THE SLATON SLATONITE

READY TO CHAMPION LOCAL PROGRESS

A GOOD ADVERTISING MEDIUM IT PAYS

For the Upbuilding of Slaton and the Surrounding Country

Volume XIV

Slaton, Lubbock County, Texas, Thursday, June 18, 1925.

Number 32

Banquet Attended by Large Crowd

A get-together social banquet and program, held last Saturday evening at the new Tally & Ragsdale building, was attended by an exceptionally large crowd, numbering not less than a thousand, and a very enjoyable occasion was had.

The affair was sponsored and arranged by the local Constitutional club and many guests, both of Slaton and near by towns, were present.

The well-rendered program of the occasion was as follows:

Toastmaster—B. W. Dodson.
Address of welcome—Judge I. B. Lane.

Response—O. L. Slaton of Lubbock.
Music—Hawaiian guitars.

Future of Slaton—Ben F. Smith.
Violin Duet—Howard Hoffman and K. L. Scudder, with Mrs. Hicock at the piano.

Morals of Our Young People—Mrs. Erwin.

Vocal Solo—Mrs. C. F. Anderson, with Miss Lucile Rowley at the piano.

Building a Real City—Mayor Fritz R. Smith of Snyder.

Male Quartet—Owen, Snyder, Payne and Maxey.

The Farmer and His Relation to Our Town—D. F. Eaton, county agent.

Violin Solo—Joseph Brewer, with his mother, Mrs. J. H. Brewer, at the piano.

Solid Foundation to Build the Future—Judge Millican of Lubbock.

Co-operation of Citizens—J. K. Wester.

Five-Minute Talks, subjects chosen by the speaker: Judges Pink L. Parish, Nordyke and Campbell, of Lubbock; Rev. Father French, of Slaton; J. F. Anton of Slaton. Mr. Anton was unable to be present, but sent a very interesting letter.

Closing Address—Judge Sewell of Slaton.

World Speed Kings To Enter Abilene Races

Abilene, Texas, June 16.—Announcement here that Eddie Hearne and Frank Lockhart, world-famous speed kings, would take spectacular part in the racing classic of Abilene July 4, sent interest in the coming Independence Day events sky-high.

Hearne and Lockhart have already signed entry blanks and together with Steve Elmore, the Hollywood racing marvel, will lead their cars out for Abilene immediately. These outstanding racers, with Phil ("Red") Shafer, who has been monarch of the Abilene course for several years, and who this year finished third in the great Indianapolis classic, will give West Texans thrills never experienced this side of the famous Indianapolis speedway.

Amarillo Ready for Epworth Leaguers

Amarillo, Texas, June 15.—Plans are being completed for taking care of the largest convention of Epworth Leaguers ever assembled in the West Texas conference. The Epworth Leaguers of this city are expecting from 500 to 700 Leaguers from all over Northwest Texas at their annual Summer Assembly to be held here June 22 to 26.

A splendid inspirational and educational program has been arranged which will include such platform speakers as Dr. P. W. Horn, Lubbock, Texas, president Texas Technological college; Dr. H. K. King, Galveston, Texas, returned missionary from Poland, and others of equally recognized ability.

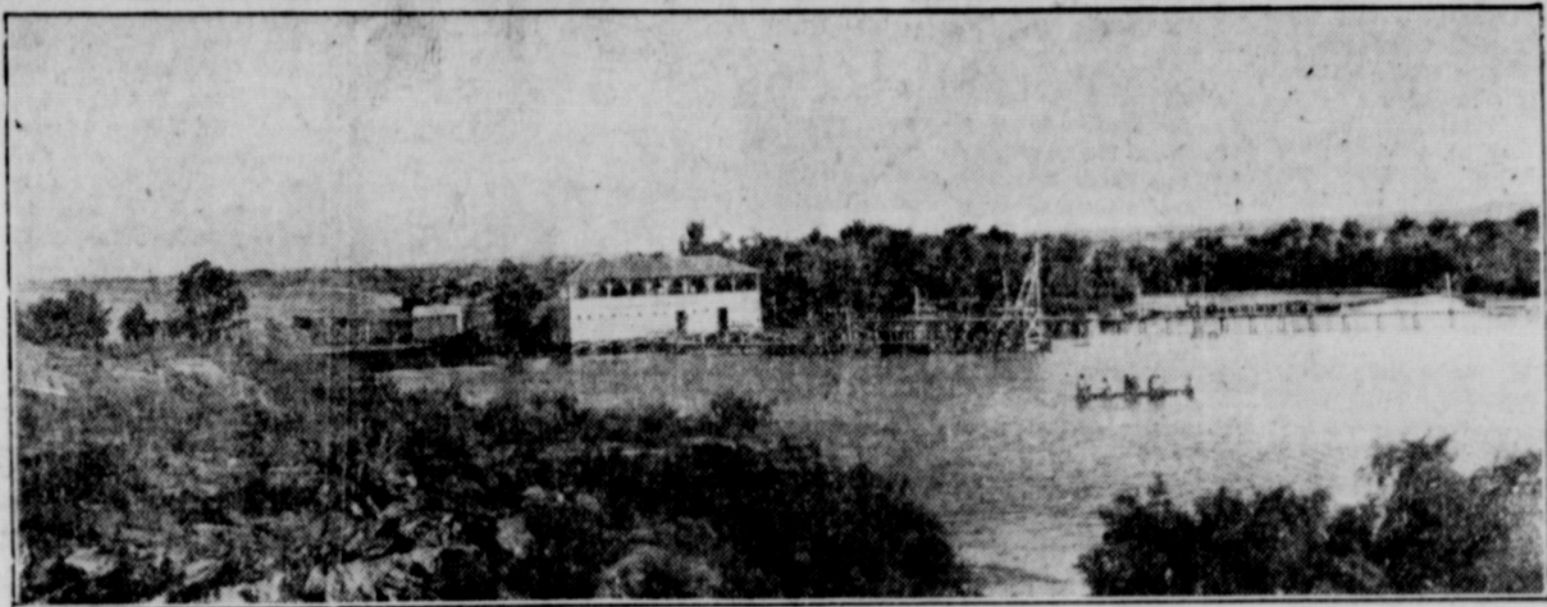

One of the unique features of the assembly will be a picnic given by the Board of City Development in the beautiful Palo Duro Canyons, ten miles south of town.

All leagues sending delegates to this convention have been asked to send a list of name of such delegates to Miss Lewellen Deacon, 1611 Fillmore street.

MRS. C. T. WATSON,
District Secretary.

Royal Arch Masons Elect Officers

At a regular meeting Tuesday night of Slaton Chapter, No. 387, R. A. M., officers for the ensuing year were elected as follows: N. J. Nelson, H. P.; H. G. Stokes, E. K.; J. W. Hood, E. S.; W. H. McKirahan, secretary, and C. T. Lokey, treasurer.

Two Draw Lake, where Post Baptist Assembly will be held July 28 to August 6.

Many Enjoy Masonic Lectures and Music

Many Slaton Masons, as well as visitors from other Masonic lodges, enjoyed lectures in the local Masonic hall last Friday afternoon, by several of the Grand Lodge officers, including Grand Master Guinn Williams.

Splendid music was furnished citizens of the town by a 27-piece band from the Masonic Orphans' Home at Arlington.

In Slaton the grand officers were entertained at the noon hour by the Slaton Rotary club, while the local Boy Scouts banqueted the band boys.

The party is touring the state with these programs, and from Slaton they went to Post, where they were guests of Masonic orders of that city.

Slaton Twentieth Century Self Culture Club

The Slaton Twentieth Century Self Culture club was formally organized at the home of Mrs. R. L. Smith Tuesday afternoon of this week. Mrs. Mary Lee Carroll presided over the meeting, assisted by Mrs. L. Floyd, both of Atlanta, Georgia. The following officers were elected:

Mrs. R. L. Smith, president; Mrs. J. H. Brewer, first vice president; Mrs. Walter Oliver, second vice president; Mrs. Ed Tonn, third vice president; Mrs. W. T. Spratling, treasurer; Mrs. L. C. Odom, recording secretary; Mrs. Dick Ragsdale, corresponding secretary.

