## RAIN AND WORMS BECOMING MENACE TO CROPS

### Rains Interfere With Poisoning

While the shortage of poison for leaf worms has been relieved to some extent the frequent showers and rains are interfering seriously with the dusting of the cotton and the worms are reported increasing very rapidly.

Many farmers have dusted their crops two or more times, only to have the poison washed off.

Roy Mack, manager of the West Texas Cotton Oil Co., reports that the first showing of leaf worms was very light compared to the number that are now showing up. Judge Sewell says that his crop is not badly infected and the worms are very small, however, in the fields where the cotton is very thick, the worms are much more numerous.

### Brasfield Now At Will Rogers Field

OKLAHOMA CITY, Okla., Aug. 30.—Among the officers on duty at Will Rogers Field, new United States light bombardment center here, is Travis W. Brasfield, of Slaton, Texas. He received his commission in the Infantry Reserve at the University of Arkansas, Fayetteville, Arkansas in May, 1934 and was promoted to 1st Lieutenant in September, 1937. He was assigned to the Air Corps November 21, 1940 and reported to the Oklahoma City air base March 12, last.

Lt. Brasfield was graduated from the University of Arkansas at Fayetteville in 1934 with a Bachelor of Arts degree, and from the University of Iowa at Iowa City in 1936 with a degree in Master of Science, where he also received his degree in Doctor of Philosophy. He was a member of Sigma Xi, Mycological Society of America, Iowa Academy of Science, Mississippi Academy of Science, and the Mississippi Education Association. Before reporting for duty at Will Rogers Field, he was a professor in the Junior College, Perkinston, Mississippi.

More than 100 officers and 1500 men are now on duty at the Oklahoma City air base, officially designated as Will Rogers Field in honor of the great Oklahoma cowboy-humorist. A total strength of about 3500 men is contemplated at the base.

The field will be the home of the 48th Light Bombardment Group and the 9th Reconnaissance Squadron, U. S. Army Air Force. It is expected that the base will be used primarily for the development of experienced aviation combat teams through aerial combat exercises and bombing practice.

Lt. Brasfield is Base Intelligence Officer at the new base.

### Tigers Ahead When Game Is Stopped

The Slaton Tigers Mexican Baseball club and the Canyon Valley American club of Canyon Valley, Texas, played last Sunday at Slaton, with the score 1 to 2 in Slaton's favor at the end of the second inning, when the game was stopped due to rain.

The Slaton club will play the Anton American Baseball club in Anton next Sunday.

The Tiger manager, Gabino Martinez, remarked that he liked to be games with teams within a radius of 125 miles of Slaton.

### To Attend Baylor

Mr. James Kirksey, son of Mr. and Mrs. R. L. Kirksey, who has been spending the summer months with his parents, left today for Coffeyville, Kansas, where he has been attending school for the past three years. Kirksey graduated from high school and Junior College there. After spending a few days with friends in Coffeyville, he will leave for Waco, Texas, where he plans to attend Baylor University for the approaching semester.

### Nation's Champion Drivers

Patricia Borman, 16, of Chicago and Kenneth R. Karr, 17, of Des Moines, Iowa, are the best young drivers in the United States. They won the title in the national finals of the Ford Good Drivers League at Dearborn, Mich., in which they competed against the champion boy and girl drivers of every state in the union and the District of Columbia. The young champions are shown with Edsel Ford, founder of the league, as he presented them with \$5,000 university scholarships. Left to right: Miss Borman, Mr. Ford, and Karr.

### Warning Given On Grass Burning

Warning from city officials that the danger of burning grass and weeds is greater this season than ever before and that great care should be taken by any one burning off vacant property or back premises.

Serious fire loss is greater this year than ever before for the grass is higher and the weeds thicker and more of them.

Several calls have been made in the last two weeks for the fire department on account of grass fires and several homes have had narrow escapes from being ignited. It will be very easy for a grass fire to get out of control and any one attempting to burn grass or weeds should have plenty of water available before setting a match to a weed patch or tall grass.

### War Shortage Is Felt In Slaton

That the public will soon begin to feel the pinch of a shortage in many lines of merchandise is fast becoming apparent. Reports from all parts of the country are that practically all new automobiles have been sold, used cars are getting scarce and tires will be hard to get before long.

Local firms report orders for many items made of metals are not being filled, paper stock for printing and office supplies have not only become scarce, but are increasing in price daily. Furniture prices have risen and building materials are becoming scarce.

Jeff Custer reports that a tire shortage is in the offing. Crow-Harral and The Slaton Motor Company have no definite information on when new models in automobiles will be in production sufficient for distribution and practically all lines of business have items that are becoming more and more difficult to secure.

### Weed Cutting And Caliche Laying Keep County Men Busy

Ben Mansker, Lubbock County Commissioner for this precinct, reports that the county has purchased a big power mower and has been co-operating with different communities in cutting tall grass and weeds. A greater part of the weed-cutting that has been done around Slaton has been done with this machine and the results have been more helpful.

Ben also reports that the road gangs have been working at full force all over the county putting caliche on the low places and on lakes to open the roads for the public and to insure safe roads for school buses.

### DRIVE SAFELY, WARNS MAYOR PARTICULARLY NEAR SCHOOLS

#### Let's Have An Airport In Slaton

A letter received this week from a Slaton citizen suggests that Slaton organizations make some effort to secure some kind of airport facilities for our town.

Towns all over the United States much smaller than Slaton have airplane landing fields and training schools, but there is not a place near Slaton where a plane can land with safety.

"The airplane is a part of today and the future," says the letter, "and if we expect to keep in touch with the progress of the times, we will sooner or later have to build a landing field. Now is the time to do it."

### Mexican Workers To Be Cared For

Ed Haddock, chairman of the committee to arrange for a free overnight camping ground for transient Mexican laborers, reports that the land to be used for this purpose has been leased and that plans for taking care of the transients have been worked out.

The location of the camp will be on the Post Highway on the east side of the road on the outskirts of town.

Full arrangements have not been completed and just how much demand there will be for laborers cannot be estimated at the present time, but ample facilities for caring for the Mexicans will be arranged.

The plan worked out by the Chamber of Commerce will provide a place where the Mexicans will have many conveniences not now available and will give the cotton farmers a central place in which to contact prospective cotton workers.

### Driving Hazards Increase Daily

That the road hazards between here and Southland are dangerous was demonstrated last Friday when I. L. Sawyer was killed as his automobile turned over at 6:30 a. m. This was one of many serious accidents that have occurred recently on this section of the highway.

Mr. Sawyer was a well known cotton buyer of Lubbock and had many acquaintances here. His body was brought to Slaton by the Williams Home, where it was prepared for burial.

In a warning to the public, Mayor J. H. Teague wishes to call the attention of the people who are driving automobiles that with the opening of school, the danger of automobile accidents has greatly increased. Many complaints have come into the police department concerning traffic violations and especially strong ones concerning fast driving.

A large number of the violations are by youth of high school age and boys and girls in their twenties. Young people hanging on the outside of cars is very dangerous and many parents are guilty of allowing this to be done.

