PARADE, DOUBLE-HEADER, PICNIC OPEN LITTLE LEAGUE SEASON

Friday will be a big, big, day in Slaton, one to be long remembered by the boys of Little League age. This will be the day the first Little League baseball game will be played, not a single game but a double header, according to Dr. Don Hatchett, league president.

At 4 o'clock there will be a parade in the downtown section, around the square, by all the major league players in uniform and the minor leaguers who will not be in uniform as their uniforms have not yet arrived. From the downtown section they will go to the Little League baseball park where the double header will be played. A flag raising ceremony and recognition of those people who have had a big part in making this program possible will precede the game. The public is invited to be present for the short program and for the game, says Dr. Hatchett. He stated further that the parents and friends of the Little Leaguers are invited to bring a basket lunch and have a picnic in the county park following the games.

The major league started practice early in the week and a definite schedule for the minor league is underway. They will be starting play at an early date. Workouts for the minor league boys will begin Monday afternoon at 4 o'clock in the Little League park.

The double header will feature the Dodgers vs the Indians and the Giants vs the Yankees.

BUSINESS HOLIDAY

Monday, May 30 will be observed as a business holiday here, according to Mrs. Lee Green, secretary of the Retail Merchants Association. Firms will close on Monday because of Memorial Day, one of the four business holidays officially observed here.

Four Entered In Queen's Contest To Date

At the time the Slatonite went to press four Slaton girls had entered the "Queens" contest to be held during the Frontier Celebration on June 3-4.

Those entering are Misses Sharon Smith, Leslie Mae Colleps, Barbara McCoy and Della Scoggins.

Miss Smith, daughter of Mr. and Mrs. Bill Smith, has been chosen as the Daughters of the Pioneer Study Club candidate. She was "Girl of the Month" for April in FFA Club. She is a member of the Rainbow and holds an office. She is treasurer of the MYF and a member of the high school pep squad.

Miss Colleps, R. L. Slaton, daughter of Mr. and Mrs. Robert Elbert, is sponsored by the Slaton Rangers. She graduated from Roosevelt High School this spring.

Miss McCoy, daughter of Mr. and Mrs. C. E. McCoy, will be the Junior Civic and Cluture Club's candidate. She will be a senior in Slaton High School this next year. She was a band majorette "his past year, belongs to the W.H.A. as FFA Sweetheart and Band Sweetheart." She also plays basketball.

Miss Scoggins, niece of Mr. and Mrs. Otis Gunter, is the candidate of the Athenian Study Club. Della will be a sophomore this fall. She is a member of the FFA, Rainbow girls and the Pep Squad. She attends the Church of Christ.

Other contestants are being sought. They must be sponsored by an organization, business firm or individual and must wear a formal or semi-formal dress for the judging. Deadline for a contestant's name, age and picture, if possible, to be submitted to the Slaton Chamber of Commerce office is Monday, May 30. Age limit is 14 to 21 years.

All contestants must be in the parade either on floats or in decorated cars. The queen will be judging on beauty, poise and personality.

The parade is to be held Friday, June 3, at 4 p.m. and out-of-town judges will select the Queen at a ceremony to be on the City Hall lawn at approximately 5:30 p.m. that day.

BATHING BEAUTY ENTRIES SOUGHT FOR CONTEST TO BE HELD JUNE 4

Several Slaton and area girls have entered the "Bathing Beauty" contest to be held during the Frontier Celebration June 3 and 4. LeRoy Holt is chairman of the committee and is interested in securing more entries for this contest. Deadline for entries is June 1st. All girls 15 years old or older and who are single are eligible.

Mrs. S. H. Verkamp can be contacted in the Wilson community and Mrs. Claude Cooper in the Woodrow community for entering. Girls from all parts of the Slaton area are urged to participate. Mrs.

E. A. Kerscheval at Kertan's Studio is registering girls here in Slaton.

The contest is to be held at the local swimming pool Saturday, June 4, at 6 p.m. All contestants are to be there by 5:45 p.m.

Girls who have entered are Martha Allred, Sue Corley, Jonell Lamb, Charlene Limmer, Sue Teffertiller, Betty Lewis, Vernell Bednarz, Barbara Felty, Sonja Sooter, Joan Barber, Pam Maxey, Joyce Edwards, Helen Anne Norris, Ova Sue Wilson, Nancy Mosley, Sally Cooper, Joan Pember, Barbara McCoy, Sue Hodge and Karen Deaver.

'COME ON IN THE WATER IS FINE,' seems to be what Sue Corley and Martha Allred are saying. But let's say it is an invitation they are giving the girls of this area to enter the Bathing Beauty contest being held here on June 4. These are only two of the many entries for this contest.

Slatonites To Appear On Community Crossroads TV Program

Home Programs Enjoyed Most

Programs given by Slaton people are enjoyed most, according to personal statements by individuals at the Rotary meeting last Thursday noon. Wayne Liles conducted the program.

Each member was asked to tell of the kind of program that he enjoyed most. Most of them stated that they liked to hear Slaton people as their first choice, programs on the teachings of Rotary rated second, while international subjects came about third.