The members are enthusiastic over the course of study and with the capable corps of officers selected, the club should prove to be one of the liveliest and most interesting in Slaton.

The club will meet on June 30 at 4 o'clock in the library rooms. The personnel of the club is as follows:

Mesdames T. J. Able, Virgil Brazell, J. W. Boles, W. D. Eads, J. E. Eckert, R. A. DeLong, W. Foutz, Jeph Ferguson, Carl Greer, H. C. Jones, W. B. Jones, S. H. Johnson, Dennis Kemp, P. A. Minor, J. P. Moss, H. C. Maxey, E. N. Pickens, T. O. Petty, H. G. Sanders, Carl O. Stewart, W. E. Smatr, Harry Stokes, K. C. Scott, B. A. Toliver, J. K. Wood, Bob Whitehead, A. L. Whitehead, R. H. Whitaker.

Work Begun on Base Ball Park

This week the Slaton Baseball club purchased five acres of ground in the southeast edge of Slaton, and the erection of the park fence and grand stand has already begun.

The game scheduled for 4 o'clock Sunday afternoon with the Post team will be played on the new grounds, according to the local manager.

Rev. John P. Hardesty and family have moved to the B. C. Morgan home in Southwest Slaton. The parsonage property was sold last February with a view to building a modern home for the pastor and in the near future plans will materialize for the new building in a suitable and desirable location. In the meantime the pastor's family will enjoy the quiet of the new location at the Morgan residence, which is modern in equipment, and ample for all requirements.

Miss Aline Alford

Miss Aline Alford, aged 17, died at her home on Saturday, June 13, after a lingering illness, and was buried on Sunday from the Methodist church, where a large crowd of sorrowing friends came to show their sympathy.

Mr. and Mrs. Alford have not been in our midst very long but they have made many warm friends in this short time, and these friends grieve with them in the loss of their young daughter.

The funeral services were conducted by Presiding Elder Robinson, an old friend of the family, assisted by Rev. Dodson. Music was furnished by the Methodist choir.

The remains were laid to rest in Englewood cemetery.

Mrs. C. F. Merrell and son and Mrs. Truman Case left Monday for visits at Cleburne and Dublin respectively. C. F. Merrell, Hermon Merrell and Mr. Case accompanied them as far as Snyder.

Citizens Ask That Streets Be Paved

A petition, bearing the signatures of nearly a hundred resident property taxpayers of Slaton, most of whom are owners of real estate in the business section of the town was presented this afternoon to the city commissioners, in which it was requested that an election be called for the purpose of passing the general paving law, and voting bonds in the amount of \$125,000 to be used in the paving of the streets in the business section of the city.

In the petition it is requested that streets around the public square, all of Texas avenue from the square to the Santa Fe station and streets one block in each direction from the square be paved with standard paving brick.

The Slatonite understands that the mayor and commissioners are considering very favorably ordering the election within the very near future—in fact, the next few days, and are awaiting only a bit of legal advice before proceeding.

Crowell Man Dies Suddenly

Mr. Perry E. Todd of Crowell, Texas, died very suddenly Tuesday evening at the home of his son, Chas. Todd.

Mr. Todd had driven in just a few minutes before his death from Crowell with another son and two grand daughters, and had expected to make a visit here and then go to Wilson, where he would visit a daughter.

The body was prepared for burial by the Foster Undertaking establishment, and at 12:05 Wednesday the funeral party left for Crowell, where services will be held.

Mass Meeting Called for Friday, June 26

By request of a number of citizens who are interested in the beautifying and care of our cemetery, I respectfully ask that every person interested in our cemetery meet at the city hall auditorium on Friday, June 26th, 1925, at 3 o'clock p. m., for the purpose of organizing an association for the above purpose.

S. F. KING, Mayor.

Baby Clinic Will Meet Next Thursday

The Slaton Well Baby clinic will meet Thursday, June 25th, at the city hall, for the monthly conference with Miss Buckner, public health nurse. Bring on the babies. Let's show the number of perfect babies in Slaton.

Ten Dollar Gold Piece To Be Given

The person nominating the winner in The Slatonite's subscription campaign, which is this week being inaugurated, will be presented a ten dollar gold piece, free, at the close of the campaign. Use the blank in the large advertisement in this issue, and pick the winner.

RECEIVES BEAUTIFUL CAR

Wednesday of this week L. F. Pionwonka, local Chrysler and Maxwell dealer, received one of the new and beautiful Chrysler Six coaches. It is now on display at Green's garage. Mr. Pionwonka has a large advertisement in this issue of The Slatonite, in which is given a complete description of this car.

Another piece of news in connection with the automobile industry is the announcement this week of the Chrysler Four, one of which passed through Slaton Wednesday afternoon, and its beauty attracted considerable attention.

Summer Demands Close Attention To Eggs

College Station, June 17.—Now is the most important time of the year to give close attention to the production of good eggs. With the coming of hot weather the egg producer must take strict measures to keep his output of high quality. The main things are to keep the eggs infertile by separating the roosters from the layers, gather twice daily and store in a cool place away from obnoxious odors.

Odd Fellows Have Memorial Program

A very interesting and appropriate memorial program was held Sunday afternoon at the First Baptist church, jointly between the Slaton Odd Fellows, No. 861, and Rebekahs, No. 46, it being the annual occasion of those fraternities.

Interesting numbers on the program consisted of splendid lectures by Rev. Jno. P. Hardesty and Judge R. A. Baldwin; a male quartet by Messrs. Maxey, Leveratt, Watson and Snyder, and a piano solo by Miss Beryl Hardesty.

After the program at the church Odd Fellows and Rebekah members repaired to the cemetery and decorated the graves of deceased members of their orders.

Slaton Party Returns From Outing Trip

W. E. Olive and family, Mr. and Mrs. W. H. Proctor and Mr. and Mrs. H. G. Whitaker returned Sunday from a three weeks' vacation. The party spent a few days on the golf but the most of the time was put in on the Llano river, where they set camp, fished and enjoyed a general good outing.

Not only do they report splendid luck on the river, but brought back ample proof that many fish were caught. Dozens of kodak pictures were brought back, most every one of which spoke for itself that a very enjoyable occasion was had. Long strings of fine bass form the foreground of many of the pictures.

Profit in Poultry

There is an increased interest in poultry on the average farm. The care of farm poultry used to be left to the housewife, who received little, if any encouragement from the farmer himself. As a result of this the wife usually found it necessary to get along with inefficient equipment and feed, and the returns were in proportion.

The state agricultural colleges and the farm papers have established departments for gaining and spreading poultry information. They have made steady progress in these undertakings and deserve much credit for the work they have done. They have succeeded in working out and establishing methods by which the farm poultry flock can be made profitable.

To appreciate the important place which poultry now occupies, one has only to note the large amount of space devoted to poultry advertising in the farm press. This space at some seasons of the year exceeds that devoted to all other livestock combined.

Many of the manufacturers of farm barn equipment, in order to take care of the demand, have developed a special department for poultry equipment. The poultry equipment business has grown until it is of real importance. These developments are the result of the increasing general interest in poultry as a profitable source of income.

Albion Evans left for Nevada, Texas, for an indefinite visit with relatives.

THE SLATONITE AND THE CHEVROLET

During the month of May The Slatonite enjoyed the best advertising business from the Slaton Chevrolet company of any month of the current year. And during that month Chevrolet sales more than doubled those of any previous month of the year, according to Manager J. V. Spikes, who contributed credit for this splendid business largely to Slatonite advertising.

