## 723 REGISTER FOR 1942-3 SCHOOL TERM

Off to the wars. Hundreds of Canadian-built Valentine tanks are fighting the Nazi horde in Russia, where this trainload of 18-ton monsters is heading. As big as a living room in an average home, the Valentine travels at 20 m. p. h.

### THIS WEEK'S WAR MOVES

President Roosevelt, in an address broadcast to an International Student Assembly in Washington and short waved to other parts of the world, stated the war is "going to be long and hard and bitter" (but) this time we shall know how to make full use of victory to build a better world. He said the Government will see to it that men returning from the Fronts can resume their interrupted careers.

Assistant Secretary of War McCloy said that between February 1 and August 30, U. S. Army planes destroyed 234 Japanese planes in the air, compared with American losses of 109. This record, together with the "Flying Tigers" record of 218 Japanese planes destroyed against losses of 84, is due mainly to the performance of the P-40 Fighters, he said. The Army said it had developed a system of technical inspection and maintenance supervision of aircraft that is undoubtedly the finest in the world. The War Department sent 36,000 dependents allowance checks totaling \$4,500,000 to relatives and dependents of enlisted men in the four lower grades of the Service.

The Treasury Department announced sales of War Bonds in August totaled \$697,255,000 in bonds through the ten percent payroll savings plan, compared with 18,000,000 persons and \$200,000,000 in July. Treasury Secretary Morgenthau announced state War Bond quotas for September, totaling \$775,000,000 for the country.

The Treasury Department recommended to Congress a reduction in individual income tax exemptions to \$500 for each dependent. The Treasury also proposed a 10 percent tax on consumer goods and high penalty rates for luxury spending. At the request of Congress, the Treasury outlined a sales tax levied against the retailer who would pass it on to the consumer. War expenditures in August were \$4,900 million, more than three times greater than the amount spent for National Defense a year ago. Income payments to individuals in July were 21 percent more than July 1941 and were at the record annual rate of \$114 billion a year, the Commerce Department said.

Miss Patty West is leaving today to study at St. Marys College of Notre Dame in Southbend, Indiana. She doesn't plan to come home until the Christmas holidays.

### RED CROSS PLEA FOR OLD CLOTHING

There has been no response to the plea for old clothing that the Red Cross has made recently. Now is a good time to find old clothes that will never be used, when you are putting away summer clothing, and if the Red Cross rooms are closed they can be left with any of the sewing chairmen.

Mrs. J. H. Brewer, knitting chairman, requests that all wool now, be turned in by October 1st;

### Cotton Transportation Meeting To Be Held In Slaton Sept. 19

At the suggestion of the state rationing board a call meeting of farmers in this section of Lubbock County has been made by Briggs Robertson, secretary for the Slaton Chamber of Commerce for 2 P. M. Saturday Sept. 19th at the City Hall Auditorium to consider means of moving the cotton from the fields to the gins.

The meeting is particularly called to endeavor to arrange community pooling of trailers, trucks and passenger automobile equipment. According to information from rationing headquarters there will be very few if any new tires available for farmers and the men

### Slaton Defense Guard Officers Getting Training in San Antonio

Royce M. Pember, Captain, commanding Co. C, 39th Bn. Texas Defense Guard, 1st Lieutenant Harry G. Stokes, and Captain W. E. Payne of the 39th Battalion Staff, are in Camp Bullis near San Antonio to attend the Eighth Service Command Officer's School. Captain Payne will receive instruction in military sanitation and first aid, while the two line officers will be taught regulation infantry tactics, machine gun operations, as well as the best methods

### Local Firm 100 % In 10 % Club

One of the first firms in Slaton to report a 100 % membership in the 10 per cent Club is the Ray C. Ayers & Son where every one of the 25 employees are investing 10 per cent or more of their incomes each week in War Bonds or Stamps.

Reports from the Post Office are that the returns from salaried people and those who are working for wages has been very satisfactory.

### Ration Office To Close Here For Sugar Canning

Tuesday, September 15th, closes the season for the rationing of canning sugar in Slaton. Briggs Robertson announced this week. Arrangements are under way to retain service to industrial and institutional concerns, also for the issuance of war ration books.

and knitted garments that are out this request is urgent. Blue yarn for sweaters for the navy can be had at Mrs. Brewers office.

Fifty yards of woolen material to be made into rompers and a bolt of tweed to be made into women's skirts has just been received. Red Cross Chairman for next Monday will be Mrs. K. C. Scott and Mrs. Dick Ragsdale; Tuesday, Mrs. W. R. Lovett and Mrs. R. H. Todd. Wednesday, Mrs. W. P. Florence and Mrs. Jim Elliott.

### Women Urged To Sell Fats

In a page appeal last week to the women of this section to save and sell all fats to the grocers the name of the Piggly-Wiggly Store was unintentionally omitted from the names of the firms who were sponsoring the appeal.

Reports from the grocers of Slaton, most of whom are buying the fats as they are brought in, are that a fair response to the appeal has been received.

That most of the housewives do not realize the importance of saving and selling the fats is evident. The securing of animal greases is most important as it is used in the manufacture of glycerine and glycerine is one of the vital materials used in making explosives.

The reclaiming of fats is one way in which the housewives can help in the war effort and every drop of excess fats should be saved and taken to some grocer. The local grocers are paying 3c per pound for the fats. The housewives should be careful not to burn the fats while cooking and to strain them before offering them for sale.

### Salvage Committee Wants More And More Old Metals And Rubber

The Slaton Salvage Committee has rebuilt the Salvage Storage on the square and the donations of old metal and rubber has started piling up again. The Crow-Haral Chevrolet Co. donated two truck loads and a large number of people have given small amounts.

The local firms who operate delivery service are still glad to pick up old metal and rubber at the homes and where firms or individuals wish to give large amounts the Salvage Committee has made arrangements to send a large truck to gather the materials. Phone 166.

There will be no let up in our effort to secure these vital materials" said Mr. M. A. Pember, one of the members of the Committee, "we know there is a lot more available in this community and we hope to get it in the hands of the arms manufacturers soon."

Odie Hood, another member of the Committee says that he has contacted a large number of firms and individuals who have neglected to gather up scrap. "We have only scratched the surface", said Mr. Hood.

### TRANSIENT LABOR CAMP IMPROVED AND READY

### Lubbock County Baptist Hold Meeting Here

Over 300 representatives from Lubbock County attended a one day Baptist Association Meeting held at the First Baptist Church yesterday. Many out of the County visitors were also in attendance.

### New Employees On City Jobs

Mayor J. H. Teague announced this week that E. A. Gentry has been employed to fill the place at the Fire Station left vacant when R. R. Gentry resigned to accept employment with the Panhandle and Santa Fe Railway. Mr. Gentry is on duty at all times at the fire station.

### Holloman To Hold Services

In the absence of Reverend H. C. Gordon the sermon at the First Methodist Church will be delivered by W. L. Holloman at the morning services, while Sunday evening a musical and candle lighting service will be held under the direction of Mrs. Allan Ferrell, next Sunday.

Reverend Gordon, who has been in Muleshoe, Texas, will return to Slaton Monday, Sept. 14th.

In preparation for the expected influx of transient Mexican cotton pickers who will soon be needed, the Slaton Chamber of Commerce at a special called meeting last week, contracted to have a 100 foot shed constructed at the Mexican Camp ground on South 9th street. The money for the work to be made up among the business firms of the town, the farmers of this community and by the Chamber of Commerce. The building has been completed and will afford much better shelter than any that has here before been provided for transient workers in this territory.

Briggs Robertson, who has recently returned from a ten days trip to South Texas where he visited his son at Corpus Christi, says that he does not expect the shortage of labor for this territory that many farmers fear.

Reports from the valley are that large numbers of Mexicans are moving across the border in cars that have good tires. Many trucks are also being loaded with large groups of Mexicans and these will probably be arriving into the South Plains in a very few weeks. The greatest problem the farmers here will have to face will be the transportation of the cotton from the fields to the gins and this is being worked out.

