

B-29's Blast Manchuria

By LEONARD MILLIMAN Associated Press War Editor

A powerful flight of Superfortresses raided the Japanese arsenal in Manchuria today, completing a circle of destruction blazed around the home islands of Nippon by American bombers.

Simultaneously Berlin radio reported Palau and Yap, eastern guardians of the Philippines, were heavily bombed, for three successive days. Axis reports said four or five hundred carrier planes hit Palau Wednesday and Thursday, while 300 attacked Yap. The continued intensity of the attacks, if true, would indicate a possible preparation for invasion.

Around 3,000 Drivers May Be Stranded

Approximately 3,000 automobile owners in Howard county may soon find themselves stranded without gasoline unless they act quickly to renew A cards.

Sonora Murphy, chief clerk of the Howard county rationing board, said Friday that only 2,168 A card renewals had been handled by the gasoline panel of the local rationing board and she estimated that conservatively this was less than half of the number which needed to be issued.

Deadline for filing application is Sept. 10. Miss Murphy urged all A card holders to file immediately—by mail if possible—so that they will get in under the wire. No provision has been made for handling late applications, but it was conceded at best that there would be considerable delay before delinquent applications could be picked up.

A cards expire Sept. 21. Miss Murphy said it was considered possible many were not filling for A card renewals since they hold B and C cards. "However," she warned, "B's and C's cannot be renewed without effective A cards. So if holders of supplementary rationing hope to keep them, they must act at once to renew their base A card."

Application blanks may be obtained from any service station or from the board office from 1 to 5 p. m. The completed form, together with the back of the A card, should be mailed to the office.

Redding Insurance Policy Introduced In Murder Trial

AMARILLO, Sept. 8 (AP) — The defense introduced as evidence a \$25,000 insurance policy of O. M. Redding, on trial here on a charge of murder in the fatal shooting April 6 of his wife, and the state presented a photostatic copy of the application for the policy, made in 1939.

These were developments yesterday in the trial of Redding, who testified, "if anything happens to me, my family would get the \$25,000." The copy of the application showed Redding to have declared he was in good health, had never had asthma nor suffered loss of consciousness, previously he had testified he had suffered with asthma from childhood.

Yesterday Dr. R. L. Brown of San Antonio State Hospital, testified Redding was not of sound mind on April 6, the night his wife was shot to death at an Amarillo refreshment stand.

T&P Pays \$11,000 In Agreed Judgment

Agreed judgment of \$9,000 to the widow of Eugene Rogers and \$2,000 to his daughter, 7-year-old Syleta Rogers, was entered in 10th district court Thursday in the suit for damages of Mrs. Maudie Lee Rogers, temporary administratrix of estate of Eugene Rogers, deceased, versus T. & P. Railway company.

The plaintiff's petition said Rogers was killed April 2, 1944, while serving as a brakeman and switching cars in yards of the defendant at Midland.

Residents of Brussels, Belgium, greet British tank troops as they advance through the city, during liberation drive. This is a British official photo. (AP Wirephoto via Signal Corps Radio).

All Main Nazi Escape, Supply Lines Impassable

ROME, Sept. 8 (AP) — All main German escape and supply lines from Vienna and Budapest to Bulgaria and Greece are impassable, the U. S. 15th Air Force announced today while American bombers and fighters struck anew at railroads and airfields in seething Yugoslavia.

The fresh air blows supporting the offensive by Marshal Tito and the Russians, last reported 99 miles east of Belgrade, fell upon rail and other targets near the Yugoslav capital, at Nis in central Serbia, at Brod and at Sarajevo, birthplace of the last war.

The 15th Air Force said river traffic on the Danube had been hindered by RAF mine layers. Strategic air forces alone in the Mediterranean theater have dropped 8,000 tons of explosives on Yugoslavia, Hungary and Romania since Romania surrendered Aug. 23, it was announced. During the operations, few interceptors were seen, as was the case today.

Almost 2,000 American and British heavy bombers attacked installations in southwest Germany and the besieged Nazi garrison at Le Havre today.

American bombers were accompanied by 500 Mustang fighters and battered chemical and oil plants at Ludwigshafen in the Siegfried line zone, an ordnance depot at Kastel near Mainz, and an armored car plant at Gustavsburg, southwest of Frankfurt.

Former Senator Taken By Death

ALPENA, Mich., Sept. 8 (AP) — James A. Reed, 82, former Michigan senator, died today at 12:30 p. m. of bronchitis.

Reed was taken to the hospital here two weeks ago with what his physician described as "a severe cold," but his condition improved enough for him to be removed to his ranch home at Fairview, Mich., last Sunday.

Dr. H. J. Burkholder administered oxygen this morning.

MRS. BLACKBURN DIES

HOUSTON, Sept. 8 (AP) — Mrs. E. A. Blackburn, members of a pioneer South Texas family, died at her home last night.

A native of Galveston, she was a daughter of the late Mr. and Mrs. J. T. Cox of Galveston and was the granddaughter of the Confederate General, James F. Fagan of Arkansas.

Money Was Easy Come.. But Easy Go With Girl Who Got Mixed Up

By JOE PICKLE Four weeks can change a lot of things. They did for this young woman from a neighboring city. Today, from her cell in the city jail she faces the issue of starting all over again or sinking irrevocably into the cesspool into which she was drawn with bewildering rapidity.

Only 18 years of age, attractive, a good typist and with pleasant personality, she was working regularly. Then, according to the story she told police after her arrest early Thursday in a local auto court she took a cab home from work one evening. Already in it were some rowdies. She took a drink, got drunk, and when she sobered, the truth dawned on her.

Red's Three Pronged Drive Through Balkins May Trap Thousands

MOSCOW, Sept. 8 (AP) — The Red army slashed through the Balkans today in a three-pronged drive which promised to smash Hitler's fast weakening hold on that vital area and trap thousands of his troops by cutting all communications with the homeland.

Advanced Russian units moved west toward a juncture with Marshal Tito's forces and Allied troops in Yugoslavia, while others advanced steadily toward the important road and communications center of Sbitu in Transylvania.

Official sources were silent on military operations against Bulgaria and there was no indication of any response to Bulgarian pleas for an armistice.

The objective of the Balkan drive is to create a steel wall from the Black Sea to the Dalmatian coast and pocket all the Germans in Greece, Bulgaria and Albania.

In Poland Red army forces edged forward northeast of Warsaw toward the southern border of East Prussia, fighting against unusually stiff German resistance that included large forces of tanks and self-propelled guns.

A Tass dispatch from Constanta said that in the Bulgarian Black Sea ports of Burgas and Varna the Germans were permitted to sink 74 Nazi vessels, including seven submarines, 32 minesweepers, 25 landing barges and four transports.

Tass said the sinkings took place between Aug. 26 and Aug. 28 and that from reports it had received the Bulgarian government not only failed to interfere or intern the crews, but sent them to Germany.

The dispatch added that there are 112 German vessels at the Danubian port of Ruschuk, 12 of large size.

Order Restrains Administration From Seizure

DALLAS, Sept. 8 (AP) — The Petroleum Administration for War today was under a temporary restraining order prohibiting that national regulatory agency from assuming operation of the refinery and butadiene plant of the Humble Oil and Refining company at Ingleside, Tex.

The order, issued yesterday by Federal Judge William H. Atwell, called for the defendants to appear Sept. 14 to show cause why a temporary injunction should not be issued and also asked the firm as plaintiff to give \$10,000 bond by 11 a. m. today.

In its petition to the court, Frumble asserted there were no labor troubles at their Ingleside plant, near Corpus Christi, Tex., but that the alleged threatened seizure was based on the desire of the War Labor Board to incorporate a maintenance-of-membership clause in labor contracts.

The defendants are "threatening to use their own great physical force and that of a portion of the United States army to enforce their illegal and wrongful seizure," said Humble in its petition.

The petition alleged that the national and regional War Labor Boards had conspired with others to seize the Ingleside refinery because the firm refused to obey WLB orders to adopt a maintenance-of-membership clause in its labor contract with the CIO Oil Workers International Union.

Enemy Puts Up Stiffest Fight Since Normandy

LONDON, Sept. 8 (AP) — Gen. Dwight D. Eisenhower's Allied battle team broke the Albert canal line today and closed up to Liege and Metz in advances that carried to within 25 miles of the German frontier at three points along the 200-mile assault front.