Slatonite Offers Cash Awards To Winners of Short Campaign

The Slatonite, Slaton's old established, reliable and faithful newspaper, must go into more of the homes in this section. It must be still better circulated in Slaton's large trade territory. Those who have been reading The Slatonite regularly, but whose subscriptions are expiring, are going to be asked to continue to read it. Citizens who have just recently cast their lots with us are going to be asked to subscribe to the leading local newspaper.

Presenting a dazzling array of valuable awards, The Slatonite, elsewhere in this issue, announces the inauguration of one of the most stupendous cash prize campaigns ever conducted in this part of the state. It is for no other purpose than the one stated above, but this must be accomplished.

Most anyone would be proud of a brand new Ford coupe—just now at vacation time—or \$600 in cold cash. And anybody can surely use any of the other cash sums that will be distributed to those who do not win either of the two big cash prizes.

The management of The Slatonite does not have the time to mix with our citizens, as he should, and solicit subscriptions to your newspaper, but we are willing to pay liberally those who will do this part of our work for us.

We have employed Mr. and Mrs. E. B. Wiley to conduct this campaign for us. One of them will be at our office at all times during the campaign, and will assist in every way possible to make it a howling success. Mr. Wiley and family have been in West Texas for some seven years, and know just how to conduct a subscription campaign in a pleasant and profitable manner. We know them well, and have had dealings with them, and will vouch for the fact that during the campaign everyone will be given a fair, square deal, and for the information of our many readers, we want to say that we guarantee you will be pleased with our newspaper during the coming fiscal year.

The campaign is a very short one and under no circumstances will it be extended beyond the date advertised. At the end a committee of judges will count and tabulate all the vote totals and the one who polls the greatest number of votes will whisk away to their home in a new automobile or with a purse containing the price of a Ford in cash. All other candidates who do not receive either of the two prizes, 1st prize \$600, 2nd prize \$100, will receive sums in cash in proportion to their vote totals, as explained in the announcement.

Persons who have never taken part in a voting campaign of this magnitude are unable to realize how rapidly their vote totals accumulate. Once the start is made they pile up like magic. Subscriptions and coupons will secure thousands of votes in The Slatonite's campaign. And it is not expected that the candidates will depend wholly upon their own efforts, friends will help them to gather votes—and what a merry pastime it will be—with a bountiful reward at the end.

There are plenty of prizes to go around the hustlers—indeed there is a cash prize for every participant. The plan is a competitive one and will be conducted on a business basis. The Bigger your efforts the bigger your prize.

Read the big announcement in this issue. See for yourself the unprecedented opportunity The Slatonite is placing before you. Get an early start for the big campaign by sending in your nomination blank or that of your friend today.

Slaton Club Takes Season's First Game

While the game was somewhat a one-sided affair, yet fans had plenty of thrills and plenty to cheer about, when, on last Friday afternoon the Slaton baseball club, in its first game of the season, defeated the Rails team on the local grounds, in a score of 14 to 5.

A good crowd attended the game and the boys appreciated the support shown them. This is strictly an amateur team, but they are playing a good game. Come out and see the home team win.

Chas. Roxburgh of Wilson was in Slaton Saturday doing some trading.

By Mrs. W. H. McKirahan.

We cannot change yesterday—that is clear. Nor begin tomorrow; it isn't here. So all that is left for you and me is to make today just as sweet as can be.

CIVIC AND CULTURE CLUB

The Civic and Culture Club met in regular session with Mrs. R. A. Baldwin as hostess.

The lesson for the afternoon was "Fine Arts," and an instructive study of the late John Sargent was given, to-

gether with a study and exhibit of some Texas artists.

This closed the study for the club year, and it was decided for our next year's work to study the development of the Southwest as pictured by some of the best authors of this section.

Miss Clara Clottenhoff was granted a leave of absence for the next three months, which time will be spent on a tour of Europe.

The hostess served delightful two-course refreshments. Guests of the afternoon were Mrs. J. K. Wood and another.

ODON PARTY

In honor of Mrs. O. D. Wyatt of Fort Worth, Mrs. Joanne Robertson of Littlefield, Mrs. J. P. Posey and Mrs. V. N. Dillard of Lubbock, Mrs. Dick Odom entertained very delightfully at bridge and "42" on Thursday afternoon of last week.

Garden flowers were used throughout the rooms and at the close of the afternoon a two course lunch was served.

Guests invited to meet these ladies were:

Mesdames DeLong, E.annon Whitaker, Whitehead, Teague, Rawley, Marriott, Everline, Hubbard, Moss, Sewell, Robertson, Wilson, Adams, Bob Whitehead, Ben Smith, Pack, Rodgers, Tudor, Tomlinson, Ivy, Pitman, McKirahan, Minor, Millman, Klasner, Walters, Payne, Calloway, Willoughby of Shreveport, La.; Misses Klattenhoff and McReynolds.

MARRIED IN LUBBOCK

On June 6, in Lubbock, Miss Ada Brewer and Noland Whitlow were married.

This was a surprise to their friends for very few knew it was to be so soon. Mrs. Whitlow is one of Slaton's most popular girls, to know her is to love her, and we offer congratulations to Mr. Whitlow.

Mr. Whitlow is a very successful young business man in Lubbock, where he will take his bride to make their home.

CHAMBER OF COMMERCE NOTES

Mr. J. J. Ross, our Chamber of Commerce secretary, is back at his desk after a nervous breakdown.

The state highway commissioner is in our city straightening out the south end of Highway No. 7. Considerable grading has been done.

We understand our county commissioner together with our highway commissioner will begin construction of our highway in the near future, spending about a half million dollars.

H. D. Talley, our county commissioner, is making a new crossing in the canyon, which greatly adds to the convenience of the people across the canyon.

The meeting conducted by the Christian church of Slaton closed a very successful revival on Thursday of last week.

The Church of Christ will soon begin work remodeling and improving their church. The improvements will cost between eight and ten thousand dollars.

Mr. Jeff Custer will begin work on the new \$25,000 dollar theatre soon. The people of Slaton greatly appreciate this and the splendid pictures we are getting.

News from the oil mill is very gratifying. Material is arriving daily and work is progressing rapidly.

Slaton is to have some new brick business buildings. Mr. Smart plans to build three in the near future on the lots adjoining his grocery store.

Crop conditions in general are good. The country around Levelland has suffered greatly from the hot winds.

ABLE PARTY

Miss Beryl Able was hostess to a number of her friends at an evening party in her home on Friday of last week. The guest list included Joe Hestand, Bessie Adams, Marian McHugh, Ethel Owens, Margaret Smith, Florene Hannah, Audrey Marriott, Jack LaMarr, Roy McCurdy, Buddy Savage, Cletes Nesbit, Gibbard Tudor, Hershell LaMarr, Cleo LaMarr, Gilder Levey, Reese Frazier, Leo Bagley, Beryl Able.

BRIDGE CLUB

The Thursday Bridge club met with Mrs. H. W. Ragsdale on June 4th. Mrs. Prentice Savage of Denver was an out-of-town guest. The next meeting will be with Mrs. J. Bradford.

The Friday Bridge club met with Mrs. S. A. Pevy as hostess on June 5.

PERSONALS

Mrs. George Marriott is going to visit her mother in Shreveport, La. She is expecting her daughter, Mrs. Craddock, to return with her for an indefinite stay.

There is a happy time for the younger crowd when the boys and girls return from schools. Royce and Bruce Pember and Graw Bradley are home from university. T. A. Worley, from Canyon, Sgt. Robertson from Rice, and Earl Wilson from Canyon.

Mrs. C. A. Smith is expected home this week from Pine Bluff, Ark., where she has been with her mother, who is critically ill.

Mrs. Claude Anderson and daughters, Claudia and Marie McDonald, spent a few days last week in Abilene.

Mr. and Mrs. J. K. Rogers and their daughter have returned from San Angelo, where they visited Mrs. Rogers' parents.

Rev. Dodson will be away a few days this week attending to church affairs.