Col. Schmidt of Fort Bliss, was there as a visitor.

Frontier Days will be given a boost next Tuesday evening, May 31, from 6 until 6:30 when several Slaton citizens will appear as guests on Ken Cariker's Community Crossroads program on T.V. channel 13. Miss Ova Sue Wilson will entertain with a pantomime. Mr. and Mrs. Ben Davis will give emphasis to the Square Dance feature while representatives from the Rangers Posse will explain the special features of the rodeo. Mrs. Dave Draper will represent the Business Women. Mrs. Don Britt is chairman of the group and will also attend.

Bob and Bill Ussery of Fresno, Calif., accompanied the body of their father, E. H. Ussery, to Slaton last week. Funeral services were held in Southland. They were guests of Mrs. W. L. Housour. They returned home Friday.

TWO BOOSTER TRIPS MADE THIS WEEK PROMOTING FRONTIER DAYS

14 cars made up the caravan that made the first of two booster trips made this week in the interest of the Frontier Days Celebration which is being held in Slaton Friday and Saturday, June 3-4. The Rotary Club headed the group on Tuesday which left Slaton about 10 a.m. and traveled to Ropesville, Meadow, Brownfield, O'Donnell, Tahoka, Post and Wilson.

Wayne Liles was master of ceremonies for the programs presented at each of the stops Tuesday. Included in the entertainment was music furnished by J. M. Gilbert and his Hill Billy band and square dancing by Mr. and Mrs. Elton Weaver, Mr. and Mrs. Jack Barkley, Don Wright and Sally Cooper, Galen Weaver and Billy Nell Parmer with Ben Davis as caller.

Others making the trip were Police Chief E. A. Gentry, Mayor Lee Wootton, J. J. Maxey, Melvin Kunkel, Pete Lambert, R. S. Connor, Truett Babb, Truett Bownds, Sherrill Boyd and son, Don, C. F. J. H. Brewer Jr. To Graduate From Medical School

J. H. Brewer Jr., son of Mr. and Mrs. J. H. Brewer of this city will be among the 150 graduating seniors at the University of Texas Medical Branch in Galveston at commencement exercises to be held on June 3. Brewer will intern at City County Hospital in Fort Worth following his graduation.

Mr. and Mrs. Brewer, their son, Phil, and Mike Watkins are planning to attend the graduation exercises. They will be accompanied from Waco by their daughter, Mrs. C. W. McDavid, Terry and Jane.

LARGE GROUP TOURS BUILDING OPENED BY METHODISTS SUNDAY

Approximately 500 people from Slaton and surrounding towns attended the Open House held in the educational building of the First Methodist Church Sunday afternoon from 3 to 6 p.m. This was the formal opening of the building which was completed and occupied on May 1st, but was not formally opened until all the furnishings were installed which was completed the past week.

Guests were registered in the foyer of the building, entertained in the chapel with organ and piano music furnished by Mesdames Howard Swanner, Webber Williams and L. A. Harrell, and then taken on a guided tour of the entire building. Mrs. J. A. Wright furnished piano music in the tea room.

Members of the Youth Department acted as guides for the tour which included a visit to class rooms on all three floors. Four adult classes are housed on the first floor as well as Fellowship Hall and the chapel. On the second floor are the church office, nursery, Kindergarten, primary and beginner departments. The junior, intermediate and senior departments and three adult classes meet on the third floor. On this floor

is also located assembly rooms for the seniors, juniors and intermediates and a snack bar.

Refreshments of punch and cookies were served from a table covered with a linen cut work cloth and centered with an arrangement of pink peonies. The oldest members of the church in years of membership, beginning with the charter member of the church, the president of the Women's Wesleyan Service Guild and divisional superintendents served at the table. The women of the church assisted in the tea room.

Rev. Mayhew, pastor of the church, said in an interview that he "was delighted with the response of the people of Slaton to the invitation to come and see first hand the facilities that are now in use in carrying on the work of the Church School."

Many other churches and places of business and other friends of the church provided the floral arrangements throughout the building.

Mr. and Mrs. R. W. Bowman Jr., and Gay spent the week end visiting Mr. and Mrs. R. W. Bowman Sr., in Sudan.

Wind and Hail Storm Strikes Slaton Sunday

GUEST COLUMN WRITTEN BY A. M. JACKSON

The Slatonite is carrying a column titled "Just Talk" on another page of this paper that was written by A. M. Jackson, former publisher of the Slatonite. For many years Mr. Jackson wrote his column each week under the same name signed A. M.J. Look for it on another page.

Winds of almost tornadic proportions struck Slaton and some of the area south and southwest of the city Sunday evening bringing with it considerable hail and some rain. Gardens, flowers, shrubbery and some of the trees in the path of the storm were severely damaged.

A tractor shed on the farm belonging to J. C. Jones south of the city was blown away, scattering hay which was stored, over a wide area. Some of the early cotton was a complete loss and some trees were uprooted.

In the city many roofs were damaged and windows broken. Screens were ripped from frames and outside lights were broken. Numbers of the neon signs in town were damaged.

