Doug Corrigan Explains All, And Is Forgiven

WASHINGTON, Aug. 1 (AP)—Field an Irishman named Douglas Corrigan to an Irishman named Dennis Mulligan: "I didn't do anything for aviation, but my plane did."

A "No detector" needle made a quick take-off—in the wrong direction—when Douglas Corrigan (left) said "certainly" to the question: "Did you really start for California?"

He has his flying license back—the suspension ended just before he landed in New York—but the license for his 1930 plane has not yet been returned.

Society + THE WORLD OF WOMEN + Fashions

F's Plan Fine Trips Or Entertain Guests

Alphabetically speaking, telephone users listed under the F's are either planning fine vacations or they are finishing off with a batch of company before being caught in the inevitable whirl of activity that accompanies the fall of the year.

It's entertaining and tripping time for the family of F's and here's the works:

FAUCETT, MRS. JOE M.: Has been entertaining her granddaughter, Joan Berry, of Haskell for the past three weeks and enjoying every minute of it.

FARRAR, MRS. A. B.: Is expecting her sister and brother-in-law, Mr. and Mrs. Perry Sims of Colbert, Okla., this weekend from Auburquerque where they have been on their vacation. Mary Ellen Farrar, daughter of Mrs. Farrar, is expected

to accompany them. Mary has spent the summer in Oklahoma with her uncle and aunt.

FAW, MRS. H. S.: Was ironing over a hot board when the telephone rang and she told the inquirer that she was trying to get her daughter, Jacqueline, off to Camp Wakitaina near Valley Mills, Tex., Friday. Of course, daughter is going to have a swell time but so is Mrs. Faw who declares her vacation will consist of nothing but rest.

FALTON, MRS. G. W.: Says her daughter, Jennie Faye, who has been attending both summer terms at Texas Tech, is expected home Aug. 25 to spend three weeks before returning for the winter session. Jennie Faye is to be a senior next year.

FAUCETT, MRS. JOE A.: Will probably go on a short trip but she doesn't have it all mapped out yet and she's not tellin'.

FREEMAN, MR. and MRS. L. L.: Will leave Aug. 16 for a two week trip to Denver, Colorado Springs and points in New Mexico. They are to be accompanied by their daughter and husband, Mr. and Mrs. Hugh Willis Dunagan, another daughter, Mary, and granddaughter, Harriett Ann Luehring. The men are to fish and the women will of course cook, but Mrs. Freeman said she didn't mind, in fact she rather likes it. But the big trip of the family is to be made by Mrs. Anna Mae Luehring of Big Springs and Barbara Freeman of El Paso, who will be accompanied by their daughter, Mr. and Mrs. Freeman, who leave Aug. 25 for Seattle where they will sail Aug. 30 for

Alaska. The girls are to take a 12-day cruise and will be gone possibly three weeks.

FLOYD, MRS. CHAR.: Is expecting her cousin, Dr. and Mrs. Parker Powell and son, Parker Preston, Jr., of Auburn, Ala., Steve Powell and sister, Laura Nancy Powell of Fort Worth in Thursday from the Caribbea caverns for a few days' visit. The party stopped for a short stay Tuesday en route to the caverns. Dr. Powell is a professor in the Auburn college and this is the family's first visit to West Texas. Mrs. Floyd said they liked this section very much but she hoped we had a good duster during their visit so they could get a real taste of the country.

FORT, MRS. J. E.: Is busy these days having her home at 1203 Wood, remodeled and repainted inside and out. She and Mr. Fort went on their vacation earlier in the season to Galveston.

FLOWERS, MRS. W. J.: Was busy Wednesday seeing her son and bride, Mr. and Mrs. Jack Flowers, off on their honeymoon to Monterey and points near Mexico City. The couple was married at Houston last weekend and came here for a visit Monday. After their trip they are to be at home in Houston. Mrs. Flowers said she was also expecting her son, Bill, home around Aug. 15 from New Orleans where he is employed by the Public Supply company. Bill was graduated from Tulane university at mid-term last year.

FILIPPIN, MRS. T. N.: Is entertaining her cousin, Jewel Lawson, of Odessa this week and just recently her sister, Mr. and Mrs. J. W. Stubblefield, of Burkburnett returned home after a visit in the Filippin home.

FARLEY, MR. and MRS. HAL and HAL DEE: Plan to go to Lake Sweetwater for a weekend fishing trip accompanied by Mr. and Mrs. R. L. Warren.

FERGUSON, MR. and MRS. NED: Who have been spending the summer out of town, writer Mrs. Ferguson's mother, Mrs. M. M. Jessup, that they have been to San Antonio, El Paso, Houston, Juarez and Caribbea caverns. However, most of the time has been spent on their ranch near Uvalde. Recently, Mrs. Jessup returned from a two months' trip to Lawton and other Oklahoma points.

FLEWELLEN, MRS. V. E.: Says this is one summer she hasn't had any company, doesn't expect any and isn't planning a trip. She suggested that the reporter not write about her daily activities because they are monotonous enough without her having to read about them.

FISHER, BETTY JEANNE: Is very busy these days packing and shopping for another year at Purdue University. She will be a sophomore the next year and hopes to get off around Sept. 12. Last year was her first time to attend the university and she liked it very much. She is the daughter of Mr. and Mrs. Joyce Fisher.

FRANKLIN, MRS. E. P.: Is go-

ing to El Paso soon to see her son, Alton Franklin. She also plans to swing around by Alpine for a visit with a former Big Spring resident, Mrs. Shelby Barnes.

FOX, MR. and MRS. HERBERT: Are planning a journey that will take them to Mrs. Fox's old home town and state—Linden, Mo. They will also visit Trenton, Mo., near her birthplace and in Kirkeville with her brother, Dave Williams. They will see an aunt, Alma Williams, while in the state and visit other points in Kansas and Oklahoma.

FOX, MRS. E. B.: Has been hosting her sister and husband, Mr. and Mrs. Fred Frink of San Augustine, Fla., who were here until Tuesday. Mrs. Frink will be remembered in Big Spring as the former Loraine Tate, her sister said. For the past eight years she has been teaching in the St. Augustine schools. Mrs. Fox has been quite busy this summer during the

illness of her husband, Mr. Fox, who has been ill for six weeks, is improved but still confined to his bed.

FROST, MRS. CHARLIE: Is vacationing in San Antonio and Corpus Christi. She is to be gone three weeks.

FRIESELL, MRS. BETTY: Has her daughter, Mr. and Mrs. P. W. Frizzell of Henderson here for a few weeks' visit. Mrs. Frizzell went on a two weeks' vacation recently which carried her to Houston and several points across the border.

FULLER, MRS. CLEO: Is expecting her sister, Mrs. Warren Chastain and two children, Ann and Joe, of Marfa, Tex., for a visit sometime this month. Mrs. Fuller said she has just moved to 1006 Nolan and has been busy the past few days putting things in order.

FUGLAAR, MRS. V. W.: Promises to let the Herald know if company surprises her because she doesn't expect any at the moment, and if she goes anywhere that sounds important, she's going to call.

FRANKLIN, MRS. JACK: Thinks a real vacation consists of going alone and that's what she plans to do. And she thinks it will be Colorado Springs but will ring when she starts.

FRANKLIN, MRS. I. W.: Has her brother, John Ward, of Comanche as a house guest. Mrs. Franklin has already had her vacation which consisted of a trip to Comanche.

Garden Party Given For Bridge Club By Mrs. H. W. Dunagan

Informal garden party at the home of Mrs. Hugh Willis Dunagan was given Wednesday evening for members and four guests, Mrs. Joe Pickle, Mrs. Franklin Nugent, Mrs. True Dunagan and Mrs. Henry Covert, of the Idle Art Bridge.