Completing the picture of menace to Hitler's reich, Lt. Gen. Alexander M. Patch's northbound Seventh army stabbed to within 50 miles of the Belfort gap pathway into southwestern Germany.

The Germans, stiffening in apparent desperation along the whole buffer front before the Siegfried line and the Rhine were putting up their fiercest fight since Normandy along the Moselle where Lt. Gen. George S. Patton's Third army, battling into Metz, was 20 miles from the west wall.

Supreme headquarters announced that patrols which had slugged their way into the city of Nancy on Patton's right flank had been forced to withdraw.

The British Second army crossed the Albert canal near Beeringen, 27 miles northeast of Leuven, and smashed on five miles to the area of Bourg-Leopold, 40 miles east of Antwerp and about 25 miles from the German border due eastward.

Lt. Gen. Courtney H. Hodges' First army captured Huy on the Meuse, after a new crossing of the stream in that area 18 miles northeast of Namur, then drove on almost 15 miles to the vicinity of Liege, 23 miles from the border and 25 from Aachen.

Neither of these thrusts — one across the Albert canal, first world war defense line, and the other deeply into Belgium's greatest fort triangle — encountered more than medium resistance and no massive fortified positions.

This seemed to substantiate reports current weeks ago that the Germans had depleted much of their defense system in the low countries by transferring their guns up to the now-lost Atlantic wall.

South of the Liege-Namur sector the First army was across the Meuse river almost its whole length. These advances bulged steadily into the Ardennes forest toward Luxembourg. Latest reports placed the Americans half way across the forest region in the area of the captured villages of Louette-St. Pierre, 18 miles north of Sedan, and Bievre, 18 miles southeast of Sedan.

A dispatch this morning from Associated Press Correspondent Edward D. Ball said the American Third army was moving steadily across the Moselle river below Metz, although heavy German fire made progress slow and costly.

Men Return From District Meeting With New Plans

Plans for informing 17-year-old boys of their opportunities of enlistment in the army specialized training program are being shaped here following attendance of a district conference in Lubbock Wednesday by Lt. Myron Hoerer, Big Spring bombardier school, and Jake Douglass, a lieutenant in the Civil Air Patrol.

The CAP is taking the lead in contacting prospective enrollees and in making preliminary examinations before referring the applicants to cadet examination boards at army posts.

Under the program, youths have a chance for considerable specialized training, much of it in colleges, said Douglass.

Red's Three Pronged Drive Through Balkins May Trap Thousands

MOSCOW, Sept. 8 (AP) — The Red army slashed through the Balkans today in a three-pronged drive which promised to smash Hitler's fast weakening hold on that vital area and trap thousands of his troops by cutting all communications with the homeland.

FDR Would Tell Demos To Agree To Coke's Plan

Governor Makes His First Statement At Press Conference

By DAVE CHEAVENS AUSTIN, Sept. 8 (AP) — Gov. Coke Stevenson said today that if any of the Texas pro-Roosevelt democrats are inclined to ask the president what course they should pursue in this state's electoral fight, the president would tell them they should agree to the governor's compromise plan.

Stevenson made the first home statement at his press conference since his return from Washington, where he conferred for more than an hour with President Roosevelt, with National Chairman Robert Hannegan, and politically prominent Texans in the national capital.

It was the first authoritative indication that the Texas governor—who frequently has been at odds with the national administration—discussed politics with President Roosevelt. Stevenson made the statement in response to a question: "Do you think the pro-Roosevelt faction will be more inclined to accept your compromise plan since you have been in Washington?"

Stevenson has suggested that the way out of the tangled electoral situation is to print on the Nov. 7 ballot the names of both sets of electors — those favoring Roosevelt and Truman and those favoring some other democrat for president—and leaving the decision up to the voters.

Commenting on Stevenson's statement, former State Senator Alvin Wirtz, a leader of the pro-Roosevelt faction, said he did not think it would be proper for him to consult the president, adding:

"I never have been in favor of the compromise plan since it is conducive to breaking up the democratic party further than it has already been broken."

Stevenson's statement, former State Senator Alvin Wirtz, a leader of the pro-Roosevelt faction, said he did not think it would be proper for him to consult the president, adding:

"I never have been in favor of the compromise plan since it is conducive to breaking up the democratic party further than it has already been broken."

Part Of Pro-FDR Forces To Stay By Plan

DALLAS, Sept. 8 (AP) — One segment of Pro-Roosevelt forces evidently will stick by its plan to replace the May 23 democratic electors by electors pledged to support the Roosevelt-Erman ticket.

In a formal statement Herman Jones of Austin today asserted the statewide organization fighting to win control of the Sept. 13 state convention consider Governor Coke R. Stevenson's proposal for dual democratic electors to be illegal.

Informed of the governor's comment in Austin regarding his conversation with President Roosevelt Jones asserted: "Personally, as far as I'm concerned it's a little hard to contact the president. I'll have to use my own judgment."

The formal statement which followed a conference among Jones, Mrs. Alfred Taylor of Austin, and Harry L. Seay of Dallas, insisted that if Governor Stevenson's plan is "forced upon the convention, the republicans will probably get a restraining order in federal court and keep any democratic elector off the ticket which would give Texas to the republican party."

It added that a clear cut test on the pro- and anti-Roosevelt issue could be had only if the names of Roosevelt and Truman appeared on the November general election ballot. Voters opposed to Roosevelt could write in the name of another democrat, the statement explained. This would not obviate the necessity of having a slate of electors because even if the names of candidates appear on the ballot the electors still must function in the electoral college.

NO PEACE OVERTURES WASHINGTON, Sept. 8 (AP) — There have been no peace overtures to the Allies from inside Germany, President Roosevelt told his news conference today in response to a question.

The president said the Dumbarton Oaks international security conversations were necessary through and that excellent progress has been made.

Stevenson has suggested that the way out of the tangled electoral situation is to print on the Nov. 7 ballot the names of both sets of electors — those favoring Roosevelt and Truman and those favoring some other democrat for president—and leaving the decision up to the voters.

Commenting on Stevenson's statement, former State Senator Alvin Wirtz, a leader of the pro-Roosevelt faction, said he did not think it would be proper for him to consult the president, adding:

Shine Philips Speaks At Tea Given By South Ward P-T-A

Committee Chairmen Introduced At Meet In School Building

Shine Philips was guest speaker at the first fall meeting of the South Ward Parent-Teachers association when the group entertained with a get-acquainted tea at the school Thursday afternoon.

Philips spoke on "Our Town" and recalled early school days in Big Spring. The theme "Our Town" is to be carried out in all the programs this year.

Mrs. Ray Clark, president, presided during the session and other

ers on the program included Susan and Donnie Logan, who played two piano duets, "Star Spangled Banner" and "Under the Hawaiian Moon."

It was announced that a school of instruction will be held September 28 for all P-T-A units in town.

Committee chairmen introduced were Mrs. Chester Cluck, program; Mrs. Charles Watson, budget and finance; Mrs. R. L. Pritchett, membership; Mrs. Horace Rogers, publicity; Mrs. Lee Rogers, radio; Mrs. Ocie Henson, safety; Mrs. Denver Dunn, health and summer round-up; Mrs. Martin Dehlinger and Mrs. J. A. Coffey, safety aid; Mrs. W. E. Wright, study group; Mrs. C. W. Norman, Mother Singers; Mrs. Justin Holmes, publication; Mrs. R. O. McClinton and Mrs. Marvin Sewell, council representatives; Mrs. M. E. Boatman, parliamentary; Mrs. T. H. Neel, room mother; Mrs. L. B. Edwards, auditor; Mrs. J. B. Mull, war-time activities.

Mrs. E. Lowe's first grade room won the room prize for having the most flowers present.

Refreshments were served from a table laid with a lace cloth and centered with an arrangement of fall flowers.

Others present were Mrs. A. D. Meador, Mrs. J. E. Duggan, Mrs. C. W. Rogers, Mrs. G. G. Morehead, Mrs. Ervin Daniel, Mrs. A. L. Leonard, Mrs. Dewey Young, Mrs. R. L. Trappnell, Mrs. Tom Rosson, Mrs. John L. Swindell, Mrs. P. S. Ausmus, Mrs. Escoll Compton, Mrs. J. P. Kenney, Mrs. Curtis Rannels, Mrs. Rex Edwards, Mrs. W. P. Cecil, Mrs. Mel Richards.

