NUMBER FORTY-FOUR

## 33 Boys Enroll For Supervised Summer Recreation Program Here

About 33 boys have been turning out to take part in the summer recreation program sponsored by the Chamber of Commerce, according to Coach Tony Poulos, who is supervising the recreation. The boys meet each morning at the high school gym at 9:30 for ping pong, horse shoe pitching, checkers, softball, etc. In the afternoons they meet at 2:00 for basketball, tumbling, horse shoe pitching, ping pong, and sometimes play softball if it isn't too hot. Indoor games are played when the weather is too warm for playing outside.

The boys are allowed to take part in any sport which they may like the most and none of it is compulsory.

Coach Poulos is making plans to organize two teams, called the Tigers and Antelopes, and create competition in the various sports. Each week the winning team will be served ice cream as an award.

A school bus load of Slaton boys and girls went to Lubbock Wednesday night this week for swimming in MacKenzie Park. Slaton night at the pool will be Wednesday again next week, but every week after that the pool will be reserved on Thursday nights for Slaton people. Everyone of all ages is urged to take advantage of this opportunity to swim, free of charge. A bus will leave the city square each week about 7:00 p.m. and will return to Slaton around 10 o'clock.

All boys interested in sports are urged to attend the supervised recreation meetings at the high school gym. There is no charge and an attempt will be made to provide facilities for any sport in which the boys show an interest.

## Nazarene Pastor Assumes Duties

REV. SIDNEY C. KNOX

Rev. Sidney C. Knox and his wife arrived in Slaton June 8, 1951 to assume their duties here as pastors of the Nazarene Church, 635 W. Scurry.

This is Rev. Knox's first pastorate after completion of his theological training at Bethany-Peniel College, Bethany, Okla. Mrs. Knox also attended Bethany-Peniel College.

The Nazarene work here was begun by Rev. Snow of Amarillo and for the past few weeks has been under the supply pastorate of Rev. Mrs. O. V. McMahon of Knox, pending the arrival of Rev. Knox.

Plans are being made to officially recognize the work on June 2, 1951 at 3:00 p.m. with district superintendent Orville Jenkins officiating.

## Softball Group Plans Work-Out Friday, June 22

Efforts to form a softball team and league for Slaton by a group of Slaton men have apparently met with success, according to W. H. Wiley, spokesman for the group.

In meeting last Friday the group discussed preliminary plans and scheduled a work-out Friday night, June 22 at Lions Park.

Approximately 12 men were present at the meeting but Wiley urged any and all softball players who would be interested to come out to the work-out.

Night games will be played at the Lions field, said Wiley, since the Lions Club has agreed to replace some twenty lights that had been destroyed by vandals.

No name for the league has been chosen but possibly three teams from Lubbock as well as teams from surrounding towns are interested, Wiley said.

The Slaton team will be made up entirely of local men, he added.

## Celebration Will Be Annual Event

Bud Englund, president of the Slaton Chamber of Commerce, expressed his appreciation for the cooperation of the merchants and individuals of Slaton which helped in a large way to make the Frontier celebration a huge success. Many former and present residents got together that day for a big reunion. An estimated crowd of 10,000 was in town Saturday morning to see the 12 block parade. Members of the chamber of Commerce declined to make an estimate of the number of people at the out-door square dance that night, but all agreed that it was one of the largest crowds ever gathered in Slaton.

So much interest has been displayed in the two Frontier celebrations which have been held that the Chamber of Commerce plans to make it an annual event, to be staged each year on the Saturday nearest June 15, actual founding day of the town.

## Unusual Flower Displayed At The W. T. Barry Home

Attention of people living near 225 S. 11th Street was called last Sunday night to the W. T. Barry home where an unusual plant was blooming. The plant, a night blooming cactus, opens only at night. The pod had been about ready to open for two weeks. Sunday night around 9:00 the pod had started opening and by 12:00 midnight it was in full bloom. Mrs. Barry looked at it again about 2:30 and said it had begun to close by that time.

When in full bloom the flower was about the size of a saucer. The petals were a very delicate and silky white, with many long, slender, vivid pink petals growing on the outside of the white. The stem in the center stood perfectly straight. The flower grows from a large leaf rather than from the stem of the plant. One of the Barry's neighbors described the bloom as "even lovelier than an orchid."

Mr. Barry got a leaf about 10 inches long from R. L. Smith, Jr., two years ago and started it in a coffee can. Usually the plant does not bloom until it is about four or five years old, but the Barry's kept theirs in a hot house, which accounts for its early opening. The plant, similar to a cactus, now has a spread of about three feet but is not very tall.

Mrs. Barry believes that the plant will continue to bloom often now.

## Longtime Slaton Resident Claimed

Funeral services for Mrs. Matilda Jones, 87, who died here in the home of her son Virgil Jones at 4 p.m. June 14, were held in the Baptist Church at 4:30 p.m. Friday with Rev. W. F. Ferguson, Lubbock, officiating, assisted by Rev. J. T. Clinton also of Lubbock.

Mrs. Jones had lived with her son here for more than 26 years. She died after a two weeks illness. Survivors include her five sons, Virgil and Lee of Slaton; Perry of Tom Bean; Wilburn of Abilene, and Irving of Stockton, Calif.; five sisters, Mrs. Lee Stone, Anton; Mrs. Robert Hagler, Post; Mrs. Jim Ryans and Mrs. Jim Barton, both of Savoy; and Mrs. Fred Ferguson, Slaton; 32 grandchildren and 28 great-grandchildren.

## Pete Grandon Is Back In Business

Pete Grandon, well known auto mechanic, who moved to Hereford about a year ago, has returned to Slaton with his wife and is now back in the automotive repair business.

"Pete" has been in this line of work for nearly twenty years and says he knows the workings of every make and model car. He has opened his shop in the building he bought on North 7th St. between Lynn and Garza Street. Before he bought the building, Ode Porter had a wood work shop in it. Pete has installed new automobile repair tools and equipment and says he will guarantee any work he does. "I've got the tools and knowledge to adjust and repair automobile clutches," says Pete, "and I'm all ready to serve those who want the best of mechanical service."

Mrs. C. L. Tanner's brother, Ed McDonald and family, visited here last Monday enroute to Salt Lake City. They are from Bryan, Tex.

## SECOND FRONTIER DAY CELEBRATION BRINGS RECORD CROWD TO SLATON

DAUGHTERS OF PIONEER FLOAT that won first prize in the Pioneer Day Parade. Mrs. Joe Walker, President of the Club and her winning smile helped bring the honor for the second year to the Pioneer Study Club.

Daughters of the Pioneer Study Club was awarded \$75 for its prize winning float entered in the Frontier parade Saturday morning, June 16. Second and third place prizes of \$50 and \$25 were given to the Junior Civic and Culture Club and the Mes Amies Club, respectively.

The parade, led by the Reese Air Force Band, included 15 floats and approximately 150 horsemen from five sheriff's posses. An estimated crowd of 10,000 lined the streets to witness the gigantic parade which strung over 12 blocks. The parade wound east on Lubbock street, around the city square and then returned west down Lubbock to its starting point.

Winning float, selected by a secret board of judges named by the Chamber of Commerce, was a huge 15-foot tall birthday cake complete with candles. Mrs. Joe Walker, Jr., is president of the Daughters of the Pioneer Club.

First place prize of \$50 for the best appearing sheriff's posse went to the Lynn County group, Hockley county's posse won the \$25 second place prize.

Following the parade the Reese band presented a concert on the city hall lawn. Highlight of the afternoon activities was awarding of a Shetland pony and a speech by Lee Vardy, superintendent of schools. The pony, complete with saddle and bridle, was won by Benny Ray Thomas, seven-year-old negro boy from Slaton.

Robert Hall Davis acted as master of ceremonies during the afternoon. Entertainers included Wiley and Gene, western comedy team from Oklahoma City, and Music by the Cosden Playboys from Big Spring.

Vardy's welcoming speech was a brief history of the city of Slaton. The frontier celebration has been made an annual affair to be held each year on the Saturday nearest June 15, actual founding day of the city.

More than 20 callers kept the old-fashioned square dance moving at a fast clip as the out-door activity climaxed the full day of entertainment. Some of the better known square-dance callers who were on hand for the dance included Bill Howard of San Angelo, Cecil Garlin, Abernathy, M. L. Van Arsdell, Amarillo, Bill Ingram, McCamey, C. C. Lindsey and Dallas Whaley, Lubbock, James Henson, Comanche, Jack Formby, Sweetwater, and Loyd B. Brame, Lorraine.

Bud Englund, president of the Slaton Chamber of Commerce, was general superintendent of the event, Joe Walker, chairman of the parade committee and general director of the parade, and Ted Swanner and Jack Clark were publicity chairmen.

## Financial Condition Of Slaton Is Good According To Statement

Those who are familiar with the reading of financial statements will find the cities business in detail for 1951 in this issue of the Slatonite, however if you are like some folks who get confused because the credits and debits always end up even, a few details concerning some of the activities of what has been accomplished are explained here: One new water well has been drilled, a well house constructed and a 50,000 gallon storage tank built. The total cost amounted to \$9,842.25. Sewer extension amounted to \$3,309.68 and \$12,437.49 was invested in street paving. The street service department also bought a tractor and loader on which they spent \$1,275.00. A new automobile equipped with two way radio for the police department was purchased at a cost of \$2,750.00. \$350.00 was spent on new office equipment and 16.81 acres of land was bought at a cost of \$5,119.25 for addition to the cemetery.

## Stores Will Be Closed July 4th

The nation's favorite holiday will be observed by all members of the Retail Merchants Association in Slaton, July 4, Independence Day. Mrs. Lee Green has announced July 4 is one of the regular standing holidays for business men of the city so canvassing was not necessary to decide whether or not the holiday would be observed.

Everyone is asked to keep in mind that Wednesday, July 4 no business will be transacted by the members of the local Retail Merchants.

## News Of Slaton Men In Service

Marvin T. Heinrich, seaman apprentice, USN, son of Mr. and Mrs. H. C. Heinrich of 950 West Lynn, Slaton, is serving aboard the fleet oiler USS Platte operating in the Far East.

The Platte's chief mission is to supply fuel to United Nations ships so each fighting ship has a minimum of travel from her place on the firing line.

As a part of Service Squadron 3, she helps provide everything from ammunition to ice cream for UN vessels supporting the ground forces in Korea.

Staff Sgt. Shirley Butler spent some time with his parents, Mr. and Mrs. J. B. Butler recently. He has been stationed at Kelly Field, but completed his training there on C-97's and was moved back to Tampa, Fla.

