

TIGERS HOPE TO EAT THE ANTELOPES TONIGHT

Second Trades Day To Have Added Attractions That Will Be Surprising

Reports from the stores that are cooperating in the Slaton Trades Day and program are that many people came in soon after the drawing Monday afternoon, Sept. 5th and registered before the boxes could be set up for the purpose. Many more registration blanks have been filled out for the second drawing which is to take place Monday, Oct. 3rd. It is planned to have some special entertainment before the drawing starts.

Plans are also now being made to make the second drawing faster and more entertaining than the first one, by adding some features that will be both amusing and surprising.

The merchants and business firms offering the Trades Day program are doing so in order to make it worth while for the people of Slaton to trade at home and in order to encourage the people who live in the Slaton trade territory to come into Slaton to do their buying.

Many items in many lines are being offered in Slaton at lower prices than can be found in Lubbock or in any other town in West Texas and the business men in Slaton are carrying bigger stocks and better merchandise than has been carried here in years. If you want to help build up your town and encourage the people in this area to come to Slaton the business men of the town feel that you will help make the Trades Day a success by attending the Trades Day program on each first Monday and to encourage your friends and acquaintances to do the same.

Lubbock Air Base Needs More Housing For New Families

Officials from the Lubbock Air Force Base have appealed to the Slatonites to help them find living quarters for hundreds of families.

Colonel Hugh D. Wallace, deputy commander of the base, reported that 2,184 military personnel will arrive at the base between Sept. 16 and Oct. 1. Since it will be impossible for all of these families to stay in Lubbock, it will be necessary for many of them to live in surrounding towns. In order that men assigned to the base may drive back and forth or be with their families at least on week ends.

Anyone desiring to help out in this emergency can either list their housing facilities with the Slatonites or they can contact the air base directly. The housing section is located at the base in building No. 148 and may be contacted at the Public Information Office, Lubbock Air Force Base, Lubbock, Texas.

Mr. C. A. Porter of the Slaton Plains Lumber Co. said that there has been an increase in building both in Slaton and in surrounding communities. With the demand for living quarters so great and with the prospects of the demand remaining great for several years yet, it would be profitable for anyone interested to invest in the building of rental property.

Spradley Purchases Partner's Interest

Mr. F. D. Spradley has announced this week the purchase of the interest of Earl Jernigan in the firm of Spradley and Jernigan and is now sole owner of the business. Spradley will operate under the firm name of Spradley Upholstering.

Mr. Spradley has been in the upholstery business in Slaton for the past seven years and before that time he was in business in Lubbock. He is well known over the South Plains area, and has years of experience behind him. He is prepared to offer you the best in upholstery of all kinds and refinishing work to your antique furniture.

Mr. S. H. Arrants, father of Max Arrants, will be visiting in the home of his son and daughter-in-law for the next two weeks. Mr. Arrants' home is in Calhoun, Tenn.

Local V. F. W. Post Sponsors Welcome Bulletin Boards

According to J. H. Shelby, post commander of the local Veterans of Foreign Wars Aaron Luman, post No. 6721 and the trustees, plans were completed last Thursday for sponsoring giant "Scotch-lite" Welcome sign boards to be erected at Highway 84 approaches to the city. Work will begin on the project next week.

The center one third of the boards which are 36 feet long, will carry a warm welcome to the motorists and tradesmen from the Veterans of Foreign Wars and the City of Slaton. Lettering will be in "Scotch-lite" which is colorful day and night, reflecting in its natural color at night by car light. The population, altitude and natural resources will be brought out in the center bulletin.

Across the bottom of the boards, the skirt will carry the cities slogan, "The Best Town on the Plains" which will also be lettered in "Scotch-lite".

Individual panels, size five and one half by three and one third feet, checker board in colors, on each side of the center will be sold to merchants on a four year contract.

Youth Center Opens Two Nights Weekly

Slaton's latest boon to youths of the town was demonstrated Thursday night with the opening of the new Youth Center, which was witnessed by some 300 adults and children.

The building will be open Friday and Saturday evenings for any Slaton youngsters to attend. Various adult organizations in town will be responsible for chaperones to be present at the Center on these designated nights.

Any other group or organization of Slaton young people will be privileged to reserve the building for meetings and socials at times other than Friday and Saturday. All they need do is have their adult sponsor contact Mr. Lee Vardy at the High School and the reservation and key will be made available.

Dr. R. W. Ragsdale, Jr., announced that vending machines will later be placed in the Youth Center in order that candy, cold drinks, etc., will be at the disposal of those present.

Club Holds Second Breakfast Tomorrow

The Slaton Touchdown Club will hold its second breakfast of this year's football season tomorrow morning at 6:00 o'clock in the Palace Cafe, the president of the club said this week.

More members are needed in the club, and anyone wishing to join and take part in the program may attend the breakfast tomorrow morning, or see John Berkley, club president.

Movies of last Friday's football game between Slaton and Floydada will be shown at the regular meeting next Monday evening.

Sunbeam Mixmasters and Toasters at Champion's Credit Jewelry.

AN INVITATION TO DISASTER . . .

It would seem that the mothers and fathers of Slaton School children would recognize the constant danger that is ever present while a child is on the street and particularly around a school building where the youngsters are in a constant turmoil of activity and where most towns have strict rules on traffic.

To any one who has the least interest in the safety of the school children, the traffic conditions around our schools is appalling.

Particularly distressing are conditions around the new West Ward School where Lubbock Street is blocked completely each day for twenty to thirty minute intervals and where the younger children dodge and dart around in the most confused traffic that could be imagined.

There is no regard for speed limits and when some drivers are able to get out of the tangle they are a menace to any living thing in their path.

Not only are such conditions a menace to the children but they also form an interference to any ambulance service that might be necessary during the time that the streets are in the above described conditions and also stop any fire protection to parts of town where the main streets are blocked by the parents who deliver or go for their children at the schools.

While there should be stringent traffic regulations for the school zones it is also true that such rules should not be necessary and most certainly it would seem that the parents of the children would not want to endanger their own and their neighbors children to such horrible risks.

The traffic congestion around our schools are truly an invitation to disaster and it will not be long coming if the parents do not cease to be the chief offenders.

Lubbock Youths Held On Bond In Burglary

Three Lubbock youths, ranging in ages from 19 to 23, are being held this week in county jail in connection with the burglary of McWilliams Dry Goods store early Sunday morning. All are under \$1000 bond, awaiting action of the grand jury.

The youths were caught by Night City Policeman E. A. Gentry and J. E. Morris. The officers were patrolling through the alley behind the dry goods store when they noticed a broken window. Investigating, they found the three youths inside.

According to statements made to local police, the youths went into the store with the intention of taking dry goods, but later decided to take out a safe. Damages to the store were confined largely to the screen and window, through which the youths made their entry.

Cases handled by city court this week include one drunk and one vagrancy.

Richard Vardy Wins Scholarship To Tech

Richard Lee Vardy, son of Mr. and Mrs. Lee Vardy, was recently awarded a scholarship to Texas Tech which is given yearly by the Ex-Students Association of that college. Each year the ex-student organization awards the scholarship to a son or daughter of a former Tech student. Mr. Lee Vardy, superintendent of Slaton public schools, received the master's degree in mathematics from the Lubbock school.

Other prerequisites to winning the scholarship are that the person to whom the award is presented must be exceptionally high in scholastic work and must have attended the college for at least one year previous to his award.

Covering tuition and all fees for the following year, the award was given Richard in the division of arts and sciences. He is a junior pre-medical student, and is a member of the Tech Pre-Med Club and Alpha Epsilon Delta, honorary fraternity for medical students.

Upon graduation from Texas Tech, Richard plans to continue his medical studies at the University of Texas Medical School at Galveston. He is a 1947 graduate of the Turkey, Texas High School where he was the Salutatorian of his class.

Mrs. P. M. Wrenn and her son and family, Mr. and Mrs. Thomas Wrenn and daughters Ann and Wanda visited with Mr. and Mrs. E. E. Wilson over the week end. Mrs. W. M. Wrenn is Mrs. Wilson's sister. They are from Savoy, Texas.

New hand operated Smith and Corona combination adding machine and cash drawer. Regular \$177 value for \$160. Slatonite.

Feature Values Are Available Now On Daily Papers And The Slatonite

DR. ROBERT G. LEE

The first year-round Baptist hour will go on the air over a convention-wide network on October 2 with Dr. Robert G. Lee, of Memphis, president of the Southern Baptist Convention, as the speaker. Dr. Lee's theme will be "The Way From Want To Wealth" and his first subject, "Sin and the Sinner's Savior."

Dr. Lee, who is pastor of the Bellevue Baptist Church in Memphis will be the speaker during October, November and December. The Baptist Hour will be broadcast every Sunday from 2:30-3:00 p. m. Central Standard Time over station KFYO in Lubbock.

WEATHER REPORT

About three and one half inches of rain fell in the Slaton community during the past week. High temperature was on Monday with a reading of 97 degrees, and the low for the week was Tuesday when the temperature was recorded at 50 degrees.

