Novel Ideas On Stamp Purchases -- School Children, Bridge Players, Everybody Finds Chance To Buy

Come now, Brother, careen that coin farewell!

You may think it belongs to you, but the odds are against it ever reaching your pocket—or if it gets there—against its remaining very long. Before you know it, some defense stamp scheme will have picked it off like a ripe plum. The odds against its survival are definitely long.

Not that it matters, for everyone wants to put all he can into the defense saving program, and stamps furnish the means whereby most of us little guys can sell away a few shekels. Saving for Uncle Sam is just like being good. We need some system for making us do it.

Already human ingenuity is at work here.

Consider the plan put into operation by Joe Ratliff for the Central Ward school. Last week, in an initial trial, classrooms of the school snapped up \$44.45 in defense stamps. This week, without much effort, the total purchase was up to \$56.20 with Dorothy Driver's room leading the parade with \$15.55. Next week—well, Ratliff figured it would be up again because rooms have on some keen rivalry. He also hoped that other schools would accept the record and the system as a challenge.

Lillian Shick, with an idea that a few of her high school students would want to buy a stamp, bought up a \$3 supply. It was just half enough, and besides, she wound up by keeping books for the thrifty students who want to invest about that much each week.

Getting away from schools, the picture is just as complete and perhaps more devout and inclusive. The Lions club and the ABC club have adopted a policy of

selling stamps each week. The Lions club taitwister is supposed to turn all fine money into stamps. Once a month this club is to have a bond day. Together the two units already have raised better than \$2,000.

Harold Akey hatched out the idea of settling little wagers on golf games with defense stamps, particularly fixed stakes for four-somes and that corner stuff known as the "Kitty."

Gradually bridge clubs are posting stamps for prizes, and some few that play for a quarter on a corner (that is done, you know) are putting the coin of the realm into the stamps.

One of the latest stunts, with a get-rich-quick angle attached, is the revival of our old friend, the chain letter. Instead of the cash stipulation contained in the conventional letter, together with dire threats and curses if you broke the chain, the new missives hold out for a defense stamp to the name in the top spot and appeal to patriotism (plus lousy returns, if everybody pays) if you keep it going.

Of course, retail stores are playing ball in a great way by having checkers ask politely: "Have your change in defense stamps, Ma'am?" Other business concerns have laid in stocks so that their employees can make purchases of the issues when convenient.

And with Christmas fresh in our minds, we remember opening that envelope with an album and a start of stamps as a welcome gift—among the most practical we received.

Banks and postoffices are alert to swapping stamps and bonds for money. Every business and every organization is alert to devising

painless ways of effecting the change.

It's comparatively early in the game, too, so we "ain't seen nothin' yet." Our friends eventually may make us buy a stamp before we can get in the door when we go calling, or some such scheme. Yes sir, careen that coin farewell, Brother, for it's going, going—gone!

Army Gets Largest Portion Of War Expense Budget

WASHINGTON, Jan. 8 (AP) — President Roosevelt called for war expenditures of a billion dollars a week to translate the nation's blueprint for victory into actual armed men, planes, tanks and ships, in the budget he submitted to congress today.

Of the total of \$52,786,186,000 earmarked for national defense, the largest single share was allotted to the war department—\$18,618,615,000. This is nearly triple the navy's projected outlay and almost exactly the total spent for all war purposes in the closing year of the first world conflict.

Next largest is a national defense listing of \$17,000,000,000 under "supplemental items," an increase of \$18,000,000,000 over the same unexplained classification for the current year.

The president said the \$17,000,000,000 fund had not been allocated definitely but would be used for whatever war purposes were found necessary later on. The money is included, however, in specific appropriations already made or asked for and would not entail any "blank check" requests.

The \$18,000 planes, 120,000 tanks and 85,000 aircraft guns Mr. Roosevelt called for yesterday were primarily for the army which must supply the bulk of the American forces which he said "must be used at any place in the world where it seems desirable" to engage the enemy.

The war department share compared with an estimated \$11,666,710,000 outlay for military purposes in the current fiscal year. Other major allotments were:

Navy, \$6,849,359,000, an increase from \$5,833,112,900, largely to speed work on the two-ocean fleet.

Lend lease, \$7,500,000,000, compared with \$3,500,000,000 it was estimated would be expended for aid to other nations fighting the axis aggressors in the twelve-month closing June 30.

Maritime commission, \$1,675,200,000, compared with \$685,200,000, to fulfill the purpose of launching 18,000,000 tons of shipping by the end of 1943.

Army air corps outlays were estimated at \$5,000,000,000, several times the cost of the entire peacetime army, and more than double the current \$2,150,000,000 for warplanes and equipment.

Motor vehicle accidents kill more young people than any disease except tuberculosis, the census bureau reports.

New Taxi Rates

Effective Saturday, January 10

Due to the freezing of new tire and automobile stocks, and general increased operation costs, we are forced to announce these rate increases, which will be in effect until conditions are more favorable for the operation of our businesses.

Candidates Holding Back, But There'll Be Names On The Ticket For Primaries

There will always be politics—and this war year will be no exception.

However, for some reason announcements by candidates are slow in appearing this year.

The year 1942 will see election of county and district officials, a representative to the legislature, a full state of state officials (except the senator, in this district), a representative to congress, and one national senator.

That gives the voter a wide use for his ballot-marking pencil.

It is a bit early to predict, but the total number of voters will likely equal the total in 1940—around 8,000. Thus far, poll tax payments in Howard are a bit past the 1,500-mark—not a high figure

but comparatively large for this season of the year.

Not a single announcement for office has been made locally. However, at least two officials have openly stated their resolves to seek reelection. These are Sheriff Andrew Merrick and District Clerk Hugh Dunagan, both serving first terms.

A majority of other officers will seek reelection, it is believed. Only definite exception to this rule is County Attorney Joe Faucett, who is completing his second term. Unofficially, he has indicated that he will not run again.

Reelection of several local officers will be more or less routine, because several are in their first

terms, and opposition is limited. There has been little talk of the election by "outs" who would become "ins" at the courthouse.

More interesting, perhaps, will be the state races. Senator W. Lee O'Daniel will ask for his first full term and the idea that he will go unopposed is not common. Governor Coke Stevenson will also seek his first full term, and although he is popular, that office is seldom unopposed.

Warm races may develop in the attorney-general, state superintendent, agriculture commissioner, railroad commission and other state offices.

It will be a bargain year for the poll tax payer, despite war.

That 'Half Of Income' For The War Effort Means Half Of Your Own Income, Too

So you want to do your part in the war?

Okay. Let's do a bit of arithmetic. First, what are your yearly earnings?

\$2,000?

Then you must pay \$200 in federal taxes in the year. That does not include state, county, school district or city taxes. Federal taxes alone.