Pfc. Ray C. Cook, son of Mrs. Ella Mae Cook, 208 Johnson St., recently joined the Seventh Division Artillery Headquarters in Korea. As a member of the "Hourglass" Division, Cook has joined the most traveled unit in the Far East. In eight months of Korean action, his unit made two amphibious landings, traveled all the way from Pusan to the Yalu River, and fought on both coasts of the Korean peninsula. The Division Artillery Headquarters has the huge job of coordinating the fire of all the Artillery of the division. The Artillery fired its 335,000th round of the Korean campaign in stemming the Communist spring offensive in Korea. With a year's service, Pfc. Cook joined the 7th Division in May, 1951.

Capt. Edgar G. Reese, son of Mrs. W. G. Reese of Slaton, recently arrived at Fort Hood. A veteran of more than four years active military service, Capt. Reese served for 19 months in the China, Burma, India Theatre. He has been awarded the Bronze Star. Prior to entry into military service, Capt. Reese was employed by the Humble Pipe Line Company. His wife, Mrs. Margaret Reese and children, Michael and Janise, reside in Killeen, Texas, near Fort Hood.

Mr. and Mrs. Nick Neu have received word from their son, Richard F. Neu, B. T., that he is in Korea transporting prisoners out to some little islands. They carry about 2,500 prisoners every day, Richard's wife and children live in San Diego, Calif.

## Caprock Theatre To Open June 30

Tentative opening date of the Caprock Drive-In Theatre on the Lubbock Highway has been set for Saturday, June 30. A special program is being planned, with arrangements underway to have several Slaton dignitaries present to boost the theatre to a good beginning. A special feature also is to be shown.

The theatre will include all the most modern conveniences for outdoor theatres, including in-car speakers. All parking places are planned so that every space offers easy visibility of the screen.

Dan Pritchett is co-owner and manager of the Caprock.

Mr. and Mrs. Louis W. Smith, Jr. and son spent the week-end in Dallas with friends.

## Mother Of Local Woman Buried Here

Funeral services were held Monday, June 18 from Williams Funeral Home Chapel for Mrs. Alice M. White, 56, of Mobeetie, Texas. Mrs. White died June 17 at the home of her daughter, Mrs. Claude Simmons, 530 W. Division in Slaton. She had been here three weeks. Rev. Joe Gayle was the officiating minister.

Mrs. White is survived by her husband, W. R. White of Mobeetie; one daughter, Mrs. Simmons of Slaton; a son, T. H. White of Watsonville, Calif., and a brother, H. J. Rogers of Van Nuys, Calif. Burial was in Egglewood Cemetery.

## Week's Question

## Slaton Merchants Debate Closing Stores At Five Through Summer

An article about the possibility of businesses in Slaton closing at five o'clock during the summer months was run in the Slatonite last week. This week we interviewed some of the people in Slaton who are concerned with the question and asked them "Are you in favor of the stores closing at five o'clock during the summer?" Following are their opinions:

Mrs. Hack Lasater at Piggly Wiggly is definitely in favor of it. She says it would be wonderful to have a little more time in the evening to work at home. However, she added that it might not be advisable from the standpoint of most of the farm people who will not be able to get in to the stores before five. She thinks a compromise might be a good thing, and suggests closing at five at least one day each week.

Bland Tomlinson of Home Furniture is not in favor of the earlier closing hour. A lot of people can't or just don't get in before five, he says. "Business men owe a responsibility to the public and should be willing to stay open until six to serve them." He feels that one hour later each evening won't hurt anybody. "None of us is very over-worked anyway," he said.

C. R. Bain, Bain Auto Store, always does what the majority decides to do. He says it is not "hurting" him to stay open until 6:30, but if the other businesses want to close he is in favor of closing his business at five.

Clark Self, Sr., Slaton Furniture Co., believes the stores should remain open until six in order to serve people who can't get downtown before five. Actually, he says, most of his business is done after five, because a lot of people who work until then come in between five and six.

Olay Oates, Oates Department Store, would be in favor of closing at five if the cotton chopping season were not coming on, but he thinks the stores should remain open to benefit those who can't get in before five.

Harmon Thompson, Thompson Furniture, would like to close at five if everybody else decides that way. He thinks it would be very nice to have a little extra time off.

Olan Griffith, Anthony's, is willing to close at 5:30 but says 5 o'clock is just too early. He would like to close at 5:30 so that the employees of the store would have a little more free time before sundown. Anyway, most of the shopping is over by that time, he says. He is in favor of closing at 5:30 if all his competitors will do likewise.

Mrs. Oran McMilliams, McWilliams Department Store, is in favor of closing at five if it works out all right that way for the country people.

Corra Sealy, Slaton Decorator and Gift Shop, would "love to close at five," but wonders if it would be fair to the people since this is mostly a farming district and the farm people can't get to town until after five. "But it would meet with my approval if the majority want it," she says.

Mrs. Forrest Davis thinks it would be good for the working people if the stores would close at five. Having been a "working girl" at one time she says she knows how much a little extra time in the afternoons can mean to someone who works.

Ed Haddock, Berkley and Haddock, is opposed to closing at five because so many people can't get their shopping done by that time. However, if all the stores would cooperate in closing at the same time it would be different, but it wouldn't be fair for some businesses to remain open when all the others are closed.

## Local Girl Enrolls In Hardin-Simmons For Summer School

Mary B. Wallace, from Slaton, is among the 1,005 students enrolled at Hardin-Simmons university for the first summer term. Classes began May 31 and will end July 7.

Dr. Robert A. Collins, director of the university summer school, announced that approximately 300 of the registrants are working on their master degrees. A total of 328 veterans—more than in either fall or spring semesters—are enrolled.

The second summer term will begin July 10, he said. The summer school schedule calls for two long terms of six weeks each and one short term of three weeks. Courses are being offered in 21 different fields of study, and special schools for band and choir will be held.

Mrs. Wallace is the wife of Robert Drue Wallace.

Mrs. Owen J. Aftreth, daughter of Mr. and Mrs. Louis W. Smith, returned to New York after spending 10 days in the home of her parents, and her brother, Louis Smith, Jr. Mrs. Aftreth is a script writer for radio and television of the Grey Advertising firm in New York City.

Born on June 17 to Mrs. Dean Cummings, Box 34, Post, Texas, in Mercy Hospital, a girl weighing 6 lbs. 9 ozs.

Born on June 20 to Mr. and Mrs. G. L. Peterson, Box 43, Wilson, Texas, in Mercy Hospital, a girl weighing 7 lbs. 9 ozs.

The remark by Mr. Ellis can be applied to social resources within it.

**Bad for Sow's Feet**  
Sows confined on cement may develop sore hoofs and lameness. Trimming the hoofs and moving the sows to soft ground usually corrects the lameness.

**Hatteras Lighthouse**  
The tallest lighthouse in the U.S. is at Cape Hatteras, North Carolina 194 feet. It is in a state park on the famed Outer Banks, now accessible by land, sea and air.

**Secret of Meringue**  
The secrets of a perfect meringue are whipping the egg whites and sugar to just the right stiffness, placing the meringue on a hot filling, and baking it at 425 degrees for four to four and one-half minutes.

**Handle Plants Well**  
For transplanting vegetable plants water well before lifting the plants from the flat. If possible, keep a ball of earth around the roots as the plants are lifted or dip the roots in thick muddy water.

**Lumber Industry**  
Ten billion dollars is the estimated worth of the lumber industry's plants, mills, forests and equipment. That's equal to a \$12,500 investment for every lumber industry employee.

**Editorial**—The senators down at Austin seem to be getting class conscious.

The lawmakers have decided that a biting distinction exists between a dog that lives in town and one that lives in the city.

A measure was passed by the Senate last week that would levy a fine of \$25 to \$100 on a dog owner when his dog bites a person in the daytime without being teased.

Dogs that live in towns under 50,000 population were exempt.

In order to get his master in trouble the poodle must take a bite of trousers between the hours of eight in the morning and six in the evening. Biting after those hours is strictly legal.

Dogs living in town under the 50,000 limit, can bite, legally, anytime.

Of course the lawmakers did not want to be too harsh on the up town dog. If he's teased or wears a sign warning that he's dangerous, he, like his country brother, can take a hunk out of your trousers, legally.

So, if you're allergic to dog teeth and just have to be around canines, do it in the daytime when it isn't legal for them to bite.

—The Andrews Co. News

**Stricklingly Speaking**—One of the most out-of-line things we have seen of late was that of the matron lecturing the beggar who hit her up for a dime. Says she: "I hope you don't use this dime to go and get roaring drunk." Evidently the good lady has little conception of the price of rye or bourbon these days, or she'd know a dime's worth of booze wouldn't stagger a flea.

—The Terry Co. Herald

**Off The Keyboard**—L. G. Wilson, BHS assistant football coach, has qualified to teach driver education to the high school students next year. He just completed a course leading to a certificate from the American Automobile Association and Texas Education Agency in Austin. He was one of 40 qualifying.

—The Brownfield News

**Editorial Comments**—Governor Shivers does not act like a potential candidate for the U. S. Senate against Senator Tom Connally in 1952.

First, he chided the Texas County Judges and Commissioners for the opposition to the tax bill pending in the legislature. This is a powerful organization, although politically minded just like the Governor.

Second, he sat in with members of the free conference committee which was attempting to write a tax bill which the Governor could accept. In other words, the Governor was approving the tax measure that the Senate had approved, but which was rejected by the House.

The governor may be of the opinion that it is better to take a firm stand on tax matters than to be a fence rider. In this instance, the people may approve of his future candidacy for advancement, regardless of his opposition to the politically strong organization which opposes his stand.

There will be big doings in Texas next year: On with the battle.

—The Canyon News

**Editorial**—"Rest in Pieces" is the title of a book of cartoons recently published by the Travelers' Insurance company. Drawn by Virgil Parch, the cartoons are

peopled by well-known Saturday Evening Post cartoon faces. A tombstone with the letters "RIP" is drawn in each picture. One shows Virgil Parch's idea of the grim reaper grabbing out a motorist who will "Rest in Pieces" if he exceeds the speed limit. Another shows an inebriate holding a cocktail shaker ostentatiously filled with gasoline and whiskey. Another man jaywalks right up to his tombstone, marked "RIP". Children are warned what will happen to them if they play in the street. Road hogs get their bit of advice. The woman driver is pictured giving a mongrel hand-signal and is warned. Lovers are coyly reminded that they, too, can rest in pieces, if they are inattentive while driving. Satan stands with a dustpan and broom at the bottom of a hill to sweep up the pieces of those who pass on the hill or curve. Cartoons are generally supposed to be funny. Virgil Parch is the man who draws people with prominent noses and chins and bristly hair. His cartoons are usually funny. Traffic accidents and fatalities are a very unfunny business. Each individual believes it will not happen to him. All the little cartoons drawn by Parch show the things everyone of us do everyday. When will we realize that we, too, are eligible to rest in pieces? Traffic accidents must be stopped by the drivers and pedestrians who cause them.

