MEAT CANNING SPECIALIST TO GIVE DEMONSTRATIONS

Following is the schedule for the demonstrations of H. A. Clapp, meat canning specialist of the Extension Service of the A. and M. College. Mr. Clapp will can meat and explain canning by steam pressure.

At the demonstration at the nearest point to you as per the schedule, or all of them if you choose.

FRIDAY, August 22, at Slaton 1:30 p. m.; New Hope and Union.

We have arranged for these dem-

onstrations in a way that we believe every person interested will have an opportunity to attend at least one of them. Come and bring your neighbors.

MILIE M. HALSEY,
Home Demonstration Agent.

Fine Rain Visited This Section Wednesday

Early Wednesday morning this section of the Plains was visited by a good rain, one that soaked the soil thoroughly, and will be of untold benefit to all growing crops, especially late feed crops. Farmers here had begun to complain of dry weather after the absence of rain for more than two weeks, except local showers, but now they are all smiles again.

Crops of every kind on the Plains are probably the best that have ever been known, and the prices promise to be the largest ever received for any crop. Cotton promises a very heavy yield and the acreage around Slaton this year is about an average. Many predict that Slaton will gin something like seven or eight thousand bales, and the two large gin plants are being put in readiness to take care of their customers in a prompt and efficient manner.

Slaton will also have a number of cotton buyers, as well as buyers for all other produce grown by the farmers of this section, and it is proposed to make Slaton the largest and best market in the entire county for the fall season.

The merchants of the city have already bought heavy stocks of merchandise for their fall trade. Large shipments have already arrived, and others are following daily. Some of the most progressive ones are already telling their customers about this through the columns of The Slatonite and others will follow the same example as fast as their stocks arrive. Read the ads in the paper carefully each week and keep yourself informed as to the best place to buy good merchandise and at a price you can afford to pay.

SLATON READING ROOM BEST KEPT ON ENTIRE SANTA FE SYSTEM

It is a real pleasure to visit the Santa Fe Reading Room in Slaton, which is in charge of Mr. and Mrs. George Marriott. Everything about the place is kept in the best of order and one thing that impresses every visitor to the city is the beautifully kept bermuda grass lawn. It has been stated by those who have visited all other reading rooms on the Santa Fe that the one in Slaton is the best kept and most attractive of any on the entire system. This is certainly a high compliment to Mr. and Mrs. Marriott.

Visiting Here From Indiana.

Mr. and Mrs. Florence Kitten, Mrs. Florence Kitten, Sr., Mr. and Mrs. Henry Dail, and Misses Irene and Cornelia Ferdel are here from Ferdinand, Indiana, visiting Messrs. J. J. Henry, Leo, and Clem. Kitten and families just west of town.

Home Oil Co. Sells Tract for \$450,000

The following item was taken from a recent issue of a Fort Worth daily paper and will be of especial interest to readers of The Slatonite:

Wichita Falls, Aug. 13.—The Texas Land Oil and Refining Company of Dallas has recently purchased a block of acreage, together with one producing well in the Northwest Burk Burnett field, for \$450,000. The property was purchased from the Wichita-Slaton Oil Company through Sullivan & Sullivan of Wichita Falls.

The company selling this property is composed of Slaton people, with E. N. Twaddle, president; Dr. G. H. Branham, vice president, and Carl Rippey, secretary and treasurer. Other well known business men and citizens of the city are on the board of directors and own the stock.

The company still owns 178 acres of leases, one at Burk Burnett, one at Iowa Park, and considerable acreage in Stephens County, which promises to bring them large returns on the investment. The Iowa Park block also has a producing well of which they have recently had some very flattering offers.

District Quota for \$75,000,000 Fund

In the Baptist \$16,000,000 campaign in Texas, the quota for Lubbock, Hockley, Cochran, Yoakum, Terry, Lynn and Garza Counties has been announced as \$75,000.

The sixteen million dollars to be raised by the Baptists of Texas for the five-year program of the Southern Baptist seventy-five million drive has been apportioned by the campaign directors through the eighteen state districts, 120 Texas Baptist associations and counties. Individual church apportionments will be made from the county quotas.

August is being devoted to Information, September to Intercession, October to Enlistment, November to Stewardship, and actual campaigning "Victory Week" November 30th to December 8th.

According to Dr. F. S. Groner, State Campaign Director, the organization is rapidly being completed, and it is thought the full organization will be perfected within the next few weeks.

The major portion of the campaign will be conducted through the Baptist Standard, the churches' official organ, and much stress is being placed on greatly enlarging the circulation of this paper. Efforts are being made to place the Baptist Standard in every Baptist home in the State.

The quota above announced covers the amount to be raised in pledges and subscriptions for the next five years.

LIBERAL TERMS EXTENDED LAPSED POLICY HOLDERS

In an effort to help the men who dropped their Government Insurance upon their discharge from the service to again take up their policies, the Bureau of War Risk Insurance has just issued the most liberal regulations.

Thousands of men, upon leaving the army, navy, or marine corps, either thinking that the insurance which they had carried did not apply after their discharge or not having enough money to keep up their premiums, allowed their policies to lapse.

From now on these men, within 18 months from the date of their discharge, may again take up their insurance by stating to the Bureau that they are in as good health as when they left the service and by paying two months' premiums, one for the month of discharge and one for the month of reinstatement.

As soon as their application for reinstatement is approved by the Bureau, they may, if they wish, convert their policies to any one of the six permanent forms.

WILSON.

Mrs. E. L. Deaver and little daughter Martha, and sons George and Bryan, departed Monday for Oklahoma in their car where they will visit relatives.

Walter Steen has returned from an extended visit to South Texas.

Mrs. J. M. Hobbs and children have returned to their home in Burk Burnett after visiting relatives here.

Powell Tate has returned from East Texas with his bride.

An all-day singing with dinner on the ground, will be held in Wilson on Sunday, Aug. 24. Every one is cordially invited.

Herman Bruckner visited here Saturday and Sunday.

Mr. and Mrs. E. P. Fertsch departed last week for Abilene where Mr. Fertsch has accepted a position with the Cadillac Auto Co.

Mrs. W. P. Hamlett and son Walter returned from Clovis, N. M., Friday where they had been visiting relatives.

The early feed crop is reported as fine, most of the maize making from one and a half to two tons to the acre. Late feed and cotton is needing rain.

ANNOUNCEMENT.

The Methodist revival meeting will begin the fourth Sunday in August. Rev. G. A. Kleine, evangelist from Memphis, Tenn., will conduct the series of meetings.

T. C. WILLETT, Pastor.

Panhandle Day at the Dallas State Fair

It has been definitely decided that there will be an all Panhandle-Plains exhibit at the Dallas State Fair in October of the present year. It is designed that the Panhandle-Plains Chamber of Commerce will group all of its exhibits, in county units, under one cover or one enclosure, thus preserving the identity of the county, and at the same time representative of the unity which is desired to be expressed by this organization.

PREACHER AND PRINTER.

A well-known minister had been preaching a begging sermon and concluded as follows: "I don't want any to contribute who have not paid their subscription to the home paper, for country papers need money a great deal more than do the heathen." That minister knew what he was talking about.—Strawn Tribune.

Yes, and we need a lot more preachers like that. Some of them are more active in collecting money for the foreign heathen than for the local editor. The preacher's work is always easier in a community where the people read the papers and pay for them regularly, where the business men prove they are business men by advertising and keeping their patrons' attention upon home enterprises and home merchants. The church thrives in enlightenment, and if the newspaper is well edited and capably managed it is an enlightening factor, along with the schools and the churches themselves. A town that only tolerates its newspaper, without manifesting any interest or pride in it, is in a bad way. It may be the editor's fault, for some editors are faulty. But in any case a newspaper ought to reflect its community, and the community ought to be reflected in the newspaper. The two interests are mutual and interdependent. The preachers ought to stand by the editor, when he is doing his best, for one reason because he stands by them—sometimes when they aren't doing their best.—State Press in Dallas News.

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

UNCOLLECTED FUNDS
VITALLY NECESSARY.

Only Way Work Can Be Continued
Until End of Year, When Emer-
gency Will Be Over.

New York.—(Special.) The National War Work Council of the Young Men's Christian association, through its finance committee has made public a detailed statement of its receipts and expenditures for war work in this country and abroad in the period between April 20, 1917, and March 31, 1919. In a supplementary announcement the war work council explained that this is not a final report. Its war service, having reached its maximum in March of this year, is being continued in the United States and foreign countries.