Then, you must buy \$500 worth of defense bonds—or more. That means \$48 worth every month. And that refers to the purchase value—not the maturity value, by which bonds are so often identified. That means you should buy a \$50 bond, cost \$37.50, plus about \$5 worth of stamps every month.

These figures bring home to us the meaning of President Roosevelt's utterances this week. He asked for a budget of \$6 billions of dollars. That means at least half of our income, according to best available statistics.

Of this, half is to be paid in cash, half on credit—your credit and mine. Half of our income—or

more—must go to Uncle Sam, a fourth by taxes and a fourth in bonds—if we are to do our FAIR SHARE in the war effort.

In other words, the man making \$200 per month must live and pay his local and state taxes on \$100 per month. Another \$50 will go to the tax collector at Washington (and we don't mean Mr. Weicott down at the courthouse), while the last \$50 must be plunked down at the postoffice or bank every pay day for bonds and stamps.

This is theoretical. As a matter of practice, Uncle Sam will not levy quite so much in taxes. But for every dollar he does not collect by taxes, he will need a extra dollar in bond sales. So half the income must be set aside for war at any rate.

"Oh, but the wealthy pay a higher share of the taxes, and buy a still higher share of the bonds, because they have more surplus money above the necessities of life," you may say.

That is correct. But the poor will pay less taxes and buy fewer bonds. How much can the man who supports a family on a salary of \$75 per month contribute in taxes and loans to the government?

Fact of the matter is that the \$2,000 to \$2,400 per year men mentioned in the above examples have incomes far above the nation's average. The average income is somewhere around \$1,000; the typical income for heads of families is about \$1,200.

A breakdown of the budget shows that the federal government will spend \$444 per person altogether next fiscal year. Of this \$297 will go for defense. Cash will be paid at the rate of \$176 per person, which means that much in federal taxes, but at the end of the year the federal debt will be about \$830 for each of us.

What does that mean to Howard county? It means that spending will amount to \$2,319,500, not to mention costs of local government. That is perhaps a third of the actual value of the county—half or more of the assessed value.

People of this county will pay \$5,094,240 in FEDERAL taxes next fiscal year. That is nearly as much as the GROSS value of the best cotton crop we have ever grown, harvest of which is now being completed.

To do their fair share, people of Howard county must buy \$5,025,220 worth of bonds and stamps during the next year. During the past seven months they have bought less than \$400,000 worth.

NOW SHE SHOPS 'CASH AND CARRY'

Without Painful Backache

Many suffering relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disease of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with stinging and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give heavy relief and will help the 15 million of kidney troubles flush out poisonous waste from your blood. Get Doan's Pills.

Malone And Hogan, Clinic-Hospital

O. C. Bayes, Rt. 1, was admitted Wednesday for medical attention.

Mrs. M. L. Hamlin, Rt. 1, was admitted Wednesday as a medical patient.

A. M. Ripps underwent surgery Wednesday morning.

Mrs. E. E. Mason, 801 Ayford, underwent surgery Thursday morning.

George W. Stevens, National Supply company, Fort Worth, who was injured in a car collision on the east highway several days ago, returned to Fort Worth Wednesday night via American Airlines.

B. Franks, Los Angeles, Calif., a medical patient, was dismissed Wednesday.

Mrs. H. R. Griffin and infant daughter, Clara Jane, have returned home.

Oklahoman Named On Gas Program

WASHINGTON, Jan. 8 (AP)—Petroleum Coordinator Ickes today appointed D. E. Buchanan of Tulsa, Okla., as chief of the natural gas and natural gasoline section for district three of the petroleum office, in another step to increase the production of 100-octane aviation gasoline.

District three embraces Texas, Louisiana, Alabama, Mississippi and New Mexico, which were said to have almost 90 per cent of the nation's existing plants producing basic ingredients of the high-octane aviation fuel.

Nearly a million typewriters are produced in the United States factories yearly, according to the census. One year's production includes 484,640 standard long-carriage machines, 482,500 portables, and 46,263 rebuilt machines.

Bond And Stamp Sales Jump At Colorado City

COLOrado CITY, Jan. 8 (Sp) - A graphic picture of what the reality of war did to the willingness of Mitchell countians to give through defense bonds and stamps was found in a survey of figures at Colorado City this week. The most sharply drawn picture was found in bond sales figures at the City national bank. Last May when the sale of defense bonds began, and when war was still something the nation wouldn't face, the bank sold \$235 worth of bonds (sale value) to three persons. In December, after war came, the bank sold \$29,780.50 worth of bonds to 155 people. So far in January \$4,687.50 worth of bonds have been sold to 22 persons. Total bond sales at the bank to date have been \$40,788.25. At the postoffice bond sales jumped from \$3,481.25 in November to \$3,857.50 in December. October sales were \$906.25. Bonds were also sold during December at the office of the Colorado Federal Savings and Loan association, sales amounting to approximately \$975. Defense stamp sales in the town jumped from \$303.40 in November to \$1,168.20 in December. Stamp sales in October were \$282.50. Farm Bureau Honors Chemist BURLINGTON, Vt. - Although Dean Joseph L. Hills of Vermont's agricultural school is not a farmer, he was awarded the American Farm Bureau Federation Medal for distinguished service. A chemist, Hills has produced more than 100 practical agricultural aids.

Family Meals Return To Normalcy As Holiday Excitement Dies Down

PATRIOTIC grapefruit salad done in stars and stripes.

By MRS. ALEXANDER GEORGE AF Feature Service Writer

Getting the budget back to normalcy is the homemaker's problem following the holiday food spree. The family, too, usually relishes a return to simple meals, featuring such old time favorites as baked beans and brown bread, ham hock and cabbage and meat stew with dumplings.

Gather up those cheese leftovers until you have two-thirds of a cup. Mix into 2 cups of your regular biscuit dough (calling for about 2 cups of flour).

These are to be dumplings for this special stew: mix a cup each of cream of tomato and celery soup, add a cup milk, 1 teaspoon each chopped onions, parsley and 1-4 teaspoon salt. Pour into a cooking pan with tightly covered lid. Drop portions of the dough on top of the soup (boiling gently). Cover and cook over low heat 20 minutes. No peeking or the dumplings might fall. Carefully turn the mixture into a serving dish.

Before the ham bone goes into bean soup or is cooked with cabbage, cut off every bit of meat. Mix 2 cups of your regular biscuit dough (calling for about 2 cups of flour), 1-4 cup each of cream of tomato and celery soup, add a cup milk, 1 teaspoon each chopped onions, parsley and 1-4 teaspoon salt. Pour into a cooking pan with tightly covered lid. Drop portions of the dough on top of the soup (boiling gently). Cover and cook over low heat 20 minutes. No peeking or the dumplings might fall. Carefully turn the mixture into a serving dish.

hot oven (375). You have enough to serve 2 or 4. This dish is nourishing and takes little preparation. Leftover soup can replace the sauce.