### Eugene Holt Opens Grocery

Mr. Eugene Holt for many years manager of the City Pump Plant has opened the High School grocery, formerly the South 10th St. Grocery.

### V. F. W. Program To Be Today

With emphasis on the fact that history proves September is a month of destiny for America, Mr. Briggs Robertson will deliver the twenty-second of a series of "Speak Up For Democracy" broadcasts under the sponsorship of the Veterans of Foreign Wars of the U. S. on Station KFYO at 4:45 p.m. Friday, September 11.

It was on September 12, 1918 that the St. Mihiel offensive in France was launched by American troops in the first world war. Thirteen days later American troops crushed the Hindenburg line. The Armistice followed a few weeks later.

In September, 1939, Hitler marched into Poland. In September, 1940 lend-lease negotiations were concluded with the British. Compulsory military training was adopted in the United States during that same month.

The current "Speak Up For Democracy" series of programs was launched in December, 1940. It is heard on the eleventh day of each month by the radio listeners of 482 stations. The date commemorates the eleventh hour of the eleventh day of the eleventh month of 1918 when hostilities ceased in World War No. 1.

This series of Americanism lectures is but one phase of the general Americanism program being promoted by 6,000 local units of the Veterans of Foreign Wars of the U. S. and its Ladies Auxiliary. Through these radio talks, essay contests, patriotic posters and the distribution of pamphlets, the V. F. W. and its Auxiliary foster a continuous nationwide campaign of education on the subject of Americanism.

Mr. Robertson, the speaker on the September 11 broadcast, is a member of V. F. W. Post No. 2466, Veterans of Foreign Wars of the U. S.

### FIRST BALE FOR SLATON

The first bale of cotton to be ginned in Slaton, and possibly the first to be ginned in Lubbock County, was brought to the Co-Op Gin here late Wednesday evening by Edward Hunter, who lives about 12 miles from Slaton on the Slaton-Lubbock highway.

The bale weighed 590 pounds and was of good staple according to Mr. Johnnie Collins, manager of the Co-op Gin. Briggs Robertson was busy all day Thursday working on an award payment for Mr. Hunter, the bale of cotton was placed on display on the North side of the square and will probably be auctioned off this weekend.

With 412 High School registrants at the Slaton High School this year compared with 320 last year and 176 registered at West Ward and 135 at East Ward the Slaton Schools got off to a 1942 start with eight new teachers.

"We will have some good old fashioned teaching at the Slaton Schools this year" said Professor Kavanaugh, "with the many war time restrictions on travel and on many school time activities we will have more reading, writing and arithmetic with fewer frills, which perhaps will be good for us all at a time like this."

All of the vacancies have been filled with the following teachers who are:

Miss Vera Pearl Ross, from Dundee, Texas who is a graduate of West Texas State Teachers College and has a B. S. degree. She will teach Home Economics.

Mrs. Minnie Ray Swofford, who will teach foreign language. She was an instructor at Texas Technological College last year and has a B. A. Degree from that college and a M. A. Degree from Leland Stanford.

Mrs. D. J. Neill, of Slaton who has a B. S. Degree from West Texas State Teachers College and an M. A. Degree from Leland Stanford. She will instruct in English.

Mrs. Eric F. Ming, who taught at Southland last year, will instruct in mathematics. She has a B. A. degree from the New Mexico Normal College.

Miss Emily Darwin will teach science temporarily.

Mrs. Yeats Keys, will teach the 5th grade at the West Ward, and has a B. A. Degree from the West Texas State College.

Mrs. J. F. Collins will teach the 5th grade at the East Ward and has a B. S. Degree from Howard Payne.

Miss Elizabeth Bostick, of Slaton, will teach the second grade at the East Ward. She has a B. S. degree from Texas Technological College.

With the above mentioned new instructors the members of the faculty will be:

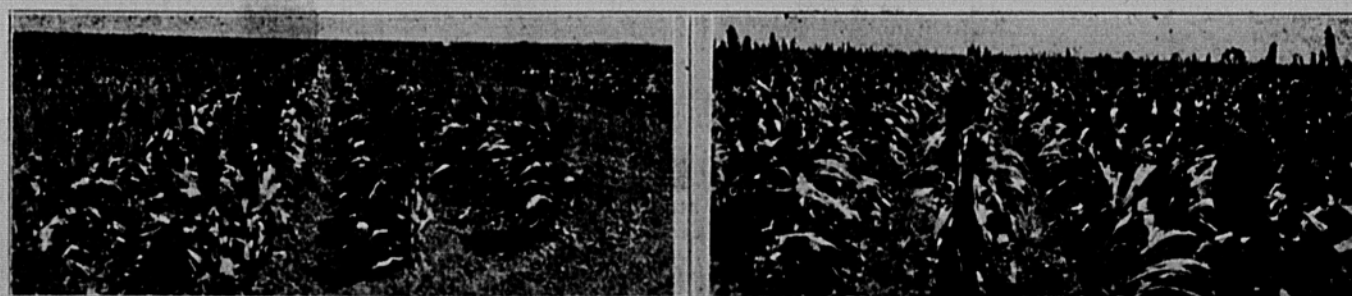

| High School               |                    |
|---------------------------|--------------------|
| Miss Mary Watkins         | English            |
| Miss Addie Lea Morrison   | English            |
| Miss Irene Arnes          | English            |
| Mr. A. C. Strickland      | Agriculture        |
| Mr. A. C. Hamilton        | Math               |
| Mrs. J. G. Wilhite        | English            |
| Mr. R. M. Nash            | Commercial Subj.   |
| Mrs. R. M. Nash           | Commercial Subj.   |
| Miss Maud Dean            | History and Civics |
| Mr. Truman Shelton        | Social Science     |
| Mr. Roy Boyd              | Math               |
| Mr. M. S. Kavanaugh       | Supt.              |
| East Ward                 |                    |
| Mr. K. S. McKinnon        | 5th grade          |
|                           | Principal          |
| Mrs. Nan Tudor            | 1st grade          |
| Mrs. Oree Glasscock       | 3rd grade          |
| Mrs. Otis Gunter          | 4th grade          |
| West Ward and Junior High |                    |
| Mrs. P. G. Meading        | 1st grade          |
| Miss Ruby Lee Waller      | 2nd grade          |
| Mrs. Ethel Brown          | 4th grade          |
| Miss Lilac Yeats          | 6th grade          |
| Mrs. K. S. McKinnon       | 6th grade          |

### Canteen Workers Receive Thanks

That the Canteen being operated by the Women of Slaton for the Service men who pass through here is being appreciated was demonstrated this week when a letter addressed to the United Service Organization, Slaton, was received from a Major, which read:

"The men in our organization wish to express their appreciation for your enthusiastic and energetic efforts for their comfort when we stopped in Slaton. You were so cheerful and friendly that we all boarded the train with a smile. Thank you, Carry on."

A number of letters of appreciation have been received here from privates and officers and those who have been active in the work feel that they are helping to keep up the morale of our men."

Through the courtesy of the Ray C. Ayers and Son we are reproducing photographs taken by them of two fields of grain just a few miles South of Slaton. The field to the left is of Milo Maize and the one to the right of White Kaffir. The grain crop this year is one of the best ever produced on the South Plains both in quantity and quality.

## ON THE HOME FRONT

As the tempo of war increases and the machinery of war production moves at a faster clip, the effects are felt increasingly on the Home Front. This has been true especially in the last week.

Announcement of immediate allocations of meat for civilians with full-fledged rationing to follow as soon as details can be arranged heralded the fact that it won't be long before the nation at home gets further into the war than "just ankle deep." During the week also, War Production Board actions showed a general tendency of tightening up on the civilian. Additional restrictions were applied to civilian use of materials that are also needed for war, and on some restrictions already in effect additional squeezes were applied.

Cotton linters, essential in the manufacture of explosives, plastics, and other war materials, now may be sold by producers only to the Commodity Credit Corporation, under an amendment to WPB general preference order M-12. Commodity Credit Corporation also will be the only supplier to consumers under direction of WPB. Through the amendment all sellers of lintners are offered an immediate market, at fixed prices, and all obstacles to maximum lintners supply, such as transportation and prices, are removed.