Bridge was played on tables placed on the back lawn. Prizes wrapped and tied with bouquets of garden flowers were presented to Mrs. Pickle who scored high, Mrs. Kelly Burns and Mrs. Glenn Queen who binged. Mrs. Nugent received the floating rize.

Others there were Mrs. Fletcher Sneed, Mrs. Ray McMahan, Evelyn Merrill and Mrs. Robert Reigle. Mrs. Lowndes Hanshaw is to be the next entertainer.

Two Resign From V-S Club At Recent Meeting

Mrs. George Demiche asked for a two months leave-of-absence and Mrs. Leon Cole and Mrs. A. D. Webb resigned at a meeting of the V-S club with Mrs. Duster Johnson Wednesday afternoon.

The afternoon was spent in playing plich with Mrs. E. F. Hinton receiving a guest prize, Mrs. Carl Merrick high and Mrs. V. A. Merrick low.

The Mexican theme was cleverly carried out in the tables and table appointments and favors of som-breros presented to the guests.

Others there were Mrs. Ray Tidwell and Mrs. Carl Madison.

Victory Of Sen. Caraway Gives Others Courage

Ark. Senator Says Service As Citizen Counts

By BETH CAMPBELL

WASHINGTON, Aug. 11 (AP)—Senator Hatlie Caraway's victory in the Arkansas primary encouraged other women today in their campaigns for political positions long monopolized by men.

The senior Arkansas senator, only woman ever elected to that office by popular vote, always has contended that senators should serve, not as men or women, but as citizens.

A similar viewpoint has been expressed by her five women colleagues in the house of representatives, all seeking reelection.

Rep. Nan Honeyman of Oregon and Rep. Virginia E. Jenckes of Indiana, both democrats, already have been renominated. Three other congresswomen seeking renomination are Rep. Mary E. Norton (D-N.J.), who steered the wage-hour bill through the house; Rep. Caroline O'Day (D-NY) and Rep. Edith Neugebauer (R-Miss.).

Two other women already have won places on the November congressional ballots. Mrs. Ruth Hollingshead defeated two male opponents for a democratic nomination in Iowa, and Mrs. Elsie Stanton of Wellston, Ohio, won in the democratic primary for Ohio's tenth district Tuesday.

Mrs. Caraway has served in the senate since the death of her husband in 1931, and has assumed greater responsibilities each year. She was the first woman to head a senate committee, the first to preside over the senate, and the first to conduct a senate hearing.

TEMPERANCE GROUP, BARTENDERS UNDER THE SAME ROOF

SAN FRANCISCO, Aug. 11 (AP)—Leaders of the nation's union bartenders and of the Woman's Christian Temperance Union, slept, ate and held meetings under the same roof today.

Both groups chose the same hotel as national convention headquarters.

The W. T. C. U. leaders remained in San Francisco to work out details of the militant anti-liquor program approved by delegates to the W. T. C. U. convention at the final session yesterday.

Officers of the Bartenders International League of America and of the hotel and restaurant employees' international alliance open meetings today preliminary to the groups' joint convention starting August 15.

Good Roads Committee For Fair Announced

SAN ANTONIO, Aug. 11 (AP)—A legislative committee to serve during the current year and also to supervise the association's exhibit at the fair to be held in Dallas beginning October 5 was announced here today by Datus Proper, San Antonio, executive vice president of the Texas Good Roads association.

Those named include Howard J. Jackson of Houston, chairman; R. L. Lucas, Fort Worth, vice chairman; Tom Bell, Huntsville; Hardy Eubank, McKinney; D. E. Blackburn, Victoria; Glover Johns, Corpus Christi; W. E. Terrell, Waco; Carl Rutland, Dallas, and J. C. Deal, San Angelo.

Big Spring Girls To Leave For Camp Near Valley Mills

Wakitaina camp near Valley Mills, Tex., is to attract three Big Spring girls for a two weeks session beginning Friday, including Mary Jo Russell, Jacqueline Faw and Gloria Conley.

The girls are to be accompanied Friday by Mrs. E. M. Conley who is to return in a few days.

More than ten acres along the Bosque river 25 miles from Waco, is devoted to the camp every year. Such things as campcraft, nature lore, handicraft, water sports, horse-back riding, dramatics, music, poetry and folkdancing are to be offered the campers at the fifth annual session.

The camp consists of eight screened cabins each accommodating 8 girls and a counselor and the meals are carefully planned by competent dietitians and prepared by an experienced cook and assistant.

MEXICANS SHOT IN ATTEMPTING TO ESCAPE GARRISON

EAGLE PASS, Aug. 11 (AP)—Mexican army officers announced yesterday two men they termed revolutionaries were shot by a military squadron during an attempted escape from the Piedras Negras garrison across the border from here.

General J. J. Quinones, garrison commander, said letters found in the Piedras Negras hotel room of former Col. Jose Martinez Motesuma and Miguel Martinez when the two were arrested Tuesday were from General Saturnino Cedillo, leader of the abortive San Luis Potosi revolt and now a fugitive.

Officers said the two overpowered a sentry and gained the roof of a building, where they were shot. Quinones said the letters showed the two had been active in the Piedras Negras area for some time. He said other documents and a large store of new guns were found in a house on the outskirts of the city.

One Dead In Oklahoma City Double Shooting

OKLAHOMA CITY, Aug. 11 (AP)—Mrs. Earl June Metcalf, 29, was found shot to death today under a framed motto, "Keep Smiling June," in her apartment and on a nearby bed lay Artie Thomas A. Reynolds, about 45, wounded seriously.

Acting Coroner Evert Crismore said the man was irrationally and attempted to question him failed.

Officers Joe Shelton and J. P. Longan found the body of the plump, attractive woman behind a china doll collection in her apartment. They said she apparently had been slain as she combed her hair before a mirror.

They said Betty Lou Warner, 12-year-old daughter of Mrs. Marie Warner, landlady, told them Mrs. Metcalf and Reynolds quarreled last night in front of the apartment, then both went to the woman's quarters.

CONFEDERATE VET DIES

KERRVILLE, Aug. 11 (AP)—Steve McElroy, one of two Confederate veterans in Kerr county, died at his Center Point home yesterday. He was 92 and had lived in Kerr county for 72 years.

The other Kerr county veteran, Dave Wharton, six months McElroy's senior, is seriously ill.

Charles Herring of Monahans and Mrs. Charles Turner of Sweetwater are guests of their parents, Mr. and Mrs. C. D. Herring.

House Guest Is Feted With Two Bridge Affairs

San Angelo Guest Of Mrs. Smith Named Honoree

Mrs. Paul Wilkinson of San Angelo, who has been a guest of her sister, Mrs. Dillon Smith, was feted with several lovely affairs during her visit, the latest being two parties this week.

Mrs. Lewis Rix and Mrs. Lloyd Wasson were co-hostess at the Settles in her honor Tuesday with a bridge. Mrs. Smith received high. Mrs. J. L. LeBlue second high and Mrs. Hayden Griffith binged. The honoree was presented with a gift.

Others there were Mrs. Fletcher Sneed, Mrs. Franklin Nugent, Mrs. T. M. Lumley, Mrs. Randall Pickle, Mrs. E. W. Potter and Mrs. Robert Stripling.

Wednesday afternoon the visitor was complimented with a bridge by Mrs. Hayden Griffith at the home of her sister, Mrs. Zolie Boykin.

High scores went to Mrs. Wasson, low to Mrs. Rix and a honoree gift to Mrs. Wilkinson.

Other guests were Mrs. Nugent, Mrs. Potter, Mrs. Smith and Mrs. Boykin.

Mrs. Wilkinson returned to her home Thursday morning.

Mrs. L. S. McDowell has recently returned from San Antonio where she visited her brother who suffered a heart attack July 1.

