## SPIRIT AND MORALE ARE CHIEF CONCERN OF THE SLATON HIGH STUDENT COUNCIL

The Slaton High School Student Council is made up of fifteen members: five seniors, Bryan Morgan, Dorothy Gravell, Darrell Wiley, Joe Sparkman and Jo Ann Haliburton; four juniors, Norma Corley, Pat Wells, Buddy Sexton, and Ronald Smith; two sophomores, Sue Corley and Billy Caldwell; two freshmen, Nancy Moseley and Roland German; and a faculty sponsor, John Hart, High School Principal.

The chief function of the council is to improve school spirit, to have a better school and better morale. The council has charge of assembly programs and special projects such as Western Day. Last year the council initiated the Christmas decorations. This year the Slaton council is being a member of the South Texas Association of Student Councils.

The following officers were elected by the student council to their organization: president, Bryan Morgan; vice president, Joe Sparkman; treasurer, Sue Corley; secretary, Dorothy Gravell; and member, Darrell Wiley.

A total of twenty student members is possible on the Student Council. Two representatives from each class are elected each year. A student once chosen for Student Council remains a member as long as he maintains passing grades. Failure to maintain passing grades never cost the council a member, but a number have moved or dropped out of school for other reasons.

In this method of compiling the membership of the council, the council is never made up entirely of new members; there are always old hands who know the ropes. A situation is to be desired in the organization of this type. Called meetings are held, on an average, every two weeks.

## FORREST BLDG. COMPLETION SET DEC. 1

Estimated completion date is set on the trio of new buildings erected at the west side of the square on the former Forrest site, it was announced this week by Don Britt.

"To my knowledge, there are no definite commitments yet for tenants in any of the three buildings," said Britt, manager of the Forrest Lumber Company here.

When complete, each of the buildings will have modern glass windows with double aluminum panes.

Owner of the buildings is Forrest Slaton resident, Mrs. Moulton Cobb of Weslaco, who was in New York last week and the first of this week for the World

## MAY CONTRACT POSTAL BLDG. NEXT WEEK

Contract for construction of Slaton's new postoffice probably will be let sometime next week. Oran McWilliams told the Slatonite on Tuesday.

"Preparation of the blueprints has taken slightly longer than I anticipated, or contract possibly might have been let as early as this week," McWilliams explained.

The new post office will be erected on property owned by McWilliams immediately south of Reed's Drive-In on the east side of the square.

McWilliams has expressed the hope that the building can be ready for occupancy by the first of the year.

It will front west and will be 30½ by 90 feet. It will have a modern brick and glass front with the sides and back to be constructed of 12-inch concrete block.

The post office department will rent the building from McWilliams under a 10-year lease arrangement, and McWilliams has agreed to an additional 10-year option.

Plans for the building were prepared by Arnold Maeker, Lubbock architect.

**KEY ELY BUYS GROCERY HERE**

Texas Grocery and Market, 130 West Garza, has a new owner—Key Ely—and a new name—Ely's 8 Till Late.

Ely, former Slaton resident, purchased the grocery on Oct. 1 from Frank West, and announced plans this week to modernize the meat market and to install new store fixtures in the near future.

Ely was a Slaton resident from 1920 to 1951. He has extensive experience in the grocery business, and from 1949 to 1951, operated Ely Furniture at 160 Texas Avenue.

For the past two years, he has been stock farming near Waldron, Arkansas.

Mr. and Mrs. L. M. Cole have returned to their home after having been gone for the past two weeks visiting with relatives in Hamlin, Arlington and Paris, Texas.

Mrs. H. C. Gordon returned to her home in Burleson last Tuesday after having spent two weeks in the home of her daughter, Mrs. S. W. Clark, and Mr. Clark at 1030 W. Crosby

## TRAFFIC COMMISSION TO ELECT OFFICERS

Election of new officers will be the chief item of business at the regular monthly meeting of the Slaton Citizens Traffic Commission next week, it was announced Wednesday by President Cliff Cox. The meeting will be held at 10 o'clock Wednesday morning, Oct. 14, at the city hall auditorium.

## CRAFTS CLASS OPEN

The Homemaking Department at Slaton High School announced this week that Miss Pat Brewer will start a class for adults in crafts on Oct. 15. The class will meet Thursday morning from 10 until 12 only. Included in the course will be copper tooling including pictures and planters, aluminum trays and textile painting. The course is a continuation of the free adult classes which have an enrollment of 77 women at present. Those who are interested in the course should contact Miss Brewer at 170 or 801.

## SET MORNING PREVUE FOR MOON IS BLUE

Bern Wilson, livewire manager for the Slaton Theatre, has planned something different in the way of motion picture promotion for the much-talked-about movie, "The Moon Is Blue."

In addition to the regular showing of the explosively funny comedy here Sunday and Monday, Oct. 11-12, Wilson has announced plans for a breakfast prevue and a midnight prevue.

The early bird promotion gets underway at 6 a.m. this Saturday, when free coffee and doughnuts will be served at the Slaton Theatre. Free vittles will be available to early morning moviegoers until 6:45 a.m., when the show will begin.

Those who attend the breakfast prevue will be out not later than 8:30 a.m., Wilson promises.

The midnight prevue is set for 11:30 p.m. Saturday.

"This picture will surely figure in any moviegoer's favorite list as the brightest and most originally charming comedy of the year," Wilson commented.

The picture, for which no children's tickets will be sold, stars William Holden, David Niven and Maggie McKim.

All showings will be at regular prices.

**SLATON REPRESENTED IN HALE CO. FAIR PARADE**

The Slaton Ranger Posse and its miniature chuck wagon drawn by wheel team of shetland ponies will ride in the annual Hale County Fair opening parade at Plainview Thursday, Oct. 8, at 2 p.m.

Also taking part in the parade and representing Slaton will be the Ray C. Ayers and Son exact scale miniature chuck wagon also drawn by shetland ponies. Lonnie Carrington will drive the Ayers wagon.

## CANADIAN DAM CONFIRMATION VOTE SET HERE NOVEMBER 24

An important election — one which is tied closely to the need for an assured supply of water in the Panhandle-South Plains area in the years ahead — will be held here on Tuesday, Nov. 24.

On that day, resident property owners here will go to the polls to vote yes or no on the confirmation of the Canadian River Municipal Authority, it was explained Tuesday by J. B. Huckabay, Slaton's member on the Authority's board of directors.

Like elections will be held on the same day in the 11 other member cities of the Canadian River Dam compact, Huckabay explained.

"The Nov. 24 election is merely to confirm the establishment of the water district, and does not involve Slaton or its citizens financially in any way whatsoever," Huckabay said. "But if the vote here should not pass, it would mean that Slaton would no longer be included in the Canadian River project," he explained.

Other Panhandle-South Plains cities in which like elections will be held on Nov. 24 include Borger, Pampa, Amarillo, Plainview, Lubbock, Lamesa, Levelland, O'Donnell, Tahoka, Brownfield, and Littlefield.

Plans for the elections were made at a Monday meeting of the board of directors of the Canadian River Municipal Water Authority. The group, meeting at Plainview, named the following officers: C. A. Huff, Pampa, president; Robert E. Maxey, Lubbock, vice-president, and A. A. Meredith, Borger, secretary.

Each of the 12 cities has one

member on the board of directors, and cities with more than 10,000 population have two members, Huckabay explained.

Each of the 12 municipalities will confirm their inclusion in the district or eliminate themselves at the November election.

"I can't emphasize too strongly that the Nov. 24 election will not mean the assuming of any obligations on Slaton's part," Huckabay asserted. "Another election—to be held at a later date — would be held before any contracts or obligations are assumed by any of the cities."

It is proposed that a dam be built on the Canadian River in the North Panhandle and that the water be carried to the user cities through an aqueduct system.

## Voters Approve Bond Issue; Balloting Extremely Light

### SECOND SUN. SINGING HERE

Rev. Louis Bowerman, pastor of the Church of God, is announcing this week that there will be a Second Sunday Singing held at the church on Texas Avenue, Sunday afternoon, Oct. 13, from 2 p.m. to 4 p.m. Towns in the surrounding area will be represented at the singing. The public is cordially invited to attend.

### JACK BLAKE ENTERS UNITED STATES NAVY

Jack Blake, 19-year-old son of Mr. and Mrs. M. E. "Mickey" Blake, 710 South Eleventh, left Tuesday for Clovis, N. M., to enlist in the United States Navy for four years.

Young Blake expected to be sent from Clovis to Albuquerque for a physical, and from there to San Diego Naval Training Station for boot camp.

Prior to his entry into Navy service, Blake was a junior English major at Abilene Christian College.

In one of the lightest major bond issue votes ever recorded here, Slaton property owners Saturday approved by an approximate 2½-to-1 margin a \$90,000 waterworks and sewage improvement bond issue.