The rain was light in some areas surrounding the town while in some sections of the town more than a half inch was measured.

Ministers Attend State Meet In Wichita Falls

The Rev. and Mrs. H. F. TOO FEW TRAINEES

A Promising Career

Newspapers have made their columns generously available in the past few years to voicing the pleas of various vocational interests for new manpower.

The need for more teachers, more nurses, more physicists, more chemists, more engineers, more ministers, more career men in the armed forces has been told. The list could be prolonged considerably. It seems that a variety of special needs has developed at the present time, and many industries and professions are resorting to publicity in an effort to increase the supply of college-trained men and women in those fields.

Like the shoemaker whose children went barefoot, the newspaper business apparently has not used in its own behalf the same educational program it has provided without charge to others. The shortage of trained men and women for news work was pointed up rather sharply by a recent meeting called by the Texas Daily Newspaper Association in Austin.

Conferring with Journalism department heads at the Austin meeting, Association officials declared that the supply of professionally trained youngsters now is inadequate to meet replacement needs on Texas newspapers.

It was no news story to the teachers. Recent surveys had shown that most journalism departments and schools have been receiving from two to ten job offers for every graduate they turn out, the past few years. Texas Tech, since last June, has had to answer numerous requests for beginning reporters and newspaper advertising men with the reply that all its graduates had been placed.

Reasons for the shortages are not hard to find. As new vocations develop in an age of change, a certain glamor surrounds them, and the students aim at those glittering jobs in total disregard of a probable over-supply of manpower. A few other vocations temporarily offer more pay for the beginner, and some students are lured by possible profit into ignoring their lack of talent in a tempting field. Some students are misled by movies and ignorant advisors into thinking that a reporter's job is a rather rakish, only semi-respectable task.

The truth is, of course, that modern news work is a highly responsible as well as highly interesting vocation. It calls for preparation on a professional level, and its rewards are as satisfying as those of the other professions. The job of communicating and interpreting the events of the day is so essential to the functioning of a democracy, and to the operation of our economic and intellectual life, that its importance can hardly be overestimated. In a generation, salaries have tripled or quadrupled.

Choice of careers by young people is a matter which should not be decided hastily on the basis of glamor, recruiting campaigns, or the present wage scales of an ever-changing economy. The substantial basis of choice is aptitude of the individual. It is easily possible to make a poor engineer of a man who would have been a good Army officer, a poor teacher of one who would have been a good chemist, and a poor radio announcer of one who would have been a successful newspaperman.

For the high school graduate who likes to keep up with what goes on and likes to express himself by communicating the day's happenings in clear, understandable terms, professional training for a news career is one of the most attractive prospects.

The field is wide open, and the opportunities, as in all professions, are limited only by the ability and energy of the individual.

AWARDS TO TEXANS

Many city folks, even some city newspapermen, have a habit of looking down their noses at editors and reporters on the newspapers of country towns. They assume that all the small-town reporter has to do is set down a few gossipy personal items and puffs for local organizations. They also assume that country newspaper writers live in fear of frowns by local officials, school board members, the American Legion and the Parent-Teachers Association.

Now two Pulitzer awards to small-city Texas writers have abruptly overturned that mistaken view. These prizes went to Mrs. Caro Brown, courthouse reporter of the Alice Daily Echo, and Roland Kenneth Towery, managing editor of the Waco Record. Both not only excelled in the reporting and writing but showed unusual courage in exposing scandalous conditions.

Today all Texans, and to some degree the whole nation, are aware of the misgovernment in Duval County and the mishandling of the sale of farms to veterans in Austin. Much of this knowledge stems from the early reporting of Mrs. Brown in the former case and that of Mr. Towery in the latter. Both these Texas writers fully deserve the national honors they have received. The Dallas News.

"GOD IS FAITHFUL, BY WHOM YE WERE CALLED UNTO THE FELLOWSHIP OF HIS SON JESUS CHRIST OUR LORD." — 1 COR. 1:9

Leaving Our Needs With Christ
"The mother of Jesus saith unto Him, They have no wine. Jesus saith unto her, Woman, what have I to do with thee? Mine hour is not come. His mother saith unto the servants, Whatsoever He saith unto you, do it." John 2:3-5

In asking for temporal blessings, true wisdom lies in putting the matter into the Lord's hand and leaving it there. He knows our sorrows, and, if He sees it is good for us that the water should be turned into wine, He will do it. It is not for us to dictate. He sees what is best for us. "All things work together..."

Man, with his finite mind is unable to see far enough into the future to know for sure what is best for him. So often we ask for things that are not best for us at all. When we ask for prosperity, perhaps the thing which we should have is trial. There are many folk that the Lord cannot trust with riches. Possibly more people go wrong because of prosperity, than do because of meager means.

Many times when we ask to be relieved of a "thorn in the flesh" He knows what we should have is an apprehension of the fact that His grace is sufficient for us. Paul, the apostle, came to the place that he had rather have the thorn in the flesh and God's added grace, than to have it removed and have God withdraw the added grace. Sometimes God removes the thorn, and sometimes He just gives us the grace to bear it.