Girdler

(Continued from Page 1)

Republic, he said, is "prepared to produce hundreds of witnesses to support these charges."

"In view of these facts," he said in the statement, "I respectfully insist that the committee investigate the violations of the civil rights and liberties of American citizens by the C.I.O."

Girdler vigorously defended his action in refusing to sign a contract with the S.W.O.C. last year. It was this action, coupled with similar refusal by other "little steel" companies, which brought on the 1937 strike.

He said Republic officials were convinced that (1) a majority of their employees "did not want us to sign"; (2) that such a contract was "the first step toward a closed shop and the check-off," and (3) that the C.I.O. was "not under responsible leadership and that communistic influences were dominating its activities."

JIMMY ROOSEVELT HAS MADE \$170,000 IN PAST FIVE YEARS

BOSTON, Aug. 11 (AP)—The Evening American, in a copyrighted story, declared "Jimmy Roosevelt's total taxable income for the last five years was \$170,000."

"The income figures," the article said, "were revealed to The American by a responsible authority in refutation of the Saturday Evening Post article, 'Jimmy's Got It,' which contained an estimate of the James Roosevelt annual income as from \$100,000 to \$200,000."

The \$170,000 figure, the paper asserted, included the president's son's total from all sources, except his \$10,000 federal salary as secretary and aide to the president. That salary, by the law, is not taxable.

BRITISH SHIP HIT IN INSURGENT RAID

MADRID, Aug. 11 (AP)—The British ship Stanlake was struck by machine-gun bullets today in an insurgent air raid on Valencia's harbor district, the Spanish (government) press agency reported.

It said the ship was not struck by bombs and there were no casualties aboard. Fifty bombs fell along the waterfront but caused no injuries.

Five buildings were destroyed at Alicante, south of Valencia, in another air raid by five Italian-type insurgent bombers. Six persons were injured.

About 100 bombs fell in the San Juan quarter and in an outlying workers' district.

JAPAN PRESENTS ITS EVIDENCE

This map, published in the Japanese newspaper Oshu Mainichi, is said by the newspaper to be a Czarist Russian general staff map that shows Japan, by Russian figuring, has the proper claim to the territory over which the two nations have been fighting since July 25.

The line at the right, broken by 'x's, the paper says, is the Russian general staff's own conception of the boundary between Russia and what was then Manchuria, now Manchoukuo. This proves, the paper says, that Russia has no business in the territory. Broken on line that runs down to and around Khasan lake, the paper continues, is the Chinese official boundary between Manchoukuo and the U.S.S.R. The Korean boundary is the Tumen river. Heavy fighting has been reported in the Shachofeng sector.

Tells Of Card Game Night Elderly Physician Slain

SOUTH PARIS, Me., Aug. 11 (AP)—A picture of Deputy Sheriff Francis M. Carroll playing cards in a distant home at the hour elderly Dr. James G. Littlefield was slain last October 13 was painted today as counsel unfolded Carroll's defense—without the aid of his brunette daughter, Barbara, 18.

"Barbs," whose letters to her one-time sweetheart, Paul N. Dwyer, 19, figured in the chain of tragic events that ended in the strangulation of Dr. Littlefield and his wife, will not be called to testify, Defense Attorney Clyde R. Chapman announced.

The defense indicated it would close its case today.

Dwyer, now serving a life sentence for the doctor's murder, repudiated a "confession" and charged Carroll actually committed the crime in the Dwyer home because the physician threatened to imprison him for alleged maltreatment of Barbara when she was 12 or 13.

Well-Equipped For Traveling

NEW ORLEANS, Aug. 11 (AP)

John Yynch, 19-year-old former boy scout headed west with almost everything but the kitchen sink and the coat of arms, was quoted today.

He was in jail. Police charged the 200-pounder with being a fugitive from justice. They didn't know what justice he might be a fugitive from but the Union, N. J., had looked like a one-man regiment yesterday.

Detectives found John with this paraphernalia:

A 30-30 calibre rifle, a holstered .44 revolver, boy scout knapsack and ax, loaded cartridge belt, camera, slicer, scout knife, salt, bacon, flour, fishing tackle, frying pan, sauce pan, toothbrush, road map and canteen.

He wore a sailor's cap.

The detectives said he told them he had wanted to hike to California by way of the marshes of Louisiana's Gulf coast and the Texas plains but stopped in a pawn shop first.

John told them, the detectives said, that the shop clerk had showed him bearskins, and talked of rattlesnakes and timber wolves, and then had sold him a complete outfit and armament for getting safely across the continent.

ROPER SEES MORE BUSINESS GAINS

WASHINGTON, Aug. 11 (AP)

Secretary Roper declares an early summer gain in business morale has manifested itself in actual business program.

These gains, the commerce department chief said late yesterday on returning to work after a European vacation, have been spread "all along the line, and indications point to further momentum through the fall."

"The significance of this improvement has been increased employment and larger payrolls in numerous industries," he added.

Roper said it was not desirable that the upward trend reach boom proportions, but that he hoped "the advance will be on a safe and sound foundation."

MRS. CARAWAY HAS LEAD OF 8,000

LITTLE ROCK, Ark., Aug. 11 (AP)

Hattie W. Caraway, only woman senator, expressed gratification today over renomination "on my record" as compared to six years ago when the late Huey P. Long's political sideshow steered her to victory.

Related returns from Tuesday's democratic primary, in which nomination is tantamount to election, gave her a plurality of approximately 8,000 votes over Rep. John L. McClellan but he refused to "concede a thing until the last vote is counted."

Governor Carl E. Bailey, defeated for the senate in last October's special election to name a successor to the late Joe T. Robinson, came back to win a second term nomination against two opponents.

Trench Silo Not A New Thing, But It's A Great Thing, Specialist Says During Demonstrations

That hole in the ground... It's not a new thing, but it's a great thing, E. R. Eudaly, dairy and trench silo specialist of the Texas extension service, told groups in two demonstrations here Wednesday.

Joseph, in persuading Parosh to store the production of seven good years, used the idea, undoubtedly storing the grain and feed in the sides of hills. Since that time 3,000 years ago, the practice has continued to greater or lesser degree. In European countries trench silos are quite prevalent. Germany boasts nearly 300,000. They are new only to us," said Eudaly.

They are great things because they mean to the producer more dollars per acre, explained the silo expert. Moreover, they are the means of stabilizing the feed situation, which in turn stabilizes livestock production. This is so because trench ensilage goes twice as far as dry feed, not to mention quality.

Goes Twice As Far
"The average cow eats twice as much ensilage as she does dry feed, but you cut four tons from a field and by the time it dries, it is down to one ton. Put the same four tons into a trench silo and you take out four tons. Hence, it goes twice as far."

Feed in underground silos has the added advantage of retaining quality of green feed, particularly desirable for milk cows. The water per cent remains uniformly high, feed does not lose its protein content, has around 10 times as much mineral elements, and preserves the vitally important vitamin A.

Two Principles
The trench silo works on two principles. First upon fermentation and second upon exclusion of air, the thing that prevents rotting and makes possible incredibly long storage. They are easy to build, any farmer being able to construct one with his regular equipment. He has only to build in width and depth for minimum feed requirements, remember to slope his walls and to cut off his feed as he needs it.

Feed, it doesn't make much difference what kind, should be cut ripe, just ripe enough with still plenty of green leaves. This assures enough sugar content to set up fermentation with consequent production of alcohol in the ensilage. The green leaves provide the vitamin A content.

As it is being placed in the trench, feed should be wet down. Bundle stuff should be shingled in lengthwise with the trench to make sure of uniform feed and solid packing. When the trench is filled, it is covered over with a foot of dirt, and left to settle and

and make you more money in the acre, Eudaly said.