WPB officials plan an investigation of violations of the men's and women's clothing simplification orders by manufacturers mak-

ing "zoot suits" for men and "juke" coats for women. Worn mostly by jitterbug dancers, the "zoot suit" features a coat which comes almost to the knees and trousers that have a high rise and are full at the knees. The "juke" coat is a very long jacket. Large amounts of fabric are wasted in both garments.

Retailers whose ceiling prices are out of line of those of their competitors to such a degree that they are substantial hardship now may apply to the OPA Region Office at Dallas for adjustments through a simplified procedure, Region Administrator Max L. McCullough has announced. Region OPA administrators also have been authorized by Price Administrator Henderson to delegate to state and district OPA offices the power to grant or deny such applications from retailers, but until formal announcement of such delegation is made, Mr. McCullough said the region office at Dallas would continue to handle the applications.

Manufacture of men's and boy's woolen lounging robes will end when manufacturers have used all woolen fabrics they had on hand on August 28, under the terms of a new WPB limitation order (L-130). Exemptions from the restrictions of the order include infants' and toddlers' sizes, 1 to 3 and robes made for the army, navy or Maritime Commission.

The 6700 cotton ginnings in OPA's six-state Southwestern region have been put on notice by Region Administrator Max L. McCullough that they must file a statement on their prices with the region OPA office in Dallas on or before Sep-

## We Can't Equal Their Sacrifices, but We Might Try

By Darling U.S. Treasury Department Copyright, 1942, New York Tribune Inc.

tember 19 or cease operations on that date. Maximum prices for ginning services are regulated in MPR 211, issued recently. Any reduction in quality of service from the quality rendered last year, and any reduction in the percentage of seed returned are the same as price increases and are violations of the Price Control Act, Mr. McCullough said.

### CATTLE TAIL HAIR GOES TO GOVERNMENT

The sale and delivery of cattle tail hair is restricted to the armed services by a WPB Order, M-210, issued August 26. It becomes effective September 2.

The Navy alone need more cattle tail hair for bunk mattresses than the domestic supply. Cattle tail hair mattresses are ideal because they do not mildew or remain damp.

Under the August 26 order, cattle tail hair may be used to fill orders only for the Army, Navy, Maritime Commission, and the War Shipping Administration.

The order applies to cattle tail hair which has been clipped or otherwise removed from the tails or switches of cattle.

There are not nearly so many complaints about the weather as there would be if the government regulated it.

## Feed To Speed

(Editor's Note: This is the first article of a series, "Feed to Speed War Production", published as a service to farmers and stockmen.)

That livestock producers will feed better to speed war production of meat, milk and other products needed by the United Nations is forecast for 1942-43 by A. L. Ward, Dallas, Educational Director, National Cottonseed Products Association.

Analysis of livestock numbers, feed production and supplies, feeding practices and war requirements reveals many opportunities to increase production through more efficient feeding, he points out.

"Just as war alters conditions in industrial production and our personal lives", Ward said, "it calls for important changes in our livestock feeding practices. Both the individual feeder of livestock and the nation will benefit from these improvements, which are essential for maximum production. Through sound leadership from livestock authorities of Experiment Stations, Colleges, Extension Services and other agencies, plus active cooperation from livestock producers, the livestock industry will more than meet the goals set by the Department of Agriculture".

Factors influencing feeding practices this season, which should be considered carefully by feeders, include among many others:

1. Need for rapid maximum production of livestock products that are vitally needed for successful prosecution of the war.
2. Need to avoid overexpansion of breeding stock by increasing production per unit of livestock, rather than large increases in numbers of animals.
3. Need to conserve grain and increase efficiency of rations by using better balanced rations.
4. Recognition of the fact that the average ration fed to livestock

is deficient in protein and, because deficient in protein, cannot produce maximum results at the least cost.

5. Large production of protein concentrates makes protein relatively economical and justifies increased feeding of protein, as supplied by cottonseed meal, peanut meal, soybean meal and other concentrates, to balance rations and save grain.

6. Need of saving transportation and labor by (A) marketing feed through livestock, and (B) using home-grown and locally produced feeds whenever practical to do so.

With these and other factors in mind, livestock leaders and feeders are in a position to increase the productivity of livestock far above past levels and develop new standards of efficiency in livestock feeding, Ward believes.

As a means of aiding livestock producers and cooperating with research and educational agencies, the Educational Service is preparing a series of articles built around the theme, "Feed to Speed War Production", he said. Future articles will discuss methods of increasing production through better feeding of different classes of livestock.

## Demand Great For Graduates

Never before in the history of our country has the demand for stenographers, accountants and young men and women trained in business, been greater. Calls from every part of the nation are coming to the Draughons Business College in Lubbock for graduates and the supply cannot be met.

Particularly good are the opportunities for young women who wish to make a place for themselves, and any young woman who applies herself can prepare herself for a well paid position in a few months under the direction of the experienced teachers at Draughons. All kinds of business machines are used in the training of students at this school where the most modern methods are used and streamlined to train students

in the shortest length of time. As a patriotic duty every man and woman who is not otherwise engaged in some war activity should take their places in the business world where business knowledge is just as important to the war effort as the work in the shops and in the ship building yards.

Draughon's in Lubbock will be glad to send full information to any one interested in preparing themselves for the positions now open.

Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

## Yes—You Can Help Him...

...and here's how!

Gas is speeding the production of the weapons of war—ships, planes, tanks, guns, shells. As a fuel, Gas is vitally important in winning this war. Lend your help by an economical use of GAS—the Nation's Fuel—on the Home Front.

### HERE'S A THREE-POINT PROGRAM FOR ECONOMY CONSERVATION IN YOUR HOME

**IN THE KITCHEN...** Cook the low temperature way that saves Gas and Vitamins. Roast at lower temperatures and reduce meat shrinkage.

**IN THE HOUSE...** Make preparations now for heating your home next winter. Storm windows and doors as well as insulation will save Gas.

**IN THE BATH, LAUNDRY AND KITCHEN...** Repair leaky hot water faucets to save water and Gas. Don't heat more water than you need.

## Our Weekly Sermon—

By the Rev. Kenneth S. Wuest, Member of Faculty, Moody Bible Institute, Chicago.

Text: "But God be thanked, that ye were the servants of sin, but... being then made free from sin, ye became the servants of righteousness." Romans 6:17,18. The Greek word translated "servant" has a number of meanings. It referred to a person born into slavery. By our first birth into this world, we were all born as slaves of sin. We inherited a totally depraved sinful nature from our parents. We became sinners by nature and by deed.

Jesus said, "Ye must be born from above" or anew. Because we were born wrong the first time, we need to be born again, and from a new source. Through faith in Jesus as our personal Saviour, we are born from above through the operation of the Holy Spirit. We are given a new nature, God's nature, a nature that makes us hate sin and love righteousness, a nature that gives us both the desire and power to live a righteous life.

There are just two kinds of people in this world, those who have been born once, and are therefore servants of sin, and those who have been born twice, and are therefore servants of God. In which class do you belong? If you belong to the first class, you can be transferred to the second, by taking the Lord Jesus as Saviour.

Then the Greek word means also "one whose will is swallowed up in the will of another." The will of the person who has not been born from above is swallowed up in the will of the devil. He has the same kind of a fallen nature as the devil. He likes the things that the devil likes, the things of sin. He has given his will over to doing the wishes of the devil. The person who has been born from above, has his will swallowed up in the sweet will of God. He likes the things that God likes, the things of righteousness. He has given his will over to doing the sweet will of God.

Which class do you belong to? Are you serving the devil, or are you serving God? The Lord Jesus said, "He that heareth my word, and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life" (John 5:24).

It is hard to tell whether the rings on the noses of some of our friends are caused by wearing glasses or drinking from fruit jars.

## 49 To Navy From County in Aug.

Figures released today, credited North Texas recruiting district with enlisting 3,243 men during August, showed that Lubbock County, with a quota of 47 recruits contributed 49 recruits to the monthly total, the highest in the history of the district.