EBEN WAS ELECTED

The Grand Army of the Republic was holding a state convention. Eben Rexford was a candidate for state commander, but his opponents had whispered around that Eben had no discharge to show. There must be something crooked with his record. Eben arose in his place and addressed the chair as follows:

"Mr. Chairman: It has been stated that I have no discharge, and as my name has been mentioned for commander, I wish to make an explanation. It is true that I have no discharge.

"When the president's call for troops reached my home in a little village back in New Hampshire, my older brother Samuel happened to be in the village that evening and enlisted. When he got home, out on the farm a few miles, he told father and mother, and the matter was talked over. Samuel was the support of the family, father and mother being aged people, and he understood the farm work better than I did. I was only sixteen years old and too young to enlist. It was decided that Samuel should stay at home and I should go in his place. I went, and answered to his name at roll-call all through the war. No Mr. Chairman, I have no discharge, but Samuel has one."

Eben sat down, and there was not a dry eye in that gathering of battle-scarred veterans. He was unanimously elected department commander.—Yoeman Shield.

at O'Donnell.

Lois and Evelyn Stallings are taking summer work at Denton normal. Miss Huckaby is in Canyon doing summer work.

Mrs. Henry McGee of Amhurst visited in Slaton a few days last week.

A. C. Dodson is spending a few days in Snyder on business for the company.

Mr. and Mrs. Howard Willoughby of Shreveport are stopping a few days with Mr. and Mrs. Geo. Marriott. They are moving to Lebbok.

Mrs. Sam Johnson is leaving today for a visit in Phoenix, Ariz.

Mrs. C. E. Minor of Amarillo will

visit in Slaton with her son, Mr. Percy Minor and family.

Mrs. J. N. McReynolds is spending a few days with her son in Seagraves.

Mr. W. B. Hestend will leave tomorrow for Whitewright to bring back his family, who have been spending two weeks visiting there. Miss Nell Montgomery, who has been the guest of Mr. and Mrs. Van Stokes, will accompany him to her home.

Rev. and Mrs. J. A. Owen and daughter, Mary Sue, Wilson and Virginia McKirahan will leave Monday for an outing of four or five days to be spent on Claer Fork creek. They will return Friday.

"Pay Less and Dress Better"

THIS IS WORTH READING!

Did you ever think about how your finances would be affected by your death? You know death is as certain as taxes, but when?

Did you know you could get several thousand dollars good life insurance protection at a very low cost with Lubbock Mutual Aid Associations?

Our policies are as good as gold and have helped many families in solving their financial problems.

We pay more claims before the funeral than after (Promptness).

We have paid death claims to the amount of \$193,000 and have never refused to pay a just claim.

Because of our splendid service and fairness and promptness, etc., Lubbock Mutual Aid has become a household word.

Average cost for last two years \$9.46½ per \$1000 policy.

We don't solicit on demerits of competition. Our own Merits are sufficient. Some people seem to think it pays to tell the prospective buyer all the uncomplimentary things possible about a competitor, trying to make a bad impression, then tell all the good about what he is offering, all of which is generally a good sign that he is feeling the effects of competition, and sometimes the would-be customer don't get all the facts from such parties, so we advise it is better to hear from the other side before closing up with the knocker.

This worthy local institution should have the support of all, as all need life insurance.

Ford's Foreign Plants Set New Records

World production of Ford cars and trucks is now averaging slightly above \$125 a day, a daily output greater than at any previous time in the history of the Ford organization.

This is the astonishing record of Ford accomplishments as revealed in figures just given out at the general offices in Detroit covering the combined production of domestic assembly plants, foreign plants and associated companies and the Ford Motor company of Canada, Ltd. It is not only significant as indicating the growth of the automobile industry both here and abroad, but it presents the world-wide acceptance of motor car transportation, for while domestic plants of the company have for the last few weeks been setting new production records, foreign plants also have attained to new marks.

Since the first day of May the Ford assembly plants in the United States have been averaging a daily output of more than 7200 cars and trucks and this in the face of several days when operations at one or more plants were more or less curtailed due to delays in arrival of parts.

During the same time plants in Europe and South America likewise set new records and these with the daily output of Ford of Canada, which supplies Canada and the British colonial possessions, have added a daily average of 925 cars and trucks to the production figures bringing to total up above \$125 a day.

On May 19, when the domestic plant went to the new high mark of 7858 cars and trucks, foreign plants and the Canadian company produced 892, setting as the record for all the remarkable total of 8,750 Ford cars and trucks.

NATURE

Dorothy Clifton Wilson

How beautiful is nature,
So wonderful and blue
Old Mother Nature,
So good and true.

Oh, would I were a poet,
To tell what nature holds,
To tell of all the wonders
That nature does unfold.

Oh wonderful and glorious,
I sing sweet nature song,
For no matter what happens,
Nature goes right along.

Sometimes you may think,
Nature in life you have killed,
But if you tear up a nest,
Don't the birds rebuild?

I sit and listen to the birds,
Singing so sweet in the trees,
And listen and watch
The flowers and bees.

Don't you think it is wonderful?
To see all these things,
To wonder what next,
Old nature will bring.

As long as this old earth
Swings around on its rod,
Don't you think there'll be nature
As long as there's God?

The misery and depression caused by a bilious and constipated condition of the system can be quickly removed by using Herbine. It purifies, strengthens and invigorates. Price, 60c.

Two Standards

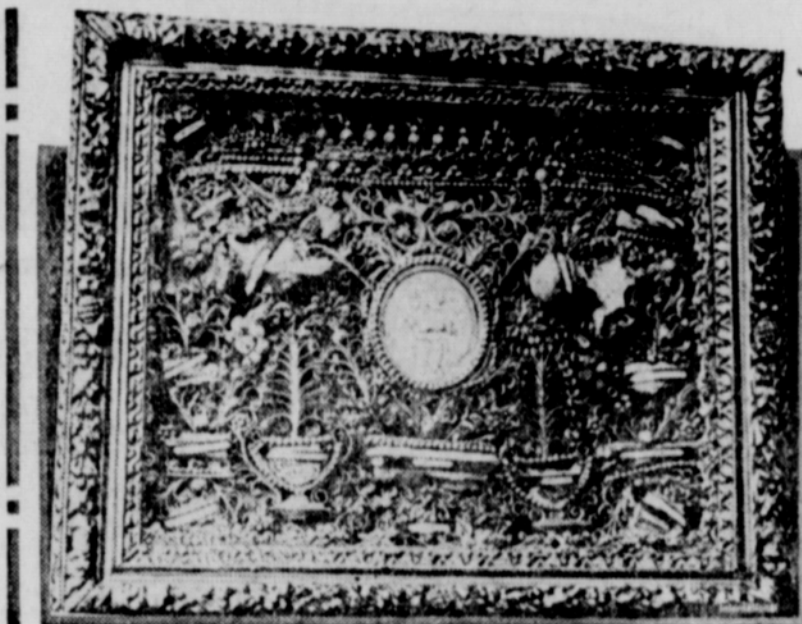

The spirit of unfairness toward the weaker sex is always noticeable. When a real pretty boy does nothing but run and have a good time people call him a sorry whelp, but when a pretty girl conducts herself in the manner people call her a peach.

Peronne's Gold Relic Is Recovered

A religious relic of great value, many hundreds of years old and containing the bones of 17 early Christian saints and martyrs, set in a golden case and carved frame and sealed by Pope Clement the Twelfth, has been brought to public light after lying in a London bank for four years. This relic is now in the possession of a former soldier living at Thornton Heath. It is said the relic was formerly in the ancient church at Peronne, where it was on loan from the Vatican. During the shelling of the town in 1918 the church was reduced to ruins and it was then that the British soldier discovered the golden case.

This week Jeff Custer contracted with Neal Houston, representative for Paramount pictures, of Dallas, for his opening pictures for the new theatre.