HOW TO UPSET THE ENEMY — Pictured above are Senior Guard George Young and Junior Guard Eugene German. Young is charging under German. Both boys saw plenty of action in last week's fracas with the Floydada Whirlwinds and are expected to see more tonight when the Tigers meet the Abernathy Antelopes.

It is now the season of the year when many subscriptions to the Star-Telegram, the Avalanche-Journal and to the Slatonite come due and the publisher of the Slatonite is glad to be in position to offer special values again this year.

If your subscription to any of the above mentioned papers is about to expire or will expire in the near future you should come into the Slatonite office and have our subscription department attend to this for you.

The rates for the Star-Telegram are as follows: One year, seven days per week, including Sunday, this is a regular \$18.00 value — \$13.95.

The Star-Telegram, six days per week, no Sunday, a regular \$15.00 value. Special bargain rate, \$12.60.

The Lubbock Avalanche, seven days per week, \$10.95.

The Lubbock Avalanche, six days per week, no Sunday, \$9.00. The Slatonite, once each week, in Lubbock, Garza and Lynn County, 1 year, \$2.00.

The Slatonite, 1 year elsewhere, \$2.50.

You may mail your subscriptions to us or come in and we will be glad to take care of them for you.

SLATON BUTANE NOW HAS ROPER RANGE AGENCY

The Slaton Butane and Appliance now have, besides their usual line of equipment, the dealership for the Roper Ranges. Located at 107 North 9th, Mr. Irvin Heinrich can give you from his store one of the Roper stoves in either Butane or natural gas.

One of the oldest lines of ranges on the market, the Roper is recognized as one of the most superior available for sale.

Do your Christmas shopping for musical toys at Champion's Credit Jewelry.

Game Tonight Promises To Be Full Of Fast Action And Thrills

Rains Hold Up The Street Projects

Rains and generally bad weather are still holding up the paving project in Slaton. Contractors for the paving work have been hauling as much of the water holes as possible out of the water holes to hurry the job through.

At present thirty blocks are under construction, and if fair weather prevails, the final work should be completed before cold weather arrives.

Mayor Wootton has reported that the city has been spraying the town with DDT to rid all possible breeding places of mosquitoes. The rain, however, has hindered this operation greatly.

High School Pupils Learn Techniques Of Car Driving

A course in Driver's Education will be offered again this year for the second time to Slaton High School students. The car used last year for the purpose of teaching this class was furnished by the Slaton Motor Co.; the Crow-Harall Chevrolet Co. will this year provide the car.

To be taught by Mr. C. E. Tillery, the class already has an enrollment of twenty-four. A maximum of thirty students can be accommodated in the class each semester. Lee Vardy, superintendent of schools, announced this week.

The class will be divided into two parts, lecture period and actual car operation. Mr. Tillery will be in charge of both. In the lecture section, driving techniques, safety rules, highway regulations, etc., will be stressed. Material for supplementary class explanation will be furnished to the group by the State Department of Public Safety and the American Automobile Association.

Each student will have the opportunity to drive a minimum of 12 hours each semester under the supervision of Mr. Tillery. When the young driver feels he is qualified to obtain a driver's license, he will be permitted to take the driving test in the class car.

City-School Tax Roll To Be Complete Soon

The 1949 City and School Tax roll will be completed soon in preparation for first payments on October 1. J. J. Maxey, city secretary, announced this week. Approximately 1000 people are on the tax list.

People may begin their payments on or after the first of the month for the past year's taxes, Mr. Maxey said.

Mrs. Hancock Dies At Home In Slaton

Mrs. Nettie Alice Hancock, 68, died at 3 a. m. September 8 at her home in Slaton. Funeral services were held in the Slaton Church of Christ at 3 p. m. Thursday. Mrs. Hancock was buried in the Slaton cemetery.

Survivors are two daughters, Mrs. J. R. White of Slaton and Mrs. C. A. McKnight of Hale Center; two sons, L. A. Hancock of Slaton and L. S. Hancock of Bybee Center; two brothers, Jessie Barker of St. Augustine, Fla., and Alvin Barker of Junction; eleven grandchildren and four great grandchildren.

New Luther League Is Organized Here

Young people from two nearby Lutheran churches met in Slaton Wednesday, Sept. 7, to organize the Slaton Luther League. The meeting was held in Hoyt's Hall at 8 o'clock. The new organization, composed of members of Immanuel Lutheran Church, Slaton, and the Evangelical Lutheran Church of Southland, is affiliated with the Texas District of the Luther League of the American Lutheran Church.

The president of the Lubbock Federation of Luther Leagues, LeRoy Coldeway of Lubbock, spoke briefly to the group; and the objectives of the new Luther League were outlined as being along both spiritual and social lines. Committees have been set up to arrange the meetings accordingly.

New officers of the Slaton League are Hugo Hildebrand, president; Charles Gentry, vice president; Margery Becker, secretary; Joyce Voigt, treasurer; Robert Becker, service secretary; Elizabeth Gentry, literature secretary; and Weldon Becker, spiritual growth secretary. Floyd Foerster is parliamentarian, and Jene Foerster is sergeant-at-arms. Pastor Lowell C. Green is advisor.

Mr. and Mrs. R. B. Becktel and son, formerly of Slaton now from Amarillo, visited over the week end in the homes of Mr. and Mrs. K. C. Scott and Mr. and Mrs. J. H. Brewer.

The ? of The Week

It's been said that if you want to learn what people think about a certain topic, the best thing to do is to ask—and maybe you'll find out. So in order to discover the general attitude of Slatonites toward the Trades Day Drawing we circulated about town and heard a few pros and cons of said campaign.

Many people expressed no opinion one way or the other, while some definitely had made up their minds to be "for" or "against" the prize drawing. Mrs. Ted Melugin of 1225 South 8th came right to the point about what she thought. "We didn't get in on it the first week, but all my neighbors think it's just grand, so we plan to start putting our names in the boxes now."

While on the other hand one person said, "I don't want to be quoted as saying so, but I think it's a poor way of advertising business." He was hesitant to explain the statement further, but it was evident that he was neither happy with the interview nor the Trades Day plan.

Mr. J. D. Holt, of the Slaton Pharmacy, expressed his enthusiasm about the drawings by saying, "I could see an increase in my business the very first day, so I think it is an excellent 'trade get-

ter. I'm all for it." Another man, also desiring to withhold his name, didn't hesitate for a minute in saying, "I don't think it does any good good, and it disappoints too many people," he explained. "One little boy came in and told me that he had his name in every box in town but didn't get a thing."

Perhaps the most thoughtful discussion of the "what do you think about Trades Day question" was by Mrs. L. B. Wootton and Miss Cora Sealy, sisters and co-owners of the Slaton Decorators and Gift Shop. Mrs. Wootton said that if the purpose of a trades day was to draw people to town, then she thought that they should be present at the drawing to collect their gifts. "Otherwise," she added "I think it is a wonderful idea."

Miss Sealy, showing the other side, felt that there are two ways to look at it. "There are a lot of people who can't afford to leave their businesses, farms, homes, etc. long enough to go to the drawing; and why should they be deprived of having a chance at the prizes?" After casually discussing the subject a while, both Mrs. Wootton and Miss Sealy decided that even though the drawing has its good and bad points, the good ones outweigh the less desirable ones.

What the Logger Leaves
The slash which the logger leaves has long been a problem of great concern. What to do with the tree tops has been debated throughout the entire history of lumbering, for slash is a highly combustible forest fire fuel. Fortunately, there is a growing realization that slash disposal is a necessary part of the forest protection program.

Visual Training
Many visual problems not susceptible to correction by lenses are being treated today by visual training—scientific exercises of the eyes and the muscles and nerves used in seeing.

Ice Cream Cones
The waffle-like markings on ice cream cones are said to be a survival from the first cone, which was a waffle rolled up to hold an ice cream ball.

What Wallpaper Can Do
To make a small room look larger, use small, all-over wall paper designs. Plain, two-toned stripe or pin-striped papers also make a room look larger.

Colic in Horses
Horses fed largely on coarse roughage and forced to drink ice-cold water are easy victims of colic.

Sixteen lovely Chorines, who are pictured above, will appear, nightly, in the Gertrude and Randolph Avery Musical Revue at the 32nd annual Panhandle South Plains Fair Sept. 26 through Oct. 1 at the Lubbock Fair Grounds. The Colossal Musical Revue will begin with "Snow White and Seven Dwarfs" and close with the charming "Ballet of the Flowers." The overall production will be entitled "A Trip

to Wonderland." Colorful lights, stage scenery, and sound that will carry voice and music to the remotest audience spot, will add to the outstanding production. Throughout the Musical Revue there will be specialty numbers made up of Broadway's best entertainers to add dances, songs, music and comedy to the production. The Mar Vels, The Arwoods, Larry Griswold, The Three Jerks,

and Melody Notes which are specialties, plus many others, will make up the cast of over 100 persons in the Musical Revue. Admission has been set to \$1.00 for adults and 40 cents for children. Critics believe the production to be among the nation's tops in the entertainment world. The Gertrude and Randolph Music Revue is both educational and entertaining! Taxes are included in prices listed above.