**Baby's First Steps**

Doting parents often try to rush the walking process by holding baby's arms and guiding him. This isn't wise. Premature walking may keep tiny legs from straightening shape, and thus encourage bow-out from their originally curved legs. A heavy child should not be urged to walk until he's ready for the ordeal himself. Try simple foot exercises to develop muscles strong and firm enough to bear the weight of the body.

**Is Retirement What It Is Supposed To Be?**

With old age pensions, insurance retirement, and a good many folks now entitled to Social Security benefits, there are more men who are now in position to quit work, lie back on their oars and try to look like the happy, care-free folks pictured in the Life Insurance ads in the national magazines, but most doctors say that men who have been active most of their lives soon develop all kinds of mental and physical ailments when they stop work altogether and start putting their minds on ways to kill time.

There is a lot of free advice dispensed by experts, relatives and by theorists, telling everyone else to slow down and to take life easy, but no one has any definite instructions to give on how this is to be done. The man who has worked many years to establish some enterprise finds that he must either sell out and quit if he does not wish to continue, for he cannot work a few hours a day or a few days per week to suit his whims and he must quit completely or continue to fight fire.

Even the doctors themselves, who dish out the advice on slow up procedure, are unable to solve this question for themselves and most of them are overworked, and in a jangle, and statistics show that doctors do not live to a very great age.

With an ever increasing shortage of man power the experience of the older folks is needed more and more, not alone for what they can produce themselves, but to help train the men and women who are at the right age to turn out good work. It might be that the big insurance companies, may not be the end of the rainbow as most folks have been told.

**It Happens Every Year . . . .**

The Slaton area may be dogged by sand storms, hail storms and pessimistic farmers, but a look back over the past ten years shows that this has been a most prosperous area and that year after year the farmers and the business men have done well in these parts.

Every season at about this time of the year it seems that the cotton has about breathed its last, but just as the moans of the farmers is the loudest we have a nice rain that postpones mass suicide among the cotton raisers for a few more weeks.

This year is no exception and the rain last week seems to have put new life into things for a while, but the suspense will be with us until the cotton is ready for gathering and then the old boys will start moaning about getting cotton pullers, and those who will be able to get all of the pullers they want, will scream to high heaven about the wages that they will have to pay. Its mighty hard to stand all the prosperity that comes this way.

**Why Paper Is Getting Scarce . . . .**

According to Government experts, and to reports, the paper situation over the nation is serious and the shortage of newsprint will likely get worse as time goes on with increases in prices likely at regular intervals. Yet a glance into the waste baskets in every Post Office in the United States will convince even the most skeptical that there is more paper wasted in the United States today than has ever been wasted before.

Particularly wasteful are the publications known as Shoppers or Shoppers Guides that are sent to people whether they want the papers or not. They carry no news matter of any importance and on days when they are distributed the trash cans all over town are filled with them, most of which have never been unfolded.

The mails are clogged with useless propoganda that no one ever reads and merchants and manufacturers are using millions of tons of fancy wrapping paper that does not improve the products and is quite expensive.

The fad of gift wrapping is most expensive and uses the finest of papers to wrap items that are often less expensive than the wrappings on them. Just how far things like this can go would be hard to prophecy, but it is safe to say that the paper manufacturers would dislike to see any controls of the misuses to which much paper is put.

**No Inflation Cure . . . .**

President Truman took the microphone last week to discuss prices. You could guess most of the speech before he made it. This is a time of crisis for the democratic way of life. We are threatened by expanding Communism. The cost of war is high. It will have to be paid for. Your President is trying to serve you in distress. Hold the line on prices. Meanwhile, you must sacrifice in taxes. Etc., etc., etc. All of this will be true. But is it the truth, the whole truth and nothing but the truth?

The costs of defense are high even if Congress has sanity enough to squeeze out waste and graft. And insofar as defense needs reduce the availability of goods and services to civilian consumption, the requirements are inevitably a contribution to inflation.

But the costs of defense are not the whole cost of government nor the sole cause of inflation. Dollar value has shrunk inevitably as higher and higher costs of government have participated in increasing the costs of ordinary civilian production. In very large part, the causative factor is the welfare program begun by Roosevelt and continued under Truman, a program from which the President has repeatedly declared he will not recede and which he insists should be increased. It is a program which takes too much from the producer and produces nothing at all.

The News warned as early as 1936 that dollar value was certain to continue to shrink under the impact of the Roosevelt policies. It had shrunk materially prior to 1941 when World War II began. This was so true that Mr. Roosevelt himself has been quoted as believing he would need a war to be re-elected in 1942. A costly war can explain away all other costs.

The dollar shrinkage begun under Roosevelt has been continued at an accelerated pace under Truman, tackling the history of all inflation. It will not half under any program so far proposed for the simple reason that the President prefers to ignore the root cause.

Hitler might be alive and in power today had he not overextended his ambition. It was the two-front war that ruined him. But perhaps he had to fight it. A military despot can rule only with continued victories.

Mr. Truman's dealing with inflation is in no different case. He is President today because he stands as the apostle of Harry Hopkins' cynical and eventual bankrupting theory of spend and lend and elect. — The Dallas News.

**QUOTES . . . .**

Old Dobbin may have had his faults, but he never scattered you all over the road just because he met a one-eyed horse at night.—Ronald Furse, "Flashes," Journal, Plattsmouth, Nebraska.

It would have helped if the Signing Fathers had given us some idea of how fast we'd have to travel to overtake the hapless they said we had a right to pursue if we wanted to. — Loudon County Herald, Loudon, Tennessee.

Denton, Texas.—Dechard Anderson Huley of Dallas and John Ben Shepperd of Gladewater received honorary Doctor of Laws degrees at June 3 graduation exercises of North Texas State College. The citation to Huley, gas utility head who is new United States Chamber of Commerce president, pointed out that his "career exemplifies the best ideals of American tradition," etc. Shepperd is Texas Secretary of State. His degree citation stated, "... at the age of 34 you have already reached an eminence which most men who have attained distinction at all never reach until they have started on the downward slope of life...." Picture shows, left to right: Shepperd; NTSC President W. J. McConnell, who presented the honorary degrees, first in the history of the college; Huley; and NTSC board of regents chairman, Dr. Ben H. Wooten, Dallas bank president, who read the Huley citation.

**THE HOUSE CRIME INVESTIGATING COMMITTEE**

**TEXAS CRIME PROBERS**—Pictured above is the five-man committee named by the Texas House of Representatives to investigate organized crime in Texas during the next two years. The second public hearing of the committee is slated for June 25 when the committee will delve into the activities of the Maceo gambling group in Galveston. Left to right the members are Horace B. Houston, Jr. of Dallas, Waggoner Carr of Lubbock, Chairman Fred V. Meredith of Terrell, Bill Wood of Tyler, and Charles Murphy of Houston.

**CHICK CHATS**

Presented By  
Dr. Salsbury's Laboratories

**PROVIDE BIRDS**

**A CLEAN RANGE**

Clean range not only gives a boost to profits by cutting down your feed bill, but also minimizes the chances for disease to under cut the financial gain on your flock. Your chicks should have range that is not contaminated by previous flocks, and also should be isolated from older birds which often are disease carriers.

**Fowl Leukosis**

One of the great killers of young poultry is fowl leukosis, commonly called range paralysis. Thus for no better method has been discovered for avoiding this dread disease than by segregating the young flock from older birds, and keeping them on completely clean range. Clean range helps eliminate other diseases as well, but its importance in preventing leukosis is particularly noteworthy.

Ground used by a flock a year ago may be a source of tuberculosis, cholera, worms and any one of numerous other diseases. Once contaminated, range is not considered to be completely free of the infecting organism for two or three years. After that length of time the sun, wind and rain will have sterilized the soil, and it should be safe to again use the land as range.

**Separate Old and Young**

Owners of comparatively small flocks can easily isolate their young birds from the older stock by fencing off the area in which the range is to be located. As the birds grow and require more room, they can be moved to other ground but if they are allowed free range, care should be taken that the brooder house is far enough from other buildings to prevent the chicks from wandering into areas frequented by adult birds. Failure to take this precaution may nullify all your previous efforts to prevent the spread of disease among the chicks.

Best results in preventing disease by isolation are obtained when the chicks are not allowed to come into contact with hens for the full five or six months range period. If this is not possible, maintain the segregation for the very longest time conditions will permit. Other things being equal, your flock mortality will be low enough to reward you for your patience and care.

**HUSER HATCHERY**

"THE STORE WITH THE CHECKERBOARD SIGN"

**First Steel Plow**  
The first steel plow in the United States was made in 1833 by screwing pieces of saw blades to a wooden plow frame.

**Wounded Animals**  
Repeated washing of wounds on animals is not necessary or advisable, as water and dampness retard healing.

**Before Beginning Again**  
Paint-and-varnish-remover is used when it's necessary to take off an old finish completely before applying a new one.

## Slaton Women Give Their Favorite Tested Recipes

It seems that summer time and "chicken every Sunday" go together like ham and eggs. Only these days a lot of folks like chicken more often than just on Sunday. There are a lot of different ways of preparing chicken and Mrs. Troy Pickens would like to have you try her Chicken Loaf, and maybe add it to your list of chicken dishes. She discovered it about a year ago and her family likes it very much, especially on a hot day.

For this Chicken Loaf you will need:  
 3 cups cooked chicken, cubed  
 3/4 cup celery  
 1/4 cup stuffed olives  
 2 tab. mixed pickles  
 2 eggs, boiled and chopped small  
 3/4 cup mayonnaise  
 1 pkg. gelatin in 1/4 cup water pimento if desired

Ingredients are mixed in a large pan or in individual molds and left in refrigerator until congealed. Serve on lettuce leaves. Mrs. Pickens likes this recipe especially because it can be kept in the refrigerator and is ideal to serve when you have company.

Mr. and Mrs. Pickens are both native Slatonites. She was Doris Minor before her marriage. They have two children, Elaine, 7, and Larry, 3 1/2.

Mrs. Pickens hobby is collecting antique demi-tasse, and also "house-keeping". The latter, she says, takes most of her time these days. Her enthusiasm for sports is limited to observing football and baseball. She doesn't enjoy taking active part in any sport. She is a member of two bridge clubs and the Daughters of the Pioneer Study Club, and belongs to the Methodist Church.

Mr. Pickens is an employee of the railroad. They live at 1155 W. Lubbock St.