"It is imperative that the driving habits of the people of Slaton be improved," said the Mayor, "and although we do not desire to become overly strict concerning the control of traffic, we will be compelled to discipline drivers with heavy fines and make arrests for every slight traffic violation unless improvement is shown.

"The co-operation of the public is urgently requested, for it is up to us all to protect not only the school children, but ourselves. Parents are particularly warned to caution all children to walk on the sidewalks instead of out in the streets when going to or from school.

### Talbot And Bailey Are Marines Now

Two local youths have been accepted at Amarillo, Texas, for service in the United States Marine Corps, and transferred to the Marine Corps Base, San Diego, California, for training, Captain T. E. Kendrick, officer in charge of Marine Corps Recruiting Headquarters, Oklahoma City, announced today.

They are Robert Bailey Jr., 17, son of Mr. Robert H. Bailey, 815 South 6th street, Slaton, and Jack T. Talbot, 17, son of Mrs. Ema Talbot, 650 South 9th street, Slaton, Texas. Both boys formerly attended Slaton High school. On completion of the San Diego training they will be eligible for further transfer to sea or foreign service, the Captain said.

### AMERICAN LEGION MEETING

Monday, September 8, at 8:00 p. m. is scheduled as the regular meeting of the Posey Legion Post. All officers have been installed for the year and are ready to make plans to start off in a big way.

Each member is urged to come and take an active part in a worthwhile program for the ensuing year.

S. N. GENTRY,  
Post Commander.

### 'Love Your Enemies' on Eastern Front

Picture at left shows captured Nazis receiving bread from Russian soldiers, according to the Moscow and London censor-approved caption. In the picture at the right German troopers are giving first aid to a wounded Russian soldier. It would seem that both sides in this terrific conflict like to send out photos showing their men rendering aid to wounded enemies.

### 'Ears Pinned Back?' Rain And Worms Damage Crops

This German plane looks like it had its "ears pinned back." No so, however. It was a fine, almost undamaged specimen of the latest German fighting plane.

### Stevenson Attends "Chick" Convention

Mr. Bill Stevenson, of Driver's Hatchery, returned this week from a ten day's vacation to Temple and other parts of Texas, where he attended the annual Texas Baby Chick Association convention.

"The theme of the convention this year was 'Poultry For Defense,'" reported Mr. Stevenson, "and lectures on feeding methods by many prominent poultry raisers from all over the nation were featured. The entire poultry department from Texas A. & M. College was present and gave several demonstrations and lectures."

The Convention lasted three days, and from there, Mr. Stevenson went to Sweetwater for a few days' fishing and to attend the Double Heart Rodeo.

"After seeing all the cotton in South and Central Texas, I can still say that the Plains crop this year looks better than anything I have ever seen," said Mr. Stevenson.

### Thornton Elected Student President

In an assembly of all high school students Wednesday, James Thornton, Senior, was elected President of the Student Body. Thornton is active in band work and will act as Drum Major this year.

The assembly, first this year, began with piano solos by Dick Ragsdale and Betty Lou Turner, after which the new teachers, M. S. Kavanaugh, Superintendent, Ralph Stevenson, assistant coach, and Miss Dean, who was absent last year from her teaching duties, were introduced. Ex-student visitors were recognized and then the election was held.

Tentative plans were made to publish an Annual this year, and Mr. Boyd, who conducted the program, announced that if enough students brought one dollar each to him by October 1, active work would begin on the yearbook.

Assembly was closed after a few announcements by teachers and yells by the student body.

### Observation Posts To Be Formed Mon.

A preliminary meeting was held last Monday night in the office of County Judge Pardue's office, of representatives from all parts of Lubbock County, to secure listening posts for enemy airplanes in case of invasion.

L. L. Lively of Slaton was appointed as committeeman for Precinct No. 2 and Mr. Lively has called a meeting of all patriotic citizens who can attend to gather at the City Hall here in Slaton next Monday night, Sept. 8th, at 8 o'clock. The purpose will be to secure volunteers to work with the central committee and to train themselves in observation for airplanes. A Government representative has planned to be present to explain in detail the full purpose of the organization.

All Boy Scout workers and all members of the Slaton Defense Unit are urgently requested to be present as this activity will be in line with much of their activity.

The total rainfall for the year so far has been 40 and 8-32 inches, with 1 1/2 inches falling Sunday evening and two inches Wednesday night.

The continued showers and rains for the past two weeks has not only made the leaf worm multiply but has washed off the poison that has been sprayed or dusted on the crops and the chances of loss by the pests are becoming very serious.

Howard Swanner says that he dusted over seventy dollars worth of poison on his crop Tuesday and Wednesday, only to have it washed off Wednesday night, and many other farmers have had greater losses than this.

To the south of Slaton a light hail fell Wednesday night and did some damage to cotton. Serious damage was done to feed crops by the heavy wind that accompanied the hail. Tall stalks of cotton and stalks heavy with bolls were also damaged to some extent by the wind.

While prospects for one of the best crops in many years are still good, the danger of too much rain and that of the leaf worms is becoming a serious problem.

### Coach Hamilton Needs More Men

Coach "Stumpy" Hamilton looked discouraged as he squatted on a bench in the gym this week, for it seems that the prospects for a football team for Slaton are not too good.

Shirley Butler, one of his last year letter men, has not enrolled for this year and the coach does not know what has happened to him, and Frank Weathered, his only sure bet for center, is ill and may not be able to play. There are only two freshmen who have come out for football, when there are usually ten or twelve good prospects at the beginning of the season. There are only 18 prospects in the entire High School, so far, when there are usually from forty to fifty, and although the coach has hopes of being able to interest more men in the game, he is not very greatly encouraged.

Just what the reason for the loss of interest in football for the coming year is, the coach would not hazard a guess, but he agreed that war, defense and the feeling of unrest, might have something to do with it.

Reports from the Department of Education in Washington report that there will be fewer enrollments in the schools all over America than there have been for many years due mainly to the decrease in the birth rate during the depression years.

"We will have to get a lot more boys interested in football this year, if we hope to make a fair football squad," said the coach and he is hoping that more of the boys will try out than the present interest indicates.

### MEDICINE SHOW IS HERE.

The Tate-Lax Medicine show that is located across from the High school on Ninth Street, has been attracting large crowds. Many different kinds of vaudeville acts, side show vans and attractions of different kinds are given.

The home of the Tate-Lax Company is in Waco, Texas and their products are sold all over the United States.

### Slaton High School Enrolls 304 Students

Enrollment in the High school so far this season is as follows:

Freshmen	98
Sophomores	74
Juniors	68
Seniors	64

This makes a total of 304 pupils in the High school so far.

**JUST TALK**  
by  
**A.M.J.**

Just how much nourishment there is in a watermelon I do not know the slightest idea but it certainly would be nice to substitute watermelon for meat if all the watermelons should be as good as one Charlie Austin brought me the other day.

With a good steak in the same price class as a new automobile and about as hard to find on the market, watermelon would make a good substitute and even though there might not be a large number of vitamins in the melon you would have a lot of fun and not have to show yourself thin trying to get a hundred or so calories into your system.

