Continuous Job for U.N. in Holy Land

Four Mixed Armistice Commissions, each with a United Nations Representative as chairman, are on the job in Palestine to help Israel and her neighbors maintain the peace they agreed upon a year ago with U.N. help. At left, MAC members look over the ruins of a tank. At right, they supervise the reclamation of soldiers' bodies from unmarked desert graves where they were temporarily buried.

\$755 Contributed By Slaton To The 1950 March Of Dimes Drive

FFA Chapter Will Observe FF Week Beginning Feb. 19

The Slaton Chapter of the Future Farmers of America will observe the week of February 19 to February 25 as Future Farmer Week, according to information released this week from local high school representatives.

In an official memorandum released January 26, Governor Allan Shivers designated this week and asked that it be fittingly observed by our young people and by all citizens.

The major purposes of the Future Farmers of America organization are to develop leadership, encourage cooperation, promote good citizenship, teach sound methods of farming, and inspire patriotism among the members.

M. B. Tudor, chairman of the Slaton Lions Club March of Dimes Drive, reported this week that a total of \$755.00 has been donated to the fund by Slaton people.

Of the total the largest amount taken from any one collection box was from the V.F.W. Hall, where the box was filled. This box contained \$162.62.

The talent show which was presented by the Civic Clubs of the town on Friday, January 27 turned in \$187.00 to the fund and the remainder was taken from the containers that were placed in the business houses over town.

Mr. Tudor reported that he feels that the V.F.W. organization was particularly active in the drive and the members of the Lions Club appreciate the V.F.W. effort in making the drive a success.

The drive was to have ended last week but the containers were left at the business places during the week and the results were well worth the trouble.

MISS LEONITA TUNNELL

Pictured above is Miss Leonita Tunnell who was recently elected by the Slaton High School student body as Sweetheart of the Future Farmers of America.

Leonita, the daughter of Mr. and Mrs. Harvey Tunnell, is a senior student having spent all four years of her high school career in Slaton.

She is a very talented musician, has been a member of the high school band for three years, and is an outstanding student in speech.

Home Expansion Greatest Since Slaton Founded

Reports indicate that Slaton is having one of the largest home building booms that the city has witnessed perhaps since the city was first established.

No statistics are available on how many houses were built in Slaton during the past year, but investigation into present construction shows that forty-four new homes are either under construction or have been completed since January of the present year.

On Crosby Street alone two homes have been completed since the first of the year and three are under construction. Those completed belong to Mr. and Mrs. Calvin Lamb at 640 W. Crosby and to Mr. and Mrs. Donald Polk at 1055 W. Crosby; and those still under construction on that street belong to Mr. and Mrs. Weldon Martin at 525 W. Crosby, Mr. and Mrs. Fred Schmidt, jr., at 600 W. Crosby, and Mr. and Mrs. Billy Brackeen at 650 W. Crosby.

Mr. W. E. Kidd has five houses under construction now, four of them are located on 14th Street and one on 4th Street.

Other homes which have been completed since the end of 1949 include homes belonging to Mr. and Mrs. D. C. Robison at 825 S. 15th Street, Mr. and Mrs. J. W. Pettigrew at 815 S. 15th Street, Mr. and Mrs. O. E. Lankford at 220 S. 17th, Mr. and Mrs. L. O. Lemon on 6th Street, and ten other whose names and addresses were not available.

Homes which are expected to be completed soon are those belonging to Mr. and Mrs. Bill Kelley at 1140 W. Lynn, Mr. and Mrs. C. L. Davis at 1140 W. Garza, Mr. and Mrs. James Bollier at 615 S. 11th, Mr. and Mrs. Nesbitt Wilford on South 14th, Mr. and Mrs. M. D. Geer at 945 W. Dickens, Mrs. N. L. Huckabay on 12th Street, Mr. and Mrs. Bill Brake on West Scurry, Mr. and Mrs. Pike on Dayton St., one farm home, and fourteen others whose names and locations were not available.

Although this list is incomplete and the total is perhaps somewhat short of other homes which could not be found, the listing gives some idea of the proof of the physical growth which Slaton is now undergoing.

Sunday Designated As Boy Scout Day At Baptist Church

Sunday will be Boy Scout Day at the First Baptist Church. All scouts, their parents and friends are welcomed to attend the service, the pastor said. Seats will be reserved for the scouts who attend Sunday.

Four additions to the Church by letter, one by baptism, and two rededications were made last Sunday. In Sunday School, 344 were present and 26 at the Mexican Mission, making a total of 370. Training Union attendance was 114.

A representative group of the various committees connected with the building plans were present Monday evening to see the plans presented by an agent from Butler and Brasher Architects. Floor plans and plans for letting the contract in the near future were discussed by the group.

Mr. and Mrs. Bill Crawford and son from Los Angeles, Calif., visited several days this week with Mrs. Crawford's parents, Mr. and Mrs. W. F. Austin. Mr. Crawford is enrolled in dental school in Los Angeles.

Slaton Well Represented At Scout Meet At Cooper High Monday

Boy Scout troop 29 of Slaton made an excellent showing at the Scout-A-Rama held at the Cooper High School last Monday night, February 6th.

Troops from about thirty counties that make up the South Plains Boy Scout Council, were in attendance. Scout Master Bob Burnett of the Slaton troop, reported that the local scout executives have asked that a Scout-A-Rama be held in Slaton sometime within the near future and that prospects look very favorable for such a meeting.

At the Cooper Scout-A-Rama, the local boys were eliminated in the pyramid building contest and tied for 3rd place in fire building with flint and steel. Tommy Kyle was the Slaton entrant.

The Slaton group took 2nd place in knot tying and Slaton was well represented at the meeting.

Those who received awards at the Cooper meeting were: Tommy Kyle, David Collins, Tracy Crawford, Stanley White and Edwin Gattis.

Scouts and explorers from troop 29 who were present were Ray Aylesworth, David White, Larry White, Carson White, Danny Fondy, Chester Fondy, Wesley Reed, Danny Holt, Paul Pearson, James George, James Hayse, Donald Spradley, Derrel Craig, Clifton Blott, Teddy Pricer, Clifford Walker, Joe Ward, Charles Brown and Wayne Eakin.

