## Jaycees To Sponsor Tennis Tournament In City Aug. 23

The Slaton Junior Chamber of Commerce will sponsor the third Annual National Jaycee Junior and Boys' Tennis Tournament in Slaton starting August 23 and continuing through August 25.

If sufficient interest is shown in the local tournament, plans are to send the winners of next year's tournament to the state and national meets, according to Phil Brewer.

The tournament will be divided into two divisions: Division I is open to boys 18 and under (who have not reached their 18th birthday prior to January 1, 1956).

Division II for boys 15 and under (who have not reached their 15th birthday prior to January 1, 1956).

Trophies will be awarded to singles and doubles winners in both divisions. Any boy can enter both singles and doubles competition. Any boy desiring to enter should turn in his application to Brewer at Brewer Insurance Agency, 139 S. 9th St.

On the application there would be tennis champion should state his name, age and birth date, address, and phone number. A \$1 entry fee for each event will be charged.

## Grace Lutheran Young People Attend Bible Camp

The young people of Grace Lutheran Church attended the annual Lutheran League Bible Camp of the Northwest Texas Federation of Lutheran Leagues this week in Kerville.

Camp Chrysalis, a large Bible camp built to accommodate 200 persons, is owned and operated by the Texas District of the American Lutheran Church.

The camp opened for West Texas Lutheran young people last Sunday evening with a devotion and a mixer. Features of the camp include softball and volleyball areas, a large swimming pool fed by spring water, a large main lodge, a modern dining hall, and modern dormitory cabins. The camp closed at noon Thursday.

Those attending from Grace Lutheran Church of Slaton include Nancy and Kathy Mueller, Beatrice Kiesel, Joan Schneider, Burdine Becker, Helen Catchings, Willie Mae Walter, Cecil Stolle, Howard Limmer, Gilbert and Willie Becker Jr., Kenneth Gerner, Steve Edwards, Delmar Wilke, Carson White, Joe Klattenhoff and Jimmy Myers.

Pastor and Mrs. Henry F. Treprow and Mr. and Mrs. Marcus Wilke accompanied the youngsters and the Treptows served as deans of the week-long camp.

### An Editorial

#### WHERE DO WE GO FROM HERE?

It seems that many are just now waking up to the fact that there was a city bond election Saturday. One of the five proposals carried, and that with only a small majority.

The big question that seems to be unanswered is "Why did the vote show this result?" From listening it seems that there are numerous reasons: Just again's, would raise taxes, won't do the job, were not given enough information about what they were going to do, and I didn't know we were having an election. There are others too.

The Slatonite performed its duty in informing the people. The Slaton Chamber of Commerce had two ladies telephoning the people on Saturday reminding them to vote. The Junior Chamber of Commerce offered free rides to and from the polls. Maybe its time that Slaton people took more interest in Slaton and its welfare and kept up with what's going on. There isn't anyone or anything that can do this except the individuals themselves.

The election came, the results are counted and that is that. The big question is, what now? It is our opinion that the results of this election will help in the future. It will make us realize that we have a duty to perform when an election is held.

Why not make plans beginning now? Why not ask the people to work with the City Commission even more closely? Why can't we present an even better bond issue with more information to the people showing why we need these improvements?

Then why can't we all work together and for each other in building a better Slaton? We say, we can.

## Westview Baptist Summer Revival Begins Sunday and Ends August 19

The August revival of the Westview Baptist church of Slaton begins Sunday night August 12 and continues through Sunday August 19. Evangelist for the meeting is the Rev. Frank Royal, pastor of the South Side Baptist Church of Abilene.

Music director is Royce Curtis, music and educational director of the First Baptist Church of Clovis, New Mexico.

Sunday Services Sunday services will be at 11 a. m. and 8 p. m. Week-day services will be at 10 a. m. and 8 p. m. with pre-services at 7:30 p. m.

Dr. Royal graduated from Southwest State College in Springfield, Missouri in 1939 with A. B. and B. S. degrees. He received his master of religious education in 1945 from the Southwestern Baptist Theological Seminary in Ft. Worth and in 1948 his doctor of religious education from the same school. He has held active pastorates since 1938.

Bible Professor In 1950 Dr. Royal came to Hardin-Simmons University as Bible professor from the First Baptist Church of Willow Springs, Missouri. He has been pastor of South Side Baptist Church in Abilene since 1951.

Curtis served in the navy air corps from January, 1943 until April, 1946. Part of this time he served as a radio man and part as a chaplain's assistant.

He received his bachelor of music degree from the East Texas Baptist College in Marshall, Texas, in 1950. He has one year of study in Baylor University toward his master's degree in music.

Since finishing college Curtis has served as minister of music and education in the following churches: First Baptist Church, Mt. Pleasant; First Baptist Church, Kilgore; and First Baptist Church, Clovis, New Mexico.

Organizations to Meet The organizations of the Westview Church are going to meet by departments for a devotional period each night at 7:30 prior to the evening worship services. Some special youth fellowships are being planned for the young people who attend, according to the pastor, the Rev. Bryan Ross.

## "Let's Build the Soil," Says Walker

Ed. Note: August 5-12 is South Plains Soil Building Week. Joe S. Walker, Sr., Chairman Board of Supervisors of Lubbock County Soil Conservation District, contributed the following report and article.

In the fall of 1953 under drought conditions an observance was begun by your board of supervisors in cooperation with business and professional men of Lubbock and Slaton to advertise the need of planting cover crops to prevent blowing of top soils of the South Plains. We were well pleased with the support given this cause and the results caused us to decide to make an annual observance of this emphasis and similar campaigns have been conducted each year since that time.

Your board of supervisors feel that we have splendid support from the business and professional people who realize that the economic conditions of the entire area depend on agricultural income to a large extent, but this time of emphasis we call on our neighbors and friends who own the land in our county to think seriously about planting cover crops, not only to prevent blowing dust but to greatly increase the productivity of the soil.

In addition to planting cover crops we are hoping to organize an all-out campaign to eradicate harmful bindweeds and Johnson Grass from all farm land and eventually from the roadways within the County. All of us need to realize the danger in allowing these weeds to remain and need take immediate action to eradicate them.

On behalf of the board I should like to acknowledge assistance from campaign chairmen and their members who have served previous years which include Charles Maedgen, Jr., Jack Payne, W. R. (Bill) Sewell, and this year's chairman Lee F. York.

Through these combined efforts we hope to see an increase in the application of soil building practices within our county as we all are made aware of the urgency. Neighbor, let's build our soil for the coming generations and our own profit.

## Reception Friday To Honor Minister

A reception honoring the Rev. Clarence Wiley and Mrs. Wiley, the new pastor of First Presbyterian Church and his wife, will be held at the home of Mr. and Mrs. S. A. Peavy, 325 W. Garza, Friday evening from eight until nine thirty. All members of the church are hosts on this occasion when they invite their friends of other churches to meet their pastor, according to Mrs. Sherrill Boyd, a member of the arrangements committee.

City Maps Available Without Charge To Slaton Residents

### City Maps Available Without Charge To Slaton Residents

Maps of the city of Slaton are available without charge to residents in the Chamber of Commerce office in the City Hall, according to F. E. Perry, president.

The 12 X 16 inch maps have been printed on white book paper and with reasonable care will last for a long time. All streets and block numbers in the city appear on the maps.

The printing and distribution of the maps is being done as a public service by the Chamber of Commerce.

## Slaton Youth Escapes Serious Injury in Wreck

Donnie Bill Pohl 19, of Cassville, Mo., son of Mr. and Mrs. W. E. Pohl of this city, escaped serious injury when a milk truck he was driving was in collision with a car occupied by two teenagers near Butterfield, Mo. Pohl's truck which was loaded with empty milk cans, collided with the car which was approaching on the wrong side of the road. The truck and car were completely destroyed by fire soon after the occupants were pulled from the car. Both teenagers were hospitalized but Donnie Bill suffered only slight bruises.

## COLORED COMMUNITY CENTER ONE STEP CLOSER TO COMPLETION

Construction of a community center for the colored section of the city was one step closer to completion this week with a building already moved onto the property. The building was donated by Archie Underwood of Slaton and was moved Thursday of last week to the community center site on Oklahoma Street near the Geneva Street intersection.