Proposition No. 1—concerning the issuance of \$85,000 in waterworks improvement and extension bonds—was approved by a 78-31 margin. Proposition No. 2—concerning the issuance of \$5,000 in sewer improvement and extension bonds—was okayed by a 74-29 margin.

### To Open Bids

Election results will be canvassed at the city commission meeting set for 5 o'clock Monday afternoon, Oct. 12, and sealed bids for the sale of the bonds will be opened at that time. City Secretary J. J. Maxey explained Tuesday.

Half a dozen bonding firms—from Dallas, Houston and Plainview—have expressed interest in bidding on the bonds, Maxey said.

By wards, voting on Proposition No. 1 was as follows: Ward No. 1 (Southwest Slaton): 25 for, 13 against; Ward No. 2 (Northwest Slaton): 22-8; Ward No. 3 (Northeast Slaton): 15-2; Ward No. 4 (Southeast Slaton): 16-8.

Balloting on proposition No. 2 was as follows: Ward No. 1: 26-10; Ward No. 2: 19-8; Ward No. 3: 14-2; Ward No. 4: 15-9.

### More Storage

City commissioners have indicated that a major portion of the \$90,000 will be spent to provide Slaton with adequate overhead water storage facilities. At the present time, the city has two overhead storage tanks with a total storage capacity of 120,000 gallons. State requirements specify a minimum 300,000 gallons of overhead storage for a city of Slaton's size.

The commission has pledged not to raise city taxes or to increase property valuations to pay for the bond issue. Current thinking is that a small monthly water and sewage charge probably will provide enough revenue to meet the bond payments as they come due.

The borrowed money will be repaid under terms of a plan approved by the city commission about a month ago. The \$90,000 would be paid back over a period of 19 years as follows: \$1,000 principal payments for the first 5 years; \$2,000 payments for the second 5 years; \$5,000 payments for the next 3 years, and \$10,000 payments for the final 6 years.

## AREA GINNING CONTINUES TO RISE SHARPLY

A mid-week survey taken by the Slatonite shows that ginning volume has almost doubled in a week's time.

On Wednesday of last week, five area gins had ginned a total of 794 bales of cotton. On Wednesday of this week, the total had risen to 1588 bales . . . only 23 bales away from being twice as much as the week before.

The sharp rise was despite Saturday's rain, which seriously hampered harvesting operations on Saturday and Monday.

The survey includes Campbell Gin, Howard & Heard Gin, Co-Op Gin, Union Gin and the Posey Gin.

For the most part, middling and strict middling grade cotton was being ginned.

Mr. and Mrs. J. C. Jeter and their sons, Bill and Clay and Misses Sandra Houston and Margaret Ussery of San Angelo visited with Mr. Jeter's parents, Mr. and Mrs. H. W. Jeter at 245 S. 5th over the week end. On Saturday evening they attended the Fair in Lubbock.

## Tigers To Close Non-District Slate Tonight Against Amherst

### Bengals Explode In Final Half To Rout Eagles

Slaton's Tigers, who recovered from a shaky first half start to stage an explosive comeback and roll to a 53-8 win over the O'Donnell Eagles last Friday, will wind up their non-conference grid slate at 8 o'clock here tonight against the Amherst Bulldogs of District 2-A.

Coach Lamar Kelley's Bulldogs, haunted by bad breaks ever since their 13-0 win over Anton in the season opener, are expected to provide stiffer opposition than their record indicates they're capable of. After pesting Anton, the Bulldogs dropped a 50-13 decision to Hale Center, were trounced 44-7 by Muleshoe, and were edged 9-0 last week by a strong New Deal eleven.

### Watch Nuttalls

Scouting reports indicate that the Tigers will have to keep their eyes on a couple of little backs named Nuttall if the Bengals are to gain their fourth consecutive triumph tonight.

Spearhead of the Bulldog offensive is Porter Nuttall, 140-pound quarterback who is a brother of last year's Amherst great, A. L. Nuttall. Porter is touted as a passer deluxe and a dangerous breakaway runner.

Equally dangerous, once cleared past the line of scrimmage, is his 130-pound little brother, Del-

vin Nuttall. Delvin, a freshman, reeled off several long runs against New Deal last week and is reported to be especially proficient in the art of punt returns.

Stalwarts in the Bulldog line include James Anderson, 170-pound center; Jim Blair, 135-pound guard, and Barry Bearden, 170-pound tackle.

The Bulldogs operate from a Split-T.

### Poor First Half

Another T-formation ball club—Coach Ed Robertson's O'Donnell Eagles—provided tougher-than-anticipated opposition at O'Donnell Friday night and a shamefaced Tiger eleven had a narrow 13-8 halftime margin over a team that had been advertised as easy pickings.

The Tigers moved into the lead midway in the first period when Jerry Reynolds capped a sustained 64-yard downfield drive by scooting 2 yards over right tackle on a nice hole opened by James George. Ronald Smith carried for the extra point.

Less than a minute later, Linebacker Chester Fondy snared a short pass thrown by Eagle Quarterback Derry Moore and went around right end, unmolested by pursuers, for a 35-yard scoring gallop.

O'Donnell narrowed the margin to 13-2 early in the second period when Bobby Tefertiller stepped out of the end zone on a fourth down punt situation. Four minutes later, the Eagles closed the gap to 13-8 when the Eagles climaxed a ridiculously easy 42-yard scoring drive by sending Halfback Harold

Sanders over the right side from one yard out for a score.

The sloppy Tiger tackling and listlessly-thrown Bengal blocks of the first half were the subjects of halftime conversation among the approximately 400 Tiger fans who journeyed to O'Donnell, and over hot dogs and coffee, there was considerable speculation that the Tiger bubble was about to burst.

Such speculation was short-lived. The Tiger ball club that came onto O'Donnell's Johnson Field for (See Bengals Explode Back Page)

## BAPTISTS SET LAYMAN'S DAY OBSERVANCES

Lt. Vernon "Sunshine" Wright will bring his personal testimony in the 11 o'clock worship service at the First Baptist Church on Sunday morning as the men of the church take over in their annual observance of Layman's Day, in cooperation with men throughout the Southern Baptist Convention.

"Sunshine's" experiences with the Lord as he was kept in solitary confinement, and his testimony of what God can do for those who call upon Him, will bless your life. You will not want to miss this testimony from one of our very own members," the pastor, J. T. Bolding, assured.

Brotherhood presidents J. J. Maxey and J. B. Hutchens announced that the Layman's Day emphasis will be launched with a breakfast for the men at 7:30 Sunday morning, as the men come together for fellowship and prayer for the program of the day.

At the 9:45 a.m. hour, the Sunday School will be staffed by men, in all departments above the five-year-olds.

The pastor stated that the sermon on the 11 o'clock hour will be preached by Wayne Liles, a member of First Baptist Church, who, for four years has been working with the Mexican Mission of the church, doing the preaching there more than half of the time.

At both the morning and evening worship services, the choir will be made up of men, and the special music for the services will also be supplied by men. Fred England will be directing the choir.

The evening services have been changed to begin thirty minutes earlier through the winter. Training Union begins at 6:30 p.m. and the evening worship at 7:30 p.m.

Closing out and climaxing the day's activities, Ray Samples will bring the sermon at the evening hour.

"We will especially welcome visitors for this day's services," the pastor said.

## NAME HUSER TD CLUB HEAD; LAUNCH MEMBERSHIP DRIVE

A genial poultryman is the new president of the Slaton Tiger Touchdown Club.

Robert Huser was named to the presidency of the group at an organizational session held at the city hall auditorium on Thursday night, Oct. 1. Also elected were W. V. "Bill" Smith, vice-president, and E. L. "Curly" Norris, secretary-treasurer.

Present for the organizational session were M. E. Blake, Alex A. Webb, W. V. Smith, L. N. Foster, E. L. Norris, J. H. George, Martin Collins, Bill H. Smith, Dr. T. L. Taibert, Bill Kelley, Travis C. Reynolds and Lee Vardy.

The group set 8 p.m. each Monday as a regular meeting time. All meetings will be held at the city hall. Supt. of Schools Vardy spoke briefly, pointing out that good sportsmanship on the part of the spectators has a bearing on the winning or losing of ball games just as does the sportsmanship of

the players on the field, and Webb emphasized the importance of townspeople attending Tiger pep rallies, held at 11:30 o'clock each Friday morning at Slaton High School.

At the group's Oct. 5 meeting, attended by 18 members, Coach Homer Tompkins reviewed the Tiger football season to date, and explained in detail all blocking assignments in the spread formation offenses normally employed by the Tigers.