Football Club Plans For Banquet Feb. 21

Slaton's Touchdown Club will hold its annual football banquet Tuesday night, February 21, in the Slaton Club House, according to J. H. Berkley, president.

Tickets are scheduled to go on sale Monday, February 13, and may be purchased from any Touchdown Club member. Other arrangements were incomplete Wednesday, but final plans will be announced next week.

Mr. and Mrs. Edwin Forrest and Mrs. Earl Reasoner attended the Fat Stock Show in Ft. Worth last week end.

Yellow English Rosebud dinner is open stock at Champions Jewelry.

Grads Make Plans For June Reunion Of Class Of 1930

Twenty graduates of the 1930 class of Slaton High School were present Sunday at the VFW Hall to make plans for the reunion of the class which will be held June 17 at the Slaton Club House.

Tentative program for the day as decided by the group will include registration at 9:30, basket lunch at noon, dinner, and following the evening meal will be an informal entertainment to be held at the VFW Hall for the graduates and their families.

More detailed information concerning the reunion will be carried in later issues of the Slatonite.

All addresses of the graduates have been found with the exception of three which it was believed could be found this week. Many letters and phone calls have been received by the reunion instigators from various points in the state and some from as far as Arizona, New Mexico, California and Alabama.

Those present Sunday for the meeting to make reunion plans were Cecil Austin, Mrs. A. G. Woillard, Mr. and Mrs. Paul Basinger, Mr. and Mrs. Otis Cannon, Mr. and Mrs. Lawrence Evans, Mr. and Mrs. George Lemon, Mr. and Mrs. Cecil Scott, Edwin Haddock, Mrs. Glenn Ward, Fabian Stahl, Mr. and Mrs. Vassar Browning, Tyvall Sisk, and Mrs. Hub Taylor.

Former POW's Can Collect Benefits

James C. Bryant, veterans county service officer, will be in Slaton this afternoon from 1 to 5 p. m. in the V.F.W. building to assist former Prisoners of War in applying for subsistence for which they are entitled.

Former POW's who have not made application for their benefits and who need help are urged to contact Mr. Bryant. Veterans will be allowed one dollar per day for each day they spent as a POW.

MERCY HOSPITAL NEWS

Admitted to Mercy Hospital during the past week for major surgery and treatment were Wilford Kitten, Hugo Wuensche, George Brown, Mrs. Otto Heinrich, Mrs. Francis Grabber, Mrs. Lula Caldwell, Mrs. Joe Tate, and Mrs. Parcham, resident of Justiceburg.

Mrs. Gus Robertson will leave Sunday to visit her daughter Mrs. Kenneth Kimbro and Mr. Kimbro in Austin. Mrs. Robertson and Mrs. Kimbro plan to visit in New Orleans later.

Remember him with a Valentine gift from Champions Credit Jewelry.

Slaton Burglary Is Investigated

No additional information had been revealed late Wednesday afternoon by the local police department in the Monday night burglary of the Smith Grocery, located at 330 North 9th Street.

Owned and operated by Homer Smith and his son Elza, the store was entered late Monday night by intruders who took a variety of property. A portable radio, an electric razor, approximately 100 pennies, about \$15 worth of cigarettes, and a quantity of candy, meat, tomatoes, and bread were reported taken.

Entry was made at a rear door, after tin shears had been used to cut into a sheet of metal.

Smith Grocery is the former Teague Food Store, the Smiths having purchased the store shortly after the first of the year.

Other cases handled by the police department during the past week include three traffic, and five vagrancy charges handled in City Court, according to Ernest Ward, chief of police.

Piggly Wiggly Has New Mkt. Manager

Claude Power, new Piggly Wiggly employee, has recently been assigned to the Slaton store as manager of the market department. He assumed his duties here last week.

Originally from Ballinger, Tex., Power came to Slaton from Piggly Wiggly store number 18 in Lubbock. He has been with the store for only seven months, working in the Littlefield store before coming to Lubbock. He has been a butcher for fourteen years, having begun in Ballinger.

He is married and has three children. At the present he is commuting from Lubbock until suitable housing facilities can be found here in Slaton.

Dr. and Mrs. R. W. Ragsdale spent the week end in Midland where they visited with Mrs. Ragsdale's parents, Mr. and Mrs. L. I. Baker.

Mr. and Mrs. R. D. Hickman and Patsy visited over the week end in Baird, Texas with Mrs. Hickman's sister.

Mr. and Mrs. Lee Wootton and Miss Cora Sealy attended the wedding Sunday of their niece, Miss Jean Hicks of Meadow, to Harold Foster of Ontario, Calif.

Remember her with a Valentine gift from Champions Credit Jewelry.

Local Highways To Get \$30,600 For Surface Repairing

In a recent meeting of the Texas Highway Commission, a resolution was passed calling for highway surface improvement around the Slaton area which will amount to an estimated \$30,600 in costs.

On Highway 84 from Slaton to the Lynn County line, 3.1 miles will receive seal coating costing \$2,800; on Highway FM 41 from US 87 to 5.0 miles west of Slaton, 6.8 miles will receive seal coating costing \$5,600; on Highway FM 400 from US 62 to Hale County line, 11.3 miles will be seal coated costing \$10,300; and on Highway FM 41 from Hockley County line to US 87, 14.6 miles will also receive the seal coating costing \$11,900.

The entire program, including the above work to be done in Lubbock County, calls for almost 3000 miles of betterment projects at a cost of \$5,890,000. One hundred and sixty-eight counties have projects on the program.

Ten Slaton Men Attend Oil Meet

Ten Slaton men were among the more than 150 area Conoco dealers, employees, and interested persons attending a dinner meeting Wednesday night at the Hilton Hotel in Lubbock.

Attending from Slaton were Kirby Dunlap, H. G. Schuette, Pete Grandon, Tony Angerer, Walter Smith, Dick Ragsdale, F. B. Sexton, Bill Hendricks, Leonard Conner, and O. N. Alcorn.