Floydada Beats Tigers 8 To 0 At Local Field

Floydada's Whirlwinds were barely able to eke out an 8-0 victory over the Slaton Tigers last Friday night in a non-conference game before a crowd of 2000 at the local stadium.

Fumbles were costly to the black and red, with Slaton committing nine to the visitor's four. One fumble contributed to six points of the Whirlwind total.

Floydada scored first in the closing seconds of the third quarter when the Tigers were deep in their own territory. A high pass from Center Lee Ray Dillard to Half Back Carl Lewis got away and went as an automatic touchback. In the opening minutes of the fourth quarter Floydada backed Slaton up to its own goal line. Again a fumble in the Tiger backfield was recovered by Floydada's Junior Perry for an additional six points.

The Tigers battled the Whirlwinds on even terms during the first half, with Slaton gaining four first downs to the visitor's three. The two teams played near the mid-field strip during most of the game. Floydada got one long drive going late in the third quarter, but it fizzled out down inside the Slaton 10 yard strip.

Left Half Bob Finley was a one-man show for his Floydada team. He continually racked good yardage, as did Fullback Wayne Robertson. Outstanding for Slaton were backs Carl Lewis, Ed Willis, Bob Lambert, and Bob Thompson. Quarterback Cecil Bybee handled the ball nicely as the man under. The entire Tiger line played heads up ball, both on the defense and offense.

New York's Pheasants
The pheasant population in New York state increased by more than 30,000 in 1948, thanks to the efforts of 4-H Club members who reared and released them.

Nickel Silver
Nickel silver, an alloy of nickel, copper and zinc, is one of the oldest established uses of nickel.

Synthetic Fabric
"Prolon" is a new name for casein wool, the newest synthetic fabric. Prolon is made from casein obtained from milk, soybean, or other sources.

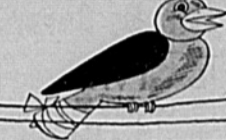

Great Smoky Trails
There are 600 miles of horse and hiking trails in the Great Smoky mountains national park.

HUNTERS PUH-LEASE!

THERE I WAS SITTING ON A TELEPHONE WIRE, MINDING MY OWN BUSINESS. WHEN ALL AT ONCE A BLAST FROM A SHOTGUN KNOCKED ME RIGHT OFF MY PERCH

WELL, SIR, I CAME OUT PRETTY GOOD— ONLY A FEW TAIL FEATHERS MISSING— BUT THE HUNTER THAT MISSED ME CLIPPED A COUPLE OF TELEPHONE WIRES. ONE WAS MY FAVORITE ROOSTING PLACE, TOO.

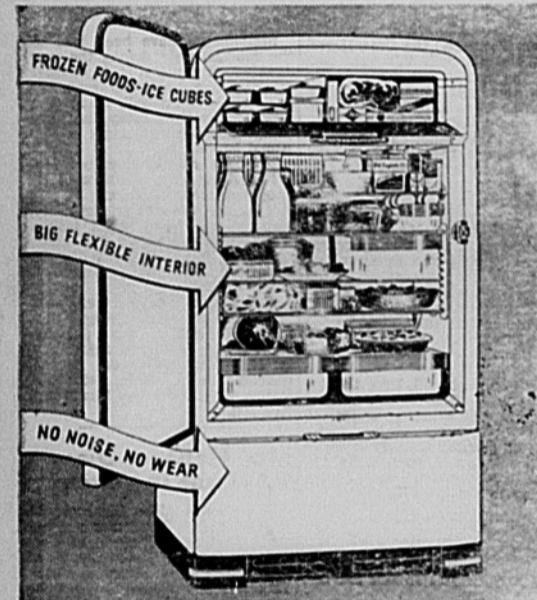

THAT "ROOST" WAS ALSO CARRYING AN IMPORTANT LONG DISTANCE CALL. THAT'S WHY WE ASK HUNTERS: PLEASE DON'T SHOOT AT BIRDS ON TELEPHONE WIRES OR POLES. THANK YOU.

Slaton Women Give Their Favorite Tested Recipes

Mrs. K. C. Scott, 315 Garza, has an eye on the future for herself and anyone else interested in planning meals for this winter. Nearly everyone has had enough of this hot weather, so maybe if we'll think hard enough about fall it will hurry up and greet us with a nippy little north wind.

After telling Mrs. Scott that we understood she was an excellent cook, she very modestly gave us one of her favorite desert recipes. "This recipe has no formal title," she explained, "It's just a simple recipe for winter."

- All the components for Mrs. Scott's desert can be found in any well-equipped kitchen. The only necessary ingredients are as follows:
- 1/2 cup brown sugar, packed in cup
 - 1 cup flour
 - 2 teaspoons baking powder
 - pinch of salt
 - 1 heaping tablespoon butter
 - 1/2 cup sweet milk
 - 2/3 cups seedless raisins

The above materials are mixed (in no particular order, as Mrs. Scott points out) into a light dough and cooked in a sauce. The sauce calls for:

- 1 cup brown sugar
- 1 table spoon butter
- 3 cups boiling water

Directions for the sauce are very simple. Just melt the butter and sugar and add water. After the sauce has come to an even boil, drop the pudding batter into the sauce by spoons full. Then place in oven and bake for one half hour. That's all there is to it. Mrs. Scott says the desert is just as good served cold as hot.

A resident of Slaton for the past thirty-two years, Mrs. Scott seems to think the secret to most of her cooking is "making up" many of her recipes and altering the others; however, the recipe which she

submitted as her favorite has been a long-standing friend in her family for years. In fact, our cook for the week said that her mother was the first person she had ever known to cook this desert. "I suppose Mother taught me how to use the recipe," she added, "I can't remember the first time I ever made it."

Tweed-Duet

Any resemblance between this girl's outfit and her beau's sport togs is purely deliberate—for sentimental as well as practical reasons. The odd jacket is a distaff version of his favorite wool tweed, and the skirt, of similar material, will keep in fashion stride with his slacks. She chose the jacket from a gray, green or brick assortment—for about \$15—and the skirt, in black spiked with red checks or green with gold, was hers for about \$11. This Tilly Schanzer ensemble is from four pages of "I wear fabrics like his" in the August issue of Good Housekeeping magazine.

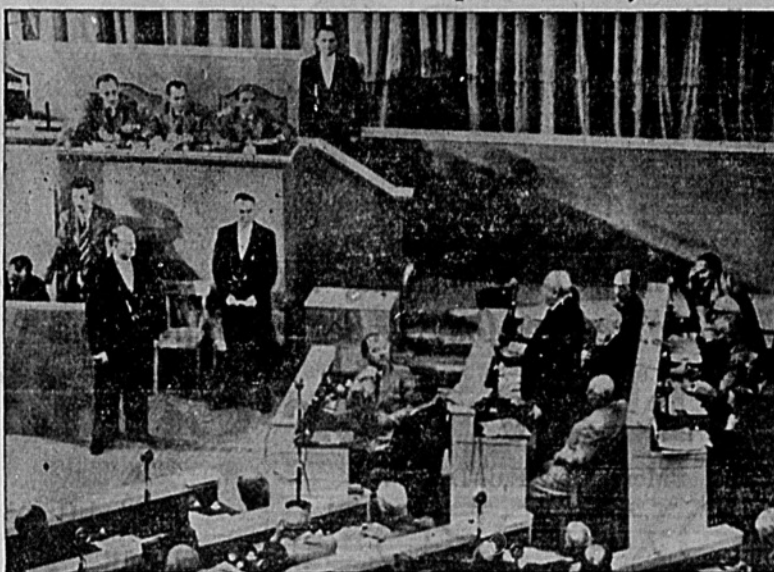

GRADY BURNETT
CANYON, Texas, Sept. 12 — (WTNS) There will be one player among the 42 varsity squadmen running out of the field at West Texas State the night of Sept. 17 who will be from Slaton. He is Grady Burnett.

Burnett transferred to West Texas to join the Buffaloes after playing ball at Coffeyville, Kansas Junior College. There he was a back while now he will play at a guard position for Coach Frank Kimbrough. Weighing 192 and standing 5 feet 7 it is expected he will create plenty of havoc among opposing linemen this year.

The first opportunity to perform for homefolks will be Saturday night, Sept. 17 when the Buffaloes tackle East Texas State here in Buffalo Stadium. After that fans can see Grady perform in Canyon Sept. 24 against McMurry; Oct. 8 against Texas Western (Mines); Oct. 22 against Trinity University and Nov. 12 against the always rugged Cowboys from Hardin-Simmons.

Churchill Addresses European Assembly

STRASBOURG, FRANCE—The European Assembly Meeting in Strasbourg to map future security of Western, Democratic Europe, gets words of advice from an expert, Winston Churchill, who stands to speak at one of the meetings. The man who had much to do with coordinating defense and attack of the Western Allies in World War II may well be said to qualify as an expert in the planning to withstand any possible future aggressor.