Membership cards were distributed. They'll be for sale by club members for \$1 each throughout the next week or two. Proceeds will be used for the furtherance of Slaton High School athletics.

At the Touchdown Club's Oct. 12 meeting, Coach M. W. Kerr will report on Slaton's junior high school football teams, and will describe "What A Football Scout Looks For." There'll also be a report on progress of the club's membership drive.

## Slaton's New Look

Slaton is taking on a "new look." Storeowners are remodeling their storefronts and sharpening their interiors.

That costs money. But it's good business. People like to shop where atmosphere is pleasant.

Best of all, the local outbreak of modernization should prove an important factor in keeping Slaton trade in Slaton where it rightfully belongs.

The Slatonite sincerely commends those businessmen who conscientiously are seeking to meet opportunity with preparation.

## Favorite Food

Ask nine out of ten Americans what they would eat for dinner tonight if cost were no object, and there's a pretty good chance they'd say steak. The mere thought of a tender juicy steak, broiled to exactly the right stage between "rare" and "medium," is enough to make the mouths of most Americans water.

This is a general observation unsupported by statistics. For unfortunately the point in prosperity has never been attained when all Americans could afford to eat all the beef they would like to eat. But the difficulties of the cattle industry this season are providing some interesting data to confirm what we already know about Americans' taste: that if the price is right and the people have the money, they'll eat beef.

The American Meat Institute, in a study just completed, asserts that despite a sharp rise in "general" living costs to a new high in mid-July, latest date on which figures have been compiled, consumers are paying less money for more meat. "Consumers are buying more beef this year than at any time in history," the Institute finds. And it notes that the decline in beef prices has more than offset the increases in some cuts of pork which have resulted from the sharp decline in hog supplies.

The Institute estimates that beef consumption this year will rise to 74 pounds per capita, compared with 61.2 pounds last year. And the switch is being made at the expense of pork, consumption which is expected to be 60.5 pounds this year against 71.6 pounds in 1952.

The figures are of great importance to the cattle industry of Texas and the rest of the nation. For they demonstrate the great popularity of beef. The lesson to be drawn from them is that, to the extent that cattlemen and the processors and distributors of beef can count on almost unlimited expansion of their domestic market.—Fort Worth Star-Telegram.

## Conspiracy

Just try and put an ice cube into the usual quart-size thermos bottle. You can't do it. The ice cube, ours at least, measures two by one and a half by one and a quarter inches. The neck of the bottle measures one inch in diameter.

Okay, so you pick up a pick, break the ice and gash your hand. You can almost see the grinning mercurochrome magnates and tape tycoons as you reach for the medicine chest. The sweat rolls off your face and you reach for your handkerchief. The laundry moguls are probably conniving in this plot, too. It's all a dirty capitalistic plot, that's what it is.—Charlotte (N. C.) News.

## United Nations Week

United Nations Week, October 18-24, will probably not be enthusiastically observed in this country. Many people think the U. N. may have been a good idea but that it has failed.

Most of the great ideals of mankind have a much longer history than the eight years of the U. N. Christianity, with its divine message of the Fatherhood of God and the brotherhood of man, had its birth nearly 2000 years ago. It has made life incalculably better, but only about one third of mankind acknowledges its truth or subscribes to its principles. Free government is 300 years old at least. Yet, despite all the rights and privileges with which it endows the individual, it is having to fight for its life.

The U. N. hasn't achieved the miracle of peace in a world that isn't prepared for peace. As President Eisenhower says, it holds up a mirror in which the world can see its true self. So far it is only a symbol of the decent kind of life men and women of good will would like to see on earth. That is worth keeping before us. Let's give the U. N. time.—Country Gentleman.

## That Gasoline Tax

It's no fun for the taxpayer when both the federal government and a state government collect a tax on the same item. Nor is it a good tax philosophy for either level of government. For many years tax officials have tried to lay out separate areas of taxation for the two. But during the same years, under pressure of unemployment relief and then war, duplication has increased.

The recent Conference of State Governors recalled the objective with an agitation to persuade the United States Government to withdraw from the collection of gasoline taxes. This is one field in which states can say, "I was here first." But it may not be easy for Washington to give up the two cents a gallon which started with one cent in 1932.

However, Gov. Howard Pyle of Arizona makes a good point when he says the state governments are not merely jealous of federal administration but that, "We honestly think that certain responsibilities are ours and that we shouldn't shirk them." When it's put that way, one can say in the filling-station vernacular, "You aren't just gassing"—Christian Science Monitor.

## SHORT GRASS

by gpt

This column is in sympathy with those local merchants who resent organizations which come into Slaton and do business out of trucks and so forth.

Such organizations take away a portion of the business which rightfully belongs to local merchants, yet they pay no local taxes and contribute in no way to civic betterment here.

Some outside firms which do business here do not operate in this manner. Fuller Brush Co. and Watkins Products, to name a couple, pay a local tax and post a bond to operate here. Thus they bear their rightful share of the local tax burden.

Other organizations are not as generous and continue to operate here without any offer to pay a local tax for doing so.

The city commission is aware of the problem, but such matters are not corrected overnight. You can help. Next time an out-of-city organization asks to sell you merchandise, why not ask the salesman, "Does your company pay any city tax for operating in Slaton?"

Was reading a story about the Floydada High School football team in an Amarillo newspaper, and story indicates that Slaton's Tigers are going to be up against a bulky ball club when they tangle with the Whirlwinds next Friday.

According to the story (by Amarillo Daily News Sportswriter Dick Collins), Coach Preston Watson's Whirlwind squad includes 15 or more boys who tip the scale at 160 pounds or more, and 5 of these weigh 190 or more.

Collins' story indicates that the starting line usually fielded by the Whirlwinds this year averages more than 175 pounds per man.

And in view of the impressive record rolled up so far by Floydada, it looks like the Bengals have a king-size assignment if they're to take the wind out of the Whirlwinds.

Why is it that man wakes up in the morning after sleeping under an advertised blanket on an advertised mattress and pulls off advertised pajamas, takes a bath in an advertised tub, shaves with an advertised razor, washes with an advertised soap, dons advertised clothes, sits down to a breakfast of advertised cereal, drinks a cup of advertised coffee, puts on an advertised hat, rides to the office in an advertised car, then he refuses to advertise, saying that advertising doesn't pay!

Slaton will have a chance to avenge its 19-13 early season loss to Coahomas. We play the Bulldogs in their own ballpark next year.

A Texas Employment Commission farm labor bulletin which reached our desk this week predicts that Hale County will harvest 225,000 bales of cotton this year and that Lubbock County will harvest 186,000 bales. If that prediction comes true, it will be the first year for quite some time for Hale to out-cotton Lubbock, to this writer's memory.

It was only told to me: that James Richard Vardy can lock his feet behind his head. If true, that's some feat. James Richard is the son of Mr. and Mrs. Lee Vardy, 855 West Garza.

Max Arrants has been unusually quiet since his alma mammy school, Tennessee, dropped a 26-0 verdict to Mississippi State and a 21-7 decision to Duke.

This week's nomination for one of Slaton's most pleasant people: Ed Gorom, pastor of the First Christian Church.

This writer sincerely hopes that the city commission sees fit to adopt the Texas Municipal Retirement System for City of Slaton employees. When a man gives his working lifetime to any organization, he deserves more than a "thank you" when it's over.

We're wondering who Phil Brewer will root for at the Texas Tech-Texas A&M game tomorrow night at Jones Stadium. Phil is an Aggie ex, but he's an enthusiastic Red Raider fan, too.

This week's grid predictions: Slaton 40, Amherst 7, Floydada over Ralls

Kansas tilt this year will be at Boulder, and if the Jayhawks are smart they'll take along oxygen tanks instead of water bottles for those precious times out in the rarified atmosphere of the Rockies.

Mr. and Mrs. Welda Dally of Lubbock spent the week end with his grandparents, Mr. and Mrs. C. C. Thornton of S. 12th Street.

Mr. and Mrs. Frank Weathered visited with Mr. and Mrs. Charles Barta in San Angelo the past week end.

Mr. and Mrs. Ace Hickman of Baird spent Wednesday and Thursday in the home of Mr. Hickman's brother, R. D. Hickman, and family. Their sister, Mrs. S. W. Browning of San Antonio spent the week here. Mr. and Mrs. Hickman accompanied her to Amarillo Saturday where she will spend the week with her son, Dr. S. W. Browning.

Mr. and Mrs. Lowell Austin of Levelland were week end guests in the home of Mrs. Austin's brother, C. E. Nance, and Mrs. Nance at 625 S. 4th Street.

This columnist believes Tech's chances of beating the Aggies tomorrow night will depend in large part on the ability of the Red Raiders to stop the passing of Aggie Quarterback Don Ellis. Fort Worth sportswriters who have seen Ellis work say he is one of the most accurate passers to perform in the Southwest Conference in recent years.

