

Airmail Volume Here Sets Westex Record

Big Promotion Clicks Along Smoothly

Over 10,000 Pieces Of Mail Handled In One Day

An excellently planned and executed plan of promotion and pick-up Thursday made Big Spring the center of the West Texas airmail map as scores of cities and towns staged celebrations in observance of National Airmail week.

No Delay
Big Spring led all other West Texas points in the amount of airmail handled—more than 10,000 pieces.

Nearest approach was at San Angelo where the postage ran to 114 pounds in 4,446. An additional 11 pounds in 418 pieces also was credited to San Angelo when it was picked up by Bob Schermerhorn Thursday morning and brought here for routing over American Airlines.

With four men working at the airport to dispatch mail from five pick-up ships touching at 13 points in this area, the record volume of mail was handled without delaying the airline transports a moment.

Airmail volume originating in Big Spring Thursday reached 161 pounds in 1,310 pieces, running the week's total to 2,516 pieces, slightly over the goal set for the week here.

Every piece going through the local postoffice has had the special Big Spring airmail cachet placed on it.

Pick-Up Foundage
Foundage gathered from surrounding points was figured at 89 pounds, divided as follows (some points estimated): McCaney six, Big Lake four, Sterling City four, Garden City one, Kermit six, Wink three, Colorado nine, Snyder two, Lamesa eight, Seminole six, Andrews six, Lubbock 23, and San Angelo 11 pounds.

Ahline, not touched in the local program, had a record day of 469 pieces plus eight live horned toads for Buffalo, N. Y.

Out of Big Spring went 14 pounds See BIG VOLUME, Page 6, Col. 2

County's Schools Conclude Terms

In a series of varying ceremonies 17 Howard county schools Friday closed their doors on the current school term.

At two points, dramatic offerings featured the end of the school year with plays being scheduled for Friday evening at Vincent and Moore.

Forsan, completing its term, made final preparations for the annual senior tour starting early Saturday morning.

Lomax, only one of the common school districts not in the closing group, officially ended its year a week ago. Coahoma, independent school district was to have its last exercises Friday evening while Garner independent school district finished its business in mid-week and cleared its reports to the county superintendent's office.

Ex-Army Leader Ready To 'Fight It Out' With Cardenas

Cedillo Says He Won't Start Warfare, But Has Peasant Army Prepared To Repel Any Attack

SAN LUIS POTOSI, Mexico, May 20 (AP)—Slow-talking, quick-moving Ex-Army General Saturnino Cedillo spread his peasant army into the hills today to prepare for guerrilla warfare with the army of President Lazaro Cardenas.

He would not start it but he was ready with arms to repel "all aggression," said Cedillo, 45-year-old Mexican Indian, rightist political opponent of Cardenas and for 20 years the dominant power of San Luis. Cedillo was plotting rebellion, charged Cardenas, 42-year-old radical leader of the nation's program of socialization of "Mexico for Mexicans" which was exemplified on March 18 by government expropriation of foreign-owned oil properties.

Their dispute was that between the right and the left, and many feared that if fighting began it might spread through the nation and make of Mexico another Spain.

Their dispute was that between the right and the left, and many feared that if fighting began it might spread through the nation and make of Mexico another Spain.

Says Attack Planned
Cedillo said he had "trustworthy" information the president was preparing to "try to crush me by force of arms and that attack might come today. He kept to his vast Las Palomas estate near here with less than a dozen men last night, but his peasant force had taken to the hills and Cedillo was ready to follow.

Bitterly, the leader of Mexico's last important private army, whose fealty he held by land allotments on his estate, denied he plotted rebellion.

He saw himself as the victim of efforts by his enemies to destroy him, carried on since his resignation as secretary of agriculture in a tilt with Cardenas last August. Definitely he laid down his determination to resist.

"I am ready to repel all aggression by means of arms, but I place the responsibility for the blood that may be shed on the caprice of the man who seeks to make of Mexico a dependent of the Soviet."

WORK ON PLANS FOR CEMETERY ROAD

Both city and county are ready to get operations started on the cemetery road project as soon as preliminary details are arranged, it was reported today.

The paving job will be undertaken on a private basis without the necessity of submitting project material for a WPA work program.

From the point where the surfaced lateral road built by the county to the city limits ends, to the Benton street viaduct, a 14-foot asphalt road will be constructed. It will be installed on six-inch compact caliche base.

The city will furnish equipment and facilities including rock crusher, caliche pit, asphalt machine, roller, etc., while the county will contribute labor, materials and considerable equipment.

27 ARE ACCUSED OF POLITICAL FRAUD

WATERBURY, Conn., May 20 (AP)—A general bench warrant for the arrest of Frank Hayes, lieutenant governor of Connecticut and Mayor Waterbury, and 26 others, charging "rampant corruption" in the city's administration, was in the hands of a special prosecutor today.

County Detective Edward J. Hickey was instructed to round up the 27 men.

The warrant, charging a "conspiracy" to defraud the city of money "in excess of a million dollars," was issued last night after a special grand jury had charged Waterbury had been "under the domination of a small but powerful, ruthless and corrupt group of men who managed the affairs of the city for personal and political advancement."

Veteran Duelist Gets The Better Of His Foe, In "Affair Of Honor"

PARIS, May 20 (AP)—Edmond Bourdet, director of La Comedie Francaise, was wounded in the right arm today by Henry Bernstein, veteran playwright and duelist, in an "affair of honor" that failed to settle their quarrel. It was Bernstein's eighth duel, Bourdet's first.

The principals left the dueling field without reconciliation. The contest was watched by a large gathering of newspapermen and cameramen, who were admitted to the scene after climbing over surrounding walls by ladders.

They fought with spears, long pointed blades without cutting edges. Choice of weapons was made by Bernstein, whom the

Rail Wage Cut Develops New Opposition

Labor Unions Say A Strike Would Be The Result

WASHINGTON, May 20 (AP)—Railroad labor unions added a threat of a nationwide strike today to efforts of administration senators to prevent rail lines from putting a 15 percent wage cut into effect July 1.

The Railway Labor Executives association, charging in a statement that the roads had "double-crossed" their employees, asserted a strike would be the "only ultimate result" if the railroads pressed their \$250,000,000 wage reduction program.

Senate opposition to the cut crystallized in withdrawal yesterday of a committee-approved bill to make more liberal RFC loans available to the carriers.

The bill was on the house calendar for debate this afternoon, but house leaders changed their plans. Democratic Leader Rayburn said the bill would not be considered at this time because of the senate dispute about pay cuts. Other leaders said they saw no point in house action on the legislation until after the senate situation is clarified.

The senate returned the measure to its banking committee at the request of Chairman Wagner (D-NY), who said there had been "no discussion" of the wage cut proposal at the time the bill had been considered.

Wagner told reporters that several committee members wanted to include a no-wage-cut stipulation in the legislation. Both labor and management will be called to discuss the issue, he said.