### Annual Art Exhibit Will Be Presented

Slaton Art Club will have its annual exhibit Friday, June 29 at the club house from 3 until 9 o'clock. Included in the exhibit will be pictures painted by members of the club and school children who are interested, copper work, leather work, China painting and ceramics. The public is invited to visit the exhibit.

Mr. and Mrs. A. P. Wilson returned this week from a trip that took them 7054 miles through the states of Tennessee, Kentucky, Indiana, Illinois, Missouri, Oklahoma and Arkansas. They visited friends and relatives in many of the states. They expect to leave soon for a trip to California.

Miss Linda Taylor of Lubbock spent last week-end with Miss Jo Nell Lamb.

### Mrs. Rhoads Named New President Of Mes Amies Club

The Mes Amies Club met in its regular monthly meeting in the home of Mrs. C. E. McCoy, Tuesday, June 19 at 2 o'clock. A short business meeting was held and officers were elected for the new term. Mrs. C. J. Rhoads was named president, Mrs. Douglas Wilson, vice-president, Mrs. Joe W. Belote, secretary-treasurer, and Mrs. Joel Neugebauer, reporter.

Plans were discussed to entertain the husbands of members with a pot-luck supper soon.

Canasta was played during the afternoon and the hostess served a refreshment plate to the following: Mesdames C. J. Rhoads, Douglas Wilson, Edd Caldwell, Joe W. Belote, Joel Neugebauer, Gordon Burrell, and a guest, Mrs. Charles Walton.

The hostess gift was a ceramic candy dish.

Mrs. Douglas Wilson will be hostess for the next meeting, July 17.

### Dorcas Class Has Regular Meeting

Mrs. J. W. Scott, 220 S. 7th St. was hostess to the Dorcas class of the Baptist Church for a social and business meeting on June 14. Mrs. Jesse Brasfield brought the devotionals.

Old and new business was discussed as Mrs. Dennis, president presided. Mrs. Henry Jarman was elected assistant secretary for the class members who can't attend the day time regular class meetings. A social was planned to be held each fifth Thursday night throughout the year. Mrs. Hanna gave the closing prayer.

Those present were Mesdames B. A. Hanna, Dan Liles, R. C. Hall, Henry Jarman, L. R. Gregory, Clyde Shaw, J. Brasfield, A. Dennis, Cleta Young, Elsie Addison, Alvin White, and Jess Sharer.

### YWA HAS MEETING MONDAY

The YWA met at the First Baptist Church Monday night with eight members and two leaders present. Mrs. Joe Gayle gave a review of the book, "The Splendor of God".

Gene Berkley, son of Mr. and Mrs. John Berkley, underwent surgery on his knee Thursday morning at a Lubbock Hospital.

Rev. W. F. Ferguson of Lubbock, his brother, Otto Ferguson of Ardmore, Okla. and two friends of Ardmore visited Saturday afternoon in the home of Mr. and Mrs. Clifford Young. Mr. and Mrs. A. M. Cade of Tahoka also were visitors Saturday in the Young home.

# Society Clubs

"SEE THE BIRDIE!"—That seems to be the idea as 2 1/2-year-old Philip Gill of Beau Bridge, La., turns the tables on the cameraman. Philip was waiting at New York's Idlewild Airport to board a plane for Casablanca, French Morocco, where he'll join his father.

### Grace Haynes Guild Entertains WSG Of Methodist Church

Grace Haynes Guild of the First Presbyterian Church entertained the Wesleyan Service Guild of the First Methodist Church with a picnic in the back yard of Mr. and Mrs. K. L. Scudder, 220 S. 11th St., Monday evening, June 11.

One of the main attractions were the colorful pheasants which Mr. Scudder raises as a hobby. Bible quizzing fun games were played. This meeting is a semi-annual affair.

Wesleyan Service Guild Members present were Mesdames Jessie Prosser, Ray Conner, Joe Fondy, J. B. Caldwell, H. H. White, Martin Collins, Frank Merrill, Daisy Wilson, C. E. Smith, R. L. Wicker, and Miss Gertrude King.

Grace Haynes Guild members were Mesdames K. L. Scudder, Virgie Hunter, Ray Talbot, Jack Cooper, J. C. Champion, A. L. Brannon, Mildred Lokey, J. M. Hannah, and one guest, Miss Earline Keeton.

Mr. and Mrs. Luther Faulkner have returned from a two weeks vacation in Big Spring, Odessa, and Austin. In Austin they visited their daughter and family, Mr. and Mrs. John Henry and Cheryl Kay. While in Austin the Faulkners saw General MacArthur and his family and heard his speech. Cheryl accompanied her grandparents home for a two day visit. They all went to Brownwood Lake over the week-end and met her parents and several other relatives for a family reunion. About 35 of Mrs. Faulkner's relatives were there.

Mr. W. R. Caldwell of Honey Grove is visiting in the home of his niece Mr. and Mrs. Clifford Young and also other relatives.

### Cankerworms

Cankerworms, or inchworms as they are often called from their inching-along method of locomotion, are great defoliators of all deciduous trees. In many sections of the country they will be in outbreak form this year. In others they may be just reaching the peak of tapering off.

SLICK CITY SLICKER—Man-about-town Sherman Billingsley, owner of New York City's swank Stork Club, demonstrated to members of the Madison Square Boys' Club at their 26th annual fair that he is also a man about cows. Skeptical bossie was borrowed from the club's camp in Carmel, N. Y.

### Pakistan Cotton

Like jute in Eastern Pakistan, cotton is the principal non-food crop of Western Pakistan. The annual production is about one and a half million bales of 400 pounds each. About two thirds of the cotton produced in Pakistan is of high grade long staple American varieties.

### "Trick" Hospital Bed

A new hospital bed that can be operated by the patient without the aid of a nurse may prove a boon to nurses and patients alike. The inventors claim that the electrically and hydraulically controlled bed is foolproof—the patient cannot end up in an awkward position.

### French-Toasted Sandwiches

Meat, cheese, and peanut butter sandwiches are tasty French-toasted. Dip but don't soak sandwiches in an egg-milk mixture—one egg beaten with two tablespoons of milk is enough for four sandwiches. Brown slowly on both sides in a little hot fat.

### Lesson for Wives

Long ago Euripides said, "A man's best possession is a sympathetic wife." This still is true. With a wife who believes in him, a man can reach great heights. His friends will think he is witty, wise, and kind because she tells them so. He will be a successful person even though he piles up no store of worldly goods. A woman gains by giving freely of her faith to her husband. Her fate is so closely tied with his that when he succeeds, she benefits too.

### Noah Almost Wordless

Noah Webster, greatest lexicographer of all times and father of the American dictionary, contributed only one word, "demoralize," to the American language.

### Mend Plastic Items

Cellophane tape is very effective for mending many plastic household items such as tablecloths, aprons, bibs, raincoats, etc.

### Musical Recital Will Be Tonight

Shirley Saage, pianist, and Joyce Burns, vocalist, pupils of Mrs. Lillian Butler, will be presented in their junior recital tonight June 22, at 8 o'clock in the Slaton club house.

Piano numbers by Miss Saage will be Sonata, Op. 20, No. 1, by Kuhlau, Rondo Alla Lurca by Mozart; Second Valse in Ab Op. 86 by Durand; June, Op. 36, No. 6, Tschaiakowsky; Tropical Moonlight, Korlmann, and Rain, and Miss Burns' vocal solos will include Silent Voice by Caro Roma; Caro Mio Ben, Giordani; The Hills of Home, Oscar Fox; Daddy's Sweetheart, Lehmann, and I Love Life, Mana-Zucca.

### CLUB ADJOURNS FOR TWO SUMMER MONTHS

The Bluebonnet Club met June 13 with Mrs. B. G. Guinn for a regular business session and social hour. The club decided at this meeting to adjourn during July and August.

Thirteen members and 2 guests Mrs. C. E. McCoy and Mrs. J. M. Hannah, were present.

The next meeting will be June 27 in the home of Mrs. Clark Self.

Mr. and Mrs. Charlie Carter of Houston have returned home after a two weeks visit with his sister, Mrs. Lula Caldwell and family.

Adding machines and typewriters for rent at the Slatonite.

### Chilled Garments

When you have a few pieces left over or pieces that are hard to iron, place them in the refrigerator. They will not dry out and because of the coldness they will be much easier to iron.

### Highest Town

Highlands, in the Sapphire country of North Carolina, is the highest incorporated town in eastern America. The community averages 4118 feet elevation.

### Baby's Vocabulary

The average 18-month-old child has a vocabulary of only about 10 words, despite the elaborate claims made by some parents and other doting relatives regarding their speaking ability.

### Hanging Gardens

The Hanging Gardens of Babylon, one of the Seven Wonders of the ancient world, were built by King Nebuchadnezzar for Amytis, his fair young Median Queen. The gardens were "mountain-high, terraced piled on terrace, with flash of fountains, shade of trees, and fragrance of pomegranates."

### For School and College

**A new idea in Staplers...**  
**applies staples and removes them, too!**

A staple remover attached to the stapler

**BOSTITCH B8R**  
**Combination Stapler and Staple Remover**

It staples... it licks. Operates on the desk or in the hand. Quick, neat, secure for fastening bags and bundles, bills and checks, window shades and curtain tie-backs, dozens of stapling and tacking jobs, every day, in home, school, office and shop.  
 Model B8R \$2.60  
 It removes staples with a gentle push of the blade. No lift, twist or pull. Try it for yourself.  
 Other Bostitch models from \$2.20 up

**SLATONITE**

**New York State**  
 New York state ranks 29th in area among the states of the country, having a land area of 47,929 square miles and 1,647 square miles of water. Practically half of the national clothing output is produced in New York state, which has a yearly production total of \$1,500,000,000, the New York state department of commerce reports. Manufacture of women's dresses, coats, blouses and furs in the state represents 70 per cent of the country's production.

**To Market**  
 A "shelling" mill prepares the peanut crop for market. Here field debris is cleaned out; here the nuts are well brushed with split bamboo bristles; and here the bulk of the crop is machine shelled and then carefully sorted and graded. Only clean, sound nuts—none broken or shriveled—are bagged according to size, and sent to salters, peanut butter manufacturers, candy manufacturers and other users of shelled peanuts. All other grades are "crushed" for the oil and cake.

**Morale**  
 Morale has been casually described as "a lot of little things." Whether we can precisely define the quality or not, we all know what it means. It is a term most often applied to armies, perhaps, or to groups of people faced with grave problems of feeling and action. But, it has an individual meaning, too. And its synonym is spirit.

**Washable Wastebaskets**  
 Wastebaskets that can be washed frequently without danger of rust or damage are now on the market. Made of either flexible Polyethylene or rigid Polystyrene, the containers are resistant to most acids and corrosive chemicals, and do not retain odors.