J. H. Cain of Wichita Falls, has accepted a position as pharmacist at the Catching Drug store.

BY THE LIGHT OF THE SKY

The woods were dark, and the night was black,
And only an owl could see the track.
Yet the cheery driver made his way
Through the great pine wood as if 'twere day.
I asked him, "How do you manage to see?"
The road and the forest are one to me."
"To me, as well," he replied, "and I
Can only drive by the path in the sky."
I looked above, where the treetops tall
Rose from the road, like an ebon wall;
And lo! a beautiful starry lane
Wound, as the road unwound,
And made it plain.
And since, when the path of my life is drear,
And all is darkness and doubt and fear,
When the horrors of midnight are here below,
And I see not a step of the way to go—
Then, oh then, I can look on high,
And walk on earth by the light of the sky.

HIS DECORATION

By Gertrude West

The whole little village far and wide
Was gleaming bloom for its honored dead.
With tears for those who had bled and died,
But I—had only held.

The scent of the roses so wind-blown
Sweet went following by like God's carous,
And I saw a son and a mother meet—
And ached with loneliness.

So my eyes were blurred till I could not see
The wreath-bright crowd's advance,
Until one little flower girl ran to me—
"Oh, buy a poppy for France," said she;
"For Flanders Field and France."

For France—and my face stung sharply hot,
This May day sweet with its blossom strewn
To be a soldier and be forgot—a few
Short years—so soon!

She looked up sweetly and said, "Don't grieve,
Perhaps you've your own cross over There!"
I smiled and showed her my empty sleeve
And said, "My cross I bear!"

And, "Alone!" she murmured, "Beneath the flag your blood was spilled to lift!"
Then she tore out the bloom from her hair
And thrust it into my ragged hat—
All day I wore her gift.

Has furnished Slaton people the best Milk, Butter and Cream for 10 years. Sanitary stalls, milk house and careful handling. Our cows are T. B. tested. Deliveries twice daily, or on call. Your trade solicited.

THIS IS WORTH READING!

Did you ever think about how your finances would be affected by your death? You know death is as certain as taxes, but when?

Did you know you could get several thousand dollars good life insurance protection at a very low cost with Lubbock Mutual Aid Associations?

Our policies are as good as gold and have helped many families in solving their financial problems.

We pay more claims before the funeral than after (Promptness).

We have paid death claims to the amount of \$193,000 and have never refused to pay a just claim.

Because of our splendid service and fairness and promptness, etc., Lubbock Mutual Aid has become a household word.

Average cost for last two years \$9.46 1/2 per \$1000 policy.

We don't solicit on demerits of competition. Our own Merits are sufficient. Some people seem to think it pays to tell the prospective buyer all the uncomplimentary things possible about a competitor, trying to make a bad impression, then tell all the good about what he is offering, all of which is generally a good sign that he is feeling the effects of competition, and sometimes the would-be customer don't get all the facts from such parties, so we advise it is better to hear from the other side before closing up with the knocker.

This worthy local institution should have the support of all, as all need life insurance.

Total cash collections on the Bap-
tist 75 Million Campaign, which closed
finally in December, amounted to
\$58,575,819. It is reported by the
general headquarters. This money came
from the following states: Alabama,
\$2,717,464.62; Arkansas, \$2,319,672.62;
District of Columbia, \$273,747.96;
Florida, \$1,609,416.89; Georgia, \$5,
282,523.24; Illinois, \$677,575.81; Ken-
tucky, \$6,414,159.87; Louisiana, \$1,

sissippi, \$2,076,075.96; Missouri, \$2,
438,561.24; New Mexico, \$708,124.80;

DR. J. T. HENDERSON,
Secretary Laymen's Movement

North Carolina, \$5,171,048.82; Okla-
homa, \$1,461,522.82; South Carolina,
\$4,752,390.22; Tennessee, \$2,963,011.13;
Texas, \$8,726,161.50; Virginia, \$6,727,
778.50; Home Board special, \$15,340;
Foreign Board special, \$56,103; total
contributed by foreign churches
directly to Campaign \$350,000.

Contributions for the five years
represent nearly four times as much
as was given in the preceding five
years to missions, education and be-
nevolences, the offerings for the pre-
vious five years being \$15,164,345.00.

Campaign Gains Set Forth
Other gains of the Campaign period
include the organization of 1,990 new
churches; baptism of 850,943 con-
verts; organization of 2,913 Sunday
schools with a gain of 445,781 pupils;
an increase of \$52,847,268.00 in the
value of local church property and
contributions to local church objects,
in addition to Campaign funds of
\$104,673,560.00.

In the special departments of work
fostered by the Campaign the follow-
ing typical results are noted: 265,000
persons baptized by state mission
workers; 225,000 converts baptized by
representatives of the Home Mission
Board; entrance into 8 new countries
and the doubling of forces on the for-
eign fields by the Foreign Mission
Board; putting nearly as much money
into the denominational schools as
had been invested there in all the
years before the Campaign was
launched; increasing the number of
Baptist hospitals in the South from
12 to 24 and giving \$1,000,000 in free
medical and surgical service to the
deserving poor; raising the number
of Baptist orphanages from 17 to
19 and caring for 4,000 homeless boys
and girls and aiding more than 1,000
aged, worn-out preachers and their
dependent ones.

New Program Projected
With the 75 Million Campaign fin-
ished, Southern Baptists have now
entered upon the 1925 Program which
embraces the support of state, home
and foreign missions, Christian edu-
cation, hospitals, orphanages and
ministerial relief, on the basis of year-
ly rather than a five-year's subscrip-
tion. It is hoped to raise this year
a minimum of \$15,000,000 among
Southern Baptists for these causes
or the equivalent of the goal for a
single year in the former movement.

It is pointed out that only 37 1/2
per cent of the members of Baptist
churches of the South had a definite
share in the support of the 75 Million
Campaign. It is the ideal of the 1925
Program to enlist every member of
every church in giving at his regular
church services, to every cause,
according to his ability, through his
church treasury.

With the hope of more fully enlist-
ing the Baptist men of the South in
definite Christian service, Dr. J. T.
Henderson of Knoxville, secretary of
the Laymen's Missionary Movement of
the Southern Baptist Convention, is
promoting a series of men's confer-
ences in the majority of the Southern
states during March. In this way it
is hoped to bring before the men the
needs of all religious enterprises
fostered by Southern Baptists and,
having informed them, then enlist
them in adequate support of all these
causes.

Program For Post Baptist Assembly

Program of Post Baptist Assembly,
to be held at Post, Texas, July 28th
to August 6th:

FOREWORD

(By John P. Hardesty)

The Post Baptist Assembly had its
genesis in the last annual meeting of
the Brownfield Baptist association.
When the report on B. Y. P. U. work
was under discussion the suggestion
was made that steps be taken toward
the institution of a Summer Assembly
for the South Plains section. A motion
prevailed that such an organiza-
tion be set up at once, which resulted
in the election of officers for the en-
suing year. Mr. L. A. Wilson, educa-
tional director of the First Baptist
church at Slaton, was elected presi-
dent and Mr. Bob Parris of Central
church vice president, with Miss Mary
Preston of New Home church, secre-
tary.

Later on a call was issued by the
president for representatives of seven
associations to meet at Post on De-
cember 8, 1924, to consider the estab-
lishing of the assembly at Post, or
some other place agreeable to the
representatives. On this date the as-
sembly was permanent established at
Post and further organization had
looking to the 1925 program.

The territory embraced extends
from Sweetwater to Spur and from
Rotan to Seminole, taking in practi-
cally all of the territory north of the
T. & P. railway to Spur, Aspermont
and Rotan. The board of directors of
the assembly voted unanimously to
extend an invitation to any other as-
sociation or church to join in with us
at their option or pleasure.