T.V.A. in Africa

British Uganda and the Egyptian government have launched one of the world's largest irrigation and electricity generation schemes. The project will make possible an increase in the cultivable area of Egypt from 5.9 million acres to about 7 million. In the Sudan (which is jointly administered by Britain and Egypt), the irrigable area will be increased from 862,000 acres to 2.5 million acres.

Vitamin C in Cabbage

Cabbage is an excellent source of vitamin C, and also supplies iron and calcium.

Tarheel State

North Carolina's motto is "To Be Rather than To Seem." The state flower is the Jockwood.

Here's a report on the steps saved in one typical morning by one typical customer's telephone . . . 6 conversations . . . covering 39 1/2 miles, all in local calls . . . at an average cost of about 2c a call — or a third of a cent per mile!

"Cleo, our washwoman—2 1/2 miles"

"Mrs. Charlot, our baby sitter—4 miles"

"Mrs. R. E. SIVLEY, 2115 RUTLAND ST., HOUSTON, TEXAS"

"A real estate agent—5 miles"

"Dorothy, my sister-in-law—2 calls, 22 miles"

"My friend, Jen—8 miles"

EVER WONDER HOW MANY STEPS YOUR TELEPHONE SAVES? Like most people, Mrs. Sivley was amazed when she looked at the actual record of the calls she made and received . . . and at the actual cost of those calls.

Every year the telephone becomes more and more important in our daily lives. And every year brings further progress in telephone service. New telephones added so you can reach and be reached by more people. Improvements made so you can hear better, get your calls through quicker, enjoy more trouble-free service. The result—a real bargain today that grows in value every year. **SOUTHWESTERN BELL TELEPHONE CO.**

What else gives so much for so little?

Coccidiosis Control
Dry litter, protected waterers, screened roosts, and good ventilation of poultry buildings are important in keeping coccidiosis under control.

Alfalfa Meal
British scientists have reported the use of 2 per cent meal in special cereal mixtures for undernourished children, for its high vitamin content.

Erysipelas in Hogs
If erysipelas has been diagnosed in a herd of hogs, it may be advisable to double treat all young pigs as quickly as possible against this disease.

Emergency Measure
Stop that run in your nylons by using cellophane tape. It will hold until a needle and thread can be used.

MRS. FLOY KING

School is off to a good start. The first football game of this season was played Friday night at Four Sands. Our boys lost, but we know they'll have better luck next time.

M. F. Truelock of the Navy Air Corps and his wife and baby spent the week end recently with his parents the S. M. Truelocks. He had completed 90 hours flying duty when he came home.

Mr. and Mrs. Herman Chilcutt of Lubbock spent the week end with her parents, Mr. and Mrs. J. F. Winterrowd.

Mr. and Mrs. R. A. Kelly and son, Mr. and Mrs. B. G. Kelly of Slaton and daughter, Mr. and Mrs. Ray Griffin and baby of Lubbock attended a family reunion in Abilene over the week end.

Racy Roberson has returned from Colorado where he went fishing. He says it takes some one that knows how to catch a fish to do any good, he didn't catch any he said.

Mrs. S. M. Truelock and daughter arrived home in time for Ana Jane to start to school. Mrs. Truelock is feeling much better since her visit with relatives in Texline and Carlsbad, N. M.

Mr. and Mrs. A. Wilke visited relatives at Bartlett last week. Robert (Pete) King left early Friday for Long Beach, Calif., where he will report back to the USS Cromstock for duty with the Navy. His wife and baby will stay here for a while before returning to California.

Mr. and Mrs. Lee Leflar spent Wednesday night with her parents the Harry Kings on their way back to their home in Phoenix.

Wednesday afternoon visitors of Mrs. Maurine Truelock were her cousin Miss Ruth Fern of Abilene Christian College, her aunt Mrs. J. H. Lea of Lubbock and her parents Mr. and Mrs. W. H. Fletcher of Plainview.

Mr. and Mrs. Billie Joe Haire from Beaumont are now at his parents' home, Mr. and Mrs. Houston Haire.

Mrs. John Lee, jr., and baby John Lee, III have returned from a two weeks visit with Mr. Lee's parents, Mr. and Mrs. John Lee, sr., at Rochester.

Mr. and Mrs. Loyd McNabb of Ropes visited her parents Mr. and Mrs. Edd Martin Sunday.

Mr. and Mrs. Leslie Ellis and Mr. and Mrs. Kenneth Daniels visited Rev. and Mrs. Fullingim Sunday; and Worth Fullingim who is teaching English in the Crosbyton school visited his parents Friday night and Saturday.

Visiting Supt. and Mrs. C. S. Lindsey Sunday were Mr. and Mrs. Ramon Elkins of Lubbock.

Mr. and Mrs. Bobbie Leake and children of Lubbock visited his parents Sunday, Mr. and Mrs. John Leake.

Recently visiting the F. K. Andersons were her brother and his wife Mr. and Mrs. Earnest Stewart of Levelland, Myra Fitzgerald of Slaton, and Glenn Hill.

Mrs. W. A. Roberts of Lubbock visited her brother, H. A. King and family Sunday.

Coleene Gilliland spent Sunday with Amelia Parks. Mr. and Mrs. J. L. Parks of Slaton visited their son J. H. Parks and family late Sunday. They were returning from Putman where they visited their daughter Mr. and Mrs. Charles Clark.

The Jack Myers attended the Garza County Fair Saturday. The Myers boys won five ribbons on their 4-H stock.

Mrs. E. H. Ussery who passed away Thursday was buried Friday in the Southland cemetery.

Mr. Arthur F. Davies was honored Sunday, Sept. 4 on his 70th birthday with a barbecue attended by 106 relatives including all his children, grandchildren, brothers, sisters, neices, and nephews.

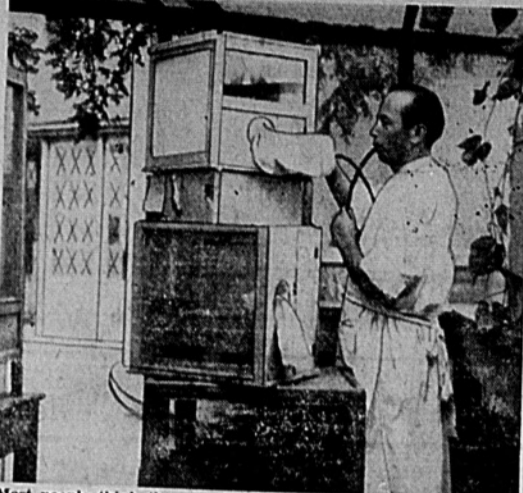

Safety Precaution
To prevent children from locking themselves in a room, seal the top or sides of doors locked with cellophane tape.

Terne Coating
Terne coating is the applying of a thin layer of lead and tin to sheet steel to make the steel more corrosion resistant.

IMAGINE BEIN' ASKED T'BUY U.S. SAVING BONDS! ...IT'S LIKE BUYIN' A PIECE OF AMERICA! HOW C'N YOU GO WRONG?

Buzz Business in Greece

Most people think there are already too many mosquitoes in the world, but here is a man raising more. The little buzzers are being used in insecticide tests as part of a drive for the eradication of mosquito-carried malaria, sponsored by the World Health Organization of the United Nations (WHO). WHO has just completed a program of medical assistance, including malaria control in Greece.

Visiting in the home of Mr. and Mrs. Glen Weeks over the week end were the parents of Mr. Weeks, Mr. and Mrs. Robert Weeks of Wichita Falls.

Mr. and Mrs. A. W. Leach from Wichita Falls spent the week end in Slaton with their daughter and son-in-law, Mr. and Mrs. T. H. Shelton.

Mr. Bryon Reasoner of the Midway community has recently returned home from the Baylor hospital where he has been a patient for the past 58 days. Mr. Reasoner is slightly improved.

Honey Eggnog
Beat the yolk of one egg until lemon colored. Add one tablespoon of honey and mix well. Add one cup of milk slowly. Fill glass. Add a slight grating of nutmeg.

\$75 WORTH OF U. S. SAVINGS BONDS and 23 Other Valuable Gifts to be Given Free

Each 1st Monday of Each Month

HERES HOW You May Take Part:

In each place of business taking part in this gift program is an entry box and blanks on which you may write your name and address. You may visit each place of business and enter your name once each day for chances on the three \$25.00 U. S. Savings Bonds that will be given the first Monday of each month. In addition 23 of the places of business will give individual gifts and will have separate boxes in which to register for the gifts, a list of them is given below.

There are no restrictions on registering, you do not have to buy a thing, write a sonnet or save any box tops.

The drawings will start at 4:00 p. m. each first Monday and will be held on the City Hall Lawn when the weather permits, if not in the City Hall Auditorium when the weather is inclement.

YOU MAY REGISTER EVERY DAY FOR BOTH THE BONDS AND THE FREE GIFTS.