Encouraged by the banner month of enlistments, 243 above the assigned quota and 1,116 more than ever before sworn in during a single month in the district, Lieut. L. H. Ridout, Jr., officer in charge, established 3,600 recruits as the September quota.

## No Fair For The South Plains For The Fall of 1942

The Board of Directors of the Panhandle South Plains Fair Association, in a lengthy meeting this morning, decided to cancel this year's Fair because of conditions brought about by the world-wide war.

For months the officers and directors have been keeping in close touch with every single thing that would affect the holding of this year's fair -- and they waited until the last possible moment to make their decision, in the hopes that they would be able to have this year's exposition. However, after taking every single phase of the situation into consideration it was the unanimous decision of the board that it would be a mistake to try to have the Fair this year.

Let our Want Ads do your work.

## OPPORTUNITIES OFFERED IN ARMY FOR COLORED WOMEN

For the first time in the history of the Nation, colored women have an opportunity to serve with the Army.

Through new regulations, opportunities are opened to colored women in the Women's Army Auxiliary Corps. The Lubbock Army Recruiting Office announced this week that quotas have been authorized calling for stenographers, typists, general clerks, chauffeurs and cooks. Applicants must be between 21 and 44 inclusive, physically fit, able to pass an intelligence test and to show experience in the occupations named.

Colored women desiring to join the WAAC are urged to apply for information or enlistment at one of the following Army Recruiting Stations: Lubbock, Pampa, Odessa, Big Spring, Sweetwater, El Paso, Fort Bliss, Amarillo and Plainview.

**THE STATE OF TEXAS.**  
TO: Erb Lee Dickey, Defendant,  
Greeting:

You are hereby commanded to appear before the Honorable 99th District Court of Lubbock County at the Court House thereof, in Lubbock, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 12th day of October A. D. 1942, then and there to answer Plaintiff's Petition filed in said Court, on the 27th day of June A. D. 1942, in this cause, numbered 10221 on the docket of said court and styled Roslie R. Dickey, Plaintiff, vs. Erb Lee Dickey, Defendant.

A brief statement of the nature of this suit is as follows, to wit: that this is a suit for divorce; that plaintiff has been an actual bona fide inhabitant of the State of Texas for 12 months next preceding the filing of this suit, and of the County of Lubbock 6 months next preceding the filing of this suit; that plaintiff and defendant were legally married on Nov. 5, 1911, and continued to live together as husband and wife until the month of July, 1938; that some 15 months prior to the separation the defendant began a course of cruel and harsh treatments which were of such nature as to render their further living together as husband and wife insupportable; that to this union there were born two children, to-wit: E. L. Dickey, a son, 14 years of age and J. T. Dickey, a son, 8 years of age; both children are in the custody of the plaintiff; that plaintiff is the proper person to have the care and control of said two children; that there is no com-

## Confusion About Federal Taxes Says Mr. Palmer

Some confusion seems to exist on the part of many employers regarding their responsibilities in connection with payment of the Federal tax on old-age and survivors insurance and the contribution levied for the state unemployment compensation program, according to John D. Palmer, manager of the Lubbock Social Security Board field office.

"The Social Security Board, as such, collects no taxes," said Palmer. "Collection of the old-age and survivors insurance tax is the responsibility of the Bureau of Internal Revenue," he continued. "However, there are two separate and distinct programs—the Federal old-age and survivors insurance system and the State unemployment compensation law. The coverage for employers under the Federal law applied to employers with one or more workers. Under the State law, coverage varies and contributions to the system by employers vary. The two programs are entirely separate and are administered by separate agencies," Palmer explained.

In some instances employers have gotten the impression that they were not subject to the old-age and survivors insurance tax because they did not have the same or the required number of workers as the employer next door, who was covered under the State law and the Federal law also. "It is impossible," Palmer stated, "for an employer to be subject to the old-age and survivors insurance tax and at the same time not be subject to the unemployment compensation tax. In any case an employer with one or more workers in a business covered by the old-age and survivors insurance law is subject to the tax of 2 per cent. The employer pays the tax, but may deduct 1 per cent from the employee's wage. The total is reported to the collector of internal revenue," Palmer said.

## POSEY ITEMS

Mrs. S. N. Gentry, Correspondent  
Rev. and Mrs. Allen C. Forbis and baby, Elizabeth Ruth, of Hart Texas visited Mr. and Mrs. S. N. Gentry and family last Tuesday. Rev. Forbis was the former Methodist minister at Posey before going to Hart.

Pvt. and Mrs. Ed Walters of Slaton spent Sunday in the home of Mr. and Mrs. Wesley Gentry.

Mr. and Mrs. T. A. Johnson, Howard and Bud, visited Mr. and Mrs. Red Fincher and family of Morton Sunday.

Mr. and Mrs. Odie Williams and children of Lubbock spent Sunday evening with Mr. and Mrs. W. T. Gentry.

Miss Irene Gentry left Monday to visit her sister, Mrs. C. L. Davidson of Dallas.

Mrs. Aline Johnson visited Mr. and Mrs. D. T. Johnson of Big Spring Saturday.

Staff Sergeant E. L. Mangum of the Midland Army Flying School spent the weekend with his wife and baby, Mrs. E. L. Mangum and Ronald Lee Mangum.

Staff Sergeant and Mrs. E. L. Mangum and Ronald Lee, Mrs. J. T. Cox, Mrs. J. D. Porter, and Mrs. C. A. Porter spent Friday with Mr. and Mrs. J. J. Redman of Tullia.

Mr. Bud Johnson entertained with a party at his home last Wednesday night. Those present were: Joe, Conrad, and Frank Meleher; Mary Alice, Oscar, Earl, Howard Johnson; See and Juanita Townsend of Roosevelt; Aline Perdue, Wyona West, Billie Wells, Charlie Brake, and David Bacham all of Slaton; Leslie and Donray Rodgers, Vaughn and Vernell Campbell, Imogene, Guy, Ruth, Irene, and Charles Gentry, Andrew and Joseph Loke, Clifford Behlen, Benny Moeller; Boyd and James Beleher; Harold Morrison; James Vannoy; Barbara and Fabian Stahl; and Betty Ross Macker.

Mr. and Mrs. Nathan and children of Lockney were visitors in the community Saturday.

In a meeting of the Posey School Board last Thursday night, Mrs. C. Z. Fine of Posey was elected as the teacher to fill a vacancy.

Word has been received here of the recent death of Mr. Virgil Higgins of Anton. He is survived by his wife, Mrs. Higgins was the former Miss Janie Faye Bevel of this community.

Rev. O. M. Addison held regular services Sunday morning but a heavy rain prevented his holding the night services. The Fellowship League was also postponed on account of rain.

Next Sunday night is regular singing night at the Posey school house and very one is welcome.

## BIBLE STUDY

The Forrest Bible Study will meet at 3:30 P. M. Tuesday at the Methodist Church.

Lesson: Studies in the Book of Exodus. THE PASSOVER, Chap. 12.

1. From what did the Israelites begin to date their sacred year? Why?
2. The "mixed multitude" in Israel stand for whom in our churches today?
3. What did the Israelites do besides BELIEVE God that night?
4. About how many people left Egypt on the night of the Passover?
5. As Israel started from Egypt, what arose before them and led the way?

## SANTA FE REPORT

The Santa Fe System carloadings for the week ending Sept. 5, 1942, were 22,954 compared with 20,582 for the same week in 1941. Cars received from connections totaled 13,012 compared with 8,246 for the same week in 1941. Total cars moved were 35,966 compared with 28,828 for the same week in 1941. The Santa Fe handled a total of 35,377 cars during the preceding week of this year.

An angler said to a friend: "Yes the fish caught was too small to fool with so I got a couple of men to help me throw him back into the water."

## Farm Bureau To Meet Today

A sub-district meeting of the Texas Farm Bureau will be held in the ballroom of the Lubbock Hotel at 2:30 in the afternoon of Friday, September 11th. All members of the Farm Bureau and all other farmers from Garza, Lynn, Lubbock, Terry, Hockley, and Yoakum Counties are urged to attend.