While the Post Assembly is a new
and different organization from the
one organized by the Brownfield as-
sociation, with different officers, except
the president, yet it is practically the
same but wider in its scope of terri-
tory. And to the Brownfield associa-
tion should ever go the credit for in-
itiating this assembly.

Expenses

Registration fees for the assembly:
\$1.00 per individual for entire time;
\$2.50 per family for entire time; 25c
per individual for one day.

No charges for Sunday or for night
services.

Tents will be furnished at reason-
able rates to those who notify Rev.
W. A. Bowen, Lubbock, at least 10
days in advance of meeting of the
assembly.

Highway Must Have 80-Foot Right of Way

Notice has been given Mr. Geo. A.
Field, division engineer of the State
Highway department, located at Lub-
bock, Texas, that Mr. B. K. Garrett
has been given the place of construc-
tion engineer for Lubbock county's
road building program, with instruc-
tions to place him on the job at once.
Mr. Garrett holds a B. S. degree in
civil engineering and has been en-
gaged in road building work in this
section of the state for some time.

This is indeed gratifying to all con-
cerned. Mr. Field and Chas. Fordyke,
county judge, have been waiting with
some anxiety on this, for they have
been forced to just wait and not be
able to give the people of this county

any definite answer as to when this
work could start.

Also Mr. Field and Judge Fordyke
wish to call the attention of property
owners along the lines of Highways
6, 7 and 53 from, Slaton to Lubbock
and Shallowater, and from Idalou to
Lubbock and Walfarth respectively,
that these highways will have to be 80
feet wide, and there are being some
obstructions placed on these highways
that are going to interfere very ma-
terially with this right of way.

In all improvements and buildings
and fences placed on these highways
you will greatly aid the public and fa-
cilitate the work of the commis-
sioners' court and the highway department
to keep this in mind and not obstruct
this right of way.

Uneasy Tight Feeling
"I used Theodora's Black-Draught first for constipation," said Mrs. C. E. Buntin, of R. F. D. 5, Starkville, Miss. "I would feel full, stupid, and have severe headaches, even feverish. I had an uneasy, tight feeling in my stomach. I read quite a bit about

BLACK-DRAUGHT
Liver Medicine

I began using it and soon my bowels acted regularly and I was greatly relieved. I used it every once in a while for about 15 years.
"About two years ago I found I was having indigestion, a tight smothering in my chest, then severe pain, especially after eating sweets. I commenced taking just a pinch of Black-Draught after meals, and by doing this I could eat anything.
"I gave Black-Draught to my children for colds and headaches. I can certainly recommend it."
Black-Draught is used, with satisfaction, by millions.

Lubbock Plans Big 3-Day Celebration

The first annual South Plains Round-up and Rodeo contest will be staged here July 2nd, 3rd and 4th, and if it is given the right patronage, will take the form of a yearly event. Elmer Jones of Midland, who with Claude "Chunky" Cowden, also of Midland, is managing the affair.

The round-up and rodeo is being staged to benefit the baseball debt in Lubbock and R. H. Martin and Charlie Adams, two of the staunch supporters of past professional baseball in Lubbock, are aiding in making it possible. Mr. Jones, who is a rodeo veteran himself, promises the best event of its kind ever staged on the South Plains and to assure its success has gotten up an attractive prize list of \$2000, which will be divided over the three days and will be split into prizes for bronco riding, both bareback and with saddle, and calf roping.

Champions to Compete

Champions in all branches of the sport will be here for competition, in addition to riders and ropers from New Mexico, West Texas, Colorado and Oklahoma cattle sections. Bobby Askins, of Miles City, Wyoming, world's champion bucking horse rider, and one of Tex Austin's group of cowboys who recently invaded London, has already sent in word that he will be here, along with Bryan Roach of Fort Worth, ex-champion bad horse rider, Louise Jones of San Angelo, world's champion roper and Allen Holder of Lamesa winner of the silver buckle and first prize in bronc riding at the Fort Worth Fat Stock show this year.

World's Champs To Be Here

Ruth Roach of Lenapah, Oklahoma, world's champion woman bucking horse rider, will also be here, and it is probable that other women riders will compete, Mr. Jones stated.

Mr. Jones was a member of the rodeo entourage which showed in Chicago, New York and then went to London, where the American sport was staged before the Britishers, following which world interests was aroused by the write-ups given the sport by British newspapers. He states that many of the boys who compete in different rodeos will probably enter here along with the champions named.

In order to make the bronc riding contest worthy of the steel of any and all contestants, Messrs. Jones and Cowden have arranged for the famous McCarty string of bad horses from Chokwater, Wyoming. This string is the most widely known of any group of bad horses in the country and is the same string that Austin took to the rodeos in New York and London. —Plains Journal.

May Chevrolet Sales 4th Largest in History

Detroit, Mich., June 15.—The Chevrolet Motor company shipped 52,853 motor cars and trucks during May, which displaces April as the second highest production month in the history of the company. The April production was 52,236 cars and trucks. Of the May production, 42,738 units were for domestic sale and 10,079 were for Canada and exports. Production in both April and May closely approached October of 1923, the boom year, when Chevrolet production reached its highest point.

Retail sales during May were 48,176, this being the fourth largest delivery month in the company's history. April of this year was the largest delivery month, exceeding May only by 5107 sales.

At the end of April Chevrolet had on its books 36,512 unfilled orders. At the end of May there were 30,709 unfilled orders.

Mrs. Roy Dalton To Give Antelope To Zoo

Two, and possibly three, antelope, owned by Mrs. Roy Dalton, formerly of Post City and now of Lubbock, will be added to the animal specimens kept in the Lubbock county zoo, at the municipal park, it was announced here recently. Marvin T. Warlick, former county commissioner, arranged for the antelope prior to his resignation Monday.

The antelope were originally the property of Roy C. Dalton, brother-in-law of Sheriff H. L. Johnston, who was a Garza county ranchman up until his death more than two months ago. They were presented to the county by Mrs. Dalton upon request of the county officials, who are interested in giving Lubbock county a zoo. —Plains Journal.

Where Do You Swim?

With the increasing popularity of the swimming pool as a means of summer sport and recreation, it is evident that unless they are operated under strict sanitary regulations, these pools may become a community health menace. For this reason, it is well to know the sanitary conditions of the pool which it is your custom to patronize.

While swimming is one of the most healthful of exercises, and is an accomplishment that should be possessed by everyone, it can also be the means by which diseases may be acquired. An insanitary pool may be the source of infection for intestinal diseases, such as typhoid fever and dysentery; for venereal contagion; eye, ear and throat trouble; and for diseases of the respiratory system, such as grippe, colds and pneumonia.

If you have reason to think your child is suffering from worms, take the safe course—use White's Cream Vermifuge. Worms can not resist its expelling influence. Price, 35c. Sold by—CITY DRUG STORE

UN's Man Knew How to Deal With Scorpion

The major acquired a body servant named Garvino while we were soaking up malaria in the hills back of Santiago. One day the major was stung by a large scorpion—stung through his leather legging at that. Major Latimer was probably one of the world's greatest technicians in the art of profanity. He tore loose with his entire vocabulary when the virus of the scorpion made itself felt. Then he concluded he was going to die, as many other scorpion stingers had.

Garvino dug around till he found another scorpion. He broke the critter in two, tore off the major's legging, rolled up his pants and drawers and applied the raw end of half the broken scorpion to the spot on the major's leg where the sting had entered. Within Leo P. Cook in Adventure Magazine. The pain ceased immediately and the major felt no further discomfort. Thereafter we knew how to treat a scorpion sting. This may be old stuff.

Another little trick of Garvino was to catch a scorpion, hold it by the head from beneath with thumb and finger, and with his other hand tear out the muscle that actuated the scorpion's sting. You know the scorpion must flip his tail up over his head to strike. After Garvino had performed this operation the scorpion was helpless to sting, though his locomotion was not interfered with.