THE SECOND DRAWING WILL TAKE PLACE OCTOBER 3rd.

3 U. S. SAVINGS BONDS GIVEN FREE EVERY FIRST MONDAY OF EACH MONTH

23 MORE GIFTS TO BE GIVEN EACH FIRST MONDAY OF EACH MONTH

Home Town BUILDER!

Since 1928 there has been a Crow-Harral Chevrolet company, although Slaton has not had such a company all of this time. The company began in Abernathy and moved to Slaton in 1937. The whole thing started in 1925 when Leonard Harral and his brother went into the Chevrolet business. The present partner in the company, Leonard, had been selling automobiles for some time even then. While employed in the bank at Abernathy prior to 1925 Harral represented a Plainview automobile agency, selling cars to Abernathy residents. So, in 1925 he and his brother decided to go "whole hog or none" and established their own agency. Meanwhile, O. O. Crow, had been selling real estate and insurance in Abernathy and the surrounding territory. A native of Brown county, Crow had been residing in Abernathy for about 19 years, dividing part of his time in Amherst. In 1928 Crow bought out Leonard Harral's brother, and the firm Crow-Harral Chevrolet company began operation. Ever since that time they have headed an organization of efficient, trained personnel handling Chevrolet automobiles and trucks, plus a complete line of parts. In 1937 they invaded Slaton and set up shop at the location where O. D. Kenney now peddles automobile parts. The company was forced to move during their first year of operation in Slaton when fire destroyed their building. The move across the street—the address is 120 North Ninth street—

was evidently a satisfactory one for they still do business at this same spot. Since 1937 they have continued to grow and thrive with Slaton's progress. Other than their trucks, cars and parts, the company sells, and services irrigation motors. These Chevrolet motors for irrigation are only the first step in the company's complete irrigation motor service. They have an auxiliary motor, which they can install for temporary use in case a farmer's regular motor should develop trouble. They have a truck with which they deliver this motor, and pick up the regular engine to bring in to their shop for repair. The truck is also used to deliver and install new engines. The service department, with mechanics that are factory trained to specialize in Chevrolet and General Motor engines, is set up to handle repair work on all types of automobiles. The company also has a storage warehouse on Lynn street. It will become a used car headquarters once the supply of these cars justify it. There is office space in the front of the warehouse, and an adjacent lot for display of automobiles. All in all, Crow-Harral has any thing in the way of automobile service that any customer might demand—regardless of the make of car the customer drives. Harral lives at 755 West Lubbock street. He and his wife have one daughter, Mary, who is a student at Texas Technological college and a Slaton High school graduate. Crow resides with his wife at 725 West Lubbock, and their only son, Donald attends Texas Tech also.

Week Of Training To Be Offered By Christian Church

A week of study to begin Sept. 18 will be conducted by the Slaton Christian Church for the purpose of training Sunday School workers. The program will consist of film and slide studies of the different subjects supplemented with lectures and discussions of the topics.

To begin at 7:30 each evening, except Sunday which will begin at the regular church period, the topics will be as follows: Sunday, "Two Dollars"; Monday night, "Adapting the Small Church for Christian Teaching"; Tuesday night, "The Church Must Teach"; Wednesday night, "Improving the Church Worship Service"; Thursday night, "Improve Your Teaching"; Friday night, "Ways of Teaching"; and Sunday night, Sept. 25, "Visitation Evangelism."

Friends from the other churches in town are invited to attend any or all of the discussions.

Rainbow Girls Install Officers

The Order of the Rainbow Girls of Slaton, Assembly No. 164, held public installation of their new officers Saturday, Sept. 10 in the Slaton Club House. The hall was decorated for the occasion with an assortment of fall flowers.

The installation officers included: Beth Brasfield, outgoing Worthy Advisor as Installing Officer; Iva Crowley, Installing Marshal; Barbara McGinley, Installing Musician; Leonita Tunnell, Installing Chaplain; Lena Schmidt, past Worthy Advisor, Installing Recorder; Clyde McGinley, past Worthy Advisor, Installing Treasurer and Mrs. Fannie Patterson as Installing Mother Advisor.

New officers for the organization will be: Melba Potthast, Worthy Advisor, Mary Evelyn Cook, Worthy Associate Advisor; Paula Maxey, Charity; Carol Lemon, Hope; Ethlyn Young, Faith; Linda German, Chaplain; Pansy Sloan, Drill Leader; Nancy Cade, Love; Neta Sanders, Religion; Shirley Saage, Nature; Shirley Ball, Immortality; Annette Wilson, Fidelity; Janice Greer, Patriotism; Barbara Jochetz, Service; Shirley Teague, Confidential Observer; May Bell Pember, Outer Observer; Jerry Short, Musician; Johnette Berkley, Choir Director. After a short program, refreshments were served.

Home Makers Class Installs Officers

Members of the Home Makers Class of the First Baptist Church met Sept. 8 in the home of Mrs. J. B. Huckabay, 925 South Tenth Street. Mrs. Fannie Patterson, president, presided; and Mrs. J. H. Bolding was in charge of the installation of the new officers.

Officers installed were as follows: Mrs. E. M. Lott, chairman; Mrs. J. W. Scott, first vice president; Mrs. Letha Arthur, second vice president; Mrs. A. A. Devore, third vice president; Mrs. Lyle, secretary; Mrs. J. W. Ward, assistant secretary; and Mrs. George Payne, enrollment chairman.

Refreshments of angel food cake and punch were served to the twelve members present.

Extra special at LADYNE'S this week, one rack of PAINES Dresses at 1/2 price.

Society Clubs

Shower Is Given For President Of Friendship Class

Members of the Methodist Church Friendship Class met Monday evening at the home of Mrs. Alton Samarall where they presented Mrs. Samarall with a surprise pink and blue shower. Monday was also Mrs. Samarall's birthday. Cake and coffee were served following the presentation of gifts.

In the business session it was reported that much progress had been made toward the completion of future plans. The Friendship group is sponsoring a young adult fellowship group. Scheduled to meet on Sunday evenings, the first course will be on "Achieving a Christian Home."

The first study course was chosen from a large group of young adults from the church as being their first choice of those topics available. Anyone interested in joining with the group for their meetings is invited to be present at 8:30 Sunday evening at the First Methodist Church.

Civic-Culture Club Resumes Activities

After a summer vacation, members of the Civic and Culture Club joined Saturday morning, Sept. 10 at the home of Mrs. Sug Robertson for their initial meeting of the year. Primarily a Reassembly Coffee, the meeting had previously been scheduled to be held at the home of Mrs. Gus Robertson, but because of the rain the plans were changed.

Both Mrs. Sug Robertson and Mrs. Gus Robertson acted as hostesses to the group. They served coffee to the members present before the business of the hour was taken up.

Mrs. B. M. Pember, new president of the club, presided at the meeting where the subject for the day, Woman In Her Club, was discussed. Mrs. W. T. Cherry who was in charge of the program presented the new club year books.

Next regular meeting of the Civic and Culture Club will be Thursday evening at 7:30, Sept. 22, when it and the three clubs sponsored by the group will join in a Jamboree meeting at the Club House.

Future Homemakers Have First Meeting

Approximately sixty girls attended the first meeting Friday of the Slaton chapter of Future Homemakers of America. Meeting in the High School auditorium, Miss Lena Schmidt was in charge of the first program.

Piano selections by Joyce Burns were presented to the group, and a quartet composed of Bonnie Taylor, Maybell Pember, Shirley Teague, Paula Maxey also furnished entertainment. The girls were accompanied by Barbara Stevens.

Officers for the following year include: Pansy Sloan, president; Lena Schmidt, vice president; Joyce Voight, secretary; Georgia Brieger, treasurer; Barbara Brooks, reporter; Jo Ann Reissig; Bonnie Taylor, song leader; and Betty Clack, parliamentarian.

Chatterboxing

with Marie Guhl

Texas is just chock full of legends, one of which is the tale that all residents of the Lone Star State wear ten-gallon hats and cowboy boots; and another is that West Texans are the friendliest people in the world.

I had already figured out from living in north east Texas most of my life that all Texans weren't fortunate enough to own a ranch; so it never entered my mind, when I learned that my husband and I were to move to Slaton, that we might find a new and entirely dif-

ferent part of the country where people "knock themselves out" being nice.

Either I have just managed to meet all the right people during the two weeks I've lived here or this place we proudly hail as Slaton is composed of people who never learned how to frown and complain. I keep telling myself that even West Texas is bound to have at least one or two grouches, but so far they've both slipped by me.

The first time I really noticed that people here act any differently was when we pulled into a filling station to ask where a certain street might be found. Instead of snarling and insisting upon filling the gas tank and selling us a quart of oil which we wouldn't need, the man operating the station smiled courteously and very clearly directed us to our destination.