MEAT LOAF LENOX. Mix 2 pounds of chopped raw beef—any economy cut as chuck or round—with 2 cups rice flakes (ready-to-serve cereal), 1 tablespoon each chopped onion, parsley and celery or green pepper, 2 tablespoons flour, 1 egg or 2 yolks, 1 1-2 teaspoons salt, 1-4 teaspoon paprika and 1-3 cup catsup. Shape into loaf about 3 inches thick. Place in well greased roasting pan and lightly spread with butter or bacon fat. Add 1-3 cup boiling water and lid. Bake 1-4 hours in moderate oven (350). Baste 3 times.

If desired 4 peeled potatoes and carrots can be placed around the meat during the last hour of baking.

If the family likes SWEET POTATOES, try this: Mix 3 cups mashed sweet potatoes with 1 egg or 2 yolks, 3 tablespoons dark brown sugar, 1-4 teaspoon cinnamon, 1-3 teaspoon salt, 1-4 teaspoon pepper and 2 tablespoons butter. When cool enough to handle, shape into 4-inch balls, roll in flour and then in crumbled, cooked bacon—it will take about half a cup of bacon crumbs.

Place in a shallow baking pan and add 1-3 cup each of pineapple and orange juices, 1 tablespoon lemon juice, 1-3 teaspoon mace or nutmeg. Bake 15 minutes until well browned.

GRAPEFRUIT STAR SALAD Peel grapefruit with sharp knife, removing white membrane with peeler. Cut on each side of dividing membrane and remove section by section. Place in star pattern on salad greens. Fill center with candied cherries, cottage cheese, jelly, cranberries or bits of plantain. Serve with French dressing.

DOUBLE PURPOSE BLACKOUT POLYGON, Mont.—Flathead valley authorities and the power company are to aid each other in a practice blackout. The power company planned to take advantage of the shutdown to make needed changes at a generating plant while the citizens learned what to do in the blackout.

Nazis May Use Zeppelins For Raids On U. S.

WASHINGTON, Jan. 8 (AP)—Responsible military officials said today it is "definitely in the cards" that Germany may use her zeppelins in token raids on east coast cities of the United States. The main, these sources believe, still have the two dirigibles which bore the swastika at the war's outbreak—the trans-Atlantic veteran, Graf Zeppelin, and the great LZ-120, sister ship of the Hindenburg which was destroyed by fire at Lakehurst, N. J., in 1937. Either dirigible could be fitted to carry up to ten bombers within easy striking distance of the Atlantic coast and could hover off shore while the planes loosed destruction on the cities, experts here said. Or the zeppelins, themselves, could undertake a suicide mission and do their own bombing.

Wanted Letters From Doughboys

ROCHESTER, N. Y. (UP) — A women's appeal for some doughboys to write to her has reached the Army 23 years later, officers from Camp Upton, L. I., reveal. The supply officers frequently receive materials packed during the World War. The tag on one bundle, dated 1918, was signed by a woman inspector who wrote her address on the bag and invited correspondence.

News Notes from The Oil Field COMMUNITIES

The Bill McCamsy recently moved to Big Spring. Mr. and Mrs. Woodrow Scuddy and daughter have moved to Fortman from the west field. Mr. and Mrs. Delbert Bardwell and family returned recently from Oklahoma.

Mrs. Lillie Mae Johnson and Bebe and Bill Johnson were weekend visitors in Dallas. Mr. and Mrs. A. L. Grant and family were recent Snyder visitors.

Mrs. Sam Kropp was called to Brownwood because of the death of her father. Mr. and Mrs. C. M. Adams received a letter from John Camp, who is stationed in Hawaii, that he received his second lieutenant's commission on December 20. He writes it is exceedingly warm there; and in jovial spirits, says he's been playing bridge and some basketball.

Dorothy Casey spent the past weekend in Lubbock. Mrs. Dan McRae and son are reported doing nicely in a Big Spring hospital.

Eleanor and Willodean Martin were weekend guests of their parents in Garden City.

Mr. and Mrs. Duart Smith and family are moving to Alabama where Mr. Smith is employed as a welder.

Mr. and Mrs. Tom Romines and family returned from Oklahoma Tuesday. Mrs. Romines has been ill in a hospital there.

Mrs. Ada Lynch of Oklahoma is visiting her daughter, Mrs. R. L. Peek, and Mr. Peek.

80c-Headed Cabbage BRIDGEWATER, N. E. — Mrs. Scott's stepped-up farm production program got a boost from J. Aitkens Greene, whose neighbors are still talking about his accomplishment of raising six well-formed heads of cabbage on one stalk.

Now Many Wear FALSE TEETH

With More Comfort FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.—adv.

NOW! GET SMART, LOVELY CHINA THIS AMAZINGLY ECONOMICAL WAY!

● Hurry! Get these two Super bargains in one! First: a wonderful bargain in the healthful benefits of America's Super Breakfast Food! The other: colorful, quality china, made by one of America's great manufacturers! Remember, delicious Mother's Oats is naturally triple-rich in the great "anti-fatigue" Vitamin B1. It's rich in Phosphorus, for strong bones, teeth! In Iron, for rich red blood! What's more, oatmeal leads all other whole-grain cereals in Proteins, for building strong bodies, firm flesh! So, whatever you do, be sure to get in on this amazing double bargain! Get the extra healthful values of America's Super Breakfast Food—plus a stunning piece of lovely china in every package—by asking your grocer for Mother's Oats with China—today!

Officers To Get Special War Instruction

G. H. Treadwell will instruct peace officers of this area in the Federal Bureau of Investigation six-day course in war time duties at Lubbock beginning Monday.

Treadwell is a special agent of the FBI. He recently completed a course in Washington studying under observers who watched the bombing of Britain and translated the lessons learned by the English into protection for America.

A. F. Kitchin, special agent in charge of the Dallas office, FBI urged all police, sheriffs, and state patrolmen of this area to attend the course.

"Modern conflict is not limited to tanks and guns and battleships," he said. "It is a bitter war of attrition, which grinds down the strength of an enemy nation by any means available.

"Texas has many of the national strengths an enemy would naturally desire to cripple. Its oil fields are vital to America. Its transportation facilities, food processing plants, aircraft, munitions and parts manufacturing plants, and countless other points are potential targets for enemy aircraft and enemy saboteurs.

"Texas has a great number of America's troops in training, a high percentage of the nation's airfields. It must be protected."

Here Are Recipes Containing Needed Vitamins For Victory

Secretary of Agriculture Wickard states "Food will win the war and write the peace." It takes food—and lots of it—to keep a fighting force going, to keep civilian workers working.

But rather than the quantity of food it is the nourishment of that food that is all-important. It is the proper vitamins content in that food that builds our boys to tip-top fighting shape, that kindles the winning spirit which gives them, in emergencies, that extra ounce of brain, spirit, and mental balance to win. Likewise, the eighteen workers at home required for every man in the armed service must also have the best in important vitamins foods.