Too, if Tech quarterbacks will call on Bobby Cavazos to carry the ball more often, the Raiders might pick up more yardage on the ground. To my way of thinking, Cavazos is the best open field runner in the Raider fold, but he has been given few chances to carry this year.

The choice of Colorado over Kansas is a sentimental one, not a logical one. But it has its aspects of practicality. I graduated from Colorado, and I have seen many teams from the plains fold up and fizzle away during the last half in games played at Colorado because the high elevation takes their energy away. The Colorado-

## DO YOU REMEMBER?

ONE YEAR AGO IN SLATON

Taken from Oct. 10, 1952

There'll be no more clothing rummage sales on the city hall lawn or on Slaton streets. That ruling was voted into effect at a called city commission meeting on Tuesday, it was explained yesterday by Mayor Lee Wootton. Complaints from individuals and merchants prompted the action, Wootton said.

Alex Webb, Slaton merchant, was chosen as the district Chairman of the Caprock Boy Scout organization at the South Plains Council last Wednesday night when it met in Lubbock. Bill Smith, Sales Director of the Slaton Motor Co., was named District Commissioner of the Caprock District, and C. M. Marriott, chairman of the training and leadership committee. The following men of Slaton were chosen on the executive board at large: Ed Haddock, Sherrill Boyd, Bill Smith, Mack Klattenhoff and L. B. Hagerman.

Miss Jimmy Ruth Ward, daughter of Mrs. W. W. Ward of 300 W. Crosby, was married to Wesley Hancock of the Robertson community, Tuesday night, Sept. 23, at the First Methodist Church in Slaton. The bridegroom is the son of M. F. Hancock, of the Robertson community. The double ring ceremony was performed by Elmer Crabtree.

Mrs. R. L. Henry honored her daughter, Janis Lee, with a luncheon on her fifth birthday. Also the guests and the honoree dined in grownup costumes complete with hats, ear screws, and make-up.

H. E. Cleveland of Seneca, S. Carolina, is visiting his brother, Bill Cleveland, 375 East Prairie. It's the first time the brothers have seen each other for 13 years.

Mr. and Mrs. F. B. Sexton, Buddy, visited Mr. and Mrs. C. L. Ward of Albuquerque, N. M., last week end. Mrs. Ward is Sexton's daughter. They are on the New Mexico State Fair for the visit.

WE DON'T SELL SPACE --- WE SELL SERVICE AND RESULTS

If you're an advertiser and you invest three times as many dollars in one medium as in any other, brother --- that's confidence. But when your choice is echoed by all the people who sell --- that's popularity earned by newspapers based on RESULTS unmatched by any other medium.

IF YOU'RE A RETAILER.....

Only when your message appears in a newspaper can it reach nearly all the people you want to sell... whether they're home or away... any week.

IT'S RESULTS THAT COUNT.....

Any advertising is cheap when it brings the required results. Neither does the amount of space bought count when these results can be obtained. Weekly newspapers do get this kind of response.

No wonder advertisers --- from housewives with rooms to rent to National manufacturers --- invested \$2.4 million in newspapers last year --- more than the total spent for all other media combined.

**AYERS SUPREME EGG MASH**

Featured At Slaton Farm Store

**FEEDING FOR MORE EGGS**

EXCEPTIONAL RESULTS AT NO EXTRA COST

The average sized hen consumes about 64 pounds of feed per year just to maintain her body and about 9/100 of a pound of feed to produce one egg. Thus hens laying 250 eggs per year will consume an average total of 86.5 pounds of feed (mash and scratch), or 4.15 pounds of feed for each dozen eggs. Now compare these figures with the consumption of a hen that lays only 100 eggs per year. She will consume a total of 73 pounds of feed, but this amounts to 8.8 pounds of feed per dozen eggs—or 4.65 pounds more than required by 250-egg hens. This clearly shows the profit-value of high producing hens that are fed properly. USE AYERS SUPREME 20% PROTEIN EGG MASH.

Mr. and Mrs. John Fondy, Jr. spent the week end in Amarillo visiting with their parents, Mr. and Mrs. John Fondy, Sr.

**CHICK CHATS**  
 Presented By Dr. Salsbury's Laboratories  
 READY TO TRY

**FALL CHICKS?**  
 Results of research and studies of farm records show you can raise chicks any time of the year and make a profit, depending on economic conditions. Commercial broiler-raisers have shown that they can operate successfully the year around, and now interest is evident in raising "out-of-season" pullets.

This interest is due to the following reasons, according to J. C. Taylor, extension poultryman at Rutgers University: desire for uniform egg production, to reduce seasonal peaks in labor requirements, to obtain more efficient use of equipment, and to sell birds on the high spring market.

**Early-Hatched Chicks**  
 Extension-service recommendations have long advocated early-hatched chicks—that is, in winter and early spring. Now, consideration is being given to replacement pullets hatched in late summer and fall. Taylor points out that summer-hatched pullets will start laying in December or January, with production reaching 70 per cent or better by February.

Fall-hatched pullets will use brooding equipment for 8 to 12 weeks and will be reared in confinement. The spring months of March, April, and May will be the beginning of egg production. These pullets will finish 12 months of production at the time of high fowl prices and should be sold in March, April, or May.

**Some Disadvantages**  
 Of course, there are certain disadvantages to raising chicks in the fall: it will cost more, and there is the possibility of more respiratory disease. Neither disadvantage is as great as in winter chicks, however. And, for the considerable advantage of having pullets at peak production when egg prices are climbing, these disadvantages do not amount to much.

Commercial egg-producers are now in the business on a year-around basis, and it is possible to take a tip from them, Taylor thinks. We can expect less fluctuation in egg prices and less storage of eggs as the trend toward more uniform pullet-raising becomes better established. The poultryman who is really in the business to make money should watch the trend carefully and try a few fall chicks.

**NEW ARRIVALS IN SLATON**

Born on September 30 to Mr. and Mrs. Isabell Garza Torrión, Box 204, San Juan, Texas, in Mercy Hospital, a boy weighing 8 lbs. 1 oz.

Born on September 30 to Mr. and Mrs. T. J. Comer, 305 South 5th Street, Slaton, in Mercy Hospital, a boy weighing 8 lbs. 6 ozs.

Born on October 5 to Mr. and Mrs. Martin Ramirez, Mathis, Texas, in Mercy Hospital, a girl weighing 7 lbs. 3 ozs.

Born on October 6 to Mr. and Mrs. Raymond Gatzki, Rt. 2, Post, in Mercy Hospital, a boy weighing 6 lbs. 6 ozs.

**What They Write**  
 Dear Editor:  
 I have been wondering, since the heat and drought continue, if it would be possible to persuade the city commission to extend the irrigation rate.

The trees and shrubs take a long time to grow, but to keep them irrigated takes a lot of water. The average citizen feels that 25c per thousand is too much, and will probably let the shrubbery and trees die.

Since they add so much to the looks of the town, I thought perhaps if you mentioned it in your paper there might be something done about it.

Sincerely,  
 An Interested Homeowner

Here are two points to remember when you buy a new car! . . .

# Chevrolet BUYER-BENEFITS are the Soundest

The thrilling "Two-Ten" 4-door sedan. With 3 great new series, Chevrolet offers the widest choice of models in its field.

# Chevrolet PRICES are the Lowest of any line in its field!

Look at Chevrolet! You'll see that it brings you big-car styling, smoothly rounded Fisher Body beauty, and a rich, roomy, colorful interior with Safety Plate Glass all around in sedans and coupes. Features ordinarily found only in higher-priced cars.

Drive a Chevrolet! You'll be equally impressed by the outstanding pick-up and power as well as the smoothness and quietness of its advanced high-compression Valve-in-Head engine.

Test Chevrolet's handling-ease and riding-ease! You'll find that this car alone combines the greater comfort and convenience of Powerglide automatic driving, \* Power Steering\* and the Knee-Action Ride—just as it alone gives the protection of Jumbo-Drum Brakes, largest in Chevrolet's field.

And here's the best news of all. Chevrolet offers all these fine-car advantages at the lowest prices and with exceptional economy. Come in, see and drive this car, at your earliest convenience!

\*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models. Power Steering available on all models.