Mrs. Rip Guitler, Mrs. Paul Holden, Mrs. R. B. Foresyth, Mrs. R. H. Snyder, Mrs. Joe Blum, Mrs. H. W. Smith, Mrs. S. M. Smith, Mrs. Joe Carpenter, Mrs. J. E. Pritchett, Mrs. Earl Wilson, Mrs. A. G. Tatom, Mrs. Clifford Proffitt, Mrs. Charles R. Donaldson, Mrs. H. C. Stipp, Mrs. Vernon Logan, Mrs. Jack Reed, Mrs. Floyd R. Cowan, Mrs. S. C. Frazier, Mrs. Charles Girdner, Mrs. C. S. Edmonds, Jr., Mrs. M. M. Mancini, Mrs. J. W. Garrison.

New Officers Are Elected By Dorcas Class At Meeting

The Dorcas class met at the East Fourth Baptist Church Wednesday evening for a regular business meeting and an inspirational program, with Mrs. J. A. Kinard presiding.

Class officers were elected for the coming year. They are Mrs. J. A. Kinard, president, Mrs. Ora Todd, membership vice-president, Mrs. A. D. Harmon, secretary, Mrs. D. W. Anderson, class ministries, Mrs. S. D. Thompson, stewardship vice-president and Mrs. C. M. Harrell, fellowship vice-president.

The program consisted of discussions of love, prayer and service, led by Mrs. Kinard, Mrs. Harrell and Mrs. Barton.

Refreshments were served by Mrs. C. M. Harrell, Mrs. J. P. Riddle and Mrs. J. A. Callahan.

The meeting closed with a prayer given by Mrs. H. C. Burnett.

Activities at the USO

SATURDAY

7:00 - 9:00 - Canteen open, free cookies and iced tea furnished.

9:00 - 11:00 - Record letters in recording room.

Different Recipes Are Suggested

By CHARLOTTE ADAMS Prepare the Herring in Advance

Herring in Sour Cream Swiss Chard Ring Filled with Creamed Mushrooms Sautéed Eggplant Pumpernickel Bread Cantaloupe Lime Wedges

Recipes Serve Four

Herring in Sour Cream 2 herring (fat) 1-2 pint sour cream 4 tablespoons vinegar 4 tablespoons water 2 medium onions Bay leaves

Whole black peppers Clean and skin the herrings and soak them in cold water for at least eight hours. Bring the vinegar and water to a boil with the spices. Remove from stove. Beat vinegar mixture into the sour cream. Slice the onions and arrange onions and herring in a shallow dish in alternate layers. Pour the sour cream mixture over and allow to stand in the refrigerator for at least three days before using.

Swiss Chard Ring With Mushrooms

1 cup milk 1 tablespoon flour 1 tablespoon margarine 2 cups cooked Swiss chard 3 eggs 1-4 cup brown stock Salt and pepper

Melt margarine, remove from stove, add flour and blend thoroughly. Add the milk and beat over small flame, stirring constantly, until thick. Remove from stove and add Swiss chard, well-beaten eggs, brown stock and seasonings. Mix thoroughly and pour into a greased ring mold. Set mold in a pan of hot water and bake at 350 degrees for 40 to 45 minutes. Unmold and fill center with creamed mushrooms.

GIA HAS FIRST FALL MEETING

The GIA met in regular session Thursday afternoon in the WOW hall for its first fall meeting.

Those present were Mrs. R. L. Schwarzenbach, Mrs. W. G. Mims, Mrs. F. M. Barbee, Mrs. Zack Mullens, Mrs. Lamar Smith, Mrs. Ned Boyle, Mrs. A. M. Ripps, Mrs. F. K. Owens, Mrs. C. L. Gill, Mrs. R. D. Ulrey.

HOWARD COUNTY HD COUNCIL meets at 2:30 o'clock in the home demonstration agent's office.

CHAMBER OF COMMERCE SEEKS ADDRESSES OF SERVICEMEN

The chamber of commerce is anxious to pay a lot of attention to men in service when it comes to drafting plans for the post-war period.

To do this, however, will require current addresses and J. H. Greene, chamber manager, today urged all persons in Big Spring and Howard county with men away in military service furnish the chamber with the latest and complete address.

Immediately, a letter will go out to the man or woman, asking what their plans are after the war, if they count on remaining in Big Spring, what type of work or business they would like to go into, what steps they think the community ought to take in the way of post-war development.

"After all, a whole lot of our planning is going to be built especially for these men," said Greene, "and if we are going to act sensibly, we ought to have the benefit of their ideas."

"So we are appealing to our folks to send in a postcard with the complete address of Howard county servicemen so that we may ask them for their ideas."

Men In 1-A And 18-Year Olds Can Supply Needs Of Armed Forces

WASHINGTON, Sept. 8 (AP) — Selective service said today that men already in class 1-A and new 18-year-olds can more than supply the needs of the armed forces for the rest of 1944.

Draft Director Lewis B. Hershey estimated that 690,000 physically able men would be available for induction from those sources alone, compared with estimated needs of 600,000.

His estimates were in a letter to all draft board members giving the supply-and-demand picture up to next Jan. 1.

The expected "surplus" of 90,000 available men might be "left over" for 1945, a draft official said.

Class 1-A as it stood July 1 is furnishing by far the bulk of the "available." From that group, said Hershey, after allowing for rejections and deferments, men are expected to be available for induction in this proportion:

- 18-25 age group, 345,000.
- 26-29 age group, 80,000.
- 30-37 age group, 55,000.

That totals 480,000, and to this is added 210,000 youths expected to be inducted from those becoming 18 years old (25,000 a month for the six months beginning July 1). The total is thus 690,000.

Although Hershey said nothing about men being reclassified from 2-A and 2-B, other draft officials were emphatic in saying such men will be reclassified into 1-A whenever their reason for occupational deferments ceases to exist.

Nevertheless, the letter will almost certainly have the effect of encouraging the boards in their lenient policy of job deferments.

Hershey's letter was a contrast with the last supply-and-demand letter to local board members, dated March 13. At that time he urged the boards to do their utmost to provide more and more men to fill a critical need. Today, he praised their work and asked them, despite the "encouraging war news," to stay at their jobs.

GSO Girls Will Be Honored At "Back To School" Dance

GSO girls leaving for college will be honored at a "Back to School" dance this evening at the USO at 8:30 o'clock.

The post orchestra will furnish music for the dancing. Friday GSO girls are in charge of the arrangements which will feature the sorority rush theme. A contest will be held between the girls who attend on different nights.

All servicemen and servicewomen, wives and junior hostesses are invited to attend.

Two Are Hostesses For Kiwani-Queens

Mrs. Jack Roden and Mrs. H. W. Smith were hostesses for the Kiwani-Queens when the group met Thursday noon for luncheon at the Settles.

Three new members present were Mrs. Charles Abele, Mrs. Walter Read and Mrs. Bert Tate. Others present were Mrs. T. B. Atkins, Mrs. Harvey Clay, Mrs. Justin Holmes, Mrs. Sam Winham, Mrs. W. D. Berry, Mrs. S. M. Smith, Mrs. J. A. Coffey, Mrs. W. S. Palmer, Mrs. Iva Huneycutt and Helen, Mrs. Robert Stripling, Mrs. W. N. Thorp.

Abilene Reporter Against Double Elector List

ABILENE, Sept. 8 (AP) — The Abilene Reporter-News editorially has turned "thumbs down" on the double-barreled elector list.

The double list—pro- and anti-Roosevelt—"gives the anti the advantage," said a recent editorial "and we'll tell you why:

"The republicans very sensibly would see the light and vote for the anti-Roosevelt electors, since it would be a vote against Roosevelt and therefore a vote for Dewey. A combination of anti-Roosevelt and Dewey votes, plus fence-sitting democrats who dislike Roosevelt but not to the extent of bolting (they'd stay at home or go fishing on election day, otherwise) would feel free to vote with the anti because that list of electors would bear the name democrats.

"This combination of republicans, redhot anti-Roosevelts and mild anti-Roosevelts might outvote the pro-Roosevelts — and Texas, the banner Roosevelt state, would cast its ballot for 'some other democrat'—which would render Texas voiceless in the election and give Dewey the equivalent of a swing of 46 electoral votes. That might be all he'd need."

J. F. Merritt Named Mitchell Chairman

COLORADO CITY, Sept. 8 — Announcement of the appointment of J. Ford Merritt of Colorado City as Mitchell county chairman of the United War Chest drive scheduled for October was made this week from the office of Charles E. Paxton, Sweetwater regional chairman. In 1943, Mitchell county raised an assigned quota of \$5,228. The 1944 quota has not been made public.

