## 40 Acre Residential District Planned West of Town

A statement was released this week by all parties involved, proposing a large residential addition in the western part of town, just north of the new high school building.

Before this addition can become a reality two procedures will have to be followed, according to city officials. A change will have to be voted on and carried to include this area. And, secondly, a bond will have to be voted to finance the sewer, water and the city's part of the paving. Plans of the addition include the street paving to be charged to each lot in the addition.

The statement as released follows:

### Shelby-Adams Addition

Jim Shelby and Mrs. S. H. Adams-owners and with the efforts of Bill Price, J. H. Brewer, and C. A. Porter, Slaton is to have a new addition of 40 1/2 acres just north of the new high school and west of 20th street subdivided into 128 residence lots 75 feet wide by 120 feet deep facing north and south.

There will be four paved streets 70 feet wide by 1320 feet long running west from 20th street. Five alleyways 20 feet by 1320 feet and will consist of six blocks 260 feet wide by 600 feet long, four blocks 140 feet by 600 feet.

When plans and plat are complete, these lots will go on sale to be sold forty three lots each year for three years to those who want homes in this beautiful subdivision.

No group of lots will be sold to any individual. Speculators are not invited. Each purchaser may select the dealer, builder, or insurance agent of his choosing. This addition will be restricted to better class homes only.

It is now in the planning stage and when plat is completed will be on display at City Secretary's office.

F. H. A. land planning service will be utilized in the development of the addition. It will be developed to meet requirements of both F. H. A. and V. A. to enable purchasers of lots to secure F. H. A. and/or G. I. loans.

## Southland Wins First Conference Game Friday

The Southland Eagles won the first conference football game last Friday night when they played Spade at Southland. The score was Southland 49 and Spade 6.

Friday night of this week they will meet the Wellman eleven at Wellman.

Mr. and Mrs. A. L. Stone of Anton visited in the Virgil Jones home last week end.

## WARD 4 TO ELECT COMMISSIONER THIS SATURDAY

Saturday is election day for all those voters that live in Ward four in the city of Slaton.

Two candidates appear on the ballot, T. A. Worley and Oran McWilliams. The new commissioner will fill the unexpired term of former commissioner Bob Brasfield, who recently resigned because of moving from town.

The term of the new commissioner will expire on the first Tuesday in April, 1958, or until his successor has been duly elected.

Voters will cast their ballots in the office of the Chamber of Commerce in the city hall. Polls open at 7 a. m. and close at 7 p. m. Only those living in Ward 4 are eligible to vote. Ward four includes all that section of town south of the center of Lubbock street and east of the center of 9th street.

## Rev. Ted E. Gaze To Be First Baptist Pastor

Rev. Ted E. Gaze, pastor of the Oakview Baptist Church of Fort Worth has been called as pastor of First Baptist Church of Slaton. Rev. Gaze, a native of North Carolina, has been located at his present church for the past three and one-half years. His wife is a native Tennessean. They have one child, a son, Ted III, who is seven months old.

He will assume his duties here the latter part of October. The church has been without a pastor since the resignation last month of Rev. J. T. Bolding who accepted a call as assistant pastor of First Baptist Church in Lubbock.

## Fire Prevention Week Oct. 7-14

Fire Prevention Week is to be observed in Slaton this year in a positive form, in that the local fire department will be on the job.

Chief Elbert Wilson announces that they will be taking a survey of fire hazards over town. This will involve the cooperation of the people, he said. 2,000 forms are being mimeographed that contain questions about anyone's home and premises. Someone from each house will be asked to fill out this questionnaire.

The fire department will take these forms and go over them and weed out all fire hazards found. Then those that are found to contain a hazard will be notified so that they can take action before a fire occurs.

These forms may be secured from the fire department. They will also be passed out at the schools, the Lions Club and the Rotary Club.

"This is strictly for the protection of the people and property of our town," said Mr. Wilson. "Fires in Slaton have been fewer this year than last, but the city can do better if a little thought and effort is given to fire prevention," he continued.

## Liles Awarded Trip

Wayne Liles of Liles Sheet Metal Company won an all expense-paid trip to Las Vegas, Nevada. He flew to Las Vegas on Sunday, September 16, and returned the following Friday. The trip was awarded to Liles by Westinghouse.

## Cotton Harvest In Full Swing

Slaton's ginning season is getting into full swing as the weather conditions continue favorable to harvesting. At noon Tuesday there had been 2300 bales ginned at the five local gins. Slaton Co-Op led the list with 1110 bales. Others and the number of bales ginned were Union Gin 225, Howard Gin, 242, Campbells Gin 312 and Posy Gin, 411.

Mr. and Mrs. W. T. Joines spent the week end in Caddo, Okla. visiting Mr. Joines' parents, Mr. and Mrs. J. H. Joines.

## Telephone Dial System Change-over Marks Milestone In City Growth

SLATON'S TELEPHONE EXCHANGE as it appeared in 1913. Standing is Mrs. Vivian Jones who was at that time, Mrs. James O'Connor; Miss Vesta Farschon, Mrs. Jones' sister now deceased, is shown as she assisted at the switchboard. The young man is W. L. Farschon, a brother of Mrs. Jones. The O'Connors who came from Boerne where they had been employed by the telephone company. They operated the exchange here for 2 1/2 years in their home which was located at the present site of the telephone building. The company was then owned by Western Telephone Company of Big Spring.

BELOW: The switchboard as it appeared until today when it was converted to the dial system. Operators, left to right, Mrs. Rose Adams, Miss Shirley Bownds, Mrs. Pat Gilliland, Mrs. Barbara Lavender, Mrs. Cecil Crews, Mrs. Marie Gerron Smith.

Today is the big day in Slaton telephone history.

It will be "ring out the old, ring in the new" here at noon when Slaton's new dial telephone system is put into operation by the Southwestern Bell Telephone Company.

"Ring out the old" means an end to the manual telephone system which has served the city over 40 years.

"Ring in the new" heralds the advent of the automatic telephone system—a significant milestone in the city's communications history. It makes possible a telephone system capable of making on a second's notice, any one of thousands of inter-connections between Slaton's telephones.

J. C. Oakley, local manager for the telephone company, announced that everything is in readiness for the switchover.

As the time for the change to dial approaches at noon, a few last calls will be trickling through the present switchboard and the last familiar "Number, please" will be heard. A final check of calls being handled will be made to assure that no emergency calls are involved. Then the cutover order will be passed to telephone men who will go into action.

Key cables, which have been "half-tapped" so that they would be connected while the new dial system was under construction, will be cut so that all lines will tie only to the new dial equipment. Simultaneously, hundreds of small "blocking tools" will be quickly yanked out of the dial equipment by men pulling them with a connecting cord. Then each telephone line in the city will be connected directly to the new dial switching equipment. The power switch in the old manual equipment will be thrown and the new dial will be in operation.

With these three moves, too, every telephone number in the city will change.

The actual change to dial operation as described will take perhaps one minute or slightly longer to perform. But the job to be done in sixty seconds climaxes months of painstaking effort by hundreds of telephone technicians all over the country, according to Oakley.

A new telephone building addition was constructed; special dial telephone equipment was engineered, built to order, delivered, placed and wired. A group of Western Electric installers were on the job to perform these highly skilled tasks.

In addition to this work, outside construction crews added new cable to the city's network of lines; telephone men installed dials on the telephones in the city; a complete double set of records on every telephone in Slaton was set up and maintained; exhaustive tests on telephones and other equipment were made; and a new dial telephone directory was compiled and published.

## Good Crowds At Methodist Revival; Closes Friday Night

Revival services which have been held twice daily at First Methodist Church throughout the week will close Friday evening. Dr. Clovis Chappell, evangelist, will speak on "The Daring Invitation" Friday evening at 7:30. There will be special music.

Large crowds have been attending each service of the revival with visitors from other churches in the city, people from Lubbock, Plainview, Abernathy and other neighboring towns and communities.

Sunday will be Rally Day following the revival. Special music Sunday will be "The Everlasting Arms" sung by Jim Campbell, minister of music of the church.

## RETARDED CHILDREN'S PARENTS MEETING PLANNED

All parents of slow learning or retarded children are asked to telephone VA-4581. This is for the purpose of planning a meeting with other parents in like situation to discuss this mutual problem. The date of the meeting will be announced at a later date.

## SLATON TO HAVE CIRCUS OCT. 8

Tex Carson Wild Animal Circus will be in Slaton for a one-day stop Monday, Oct. 8 under the auspices of the Slaton Lions Club. The tent will be located on the parking lot at the football field. According to information received, this will be the first time in four years Slaton has had a circus and the first time the Carson show has ever been through this section of the country. A fast moving program of twenty feature circus acts under the big top and a large menagerie consisting of several dens of wild animals, camels, llamas and a feature attraction, Lotus, a 4-ton hippopotamus, will also be on exhibition, according to Clark Self Jr., president of the local Lions Club.

C. E. Gravel, who has been a patient in the Santa Fe Hospital in Topeka, Kan., returned home last Sunday.

## Tigers Play Roscoe There This Friday

The Slaton Tigers will tangle with the strong Roscoe Plowboys. Friday night at Roscoe. The game begins at 8 o'clock.

Slaton has one win and two losses so far this season. The Roscoe game is another non-conference tilt. The first conference game will be Oct. 12, when Lockney comes here.

Roscoe has a real team with an all-senior group. They have a one win and a one loss this season. They won over Loraine and lost to Wylie.