(Delayed)  
 Mr. and Mrs. Edward Patterson visited with Mr. and Mrs. Rhea Pierce, Sunday night.  
 M. C. Craddock, from Los Angeles, Calif., visited his parents, Mr. and Mrs. E. C. Craddock, Wednesday.  
 Mr. and Mrs. W. T. Lemon and daughter, Sally, Mr. and Mrs. H. M. Cade and daughters, Dinah and Donna, were among those who attended the barbecue supper Saturday night at the home of Mr. and Mrs. Tommy Lemons, at Wolf-  
 Mr. and Mrs. V. G. Browning and daughter, from Slaton, had supper with the L. L. Greenses, Saturday night and enjoyed some of the fish Mr. Greene caught at Junction last week.  
 The W.S.C.S. met at the Methodist Parsonage Monday afternoon, for their second meeting of the year. A man from Reese Air Base was the main speaker. Some of the ladies from the Baptist churches at Woodrow and Canyon attended.  
 Mr. and Mrs. Clint Beard and baby, of Wolforth, and Mr. and Mrs. N. V. Beard, recently returned from a two week's vacation and fishing trip.  
 Mr. and Mrs. Charles Cade and Sherry, of Cotton Center, Mr. and Mrs. Bobby Jones and Brenda, and Mr. and Mrs. Charlie Meyers and Judy, visited Sunday with Mr. and Mrs. Dick Cade and family.  
 Mr. and Mrs. E. C. Houchin visited at Lorenzo, Sunday with their son-in-law and daughter, Mr. and Mrs. B. C. Corley.  
 Mr. and Mrs. Pete Roads of Wilson were Sunday dinner guests

of Mr. and Mrs. A. R. Skinner.  
 Misses Donna and Dinah Cade from McMurry College spent the week end at home while McMurry played ball at Amarillo.  
 Mr. and Mrs. H. M. Cade returned their daughters to Abilene, Sunday afternoon.  
 Mr. and Mrs. L. E. Evans left Sunday for Temple.  
 Mrs. George Gamble's brother, Cpl. Ray Walters, arrived home Sunday morning for Texarkana, Texas, where they will visit Mrs. Cade's brother and family. Mr. and Mrs. Ted Smith. They will also visit in East Texas and Louisiana before coming home. Mrs. Cade's mother, Mrs. Horace Smith, of Slaton, accompanied the Cades as far as Texarkana, where she will visit her son and family, Mr. and Mrs. Smith.  
 Mrs. E. J. Standerfer and Mrs. Knee Smith, of Levelland, visited last Friday with Mr. and Mrs. E. C. Houchin. Mrs. Standerfer and Mrs. Houchin are sisters.  
 Mr. and Mrs. Joe Gamble, Joyce and Mc, of Cotton Center, had supper with Mr. and Mrs. George Gamble, Saturday.  
 Mr. and Mrs. F. H. Griffin and Mr. and Mrs. L. L. Greene attended the Farm Bureau meeting last Thursday night at Lubbock.  
 Charlotte Martin of Brownfield spent the week end with her grandparents, Mr. and Mrs. H. F. Doyle.  
 Mechanical cotton harvesters threaten to make the cotton gins a bottleneck to the cotton industry. This results from the speed up of harvesting and therefore, a shorter harvesting season. Some type of storage must be used to relieve crowded conditions at the gins. Field storage has proved successful on the High Plains.  
 Last year farm fires destroyed \$133,000,000 worth of property and took 3,000 lives. How much of this toll came from your community and what caused the fires? Records show that approximately 95 per cent of these fires resulted from carelessness and neglect.  
 A cheap, effective and fairly easy to apply formula for controlling the spinose ear tick has been developed by the USDA. Crude cottonseed oil, kerosene and lindane are used in the mixture.  
 The annual run of grass fed cattle to market is on and this means more meat for the family table at comparatively lower prices. It's a good time to fill the family deep freeze or locker box with beef.  
 Mrs. F. B. Barker returned to her home in Dublin last week after having visited in the home of her daughter, Mrs. E. L. Norris of 840 S. 11th Street, for several days.

afternoon when his crop-dusting plane crashed on the Lawrence Schilling farm west of the Union store. Biggs climbed unassisted from the heavily damaged craft which apparently faltered on take-off, then flopped over four times as the pilot attempted to set it down. The plane had just taken off from Farm Road 41 to spray the farm of B. J. Hlavaty when the wreck occurred.  
 Mr. and Mrs. R. M. Cade left Sunday morning for Texarkana, Texas, where they will visit Mrs. Cade's brother and family. Mr. and Mrs. Ted Smith. They will also visit in East Texas and Louisiana before coming home. Mrs. Cade's mother, Mrs. Horace Smith, of Slaton, accompanied the Cades as far as Texarkana, where she will visit her son and family, Mr. and Mrs. Smith.

Ernest Caraway of Abilene is staying with his sister, Mrs. E. C. Craddock and Mr. Craddock, and doing the painting and textoning on Mr. and Mrs. Pat Patterson's house.  
 Several attended the ball game at Petersburg Friday night between Cooper and Petersburg.  
 Mr. and Mrs. Pat Patterson, Ponda and Nicky, were Sunday dinner guests of Mr. and Mrs. Leo Baggett, at Lubbock.  
 The young adult class at the Methodist Church attended the Sub-district meeting at Lubbock last week.  
 Mrs. Leslie Greene, Shirlie, Lou Ann and Lynda, returned last week from Amarillo, where they had been visiting Mrs. Greene's sister, Mrs. Lawrence Stodder and Mr. Stodder.  
 A pilot, Red Biggs, of Lubbock escaped serious injury Saturday

**Scoopin' AROUND School S.H.S. SNOOPER**

Well, here we are beginning a new week of gossip and fun. By the way, it really has been a busy one.  
 Yes, I have them this week, the Freshman officers, I mean, and they are: president, Don Wright;

vice president, Dickie Thomas; secretary, Barbara Wilke; treasurer, Karen Deavers; student council members, Nancy Mosley and Roland German.  
 Gee, this week sure was a busy one. If you care to finish reading, I have no objections. Really!  
 Monday, I bet you that the afternoon classes just weren't! Could it be because of the fair? The band got out of school at 11:30 and went to Lubbock to march in the parade. They marched a mile and a half and then went to the fair grounds. Billy Castleberry (the lucky dog) won a teddy bear. Goodness, the fuss the girls made over it.  
 Monday night there was a Rainbow meeting and initiation. Faye Nell Wylie was initiated and

afterwards refreshments were served in the dining room. I wonder why Slaton was so lively after Rainbow? Could some of the kids have been feeling good? I was.  
 Tuesday, all of the Rainbow Girls were getting ready for installation that night. Mary Alice Kenney was the outgoing Worthy Advisor and Red Wilson the incoming Worthy Advisor. Other officers were: Worthy Associate Advisor, Judy Thomas; Charity, Marion Foster; Hope, Jo Ann Haliburton; Faith, Barbara McCoy; Chaplain, Barbara Wilke; Drill Leader, Sue Corley; and the color stations: Kay Castleberry, Helen Ann Norris, Mae Lela Wyatt, Joan Pember, Beverly Kercheval and Linda Smith. After the installation a lot of the kids went to

"Zolo." Wonder why it didn't cost them anything? Charm?  
 Everyone wishing that all school days were like Wednesday. We just went a half day and still had all of our classes. That afternoon and night everyone went to the fair. I sure would like to have a teddy bear.  
 Thursday, school went on as usual. After school all the kids were getting ready for pep rally and the football (junior team) game. Well pep rally turned out good and so did the game.  
 Marion Foster, who have you got a crush on? Does he live at Wilson or Southland? I bet we know.  
 Friday was a wonderful day except for after dinner classes. In pep assembly Mr. Townsend announced about starting a junior

band. I sure hope a lot of them start.  
 Say what was going on, on the bus coming back? Who had the camera? Helen Ann, was it you, or was somebody taking pictures of you and a second party?  
 Some of the band kids are afraid that they might get kicked out of band for something they decided to do. Was it something they were wearing? Could be. Well, the time has come for me to stop writing (I've run out of things to write). So I'll see you next week. Bye.  
 Mrs. A. B. Hays and two children of Brownfield came Tuesday of this week to spend several days with her parents, Mr. and Mrs. E. McReynolds of 825 S. 14th.

**The Greatest Gasoline Development in 31 Years**

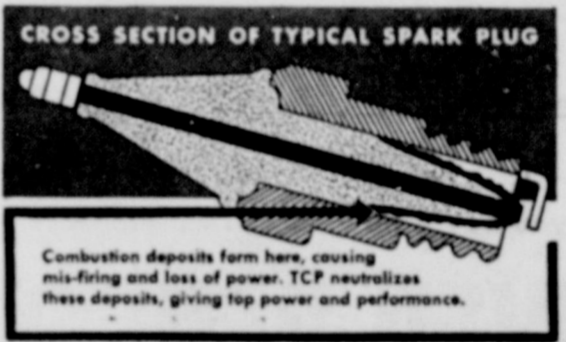

**New Conoco Super Gasoline**

**with TCP**

**Start the "TWO-TANK TEST" today!**

Conoco Super Gasoline with TCP has been rightfully called the greatest advance in motor fuels since the introduction of tetraethyl lead in 1922. For here, at last, is a gasoline so dramatically different that the average motorist can feel the improvement in his car after just two tankfuls. Yes, after your second tankful, chances are you will know why we say Conoco Super with TCP will:

- Boost power as much as 15%
- Increase spark-plug life up to 150%
- Give you extra gas mileage!