W. R. Tilson, of Brownfield, Director of District No. 2 will preside at the meeting. Mr. J. Walter Hammond, President of the Texas Farm Bureau Federation, will be present and will address the meeting on issues facing the farmers of the nation and will report on the latest legislative and administrative decrees affecting agriculture.

Senator G. H. Nelson, President of the Lubbock County Farm Bureau, will give the welcome address.

Farm Labor, parity, price control, government regulation, and the outlook for the farmers participation in the war effort on an equitable basis with labor and industry will be discussed. This is your problems to the end that equating before the National Congress your problems to the end that equity and justice may be meted out to you in the time of national crises.

Come if you will and bring your wife and boys with you.

## Hints for home makers

To peel tomatoes without holding them over a flame, scrape the skins firmly with the back of a knife to loosen them. They will peel readily.

Glassed fruits offer a number of possibilities for menu tricks. Keep any leftover fruit in the original jar in the refrigerator and use it, cut in small pieces, to garnish hot juice, to thin prepared mayonnaise for fruit salads.

When a portion of one lemon has been used, keep it cut side down against a plate in the refrigerator. It will stay fresh until the remainder can be used.

Don't forget to save waste cooking fats and grease. Strain into a container and when you have a pound, take it to your butcher. It's a patriotic service.

Here's how to measure shortening accurately. If the recipe calls for 1-3 cup shortening, fill a measuring cup 2-3 full with cold water. Add shortening until the water reaches the 1 cup level. Pour off water, and you have an accurate 1-3 cup of shortening.

## W. S. C. S. MEETING HELD AT METHODIST CHURCH

Three circles of the Women's Society of Christian Service met Monday at 4:00 at the Methodist Church.

Mrs. H. C. Gordon was leader for the afternoon. She gave the devotional and read an article "Lights in Darkness".

Refreshments were served in the basement of the church to Mesdames A. E. Whitehead, J. E. Eckert, S. H. Adams, W. H. Proctor, Lloyd Tibbs, R. W. Ragsdale, H. C. Gordon, Miss Mabel Scudder and one guest, Mrs. Surman Clark of Post.

The next meeting will be held Monday, Sept. 14, at 4:00 at the Methodist Church.

## Movie Reporter.

That Ozark Mountain Girl is in again as she zooms through her latest side-splitting comedy at the Palace this Friday and Saturday. Judy Canova's cooking up a mess of trouble for herself and everyone else concerned as she keeps you in stitches at her hilarious antics. This time she plays the part of girl kidnapped by a notorious gangster to sing in the place of his own ear-splitting thrush who sings like a crow. After that Judy runs rampant in the gayest comedy fun-fest of the season. Billy Gilbert is also in there punching and can always be counted on for a good laugh. The all star cast includes Tom Brown, Ruth Terry and Jerry Lester. Skinny Ennis gives out with hot and sweet music alike. If you want to laugh come and see Judy Canova in "SLEEPYTIME GAL" at the Palace.

The Queen of the Tropics finds a new jungle mate. Dorothy Lamour makes her return to the screen in a new technicolor jungle film, "BEYOND THE BLUE HORIZON" which shows at the Palace Theatre next Sunday and Monday. Yes, folks, she wears a sarong in this one! Her new jungle mate is Richard Denning. He's tall, blonde and handsome, is a first-rate actor and advance reports describe him as the ideal for Dotty's romantic partner. The story, which holds many thrills, concerns the search for lost papers in the jungle which would establish Dotty's claim to fortune. The 'menace' is a man-killing elephant, finally disposed of by Dotty, Denning and Dotty's pet tiger. Dotty sings the new tune, "A Full Moon and an Empty Heart". Included in the featured cast are Jack Haley, Patricia Morrison, Walter Able, Helen Gilbert and Elizabeth Patterson. We have a hunch that there's another entertainment hit coming up in "BEYOND THE BLUE HORIZON."

★ FASHION PREVIEW ★

THE September issue of Good Housekeeping Magazine presents this dependable wool dress that anyone can wear. There is no trimming except two metal buckles. The surplice closing is becomingly slimming, as are the front torso yoke and easy skirt.

Personals

Mr. and Mrs. J. N. Landreth and daughter, Mary Frances, left Sept. 8 for Wellington, Kansas, where they will make their home.

Visiting here over the weekend was Billy Lokey, son of Mrs. Mildred Lokey, from A&M College where he is attending school.

C. D. Yates, of Freport, Texas, visited his parents over the week-end, his sister Miss Leona Yates made the return trip to Freport with him but is now back in Slaton.

Mrs. Carl Merriwether accompanied by Mrs. C. C. Hoffman left Sept. 3 to take Miss Frances Crowther to Ft Worth to meet her father, Mr. David Crowther. Frances and Mr. Crowther left for a two weeks vacation in Canada Tuesday.

Mrs. S. T. Anderson and son, Bobby, of Winters, visited her mother, Mrs. J. W. Henry Sr. and sisters, Misses Lucille and Beatrice Henry over the weekend.

Pvt. Everett Mangum of Midland Flying school, Midland, Texas has been visiting his wife and young son and other relatives in Slaton this past week. He will leave soon for Miami Beach, Fla., where he will enter an officer's training school.

Mrs. Bill Layne and children visited her father, Mr. J. C. Smith of Moran and her sister at Abilene. They returned with Mr. Layne who went after them last week-end.

Private Cecil Scott of the Medical Corps at Camp Barkley spent the week end here with his wife.

Miss Virginia Brasfield left Tuesday to return to Washington, D. C. where she is employed in the Adjutant General's Department. Miss Brasfield has been home on her vacation for the past three weeks visiting her parents, Mr. and Mrs. Jesse Brasfield.

The Executive Committee of the U. S. O. will meet this morning at 10 a. m. in the Chamber of Commerce office.

Avery Payne was home from Amarillo for a few days visit with his parents, Dr. and Mrs. W. E. Payne.

Miss Myrtle Teague spent the week-end in Amarillo visiting friends.

Mrs. D. C. Hoffman is improving after several days illness.

Clark Self Jr., has returned home after spending several weeks in Oklahoma with his grandparents, Mr. and Mrs. M. A. Grant.

Guests in the home of Mr. and Mrs. Fent Stallings last week-end were Mrs. Stallings brother, C. E. Hinds and wife of Eugene, Oregon, Doc Hinds and wife of Plainview and Mrs. Stallings cousin Mrs. Vena Scroggs of Clovis.

Sgt. Jack E. Stallings of Camp Shelly, Miss., arrived Tuesday for a ten day visit with his parents Mr. and Mrs. Fent Stallings. Sgt. Stallings entered the service March 3rd and was formally at Ft. Leonard Wood, Missouri.

Mr. and Mrs. T. E. Vinyard of Sherman are visiting Mrs. Vinyard's brother F. A. and J. I. Drury and her niece, Mrs. Charles Marriott, Jr.

Mr. and Mrs. Roy D. Meyers and daughter, Dalene, formerly of Slaton but now of Dumas, Texas, visited in the home of Mr. Meyers parents, Mr. and Mrs. Ed Meyers. Mr. Meyers is employed by the Cactus Ordinance Plant in Dumas.

Kirby Scudder, Jr., left Saturday for Clayton, New Mexico, where he will work on the Western Union Line of the Santa Fe. Kirby will return Christmas or the first of the year to attend Texas Tech.

Mr. and Mrs. Bill Cates and family left Saturday to spend Labor Day with friends in Duncan, Oklahoma. Louie remained in Duncan, where he will attend school. Mr. and Mrs. Cates returned home Tuesday.

NEWCOMERS TEA HELD IN BROWNING HOME

The Junior Civic and Culture Club entertained informally Sunday afternoon at the home of Mrs. Vasker Browning with a 6 o'clock Tea honoring newcomers to Slaton. Guests were greeted at the door by Mrs. Browning and presented to the officers of the club. Miss Gertrude King presided at the club register.