My first impression of our new home was that the man who laid out the town must have been entirely western, even to the point of designing the streets in such a manner that they resemble the spokes of a wagon wheel extending from the City Hall. I must admit that it seemed a bit puzzling to suddenly find myself lost right down town in a city of only 6,000 population. Perhaps I shouldn't tell off on myself like this, but none the less it took me a whole week to be able to find my way home... and I'm not a drinking woman.

Both my husband and I were fresh out of college when we moved out to Slaton to work on the paper. For the past four years I have been told how tough, merciless, irritable, and hard-to-get along with editors were. I can honestly assure you that when I walked into the office of the Slatonite I was the sole owner of the coldest feet in the world; however, after meeting Mr. Jackson I came to the conclusion that there might be one editor left in the world who was human. Of course it could be that he is just being patient until a little of the new and "rooky inclinations" wear off.

I'm sure you must be wondering at this time how long this line of small talk can go on, but I just wanted to take this opportunity to tell all of you how very happy I am to be in Slaton. I hope in the near future to meet every single one of you, so any time you happen to be in town drop in at the Slatonite and say hello.

Eastern Star Meets For Brothers Night

Chapter No. 585 of the Slaton Order of Eastern Star met Tuesday evening, Sept. 13, in the Masonic Hall with Mrs. F. A. Drewry, Worthy Matron, and R. L. Smith, Worthy Patron, presiding.

Included in the program, Mrs. Clifford Simmons reported her attendance at the meeting of the General Grand Chapter of Eastern Star in Toronto, Canada. Mrs. L. A. Harral gave a piano solo and Mrs. J. E. Masterson and Mrs. Harral sang a duet accompanied by Mrs. Nan Tudor.

Speaker of the evening was Reynolds, Worthy Patron of the Lubbock Chapter No. 76.

Designated as "brothers night," the program and the evening were planned by the men of the organization. The hall and dining room were decorated with bouquets of roses and they served refreshments of sandwiches, cup cakes, and coffee. About forty, including guests from out of town, were present.

Randy Leake Has Third Birthday

Mrs. Bobby Leake and her mother Mrs. Bill Mosley were co-hostesses at a party for Mrs. Leake's son Randy Allen on his third birthday, September 9.

Mrs. W. E. Kidd presented "The Circus" and "The Birthday Party," two motion pictures, to the 22 little guests and their mothers.

Refreshments of cake and pink ice cream were served to the following: Butch Custer, Kenneth Rominer, Steve Haliburton, Steve Donaldson, Bobbie Edmondson, Martha Sue Ellis, Nita Ward, Bobby Hodges, Ann Shelton, Gary Peebles, Ricky Young, Thelma Kidd, Jimmy Hendrix, Wade Carter, Connie Wiede, Kay Vivian, Larry Moeller, Oscar Meeks, Larry Burke, Jerry Burleson, Ronda Pettigrew, Terry Hendrix, and the honoree Randy Leake.

Mr. and Mrs. J. J. Moates and Otis Moates of Houston visited Mrs. Moates' father and sister G. J. Hammett and Miss Toy Hammett. Mr. and Mrs. Moates are en route to California.

TWO MORE SLATON YOUTHS WILL ENTER COLLEGE

Last week we missed two students in our list of those attending college this year. Miss Genevieve Bolding will attend the Oklahoma Baptist University at Shawnee, Oklahoma, and William T. Gregory will return to Texas Tech. William is the son of Mr. and Mrs. L. R. Gregory and Genevieve is the daughter of Rev. and Mrs. Bolding.

FOR SALE: Royal Standard type writer, \$40.00 at The Slatonite.

JAMES KEESE TO MARRY JEAN BON DURANT SAT.

Mr. and Mrs. Roy BonDurant of Rapelle, Montana are announcing the engagement and - approaching marriage of their daughter, Jean, to James Keese, son of Mr. and Mrs. Douglas Keese of 360 West Panhandle. The marriage will be at the home of the bridegrooms parents, Saturday, Sept. 17.

Mr. and Mrs. Billy Johnson and son of Plainview spent the week end with his parents, Mr. and Mrs. W. A. Johnson.

LOCAL WMU WILL HAVE SPECIAL PROGRAM WED.

Members of the local WMU will have a special program Wednesday, September 21 at 8:00 at the Baptist Church. Those to be included on the program will be Mrs. Dudley Berry, Mrs. J. B. Huckabay, Mrs. J. C. Smith, Jr., Mrs. Chancy Watson, and Mrs. H. G. Stokes. Special music will be provided for the occasion.

Two drawer and one drawer steel letter size filing cabinets at the Slatonite.

SENIORS AND COLLEGIANS HONORED WITH DINNER

Approximately thirty-eight college students and senior High School students were honored Monday evening at the First Methodist Church with a "back-to-school" dinner.

A theme of School Days was carried out with place cards of little red school houses and an old-fashioned school bell adorning the middle of the table. Mrs. L. A. Haral furnished the music and Rev. Herring gave the invocation.

Following the dinner, Superintendent Lee Vardy presented a picture show of a Biblical nature.

Mr. and Mrs. L. L. Duckett are on a business trip to Dumas. They are expected to have returned the middle of the week.

Mr. and Mrs. James Combs and children of Lubbock and Mr. Combs' parents from Dallas visited in the home of Mr. and Mrs. J. B. Butler Sunday.

THIS WEEK'S SMILES tfc

The afternoon was hot when the lovely young thing walked into the appliance department and said to the clerk: "I want to buy a sixteen-inch osculating fan." — Hi-Court. tfc

WHY THE MISSOURI PACIFIC RAILROAD STRIKE?

years ago, the Congress of the passed the Railway Labor Act. by union leaders as a model ment of labor disputes.

efficiently or economically if the leaders of the unions ignore agreements or laws.

Provisions of the Law which are Disregarded

There are five ways under the Railway Labor Act to settle disputes over the meaning of contracts:

- 1—Decision by National Railroad Adjustment Board.
- 2—Decision by System Adjustment Board for the specific railroad.
- 3—Decision by arbitration.
- 4—Decision by neutral referee.
- 5—Decision by courts.

The Missouri Pacific Railroad has been and is entirely willing to have these disputes settled in accordance with the requirements of the Railway Labor Act. Regardless of this fact, the union leaders have shut down that railroad.

Innocent Bystanders Suffer Losses and Hardships

There are about 5,000 engineers, firemen, conductors and trainmen on the Missouri Pacific. They are known as "operating" employees, and are the most highly paid of all employees on the nation's railroads, but their strike action has resulted in the loss of work to 22,500 other employees of the Missouri Pacific. In addition, they have imposed great inconvenience and hardship upon the public and the communities served by that railroad.

The Railway Labor Act was designed to protect the public against just such interruptions of commerce.

If these men will not comply with the provisions of the law for the settlement of such disputes, then all thinking Americans must face the question, "What is the next step?"

President Truman's Board Condemns Strike

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life.

The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

"... It is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organizations in this case would soon result in the complete nullification of the Railway Labor Act...."

Obviously the railroads cannot be run

What are not? They result in existing for a full work, or forced by others work done.

SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

Eight on a Date

There were four on the front seat and four on the back seat of the 14-year-old sedan; four young couples ranging in age from 18 to 24.

It was midnight, Saturday, late winter.

The barn-dance had grown dull and these eight decided to look for livelier surroundings. There wasn't much the investigating officer could say as to the cause of the accident except that the driver must have been getting every last ounce of speed out of the old car because it had rolled over eight times before smashing into a tree. There wasn't enough left of the automobile to determine whether the brakes, lights or tires had been defective. There could be no explanation forthcoming from the driver because he died instantly.

One couple, engaged to be

married, also lost their lives, and the remaining five suffered serious injuries.

All four of the men were veterans of World War II and all four had served in battle overseas. They had to come home to find something worse than war.

West Texas Roundup

An indication of the continued slow-sure growth of Morton is contained in the \$33,500 worth of building permits issued by the city during the past two months.

Largest single permit issued during July was for a \$10,000 concrete structure in down-town Morton. That building is rapidly nearing completion. Concrete, tile, brick, frame, and stucco structures are included in this group. — The Morton Tribune.

The first two entries in the Tribune's Cotton Guessing Contest were received early this week with estimates ranging from 47,500 to 40,000 bales to be ginned from this year's crop.

The contest will be open for entries until October 1 with the official prizes to be awarded sometime in January or February when the official tally is complete. — The Morton Tribune.

Enrollment in local schools Tuesday had exceeded all estimates to reach an all-time record of 2352 students in the four plants here, O. W. Marcom, school superintendent, reported this week. — The Hockley Co. Herald.

A total of 425 grade school pupils and 169 high school pupils had been enrolled by Tuesday morning, but it is known that additional pupils had been enrolled in both schools by press time. The grade school, which has 14 teachers, averaged 30 pupils per teacher, E. E. Pierce, Principal said. — Post Dispatch.

The Board of Supervisors of the Lynn County Soil Conservation District are sponsoring an irrigation field day in the New Home community Friday, Sept. 16. The program will begin at 10 a. m. at the B. A. Morrow farm, one mile north and two miles west of New Home. — Lynn County News.