At a meeting of residents of the colored section of Slaton Monday night 47 persons turned out. "A turnout this large is a good indication of the amount of interest among the colored people for the completion of the center," according to Charles W. Jones, president. "This was the largest attendance that we've had at any of our meetings."

Jones related that the people working with the community center had been able to raise \$103, but that \$100 of that went for moving the building to the site from the compressed property. The building measures 60 x 24 feet.

When completed the "Community Youth Center" will be used for community and youth meetings. The lot will be made into a park and playground for youngsters.

Though much progress has been made toward the completion of the project more funds are urgently needed, Jones said. Anyone who is interested in donating toward the project can contact Jones at P. O. Box 454 Slaton.

DON CROW, on the left, is being congratulated by Hugo Mosser as Jaycee of the Month for July. Crow received the award for his work with the "Get Out The Vote" campaign which the Jaycees initiated during the recent bond election in the city. Crow is State Director of the local Jaycee organization and in this capacity acts as official host to any visiting Jaycee in Slaton. He also represents the local club at all state meetings of the Junior Chamber of Commerce. A member of the board of directors of the local club, Crow acted as master of ceremonies at the Jaycee Charter Banquet here. Mosser is a member of the Board of directors of the Slaton Junior Chamber of Commerce.

## Slaton Voters Turn Thumbs Down On Four of Five Bond Issues

Slaton voters turned thumbs down on four bond proposals and approved the fifth by a 32 vote margin Saturday at the polls in the City Hall. The one proposal which the voters approved was for \$15,000 in bonds to finance the purchase of new equipment for

the fire department. Voting on this proposal showed the voters in favor by a ballot count of 161 to 129.

It was the only time in the history of the city that a bond issue had been killed at the polls, according to Mayor L. B. Wootton.

Prior to voting time feeling had been running high in both directions. Many of the residents felt that the bond issue was not large enough while others questioned the amount decided upon by the City Commission.

The bond issue was divided into five separate proposals: The four which were defeated included \$38,000 for street improvement, defeated by a vote of 166 to 120; \$80,000 for water system improvement, defeated by a vote of 160 to 127; \$5000 for sewerage improvements, defeated by a vote of 150 to 137; and \$12,000 for garbage disposal improvements, defeated by a vote of 156 to 122.

Preceding the election the City Commissioners sent letters to each of the major clubs of the city explaining the bond election. The letter stated that \$150,000 was selected as the largest amount of bonds the city could vote and still sell them at par value.

## Ground Observer Post Meeting Set in Slaton on August 14

## "South Plains Soil Building Week" August 5 to 12

This week, August 5 to 12, is "South Plains Soil Building Week," announces Joe S. Walker, chairman of the Lubbock County Soil Conservation District. This special occasion also has as its official seal a memorandum from the governor of Texas.

At the present time emphasis is being made to include a drive for eradication of harmful bindweeds and Johnson grass. For several months the district board of supervisors have discussed with various groups the need of an all-out organized drive against these weeds.

The official memorandum by Governor Allan Shivers follows: "GREETINGS: Land is the most valuable resource that Texas has. Despite its important petroleum industry and despite the enormous growth of other industries and agriculture the enormous growth of other industries remains the most important industry in our State.

"It is only common sense that such a valuable resource be protected. It is good business that its value should be increased through the observance of sound conservation and soil-building practices. Nowhere is this more clearly true than in the areas which have suffered in the past from drought, erosion, or unproductive farming methods.

"Fortunately, many efforts are being made to prevent erosion, to foresee natural disasters and, perhaps most important, to build the soil. One of the leaders in this effort is the Lubbock County Soil Conservation District which is presently promoting a soil-building campaign.

"Now, therefore, I, as Governor of Texas, do hereby designate the period August 5-12, 1956 as SOUTH PLAINS SOIL BUILDING WEEK and urge the residents of the area concerned, as well as the rest of Texas, to participate in the observance of this week by learning and employing methods to protect and enhance the value of Texas' most valuable resource—its land.

"In official recognition whereof, I hereby affix my signature on this 19th day of July, 1956. ALLAN SHIVERS, Governor of Texas."

## Slaton's Foreign Guest Ends Week In Swanner Home

Slaton's foreign guest, Iradj Master of Iran, has come to the end of his second week in the community as a guest of the Slaton Rotary Club. His second week was spent in the home of Mr. and Mrs. Howard Swanner.

Among the activities during his stay in the Swanner home was a barbecue. Those present included Tommy Wicker, Mr. and Mrs. Ted Swanner, and Mr. and Mrs. Tom Swanner.

The Swanners accompanied by Master and Janice Bagby also went to a movie in Lubbock one night. Master was also a guest of Lanny Swanner at Tiger Town, Slaton's youth center, one night during his stay in the Swanner home.

On Monday he was the guest of the Sweetwater Rotary Club. On Wednesday of this week he moved to the Howard Hoffman home where he will be a guest for the coming week. Plans Wednesday afternoon call for a trip to Post to see the colors.

A meeting for the organization of a Ground Observer Post in Slaton will be held August 14 at 8 p. m. in the City Hall Auditorium. The U. S. Air Force is organizing the post in Slaton to help Lubbock, Shallowater, and Idalou posts in reporting air craft and severe weather conditions over Lubbock County.

Contact Bill Daniels Interested persons can contact Bill Daniels, post supervisor, or write in care of Civil Defense, general delivery, Lubbock. Daniels can be reached at phone number 402.

The Ground Observer Corps is set up to aid radar. Radar is not a perfect device for detecting aircraft or severe weather conditions. Radar follows in a line of sight. In other words, should there be an obstruction anywhere in front of the radar beam the obstruction will be picked up on the screen.

Low Altitude Planes flying at a low altitude of about 5,000 feet cannot be picked up because they fly under the radar beam.

The United States, according to Daniels, could be attacked by air from any country in about 24 hours flying time. About 70% of a flight of bombers would get through the radar screen of our picket ships and aircraft radar towers which extend out over the ocean.

Very few of these bombers, however, could get through a tight screen of eyes of the Ground Observer Corps. These observer posts are set up about every eight miles over the U. S. in 48 states.

Lack of Volunteers The posts are handicapped with a lack of volunteers to man them and keep watch over our skies for enemy planes and sudden tornadoes which might break out. The Slaton post needs about 100 more volunteers to man the local post.

Each person who volunteers for duty with the local post will receive training lessons of two hours each on how to report aircraft to the Dallas filter center.

### Share Your Trip With Slaton's Iranian Visitor, Iradj Master

If you or your family are planning a trip in the area to some point of interest why not share the experience with Slaton's visitor from Iran, Iradj Master.

In order that Master might see and learn as much about our country as possible during his short stay in our community, Clark Self Sr., Rotary Club president, is requesting that people who are planning short excursions take the visitor with them.

If you are going to visit an interesting industry or just going for a drive to a neighboring town contact John Schmidt and he will make the necessary arrangements for Master to accompany you.

## Business Houses Get Electricity From Trailer

Business houses in the 100 block on S. 9th Street were able to continue operations Thursday in spite of the fact that the transformers which supply them with electricity were not working. The secret to the uninterrupted service was in a trailer containing a mobile bank of transformers.

The trailer is stationed in Lubbock and is available for use anywhere in the Southern Division of Southwestern Public Service serviced towns. It was the first time that the portable unit had ever been used in Slaton.

With the mobile transformer Southwestern Public Service employees can change transformers or repair existing ones without interrupting service to the community. The mobile unit was in use from about 9:30 a. m. to 4:30 p. m. according to "Doc" Reasoner.

Larger transformers were added while the portable transformer was in use. The larger transformers were needed to replace existing ones which were carrying a load greater than they could safely carry.

**SYMBOL OF HOPE**

Just 12 summers ago, Allied forces invading western Europe were dammed up behind the hedgerows near the coast, unable to break through into the open plains of France. The U. S. Air Force was ordered to smash a pathway for the ground forces. Its bombing attack was concentrated in the area near the town of Saint Lo.

Upon this area the Air Force poured a terrible rain of destruction that opened the way for troops and led to the eventual collapse of Germany's power to make war. In the process, Saint Lo paid the price of incalculable devastation.

Saint Lo was not permanently devastated, however. Remarkable progress has been made toward restoring the town and its beautiful countryside. A kind of symbol of these efforts is the modern 400-bed hospital which has risen from the ashes of destruction. The hospital, half of whose cost was contributed by private citizens of the United States, was dedicated recently.