In reality, defense vitamins have now turned into "victory" vitamins—the Vitamins (Vitamin B1) is recognized among these victory vitamins as one of the most important. Vitamin B1 nourishes the nervous system, keeping it toned up in these nerve-wracking war days. Similarly, Vitamin B1 aids digestion so we can get the most out of food.

Few foods contain more Vitamin B1 than rolled oats—the most thrifty source of nature's own Vitamin B1 among all the foods on your grocer's shelves.

Try these tasty and delicious oat recipes guaranteed to please every member of your family. And here's a tip, also—try ordinary brown sugar on your oatmeal at breakfast—it's a real treat!

Increasing US Aviation Gas Output Studied

AUSTIN, Jan. 2 (AP)—Methods of tripling the nation's yield of high-octane aviation gasoline to supply U. S. armed forces in war continued as the oil industry's No. 1 problem the first week of 1942.

In Texas, the country's key producing state, oil men were keenly aware of increasing demands and pointed refinery construction toward boosted output of fuel for fighters, bomber and trainer planes as well as naval vessels, army tanks and booming defense industry.

Also causing wrinkled brows was the request of Federal Petroleum Coordinator Harold L. Ickes to continue exploration for new underground pools in the face of a curtailed supply of steel for drilling equipment. Planning to swap material and combine efforts, operators were heartened by a Tulsa OPM official's prediction that more repair and maintenance equipment would be made available.

Although highly formative as yet, the plan to convert waste natural gas into synthetic rubber afforded some comfort to the industry which hoped a recently-disclosed University of Texas project would receive federal support. Experts pointed out, however, that obtaining plant equipment and training men to operate it afforded obstacles to fruition of the plan this year.

While the nation's current crude production temporarily dropped 55,000 barrels daily to 4,046,450 in estimated figures, Texas' yield increased by nearly 12,000 to approximately 1,497,000 which was slated to mount with completion of new wells to an average of 1,573,500 in January, as recommended by Ickes.

The country's current capacity for production of 100-octane gasoline has been estimated at 50,000 barrels daily of which a portion has been going to Britain. Oil men believe Texas will be called upon to furnish the bulk of the increase from its base naphtha-producing fields in the southern portion of the state.

Details On Freezing Of Auto Sales

WASHINGTON, Jan. 2 (AP)—Here are some questions raised by OPM's order banning the sale of new automobiles and trucks, and the official answers given:

Q. What are the "freezing" orders and what is their purpose?

A. There are three orders; one for passenger automobiles, one for light trucks, and one for medium and heavy trucks and truck trailers. The orders were issued January 1 and affect a temporary "freezing" until January 15 of automobiles and trucks in the hands of dealers and distributors,

who are prohibited from selling or delivering to consumers. The consumers are likewise prohibited from purchasing or accepting delivery.

Q. What is the purpose of the orders?

A. They give the government time to put into operation by January 15 a rationing plan under which existing stocks of automobiles and trucks may be distributed where most needed.

Q. Can a dealer now deliver an automobile which a person bought prior to January 1, paid for in full, but did not actually take delivery?

A. No.

Q. How can the purchaser in such a position get his money back?

A. That is a matter to be arranged between the parties.

Q. What about automobiles classed as "demonstrators"?

A. The order makes no exception. If the demonstrator is a 1942 model it is "frozen," regardless of how many miles it has been driven.

Q. What about vehicles other than 1942 models?

A. They are affected only if they have been driven less than 1,000 miles.

Q. May a dealer or distributor sell cars or trucks to another dealer or to another distributor?

A. Yes.

Q. How about the automobile manufacturer? May he send to his dealers?

A. He may sell and deliver to

another producer, to a dealer, or to a distributor, but he may not sell to a consumer.

O'Daniel To Seek Curb On Liquor

WASHINGTON, Jan. 2 (AP)—The senate on Jan. 18, anniversary of the adoption of national prohibition, may find Senator O'Daniel (D-Tex) fulfilling the role of his predecessor, the late Morris Sheppard, speaking for enactment of legislation against beverage alcohol.

The junior Texas senator has served notice that if it is possible to gain the floor on that date he will speak in behalf of a bill (S.860) introduced by Senator Sheppard, prohibiting sale of alcoholic drinks on military or naval reservations.

German's Discovery Helping The U.S.

DALLAS, Jan. 2 (AP)—Sulfanilamide, a powdered drug discovered by a German, is helping the United States beat the Axis.

The drug was discovered by a man who was scheduled to receive the Nobel prize in 1939, Dr. Robert J. Reeves of Duke University's medical school told the Dallas Baylor medical alumni association annual civic meeting last night.

"But war came and this man did not get his honor," Dr. Reeves said. "His derivative, later, was patented and developed in this country.

"We probably are winning the war with this German discovery. It will save an untold number of soldier lives. Pneumonia is a killer whose death rate has dropped tremendously since the advent of sulfanilamide compounds."

Mitchell County To Map Defense

COLORADO CITY, Jan. 2 (AP)—Civilian defense for Mitchell county will be organized at a county-wide mass meeting which has been called for Friday evening at 7 o'clock in the district courtroom at Colorado City, it was announced Wednesday by Judge W. W. Porter.

Plans for the meeting have been mapped by Judge Porter with the help of Mayor J. A. Sadler of Colorado City, Mayor J. C. Hall of Lorraine, and others.

More than half a million patients are on the books of hospitals for mental disease, census records reveal.

Draft And Defense Affect Colleges

CINCINNATI, O., (AP)—Attractive defense jobs and the selective service system has cut attendance at American colleges for the first marked decline in nearly a decade.

A survey by Dr. Raymond Walters, president of the University of Cincinnati, reveals that full-time attendance in 660 approved colleges and universities in the country dropped 2.16 per cent from last year.

THE ASSOCIATED PRESS NEWS IN PICTURES

RUBBER'S WHERE YOU FIND IT—IN THE DISCARD.—Discarded tires fill a seven-acre plot at the Good-year plant in Akron, where "war tires" are to be produced. Reclaimed tires will give "reasonable mileage at moderate speeds."

HURRY!—Signs like this one, fastened to planes being reconditioned at the naval air station in Norfolk, Va., remind workers of the urgent need of speed. Another of the signs reads: "Speed work on this plane; it may bomb Tokyo."

NATION'S NO. 1 BIRD.—Defiance and strength are written in the fierce eye and strong beak of Jerry, the Alaska-born American eagle in the Washington zoo that's already been introduced to the whole nation on some war posters. Jerry, now 22 years old, was caught in Alaska where the American eagle grows biggest. His hackle feathers are white, the rest of his feathers, brown.

NOTE THE NOTES.—Last blackout plans silence outdoor concerts because the usual music stand lights couldn't be used. Harry Salter (above), N. Y. orchestra director and a former chemical engineer, has been experimenting with coated black paper and strobolite, a green luminous water paint, with above result, which is a musical enlargement. Notes glow in the dark.