Administration leaders, weighing the potential effects of a rail strike, welcomed the probability that procedure under the railway labor act would delay a showdown at least until fall.

YOUNG DEMOS MEET IN SAN ANTONIO

SAN ANTONIO, May 20 (AP)—Candidates for state offices and young democrats swarmed into San Antonio today as the youthful party members opened their sixth annual convention.

While the young democrats as a body planned to maintain a hands-off policy on state politics, the candidates were here and plans were to introduce each of them to the delegates. An attendance of 1,000 was expected for the session.

Paul A. Williams of Columbia, Mo., secretary of the Young Democratic Club of America; Charles West of Washington, former Ohio congressman; and Mrs. Cecil Heady of Oklahoma City, national vice president of the young democrats, will speak during the two-day session.

Yesterday, the 17-member state executive committee heard reports from credentials and membership committees and planned details of the session. C. A. "Neal" Pickett of Houston is president.

ADDITIONAL TEXAS PROJECTS ASKED

WASHINGTON, May 20 (AP)—Senator Sheppard (D-Tex) has asked the senate commerce committee to add five Texas projects to the general authorization bill for river and harbor developments.

They were: Colorado river, \$540,000; completion of works for disposition of dredged material on Sabine lake frontage owned by the city of Port Arthur, \$694,000; Aransas Pass, \$37,000; Rockport, \$13,500; San Bernard river, \$170,000.

He also asked a survey of Sulphur river in Texas and Arkansas with the view to improvement for navigation, flood control, water power and prevention of pollution.

Oregon Vote Is Watched

PORTLAND, Ore., May 20 (AP)—Oregon supplanted Pennsylvania as the nation's political sounding board today as 248,000 democrats were called to vote in a test of strength for Interior Secretary Harold Ickes, Senator Norris (Ind-Neb) and John L. Lewis (C.I.O.) as state primary election factors.

Rivaling Pennsylvania's "Little Steel" struggle, Oregon has been the scene of a bitter A.F.L.-C.I.O. battle for supremacy in the sawmill industry. Scarcely milder has been the struggle between Governor Charles H. Martin and his Norris-sponsored opponent, Henry L. Hess of La Grande.

This democratic contest for governor has eclipsed all other races, although more than half a million republicans and democrats will select candidates for governor, senator and three congressmen.

WASHINGTON, May 20 (AP)—President Roosevelt said today he was taking no part in the Oregon democratic primary election.

The president made the statement while explaining to newsmen that he would not comment upon the outcome of Tuesday's primary in Pennsylvania.

To Take Bids On Airmail Service

Route Would Link Houston, Slatone, Brownsville

WASHINGTON, May 20 (AP)—Second Assistant Postmaster General Harlee Branch called today for bids for an airmail route linking Houston, Brownsville, and San Antonio, Tex., and for routes between Wichita, Kas., and Pueblo, Colo., and between Bismarck, N. D., and Minot, N. D.

He said notices of advertisement for the Texas route and of advertisement of the Wichita-Pueblo and Bismarck-Minot routes had been sent to terminal of air lines which might be interested, and set June 15 as date for opening of the bids.

The Houston-Brownsville-San Antonio route would afford New Orleans, La., Baton Rouge, La., and the three Texas cities direct air service between New York and Mexico City.

Branch said the call for the Houston-Brownsville bids had been delayed because of controversy between congressmen from districts along the route of Eastern Airlines operating between New York and Houston by way of New Orleans, and along the Braniff Airways route from Chicago to Brownsville by way of Oklahoma.

Two Units
He said, however, that after considering the proposal the department considered it advisable to ask for bids.

Branch said the Texas route would be flown in two units—San Antonio east to Houston, and Houston south to Brownsville. It would not be necessary to use the same planes, he added, nor would it be required that the two flights over the two sections arrive in Houston simultaneously.

The proposed route would fill a gap in the New York-New Mexico air mail service that exists between Houston and Corpus Christi. The latter city is connected with Brownsville by Braniff Airways, and should Eastern Airlines get the new contract there would be a duplication of service between Corpus Christi and Brownsville, where Pan-American Airways began their Latin-American service.

WORKERS WALK OUT, TIRE PLANTS CLOSED

AKRON, O., May 20 (AP)—All Akron plants of the B. F. Goodrich Co. were closed today in a walkout, which L. E. Callahan, president of Goodrich local, United Rubber Workers of America, said started as a protest against retention of eight apprentice electricians while men with longer service were being laid off.

"Now that we are out, we are going to demand a signed agreement, vacations with pay and the stopping of production work by supervisors and foremen," Callahan said.

Quints To Join Rest Of The Dionne Family To Live Under One Roof

NORTH BAY, Ont., May 20 (Canadian Press)—Fags, Olivia and Mamma, the Quints, and the seven other Little Dionnes at last are to live under one roof as one family.

Thus will be ended the cause of much resentment by the senior Dionnes, who have wanted their famous five at home with their other children since the Quints became wards of the king and set up house in their own nursery.

The Quints will be four years old May 23. There now has begun "a new spirit of cooperation," said Father Dionne's attorney with Judge J. A. Vallin, chairman of the quintuplets' board of guardians, announced the projected set-up. Plans are to be drafted at once

Propose Increase In Work Relief Fund

Sub-Committee Acts To Finance WPA Activity For Longer Period

WASHINGTON, May 20 (AP)—A senate appropriations subcommittee decided tentatively today to increase from \$1,250,000,000 to \$1,425,000,000 the work relief appropriation in the administration's spending bill.

Chairman Adams (D-Colo) said that the increase would finance the WPA for eight months instead of seven.

The house voted \$1,250,000,000 to carry on work relief from July 1 to next February 1. Adams told reporters the subcommittee thought it desirable to provide funds for an additional month in order that the next session of congress would have more time in which to make a supplemental WPA appropriation.

Southern senators, meanwhile, demanded elimination of regional differentials in WPA pay in the event congress enacts a nationwide minimum wage.

Many southern legislators have criticized the wage-hour bill which the house will debate Monday because it does not provide a lower wage scale for the south. The WPA, they pointed out, has a generally lower rate for that area.

Their informal discussion of an amendment to standardize WPA pay schedules if the house bill passes came as a senate appropriations subcommittee gathered today to approve the \$3,000,000,000 relief and public works bill.

Highway Vote Set Saturday

Martin County To Decide On \$46,000 Bond Issue

STANTON, May 20—Martin county voters are ready to march to the polls Saturday and decide upon a \$46,000 road improvement bond issue.

The bond measure has been proposed as the means of financing purchase of right-of-way on two important Martin county highway projects. One is the provision of roadway on the Stanton-Lamesa route north from Lenorah to the securing of right-of-way on a route westward from the intersection at Lenorah to the Andrews county line. Andrews county commissioners court has assured the Martin court that it would meet the road at a given point with one from the Andrews county seat.