A new sales program being set up for a new type motor oil which will be out in the near future was outlined for the men attending. Leading the discussion was C. K. Rowland of Albuquerque, assistant division manager for the Continental Oil Company. He was assisted by E. E. Miske, district sales manager at Amarillo.

Pertinent details concerning the new motor oil were presented in lecture, color slides, and sound film.

THIS WEEK'S SMILES

A minister advertised for a handy-man and next morning a neat young man rang the bell. "Can you start the fire and have breakfast ready by 7:00?" asked the minister.

The young man thought he could. "Can you polish the silver, wash the dishes and keep the house and grounds tidy and neat?" was the next question.

"Look, Reverend," protested the young man: "I came here to see about getting married but if it's going to be anything like that, you can count me out right now!" —Southern Farmer.

Elementary P-TA To Have Special Program Monday

"Team Work Between the Agencies of the Community" will be the program topic for the meeting of the Elementary Parent-Teachers Association which will be held next Monday, Feb. 13 in the West Ward auditorium at 7:45 p. m.

A panel discussion will be held and talks will be presented on the churches and how they are meeting the challenge with children, speech on civic clubs in the community in connection with their work toward youth benefit, the scouting angle and what it is doing for today's youth, and a talk on what the city agencies are doing for our city's children.

In addition to the discussions, Mrs. Masterson's public school students will furnish a musical program.

The program as a whole will be dedicated to the founders of the P-T-A, and the individual Room Mothers will be honored with a tea following the meeting.

Former Slaton Man Dies At Harlingen

Royal H. Coffeen, who lived near Slaton from 1916 until 1920 and was well known in this section, died in a Harlingen Hospital last January 30th. He was a resident of the Southland area until a short time before his death.

Funeral services were held on February 4th, at Glenwood, Iowa, his former home.

He is survived by his wife who now resides in California, one daughter, Mrs. Lila Jensen of Honey Creek, Iowa, his mother, Mrs. Alice Coffeen, Mondamin, Iowa, a sister, Mrs. Bertha Wood, Mondamin, Iowa, and by three brothers.

Mr. and Mrs. Weldon Martin spent the week end in Lorenzo where Mr. Martin's father has been seriously ill.

Trades Day Program Terminates After Six Months Participation

Last of the Slaton Trades Day Drawings was held Monday, Feb. 6 on the City Hall lawn. The program which was begun in September and has lasted for the past six months was designed to encourage people in and around the Slaton area to do their shopping locally.

Listed below are the names of the winners in the Monday drawing:

From Adams Service Station the winner was F. J. Sehan; from C. R. Anthony Company, Mrs. K. A. Price; Ray C. Ayers and Son, Inc., W. N. Van Ness; O. Z. Ball and Son, James E. Perkins; Berkley and Haddock, L. A. Craft and Woodens Brewer.

From Clay Oates Department Store the winner was J. B. Wells, jr.; from Crow-Haral, Chevrolet Company, Ozell Ownby; Dickson Hatchery, Mrs. D. E. Adams; Eav-

es Produce, Jack Wadley; Huser Hatchery, A. C. Ownby.

Winners from Piggly Wiggly were W. H. Glasscock and F. J. Sehan; from Self Service Station, Martha Stollings; Slaton Implement Co., Jack Clark; Slaton Lumber Co., A. C. McKinney; Western Auto Associate Store, Robert Sokoll; and the three gifts from Slaton Motor Co. went to Lulu Ownby, L. A. Craft, and A. C. Ownby.

Those winning the three U. S. Savings Bonds were Gerald Pool, Mrs. Jim Bates, and Howard Limmer.

The Trades Day Program has been successful to some extent, although many revisions were needed. This is the first time such a plan has been attempted in Slaton, and many mistakes and flaws have been found; however, it is hoped that with the necessary revisions, the program can be continued in the future.

Table Tennis Legend
 Table tennis originated about 1889. According to one legend it was invented by a group of British army officers stationed in India. Fretting because the rainy weather kept them from enjoying their regular tennis, these officers—so the story goes—piled some books across the center of a large table, fashioned some balls out of cotton batting and proceeded to adapt their favorite pastime to table-top conditions. The name table tennis became more or less official in 1926 with the organization of the International Table Tennis federation.

Slaton Women Give Their Favorite Tested Recipes

This week we have something completely new and different, and it does sound grand. It is a Mexican recipe for cooking Enchilladas which was given to us by Mrs. Dudley Berry. Many people in town have spoken very highly of Mrs. Berry's Mexican dishes, so this week she was both anxious and glad to help us out with the recipe column.

First of all Mrs. Berry explained that the recipe will serve 12 people, and can be cut in half to make smaller quantities or it can be placed in the ice box and reheated for later servings.

Ingredients call for:
 1/4 lb. dried Mexican chilli peppers
 4 cloves or buttons of garlic
 2 large onions
 4 lbs. ground meat
 2 cups flour
 36 tortillas (3 for each serving)
 4 tablespoons salt or to taste
 Grated cheese and onion for topping.

Step 1
 Soak the dried Mexican chilli peppers in cold water for five minutes and wash thoroughly. Place peppers now in two quarts of water and boil for about 20 minutes and run through sieve.

Step 2
 Brown two cloves of garlic and two large onions to a golden brown.

Step 3
 Mix dry flour with the ground meat (part pork if desired) and brown. Add the already prepared pepper sauce, garlic, and onions to meat and cook together for

one hour. (If too thick add more water).

Step 4
 Take tortillas and dip in hot fat using three tortillas to a serving and stack tortillas in plate with layer of meat sauce between each. Top with grated cheese and onions. Mrs. Berry explained that when properly served according to Mexican taste, a fried egg is also placed on top of the tortilla stack; however she says the North Americans seldom like the egg addition. She suggested serving with the enchillada dish a vegetable salad, beans, Spanish rice,

and fritos.
 The Berry family lived on the Texas-Mexican border in Presidio for three years, and it was here that Mrs. Berry learned how to cook all her Mexican dishes.

Living in Slaton at 405 S. 9th, the Berry family is made up of Mr. and Mrs. Berry, of course, son Lyle, a high school junior, and Flo Beth Berry, a niece who is a high school senior.