Here is a dream told me by a good Rotarian—he said that not long ago in his sleep he saw J. S. Edwards going down the street throwing dollar bills up in the air and G. H. Orr was coming along right behind him kicking the bills into the gutter.

Eat, drink and be merry and you'll have better health is my slogan rather than "Eat, drink and be merry, for tomorrow you may die" . . . for after watching people who have a husky appetite I notice that they are the ones who sleep like a child, have the best dispositions and don't mind walking a mile or two.

And it is not always the men

or women with protruding belt lines that are the husky eaters. Have you ever seen Harry Stokes sit down to a soup plate full of ice cream? His spoon rotates like an electric food mixer and Harry says he can stow away fifty cents worth without stopping for breath. Of course fifty cents worth is not what fifty cents worth used to be but it is still a fair size helping . . . and Harry says his young son has developed a technique that is

better than his and that it is no trick at all for them to surround a dollars worth in 3 and 2/5 seconds.

And just watch Webber Williams at the Rotary Club with a piece of chicken in both hands and his plate so loaded that the new truck load law would get him if he tried to go down the highway with his plate. There is a man who can eat . . . and Jim Elliott is a man who knows how to wield a knife and fork too . . . not fast but just steady and you can tell

by the expression on his face that he is having fun.

If there is anything to the vitamin theory these men must be full of vim and vitality, calories and things like that. Harry Stokes is always on the run, Webber gets up in the morning at nine o'clock with a smile on his face and Jim is one of the most placid men I have ever known.

From now on I want food and plenty of it.

W. E. Smart is one of the most enthusiastic men I know. He says that he has been in most every kind of business to be found in Slaton except the newspaper business and has always made money. Mr. Smart said anyone who will put out real energy can make money in Slaton, all of which made me come back to my office to look over my books, dash over to the bank, do a lot of fast addition and make a resolution to get some vitamin pills so that my energy would get in full bloom.

Mr. Smart did not say why he did not go into the newspaper business but I have always heard that there is a lot in a name. Mr. Smart, I wish to congratulate you on your good judgment.

A card from W. C. Foutz in Bellingham, Washington says that they are being delayed in their return to Texas but have a wonderful cool climate full of fine people, lovely fruits and vegetables and fine fish and sea foods—under such conditions we do not blame the Foutz family for staying up in Washington a few days more but we can tell them that they are missing a lot of good climate,

watermelons, fresh corn and a flock of hay fever down here.

Men with orderly minds have always been disturbing to me. To see a person who keeps a desk clean and well arranged, who never has his tie running cockeyed across his chest nor a soup spot on his shirt is a constant source for my admiration but it is so tiring to watch them at their work.

And women who are so particular around the home make me most uncomfortable of all. To sit down on a cushion and have your hostess jump up and straighten it out the minute you get up, to have her keep an eagle eye on your cigarette as you nervously hunt for an ash tray in a home where no one smokes, to stomp in with a little dust on your shoe and have a woman almost faint, certainly takes the joy out of visiting.

But ain't it fun to go in where there is dust on the dining room table, dirty dishes in the sink and a cigarette tray handy.

John Rayburn was a visitor in Slaton over the week end and he was just as full of business as if he were still Manager of the Slaton Chamber of Commerce. John is helping George Mahon do things in Washington and must have been working hard or the famous Washington cooking is not agreeing with him for John has lost a lot of his front elevation.

This from Southern Wildlife is not so bad:

**FISHING CAMP**—A place to play poker, eat half-cooked food, and fight insects. Happy parties

have been spoiled by erratic individuals who insisted on fishing. Favorite camp motto is "Fish and visitors smell after two days." **GUIDE**—A conservationist in disguise. He takes you fishing "where they ain't," and encourages you to come back again "next week" when the water is lower, or higher, or clearer, or wetter.

**ROD**—A sporty name for a "fish-pole" costing over \$5.00. Rods are sold by weight—The lighter the rod, the heavier the price. Like knights of old, who splintered their lances, fishermen strive to have a fish break their rod—an event of great distinction. **SINKER**—a weight that keeps

your hooks and bait on the bottom—for good. Sponsored by fishing tackle companies as a tackle sales booster. In the rocky river bottom below Lake Austin, in Texas, there are so many sinkers that engineers are worried lest level of the river be affected, which would throw water over the 50 ft. cliffs and flood the city of Austin. **ONE OF THE WORLD'S SEVEN RAREST SIGHTS:** To see a sinker again after casting into a brushy lake or the rocky bed of a river.

## Our Weekly Sermon—

Views from Above

By Dr. Henry Ostrom, Member of Extension Staff Moody Bible Institute, Chicago

For centuries the view from above has been cherished by men of faith. But now the view is become widespread as travel in the air is popularized. It is good to find, as always, that the Bible is so far ahead of the times that even in this regard it speaks straight home to us. I propose to select three, from the many views from above, in this miracle book.

1. MEN AS GRASSHOPPERS (Isa. 40:22). Isaiah says "the inhabitants are as grasshoppers." This view first of all tells of the contrast in size of men and women as compared with worlds and spheres. But it also compares people to a pest. The comparison might have been made to humming birds or bees, but it would have been inaccurate. Of himself man is a

## Land and Air Maneuvers at West Point

Framed against the hills (left) an infantry column of the West Point cadets moves along a road in the vicinity of the U. S. military academy, West Point, N. Y., at the start of the cadets' annual field exercises. Picture at right shows a low-flying "attacking" plane getting a hot reception, as cadet infantry and anti-aircraft guns open fire on it.

pest. Uncontrolled, what ruin he can accomplish! His discoveries and inventions, his intelligence and prowess, even these can heap ruin on ruin.

2. MEN ARE REBELS (Luke 11:2). "They will be done on earth as it is in heaven," from the prayer the Lord taught His disciples, gives us the heavenly view of earth and earth is here seen as willing what heaven does not will. Self-will amounts to preversee-will. From the frightened birds and beasts up to man, the habitual coward, whose wear and tear upon his nerves is largely worry about the future, you can trace this rebellious urge. Man cannot quite annul God's sovereign will, but he can oppose and personally reject it; and unless saved from his self-will, he comes to the rebel's doom. I ask you, are you on the altitude where your heart cries out that God's will may be done on earth? Do you positively long for heaven's way for yourself and the earth at large? Then you may date your rebel life as gone with the past; the cross of Christ has made you nigh.

3. MEN CAN BE AS SEERS (Isa. 40:2-31). "They that wait upon the Lord shall mount up with wings as eagles." They get the view from the upper heights, and therefore do not grow weary. It is like the airplane in contrast with the car or carriage. With the latter the road ahead cannot be seen, but in the airplane the view is clear. No matter how difficult the way, if we wait for the Lord we may view it from the upper level, and can thus be sure of victory. Having the way charted we are devoid of the weariness that uncertainty produces; the view from above brings rest. We can see through to the end of the journey, and the end is glory.

Let our want ads do your work  
Job Printing Neatly Done.

## POSEY ITEMS

Mrs. S. N. Gentry, Correspondent

The men in the Posey community are busy poisoning leaf worms on the cotton and there is a large amount of them at present.