Couple Is Married At Home

Miss Elizabeth Walker, daughter of Mrs. Chessie M. Walker, became the bride of Burt Dennis, son of Mr. and Mrs. Floyd Dennis, in a single ring ceremony read in the Dennis home Tuesday evening at 7 o'clock.

Rev. Dick O'Brien, pastor of the First Baptist church, officiated and the home was decorated with pink gladioli.

The bride wore a blue dress and black accessories with a corsage of white gladioli. She was attended by Mrs. Ray Wright, matron of honor, who wore a pink dress with black accessories. Ray Wright was the best man.

The bride's mother wore a navy blue dress and black accessories and the bridegroom's mother wore a black dress and black accessories.

Following the ceremony a reception was held and a two tiered wedding cake topped with a miniature bride and bridegroom was served.

Mr. and Mrs. Dennis will be at home in Big Spring following a wedding trip to Fort Worth. They both are employed at the Big Spring State Hospital. Mrs. Dennis graduated from Big Spring High school and Dennis graduated from Sweetwater High school.

Today's Pattern

7199

by Alice Brooks

This pattern, together with a needwork pattern of useful and decorative motifs for linens and garments, FIFTEEN CENTS.

SEND FIFTEEN CENTS in coins for these patterns to Big Spring Herald, Inc., Household Arts Dept., 250 W. 14th St., New York 11, N. Y. Write plainly NAME, ADDRESS and PATTERN NUMBER.

Our new 32-page Needlework Book is yours for Fifteen Cents more... 130 illustrations of designs for embroidery, home decoration, toys, knitting, crochet, quilts.

Post Assumes Duties As Colorado Teacher

COLORADO CITY, Sept. 8 — Robert E. Post, vocational agriculture teacher for the past three years at Roscoe, assumed this week his new duties as V. A. teacher in Colorado City high school. Post follows F. C. Shillingburg who accepted a similar position in the school at Ballinger.

Fairview HD Club Has All Day Meet

An all day meeting and luncheon was given in the home of Mrs. Robert Hill by the Fairview Home Demonstration club recently.

Rheba Merle Boyles gave a talk on "Removing Spots from Furniture." Mrs. Bill Eggeston and Mrs. J. W. Brigrance gave a talk on "Household Hints" and Mrs. Jim Skalkicky reported that the club had resented eleven chairs for the post hospital.

Those present were Mrs. D. F. Bigony, Mrs. A. C. Bass, a visitor, Mrs. W. B. Graddy, Mrs. Gaba Hammack, Mrs. H. W. Ward, Mrs. Bill Ragdale, a visitor, Mrs. Jim Skalkicky, Mrs. O. P. Miller, Mrs. O. D. Eagle, Mrs. J. Tom Rogers, Mrs. Bill Eggeston, Mrs. J. W. Brigrance.

Convention Cancelled By Texas Federation Of Women's Clubs

AUSTIN, Sept. 8 (AP) — The 70,000 members of the Texas Federation of Women's Clubs have cancelled their 1944 convention in favor of a post-war planning conference on November 15, Mrs. Ethel Foster, state president announced.

This meeting will be held in Fort Worth and all kindred women's organizations of the state were invited to participate.

The minute the war in Europe is over, we plan to start on our post-war plans to help the GI boys and girls find jobs as well as make adjustments to civilian life," said Mrs. Foster.

Graduate with the class of '37 from Texas A. & M. College. Post has done graduate work at Colorado State College and at Texas Technological College. He taught at Blackwell before going to Roscoe.

Twenty-one drylot calves and 12 milk-fed baby heaves are already on feed under supervision of the new teacher. FFA feeders directed by him will compete in the 1945 Spring stock show for 4-H and FFA boys next February.

Fall Revival Sunday, Sept. 10

Morning Services 10 a. m.

Evening Services 8 p. m.

Everybody Welcome

Yesterday and Today

Praise for our armed forces is heard on every hand. From the officers of highest rank down to the most insignificant private, all are doing their several duties in a praiseworthy manner. Citations for bravery and medals for service beyond the call of duty are multiplying in every branch of the service and in every theatre of this global war. We wonder if the Christian Soldiers of Big Spring would blush to compare records with these boys? All Bible readers know that the followers of Jesus are called soldiers, and He is "The prince captain of our salvation." Our marching orders are in his great commission: "Go ye into all the world... preach... make disciples... baptize... teach!" Below we offer a standard by which each church member in Big Spring may determine his standing as a soldier.

A good soldier is a volunteer. He is available anytime the cause of his country or church need him. He does not have to be drafted or begged to serve.

A good soldier loves a cause more than he loves pleasure, profit, ease or even his own life. Thousands of good soldiers will give their lives TODAY for the cause they love. To be a good soldier of Jesus one must love Him and His kingdom supremely.

A good soldier will go on in the face of danger even when he is afraid. A good soldier of Jesus will not turn back or quit because the going is difficult. He will "press the battle to the gates." He will obey orders implicitly. He is never A.W.O.L.

A good soldier will keep step with his fellow soldiers. Co-ordination and co-operation, team-work, are the big words in the progress of God's kingdom on earth.

A good soldier knows that wars are won on the battle field, not on the parade grounds.

St. Louis Back On Top

By JACK HAND
Associated Press Sports Writer

St. Louis was back on top of the American league today, tied with the New York Yankees, after three days in second place, but infield jitters and the onrushing Detroit Tigers gave Manager Luke Sewell no peace of mind.

Joe McCarthy's clan was due to open a cut throat series with the fourth place Boston Red Sox at Fenway Park today while St. Louis hoped to continue pawing their "cousins" from Chicago whom they have drubbed 10 out of 14 starts.

Detroit's enforced idleness due to an open date in the schedule braked down their advance for at least 24 hours but the error column was the Browns' newest menace. In the last ten games, 14 misplays have been registered against them, seven by the all-important second base combination of Vern Stephens and Don Guttridge.

The Browns almost missed their chance to tie the idle Yanks last night because of early-inning boots against Chicago. Three runs in the ninth inning, two off the bat of Mike Chartak who came through with a bases loaded single, turned the tide, 5 to 4.

Tex Shilley, the third St. Louis hurler, was credited with his fifth win over reliefer Gordy Maitzberger.

Detroit pulled to within a single game of the deadlocked leaders on Dizzy Trout's impressive three-hit shutout of Cleveland, 3-0, for his 24th victory. The eccentric righthander's record showed 28 complete games, six shutouts (tops in the American) for 297 innings of effort.

Roger Cramer stretched his amazing hit string to 24 safe blows in his last 44 at bats as the Tigers raked Jim Bagby for nine singles and a double in his seven-inning stay.

With each of the four contenders slated to play 21 more games, the schedule called for the Browns and Tigers each to appear at home 17 times, Boston 17 away and New York 19 on the road.

Although there were only two titles listed in the American, the national presented an all-over night featured by St. Louis' 14th successive triumph over Chicago, 3-2. The Bruins had a 2-1 edge with two out in the ninth and appeared to be on the way to routing the Cardinals Jim but couldn't make it. Don Johnson's error let the tying run in and Bob Chipman wild pitched the big one home.

Bill Voiselle copped his 19th as New York trimmed Boston, 3-3, with the help of Mel Ott's 30th homer and Ernie Lombardi's 9th. Ed Heusser bested Fritz Ostermuller to give Cincinnati a shade over Pittsburgh, 2-1, in the first game of their scrap for second place. The Phillies came from behind in the late innings to stop the Dodgers, 7-3.

STOP SIGN
MELBS CITY, Mont. (AP) — A highway department crew wanted to stop motorists to direct them over a detour. So they stationed a pretty blonde at one end of the detour and at the other—a brunette.

SURPRISE AWAITING GRID FOES

By HAROLD V. RATLIFF
AP Features

COLLEGE STATION—If you hear about an entire football team going to sleep on the field while playing Texas A. and M. College don't be surprised—er, well, go on and be surprised if you want to.