The American ambassador to France, Douglas Dillon, said at the ceremonies:

"The end of the occupation cost Saint Lo dear. Thus it was simple justice which caused Americans and French to wish to build, in this historic theater of the most extreme violence, a shelter of peace, a refuge where the sick could be cured, suffering eased, and new lives brought into the world."

This is a heart-warming thing, that such a "shelter of peace" should stand where war raged little more than a decade ago. We in the United States, whose lands have never known the devastation of modern warfare, can be humbly proud of our part in making the Memorial Hospital of Saint Lo a reality.

**PEOPLE'S LAWYER**

This year is a double celebration for the late Louis D. Brandeis, justice of the Supreme Court from 1916 to 1939. He was born on Nov. 13, 100 years ago, and 40 years ago he was confirmed for the Supreme Court after a bitter fight.

A Kentuckian who practised law for a time in St. Louis, Brandeis lived most of his professional life in Boston. He came as near as anyone to the abused title of "the people's lawyer." He used his legal acumen to lower the charges of the gas company, and fought against the mismanagement of the New Haven railroad. Later he acted as committee counsel in a Congressional investigation of the Interior Department under President Taft. The facts which he revealed had much to do with Taft's later defeat when he ran for re-election.

Appointed to the Supreme Court by President Wilson in 1916, Brandeis faced bitter opposition from New England economic interests which disliked his activities. Taft headed a group of former presidents of the American Bar Association to urge his rejection by the Senate. He was finally confirmed, and began 23 years of progressive service.

His old enemy Taft, now chief justice, said that Brandeis brought the court "all sorts of information on economic conditions which we never would have acquired otherwise." And once he turned to Brandeis, saying: "Mr. Brandeis, I once did you a great injustice. I am very sorry."

**BRITISH CRIME WAVE**

For years British law and order, and the swift punishment of criminals, have been world famous. It is therefore astonishing to read that gang warfare, such as some American cities have known only too well, has burst out in London.

The battles of race track gangsters were recently aired in the courts. Attacks by thugs wielding razors and knives are reported often in the newspapers. Organized vice also seems to be breaking loose from restraint.

Now three Laborite members of Parliament have formally asked Major Gwilym Lloyd George what he plans to do about it. Lloyd George is home secretary, and many of his duties concern law and order.

Why this crime wave in a well-policed country with a deeply ingrained tradition of obedience to law? The cause would be even more interesting than the outbursts of gangsterism themselves.

Soviet Russia is now extremely anxious to help countries build up the industries of backward countries. One word of warning: Beware of burglars selling locks.

**FENCES**

We need fences. They serve a good purpose. They give protection. But unless they have gates in them, they stop being fences and they become barriers. Without that gate, for instance, Mary Jane couldn't go across to the garden next door, and play with the little girl who lives there.

And, just as we need physical fences sometimes, we need mental and spiritual fences too. We need the privacy of our own thoughts, the sanctity of our own beliefs.

Danger comes only when we build barriers rather than fences around our inner selves. For none of us can live in spiritual isolation. We must have gates in our personal fences. We must permit Faith to enter. We must commune with others... and, above all, with God.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Highlights and Sidelights FROM Your State CAPITOL

By Vern Sanford  
Texas Press Association  
AUSTIN, Tex.—Today's favorite riddle among Capitol seers is: "How will the new legislature go—Conservative or Liberal?"

One astute, non-partisan observer hazarded a guess that the 55th Legislature will be "slightly more liberal." But he emphasized this was only a guess, necessarily based on campaign statements. Many things can happen to change these positions.

Only way to be sure, he commented, is to "watch 'em vote a few times." This is especially true, he pointed out, for the newcomers. Senate newcomers include three men who defeated incumbents out-right. They are Charles F. Herring of Austin, who won over Sen. Johnnie B. Rogers; Henry B. Gonzales of San Antonio, who defeated Sen. O. E. Lattimer; and Hubert R. Hudson of Brownsville, victor over Sen. Rogers Kelley.

In the Lubbock area, Ex-Rep. Preston Smith and Rep. Carroll Cobb are in a runoff after both edged out Sen. Kilmer Corbin.

Two other senators are in run-offs. They are Sen. Doyle Willis of Fort Worth, contested by Rep. Joe Pyle; and Sen. William Shireman of Corpus Christi, opposed by Bruce Reagan.

Rep. Floyd Bradshaw of Weatherford won the post of the late Sen. Wayne Wagoner. Two other senators did not run again. Sen. Gus Strauss of Hallettsville will be succeeded by Culp Krueger of El Campo. Sen. Warren McDonald will be replaced by Rep. Bill Wood of Tyler.

Long-range guesses are that the conservative-liberal balance in the Senate will be "about the same as before." But the House is termed "still a jigsaw puzzle." Both conservative and liberal forces in the House will be without some of their staunchest advocates in past sessions.

Forty-three representatives retired. Among them were such liberal leaders as Reps. Dolph Briscoe of Uvalde, Maury Maverick Jr. of San Antonio and D. B. Harde-man of Denison. Twenty-eight men have been elected to fill vacancies; 15 are yet to be decided in the second primary.

Eleven incumbent representatives were voted out in July. Casualties included such known conservatives as Reps. J. O. Gillham of Brownfield, W. G. Kirklind of Odessa and Stanton Stone of Freeport. Other conservatives were among the 11 incumbents involved in run-offs.

This year's House turnover is only slightly larger than the average of one-third. Largest in recent history was in 1939, the year W. Lee O'Daniel first became governor and the House got 91 new members.

**DANIEL CITES NEGRO VOTES.** Bloc voting in negro precincts, dominated by members of the National Association for the Advancement of Colored People, will be a major issue in the run-off campaign. So stated Sen. Price Daniel in an Austin speech to campaign workers.

The candidate for governor cited election returns to show that big-city Negro precincts, where the

NAACP is strongest, gave his opponent, Ralph Yarborough, 87% of the votes, compared with only 5.8% for the Senator.

Typical of the Negro boxes, said Daniel, were Box 157 in Houston, which gave Yarborough 398 votes to only 2 for Daniel.

Others mentioned were Box 68 in Houston, with Yarborough receiving 926 votes to Daniel's 35; Box 120 in Fort Worth, where Yarborough scored 458 to Daniel's 6; Box 59 in Fort Worth; Yarborough 454, Daniel 3; Box 309 in Dallas; Yarborough 436, Daniel 3; Box 226 in Dallas; Yarborough 322, Daniel 8.

**POLIO VACCINE FOR ALL.**—The lid is off on polio vaccinations.

State Health Commissioner Henry Holle reports that federal allocation of Salk vaccine had ended. Shots are now available commercially for any person of any age.

More-than-adequate supplies make the change-over possible.

For Dr. Holle it was the end of a several months' fight to get shots for persons 20 years of age and more.

Health Department statistics show that 16 per cent of polio deaths hit persons over 19.

So far this year Texas has had 668 polio cases, 15 of them fatal. Durin g the same period last year 701 cases were reported. Health officials credit vaccinations for the drop.

**STATEWIDE RAIN MAKING BACKED.**—A statewide rain making effort may be launched to combat Texas' prolonged drought.

Sen. George Parkhouse of Dallas has called a September meeting of the Texas Water Resources Committee to study this possibility.

First to advance the idea publicly was O. G. McClain, Corpus Christi member of the committee. A petroleum geologist, McClain contended that rain making is the "most economical, permanent and equitable way to get more water."

Even "with complete conservation and development," he said, "the water supply still would be terribly inadequate. What we need are some good rains. We cannot legislate them. They are not coming naturally. The only alternative is to work for them."

**EMPLOYMENT DOWN AFTER PEAK.**—Rain and strike settlements are the twin keys to Texas' unstable employment outlook.

Texas jobholders hit an all-time high in June. More than three million, said the Texas Employment Commission. But by July the drought and the steel strike had dragged the figure down.

Whether employment picks up in August hinges on improvement of agricultural conditions and ending of labor disputes. Although the strike in the steel industry has been settled, two Texas plants are affected by the steel union strike against aluminum manufacturers.