Mr. and Mrs. L. K. Hart and children have returned from Houston, Galveston and other points in South Texas and report an enjoyable trip.

Mr. and Mrs. G. L. Surface and children of Houston and Miss Imogene Surface of Missouri, spent the week visiting the Gentry and Johnson families and other relatives. They were enroute home from Missouri. Miss Surface will make her home with the Surfaces.

Mrs. C. A. Porter of Slaton visited in the Sam Gentry home Thursday.

Due to illness in the community, there was no meeting of the Ladies' Society of Christian Service last week. Another meeting date will be announced.

Mr. and Mrs. T. A. Johnson have installed a new electric pump over their well and have built a ventilated pantry for canned foods.

Ventilated pantries keep canned foods the right temperature, as well as being convenient.

Mr. Privett and family from Slaton are moving near Posey.

Mrs. Levi Miller has returned home after a two weeks visit with a daughter at Cisco, Texas.

Mr. and Mrs. G. R. Johnson and boys of Repesville spent Sunday with Mr. and Mrs. J. M. Morrison.

Mr. and Mrs. Warner Boyce and children of Lubbock spent Saturday night and Sunday with Mrs. Boyce's mother, Mrs. E. C. Clifton.

The young people enjoyed two parties last week. Wednesday night Miss Mary Frances Joplin entertained with a party at her home and Miss Mary Cloninger gave a party at the home of her sister, Mrs. Wesley Gentry.

Mrs. Ruby Boyce and children, Bonnie Jean and Marlyn Sue, spent Monday visiting her mother, Mrs. Will Burns.

There will be a box supper at Posey school Friday night; proceeds go to Luther Rudd, who is holding singing school there.

A new indoor drinking fountain has been installed in the Posey school building.

Mr. and Mrs. Jay Carroll went to New Mexico last week to bring their son, Joe, home. Mr. Ralph Terrell returned with them to help Mr. Carroll with field work.

Little Jerry Gentry, son of Mr. and Mrs. Wesley Gentry, was injured in a fall from a highchair last week, but is greatly improved.

"Chief" Topics by the SCOUT

In the Santa Fe Magazine for September there is an account of the presentation of an old Santa Fe Locomotive Bell by Mrs. F. C. Fox, wife of the former General Manager, to Uncle George Marriot.

The bell was formerly used on the Crosbyton South Plains Division, engine No. 154. Mr. Fox requested that the bell be given to Uncle George. D. W. Thompson, grandson of Uncle George, went to Karnack, Texas, to the home of Mrs. Fox, for the bell, and it is now on display at Elm Grove Ranch, together with an old link and pin coupling.

The Santa Fe Railway System carloadings for the week ending Aug. 30, 1941, were 22,380 compar-

ed with 19,485 for the same week in 1940. Received from connections were 9,106 compared with 5,921 for the same week in 1940. The total cars moved were 31,486 compared with 25,406 for the same week in 1940. The Santa Fe handled a total of 31,017 cars during the preceding week of this year.

HEY?

Three slightly deaf men were motoring from North York to London in an old noisy car, and hearing was difficult. As they were nearing the city, one asked: "Is this Wembley?"

"No," replied the second, "this is Thursday."

"So am I," put in the third. "Let's stop and have one."

—Santa Fe Magazine.

Southland News

By Helen White

Mr. and Mrs. Leonard Anderson and family of Ralls visited his parents, Mr. and Mrs. C. T. Anderson, Sunday.

Mr. and Mrs. Avon Bedford and

COOPER NEWS

Juanita Coston, Correspondent

As a climax to summer activities, home making girls of Cooper High school sponsored an open house Wednesday afternoon, which included a program, a project show and a tea.

A representation of 19 girls displayed projects which included clothes, household linens, canned fruits and vegetables, curtains, shoebags, toys, rugs, chip-carving and other home accessories.

Melba Jean Slater presided during the program and the welcome address was given by Dortha Nell Dawkins. Others on the program were Margaret Melcher, "How I Improved my Personality"; Mildred Nunley, "A List of Projects Made," and Ethel Coats, "Some Interesting Facts About Summer Activities."

Norene Womack was song leader and was accompanied at the piano by Dortha Nell Dawkins.

Punch, cookies and mints were served to guests from a refreshment table laid with a lace cloth. On the table were candles and a bouquet of marigolds.

Miss Dortha Nell Childers spent the week end in the home of Mr. and Mrs. T. C. Workman. Sunday night visitors in their home were Mr. and Mrs. Carl Townsend of Lubbock and Wayne Townsend.

Miss Clara Pratt, County Home Demonstration Agent, discussed, "The Tender Cuts of Meat" with the Union club members Thursday afternoon at the meeting which was held at Mrs. R. D. Presley's.

Miss Althea Seifert led the recreation and also gave a talk entitled "A New Felt Hat."

Members attending were Mesdames T. C. Workman, Earl Johnson, M. D. Gamble, C. L. Liffy, E. A. Nelson, E. C. Seifert, and Miss Seifert.

The next meeting will be on "What Kind of a Citizen Are You?" Mrs. F. H. Griffin will be hostess.

Mr. and Mrs. B. H. Coston and daughter and Mrs. T. J. Coston visited relatives in Hermleigh, Saturday. Mrs. T. J. Coston remained in the home of her daughter, Mrs. R. P. Watt.

Miss Kathryn Robertson entertained with a dinner at her home Sunday. Guests were Miss Autry Coston, Jack and Dick Cade.

Doyce Barrett left Friday for Coffeyville, Kansas, where he will attend college.

Claude Sooter is visiting relatives in Kentucky. He plans to remain there and work.

Visitors in the B. H. Coston home Friday were Mrs. E. A. Robertson and daughters, Kathryn and Betty Marie, and Mrs. Jack Powers and Doris.

Grandmother Cade of Fort Worth has been visiting her sons, Melvin and H. M. Cade. She is now visiting relatives at Tahoka.

Mr. and Mrs. H. M. Cade and daughters visited in Tahoka Sunday.

William Meyers has returned recently from a visit in Fort Worth.

Miss Autry Coston entertained with a weiner roast at her home Friday night, which later developed into a bicycle party.

James Franks entertained the young people with a party at his home Friday night.

Miss Northa Nell Dawkins honored Doyce Barrett with a farewell party at her home recently.

Mrs. Malcolm Colthorpe and daughter, Faye, visited Mrs. Colthorpe's mother at Crowell over the week end.

The summer homemaking girls have been honored with several social activities recently. The members of the Cooper Future Farmers of America gave a lawn party and the instructor of the course entertained with a slumber party last week.

The school cafe will not be completed for several weeks yet.

Teachers and officers were elected for the coming year at the Cooper Sunday school Sunday morning. Those elected were Mr. Andy Brownfield, Supt., Mrs. Jack Powers, Treasurer, and all the teachers were re-elected.

Mr. and Mrs. E. F. Dawkins and daughter, Rose Mary, spent Sunday in the home of Mr. and Mrs. Barrett.