New figures released by K. N. Clapp, area observer for Anderson, Clayton & Co., Houston cotton firm, forecasts a 1949 cotton crop of 60,000 bales for Terry county. This is an increase of 10,000 bales over the same observer's forecast on August 1. — The Brownfield News.

Although Brownfield has lost its 142nd Infantry Regiment National Guard unit through failure to reach minimum personnel strength in time, there is a possibility that a 12nd Field Artillery battery may be designated here, local Guard officials said Tuesday. — Brownfield News.

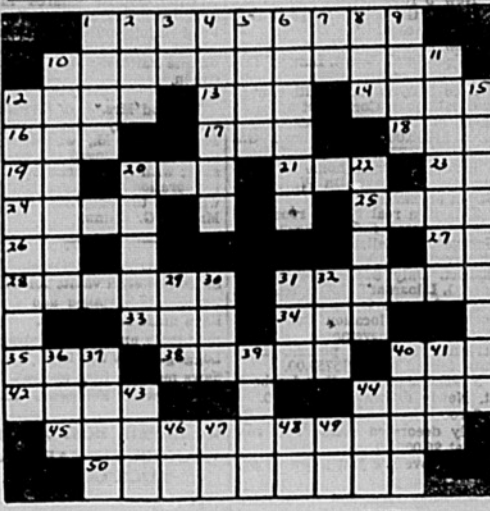

Another indication of prospects for a good grain sorghum crop is shown in the 15 storage construction loans made by the local AGA office recently. — Hereford Brand.

The Neill building, located between The Herald office and the Treadaway - Danniell hospital, is undergoing a complete face-lifting on the interior. Jack Hart has charge of the carpentering job. The building is being refitted for a complete pharmacy, which will be opened at an early date. — The Terry County Herald.

M. O. Pounds of Santa Fe and points in Oregon arrived here last week to accept the deputy sheriff office recently vacated by John Goswick. Mr. Pounds has already met the majority of Lorenzo citizens, and it will not be long until the criminal elements will know him, as he comes highly recommended as a peace officer. His father is a jailor in Lubbock, and it is well known to a number of Crosby county citizens. Pounds worked in Amarillo for several years and brings a good reputation from the officers of Potter county. — The Lorenzo Tribune.

Greyhound
The name of the greyhound does not refer to the color of the dog, says World Book encyclopedia. It comes from the Icelandic word grey, meaning dog.

In Sunny Italy
Little figures made of cheese are prized possessions of Italian children at the holiday season. The figures are molded by hand, dried, and hardened.

The Hoosgow Awaits Without, Milady!

CENTRAL CITY, COLO. — Sheriff Kenneth McKenzie of Central City is beckoning Mrs. Alice Ramstetter from her lunch with the announcement that it is time to return to the bastille. Arrested for possession of a slot machine, Mrs. Ramstetter refused to put up bail; so she was jailed. However, the sheriff permits her to eat in her own restaurant. The 69-year-old woman is an organist in a Central City church.

Deminion of Canada

The Dominion of Canada has a population just a little more than the state of California, but an area larger than all 48 states of the Union.

In Case of Fire

The first thing to do, unless a fire can be put out immediately, is to call the fire department. Learn, therefore, where the nearest fire alarm box is.

Converted Mint

The former U. S. mint at Carson City, which coined gold and silver until 1893, is now a museum of things Navadan.

Cleft Palate Course

A program of instruction and clinical training in the care of cleft palate children for specialists in a variety of professions has been established by the University of Illinois.

The SPORTLIGHT

by Clarence

Floydada came down last week end and won a ball game from the Tigers by a score of 8-0. They went away satisfied with the victory, but we think they were a little disappointed that they didn't go away with a bigger score to their credit.

The Tigers have a much better ball club than local fans gave them credit for before they were seen in action Friday night. The entire squad played good ball, both offensively and defensively. The forward wall was strong throughout most of the ball game, never allowing the Whirlwinds to pick up too much yardage through the line. There was also a fine bit of ball lugging on the part of Carl Lewis, Ed Willis, Bob Lambert and Bob Thompson. Thompson was a little slow on starting, but we figure that if he ever gets started he will be a hard man to stop. He should improve greatly as the season progresses. Quarterback Cecil Bybee did as well as could be expected under the conditions. He chose his plays well and did a good job of engineering the locals.

There may be some future all-conference boys in Leon Moore, George Young and Carl Williams. Jerry Huckabay and Ezra Corley should be right up with the best of them.

A total of nine fumbles contributed largely to the Slaton defeat. Eight of these fumbles were recovered by Floydada. One was turned into a touchdown. Floydada fumbled four times, with the Tigers recovering the same four. But they could never profit on the error long enough to get a touchdown drive going.

Both teams stuck to the ground throughout most of the game. Floydada tossed seven passes, completing one for a total of five yards. Slaton tried eight and completed four for a total of 21 yards. On the ground, Slaton picked up around 108 yards — (according to my scorekeeping) — to the visitor's total of 169. The one-man show for the Whirlwinds, Bark Bob Finley, was responsible for most of this yardage.

Tonight the Abernathy Antelopes invade the Tiger's Den for the first game between the two clubs in two years. More than likely the Antelopes will be out to uproot the Slaton team for the 33-8 shellacking given them at the last meeting. These boys also run from the T, and it's possible that they will have a more than average team this year. They lost their opener this season to a weaker

New Deal team by a score of 7 to 6. Should the weather again be damp, the event may be an interesting one.

The Oil Belt League playoff series finally got started last week with four teams participating. They are Sundown, Seagraves, Post and Denver City.

Denver City just barely won over Seagraves in a heated game that went ten innings. Final score was 6-5. The second, and, if necessary, third game will be played Sunday at Seagraves.

Fourth place Post upset the first place Sundown club 7-6, in the first game of the series. The second game will be played at Post Sunday.

UNION NEWS

MRS. M. D. GAMBLE

Mr. and Mrs. B. B. Jones and children spent last Thursday with their daughter and son-in-law Mr. and Mrs. Earl Peterson at Monroe. Twenty-eight young people enjoyed an ice cream supper and Forty-Two Party in the home of Mr. and Mrs. Rhea Pierce Thursday night. Because of the rain the party was held inside rather than on the lawn as previously planned. Mrs. M. W. Reynolds and Mrs. S. D. Johnson assisted in serving. Mr. and Mrs. Floyd Pair left Saturday evening for Seymour to be at the bed side of his father, A. M. Pair who was in a car accident Friday afternoon near Seymour. They plan to go on to Strawn, if Mr. Pair's condition improves, where they will attend the funeral Sunday of their uncle L. D. Pair of Carlsbad who was killed instantly in the car accident. Mr. and Mrs. Arden Russell returned Sunday from San Angelo after attending a reunion there of Mrs. Russell's family. Mrs. T. L. Peterson returned home Sunday after a visit last week with her daughters and their families, Mr. and Mrs. Brown Montgomery and Mr. and Mrs. Glenn Hazel at Beckton. A watermelon feast and Forty-Two Party were enjoyed last Friday night by a large group of teachers and guests. It was primarily a get-acquainted-party for the new teachers. Sunday morning after church, several people from the Methodist Church went over to Mackenzie Park in Lubbock for lunch and fellowship. Mr. and Mrs. Melvin Cade had

as their guest last week end Mrs. Mary Ragsdale of Victoria. She accompanied them to Lufkin Sunday, where they will visit Mrs. Cade's brother at Graham. They will also visit A. M. Pair at Baylor Hospital in Seymour, and other places before returning home. The W.S.C.S. met in the home of Mrs. Finas Griffin Monday afternoon for a Japanese Tea Party. Fourteen were present and some wore Japanese costumes. Refreshments of Tea and rice pudding were served. Mr. and Mrs. H. M. Cade and family met with Mrs. Cade's sister and brother-in-law, Mr. and Mrs. Otho Wyrick of Harlingen, Texas where they flew in "The All Texas Air Tour" to the Municipal Airport at Lubbock. Mr. and Mrs. Alvin White spent Sunday afternoon visiting in the community.

Cobwebs in Home

The housewife who is harassed by cobwebs on the ceiling usually can blame a small, dark spider called the Theridion Tepedariorum.

JUST TALK

by
A.M.J.

to give half of Slaton the stomach-ache. He said the onion came from Castro county but the egg was the product of one of his own hens.

E. A. Gentry, of the City Police Department, says that he understands that Butch Hillen is planning on building a barbecue pit and he further understands that it is to be quite fancy. E. A. says he has warned Butch that barbecue pits can get him into a lot of trouble and he intends to see that the barbecue pit is not a fire hazard.

Not long ago I talked to a young oil man and he says that he has seen plots and readings on some of the seismograph soundings that have been made in this area and that it is very probable that Slaton and this immediate area has considerable oil beneath the ground. There are several reasons why this territory has not been developed according to his ideas. The one big reason is because the big companies do not have the major part of the land under lease and because the ownership of the property in this area is broken up into too many plots.

It is nice to dream of oil wells and millions. Please don't wake me up.