**WESTERN SUPERROAD.**—A superhighway to El Paso is being considered under the new federal-state building program.

"We've been looking for a long time for an East-West alternate route to U. S. Highway 80 through far West Texas," says DeWitt Greer, state highway engineer. "And our chances are increased with all this new federal money for interstate and defense highways."

**VETERANS' LAND JUDGEMENTS.**—State recovery of veterans' land funds eventually could total \$3,000,000.

An Austin district court has just awarded the state \$112,742 from a South Texas dealer. This brings the present recovery total to \$1,770,000.

Still pending are suits involving

another \$1,130,000.

This recovery program has been a mammoth job. Few people realize how intensive this investigation has been. "Investigations of the Land Office and the Veteran's Land Program," says Atty. Gen. John Ben Shepperd, "have been the most extensive and thorough in the State's history."

Latest reports from the Attorney General's office show that 35 cases have been filed, 24 have been tried, and the state has won them all. Twenty-three grand juries have been active in 18 counties. Every transaction of the Land Office has been checked. Over 200 witnesses have been called in to testify. And every bidder on every type of lease has been contacted.

How thorough the investigation has been is indicated by the fact that the bank accounts and income tax statements of employees of the Land Office for the past ten years were voluntarily submitted and carefully examined.

In addition each of the 16,000 veterans who purchased land under the program has been contacted. Also the 3,000 whose applications had been denied.

A total of 800 depositions and 30,000 questionnaires were examined and four separate courts of inquiry held.

Making independent investigations have been the FBI, Internal Revenue Department, U. S. Post Office, State Auditor, Department of Public Safety, five Legislative Committees, the AG's office and the American Legion.

**PARK IMPROVEMENTS SUGGESTED.**—Local community management and better fire-fighting equipment have been suggested for the state parks system.

In his annual report of the State Parks Board, State Auditor C. H. Cavness observed that fire-fighting apparatus generally "seems to be inadequate."

He also called attention to "several parks, including certain historical parks, that we think would better serve their communities if given to the communities for complete operation and management."

**SHORT SNORTS.**—Prices received by Texas farmers crept up one per cent during the month ending in

July, says the U. S. Department of Agriculture. Price increases were noted for potatoes, commercial vegetables, hay, wool, cotton and most small grains.

Texas Game and Fish Commission will begin mailing out some 700,000 new hunting and fishing licenses on Aug. 21. New permits will be needed beginning Sept. 1. Applications for the fall antelope hunts now are ready, said the commission. Deadline for requests is Aug. 31.

Texas lawyers will show off their swanky new Austin headquarters to National Bar executives Aug. 25. An air strip to Austin is dated as part of the American Bar Association convention Aug. 24-26 in Dallas.

One of the country's top nurses was announced warmly that the bedside nurse is not about to be replaced by an IBM machine. Some patients might prefer a machine to that cheery voice entering the hospital room with tooth brush and wash cloth at 6:30 A. M.

The Post Office Department has a machine that can already read "Washington" and is trying to learn the names of 20 other cities. It'd like to defy that machine with Chillicothe, Cattaraugus and Squawita, but it's probably smarter than we are.

If you haven't bought your Easter Seals, why don't you do it today?

The trouble with having a lot of arguments is that one talks about them.

Newspaper advertising is still the big volume medium among all forms of advertising—by far. And it still pays.

The candidates are now telling voters how they'll cure today's ills, and there is something to what they say—about ten per cent.

Mrs. W. R. Wilson and grandson, Jimmy Hyatt, of Commerce are leaving today for Portland, Oregon, where they will visit with Mrs. Wilson's son, J. W. Hyatt, and family for about two weeks. They will be accompanied by Mrs. Hyatt's mother, Mrs. McNeill and her daughter, Dr. Louise McNeill of Lubbock.

## Act of Apostles To Be Discussed In Bible School

The book of the Acts of the Apostles will be taught in a Bible School at the Bible Baptist Church August 13-17, according to the Rev. R. C. Wetzel, pastor.

The teaching staff of the Sunday School and other Christian workers will conduct the daily classes, the

pastor stated. Material for the school has been prepared and arranged by Rev. Wetzel.

Ice cream and cookies will be served at refreshment time on Friday and diplomas will be awarded to those completing the school on Sunday morning, August 19.

The schedule each day for the classes is as follows: 9-9:15 a. m. singing; 9:15-9:45 a. m. lessons; 9:45-10 a. m. questions from work books; 10-10:15 a. m. morning Devotional by pastor or special speaker; 10:15-10:45 a. m. lessons; and 10:45-11 a. m. questions from work books.

## Huser Feed Mill Demonstration Has Good Turn Out

Huser Hatchery was the scene of a demonstration of the Daffin Feed Mill Saturday from 2 to 4 p. m. More than 30 people turned out to watch the mill in operation as it ground and mixed feed.

A new film visualizing the latest research and field tested information was also shown. Refreshments were served those who attended.

## Red Sox Come Out On Top In First Pony League Season

Slaton's first Pony League baseball season has come to a close with the Red Sox taking the season's championship. The standings of the team showed the Red Sox first with 16 wins and 1 loss, the Cubs second with 8 wins and 10 losses; the Braves third with a 7-10 record; and the Tigers in the cellar with a 4-win-14 loss record for the season.

In the last four games of the season the record book shows the Red Sox beat the Tigers 18-4 on July 23; the Cubs dropped the Braves 12-4 on July 24; the Tigers defeated the Braves 9-7 on July 26; and the Red Sox won over the Cubs 10-4 on July 27.

In playoffs near the end of the season two teams were chosen from the four teams in the league. Six men were chosen from the Red Sox, Braves, Cubs, and Tigers. The team composed of Red Sox and Tigers were matched against a team formed by the Braves and Cubs.

The team composed of Braves and Cubs dropped the team made-up of Red Sox and Tigers in a double header by scores of 12-4 and 18-6.

For results of the Pony league see Bain Auto store's ad in this week's Slatonite.

## Helping Cotton Hold Its Own

Only thirty years ago, cotton was king of our farmers' domain. It was the nation's No. 1 cash crop.

Today, cotton has been exiled to the third niche in national farm economy, below meat and dairy income. And unless much work is done on cotton's behalf, the famous mainstay of plantation days is in for an even tougher ride on the world's market.

One major threat to cotton's No. 1 spot on the domestic fiber market is the marked acceptance of new synthetics which are gradually eating their way into all areas of the fabric trade. Last year alone, synthetics took three per cent of the market from cotton, bring rayon, acetate and nylon up to 27.8 per cent of the total Cotton's take was 65.7 per cent of the market—still No. 1, but 10 per cent below its standing a decade ago.

At the June meeting of the American Cotton Congress in Lubbock, a top economist for the National Cotton Council said competition is beating out cotton on three counts: research, promotion and price.

Total cotton research money spent last year by all public and private agencies was \$14 million dollars. Synthetic fiber producers are spending at least \$60 million a year for research alone.

Similarly, cotton producers, through the national cotton council, spent only a half-million for promotion in 1955 compared with \$12 million given over to promote synthetics. Since most synthetics are much cheaper to produce, many are underselling cotton.

This would indicate that cotton's problem is largely financial, since there is no question as to quality and usefulness. Some say cotton producers, the farmers themselves, should insure cotton's future to the tune of \$1 to \$1.50 on each bale produced, spending the total on research and promotion.

Everyone concerned agrees that money spent now could mean a market saved some time in the future.

Much work has already been done in the right direction, and there's little doubt the cotton industry will respond in a big way to maintain its role at the top of the fiber market.

Jim Eddins of Sudan is spending this week with his aunt, Mrs. Jerry Mudgett, and Mr. Mudgett.

Helen Russell and J. D. Massie visited in Crowell Sunday with Miss Russell's mother, Mrs. J. F. Russell.

## Services Held Thursday for Mrs. Landers

Funeral services for Mrs. Annie Pearl Landers, 65, were held at 3:30 p. m. Thursday in the First Baptist Church of Slaton. The Rev. J. T. Bolding, pastor officiated. He was assisted by the Rev. Elmer Crabtree, retired Methodist minister.

Mrs. Landers died at 1 a. m. Wednesday following a three-week illness. She had been a resident of Slaton and Southland for 31 years.

If you didn't die in March, you survived the worst month, but maybe you'll get yours on the high-ways yet.