Although Martin county has a total of 1,515 qualified voters this year, it is expected the total vote in the bond election will be much less since only those who have rented real or personal property for taxation this year are entitled to cast ballots in the election.

Pact Is Left Up To Duce

France Says Next Move For Friendship Is His

PARIS, May 20 (AP)—France, relying on her close alliance with Britain, has put the question of a friendship pact with Italy squarely up to Premier Mussolini.

Political informants made it clear today that negotiations, deadlocked since May 11, will have to be reopened by Italy.

France seemed to have found the formula she hoped would checkmate Italian efforts to use the Spanish civil war as an excuse to break France's alliance with either Britain or Russia.

French acceptance of a British plan for ending intervention in the Spanish war assured her of Britain's support. Should Mussolini refuse to negotiate a friendship agreement with France on that basis, Britain could not hold France responsible.

The result might be collapse of the recent Anglo-Italian pact, which is based on the same eventual withdrawal of Italian troops with insurgents in Spain.

At the same time, France apparently has saved herself from offending Russia, as the British press calls for equal withdrawal of volunteers from both sides.

Suchow, Vital Rail Center, Captured

Leader Says More Extensive Campaign Ahead

By ELMER W. PETERSON
JAPANESE ARMY HEAD-QUARTERS South of Suchow, May 20 (AP)—The general commanding the Japanese armies which advanced from the south to the capture of strategic Suchow told this writer tonight that 40 Chinese divisions were surrounded in the Suchow area without a chance of escape.

Chief Lt. Diederich He said most of these troops were provincial levies (which average roughly 4,000 men to a division) and were inside Japanese lines enclosing an area roughly 25 miles by 15.

Immediately after greeting a small party of correspondents who had flown by Japanese army plane 350 miles from Shanghai, the general declared the magnitude of Japan's victory at Suchow, nerve center of China's central front resistance, was not yet generally apparent. He would not permit his name to be disclosed.

The Japanese army announced complete occupation of Suchow early today. Suchow is an important railroad center.

The Japanese commander said the huge Chinese forces around Suchow were breaking up into leaderless disorder and suffering terrible casualties under the steady, merciless attacks of the Japanese air corps.

Other officers of the Japanese command said the fall of Suchow by no means marked the final phase of the ten-month-old war.

They declared emphatically that a new campaign destined to carry Japan's armies westward through the heart of China south of the Yellow river already was under way.

New Onslaughts
They would not disclose details, but one high officer said Japan's legions—now stretching from the Yangtze river through the coastal provinces above Shanghai and along a front bending westward above the Yellow river—were girding themselves for still more formidable onslaughts.

These, he said, would be pointed toward the obliteration of Generalissimo Chiang Kai-shek and his armies from China forever.

The war correspondent reported that General Shunroku Hata, commander of Japan's armies south of Suchow, interviewed at "an undisclosed base," said the capture of Suchow was "only the hop" in a "hop, step and jump" in which "we may stop at Hankow or make the jump to Chungking."

(Hankow is temporary capital of China. Chungking, another temporary government seat, is 500 miles further up the Yangtze river. The hop, step and jump is Japan's favorite track and field event, her champions having won it at the last three Olympic games.)

THE SPORTS PARADE

By HANK HART
To Permian Basin

Tommy Hutto, the lanky first sacker of the Foran Continental Oilers, has left for Texon where he will become a member of the Permian Basin league entry of that city.

The hard hitting star, who clouted out three home runs in a game with San Angelo two weeks ago, has put on weight and is much stronger than he was when in professional baseball last season. He should fill in capably for the south-west Texas team. He is replacing the light hitting Hy Haven at the initial sack. Hy will move into the outfield.

More Hard Luck

More hard luck is tailing the Barons as they open the second game in Clovis on their road trip. Frankie Jacot and Al Berndt suffered injuries in the Pioneer game Thursday and Pat Stacey was sent to a doctor at Hobbs, N. M., in an attempt to get him back in shape.

The same doctor worked on Johnny Soden earlier in the season when that young man pulled a rib out of place and the results can be seen.

It is hoped that Patrick will respond to the treatment. He couldn't have looked better the day he sat Midland down in a shutout performance in his first game but he has been worth nothing to the club since.

Berndt was injured by a thrown ball in the sixth and had to leave the game in favor of Jerry Varrelman.

It is not known here how badly Jacot is hurt but he had to retire from action when a batted ball struck him on his hand.

Big Spring's outfit is fortunate in the catching department, however. Besides Varrelman, there's Rat Ramsey, the right fielder, who had donned the harness before.

Wesley Rau proved Thursday that he is a better pitcher than he is an outfielder. He failed to get under three high flies in the opener with Clovis. He had to play there, however, due to the fact that Doug Harkey had gone to the mound to replace Stacey.

Midland last week cut lose Al Larrieu, the third sacker, when a replacement arrived from Sacramento. Their fortunes immediately picked up.

Jack Hutcheson would have signed the flashy Johnny Stuart. Clovis right fielder, last week had Johnny remained in town long enough to get into a conference.

Johnny passed through here after being cut away from Blaine in the Ocaux League but he came to Tom Ellings' attention first. He collected a home run and three singles Thursday.

WINK DEFEATS LUBBOCK IN BATTLE FOR WT-NM LEAD

Strong Team Chosen

LONDON, May 20 (AP)—The British Ladies Golf union today named a team of eight to play the United States in the Curtis Cup International matches at Winchester, Mass., Sept. 7-8.

The British team will be made up of Pamela Barton, former U. S. and British champion; Jessie Anderson, Elsie Corlett, Mrs. Marjorie Garon, Mrs. A. M. Holm, Clarie Tiernan, Mrs. J. B. Walker and Mrs. Wallace Williamson who will captain the squad.

PREDICTS KNOCKOUT

POMPTON LAKES, N. J., May 20 (AP)—While Henry Armstrong continued to take it easy at his training camp, his manager, Eddie McAd, issued a flat statement that his boy would knock out Barney Ross when the two meet for Ross' welterweight title at Madison Square Garden bowl Thursday night.

competition isn't as close as it might be. The addition of Davidson's Dairy may enliven competition between Ben Daniel's Devils and the Milkmen and the expected addition of Montgomery-Ward would bring the total number of teams competing to eight.

WINK, May 20—Red Roberts

tamed the Lubbock Hubbers in the battle for the WT-NM league lead here Thursday night, Wink winning 6-5. Roberts set the visitors down with six hits.

The Spudders collected 13 assorted blows off Gramly, Lubbock twirler, but had to go an extra inning to win the duel.

Score by innings: Lubbock . . . 000 100 220 0—5 6 2 Wink . . . 030 200 001—6 13 1 Gramly and Miller; Roberts and Bates.

MIDLAND, May 20—The Boosters tallied all but two of their runs in the fourth, fifth and sixth innings to take the Midland Cardinals into camp, 10-6, here Thursday night.