The demonstrations were conducted at the L. C. Matthias place northwest of Moore community, and at the U. S. Experiment Farm. The fight against worms over the county cut attendance to a small figure. Eudaly, accompanied by J. D. Prewitt, district agent will be in Glasscock county at the Harry Echols farm Thursday and will continue their demonstration and talks over this area the remainder of the week.

"WE'VE TRIED THEM ALL BUT PREFER DWIN FOR OUR OWN USE"

150,000 GROCERS CAN'T BE WRONG

Green restaurants, hotels and other handlers of food, have found DWIN. It is truly significant when such a great number of them select DWIN for their own use. Surely, there must be good reasons for this selection. The very reason why grocers and other food handlers select DWIN is your best guide to select DWIN for your own use.

AS FRAGRANT AS FLOWERS IN MAY

KILLS INSECTS IN HOUSE AND GARDEN

Do as the grocer does — use DWIN in your home — (and in your garden) — to kill insects. Your grocer knows that DWIN is effective, pleasant to use — that it will not harm food or injure fabrics. "As fragrant as flowers in May" DWIN leaves a delightful floral fragrance in rooms. Buy it in the green can from your grocer, drug, hardware or department store. Try it can today.

Examiners' Tests To Be Given Here By Red Cross Man

W. B. Morrison, chairman of the life saving committee of the Howard county Red Cross chapter, Thursday renewed his invitation of applications for examiners' certificates.

Roger Platsted, national Red Cross life saving expert, will be here August 17-18 to give examinations to those who wish to qualify as examiners.

Adults who previously have qualified for life saving certificates are eligible to apply for the examiners rating and to take the tests under Platsted next week, said Morrison.

Red Cross is making an effort to reduce the 7,000 deaths by drowning annually in the U. S. by a program of information and instruction to swimmers. Training of leadership is particularly important, hence Platsted's visit here.

BISHOP CHARGES SPANIARDS WITH MASS KILLINGS

NEW YORK, Aug. 11 (AP)—The playing of at least 11,000 clerics was charged against Spanish government forces today by the Rt. Rev. Karl Joseph Alter, bishop of Toledo, Ohio.

Bishop Alter, who returned from the Eucharistic congress at Budapest aboard the Italian liner Saturnia, said he had spent four weeks behind the lines of General Franco studying conditions among the civilian population.

In the province of Heaca, he said, he found only four churches left out of 400 that stood before the civil war began.

"The Reds smashed the altars and burned the churches," he said. "They not only destroyed the altars, but they also destroyed the graves, and opened the tombs above ground, dragged out the bones and in some cases used the tombs to make their beds in."

FD Hastens To Offset Idaho Loss

Evidently Hopes To Regain Prestige In Georgia

WASHINGTON, Aug. 11 (AP)—The Roosevelt administration apparently is trying to compensate in Georgia and possibly other states for the resounding defeat of New Deal Senator James P. Pope of Idaho.

This was the interpretation given today by some well-informed persons to the speed with which President Roosevelt followed Pope's downfall by endorsing Federal Attorney Lawrence Camp for the Georgia seat of Senator Walter F. George.

tion loss, which Republican Chairman John Hamilton called a "stunning blow to the New Deal," were the overwhelming re-election of Senator Robert J. Bulkley in Ohio and the victory of Senator Hattie Caraway in Arkansas.

The President indicated his favor for both of the latter last month. His unequivocal support of Camp yesterday showed that the much-discussed party "purge" is more than a figure of speech and that the defeat of George is an objective. He opposed the court bill.

The 1933 budget allocates 27,000,000 rubles "for the country's defense needs."

The trade turnover will increase from 125,000,000,000 rubles in 1927 to 140,500,000,000 in 1933.

Office workers will get 94,000,000,000 rubles in wages in 1933, against 82,000,000,000 last year.

Capital works expenditures for 1933 amount to 28,300,000,000 rubles, 30 per cent over 1927. The outlay for social and cultural measures will reach 31,400,000,000 rubles, 232 per cent more than in 1927 or 30 times more than a decade ago.

The number of elementary and secondary school pupils reached 33,000,000 in 1933.

W. H. Richardson, Jr., of Austin, chairman of the public safety commission, said the West Texas school would require all graduating students to complete the course beginning this fall. He expressed an opinion other schools would follow the example.

And it's good too. Monarch chicken is a King in cans, all ready to go except for a cream sauce or toast. If you are late from the bridge game or what have you and don't want hubby to know but what you have been cooking for his noon or evening meal all day — just open a can of this fine food and in a jiffy you are ready with a fine meal. It even has mushrooms in it!

Yes that's short for Crosse & Blackwell, about whom we spoke briefly last week. Well along about the year 1708 they started making consommé — so they have had quite a little experience along that line during the years that followed and really have something that is fit for kings, in fact they make it for the Crown, in England. We have it in the Madri-lene, Green and Red and want you to try a can of it. The price is 15c or two for 30c, but just until you have had a chance to try it. All you do is put it in the refrigerator and serve a few bites to each member of the family with your noon or evening meal — some like it for both. The two cans will last for some time.

Another C. & B. product we would like to have you try is their Tomato Juice. We have it in the tin. It is not too thick, but just right and is ideal for children and grown-ups. It contains plenty of vitamins "A," "B" & "C" as well as mineral salts and is fine for the whole family. Take a three can home for two bits, just to try it out.

We have a nice combination for you as a special this week-end in canned fruits. It is 2 cans No. 2 1-2 Red & White Peaches and 1 can No. 3 1-2 Red & White Apricots, all for 48c. That is a fine of fruit — good fruit too — for your money and you can well afford to take plenty of it at the price.

Others are: No. 1 Monarch Salad Vegetables 25c. No. 1 green asparagus 25c. Paper towels 10c. 5-ounce Marseilles cherries a dime. Pint pure apple cider 15c. Folsom's Coffee, lb. two bits.

Monarch Brand Juice, 1 1-2 lbs. Salad Waters 25c. Monarch Tapioca a dime. Well, are you seeing you this week-end, won't you?

Russia Shows Industry Gain

Budget For Next Year Submitted By Finance Officer

MOSCOW, Aug. 11 (AP)—Finance Commissar Arseny Zvereff reported today that the total Soviet Russian industrial output for 1933 was fixed at 87,500,000,000 rubles, 21 per cent more than 1927 figures.

(Russian parity is 5.06 rubles to the dollar.)

The supreme soviet, or parliament, to which he reported was asked to approve 1933 budget estimates of 125,184,000,000 rubles in expenditures for "increasing public wealth, raising workers' material and cultural levels, consolidating the independence of the U. S. S. R. and strengthening its defense capacity."

CENTER HUNT FOR CONVICTS NEAR TEXARKANA

TEXARKANA, Ark., Aug. 11 (AP)—Officers concentrated their search here today for the last member of a quartet of convicts who Friday escaped the Central state prison farm at Sugarland.

The third fugitive to be taken was Gilbert Sanderson, who was captured here last night by Deputy Sheriff John Ponder and Patrolman Bryan Westerfield. Officers believed Maxie Lott, the other convict, was also in this section.

Sanderson, Lott, Homer King and John Barish made their escape after slugging a guard with a shovel. King and Barish were taken into custody here Sunday night.

Social Security Week in Texas To Be Observed

ARLINGTON, Aug. 11.—Field men of the Texas Unemployment Compensation and of the Social Security board will be available as speakers before civic clubs during Social Security Week, H. H. Rumph, district supervisor of the unemployment commission, said here today.

Social Security Week in Texas has been proclaimed for the week of August 14-21 by Gov. James V. Alfred.

The governor asked Texans to participate in local observances and "acquaint themselves with efforts of state and federal governments to bring a greater measure of security for the individual."

"August 14 marks the third anniversary of the signing of the social security act," the proclamation read, "the most significant national legislation ever enacted for the general welfare of the American people."