JUST TALK

by
A.M.J.

It is not often that women tell fish stories but when they do the stories are usually good.
Mrs. W. R. Wilson is one of those rare women who like to fish. She returned last week from near Corpus Christi where she caught a 26 pound drum and she was as excited as Sug Robertson gets when he catches a nine inch trout. For Mrs. Wilson to land a 26 pound fish is pretty much of a fish story in itself, but if Mrs. Wilson says she caught and landed a 26 pound fish I am willing to accept it as a fact.

Elton Smith said last week that "Just Talk" is the only part of the Slatonite that he reads. While I appreciate the good judgment Mr. Smith shows in reading the enlightening facts sprayed about in this learned part of the Slatonite, I am afraid he is not getting his full money's worth. There's a lot of good stuff on the woman's page in the Slatonite telling about what the brides wore and how the tables were decorated, there are a lot of good bargains reported on the classified page and there's the question of the week concerning some much discussed problems of the day. He can find a lot of good news about what the merchants have to offer and get some ideas about the things the women talk about if he looks over the advertising and Mrs. Guhl's Chatterbox, there's a lot of hard work goes into the Slatonite, whether it looks like it or not, and if Mr. Smith does his duty he will take more time and read the remainder of the Slatonite for there's a lot of good, bulky, baloney in it.

Several times I have read about famous inventors, writers and scientists getting up in the middle of the night to make notes or work on some brilliant ideas that had come to their mind. To some extent I can understand why their most productive thoughts came to them at those unreasonable times of the day, for it seems to me that my own mind gets more active when I wake up in the middle of the night.
What I would like to know is how those other brilliant guys got by without waking up their wives or how they kept from freezing their thoughts to death at that hour of the night. Every time I have tried getting up my wife has asked why I have gone to bumping around the place, waking up the neighbors, disturbing the dog and ends up by telling me what her friend in Amarillo wrote her about some of our friends there and my beautiful though melts into nothingness and I wish I had never had it.

One of the things that a good journalist is supposed to have on his person at all times is a note book and a pencil, but I have never caught a single co-worker with either one since I have been in the newspaper business and I've worked on papers in nearly every part of the state of Texas.
Try to give an advertising man some copy for an ad and he'll tear off a piece of wrapping paper, dig out an envelope from the trash can or use ten or fifteen bank checks. Try to give a reporter a news item and he, or she, will try to write it down with a little pencil about two inches long, they also use bank checks, paper napkins

Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. and perhaps a shingle. They write in the Chinese language and never get initials correct, and I dare you to try to get them to correct an error once they have made it.

The old corn about the plumber having to go back for his wrench gets the big play, but the newspaper folks not only go to work without tools but refuses to go back to get them. No wonder the world is in such a mess.

It looks as if West Texas is going to be where the summer spends the winter. I've worn my top coat to town across my arm nearly every day for the past two weeks on the assumption that the cold spells the weather prophets have been predicting would materialize, but the same old balmy weather has continued. Perhaps the boys did some marvelous stuff in predicting the weather during the war, but they have certainly done some bum guessing lately. I'm making one more prediction, a sloppy, snowy last two weeks for February is coming, if it does not you can get your weather stuff from some one else.

Have you noticed the fruit trees, rose bushes and other things around your house lately? They will all be in bloom if nature does not do something to stop them. We've had three straight years for good fruit growing in this section and I do not see how such good luck can hold out. We even had apricots on our tree the last two years and I've lost my appetite for the things, but I certainly would like to get my molars into some good home grown peaches again this summer. I'm hoping for a hard freeze soon.

As to the merits and demerits of the labor troubles I am not in a position to give any sage advice but I often think about how much more dependent people of today are on each other and upon the close cooperation of big industries than we were when I was a boy.

While we had running water in our bath room and for watering the grass we used a well for water to drink and if the water supply were to get cut off our family and nearly every other family in town could have had water just the same. There were only a few telephones in the town and all of the cooking and heating was done with wood fires, every woman made biscuit and I never heard of a strike until I was a young man.

We of today are so dependent upon the cooperations of the unions and big industry that we could all very well get starved to death by some major strike and if some method is not worked out before long we are surly going to have some kind of eruption that would easily bring chaos to our nation. With too much of most everything its a shame that we cannot stand prosperity.

It is said that there is a considerable interest in the prospect of oil being developed in this area. There has been reports of higher lease pay for land near the city limits of Slaton and I'm sitting here waiting for Santa Claus without a single stocking to my name.

49th State?
Alaska, oldest and largest of Uncle Sam's outlying territories, would like to be the 49th state of the union. If it achieves statehood, Texans may have cause to fret, notes the National Geographic society, for Alaska is larger than the Lone Star state, plus California, plus Montana — the three biggest states now in the Union.

Aided Japan in War
During World War II, all Manchuria was under Japanese military control, having been overrun in 1931 and reconstituted as the puppet state of Manchukuo. Together with neighboring Korea (in Japan's hands since 1910), this huge backland area served Nippon as an arsenal of food and strategic minerals.

Postage Stamps
Railroads have been a favorite subject for postage stamp designers since the iron horse took over from the pony express, which also was depicted on a stamp. More than 65 countries have issued postage stamps picturing locomotives and trains, bridges, tunnels, tracks, mail cars, and other railroad equipment.

From where I sit ... by Joe Marsh

"Left-Handed Compliment"

See where a bank in Denver is putting in left-handed checkbooks. They figure their southpaw depositors deserve just as much consideration as the right handers.

Time was when it was believed that left-handed people had no right to exist at all. If a youngster showed signs of using his left hand, his parents were supposed to break him of the habit—to force him to use his right.

But today most doctors will tell you that changing a child's natural left-handed tendency usually causes more harm than good.

Stammering and other nervous disorders often get their start that way with children.

From where I sit, if a man wants to use his left hand—that's his business. It's not such a good idea to make anyone do things our way, just because we think it's right. Personally, I think a mellow glass of beer is the finest beverage on earth. If you happen to prefer a Coke—why, go to it! Only leave me the same freedom of choice, won't you?