The council received in the period covered by the report, an aggregate of \$125,282,850. Of this amount \$123,254,052 was contributed by the people of the United States in the three campaigns conducted to finance Y. M. C. A. war work.

A statement of Y. M. C. A. expenditures for work in the home camps shows 950 buildings constructed in the six military departments at a cost of \$7,698,984. In maintaining and operating these buildings the Y. M. C. A. expended \$3,965,730.

Concerts, vaudeville and other entertainment provided the men on this side cost the Y. M. C. A. \$1,166,767. Motion picture shows in the home camps cost \$2,326,271. It provided athletic supplies and physical directors to carry out its athletic program at an expense of \$1,508,179. It expended \$923,629 for writing materials and for financing camp newspapers and publications.

Religious work in home camps was done at an expense of \$2,105,816. Educational literature, lectures, French instruction and library service cost \$1,192,737; sex hygiene education and literature cost \$73,704. Other items include \$200,634 for war work in the enal zone, Porto Rico, the Philippines and other territories, \$192,386 for work among the employees of munitions plants and other war industries, and \$442,061 for work with the Students' Army Training corps.

The Y. M. C. A.'s work overseas with the A. E. F., from its inception to the end of last March, also is stated in detail. In this period it is shown \$4,801,271 was spent for huts and tents, \$2,950,421 for furniture, equipment and motion picture outfits, and \$1,014,337 for operation of huts and field units. The Y. M. C. A. further spent, for motor transport and miscellaneous equipment, \$2,671,738; for motor transport devoted exclusively to its canteen service, \$30,296, and for operation and maintenance of its motor transport, \$1,170,761.

Supplies worth \$1,794,771 were distributed free to the doughboys. Y. M. C. A. Christmas gifts and entertainments represented an expenditure of \$654,903. It supplied writing materials, newspapers, etc., to overseas men, to the value of \$2,296,808. In operating leave areas in France, the Y. M. C. A. spent \$831,601; in managing a chain of hotels for the men on leave in the larger cities, \$477,956.

On overseas religious work the Y. M. C. A. spent \$467,584; on education and library work, \$961,932. Concerts and entertainments were given at a cost of \$850,969, and motion picture shows at a cost of \$1,066,757. Overseas athletics cost \$1,957,301.

Through the international committee of the Y. M. C. A. \$10,042,695 was expended in work with the allied armies, and \$1,058,391 in work with prisoners of war. Of the sum of these two items the war work council contributed \$14,400,175.

Expenditures with the allied armies included \$6,738,744 for France; \$497,869 for Great Britain; \$3,139,951 for Italy; \$4,805,925 for Russia, and \$809,601 for other allied countries.

For the prisoners of war in Germany the Y. M. C. A. spent \$117,988; in Denmark, \$90,087; in Austria-Hungary, \$146,812; in Switzerland, \$247,650; in Turkey, \$56,206, and in other countries \$390,545.

The grand total of expenditures was \$97,817,005. This left, on March 31, 1919, a balance of \$27,465,854, which, with the payment of pledges to the United War Work campaign still remaining unpaid, is expected to be sufficient to support the work from April 1, 1919, to December 31, 1919.

In accounting for this balance the statement lists assets of the war work council on March 31, 1919, of \$43,333,166. These included \$8,835,881 in cash on hand, and assets overseas amounting to \$18,761,676. The Y. M. C. A. also had on that date canteen supplies on hand and in transit to the value of \$5,992,591, and outstanding accounts totaling \$9,735,306.

On the same date its current liabilities and reserves amounted to \$15,867,312 including \$2,792,964 in bills and salaries due in the United States, and \$6,594,720 due overseas. There was charged against it \$1,027,285 representing remittances received from the men of the A. E. F. for transfer to the United States. It owed the British, French and United States governments, for transportation and supplies, \$3,022,538.

FORREST HARDWARE

Push Business hard--ADVERTISE U. S. Department of Labor

ADVERTISING will develop the dormant demand for the goods on the shelves of merchants and the warehouses of manufacturers.

MR. MERCHANT and Mr. Manufacturer, the public wants and needs the things you have to sell and is willing to pay for them.

TELL YOUR STORY through the medium of well prepared advertising. Talk to thousands through your local press instead of standing idly by waiting for something to "turn up."

NOW, MORE THAN EVER BEFORE, advertising offers greater assurance of profitable returns to live, wide-awake, progressive merchants and manufacturers who employ it.

THE MESSAGE of the Department of Labor is: ADVERTISE—Increase your advertising, so that selling costs may be reduced and ultimately prices will follow in reduction.

U. S. DEPARTMENT OF LABOR

ROGER W. BABSON, Director, General Information and Educational Service. W. B. WILSON, Secretary.

Have You Cleaned up Your Premises?

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin caluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Sudden riches spoil many a good workman.

WHEN KIDNEYS ACT TOO OFTEN

If bothered with that form of kidney trouble which causes too frequent or excessive passage of urine, don't expect relief from medicines that are intended for common kidney complaint. These remedies generally are intended to increase kidney action.

Liquid Shu Make should always be used where the kidneys are over active during the day or at night. It is not a cure for all forms of kidney trouble, but is intended for over-activity of the kidneys of both children and adults alike, especially for children bothered with kidney action at night.

Ask any druggist for Liquid Shu Make or enclose sixty cents to the Shumake Remedy Company, Fort Worth, Texas, for a bottle by return mail.—Adv.

When a man marries his stenographer, that is where he stops dictating.

If you use Red Cross Ball Blue in your laundry, you will not be troubled by those tiny rust spots, often caused by inferior bluing. Try it and see.

The fool wouldn't get so much fun out of life if he were wise enough to realize his own folly.

OLD KENTUCKY MFG. CO., Inc., Paducah, Ky.

You Do More Work.
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.

Rubberized Silks in Bathing Suits

Looking over the newest things in bathing suits one might easily conclude that fair bathers object to getting wet and only go into the water to get cool, or to be "in the swim" with their sister bathers. What they really object to (unless they possess Venus de Medici figures) is the way in which bathing togs cling and stick and the somewhat bedraggled appearance they are likely to make when they come out of the water. Nothing escapes the notice of the keen manufacturers of bathing togs and they have met this situation with suits on the order of that one shown in the picture.

Rubberized silk in rose color is used to make the shapely and modest overdress in this suit and it is trimmed with black and white checkerboard bands that give it a lot of snap. The long-waisted body is gathered into a wide flat band with the fullness brought to the sides and the skirt is managed in the same way, so that even bathing suits take note of the wider hips that are indicated in styles for fall.

The knickers for this suit are made of black satin and a vestee of the same material in the overdress bears them company. Black silk stockings and black sateen slippers take care of the feet in an effective but inconspicuous fashion, while a gay little four-cornered cap of rose colored rubber cloth puts a pretty finishing touch to the outfit. As no one aspires to a deep coat of tan this year, a black and white striped parasol lends its aid to face creams to keep the face and neck from too much sunburn.

Rubberized silks in brilliant colors have been used in much more elaborate beach clothes than this very sensible suit, and even for those who prefer silk or wool in their swimming clothes, mantles and capes of rubberized silk prove slightly for wear on the beach and for the walk to and from it.

Pile Fabrics Popular
The prophecy that, when the price of a pile fabric clashes with that of a fair quality fur, the latter is preferred, does not seem to be borne out in the operations of the cloak manufacturers for fall. Pile fabrics in the most expensive makes are proving so popular with the buyers that it is estimated the supply is going to fall far short of the demand. The pile fabric makers believe that the most important reason for this successful competition of their product with fur is that the imitation has reached a stage where it is difficult to tell the difference between it and the real thing. Another reason ascribed is the better wearing quality of the artificial fur.

Economy Corner

How to Wash Colored Embroidery.
The best way to bleach white goods having colored embroidery (such as dollies and other articles which cannot be boiled for fear the color will fade) is to wash them and then dry them in the shade. Put them in an old pillow-case which has been dipped in very strong bluing water and thoroughly dried. Then hang the case, with the embroidered articles inside, in the light for several days. They will be perfectly white and the colored embroidery will not be one bit faded.

Look After the Smoothing Iron.
After the temper of a smoothing iron is spoiled it will never retain the heat so well again. Therefore never let irons stand on the stove when there is a hot fire unless they are in constant use, and do not allow them to become over-heated.

When Heating Irons.
Turn an old pan or kettle over irons which are being heated and they will get hot much quicker. This also keeps the room cooler.