In collecting 17 base hits off Tommy Warren and Hank Froeschauer, the Hobbs nine had to overcome a four run Cardinal lead that had been piled up in the first inning.

Score by innings: Hobbs . . . 000 242 002—10 17 2 Midland . . . 400 001 100—6 10 5 Twitchell and Rabe; Warren, Froeschauer and Ballinger.

ACES MEET ACKERLY SUNDAY

Jim Payne's Aces will tangle with the Ackery Eagles in a baseball game at Baron Park Sunday afternoon in a game beginning at 3:30 o'clock.

The Aces initiated their season last Sunday by losing a 20-7 encounter to the Foran Continental Oilers at Foran.

Fitching strength has been added, however, and Payne said he expected the locals to put up a far better defensive battle in their second game.

Barons Lose Sluggfest To Clovis, 16-6

Jacot Hurt In First Inning, Harkey Hits

Clarence Trantham On Deck Today To Gain Series Edge

CLOVIS, N. M., May 20—Frankie Jacot suffered an injury to his pitching paw in the first inning of the Clovis-Big Spring duel here Thursday afternoon, retiring in favor of Pat Stacey but Pat, and his successor, Douglas Harkey, could not hold the rampaging Pioneers who won the game, 16-6, with 17 base hits.

The West Texas-New Mexico league cellar outfit tallied once in the first frame and came back to sew up the decision with five runs in the second and four in the third.

Johnny Stuart, new right gardener, blasted out four lines in five trips to the plate, one of the blows going for a home run, to lead the attack off the three Texas twirlers.

Harkey, although he could not hold the Pioneers afield, collected a double and two singles off Nelson, Clovis twirler, to break his prolonged batting slump.

Richard Hobson collected two bingles and a walk in five attempts.

The Barons produced their greatest threat in the fourth frame when Harkey, Saporito, Hobson and Ramsey tallied. They batted completely around in that stanza.

Manager Charles Barnabe was slated to dispatch Clarence Trantham to the hill this afternoon in an effort to gain the upper hand in the series. The Barons oppose the Pioneers again Saturday, then move to Lubbock for a double-header Sunday afternoon.

Bankers And PO Crew Tie

Satterwhite, Cardwell Victors For First National

The First National bank split team and the Postoffice crew again their first city league encounters over the past week in the four matches played at the country club.

Robert Satterwhite and Buel Cardwell chalked up the Bankers' victories, Satterwhite triumphing over Cornell Smith, 9-8, and Cardwell trimming Alton Thomas, one up.

Horace Garrett was defeated by Hugh Potter, Postoffice, one up, while Ervin Daniel accounted for the other Postoffice win with a 4-2 victory over Clyde West.

The Postoffice team is scheduled to meet the Wooten Grocers sometime this week.

Games Postponed

The two games of the Church league softball schedule have been postponed. H. F. Malone, city recreational director, said this morning. The tilt between the Methodists and the First Baptist teams will be played Monday night.

Tough Guys Tangle

NEW YORK, May 20 (AP)—Solly Krieger and Glen Lee, two rough, tough boys of the middleweight division, met in a 10-round bout in Madison Square Garden tonight, in the final show of the indoor season.

Lee Stars As Giants Drop Game And Series To Chicago Bruins

By SID FEDER Associated Press Sports Writer

Eight-inning Lee is Ten-inning Bill now, and things are perking up for Cholly Grimm's galloping Cubs from Chicago.

It had been so long since Bill went the route that the folks were beginning to think he didn't know there were nine innings in a ball game. Someone must have tipped him off yesterday, however, because he not only lasted the regulation distance, but added one inning for good measure and handed the Giants a 1-0 setback.

This victory set a lot of precedent for the 1938 season, but most of all it changed the folks' mind about Bill. In six previous starts this year, Lee hadn't lasted. In his last five trips to the post in 1937, the same situation prevailed.

But, after a streak of 11 times in which he failed to finish what he started, Bill's right arm looked

ed as classy as ever. He pitched a five-hit job in his "comeback," didn't walk a man, and grew stronger and faster inning by inning.

HERMAN PRODUCES Harry Gumbert's tenth-inning wildness and Billy Herman's timely single produced the one that only tally for the Cubs victory, which marked the first shutout for the Giants this year, the first time they have dropped two in a row, and the first since Bill Terry's Terriers have lost on their home lot.

Also news were the return of Cleveland to the top of the American league; the second straight overtime victory for Boston's Bees over the Pittsburgh Pirates, and the end of the Boston Red Sox's eight-game winning streak, as well as the finish of their stay on the top of the junior circuit.

The Pirates dropped a 4-3 decision to Boston in 11 frames yesterday, which boosted Casey Stengel's boys into third place in

the National league and left the Bees with the total of only seven scored runs in their three-day stay at the Hub.

RETURNS TO TOP Cleveland was never tougher than yesterday when it bashed the Washington Senators, 15-3, with a three-home-run attack, to return to first place. The Red Sox were blanked 4-0 by Johnny Whitehead and the White Sox in an abbreviated seven-inning affair, and dropped back to second.

Hugh (Losing Fitcher) Mulcahy fooled the boys and girls in Philadelphia by pitching the Phillies to a 5-4 win over Cincinnati, dropping the Reds to fifth. Brooklyn's Dodgers exploded a seven-run assault in the seventh and eighth innings to trounce the St. Louis Cardinals, 8-4.

Rudy York and Hank Greenberg each contributed a homer and the Detroit Tigers topped the Athletics, 6-2. The Yankees and Browns were rained out.

L. D. CUNNINGHAM HURLS A ONE-HIT GAME; DAVIDSON'S TRIMS WEST SIDERS, 11 TO 2

Dairy Outfit Scores 2nd Victory

A fluke home run after two were out in the final inning ruined L. D. Cunningham's chances for a no-hit softball game at the Mundy diamond Thursday night as the Big Spring Motor company triumphed over the T&P Clerks, 5-2, to win their first loop game.

Nix connected with the drive that the left fielder could not see. Cunningham whiffed 15 Clerks and was safe after the first frame when his mates got to Jack Oliver for three counters.

Davidson's Dairy team won with ease over the West Siders, 11-2, with H. C. Burrus throwing three-hit ball.

The Milkmen tallied thrice in the first inning and, after experiencing a scoreless return to bat, came up with seven runs in the third.

THAT'S WHAT people say when they try Safety Shift*. And they say it again and again as they discover what a Pontiac is and does! A big, eye-stopping beauty, priced near the lowest, yet crammed with everything people hold close to their hearts: An engine that whispers the miles away—that's a glutton for hills yet delivers up to 24 miles per gallon. A body that lets you s-t-r-e-t-c-h, and surrounds you with jewel-box beauty. A reputation for dependability spread world-wide by thousands of owners. A ride that—well, just try it! We challenge you to find its equal in any car at any price!