## TELEPHONE TALK

Color, Color, and More Color

Nowadays, products of every kind seem to be coming out in more colors than the rainbow. You see the advertisements for these products in magazines, and you see them in stores and shops around town. Yes, everyone is "going to color."

The telephone company is, too. Our new color telephones come in eight bright colors to blend or contrast with the color schemes in your home, office, or store.

And that means a double advantage for you. Because if you've been thinking about ordering an extension telephone, why not ask for one in color? You get extra convenience with an extension, and color adds a touch of good looks to your home or office.

You can select from among ivory, green, beige, yellow, red, blue, gray and brown.

Just call the telephone business office, or stop in next time you're in the neighborhood. The cost is a one-time installation charge of \$11.75. Extension service is \$1.00 a month.

Brighten Up Your Weekend

Summer weekends are times for mowing the lawn, putting around the house, and relaxing a bit. Or maybe you like to golf, prune the flowers, or just keep cool. At any rate, summer weekends are always perfect for "get-togethers" with family or friends.

For many of us, family or good friends are just around the corner or up the block. But if members of your family or old friends are miles away, you can still count them in on your weekend get-togethers—with a Long Distance call. And hearing their voices again adds to your weekend fun.

Why not call this weekend? Rates are lower all day Sunday, and after 6 p. m. on weekdays. And when you do, call by number—it's twice as fast.

Cartoons Tell A Story

We see cartoons from time to time of the man calling home to tell his wife he'll be late for dinner. As she hangs up the telephone, she races to pull dinner out of the stove.

Maybe the moral of the story is to call your wife if you're going to be late. Otherwise, you'll be eating a burnt dinner.

At the telephone company, we read between the lines and see that the telephone "saved the day" once again. Actually, the telephone "saves the day" many times each day as we count on it more and more to save us time and steps.

Call by number. It's twice as fast.

# Ordinance Passed By Commission Affects All Able-Bodied Males

(Editor's Note: Feeling that the following ordinance will be of interest to all male inhabitants of the city 21 years of age and older The Slatonite is publishing it with the permission of the City Commission. The ordinance follows.)

ORDINANCE NO. 6  
AN ORDINANCE, providing that all able-bodied male inhabitants of the City of Slaton, Texas, who are twenty-one years old and not over forty-five years old, except ministers of the Gospel, shall work on the public streets, alleys, public grounds and highways of said City a sum of money, equal to one dollar for each day's work is demanded in lieu of such work or substitute; prescribing a penalty for failure and refusal to comply with the terms of this Ordinance, and providing that this Ordinance shall take effect upon its passage and publication.

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE CITY OF SLATON, TEXAS: Section 1. All able-bodied male inhabitants of the City of Slaton, Texas, who are twenty-one (21) years old, and not over forty-five years old, except ministers of the Gospel, shall be required to work on the public streets and alleys, public grounds and highways of the City of Slaton for a period of three days in each year; provided that any such person liable for the performance of such labor under this ordinance, shall be permitted to furnish an able-bodied male substitute acceptable to the street commissioner or overseer or other person in charge of such work, or in lieu of the performance of such work or the furnishing of such substitute laborer, he may pay to the tax collector of said City the sum of one dollar (\$1.00) for each day such person is liable for work, not to exceed the sum of three dollars (\$3.00) in any one year.

Sec. 2. In all cases where money is paid in lieu of the performance of such work and in lieu of furnishing a substitute to do said work, such money shall be paid to the Tax Collector of the City of Slaton, Texas, not later than the first day of February of the year such work is due, and the Tax Collector shall issue to such person his receipt therefor.  
Liable for Work  
Sec. 3. It shall be the duty of the City Tax Collector, as soon after the first day of February of each year as may be practicable, to furnish to the City Street Commissioner or overseer other person having in charge for said City the working of the public streets and alleys, public grounds and highways of said city, a full and correct list of all persons in said city liable for such work who have not paid the sum of money prescribed in this Ordinance in lieu of work or furnishing a substitute, and the Street Commissioner, Overseer or other person having charge of such work shall notify all such persons so certified to him or the time or times and place or places to appear to perform such work, by notice in writing delivered to such person not less than three days prior to the time such person is cited to appear.  
Sec. 4. It shall be the duty of each person so summoned to work to appear at the time and place stated in the notice to him, and to perform his duties in accordance with and under the direction of the officer or other person in charge of such work. A days work within the meaning of this Ordinance shall mean eight hours of good, efficient labor.  
List Posted  
Sec. 5. If the officer in charge of such work calls upon any person at his usual place of abode for the purpose of citing him to appear and work upon the public streets and alleys, public grounds and highway of said city, and fails to find such person at home, it shall be deemed sufficient notice to leave such summons with some person at said place over such age, said notice may be served by posting the said notice on the door of such place of abode.  
Sec. 6. If the person so cited to appear and perform such work shall upon the day he is required to appear and work, or at any time prior thereto, shall pay to the officer in charge of such work, for the City of Slaton, said sum of three dollars (\$3.00), he shall be thereupon exempt from the provisions of this Ordinance for the year in which said payment is made, or such person may after being summoned to work pay such sum of money to the City Tax Collector, and obtain receipt therefor, and upon exhibiting such receipt to the person or officer in charge of such work, he shall be excused.  
Sec. 7. It shall be the duty of the officer or person in charge of such work to make and file with the Mayor or City Recorder of the City of Slaton, Texas, a complaint in writing under oath against each person who has been summoned to work and has failed to appear, or appearing, fails or refuses to per-

form good and efficient work or to obey the directions and commands of the person in charge of such work, and has failed to pay said sum of Three Dollars (\$3.00) in lieu of the work required of him under the terms of this Ordinance.  
\$50 Fine  
Sec. 8. Any person liable for work as herein provided who willfully fails to respond to such summons, either in person or by a satisfactory substitute competent to perform such work at the time and place designated, or to pay the sum of three dollars (\$3.00) in lieu of such work or in lieu of furnishing a substitute, or having responded to such summons, willfully fails or refuses to perform good and efficient work or other duty required of him by law or by the person under whom he is required to work, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined in any sum not less than Five Dollars (\$5.00), nor more than Fifty Dollars (\$50.00), and in the event of conviction and failure, refusal or inability to pay the fine and costs imposed upon him, he may be put to work upon the public streets and alleys, public grounds and highways of said City of Slaton until such fine and costs are fully discharged according to law.  
Sec. 9. This ordinance shall take effect and be in full force from and after its passage and publication as required by law.  
The foregoing Ordinance was

duly passed and approved by the Board of Commissioners of the City of Slaton, Texas, in a meeting of said Board this 17 day of October, A. D. 1956.  
H. C. Jones Mayor

Attest:

Clerk

Before you pop a gasket, if you haven't already caught on, this ordinance was passed in 1923 and in those days was the only method the city had of seeing to it that the streets were kept in repair.

In 1923, other than the elected and appointed city officials, there was no such thing as a city employee to do the work of maintaining the streets, public parks, and alleys of the community. Each male resident over the age of 21 was required to spend three days a year with a shovel in his hand improving the looks of Slaton's dirt streets—or forfeit one dollar a day to the Tax Collector—or present a substitute to do the required work.

Today of course, the streets, parks, and alleys in our city are kept in repair by employees of the city using machines that can do the work of 10 or 20 men. Your tax money helps pay for these repairs and you benefit through the appearance of your community—no blisters on your hands either.

Mrs. James Whitfill, Lindy, Robby, and Larry of Lockney spent last week with Mrs. Whitfill's parents, Mr. and Mrs. Bob Martin.

## Rotarian Visitor From Iran Talks On His Country

The overseas guest of the Slaton Rotary Club, Iradj Master, talked to the club about his country Thursday noon at the clubhouse. Don Britt was in charge of the program and introduced the speaker. During the introduction Mr. Britt passed around a beautiful box that was decorated in the art of Iran. This was a gift to the club from their visitor.

Mr. Master told that he was one of 120 foreign students that are guests over the United States. He thanked the local club for making it possible for him to be in Slaton.

The government of Iran is like that of England, but their elections are not free in England and in the U. S., said Mr. Master. They have provinces that correspond to states here. Iran has 628,000 square miles and lies next to Russia and the Caspian Sea. They have high mountains in about one tenth of the country. The climate is hot and dry and very cold in the winter. The population is 19 million with 20% in the large cities, 60% in small villages and the rest rural. They have an average of 24 people to the square mile. Their religion is mostly mohammedan with the rest divided between five or six other religions.