We can be assured of this, when we leave our needs in the hands of Jesus, that He will do for us the thing that is best.
Rev. Bryan Ross

Sales get BIGGER! and BIGGER! and BIGGER!

This '55 Buick must have something that folks just won't do without!

TWO months ago, in the public print, we said that this looks like Buick's biggest year—and we weren't fooling. But what has happened—and continues to happen—is almost beyond belief. People buy up these stunning new Buicks practically as fast as we get them from the factory. Buick production—already revised upward several times—keeps forging ahead to new highs every month to meet the mounting demand.

And Buick sales keep soaring higher and higher—outstripping by far the phenomenal success of last year—the success that moved Buick into the "Big Three" of America's best sellers.

What is it about the '55 Buicks that folks buy by the hundreds of thousands just won't do without? It's many things. It's styling that's boldly distinctive and fresh as tomorrow. It's beauty of line and beauty of interior décor. It's a ride that's level, firm and steady. It's a new sweetness of handling. It's great power—walloping new V8 power of record might.

But above all, it's a new kind of performance, from a new kind of automatic transmission that was born of flight thinking. It's Variable Pitch Dynaflow*—engineered from the principle of the modern plane's switch-pitch propeller—and what it brings you in the way of pure thrill, mere words can't describe.

Just you drop in on us this very week and try it. That way you can see what a terrific automobile—and a terrific buy—the hottest-selling Buick of all time really is.

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

COOL COMFORT FOR HOT WEATHER DRIVING WITH **Buick's Airconditioner** (A genuine Frigidaire). Automatically cools down the hot interior quickly—and keeps it cool, even in slow-moving traffic. Continuously replenishes inside air with fresh supply of filtered outside air. Lets you ride in clean, quiet comfort with windows closed on dusty, windy, and rainy days, even when cooling is not required. Available in all 4-door Sedans and Riviera models at extra cost—and well worth it in cool, cool comfort.

Speed is essential to modern clothes washing! With many automatic washing machines using up to 20 gallons of hot water per washer load, it is important that you have a water heater that will keep up with this demand. Check the sizing chart below and call your plumber or gas appliance dealer and ask him to install an automatic Gas water heater sized to the needs of your family.

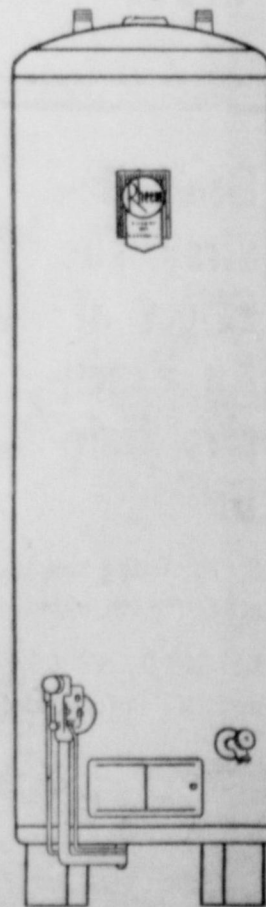

MINIMUM RECOMMENDATIONS FOR NORMAL HOT WATER REQUIREMENTS		
Number Bathrooms	Number Bedrooms	Storage Cap'y. Gallons

Awards Presented Barbara Grigsby at Lions Club

Winner of third place in the state in an essay contest on the need for hiring handicapped persons, Miss Barbara Grigsby received awards at the meeting of the Slaton Lions Club Tuesday.
Miss Grigsby, 16, a junior in Slaton High School and daughter of Mr. and Mrs. A. H. Grigsby, 605 S. 13th St., received a \$40 check and medal from Disabled American Veterans and a certificate of merit from the President's Com-

mittee on Employment of the Physically Handicapped. The certificate is signed by Maj. Gen. Melvin J. Maas, U. S. Marine Corps Reserve, retired.
E. H. Boulter, Lubbock member of the State Board of Education, spoke on "Hiring the Handicapped." Ollie B. Livingston, Lubbock, first vice-commander, Department of Texas, Disabled American Veterans, presented the check. J. B. Stricklin, chairman of the Lubbock Committee for Employment of the Physically Handicapped, presented the certificate and Floyd Rector, councillor of the Texas Employment Commission presented the medal.

Cattle And Sheep Show Advantages Of Grazing Together At Sonora

Cattle and sheep grazing together at the Sonora Agricultural Experiment Station each have made consistently higher gains than when grazed separately. Only small differences were noted in weight gains and mohair production when goats were pastured

with cattle and sheep. Tests were made in 12 80-acre native grass pastures with the following stocking rates; heavy 48, moderate 32 and light 16 animal units per section of land. Six sheep or six goats or one cow makes a single animal unit. Cattle made "significant" gains both per acre and per head during the five year test when grazed in combination with sheep and goats, regardless of stocking rate. Under heavy grazing, average weight gain for each cow was 40 pounds, or a gain of 12.9 pounds per acre for cattle grazing alone, 14.6 pounds for cattle and goats together and 15.9 pounds for a combination of all three. Moderate and light grazing exhibited similar comparisons in the gain of cattle. Average gain of the three stocking rates was 62.4 pounds for cattle in combination over those grazing alone. Sheep gave about the same results as cattle. When stocking rates for all years were averaged, sheep had a weight increase of 9.1 pounds per acre in combination and 6.2 pounds when grazed alone, or an advantage of nine pounds per animal.