Personal Injury Costs
In the dairy industry, the cost of each lost-time personal injury accident is equivalent to profits on 50,000 to 60,000 quarts of milk, or 10,000 to 12,000 quarts of ice cream. This estimate does not include property damage to company vehicles, time lost because of non-deliveries, or the cost of replacing and retraining employees.

Mr. and Mrs. Virgil Reed of Lamesa and Mr. and Mrs. H. G. Hamrick of Wilson visited Mr. and Mrs. C. S. Lindsey Sunday evening.

New Motor Oil Given Road Test

Continental Oil Company today revealed development of a new motor oil—the result of eight years' laboratory research, two winters of testing in Montana and Colorado, and a 50,000-mile road test in temperatures ranging up to 110 degrees, according to K. R. Dunlap, local agent for Continental.

The new oil, according to Mr. Dunlap, marks another advance in methods pioneered and developed by Continental to use additives in mineral oils to decrease wear and assure longer life for engines.

The spectacular road test made on the Mexican border in the summer of 1949 showed the oil "practically stops wear before it starts," Mr. Dunlap reported. "In fact, in measurement with highly sensitive instruments, wear averaged less than one-thousandth of an inch on cylinders and crankshafts. Original factory machining marks were still visible on piston rings."

In the 70-day road test, six cars and four trucks piled up a combined half-million miles at an average speed of 60 miles an hour by cars and 50 by the trucks. Traveling 800 miles a day, six days a week, each car rolled up a minimum of 50,000 miles in the test. This distance equals five years' mileage for the average family car.

The severe road test was certified by Norman Penfold of the Southwest Research Institute. Penfold is acknowledged as an outstanding independent authority on oil testing.

R. H. Coffeen Dies

Mr. R. H. Coffeen who had been a resident of Southland for thirty-five years died in Harlingen, Tex., Monday, January 30 after a short illness. He and Mr. Jake Hatcher had been in Harlingen about two weeks when Mr. Coffeen became ill and died. The body was shipped to Glenwood, Iowa, and buried beside his wife. Mr. Coffeen's daughter, Mrs. Lila Jensen, and his mother both live in Iowa.

While living in Iowa, Coffeen was acting assistant Post Master under Jake Hatcher, and they have been close friends since that time. The men had gone to Harlingen to spend a month or two during the remainder of the winter.

Six Platinum Metals

There are six platinum metals. They are platinum, palladium, rhodium, ruthenium, iridium and osmium. These precious metals serve the public extensively in hard-working commercial industries as well as for jewelry. Two, platinum and palladium, are most used for purposes of personal adornment.

Cotton Leads

Cotton, still far in the lead among textile fibers, supplied 57.4 per cent of the nation's textile needs in 1948, compared to 58.4 per cent in 1947, 65.5 per cent in 1940-44, and 60.6 per cent during the prewar period 1935-39.

I. J. Kempf says oil wells are being drilled near his farm which is located near Snyder.

The first Labor day was held as a local celebration in New York City on September 5, 1882. During the next 12 years the holiday, observed on the first Monday in September, was legalized in 30 states. Now it is celebrated in every state of the Union, the District of Columbia, and all U. S. territories.

Soccer was known merely as "football" in England until the latter part of the 19th century. An "unsportsmanlike" run with the ball in 1823 by a Rugby college student accidentally produced a new form of the sport. Running with the ball soon gained recognition and demanded distinction from the original game.

Salad
For variety in salads, combine the cabbage with shredded carrots and a small portion of grated onion. Diced unpeeled apples, celery, and nuts combined with shredded cabbage make a delicious salad. Another favorite combination is green pepper, cucumber, and cabbage.

Sunday Bride-To-Be Is Honored With Miscellaneous Tea-Shower

Miss Juanita Elliott was honored Thursday evening, February 2 with a miscellaneous tea-shower given in the home of Mrs. Charles Marriott from 6:30 until 8:30.

Miss Elliott, daughter of Mr. and Mrs. J. A. Elliott, is to be married Sunday afternoon, February 12 at 3:00 in the First Baptist Church to John Fredrick Shide, son of Mr. and Mrs. Clarence O. Shide of Columbus, Ohio.

Mrs. Marriott greeted the guests at the door and those included in the receiving line were the honoree, her mother, Mrs. Fannie Patterson, and Miss Cora Sealy.

The bride elect's colors, red and white, were carried out in the decorations with a valentine motif. The table was laid with a white linen cloth centered with a large bowl of red carnations.

Mrs. Fred Tudor and Mrs. Jemelia Brown served the refreshments and presiding at the bride's register was Mrs. J. R. Saunders.

Hostesses for the occasion included Mrs. Ralph Hayes, Mrs. B. A. Hanna, Mrs. F. A. Drewry, Mrs. Elbert Wilson, Mrs. J. R. Thompson, Mrs. Milton Fields, Mrs. Joe Teague, jr., Mrs. R. D. Adkins, Mrs. Robert E. Lee, Mrs. Floyd Pearson, Mrs. W. G. Elkins, Mrs. Vascor Browning, Mrs. Fred H. Schmidt, Mrs. Wade Thompson, Mrs. R. L. Smith, jr., Mrs. Charles Marriott, Mrs. Fred Tudor, Mrs. Jemelia Brown, Mrs. Fannie Patterson, Miss Cora Sealy, and Mrs. J. R. Saunders.

Daughters - Pioneer Study Personality In Home Decoration

"Pipe Dreams Come True" in connection with home decorations was the general topic for study at the Monday, Feb. 6 meeting of the Daughters of the Pioneer held at the home of Mrs. D. C. Stotts.

In her talk to the group, Mrs. Edwin Forrest brought out many informative points about harmonizing the home and personality. Mrs. Forrest stressed the fact that the mistake most people make is trying to keep up with the Joneses rather than using their own ideas and originality to reflect their individuality in their homes.

To illustrate the above point, Mrs. Forrest showed photographs of movie actor Henry Fonda's home which in its casual and comfortable appearance reflected his informal personality.