The two games that the Tigers have lost with a one game win is not an indication of their strength or ability to play ball. The games have been close contests and thrillers all the way. The game this Friday night will be another real contest and a game worth seeing.

A comment of one of Slaton's fans this week typifies the Slaton boys in their games. He said: "Those boys are really playing football this year." It has been noted by many that regardless of the score, the boys are still fighting and do not let down in their play. The Roscoe game should prove to be one of the best games of the year.

"IT REALLY IS!"—Freddy Marriott, left, backed up the display that tells fair-goers this week that "Slaton is a good place to live." Here he passes the information along to Brenda Dabbs, center, and Sharlor Taylor, right, who are inclined to agree since they live at Southland, just seven miles from Slaton. Freddy, a junior at Slaton High School, is the son of Mr. and Mrs. Charles E. Marriott. Brenda is the daughter of Mr. and Mrs. H. R. Dabbs, and Sharla is the daughter of Mr. and Mrs. H. D. Taylor. The display features growth, education and religious themes, and describes Slaton as being "in the shadow of Lubbock." AVALANCHE-JOURNAL PHOTO

**NOTABLE EXCEPTION**

Businessmen have held many public offices in this country, and some have served with notable success. One might therefore suppose that railroad presidents, who occupy a special place in American folklore, would bulk large among businessmen who have served in a public capacity.

For various reasons, that has not been the case. There is one outstanding exception, however. Chauncey M. Depew, who served for more than 40 years as president and chairman of the board of the New York Central, also found time to hold office.

Depew became secretary of state in New York, and in 1888 he had strong support for the Republican presidential nomination. But in those days presidents of railroads were widely distrusted, and eventually the party was afraid to risk the antagonisms which his choice might involve. He later became a United States senator and served for 12 years.

Oscar Dean Lambert's new biography, "Stephen Benton Elkins," reveals that Depew also once almost became U. S. secretary of state. President Harrison offered him the post in 1892, but he declined. Even so, he will be long remembered as one of the outstanding members of an exclusive club, the railroad presidents of America.

**INDONESIAN VICTORY**

Indonesia has won a war. Not a war of man against man, but a killing war none the less. This is the battle against malaria. Six years ago 90 per cent of the inhabitants of the former Dutch East Indian islands suffered from malaria, and in epidemics 40 per cent of the sufferers died. Figures in 1950 showed that at least 30 per cent had had one attack of malaria within the year.

Now, as a result of spraying the breeding places of mosquitoes with a ne w insecticide, many sections of East Java, where formerly the disease was rife, show the disease now affects but 1 per cent of the population.

This new fight is part of a program agreed upon in 1951 between Indonesia and the United States. Indonesia supplies the workers and meets the administrative costs. The United States agreed to furnish 10 million dollars worth of insecticides, and has also sent technical advisers. This is a form of assistance which the most ardent opponents of foreign aid can hardly criticize.

**NOT FOR ENGINEERING**

A child who is exceptionally bright is not necessarily destined to become a scientist. Dr. Paul J. Misner, president of the American Association of School Administrators, pointed this out recently at a meeting of the International Council for Exceptional Children.

Dr. Misner, who is superintendent of schools in Glencoe, Ill., warned that the urgency to train more scientists and engineers can lead to wrong assumptions about the ability of children.

It would make just about as much sense to assume that all gifted children would make great artists or musicians, he suggested.

The country does need scientists and technicians, obviously, but it also needs able, well-trained people in many other fields. It needs good teachers and businessmen, good lawyers and salesmen and writers and construction workers.

In the rush for scientists, there's danger of neglecting some other important fields, and of getting some young people launched in a kind of work not really suited to them. The boy who might make an excellent sign painter or insurance man will just waste time on a false start if urged into an engineering course.

Usually less than 60 per cent of eligible voters take part in presidential elections. The other 40 per cent would rather spend four years griping than 10 minutes voting.

That Wisconsin family that tried to burn a hornet's nest should have known better. The porch caught fire, the hornets moved into the house and all the shop-worn hornet stories got a new lease on life.

The Indonesians may have political troubles, but their culinary influence has reached America. At least the nations of the world can get together over rice and hot pepper sauce.

"THY KINGDOM IS AN EVERLASTING KINGDOM" — PSA. 145:13

**STRENGTH FOR THE WEEK**

The strength which we possess as children of the Heavenly Father through Christ our Savior is very precious and is to be cherished. Moral strength to live lives in accordance with God's wonderful creation, physical strength to live in God's presence for all eternity;—this is the strength of the man of Christ.

For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof: but he that doeth the will of God abideth forever.

—1 John 2:16-17.  
The last three of the so-called Seven Deadly Sins, avarice, gluttony, and lust are but three more ways through which we give glory to our flesh and the world and not to our Lord. It is a matter of life and death that, through faith given by the grace of God, we live inspired lives. There are so many things that man does in order to alienate himself from God. But there is our Blessed and Merciful Savior standing at the portal of our closed heart, patiently waiting to gain entrance. Man is so often full of that chief of all sins, pride. But our Lord is full of mercy and meekness—for our sake. This is the good news of the Holy Gospel: "to seek and to save that which was lost."

To those who wish now to begin in this Christian experience, and to those who are well on the way, we now pray this prayer:

**CARD OF THANKS**

### SIGN OF THE TIMES

The government now uses a check writing machine which produces 100 checks a minute. But, apparently, this machine is obsolete. A new one is on order—and it will zoom out the checks at the rate of 300 a minute.

That is about as typical a sign of the times we live in as anyone could imagine.

**SAVES BABY FROM PYTHON**  
DARWIN, AUSTRALIA—A mother, asleep in her camp-house on a truck, felt her 3-months-old baby girl's feet moving away from her. Awakening, she felt a big snake on the bed. At her scream, her husband, Alex Scott raced to the truck and, by the beam of his flashlight, saw that most of the baby's face was inside the jaws of a python, which was moving off the truck. Scott hit the snake with a stick and it freed the child. Later, it was found curled inside a 44-gallon drum. Other than huge fang marks on its face, the baby was unharmed.

**SURPRISE TO HER**  
HONOLULU—Going to her doctor for an examination, Mrs. Annie McShane, 38, of Honolulu, complained, "There's something wrong with me. I don't know what it is but go ahead and check me up." Three days later, Mrs. McShane gave birth to a 6-pound, 6-ounce boy—her first in 17 years of marriage. The birth was perfectly normal, the physician said.

**U. S. SHIPBUILDING**  
The United States jumped from seventh to fourth place among the leading shipbuilding countries of the world last year, launching sixty-four ships of 467,545 gross tons, according to statistics recently made public by Lloyds Register of Shipping. Great Britain and Northern Ireland held first place, with Japan third.

### CIGARETTES

While this country's exports of manufactured tobacco in 1952 declined about 24 per cent from 1951, within the nation a record was established in the manufacturers and consumption of cigarettes. Cigarette manufacture reached a high of 435,500,000,000, or about 4 per cent above 1951 production and 11 per cent above 1950. Domestic consumption was about 394,000,000,000, or about nine-tenths of the output. This consumption amounted to 3,719 cigarettes annually for every person over 15 years in the United States and the armed services overseas, or about ten cigarettes per person per day. The 1951 figure, the previous high, was 3,573 for each person.

### PUBLIC AID

State-Federal public assistance payments cost \$2,168,000,000 during the fiscal year ending June 30, 1952, according to the Federal Security Agency. The Federal share of the cost of aid to the needy aged, blind, disabled and dependent children was 52.3 per cent of the total, an increase of about one per cent over 1950-51. State governments paid 40.5 per cent of the costs and local governments 7.2 per cent.

### TRAFFIC DEATHS

The nation's death toll from traffic accidents began the new year on a rising trend. In January, the National Safety Council reported motor vehicle fatalities of 2,840, increase of seven per cent over the 2,650 during January, 1952.

YES, I'M COMPLETELY SOLD on the Admiral Electric Range, Mrs. Coy Biggs seems to be saying as Clark Self of Slaton Furniture shows her the range. She is particularly interested in the nice roomy oven and the broiler.

## Electric Range Welcome Aid To Housewife

Mrs. Coy Biggs, 1235 South 10th, finds her Admiral Electric Range a wonderful help in her busy day. Keeping house for her husband and

small daughter, and her interests in club work keep Mrs. Biggs on the run. She finds it a pleasant treat to rely on the easy convenience of cooking electrically on an Admiral Range.

Mrs. Biggs purchased her electric range from Self Furniture Company on February 14, 1956. She chose the 30 inch range with the large, versatile oven. This is the first time Mrs. Biggs has had a reliable broiler, and she's really enjoyed the delightfully different taste it gives her meals. "Quick,

too," says Mrs. Biggs. "You can hardly turn around before your meat is broiled and ready to serve."

Another feature Mrs. Biggs likes in her Admiral Electric range is the 'easy to regulate' surface burners. Her pots and pans stay so bright and shiny, too.

Asked for her opinion of an Admiral Electric Range, Mrs. Biggs replied, "Wonderful, absolutely wonderful." The whole family agrees!!!

## AMERICAN AGRICULTURE LEADS THE WORLD

Discussions of farm problems of ten produce much more heat than light. So an unemotional contribution to the subject made by Dorothy Thompson is of unusual interest.