NEW HIGHWAY ROUTE OPENED IN PANHANDLE

AUSTIN—The State of Texas can now offer another excellent, direct route for tourists traveling to Texas from the Midwest who enter the state at the Panhandle, D. C. Greer, State Highway Engineer, announced at Austin today.

Completion of the bridge across the Canadian River on State Highway 70, between Pampa and Perryton, closed the last gap in this highway which connects with U. S. 83 seven miles south of Perryton, Greer said. From there, U. S. 83 extends north to the Canadian boundary at Westhope, North Dakota, forming a direct route from the Canadian border to Texas. State Highway 70 now traverses 343 miles from Perryton to its southern terminus 43 miles south of Sweetwater, where it connects with U. S. 277 to form a direct southern route to the Rio Grande River.

End Of Problem

The bridge also opens an additional route for Panhandle residents who use the highway to ship cattle grains, and other farm and ranch products to southern and midwestern markets, Greer continued, and marks the end of a problem that has for been troublesome to residents of Gray, Roberts, and Ochiltree Counties as well as other travelers in the area. It makes possible a direct route between Pampa and Perryton, a distance of 64 miles. Formerly, travelers between these points had to go by a roundabout route of either 82 miles or 99 miles.

Started In 1940
Begun June, 7 1954, the bridge

was completed the last of April at a cost of \$580,700, ending a program started in 1940. The bridge is 3,251 feet long with a 26-foot clear roadway.

The official designation from Pampa to Perryton was made by Highway Commission in May, 1949. However, due to unavailability of funds, it has been necessary for the road to be constructed by sections, Greer explained. All highway construction was delayed by World War II and steel for bridges was still difficult to obtain as late as 1951. Various other problems have arisen during the last 15 years to delay completion of this road, he continued.

In December, 1952, the Commission took action for the completion of the last gap between Pampa and Perryton. The construction of the Canadian River Bridge marks the completion of this highway.

Joe Jack Reynolds, son of Mr. and Mrs. Ed Reynolds of Rt. 2, Slaton, will be among the 116 candidates for degrees in the Division of Business Administration at Texas Tech in Commencement exercises to be held at 8 p.m., Monday, May 30, in Tech's Jones Stadium. He majored in Finance.

Visiting the Fred Kahlchs during the week end were the Rev. Slachmaier of Austin, Mr. and Mrs. A. A. Russell and Mr. and Mrs. C. J. Miller of Slaton and Mr. and Mrs. Hugo Hildebrand and children of Lubbock.

Mrs. G. R. Montgomery of Seymour visited several days last week with her son and daughter-in-law, Mr. and Mrs. R. L. Montgomery.

Guests in the I. E. McCarver home this week were Mrs. McCarver's sister, Mrs. Earl Jernigan, and family and her nephew, 2/2c Dell McCollum, of Gallup, N.M.

Tigers Cage Wins First Place In State Contest

Larry Moore, a first semester journalism student at Slaton High School, won first place in the state Interscholastic contest in editorial writing, according to information received by Mrs. M. W. Kerr, journalism instructor. A gold medal in recognition of his work, was sent him. Larry is the son of Mr. and Mrs. Jim Moore who now live in Lubbock.

Different divisions in the competition included spot news, photography, feature photography, feature writing, sports, editorials and news writing. Slaton entered all these divisions except the feature photography and photography.

In their all around classification Slaton won the award of honor which is a higher rating than the award of merit they won last year. There were more entries in the state contest this year than had ever been before which made the rating Slaton received harder to get, according to Mrs. Kerr.

Larry's prize winning editorial follows:

Be A Part of SHS

Today you are living in the greatest country on earth. You are eating the best food, cooked in the best houses, and on the finest stoves in the world. You enjoy liberties and privileges that most foreigners would give anything to possess. Yet do you ever stop to think why all of these things came about?

Have you ever stopped to ask yourself why you have everything, while many others have nothing? Probably not. But if you did stop to think, what would be the first thing that would come into your mind your governmental system, the economic situation, or the gold reserve at Ft. Knox.

Yes, all of these things are important still is the reason we were able to come by them. That reason is participation. Where would you be today if the signers of the Declaration of Independence had refused to participate on that document; or if the framers of the Constitution had all stayed at home?

What would happen if the Congress decided to disband and go back to their former occupations, or if the Supreme Court decided they weren't needed and went home to their families? Why, the whole system of government would be thrown out of control!

Yet you have a job no less important than theirs. Your school has many varied activities in which you are badly needed—band,

choral, athletics, annual and newspaper staff, FFA, FHA, D. E. Club, student council, and Interscholastic League activities.

You are the one who can make the school great and you are also the person who can destroy it through your indolence.