**TCP helps your car, whether new or old**  
 If you are driving a new car, with a high-compression engine, you need Conoco Super Gasoline to keep your car delivering all the power that was built into it. If you drive an older car, with tens of thousands of miles on the speedometer, Conoco Super can restore much of the "new car" performance and power you've been missing.

For Conoco Super is a new kind of gasoline—a gasoline especially developed to correct the greatest single cause of power loss affecting most of the cars on the road today.

effect of mis-firing and pre-ignition is loss of power, lack of "pep" and wasted gas.

**Combustion deposits drastically reduce power**  
 When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power two ways. First, they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping." The combined

**How Conoco Super with TCP works**  
 TCP is a special chemical additive which is added to Conoco Super Gasoline. It was specifically developed to overcome the loss of power and fuel caused by combustion deposits. TCP neutralizes harmful deposits on spark plugs—your plugs spark as they should. It prevents deposits in the combustion chambers from causing pre-ignition—"wild ping" is controlled. Thus, every time you fill up with new Conoco Super, it's like getting your spark plugs cleaned and your engine tuned-up.

**Start your "TWO-TANK TEST" today**  
 When your gasoline tank is one-quarter full or less, fill it with Conoco Super with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super. So make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work, that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.

LOTS OF CHEER, LOTS OF PEP

CHEER LEADERS—left to right are Jolene Owens, Sue Corley, Dorothy Gravell, Charlotte Muse, with Dorothy Turner top and center. (Photo by Marinell)

Pep Squad May Not Always Make Sense in Its Yells, But It Does Make Noise

"Akalka chick, akalka chow, akalka chick chick, chow chow, boomalika boomalika, biff boom boom, Slaton Tigers, rah rah rah." The above acrobatic is not a rehearsal incantation; it's just one of the most popular yells of the biggest and loudest Pep Squad Slaton High has ever had. The squad is made up of 57 members, all outfitted in new costumes. They wear red skirts, black turtle-neck sweaters with a red letter S, black blouses and white bobby socks. The cheer leaders are decked out in black skirts, white turtle-neck sweaters with a red letter S and black megaphone lettered with their names, red tennis oxfords and white bobby socks.

The pep squad and leaders make a pretty picture and have very effectively demonstrated their pep and school spirit in the early part of the season. They're so good in that the antics of the cheer leaders divert the attention of some of the fans from the game. The band and majorettes join in many of the yells. After each touchdown or conversion for Slaton the band plays the "Tiger Rag" while the cheer leaders and majorettes make exuberant wagon wheel yells.

Pep Squad Mother (how would you like to have 62 daughters?) Mrs. Leonard Foster, Miss Pat Brewer is sponsor. The squad has had two called meetings, one to see sweaters and the traditional meeting at which pep squad members prove their ability to sing the school song to the satisfaction of the cheer leaders. The leaders have had five meetings at which they learned yells and "motions." Pep squad officers are: Betty Willis, president; Norma Corley, secretary-treasurer. Pep rallies are held each Thurs-

day evening and each Friday morning just before the lunch hour. Cheer leaders substitute red blouses for their white sweaters on some of these occasions.

The 7:30 p.m. pep rallies on Thursdays are sometimes followed by a party at Tiger Town. An impromptu snake dance sometimes precedes the after-game party at the V.F.W. hall. It is customary for the pep squad to march with the band from City Hall to the stadium before home games.

One of the newest yells is "Mister Touchdown, SHS," in which the band takes part. It goes "M-I-S (drum) T-E-R (drum) Mister (drum) Touchdown (drum) SHS." This precedes the singing of "Mr. Touchdown USA" with the letters SHS substituted.

An old favorite is the Victory Yell, "Victory, Victory is our cry; V-I-C-T-O-R-Y; Are we in it? You're mighty right; Come on Tigers, Fight, Fight, Fight."

Another favorite is of the Marvi Doats variety. "Boomalika, Boomalika; Bow Wow Wow; Chickalika, Chickalika; Chow Chow Chow; Iski Iski; Wahoo Waa; Slaton Tigers, Rah Rah Rah."

At every Tiger game, you'll be hearing them.

Mr. and Mrs. J. T. Ferguson and children, Darrell and Linda, left Monday morning for their home in Roswell, N. M., after having spent the week end in Slaton with Mr. Ferguson's mother, Mrs. M. B. Tate, and family.

Mr. and Mrs. Erwin Heinrich were in Lubbock Friday evening of last week to attend the football game between the Westerners and North Side High of Fort Worth.

Released by The Texas Department of Agriculture

By John C. White, Commissioner

Soil Fertility

Our Texas soils are being built up and torn down at the same time. The use of crop residues, manure, fertilizers and other good management practices builds up our soil productivity. But leaching, erosion, crop removal and oxidation of organic material, in too many cases, are depleting soil fertility faster than it is being built up. Reversing this trend will involve the development of soil management methods for all parts of the state.

Lost Soil

The red or brown water of our Texas rivers, the increasing seriousness of flash floods, eroded hillsides and frequent dust storms are evidences of lost soil. While these situations are serious, the destruction of the productivity of our land is the real tragedy.

Productivity loss is not easy to see with the naked eye, and it is not reflected in data on crop yields. New technology, such as high-yielding, disease-resistant crop varieties and new chemicals for insect control have temporarily prevented a downward trend in yield. And our crop yields have often been maintained by using up "capital reserves"—depleting our basic soil resources.

Many Soil Types

Soils are produced by a vast number of combinations of climate, geological and biological forces. Each of our thousands of soil types has its own possibilities and limitations. Some have been carefully explored, but many have not yet been described.

Better erosion control through contouring, terracing and grass waterways reduces soil loss. Good crop rotations and applications of lime and fertilizer compensate for part of the fertility loss. Research has been productive in overcoming these factors, but we have not yet stopped the downward trend on most soils. Only a start has been made in our understanding of the chemical, physical and biological forces involved in the building-up and tearing-down process.

A Big Task

Our biggest task will be in learning to understand the effect of alternative soil, crop, livestock and management systems upon gains and losses in fertility in each section of the state. The Texas Department of Agriculture and the Agricultural Experiment Station at College Station have been working on this project for a number of years.

But it is also the duty of every farmer to learn as much about the qualities of his own soil as he can. Only then can he take advantage of the progress made in research projects.

Dr. and Mrs. E. L. Troutt of Dallas and Mr. and Mrs. H. E. Troutt of Bogota, Texas, were week-end guests in the home of their brother, W. G. Troutt, Mrs. Troutt, Harold and Paul.

Anticipate Near Sellout Saturday For Red Raider-Aggie Engagement

LUBBOCK—Two of the nation's undefeated football teams collide here as Texas Tech and Texas A&M tangle in Jones Stadium at 8 p.m. Saturday.

The Texas Aggies have knocked off two Southeastern Conference powers, Kentucky (7-6) and Georgia (14-12), and have tied Houston (14-14). Tech followed up wins over fellow Border Conference

members West Texas State (40-14) and Texas Western (27-6) with an upset of Oklahoma A&M of the Missouri Valley Conference (27-13) Saturday afternoon.

Severe Test

Saturday night's contest will be a severe test of Coach DeWitt Weaver's young Raiders, because the Aggies boast one of the nation's

best passers in Don Ellis. Tech's line, bolstered by tackles Jimmie Williams of Phillips and Jerry Walker of Pampa, and backed by center Dwayne West of Fort Worth, might have had a much more difficult time of halting the Oklahoma Aggies' ground attack had the Cowboys much passing.

Green Gallops

Tech shot out to a 21-0 half-time lead, thanks to Post's Jack Kirkpatrick, who raced 22 and seven yards, and Kingsville's Bobby Cavazos, who darted over

from five yards out. After Oklahoma A&M had scored a third quarter touchdown, Pat Green of Paducah erased the drive with a sparkling 80-yard kickoff return. Close to 27,000 are expected for the game. Reserved and general admission seats may still be available the day of the game. Good seats are still being sold to the College of the Pacific game here Oct. 17, although sales began increasing following COP's upset of Stanford.

"Pa." is the proper abbreviation for Pennsylvania.

## SHS SCORING TOPS TOTAL OF LAST YEAR

If Slaton High School continues its present scoring pace on the gridiron, the 1953 Bengals may set some offensive records that will stand up for a good many years to come.