In Miss Thompson's view, the farm troubles that exist have stemmed from what she terms the "gentle-technological revolution." Modern farming, inevitably, requires substantial investment in mechanized equipment. Marginal land and terrain unsuitable for efficient mechanized operation have been going out of use.

But this, Miss Thompson points out, does not mean that the family-sized farm is disappearing—"on the contrary, such units are still the chief and most efficient producers." These units are increasing in size, even as they diminish in numbers, for the reason that with modern equipment and techniques each man can do so much more work than could his predecessors. Astonishing increases in productivity have resulted. Miss Thompson points to strawberries. Twenty years ago, she says, a ton per acre was good—now certain favored regions produce as high as 30 tons per acre.

Finally, Miss Thompson writes: "There is no crisis in agriculture as a whole. In productivity, prosperity, assets over liabilities, and dynamic progress, American agriculture, as a whole, leads the world." As evidence, she cites the fact that the going value of good farm land has not only been maintained but has increased.

All technological revolutions cause dislocations. But all, in the long run, benefit everyone. And that is true in agriculture.

## Lions Hear About New Dial System

An interesting talk was heard by the Slaton Lions Tuesday noon when Mr. Cannon of the Southwestern Bell Telephone Company told about the dial telephone system. The changeover to dial phones will be made in Slaton Friday noon, making this program of special interest to the members.

"Many people wonder why the name assigned to a town does not allude to that town. This is because a word is used that is easily understood over a telephone and one that is easily spelled," said Mr. Cannon. "Slaton has been given the word 'Valley' and no other place will be given this name in this area," he continued.

A few of the future improvements of the phone system were outlined. It won't be long before anyone can dial a number in New York on his own phone and get them, he said. Telephones can now be carried in a shirt pocket and some businesses have phones that they can talk over anywhere in the room, continued the speaker.

**Voice Has Personality**  
 A portion of the talk was given to the personality of voice over a telephone. A definite impression of a person is formed by the other party even though they cannot see each other and have never met. E. A. Gore was in charge of the program.

Special guest at the meeting was Dr. Clovis Chappel, who was introduced by the Rev. J. B. Sharp. President Clark Self Jr. announced that the club was sponsoring a circus to be held in Slaton October 8th. The location will be on the vacant lot next to the football field.

Mr. and Mrs. Hilton Foerster and son, Farron Kregg, of Shallowater returned Tuesday night from Dallas where they had taken Farron Kregg to a heart specialist. Mrs. Lula Caldwell, Mrs. Clifford Young, and Mr. and Mrs. Tom Fenley accompanied them to Dallas.

Mrs. Woody Carpenter and daughter, Mrs. Willie Cox, of Lubbock were guests in the home of Mrs. Carpenter's sister, Mrs. Cecil Long, and Mr. Long Friday.

CAROLANN PINSON, FHA state recording secretary, from Canadian is served coffee by Helen Anne Norris, area I president. Mrs. E. L. Norris, area mother, has just been served.

Mr. and Mrs. Max Jackson and Don Wayne spent the week end with Mr. and Mrs. Raymond McGehee and Jeane of Lubbock.

Mrs. Max Johnson and Mrs. Alton Edwards and children visited in Midland Saturday with their little niece, Glenda Hampton.

Mr. and Mrs. Kenneth Jones visited in Seagraves Sunday with Mr. Jones' sister, Mrs. Marvin McDaniel, and Mr. McDaniel.

## GOLDEN HARVEST Defoliant and Crop Dryer

Farmers who defoliated and machine stripped their cotton last year saved \$20 to \$30 per bale over hand stripping.

Many used GOLDEN HARVEST to prepare the cotton for stripping. GOLDEN HARVEST has been proven fast-acting and effective on thousands of acres of cotton. It speeds up opening of bolls, defoliates the plant, dries weeds and grasses, retards second growth.

Use economical GOLDEN HARVEST to defoliate your cotton this year and pocket that extra \$20 to \$30 a bale savings.

Millions of dollars of farmers' money is literally going begging because farmers entitled to federal gasoline tax refunds have failed to file claims. Internal Revenue Service reports that only 400,000 claims have been filed by farmers as of August 15, and that an estimated 2,600,000 farmers have yet to file.

Farmers have until Oct. 1st to claim refund for federal excise taxes paid on gasoline purchased between January 1st and June 30, 1956.

It should be emphasized that unless eligible farmers apply for refunds before October 1st, deadline they will lose all claims to this money.

In urging farmers to submit claims "promptly" the Internal Revenue Service explained that a refund of two cents a gallon may be

claimed on any gasoline purchased and used on the farm for farming purposes between Jan 1st, through June 30th.

A farmer also may obtain a refund of the tax he paid on gasoline which was used on his farm by a custom operator or a neighbor in connection with cultivating soil, or raising or harvesting any agricultural or horticultural commodity.

The refund tax rate increased from two cents to three cents a gallon as of July 1st. Between then and June 30, 1957 farmers will be entitled to an estimated gas tax refund of 90 million dollars, or an average of 30 dollars for each eligible farmer.

The next filing deadline after October 1st will be October 1st, 1957, when farmers may file for refunds due for fiscal 1957, which began last July 1st. The local county Farm Bureau secretary, Joanna Duncan, reports filling out many refund applications for members; however, some farmers seem to be over looking the deadline date and have not yet applied for refunds.

### IN A FREE COUNTRY

One of Texas' leading newspapers, the Dallas Morning News, recently ran an editorial on certain legal matters affecting the state's right-to-work law. In conclusion it said: "... The News is sincerely and unalterably dedicated to the conviction that in a free country, no law should be enacted or upheld as constitutional that compels a man to join a union to obtain or keep his job, just as no law should prevent him from joining a union to hold his job."

That is a simple and admirable sentence—for it completely covers the great principle of the right-to-work movement, regardless of the verbal complexities that may appear in a particular piece of legislation.

By Vern Sanford  
Texas Press Association

AUSTIN—Activities of the National Association for the Advancement of Colored People have ended, temporarily, in Texas.

A stop order was issued at the request of Attorney General John Ben Shepperd by Dist. Judge Otis T. Dunagan of Tyler. Hearings will be held Friday (Sept. 28).

Investigations of the NAACP, a New York corporation with 112 branch offices in Texas, have been going on quietly for several months. Climax came with the filing of charges alleging numerous violations of Texas laws.

Specifically charged were efforts to register Negro students in Texas schools, contrary to the laws of the State; inciting racial prejudice, picketing, riots and other unlawful acts, contrary to public peace; engaging in political activities; operating without a permit; evasion of taxes; practicing law without a license; and coercing Negro students and their parents.

"Transaction of business in Texas, by a foreign corporation, is 'only a privilege which the State of Texas may confer, extend, or withhold,' said Shepperd.

This is not "in any manner" a suit against the Negro citizens of Texas, Shepperd pointed out. "It is limited to the NAACP as a foreign corporation, and their affiliated organizations. For over 100 years the white and colored races have lived together in Texas peacefully and in harmony. Were it not for the activities of the NAACP they would now, and in the future, continue to do so."

Dr. H. Boyd Hall, state NAACP president, said the move indicated that Texas is entering "an era of persecution." NAACP officials immediately called a 17-state meeting for St. Louis.

Although the principal headquarters of the NAACP is in Dallas, the suit was filed in Tyler because a number of defendants are

in that area.

STATE INCOME UP—State income jumped nearly \$75,000,000 during the past year but increasing expenditures are expected to consume it all and more too.

Revenues totaled \$913,422,792 during the fiscal year, State Compt. R. S. Calvert reported.

A state budget spokesman said the present spending pattern and new demands will likely require a new tax bill at the next session of the Legislature.

Requiring more money are growths in public schools, junior and senior colleges, prisons and hospitals. Proposals for increases in teacher retirement benefits and aid to disabled persons are to be voted on in November.

Gap is estimated variously from \$5,000,000 to \$30,000,000.

### ROAD MONEY EARMARKED

For the first time, right-of-way on Texas' interstate highway system will be purchased with federal-state money instead of city and county money.

An initial fund of \$19,366,100 for such purchases has been established by the State Highway Commission. Texas put up 10 per cent; the federal government 90 per cent.

Included in the current program are 637 miles of new work costing an estimated \$256,000,000.

OIL FLOW CUT—Reduction of 75,160 barrels daily in Texas' permissive oil flow was ordered for October by the Railroad Commission.

This trims the allowable to \$3-279,697 barrels daily with wells operating 15 days during the month.

One commissioner, Olin Culberson, wanted to go to a 16-day pattern. He expressed unhappiness with the depressing influence of imports on the Texas allowable.

### JOBS FOR HANDICAPPED

Texas employers put more handicapped persons on jobs last year than ever before—24,445. Applica-

tions increased, however, from 6,727 to 14,004.

Laurence R. Melton, chairman of the Texas Committee for Employment of the Physically Handicapped announced the figures.

Gov. Allan Shivers presented merit awards to three employers for their consistent hiring of handicapped persons. These were Sears Roebuck, Hammond Laundry and Machinery Co. of Waco, and Howard Area Inc. of San Antonio.

Earl Brown Jr., Abilene, was designated the handicapped person of the year. A special award went to Adolph L. Stein Jr., Kelly Air Force Base.

STANDBY RESERVES POLLED—Questionnaires are being mailed to all standby reservists but there is no cause for alarm. Morris S. Schwartz, state selective service director, says it's just for inventory.

Standby reservists cannot be called to service unless an emergency is declared by the Congress, he said.