So find out where your talents lie, and use them in whatever activity you select. But use them. Let's make our school the greatest school in Texas.

ODOMS RETURN FROM TRIP

Mr. and Mrs. Dick Odom returned Sunday from a three weeks vacation. While they were gone they visited in Macon, Sandersville and Vidalia, Ga. They spent several days at Mr. Odom's sister's summer home on St. Simons Island, off the coast of Georgia. From there they made several side trips to Jacksonville and San Augustine, Fla., Savannah, Ga., and Jekyll Island. This Island was recently purchased by the state of Georgia to be used as a pleasure island and for some museums. On their return trip they visited Mr. and Mrs. O. D. Wyatt in Ft. Worth. Mrs. Wyatt and Mrs. Odom are sisters.

They were accompanied by Mrs. Odom's sister and brother-in-law, Mr. and Mrs. J. P. Posey, of Lubbock.

Jerry Reynolds, who has been attending McMurry College in Abilene, is home for the summer with his parents, Mr. and Mrs. T. C. Reynolds.

Mr. and Mrs. Weldon King of Odessa visited Sunday with Mr. and Mrs. D. S. Richardson.

Industry Magazine Features Slaton With Cover Pictures and Article

Editor's Note: The following article was published in the April 1955 issue of "The Gas Jet," a magazine for the Pioneer Natural Gas Co. and Amarillo Co. Material for the article was supplied by Slaton Chamber of Commerce, and the article was illustrated by a number of local photographers. The magazine cover featured a full page picture of an old steam locomotive and the Slaton Santa Fe Roundhouse. The article is titled, "The Town that Santa Fe Built . . . Slaton, Texas."

Slaton, Texas, is unique among towns in Texas . . . it might be called the "town that Santa Fe built" for it was back in 1915, that town was incorporated by the Santa Fe Railway.

At that time, the town was laid out by Santa Fe engineer in Chicago who had been in Washington, D. C., as a patent lawyer, a fact which accounts for many of Slaton's streets angling in various directions and the City Hall square like a wheel.

Slaton is a town of about 6,100 people, located in Lubbock

County and about 15 miles south-east of Lubbock, and it is reputed to be the "Cotton, Grain and Railroad Center of the South Plains."

This last claim to fame is based on the fact that the Santa Fe Railway still has a "roundhouse" in Slaton. For the past 40 years steam locomotives, like tired old work horses, have snorted into the roundhouse, were overhauled and snorted out again. Few of these old iron horses are left, and those that remain are being brought to the roundhouse, and put into shape to be taken to other points for scrapping.

The roundhouse in Slaton now is the spot where the new sleek, streamlined "steeds of the rails" are groomed for service in Santa Fe's fleet of diesels.

Basically, Slaton is a farming town and the farm land surrounding it is a deep, rich sandy loam which will grow almost anything. The main crops are cotton, grain sorghums, sudan grasses, millet, corn, wheat, fruits and vegetables.

The cotton yield around Slaton is about 75,000 to 80,000 bales annually, and in favorable wet years,

the dry land farms will produce about 10,000 more bales each year. The story here is much the same as in any other town on the South Plains . . . irrigation was forced into its own by prolonged drouth conditions. Already, irrigated acreage outstrips non-irrigated acreage by about 20,000 acres.

Because of a plentiful supply of feed grown around Slaton, a lot of cattle are fed out for market here.

Slaton is proud of its schools which include two high schools, one junior high school and three grade schools. Under construction is a new \$325,000 high school building which will be completed in time for the fall term.

Slaton is served by a weekly newspaper, "The Slaton Slatonite," and one bank, The Citizens State Bank. Its medical facilities include one newly-improved hospital, one dental clinic and three medical clinics staffed by six doctors.

Slaton has 18 churches of all denominations including churches for Spanish-Americans and Negroes.

Slatonites are proud of their recreational facilities which include a city and a county park within the

BLAKE IN REVIVAL

M. E. Blake, minister of the Church of Christ is holding a revival at the Southland Church of Christ this week. Services begin each evening at 8 p.m. The revival will close Sunday May 29.

Mr. and Mrs. Clyde McGinley will spend Sunday in Sweetwater and Hylton. They will visit Mr. McGinley's sister and brother-in-law, Mr. and Mrs. W. L. Waggoner.

Mrs. Bland Tomlinson underwent major surgery at West Texas Hospital in Lubbock on Wednesday of last week. Her condition is reported to be fine.

Guests in the W. V. Smith home this week were Mrs. Smith's parents, Mr. and Mrs. C. L. Lewellen, of Shidler, Okla., and Mr. Smith's parents, Mr. and Mrs. S. C. Smith, of Ellinwood, Kan.

ming, boating, auto races, horse-back riding, concession amusements and picnic areas.

Pioneer first brought natural gas service to Slaton Oct. 15, 1927, and now our company serves approximately 1,550 accounts. Helping Pioneer to give the utmost in service to the people in Slaton are four pioneers: H. R. King, manager, Jo Delaney, distribution office clerk, and Melvin Wall and Ted Gentry, general plant operators.