The people speak the Persian language March 21 is New Year's Day, at which time the whole nation has a festival. Friday of each week is holy day instead of Sunday. The men have many more rights than the women. The agriculture is still primitive compared to this country. They raise grain, cotton, feeds, and fruits of all kinds.

A question and answer period followed his talk. When asked what had impressed him most in the United States, he stated that the big difference in the way agriculture is carried on.

Mr. Master is an agricultural student and is most interested in this phase of American economy. The use of tractors and machinery is hardly known in that country, he said.

**STATUTORY DIVISION OF SEPARATE ESTATES EXPLAINED**

The death of an intestate person (one who has made no will) may give rise to many problems regarding distribution of his separate estate. In the preceding column we investigated the manner of dividing the community estate upon the death of a husband or wife. Now we shall see that, where separate property is involved, a completely different set of rules applies in determining heirship and apportioning the estate among the rightful claimants.

It may be well to recall that the separate estate of a husband or wife includes property owned by either before marriage, and that which is acquired after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clearly proved.

Now, here is a general idea as to how your separate property will be divided if you do not make a will with contrary provisions prior to your death.

If your husband or wife survives and if, in addition, there are surviving children or descendants of the previously deceased children, the children and their descendants immediately obtain a full (fee) title in two-thirds of the real estate involved. The surviving spouse receives a life interest in the remain-

ing one-third of the real property, which passes on to the children and their descendants upon the death of the spouse.

The rule for distributing personal property—cash, stocks, bonds, furniture, or any other items not constituting real estate—is different. Here the surviving spouse gets full ownership of one-third, and the children and their descendants inherit the balance.

Now suppose your husband or wife survives, but there are no surviving children or their descendants. In this case the surviving spouse inherits all of the personal property involved.

With regard to real estate, the survivor obtains full title to one-half, and the other half is divided between your mother and father, if both survive you. If only one of them survives, he or she receives only half of this portion, and the other half (or one-fourth of the entire real estate) will be divided among your brothers and sisters (and their descendants) who survive. If there are no surviving brothers and sisters and their descendants, then the one surviving parent inherits the full one-half.

Where no parent survives, but there are brothers and sisters and descendants, the full one-half is divided among these survivors. And, if there are no parents or brothers and sisters (and their descendants) surviving, then the surviving husband or wife inherits all of the real estate.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

This is the best time of year to complete your tax forms if you haven't done so, because it will cost you a penalty if you don't.

**Services Held For Former Slaton Resident**

**Over 200 Slaton Residents Attend Interstate Opening**

Over 200 residents of Slaton and the surrounding trade area turned out Sunday afternoon to attend open house at Interstate Fixture and Supply Company at 218 Texas.

Though the open house was scheduled from 2 to 5 p. m. the visitors kept coming until 7 p. m. and as one of the partners stated, "we would have been more than glad to have kept the doors open all night as long as anyone kept coming in."

"We definitely appreciate the interest that was shown and just because Sunday was designated as open house doesn't mean that we aren't always open to visitors—we'll be glad to show them through our facilities any time they feel like dropping in."

Visitors Sunday saw at first hand some prime examples of the type of work done by the firm. On display was a desk, piano, and organ that the company has refinished.

One of the eye-catchers at the open house was a set of fixtures for Universal Finance Corporation in Longview. The set is the 20th that Interstate has designed and built for the Corporation.

"Unfortunately because of a delay in receiving materials we did not have the set of fixtures finished in time for the open house," Benton said. "But if anyone wants to see them when they are finished expect to have them completed by the end of this week."

"We want to thank the merchants and townspeople for the wonderful welcome that we received in Slaton—we certainly appreciate your interest and wish to express our appreciation also for the many floral offerings we received on the occasion of our opening," Benton said.

The Rev. and Mrs. Elmer Crabtree spent the week end in Plainview visiting with their daughter, Mrs. G. L. Fox, Mr. Fox and family.

Mr. and Mrs. Will Rust left Monday for Tennessee where they had been called due to illness in the family.

Mrs. W. C. Williams and Douglas are in Perryton with Mrs. Williams' mother, Mrs. Emma Glasgow, who is ill.

Tracy Crawford of Lamesa visited with his grandparents, Mr. and Mrs. C. L. Garrigues, Sunday night.

J. L. Patterson of Baytown was a guest in the home of his sister, Mrs. Don Hatchett, Dr. Hatchett and family last week.

Mr. and Mrs. R. C. Hall had as their guests last week Mrs. Hall's nephew, Herman May, Mrs. May and children, Wayne, Linda, and Wynette of Farmersville.

Mr. and Mrs. Marvin Glasscock of Moscow, Idaho, and Cammilus Glasscock of Culman, Ala. were guests in the home of Mr. and Mrs. Oree Glasscock this week.

Mr. and Mrs. W. K. Fry of Amarillo visited here over the week end with Mr. Fry's mother, Mrs. A. M. Fry, and other relatives and friends.

PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1956

HOUSE JOINT RESOLUTION NO. 11 proposing an amendment to Article I of the Constitution of the State of Texas by adding thereto another section, to be designated as Section 15-a, regarding medical or psychiatric testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of trial by jury where the person under inquiry has not been charged with commission of a criminal offense.

IT IS RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article I of the Constitution of the State of Texas be and the same is hereby amended by adding another section thereto following Section 15, to be designated Section 15-a, to read as follows: "Section 15-a. No person shall be committed as a person of unsound mind except on competent medical or psychiatric testimony. The Legislature may enact laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for a waiver of trial by jury, in cases where the person under inquiry has not been charged with the commission of a criminal offense, or the concurrence of the person under inquiry, or his next of kin, and an attorney of their choice, appointed by a judge of either the County or Probate Court of the county where the trial is being held, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment regarding medical testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of the right of trial by jury by a person alleged to be of unsound mind or his next of kin, and his attorney as item."

"AGAINST the Constitutional Amendment regarding medical testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of the right of trial by jury by a person alleged to be of unsound mind or his next of kin, and his attorney as item."

Each voter shall scratch out one of said names on the ballot, leaving the one expressing his vote on the proposed amendment. In counties or other subdivisions using voting machines the above provision for voting for and against this Constitutional Amendment shall be placed on said machines in such manner that each voter shall vote on the machine for or against the Constitutional Amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

HOUSE JOINT RESOLUTION NO. 9 proposing an Amendment to Section 11 of Article I of the Constitution of the State of Texas by adding a new subsection to be designated as Section 11a, relating to denial of bail to a person charged with a felony who has been convicted of a felony; providing for the submission of the proposed Amendment to a vote of the people and for proclamation and publication thereof.

IT IS RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 11 of Article I of the Constitution of the State of Texas be amended by adding a subsection thereto to be known as Section 11a and to read as follows:

"Section 11a. Any person accused of a felony less than capital in this State, who has been theretofore twice convicted of a felony, the second conviction being subsequent to the first, both in point of time of commission of the offense and conviction thereof may, after a hearing, and upon evidence substantially showing the guilt of the accused, be denied bail pending trial to any judge of a court of record or magistrate in this State, provided, however, that if the accused is not awarded a trial from the accusation within sixty (60) days from the time of his incarceration upon such charge, the order denying bail shall be automatically set aside, unless a remand is obtained upon the motion or request of the accused; provided, further, that the right of appeal to the Court of Criminal Appeals of this State is expressly accorded the accused for a review of any judgment or order made hereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon the following:

"FOR the amendment to the Constitution of the State of Texas providing that a court, judge or magistrate may deny bail to a person who has been convicted of two (2) previous felonies."

"AGAINST the amendment to the Constitution of the State of Texas providing that a court, judge or magistrate may deny bail to a person who has been convicted of two (2) previous felonies."

**Nothing takes to the road like a Chevy!**

Once in a blue moon a car like this comes along—a design so advanced in performance, so beautifully balanced that it stands out above every other car on the highway.

It has a solid, sure-footed way of going that makes driving safer and more pleasant on any road. And you feel a very special sense of security in its rapid-fire responsiveness to your touch on the wheel, brakes and accelerator.

You can see that the '56 Chevy is a standout for style. But until you have driven one you're missing the best part of the news—the fact that Chevrolet is the smoothest, solidest, most wedded-to-the-road automobile you ever bossed. Try it and see.