Anyway, the Aggies, who always come up with unusual foot-

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, Sept. 8 (AP) — Of all the arguments for and against night baseball, the one likely to carry the most weight is seen in the following note which appeared in the Atlanta Constitution last Tuesday morning: "Due to a partial holiday in the Constitution last Tuesday morning: "Due to a partial holiday in the Constitution's composing room yesterday there is no story on the sports page regarding the Atlanta Crackers-New Orleans double-header last night." Lew Tendler, the old-time lightweight, has just become a grandfather for the third time. . . . The Nazi ruler reports that the Hungarian swimming association has barred a number of its best swimmers from competition for refusing to take part in an intra-axis meet at Bratislava. Probably figured they wouldn't have a chance against the Germans, who have been showing great ability as tankers.

Silver tongue Sid—Before the Bears-All Stars football game, Sid Luckman spent considerable time composing a speech to deliver in accepting the speech to deliver in accepting the most valuable player in the National football season. . . . Coach Luke Johnson, who listened to Sid's rehearsal until he knew the speech better than Luckman, had to stand by at the big moment while Sid stammered into the mike: "Thanks, er—er—everybody. Thanks. . . . All that punishment I took just for that," Johnson moaned afterward. "And to top it off, they gave Sid the wrong trophy."

One-minute sports page—The first time Jimmie Fox went to bat in his new role as Piedmont league manager he hit into a triple play. . . . Don Weir, Oklahoma U. quarterback (Navy V-12) who'll move on to Annapolis next summer, is the son of Heinie Weir, who captained the Texas Aggies in a post season game against McMillin's Centre College Colonels, Jan. 2, 1922, and broke his leg on the first play of that game. Naturally Coach Snorter Luster is keeping his fingers crossed. . . . The International league will show an increase of about 25 per cent in attendance this season with a total of around a million and a half. . . . Tulane's football drills have been hampered lately by "gas warfare practice." . . . Sounds as if "Little Monk" Simons was exercising the coach's prerogative ahead of time.

Wm. Beaumont General Hospital Team First To Qualify For Play
DALLAS, Sept. 8 (AP) — The William Beaumont General Hospital team from El Paso is the first GI baseball club to qualify for the Eighth Service Command's championship tournament here Sept. 14-16.

Command headquarters said yesterday the El Paso team, winner of the West Texas - New Mexico district play-off, would compete in the tournament with five other district winners yet to be announced.

The other districts and the location of each play-off were listed as follows: South Texas, Fort Sam Houston; North Texas, Camp Barkeley; Louisiana, Camp Livingston; Arkansas - East Texas, Camp Joseph T. Robinson; and Oklahoma - Fort Sill.

PRIZE WINNER?
NEW YORK (AP) — Two boys were awarded a second prize in the annual Children's Aid Society pet show—on condition that their pet be killed.

The pet was a "B-26 size" coach.

Byron And Jug Off Again In Dallas Tourney

By HAROLD V. RATLIFF
DALLAS, Sept. 8 (AP) — The 200-odd golfers who plunked down their cash to play in the Texas Victory open were warned by Lakewood Pro Larry Nabholz that par on the lengthened course would be a tough old bird to negotiate with. They found out the first day that Larry wasn't talking through his visor.

The initial 18 holes of the 72-hole \$10,000 war bond tournament found just two fellows able to best regulation figures—Byron Nelson and Harold (Jug) McSpaden, who are in a bracket by themselves when it comes to victories and cash—eleven tournaments and almost \$60,000 between them since Jan. 1. Six titles and \$36,500 have gone to Nelson.

Byron and Jug each romped in with a 69, two under par, in yesterday's play, leaving three strokes ahead of anyone else in the field.

Tournament officials today will cut the list to 64 low scorers plus ties for 36 holes, these to enter the final 36 starting tomorrow.

Nelson went out early yesterday and came in with his 34-35 in mid-afternoon. Until the last players had posted cards Lord Byron's score stood up. Then McSpaden, who had gone two over on the first nine, got in the groove to whip in with a four under 32 and draw even with the new-champion Nelson.

Easing into second place were amateurs Labron Harris of Oklahoma City and Cpl. Earl Stewart of Fort Worth Army Air Field, each with a 72, while Ray Mangrum of Beverly Hills, Calif., and Denny Shute of Huntington, W. Va., pulled up a stroke back of the simon-pures.

Lieut. Ben Hogan of Fort Worth Army Air Field, a pre-tournament favorite on the basis of three fine practice rounds in which he blistered par each time, had lake, fence, rough and putting trouble. He finished with a big 76.

The tournament lost one of its stellar performers when Bob Hamilton of Evansville, Ind., recent winner of the National P. G. A. championship, was forced to withdraw because his appendix was acting up again. Hamilton had been troubled for three tournaments and yesterday, after playing seven holes, he gave it up and departed for home to undergo an operation and get ready for the winter tournament trail.

The Victory open, being staged to raise funds for a golf course at Ashburn, General hospital for wounded veterans at McKinney, already has drawn a gate of over \$15,000 and appears destined to surpass the \$25,000 mark.

Waco Flyers Cop Post Tournament

HOUSTON, Sept. 8 (AP) — The Waco Army Airfield Flyers today held the championship of the Houston post semi-pro baseball tournament for the second successive year by virtue of defeating the Jack and Jill team from Houston 7 to 1 in the finals.

Five thousand spectators last night saw Lefty Dwain Sloat whiff 14 Jack and Jill batters and allow but three singles as the Flyers combed three opposing hurlers for 12 safeties.

For seven innings Sloat had a no-hit game but in the eighth Johnny Keane and Bill Greer singled. Two walks followed to force over the toser's only run. Sloat also drove in three of his club's runs with a brace of hits.

They're All So Good Mentors Can't Decide

MONTICELLO, Ark., Sept. 8 (AP) — The Arkansas A. and M. college coaching staff is doing a lot of worrying these days about the Bolivevel backfield and you can bet that quite a few of their fellow mentors would welcome a similar problem.

The trouble is Athletic Director Homer Cole and Coach Dene Augusterfer have the ball carriers three deep due to a surplus of Navy-Marine talent and they're all so good the coaches can't decide between them.

To begin with they have five lettermen from the crack 1943 outfit that played in Houston's Oil Bowl. They are Wilson Ferrell, 205-pound fullback from Houston, Texas; Bill Cromer, Denton, Texas, as speedster; dependable B. B. Agee of Fort Worth; G. E. Cheatman of Oklahoma City, and T. C. Chandler of Dallas, a fine defensive back.

Then, the Navy sent down Frank Brooks, triple-threat from North Texas Aggies; James Canady, back who scored Texas University's only touchdown in last January's bowl game against Randolph Field; P. O. Pauley, 170-pound hard-hitting back from McCombe, Texas; Jack Venable from Louisiana State University and others.

Word has been received here that 1st Lt. Eddie Morgan, son of Mrs. J. M. Morgan, has been promoted to captain. He is a pilot stationed with the Fifth Air Force in Dallas. His wife and son, Chris, are with him there. Mrs. Morgan is the daughter of Mr. and Mrs. Olie Cordill.

Any Blackeyed Youngster In Mexico Can Tell You How Clubs Stack Up

TULSA, Okla., Sept. 8 (AP) — Ask any black-eyed youngster on the streets of Mexico City who is leading the national league and he'll say the St. Louis Cardinals. Then it's a good idea to walk away quickly.

If you don't he'll give you the standings in the American league, too, and try to enlighten you on the batting averages and life history of every outstanding player in both loops.

This enthusiastic interest in American sports, in the opinion of William R. "Little Bill" Miller, is the real key to hemispheric solidarity. One good U. S. basketball or baseball team touring Mexico, he says, can do more to establish friendly relations between the two countries than all the government missions on record.

Bible Searches For 1st String Fullback

AUSTIN, Sept. 8 (AP) — Coach Dana Bible of the University of Texas football team was looking today for a new first string fullback, after the Navy declared Al Martin of Belmont, Calif., ineligible for scholastic reasons.

It was possible chance sent him the man. Zeke Martin of Denton, also a fullback, was on the campus and planning to enter the university. So was Joe Abbey, also of Denton, an end. They have recently been in the merchant marine.

The navy also declared Paul Simpson, end, and Carl Leonard, tackle, ineligible to go out for football until they brought their grades up to standard.

A basketball building which will compare in size with Madison Square Garden will be under construction there soon, he added, and plans are being made to invite some of the best teams in the United States to play the Mexican clubs.

Miller, one of the country's foremost experts on the art of physical relaxation as an aid to athletic supremacy, has just returned from Mexico, where he lectured to coaches, players and officials on the American brand of basketball.

"The reception those wonderful people gave me was something terrific," he declared. "They don't give a darn about our government 'good will' missions but they're crazy about American sports."