**Card Of Thanks**  
 We wish to thank all of our friends and neighbors who were so kind and thoughtful during the recent illness and death of our loved one. May God bless each of you.  
 Mr. and Mrs. Claude Simmons

**LEARNING TO DO THE LITTLE THINGS**—Twenty-year-old Robert Smith of Middleburg, Pa., first quadruple amputee of the Korean war, can now light cigarets and comb his hair with the aid of the artificial hands he is learning to use. Pictured in a Washington, D. C., hospital, the Korean hero manages a lighter with only one hand.

**Childhood Diseases**  
 The popular belief that "it is just as well" to let children contact the common infectious diseases of childhood, and "get them over with," is being debunked. There is a need for protecting children from these diseases as far as possible because serious complications, such as bronchial pneumonia, in the case of measles, can result from them.

**Toplifts**  
 Toplifts for women's shoes are made of the same type of leather as the soles of loggers' boots, consisting of tanned cattlehide treated specially to insure maximum durability.

**Consider Surroundings**  
 When selecting paint for your house, its size, its style of architecture, the general surroundings, and landscaping—as well as the colors of adjacent houses—should always be considered. Strong, bright colors give prominence to the building, accentuating the small house. Neutral shades are better suited to larger homes.

**YOU GET AUTOMATIC DEFROSTING EXACTLY WHEN ITS NEEDED ONLY 1**

**WESTINGHOUSE FROST-FREE**

**Automatic Refrigerator**

**WHY! Because It's Only Refrigerator T COUNTS!**

When you open the door of a refrigerator, you let in warm, moist air that forms frost. FROST-FREE counts the openings, automatically defrosts exact when needed. Its completely automatic

**FREE GIFT!**  
 WHILE THEY LAST. Nothing to buy. Just come in, see the FROST-FREE, and we'll give you a KOLD KEEPER bag. Use it while defrosting YOUR PRESENT refrigerator to store frozen foods and ice cream... or to bring them home from the store... or to keep beverages cold on picnics.

**1. AUTOMATIC DEFROSTING** exactly when—and only when—it's needed. You have no clocks or timers to set... nothing to touch!

**2. AUTOMATIC DISPOSAL** of the frost water. There are no trays, jars or pans to empty... no mess to clean, nothing to do!

**3. AUTOMATIC DEFROSTING** that's so fast even your ice cream and frozen fruits stay hard all during defrosting. Nothing thaws, EVER!

## 3 Reasons Why HADACOL IS PRAISED BY THOUSANDS

**HADACOL brings relief to folks troubled with Stomach Distress—Weak, Run-Down Conditions—Nervousness—when due to deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron**

**Norman Christopher, 2344 Cumberland, Houston, Texas:** "After I got out of the Army I was underweight, nervous, couldn't sleep and had a terrible time getting food to agree with me. I could never eat breakfast—imagine having to wait until noon before eating the first meal of the day. Even then just a few mouthfuls of food would fill me up. At night I couldn't sleep—I would just roll and toss all night. After the third bottle of HADACOL I could tell a difference in my eating and sleeping habits. Now after a year's time of taking HADACOL, I have gained almost 20 pounds. I sleep well—and the most wonderful thing—I can enjoy three full meals a day."

**Mrs. John A. Feight, Jr., Rt. 1, Bedford, Pennsylvania:** "Anything I ate made my stomach ache and churn all night. . . . My food never seemed to get digested and therefore I would wake frequently in the night with pains. I would be nervous and think over the day's nerve-racking experiences. Every little thing irritated me. I couldn't stand children around me. They made me nervous. I would holler at my two-year-old daughter, Vickie, for nothing at all. Since taking HADACOL all my nausea and nervousness have passed away. All I can say for HADACOL is that it's made me see that this is a beautiful world after all. I'm 20 years old and am a housewife. I really do feel as great as I look on the photograph."

**Mrs. Maurice Bellard, P. O. Box 226, Church Point, Louisiana,** says about her son, Archie Bellard: "Some friends of mine have been taking HADACOL and found that it had done them a lot of good, and they suggested that I start giving HADACOL to my 16-year-old son Archie Bellard. He has been taking HADACOL for about two months, and since taking it he feels much better. Before he started taking HADACOL he felt weak, and was rundown, and he didn't feel like playing or working. Since he is taking HADACOL he has more energy, and he has a good appetite. I owe the friends, who suggested HADACOL to me, many thanks, but I owe HADACOL many more thanks, and since it has done Archie so much good, I will never be without it again."

### HADACOL CAN HELP YOU!

**Senator Dudley J. LeBlanc**  
Creator of Today's Great HADACOL

at hand as the nearest drugstore for folks with these deficiencies. Buy HADACOL today. Trial size bottle, only \$1.25. Large family economy size, \$3.50. There's only one true and genuine HADACOL. Refuse substitutes. Sold on a strict money-back guarantee—you'll feel great after the first few bottles you take or your money will be refunded.

## What Happened In Slaton Last Year

Taken from the June 23, 1950 issue of the Slatonite:

Twenty-three South Plains area high school graduates, including Carl Lewis, Jr., of Slaton have been chosen from a slate of 83 contestants as candidates for the Dunlap company scholarships of \$50 per semester for the 1950-51 long term at Texas Technological college.

Major George Rucker of Fort Rucker, Ga., son of Mr. and Mrs. J. E. Rucker spent several days recently with his parents. Miss Marie McDonald of Big Spring visited her sister, Mrs. H. G. Stokes last week.

Dieter Allen, former Nazi youth leader under Adolf Hitler, will speak to the people of Slaton and surrounding territory at 7:30 p. m. Sunday, June 25 at the local Church of Christ.

Chopping of approximately 250,000 acres of cotton in Lubbock county is expected to begin the first of next week, according to a survey made last week by Vernon O'Farrell of the Lubbock branch of the Texas Employment Commission.

Paul W. Wright of Gunnison, Colo., 1930 Slaton High School coach, was the principal speaker at the Saturday evening banquet which was one of the highlights of the Twentieth Anniversary Celebration of the 1930 class.

Six boys and girls from the Slaton Methodist Church are attending an intermediate camp this week at Ceta Canyon, the Methodist Camp for Lubbock District.

Mr. and Mrs. Jerry Mudgett and children have been visiting this week with Mr. and Mrs. W. H. Mudgett in Duncan, Okla.

Mrs. Don Crowe spent Father's Day in Ft. Worth with her parents.

Miss Katherine Russell and Tommy Russell of Turkey, Tex. as visited in the home of their sister, Mrs. James Masterson and family Sunday afternoon.

Miss Wilda Haannah and Miss Bonnie Anderson of Big Spring have been visiting in Albuquerque and Santa Fe, N. M. for the past two weeks.

### Calf Feeding

When respiratory diseases strike each new crop of calves on a farm, the trouble usually can be traced to poor feeding practices or badly contaminated quarters.

## How to take the Work out of Housework

### STEAMING OF WASHDAY.

Here's another helpful hint. For extra protection, snap fasteners and close zippers before putting garments in your washing machine. (Saving trouble these days with washday weather? An electric dryer will solve that problem! Five minutes steaming costs just one penny!)

### FRUIT SALADS ARE FESTIVE-LOOKING!

And you can prepare them ahead of time. Slice the fruit, cover it with lemon or grapefruit juice and keep chilled in the refrigerator until time to serve. (Just one penny's worth of electricity protects a whole refrigerator full of food for almost two hours!)

### WONDER WHERE THE CUP HANDLES GO?

Properly stacked and mechanically washed, you'll have no broken dishes. And they dry by themselves, need less handling! (Saves time and work as well as dishes—and costs so little to use! Only a penny or two a day!)

### THERE'S MORE THAN ONETRICK

with a waffle iron! Use packaged mixes for cornbread waffles . . . for hot gingerbread waffles. And try adding finely chopped ham to regular waffle batter. Delicious! (Takes only one or two cents' worth of electricity to make all the waffles your family can eat!)

FOR A SWEET fresh refrigerator, wash inside with a lukewarm solution of bicarbonate of soda or borax. Wash metal ice trays with hot water to which bicarbonate of soda has been added.

(About 5c worth of electricity will "refrigerate" your food for a week-end!)

WHEN CLEANING TILE or tile board, add a handful of starch to water. It gives a nice shine. When starch sticks to your iron, remove it by spreading salt on a newspaper and rubbing the hot iron over it.

(By the way, you can iron for hours . . . for just a few pennies cost!)

## SOUTHWESTERN PUBLIC SERVICE COMPANY

26 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Lee Roy Arnett hauls produce in a Ford F-7 BIG JOB . . . one of over 180 Ford models for every kind of trucking!

"My Ford Truck Economy Run records show I hauled 6 1/2-ton loads for 33 1/10¢ a mile!" The Ford Truck Power Pilot delivers most power from least gas!

"My per-load delivery cost, compared with costs of my other trucks, showed me that Ford Trucks cost less to run!"

Fred Teufel's F-8 BIG JOB hauled 4000-gallon loads of oil in the Ford Truck Economy Run, for 4 1/10¢ a mile!

Rudolph Dubeak operates a Ford Pickup . . . the 1001-job hustler with the BIG payload space! The Pickup for '51 has new steering column gearshift for passenger-car shifting ease.

"For 7,083 miles in the Economy Run, my gas, oil and maintenance came to \$106.48. Only 1 1/2¢ a mile!"

## FORD TRUCKING COSTS LESS

because Ford Trucks last longer

Using latest registration data on 7,318,000 trucks, life insurance experts prove Ford Trucks last longer!

### FOR ANY JOB YOU HAVE...

you can hold down your running costs with Ford Trucks and the POWER PILOT! The Power Pilot gives you the most power from the least gas. Its big demonstration was in the 50-million-mile Ford Truck Economy Run . . . 5000 drivers took part! (Address of above operators on request.)

# SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

**MERCY FOR THE FOE**—A Chinese soldier, sick, starving and exhausted, rides toward food, medical care and rest on the hood of a jeep. Captured by U. S. 7th Division soldiers above Hwachon, he's headed for a POW camp.

## West Texas Roundup

Mrs. Annie Taylor, veteran member of the Floydada School faculty, is attending the summer session at Wayland college, Plainview, where she registered Monday.

A Negro, Mrs. Taylor, was the first of her race to ask permission to the plains Baptist church school. In a board meeting held last week her application was acted upon favorably when it was learned her academic standing was equal to the requirements of the school.

Opening the way for Mrs. Taylor's admission was a vote by the college trustees that "the academic facilities of Wayland college will be opened to all races." The school has several students of other nationalities attending from foreign lands on scholarships. Earl Allen, pastor of the First Baptist church of Floydada, attended the board meeting which passed on the question of admitting Mrs. Taylor to Wayland college.