"It is well for the people of Texas to reflect upon the events of the past three years which have brought about a greater measure of security for Texans than ever before."

"Old age assistance has brought aid to needy old people, unemployment compensation has proved a boon to jobless workers, and humanity has been served through the extension of child welfare, maternal and child health, crippled children, vocational rehabilitation and public health services."

"We should consider further the fact that Texas is one of a small number of states which have not provided assistance to their dependent children and needy blind."

"Because of the social welfare of our people is a fundamental requirement to the material progress and economic development of our state, social security should interest every Texan to the extent that he familiarize himself with its every phase."

HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other Poisonous Waste
Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 4 pints a day or about 5 pounds of waste. Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of nagging backache, rheumatic pain, leg pain, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headache.

Don't wait! Ask your doctor for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Marland Views His Guardsmen

Troops Out Practicing For Sunday's Sham Battle

CAMP BULLIS, Aug. 11 (AP)—Dust rose on the parade ground today as Governor E. W. Marland of Oklahoma came down to this hill-walled third army encampment to review national guardsmen from his state.

The Oklahoma governor, who recently was defeated for the democratic nomination to the United States senate, was greeted by Major General William S. Key, who failed to get the Oklahoma democratic nomination for governor in the same primary.

A nineteen gun salute was fired by Battery A of the 16th field artillery as troopers of the 379th infantry stood at attention before Governor Marland, the 120th medical regiment band from Oklahoma City escorted Governor Marland to general headquarters of the 45th division, where General Claude V. Birkhead, commander of the 36th division, a Texas unit of the third army, greeted him.

Even as the military and civil authorities went through their formal reception, the majority of the 26,000 troopers were out in the meadows covered hills banging away in practice for Sunday's scheduled "battle" in which brown and blue forces will begin a four day struggle over the southwestern military zone.

Long before dawn, bands were playing, soldiers were marching and guns were popping in the hills as the Texas and Oklahoma national guardsmen, augmented by regular army soldiers from Fort Sam Houston and Fort Sill of the eighth corps area, took to the field to study the military problems that will confront them when the sham battle opens.

The sun beat down on the fabric-helmed troops as they scattered in detachments over this 273 square mile area, which will become a battleground beginning Sunday.

Since Saturday the 9,800 regular army officers and men and the 16,409 officers and national guardsmen from Texas, Oklahoma, New Mexico and Arizona, have been drilling for the maneuvers on this 20,000 acre military reservation.

DRAWS FINE, SENTENCE

CORSCIANA, Aug. 11 (AP)—Mrs. Will Warren of Dawson was fined \$100 and sentenced to three days in the county jail this morning by District Judge Wayne R. Howell on a contempt of court hearing. Mrs. Warren was cited for contempt for alleged violation of an injunction, restraining her from violating the prohibition laws.

Pike's Peak Editor Has Fun In Reviving Climbers Who Faint

By the AP Feature Service
ATOP PIKES PEAK, Colo.—A girl has brought newspaper rivalry to bald old Pike's Peak.

Until this summer the Pike's Peak Daily News, founded 42 years ago, was supreme.

Now there is the Pike's Peak Daily Herald, too. Its editor is Ruth Morehouse, 16, daughter of Ward Morehouse, playwright and columnist for the New York Sun.

The two papers serve the 200,000-odd visitors who ascend the famous mountain every summer. These pay 15 cents each for copies containing their names, which are taken from the peak's visitors' register.

Shirley Was "Big News" Miss Morehouse pounds out news copy in the old cog road station, competing with Oris and Ben Stewart, owners of The News. Their offices are in a new highway station 100 yards away.

Besides the names, the newspapers print "hot news" that "breaks" on the peak. News originating any place else is ignored. The biggest break this year was the visit of Shirley Temple. Last year it was the presence of Alf Landon at a dinner given by Sanford Jarrell, publisher of The Herald, and Ruth's stepfather.

Ambition: Ballet Dancer "It's ever so much fun," Ruth says of her job. "You meet such interesting people and so many of them."

"Do you plan to adopt journalism as a career?" "Oh, no. But it's interesting." She plans to be a ballet dancer; thinks it's more fun and more interesting.

Her most exciting task, she says, is reviving people who faint from the altitude when they reach the top. "We give them ammonia and it brings them around," she explains.

Authority Answers Question Of 'When Is Lamb Spring Lamb?'

By Martha Logan
Does it ever seem queer to you to see spring lamb advertised on the market during the late summer and fall? Time was when spring lamb was available only in the spring, but not the experience and cooperation of producers, feeders, and packers, along with geographic climatic conditions which permit lambs to be born at various months during the year, give the United States a continuous supply of choice lambs on the market all the time.

In the spring of the year the new year's crop of lamb starts coming to market, and the quality supply is maintained through the late fall and winter months by finishing the late-born on feed in the western feed lots.

So it is that scientific farming and modern transportation and marketing made possible spring lamb as a year around meat. However, it is true that the greatest supply of spring lambs starts coming to market in August and continues in increasing number through September and October.

Choice lamb roasts are the leg, loin and shoulder cuts, depending on the size roast needed for your family. Many connoisseurs of lamb prefer the juicy tenderness of a shoulder cut roasted in an uncovered pan, without water, in a slow (325°) oven, allowing about 30 minutes per pound for medium done and 35 minutes per pound for well-done lamb. Of course, this roast, like all others, is placed fat side up on a rack placed in the pan. Although we recommend leaving the thin paper-like covering, called the fell, on a leg roast, carving is more easily accomplished if the fell is removed from the shoulder. So, too, the carver may appreciate having the bones removed to form a cushion style roast, with or without stuffing. For seasoning, salt, pepper, and a bit of garlic for those who like the flavor rubbed on the meat before roasting.

Last year, lamb should be served very hot on hot plates or cold on cold plates. All in-between stages of temperature spoil the delicate flavor that makes lamb such a truly delicious meat.

WASHINGTON, Aug. 11 (AP)—Rep. Dies (D-Tex) said he would introduce a resolution as soon as congress convenes expressing opposition to appointment of federal judges who are not residents of the districts affected.

Dies said he was "amazed" at the commendatory letters and wires he said he received from Texas since he expressed opposition to the confirmation of Gov. James V. Alfred of Texas as judge of the southern Texas district. Wichita Falls is not in the judicial district to which Alfred was appointed.

Dies said protests he had received included a number from labor organization in South Texas. He said he would fight Alfred's confirmation.

WASHINGTON, Aug. 11 (AP)—Secretary Wallace urged farmers today to defend "your farm programs" against "enemies" who, he said, sought to destroy agriculture by advancing price-fixing and export-dumping substitutes for the new farm law.

The administration farm chief envisioned a "return to 1922" with four-cent cotton, 30 cent wheat and three-cent hogs unless "we get genuine and complete compliance" with present programs.

DETROIT, Aug. 11 (AP)—A police guard was posted today at the home of Richard T. Frankenstein, one of the deposed vice presidents of the United Auto Workers of America, following the bombing late last night of a garage at the rear of his residence.

O'DANIEL BOYS RETURN HOME

AUSTIN, Aug. 11 (AP)—Pat and Mike O'Daniel, sons of the democratic gubernatorial nominee, sped toward their Fort Worth home today in a highway patrol car following a tour of Public Safety Department headquarters here.

The youths, accompanied by Capt. P. Collins, Jr., of Dallas, lingered longest at the crime detection laboratories which include a collection of 600 guns.

The O'Daniel family will be reunited when the boys reach home, their father, mother and sister having left Austin yesterday.

The group was guests of Governor and Mrs. Alfred at the mansion.

WICHITA MAN HEADS SCHOOL ASSOCIATION

COLLEGE STATION, Aug. 11 (AP)—J. B. Golden, superintendent of schools in Wichita county, heads the County Superintendents and County Supervisors association for the ensuing year.