"Mexico is the most fertile sports field in the world and it should be cultivated. The Mexican as an athlete has the speed and spirit to star in any kind of competition."

Basketball is tops in Mexican fan interest, says "Little Bill," with baseball a good second and tennis third.

"The facilities they have for these sports are amazing," he said. "There are four public playgrounds in Mexico City and each has a fieldhouse, basketball courts, baseball diamonds and tennis courts, and there are seating accommodations for thousands."

A basketball building which will compare in size with Madison Square Garden will be under construction there soon, he added, and plans are being made to invite some of the best teams in the United States to play the Mexican clubs.

Miller said the Mexican newspapers carry complete accounts of all American sports and the reader interest is extremely high.

Miller said the Mexican newspapers carry complete accounts of all American sports and the reader interest is extremely high.

Does Your Black Pepper Taste Different Now?

By JACK RUTLEDGE
DALLAS, Sept. 8 (AP) — Does your pepper taste different these days?

It should, for probably it isn't pepper at all. It's an imitation black pepper made in Texas. The real thing virtually disappeared from the American scene nine months ago.

But with winter nearing, bringing a renewed taste for hot foods, cheering news is reported by R. F. Dennis, president of the U. S. Coffee and Tea Co. of Dallas. Real honest - to - goodness black (and white) pepper may be available within 90 to 90 days.

What happened to pepper is an interesting story: Although a product of Japanese-held East Indies, there is plenty of pepper in the United States but the ceiling price is so low the owners have refused to sell. The matter is now in court, brought to a climax by two actions: A government attempt to seize six and a half million pounds of pepper, terming it essential to the war effort, and an attempt by the owners to force a higher ceiling price. Success in either effort will bring pepper back to American shakers.

When cost of pepper soared to 34 cents a pound, it became a popular item among investors. New York plunged heavily, and the world pepper market shifted from London to New York. When war broke out, it is estimated New York controlled close to 40 million pounds, of which about seven million pounds were stored in one area there.

During 1942 pepper dropped to an almost all - time low — six and a half cents a pound. And that's the period chosen by the government to use as a measuring rod for ceiling prices.

Grinders over the country had pepper in stock. Some had loaded up with enough to last several years. The majority had supplies for a few months. Pepper grinders were promptly rationed as to the amount they could sell during three-months periods. But even with rationing, most supplies were finally exhausted and nine

Investment In Health

Anniversary of the Big Spring-Howard County division of the Midland-Ector-Howard county health unit slipped by with scarcely any public notice, yet we believe that the date marking the completion of the unit's first year of work here is an excellent time for taking stock of results.

While statistics were not complete in every detail, there are enough figures available to be impressive. Consider 3,339 tuberculin patch tests of school children in Big Spring and rural schools. While not many positive reactors were discovered, the few that did turn up now have warning that they are at least easy marks for the infection and may take steps that will mean they will never have tuberculosis. Too, the host of pictures (69 in all) cannot help but impress young minds and mothers of the dangers of communicable diseases and of uncorrected dental, visual and other physical ailments. Similarly, the 1,285 dental inspections uncovered a host of faults which were corrected by family dentists.

The venereal disease clinic had 284 field visits and during the year, 23 of the number were sent to the quick cure center at El Paso. There is no way of telling how many cases might have stemmed from these had they not been checked and submitted for cure.

In the sanitarian's department specific figures are not complete, but one of the outstanding pieces of work was accomplished in its activities. A food handler school was promoted with good success, a rate extermination campaign produced results. Cafes were induced to more rigidly follow rules of sterilizing utensils, dishes, etc. Milk producers cooperated wonderfully to correct a rather dangerous supply and to give the city one of the best grade A supplies in the state, all in the space of a year.

It was necessary to file only a few cases of food law violations, but every one filed was won in the courts.

No less than 191 sanitary toilets were installed during the year, most of them in the northwest quarter of the city. This established a trend which is continuing and which undoubtedly will pay the city dividends for a long, long time.

There are many other accomplishments for the year, but there is no point in parading them here. We believe enough has been demonstrated of the unit's value that it will not be questioned while it operates with such efficiency. With doctors already burdened with terrific case loads, it is a blessing that the unit was instituted at the time it was and that it came through with a marked contribution to public health consciousness.

Get him running and you can keep him on the run. But just stop long enough to light a cigaret and Jerry will dig in and fight until you go right into the hole after him.—American paratrooper back from France.

Hollywood

Film Fans Must Get Into The Spirit

By JACK O'BRIEN
AP Drama Editor
(One star means poor, four means excellent.)

***"The Canterville Ghost," with Margaret O'Brien, Robert Young, Charles Laughton, William Haggan, Reginald Owen, Hans Rast and Una O'Connor.

Rarely is a film such a joyous, scapularious romp as "The Canterville Ghost." Little Margaret O'Brien, Robert Young and Charles Laughton have a fanciful field day in their trip into the nether world of ghosts.

Just as in "Here Comes Mr. Jordan," "The Ghost Goes West" and "The Uninvited," a film fan must get into the spirit of the thing and believe, or pretend to believe, that such things can happen.

In this one, Charles Laughton plays a ghost fated to roam around Canterville castle for hundreds of years because he turned coward during a joust with an ancient adversary. Having scared the daylight out of the residents of the castle for several centuries, he is awaiting admission to the grave.

Robert Young arrives at Canterville castle, one of a group of American Rangers billeted there while preparing to attack the Germans across the English channel. The first night, Laughton, as the ghost, appears out of a keyhole and frightens the tough Yank soldiers. The next night, however, they scare each other of the ghost by wearing sheets and gas masks. Young discovers the secret of the Cantervilles — that each traditionally has a yellow streak for a backbone — then discovers he, too, is lineal descendant of the Canterville ghost.

After some hilariously chummy scenes between Young, the ghost and little Miss O'Brien, who is the mistress of the castle, the heroic deed finally is performed in the Canterville specter's name. It's an eerie, amiable fantasy. M-G-M has turned out a delightfully engaging film.

***"Mr. Winkle Goes To War," with Edward G. Robinson, Ruth Warwick, Bob Haymer and Richard Lane.

Robinson, unquestionably an able screen actor, seems a victim of bad casting in a mildly pleasant little wartime comedy. Otherwise, as a small town bank clerk who quits to run a little shop of his own and is drafted at the age of 44 later to return a hero among his neighbors, Robinson's "Mr. Winkle" is frequently a twinkling little comedy. Its occasional lapses into dullness are not enough to chase you from a theatre.

***"1-2-3 Step Lively" with Frank Sinatra, Gloria de Haven, George Murphy and Adolph Menjou.

"The Voice" is getting to be a likable light comedian. Having followed the tuneful tonils of Bing Crosby into radio and recording popularity, Frankie also is proving himself adept at the sort of easy humor that made Bing popular.

"Step Lively" is a film remake of the stage success "Room Service," a bright and fast comedy which the screen ruined once before. This time it comes out better. Frankly farcical, it provides a nice framework on which to hang songs and gay, foolish dialogue and situations.

Frankie, Miss de Haven, the Messers. Murphy and Menjou help make this mild offering agreeable escapist stuff. If you can put up with the adolescent screams when Sinatra uses his tricky little glissando vocal phrases, you'll enjoy it.

The War Today

By Dewitt Mackenzie
Associated Press War Analyst

The Allied high command is giving us a perfect example of coordination as it flings everything it has in all theaters at the staggering Hitlerites—on the western front, on the Russian front, in the Balkans, in Italy, and on that other great invisible and ever changing front of the air.

Things go well for the Allies on all fronts. Naturally there's special interest in the western theater because it's there that we are closest to the frontier of the enemy—closest to that mysterious and supposedly powerful Siegfried line which guards the heart of the Reich. We are driving in toward this west wall all along our battle-front.

It needn't take long now to knock Hitler out. But barring a collapse of German morale we must be prepared for some fierce fighting.

Hitler's determination to fight to a finish, if he can compel his people to support him, is shown in the really amazing extremes to which he is going in this last-ditch stand. Propaganda Minister Goebbels, who has been made minister plenipotentiary for total war, is even conscripting school children for war service in "the fight for our very lives." He also is flinging into the defenses every man and boy who can handle a rifle.

The Nazi leaders are spurring on the public by begging them to stand firm and hold the Allies up until the bad weather of autumn arrives to give the Reich a breathing spell. They say the Allies are racing to win before fall—which undoubtedly is true.