The rooms were decorated with dahlias, asters and digitalis. The table was laid with a lace cloth and the center piece was dahlias banked by green tapers in crystal holders. Mrs. Tom Settle presided at the Silver Service assisted by Mrs. J. B. Stevens and Mrs. Jack Shepard.

Milton Shuette, son of Mr. and Mrs. Wm. Shuette is home for a short visit from Ft. Knox, Kentucky. His parents invited a few close friends over last night to a barbecue to celebrate his home-coming.

Bottled Hose

POURING YOURSELF a pair of stockings has become more than a fad these days with serious shortages of materials threatening to cut off the normal supply of hose. Liquid stockings have been growing in favor.

Fewer Stockings No Fashion Worry To Nations Women

No one can say the American woman has not sacrificed to win the war. First is simplified dresses—then rubberless corsets. And now it's no stockings. That's right—

Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

no stockings. Silk, of course, is not available for anything so unnecessary, so far as the war effort is concerned, as a covering for lady's legs. Pure silk and silk-woven fabrics are urgently needed for parachutes, summer uniforms, underwear and a thousand and one uses in Army life. Some is even used in the making of certain types of tires. Indeed, the government thinks so much of this precious fabric that a recent order of the War Production Board has frozen all used silk hosiery in the hands of dealers.

Materials Diverted Other materials which would normally be employed as a suitable substitute for hose are rapidly being drafted for more important uses in the cause of the United Nation. Stockings made of these materials will appear for some time, but in ever decreasing volume, until by the end of the year, experts advise, the American woman will find them practically unavailable.

Not to be stumped by material shortages, women have begun to purchase their hose in a bottle. Pouring yourself a pair of stockings is not new, having been popular for years among theatrical folk and more recently in England, No More "Runs"

Liquid stockings are applied with a piece of cotton, soft cloth or with the fingers. They will not streak, run or rub off. Warm water

er and soap, however, removes the lotion in a jiffy. Proper application results in a tanned, velvety covering that makes for as attractive an appearance as the sheerest of hose.

Liquid stockings will serve lady as faithfully and well for fall as for summer. Several popular shades which will fit into the pattern of fall colors are now available to match the new season's ensemble. Fashion decrees little change in the color of stockings for fall wear, but you may be sure that whatever shades are most popular, you'll find them in a durable glass bottle.

Pour yourself a pair of stockings and save—material and money.

Study Club Has Mexican Dinner

Members of the Daughters of Pioneer Study Club met at the Mexican Inn Monday evening at 8:30 for dinner. A Mexican dinner was served and the Mexican theme carried out.

After dinner Mrs. O. L. Byrd of Lubbock gave a book review on "The Days of Ofelia" by Gertrude Diamant.

Those attending the dinner were: Mesdames Oree Glasscock, Odie Hood, Max Arrants, Charles Marriott, Cecil Scott, Levi Self, R. A. Singer, Harmon Thompson, Melvin Tudor, Misses Naydiene Smith, Myrtle Teague, Mary Lee Thompson, and Mary Watkins.

MR. AND MRS. FLORENCE HAVE MANY GUESTS

Mr. and Mrs. W. P. Florence had as their guests this week Mrs. Florence's brother R. C. Spinks and his wife from Vera, Texas, another brother M. J. Spinks and his wife from Dallas as well as Mrs. Florence's nephew J. A. Spinks and his wife from Dallas. Miss Eunice Florence, Miss Mary Elizabeth Florence and Mrs. Zona Willard of Lubbock, all daughters of Mr. and Mrs. Florence were also visitors in the Florence home over last week end.

DAHLIA SOCIETY TO MEET

The South Plains Dahlia Society will have their annual Dahlia Show September 19-20 at Kuykendall Chevrolet Building, Lubbock Texas.

We are extending an invitation to all the people of the South Plains to attend the show and to have all Dahlia growers to exhibit their flowers.

MISS DONNA SANNER IS PARTY HONOREE

Miss Donna Sanner was honored Saturday night, Sept. 5, with a party given in the home of Miss Billye Francis Lively. The group of girls played bridge and rummy until eleven o'clock when they went in a body to the drug store for refreshments. After refreshments they attended the midnight preview to see "A Night in the Tropics."

Those attending the party were: Misses Phyllis McReynolds, Betty Turner, Wilda Hannah, Juanita Elliott, Charlene Fisher, Mary Frances Landreth, Connie Henry, Jenny Lou Garland, the honoree and the hostess.

Miss Sanner is a student at the Chillicothe Business College in Chillicothe, Mo. She arrived Saturday afternoon and although her plans are indefinite, Miss Sanner hope to be here at least a week.

BIRTHDAY PARTY HONORS MISS MELBA POTTHAST SATURDAY

To celebrate her 10th birthday, Miss Melba Potthast was honored with a party Saturday afternoon, Sept. 5, in her home.

A pink and green color scheme was carried out in the decorations and refreshments. Baskets of candy and nuts were given as favors.

Party stunts, contests, and games were the diversions of the afternoon.

Birthday cake and punch were served to: Daunita Dowell, Martha Lou Loveless, De Etta Pohl, Ernestine English, Betty Jo Gentry, Ginger Barton, Ura John Skelton, Johnnie Pearl Peebles, Mary Elizabeth King, Jim Porter and Albert Reed.

REASSEMBLY PROGRAM BY CULTURE CLUB

The Junior Civic and Culture Club met in the home of Mrs. Chas. Walton for their first meeting of the current club year Tuesday night, Sept. 8. Mrs. C. E. Kenney was co-hostess.

The program was the presentation of year books and discussions of year book study material for the year. The Club is using the "Readers Digest Study Outline" with miscellaneous topics added. Mrs. Chas. Walton presided over the meeting and Mrs. Tom Settle was acting secretary.

The guests were asked to come dressed as school girls and the entertainment for the evening was spent in telling school experiences. The refreshments carried out the school theme in that they were school lunches served in individual lunch baskets. The serving rooms were arranged as a class room even to the school bell, which was rung at the beginning and closing of the business session. Fourteen members were present.

The Club pledged to be active at all times in both the U. S. O. and Red Cross work and to be alert at all times to any demands that as a Club they might be called upon to do for the present defense movement.

**JUST TALK**  
by  
A.M.J.

The air out in front of my office still smells like fish since Jo Bob Stevens drove his trailer full of cut fish up in front of the Slatonite and invited me out to see the whoppers he said he caught in his gold fish pond. The son of the one that swallowed Jonah was in that trailer and Jo Bob said that he had given away the biggest ones. I got a good fish dinner out of the lot in the form of a couple of two-pound channel cat that Jo Bob said

**CANADA  
CREATES A  
GIANT NEW  
INDUSTRY**

KEEPING pace with the giant strides of progress in Canada's munitions program is the comparatively new industry which overhauls and repairs the wartime aircraft of the Dominion. The mechanics in the above photograph are shown working on an airplane engine in one of 14 factories in Canada devoted to this work. Altogether 74 plants are overhauling airframes, airsews, instruments, tires, tubes and every part of fighting and training aircraft. The increased expenditure in this program from \$25,000,000 in 1941 to \$100,000,000 in 1942 reflects the speed of its growth. In 1941 Canada had in use 5,000 planes for training and coastal defense, while this year the figure has been doubled. The 5,000 men and women who were employed in repair last year have in 1942 been expanded to 20,000. Government expenditure in capital assistance to repair and overhaul factories is \$12,000,000.

were scarcely worth taking off the hook.

Jo Bob said down where he fishes they use the kind of fish that Tom Turner and my friend Ben Cole caught as bait and that they never go fishing without a trailer to bring back the fish in.

After seeing Jo Bob's trailer full of fish that Jo Bob got by the game warden with, I am a little timid about telling that conductor Dick Adkins caught a 3 lb. bass down at Sweetwater Lake when and D. N. Polk went fishing last week. But considering that the bass was a West Texas fish and considerable smarter than the

kind of fish that Jo Bob catches we felt that conductor Adkins should be congratulated on snagging a Sweetwater fish, a feat that is very difficult to accomplish and one that Dutch Eckert, Claud Porter and Dick Baggett have been trying all summer to accomplish. Personally, I did not believe that there was a three pound fish in Sweetwater Lake and now that conductor Adkins has caught that one I am sure there is little use in anyone fishing at Sweetwater from now on.