FISHING OUTLOOK ON COAST IS DARK, RAIN AND WIND SET IN

By the Associated Press

Fort Aransas-Corpus Christi—Unsettled weather and rough sailing conditions forecast. Fishing poor during the week. Pike and mackerel caught intermittently during week, few trout in Laguna Madre, but fishing distinctly on the poor side.

Port Isabel-Boca Chica—South winds continued to stir surf on Padre Island and at Boca Chica. Tarpon still reported in mouth of Rio Grande, with several brought to gaff. Best prospects in ship channel, where trout, pike and reds taken during past week.

Galveston—Weather unsettled, water rough in gulf, fishing poor except in few sheltered spots such as Offate bayou and places in West bay. Small trout, few drum and reds taken there. Need several days of calm and sun to fetch mackerel. Housatonic—Both salt and fresh water fishing poor, water muddy and rough. Some prospects for weekend improvement. Nothing certain.

Weaver Brothers And Elviry Have A Try At The Movies, Appearing At Ritz In "Swing Your Lady"

A complete novelty in the way of a picture laid in the hillbilly country, dealing with hillbillies, and to a large extent played by hillbillies, is promised by "Swing Your Lady," a Warner Bros. production that opens next Friday at the Ritz theatre. With a large cast of stars—Humphrey Bogart, Penny Singleton, Louise Fazenda, Nat Pendleton, Frank McHugh and others—the story is an hilarious one about a hillbilly wrestling outfit that hits the hillbilly spots in the Ozarks and gets taken for a sleigh ride. And just to give you an idea of the fun in store for you—Louise Fazenda plays a lady blacksmith who's also a wrestler! Involved in all this business are those long-time favorites of the vaudeville stage, the Weaver Brothers and Elviry, who were the pioneers of hillbilly comedy and who are, to a large extent, responsible for the present craze for mountain comedy and mountain music.

Wool Storage Under Loan Plan Being Arranged

SAN ANTONIO, May 20 (AP)—Officials of the Commodity Credit Corporation announced here today that additional warehouses are qualifying for licenses daily for storage of loan wool and mohair loans have been available since April 15. Otto Meerscheidt, manager of the Reconstruction Finance Corporation loan agency here, said only one or two warehouses were licensed under the U. S. warehouse act and it has been necessary for other warehouses to file bond and certificate under the state act or secure licenses under the federal act. Both courses, he explained, have entailed some delay. "The approval of warehouses will be limited to only recognized wool and mohair marketing centers where warehouses have substantial storage capacity, net worth and experience and can meet other requirements of the corporation," Meerscheidt said. "A million pound capacity is not an inflexible requirement and may be waived in necessary instances," Meerscheidt explained that wool and mohair loans will be made under substantially the same plan of program which was followed in connection with cotton loans.

THE THEORY OF PRICE FIXING

Price-fixing appears to be a settled policy on the part of the Federal government and may be expected to continue, at least until there are buyer strikes of enough magnitude to show the fixers and the beneficiaries of the fixing that it is impracticable.

For the lacking ingredient in price fixing is that, so far at least, it provides no increase in purchasing power of the people who are expected to buy the merchandise or services at fixed prices.

HENLEI NIN LONDON—II. What Konrad Henlein is asking the so-called democratic European powers to help him do, is to change the Czechoslovak foreign policy and totally to reorganize the Czechoslovak state, on a basis incompatible with its present democratic constitution.

Now, the first thing to get perfectly clear in our minds is that none of these demands is politically possible. In order to carry them out, either President Eduard Benes, or Prime Minister Hozak, would have to make himself dictator and accomplish the changes by decree.

Konrad Henlein, acting in behalf of Mr. Hitler, wants Czechoslovakia to abandon at least half of her only defensive alliance—the three-cornered Russian-Czech-French pact.

Secondly, Mr. Henlein wants to organize the German-speaking population of Czechoslovakia into a Nazi state, inside the boundaries of the country. That Nazi state would act as an agent of Germany inside Czechoslovakia.

Those who listen to the German claims seem utterly to forget that Germany is asking for is not German peoples, but the territory on which they live as well—territory which they colonized centuries ago, in a great push eastward.

Germany then would have to take in return for all the optants leaving an equal number of refugees from the Reich who would rather live under a democratic system.

Czechoslovakia could agree to take in return for all the optants leaving an equal number of refugees from the Reich who would rather live under a democratic system.

destroy it within less than two years. Hitler conquered the German Reich by the same technique—the establishment of a "minimum" that gave him an inside track. The whole procedure is now stereotyped.

The Henlein movement in its virulence has arisen from the slogan of the Nazis, to unite all Germans within the Reich. This plan of Henlein's would unite all Germans as Reich agents inside another country. Complete detachment and union with Germany would be preferable. But that is also politically and ethnically impossible.

Germany then would have to take in return for all the optants leaving an equal number of refugees from the Reich who would rather live under a democratic system.

Hollywood

Sights And Sounds by ROBBIN COONS

HOLLYWOOD—June Evans is a dressmaker's clerk, Tommy Bradford a travel bureau employe. Bradford in the course of duty is present at the fashionable wedding of Nadine Piermont, and when they meet, each thinks the other is "high society."

"Hold That Kiss" is the detailing of what springs from this familiar plot beginning, and it is a light comedy which audiences should find delightful, dressed smartly and alternating in humor from chuckles to howls.

Another asset is that "Hold That Kiss" is enacted by likeable people—the fetching Maureen O'Sullivan, the sturdy Dennis O'Keefe (until "Bad Man of Brimstone" an extra) in the romantic roles and a supporting cast which shines individually without throwing the production off balance.

"Crime School" is equally tailored to popular taste along melodramatic lines—a juvenile version of the ever popular prison picture. Where "Dead End" left off "Crime School" takes up the careers of a similar group of young toughies, here played by odd coincidences by the same stars and movie gang who appeared in "Dead End."

The boys land in a reformatory, where Humphrey Bogart, the gangster of "Dead End," takes on shining armor as a militant champion of right ways to effect reform, opposed to strong-arm, criminal-making methods.

More miss than Swiss is "Swiss Miss," first Laurel and Hardy feature in a year, and least satisfying venture in their long careers. And it is very Swiss, in setting at least. The comedy pair arrive in an Alpine village as mousetrap peddlers, wind up as kitchen help in a hotel.

Walter Woolf King is a composer seeking inspiration, Della Lind, new Viennese blonde singer, is his pursuing wife. The Lind and King singing is good, but story deficient. They make for weakness, and there are only two sequences of good Laurel and Hardy stuff—one Stan's effort to coax a keg of brandy from a St. Bernard, the other the conventional business on a suspended bridge over a chasm, aided by a comical gorilla comedy, the rest is rather depressing.

In a bold scrawl, Sam Blake admits that the "smallest newspaper in the world is the Bimini Bugle, published at Bimini, Bahamas, and edited by Roderick H. Rollins. It's 4 1/2 by 5 1/2 and there's usually a copy on display, with other foreign newspapers, in the West Point Lounge of the Hotel Piccadilly, if you're interested."