Second part of the program, entitled "Use Your Hobbies for Decoration," was presented by Mrs. Cecil Scott. As her illustration of how hobbies can be used most effectively for home decorations, Mrs. Scott showed two rare books which are part of a "rare book collection" of O. B. Ratliff of Lubbock. The books were brought back by him from Germany, and his hobby is used as a very attractive home decoration.

Next meeting of the Pioneer group will be held Feb. 20 in the home of Mrs. Joe Teague, III.

Local Art Club Has Recent Book Review

At the regular monthly meeting of the Slaton Art Club, "The Rape of La Bell" by Hahn was reviewed for the group by Mrs. F. A. Kleinschmidt.

Hahn's book relates the true story about the pictures of the old masters which had been stolen, changed, and marred greatly in order that they would not be recognized; but after the added pigments began to wear away, they were identified as the originals.

Also at the meeting one copper plaque and nine pictures were exhibited. Four of the pictures were sunset interpretations and the others were of various miscellaneous subjects.

Three guests were present for the January meeting including Mrs. J. B. Huckabay, Mrs. Joe Teague, and Mrs. Edwards from Lubbock.

Refreshments were served to the group by the hostess.

Former Slaton Girl Is Married Feb. 1

Mrs. May Gibson of San Angelo, formerly of Slaton, is announcing the marriage of her daughter, Hazel to Cpl. Lincoln E. Gardner. The couple was married February 1st.

Mrs. Gardner attended school in Slaton and in San Angelo. Cpl. Gardner is the son of the late Mr. and Mrs. D. W. Gardner. He attended school in Edmonton, Canada and Lynn, Mass., and joined the Air Force in 1946.

The couple are living in San Angelo at 518 East Koberlin St.

Banish Dust First

Before painting is started in a room, careful dusting is highly important. It should be done immediately before painting starts. Work should be done from the top of the room downward.

Founders' Day Is Observed By P-TA

Founders' Day was observed in the program of the High School P-TA, held at the Club House Thursday evening, Feb. 2, with Mrs. R. M. Shepherd speaking to the group on the purposes of the endowment fund and the Founders' Day offering.

Carlton Scroggins, presented by Supt. Lee Vardy, gave a brief history of the lives of the two women who brought about the founding of the parent-teacher organization.

Mr. Scroggins' talk was followed by a pageant depicting fifty-three years of progress presented by a group of choral club members under the direction of Mrs. James Masterson. Narrators were Leonita Tunnell and Pansy Sloan. Joyce Burns was accompanist.

Speakers were introduced by Mrs. Dudley Berry and Mr. A. C. Burks, minister of the Church of Christ, gave a message from the book of Esther, stressing her example of devotion to a worthy cause.

During the business meeting, Mr. Vardy told of plans going forward for the spring conference of the District Congress of Parents and Teachers which is to be held in Slaton April 13-14. Refreshments were served to the group by Mrs. R. D. Hickman and Mrs. Allen Crowley.

Former Slatonite Is New McMurry Band President

ABILENE, Feb. 4, 1950 — Bill Campbell, senior biology student at McMurry College, has been elected president of the McMurry Indian band. He succeeds Don Swindell, of Quanah, who resigned upon graduation at mid-term.

Campbell is one of the most versatile members of the colorful Indian band. He frequently appears as a featured soloist, and very effectively masters the vibraphone, the marimba, and the drums.

He is the son of Mr. and Mrs. A. J. Campbell, formerly of Slaton.

Pretty boxed stationery personalized or plain at the Slatonite.

Installation Is Held Feb. 4 For Rainbow Girls

In a ceremony which was open for the public, officers of the Rainbow Girls of Slaton Assembly were installed Saturday evening at 7:30 at the Club House.

Officers for the ensuing term are Paula Maxey, Worthy Advisor; Carol Lemon, Associate Worthy Advisor; Ethelyn Young, Charity; Linda German, Hope; Daunita Dowell, Recorder; Melba Potthast, Treasurer; Ledaime Combs, Chaplain; Leonita Tunnell, Drill Leader; Nancy Clifton, Love; Barbara McGinley, Religion; Patsy Hickman, Nature; Ruby Willis, Immortality; Flo Beth Berry, Fidelity; Joan Haliburton, Patriotism; Donna Cade, Service; Ruby Jo Lamb, Confidential Observer; Maizie Brookshire, Outer Observer; Joyce Burns, Musician; Barbara Stephens, Choir Director; and the Choir members.

Mrs. Jack Cook was installed as the Mother Advisor and members of the Advisory Board installed were Mr. and Mrs. B. A. Hanna, Mr. and Mrs. Frank Drewry, Mrs. C. T. Scroggins, Mrs. C. E. Smith, Mrs. Charles Marriott, Mrs. C. F. Smith and Mrs. A. F. Clifton.

Program for the evening consisted of a piano duet by Leonita Tunnell and Pansy Sloan and three musical numbers by Leonita Tunnell. Members of the retiring Advisory Board served refreshments to one hundred and fifty guests and members.

Jr. Civic - Culture Club Has Study On Self - Improvement

Meeting at the home of Mrs. R. W. Cudd, members of the Junior Civic and Culture Club gathered Tuesday, February 7 with the program topic "Self-Improvement" as the day's study.

Beauty hints were discussed for the group by Mrs. H. C. Maxey, jr., including information about selection of perfume for different personalities, and care for both skin and hair. Mrs. Maxey stressed the fact that a woman's hair will tell her age.

Second part of the program which was presented by Mrs. Jack Shepard engulfed information concerning "charm and personality." Good health is one of the most important factors of charm, Mrs. Shepard explained; and she suggested that every woman "stop and consider just how tactful she is" as a means of evaluating her personality.

Program leader was Mrs. J. H. Freeland; and thought for the day in conjunction with the program was "The fountain of beauty is the heart."

Next regular meeting of the group will be held Feb. 21 in the home of Mrs. Charlie Walton at 445 W. Lynn with Mrs. Roy Saage as hostess.

Wedding Recently Read In Slaton

Miss Vera Roger and Sam Finney, son of Mrs. W. W. Finney, were married Friday, January 27 at the Pentecostal Church in Slaton with Sister Honeywell officiating.

Witness for the wedding were the bridegroom's mother, Mrs. Bill Jones, Bobby and Carolyn Ann Jones and Miss Todd.