Based on information in his questionnaire, each standby reservist will be placed in one of three categories: I-R, available for service; II-R, deferred because of civilian occupation essential to maintenance of national health, safety or interest; or III-R, deferred by reason of extreme hardship of dependents.

CRIME ON INCREASE—There has been an estimated 13 per cent increase in crime in Texas cities, reports the Department of Public Safety. Rural areas show a 2 per cent decrease.

Major increase in both areas was in theft, up an estimated 14.8 per cent. Auto theft showed a 4.2 per cent gain; burglary increased 6.5 per cent.

Decreases were in rape, 18.3 per cent; murder and homicide 1.2 per cent; robbery 1.5 per cent; and aggravated assault 7.6 per cent.

SHORT SNORTS—Motorists are being urged by the Highway Safety Council to "police themselves" as an extra precaution against football weekend traffic hazards.

H. H. Coffield of Rockdale is the new chairman of the Texas Prison Board. Fred Shields of San Antonio now is vice chairman and Dr. George Beto of Austin is secretary. Prison authorities will ask the Legislature for \$8,825,000 for new buildings and improvements.

Gov. Allan Shivers has warned of increased forest fire hazards in the East Texas drought areas. He urged hunters to be particularly careful of camp fires and

## Fund Drive for Newly Formed South Plains Girl Scout Council Oct. 15-20

The fund appeal of the Girl Scouts of the newly formed South Plains Council will be between Oct. 15th and 20th. This announcement was made today by Melvin Kunkel, Chairman of the Drive Committee of Slaton. The good will and public confidence which the Girl Scout organization enjoys both here in Slaton and in communities across the nation is not just a happy accident. It results from a well-developed and creatively presented program which fills basic needs of our young people—the need to express growing personalities through working and playing together; the need to broaden their out-look through learning more about their own community and world they live in. The Girl Scouts have become so integral a part of our American way of life that it is difficult to imagine Slaton without them, and yet

it is a truism that the things we value most we are most likely to take for granted.

"We too easily assume that the training our youngsters get through Girl Scouting will continue to be provided for them—whether or not we give the program our active support," said Mr. Kunkel. In Slaton, there are more than 125 Girl Scouts, ages seven through seventeen. Together with their nearly one and half million sisters Scouts through the United States, they are preparing for the larger responsibilities of adult citizenship through this program of fun, service and training in democracy.

Fund Drive  
To finance this program through the coming year, the Girl Scouts, both in Slaton and the surrounding area, must raise a total of \$37,916.00 in their annual fund drive. The quota for Slaton this year is \$1,276.00. This will be done through solicitation, door to door canvassing, and by direct mailing to service organization. Contributions to the Girl Scouts will help maintain its present program as well as add the services of professional staff, services of a Council in training, program and camping, and to expand this program so that even more girls can participate. Give and give generously with the knowledge that you are helping where it counts most—the young people on whom the future depends.

## FRIENDLY TABERNACLES

The author of the 84th Psalm was a great lover of the earthly habitations of God. The temples, shrines and holy places of Israel were his chief delight. He found them friendly, inviting and comforting to his soul.

In one of his moments of spiritual ecstasy he broke forth in song: "How amiable are thy tabernacles, O Lord of hosts!" he sang. "My soul longeth, even fainteth for the courts of the Lord."

There are millions today who look upon God's earthly houses—the churches of the land—in much the same way. They are glad when the church hour comes and they can mingle with others in worship and spiritual fellowship.

The church around the corner or over in the next block is not a cold and formal place, once you come to know it. It breathes friendliness and sympathy. It comforts and inspires and points the way to a kind and loving God.

Come to Church on Sunday and enjoy the fellowship of God's people.

THE CHURCH FOR ALL ...  
ALL FOR THE CHURCH

The Church is the greatest factor in search for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### One Year Ago In Slaton

Taken from Sept. 30, 1955  
According to Commissioner George Green, the local branch of the Lubbock County Library will remain unchanged. The idea of setting up a committee to study the library system was intended for the city of Lubbock alone and would not affect the county system in surrounding towns.

Mr. and Mrs. Ray Belt and children, Sherrea and Darwin, spent the week end in Wichita Falls visiting Mrs. Belt's parents, Mr. and Mrs. J. R. Burt, and her sister, Mrs. Henry Owen, and family.  
Elbert Wilson, Slaton's fire chief, was honored on his birthday with a surprise party Monday evening.

Over a hundred teachers and officers of the Sunday School and Training Union of the First Baptist church attended a Pot Luck supper and installation service in Fellowship Hall Tuesday, Sept. 27.

Mr. and Mrs. J. B. Kitten and children, Mr. and Mrs. Bill Klos and Mr. and Mrs. R. J. Schuette and two boys spent from Thursday through Saturday at Lake Thomas near Snyder. They report a good catch of fish.

Mr. and Mrs. Noble Melton of Las Vegas, N. Mex. visited Saturday night with their nephew, Paul Melton, and family.

Mrs. W. T. Slaughter was honored Saturday when a group of her friends surprised her with a surprise party on her 80th birthday.

Bill Caldwell was elected president of the student body at Slaton High School and Miss Sue Corley was chosen vice-president.

Leon McReynolds has gone to Temple where he is now manager of Hick's Men Store there.

### Five Years Ago In Slaton

Taken from Sept. 28, 1951  
The total number of bales ginned at the Howard and Heard Gin, the Campbell Gin, Co-op Gin, and the Posey Gin by 4:30 p. m. Tuesday, September 25, was 428 bales.

Miss Audrey Kitten has returned to Boulder, Colo. where she is enrolled as a fine arts major in the University of Colorado.

About 10 p. m., Friday night the Fire Department at Slaton was called to Southland to help put out a fire which started from unknown causes in one of the gin

stands at the old gin at Southland. J. T. Bolding, Jr., sophomore, will serve as humor editor on the staff of the Howard Payne College newspaper, "The Yellow Jacket."

Barbara Jochetz and May Belle Pember have enrolled at McMurry College for the fall term.

The Senior Class of 1951-52 had their first meeting of the year with their sponsors, Miss Bonnie Jean Smith and Mr. Norman Marshall. Class officers are: president, John Singleton; vice-president, Barbara Brooks; secretary, Joyce Burns; treasurer, JoAnn Reissig; and reporter, Betty Dodson.

Rainbow Girls installed officers. Officers were: Worthy Advisor, Barbara McGinley; Worthy Associate Advisor, Annette Wilson; Hope, Nancy Clifton; Chaplain, Ruby Jo Lamb; Drill Leader, Juanita Woods; Nature, Barbara Brooks; Fidelity, Betty Guthrie; Patriotism, Janie Sue Clark; Service, Natrell Limmer; Confidential Observer, Marion Foster; Outer Observer, Edith Holloman; and Choir Director, Janet Pearson.

## Farewell Talk Given by Visitor

The visitor from Iran, who has been in Slaton the past eight weeks under the sponsorship of the Rotary Club, made his farewell talk last Thursday noon at the club meeting in the clubhouse.

Sherrill Boyd was in charge of the program. Iraj Master began his journey home last Thursday afternoon. He went via Chicago on his way to New York. A stop will be made in Germany before he goes to his home in Iran.

To make his departure as pleasant as possible, the club presented him with a new suit of clothes and a pair of Texas boots. J. D. Holt gave him a beautiful dopp kit. Rev. J. B. Sharp made the presentation.

Mr. Master said in his talk: "I have always wished to visit in America ever since I was a small boy. Here everyone is free in their

work, their religion and in their voting and this is the most important thing in the world." He went on to say that of all the countries he has visited, Texas has the most friendly people; not only friendly but helpful too.

He told of the experiences that he has enjoyed in the different homes here. He expressed his thanks and gratitude to Slaton and Slaton people for their kindness to him. A few of the impressions he has received of this country were: Americans are always very active; are quick to make friends; American youth are not serious; the fact that there is no difference in people who are rich and those that are poor; and that TV programs were interrupted with commercials.

"I will carry back with me the knowledge that Americans are friends of all people and want liberty and peace for all," were his concluding remarks.

Visitors at the meeting were Dr. John Shelby, Lubbock; R. F. Bayless, Lubbock; Bill Bayless, Lubbock; Frank Lee, Lubbock; Robert Lee Hagler, and Wylie Swindt of Slaton.

President Eisenhower has intimated he might intervene in Congressional inquiries if, as some witnesses have charged, they were proceeding in an unfair manner.

## THIS IS WHERE TOMORROW STARTS

# A new "inner car" gives you a NEW KIND of FORD for 1957! **Coming October 3rd.**

On Wednesday, October 3rd, Ford Dealers throughout the United States will unveil a new kind of automobile!

Cars are involved in every American's life. News of a new kind of car is the biggest kind of news to millions of Americans.

The Big New Kind of Ford is that kind of news... a car totally new in design from crest to trunk lock.

This completely new automotive package will sell at the traditionally low Ford prices.

This makes possible a new high standard of such honest-to-goodness value that it actually increases the purchasing power of your automobile dollar.

When you see it, other cars will look out of date, because : : :

This is Where Tomorrow Starts... with a Big New Kind of Ford!

The New Kind of Ford is the fullest, most eloquent expression of Ford's special personality—the youthful grace, the whiplash action—and the reputation for durability known wherever there's a road.

To all this we have added true elegance—a kind of elegance never before seen in the low-price field. To make a car truly elegant, you must start deep-down inside.