SUN-UP.—All set to shine. Rosamond Blackwell is a candidate for the title of queen of the Southern California sun festival at Long Beach. No blackout of charms, here.

READY AND WAITING.—"I can carry a gun any time they want me to," says Mrs. Paul Titus, 77-year-old air raid snotter of Bucks county, Pennsylvania, who signed up the day after surprise Japanese attack on Pearl Harbor, Hawaii.

RETURN.—News of war brought out of his cave at Tallulah Gorge, Ga., this hermit of 29 years' standing, Virgo Ledford, who even shaved off his beard. "We got to be ready," he says, quitting cave until peace.

ANY PAPER TODAY?—Pretty girls helped, when Croydon, England, staged "paperchase" to collect paper waste.

BIG BOY.—Italian 75 mm. shells, held by a sturdy Australian soldier, were part of the booty taken by the British in the drive through Libya, and used against their makers.

CALL FOR YAWLS.—With the 12th annual sailing race from St. Petersburg, Fla., to Havana, Cuba, set for March 7, the yawl "Wankava," an entry from Harkness Edwards of Lexington, Ky., takes a practice run off the St. Petersburg coast.

THE NEVADA STEAMS AHEAD.—Typical of the older battleships in Uncle Sam's battle line is the U.S.S. Nevada (above), shown during 1940 fleet maneuvers off the California coast. The Nevada is a sister ship of the U.S.S. Oklahoma which was damaged in the Dec. 7 Japanese attack on Pearl Harbor. The Nevada has a displacement of 28,000 tons, was launched in July, 1914, and rebuilt in 1927-28. The Nevada and Oklahoma were the first battleships in the first world war to burn all-oil fuel.

MR. AND MRS.—A honeymooning pair, comedian Milton Berle and his show-girl bride, Joyce Mathews, are all smiles for their public. Seen at a Hollywood dinner party, Mrs. Berle wears grey jersey accented with diamond clip, bracelet and wedding rings.

Record Gate Sought For Louis-Baer Melee Friday Night

'Bigger They Are, Etc.' - Sometimes

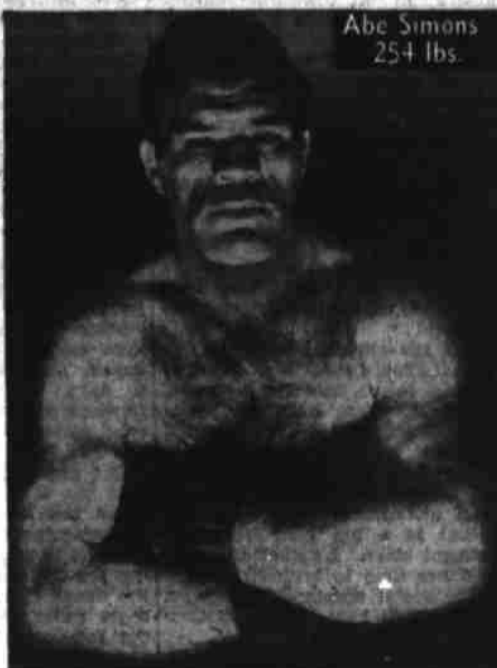

Primo Carnera
260 lbs.

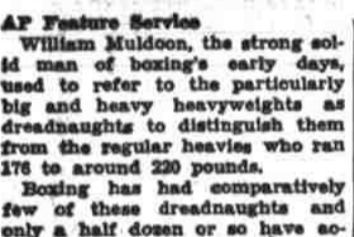

Jim Jeffries, 230 lbs.

Jess Willard
240 lbs.

Abe Simons
254 lbs.

Buddy Baer
244 lbs.

AP Feature Service
William Muldoon, the strong old man of boxing's early days, used to refer to the particularly big and heavy heavyweights as dreadnaughts to distinguish them from the regular heavies who ran 175 to around 230 pounds.

usually challenged for the championship, Buddy Baer, who gets his second shot at the title against Louis on Jan. 8, is one of the biggest. He weighed 237 1/2 for his first Louis fight and expects to weigh around 244 for his second.

Ambling Alp from Italy, won the title in 1933 by knocking out Jack Sharkey in 6 rounds. He lost it to Max Baer in 1934, being kayoed in 11 rounds.

Proceeds To Will Go For Navy Relief

Backers Hoping 1927 Take Of \$201,000 Will Be Passed

By SID FEEBE
NEW YORK, Jan. 8 (AP)—The biggest pile of "fresh" ever collected under one roof in the history of boxing will be heaped in the middle of Madison Square Garden's ring tomorrow night, if the iron men keep arriving on their present schedule.

This chunk of exchequer has been lured in by the heavy-weight championship shindig between Joe Louis and Buddy Baer, and since that's our way when the cause is good, by the fact that the show is for the Navy Relief Fund for the families of sailors at sea or those killed in action.

Promoter Mike Jacobs, who isn't taking enough out of this affair for a new packet of poisons, announced today that he is shooting at a new all-time indoor gate receipt record.

Hardin-Simmons Meets N. Mex. Next Friday

Backers Hoping 1927 Take Of \$201,000 Will Be Passed

ABILENE, Jan. 8.—Their final home stand of the semester for the Hardin-Simmons Cowboys will bring the New Mexico members of the Border conference to the Rancher corral next week.

The University of New Mexico Lobos, playing their forty-first basketball season, will visit the home of the Cowboys on Friday, Jan. 16, and the New Mexico Aggies will invade the H-SU camp, the following night.

Probable losses to Uncle Sam loom for Coach Woodson, with Capt. Claud Brown's call to emergency repair construction at Pearl Harbor, and Truett Raittan's early induction into the army probable.

Wants Title This Year To Go With His Scoring Mark

TYLER, Jan. 8 (AP)—Buck Overall is off on another scoring spree and this time he hopes there'll be a basketball championship at the end of the trail.

Overall is the guy who pitched over 1,100 points through the hoop in two seasons yet never could bring his Tyler junior college Apaches a title.

The lanky, 6-foot-2 forward probably had the top individual scoring record of the nation for two seasons. He poured in 500 points in 1940 and 602 in 1941.

And despite an injured ankle he's pounding the rim at a merry clip this season.

The Apaches have played only three games, beating the Mount Enterprise All-Stars 53-34 and the Stephen F. Austin college reserves 50-25 and 40-36. Overall scored 45 of those points but he says by the time Texas Junior College conference play opens late this month he should be back in form.

REPORT OF CONDITION OF THE STATE NATIONAL BANK OF BIG SPRING IN THE STATE OF TEXAS AT THE CLOSE OF BUSINESS ON DECEMBER 31, 1941

A 36-Year Story -- Hoppe Due To Win Again

CHICAGO, Jan. 8 (AP)—Bill Hard's boy-wonder 40 years ago and today a greater figure than ever in the game, Willie Hoppe tomorrow night will start after the answer to a question many fans—and Hoppe himself—are asking: Will his game ever again hit the peak it attained the last two years?