How to Press Black Lace.
To press black lace, sponge with clear water on the right side until quite wet, lay right side down on a black pad, cover with a black cloth and press with a hot iron. When this is done it will be found that the lace is like new.

A New Scheme for Ironing Ribbon.
If the ribbon has been washed in gasoline let it get thoroughly aired before pressing. If washed in soap and water, roll in a dry cloth before pressing. Lay several thicknesses of paper on the ironing board, then place one end of the ribbon on the paper,

with a piece of brown or white paper on each side. Now press hard with a warm flatiron on the ribbon under the paper, and pull the ribbon all under the flatiron. Then reverse the ends. It requires two persons to successfully press ribbons in this way. The process is very simple, and the ribbon will look as good as when new, and will not lose its stiffness or look glossy, as those ironed the old way.

Julia Bottomley

Big Demand for Skirts.
The great retail demand for summer skirts has cleaned out retail stocks and showered the manufacturers with duplicate orders. Flannels and gabardines are among the leaders, although linens and crepes are getting their usual heavy demand. White is most desired, but the pastel shades are attracting more than the usual amount of attention given to colored skirts for the summer. The scarcity of silks and the high prices quoted by jobbers of such material, will turn to other fabrics, it is said, some of the business that would otherwise go to silk numbers.

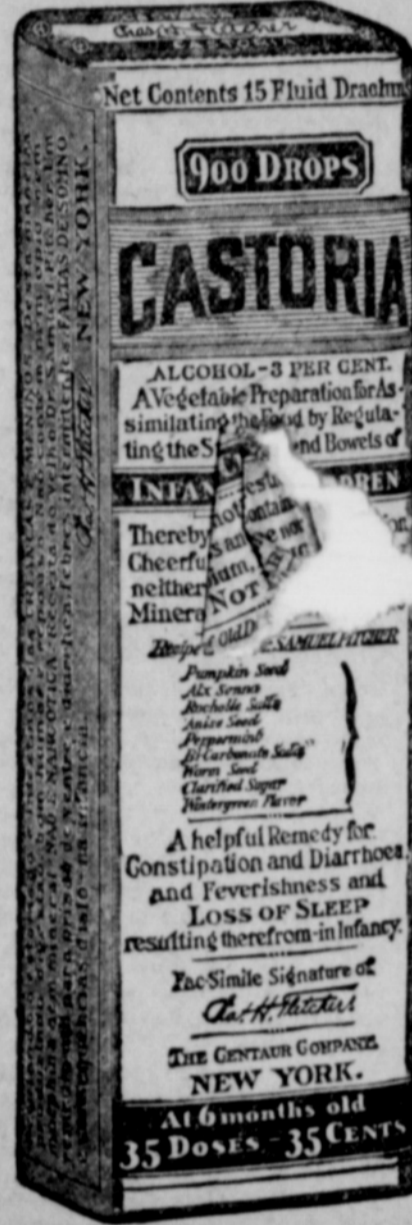

If a Rug Curis.
Rugs that curl on edge or wrinkle in middle have lost their "sizing." Place the rug face down on the floor. Make very thin cooked starch and add a small quantity of powdered gum arabic dissolved in a little water. Apply to back of rug with a paintbrush or a paper hanger's brush. When the rug is dry it will be quite stiff and will lie without curling.

Imitations Are Dangerous.

AN OHIO druggist writes to "The Practical Druggist," a prominent New York Drug Journal, as follows: "Please furnish formula for Castoria. All the formulas I have worked with are either ineffective or disagreeable to administer."

To this "The Practical Druggist" replies: "We do not supply formulas for proprietary articles. We couldn't if we wanted to. Your experience with imitative formulas is not surprising, but just what is to be expected. When Castoria is wanted, why not supply the genuine? If you make a substitute, it is not fair or right to label it Castoria. We can give you all sorts of laxative preparations for children, but not Castoria, and we think a mother who asks for Castoria would not feel kindly toward you if you gave her your own product under such a name."

No mother with a spark of affection for her child will overlook the signature of Chas. H. Fletcher when buying Castoria.

Exact Copy of Wrappers.

Children Cry For

Mothers Must Use Care.

Why do we so often call your attention to imitations of Fletcher's Castoria? Because it is a baby's medicine and imitations are always dangerous, particularly imitations of a remedy for infants.

Your druggist may not keep an imitation but they are to be found on drug-store shelves. Reliable druggists think only of the welfare of their customers. The other kind only of the greater profit to be made on imitations.

Your own judgment tells you that Fletcher's Castoria having for over thirty years at great expense held up its reputation, must jealously guard it. Then, it follows that this company must use the very best of material. Must employ experts in the selection of the herbs. Must retain skilled chemists in its manufacture.

Your same good judgment must tell you that these irresponsible imitators are trading on your credulity and the reputation built up by Mr. Fletcher, during all these years, for his Castoria.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

THE CENTAUR COMPANY, NEW YORK CITY.

One strong point of many a woman is at the end of the baton.

Rather Neat.
"I object to admitting the plaintiff's ankles as evidence."
"On what grounds?"
"Ahem! Your honor, this is a breach of promise suit and I don't want my client's judgment to appear at fault in passing up a pair like that."

The average woman would rather be married than happy.

Soft answers do not turn away wrath caused by soft coal.

Just Once! Try Dodson's Liver Tone! Take No Calomel! Listen To Me!

If bilious, constipated, headachy or sick, I guarantee relief without taking dangerous calomel which sickens and salivates.

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lousy, sluggish, bilious or constipated, listen to me!
Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel, when it comes into contact with your bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful tonight, and if it doesn't

straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep the entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste. —Adv.

The Last Word.

Mistress—Now, Bridget, there's no use of further argument as to how the dish should be prepared, but our ideas on the subject are so different that it is evident one or the other of us is crazy.

Bridget—True for ye, mum—an' sure it isn't yourself 'd be kapin' a crazy cook.—Boston Transcript.

Time is a great corrective.

The Exception.

"An ill wind brings no one good."
"I am sure the doctors would not wish for a well wind."

Wright's Indian Vegetable Pills contain nothing but vegetable ingredients, which act gently as a tonic and purgative by stimulation and not by irritation. —Adv.

Deduction.

"What's a polyclinic, Jim?"
"I don't know exactly, but I guess it's a hospital for parrots."

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-afflicting people today can be traced back to the kidney trouble.
The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.
Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, headache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.
All these derangements are nature's

signals that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning.
After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.
Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

REPTILES AT HOME IN SAND WIFE GAVE HIM INSPIRATION

Naturalist Makes Interesting Report of Habits of Small Dwellers of the Desert.

Quaint and curious are the ways of the reptiles of the Colorado desert. He tells of some reptiles, the burrowing snake sonora, the gridiron-tailed lizard, the ocellated sand lizard, and the desert "horned toad," which actually swim into the loose sand by the strong lateral movements of their heads. The gridiron-tailed lizard is very swift and agile, and when chased will race over the sand at fifteen miles an hour. Most of the desert reptiles of Colorado are colored like their surroundings, and are difficult to detect. Others can change their colors to suit their surroundings, while not a few of the desert lizards are able to part with their tails very readily when they are seized. There is humor in the ways of desert tortoises. When one meets another, unless both are males, when a fight invariably takes place, each nods its head rapidly up and down as though in salutation, and sometimes noses are touched as they pass.

Author, at His Wit's End for Plot, Got Excellent Idea from His Better Half.

How the idea of a new book was suggested in an unexpected manner to the author is told by William J. Locke in "The Rough Road."
"One evening a couple of months after I had finished 'The Red Planet,' I was tearing my hair and saying that this time I really had come to the end of things and would never again have the ghost of an idea for another book, when my wife, who was sitting on the divan in the drawing room playing unconcernedly with our little Pekinese—she had heard this cry of wolf so many times before—addressed this little beast—I love him dearly, by the way—in the moribund tone of which we both are guilty: 'Why doesn't he write a nice book about you, darling? Whereupon I clapped my hand to my forehead and cried: 'I will! I'll write a story about a man brought up like that dog and pitched into the war.' And I went straight into my study and set to work on the scheme."

What Makes 'Em Attractive.

"Is she an attractive widow?"
"I don't know. I haven't heard yet how much insurance her husband left her."

This Drink Doesn't Change Its Price

Its quality doesn't vary,
and it doesn't start a

New Styles in Parisian Hats

Smartest Headgear Now Shown
in French Capital More or
Less Crownless.

HINDU TURBAN IS POPULAR

Milliners Must Be Credited With Some
Remarkably Smart Effects in These
Styles—Both Plain and Printed
Foulards Worn.