—The Floyd County Hesperian

Although still quite green, the first load of 1951 wheat came to Crosbyton Monday afternoon from a small patch belonging to Mr. C. O. South, who lives on the highway west of the city. Catching & Dines Grain company received the load, which tested 60 pounds per bushel, but which had moisture content of 17.03 percent. A high of 13 percent is usually regarded as the top moisture content for marketable wheat.

The small field averaged 13 bushels per acre, which was approximately three bushels higher than the pre-harvest estimate for the patch.

—The Crosbyton Review

Additional honors were given the 1950 edition of the Border Conference title holding West Texas State Buffaloes recently with the announcement that Coach Frank Kimbrough, Gene Mayfield and Charlie "Wire" Wright had been selected by the Tom Harmon Little All-American committee for achievements during the 1950 football season.

Kimbrough was selected as the Coach of the Year by the Harmon Committee. Mayfield was named first string quarterback and Wright was picked second string halfback.

In a letter received by Kimbrough notifying him of the selections, Harmon said that Kimbrough was the first to receive the Coach of the Year award.

—The Canyon News

Figures released by Dr. James P. Cornette indicate enrollment this summer about 100 less than last summer and approximately equal to the enrollment of the summer of 1949.

With slightly more than 850 full time students enrolled, Dr. Cornette estimated that the total enrollment for the first six weeks would be over 900 full time students. In addition there will be many more students taking one or more of the six-week conferences in Administrative Education.

Last summer WT had the largest summer enrollment in its history, mostly as a result of the pressure brought on teachers by the Gilmer-Alken Bill. Under the bill many teachers had to complete additional work in order to continue in their teaching profession.

—The Prairie

Plans were completed Wednesday of this week for the annual Lynn County Pioneers' Association reunion which will be held here this year all day Saturday, June 23.

The reunion is usually held on June 24, but since that date falls on Sunday this year, Saturday has been set as the day.

W. E. (Happy) Smith is president of the association this year. Fred McGinty is vice-president, and Mrs. Eloise Nettles Griffin is the secretary.

Program for the all day meeting will be arranged by a committee composed of J. E. (Red) Brown, chairman, Truett Smith, and Clint Walker.

—The Lynn Co. News

Heard a new joke on OPS the other day. It seems a merchant

became exasperated with the new government regulations and closed his business. "I'm going to open a skunk farm," he said, "and then I want to see the government come sticking its nose in my business."

—Gaines County News

Drill stem tests today indicate that Colorado City may have a large oil pool 15 miles south of town off the Seven Wells road.

The well is being drilled in the southwest quarter of Section 2, Block 16 of the Southern Pacific survey. The location is part of an 8,000-acre block owned by S. F. Hurlbut of Corpus Christi.

Hurlbut heads the Flour Bluff Oil Company, but the acreage on the Seven Wells road is owned by him personally.

The Phillips Petroleum Company and the Kerr-McGee interests have large blocks of acreage south of the Hurlbut block.

—Colorado City Record

A \$425,000 bond issue which would provide Cairns County with adequate, up-to-date hospital facilities for the first time in its history hangs in the balance Saturday when property-owning qualified voters go to the polls in the nine voting precincts.

Polls will be open from 8 a. m. until 7 p. m. Boxes for precincts 1-4 will be located in the courthouse as usual. Other boxes will be located at Loop, Wasson, Loveland, Seagraves and Ashmore.

A movement to alleviate the long-felt need of additional hospital facilities began about three months ago following the closing of one of the local hospitals for an indefinite, extended period. Prior to that local hospital facilities already were inadequate.

**Photographers On Extended Trip Through States**

Fredric de Vries

Marinell de Vries

Mr. and Mrs. B. Fredric de Vries, Marinell Portraits, left today, (June 22), on a two weeks trip to include stops at Little Rock, Arkansas; Memphis, Tennessee; Washington, D. C.; Philadelphia, Pennsylvania; New York City, and Boston, Massachusetts.  
 Next Monday Mr. and Mrs. de Vries are to address the photographers of Arkansas in Little Rock at the 1951 convention of the Arkansas Photographer's Association. The following week they will attend the New York Convention of the Photographer's Association of America which is to be held at the Waldorf Astoria, New York City. Stops at studios of outstanding photographers will be included by Mr. and Mrs. de Vries while enroute to New York City and Boston and returning by way of Detroit, Michigan, and Cleveland, Ohio.

In July, Mr. and Mrs. de Vries will travel to Omaha, Nebraska, where they are to speak at the 1951 convention of the Nebraska Photographer's Association.  
 In August, these two Slaton photographers are to appear on the program of the biggest photographer's convention in the country . . . the National Convention of the Photographer's Association of America. This latter convention is to be held in Milwaukee, Wisconsin, and will include platform presentations by many of the nation's most talented photographers.

**Women Medicos**  
 Women graduates in medicine in the United States in 1949 totaled 612, or more than 12 per cent of all graduates compared with two and one-half per cent in 1910.

**LEADING LADY** — Youngest horsewoman ever to compete in the Richmond Royal Horse Show at Wimbledon, England, 21-month-old Jackie Hunt managed a smile as she lugged a saddle to the site of a special contest for children's ponies on leading reins. As a tribute to her poise no one made with the horse when tiny Jackie failed to . . .

**APRON**

Each as cute as a button—with pert ruffles and perky flower-petal patterns. Wide choice of your favorite colors. Easy to clean. Long-wearing. Double-ply 7/8-inch apron string in matching shades. Hurry . . . come in while the supply lasts.

**35¢ Value**

MODEL 1181, 11.3 CU. FT.

Every model with FULL-LENGTH COLD; SEE THE NEW DOOR SHELVES, NEW BUTTER KEEPERS, FULL-WIDTH FREEZERS, NEW GLACIER BLUE INTERIORS—all with more food space per dollar!

Admiral prices as low as  
**\$199<sup>95</sup>** (7 1/2 cu. ft.)

Hurry! Hurry! Come in while the apron supply lasts!

NOTHING TO BUY! Just Come In...See How

**Admiral**

GIVES YOU 21% MORE FOOD SPACE PER DOLLAR!

The only "strings" to this offer are the apron strings themselves! Just come in—let us tell you a little about the 21% extra you get with Admiral—then walk out with your choice of aprons. Limit, one to each woman. But no obligation, whatsoever!

We want you to have this lovely gift because we also want you to have the clearest indication of refrigerator values ever offered. Admiral not only gives 21% more food space per dollar than the largest-selling refrigerator lines, but also provides a larger share of the most-wanted features throughout its line . . . regardless of price! Once you've seen these money-saving, work-saving Admirals, we know you'll never be satisfied until you own one. And your beautiful new plastic apron will be a constant reminder of the beauties of this new '51 Admiral line.

**CAREFREE CASEY**—Manager of the world's champion Yankees, Casey Stengel, has a way of looking unworried even when beset by the most crucial crises. And so it was small wonder that New York catcher Yogi Berra looked incredulous as his boss put on a carefree juggling act even while a Yankee relief expert walked towards the Yankee Stadium mound vacated by Tommy Byrne after the Detroit Tigers cut loose with a three-run second-inning attack.

Phone 584

**Five Retardants**  
The safety of the household against fire may be improved by chemical treatments or coatings which reduce the susceptibility to ignition and the rate of burning of ordinary combustibles such as wood, clothing, curtains, and other textiles. However, it must be recognized that no chemical treatment or coating can make combustible materials the equivalent of non-combustible materials.

**New Volcano**  
If you have ever felt as if you were sitting on top of a volcano, you can understand the plight of the Mexican farmer who in February, 1943, was placidly working in his cornfield on the site of what is now the volcano Paricutin. The initial eruption occurred only a few feet from the astonished peon, and resulted in a volcano mountain of over 1,000 feet within ten months.

**Southland News**  
MRS. FLOY KING

Southland and Grassland were playing ball at Grassland Friday night when it began raining and everyone had to hurry home. Several farmers had their cotton hauled out that night.  
Mr. and Mrs. Jack Meyers and family, Mr. and Mrs. Tom Sims and Zoe, and Mr. and Mrs. J. Martin Basinger attended the rodeo in Clairmont last week.  
Mr. and Mrs. Harvey Smallwood of Pecos spent their holidays with his parents, Mr. and Mrs. G. N. Smallwood.

Mr. and Mrs. Onis Huff of Amarillo announce the engagement of their daughter, Ruth Marie to Charles Warren Henslee of Amarillo. The wedding is to take place at the Fairview Baptist Church in Amarillo, June 29. The Huffs are formerly of Slaton.

Miss Patsy Martin of Sudan and Pvt. Duane Gilliland were married in Clovis, N. M., June 4. They left here June 10 for Mineral Wells where he is stationed.  
Jackie Ned Myers was honored with a birthday party Tuesday night. Refreshments of sandwiches, olives and cokes were served to the 24 guests.  
Marvin Truelock went to Galveston last week-end and brought Glenda and Calvin home for the summer.

Mr. and Mrs. Clarence Terry of Lubbock spent Sunday here with her parents, the S. M. Truelocks.

Mr. and Mrs. J. R. King and son, Marc, and Mr. and Mrs. E. Masotti and son, Marc, all spent the week-end with Mr. and Mrs. Brenne-man of Midland.

Mrs. Leo Kramer of Chicago and S. F. C. and Mrs. Henry M. King and children of Lawton, Okla., accompanied Mr. and Mrs. Pete King and children and Mr. and Mrs. Harry King and Mary Frances home from Weinert, Texas where they all attended the funeral of Mrs. Harry King's father, I. N. Furrh, who died of injuries received in an automobile accident recently. The accident occurred Sunday, June 10, and Mr. Furrh died the following Tuesday and was buried Thursday.

Miss Zoe Sims is spending the week with her aunt, Mrs. H. W. Davies of Clairmont.

Mrs. Ben Becker, Sr. has been in Mercy Hospital for several days. She has been very ill.

Mr. Jack Myers has been on the

sick list but is feeling better.  
Mr. and Mrs. L. K. Anderson and Kay went to Levelland Monday afternoon to visit relatives.  
Mrs. Owen Cox of Dimmitt spent the week-end with the Jack Myers. Congratulations to Mr. and Mrs. I. J. Duff, Jr., of Lubbock, formerly of Southland, on the birth of a daughter in a Lubbock Hospital last Thursday.  
Mr. and Mrs. I. J. Duff, Sr., of Wilson visited with Mrs. Harry King a short time Monday.  
An automobile owned by Mrs. Andy Matlock was run into and wrecked while parked in front of her home in Lubbock last week.