The association elected Goldman chairman yesterday and will end the annual conference today with action on resolutions.

W. Popham, Travis county, was elected vice-chairman; Miss Dixie Boyd, Denton county supervisor, secretary, and Mrs. W. W. Hall, Bell county supervisor, treasurer.

Executive committee members named included: Miss Anne Martin, Howard county superintendent, and Alex Dickie, deputy state superintendent, Denton.

Work To Begin On Mexico Highway

EAGLE PASS, Aug. 11 (AP)—Construction will begin immediately on a new paved highway from Piedras Negras to Saltillo, crossing the state of Coahuila, Mexico, reports here today.

Governor Rodriguez Triana of Coahuila was reported to have contracted with a Mexican company for the construction which will be completed in 14 months at a cost of 200,000 pesos monthly.

The highway will be from the border to the Coahuila capitol and will open a new tourist route to connect with the Pan-American highway below Monterrey.

THEY GET THE GAME

CLARENDON, Aug. 11 (AP)—Fish and weather stories coming out of the Texas Panhandle never are questioned.

The Rev. Homer Holcombe and Marcellus Stovall went fishing in Briscoe county (population 62 to the square mile). Said Stovall: "We stayed all night and caught 50 pounds of fish; captured three coon-cubs; killed two rattlesnakes; took alive a pair of blue quail and shot 23 stunks."

In proof, the nimrods brought home the cubs and game birds, but no one cared personally to check the skunk count.

MEXICO OIL FIRMS LOSE COURT APPEAL

MEXICO CITY, Aug. 11 (AP)—Three oil companies have lost an appeal to the Mexican supreme court to regain sequestered oil property because it belongs not to Mexico but to the United States.

The Huasteca Oil Fields corporation, Border Oil company, and Compania de Inversiones Arlian were the appellants.

The property, in Reynosa district, Tamaulipas state, was turned over to government oil interests in 1928.

A court investigation, however, ascertained that the property passed to the United States in 1826, when a Brooks county, Tex. court clerk granted title to the land to P. Garcia and Juan Garcia Diaz. The lots were known as "El Perdido" and "Vergas."

The product of the Newfoundland cod-fisheries is valued at about \$20,000,000 a season.

WTCC Sends Out Questionnaires To Counties Of Area

ABILENE, Aug. 11 — Report blanks to obtain information on amount of soil and water conservation work completed prior to January 1, 1938, have been sent to all counties which have entered the West Texas Chamber of Commerce Soil and Water Utilization contest.

Answers to the questions asked in these blanks and a 2,000-word summary of work done prior to that date will give a complete picture of each West Texas county as far as soil and water conservation work is concerned.

Work done between January 1, 1938, and December 31, 1938, will count in the WTCC contest which offers \$1,000 in cash prizes annually.

Questions asked in the blanks include number of acres terraced, number of acres of pasture land built, number of tanks built, number of spreader dams, number of acres placed under irrigation, number of acres freed from obnoxious plants and rodents, number of feet of windbreaks and border plantings, number of subirrigated gardens, percentage of land where deferred grazing was practiced.

Sixty-eight West Texas counties with a total of fifty million acres in farm and ranch land have entered the contest to date. They are:

Midland, Wichita Throckmorton, Kink, Borden, Fisher, Taylor, Floyd, Jack, Dawson, Dickens, Jones, Lynn, Palo Pinto, Howard, Scurry, Yoakum, Wilbarger, Tom Green, Val Verde, Llano, Baylor, Briscoe, Oldham, Cottle, Reagan, Menard, Reeves, Terrell, El Paso, San Saba, Martin, Coryell, Archer, Eastland, Haskell, Sterling, Mitchell, Irion, Brewster, Jeff Davis, Stephens, Garza, Hood, Runnels, Glascock, Clay, Nolan, Hansford, Culberson, Coke, Kent, Winkler, Stonewall, Sutton, Wheeler, Board, Callahan, Young, Wise, Knox, Hudspeth, Upton, Blanco, Bosque, Hall, Loving and Lubbock.

WEAK ARCHES

Cause Most Foot Troubles

Many people suffering from foot troubles do not realize that the underlying cause is weak, broken-down arches. Weak, tipped-in ankles; callouses, pains and cramps at the ball of the foot; soft corns between the toes; rheumatic-like pains in the feet and legs and many other foot aches and pains are frequently due to defective arches.

These agonizing pains are usually relieved when the arches have been restored to their normal position. By so doing the strain on the muscles, ligaments and nerves—the cause of your suffering—is removed and immediate relief is secured.

Shell Units Adopt Pension Plan For All Employees

Alexander Fraser, president of Shell Petroleum corporation and Shell Pipeline corporation, today announced the adoption of a retirement pension plan, the provisions of which will extend to all of the 27,500 Shell employees in the United States and Canada. The plan, which is designated to round out a broad program of social benefits already in force, will date back to January 1, 1938. The form of the plan was determined after a careful study of factors involved in providing old age security and is different in several respects from other pension plans.

The Shell pensions will be provided by the companies without

Normal retirement ages are defined as sixty years for men and fifty-five for women, but retirement at these ages is not compulsory.

The plan has as its object the provision of a pension equal to forty per cent of the employee's average annual wages or salary during the five years immediately preceding retirement. For provident fund members, however, the annual pension will be reduced by an amount equal to four per cent of the sum standing on the company side of the members' account in the fund at retirement. If an employee receives a social security pension the Shell pension will be adjusted accordingly.

Gas Market Is Not So Strong

Oil Industry Concerned About Unfavorable Trend

TULSA, Okla., Aug. 11 (AP)—Unbusiness about the gasoline market caused some concern to the oil industry today while otherwise the business seemed to be about holding its own.

Marketers in the mid-continent reported motor fuel had a hesitant tone, a puzzling factor in the face of lively consumption and a good reduction of storage stocks which were so heavy a few months ago.

Company executives noted that August generally is the month of the heaviest gasoline business during the year and agrees soft spots in that commodity at this season was a distinctly unfavorable trend.

Already the midsummer sluggishness was so pronounced that there was talk about whether it could be a forecast of an early autumn downturn in all lines.

One reason cited for the weakness was that the general upturn in gasoline prices, so confidently predicted three weeks ago, had failed to materialize. Some refiners

had built up their stocks in anticipation of an increase and were back in the market to dispose of these stocks. It generally was reported most of this material had been disposed of.

Drilling work slackened off for the week, with a total of 459 wells completed in the nation, 77 less than the week before. Oklahoma had some wildcat tests showing for pool openers. Kansas and Texas major drilling areas reported a number of extensions and pool openers.

The oil and gas journal's report showed that to date 15,820 wells had been completed in the United States this year, compared to 18,279 the same week last year.

SHEPPARD HAS THIRD WINNER

GOSHEN, N. Y., Aug. 11 (AP)—McLin may not be another Shirley Hanover, but he at least has proved that Lawrence B. Sheppard knows his trotters.

Sheppard, 40-year-old head of the Hanover, Pa., shoe farms, backed his judgment with cash last week when he paid W. H. Cane \$20,000 for the bay son of Mr. McElwain-Ethelinda with the hopes the colt would carry the famous orange and blue silks to their third Hambletonian victory. Hanover's Bertha won the first in 1930 and Shirley Hanover repeated last year in record time.

McLin was not long in keeping faith. Matching strides with nine other three-year-old trotters, McLin won trotting's richest race at Good Time track yesterday and came within less than \$56 of earning his purchase price. To be exact he won \$19,944.80, and the year is not over. His next start probably will be in the \$7,500 stake at Syracuse's grand circuit meeting and then comes the \$5,000 Horseman's stake and \$8,500 futurity at Lexington.