You get more car when you buy it... more dollars when you sell it! Chevy has the highest resale value of the leading low-priced models!

### Protein Level For Dairy Cow's Grain Ration

Good dairymen know that the proper amount of protein in the grain ration is vital to the performance of their milking cows. The question is: What is the proper level of protein to feed?

Research and practical experiences have shown that a good 16% grain ration will do the job efficiently, regardless of the kind of roughage available, if the amount fed is adjusted to roughage quality.

The soundness of this program was illustrated in a feeding test conducted at the Ralston Purina research farm in Missouri. Thirty-six mature Holstein cows averaging about 1200 pounds live weight were divided into three equal groups on the basis of previous production and other factors. Lot I received good alfalfa hay and corn silage, with a 16% grain mixture at the rate of 1 pound for each 3.7 pounds of milk.

Lot II received poor quality timothy hay free choice, along with corn silage and a 24% grain at the same rate as Lot I. Lot III received the same poor quality hay and corn silage, but were fed more pounds of the same 16% grain mixture that was fed in Lot I. Lot III cows received 1 pound of supplement for every 2 1/4 pounds of milk.

Cows in Lot I, fed good hay and normal feeding of 16% supplement, increased their production an average of 1.2 pounds per day over their previous lactation. Cows in Lot II, fed poor roughage and a normal amount of 24% supplement, fell off an average of 6.35 pounds per day. Cows in Lot III, fed poor roughage with an increased amount of 16% supplement, gained an average of .6 of a pound of milk per day over previous lactations. Lot III returned an average of 19 cents more per cow per day over feed costs than Lot II.

This test indicated that the 16% grain ration, fed at a slightly higher level with poor roughage, made best use of poor roughage, and fed at normal levels supplemented good hay economically and efficiently.

**SEWING IS A HOBBY** Mrs. C. E. McCoy enjoys very much and is very handy when she begins preparing her daughters' clothes for school. Although sewing is work, it is something she looks forward to with lots of pleasure.

## Slaton Women Give Their Favorite Tested Recipes

Mrs. C. E. McCoy chose an unusual pie recipe and says she has served it at parties several times. Members of a club she belongs to requested her to serve it a second time as they enjoyed it so much. When the pie is made the filling is a creamy white but changes to a dark caramel color.

### Zwieback Pie

For two crusts:  
 1 box Zwieback crackers  
 3/4 cup butter or oleo  
 3/4 cup sugar  
 1 teas. cinnamon  
 For filling:  
 1 1/2 cups sugar  
 3 cups milk  
 4 heaping Teas. flour or 2 teas. corn starch  
 6 eggs  
 1 1/2 lb. pkg. pecans  
 vanilla  
 Method: Roll crackers and mix with melted butter, sugar, and cinnamon. Place and mold into pie plate. Bake at 400 degrees for 10 minutes. Beat eggs. Mix flour and sugar together then add eggs and milk. Cook until thickened, add vanilla and pecans and pour into crusts. Mrs. McCoy says the pie is better if you place it in the ice box and let it set at least over night.

### Lived Here Since 1941

The McCoy's have lived in Slaton since 1941 having moved here from Hamlin where Mrs. McCoy was reared and where they met and married. They bought their present home about two years ago and now live on the canyon road north of town. Mrs. McCoy says there isn't anything she and her husband Ed, who is a conductor on the Santa Fe Railway, get anymore fun out of than remodeling. They have completely redone their home and have done all of the work themselves, from plastering to painting and carpenter work.

Pauline and Ed have two girls: Barbara, who will be a freshman at Texas Tech this fall, and Janet, a seven year old who will be in the second grade.  
 Yard work and sewing are two hobbies Pauline enjoys the most. She loves to keep house and cook but doesn't consider this a hobby. Her husband says she likes to take some old something, work hours on it and try to make something worthwhile out of it. She agrees that this is true and also that sometimes it is wasted effort but she still loves to do this.

### Club Activities

She is a member of the Mes-

Amies and Junior Civic and Culture Club and although she doesn't hold office in the clubs at the present she is a member of the calendar committee for the Junior Club.

The McCoy's are members of the First Baptist Church and Pauline is a teacher of the Deborah Class in Sunday school. This is a class of young women ages 25 through 27 years old. She finds this a very rewarding work.

## MINOR LEAGUE TIGERS ATTEND PICNIC AUGUST 3

The Minor League Tigers were entertained with a picnic at the home of Mr. and Mrs. J. P. Haliburton on Thursday evening, August 3.

Those present were Billy Cooper, Mike Ball, Joe Bob Bednarz, Jimmie Duncan, Gay Hoover, Mike Williams, Steve Haliburton, Gary Newcomb, Darrell Cheatwood, Mr. and Mrs. Chester Williams, Mr. and Mrs. C. E. Newcomb, Mr. and Mrs. Alex Bednarz, Mrs. Ophia Cooper and Mrs. Bill Ball.

## Edith Ann Holloman Becomes Bride of Jack Haliburton

In a ceremony Friday evening, August 3, at the First Methodist Church, Miss Edith Ann Holloman became the bride of Jack Ronald Haliburton of Southland. The Rev. James B. Sharp, pastor of the church, officiated at the single-ring ceremony assisted by the groom's brother, Jimmy Haliburton.

Parents of the bride are Mr. and Mrs. W. L. Holloman. Mr. and Mrs. R. L. Haliburton of Southland are the parents of the groom.

### Wedding Setting

A sunburst arrangement of dahlias centered the altar with white tapers outlining the altar rail which was banked with emerald greenery. Candelabra completed the setting.

Mrs. Webber Williams, organist, and Mrs. Bill Casey of Lubbock, cousin of the bride and pianist, presented a program of nuptial music and accompanied Tracy Crawford as he sang "I Love You Truly," "O, Promise Me," and "The Lord's Prayer."

### Bride's Costume

The bride, given in marriage by her father, wore an original model of white imported Chantilly lace over net and satin. The portrait neckline was outlined with appliques of lace embroidered with iridescent sequins. The fitted bodice designed with a high empire waistline, had long sleeves which terminated in points over the hands. The fitted princess-line skirt which was stiffened at the lower edge fell in voluminous folds which swept into a small chapel train.

Her fingertip veil of silk illusion was attached to a tiara encrusted with seed pearls. She carried a white orchid feathered in gold placed on a white Bible.

### Honor Attendant

Miss Patsy Holloman served as her sister's maid of honor. She was attired in a pink gown fashioned of pink nylon net over taffeta. The strapless dress was of a long-torso design and was topped with a net stole. Her headpiece was a small white feathered hat with a tiny veil. Her bouquet of small mums was tied with ribbons to match her dress. She wore white gloves as did all the bride's attendants which were gifts from the bride.

Bridesmaids were Miss Barbara Nell Felty, Miss Linda Haliburton of Southland, sister of the groom, Mrs. Donald Basinger of Southland, and Miss Vesette Edwards of Oklahoma City, cousin of the bride. Miss Sally Cooper and Miss Sue Corley served as candlelighters. The attendants wore gowns fashioned like the honor maid's in shades of blue, yellow, green, orchid and turquoise, with identical head pieces. The bridesmaids carried bouquets of tiny mums to correspond with their gowns, while the candlelighters wore wristlets.

### Groom's Best Man

Jerry Pennell of Southland was best man. The ushers were Marlee Holloman, brother of the bride, Gaylon Weaver, Gerald Dabbs of Southland, Junior Becker of Southland, Donnie Haliburton of Bells, cousin of the groom and John C. Edwards of Bayard, N. Mex., cousin of the bride.

## WSCS MEETS IN FELLOWSHIP HALL MONDAY

The Woman's Society of Christian Service of the First Methodist Church met in Fellowship Hall Monday morning, August 6, with the president, Mrs. A. C. Burk, presiding.

Mesdames S. W. Clark and J. H. Cowdry gave the program which emphasized the new quadrennial theme, "The Spirit of Christ for All Life."

All circles of the society will meet in Fellowship Hall, Monday August 20, with the India Circle, under the leadership of Mrs. Cowdry, as hosts.

## Ice Cream Social To Follow Service At Methodist Church

There will be an old fashioned ice cream social at the First Methodist Church Sunday evening following the evening service, according to an announcement made by the Rev. Jas. B. Sharp, pastor. The entire membership of the church and friends of the church are invited to attend.