### The New Inner Ford

The Inner Ford—the car you cannot see—is a very remarkable structure. Its frame is actually a cradle. Side members extend almost the full body width; they serve not only as supporting members but as concealed side bumpers of immense strength.

### The New Ford Body

The new Ford body is a triumph of engineering in steel. The doors close with the solid finality of a bank vault. Even the door-lock button has been moved up front—easier for you to reach, but out of the children's reach.

All these features were engineered to give you a solid new kind of comfort.

### The New Ford Ride

The New Kind of Ford sits six people as no other low priced car has ever sat them

—six elbows wide in each seat, with deep space around each one of six knees. And above all that space, there's hat room to spare for all six passengers.

The 1957 Ford rides low, solid, with a firm, deep road-holding feel. Yet it's a light-hearted, flight-hearted ride—this car is responsive, nimble, agile, with a proud easy movement.

### The New Ford Choice

Ford offers not only one, but two sizes of cars... each on its own extended wheelbase... each with its own body shell... each with its own styling.

First, the two Fairlane Series on a 118-inch wheelbase. The Fairlane 500's come in 5 body types, a four-door sedan, a two-door sedan, a two- and four-door Victoria with no center pillars, and a convertible coupe. The same body types (except for the convertible) are available in the Fairlane Series.

Second, two Custom Series mounted on the 116-inch wheelbase chassis. In the Custom 300 Series, a four-door and a two-door sedan are distinguished from the Custom models by more luxurious inte-

riors and elaborate trim. The Custom Series also includes a Business Sedan.

Beyond all these, you also have your choice of five Station Wagons—the famous glamour cruisers that are the champions in this field!

### The New Ford Look

That low, low cradle-span frame means a low, low car. The Fairlane 500 is only four feet eight inches from road to roof! The Custom is just over four feet nine inches!

The new Ford is not only low—but long. Ford gives you more than 17 feet of elegant length in the Fairlane Series, a shade less in the Custom. It's a nice kind of fun just to look at it. It's high-priced in every way except price.

### The New Ford Performance

You can have up to 245 wonderful Thunderbird horsepower in any Ford model. There's a moderate—and really moderate—extra charge for this engine of 312 cubic inches with its 4-barrel carburetor.

For "Six" lovers, we've got the 144hp Mileage Maker Six. Whether you choose Six or V-8, the going is great!

### Here is where your own tomorrow starts

It starts at your Ford Dealer's showroom! The cars will be there on Wednesday, October 3.

These are the best Fords of our lives. They are the first symbols out of Detroit of the new automotive age that is beginning for you.

This is where tomorrow starts—at your Ford Dealer's.

This is when your tomorrow starts—October 3rd.

Come in and see us for the Big New Kind of Ford!

### Mrs. J. D. Saunders Rites Held in Slaton

Funeral services were held at 2:30 p. m. on Tuesday in the Slaton Church of Christ for Mrs. J. D. Saunders, Minister C. L. Newcomb officiated at the services. Interment was in the Englewood Cemetery with the William's Funeral Home in charge.

Mrs. Saunders had been a resident of Slaton since 1926. She and her husband came to Texas in 1923 and settled at Pilot Point, Denton County. They lived in various parts of Texas until 1906, when they came to the Texas Panhandle. Mr. Saunders had retired from farming when they moved to Slaton in 1926. He died in 1934.

Mrs. Saunders was very active until the last few years when illness forced her to give up many of her activities.

Survivors include: five daughters, Mrs. D. F. Smith, Mrs. C. E. Spence, and Mrs. Toy Melton, all of Slaton; Mrs. Mary Lee Feece, Washington, D. C.; and Mrs. Jim Stewart, El Paso; two sons, Sam, Marietta, Okla.; and J. E. Arlington; 32 grandchildren; 45 great-grandchildren; and 5 great-great-grandchildren.

#### MAKE THE MOST OF YOUR LUCK

We Americans are a lucky people, so lucky that we take our miracles for granted. We have grown used to the fact that we can bridge time and distance with the twist of the dial, that we can push buttons to control light and darkness, heat and cold. We no longer marvel that we can swallow a few pills, and take a few simple injections, and thus banish much of the pain and sickness that has been mankind's lot since the world began.

It's a dangerous attitude, this complacency of ours, if it leads us to neglect the great benefits with which modern science has enriched our lives. Right now millions of Americans are facing just that danger because they have failed to use the latest medical miracle, the Salk Polio Vaccine.

The season of greatest polio danger is upon us and many needless victims have already paid the price of neglect. But many more such tragedies can be prevented if everyone, men, women and children, will avail themselves of this cheap and easy insurance against the crippling disaster. Millions of dollars and seventeen long, hard years of painstaking research went into this discovery. More than 300,000 people were cruelly stricken while scientists sought the weapon which provides protection against paralytic polio. Now the weapon is known, the vaccine is available to all. It will be ironic and tragic if thousands more are stricken while the vaccine lies idle in the physicians' refrigerators.

Mr. and Mrs. Wayne Lamb returned Saturday from a vacation in Chicago, Ill. While there they went to see the New York Yankees and the Chicago White Sox play ball.

Mr. and Mrs. Max Jackson and Don Wayne visited recently with relatives in Leonard and with Mrs. H. S. Crews and Mrs. Lola Bryon in Greenville.

MR. AND MRS. C. L. Griffin will celebrate their golden wedding anniversary with open house Sunday afternoon

BELOW—are Mr. and Mrs. Griffin as they posed for their pictures shortly before their wedding.

## Griffins Celebrate Golden Wedding Anniversary

Mr. and Mrs. C. L. Griffin will celebrate their golden wedding anniversary on Sunday, Sept. 30. Mr. and Mrs. Griffin were married on September 30, 1906, in Lake Creek, Texas. Mrs. Griffin was the former Erin Edith Hendrix.

The Griffins have 3 sons: John and Finis of Slaton, and Clester of Lorenz; and 3 daughters: Mrs. J. J. Holland and Iris Griffin of Slaton, and Mrs. C. M. Gaddy of El Paso. Another son, Minard, was killed in World War II at Mindanao. The Griffins have 20 grandchildren.

Their home, located ten miles west of Slaton on Union Road, will be the scene of the open house celebration on Sunday when they invite their friends to visit with

them. Assisting with the hospitalities from 2:30 to 4:30 p. m. will be Mesdames Finis Griffin, Clester Griffin, John Griffin, J. J. Holland, E. M. German, Artie Whitesides; Misses Iris Griffin, Theresa Griffin, and Diantha Holland.

**Golden Theme for Decorations**  
Guests will be received in a room decorated with the large numerals "50" fashioned of styrofoam. Flowers of yellow and white will complete the golden theme.

Refreshments will be served from a table laid with lace over gold. A white and gold wedding cake will be the centerpiece. Crystall appointments will complete the table setting.

## Mrs. S. A. Abbott Celebrates 90th Birthday

Mrs. S. A. Abbott celebrated her 90th birthday last Saturday. The chocolate birthday cake, laden with 90 yellow and red candles, was baked by a neighbor, Mrs. Hank Martens.

Mrs. Abbott was born in Taylor, Texas. She moved to Slaton in 1920. The late Mr. Abbott was a retired Postmaster when they moved to the South Plains.

Attending the birthday party for Mrs. Abbott were her daughter and son-in-law, Mr. and Mrs. R. M. Lawrence; her granddaughter, Mrs. Mike Rummell; and two great granddaughters, Vickie and Terry Rummell, all of Ardmore, Okla.; a grandson, Larry Todd, of Amarillo; and her daughter, Mrs. Nan Tudor, of Slaton.

Mrs. Rummell celebrated her 29th birthday on the same day of her grandmother's 90th birthday.

Mrs. Abbott is an avid fan of television, radio, and newspapers. In addition to keeping up with the world around her, she does all her own housework. Neighbors are always welcome and enjoy the coffee and cookies that Mrs. Abbott has ready for company that she loves to have.

Members of the Methodist Susanna Wesley Class met in the home of Mrs. Fred Tudor for a covered dish luncheon, September 19. Assistant hostess was Mrs. W. F. Blackerby. Mrs. Myrtle Martin of Kansas City, Missouri, was a guest. Nineteen members attended.

A surprise birthday cake was presented to Mrs. H. G. Sanders before the luncheon. All the class extended good wishes and sang Happy Birthday. After the luncheon, Mrs. T. A. Turner presided over the business meeting. She read a devotional from the 16th chapter of John. The meeting was closed with a prayer.

### President Honored

This was the last meeting for outgoing officers of the class. Mrs. Elmer Crabtree made a short speech of appreciation to Mrs. Turner as retiring president, and presented her with a rose corsage. Another surprise awaited Mrs. Turner when Mrs. Bill Layne presented her with a box of handkerchiefs and other personal gifts from the various members.

New officers will become active on October 1. The next social meeting of the class will be on October 17. Hostesses for this meeting will be announced later.

## EASTERN STAR TO SPONSOR 42 PARTY THURS.

## ART CLUB MEETS

The Slaton Art Club met at the home of Mrs. Harvey Tunnell for a backyard luncheon Tuesday evening. Mrs. Yates Key was co-hostess. This meeting was the regular meeting of the club to begin a new year of activities. Mrs. Byron Johnson presided over the business session. The main business for the meeting was approval of the yearbook. Mrs. Yates Key, chairman of the yearbook committee, presented Mrs. Brian Sartain who presented the yearbook to the club for approval. Other members of the yearbook committee were Mesdames Arthur Dennis and Harvey Tunnell. Fourteen members of the Art Club were present.