**U.S. Forest Service**  
During the fire season—normally from the first of June through mid-September—the 1,500 full-time field workers of the U.S. forest service are reinforced by some 5,000 seasonal employees which the forest service hires and trains each summer. These seasonal recruits serve along-side the regulars as look-outs, smoke-jumpers, or smoke-eaters.

**"Real People"**  
The Cherokees of North Carolina do not know what the name of their tribe means. They call themselves "Ani-Yunwiwa" or "real people."

**Liberty Bell**

Thomas Lister of Whitechapel 198 years ago cast the original Liberty Bell, which reached Philadelphia by sailing ship in August, 1752. It cracked with the first stroke of its clapper after being hung in the State House (Independence Hall) tower, and two Philadelphia foundrymen, Pass and Stow, achieved immortality by recasting it.

**Steel Payroll**

Iron and steel payrolls in the past decade have risen more rapidly than employment. The number of wage earners in the past two years has been approximately one-quarter larger than in 1939, rising from about 400,000 to 500,000. The payroll for these workers has more than doubled, however, climbing from \$650,000,000 to above \$1.6 billion.

**Unique Hospital**

The only medical hospital without a bed in the nation is the national hospital for speech disorders in New York City, New York. Founded by Dr. James S. Greene in 1917, it treats more than 4,000 patients a year for every type of speech disorder, including stuttering, cleft palate, hare lip, etc.

**SWEETEST HARVEST IN HISTORY**—Puerto Rico's biggest sugar crop in history is being harvested with the expectation that more than 10 million tons of cane will be cut when the 1951 harvest winds up the end of June. On this plantation near San Juan, the workers in the background, at right, cut the cane while others loaded the cane carts that will be drawn to the mills by oxen and diesel locomotives.

Irrigation Motors  
Sales & Service

MOSCOW, PLEASE NOTE: Here's the first picture released of GE's newest jet engine, being tested at the Lockland, Ohio, plant. The new turbojet is more powerful (though no bigger) than current J-47 engines in present battle-tested jets. The new engine also incorporates refinements that increase its efficiency over present models.

SHEEP FOR GEIGER COUNTING—These ewes are part of a herd being used in experimental work at the Hanford Atomic Energy works, Richland, Wash. Their diet consists of alfalfa, grain and food pellets, as well as radioactive iodine enabling scientists to determine how radioactivity affects living conditions. A night a scientist starts to count sheep—with a Geiger counter.

## JUST TALK

by  
A.M.J.

• Last week when I was in the Post Office getting some duns, circulars and exchange newspapers out of our mail box, Mrs. W. T. Cherry came in and gave me the once over and started laughing at the top of her voice. My vivid yellow cow puncher shirt caused all of the tumult.

When she got over the shock she said that I had no right to make cracks about Mayor Wootton's flaming red shirt or any one else's shirt. Mine, according to her opinion, would get the solid silver curvy comb first prize, at any loud shirt wearing contest any where in the nation.

Up until Mrs. Cherry's near nervous collapse I had considered my shirt an ordinary, run of the mill Pioneer day shirt, but I have been thinking of it with pride ever since and I can now understand the dazed looks that appeared on folks faces when I visited around about last week. I intend to get it washed and keep it for another year or two.

This lurid piece of apparel came from Allan Paynes store in 1941 and I bought it to wear on a good will trip that some of the folks took around the South Plains to advertise the 1941 Rodeo, that was held that year. The rodeo was not much of a success but I do not lay it all to the fault of my shirt.

In case you did not get to see, and enjoy, this shirt as Mrs. Cherry did, I will try to describe it for you in the best of Society column style.

The yolk is tastefully trimmed in black braid that fits snugly around the shoulders, flap pockets are decorated in matching colored buttons and the front of the shirt has some carelessly spattered ink spots that add originality and distinction to the garment. The collar fits snugly around the neck, in fact too snugly for I have had to unbutton it to keep from choking to death. In 1941 I was considerably lighter in weight than I was last week and incidentally a few years younger.

It has been put away in a safe place where its lurid color will not fade and if Slaton has another Frontier Day next year, or if some one starts to promote a rodeo, you may look for me to appear in all my splendor again, but until that time you will have to put up with me in my drop seat slacks and flop front sport shirts in sombre colors that make my protruding front less conspicuous than the outfit I wore last week.

he or she, is too sick to read the letter or post card they will be able to read them later on, if the ill person looks with little interest at the flowers your card will be a reminder later that you remembered them, however if you visit folks in the Hospital, or when they are ill at home, don't stay and jabber very long. Your friends will appreciate your visit, but folks who don't feel very well get weary quick. Make your visit to sick folks short and cheering and don't talk about folks who had the same kinds of diseases as the person who you are visiting, especially if the other folks had it particularly rough time.

Never having had a real good opportunity to talk my operation, before, it may be months before I quit writing or talking about it. One card came which pleased me particularly. It was from Mrs. Ann England, who does "annagrams" for the Morton Tribune. She noted on the card that I must be a tough old rooster, as I had been able to grind out Just Talk, even after my operation, and she commented that it seemed even better than usual.

Now that woman really knows how to cheer up a poor, befogged person who is groping around in the midst of after an operation anesthetic and I certainly appreciate Mrs. England's card. Her "annagrams" are quoted all over the country and she is a very clever woman.

Miss Cora Sealy, who keeps things straight and pretty at the Slaton Gift Shop sent me a nice card too, and I like her a lot for helping me get out of the dumps.

Watch next weeks paper for further reports on my operation.

• This benign the tornado season I hear a lot of women trying to figure out what would be the best thing to do should a tornado come moosey along in these parts. My wife has been trying to make up her mind whether to try to go to some neighbors home where they have a basement or to get in a car and try to outrun the thing. She has also considered crawling under the bed, getting in a closet or just sitting down in a chair and waiting for whatever is going to happen.

Now Mrs. Lee Wootton believes in taking out for the country and on several occasions has done so, and so far no tornado has gobbled her up for she is too fast for them. My wife has sweated several "near misses" out under the bed and in a closet, and up to now none of the tornadoes has materialized but every time a nice black cloud arrives the Woottons, the Jacksons, the Crows, the Harrals, the Arrants and all the rest of the neighborhood get out and discuss what should be done. So far it has been every one for themselves, but if a tornado is going to catch up with the Woottons it will have to go faster than his Ford can travel.

• My wife felt indignant last week when she read that the Elks Club in Houston had presented General Douglas MacArthur with a Cadillac automobile. "Just think of all the good that could be done with the money that the Cadillac cost," she said, "and he is a wealthy man and could buy all the Cadillacs he could use."

Since then I have been trying to think of how one could distribute six or seven thousand dollars so that it would be of real benefit, but to date I have thought of nothing, even if I had the money and so I suppose the General might as well have his Cadillac and I might as well quit trying to do good with money. I do not have.

In a fatherly way of a man who knows all about such things I'd like to dish out some advice. Send your acquaintances, friends, and even your relatives a post card, some flowers or a box of candy. If

**Superfine Fibers**  
Delicate fibers of quartz, only one-fiftieth the thickness for use in man hair, are produced for use in sensitive balances and electrical measuring instruments. Some of the fibers are so superfine that more than 10 miles of them could be wound on an ordinary-size spool that holds only 250 yards of common cotton thread.

**Tuberculosis in Japan**  
The tuberculosis death rate in Japan has been among the highest in the world for the past 30 years, but health programs inaugurated by the supreme command of the allied powers are reducing this excessive death rate.

### Posey Items

R. L. BOYD

Mr. and Mrs. Calvin Willis had a family reunion Sunday at their home.

Mrs. M. J. Kelley and three daughters of Amarillo have been visiting Mrs. Julius Stahl.

M. P. Gentry, Mrs. J. H. Stone and Mrs. Jim Sain have been appointed a committee to select and purchase a new piano for the Sunday School.

W. L. Blaylock of Slaton was the third Sunday speaker at the community church.

Everett Mangum will serve as the substitute mail carrier for Mr. Wilkerson.

J. W. Boyce left the last of the week to visit relatives in Colorado.

Mrs. Splawn of Lubbock visited her parents Sunday.

Earl Johnson of Camp Carson, Colo. was home for the week-end. Cotton is looking well since the showers with only a slight loss reported from hail.

Mrs. Melvin Johnson had as a Sunday visitor her sister from Plainview.

A new school bus has been purchased for the Posey pupils to go to the Slaton schools.

The son of Mr. and Mrs. Roscoe Rackler, who is a member of the poultry judging team at Cooper, has gone to College Station. He will later go to Kansas City.

Guy Gentry, who has been in Colorado will soon be transferred to a camp at Yuma, Ariz. Sunday School attendance was light because several members were working to prevent damage to cotton.

### Slaton - Southland Lutheran Churches Have Not Combined

Rev. Lowell C. Green, pastor of the local Lutheran church reports that two errors were made in the June 15 Slatonite concerning the story about the Lutheran churches.

The statement was made: "At present the Lutheran people are meeting in the Southland Lutheran Church building." No services have been held there yet, as the building is undergoing an extensive remodeling program.

The other error was made in the statement, "The two churches, Southland and Slaton, are united." The relocating of the Southland congregation in Slaton does not in any way affect the Immanuel Lutheran Church of Slaton which will continue to meet at its present location at Posey.

Mr. and Mrs. W. E. McCain left Friday for Beaumont to visit Mr. McCain's mother, Mrs. Iva M. McCain and other relatives.

Mr. and Mrs. W. T. Cherry visited with their son, Donald and family, in Houston last week-end. Their granddaughter, Paula, returned to Slaton with them for a visit.

Mrs. C. L. Tanner visited last week with Mr. and Mrs. Hugh Bryan in Altus, Okla. The Bryans are formerly of Slaton. Mrs. Tanner reports that they are enjoying living in Altus as that was one of their former homes.

Grand prize winner in a system-wide suggestion contest which Santa Fe Railway recently conducted among its approximately 60,000 employees was E. C. Gunderson (right) of Huntington Park. Call locomotive engineer in the company's Los Angeles yards. He and Mrs. Gunderson are shown with Santa Fe President Fred G. Gurley, discussing route they will follow on an all-expense tour of the railway system, which was top award. They will depart Los Angeles on June 24, traveling as far east as Chicago and as far south as Galveston, Tex.

Mrs. Pauline Burns and Miss Nell Gorman of Ft. Lauderdale, Fla., who have been visiting with Mrs. Burns' father, Allan Payne, expect to leave today on a sight-seeing tour of New Mexico. They will be accompanied by Miss Bernice Layne and Miss Rona Schramm of Slaton.

**Cut Counter-Clockwise**  
When a lawn is mowed counter-clockwise the clippings are thrown to the left, into the path of "the next time around." As a result, the clippings are chopped finer and drop out of sight around the grass roots.