Continue Baseball For Morale, Say Lawmakers

WASHINGTON, Jan. 8 (AP)—Members of congress went to bat today for war time continuance of professional baseball.

It would be foolish to do otherwise," commented House Minority Leader Joseph Martin (R-Mass.), who played shortstop on a semi-pro team in his home town of North Attleboro years ago. "Morale must be maintained."

Arizona Teams Whip Texans

ALBUQUERQUE, N. M., Jan. 8 (AP)—Two Arizona quintets shared third place in the Border conference cage standings today after handing Texas Tech and Hardin-Simmons University their first setbacks on a swing around the circuit.

Cowboys Meet Five Border Foes In '42

ABILENE, Jan. 8.—Five Border conference games, two trays with out-of-town conference teams, and interconference clashes with Louisiana Tech, Texas Wesleyan and Howard Payne complete the ten-game 1942 football schedule announced today by Hardin-Simmons University.

Forsan Doped To Triumph At Sterling

STERLING CITY, Jan. 8.—Forsan was established as the pre-tourney favorite as schedules were completed for Sterling City's fourth annual West Texas basketball roundup, running Friday night and Saturday.

Arizona Teams Whip Texans

ALBUQUERQUE, N. M., Jan. 8 (AP)—Two Arizona quintets shared third place in the Border conference cage standings today after handing Texas Tech and Hardin-Simmons University their first setbacks on a swing around the circuit.

SPORTS ROUNDUP

By HUGH FULLETON, JR.
Wide World Sports Columnist
NEW YORK, Jan. 8. (Wide World)—If it means anything to you, Joe Louis will be going after his 28th consecutive victory when he fights Buddy Baer tomorrow night—and he was after his 28th when Max Schmeling knocked him out. . . . On the other hand, the heavyweight title hasn't changed hands indoors since 1899, when Jeffries beat Fitzsimmons. . . . Take your choice of hunches. . . . Joe would like to put on a title defense for the army relief fund, too, but he has to take care of some other business with the army first. . . . Mr. Jack Dempsey didn't know about Jack's effort to enlist until she heard of it on a news broadcast. Then she sent him a wire: "Whoever heard of Sergeant York?" . . . Paul Brown says he doesn't believe in winter football practice, so he won't hold any at Ohio State. . . . Lew Fonseca shot about 57,000 feet of film for the America league movie and used only four per cent of it.

World Champs
How's this for a baseball lineup for Uncle Sam, listed by Arthur Patterson of the N. Y. Herald-Tribune? . . . Outfield, Ted Williams, Red Sox, Hank Greenberg, Tigers; Buddy Lewis, Senators; infield, Johnny Sturm, Yankees; Carl Rowell, Braves; Claude Corbit, Montreal-Dodgers; Cecil Travis, Senators; catcher, Ken Silvestri, Yankees; pitchers, Red Feller, Indians, Hugh Mulcahy, Phillies, Freddie Hutchinson, Tigers; Mickey Harris, Red Sox, and Charley Stancou, and Steve Peck, Yankees; manager, Rabbit Maranville; mascot, Timmy Sullivan, Yankees. . . . They're all in uniform or will be soon.

Odds and Some Ends
Leo Durocher, due to leave St.

Editorial—

We Face A New Way Of Life; Let's Face It Courageously

"Until this job is done, until this war is won, we will not talk of burdens."

The words are President Roosevelt's, as he laid down the heavy governmental financing program the world has ever known. He called for a fabulous \$28,000,000,000 in taxes for the next fiscal year, \$9,000,000,000—more than a third—in new taxes not now imposed.

It would mean—completely and definitely, as the president has said before—that one-half this nation's income must go to the business of winning a war. Staggering, says the average person when he begins to react to the news. Impossible, say many, as they get out pencil and paper and go to figuring "what this will cost me."

Finance proposal and to put it frankly and fully before the people; it will take courage for the lawmakers to put his proposals into law; it will take courage for the people to meet this demand; and to adjust their way of life so that the war can be won.

Washington Daybook—

Capital Undergoes Stupendous Change

By JACK STINNETT WASHINGTON — The Greeks had a word for what has happened in Washington in 1941. They called it metamorphosis. A year ago, Kurt Sell, Masuro Kato and I could walk into the White House and the President's press conference with no more than a grin of recognition from the men who manned the door.

This is a friend, whose bank account runs to five figures was tossed out of one major hotel because he was seven hours overdue on his WEEKLY rental; another who has no bank account at all was dismissed because he dared complain that \$50 had been stolen from locked luggage in his room.

Months since I wrote this line: "If you judged simply by the number of uniforms you see, you'd never know that the United States is all out for national defense." Yesterday, I counted 77 uniformed men in one block on Pennsylvania Avenue, nearly a mile from any war department building.

A year ago, landlords of tenement apartments and houses were rubbing their hands in glee; now they are blistering their thumbs turning pages of the nation's first fixed rent law.

In January, 1941, the beach at Waikiki was one of the few playgrounds left in the world away from the western continent. Last night, Radford E. Mobley, Jr., and I were comparing Christmas cards. His, mailed Dec. 5, was from Gov. Joseph R. Poindexter of Hawaii. It said "Christmas Greetings." The picture was of the great white lanihi palace, with its broad expanse of sloping lawns, now ripped by bombs.

A year ago, Washington learned of war from foreign correspondents on a holiday; from Harry Hopkins, Averell Harriman, Col. "Bill" Donovan, and the score of others who had been across and suffered through the "blitzes" on London, Chungking, Athens, Crete and Cairo.

Hollywood Sights and Sounds—

There's No Blackout On Movie Gags

By ROBBEN COONS HOLLYWOOD—There's been no blackout on movie gags and humor. You've heard the one about Peter Lorre, peacefully playing his phonograph one evening and hearing no sirens, answering his doorbell to be warned of a blackout by a neighbor's Japanese houseboy.

on Danger" writing checks for new subscriptions to a dozen daily newspapers. "Do you need 12 daily papers to keep tab on the war?" asked Bill Pine, the producer. "No," Doug confessed candidly. "It's not the war especially. It's the funny papers."

and rained, and the fields grew green with crops and it still didn't stop. The streams flooded, the crops washed away, houses floated down the streets. The mayor called on the person again. Again in the town square the minister raised his arms and prayed. "Six months ago, Lord," he said, "I prayed for rain and it came—but, after all, this is ridiculous!"

Man About Manhattan—

Legitimate Theater Turns Advertiser

By GEORGE TUCKER NEW YORK—Bottom of the barrel! Norman Weiser found that things happen fast when you join the happy. Before submitting himself to Dr. Ben he hurried to a hospital for a private checkup. Just as the stethoscope was applied a doctor shoved his head through the door and shouted, "Got a pint of blood? We've got an emergency." Two weeks later Weiser, now wiser, was on the table—giving.