Miss Dortha Nell Dawkins spent Sunday with Miss Margaret Leggett.

Mr. and Mrs. Cecil Webb and children spent Sunday in the home of Mr. and Mrs. Andy Brownfield.

Mr. and Mrs. Moody White visited in Lamesa Sunday.

Visitors in the Jack Powers home Sunday were Mr. and Mrs. L. G.

Thomas and family of Canyon and Mr. and Mrs. G. E. Lowe of Lubbock.

Mr. and Mrs. Clay Richardson and family of Ropes were visitors in the home of Mr. and Mrs. Glen Richardson, Sunday.

Russell Phillips left Monday for Clovis, N. M., where he has a job as apprentice machinist.

David Basham has started work at the Santa Fe shops in Slaton.

Mr. and Mrs. Charlie Boyd are the parents of a baby girl, born at 10:15 o'clock Monday night in West Texas hospital. The infant weighed 4 lbs. and 4 ounces.

Mr. and Mrs. Larkin Taylor have returned from a trip to Oklahoma, where they visited friends and relatives.

Visitors in the B. H. Coston home Tuesday were Mr. and Mrs. Ferrell Coston of Hereford and Mr. and Mrs. Herschel Glasecock and family of Slaton.

Several of the farmers in our community are poisoning their cotton for worms.

Mackenzie State park was the scene of a picnic and annual reunion of the Marcy family, Sunday, with 83 in attendance.

Those from Cooper attending were Messrs. and Mesdames J. M. Marcy, Zed Marcy and A. J., Bud Marcy, J. B. Marcy and family, Gordon Richardson, S. S. Scott and family, Jack Stanton and daughter, J. T. Scott and Mary Catherine Wells.

Last rites were read at 3 o'clock Wednesday afternoon in Plains Funeral chapel for Ambrose Adams, 78, of Lubbock, route 6, who died at 8:15 o'clock Tuesday morning at his residence.

Pallbearers were Dave Sooter, H. B. Phillips, O. H. Pope, Paul Kitchen, Roy Privett and Joe Manson.

Survivors include a son, Roy Adams, of Lubbock and two daughters, Mrs. Maude Allison of Lubbock and Mrs. Minnie Campbell of Slaton, route 1.

Personals

Mr. and Mrs. Harry McDonald are moving to California.

Miss Betty McCall, daughter of Mr. and Mrs. T. C. McCall, will enter a nurses school at Lubbock on Monday.

Mr. and Mrs. Levi Self are visiting Mr. Self's sister, Mrs. Woodrow Chandler, of Greenville, Texas.

FASHION PREVIEW

Charles Cooper designed this gala dress, featured in the October Cosmopolitan, for the chic woman on these occasions when the men don't dress or are in uniform. Erik, the Danish milliner, designed the hat with the lace eyeshade over one eye to make any woman utterly fascinating. The dress is of black crepe with a cascading hemline—street length in front to evening length in back.

Mr. LeRoy Holt, son of Mr. and Mrs. J. D. Holt, is home to visit his parents. Mr. Holt has been attending the summer session of John Tarlton College at Stephenville, Texas.

Mr. and Mrs. Claud Anderson and daughter, Claudia, are visiting in the home of their son, Mr. Roland Anderson in Albuquerque, New Mexico.

Miss Patti Quattlebaum of Clarendon, Texas, is guest of Miss June Scott.

Mr. and Mrs. Joe Bickerstaff have returned from Cowles, New Mexico, where Mrs. Bickerstaff and son Lee spent the summer and Mr. Bickerstaff spent several days.

Mr. W. H. Vermillion, formerly of Slaton and now living in Plainview, is visiting friends in Slaton this week.

Messrs. Boyce Wicker and Otis Browning are fishing in New Mexico.

Messrs. Bob Saunders and Harvey Hicks of Longbeach, California, are guests of Mr. and Mrs. D. Wade Thompson.

Mrs. Coy Sullivan of Princeton, Texas is visiting her mother, Mrs. W. A. Argo.

Mr. and Mrs. J. P. Halburton are visiting in the home of Mr. and Mrs. Courtney Sanders of Corpus Christi. The Sanders are former residents of Slaton.

Miss Maxine Wesley of Lubbock was a guest of Miss Wanda Atnip over the week end.

E. N. Pickens, who underwent a serious operation several weeks ago is much improved and able to devote a part of his time to his work at the Piggy Wiggly Store.

Miss Delilah Manire of Fort Worth visited relatives in this city and Lubbock the past week end.

Mr. John McKee is spending his vacation in Albuquerque, New Mexico.

Mr. and Mrs. Frank Birmingham of Borden county, who spent several months in Slaton two years ago, were here on business Tuesday.

## Mrs. Harral Hostess On Assembly Day

In its opening session of the year, the Wednesday Study club met Wednesday, September 3, at a coffee in the home of Mrs. L. A. Harral.

A bouquet of pink roses and gladioli formed a centerpiece for the table which was covered with an Italian cutwork cloth. Presiding at the silver service was Mrs. Roy S. Mack, president of the club. She was assisted by Mrs. Bentley Page.

A series of piano numbers were played by Mrs. Allen Ferrell.

Preceding the program, Mrs. Mack outlined club aims for the year and welcomed new members.

Theme of the meeting was "An Invitation to Fun", introduced by Mrs. R. W. Ragsdale. Participating in a debate: "Resolved, That a Woman's Place is in the Home," were Mrs. T. A. Bruner, affirmative, and Mrs. K. L. Scudder, negative.

Officers for this year are: President, Mrs. Mack; vice-president, Mrs. M. W. Abernathy; recording secretary, Mrs. Page; corresponding secretary, Mrs. J. Paul Stevens; treasurer, Mrs. F. D. Eckert; press reporter, Mrs. S. A. Peavy; parliamentarian, Mrs. W. B. Williams, and Federation counselor, Mrs. Harral.

New members are Mesdames D. J. Neill, Sug Robertson, J. E. Loveless, and Howard Hoffman. Other members include Mesdames J. H. Brewer, R. D. Hickman, G. L. Stokes, Bruner, Ragsdale, Ferrell and Scudder.

## Mrs. Fann Is Honored With Tea-Shower At The Slaton Club House

### Sixteen Present At Club Meeting

Mrs. J. D. Barry entertained the members of the Bluebonnet Club, Wednesday, August 27th. After a business discussion, the club members played games of "42" and "Chinese Checkers."

The members agreed to send a card and handkerchief shower to Mrs. H. E. Woods, who is in a hospital in Tennessee.

A refreshment plate was served to Mesdames H. H. Edmondson, D. W. Liles, J. P. Shelton, F. A. Drewry, L. T. Garland, J. D. Holt, J. P. Brooks, A. L. Clifton, H. B. Jarman, L. R. Tibbs, C. C. Cramer, S. H. Crews, Carl Evans, C. C. Wicker, the hostess, and a guest, Mrs. Weaver of Dallas, the sister of Mrs. Barry.

The next meeting will be in the home of Mrs. C. F. Stanford, 325 S. 11th St., September 10.