Paris milliners are sending us midsummer hats that are in delightful contrast to the utterly unreasonable velvet-crowned hats with tulle or organdie brims we have been wearing during the last two summers, says Sarah Marshall Cook, writing in the New York Tribune.

The smartest tulle hats are crownless, but for those who object to having their carefully coiffed heads disarranged by the breezes a soft puffy layer of tulle is provided as a crown. Every type of both day and evening headdress that French women are wearing carries out some phase of this hat, over which Paris has gone quite mad.

Turbans Are Worn in Evening.
An everlasting source of inspiration for our hats is the Hindu turban, and now it has found its way into hats of tulle. Turbans are worn in the evening. They are not a variation of the oriental headdress, but the real thing, being formed of a braided band of gold tissue, topped by tulle and shower wreaths of algrettes. A very smart effect is produced by placing black algrettes on brown turbans.

Lewis, the man milliner of Paris, has had phenomenal success with transparent hats. His favorite model is in shape very much on the order of the head covering worn by the beauties of the court of Louis XVI. The brim of this crownless hat consists of frills of brown silk net, held in at the back by a saucy bow of the same material. Any woman with chestnut hair who tops her well-coiffed locks with a hat such as that may be sure of looking particularly lovely.

Metal Brocades in French Parasols.
When we saw metal brocades in our summer evening gowns and hats we thought the craze for this material had reached its climax; but that it had not is now indicated in the newest French parasols. Those of black taffeta are finished with deep bands of metal brocaded ribbon. Black tulle parasols have bands of embroidery done in silver and gold threads.

Handles are as elaborate as parasols themselves. Ebony sticks studded with turquoise beads are used, as are also sticks of ivory. Some of these ivory handles have two bracelet rings, one of ebony and the other of ivory.

From Renee of Paris comes a frock of printed foulard, with the foundation skirt of plain foulard; undulating frills of white organdie trim the abbreviated sleeves and the low surplice opening.

Huge knobs of carved wood finish the sticks of the new coaching parasols. In contrast to these elaborate sunshades are lovely little garden sets, consisting of pagoda parasols made of mousseline frilled at the edge with two rows of narrow black ribbon and of hats made of the same materials.

Plain and Printed Foulards.
We have, at one time or another, experienced the exhaustion and despair which come from the search for frocks to wear on trips to town that will give us the coolness and comfort provided

by dresses of perishable light summer materials without making us conspicuous. French dressmakers are combining plain and printed foulards in a way that is altogether charming to make midsummer dresses suitable for such wear.

One of the cleverest of these combinations is made by Renee, who is continuing to hold the interest of the smart Parisienne by the loveliness of the models which are constantly appearing at her place on the Champs Elysees. Mme. Renee uses the printed fabrics to form a Bagdad skirt, over which she places slender panels arranged to fall in triple loops. In this way she accentuates the idea of a caught-in skirt. The sides are open, to show a straight, narrow foundation

This is La Laveuse, the simple morning frock that Premet is making for country wear.

skirt of foulard. The neck and abbreviated sleeves are finished with softly undulating frills of organdie.

That the success of the foulard dress is assured is proved by its remarkable popularity at the Paris races; large patterns in black and white being particularly in evidence.

Mousselines are printed in very bright colored patterns and in designs reminiscent of the old shawls of Kashmir. A Bagdad skirt open all the way down the front to correspond with an open bodice gathered in at the waistline and having kimono sleeves is made of soft white mousseline printed in bright red. This dress is worn over a straight white organdie slip frilled around the bottom and down the front, the frilled white slip falling at least four inches below the mousseline skirt.

Something New.
More than a century ago the ill-fated Marie Antoinette popularized a simple dress, known as La Laveuse, or the washerwoman dress. Today the house of Premet is making charming frocks of this kind for its favorite customers, who order a half dozen at a time made in different becoming colors to wear on summer mornings in the country. So simple and easy fitting are these frocks that they are almost negligible.

The frill aprons which are part of the dresses are demure and charming. Sometimes when pale-tinted cotton fabrics are chosen for these gowns little frills of black organdie are used for the collar, cuffs and ends of the apron strings. One of these Premet dresses is here illustrated. Any home dressmaker could easily copy it, and with very little work have morning dresses that are distinctive as well as comfortable and useful.

Fichus Resemble Quaint Capes.
Another pleasing French idea that could be utilized in having clothes made by a seamstress, or perhaps in having a gown remodeled—for it is difficult to get remodeling ideas—is the fichu bodice which Lanvin has emphasized in so many of her dresses this season. This fichu resembles a quaint shoulder cape. It is a simple little thing to make and is picturesque and becoming to all slender women.

Mme. Lanvin attaches slim, straight skirts to equally straight, high-waisted bodices, and then drapes around them the fichu, which she makes of lace, embroidery or crepe. When crepe is used an embroidered pattern of a contrasting shade is usually worked on it. The one shown in the sketch today Mme. Lanvin made in the colors of France. For the skirt she used crepe the shade of the French soldier's coat, whereas the fichu was red embroidered in blue.

The KITCHEN CABINET

It has been said that a man is known by absorption, meaning that we can tell the quality and type of any one's life by the things he allows to absorb him.

DISHES FROM CORN AND EDIBLE GRAINS.

The coarser foods are quite necessary in our diet and should be used freely at all times of the year.

Hominy Gems.—Pour one cupful of scalded milk over half a cupful of cornmeal, add one-fourth of a cupful of cooked hominy, a tablespoonful of sugar, the same of shortening; mix well, cool and add yolk beaten thick and the white stiff. Sift in one and one-half teaspoonfuls of baking powder and a little salt; beat well and bake in hot buttered gem pans.

Hominy and Pecan Croquettes.—Boil a half cupful of hominy with a half-teaspoonful of salt in two cups of water five minutes, then put into a double boiler and cook two hours or over night in a double boiler. Add two tablespoonfuls of shortening, half a cupful of chopped pecans and a teaspoonful of scraped onion. Cool and shape in cylinders. Beat one egg lightly, add two tablespoonfuls of cold water, roll croquettes in crumbs and fry in deep fat. This makes one dozen croquettes.

Scotch Oat Crackers.—Put two cupfuls of rolled oats through the meat grinder, add one-fourth of a cupful each of milk and molasses, one and a half tablespoonfuls of fat, one-fourth of a teaspoonful of soda, one teaspoonful of salt and one-fourth of a cupful of raisins or nuts cut in bits. Mix well, roll very thin and cut in fancy shapes. Bake 20 minutes in a moderate oven.

Oatmeal Tomato Soup.—Take half a can of tomatoes, one-third of a cupful of oatmeal, two cupfuls of water, one tablespoonful of sugar, half a small onion, pepper and salt to taste, a bit of bayleaf and two tablespoonfuls of peanut butter. Cook one hour; rub through a strainer, add seasoning, if needed, and serve hot.

Corn Flour Griddle Cakes.—Take one and one-half cupfuls of sour milk, the same of corn flour, three-fourths of a teaspoonful of soda, one teaspoonful of salt and one well-beaten egg. Beat well with a wire whisk and bake on a hot griddle.

It would be narrowness to suppose that an artist can only care for the impressions of those who know the methods of art as well as its effects. Art works for all whom it can touch.—Elliot.

BALANCING THE MEAL.
We hear much about well-balanced meals these days and it is the desire of every home keeper to have her meals well balanced, appetizing as well as attractive. When we speak of balancing a meal we mean giving all the food principals in their proper proportion in each menu, or getting the amounts in during the day; if lacking in one meal, make it up in the next, so that the day's meals will give the proper balance.

The amount of food to be taken by individuals differs so greatly that there is no fixed rule that one may follow. Age, climate, physical condition as well as occupation are important factors in determining the amount to serve, but it is safe to say that in the average dietary we may cut out one-third of the food we daily consume, substitute the two-thirds twice as long as is the habit and great benefit will be noted in one's health. This advice is only given to the well padded individual; those who are thin are so because even if good eaters, the food is not assimilated.

When serving a heavy main dish with the accompanying vegetable or two, the dessert should be light, one easy of digestion and with little bulk. If the main part of the meal is light, not preceded by a cream soup, let the dessert be a richer one.

The generous use of milk in desserts will give a better balance to the dinner in which only a small amount of meat is served, while at meatless meals more milk may be used as well as fish, cheese, beans and peas in order that there may be no lack of protein (the tissue building body) in the diet.