NORTHWEST TEXAS CONFERENCE OF METHODISTS SET MAY 25

LUBBOCK—Northwest Texas Methodist Conference delegates and visitors will gather in First Methodist Church's new million and one-half dollar plant here for the forty sixth annual session of the conference. Bishop William C. Martin of the Dallas-Fort Worth Area, will be presiding during the session which will open Wednesday, May 25, at 10 a.m. and close with the reading of the appointments Sunday afternoon, May 29.

Major business items will include consideration of a building program for McMurtry college, Abilene. Trustees of the college, which is owned and operated by the Northwest Texas and New Mexico Conferences, approved a building program late in 1954 which includes a girls dormitory and a classroom building with estimated costs of \$450,000 and \$375,000, respectively. Trustees are to have a breakfast meeting in Abilene on Monday, May 23.

Clergy and lay delegates to the General Conference to be held at Minneapolis, Minn., and the South Central Jurisdiction Conference to be held in New Orleans, La., both in 1956, will be elected.

Conference preacher will be Dr. J. Wallace Hamilton known as the pastor of the Pasadena Community church in St. Petersburg, Fla. Each Sunday, his "drive-in church" congregation numbers in the thousands. Since the church itself cannot accommodate the crowds, many people sit on benches surrounding the building while others listen through the use of special electronic equipment in their parked cars. Dr. Hamilton speaks annually to audiences as Ocean Grove, Chataqu and Silver Bay, and travels extensively from four to six months each year addressing lay and ministerial conferences and conventions. He is the author of "Hide The Wild Horses" and "Horns and Halos in Human Nature."

Dean Merrimon Cuninggim of Perkins School of Theology, Southern Methodist University, Dallas, will be the speaker of the annual all-college dinner.

Bishop Martin's devotional messages will be based on the theme, "Living in Two Worlds." His topics will include: "Material Reality and the Realm of the Spirit," "God's Sovereignty and Man's Responsibility," and "The Continuing Struggle and the Eternal Hope."

Chief Yeoman Billy Bob Tibbs, and two children of California visited from Wednesday until Sunday with Mr. and Mrs. Bobby Edmondson. They were enroute to Washington, where they will be stationed.

Mrs. E. C. Hays and her granddaughters, Patricia and Nancy Hays, of Lubbock visited Saturday night and Sunday with Mrs. Hays' daughter and son-in-law, Mr. and Mrs. H. B. Richardson.

The Slaton, Tex., Slatonite Friday, May 27, 1955

Texas youths to be better drivers. C. B. Smith, Austin State Safety Chairman for the dealers association, described this local dealer contribution as a vital part of the over-all program for training the youth of this country in safe driving habits. The long range objective is to reduce the number of traffic fatalities.

In Texas this school year, more than 200 members of the authorized dealers association loaned cars to schools in their community, where "behind the wheel" instruction is given in high school driver training.

The safety award was signed jointly by officers of the Automobile Industry National Safety Committee, and State and National dealer associations.

FDR held his first "Fireside Chat" in 1933.

Crow Chevrolet Wins State Safety Award

A Highway Safety Award has been presented to Doc Crow Chevrolet by the Texas Automotive Dealers Association, the state organization of factory authorized new car dealers. The award is in recognition of the company's lending an automobile for high school driver training during the current school year to the Roosevelt School.

Floyd L. Randel, Wichita Falls, President of the state association, estimates that Texas new car dealers have an investment of more than \$500,000 devoted to training

Less Friction with Trop-Artic Motor Oil!

In the experiment below, the slide on the left is coated with ordinary motor oil, while the one on the right is coated with TROP-ARTIC All-Weather Oil. When two steel blocks are dropped on the two slides at exactly the same time, the one on the right slips down nearly twice as fast as the one on the left. The reason is: less friction with TROP-ARTIC oil.

FRICION SLOWS YOU DOWN WHEN YOU USE ORDINARY OIL

NEW TROP-ARTIC OIL KEEPS FRICTION LOW

IT'S PERFORMANCE THAT COUNTS!

New Phillips 66 TROP-ARTIC reduces friction far more effectively than any ordinary oil. By reducing friction, it extends gasoline mileage. And it can reduce wear, even to the extent of doubling the life of an engine. It can cut oil consumption 15% to 45%. It keeps pistons cleaner. New TROP-ARTIC is the first all-weather type motor oil to meet the highest standard ever established for automobile motor oils, the Mil-0-2104 Supplement I Test. MEET YOUR MINISTER'S WIFE

FHA 'GIRL OF THE MONTH' HONORS SHARED BY MANN - BURRELL

Miss Carrall Ann Mann and Miss Jeanette Burrell shared the FHA "Girl of the Month" honors for the month of May. These girls each earned 137 points to win this honor.

Carroll Ann's points were made by her work on the secretary report, attending meetings, being on a program and attending a call meeting.

Jeanette earned her points by working on her State degree, by working on the FHA car for the Western Day parade, by attending meetings, being on program and attending a call meeting.