The legitimate theatre, and I hate to see this, is going in for commercial plugs. More and more are the names of cigarettes, cold drinks, and household necessities mentioned. They appear to be mentioned casually, yet I understand remuneration frequently is made in these instances.

Sign on the 3rd avenue barroom wall: "Distribute your cash in several pockets. . . . When one pocket's empty, it's time to go home." Here's a taxi driver who has built a better mousetrap—he hopes. His name is Benjamin Herakowitz. Banny's complaint is that taxi drivers don't make enough money. To remedy this he has patented a new meter that begins ticking the moment the customer sits down in the cab. If this is accepted, he'll be able to pick up extra dimes before the cab starts rolling.

Sergeant York Says— Taxes Mean Small Sacrifice In Supper of Present Cause

PALL MALL, Tenn., Jan. 8—It looks like some people haven't waked up yet. I've heard of several grumbling about the income taxes they're going to have to pay to support our war effort, instead of taking it as a privilege.

Don't they know that this is a finish fight? Don't they know that they will be less than work animals if Hitler and his yellow cohorts win this war?

And Nothing Can Be Done About It

Comic strip panels with dialogue: "OH, LYMAN, I MET AN AUTHOR THIS AFTERNOON AT MAY'S. I WAS SO EXCITED." "HAD A NICE LONG TALK WITH HIM—ASKED HIM ALL ABOUT HIS TALENT FOR WRITING."

NO TIME FOR LOVE

By WATKINS E. WRIGHT Chapter 13 THE DUD Making her way in and out among the dancers, Lavinia reached the bridge table. There she caught up the short velvet jacket that went with the crimson chiffon evening gown, and slipped it about her shoulders.

Comic strip panels with dialogue: "Z-Z" "RING" "BLONDIE" "BARNEY & SNUFFY"

Comic strip panels with dialogue: "LITTLE FAWN CAN SHE SEND FOR HER MAMA—LIZZIE HA HA!" "ANTHONY IN PANTS HATE OL' WOMAN JUST MUCH SHE HATE ANTS-IN-PANTS! OLD WOMAN GOT TONGUE LIKE SNAKE MILE LONG"

NO TIME FOR LOVE

By WATKINS & WRIGHT Continued From Page 10

muning with nature. That's as good an explanation as any for my being in such an out-of-the-way spot.

"You do look a bit out of the picture. In formal attire—sitting on an ancient wreck."

The expression, "out of the picture" made Lavinia smile somewhat bitterly to herself. She felt like saying, "My dear young man, being out of the picture is the best thing I do." But she didn't say it.

In fact, she didn't say anything at all. She began wondering if she ought to get up and hurry back to the Inn. After all, it was a little silly of her to come to a spot like this—and be found by a man who was reported to be somewhat mysterious, and who stayed pretty much to himself.

"Do you mind if I sit down for a while?" the young man asked.

"Why—er—no," Lavinia replied. She eyed her companion closely, found him a clean-cut person, beautifully tanned, and extremely well-built. "You're English, aren't you?"

"No, I was born in this country," came the answer, "but I've been living in England for a number of years." The young man found his cigarettes. "Smokes?"

"Yes, thank you. I forgot to bring my cigarettes with me."

The young man lit a cigarette for Lavinia and one for himself. Then he sat down.

"An absolutely perfect night," he said, as though speaking to himself. "It's hard to believe that this same moon is looking down on bombings—and shelters—and things like that."

"Yes," said Lavinia. "I don't like to think about it." Her feeling of uneasiness began to lessen. "Take it you didn't come up to the Inn for the Greek Benefit?"

"No, I'm sort of out of touch with things like that."

Lavinia suddenly remembered the conversation she had heard on the beach that afternoon—the conversation that had to do with prisoners escaping from internment camps in Canada. She again eyed her companion. He was very blond, and he spoke perfect English, and yet he might be one of those handsome, well-built German fellows who were being forcibly detained by the Canadian government.

"You approve of aid to the Greeks, don't you?" she inquired experimentally.

"Naturally," was the reply. "Just that and nothing more. By the way, shouldn't we introduce ourselves? I'm Rodrick Elliott."

"I'm Lavinia Prentiss," said Lavinia. And now it didn't seem at all odd that she should be sitting there beside a man whom she had thought of as a human derelict. "I'm staying at the Cliffside Inn."

"So I imagined when I saw you with the vivid blond person this afternoon," said Rodrick. "I was not and pleased when I saw you again this evening."

To be continued.

Russians Tell Of German Atrocities

MOSCOW, Jan. 8 (AP)—German troops were formally charged by Soviet Russia today with massacring 96,067 persons in 13 cities and countless hundreds elsewhere in an occupation marked by "unheard of pillages, general devastation, abominable violence."

Foreign Commissioner Vyacheslav Molotov said in a detailed note handed yesterday to all envoys accredited to Moscow that "German authorities legalized marauding in their army and encouraged these pillages and violence."

Base Stealing To Be Phils' Specialty

PHILADELPHIA, Jan. 8 (AP)—If nothing else, the Phillies intend to steal a lot of bases in the National league this summer.

"We're planning it that way," declared 60-year-old John "Hans" Lobert in discussing the strategy for his first major league managerial assignment.

But he doesn't intend to try and bring "speed to legs that just haven't got it" when the club opens spring training on March 1.

"We know where the speed lies, and the old doctor himself will take over the chore of bringing it to the surface in training camp."

The "old doctor," of course, is Lobert, whose mark at 0.09 4-5 for 100 yards in full baseball regalia made at Cincinnati in 1908 still stands.

He has several fast men to start with, witness Danny Murtaugh, who didn't come to the club until mid-season last year but ended up with the National league leadership of 18 stolen bags.

There's also Stan Benjamin, who swiped 15, and rookies Alban Glosop and Ron Northey.

"It is not the number of bases that count," Lobert counseled, "but when they are stolen. If the ball is dead next season, speed will count plenty. We can get a lot of runs that way—simply by getting runners in scoring position."

The manager and assistants Bill Killefer and Chuck Klein didn't talk about any set goal during a strategy conference, but it was whispered that they hope to field a team capable of stealing at least 100 bases.

Three Army Fliers Killed In Crash

LANGLEY FIELD, Va., Jan. 8 (AP)—Three Army fliers were killed and four injured last night when a B-18 bombardment plane plunged into the James river near here during a snowstorm.

The dead were listed as Corporal Harold E. Decker, New Milford, Pa.; Private Dusan J. Oranec, Monaca, Pa., and Private James E. Shannon, Forest, Va.