## JR HI BEATS WILSON

On Tuesday night, Slaton's Junior High Tigers played two games at Wilson. Both teams displayed tremendous drive and weren't to be stopped.

Coach Mayo's sixth and seventh grade boys scored a 27-0 victory. Downs made 3 touchdowns plus 3 extra points. Gravel carried the ball over for a touchdown after completing a long run. Both boys received good blocking and interference from the team.

The eighth grade game ended in a 19-0 score in favor of Slaton. Moses Diaz scored with a spectacular run in the opening minutes of the game. During the second quarter, Perez drove over the goal line for a touchdown making the half-time score 12-0. Talbert scored the third touchdown. Diaz made the extra point. Slaton's boys looked sharp in their new uniforms which were issued just prior to the game. The Junior High Tigers will meet Taboka next Tuesday night at Slaton.

## Marilyn Gilmore Is Patrol Leader

Marilyn Gilmore was elected patrol leader of Girl Scout troop 2 at their meeting Thursday afternoon at the home of Mrs. B. E. Johnson.

Others elected to offices were Steffie Johnson, scribe, Dora Tucker, treasurer, Linda Shelton, reporter and Annie Clark, refreshment chairman. Mrs. B. E. Johnson is the troop leader and Mrs. W. A. Shelton is her assistant.

Troop 2 meets each Thursday afternoon at 4 p. m. in the Johnson home. At their next meeting they will be working on their junior high uniforms which are green skirts and white blouses.

ever, we have already had some very bad accidents this year because a child or a motorist, or both, were careless at that very time.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past same at a speed "which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

What many persons do not realize is that the very same rule applies when MEETING a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this case can lead to fines up to \$200.00 even when no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

Although the above rule does not always apply when passing a stopped school bus in a business or residential district of a town, the necessity for extreme caution even in those locations is obvious.

When it comes to overtaking and passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is only common sense to proceed on past it a safe distance before cutting back to the right side of the highway. Also, any driver would realize the danger of increasing his speed while another is attempting to pass him.

In the same category is the prohibition against passing on the right under most ordinary conditions. Of course, you may legally pass on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one-way street with two or more lanes, or upon a four-lane highway.

However, our traffic laws state that even when passing on the right is allowed, it shall be done only under conditions permitting such movement in safety. And, in no event should such passing be accomplished by driving off the pavement or main-traveled portion of the roadway.

Familiar to all are the no passing zones designated by dash lines placed to one side of the center stripe on our highways. Not so well known are the restrictions against crossing within 100 feet of or when traversing any intersection or railroad grade crossing.

A driver should never cross the center line of a highway when the left side of the road is not clearly visible and free of oncoming traffic. Generally speaking, when not engaged in passing another vehicle, one should not drive to the left of the center of the roadway. (This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

The time of the year has come when Farm Bureau members are called upon to do the major part of the work that is necessary to have an effective organization to serve their interests, said Homer Harrison, President of the Lubbock County Farm Bureau. It is also the time of the year when every member has an opportunity to make known his recommendations for policies that will make a more prosperous agriculture for him and his family. Harrison stated.

This is a wonderful opportunity as well as a serious obligation to serve. Farm Bureau people will be meeting and visiting together all over the United States during the coming weeks to discuss issues and develop policies that will serve their interests in the coming year. Every member will have the opportunity to present his ideas on changes that should be made in old policies, and to recommend action that should be taken on new problems that come up every day. The basis for every policy must originate at the grass roots, and be established as Farm Bureau policy through democratic processes, it was pointed out.

Membership work offers another opportunity to help ourselves and help our neighbor the Farm Bureau president declared. By lending a hand in the enlisting of more people in Farm Bureau, the voice of agriculture will be made stronger, the policies that we develop will be more effective, along with a stronger and more efficient local service, he emphasized.

**Learn to Dial Exigency Numbers**

The change to dial telephone service at noon today will mean that telephone users no longer will have the dependable voice of the local operator to rely on in case of an emergency.

"It is important that everyone in Slaton memorize the new telephone numbers of the police, fire, and other emergency departments," J. C. Oakley, manager for Southwestern Bell Telephone Company here, advised.

"In case of extreme emergency, of course, subscribers can dial 'Operator' and the message will be relayed to the proper authorities. However, for speed in obtaining assistance, we suggest that all emergency numbers be memorized.

The reason that this is important is that all local calls will be handled through automatic switching equipment. No operators will be on duty to handle local calls as such.

Following is a list of the new emergency telephone numbers: Fire (To Report a Fire Only)—Valley 8-3212 Police—Valley 8-3333 Ambulance—VA 8-3535 Other special dialing instructions are as follows: For Long Distance—Dial "Operator".

Numbers Not in Directory—Dial "Operator". To report a telephone out of order—Dial "Operator" and ask for "Repair Service."

Telephone Business Office—Valley 8-4591. "These special dialing instructions are printed on the first page inside the front cover of your new dial telephone directory," Oakley said.

Delivery of the new directories was completed this week.

Your child should have a thorough, professional eye examination before another school term rolls past. Eighty-five per cent of his future earning capacity and his ability to learn will be attained through vision.

But be sure he gets an adequate visual examination. Beware of "quickie" eye tests and assembly-line testing and fitting methods. Look for the seal of the Texas Optometric Association. It's your guide to thorough, competent service. There's more to good vision than glasses at a price.

TEXAS WOMEN TO HOSTESS  
NATIONAL HD COUNCIL  
MEETING SEPTEMBER 23-26

COLLEGE STATION—San Antonio will be a busy place during the week of September 23-29. Those are dates set for the annual meeting of the National Home Demonstration Council, September 23-26, and the annual meeting of Texas Home Demonstration Association which follows, September 27-29. The Gunter Hotel will be headquarters for both meetings,

but main program sessions will be held in the Municipal Auditorium. Delegates from 39 states, Puerto Rico and Hawaii will be participating in the national meeting. They will represent the 3 million homemakers enrolled in home demonstration extension groups. Mrs. John Golightly, president of the Texas association, says approximately 2,000 Texas club members are expected to take part. The program is a full one, with special tours and activities planned for all—including visiting husbands. Many groups, arriving in special buses, are planning to tour

## SLATON DENTAL LABORATORY NEW BUSINESS

Slaton Dental Laboratory is one of the newest business establishments in the city. The lab, located in the office of Dr. Don Hatchett and Dr. Bob Van Meter, is under the management of Ellis Morris, a former Dental Laboratory operator in Lubbock.

Mr. Morris has had 11 years experience in the operation of a dental laboratory, four years of that time with the U. S. A. F. At the present he is not only doing the work for the two Slaton dentists but a number of Lubbock dentists also. Mr. and Mrs. Morris are still making their home in Lubbock at present.

Mrs. Nolan Whitlow of Dallas spent a few days the first of the week in the home of her brother, J. H. Brewer and Mrs. Brewer. Mrs. Whitlow is the former Ada Brewer who lived in Slaton before her marriage.

Mr. and Mrs. Alton Lockett and Bill have returned home from Tucumcari, New Mex., where they had attended funeral services for their sister, Mrs. Allen R. Fenton.

Mr. and Mrs. Jesse Brasfield had as their guests over the week end their daughters, Mrs. Drew Wallace, of Houston, and Mrs. Joe Rankin of Ralls.

MIXES HOLIDAYS  
HOLLYWOOD, CAL.—Expected on St. Patrick's Day, Shelley Winter's baby girl arrived instead on Valentine's Day. As a result, her daddy—Vittorio Gassman—wasn't there to greet her upon her arrival. The baby has been named Victoria (for her father).

Thomas Paul Melton, Tommy Lynn Walters, Jacque Sue Edwards and E. D. Robison. Oct. 3: Mrs. R. G. Woolever, Lynette Kuss, F. D. Bostick, Joe Walker Jr. and Mrs. Phil Brewer. Oct. 4: Clarence Kitten, Charlotte Sue Liles, Mrs. J. E. Donaldson, E. C. Houchin and Jerry Hogue.

Mrs. Nolan Whitlow of Dallas spent a few days the first of the week in the home of her brother, J. H. Brewer and Mrs. Brewer. Mrs. Whitlow is the former Ada Brewer who lived in Slaton before her marriage.

Mr. and Mrs. Alton Lockett and Bill have returned home from Tucumcari, New Mex., where they had attended funeral services for their sister, Mrs. Allen R. Fenton.

Mr. and Mrs. Jesse Brasfield had as their guests over the week end their daughters, Mrs. Drew Wallace, of Houston, and Mrs. Joe Rankin of Ralls.

MIXES HOLIDAYS  
HOLLYWOOD, CAL.—Expected on St. Patrick's Day, Shelley Winter's baby girl arrived instead on Valentine's Day. As a result, her daddy—Vittorio Gassman—wasn't there to greet her upon her arrival. The baby has been named Victoria (for her father).

Survivors include his wife, Margaret, and one daughter, Dalene, his parents, Mr. and Mrs. Ed Meyers of Slaton; four sisters, Mesdames Dean Baker of Freeport, L. M. Thompson, Longview, James George, Slaton and Dick Bell of Muleshoe; one brother, Claud Ballard, of Spur.