Coffee Custard.—Scald two cupfuls of milk with two tablespoonfuls of finely ground coffee, and strain. Beat three eggs lightly, add one-quarter cupful of sugar, one-eighth teaspoonful of salt and one-quarter teaspoonful of vanilla. Strain into buttered molds and bake in a pan of hot water. Unmold and serve well chilled with whipped cream.

Grape Juice Cream.—Take one cupful of grape juice, one tablespoonful of lemon juice, sugar to sweeten and a pint of this cream. Freeze by stirring in the ice cream freezer. When this is carefully made it is the most beautiful watermelon pink and tastes as good as it looks.

Great relief and solid eye comfort for those afflicted with weak, sore eyes or granulated lids. —At All Druggists, or by mail from HALL & RUCKEL, Inc., 215 Washington St., N. Y.

Mrs. W. H. Langley, S. Fourteenth Street, Paris, Texas, says: "I had had aches in my back and often I thought I would die. I couldn't bend over to do any lifting and I had severe headaches. Fortunately a friend induced me to try Doan's Kidney Pills which I did. I had just taken a few when my condition wasn't so bad and my back became stronger. It wasn't so hard for me to get around and the headaches were less. After taking only two boxes of Doan's I was entirely rid of the trouble."

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and go so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for three years. A girl friend had used Lydia E. Pinkham's Vegetable Compound, she told me about it. From the first day I took it began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give my permission to publish this letter."

—Miss FLO KELLY, 476 So. 14th St., Newark, N. J.
The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

"I Believe I Could Not Have Lived If I Had Not Taken Rich-Tone."
—Says N. P. Stevens.

"This truly wonderful tonic has done me more good than all the doctors' treatments and I have been under the care of several eminent physicians. I am truly grateful for the benefit I have received from taking Rich-Tone and recommend it to all people who are physically weak and run down."

Take RICH-TONE and gain new energy
Rich-Tone makes more red corpuscles, enriching and purifying the blood. It contains all of the elements that are needed most in maintaining strength and vigor. Rich-Tone rests the tired nerves, restores appetite, induces healthy sleep—it gives you all those things which most energy and well-being. Get a bottle today—only \$1.00 at all drug stores.

A. B. Richards Medicine Co., Sherman, Texas

Only a wise girl selects for a husband a man whose mother didn't know how to cook.
Cuticura for Sore Hands. Soak hands on retiring in the hot steam of Cuticura Soap, dry and rub in Cuticura Ointment. Remove all dirt with tissue paper. This is only one of the things Cuticura will do for Soap, Ointment and Talcum are used for all toilet purposes.—Adv.

Nothing but Trouble.
"Every have any trouble with your automobile?"
"Yes. Ever since I got it, all my wife's relatives expect me to be their chauffeur."

Don't Go From Bad to Worse!
Are you always weak, miserable and half-sick? Then it's time you found out what is wrong. Kidney weakness causes much suffering from backache, lameness, stiffness and rheumatic pains, and if neglected, brings danger of serious troubles—dropsy, gravel and Bright's disease. Don't delay. Use Doan's Kidney Pills. They have helped thousands and should help you. Ask your neighbor!

CLINGING INVISIBLE

FACE POWDER

Jonteel 50¢

Perfumed with the Costly New Odor of 26 Flowers

DOESN'T blow or brush off the face, but sticks closely, giving a dainty "bloom", far different from that chalky "make-up" look of inferior powders. Doubly delightful with its rich Jonteel fragrance. Try a box today.

Mrs. Whitehead Gives Afternoon Tea

On last Saturday afternoon Mrs. A. E. Whitehead entertained a large number of the young ladies of the city complimenting her guests, Misses Annie Belle and Olney Clinton of Tahoka.

Those invited were Misses Marie and Aline McDonald, Loma and Cleffie Watson, Corrine Witt, May Everline, Sallie Mathis, Vera Green, Zona Bean, Gertrude Nolen, Ruth Wadley, Irene Levey, Margaret Haney, No-rene Robertson, and Mrs. Eddie Johnson. Out-of-town guests: Miss Flora Smith of Amarillo, Miss Fern Wheelock of Lubbock, Miss Flora Duncomb of Clarkston, Mo., Miss Helen Wallace of Mineral Wells. Out of this number seventeen responded to the invitations.

This already beautiful home was made more attractive by decorations of cut flowers.

Progressive hearts was the diversion of the afternoon and many interesting games were played. The guests were refreshed with angel food cake, almond and cherry cream.

Mrs. Whitehead has an enviable reputation for her hospitality, but on this occasion those who were fortunate enough to be present declared that it excelled any entertainment given in Slaton this season.

CENTENARY PLEDGES DUE.

Centenary pledges were due July 20, and if you have not paid, you are requested to call at the Slaton State Bank and take care of same at your earliest convenience.

CENTENARY COMMITTEE.

Nearly all available tracks in the Santa Fe yards here are filled with grain cars that workmen are reconditioning preparatory to the heavy grain shipments that will soon begin to move. This work is in charge of W. E. Bunch, the capable foreman the car repair shops.

NEW HOPE.

Everybody is enjoying good health around New Hope these days. A large crowd attended Sunday School and singing at the school house Sunday afternoon.

Mrs. McCann, who is living at Austin, visited her sister, Mrs. R. Huber, last week.

J. R. Reed and family took dinner with S. D. Stewart Sunday.

T. C. Roberts and family took dinner with L. C. Boyd and family Sunday.

Miss Edith Richardson is visiting her brother, T. C. Richardson, who is living at Clovis, N. M.

Messrs. Joe Carter, Jim Carter, Sam Hindman and Erner Moss of Delta County, visited their old friend T. J. Richardson, Sunday night.

A crowd of young folks formed a picnic party to the canyon Monday and reported a good time.

Mr. and Mrs. Lewis Richardson entertained the young folks Monday night, and all reported an enjoyable time.

Mrs. Gus Havens was a visitor in Lubbock Saturday.

John T. ... was a business visitor in Lubbock Saturday.

... Cowart is visiting her ... Neva and May Cowart.

... Coff returned home last ... a visit in Rannels.

... and L. W. Wilkie were business visitors in Lubbock Wednesday.

This community was visited by a good rain Tuesday night which was badly needed.

The farmers are all busy gathering their feed crops.

Mr. and Mrs. A. C. Benton and little daughter have returned from Wall, Texas, where they were called to attend the bedside of Mr. Benton's father, P. G. Benton, who was seriously ill. They report him much improved now.

SOUTH TEXAS PROSPECTORS LOOKING OVER COUNTRY

Mr. and Mrs. W. M. Kahlich and Fred Kahlich of Cuero, Mr. and Mrs. A. J. Kahlich of Shiner, and Miss Ida Till of Hallettsville, have been here for several days visiting relatives and looking at the country with a view to investing in some of the fine Plains land. They state that too much rain in their section of the state has badly damaged some crops and that but little of the feed crops have been saved on account of so much moisture. They are highly pleased with this section of the state.

NOTICE TO BANKS, ETC.

Notice is hereby given that the School Board of Slaton Independent District, will accept sealed bids Monday, Sept. 15, from banks as a depository for the school funds for the coming year. Bond will be required and the highest and best bidder will be named the depository.

W. H. MCKIRAHAN,
Secretary School Board.

THE SOUTH PLAINS

At Slaton. A Land of Continued Agricultural Prosperity

ANSWERING THE CALL FOR LAND.

The great demand from the farmers of the United States is for land, and not merely soil, but land which can be depended on to raise crops every year; land where health and contentment are supreme but not more exalted than crop prosperity. The call is for a land that will raise profitable crops and have a climate that makes a pleasure of each day's work instead of a contest against adverse elements. You may say that there is no such country, but if you do you have never become familiar with the South Plains of Western Texas.

NO. 1. 320 acres a fine half section of land with good improvements. New 6-room house, new well and windmill, good barn, all fenced and cross fenced, four miles from good town, only one mile from good school, 160 acres in cultivation, balance pasture. You can not find a better bargain than this at \$35.00 per acre, \$3,000 cash, balance 1 to 4 years at 6 per cent interest.

NO. 2. 160 acres; one of the best farms in the Slaton territory, seven miles of Slaton, four miles of Wilson, and one-half mile of good school. A new 4-room house, good barn and yards, well, windmill and tank; all fenced and cross fenced, 80 acres in cultivation, balance pasture. A bargain at \$40 per acre, \$1,600 cash, balance 1 to 4 years at 6 per cent.