### Alathean S. S. Class Elects Officers

The Alathean class of the Baptist Church met in the home of Mrs. J. S. Vaughn, with Mrs. C. B. Tefertiller as joint hostess.

Officers for the coming year were elected as follows: President, Mrs. Carl Sartain; 1st Vice President, Mrs. T. E. McClanahan; 2nd Vice President, Mrs. Vilas Tudor; 3rd Vice President, Mrs. J. D. Loreing; 4th Vice President, Mrs. L. M. Conner; Secretary, Mrs. Bert Thornton; Associate Secretary, Mrs. W. H. Edwards; Treasurer, Mrs. Jess Burton; Reporter, Mrs. A. E. Clack; Song Leader, Mrs. Tefertiller; and Pianist, Mrs. Mable Verble.

### Jolly Ten Quilters Meet On Tuesday

Mrs. Jack Cooper entertained members of the Jolly Ten Quilting Club at the Fire Station, Tuesday afternoon, September 2.

Those present included Mesdames Jess Burton, C. C. Wicker, E. E. Wilson, H. H. Edmondson, W. P. Shelton, P. M. Wheatley, R. C. Sanner, Harlan Basinger, the hostess, and a guest, Mrs. W. D. Donald.

Mrs. C. C. Wicker will be hostess to the next meeting, which is September 16.

### Miss Stewart Is Honored With Party

Mrs. Mable Greer honored Miss Oleta Stewart, daughter of Mr. and Mrs. Carl O. Stewart, with a farewell slumber party at her home at 615 South 12th St., last Friday night.

The girls roasted weiners and marshmallows in the back yard, and afterward played a few games.

Young ladies present were Misses Betty Jane Dickson, Reba Dell Bartlett, Wilma Faulkner, Alice Jean Meading, Betty Lorraine Young, Martha Ann Gunter, Virginia Nell Smith, Marian Wilson and Miss Stewart.

The Stewarts and daughters, Ruby and Oleta, are moving to Lubbock in a few days.

### Miss Martin To Have Recital At School

Mesdames A. B. Griffith and L. E. White are presenting Miss Viola Martin in a graduation recital of piano and speech, Thursday, September eleventh, at the High school auditorium at 8:00 p. m.

Miss Martin will be assisted by James Thornton and her ushers will be Misses Jimmie Faye Ward, Connie Henry, Phyllis McReynolds and Corinne Cates.

## Federated Clubs Begin Activities

Once more it is September, when the activities for the fall and winter months are beginning to be organized and the clubs are planning programs and entertainments for the ensuing year. Each club has its individual subject for study and its own ideas for entertainments. Slaton's clubs are more enthusiastic than ever and are starting off with new ambition.

The Wednesday Study club, with its President, Mrs. R. S. Mack, had its first meeting in the form of a coffee in the home of Mrs. L. A. Harral, September 3. Their subject for study for the year is, "Fortifying Our Cultural Defense."

"Bird's Eye View of Texas Culture" was the course of study chosen by the Civic and Culture Club, which begins its meetings September 13 in the home of Mrs. J. C. Jenkins, with its president, Mrs. Joe E. Webb.

Miss Myrtle Teague is president of the Daughters of the Pioneer Study Club, which is to study "Practical English" for the year. The hostess to the first meeting is Mrs. Warren Henry, on September 15.

The Junior Civic and Culture Club will have its first meeting September 9, with Mesdames J. B. Stevens, D. W. Thompson and V. G. Browning as hostesses. The course of study for the year has been selected as Miscellaneous. The president is Mrs. J. B. Stevens.

"Federated Programs, Effective Speech and Practical English" is the subject of study for the 1940 Study Club, which had its first meeting on September 4 with Mrs. B. A. Hanna. The club president is Mrs. C. C. Cramer.

### MRS. BAIN HAS PARTY FOR DAUGHTER, MISS MARION

Mrs. C. R. Bain of 625 South 9th Street, entertained Thursday night with a party for her daughter, Marion. Games were played and refreshments of ice cream and cake were served.

The guest list included Misses Billie Jean Jarman, Nina Ray Hickman, Ruth Austin, Loretta Stevenson, Emma Young, and Mar-on, and Messrs. Jack Dickson, Wayne Blasingame, LeRoy Floyd, Roy Talbert, Weldon Collins, B. A. Hanna, and Billie Loyd Brackeen.

### CARD OF THANKS

We wish to thank the many friends and neighbors for the kindness shown us during the long illness and death of our husband, father and brother.

Mrs. W. E. Kercheval and Sons. Mesdames Davis and Sanborn.

### VISITS THE SMITHS

Visitors in the home of Mr. and Mrs. Horace Smith last week were Mrs. Leslie H. Smith and three children, Billy Fay, Dona and James Leon from Austin and Mrs. Horace Smith Jr. and two sons Billy Gene and Bernard from Westover, Texas.

These visitors left Sunday for their homes and Mr. Horace Smith Sr., wife and son Charlie Smith left with them to visit in Westover and Clarksville, Texas.

### CARD OF THANKS

Verbal expression seems so inadequate that I am taking this means of thanking my many, but envious, friends for the lovely floral offering.

## Movie Fans To See Shepherd Of The Hills

Paramount presents to the movie fans of America Harold Bell Wright's famous novel, "The Shepherd of The Hills". This remake of the Wright novel is only comparable to "The Trail of The Lonesome Pine," which some five years ago initiated a new era in outdoor color photography. Technicolor is again employed and the tones of the colorful and rugged mountain backgrounds are faithfully and impressively captured. The film's general atmosphere adroitly ensnares the earthy qualities, the quaint philosophies, the loves, hates and frustrations of the backwoods people whom American nomenclature designates as hillbillies.

The cast includes John Wayne, Betty Field and Harry Carey, who turn in a number of finely-etched performances, of which Betty Field's portrayal of "Sammy Lane" is the most notable. See "The Shepherd of The Hills", coming to the Palace Tuesday, Wednesday and Thursday.

Dr. W. E. Payne was called to Vernon to see a patient, a friend of Mr. and Mrs. E. R. Legg. He was accompanied to Vernon by Mr. Legg.

A guest in the home of Mr. and Mrs. A. L. Clifton is Mrs. Clifton's sister, Mrs. Curtis Jones and son of Anton, Texas.

Guests in the home of Mr. and Mrs. Roy Matthews are Mr. and Mrs. R. C. Williams, parents of Mrs. Matthews, of Wellington, Kansas, and a nephew, Floyd Williams, Jr., of Corpus Christi. Mrs. Floyd Williams and daughters, Edith and Connie will arrive from California this week.

Miss Martha Lou Lovelace, daughter of Dr. and Mrs. R. C. Loveless, spent the weekend with a friend, Miss Mary Belle Richards of Lubbock.

Mr. Bobby Jack Gary of Kilgore is visiting Mr. Kenneth Tammer. Mr. Gary is a former Slaton resident.

Rev. and Mrs. W. D. Harris of Jackson, Texas spent Monday in the home of Rev. and Mrs. J. Paul Stevens.

Mr. Ray DeBusk, who is in the Army Air Corps at Brookfield is visiting his parents, Mr. and Mrs. R. L. DeBusk.