Should we all crawl in a hole and give up or try to keep business alive and enjoy life in spite of the war? All over the United States civic clubs, social organizations and those concerned with the entertainment of the public are discouraging everything that has to do with the lighter side of life. Women's clubs are disbanding and the few men who do attend the old established dinner clubs do so with gravity and lack of interest. The conservation of smiles and the cancellation of a few hearty handshakes will most certainly not help in the progress of the war and the discouragement of business will most certainly not help in keeping the war bond purchases up to government expectations. How about a drive to salvage a few old time "belly laughs", a cheery smile or two and a spirit of business hustle.

Last Monday evening I looked out my window and saw a man foolin' around my automobile and being very sensitive about my tires, I rushed out and caught Charlie Austin red handed trying to sneak a watermelon into the rear of my jalopy. My wife also came dashing out and upbraided Charlie for doing such underhanded work but I persuaded her not to be too tough on Charlie as I would eat the watermelon myself and suffer the consequences. As a man who has had stomachache caused by melons from the border of Oklahoma as well as those from the brink of the Louisiana swamps, I have never tasted a better melon

nor had more enjoyable after-effects than those caused by Charlie's melon. Since coming to West Texas I had just about persuaded myself that the watermelon flavor that I remembered was just a boyhood fancy and that no melon ever tasted as good as my memory recalled and just when I had persuaded myself that it was all a myth along comes Charlie and upsets it all. Now I'll have to go another twenty or thirty years before I'll find another melon that tastes just right, but perhaps it will be worth it.

The Presidents desire to reduce incomes, at least some incomes, to \$25,000.00 per year sounds reasonable to me, in fact if the amount were set at \$10,000.00 it would still be a fair deal. It is my opinion that no one person can render enough service by his own efforts to be worth even that much money to the public. While a few men secure their wealth by developing something of great and revolutionary value to the world most of the wealthy men get it like a squirrel does a big pile of acorns. They tie up property and goods so that no one else can use it and have no use themselves for the things they own. What I would like to see done is to work out some way where my income would be jacked up to \$25,000.00, in fact I would compromise on a figure much lower than that and still figure that it is a fair proposition, just name a figure where the first numeral is not a 0 and I'll give it deep consideration.

It has always griped me to see some old boy with a barrel belly going around bragging on how much money he is making when he comes down at nine or ten in the morning, hawks out the heads of the departments, goes out in the evening to play golf and then home worn to a frazzle. Many of our richest men have not developed an original idea in twenty years and are getting their revenue from the sweat

of hundreds of other people.

Whether the war has changed the thinking of the women or the restrictions on styles and materials has cramped the women's hat designers imagination I have not been able to trace down but I have been watching Mrs. Carl Merriweather, Mrs. O. D. McClintock, Mrs. Nick Carter, and Mrs. O. O. Crow for a hat shaped like an aeroplane, a tank or a machine gun but to date have had no revolutionary hat developments to give my nervous system the rigors I usually suffer as fall arrives.

The same imitations of the Eiffel Tower, of crippled bats and of Little Red Riding Hood have been the best that has been done so far but I still have hopes for later in the season and expect to see something that will scare the horses that will soon be pulling our automobiles around when gasoline rationing goes into effect.

Here is one from the Rotorian that I thought worth reprinting: "Sam," said the Colonel to his Negro cook, "I'm having special company on Thursday and I want your best turkey dinner. Now, none of your wild fowl. Get me a domestic, corn-fed turkey. Do you understand?" "Yah, suh, yah, suh," replied Sam.

Came the festive affair. Placed before the Colonel was a beautiful done-to-perfection turkey. He was pleased until he made a first cut. Then he frowned. Then a second cut. He held his knife and called his cook from the kitchen. "Sam, didn't I tell you I wanted a domestic, corn-fed bird?" "Yah, suh, yah, suh—dat am a domestic, corn-fed bird." "Well, then," said the colonel. "How about this shot here and there?" "Well, suh," said Sam, shuffling from one foot to the other. "Yuh see, suh, dat shot war meant for me!"

**RESTRICTIONS ON PEANUTS REDUCED**

Marketing of this year's peanut crop has been geared to increasing wartime needs. Announcing the changes to Texas peanut growers subject to marketing quotas, B. F. Vance, administrative officer of the state AAA, said the new regulations differ from those of last year in the following respects: (1) Last year the farm marketing quota was based on the actual production of the allotted acres; this year it is based on either the actual or normal production, whichever is larger. (2) Previously, only peanuts picked mechanically were subject to marketing quotas; this year those picked by hand also are subject to quotas. (3) In 1941 three types of marketing cards were used by producers in marketing peanuts; this year only one will be used, showing the amount of peanuts marketed as well as the amount of the peanut marketing quota. The

Now open next to Forrest Hotel

simplified marketing card will be issued regardless of whether the farm has a marketing quota since it will serve as a valuable record to producers.

The edible price will be supported at 85 percent of parity, or about \$124 per ton, while the oil price will range from \$70 to \$82 per ton, depending on varieties. Vance explained that peanut marketing quotas assures both the edible and oil trades an equitable amount of the year's crop with which to operate.

Peanuts planted for oil purposes in support of the Food for Freedom program are not subject to marketing quota penalties provided they are marketed to an agency designated by the Secretary of Agriculture.

**GUARD IT CAREFULLY!**

An old friend... a reliable, economical servant... today your Gas Range assumes a new role. It has a *new job* to do—one of the most important of them all—the job of feeding your family for Health and Strength for the duration. A little care will go a long way in providing efficient and economical service from your Gas Range... will add years to its life.

**A Few Simple Rules for Gas Range Care**

- Use your Gas Range all you need... but make it serve you well every cooking minute.
- Watch cooking temperatures. Over-roasting or over-baking wastes fuel as well as food. Over-boiling wastes heat and kills health-giving vitamins.
- For greater efficiency use flat-bottomed cooking utensils. Keeping them covered prevents loss of heat and food flavors.
- Keep your Gas Range clean! Wash it with soapy water to remove grease and grit. (This applies to cooking utensils too.)
- Try economical meals such as "oven dinners" or "boiled dinners" that are all cooked at one time. Remember—GAS, America's preferred cooking fuel, is also vital for war production. Do your part by using it well.

### Southland News

Virginia King, Correspondent

According to reliable information, Mrs. J. D. Hord received a cablegram Saturday that her son, Sergeant Major Carl Hord is "missing in action". Carl has been in the Marines for 21 years.

Lt. I. J. Duff, Jr. son of our High School Principal and Mrs. I. J. Duff, Sr. received his commission at Ft. Benning, Georgia, July 28, and after a furlough at home, reported in Seattle Washington August 23, and will enter foreign service soon. Lt. Duff was teaching school, when he was inducted almost 14 months ago.

Carlos Wagoner recently mailed his mother two New Zealand newspapers. He requested that she send him some stamps, as the free mail service is too slow. He wrote that the people there are very friendly, and almost every home is opened to the boys.

Calvin Klaus is still in Bridgeport, Connecticut. He and ten other mechanics have been assigned to servicing only one large plane.

Although Marcy Donahoe's parents address his letter in care of the New York postmaster, he recently wrote of the hot climate as though he were still in Port of Spain, Trinidad.

Marvin Stewart, son of Mr. and Mrs. John Stewart of near Pleasant Valley, came home on leave

Saturday in California. He is in the

Saturday day visitors of the H. A. and Mrs. Eddie Bull and husband of Phoenix, Arizona, and Henry King of Ft. Sill, Okla.

Sister Lydia Beckers speaking date at Winters was rained out. She left Monday for Milwaukee, Wisconsin.

Mrs. B. R. Arthur left a week ago Thursday to visit her niece in Merkel.

Mrs. Roy B. Underwood of San Diego, Calif. arrived Saturday to visit her parents, Mr. and Mrs. Sam Martin.