## ROY MEYERS BURIED SUNDAY

Funeral services were conducted Sunday afternoon at 4 p. m. at First Baptist Church for Roy Dale Meyers, 50, Mr. Meyers, son of Mr. and Mrs. Ed Meyers of this city, died in the M. D. Anderson Hospital in Houston after a lengthy illness. The Rev. I. L. Whetsell, pastor of Park Heights Baptist Church in San Angelo, assisted by the Rev. Jim Dixon, of Grand Prairie, conducted the services. Interment was made in Terrace cemetery in Post, Texas, under the direction of Williams Funeral Home of Slaton.

Mr. Meyers and his family had lived in Slaton where he was a Mattress salesman until three years ago at which time they moved to San Angelo where he was employed with Texas Credit Sales Company. He was a member of the Baptist Church and the Masonic Lodge of Slaton which conducted graveside services.

Pall bearers were members of the Slaton Masonic Lodge.

Survivors include his wife, Margaret, and one daughter, Dalene, his parents, Mr. and Mrs. Ed Meyers of Slaton; four sisters, Mesdames Dean Baker of Freeport, L. M. Thompson, Longview, James George, Slaton and Dick Bell of Muleshoe; one brother, Claud Ballard, of Spur.

## SLATON DROPS HEART-BREAKER TO SUDAN 14-13 FRIDAY NIGHT

The Slaton Tigers, playing heads up ball all the way, lost a heart breaking game to the Sudan Hornets 14-13, last Friday night. This was razzle dazzle football at its best. The Tigers, a good ground gaining team, also used an assortment of passes. Don Corley to Dickie Thomas was the combination and it worked like a charm for the Tigers.

After being held scoreless in the opening quarter the Tigers caught fire early in the second and marched 60 yards for the game's first score. Dickie Thomas capped this drive with a 5 yard plunge for the touchdown. The try for extra point failed and the Tigers led 6-0. Slaton held this lead till late in the third quarter when the Hornets made a 65 yard march with Williams going 5 yards off tackle for the first score of the game for Sudan. Williams added his own extra point by running it over. Then the Hornets led the game 7-6. The Hornets started another drive early in the fourth quarter. This time it was Kenny Welles

heading the drive. Welles scored the final Sudan touchdown on a 1 yard keeper play. Larry Bates ran the ball over for the extra point and Sudan led 14-6.

A short screen pass from Corley to Thomas with Thomas going 60 yards for the score was the high light of the night even though it came in the final seconds of the game. Thomas then added the extra point making the final score 14 to 13.

Mr. and Mrs. W. S. Kennedy of Galveston came Tuesday for a surprise visit with Mr. Kennedy's cousin, Mrs. Jewel Mason, and her son, John Hay. The Kennedys, whom Mrs. Mason had not seen for thirty years, left Wednesday for their home.

COOKING  
ELECTRIC!

Harvest Time...  
Time to reap the joys of  
ELECTRIC COOKING!

It's the traditional time of the year to reap the joys of harvest and it's time, too, to reap the joys of electric cooking. If you're not yet one of the millions of modern women who already cook electrically, then it's time you learned how easy electric cooking is. Take cleanliness, for example. Electric cooking is clean... no messy pan bottoms to clean because nothing burns onto the tops of electric elements or the bottoms of pans. Ovens are insulated on ALL SIX SIDES and they're automatic... just set and forget... whole meals cook for you automatically. It's harvest time... time for you to reap the joys of electric cooking.

### Slaton High School Published Annual Thirty-Six Years Ago

Slaton High School published an annual as far back as the year 1919-1920. This fact was revealed when a copy of the annual called "The Tumbler" was brought into the Slatonite office last week. The publication which had pages about the size of an ordinary text book was published and bound by the Slatonite. They used a green leather cover and used for their frontispiece the picture of a large tumble weed, from which the name was derived. This was the second volume to have been published.

C. V. Hall was superintendent of the school system which had twelve teachers at that time.

Beatrice Hardcastle, Melvin Cade, Frankie Allison, Mattie Locke, Florence Dodgen and Julian Joplin were the members of the graduating class. Joplin was editor-in-chief of the annual and Florence Dodgen was business manager.

#### Class Officers

Boyd Williamson was president of the junior class and Faye Hoffman was secretary-treasurer. That class had as their aim: "To reach the stars our wagons are hitched to." There were eight members in the class.

The sophomore class was headed by Bruce Pember as president with Marion Benton as vice president. Their motto was: "An idle brain is the devil's workshop."

Louelle Leverett, Garland Tait, Sug Robertson and Josephine McHugh were the freshman officers. Their motto read "We go this way but once."

#### En Resume

It was interesting to note that there was a good sized violin class as well as other music classes in 1919. An orchestra called "The Columbian Orchestra" had as its supervisor Miss Settle. Josephine McHugh was the accompanist and Virginia Egbert and Bruce Gentry played the violins. Herbert Tait the cornet, Garland Tait the clarinet, Sug Robertson and Wilson McKirahan the drums.

There was also a section about the home economics department. Their club was called the Ellen H. Richards Club.

#### Advertisers

There were a number of pages of advertising in the back of the book but almost none of them bore the names of the present day business firms. Many of them were the business places operated by the fathers of Slaton's present business men, for instance: City Barber Shop was operated by J. S. Bagby,

father of J. W. Bagby; C. C. Hoffman Real Estate and Insurance by the father of C. C. and Howard Hoffman; Pember and Nix Real Estate was operated by the father of Pember.

This interesting old document was brought in to the Slatonite by R. L. Smith who prizes it very highly. Maybe if you will look around you may find something that will be of interest to present day Slatonites.

### Stanley to Head Tiger's Cage Staff

The journalism class has selected the staff for the Tiger's Cage for the 1956-1957 school year. Chosen to head the staff as editor was Dal Stanley. Gregory Tomlinson was selected as the assistant editor.

The rest of the paper staff includes: sports editors, Dickie Thomas and Vic Huser; business manager, Claude Meyers; feature editor, Alma Roberts; circulation manager, Norberto Diaz; advertising managers, Larry White and Bobby Sokoll; and sponsor, Mrs. Helen Kerr.

The class will publish 15 copies this year. In addition they will write the articles for the senior edition which will be published by The Slatonite.

Several field trips are being planned for the class this year. These include a journalism meeting at Texas Tech, which is scheduled for this fall, and visits to The Slatonite and Lubbock Avalanche Journal newspaper offices. Also, members of the class will be able to compete in the Interscholastic League meet, which will be held next spring.

Last year an editorial on juvenile delinquency, written by Stiles Bebeber, won third place in the state meet. The entire paper received the Award of Honor rating which is equivalent to a number three rating.

HOME FURNITURE COMPANY announces Their

# ANNUAL HARVEST BONUS SALE

Sale Starts Saturday, Sept. 29, 9 a. m. through Oct. 20

When we made our policy statement to the people of Slaton almost 10 years ago we stated, among other things, that when we announced a sale it would be a real bonified sale, honestly presented, with values so outstanding that this would become one of the really big selling events of this area. We have stuck to this idea in spite of temptations to copy some of the larger cities' promotions in which claims are made that border on outright falsehood, and have accomplished our objectives. Many, many folks in our trade territory wait for this BIG OCTOBER SALE.

Now it is time once again for this "sellabration," and once more we are going all out to bring you values that will exceed anything offered anywhere on comparable merchandise. This PRICE CUTTING event is store-wide and nothing will be withheld. New merchandise will be slashed along with older stocks and the same fine quality we always sell is offered at prices others put on junk. Everything we sell is guaranteed under manufacturers' warranty unless otherwise stated and we will see that any complaints are adjusted to your satisfaction.

In addition to CUT PRICES that are out of this world many of the larger pieces will carry extra gift certificates for specific merchandise.

The prices on every item in the store are cut to an absolute minimum, including GIFTS and ACCESSORIES, PICTURES, MIRRORS, LAMPS, SPREADS and TABLES.

Terms to fit your budget can be arranged at usual interest rates and you have the protection of fully covered insurance at no extra cost.

**VISITOR RELATES IMPRESSIONS OF AMERICANS**

Iradj Master of Iran, who has been visiting in Slaton for the past eight weeks as guest of the Slaton Rotary Club, was asked by The Slatonite to write down his impressions of Americans, which he did before departing for home last Thursday. The following is what he wrote:

About Americans (Texans): They are very friendly and helpful. The average American is educated, active and interested in his work and wants to make progress.

American girls are pretty, but dress and cosmetics are two important factors in making this true.

Religion: I love the religious freedom found in this country. Also I find that in politics and in elections everybody is free.

Education: Your way of education is very easy. By this I mean everyone has an opportunity to be educated. In other countries girls and boys do not go together to school. They are separated.

Race problem is still not solved in Texas.

American food is rich and very tasteful; sometimes too sweet.

Agriculture: The most advanced country in the world.

TV: Interesting and enjoyable, but too much advertising.

Press: It is a free press, but carries too many wedding pictures.

Music: I am sure that Elvis Presley is not a right example of American music. I like your pretty music.

Sports: I like all American sports but football because it is a fight game. I do enjoy watching it.