With their 53-8 win over O'Donnell Friday night, the Bengals ran their season scoring total to 151 points. That means that the 1953 S.H.S. aggregation has scored 23 points more in its four games to date than did the 1952 Tigers over their 10-game schedule.

Jerry Reynolds scampered for four touchdowns against O'Donnell to run his season scoring total to 61 points. That's one point more than the 60 points amassed last year by speedster Duane Sooter over the 10-game route.

The record book also shows that the Tigers have strengthened their defensive barricades. In four outings this year, the Bengals have held their opponents to only 39 points, with only Coahoma having been able to score more than one touchdown against the locals. The first four opponents on the 1952 Tiger schedule rolled up 101 points, and over the entire season, the Bengals gave up 231 points.

Things are looking up for the Red and Black.

Mr. and Mrs. Ted Craft of Lubbock visited with Mr. Craft's sister, Mrs. J. T. Kendrick, and Mr. Kendrick of 725 S. 9th Street, Sunday.

Mr. and Mrs. Pop Echols of Lubbock visited with Mrs. Echols' mother, Mrs. Trawick, in the home of Mrs. Myrtle Brown last Saturday afternoon.

Mr. and Mrs. W. B. Hestand spent the week end in Midland visiting with their daughter, Miss Jo Hestand, who is a teacher in the Midland schools.

### -BENGALS EXPLODE

(Continued from Page One)

The second half of play was a different sort of team. That it had fully regained its desire for victory was clearly evidenced by sharply improved tackling and vicious blocks that cleared the way for a trio of third period touchdowns on a 2-yard plunge by Ronald Smith, a 13-yard scoring scamper outside right tackle by Reynolds, and a 29-yard scoring burst over the left tackle slot by Joe Sparkman.

### Good Line Play

Tiger linemen were chiefly responsible for the smoothness of the Tiger attack in the third period, with Loran Gilliland, Tommy Shearer and James George opening king-sized holes in the middle of the line and Waymon Muse and David Collins pulling out from their guard slots to provide good protection for Bengal backs on the outside plays.

Situated by the 33-8 deficit they faced when the third period drew to a close, the tired but game Eagles found little respite in a hectic fourth period that saw the Tigers romp to three more tallies.

Last period tallies came on a pass-or-run option with Reynolds scooting 16 yards over the left side to score, an 86-yard kickoff return by Sparkman on a handoff from Reynolds, and a 4-yard scoring thrust around right end by Reynolds that climaxed a downfield drive featured by a pair of Reynolds passes, one good to Ronald Smith for 57 yards and another to Darrell Wiley for 17 yards.

Stout defensive work by Don Wright, Wiley, Harold Trout, Smith and Fondy limited the Eagle offense to three first downs and only 47 yards rushing during the final two periods.

### The Will To Win

To the faithful followers who journeyed to O'Donnell to see the Bengals perform, the six-touchdown scoring outburst staged by the Tigers in the last half was ample evidence that the Bengals fully realized their laxity during the first two periods of play, and were out to avenge their own carelessness.

Even after the final whistle, Tiger players were not proud of their 53-8 victory. Tiger fans, however, did not share their gloom; they were too filled with the emotion of having seen the local schoolboys shake themselves out of the doldrums of over-confidence and come back with a heart-warming 40-point scoring display that was accomplished with old-fashioned guts and the burning schoolboy desire to excel.

Officers of the Junior Class at Slaton High School are, left to right: Ray Wilkins, vice president; Norma Corley, treasurer; Betty Willis, secretary; and John Richie, president. (Slatonite Staff Photo)

JUNIOR-SENIOR BANQUET RANKS FIRST IN PROJECTS OF SLATON HIGH JUNIOR CLASS

This year's Junior Class at Slaton High School has 65 members. The class chose sixteen-year-old John Richie as president. John is the son of Mr. and Mrs. Jack Richie. He has been a member of the SHS band all of his high school years, and made Who's Who two years.

It is rumored that in their house to house canvas of the town they walked in on a meeting of a local organization of women who are also selling cards as a money-making project and sold about \$15.00 worth of cards to the members.

Class vice president is Ray Wilkins, 17, son of Mr. and Mrs. R. Wilkins. Ray was class reporter in his Sophomore year, went out track for awhile last year, is assistant photographer on the annual staff this year.

Betty Willis, 17, daughter of Mr. and Mrs. C. D. Willis, is class secretary. She was in Choral Club '51, FHA, '51 and '52, Pep Squad '49-'52, is Pep Squad president this year, and was class treasurer her sophomore year.

Norma Corley, 16, daughter of Mr. and Mrs. C. E. Corley, is class treasurer. She is in her third year of FHA, second year on the Student Council, and fourth year with the Pep Squad.

Objectives of the Junior class are to raise money for the Junior-Senior Banquet and to win the school contests. The class has one regular meeting monthly and as many called meetings as the officers and sponsors think necessary.

Class sponsors are Mrs. J. D. Neill and Mrs. J. B. Caldwell. Room mothers are Mesdames J. F. Richey, Virgil Jones and Linton Pruitt.

The class is already engaged in selling Christmas cards and is planning the Junior play. The class representatives who are selling Christmas cards are super-salesmen according to recent reports.

## INDIAN FILM AVAILABLE TO CIVIC GROUPS

Available now for free showing by local civic, social and church groups is a new 16mm. motion picture, "Arts and Crafts of the South-West Indians," just released by the Santa Fe Railway.

A color production with sound commentary, this film brings to the screen in two parts the story of today's Indian artisans. The creation of beautifully and intricately painted pottery from a ball of gray clay and handsome jewelry from scrap silver and mined turquoise is only a small part of this film, which runs 22 minutes.

The first half is devoted to the Navajos, and the second section to the Pueblo-type Indians such as the Zunis.

Prints are available on a free loan basis for showing to civic clubs, church groups, employee associations or school clubs. Requests should be addressed to the Santa Fe Film Bureau, 408 Santa Fe Building, Amarillo, Tex., or to the Santa Fe agent in Slaton.

## Posey Items

(Delayed)

Mr. and Mrs. W. M. Schuette of Fredericksburg have been visiting Mr. and Mrs. R. J. Schuette and other relatives. They were en route to Arkansas to visit a daughter.

Ben and F. H. Stahl were in Amarillo Monday.

Mr. and Mrs. R. B. Boyd have been at Hot Springs, N. M., for about a week.

Funeral services for W. H. Meyer were held Sunday afternoon at the Posey Lutheran Church. Four sons and two daughters survive. The sons are Fred of Tahoka, Otto, Charles and Edwin of Lubbock. The daughters are Mrs. Robert Stolle and Mrs. James Talley of Midway.

Alton Perry of Lubbock was visiting friends here Sunday.

Fabian Stahl and Ben Stahl of Hansford, California, have been visiting relatives at San Angelo and Gainesville.

C. B. MacGowan has been working at Midway.

Homer Kelly of Ralls, a former resident, was visiting friends at Posey, Sunday.

Sam Gentry and Mr. and Mrs. M. P. Gentry have gone to South Texas for several days.

Billy Adams of Hereford has been staying with his aunt, Mrs. Laura Boyd, while he is attending Texas Tech.

Mr. and Mrs. R. E. McReynolds have returned to their home after having spent a two week vacation visiting with their son, Rodney E. McReynolds and family in Fort Worth and with some friends, Mr. and Mrs. C. D. Martin, who live on a ranch near Lampasas.

Mr. and Mrs. J. B. Neill and baby of Midland were week end guests in the home of Mr. Neill's brother, S. M. Neill, and family.

Betta St. John serenades Cary Grant with a romantic song, leaving her less impetuous rival, Deborah Kerr, out in the cold in a scene from "Dream Wife," M-G-M comedy which closes a two-day run this Friday at the Slaton Theatre. The new picture reunites star Cary Grant, writer-director Sidney Sheldon and producer Dore Schary, who were responsible for the earlier comedy success, "The Bachelor and the Bobby-Soxer."

## Explains Plans For Children's Home East Of Lubbock To Local Rotarians

Plans for a non-denominational children's home at Lubbock were explained to Slaton Rotarians at their Oct. 1 luncheon meeting by Dr. M. Norvel Young, minister of the Broadway Church of Christ, and John White, Lubbock.

Dr. Young explained that the ground-breaking ceremonies have been set for 3 o'clock Sunday afternoon, Oct. 11. The children's home will be situated on a 200-acre tract of rich, irrigated farmland with a half-mile of frontage on Highway 82, two miles east of the city of Lubbock.

Plans call for the eventual construction of 18 seven-bedroom homes, each home capable of housing 18 children. Each unit would cost approximately \$43,500, Dr. Young explained. The plans also include a school, gymnasium, administration building, infirmary, chapel and superintendent's home.