Miss Margaret Smith has returned from a trip to Dallas.

Mesdames J. W. Ward and Vera Patterson have been to Lamesa, where they visited relatives. Mrs. B. J. Ward and granddaughter returned to Slaton with them.

## Mystery Blaze Sweeps Brooklyn Waterfront 'Gold in Them Peaks'

Darting as close to the flames as it dared go, a cameraman on a special plane made this unusual photo of the conflagration that swept pier 27 in Brooklyn in one of the worst fires in recent years. In the center, between both piers can be seen the Cuban liner, Panuca, ablaze. Scores of firemen were severely injured and some military supplies were damaged.

Goldminer Frank Gimlett, in from Colorado, gets his first glimpse at New York's architectural peaks. Equipped with pick, shovel and gold pan, he stands atop the Pennsylvania hotel with the Empire State building in the background. He is 76 years old.

## Penalty For Burning Stubble

Since burned stubble is a potential soil erosion hazard, penalties may be assessed against AAA farm payment, Mr. C. E. Lilley, chairman of the Lubbock County AAA committee, has announced in warning farmers against this practice.

Under 1941 farm program regulations, a deduction of \$1 per acre may be made for each acre of cropland in the farm subject to wind and water erosion on which approved measures have not been adopted. The amount of penalties however, cannot exceed the total payments computed for the farm.

## Egg Market Good Penalty For

Austin — Texas farmers and poultrymen sold almost three times as many eggs in July as a year ago, with total shipments amounting to 305 carloads, the University of Texas Bureau of Business Research reports.

Bulk of the shipments—259

cars—went to out-of-state points, New York taking 73 cars and Pennsylvania taking 41.

Movement of Texas-raised chickens was cut in half, however, to

only 15 cars, while five carloads of turkeys were shipped compared to six in July, 1940.

Mrs. Floyd Nesbitt of Lubbock visited friends last week.

## Prices Set For Many Textiles

Associate Price Administrator Elliott suggested women can help check price rises by writing the Price Administration's consumer division in Washington of unreasonable advances in costs of living; by consulting city and county officials to see whether increases are justified; buying this winter's coal now; reporting rapid rises in rents to state and local housing agencies; buying defense bonds instead of new cars, refrigerators, washing machines or other household appliances. The Office of Price Administration set ceiling prices on animal hair used in mattresses, rayon grey goods, dimities, voile and combed broadcloth—thus

## Handicaps Only Mental Hurdle, Says Pianist

Condensed from "Handicaps" written by Alec Templeton, famous blind pianist, and appearing in the October issue of Cosmopolitan.

"YOU and I make our own handicaps in life. We have them because we think we have them. Assuredly our thoughts are our own to choose. I have never thought of myself as handicapped by blindness.

"... It might well have been otherwise if my parents had used less judgment in my upbringing; if,

Alec Templeton

for instance, they had allowed one minor strain of pity to creep in. Pity would have made the handicap real to me. Suppose my family had constantly called it an "affliction" and shown that they felt sorry for me. Instead of having a happy career, I might now be walking the streets holding out a tin cup."

"From the time I was six, I wanted to become a professional pianist. This meant that I would have to learn to play the piano by touch and commit to memory everything I played... Whether I was born with a better memory than average, I do not know. The fact remains that I have had to bank heavily on it as a pianist... Memory, I have found, is like a muscle; it grows with use. I do not believe there is any limit to its capacity."

"(Deafness), I admit, is the worst that can happen to a musician... This might easily have been the end of Beethoven's creative life had he conceded defeat. Instead, he summoned his imperious will and for twenty-five years thereafter poured out his soul in a number of masterpieces. He did not hear performed a note of one of his greatest works, the Ninth Symphony with its closing "Ode to Joy."

"... When I play Beethoven today, I sense something of his struggle and triumph, the eternal struggle and triumph of the human soul—for I believe with Emerson that the soul is born to victory. Beethoven not only triumphed over deafness; he triumphed over death."

covering almost all textiles required for women's dresses, men's shirts, underwear, coat and suit linings, handkerchiefs, sheeting and other items of cotton and rayon.

Your original investment in Defense Savings Bonds, Series E, will increase 33 1-3 percent in 10 yrs.

## Special Care Is Required By Children

Every mother wants her child to rank the highest in his or her class at school, scholastically, and also to make a good physical check-up as to weight, height and general health. This requires a certain amount of special care and planning of good wholesome meals for your child when he comes home from a hard morning of play and study. Good milk is an essential in the diet of a young child, growing so rapidly that it is hard for them to obtain much strength and at the same time play so vigorously. Without pure clean milk products to build up needed energy it is very easy for a child's resistance to become low under the strain of eager childhood. It is then that a mother realizes the importance of good nourishment that comes from fresh milk products. Milk offers the necessary vitamins for growing boys and girls and a school child deserves the best in such products.

The home of pure fresh dairy products in Slaton is Johns Jersey Dairy. Clean dependable service and daily deliveries are the custom of this competent and efficient concern. All leading food stores and markets carry a complete line of Johns products. Call Johns for prompt delivery or go to your food market for the best in fresh milk products.

Large animals that lived in Texas during the later periods of prehistoric time included elephants, mastadons, horses, camels, bison, ground sloth, giant wolf, giant armadillo and saber-toothed tiger. In earlier geologic time, there were many other animals, including the dinosaurs.

**Conductor Selects Music For the New Listener**

THE question of what to listen to when first becoming interested in music is always a difficult one, because most people don't know where to turn to for advice.

If the novice is planning to build a record collection the task is all the more difficult because he wants to start with only a few records and would like to spend his money to the best advantage. Although it is impossible to select any music as being positively the "best", George Marek points out in the September Good Housekeeping that suggestions can be made of compositions that are likely to please us as much on the first hearing as the tenth. Marek asked Sir Thomas Beecham, the eminent British conductor to choose ten pieces which he believed would succeed in winning over a new public to music. Sir Thomas, with this in mind made the following list:

Mozart's *Symphony No. 40*, Beethoven's *Lenore Overture No. 3*, Schubert's *Symphony No. 8 "Unfinished"*, Wagner's *Overture and Venusberg Music from Tannhauser*, and the *Overture to Die Meistersinger*, Tchaikovsky's *Symphony No. 6 "Pathétique"*, Dvorak's *Symphony No. 4*; Bizet's *Arlesienne Suite No. 1*, Berlioz' *Roman Carnival Overture*, and Grieg's *Peer Gynt Suite*

Mrs. Pat Patterson is in Gorman, Texas, this weekend.

One of the features of Livestock Show at the State Fair of Texas will be a show for fine Palomino horses, in production of which Texas ranks first in the nation.

The State Fair of Texas has enjoyed a daily average attendance of 54,368 during the past 21 years. Total attendance during that period, 1916 to 1941 numbers 18,267,785. Average annual attendance has been 869,895.

