## Home Decorating News

BY CLARK SELF, JR.

A BRIDGE OVER TROUBLED WATERS may not seem to have much to do with home decor. . . but it does lead us to the thought of bridge and its popularity, along with other games . . . and the troubled decorating waters that often result.

If cards, bridge or other games are not part of your living pattern, then you have no problem here. But if they are, there's a good chance that this is a neglected area of your home furnishing plans.

When you play games, from poker to bridge to Scrabble, frequently, either in the family or with friends, you'll find those evenings are much happier when you have a special setting for them, not just a table you fold up and stick in a closet somewhere, then drag out and set up while someone looks for enough chairs.

A handsome game table can be an effective focal point for a family room or an area of the living room. Make sure the chairs are comfortable for long sessions, and the table large enough for your usual group.

The moral is: keep your way of life and habits at the front of your mind when planning your furnishings. And whatever your needs, you'll find that we can help. . . with advice and with the fine furnishings made by famous manufacturers that you'll own and use with pride.

## How Old Is Your Water Heater? If You Can't Remember, It's Time To Get Reddy!

And if it's been ten years or more since you replaced your water heater, you might save yourself a lot of trouble if you have another installed right away.

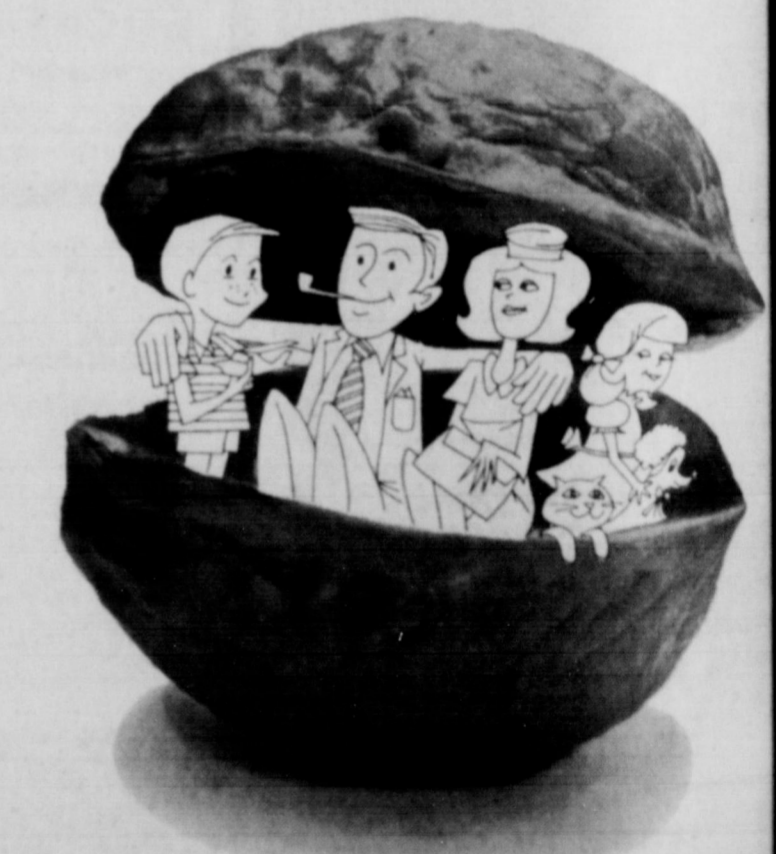

Electric water heaters are insulated top, bottom, and sides so the water stays hot longer . . . that saves money. Electric water heaters are fast recovery . . . that saves time. And electric water heaters have no flue or vent . . . that means they can be installed just about anywhere, and you have more storage space.

Remember, your water heater is one of the most important appliances in your home . . . so you need the dependable one . . . an ELECTRIC water heater.

**SECURITY**  
1/2 years, working from our home,  
part time then full time, my wife and  
I built a business that brings us the  
income we have ever had — in spite  
of inflation, depression, etc.

We have created a position from which  
no one can neither be fired or laid off, and  
income continually rises. If you have  
income but want to improve it — let  
us give you some information. We have  
been able to help several other people to  
reach their levels of income.

**THE STATE OF TEXAS**  
TO: Phillip Kolnick, M.D.  
GREETING:

Your are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the same Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of September, A.D., 1975, at or before 10 o'clock A.M. before the Honorable County Court at Law #2, Lubbock County, at the Court House in Lubbock County, Lubbock, Texas.

Said plaintiff's petition was filed on the 21 day of July, 1975. The file number of said suit being No.21898. The names of the parties in said suit are: Lubbock Ice Machine Company, Inc., a Texas Corporation as Plaintiff, and Phillip Kolnick, M.D. as Defendant.

The nature of said suit being substantially as follows, to wit: Defendant purchased and Plaintiff sold unto Defendant certain goods and merchandise, being one (1) Scotsman Ice Maker model number MCM2AE-4A bearing Serial number 2A078452 and model B550 bin bearing Serial number LA084009, which sale and purchase occurred on or about September 27, 1973. Defendant agreed to pay Plaintiff the total sum of \$2,561.26 for such merchandise before identified, in thirty-five (35) monthly installments of \$64.20, with the first installment being payable October 10, 1973, and a subsequent payment on the same day of each consecutive month for thirty-five (35) consecutive months. The Defendant or Defendant's agent has not made a monthly payment since January 1, 1975, being in default for the months of February, March, April, May, June and July, 1975.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 22nd day of July A.D., 1975.

Given under my hand and seal of said Court, at office in Lubbock Texas, this the 22nd day of July A.D., 1975.

Frank Guess, Clerk  
County Court at Law #2  
Lubbock County, Texas  
By Mary Foster, Deputy