Alph Landers came Saturday on a 10-day furlough from Ft. Sam Houston, San Antonio and he and his mother, Mrs. Annie Landers went to Wyngate to visit his grandmother who is seriously ill.

Rev. H. B. Coggin left Monday so as to be in Washington, D. C. for his chaplain assignment Friday. A placement usually requires three weeks, and Brother Coggin plans to return home next week to await his call. His pulpit will be filled Sunday by the Methodist District Superintendent.

Elliot Barber, whose wife is staying here with her mother, Mrs. G. W. Davis, is now in Dutch Harbor, Alaska. Mrs. Davis other son-in-law, who volunteered at the same time from Carlsbad, New Mexico is still waiting his call.

The last word from Aubrey Nunley was mid-August. He had just returned to Post and was enjoying his mail. Pvt. Nunley is with the Marines on the U.S.S. Chicago.

Mrs. Bob King left Saturday afternoon to spend the week-end and Labor Day with her sister and husband, Lt. and Mrs. Sam Revis of Midland.

Wayne Whiled writes that he has just visited a week or two on the coast. The son of the J. L. Whiteheads is stationed at Ft. Jackson, South Carolina.

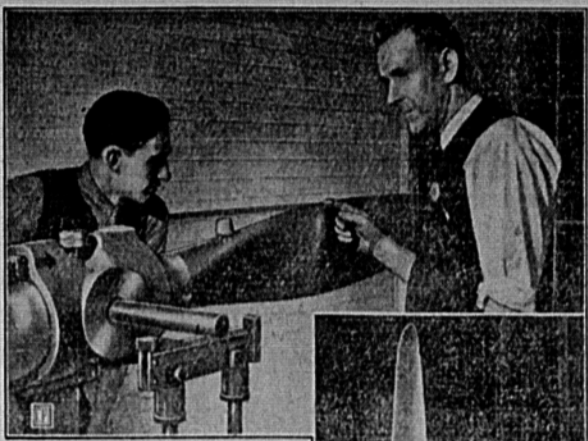

Audie Harris, who is a student at Draughon's Business College was at home last week-end to visit her parents, Mr. and Mrs. J. C. Harris.

Miss Pauline Duff, English teacher at Wilson, spent Wednesday night with Mrs. Bob King.

The bridal shower for Mrs. James F. Collings is Thursday, Sept 17 from 4:00 to 6:00 at the Southland Baptist Church.

Tuesday evening dinner guests of Mrs. Bob King were Messrs. and Mesdames Verne Johnson, Clarence Basinger and Hub Haire. Gaynell Corley came home Wednesday from Slaton Hospital.

### To Unbalance the Axis

Official Canadian Government Photos

FROM a puny business employing only a handful of men and producing less than 4 planes a month, Canada's aircraft industry has grown into a giant enterprise turning out more than 400 crafts per month. Money expended on plant expansion, equipment and orders total half a billion dollars.

The Dominion's aircraft production program has now been narrowed down to nine models: an elementary trainer, the Fairchild Cornell; a single-engine advanced trainer, the North American Harvard; a twin-engine reconnaissance bomber (and bombing and gunnery trainer), the Bristol Bolingbroke; a coastal reconnaissance amphibian, the Catalina (Consolidated PBV-5); a single-engine fighter, the Hawker Hurricane; a twin-engine fighter; a four-engine long-range bomber; and a navy dive bomber.

Except for the engines, and certain instruments which are imported, Canadian planes are Canadian built from Canadian materials. There are about eight main assembly plants, and some 100 component instrument and part manufacturers. Among these are a half dozen factories turning out hundreds of propellers of various types to supply the planes being produced in Canada.

The manufacture of constant speed propellers, which is a mechanical work of art, requires rigid balance tests in all stages. The top photo shows a completed metal airscrew as it undergoes inspection. Small cork and lead weights are

used in this final test. If perfect balance has been achieved their weight is sufficient to start the propeller revolving. In the lower photo a technician is checking the balance of a blade in upright position.

Canada's output of aircraft has now been stepped up sufficiently to meet the greater part of the requirements of the British Commonwealth Air Training Plan.

In some 30 plants strategically located from Vancouver to Halifax, war and training planes are being constantly overhauled and reconditioned for flying. This is one of the Dominion's major war industries, representing an outlay of several hundred million dollars and keeping thousands of men busy maintaining in perfect condition Canada's growing air armada.

Millford Berry, was one of the many graduates in the aviation cadet class 42-H to get their wings Sunday morning. He graduated from Cooper High School in 1940. Mr. and Mrs. R. T. Davis and daughter, Lou Ann visited in the home of Mr. and Mrs. Floyd Pair and family of Slaton Sunday.

Rose Mary Dawkins spent Sunday with Beatrice Johnson.

Visitors in the R. L. Cummins home Sunday were: Mr. and Mrs. J. B. Wells and family of Slaton and Mr. and Mrs. Erik Eklund.

Mrs. S. R. Cade has been visiting her son, Mr. R. N. Cade and family. A family's dinner was held in the Cade home Sunday.

Friend in the Union and Cooper community entertained with a wiener roast and skating party Friday night honoring Tom Payne, who is leaving soon. A large number was present.

Mr. G. G. McWhorter resigned as principal of grammar school and has left Cooper short of a teacher.

Mr. McWhorter has purchased the Band Box Tailor Shop in Lubbock.

School buses have only been able to run on the highway for several days now. About 85 per cent of the students have been present.

Mr. and Mrs. Charles Hampton of Slaton visited the Floyd Roberts Friday afternoon.

**BIG CROP PREDICTED**

Mr. and Mrs. G. T. Hammett and daughter Ida and Toy have returned from a two weeks vacation spent in Houston and Eastland. In Houston Damon Hammett visited them from Camp Polk, La.

Mr. Hammett reports that the cotton crop out here on the Plains

looks better than any he saw on his entire trip, in fact the Plains will be in better shape than any part of Texas, according to Mr. Hammett, if some misfortune does not get the feed and cotton crop before it can be gathered.

### COOPER NEWS

Kathryn Robertson, Correspondent

The Marcy family met for their fifth annual reunion recently at Mackenzie State park. Those present from Cooper and Lubbock were Messrs. and Mesdames J. M. Marcy, I. B. Marcy and family, Cecil Wisdom and family, Beid Cain and daughter, Zed Marcy and son, S. S. Scott and children, Gordan Richardson, Owen Marcy and son, Lee Vaughn and sons, and Alton Marcy.

Others attending were Mrs. Sally Fields of Rochester, and Messrs. and Mesdames Pete Lee of Abernathy, H. A. Marcy and daughter of Spur, G. H. Ferner and family of Wilson, J. N. Moore and family of Meadow, Raymond Hitt and family of Wolforth, J. M. Marcy, Jr. and family of Ropesville, Homer Marcy and daughters of Spur, Leonard Wilson and son of Spur, H. A. Marcy, and Mrs. G. B. Wells and daughters of Slaton. A number of visitors were present.

L. Dee Qualls left recently for the Navy Air Corps.

Doyce Barrett, son of the C. B. Barretts enlisted last week for Naval Aviation pilot training. He expects to be called within the next two weeks. Doyce will be the third Barrett son in service.

Frances Sullivent, a junior student, has been unable to attend school due to sufferings from a broken arm caused by a fall recently down the stairs in the courthouse at Lubbock.

The Cooper Pirates plan to play a game with Sundown on Friday,

Sept. 11th and Leveland Sept. 18, if no further plans are made. The coach, Fred T. Rich expects to leave for the army about the 16th of this month. Mr. Rich has been teacher and coach at Cooper for many years.

The senior students received their class rings last Wednesday. Mrs. V. B. Watson is the class sponsor this year.

Most of the equipment is here for the new school cafeteria and will be in use as soon as possible, which will probably be in the near future.

### "RE-TREAD" YOUR OLD LIGHTING

Especially in War Times do we need to keep our homes free from gloom. Good lighting is always a gloom "chaser." Make your home more cheerful by "re-treading" your lighting with these portable lighting fixtures. No changing of wiring needed, just screw them into existing sockets. Why not do this today and enjoy good lighting.