**Hermit Tribe**  
You would never catch a Ba Venda native moving in with his in-laws. In fact he doesn't move in with his wife. This African tribe habitually builds little round, thatched huts in which only one person lives.

Mr. and Mrs. W. C. Church left Tuesday for Merkle, their former home. During the recent storm there all the barns and out-buildings on the Church farm were destroyed. About \$1,000 damage was done.

### Card Of Thanks

We wish to thank each one who was so kind and thoughtful during the illness and death of our mother and grandmother. Each deed done, each word spoken, each flower, the food, will always be remembered by each of us. To Mr. Adams and Mr. Roy Saage we are grateful for their time and help given. May God bless each of you in our prayer.

**Korea's Kellys, Pattons and McAuliffes**

Gen. William F. Dean      Brig. Gen. John H. Michaels      Gen. Matthew B. Ridgway

Lewis B. Puller      M/Sgt. Ernest R. Kouma      Capt. James Jabara

Only a year old, the Korean War has already produced its own "Machine Gun" Kellys, and "Nuts" McAuliffes. Above are six of the men who will long be remembered for their exploits or exclamations. Gen. William Dean, missing since last July, won a Medal of Honor for attacking enemy tanks and assisting wounded in Taejon. Known among his troops as the "hottest combat officer" in Korea, John Michaels was made a Brigadier General for his stubborn defense of a Pusan perimeter approach. Virtually unknown before the dismissal of Gen. MacArthur, Gen. Matthew Ridgway is assured a place in history as the commander of UN forces. Marine Brig. Gen. Lewis Puller crashed headlines when he urged UN servicemen to get rid of candy and ice cream and "get down to fighting." The first GI to receive a Medal of Honor for action in Korea and live is M/Sgt. Ernest Kouma who singlehandedly killed 60 enemy soldiers. Capt. James Jabara became the nation's first jet ace after his F-86 kyoed six Russian-built jets in Yalu River dogfights.

**Southland Woman's  
Father Is Fatally  
Injured In Wreck**

I. N. Furrh, Sr., 77 year-old pioneer resident of Weinert died at 10 p.m. Tuesday, June 12 in the Seymour Hospital, from injuries received in an automobile accident 17 miles east of Seymour on the Wichita Falls highway. Furrh was the father of Mrs. Floy King of Southland. He is also survived by four other daughters, five sons, 30 grandchildren, and 21 great-grandchildren.

Funeral services were held in Weinert Thursday, June 14.

Furrh suffered fatal internal injuries when the car he was driving collided with another car on June 10. Occupants of the other car were hospitalized with serious, but not critical injuries.

**CORRECTION**

Several people have called attention to the fact that a picture run in the Slatonite last week with the information that it was the first Methodist Church in Slaton is correctly the first Catholic Church of Slaton.

**Tribal Mothers**

Civilized mothers are not the only mothers in the world who are tender and indulgent with their children. Even women of the fierce, savage, tribes of Africa, sing sweet, sentimental nursery songs to their little ones.

**"His Majesty"**

The royal title, "His Majesty" was first given to Henry VIII because of his magnificent silk wardrobe. Yet with all his finery, Henry so treasured his single pair of silk hosiery, he modestly reserved them for great state occasions. Incidentally, the first woman to own a pair of silk stockings was his daughter, Queen Elizabeth.

THE SLATON SLATONITE

*Local Topics*

The children play ground at the Slaton Club House grounds is gradually going to ruin, the slide is dangerous to use, the swings are delapidated and the few things that are there need repairs. The equipment was put there at considerable expense to the business men, civic clubs and to quite a number of individuals. Something should be done to save what is left.

The building at the Slaton park that was put there for the Youth Center is also being neglected and the building should be put to some use if it is to be kept from going to ruin.

Local fishermen who have been to the lake near Colorado City say that there are so many fishermen at the new lake that there is little room to put hooks and line in the water at the resort.

Weather permitting the exterior work on the new Methodist Church will be completed soon, said W. H. Seideman, contractor for the brick work on the building. There will be considerable interior work to be done after the exterior is finished. The interior workmen are usually slower in getting their work done than those who do outside construction.

Reliable sources say that work will soon start on paving the road west of town that leads from the paved road at the Hospital to the Lubbock Highway, the one that is known as the Cemetery road. It is used considerably now although it is rough. The work will be done by the county and the paved road will be forty feet wide.

Water Department Superintendent Forrest Davis says that even though Slaton has an unlimited water supply the pressure at this time of the year would not be as good as it should be because the town does not have enough water storage to keep the pressure up when the demand is as great as it is when the weather is hot. The pumps fill the reservoirs at night but when the users start

irrigating flower beds, gardens and lawns the pressure goes down fast. Old timers say that May had some

of the hottest and some of the coolest days they can remember for the month of May. Between sand storms, thunder storms and

little rain things don't look good for the boll worms, the chancs or the farmers, but they may change anytime.

Buick's newest engine—the F-263 Fireball—gives this year's SPECIAL the highest power in SPECIAL history

**Remember—only BUICK has a FIREBALL ENGINE**

WE get a chuckle, sometimes, over all the fuss that's being made about "new engines."

You'll note that the key feature of their design in every case is the valve-in-head principle—whether these engines are already in production or still in the dream stage.

Fact is, it takes this design to get the most from "high compression"—and how high you can go depends upon the available fuel. Using this design, wartime aircraft engines operated on 100 octane gasoline.

It also takes this design to get the more-miles-per-gallon which folks like in an automobile.

So what gives us a chuckle is this:

No other type of engine has ever been used in a Buick—which means that Buick owners, all along, have

When you come to check the field you'll find that there's a sweet freedom from roughness to this engine's operation—tracing to the fact that the whole mechanism itself is engineered smooth, and the further fact that every Fireball Engine gets a Micropoise balancing after assembly.

been getting a lot of things that others have just "discovered."

But that's not all. They get something more—vastly more—because today's Fireball Engine has one standout feature found in no other automobile.

That name "Fireball" isn't just a

trick word. It describes what happens in this engine. Inrushing fuel rolls into a swirling ball of gasoline vapor compacted around the spark plug. And when the fat spark sets it off, a cyclone of power lets go.

Of course, a Fireball Engine, being a valve-in-head, keeps pace with high-test fuel, when it comes to "high compression."

But what's more important in the present state of the world is this: A Fireball Engine is designed to handle the not-so-high-test fuel we may be getting in the not-too-distant future.

So, if you want to sample all that's fine in motorcar engines, your Buick dealer is the man to see. Come in soon, and find out what the rest of the world has been missing.

Equipment, accessories, trim and models are subject to change without notice.

# I SAW MacARTHUR

BY FLORENCE FORREST

I was one of several thousand Texans who saw and heard General Douglas MacArthur when he paid the Lone Star State a visit last week. I was visiting in Austin and it was there that I joined the mob "to see MacArthur".

It was announced over the radio and in the press that the General would arrive by plane at one-thirty, and would be welcomed at the airport by the mayor of Austin, our distinguished governor, Allen Shivers and wife Mary Alice. Then he would be carried to a suite at the Commodore Perry Hotel.

I immediately decided that I wanted to eat lunch at the Commodore Perry, Austin's newest hotel.

After luncheon I went up to the lobby. The elevator shaft was roped off and several people had the same idea I did. They were there to "get a peek" at the most controversial figure in the world today. Soon we heard clapping outside, with an onrush came the secret service men. Soon the place left vacant around the elevators was covered with policemen and secret service, then in walked the

general, his wife Jean, and their son Arthur.

The general is very dark, very handsome and does not look his seventy-one years. His cheeks are very rosy, and I could not detect a graying hair in his head. His wife is the most beautiful woman I have ever seen. Her black eyes flash, and her teeth are very white. What an inspiration she must be to him. The little boy is a handsome child. The Austin people presented MacArthur with a plaque, Mrs. MacArthur with orchids, and Arthur with cowboy boots.

In a short while it was announced that they would be back in a few minutes to go to the Capitol grounds where the General would deliver his speech to the joint House and Senate. I made my way outside the Hotel. The people were all roped off and the official car, a Cadillac Convertible was waiting just outside the door. I read in the papers there were one hundred press and radio observers to cover his Austin visit. A man by me pointed out Fulton Lewis. I am sure there were other

notables. When the MacArthurs again made their appearance the kodacs and cameras were clicking. I got several nice shots of the General and one of his wife. He was very gracious about posing. He knew what we were waiting for and his famous profile was snapped again and again.

Soon they were whisked away to the Capitol grounds where twenty thousand were waiting to hear, but mostly "to see". There was such a mob there that by the time I walked over there I was on the outskirts of the crowd. People were pushing and jamming. It was a very hot Austin day. One woman fainted and had to be carried away in an ambulance. Children were being held up by their parents so they could later say they had seen "Mac".

The Austin papers carried the headlines "It was M. Day in Texas and Texas was ready". I am glad I got to see MacArthur.

**Surplus Being Depleted**  
World consumption of apparel wools is rapidly eliminating wartime accumulations, reports the U. S. Department of Agriculture.

**Loch Lomond**  
Of the 30 islands that dot Lomond, Scotland, Inchmurrish is the largest. On its southern tip are the ruins of old Lennox Castle, besieged in 1425 after the Lennox family plotted against King James I. From Inchcaillich, known as the "isle of old women," Roderick Dhu of "The Lady of the Lake" took a yew tree to make the Fiery Cross.

**Kill Garden Worms**  
Use five per cent chlordane dust to kill wire-worms and grubs in the garden soil. Put 20 ounces of the dust on each 1000 square feet of soil just before disking or spading and work well into the top few inches.

**Precious Alloys**  
For jewelry platinum, hardened with five to ten per cent iridium or five per cent ruthenium or palladium with five per cent ruthenium, is generally employed in the United States. Such tarnish-resistant alloys have very satisfactory mechanical properties, too.

**Death by Fire**  
More than 11,000 lives were lost in fires in the United States during the past year, the leading cause of which was carelessness in the use of matches and cigarette smoking.

Mrs. Carl Young returned to home in El Paso Sunday after visiting her parents, Mr. and Mrs. G. Meading.

## Do You Suffer Distress From Periodic FEMALE WEAKNESS

and also want to BUILD UP RED BLOOD?

If female functional periodic disturbances make you suffer pain and weak, nervous, restless jittery feelings—at such times—then do try Lydia E. Pinkham's TABLETS to relieve such symptoms!

Take regularly—Pinkham's Tablets help build up resistance against such distress. Pinkham's Tablets are also one of the greatest blood iron tonics you can buy to help build up red blood to give more strength and energy for girls and women troubled with simple anemia. A pleasant stomachic tonic, too! Just see if you don't remarkably benefit! Any drugstore.