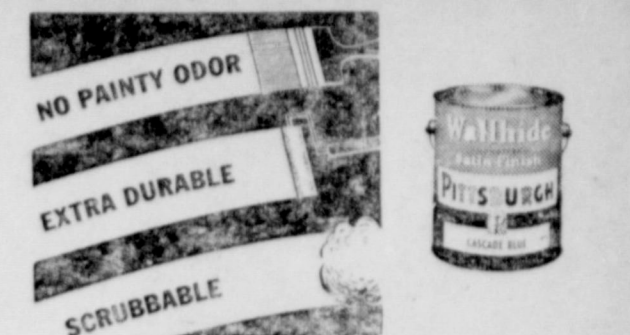

These two months in the United States have been wonderful and profitable, and have been a good education for me. It has also helped me in my vocation.

I want to express my thanks to the Rotary Club and to the people in this city who were kind and nice to me. I will remember you forever and hope to come back and see you all again. Goodbye, Iradj Master.

Mr. and Mrs. Gordon Davis and their children, Terry Don and Gary, visited in the homes of relatives in Littlefield over the weekend. They were the guests of her brother and sister-in-law, Mr. and Mrs. Roy Allen Hutson, and family, and guests in the home of her parents, Mr. and Mrs. Roy Hutson.

Mr. Bill Deaver visited in the home of Dick Knighten in Kim, Colorado, over the weekend.

PITTSBURGH PAINTS - ORIGINAL - LOOK LONGER

**From where I sit... by Joe Marsh**

**Changed Her Whole "Point of View"**

Some local high school teachers spent the summer taking courses at the State University. They learned a lot, but one of them—Miss Williams—got homesick.

"To save expenses," she reports, "we chose a hotel that was clean but grim. When I found my window looked out on a coal yard—my heart just sank!"

But, when Miss Williams noticed a pot of geraniums on the window sill—and a note saying "Look at these instead. (signed) Last Occupant"—she decided to stick it out. She kept those flowers watered and tended to make things that much easier on the next occupant.

From where I sit, it's often hard to adapt to new surroundings—just as new customs often seem strange to us at first. For instance, if you've always had tea with your meals you might find it odd that I prefer a glass of beer. It's OK to prefer what's familiar to you... but also keep an open mind on what's not.

Revolving Credit Plan For Open Accounts

Forrest's "REVOLVING CREDIT PLAN"

is a new service for those who prefer to pay a set amount monthly on purchases from Forrest. It works like a regular charge account except the Customer has a longer time to pay.

Any merchandise Forrest sells may be bought on this plan, providing that the price, plus the balance on the account, does not exceed the balance limit agreed upon.

**WHAT SIZE ACCOUNT IS AVAILABLE?**

If you pay each month	\$10	\$15	\$20	\$25	\$30	\$35	\$40	\$50
You may carry a balance up to	\$80	\$120	\$160	\$200	\$240	\$280	\$320	\$400

IS THERE ANY CHARGE FOR THIS SERVICE?

Yes, there is a small charge added each month. It is 1% of the outstanding balance at the statement time.

If the balance is \$90.00, for example, the service charge would be 90c.

Mrs. Melvin Curtis Eakin

## Miss Barbara Taylor Melvin Eakin Wed

Late afternoon rites read in the home of the bride's parents Saturday at 6 p. m. united in marriage Miss Barbara Sue Taylor and Melvin Curtis Eakin.

Parents of the couple are Mr. and Mrs. L. F. Taylor of New Home and Mr. and Mrs. M. C. Eakin of Slaton. The Rev. R. L. Clements, pastor of New Home Baptist Church, read a double ring ceremony before an improvised altar arrangement of white gladioli flanked by lighted tapers.

Miss Bobbie Roper accompanied Miss Sylvia Edwards who sang "Through the Years," "You'll Never Walk Alone," and "Wedding Prayer."

The bride's father gave her in

marriage. She wore a street length dress of white cotton lace designed with elongated bodice, scoop neckline and a skirt of unpressed pleats which stemmed from the hipline. A short jacket with elbow-length sleeves and a small collar complemented the dress. She carried a prayer book arrangement of phalaenopsis orchids in a bed of stephanotis.

Attendants  
Mr. and Mrs. Jerry Williams were the couple's only attendants. Mrs. Williams, sister of the bride, wore a dress styled similar to that of her sister in gray silk and cotton. Her flowers were an arrangement of pink venus carnations.

Candles were lighted by Jimmy Riney, cousin of the bride, from Wilson.

A cut lace cloth over pink covered the table which was decorated with mimosas for the reception. Pink lemonade was served with the three-tiered wedding cake, decorated in pink and aqua roses. Miss Gail Keith presided at the bride's book.

At Home in Lubbock  
The couple will be at home in Lubbock until mid-October, when Eakin, who is with the Navy, is assigned for a tour of duty aboard the U. S. S. Yorktown. The bride is a senior of New Home High School and Eakin is a graduate of Slaton High School.

## R. L. Vivial Funeral Rites Held Sunday

Funeral services were held at Schwenka-Baumgarten Funeral Home in Schulenberg last Sunday afternoon at 2:30 for R. L. Vivial. The Rev. H. H. Washington, pastor of the Methodist Church of Schulenberg officiated.

Mr. Vivial died Friday, Sept. 21 after suffering a heart attack earlier in the week. He had been in failing health for the past few years and had been seriously ill since suffering a stroke about five weeks ago. He was a resident of Slaton for fifteen years, moving away in 1937.

Survivors include his wife and two nephews, Robert and James Vivial of Slaton.

Mr. and Mrs. Robert Vivial, Mrs. Gus Vivial and James, Mr. and Mrs. Roland Schuette, Mr. and Mrs. Victor Heinrich and Mr. and Mrs. Ed Maeker of Slaton attended funeral services.

Mr. and Mrs. Leonard Ehrler entertained guests from Spokane, Washington, last Saturday. Tech Sgt. and Mrs. Jim Proctor and son, Mike, were enroute to Lackland Air Base in San Antonio.

Mrs. H. T. Hord had as guests last week her sister and brother-in-law, Mr. and Mrs. Bob Skeen, of Clovis, New Mexico. Mrs. Hord returned to Clovis with them for a visit.

Dr. and Mrs. J. A. Nesbit of Snyder were guests of Mr. and Mrs. R. D. Hickman last Saturday. The Nesbits were here to attend the Texas Tech football game with the Hickmans.

## 100 Football Fans Attend Touchdown Club Meeting

About 100 football fans attended the meeting of the Touchdown Club Monday night at the clubhouse. This large crowd was undoubtedly brought together in order to see the film of last week's football game in which the decisions of the umpires were questioned.

In a talk given by Coach Ehrler and verified by the film, he stated that the decisions of the officials in the game were correct except in minor detail. The coach also told of interscholastic league rules governing the conduct of football fans. Details of these rules may be found in a guest editorial on another page in this paper.

Coach Taylor talked to the group on the coming game with Roscoe. He stated that they had an all-senior football team this year; that their line averaged 160 pounds to the man with the backs averaging 145 pounds.

"This will be a tough game," he said.

President Bob Huser and the entire organization voted unanimously in backing the coaching staff in their stand of accepting all rulings of the officials at every game without question and without demonstrations.

## Young Ministers Visiting Slaton

Elder John R. Linford and Elder K. Eugene Blackner, missionaries representing the Church of Jesus Christ of the Church of Latter Day Saints arrived in Slaton last week end to spend the next three or four months in Slaton.

These young ministers will be making house to house calls getting acquainted with the people and talking to them about the church they represent. There is no congregation of this faith in Slaton but there is one in Lubbock.

This is a part of the ministry of that church that their young men who feel the call of the church do missionary work for a period of two years and then return to their chosen vocations.

They have just completed a three month stay in Tahoka.

AREA I OFFICERS, Future Homemakers of America, left to right: Mrs. Ina Dora Haile, area sponsor, Slaton; La Rue Elliott, parliamentarian, Lubbock; Shree Bon Jour, corresponding secretary, Amarillo; Martha Harcrow, treasurer, Childress; Barbara Britain, vice president, Stinnett; Helen Anne Norris, president, Slaton; Carolann Pinson, state recording secretary, Canadian; Mayla Atkinson, public relations office, Canyon; Ruby Peggram, civil defense chairman, Petersburg; Sharon Couch, song leader, Anton; Glenda Jones, pianist, Anton; Kay Bigham, historian, Lubbock; Esther Sorensen, Area I Advisor, Plainview.

Mrs. W. R. Greer returned last week from a two months visit in Houston with her daughter, Mrs. J. Fred Bucy, and Mr. Bucy.

Mrs. G. P. Farschon has as her guests this week her sister, Miss Pearl Corkill, of Alice and her niece, Mrs. Louis Ross of Sealy.

Mr. and Mrs. E. C. Houchin were guests of their daughter and son-in-law, Mr. and Mrs. B. C. Corley, in Lorenzo last Sunday.

## "Campus Corner"

By Beverly Bland

Saturday, Sept. 22, the FHA Area I Council Meeting was held at the Slaton high school auditorium. Officers from all area I chapters met and were served coffee at 8 a. m. and they were also served with a lunch prepared by some of the FHA. Helen Anne Norris, Area I President presided over the meeting.

Friday night at Sudan our Slaton Tigers played an excellent game and if time had permitted would have won the game. I would like to make a comment on the actions of some of Slaton's representatives. Even if the Tigers do not win another ball game we must back them and do our part as spectators.

tators.  
Pep rally time will be 3:10 p. m. Friday afternoon in the high school auditorium, and we would like to see a lot of townspeople come and participate, too. The Tiger game this Friday will be played at Rice.

## NEWS OF SLATON MEN IN SERVICE