Most outstanding about the new program will be the continued appearance of Morton Downey, whose tremendous hit with the current program, easily the most emphatic ever registered by any single artist in this part of the country, made it imperative that the famous radio vocalist be retained. THE SPORTS PARADE

By HANK HART

Valuable Aid This observer believes that one of the best moves of the season was made Wednesday when Aubrey Harlow's name was attached onto the dotted line of a Barons contract.

The rangy Coahoma lad, undoubtedly the rover power behind the Continental Oilers, will make a valuable hand. Too, he can play anywhere and everywhere, shines best at first base. As long as Harry Siegbert is on hand, however, Harlow will continue to patrol the gardens.

He had some trouble in spotting the ball under the lights last night in his nocturnal debut but he is power personified. He hooked into two of Marshall Scott's slinkers last eve and blasted them with Ruthian ruthlessness only to have the wind catch them and pull them into the fielders' hands.

The signing of Harlow following the release of Simmons and Fowler outfielder and catcher, respectively, Simmons, who came here from the Amerasia, N. M., team where he batted in cleanup position, simply couldn't adjust himself to night play while Fowler, a good weekend ball player, found professional baseball a strange and a troublesome thing.

Thanks to the Texas Electric Service company, the power bill for the park's lights has been reduced considerably. The directors, after a confab with the company's officials, came out all smiles and thanked everyone for the new deal.

Records Bear Out

Johnny Soden, the hard hitting little righthanded flinger who came up with three licks in four trips last night, may not have won as many games as have some of the other pitchers in this league but a better earned run average can hardly be boasted by any of the top fighters. Johnny has surrendered but an average of 2.2 runs per game in Barons park and has done almost that well around the circuit.

The Hobbs crew boasts one of the better offenses in the WT-NM league family but their defense is something else again which is probably the main reason that Neal Rabe and his outfit are riding in the cellar. In three games some time ago in Clovis, the Boosters tallied a

BARONS AND BOOSTERS MEET IN FINAL GAME TONIGHT

Gliatto Takes Cats' Measure

Leds Dallas To 6-4 Win; Ships Bounce Santone, 5-0

By The Associated Press There was a healthy margin today between the top four teams and the second division in the fight for places in the Texas league playoff.

Fourth spot Tulsa, beginning to lose its luster as the season's most disastrous slump, was five games ahead of fifth place Houston which now looks like the only team with an outside chance to break into a play-off position instead of Tulsa, Oklahoma City or San Antonio.

Last night league-leading Beaumont bounced San Antonio again and widened its margin to six and one half games over the Padres. The score was 5-0 as John Tate gave up only three hits, all singles.

Tulsa downed Oklahoma City, third place club, 3-2. Little Sal Gliatto hung up his fifteenth pitching win of the season as the Dallas Steers harpooned the Fort Worth Cats, 6-4.

Bill Selsoth pitched a five-hitter to give the Houston Buffs a 3-1 victory over Shreveport.

total of 39 runs, yet lost every game of the series.

Hobbs' Tony Bonk, who has shown fine promise but far resembles George Donaldson, the mighty slugger who went to Abbeville earlier in the season. Bonk is probably a better prospect than Don in that he performs better at field. He's playing in George's old position—right field.

Time Will Tell

When the local crew returns from its road trip next week, a jaunt that will carry them through Hobbs and Wink for a total of nine games, they will open their final home stay of the year, will be here for nine days, meeting Clovis, Lubbock and Midland in that order.

Several of the other teams already assured places in the Shaugnessy playoff, are backing Big Spring to slide its way past Wink, now three and one-half games in front, but that task lies with the Barons, themselves. They meet Wink for six games in three days next week and that series is going to write WT-NM league history.

Rabemen Clout Out 12-4 Win Wednesday

Visitors Tally All Runs In First Four Innings

Showing plainly that they were not going to cooperate in boosting the local forces, 12-4, here Wednesday in the Barons ballwick, evening the series count at one all.

The Rabemen, however, did not lose ground in the stretch drive since the Wink Spudders, who are occupying the coveted fourth place in the league standings at the present time, dropped their second decision in a row to Lubbock's Hubbers, 8-3.

Clarence Trantham, who started on the hill for the Barons, was bombarded to the sidelines before he could retire a man and the invaders sewed up the decision then and there. He surrendered five hits and as many runs before seeking safety in the dugout.

Soden Successor Johnny Soden took over and, although hopelessly beaten, did a fair job of throttling the opposition's bats and collected three licks, including a triple, to his personal batting ledger.

The Rabemen collected 13 assorted blows off Trantham and Soden while Marshall Scott, the Boosters' best pitcher but, was scattering 11 Barons licks effectively. He did not give up a tally until the fifth and by that time his mates had wound up their scoring.

Siegbert Homers The highlight clout of the evening went to Harry Siegbert, as Big Spring first sacker, who waited until two were out and Aubrey Harlow had singled in the eighth frame to slap out a long home run. It was his second found tripper of the season.

The two aggregations are to meet again tonight in the series finale in a game scheduled to get underway at 8:30 p. m. Fat Stacey will be the slab for the Barons while Tommy Hoggs, ex Tommy Finks will probably get the pitching assignment for the Boosters.

Following tonight's affair, the Barons hit the road for six days, a stretch in which the locals will play nine games. They return home next Thursday opposing Clovis. Box score: A B R H P O A E

RUDDER TAKES OVER STEPHENVILLE, Aug. 11 (AP)—The football coaching staff of John Tarleton college has been completed with Earl Rudder taking the place vacated by Assistant Coach H. J. (Choc) Sanders, who resigned.

Rudder, a product of Tarleton and Texas A. and M. has been coach of Brady high school for four years.

Placens Armstrong The transfer to the Garden pleased Armstrong right down to the ground. Both the little negro and his portly manager, Eddie Mead, wanted to fight Ambers there at long last but the lightweight king insisted it would require at least a ball park to hold the crowd.

He doesn't need to worry about that now. There probably weren't more than 5,000 customers rattling around in the Giants' parlor when the rain came last night, and there were none to speak of on the outside trying to get in.

Jacobs, a pained expression on his face, did his best to get the thing over with. As it began to drizzle shortly before the first preliminary was due, he dispatched messengers to Armstrong and Ambers telling them to prepare to go on at a moment's notice. He had the ring lights snapped on and invited what few ringiders there were to go back and sit under the covered stands, which they did. But then it began to come down in earnest, soaking the canvas of the ring, and Mike reluctantly said enough.

LONE STAR CLINCHES MAJOR LOOP CROWN

CONOCO EDGED OUT IN FAST GAME, 3-2

Lone Star Chevrolet's softball team, who finished in a tie for second place during first half play, edged out Conoco's Pumpers, 3-2, in a battle for top place in the last half runoff Wednesday evening and qualified themselves for the championship playoff with Ben Daniel's Devils. The two crews will tangle in the first game of the playoff next Monday with the city title at stake.

The Rowemen tallied all their runs in the sixth frame when base hits by Henderson, Smith and Harris and a long fly by Ramsey enabled them to overtake a one run lead the Conocos had built up in the second when Lunceford had tallied.

The Pumpers rebounded in the seventh when Campbell and S. Moody singled, driving the former into pay dirt, but Smith retired Hale at first base to end the game.

Lunceford limited the Chevy crew to six base hits and struck out the three men to face him in the seventh but he could not get the necessary support.

Henderson, on the hill for the victors, was touched for eight base blows.

WON FOUR OF FIVE It's not that the Cards are going anywhere at any great rate, even now. But still the six-footer from Arkansas has returned to form, gone the route in five of his last six starts, allowed just eight runs in five, three of them by shutouts.

Lonnie's latest was a four-hit 5-0 whitewashing over the league-leading Pittsburgh Pirates yesterday in a game cut to seven innings by Vander Meer, now, has been running just the reverse. Young Johnny tossed two no-hitters in a row, if you remember, and was instantly labeled the hottest thing to come down the pike in years.