The couple will reside in Slaton where Mr. Finney is employed with the Western Cottonoil Company.

Mrs. Miller Geer Is Shower Honoree

Mrs. Miller D. Geer was honored Thursday, February 2 with a pink and blue shower given in the home of Mrs. Tommy Davis at 805 South 15th Street.

The table was laid with a white cloth and decorated with pink and white sweet peas, ornamental storks, and candles. Mrs. Bobby Edmondson aided in serving refreshments to the guests.

Hostesses other than Mrs. Davis and Mrs. Edmondson included Mrs. Bob Fondy, Mrs. Jack Clark, Mrs. Travis Melton, and Mrs. Sam Phillips.

ATHENIAN CLUB MEETS

Members of the Athenian Study Club met Tuesday evening, Feb. 7 for a regular business meeting in the home of Mrs. Tommy Davis with Mrs. Jack Dickson as co-hostess. The regular program which had been planned for the evening was postponed in order to clear up several business points concerning the club.

Next regular meeting of the club will be Feb. 21 with Mrs. Fred Schmidt, jr., as hostess.

A \$400,000 school bond election is on tap Saturday after next for the tax paying citizens of Andrews county.

The election is for plans to build several rooms onto the Junior High building, to build a shop building, and a gymnasium with a seating capacity of from 1200 to 1400.

—The Andrews County News

According to Tax Collector Roy Karr there has been 2,627 poll tax receipts and eighty exemptions who are qualified to vote in the coming elections. He also said that there was possibly one dozen poll tax in the mail that he had not yet opened, which should make the voting strength of the county 2,719 including the exemptions. This is only a few short of the receipts two years ago.

Application has been filed by the City of Snyder for permission of the Federal Communications Commission to operate a short wave radio station in the city for police use. City Secretary Roy Patterson said Monday.

An order for all necessary radio equipment will not be made until the F.C.C. approves the application.

Purchase of the equipment will be paid jointly by the city and county, each paying for half of the total cost of short wave station facilities in the town. The city will also buy two-way radio equipment for the city police car, it was stated.

—The Scurry County Times

The Terry County Commissioners court has approved a request from the Brownfield Chamber of Commerce to construct an office building on the north side of the courthouse lawn.

Serving as an office for both the Chamber of Commerce and the Junior Chamber of Commerce, the building will include a reception room and two offices.

Virgil Crawford, president of the Chamber of Commerce, said that the building will be erected at the cost of the Chamber of Commerce and not of the taxpayers.

J. Barrymore, Jr. Makes Debut In "The Sundowners"

John Barrymore, Jr., who makes his movie debut in "The Sundowners," the Technicolor action film opening Sunday, Feb. 12 at the Slaton Theatre and showing through Tuesday, studiously avoided seeing his father's films because he feared he would unconsciously begin to imitate the histrionic mannerisms of the famous elder Barrymore.

Not until a short time ago, when he felt confident about his own acting style, did the 17-year-old

scion of the famous theatrical clan go to see "The Great Profile" and other of the films starring the late Barrymore, Sr.

Young Barrymore who had not seen his dad in person since a small child, commented after watching Barrymore's screen image: "I was surprised at the similarity of his gestures and expressions and mine. But I don't think I'll do anything about it. I guess I inherited them after all."

"The Sundowners," an Eagle Lion Films release, marks young John's first starring role as well as his screen debut. The cast includes Robert Preston, Robert Sterling, Chill Wills and Cathy Downs. Alan LeMay wrote the screenplay and George Templeton directed for LeMay-Templeton Productions.

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN — Chests that may be combined and arranged to fit the needs of any room in the home are becoming more and more popular with modern homemakers. Such designs are those illustrated — a pair of modern chests from The Widdicomb Furniture Company's complete grouping of contemporary furniture for living room, dining room and bedroom. Made in all mahogany and mahogany core, the pieces are shown in light Bisque Mahogany finish; and are also available in Cordovan Mahogany, a dark highly polished color to harmonize with other dark wood pieces.

Danish Holiday Law

All Danish workers and salaried employees are guaranteed a statutory annual holiday of 12 days, with full pay. The holiday act requires the employer to credit the employee with four per cent of his wage or salary. Stamps covering the value of the holiday money are affixed by the employer in a special book. At the beginning of his holiday the employee cashes the amount due to him at any post office. This procedure obliges the employers to contribute a share of the holiday benefit even though the employee may change his job.

New Corn Hybrids

Corn-breeding research is now being conducted at practically every state experiment station in the United States. New corn hybrids are being rapidly produced to fit the areas not yet planted with hybrid seed, and better yielding hybrids with greater disease and insect resistance are being developed for areas where hybrid corn is now being grown.

America's Growing Old And Hard . . .

Perhaps one of the greatest faults with us Americans today is that we are becoming so skeptical toward the world that we have drawn ourselves up into a walking piece of biology, beastly helping no one but ourselves. Most of us have assumed the idea that time or services donated to the good of a community is just so much money thrown away. And no doubt there is a lot of truth in the attitude as the world is full of grasping, selfish people.

But the tragedy of this fact is that the Great American Way of Life, as it was designed in the beginning, is perishing as the result of our selfishness toward our fellowmen. The day when our hearts quickened at the sight of the Stars and Stripes seems to be fast leaving us. And the day when all the farmers in a community get together and build Farmer Brown a new barn, as his burned day before yesterday, is gone forever. American hearts, even those of our youth, are old, hard, and suspicious. And most of all, we have forgotten our greatest God given emotion, that of love. Today the never-dying, unflinching and humble love is a sign of weakness. Be self-sufficient, don't depend on anyone—this is New America.

Why shouldn't our country go communistic; it can't stay democratic because Democracy implies interest in progress on a community, as well as a national basis. It implies a willingness to work for the betterment of a community—hence the betterment of everyone that composes the community. It implies groups of people working together voluntarily.

Yes, American people must give up the idea that time or services donated to the good of a community is just so much money lost. We Americans in general must adopt a more unselfish attitude if we are to preserve our way of life.

QUOTES . . .