NO. 3. 160 acres five miles from Southland, seven miles from Slaton, one mile to school. A dandy good farm, good 2-room house, good upright barn, well, windmill and tank, young orchard, all fenced and cross fenced, and 80 acres in cultivation. Can sell for a short time at \$32.50 per acre, half cash, balance good terms at 6 per cent interest.

NO. 4. 160 acres, all best farm land, one mile from Southland and good school, no improvements except granary and 100 acres in crop. Landlord's share of crop goes to purchaser if sold by Sept. 1. Priced to sell at \$33 per acre, \$3,000 cash, \$1,200 in 1920, balance due Feb. 1921 at 6 per cent.

NO. 5. Three dandy quarter sections, three and four miles of Southland, six miles of Slaton. Each quarter has 80 acres in crop. This is all fine land and can be sold as a whole or any quarter separate at \$32.50 per acre, one-fourth cash, balance one to four years at 6 per cent. There are no buildings on this land, but it is worth the money.

NO. 6. One of the very best 320-acre tracts in Slaton territory, two miles of Slaton, fenced, 110 acres in cultivation, good well, mill and tank. \$37.50 acre, one-fourth cash, balance any reasonable terms at 8 per cent. Possession Jan. 1, 1920.

NO. 7. A dandy half section three miles of Slaton, 280 acres in cultivation. Good set of improvements for home or tenant. This is priced at practically all cash, basis at \$42.50 per acre. Nothing near it at so low a price.

NO. 8. 160 acres, all good farm land, two miles of Wilson, and good school, ten miles of Slaton, 2-room house, well, mill, and barn, 60 acres broke. A snap at \$25 per acre, \$1,250 cash, balance good terms.

NO. 9. 160 acres one mile from Southland, six miles of Slaton, unimproved, at \$27.50 per acre, and worth it; \$700 cash, and full five years on all the balance at 6 per cent.

NO. 10. 400 acres 3 miles of Southland, seven from Slaton; good set of improvements, 75 acres in crop, a real snap at \$35, on good easy terms. Possession Jan. 1, 1920.

NO. 11. Good improved half section five miles west of Slaton, a good buy at \$40 per acre, \$2,800 cash, \$3,000 Feb. 1920, balance \$1,500 yearly at 8 per cent interest.

NO. 12. 160 acres five miles northwest of Slaton, 100 acres in cultivation, no other improvements, \$37.50 per acre, \$2,500 cash, balance \$500 yearly at 8 per cent interest.

NO. 13. Good improved 160 acres 6 miles northwest of Slaton, \$40 per acre, \$4,000 cash, \$1,200 Jan. 1, 1920, balance \$400 yearly at 8 per cent.

NO. 14. 160 acres, very good set of improvements, \$40 per acre, \$2,200 cash, balance seven equal payments at 8 per cent interest.

NO. 15. 320 acres of perfect red catclaw land, five miles of Slaton or Wilson, good 7-room house, windmill, stable and sheds, 125 acres in cultivation, \$42 per acre, mostly cash. You will like this piece of land if you see it; possession Jan. 1, 1920.

NO. 16. 480 perfect acres, the big best snap on my list, good 7-room house, good barn, 100-foot covered shed, good wind brakes and outbuildings, good orchard and shade trees. 125 acres in crop. With this place you get 8 head of good work horses and mules, cow and calf, big sow, three dozen chickens, and all farm tools, wagons and harness. All this included at \$35 per acre, one-third cash, and balance to suit purchaser at 7 per cent. This land is only five miles from Wilson, with good school at corner of land. Possession Jan. 1, 1920, or sell crop and give possession ten days.

NO. 17. 160 acres 3 miles of Wilson, 60 acres in crop, good 4-room house, barn, storm house, mill and well. This is priced for a short time at \$27.00 per acre, \$3,300 cash, balance \$100 per year at 8 per cent. \$500 on contract, balance of payment and possession Jan. 1, 1920.

NO. 18. 100 acres four miles of Slaton, all best red ridge land, small set improvements, hog pasture, young orchard, 76 acres in cultivation. It is worth every cent asked, \$45 per acre, \$2,500 cash, \$1,150 in 3 yearly payments of \$383 each, and \$850 government loan runs 40 years.

NO. 19. 160 acres 7 miles of Slaton, good set improvements, 120 acres in crop, landlord's share goes to purchaser at \$42 per acre, on good terms.

NO. 20. 15-section ranch six miles from Post in Garza County; good ranch improvements and plenty of water, half tillable land. Let me hear from you if interested in a nice little ranch of this kind.

NO. 21. 120 acres 12 miles of Wilson, 2-room house and good outbuildings, wind mill, 70 acres in cultivation, \$21 per acre, \$1,600 cash, balance one to nine years at 8 per cent; small amount on contract, balance and possession Jan. 1, 1920.

NO. 22. 270 acres, five miles of Slaton or Wilson, good 9-room house and other good improvements to match. You must see this place to appreciate it; \$47 per acre on good terms.

Corn on the J. A. Russell Farm, Seven Miles West of Slaton.

Crops like these can be found anywhere in this section of the country.

NO. 23. 210 acres, fine improvements, 150 acres in cultivation; just the best kind of red land; \$50 per acre. Let me show you this farm if you want a good one.

NO. 24. 1625 acres very best land, good set improvements, lots of sheds and wind brakes, good grove and shade, five miles of Slaton. This tract of land is a bargain at \$30 per acre; on good terms if desired.

NO. 25. 320 acres well improved land, six miles of Wilson, six miles of Tahoka in Lynn County. Dandy new 6-room house, well finished, with bath, two closets and porch, good barn, storm cellar, well and mill, good young orchard; all fenced and cross fenced, 120 acres in cultivation; priced at \$37.50 per acre, \$5,000 cash, balance one to five years at 7 per cent.

NO. 26. 480 acres three miles from Slaton, one of the best farms in the Slaton territory, 4-room house, stable, well, mill and tank, good young orchard, good car shed. 160 acres in cultivation, \$42.50 per acre, \$15,200 cash, balance best of terms.

NO. 27. 160 acres unimproved land four miles of Slaton, a good farm and only \$30 per acre, all cash.

NO. 28. 2560 acres at \$8.50 per acre, four nice sections, one section of tight land, three mixed sandy land, in Yoakum County, 23 miles west of Blythe; good 3-room house, 14-foot mill over 4-inch well; 8 miles of good wire fence, stables and corrals, \$11,650 cash, \$640 per year for eight years at 8 per cent; \$5,120 runs 30 years at 3 per cent. A dandy little ranch cheap, and good terms.

NO. 29. 201 acres one mile Southland and good school, fenced but no buildings, 100 acres in cultivation; a good piece of land at \$37.50 per acre, on good terms.

NO. 30. 480 acres 4 miles of Wilson, Texas, good new 6-room house, good stables and corrals, windmill, large tank, smokehouse and outbuildings, 240 acres of the best crop in the country. With this place we can sell 8 head of good work horses and mules, 4 good cows and calves, all chickens on the place, 8 set of harness, 2 wagons, 2 lister planters, cultivators, harrow and all other tools on the place. We can sell the farm alone or will include all the crop, stock and tools and sell at a bargain price. If crop and stock are included will accept \$11,000 in good royalty, \$4,000 cash, and good terms on balance.

NO. 31. 1381 acres of Lubbock County's best land, only 5 miles south of Lubbock, a good 7-room house, good barn, well, mill and tank, several good outbuildings, garage, good orchard, in fact a first class improved place, 200 acres or more in cultivation. There is no better stock farm in Lubbock territory and can sell at \$32.50 per acre, all cash.

NO. 32. 496 acres; the best kind of land, only 5 miles of Lubbock and

right at loading switch on the Santa Fe main line, big 7-room house, barn, garage, granary, orchard, sheds and corrals. You won't need to spend a cent on this place for a first class home, 180 acres in cultivation and only \$42.50 per acre for an all cash customer.

NO. 33. 640 acres adjoining the town of Slaton, 520 acres in good state of cultivation, two good houses, two good barns, meat houses and other outbuildings, good wheat granary with 2,000 bushels capacity, two good wells and windmills, with concrete water tanks for stock, \$65 per acre if sold together, \$75 if subdivided; one-fourth cash, balance to suit purchaser with 8 per cent interest. Will take \$5,000 in Liberty Bonds. Three acres of fine young orchard, fine fruit.

NO. 34. 522 acres adjoining same tract, one mile from town, 185 acres in cultivation, fine farm, good house and barns, and other outbuildings, 337 acres in good grass, all fenced with the best fencing; on-fourth cash and balance to suit purchaser at \$46.50 per acre. Will take \$5,000 in bonds. A real bargain and close to a good town, school and churches.