Some folks may be wondering why I have not been wearing a hat lately and I'm going to confess its because my head is all swelled up about what Charley Guy said

about me in his Avalanche-Journal column, and because Tom Davis in the same paper has finally recognized my weather predicting qualifications as I report them in the Slatonite. Mr. Davis has his comments in the Monday morning Avalanche.

Of course I would titter a little and smile sweetly if it were possible to do so in print but under conditions if I am to acknowledge the compliments, Mr. Guy and Mr. Davis paid me, I must come right out and repeat a part of what they wrote. Here it is:

"One of the most engaging journalists in our wide open country hereabouts is A. M. Jackson, the bell bull of the Slaton Slatonite. A whimsical guy, Bro. Jackson fancies himself somewhat of an iconoclast. The philosophical notes he turns out each week in his column in the Slatonite are a combination of truth, humor and down to earth literachoor." —The Plainsman.

There was more but my modesty forces me to stop. This will give you some idea as to why I have not been wearing a hat, however, if I do not go to clearing more from my efforts on the Slatonite I may also have to do without my pants.

Mr. Davis did not go into the details on my qualifications but he did say "A. M. Jackson, the salty editor of the Slaton Slatonite."

While it is not quite clear in my mind what being "salty" means I am glad to have that title and in case you are not familiar with "iconoclast" as Editor Guy calls me. I looked it up in the dictionary and it said "an image breaker." Folks if you have got any valuable busts of Shakespeare, Caesar, Roosevelt or Omar Kyan laying around you'd better watch out for me for I certainly was hard on them when I was a kid, as my family usually had things of that kind cluttering up our mantel. Yep, folks I've got my little hammer out and I'm looking for things to tear down.

J. S. Edwards, sr., made the comment last week that as a man gets older his heart and his head get softer.

It is also said that wealth will not make one happy, but you can be miserable a lot more comfortably.

Mrs. Joe Teague, sr., who is one of the liveliest women in Slaton, has some of the largest dahlias I have ever seen, many of them measuring from 9 to 11 inches

across. My wife is spending a lot of her time these days showing outside eggs, onions and dahlias around the neighborhood and I'm looking for some to come leading a mammoth hog, bull or elephant into the Slatonite office most any time. But I'm warning all comers I'm not going to accept anything that cannot be lugged through the front door.

While there are no doubt good reasons for the Santa Fe taking off the two trains recently eliminated from their schedule, the new arrangement has certainly gummed up the mails that come into Slaton, and I am sure that the same thing has occurred to the other towns between Slaton and Sweetwater. Since the new arrangements we do not get the Post paper until Saturday or Sunday morning. It is put in the mail on Thursday before five o'clock, mail from Amarillo takes from three to five days to get to Slaton and just about as long to come the sixteen miles from Lubbock to Slaton. The bus company now charges more to bring a letter or a small parcel from Lubbock than it does to bring a passenger and if most of the people who use the mails are like me they are going more and more to the use of air mail. It is fairly easy to sympathize with any concern or individual who is trying to economize and save waste, but if a railroad or an individual

is paid to give first class service the service should be rendered at its best. We might as well go back to the horse and buggy days for our mail service here, it would probably be about as efficient.

Safety Measure

Axes and saws should be laid flat on the ground when not in use and never imbedded in the ground or in the side of the tree.

Potato's Relatives

The potato, a wholesome food in itself, is a close relative of poisonous plants such as henbane, deadly nightshade, and Jimson weed.

Swine Erysipelas

Swine erysipelas germs thrive in lime-rich soil.

From where I sit... by Joe Marsh

**Sure You Haven't A
"Blind Spot"?**

As I was driving down Main Street last Saturday, another car swung out right in front of me. It turned out to be Buck Blake. He wasn't going fast. It was just that he had something else on his mind at that particular moment.

Buck's really one of the nicest fellows I've ever known. But, sometimes he gets to day-dreaming on the road. He sort of gets a "blind spot" to what's going on about him!

Now, lots of normally considerate folks have their "blind spots."

It could be anything from day-dreaming while driving a car to humming out loud at the movies.

From where I sit, it's mighty important to be on guard against your own "blind spots." The other fellow has a right to his "share of the road," too—whether it's having a taste for a temperate glass of sparkling beer or a desire to listen to some classical music if he wants to.

Joe Marsh

Copyright, 1949, United States Brewers Foundation

Now I have definite proof that Government trained weather predictors cannot be depended upon. Last week Billy Ball, who is a casualty of the weather predicting department of the Army and who was stationed up in Alaska, or some where up around the north pole, during the war and did some fancy predicting, not only got himself but also a group of young married couples pretty well almost drowned last week.

According to P. G. Meading, Billy did some higher mathematics on the wall, took a reading on his sextant and spoke out in a resounding voice that there would be no more rains in this section during the month of September. Billy, his wife and the group who had confidence in Billy's predictions started out on a hay ride, Billy left the window of his car open and now very few of his friends will speak to him and every time he or his wife sit down on the car seat water squirts in their eye.

While Billy has been predicting dry weather I have steadily reported that we would have rain and I'm not sitting on any car seat that splashes every time the car hits a bump.

Judge Smith threatened my life last week if I made one more prediction about more rains, so I'm compelled to say that dust storms are enroute, but folks they're gonna be the wettest dust storms you ever saw.

J. W. Scott, who lives at 220 South 7th Street, brought an egg and an onion to the Slatonite office last week. The onion weighed one pound and a half and the egg might have been an ostrich egg, although he says it was laid by a hen. I took them both home and my wife grabbed them and went galloping all over the neighborhood and it looks like we are going to have enough boiled onion

WOMEN'S COUNCIL MEETS AT HOME OF MRS. CREWS

Women's Council of the First Christian Church met in the home of Mrs. H. S. Crews at 8:00 Monday night. Mrs. J. D. Norris presided over the business session, which was opened with a prayer by Mrs. Crews.

The program leader, Mrs. P. J. Burns, brought a devotional message on the theme, "Within the Family of God," taking her text from Luke 10:27. Talks on the Mexican Christian Institute in San Antonio were made by Mrs. F. O. Blair, Mrs. Carl Lewis, and Mrs. Norris.

Following the program, the hostess served refreshments. The next meeting will be on September 26 in the home of Mrs. H. H. Edmondson.

H. DEMONSTRATION CLUB FEATURES EASY DESERTS

Meeting at the Club House on September 7, the topic for the day of the Home Demonstration Club was deserts. Mrs. Carter Shaw presided in the absence of the president Mrs. W. L. Long. Each member of the club submitted her favorite desert and explained why it was a favorite.

A demonstration of simple deserts was given by Mrs. Shaw, assisted by Mrs. R. C. Hall. The demonstrated desert of gingerbread topped with apricot sauce and a drink was served to those present. The next regular meeting of the club will be at 2:30 Wednesday at the Club House.

Mrs. J. S. Teague, sr., Miss Myrtle Teague of Dallas, and Katherine Ann Sanders of Morton left Sunday to spend a week in New Mexico. They will visit Carlsbad Caverns, Santa Fe and Albuquerque.

Mr. and Mrs. A. L. Clifton's daughter and son-in-law, Mr. and Mrs. C. E. Jung, are now the parents of a seven pound, eight ounce girl named Rebecca Lee. She was born September 11 in the Methodist Hospital in Dallas. Mrs. Jung is the former Miss Doris Clifton.

MRS. R. L. WICKER'S MOTHER DIES THURSDAY MORNING

Funeral services will be held this morning at the Sanders Funeral Home for Mrs. Emma Hardin, who died on her eightieth birthday at a Hospital in Lubbock Thursday morning, Sept. 15th after an illness of two weeks. She was the mother of Mrs. R. L. Wicker and was well known in Slaton.

Burial will be in the Cemetery in Roscoe, Texas.

LOCAL FFA CHAPTER MEETS

The Slaton Chapter of Future Farmers of America met in a regular meeting Friday morning, September 9, in the local F.F.A. chapter room. Cecil Bybee presided as chairman.

The following officers were elected for this school year: President, Leon Moore; First Vice President, Ed Willis; Second Vice President, Bob Lambert; Third Vice President, John Singleton, and Secretary, Ezra Corley.

BAPTIST CHURCH ACHIEVES RECORD SS ATTENDANCE

According to Rev. Bolding, pastor of the First Baptist Church, the highest attendance at Sunday School during the past six months, besides the last Sunday of the revival, was achieved last Sunday when 379 were present. There were 126 in attendance at Training Union.

Next Sunday is building fund day and 400 is still the Sunday School attendance goal, the pastor said.

It is planned that a new public address system will be in operation at the services Sunday. A hearty welcome is extended all visitors, church officials stated.

Mr. and Mrs. Robert L. King and Cliff of San Diego, Calif., have been visiting relatives here; Mr. King has returned to Long Beach from where he will sail for overseas duty with the U. S. Navy. Mrs. King and little son will remain with her parents here, Mr. and Mrs. Clifford Young.