The elders of the Broadway Church of Christ in 1952 agreed to accept the responsibility for overseeing such a home, Dr. Young explained. Its purpose is to provide a normal home atmosphere for homeless and dependent children.

At the Oct. 1 luncheon meeting, President John Berkley announced that Slaton's attendance was fourth best during August of the 37 clubs in this Rotary district. The Slaton club's August attendance averaged 97.06 per cent. Only clubs to post a better average were Perryton (99.30 per cent), Ralls (98.33 per cent), and Floydada (97.37 per cent).

The attendance average for the entire district, Berkley explained, was 89.61 per cent.

AT SELF'S SERVICE STATION

Howdy Folks; Considering the weather, this should be a cold column. This is the season that's so cold even the wind howls about it.

Cold Weather Advice  
If you wish to have a short winter, have your note come due in the spring.

Summer has ended: winter drawers on.

This is the time of the year when every one wants a thermometer. If you haven't one, get it now; they'll be a lot higher in summer.

The first real touch of winter is the fuel dealer's.

Why go south for the winter when you have so much winter here?

And why go elsewhere for good Automotive Attention, when we can serve your needs so thoroughly?

We'd like to have you for a customer. We'll try hard to please.

## Former Wilson Pastor Is Named To Important Post At McMurry College

ABILENE—Rev. Ellis A. Todd, former pastor of the Wilson Methodist Church, has been named associate director of Living Endowment for McMurry College. The announcement was made this week by Dr. Harold G. Cooke, president of the Methodist college.

Rev. Todd has been working at his new post since last June. Director of the McMurry Living Endowment program is J. Dean Williams of Lubbock.

Todd, who now lives at 1209 Independence St., Plainview, began his ministerial career while a student in McMurry College, graduating with a BA degree in 1938. During his time in the college, he preached in the Hamlin circuit for three years, and served six different churches in the Abilene circuit for one year.

He was born March 29, 1907, in Lovington, N. M., the son of A. J. and Addie Sue Todd, both still living. He was married March 31, 1929 to Minnie Lee Ward, who bore him two children, Wanda Lee Todd Hamblin and Hughlyn Ellis Todd. Mrs. Hamblin is a student of McMurry, and is now married to another graduate, David Hamblin.

Todd worked his way through McMurry, with aid from a ministerial scholarship.

Following his graduation, he was minister of James Circuit, Plains District, until 1939. Next stop was the Wilson Methodist Church, where he served from 1940 until 1942. Here, he finished construction of a church already started by the previous pastor, and raised the money to pay off the indebtedness.

New Home Methodist Church was his next pastorate, from 1943-44. Here, he taught in the New Home Schools. Rev. Todd moved from New Home to Seagraves Methodist Church, staying there until 1946.

At Petersburg, where he served from 1946-49, Todd built an \$84,900 church. Within a period of nine months, the church was not only completely constructed, but was also paid for, in full, by Rev. Todd and his congregation.

Before taking the position with McMurry, Todd was pastor of the church at Hale Center from 1950-53. Here, too, he was responsible for the construction of a new Methodist Church.

The new associate director of Living Endowment for McMurry College, is a member of the Lions Club, of which he was secretary in 1946. He has a Master Degree in the Masons, and is a member of the First Methodist Church in Plainview.

Lenses were first used in the time of Nero, or possibly earlier.

**News Of Slaton Men In Service**

Spero A. George

**NORFOLK, Va.**—Seaman Apprentice Spero A. George, husband of Jolene George, of 225 E. Panhandle St., Slaton, Tex., is now at the U. S. Naval Receiving Station, Norfolk, Va., awaiting further assignment to a Naval unit in the Atlantic area.

The Norfolk Naval Receiving Station, commanded by Captain John Harlee, U.S.N., processes approximately 8,000 men a month on their way from Naval Activities all over the world.

Eugene German, E.N.F.N., son of Mr. and Mrs. M. L. German, arrived in Slaton about 7:35 Sunday night for a brief leave which ends Saturday, when he will return to his ship, the U.S.S. Telfair. He has been aboard the Telfair for almost two years and has been overseas three times, returning from his last trip in September. He has been to Japan, Okinawa, Korea, and the Hawaiian Islands. Eugene went into the Navy May 23, 1951, and still has a year and a half to serve. He says he'll be glad to get out. His ship will go into dry dock at Long Beach for three months, on the day after his return. He returns to San Diego, Calif. During his stay in Slaton he attended the wedding of his sister, Miss Linda German, to Curtis Wilke.

Mr. and Mrs. C. B. Bloxom and children visited Mr. and Mrs. Calvin Willie Saturday night.

week end.

Mrs. Cliff Weaver is back home now after having been a patient in the Mercy Hospital where she underwent surgery.

Mr. and Mrs. Ernest Fowler and family have moved to Floydada.

**Missionary Here For Layman's Day Sun.**

Rev. J. Wilson Ross, missionary to Mexico and now stationed in the Spanish Publishing House in El Paso, will speak at Westview Baptist Church and show color slides of his work in Costa Rica while in language school.

The time for this service will be 7:30 p.m. Sunday night, Oct. 11. Rev. Ross will be on his way to Canyon, Texas, where he is to speak in a school on missions during next week.

On a previous visit, Rev. Ross showed slides of his work in Mexico.

Sunday will be layman's day at Westview Baptist Church. The men of the church will be in charge of the morning worship service, teach the Sunday School classes, lead the various training union groups, usher and sing in the choir.

The brotherhood of the church has won the Associational Brotherhood attendance banner the last two quarters. They went 24 strong to the meeting in Abernathy last Tuesday night.

Mrs. Frank C. Schnell of Omaha, Nebraska, was a guest in the home of her father and mother-in-law, Mr. and Mrs. Chris Schnell, last week. Mrs. Schnell was en route to Germany where she will join her husband, Maj. Frank C. Schnell. They will make their home in Furstenfeldbruck, Germany, where Maj. Schnell is stationed. Major Schnell has been in Germany for the past three and one half months and will be there for three years. Mrs. Schnell sailed on Wednesday, Oct. 10.

Mrs. Elbert Wilson was called to Plainview last week by the death of her sister, Miss Mary McDaniel, 65, who had been ill for quite some time. Funeral services were held in the First Presbyterian Church in Plainview Saturday morning at ten o'clock. Mr. Wilson and their daughter, Mrs. D. W. Walston, Jr., attended the services. Interment was in the Plainview cemetery.

Mr. and Mrs. Joe Belote, Sr., of Paducah spent Sunday with their son, Dr. Joe Belote, Jr., Mrs. Belote and children, Betty Jo and Billy.

Mrs. W. H. Smith who has been visiting with her daughters, Mrs. Sam Ball and Mrs. Everline, in Amarillo for the past month has returned to her home here. She was accompanied to Slaton by Dr. and Mrs. Ball who spent last week visiting with Mrs. Ball's sister, Mrs. K. C. Scott, and Mr. Scott of 315 W. Garza.

Mr. and Mrs. J. L. Allred had as week end guests their daughter, Mrs. Homer Maddox and her three children, Ricky, Stevie and Schryl Ann.

**New 1953 Buick SPECIAL**

2-Door, 6-Passenger Sedan

**WHY** should you do yourself out of the big things in motoring life?

Why pass up the room and power and comfort and niceties of big-car travel—when you can buy a big, new Buick SPECIAL for just little more than the price of smaller cars?

We'll show you our price to prove that—to prove that you can buy this Buick SPECIAL for just a few dollars more than you have to pay for one of the so-called "low-price three."

Figure what that means—

Just a few dollars more for a lot bigger hoodful of power—Fireball 8 power—the highest horsepower ever placed in a Buick SPECIAL.

Just a few dollars more for big and spacious 6-passenger roominess—and the solid, steady comfort of Buick's famed Million Dollar Ride.

Just a few dollars more for Buick styling, Buick handling, Buick luxury, Buick fun.

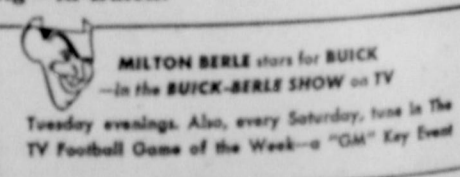

But do you know what else those few extra dollars get you in this big, broad, beautiful Buick?

**THE GREATEST BUICK IN 50 GREAT YEARS**

They get you a long list of standard equipment at no extra cost that most other cars at or near its price charge you for, as extras—which makes our quoted price even lower than it looks.

We have the facts and figures to prove our points. All we need is you, at the wheel.

Drop in on us this week and see for yourself that your new-car money really buys big—in Buick.

MILTON BERLE stars for BUICK—in the BUICK-BERLE SHOW on TV Tuesday evenings. Also, every Saturday, tune in the TV Football Game of the Week—a "GM" Key Event!