NO. 35. 263 acres, 190 in cultivation, balance in good grass, good house, barn and other outbuildings, good orchard, fine water, and only one mile and a half from town; a snap at \$60 per acre; one-fourth cash, balance to suit at 8 per cent. Will take \$3,000 in Liberty Bonds.

The following land is in Terry Co., Texas, near Brownfield. These are real bargains for builders.

NO. 36. 200 acres one mile south of Meadow, good 3-room house, mill, large dirt tank, sheds and corrals, all fenced. There is no better land in Terry County. \$24 per acre, \$1,000 cash, balance one to five years at 7 per cent interest.

NO. 37. 322 acres, joins the above tract and can be sold separate or together. No improvements, but a perfect piece of land, \$21 per acre, \$2,250 cash, balance 1 to 5 years at 7 per cent.

NO. 38. 3306 acres; a dandy small ranch for some one. This is all good farm land, only 2 miles from Meadow, 7 miles from Brownfield. No improvements, but a real bargain at \$20 per acre, \$21,500 cash, balance one to five years at 7 per cent.

NO. 39. Good section of land seven miles of Brownfield, sandy loam land, a real bargain at \$14 per acre, half cash, balance best of terms.

NO. 40. Another good section, 3-room house, two wells and mills, 100 acres crop; half of this section sandy, balance medium tight land; six miles of Meadow. A good home at \$14 per acre, half cash, balance one to five years at 7 per cent.

NO. 41. 2240 acres; a nice little ranch, with ranch house, well, mill and tank; 6 miles of Brownfield. A snap at \$16 per acre; \$14,560 cash, balance 1 to 5 years at 7 per cent. Lease with this on two more sections if desired.

NO. 42. 9907 acres, all good land, a fine tract to sell out in small tracts, two small sets improvements, seven to fifteen miles of Brownfield; \$17.50 per acre; \$6,500 per acre cash, balance good easy terms at 7 per cent.

We have a nice six-section ranch right at a good town in Terry County, all best level land, at \$20 per acre. Thirteen sections 3 miles of good good town Gaines County, \$15 acre.

Thirty sections four miles of good town, Gaines County, \$12.50 per acre. Fifteen sections right here near Slaton at \$15 per acre. Let us show you these places.

Now is the time to come and look at this land before the fall rush begins. Get here and select your farm and realize a \$5 to \$10 increase in value this fall. Write us in regard to any of the above if you are really interested.

NEW DEMOCRATIC PARTY IS DIVIDED

BAILEY CROWD OUTLINES PRINCIPLES—FERGUSON MEETING FORMS NEW PARTY.

Fort Worth, Texas.—A new political party state application and national ambition, styled the "American Party of Texas" was launched at the "Ferguson meeting."

A reaffirmation of democratic principles was made by another assemblage, popularly described as the "Bailey meeting."

It is yet to be determined whether the latter movement will continue within, or without the democratic party as at present constituted. Each of the meetings adopted platforms which, in effect, parallel each other upon most points.

The "American Party" is the new name for the so-called "People's Democratic Party," projected by Clyde Essex of Cleburne, former Governor Ferguson and others.

Many of Mr. Bailey's friends declined after reaching Fort Worth, to go into the meeting of that party. Therefore the so-called "Bailey meeting" was arranged.

Although couched in different language, the two platforms are in effect the same on these points:

Demand of state's rights.
Opposition to national prohibition and national woman's suffrage.
Demand that no constitutional amendment be adopted save by direct vote of the people.

Opposition to the league of nations.
Opposition to the mingling of church and state.

Opposition to government ownership of railroads.
Opposition to governmental extravagance and increased taxation.

The "Bailey principles" also denounce the "growing tendency to regulate everything by law," express opposition both to socialism and to monopoly, declare for free speech and oppose class legislation and class domination.

The American party platform also demands liberal pensions for former soldiers and political preference for former soldiers, opposition to price fixing trusts, with especial reference to food-stuffs, a demand that labor "receive its just reward and a living wage," and capital "just protection and treatment," a demand that more liberal loans be made possible under the federal farm loan act.

HENRY FORD AWARDED SIX CENTS IN LIBEL SUIT

Attorneys for Both Sides of Case Hail Verdict as a Victory.

Mount Clemens, Mich.—A jury has awarded Henry Ford 6c damages against the Chicago Tribune for calling him an anarchist.

Orvy Hulet, foreman of the jury, said that they took "nine ballots that I can remember." The first one, according to Leonard Measel, another juror, stood eight to four in favor of awarding Mr. Ford some damages.

Attorney Alfred J. Murphy for Mr. Ford said:

"The important issue in this case has been determined favorably to the plaintiff. He has been vindicated."

"Money damages were entirely subordinate and were not sought by Mr. Ford. He stands not only vindicated, but his attitude as an American citizen has been justified after a trial which raised every issue against him which ingenuity and research could present. His friends are entirely satisfied."

Weymouth Kirkland of counsel for the Tribune, said:

"We consider it a victory for the reason that Attorney Alfred Lucking, in closing for Mr. Ford, stated that anything less than substantial damages would be a defeat for his client."

RAILWAY SHOPMEN'S STRIKE HAS BEEN DECLARED OFF

Men Will Return to Work at Once, Chicago Meeting Decides.

Chicago, Ill.—The railway shopmen's strike is off and the men will return to work at once. This is the decision of representatives of the strikers from widely scattered points throughout the country.

"The decision to return to work and the passage of the resolution wound up my meeting. There was a real element, which, it was generally dominated the session."

Service Established—Pre-war train crews branch of Texas railway is understood to be for Smith-art at 10:30 from Smith-art at 4:50 at both end south.

PLUMB SAYS MUCH WATER IN RAIL STOCKS

\$450,414,000 IN STOCK GIVEN AWAY BY 18 ROADS IN TEN YEARS AS BONUSES.

Washington.—The railroad brotherhoods, through their counsel, Glenn E. Plumb, has laid before the house interstate commerce committee their charges of corruption of the management of railroads under private control. The charges are that many of the great railway systems have been plundered systematically by the financial interests and that the railroads illegally held millions of acres of public lands.

Eighteen representative railroads of the country, the brotherhood attorney asserted, issued stock aggregating \$450,414,000 between 1900 and 1910 as bonuses and paid millions of dollars in dividends on these bonuses. These same railroads, he further charged, were "controlled in whole or in part by the Morgan interests, the Rockefeller interests and the Gould interests."

Coupled with the charges which came just before the house committee closed its hearings on organized labor's bill for elimination of private capital from railroad ownership was the demand of Mr. Plumb that congress make a thorough investigation of the matter so that "the American people may know to what extent it is sought to subject them to exploitation," under the other plans proposed for future disposition of the railroads.

There was no intimation as to what course the committee might take in regard to the request for an investigation, Chairman Egan, in half a dozen questions, indicated that to go into the charges would be like traveling over old ground, as they had been threshed out long ago. Plumb told the committee that he either had the evidence to support every charge or knew where it could be obtained.

WHEAT STANDARD CHANGE DEMANDED BY COMMITTEE

Senators in Statement Say Farmers Not Getting Fair Deal.

Washington.—Demand for a change in wheat standards which are "defrauding the farmers" was made by the senate agricultural committee in a statement signed by a majority of the committee, including democrats and republicans.

The committee action is the result of a protest from farmers throughout the United States, who fear they will suffer heavy losses this year.

While approving efforts to reduce the cost of living, the committee explained that the farmers' interests must be safeguarded.

Hundreds of millions of bushels of wheat have been shiveled by heat this season, it was stated, and under present grading rules can not sell for more than \$1.50 a bushel. Millers, however, plan to gather up this grain and make it into high-grade flour to sell at prices ahead of No. 1 wheat, the statement said.

INTERSTATE OIL CONCERN TO TEST TAX ON RECEIPTS

Three Federal Judges to Meet in Dallas Sept. 10 to Try Sonneborn Suit.

Austin, Texas.—The attorney general has been advised that the court of three federal judges will be at Dallas on Sept. 10 to call the case of Sonneborn Bros. vs. Cureton, attorney general, and Terrell, comptroller, wherein plaintiffs are attacking the validity of the Texas law taxing gross receipts, particularly as applied to dealers in wholesale oil and petroleum by-product.

The concern up to the filing of the suit had incurred \$37,000 penalties and \$17,000 in taxes.