It's indeed a race against time. Anything that delays the Allies now gives Hitler a few more gasps of life. For example General Patton's enforced halt, while supplies were brought up, undoubtedly gave the Germans a chance to strengthen their defenses opposite the Third Army, making Patton's progress more difficult now.

The question of supplies presents the western Allied command with one of its biggest tasks. Our battle front is tremendously long, and it has been moving forward so fast that communications have become greatly extended. It's a vast job to provide that line with food and equipment of all sorts. It will be doubly tough until we open up more ports along the English Channel.

That's precisely why the Germans are fighting so hard to hold such useful ports as Le Havre, Brest, Calais and Boulogne. This is just another proof that a great battle isn't confined to the firing line. Without supplies the firing line is helpless.

Small Supply Of Water In Lake

If showers continue, the city lake supply might be stretched until nearly time for the new water supply to be cut in from Gloucester county.

Slow rain Tuesday night and Wednesday morning resulted in a small additional supply going into Powell Creek lake, said City Manager B. J. McDaniel. Frank Covert, lake superintendent, estimated that there would be enough for 10 days, and McDaniel said with the Moss Creek reserve about gone, the city would shift to the Powell creek source.

Meantime, the section 33 decline is being given every possible day of rest in event that the city must again fall back heavily on it for its water.

ant little wartime comedy. Otherwise, as a small town bank clerk who quits to run a little shop of his own and is drafted at the age of 44 later to return a hero among his neighbors, Robinson's "Mr. Winkle" is frequently a twinkling little comedy. Its occasional lapses into dullness are not enough to chase you from a theatre.

Bridge

Private Wars In The War Effort

By JACK STINNETT
First of Two Articles On Feuds In Washington

WASHINGTON — The affair of Wilson vs. friends of Nelson in the War Production Board is just one more squabble in the administration that has plagued a president Roosevelt almost from the day the national defense program started.

The fight that was followed by WPB Director Donald Nelson's going to China on a special mission, from which he may not return to his old post, and Executive Vice Chairman Charles E. Wilson's going back to private life as head of General Electric had been simmering for months.

Nobody here was particularly surprised when the row came into the open. The behind-the-scenes story follows a pattern that goes back to the first days of defense.

WPB has been a hot bed for these personal feuds but it has had no monopoly on them. Few persons remember the sniping that caused Lt. Gen. William S. Knudsen to leave the original National Defense Advisory Council. Gen. Knudsen's strap wasn't with any one man or group, unless it was with the presidential labor advisor, Sidney Hillman. His enemies, however, made ammunition out of the lack of speed with which some major manufacturers converted to war production and the fact that big business was getting nearly all big contracts with no stipulations about subcontracting.

Also early in the picture was the Leon Henderson row with Harold L. Ickes. Here again, it wasn't one man that forced Henderson out as OPA director, but criticism of his handling of price controls and rationing from Congress as well as sniping from other government departments.

However, it's conceded here that almost anyone who has a notion can work up a feud with Interior Secretary "Curmudgeon" Ickes. His 39 war jobs provide plenty of takers. Ickes fight with WLB and OWI Director Elmer Davis over his magazine article "Crisis in Coal" was just one of many intra-family brushes that came into the open.

The Chester Davis - Claude Wickard - Henderson row made news for a few days and ended in War Food Administrator Davis' leaving after only 9 days in office; Wickard being sidetracked; and the appointment of Marvin Jones as WFA head, with many of the powers that previously had been held by the Secretary of Agriculture.

The Cordell Hull - Sumner Welles feud was another that had been smoldering for years, but when the explosion came, President Roosevelt had to accept Welles' resignation as Undersecretary of State.

The granddaddy of all these internecine quarrels was that between Vice President Wallace and Commerce Secretary and RFC Head Jesse Jones. So serious was this outburst that the President gave them both a public spanking.

These are only some of the outstanding and bitterest feuds. The war effort has been an almost endless succession of them. (Tomorrow: Cause Of The Feuding.)

WOMEN: Fairer Sex Keeps Struggling For Equal Rights On All Grounds

(Editor's Note.—This is the first of two stories.)
By JAMES MARLOW
WASHINGTON, Sept. 8 (AP) — Women in this country have fought for equal rights with men since they held their first women's rights convention in 1848, which was 96 years ago.

Among their other demands in 1848 they started their campaign for the right of women to vote. They finally got that through a constitutional amendment in 1920.

Then they keep on struggling for equal rights on all grounds. In 1923 an equal rights amendment to the constitution was first introduced in congress. It has been introduced in every congress since then. Nothing happened. Every proposal died before coming to a vote.

At Chicago this year the women succeeded at last in having both the democratic and republican parties include an equal rights amendment in their campaign platforms for the 1944 presidential elections. It seems sure that they were successful in this election year — with so many men overseas—women are expected to cast 60 per cent of the total presidential vote and thus dominate the election.

But— Months ago the senate judiciary committee, which considered the equal rights proposal, finally gave it the nod and moved it up for debate and vote on the senate floor. It still hasn't reached there.

Senator Gillette (D-Ia.) hoped to bring it up for debate in the senate next week. It may not come up until after election day in November, if then.

Congress members are anxious to avoid bitter struggles between now and November for they want to get away to do campaigning back home, those seeking re-election.

Speaker Has To Be Good In Tough Spots, And Rayburn Knows How

By TEX RASLEY
WASHINGTON, Sept. 8 (AP) — The job of presiding over the senate and house isn't always just a matter of rapping the gavel for order. You have to know your parliamentary law.

Now and then amendments, substitute amendments, amendments to amendments, and points of order create tangles that the presiding officer has to unsnarl like a cop straightening out a traffic jam.

Bonham's Sam Rayburn, saturated with rules and regulations of the house through 32 years of service in the chamber, ably holds down the speakership. . . . He never falters, even in a tough situation.

During debate on the demobilization bill, one of those situations arose when a dissident congressman kept making motions to obstruct passage of the bill. He raised a technical point just as the question was about to be decided. Without hesitation Rayburn speeled off a rule, banged his gavel for a vote, and had the whole matter disposed of while the member still stood with his mouth open.

Such situations frequently arise during consideration of important legislation. That's why the speaker sees to it that seasoned veterans do the "pinch hitting" for him if he has to leave the chair when bills of consequence are up.

Two of the best substitutes he has are fellow Texans, Fort Worth's Fritz G. Lanham and El Paso's Ewing Thomson. The latter, like Rayburn, served a term as speaker of the Texas house of representatives before coming to congress.

Incidentally, John Nance Garner was unquestionably among the best presiding officers ever to serve in either the house or senate. He made some lightning decisions himself, and he had a manner of cutting through red tape if he thought debate had gone long enough. As vice president, he and they still talk in the cloak rooms of the way he kept things under control.

Around the Capital: Some 200 congressmen and reporters met in the National Press club auditorium recently to see an exhibit by a tire and rubber company of its operations at Baytown, where synthetic rubber is made. The lecturer noted that Texas supplied not only the oil needed in the process, but also the carbon black, the latter coming from the Panhandle.

Rep. Ed Gossett of Wichita Falls, who believes the people would have a greater voice in promulgation of treaties if ratification required a majority vote of both houses, says: "The present requirement of a two-thirds vote of the senate to ratify a treaty has always been

and will continue to be a stumbling block in the path of our international affairs."

Here as chairman of the Abilene chamber of commerce committee on military affairs, W. P. Wright, oil man, conferred with war department representatives concerning Camp Berkeley. Abilene folk hope the big army training center there will be made a permanent military establishment.

Mr. and Mrs. Sam Schwartz, Eagle Pass hotel people, stopped over for a visit in Washington on a trip to see their son, stationed at army camp near Petersburg, Va.

Dr. B. B. Harris, long connected with North Texas State Teachers College, Denton, was a caller at Senator Tom Connally's office.

Paired up: Neither apparently noticed it, but San Angelo's Congressman O. C. Fisher and New York's ultra-new dealer Vito Marcantonio were left sitting side by side holding down one row of seats by themselves in the house the other day. Fisher is bitterest opponent of the FEPC. Marcantonio is chief proponent.

Rep. E. Nichols has assumed his duties here as sanitarian for the Big Spring-Howard County division of the Midland-Ector-Howard county health unit.

He succeeds V. A. Cross, who resigned recently to enter private business in Lubbock.