Arrangements for this occasion are under the direction of Mesdames Otis Neill, Vera Drewry, A. L. Clifton, W. F. Davis, Howard Hoffman and R. E. Ayers.

At the evening service two films will be shown. The first one, "God's Wonders and a Woodland Brook" is especially fitting for the children. The second, "Sound of A Stone" is one of the outstanding films in the Television series "The Way." According to the pastor, everyone is extended a cordial invitation to be present.

SLATON'S LITTLE LEAGUE season has come to a close with no winner designated in the second half of the season because of the numerous interruptions to the regularly scheduled games, according to league president Dr. Don Hatchett. Winners of the first half of the season were the Indians. The boys are, left to right in the front row, Bobby Brake, Jackie Cooper, Don Caldwell, Larry Burk, and Ronny Sedgewick. In the back row, left to right, are, Ronnie Jones, Roger Cummings, Leslie Brown, Billy Ray Gregg, Charlie Curtis, Keith White, and Val Wylie, team manager.

## Interrupted Schedule Upsets Little League Team Standings

Because the schedule was interrupted by rain and tournaments no winner has been designated in the second half of Little League play in Slaton. All of the teams worked hard and played good baseball and the manager, coaches, and

umpires did magnificent jobs with the boys and should receive a vote of thanks from the community," Dr. Don Hatchett said Wednesday. "We plan to start the Little League season earlier and end earlier next year," Hatchett said. "Such an arrangement will give us more time to make up rained-out games and take care of other interruptions to our regular season."

Slaton's Little League All Stars played their first game in the Petersburg Invitational Small Fry Tournament Monday. The Slaton ball players took the game from Southwest Lubbock by a score of 1-0 in the last part of the fifth inning when Ronnie Jones stole home to win the game. Earlier in the same game Ronnie made a remarkable catch to keep the Lubbock team from scoring.

"We are extremely proud of the whole team and the manner in which they are representing Slaton Little League in the tournament," Hatchett stated. The youngsters were to play Floydada Thursday at 6 p. m. at Petersburg.

Scores for the last three games of the season are as follows: August 1, Giants 8-Cards 6; August 2, Tigers 11-Dodgers 5; and August 3, Indians 17-Yankees 0.

Teams standings can be found in a Little League ad in this week's paper sponsored by The Slatonite.

TWO FORMER WORLD'S CHAMPION Fancy War Dancers perform the Shield Dance before a Kiowa teepee. Both members of the Kiowa tribe, Gus Palmer, left, and Wilson Ware will perform solo dances at the Palo Duro Indian Ceremonial in Canyon on Sept. 1, 2 and 3.

## Palo Duro Indian Ceremonial Set September 1

Some 80 of the best Indian dancers in the nation will appear in Buffalo Stadium in Canyon on Sept. 1, 2 and 3 for the first annual Palo Duro Indian Ceremonial.

Representing the Kiowa, Comanche, Apache, Caddo and Wichita tribes of Oklahoma, the dancers will perform in two shows daily during the Labor Day weekend. The afternoon shows, which begin at 2 p. m., will be made up of various tribal dances and Indian games, and each day's performance will be completely different.

The evening performance, beginning at 8 p. m., will be a historical pageant entitled "The Peace Pipe of the Prairie." The pageant composed and staged by the Indians, will cover the history of the Plains tribes from before the time of the Spanish to the present.

Included in the pageant will be demonstrations of the Indian way of life before and after the horse was introduced, ceremonials and dances. One of the dances which will be performed only at the pageant will be the Geronimo Apache Fire Dance.

One of the dances to be shown on the first afternoon performance is the Shield Dance, in which two dancers armed with spears and shields typify a mock hand-to-hand battle.

Another dance to be performed will be the Horse Thief Dance, which was danced in the old days in honor of the horse stealing activities of the tribes. The dancers look along the ground for horse-tracks and signs of other Indian tribes and settlers. The dancers trail the signs they find and capture the horses.

Tickets for the Palo Duro Indian Ceremonial will be on sale at the gate. Prices are \$1.50 for adults and 75 cents for children under 12.

**Senator Daniel Thanks Voters For Support**

Senator Price Daniel this week thanked the 622,000 Texans who gave him an overwhelming lead in the first primary race for Governor, putting him more than 162,000 votes ahead of his run-off opponent.

"This is the widest lead a candidate for Governor ever has had in a run-off," Daniel said. "I am confident that, with hard work, we can win a landslide victory on August 25."

Daniel, a native of Liberty County, maintains his family home on a small ranch near his birthplace and is a member of the REA.

As a U. S. Senator, he supported 90 per cent parity on basic crops, authored an amendment to the farm bill which placed grain sorghum supports at a comparable level as corn, and helped obtain more realistic farm credit provisions.

Daniel is advocating a statewide water and soil conservation program, and a state drought relief program that would include loans to farmers and ranchers facing mortgage foreclosure.

His program also includes stepped-up research into proposals to create additional water supplies, such as conversion of salt water and artificial "rainmaking."

Daniel said that as Governor he would "put the full power of the State Government behind our farmers and ranchers, to help them regain their fair share of the national income and to help them fight the worst drought disaster in our history."

**Lions See Film About Dead Sea Scrolls**

Members of Slaton's Lions Club were entertained with a film about the Dead Sea Scrolls at their regular meeting Tuesday noon at the Clubhouse.

Narrating the film was J. D. Thomas, instructor of Bible History, from Abilene Christian College. The scrolls, which are the book of Isaiah, were found in a cave near the old city of Jerusalem, according to Thomas.

The scrolls, he stated, were hidden in the cave by the Jewish people when the Roman army came to destroy the city of Jerusalem and bring about the down-fall of the Jewish nation.

Woodrow Chandler of Greenville, Texas, was a guest of Clark Self Jr. at the Tuesday meeting.

**How the Secret Service Protects The President**

The protection given the President of the United States by the Secret Service might be compared with an iceberg: what you see is only a fraction of what's there. So efficient is this Service that no Chief Executive guarded by its highly trained experts has ever been attacked.

Don Wharton reports that during the 36 years prior to the Service's organization, in 1901, three out of nine Presidents had been assassinated. In the 55 years since, there have been nine Presidents, no assassinations, and no case of a President in office being fired upon. Theodore Roosevelt was President when shot in Milwaukee. Franklin Roosevelt was President-elect at the time of the Miami shooting. President Truman was inside Blair House when two Puerto Rican Nationalists tried to shoot their way in but failed.

**Agents Attend**

Before assignment to the White House, agents must attend a specialized school where they analyze scores of assassinations, domestic and foreign, recent and ancient. They observe mental patients, become expert marksmen, learn judo, gun-wrestling techniques and defenses against all types of attack.

The Service has the world's largest file on paranoids. Every threatening or abusive letter to the President is analyzed, classified and cross-indexed. In the first three and a quarter years of the Eisenhower administration Secret Service agents investigated 4804 cases involving threats. Within recent months 147 persons have been arrested as dangerous to the President.

**Every Move**

Every move of a Presidential trip is planned minutely in advance. Weeks before Eisenhower went to Geneva last summer, Secret Service men prepared a survey complete with maps, diagrams, blueprints, floor plans. They picked the villa where Eisenhower would stay, investigated every servant, selected couriers and telephone technicians, even arranged a safe garage pickup.

A President's personal habits create unique protection problems. When Eisenhower plays golf, armed Secret Service men are close by, dressed as golfers. One man's golf bag conceals a short-wave radio so that he can talk with headquarters or with agents cruising in a car patrol.

**Spotless Record**

During the 55 years of the Secret Service's spotless record, assassins in other lands have killed nine kings, queens and crown princes, 11 presidents, 16 prime ministers and many other leaders, including Mahatma Gandhi.

**DON'T BELIEVE IT!**

Intuition is that gift which enables a woman to arrive instantly at an infallible and irrevocable decision, without the aid of reason, judgment or discussion.

Butler: "Did the master smack his lips after drinking that fine old whiskey I served him yesterday?"  
Maid: "No, sir. He smacked mine."

**AN OVERFLOW**

"Are you sure that you watered the plants in the drawing room, Josephine?"  
"Yes, ma'am. If you listen closely you can hear the water dripping on the carpet."