The plane, with bodies of the three men still aboard, sank after a tug had rescued four officers and crewmen. These are Major E. P. Hampton, pilot; Captain Carl R. Ruseel, co-pilot; Aviation Cadet Robert W. Wert, navigator, and Private William E. McKinley, all taken to a Newport News hospital with undetermined injuries.

Promotion Asked For Major Generals

WASHINGTON, Jan. 8 (AP)—President Roosevelt has nominated Major Generals George H. Brett and Stanley D. Embick for promotion to the rank of Lieutenant general.

General Brett is the former army air corps chief recently named deputy supreme commander of all united nations forces in the southwest Pacific theater.

His promotion was prompted, officials said, by a desire to give him a rank immediately under General Sir Archibald P. Wavell, supreme commander of the southwest Pacific area, and General Sir Henry Pownall, chief of staff to Wavell.

The party line is losing favor among farmers as a medium of communication, because 1940 census reports disclose that the number of telephones on United States farms dropped from 2,139,194 in 1930 to 1,826,964 ten years later.

Suspect In Bank Robbery Returned

FORT WORTH, Jan. 8 (AP)—On his way to Otton today is Jimmy Leroy Pennick, 20, who admitted that he helped rob a Sudan, Tex., bank of \$5,489 Monday.

Pennick is in custody of Sheriff S. Hutson of Lamb county, who lodged his prisoner in the Leabock jail last night when icy roads prevented completion of the trip to Otton, where a charge may be filed against Pennick.

Pennick admitted to Assistant District Attorney Stanley Bransford that he participated in the robbery and named an accomplice, who was apprehended in Denver City, near the Texas-New Mexico border.

The alleged accomplice is a 28-year-old oil field worker.

Golfers Kept In By Cold Weather

Cold weather has had golfing at a standstill for a full week on country club and municipal courses, but sunshine breaking through the clouds this morning gave promise of temperatures more suitable for the game.

And meantime, pro Harold Akey is awaiting developments to see how his stamp selling plan works out at the many courses. He has a stock of defense stamps on hand with which he suggests golfers pay off their bets.

Weekly Paper At Arp Changes Hands

ARP, Jan. 8 (AP)—Purchase of the Arp Press, a weekly newspaper, was announced by J. Milton Forbes of Plainview and Albert S. Jackson of New London.

Forbes will be manager and editor and Jackson will continue as proprietor of the New London Times. The Press formerly was owned by F. L. Sartain, H. A. Pace, H. D. Mitchell and D. D. Alexander.

N. Y. Firemen Fight Blaze, Bitter Cold

NEW YORK, Jan. 8 (AP)—A spectacular five-alarm fire swept a midtown Hudson river pier today—the coldest day in six years—and it was hardly under control before a four-alarm blaze was discovered in a six-story warehouse 35 blocks away.

Spray from the firemen's hoses flew through the early air like pellets and streams of water from almost immediately on contact with the burning structures.

Sidewalks, fire apparatus and firemen's clothing and helmets were glazed with ice by the near zero weather. Two firemen were injured in the pier fire at 43rd street and a third was rescued from the icy waters of the river.

Fire Marshal Thomas Brophy said the fire did not appear to be of suspicious origin.

Two large two-story frame buildings of the American South African Steamship Line and the adjacent baggage room of the West Shore Ferry—used by thousands of New Jersey commuters—were gutted as firemen manned 44 pieces of apparatus.

The other fire, of undetermined origin, started on the fourth floor of a brick warehouse at 18th street and Sixth avenue, burned through the roof and clouded the morning sky with a pillar of gray smoke. Effective fire-fighting halted the spread of the blaze to nearby furniture warehouses.

Court Upholds Suit Dismissal

AUSTIN, Jan. 8 (AP)—The judgment of a lower court in dismissing a damage suit against Dr. W. B. Carroll of Dallas county, alleging a gauze sponge was left in a patient after an operation, was sustained yesterday by the supreme court.

The official opinion of the supreme court and the official proceedings spelled the defendant's name "Carroll," but original papers spelled it "Carrell."

Texan Develops Rubber Process

WASHINGTON, Jan. 8 (AP)—President Homer Rainey of the University of Texas has given his support to the establishment of Texas factories to produce synthetic rubber from natural gas.

Dr. Rainey, here for a meeting of educators, told Texas congressmen yesterday of a new process developed by Dr. E. P. Schoch of the University for producing the rubber at a cost far below other synthetic methods.

President's Words Brings Ire Forth

KANSAS CITY, Jan. 8 (AP)—Nine-year-old David Edwards, Jr., listened to President Roosevelt's message to congress, his wrath rising with each blast from the radio.

Abruptly, he left the room. Moments later a "pow-pow-pow!" and a r-r-r-r-ash came from the basement. Mrs. Edwards hurried down.

A Japanese statuette—the Edwards were keeping it for a friend—lay shattered at Junior's feet. A B-B gun was in his right hand—fresh empty.

Owls Defeat Texas 62-38

HOUSTON, Jan. 8 (AP)—Rice Institute's cagers submerged a hopeful University of Texas five 62 to 38 last night.

The Owls, leading by only four points at the intermission, charged back to make 36 points in the second half and leave the hard-working Longhorns gasping.

Bob Kinneh, Rice center, sat on the sidelines for 10 minutes, but he busted himself long enough to make 23 points and lead all the rest. Chet Palmer forwarded the Rice cause by stealing the ball from the Texas lads many times.

Bill Tom Closs, the Owl star, was not in top form; he played with a heavily bandaged leg and failed to score a field goal until after the second half opened. But the Owls went blithely ahead, anyhow.

Les Croucher, Texas guard, sparked his team in a drive that came near overtaking the Rice lead near the end of the first half.

Winter Arrival Finds Ranchmen Fully Alert

By AQUILA WEST

FORSAN, Jan. 8 (SpI)—Arrival of Old Man Winter in full force found ranchmen of the sheep country on the alert.

The feed that had been stored up for the distant future was put to immediate use most handily as ice and frost had covered all vegetation.

Sheep huddled in canyons or cedar brakes, to advance hungrily at the sound of approaching pickups loaded with feed. (Bald pickups having been started only with difficulty.)

One ranchman had 500 lambs gathered Saturday awaiting sheep shearers to shear their faces, 75 per cent being wool blind. The shearers did not arrive, but the ranchman was fortunate to have the sheep gathered when feeding became necessary.

Another ranchman, employing the Boy Scout motto, "Be Prepared," worked in comparative comfort as he had installed a heater in his pickup.

Only grief to come with the thaw will be broken windmill rods and burst pipes.

APPOINTMENT

HOUSTON, Jan. 8 (AP)—Floyd Odium, national director of the division of contract distribution, yesterday appointed G. J. Grampton, assistant general manager of the Houston chamber of commerce, Texas state director of the DCD.

RATTLETS WIN

SAN ANTONIO, Jan. 8 (AP)—St. Mary's University Rattlets defeated the Abilene Christian college basketball team last night, 48 to 37.