Nichols comes here from Bryan where he served with the city-county unit for the past two years as sanitarian. Dr. J. E. Olean, Midland, director of the tri-county set-up was here Thursday with Nichols regarding operation of the local office.

The new sanitarian is married and he and Mrs. Nichols have three children.

Road To Berlin

Hughes Criticizes Stevenson For Not Appointing Women

Stevenson For Not Appointing Women

AUSTIN, Sept. 8 (AP)—District Judge Sarah T. Hughes of Dallas, speaking before a conference of women seeking enlarged political opportunities, yesterday criticized Gov. Coke R. Stevenson for not appointing women as members of the state boards of health and education.

Judge Hughes told the 200 women attending the session in the hall of the house of representatives that Stevenson had not made such appointments, although he had recently said he believed women could serve well on such boards.

Nor, said Judge Hughes, had he placed any women on the following administrative boards: prison, pardons and paroles, industrial accident, parks, highway commission, public safety commission, board of control, public welfare, liquor control, unemployment compensation commission, insurance, finance, labor.

Out of the 31 members on the postwar planning commission, only two are women. This is not because the governor appointed them, but because the legislature required it when setting up the agency, said Judge Hughes.

"There are no women on any boards because the governor evaded the procedure through which Jack Frost, president of the Texas Hereford Breeders association, had to go in shipping a bull and two registered heifers from his White Hat ranch at Sweetwater, to Transvaal, South Africa.

WANTED! SKILLED MECHANICS

Metro News Presents "Battle Of Paris"

Stream Of Data Flowed To Japan

WASHINGTON, Sept. 8 (AP)—A justice department spokesman said today that for ten years before Pearl Harbor "a constant stream" of technical and economic data "of the utmost importance to Japan's armed forces" flowed to the Japanese as a result of Japanese commercial transactions with American firms.

James S. Martin, chief of the department's economic warfare section, told a senate military sub-committee that "the Japanese were able to get technical 'know-how' on some processes for production of 100-octane gasoline before they were generally available to American firms."

He said also that Japanese observers in America were able "in at least one case, as late as June, 1941, to find out through commercial channels the amount of our oil and gasoline shipments to Pearl Harbor."

In a prepared statement, Martin said that "the branches of industry especially involved (in the commercial transactions) were the oil, aircraft and aircraft parts, machinery and tools, and some specialized branches of the electrical and electronics industries."

THE OLD JUDGE SAYS...

"Did you hear that Tom is going to be inducted into the Army next week, Judge?"

"Yes, Frank told me this morning down at the barber shop. Our town's got a lot of men in the service now, Jim. In fact, all towns have. I was just reading in the paper where there are more than 10,000,000 men away from their homes in the armed forces. And, from all reports, they're doing a grand job bringing victory closer every day."

"We folks at home have a mighty big obligation to those 10,000,000 fighting men. We've got to produce the food to keep them well fed. We've got to keep them supplied with the ammunition and equipment they need to finish their job. We've got to help the Government pay for all these supplies our men need by buying more and more War Bonds. We'll have another big chance to do that by helping to put the next War Loan drive over the top, Jim."

"And, in addition, we must be sure that, while they're away and can't express their opinions, we don't go voting on and deciding any things that will displease them when they come back."

This advertisement sponsored by Conference of Alcoholic Beverage Industries, Inc.

Section A Wins AAFBS Title

Section A is the new softball champion of the Big Spring Bomber school.

The A's won the title by a forfeit from the Bombers at the city park Thursday night following a freak play and an umpire's decision that drew such protest from the Bombers, they walked off the field and refused to resume play.

Up until the sixth inning it had been a closely fought, tight ball game, with the score knotted at 2-all. The Bombers were retired in order in the first half of the sixth and Johnnie Kowalsky opened the A's half of the sixth with a two base hit to left center.

With Kowalsky on second, Pitcher Flynn Dunham attempted a drag-bunt. The ball popped near the first base line midway between first and home plate, and first baseman Minor Hudson dashed in fast to try to make the catch.

His glove was touching the ground as he caught the ball and for a moment Hudson appeared to be confused. Then a teammate shouted and he poured the ball to Jerome Pinkston, standing on second, who forced Kowalsky who had raced to third.

The Bombers were confident they had nipped the A's threat with a double play, but Umpire Joe Smeister ruled Hudson had not caught the ball in mid-air but had trapped it. Smeister said the ball had touched the ground, and under the ruling, Kowalsky would have been on third and Dunham safe on first with nobody out.

Umpire Smeister set a ten-minute deadline for the Bombers to resume play. When they ignored his ultimatum he declared Section A automatically winner by forfeit.

The A's had previously won two games, while the Bombers had won one contest in the series. The A's victories were by 3-2, 2-0 scores, while the Bombers held a one run lead in the opening inning when Clarence Dearmond singled past third. He advanced to third on Hudson's roller to Ounham, and scored when Dunham cut loose with a wild pitch.

In the fourth, the Bombers scored again when Hudson reached second as Kowalsky threw his grounder past Eddie Vice. Eddie Chatman singled past third to bring in Hudson.

The A's tied the score in their half of the fifth. Ray Szymaniak opened the inning by flying to Chatman in center. Vice singled to center and Ed Gunter got a Texas leaguer to right. Laddie Fenning then singled to center, scoring Vice, and on the throw-in Gunter advanced to third and Fenning to second. Ross Doty grounded to short, scoring Gunter with the tying run.

Flynn Dunham struck out five while Leroy Mullins fanned three.

Cotton Crop Improves In August

WASHINGTON, Sept. 8 (AP)—The cotton crop improved to the extent of 461,000 bales during August, the agriculture department reported today. It placed the indicated crop at 11,493,000 bales of 500 pounds gross weight calculated on conditions existing Sept. 1. The yield, now forecast at 273.4 pounds of lint cotton an acre, is slightly larger than the previous all-time record of 272.4 pounds in 1942, the department said.

The estimate, based on conditions existing Sept. 1, compares with a forecast of 11,022,000 bales a month ago, 11,427,000 bales produced last year, and an average production of 12,455,000 bales in the ten years 1933-42.

The abandonment of acreage from natural causes since July 1 was reported at 1.5 percent, leaving 20,164,000 acres for harvest, compared with an abandonment of 1.5 percent last year, leaving a harvest acreage of 21,672,000, and an average abandonment of 2.0 percent in the ten years, 1934-43.

Red Cross Certificates Issued In Colorado City

COLORADO CITY, Sept. 8 — Red Cross life saving and water safety certificates in both the senior and junior divisions were issued here this week, Mrs. Bonnie Burt, executive secretary of the Mitchell County Red Cross, has announced. Under direction of George Parks of Roscoe, safety director for the district, assisted in the junior division by Milton Bodzin, nine emblems and certificates were issued after tests were passed.

In the senior life saving group were Bodzin, John Adams, and Lee Benson. Junior life savers included were Richard Delaney, Jack Gary, Bobbie Scarborough, Don Delaney, Jimmy Rogers, and Carol Olson.

Capt. and Mrs. Thomas J. Williamson returned Friday afternoon to Ft. Sill, Okla. after a short visit here with his parents, Mr. and Mrs. H. F. Williamson. Their children remained here with their grandparents for a visit.

Motion Filed To Dismiss Charge

SAN ANTONIO, Sept. 8 (AP)—Motion has been filed to dismiss charges of violation of Sherman anti-trust act against Claude Taylor of Spartanburg, S. C., one of those indicted in a nationwide investigation of loan companies here June 6, U. S. District Attorney William R. Smith, Jr., announced today.

The charge will be dropped because of the statute of limitations, Smith said.

The motion has not been acted upon by U. S. District Judge W. A. Keeling, who has it under advisement.

TOMORROW WILL BE A GREAT DAY FOR A Greater Southwest

While destructive battles rage across the seas, a different story for the future is being written in the Southwest... a story of a new industrial development and achievement.

The impetus of war has brought great, new responsibilities to the industries of the Southwest and hundreds of new industrial plants to this section of the country—making the Southwest a vital link in America's arsenal of war production.

Today, the Texas and Pacific is busy, helping to win the war by "keeping 'em rolling" for Uncle Sam. But when the peace is won—The T & P will be ready to serve and help develop new markets for our industries. Yes—TOMORROW will be a great day of a GREATER SOUTHWEST.

BUY WAR BONDS—Today and Every Day!

THE TEXAS AND PACIFIC RY.

One of America's Railroads... All United for Victory!