Meanwhile, Albert Kornfield wanders past this observer's look-out with perhaps the most amusing letter of all...It is a shriek in the night...for help...It seems Alexander Woolcott, "the talented busybody," made a rash wager with a lady and lost...His appeal, addressed to Vogue, follows:

"This is a cry for help. In a weak-minded moment I made a wager with young Mrs. Charles King Mallory, Jr.—it was nominated in the bond that, in the event of my losing, I should design and present her with an evening gown—and now I can no longer evade the painful task or paying up.

"Can you be persuaded to represent me in this matter? You see, I don't know anything about dressmaking, but I know what I like. I want the gown to be of chartruese crepe with a great, walloping doodad of some ivory-white material, and I want the white piped with black. How does one go about such things? Will you arrange it for me? Yours Sincerely...Alexander Woolcott."

OCTAGON HOUSE BY PHOEBE ATWOOD TAYLOR

Chapter 12 FOOTPRINTS

It was a quarter to nine that same morning, just as Assey poured himself a third cup of coffee, that the side gate clicked and the ample figure of his cousin Syl Mayo's wife hove in view.

Assey sighed. Jennie was a dear, kind thing, and while few women could equal her cooking, few also could equal her curiosity.

He would, at least, hear all the details. Jennie was on the twenty-one telephone line, and if Jennie was up to par, she should have at least twenty-one versions of Marina Lorne's murder.

"You're the first person," Assey remarked, "whom felt the slightest bit of sympathy for Marina Lorne, or the least drop of anger toward the fellow that killed her."

"Marina?" Jennie sniffed. "I'm not talking about Marina Lorne, Marina! Huh. Plain Mary, that's what she is. Mary Hosannah. And she was a—well, she was a bad woman, Assey. Just plain bad. Deserved what she got. Who done it?"

Assey was puzzled. "Done what the murder?" "Both the murder. I'm talking about them petunias out by your kitchen window here! Who trampled 'em down? I spent all day before yesterday mornin' in the hot sun," Jennie said, "settlin' 'em petunias like you always have. An now they're trampled flat as your shoe! I'd like to find the wretch that did it! I'd give them a good piece of my mind."

"Trampled?" Assey got up. "I didn't know it, Jennie. I seen the petunias yesterday, an' thought how fine they looked. I was going to tell you how I liked 'em—let me take a look now, at this. This is sort of interesting."

Jennie's ire was considerably mollified by Assey's solicitude for the trampled plants. "I thought myself, they looked pretty nice," she said. "Come on—here, see? Of course I can get the car when Syl comes in from quohoggin' an' drive up an' get more. They was dear—"

"I'll pay for the next lot," Assey said. "While you're up there, you get some cut flowers for yourself. Well, well. That's tramping! That's tramping! Ain't it? I think yes, I think I begin to see. Jennie, I was just as dummed a fool last night as I thought I was. Somebody stood out here and watched."

"He didn't know it, Jennie. I seen the petunias yesterday, an' thought how fine they looked. I was going to tell you how I liked 'em—let me take a look now, at this. This is sort of interesting."

Jennie stared at him. "You feel all right?" she asked anxiously. "I'm fine," Assey said. "Fine. An' then he left. An' Pam wrote that note—"

"Pam Frye? Assey Mayo, you are mixed up in this, aren't you?" "Pam left that note for me," Assey said, "an' then she hid. I just looked up the empty room. She she hid out, probably while Carr was here. Chances are pretty good that she gave the watcher the slip, an' he didn't know about her. She figured that she'd told me all she could, an' that her being here was dangerous to me, as well as curtallin' my comin' and goin'."

Without her around, I'd be a lot freer an' a lot safer. She probably rounded out her thinkin' by feelin' that she had nothing to lose. An' I guess she's right, I guess, Jennie, she can look out for herself."

"You mean Pam Frye?" Jennie said. "She's a mighty nice girl. Clever, too. She give the women's club a talk on art last year."

"Jennie, what about flashlights?" Assey said. "How many do I have around the house? Are they all in the chest?" "All eight," she told him promptly. "I put 'em all eight in the blue sea chest when I cleaned."

"Then let's see," Assey said, "how many we got now. I know she didn't have a light with her. I think we had three last night, Carr and I."

The eight flashlights were duly accounted for, and Jennie promptly wanted to know why they mattered. "To prove that a light that flicked off an' on," Assey said, "presumably in the spare bedroom, was really a flashlight that our fancy watcher was flickin' to see if he could draw Pam to the window. Probably he was havin' doubts if she was there. We seen the light from the front, an' he was aimin' in the back. It come straight through the dormer; see? Well, if he was watchin' in there, sure got it. An' certainly, the subsequent events ought to be proved to him that I didn't know where she was or where she'd gone. Jennie, your petunias've been pretty helpful—"

"Maybe they have," Jennie said. "But I can't make head nor tail of it myself. An' I do know one thing: I know you ought to go straight over to Quonomet and shut Nettie Hobbs' mouth, tight. Why, the way she's been talkin'! It's awful!" "What do folks think of the things Nettie says?" "Those that know Pam, they don't believe Nettie," Jennie said. "But those that don't—well, they ain't got anything else to go by than what Nettie says. It's a shame My mother used to say that Nettie Hobbs was weaned on sour milk and pickle juice, an' she's right. She's a dour, sour old thing, just the same as the pickle times in her store window, and now she's got her chance to get back at Pam, she's doin' everything she can. An' you'd ought to stop her."

"She Laughed And Laughed" "To get back at Pam? What for?" Assey asked. "What'd Pam ever do to her?" "Aaron Frye," Jennie said meaningfully, rolling her eyes. "Well, of course it was silly, the whole thing was silly. I said so, the minute I heard about it last winter. But Aaron Frye's a sort of a gentle soul, the kind that can be led into things. You know, no," she added, looking at Assey's jaw, "he don't s'pose you do. Anyway, he's sort of easy goin' an' about minded, an' if Pam hadn't caught on about all the pie an' cake an' jelly bringin', maybe Nettie might have got him. I wouldn't go so far as to say Pam and Nettie had words, but I guess Pam let her time on to folks that she was goin' to marry Aaron, and one night at a church supper, someone asked Pam about it. An' Pam, she choked over her baked beans so hard they had to bring her water an' bang her on the back. An' when she got her breath, she laughed and laughed and laughed so hard she cried, an' she had to bring her more water. Well, Nettie heard about it, of course. I guess that was the part that—"

"That gripped," Assey said with a grin. "I see. No more powerful weapon than ridicule—say, that reminds me. You got anything on Nettie? Like—well, I don't know what, exactly. But if you could rout up somethin' I could use as a club, I might be able to stop her."

"There's two things," she said, "but neither of 'em'll be much good. There was always talk about her havin' accounts the year she had 'em, but I don't know how you'd prove it. Mostly I keep thinkin', Nettie and Pam are related, an' it's a mean, skinny way to treat your own flesh and blood, talkin' like Nettie is."