But Johnny has failed to go the route in his last five starts, boasts just one victory in seven trips to the post since mid-July, and has been tagged for 26 runs in about 45 innings, which goes to show you how fast things can change. Yesterday he went against the Chicago Cubs, but his boom-boom ball was belted for four runs in the eighth frame, and the happy Hartnett took a 6-3 decision.

Within Half a Game By the win, the Cubs climbed to within half a game of the New York Giants, who were given a neat and thorough going over by the Boston Bees, 8-9, and remained six and a half games off the Pittsburgh pace.

The Yankees held their five game edge in the American league by nipping the Senators, 12-11, in a weird 10-inning affair. Cleveland's second-place Indians had to stage a five-run rally in the ninth to stop the St. Louis Browns, 9-6.

Swingin' Sammy Chapman celebrated his return to the Athletics' lineup with a two-run homer that beat the Boston Red Sox, 5-3. The Chicago White Sox clubbed four pitchers for 15 hits to nose out the Tigers, 8-7.

TAAF Boxing Meet Gets Underway In Abilene ABILENE, Aug. 11 (AP)—The Texas Amateur Athletic federation boxing tournament will get under way here tonight and will continue through Saturday.

More than 100 amateur fighters are entered in the tournament with Fort Arthur sending four champions. Last year's meet was held at Abilene.

Richard Menchaca, 1937 flyweight champion; Morris Corona, Gulf Coast A.A.U. lightweight titlist; Joe Kopp, A.A.U. No. 1 light heavyweight; and Donald Harper, 1938 Golden Gloves bantam champion, were those coming from Fort Arthur.

Forty fights will be held each night. Champions in nine divisions will be crowned.

SNEAD FIRES 29 IN DRILL ROUND AT CLEVELAND CLEVELAND, Aug. 11 (AP)—Two hundred golfers, including most of the top-notch professionals, started out today in quest of the \$10,000 prize money in the Cleveland open tournament at Oakwood Country club.

Sam Snead, distance ace from West Virginia, sounded a warning to rivals yesterday when he played the second nine par 36 in 29 strokes. He took a birdie three with a 40-foot putt on the 18th green.

Contenders include Ralph Guldahl, National Open champion; John Revolta, Dick Metz, Donny Shute, Paul Runyan, Harry Cooper, Henry Picard and Ed Dwyer.

Warneke Sets Bucs Down, Yanks Win

Baseball Fortunes Change Fast; Red Ace Falters

By SID FEDER Associated Press Sports Writer You never can tell in this baseball business. The fellow who draws his pay-check every two weeks from the club treasurer will tell you it's champagne one day, water the next; a limousine today and a hitch-hike tomorrow.

They know there isn't an awful lot of difference between a pat on the back and a pop bottle out of the stands.

Take a look at a couple of this year's examples—long Lonnie Warneke, one of the few reasons the St. Louis Cardinals are still in the National league, and Johnny Vander Meer, the double-no-hit kid, whose tossing tricks earlier in the year boosted the Cincinnati Reds into the money.

For weeks, Lon Long was getting exactly nowhere. And Frankie Frisch, who has enough worries (things being what they are with the gasless Gas House) had just one more reason for his thinning grey locks.

Jinx Fight Is Going Indoors

Every Thing, Including Heavy Battle, Hurt Gate

By EDDIE BRIETZ NEW YORK, Aug. 10 (AP)—It was a jinx fight from the day it was signed. . . . Nobody warmed up to it. . . . It never was an outdoor show, anyway and now they've got it where it belongs—in the garden. . . . From the start ticket sales have lagged which discouraged the fighters as well as their pilots and Promoter Mike Jacobs. . . . Not one in 20 ever gave Ambers a chance against Armstrong and that hurt. . . . Another thing, interest in Schmeling and Louis reached such a high peak that when the reaction set in it really set in. . . . The sports world still is talking about that fight.

Can't keep football news from sneaking onto the sports pages, boys. Here's George Halas, owner of the Chicago Bears, predicting the 1938 season will be one of the most outstanding in history. . . . And out at Ann Arbor they're getting ready for a crowd of 75,000 for the Michigan-Michigan State game largely because of the excitement stirred by the arrival of Fritz Griesler at Michigan. . . . Arnold Herber, Green Bay Packer passing star, has gained 6,738 yards (almost three miles) on his tosses since 1932. . . . And just sit back and watch Irish Carroll, Catholic U. backfield star, go for the colts-liters in the all star game.

Pittsburgh fans already have the Pirates "in" . . . They're busy getting up world series contests and all. . . . But the manager of one of the largest hotels is kicking himself because he reserved most of his place for a convention during the entire first week in October. . . . Nick Altrock, Washington's venerable coach, gives Bob Feller less than four more years in the majors. . . . Washington and Lee grid fans are singing the blues because Dick Pinck, ace sophomores prospect from Paterson, N. J., will be out of action for the first weeks of this season.

Haley played the 230 holes before dusk, starting at 4:52 o'clock a. m. He went over the 55-stroke limit set for himself on two rounds during the 14 hours and 51 minutes of play.

"I wasn't tired at all," he said. "I could have played some more if it hadn't been dark."

Group Health, counseled by the Twentieth Century fund, an endowed research organization, offered its members hospitalization and full medical and surgical care for this small monthly sum. It was altogether a voluntary organization but in a few months, 2,500 federal employees had joined. These, with their families, amounted to 6,000 potential patients.

The Medical Society took steps. It threatened expulsion of the doctor or so physicians employed in the group health clinic here. Expulsion is truly serious for a physician. Further, the hospitals, following the pattern of the physicians practicing in them, declined to permit Group Health physicians to operate in them.

Man About Manhattan

NEW YORK—The other day a thick-shouldered, prematurely gray traveler got off a train and checked into a Manhattan hotel. That night he was guest of honor at a dinner. Next day he climbed into an automobile and was driven over as much of the city as was possible to cover in one day.

PATTY MAY SET WESTERN RECORD

CHICAGO, Aug. 11 (AP)—Patty Berg has a lot of fun working hard at golf.
 The little Minneapolis player, who entered today's final 18 holes of the 73-hole Women's Western Golf derby with a great chance to set a new women's world record for the distance, works as hard at her al-dready brilliant game as any duffer. For the last two mornings she has been up at seven and out on the practice putting green. Between tournaments she takes a lesson every week from Jim Pringle, assistant professional at a Minneapolis country club.
 "Golf's like most anything else," she grinned yesterday after turning in a 75, five under par, for a 54-hole total of 228 strokes and a lead of 13 strokes over her closest rival, Beatrice Barrett, also of Minneapolis. "A year ago I was standing too far from the ball. Practice between tournaments has moved me closer to it, and practice is showing me how to play certain shots I used to have plenty of trouble with. It's a lot of fun, though, this working at golf."

SHRIMP DUMPED IN STRIKE AT NEW ORLEANS

NEW ORLEANS, Aug. 11 (AP)—Shrimp were dumped in New Orleans today in a strike involving prices for the seafood and catches by non-union fishermen.
 Five truckloads of shrimp for delivery to the French market in New Orleans today were dumped and keroseene poured over the shrimp. Similar dumping of catches was reported from Buras, about 80 miles down the Mississippi river from New Orleans.
 "The union men who struck suddenly today said they were opposed to non-union fishermen bringing in catches and dumping them. The union men are members of the Louisiana Trappers and Fishermen's union.
 On the other hand the shrimp packing factories were reported objecting to the price of \$3.50 a barrel for shrimp because they claimed the shrimp were too small to command that price.
 An undetermined number of men were involved in the strike and it was reported that the strike was spreading in the Louisiana coastal area."