There are two kinds of voters. Those who will vote for your candidate—and a lot of ignorant, prejudiced fools. A beauty shop is where men are rare and women are well done.

With wives, it's hair today and gown tomorrow. A philosopher is a person who knows what to do—until it happens to him.

If some of us practiced what we preach we'd work our fool selves to death. —Santa Fe Magazine.

The right temperature at home is maintained by warm hearts—not hot-heads. —Arcadia (Wisconsin) News-Leader.

Candid Comment: The U.N. meeting rooms are a site for sore Allies. —Vaughn Monroe, Wall Street Journal.

Conversation: Good conversation used to be like tennis, where you return the other fellow's shot, but now is like golf, where each man goes on hitting his own ball. —Sidney J. Harris, Chicago Daily News.

It's the fat people who really know the difficulty of devaluing the pound. —Philadelphia Bulletin.

A flirt is a woman who believes in every man for herself. —Keesler News.

Happiness is a ball that you run after when it rolls, and kick when it stops. —Chateaubriand.

Boom time has been defined as a period when we all get rich by charging another too much. —N.A.D.A. Magazine.

America can never be called an ill-mannered country. We pay more than ten million dollars a year to add the word "please" to our messages. —Kablegram.

It seems incredible—35 million laws, and no improvement on the Ten Commandments. —Sterling Sparks.

One never realizes how the human voice can change until a woman stops scolding her husband—and answers the telephone. —Mattoon, Ill., Journal-Gazette.

He that shows a passion tells his enemy where he may hit him. —Proverb.

There are too many men who think their praying to God on Sunday allows them to prey on their fellow men the rest of the week. —Wesleyan Christian Advocate.

If you're average, that means you are as close to the bottom as you are to the top. —Mutual Moments.

Two ways to be rich: Have much. Be content with little. —Arkon Baptist Journal.

For a true evaluation of any gift, go to the man from whom it was withheld. —Nuggets.

Once Upon A Time . . .

Once upon a time there was a farmer who raised two chickens, took them to the city, sold them to a factory worker, and with the proceeds bought two shirts. So the farmer had two shirts and the city man had two chickens. Observing the transaction, the planner told the farmer he could get more money for his chickens by making them scarcer. If he didn't raise so many he would get more income for those he did raise. The planner told the workingman in the city that he must work fewer hours and get more money for his labor. This would raise the prices on the articles he made so he would have more money with which to buy. So the farmer brought one chicken to the city market. He got as much money for it as he had previously gotten for two chickens. He felt fine. This was the life. But when he went to buy some shirts, he found that the shirts had also doubled in price. So—he got one shirt. Now the farmer had one shirt and the city man has one chicken, whereas if they had not listened to the silvery-tongued pseudo-economist, they could each have had twice as much. And this, children, is called "the more abundant life." —Exchange.

Have A Bite Of Crow, George . . .

Every city should have its service organizations made of people who realize the necessity of individually unselfish work for the good of a community. But civic clubs are just like churches, in every group of people that large you are bound to find some hypocrites. Are you a Lion because your friends beg, or are you a Rotarian because your business associates beg and it's good public relations, and are you a member of one of the women's clubs because it is "the thing to do"? Of course we are, but on the whole Slaton's civic organizations realize the necessity of individual and cooperative community work. But the sad part of it is that the citizenry as a whole is not willing to cooperate with the work being done. They are impatient. The drive for the Slaton Youth Center is perhaps the biggest which has ever hit our town. The town gave away the building was secured, and the matter was dropped.

The Slaton youth couldn't use the building without gas, without chaperones, and without some means of entertainment. The center lacked these things and the town criticized. "What happened to the instigators; why don't they finish their job; what has happened to my money?" But none of them offered to help. "I've contributed my money and I feel I've done my part," was the general attitude.

Well, after four and a half months of begging, the Youth Center Board has finally managed to get a few people to volunteer their services to help finish the job, such small jobs as carpentry work, piping in the gas, arranging for a coke machine, building tables, etc. The job is now on its way to completion and will soon be finished and ready for the youngsters to use.

And when that day of completion comes, let's all of us who said, "It is a flop, it will never be used, what waste," then let's all have a double serving of crow. Let's all have a part in the Youth Center. Help out if asked. Have a part in making it "a job well done."

Old Ironclad
The Monitor, John Ericsson's ironclad ship which vanquished the Merrimac in one of the most celebrated naval engagements in American history, probably would never have been built had it not been for Lincoln. At a meeting of government officials held to discuss Ericsson's design, Lincoln remarked, "All I have to say is what the girl said when she stuck her foot into the stocking. It strikes me there's something in it." With the President's stamp of approval on the project, the group resolved to undertake at once the construction of three ironclad ships.

Motion of Earth
A third natural motion of the earth occurs in addition to the two motions, which were unknown before Copernicus' announcement that (1) It rotates on an axis, daily, (2) It moves around the sun along an oval orbit, yearly. The third natural motion of the globe is careening (rolling, reeling), which is a normal recurrent motion at intervals of around 6,000 to 8,000 years.

Winter Hint
California's blustery weather last winter inspired all sorts of gifts from more temperate communities, but the prize for dispatching the civic coup de grace goes to an Idaho hardware dealer. He air-expressed a snow shovel to the Los Angeles chamber of commerce. In return he received a gracious "Thank you."

War Bride Released

SAN FRANCISCO, CALIF.—Valentina Gardner, White Russian war bride, receives a joyful kiss from her husband, Henry P. Gardner, after her release on bail from immigration station here where she has been held for 13 months. Her release came after Immigration Bureau ruled that she might be admitted to the U.S. after approval by the Attorney General and Secretary of State.

Lipstick Stains
Lipstick stains on fabrics call for prompt action. At best, such stains are difficult—sometimes impossible—to remove without injuring the fabric. If the material is valuable, first loosen the stain by working glycerine or vaseline into the fabric. Then launder it in the usual way. Don't apply soap or other alkalies before you loosen the stain. They are apt to set it.

Adding machines and cash drawer in excellent condition. Remington-Rand model. You can't afford to miss this buy at \$100.00. Slaton Slatonite.