Assey wanted to know how they were related. The minute he asked, he knew he was in for it. Jennie began to trace the centuries family down through the families. (Copyright, 1938, Phoebe Atwood Taylor.) Tomorrow: News of Quonomet.

ABif o' Thinkin' Frontiers

In days past when a young fellow became dissatisfied around home, he lit out for the west—the frontier. As a result, the older community drained of their daring enterprising blood, slowed up, became conservative, and harbored more old maids. Geographical frontiers have long since gone. There are no more Indians to fight. But there are today greater, more promising frontiers—a of a mental nature. Enterprising, aggressive people today pioneer new channels of thought. And what great opportunities these who do this find all about them!

Special Tribunal For Govt. Units Suggested

WASHINGTON, May 20 (AP)—A special administrative court, Senator Logan (D-Ky) asserted today, would be the best answer to criticisms such as those voiced by Secretary Wallace against federal court interpretations of procedure used by government agencies.

A tribunal pending before the senate judiciary committee. His measure, on which extended hearings have been held, would set up an 11-member court, the sole duty of which would be to hear appeals from decisions of such federal agencies as the National Labor Relations Board and the Interstate Commerce Commission.

Big Volume

to San Antonio, two to Douglas, Ariz., three each to Tucson and Phoenix, Ariz., and 23 pounds to Los Angeles, Calif. Big Spring put more airmail on the eastbound American Airlines plane than El Paso when the 67 pounds dispatched from this point exceeded that of the western city by five pounds.

Late Dispatch

Postmaster Nat Shick said that 42 pounds of airmail was sent to Fort Worth by train Thursday evening when it was posted too late for routing over American Airlines. Large crowds gathered around Thursday afternoon at the municipal airport to watch the arrival of the pick-up ships, everyone of them flying on schedule. Pilots were Ray Baumgardner, Sweetwater, Frank Hines, Kermit, J. D. Phillips, Glenn Golden, Bob Schermerhorn, and Dr. P. W. Malone, Big Spring.

Again in the evening there was a large turnout at the airport when the flying club staged its "hangar hop," net proceeds of which went to defray the expenses of the pick-up schedule.

Benson Maxwell, chief clerk of the railway mail service division at Fort Worth and under whose supervision the dispensations for special pick-ups were given, watched the celebration here Thursday with keen interest. He termed the promotion, collection and dispatching a "perfect set-up."

Pleased with the good showing of Big Spring and adjacent points, Postmaster Nat Shick invited people to continue their use of airmail, particularly for the balance of this National Airmail Week.

CAMERA CLUB WILL CONVENE TONIGHT

Meeting of the Big Spring Camera club has been announced for 8 o'clock tonight, at the Crawford hotel. The session will be featured by a lecture on the "Kodachrome Process" to be illustrated with black-and-white, and color slides, and 100 feet of 16 mm. film. All persons interested in photography are invited to attend.

WACO, May 20—Clarence R. Wharton, Houston attorney, has been announced as the Baylor university commencement speaker when 315 seniors take diplomas here on Monday, May 30.

Announcement of Wharton as the commencement speaker completes the schedule for the 1938 graduation here. Dr. L. R. Scarborough, president of Southwestern Baptist Theological Seminary, Fort Worth, will preach the sermon on the preceding Sunday.

Wharton is a native Texan, born on the northwestern Texas frontier. One branch of his father's family came to Texas in the colonial days and played a conspicuous part in the early history of the state. His father, who was a soldier in the Confederate army, settled on Indian creek, northwest of Fort Worth in 1856.

He began his career as a lawyer at Decatur, where he was for some time a law partner with C. V. Terrell, member of the Texas railroad commission. He became associated with the law firm of Baker, Botta, Andrews and Wharton.

It was in 1922 that he published "The Republic of Texas," a historical work. More than 6,000 copies have been distributed, it being one of the most widely read books on Texas history ever written.

SAYS AMERICANS HAVE SAME FAULTS AS OTHER NATIONS

NEW YORK, May 20 (AP)—The Right Reverend George Craig Stewart, Episcopal bishop of Chicago, returned from Europe today convinced that "Americans are of the most widely read books on their own nation."

"We are very excited over the irrefragable evidence of Russia, and forget that we are flagrantly in religious ourselves," Bishop Stewart continued.

"We are horrified at the persecution of the Jew abroad, while we boycott him from our clubs and colleges at home. We are heroic in our championship of minorities in the Near East, while we continue to oppress and oppress our own American negroes."

Bishop Stewart, who visited Germany, said he did not believe that country wanted war, and that he was told by a German naval officer, that because of a lack of raw materials Germany could not "last two weeks in war." He described the German people as "happy, hopeful and loyally united under Hitler."

TAX REFUND SOUGHT BY OIL COMPANY

AUSTIN, May 20 (AP)—Refund of federal taxes totalling almost a half million dollars was sought today by the Yount-Lee Oil company of Houston and Beaumont in petitions filed in federal district court here.

Frank Scofield of Austin, internal revenue collector for South Texas, was named defendant in the suits. The company asked refund of the following income taxes for the years 1930 to 1934 inclusive: \$32,754 for 1930; \$6,398 for 1931; \$95,850 for 1932; \$92,379 for 1933, and \$201,749 for 1934.

TO CONFERENCE IN NEW MEXICO

Al Stiles, Sweetwater, area Boy Scout executive, Morris Kirshbaum, Colorado scoutmaster, and Ed McCurtain, Big Spring, field executive, left here Thursday afternoon for Weed, N. M., where they were to attend the regional camping conference May 20-22. They were to be joined by Darold Wilson, Pecos, field executive, for their trip to the school.

Plus: Jungle Menace No. 15

WASHINGTON, May 20 (AP)—A billion dollar flood control program went to the senate today after winning house approval. The bill would provide for starting a vast system of reservoirs and river walls by authorizing construction of \$75,000,000 projects during the next five years. It did not appropriate funds.

Projects other than those listed specifically in the measure would be selected on a basis of priority by the army engineers from a list of proposed works estimated to cost more than \$1,000,000,000. The measure would make one important change in the act of 1936. It would cut from 100 to 30 per cent the amount of local contributions for flood control reservoir projects rights. Contributions for local protective works would remain at 100 per cent.

House passage came on a standing vote after Minority Leader Snell (R-NY) urged retention of existing required contributions. He contended a reduction would result ultimately in complete abandonment of the principle of local participation.

CHINESE AVIATORS FLY OVER JAPAN, DROP LEAFLETS

HANKOW, China, May 20 (AP)—The Chinese crews of two big American-made (Martin) bombing planes were given a triumphal welcome today when they returned from what Chinese army aviation headquarters described as a flight over western Japan in which leaflets were dropped instead of bombs.