Writing on Pinhead No Longer Novelty

Wandering about town one might get the idea that America had developed a new industry—that of engraving the Lord's prayer on pinheads. The impression is strengthened if one takes to visiting the regions in which oldshows flourish, near town or along the rustic routes of the traveling shows.

Considering that the man who engraved the prayer on a pin a few years ago was reported to have gone blind and insane as a result of his three years of application, one might almost pause to ask if all this pin engraving were not dangerous. There is no fear, however; the engraved pin business has been placed on a safe and sane basis, remarks the New York Times.

The original pin was all that has been said for it. On a disk forty-seven one-thousandths of an inch in diameter there were engraved 65 words with 254 letters, and nearly 2,000 lines had to be cut in doing it. The original might conceivably have got lost in a writing basket and gone the way of all pins. But a die was made of it—no inconsiderable job in itself—and the market is now supplied from the die.

Legend of Pontius Pilate

Among the Swiss Alps is a mountain named after Pontius Pilate. Country people say that it is haunted by Pilate's ghost. According to legendary lore it appears that after the Crucifixion, Pontius Pilate fell from imperial favor and killed himself in prison, where his body was cast into the Tiber, which immediately rose and almost burst its banks. The body was to a lonely pool at the top of the mountain, which now bears its name Lucerne. According to another legend Pilate retired there during his exile and was thrown into the pool by the Wandering Jew. In any case his presence caused terrible trouble, avalanches and floods devastating the district amid a thunderous noise in the recesses of the mountains. In the sixteenth century the ghost was finally laid, and a procession went up every year, headed by the vicar of Lucerne, to cast stones into the pool.

Gehenna Place of Horror

The word Gehenna is translated "hell" in the Bible. Gehenna, strictly speaking, was the valley of Hinnom, a deep narrow glen south of Jerusalem, where, after Abaz introduced the worship of fire gods, the Sun, Baal and Moloch, the Jews, under Manasseh, made their children pass through the fire and offered them as burnt offerings. "So Josiah defiled the valley making it a receptacle of carcasses and criminals' corpses, in which worms were continually gendering." A perpetual fire was kept burning to consume this putrefying matter; hence it became the image of that awful place where all that are unfit for the holy city are supposed to be cast out.

Hidden Love Messages

There have always been parents and guardians to hinder and thwart the hapless lover, and many girls have been obliged to resort to methods of deception.

The simplest means ever employed was to write the love messages with fresh milk instead of ink. On the receipt of a blank sheet of paper, all the recipient needed to do was to sprinkle it with root or charcoal. The grit stuck to the lines traced by the pen.—Exchange.

Study Woods Again

When iron ships came into use the study of woods began to decline and the decline was steady until recently when the United States Department of Agriculture placed wood upon a footing of a "principal product." Galileo, upon his visit to the arsenal in Venice, which visit had much to do with his discovery of solid bodies, the first eminent students of Galileo da Vinci was

Did You Ever Stop To Think?

That newspapers are the public's source of information. They are a directory of bargain information and a kaliedoscope of the world.

That no city could get along without them; so every city should do its best to make the home city papers more prosperous. The better the newspapers—the better the city.

That all business concerns should advertise in local papers energetically and liberally.

That some business concerns should realize the fact that advertising has educated the public to the fact that only those concerns who advertise are worth buying from.

That business concerns who are to be known as "Houses of Quality" should reflect quality in their advertising.

That the most valuable sales force is the one that is most consistent on the job and the most consistent in its argument. Newspaper advertising works all of the while.

That advertising speeds up business.

That persistent advertising of quality increases customers' appreciation.

That a good reputation for a business can only be gained by constant adherence to a high ideal of quality, truthfully advertised.

TEN WAYS TO HURT YOUR CHURCH

From Slaton Baptist Booster:

1. Broadcast the faults of the minister. Assume the silence of your hearers means they agree with you and so report it.

2. Repeat every rumor you hear about the way people are cutting down their giving to the church—and believe all you hear on the subject.

3. Attend church only when an "outside" speaker occupies the pulpit—and then shake hands with everybody that day.

4. Lament about the "poor music" and the high cost of it, harking back to the old days when you did the same

thing about the music then. Ditto the preaching.

5. Tell everybody the attendance is falling off, though you never got a report on the official count.

6. Criticise fellow members for things you, too, are guilty of.

7. Give one-third of what you can give.

8. Report that the church lacks spiritual power, although your own life is like a cinder.

9. Park both your piety and intelligence at home when you attend church—then accuse the preacher of being "heretical."

10. Send your children to another church school and publish the fact. Oppose the leaders of your school—always!—Frank W. Smith in the Churchman.

New Chrysler Six Coach Now Ready

A Triumph in Greater Closed Car Convenience, Comfort and Value

Now the new Chrysler Six Coach—another great step forward in closed car design—at little more than the cost of an open model.

A new combination of utility and comfort, the like of which you have never seen before—

Still greater convenience, still greater beauty, still greater advantages no other car offers—

Including Chrysler results in performance and in driving and riding ease that still remain unapproached at any price.

The new Chrysler Six Coach is here, ready for inspection and demonstration. Telephone for a ride so you may get first hand facts about this latest Chrysler triumph.

When you come in—the first point you'll notice is the fresh beauty of the design, based on the dynamic symmetry that Chrysler alone expresses.

Then you'll observe the unusual width of the doors, how convenient the car is to enter and to leave.

Get inside. Note that the Fisher-built body is upholstered in a beautiful plush of an exclusive pastel blue and gray.

Here is a model that is an innovation in closed car design, appointed and equipped to please the fancy of the most fastidious—a new demonstration of Chrysler's excess values.

You are cordially invited to ride in the new Chrysler Six Coach at any time.

What would you do if you woke some morn,
And how would the morning seem
If you found that your faith in the Son of God
Was only a midnight dream?

What if we knew, in our innermost soul
That there was no God in heaven,
And the city above, with all its love,
Was only a poet's vision?

If there was no Christ for the sin sick soul,
No balm for its sorrow and pain,
No rest for the weary, no help for distress,
No sleep for the world tossed brain?

If all of the light and all of the love
Should go out of our life like a wind
And all that is good and true

CLUB NOTES

The Wednesday Study club will meet with Mrs. H. G. Stokes.
The Thursday Bridge club will meet with Mrs. A. A. Bradford.
On Friday Mrs. R. A. Baldwin will be hostess to the Friday Bridge club.

RECEPTION AT HOME OF MRS. BALDWIN

Mrs. R. A. Baldwin entertained Thursday afternoon from 3 to 6 with an "at home," honoring her charming house guest, Mrs. B. M. Holland of Harlingen. The spacious rooms were fragrant with rose sand carnations, which were used in baskets for decorating. The dining room was presided over by Misses Muff Robertson and Frances Adams, who, in their dainty manner, served the guests with colonial punch, angel cake and salted almonds.

About fifty women called during the afternoon and the guests included the many friends of Mrs. Holland, who formerly made her home in Slaton, as well as many of the newer women in town. Those enjoying the hospitality of the hostess were Mesdames J. F. Anton, E. L. Blundell, J. H. Brewer, W. Donald, R. G. Shankle, H. C. Jones, A. J. Payne, M. A. Mr. and Mrs. Eddie Johnston and daughter, Nell Katherine, and Mrs. Paul Johnston motored to Santa Anna to visit their parents.

Popular Slaton Girl Marries in Idaho

June time is wedding time and the wedding bells have been ringing loudly since the month began, here and elsewhere. One of the most recent weddings of interest to Lorenzo is the wedding of Miss Lida Bert Hoople of Priest River, Idaho, which occurred at Lewiston, Idaho, Monday, June 8th.

The bride is the charming and accomplished daughter of Mr. and Mrs. F. B. Hoople of Lorenzo, and by her sunny disposition and charming personality won many friends and admirers, who will wish her happiness in her new adventure. She has been employed as postal clerk for the past year and a half in the Slaton post-office.