## ORDINANCE NO. 98

AN ORDINANCE FIXING RENTALS TO BE PAID BY TELEPHONE UTILITIES FOR THE PRIVILEGE OF USING, WITH THEIR POLES, WIRES, CONDUITS, STRUCTURES, TOWERS, CABLES, CROSSARMS, APPURTENANCES & FIXTURES, THE STREETS, ALLEYS AND PUBLIC WAYS WITHIN THE CORPORATE LIMITS OF THE CITY OF SLATON, TEXAS, PROVIDING THAT SUCH UTILITY SHALL MAKE QUARTERLY REPORTS, PROVIDING PENALTIES FOR THE VIOLATION HEREOF, REPEALING ALL ORDINANCES IN CONFLICT HEREWITH AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY OF SLATON OF THE COUNTY OF LUBBOCK, TEXAS.

Section 1. That all persons, associations, organizations and corporations, using and maintaining any telephone poles, structures, wires, conduits, towers, cables, crossarms, appurtenances and fixtures in, or upon any of the streets, alleys, parks or other public places within the corporate limits of the City of Slaton, Texas, shall within thirty days after the end of each quarter, namely, April 1st, July 1st, October 1st, and January 1st, of each year hereafter, file with the City Secretary of said City of Slaton, Texas, a report, sworn to by the Auditor of such person, association, organization, or corporation, showing the gross receipts derived from the sale of telephone service for local use only, excluding toll or long distance charges to points outside of the City of Slaton, Texas, from consumers of said local service within the corporate limits of said City of Slaton, Texas, for the three months preceding each of said dates.

Section 2. That upon the first day of April, July, October and January of each year hereafter every person or corporation, association or organization using the streets, highways, alleys, parks or other public places within the corporate limits of the City of Slaton, Texas, with poles, structures, towers, conduits, wires, cables, cross-arms, appurtenances and fixtures shall pay to the City of Slaton, Texas, a rental equal to two per cent (2%) of the gross receipts received from the sale of telephone service for local use only, excluding toll or long distance charges to points outside of the City of Slaton, Texas, from consumers, or users, of said local service within the corporate limits of said City of Slaton, Texas, for the three months preceding the first day of April, July, October and January of each year, which sum shall be paid to the Tax Collector of the City of Slaton, Texas, who shall thereupon deliver to the person, association, organization or corporation paying the same a receipt for the amount so paid as a rental.

If the first payment required to be made hereunder shall be for a period of less than three months preceding a regular paying date, then the time actually elapsing from the effective date hereof to next regular paying date shall be pro-rated for the actual time on the basis herein provided.

Section 3. That any person, association, organization or corporation, and the local manager or agent of any such person, association, organization or corporation, willfully failing and refusing after thirty days (30) written notice from the City Secretary to make the report required above herein and to pay the amount of the rental herein fixed, shall, upon conviction in the Corporation Court of the City of Slaton, Texas, be fined in the sum of and not to exceed Fifty Dollars (\$50.00), and each

## Properly Fed Stock Aid To Defense

(Editor's Note: This is the first article of a series, "Feeding for Defense—and Profit", published as a service to farmers and stockmen).

"It's patriotic to feed properly," points out A. L. Ward, Educational Director, National Cottonseed Products Association, Dallas, Texas, in announcing a new series of livestock feeding articles, "Feeding for Defense—and Profit", to aid farmers and stockmen in more efficient feed utilization and livestock production.

Based upon up-to-date Experiment Station and Extension Service recommendations and practical feeding experience, the articles will discuss feeding practices which have proved their value in increasing efficiency and economy of livestock production. For example, Texas Extension Dairyman E. R. Eudaly recently pointed out the value of ensiling corn that will not produce enough grain to justify harvesting. Such silage, fed with 3 pounds of cottonseed meal for each gallon of milk produced, represents efficient feed conservation and efficient feeding for milk production.

Efficient feeding, through properly balanced rations, as well as efficient livestock breeding and day's failure or refusal shall be deemed a separate offense.

Section 4. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 5. The fact that the Legislature of the State of Texas, has, by proper enactment, permitted incorporated cities and towns to levy a tax against all persons, associations, organizations, or corporations, occupying, or using, the public streets, alleys, public ways and parks as a rental for the use of same, and the fact that the general fund of said City of Slaton is in need of immediate replenishment, creates an emergency and the rule requiring the reading of all ordinances on three several dates is hereby suspended and this ordinance shall take effect immediately upon its passage and approval.

Passed and approved by the City Commission of the City of Slaton, Texas, at its regular meeting held in the City Hall, Slaton, Texas, on the 25th day of August, A. D. 1941.

J. H. TEAGUE, Mayor, City of Slaton, Texas.

Attest: E. H. WARD, Secretary. (SEAL)

I, E. H. Ward, Secretary of the City of Slaton, Texas, hereby certify that the above and foregoing ordinance was duly presented and passed by the City Commission of the City of Slaton, Texas at its regular meeting held in the City Hall, Slaton, Texas, on the 25th day of August, A. D. 1941.

E. H. WARD, Secretary, City of Slaton, Texas.

Subscribed and sworn to before me this 27th day of August, A. D. 1941.

(SEAL) F. A. DREWRY, Notary Public, Lubbock County, Texas.

## FOR DEFENSE

## AMERICA ON GUARD!

Above is a reproduction of the Treasury Department's Defense Savings Poster, showing an exact duplication of the original "Minute Man" statue by famed sculptor Daniel Chester French. Defense Bonds and Stamps, on sale at your bank or post office, are a vital part of America's defense preparations.

management, are essential for the maximum production of the livestock products needed for National Defense, livestock authorities pointed out. Furthermore, the same efficiency is essential for the individual livestock grower to secure maximum returns from his land, labor, feeds and livestock.

For this reason, patriotism and profitable practices can be combined by the livestock industry to the joint benefit of the individual and the nation.

"Through County Agents, Vocational Agriculture Teachers, Experiment stations, local cotton oil mills and many other agencies, practical assistance in his feeding problems is available to every farmer, ranchman and livestock feeder," Mr. Ward added.

"As a public service, and a service to farmers and stockmen, the cotton oil industry's Educational Service has prepared this new series of feeding articles to cooperate with and supplement activities of Extension Service, Experi-

ment Station and Vocational Agriculture leaders.

"In cottonseed feed products, cotton oil mills supply nutritious feeds of the greatest economic importance to the livestock industry and the nation. By using these products in combination with home-grown grains and roughages in balanced rations, farmers and ranchmen secure greater returns from their feeds and their livestock."

That today's livestock producers are far better "armed" with livestock and feeding knowledge and assistance than 25 years ago when, in another world crisis, the United States was called upon to feed and clothe the people of other nations, will be the subject of the second article of this series, to be published soon.

Pick off blossoms and seed pods immediately after blooming and crepe myrtle shrubs will continue to bloom for a longer period during summer.

## Home from 'The Wars'

The U. S. S. Wakefield, formerly the S. S. Manhattan, arriving in New York harbor with the force of soldiers who recent south to co-operate with the U. S. marines in mimic war. Landing exercise and beach head tactics on the coast of North Carolina were high spots of the "war."

The WPA will soon sponsor in-volunteer or sponsor-paid workers service training institutes for of school lunch rooms.