The aircraft were said to have covered 2,500 miles, the longest non-stop flight ever made by Chinese fliers. Their enthusiastic homecoming occurred at Hankow airmore, which presumably was their point of departure. The leaflets urged the Japanese people to oppose the invasion of China.

Premier H. H. Kung and War Minister Ho Ying-Ching headed the delegation of Chinese leaders that greeted them on the return. It was understood they visited principally the district containing Nagasaki, 470 miles from Shanghai, and Sasebo, the great naval base 40 miles to the north from which many of Japan's transports and warships put out for the China coast.

Earlier reports that the planes had flown over Tokyo and Osaka, respectively Japan's capital and Imperial Metropolis, were denied by Chinese officials.

REPORT ISSUED ON JOBLESS BENEFITS

SAN ANTONIO, May 20 (AP)—Benefit checks worth \$276,904.25 to unemployed workers in Louisiana and Texas have been issued by unemployment compensation agencies of those states during the first four months of 1938, Oscar M. Powell, regional director of the social security board, said today.

NEW PIPELINE IS UNDER SURVEY

NEW ORLEANS, May 20 (AP)—Surveys are under way to determine feasibility of a pipeline from southeast Louisiana oil fields to the Port Arthur-Beaumont refining district, A. E. Falley, vice-president and assistant manager of the Texas Pipe Line company announced.

The line would extend from the Houma area to Port Arthur, approximately 220 miles. The pipe line company is a subsidiary of the Texas company.

The artery, of 12-inch pipe, with an ultimate capacity of 75,000 barrels a day, would cost between \$2,000,000 and \$2,500,000, Falley said. Surveys included possibility of a gathering system in Terrebonne bay and at other points west of Bayou LaFourche. The main pipe line would extend down Bayou Terrebonne from Houma and turn west through the producing areas of south Louisiana, paralleling roughly the route of the intra-coastal canal.

Negro Singers On Club's Program

Members of the American Business club were entertained Friday noon with a series of negro spirituals and other songs by the Hale Bros. singers of Memphis, Tenn.

Featured in the group of negro singers was eight year old Tarrah Hicks Hale, Jr. The singers were secured by C. O. Nally, who had charge of the program for the day. The nomination committee returned these names for consideration in voting a week from Friday: Dr. Preston R. Sanders and J. B. McKinney, president; Doyle E. Robinson and Fowler Faubion, vice-president; J. F. Laney and W. C. Spencer, secretary-treasurer; C. Y. Clinkscales and Charles Boyd, sergeant-at-arms; J. F. Laney, C. A. Amos, Dr. Britton Cox, R. B. Reed, C. O. Nally, Worth Peeler, Bill Younger, R. C. "Dick" Hitt, O. C. Hart, Joe Lassiter, R. E. Lee and Doyle Vaughn (four to be chosen), board of governors.

W. D. Carnest, past president of the local club and district governor is now on a tour of the entire district in Texas and Oklahoma with the view of stimulating interest in the district convention to be held here in September, it was reported.

IS IMPROVED

Condition of Mrs. A. C. Walker, who is quite ill at the family home, was thought to be somewhat improved Friday morning.

CHARLIE GRIMM PROVES HE IS STILL CHICAGO LEADER

By GAYLE TALBOT

NEW YORK, May 20 (AP)—It doesn't take a gossip columnist to detect the honeymoon is over for the Giants and that from now on they are going to find life extremely real and earnest in the National league.

The news became community property during the last three days, with the first eastern visit of the Chicago Cubs. The Cubs impressed everybody as a more belligerent, dangerous crew than they had been pitched in yards from the west, while the Jints showed unmistakable symptoms of coming down to earth, losing the three game series to the Chicago.

One thing is certain, at least: the Terrymen are not going to make a runaway as long as the Chicago entry continues to fight and fume like it did at the Polo Grounds. Charley Grimm, furthermore, still is the boss of the outfit, and he's acting madder than Donald Duck most of the time.

No Dissension

Everybody was waiting to see the Chicago "board of strategy" in action and rabid Giant rooters longed to applaud any signs of dissension among the brass hats. They were disappointed. Gabby Hartnett, the big catcher, is handling the Cubs' pitchers on the field and having in the relief men from the bullpen, but otherwise Grimm is the works. He demonstrated that pretty conclusively when he jerked the clouting Tony Lazzeri right out of the line-up after the first game of the Giants' series. Neither is he getting any back-talk from Dizzy Dean, who is more tractable than Frankie Frisch would believe.

Dizzy, against orders, got out in front of the dugout the other day and tossed a couple of balls to a teammate before somebody noticed him and yelled to Grimm. "Cut it," said Charlie in a quiet voice, and Dizzy did without a word of argument. Diz, incidentally, blames the cool weather for the failure of his \$185,000 arm to regain its zig-zag.

Ex-Chancellor Schuschnigg Still Is Under Guard, Situation Serious

VIENNA, May 20 (AP)—The blonde Countess Vera Fugger Von Babenhausen remains the only friend of former Chancellor Kurt Schuschnigg who is permitted to see him daily.

No one in Nazi officialdom of Austria Germany seems to know what is in store for him, but a responsible government spokesman said his situation had become more serious. Documents had been found, the spokesman said, linking him with responsibility for execution of a number of national socialists (Nazis) in 1934.

Under guard in his Belvedere castle, Schuschnigg is reported seen now and then walking in the gardens. The countess' talent for classical music was said to have been the main attraction which brought Schuschnigg to her home after his wife was killed in an automobile accident in 1935.

gross two proposed decrees which would eliminate 166 of the 218 tariff increases imposed in January. Of the remaining January changes, 41, would be revised downward but not quite to the former levels, seven would be reduced below the former levels, two would remain at present levels and two would be cancelled.

Although complete details were lacking, commerce department experts said items on which tariff duties would be reduced only in part would include barbed wire, tin plate, iron and steel articles, artificial silk cloth, wool velvet, varnishes and paints, engines, radios, automobiles and parts for machinery. Tariffs on crude, rubber and books will be reduced even below the duties of last December.

The January tariff increases, which in some cases amounted to more than 200 per cent, caused widespread resentment in the United States because they applied chiefly to United States goods.

Continued Survey Of Underground Water Indicated

Groundwork for continuation of a U. S. Geological survey study of underground water supply in the Big Spring area was beginning this week Friday.

E. E. Meizer, geologist in charge of the U. S. unit, wrote City Manager E. V. Spence that he planned to visit Big Spring on a project trip to Texas in the near future. He expressed an interest in the study, started here last year, by the U.S.G.S. under the direction of Penn Livingston and Robert Bon nitt.

At the same time Rep. George Mahon advised the city that he would do all he could to encourage further study of the important matter in this section. Senator Tom Connally previously had indicated his willingness to assist in a request to have the work resumed after the report on first part of the work has been made.

Meizer told Spence in his letter that he expected that a report on the work done here last autumn, and winter would be made available soon.

Big Spring's immediate interest in the project is the discovery of a strong auxiliary water supply.