It is the contention of the plaintiffs that since they are engaged in interstate business, the state law taxes interstate commerce and is, therefore, void.

Former Texan Resigns Presidency.

Dallas.—J. M. Davis, New York manager of the properties of the Baltimore & Ohio railroad system, has resigned his position, effective Sept. 1, to become president of the Rockhill Iron and Coal company and associated corporations, according to information reaching Dallas. Mr. Davis was formerly vice president of the Baltimore & Ohio line, and at one time resided in Palestine, Texas. He is one of a number of former Texas men to be given a position of responsibility with some big concern of the east.

Michaelis Denies Charge.

Berlin.—Dr. George Michaelis, former imperial chancellor, has sent to German newspapers a statement declaring he did not refuse to negotiate with England through Pope Benedict in 1917 as has been alleged by Premier Bauer in recently published statements.

George Burkett of Eastland Resigns.

Wilmington, Texas.—District Judge Joseph Burkett of Eastland has resigned as of the eighteenth district effective Sept. 1. He desires to return to private practice, it is said.

Asks Use of Secret Service.

Washington.—President Wilson has asked congress for authority to use secret service in running down tea and food hoarders and for a appropriation of \$175,000 for the

FOOD CONTROL ACT ENJOYS USUAL DRAG

FINAL ACTION ON LAWS TO CURB DIVISION OF FOOD STORES IS EXPECTED SOON.

Washington.—Action on amendments to the food control act suggested by Attorney General Palmer as a means of reducing the high cost of living has been blocked in the senate agricultural committee, Chairman Gronna hopes the committee will act finally at an early date.

The house agricultural committee proceeded with its hearings with a view to an early report on the amendments. Members of the house have been summoned to Washington in the hope of early action on this and other legislation recommended by President Wilson.

In the senate committee, Senator Harrison (Dem.) of Mississippi urged that the committee act immediately, but his motion was defeated, 4 to 2.

In opposing the amendments, Senators Smith of South Carolina, as well as Senator Ransdell, took the position that sufficient power now exists to meet the situation.

Close co-operation between state authorities, who possess detailed information of food and price conditions, and the attorney general and his staff of assistants, empowered to enforce the food control law, is being established as part of the government's fight to reduce the cost of living.

CHICAGO FOOD PRICES FALL WHEN ATTACKED

Receipts of Army Supplies and New Produce Causes Great Declines on the Markets.

Chicago, Ill.—Concerted attacks by federal, state and municipal officials on the high cost of living has resulted in lower prices of many articles of produce to Chicago consumers. It was the first definite benefit to result from the attacks on food profiteers and hoarders. With the decrease in wholesale and retail prices there came a substantial increase in receipts of various articles of food. It was said that producers were rushing shipments to the Chicago market in fear of a further reduction of prices in the near future, and large quantities of supplies were being taken out of cold storage warehouses and offered for sale. The first sale of army canned goods at two department stores resulted in the disposal of 60,000 cans of corn and peas at a saving of 80 per cent over the current retail price. To meet this competition there was a general reduction of prices by retailers.

The prevailing retail price for sugar was 12c and 13c a pound in a majority of stores after the federal food administration officials had declared that 12c was a fair price. A few days ago sugar sold as high as 16c a pound. Potatoes dropped \$1 per 100 pounds in retail price and there was a corresponding reduction in nearly all vegetables and fruits.

DAYLIGHT SAVING LAW REPEAL AGAIN VETOED

Wilson Explains He Believes Industry at Present Needs Operation of Law.

Washington.—President Wilson has vetoed the bill repealing the daylight saving law.

The president said he returned the bill without his approval with "the utmost reluctance," because he realized "the very considerable, and in some respects very serious, inconveniences to which the daylight saving law subjects the farmers of the country."

Declaring the pressing need of the country was for production by industry, the president said he had been obliged to "balance one set of disadvantages against another" and decide which was the more serious for the country.

CARRANZA GOVERNMENT IS SENT SHARP WARNING

Must Protect American Lives or United States Will "Change Policy."

Washington.—The first definite move toward the long-expected change in policy in dealing with Mexico has been disclosed. Carranza has been warned that if the murders and outrages of Americans continue, the United States "may be forced to adopt a radical change in its policy with regard to Mexico."

Men at Love Field Transferred.

Dallas.—Either a discontinuance of Love field or the employment of civilians to carry on the work is expected at that post by Lieutenant I. H. Edwards, executive officer, following preliminary instructions to transfer most of the enlisted personnel to Kelly field, San Antonio.

English Women Learning to Smoke.

London.—So many English women have become confirmed smokers that in recent months railway employes have hesitated to enforce the rules against smoking in certain carriages.

Sinn Fein Will Be Broken Up.

London.—The government announced that, owing to increase in crime in county Clare, Ireland, it has decided to suppress all Sinn Fein and kindred organizations in that country.

Texas Silver Mines.

Washington.—During the first six months of 1919 the Presidio mine at Shafter, Texas, and other properties in western Texas have been producing at the rate of 590,000 ounces of silver a year.

Telephone Substitution.

Dallas.—Substitution of automatic telephones for the manual instruments in Dallas will begin as soon as manufacturing conditions are such as to enable the telephone company to get the necessary equipment and material.

MORE PAY DEMANDED BY RAILROAD MEN

WAGE SCALE INCREASE FROM 35 TO 65 PER CENT ADOPTED BY BROTHERHOODS.

PLAN MANY OTHER DEMANDS

Two Firemen for Larger Coal-Burning Engines Required Until Mechanical Stokers Installed.

Cleveland, Ohio.—A 35 to 65 per cent increase in wages is demanded for 117,000 firemen and hostlers on railroads in the United States and Canada in a wage scale adopted before adjournment by 300 general chairmen of the Brotherhood of Locomotive Firemen and Enginemen in session here.

Another demand to be presented to the director general of railroads is that all coal burning locomotives in road service weighing 200,000 pounds and over shall be equipped with mechanical stokers and that two firemen shall be employed on all such locomotives until they are so equipped.

About half of the 80,000 engines in the United States will come under this proposal, only about 5,000 of which are equipped with mechanical stokers at present.

In accepting the report of the wage committee some modifications were made, but the report was adopted in the main part.

Rate of pay for firemen and helpers in passenger service \$6.50 per day of 100 miles or less, except when Mallet engines are used, when \$7.20 shall be paid.

Overtime in passenger service will be computed on the present basis at a speed of 20 miles an hour.

In freight service on engines weighing less than 200,000 pounds, firemen shall be paid \$6.50, and on engines weighing over 200,000 pounds \$6.80 per day of 100 miles or less, overtime to be computed on present basis at a speed of 12½ miles per hour.

Inside hostlers shall be paid \$6.50 per day and outside hostlers \$7.20 per day, eight hours or less to constitute a day's work. All time work in excess of eight hours to be paid at rate of time and one-half.

MEXICAN BANDITS HOLD TWO AMERICAN FLYERS

American Aviators Threatened With Death Unless \$15,000 Ransom Paid.

Marfa, Texas.—Letters purporting to be from Lieutenants Paul H. Davis and Harold G. Peterson, American army aviators, missing for over a week, have been received here at military headquarters. The letters stated the aviators were being held by bandits for \$15,000 ransom somewhere in Mexico and were threatened with death unless the ransom was paid, according to the letters.

The demand for the ransom was received here and a report made at once to Major General Dickman, commander of the southern department. An unconfirmed report was also received here that the aviators were being held at point close to the American border and that Chico Cano, a famous bandit of the Big Bend-Ojinaga district, was the leader of the bandit band hiding the aviators.

GERMAN PEOPLE GIVEN VOICE IN CONSTITUTION

Legislature to be Elected by General, Equal Ballots of Men and Women.

Berlin.—The new German constitution which was passed by the national assembly after months of debate and which became effective this week, provides that individual states will have legislative rights, but the imperial law will supersede those of the individual states. Each state must have a liberal constitution with a legislature elected by all Germans, men and women.

The constitution lays down rules for altering the empire territorially, providing that plebiscites shall be held in districts affected.

The reichstag supercedes the temporary national assembly. It will be elected for a term of four years. The president will be chosen by the entire German people instead of by the assembly, and will hold office for a term of seven years.

Men at Love Field Transferred.

Dallas.—Either a discontinuance of Love field or the employment of civilians to carry on the work is expected at that post by Lieutenant I. H. Edwards, executive officer, following preliminary instructions to transfer most of the enlisted personnel to Kelly field, San Antonio.