The groom is a prominent young business man of Priest River, Idaho, being engaged in the gents furnishing business at that place.

Mr. and Mrs. Fann will be at home at Priest River after a short honeymoon spent in different parts of Idaho. —Lorenzo Tribune.

All automobiles driven on and after Thursday with open mufflers and with cut-outs will be in violation of a new state law that goes into effect that day.

Of the questions propounded to us during the past few days, about the easiest one answered was an occasion when we were called upon to give reasons why we did not publish certain resolutions which were alleged to have been passed at a recent meeting in Slaton.

An argument accomplishes but one thing. It convinces both parties of the foolishness of the other fellow.

With the cotton oil mill well under construction, the capacity of the compress doubled and Slaton's modern hotel practically assured, let us not be altogether satisfied until we have a flashlight telephone system and paved streets.

Banker's Wife Advises Slaton People

"I had stomach trouble so bad everything I ate soured and formed gas. Was miserable until I tried Adlerika. This helped the first day." Adlerika helps any case gas on the stomach unless due to deep-seated causes. The QUICK action will surprise you. Because Adlerika is such an excellent intestinal evacuant it is wonderful for constipation—it often works in one hour and never gripes.

The woman who undertakes the administration of a home without understanding it is on par with a man who establishes a home without being able to support it.

TASTY GOOD THINGS

It cannot be said too often that foods that should be served hot, should be hot, served on warm plates.

On the other hand, food such as salad, be it prepared of fish, flesh, fruit or fowl if lukewarm, is a "gastronomic solecism, intolerable and not to be endured."

Charlotte Russe.—Take a stale sponge cake, one-half pint of whipping cream, half-cupful of powdered sugar and the whites of two eggs whipped to a stiff froth. Line a cake mold with slices of cake, fitting one piece into the bottom of the mold. Whip the cream stiff and beat into this the meringue and sugar flavoring with vanilla. Fill the cake-lined mold with this, cover with more slices of cake and set on ice for an hour or two. Loosen the contents of the mold with a broad knife and turn out upon a chilled glass dish.

Panned Oysters.—Toast bread and butter well, wet with the oyster liquor and lay in a baking dish. Arrange as many oysters as the bread will hold, dot with bits of butter, cover and bake eight minutes in a very hot oven, until the edges of the oysters are ruffed. Serve at once.

Jellied Chicken.—Boil a good-sized fowl until tender and leave it in the water all night. Remove the fowl and season the stock, skim and strain and put over again with the bones from which the meat has been stripped. Crack the bones so that all the flavor will be extracted. Soak one-fourth of a cupful of gelatin and stir into the hot stock. When it is dissolved take from the fire and cool. When it begins to jelly pour into a buttered mold. Arrange in this hard cooked egg minced, two chopped olives and the chicken meat cut into neat cubes. When filled the mold should be set in a cold place for several hours. Turn out when ready to serve. Nice for a picnic luncheon.

This jellied chicken may be molded in small molds and served on lettuce with mayonnaise, making a very fine salad.

EDITOR'S NOTE—Mr. and Mrs. E. B. Wiley, who are conducting The Slatonite's mighty subscription campaign, are no strangers to the management of The Slatonite, as they have worked with us before. This is The Slatonite's campaign, and we are absolutely back of it, and guarantee each and everyone a square deal.

**GOOD FOR 10,000
EXTRA VOTES**

Accompanied by nomination blanks and your first subscription, this coupon will be in the race for the \$600 with a grand total of more than 12,000 votes. This coupon may be used but once and is valid only when accompanied by a subscription remittance.

**RULES AND REGULATIONS
HOW TO ENTER**

Fill out the nomination blank with your name or the name of the person to be nominated. Bring this blank to the campaign manager and you will be credited with 2,000 votes as a starter.

Any woman over sixteen years of age, either married or single, and of good character, may become a candidate.

The campaign manager reserves the right to reject nominations. There are no obligations attached to entering this campaign and it costs absolutely nothing to try for a prize.

No candidate will be permitted to transfer votes to another candidate after receiving them for herself. Any questions or controversies that may arise are to be settled by the campaign manager, and this decision will be final and conclusive. Subscriptions cannot be transferred. All subscriptions must be paid in cash before votes are issued. In accepting nominations, all candidates abide by the conditions named. All prizes will be delivered to the winners at The Slatonite office, just as soon as the winners are announced by the official judges.

The campaign officially opens Monday, June 22.

No agreements or promises, either written or verbal, made by solicitors or representatives other than those published on this page will be recognized.

Votes will be issued on prepaid subscriptions from one year to ten years inclusive.

Everyone who enters will receive absolutely fair and impartial treatment. The one securing the greatest number of votes will receive the \$600.00 and the next number the \$100.00.

Early Start Means Early Finish

The campaign manager reserves the right to make changes in the event of fire, flood, storm or other inad-vantageous occurrence over which we have no control.

The advantages of an early start are manifest. Not only do you have the full time in which to secure the winning votes but now and up to and including July 4, you will receive the maximum schedule of votes on subscriptions, while those who put off entering until a late date will have to take what is left. Don't lose valuable time waiting to see "what the other fellow is going to do," but pitch in and show "the other fellow" how to do it.

**CASH COMMISSION GUARANTEED
EVERY ACTIVE NON-PRIZE WINNER**

A special fund in cash will be set aside to be distributed in the form of commissions among active non-prize winners on a 10 per cent basis. Any candidate who remains active throughout the campaign, making a regular report, but fails to win one of the prizes. This arrangement assures compensation to all candidates and means there will be no losers in the race. Evrybody gets something if they will only get out and hustle.

**EXTRA VOTE OFFER
DURING CAMPAIGN**

For the first two weeks, closing at the end of business for the day, Saturday, July 4th, not only the schedule of votes announced will be given on each and every subscrip-tion, but an additional bonus of 100,000 extra votes will be given on each and every \$30.00 worth of subscriptions turned in up to and including that date.

During the next week following the above offer, and closing July 11, will be given 50,000 extra votes on each and every \$30.00 worth of subscriptions up to and includ-ing that date, and during the remainder of the contest the original schedule only will prevail--no extra votes at all will be given.

**VOTE VALUE OF
SUBSCRIPTION PAYMENTS**

Below are shown the subscription rates and the regular number of votes given according to the amount paid on any subscription:

1 Year's Subscription, \$2.00	-	2,000 Votes
2 Years' Subscription, 4.00	-	5,000 Votes
3 Years' Subscription, 6.00	-	10,000 Votes

Lubbock County Cattle Feature Kansas City Market John Ely of Lubbock received \$10.10 per cwt., reported as being the highest price paid for Texas fed cattle on the Kansas City market this year. Sixty-two head of 775-pound steers and heifers mixed realized this figure on May 27th. He also had two other bunches on the market, one lot of 38 head weighing 682 pounds average, brought \$10.00 per cwt., and 46 head of 490 pound heaves, sold for \$9.50 per cwt. The cattle were all Herefords of Mr. Ely's own breeding and feeding. A ration of cottonseed meal, hulls, kafir and corn was used in finishing and they were reported as attractive a bunch as have been seen at Kansas City recently.

161,000 Persons on Ford Pay Roll The Ford organization is now employing more than 161,000 persons in its various activities throughout the United States, according to the latest employment figures. This is a record for the industry. The largest increase has come, as might be expected, in the Detroit area where the Ford Motor Company's big manufacturing plants are located. The big majority of workers are employed, of course, at the Highland Park and River Rouge plants. The River Rouge now has 52,800 on its payroll, a record for that plant. Highland Park still leads all plants with 55,300 employees, though this number is considerably lower than

the peak employment record of 1923, which was before the transfer of several thousand men to River Rouge when the motor assembly and crankshaft departments were moved there. Along with the steady increase in

employment in Detroit, due to greater production demands, there have been corresponding increases at domestic plants until the employment rolls for these now show close to 44,000 employees.