Miss Mann is the daughter of Mr. and Mrs. W. E. Mann. She has been classified as a junior this year and has participated in basketball, was president of the Pep Squad, treasurer of the Junior

Class, secretary of the FHA and has been elected-second vice-president of that organization for the next year. Her hobby is sewing and she really enjoys it. She is a member of the First Baptist Church and is active in the Young Peoples Department.

Miss Burrell is the daughter of Mr. and Mrs. Gordon Burrell and has also been classified as a Junior. She is a member of the band, the choral club, and the FHA. She has been elected song leader for the FHA girls for next year. Jeanette has been a member of the annual staff this year. She is a member of the Westview Baptist Church and works with the Youth of that church. Her hobbies are playing the piano and saxophone. She also enjoys swimming.

Suzanna Wesley Party Held In Brewer Home

Mrs. J. H. Brewer and Mrs. T. A. Turner were co-hostesses for the Suzanna Wesley Sunday School class of the First Methodist Church at a meeting held in the Brewer home Wednesday, May 18.

Mrs. Turner, who is the class president, presided over the business meeting and plans were made

for the tea table decorations for the tea held in connection with the open house Sunday for the First Methodist Church.

Tape recordings were made of the voices of those present and played back.

Mrs. Moulton Cobb of Weslaco and Mrs. E. R. Legg spoke on their recent trip to New York City and Washington D. C.

Fourteen guests were present including the teacher, Mrs. R. H. Todd Sr.

DUANE STEWART is like most small boys. He loves for his mother, Mrs. Marshall Stewart, to read to him and can think of all kinds of questions to ask about the story and about most everything else.

BETTY SUE LAYNE TO MARRY CHARLES H. MOTE JULY 3

Mr. and Mrs. William P. Layne announce the engagement and approaching marriage of their daughter, Betty Sue, to Charles H. Mote, son of Mr. and Mrs. L. H. Mote of Dublin.

Sue graduated from Slaton High School and is an Elementary Education Major and a member of the McMurry Chanter and the T. I. P. Club at McMurry College. Charles is a graduate of Dublin High School and is a Physical Education Major at McMurry. He is a member of the I. H. R. Social Club. He has served two years in the navy.

The wedding vows will be exchanged in the First Methodist Church, Slaton, at 4 p. m., July 3.

Betty Sue Layne

Patricia Rackler Honored At Party

Patricia Rackler was honored Wednesday, May 18, on her seventh birthday when her mother, Mrs. Kenneth Rackler, gave a party in her school room. Classmates were Mark and Carol Ann Todd, Danny and Deborah Scott, Sherry and Gary Follis, Nancy Lou Walton, Bobby Joe Meeks, Billy Martin, Melody Polk, Judy Dawson, Diane Martin, Linda Fouse, Leland Jack Buchanan, Ricky Davis, Adrian Hill, Zoila Vasquez, Tony Costello, Robert Vargas, Sharon Gene Jones, Deborah Gartman, Ciell, Dixie and Mike Garman, and Susan and Addie Rackler, and her teacher, Mrs. J. B. Brooks. Other guests were Mrs. A. A. Gartman, Mrs. Harry Gartman and Mrs. A. A. Gartman Jr.

Mr. and Mrs. H. G. Moore and Jacquelyn spent the week end in Amarillo visiting with Mrs. Moore's parents, Mr. and Mrs. F. B. DeMent, Clinton and Clinton Wayne Bullard. Clinton Wayne returned home with the Moores and will visit with his great grandmother, Mrs. Bob Shelton, his great aunt, Miss Dolly Shelton and his great uncle, M. M. Shelton, all of whom live in the Gordon community.

George Green left Tuesday to attend a meeting in Austin. He returned Wednesday.

FHA "GIRL OF THE YEAR" honors were won by Miss Viola Walton, daughter of Mr. and Mrs. Charles Walton. She earned the most points in the FHA club this past school year to win this title and to merit a full page picture in the annual. She is shown above seated in the center and on the left is Miss Judy Thomas, daughter of Mr. and Mrs. W. J. Thomas. She was second high with Miss Helen Ann Norris, right, daughter of Mr. and Mrs. E. L. Norris, as third high winner. Viola earned 884 points, Judy 777 and Helen Ann 686. Viola and Judy will be classified as seniors next year and Helen Ann will be a junior.

Tacky Party Given By Martha Edwards

"We like Slaton and the people real well, but our plans are to go to the Philippine Islands when my husband's health is better," says Mrs. Marshall Stewart. The Rev. Stewart is the minister of the Church of the Nazarene.

Their ambition is to go as missionaries. Rev. Stewart preached his first sermon while stationed in the Philippines during World War II. He planned from the time he was converted as a teenager to be a minister and had entered college at Bethany, Okla., to prepare for the ministry when he was called into service in 1943. After he returned from the service he completed his college work there.

Both Rev. and Mrs. Stewart were reared at Big Spring and knew each other while in school there. Rev. Stewart was born in Slaton but lived here only two years when his father, Claude E. Stewart, who was a fireman for the Santa Fe, was transferred.

Lived Here Two Years

The Stewarts moved to Slaton two years ago from Abilene where they lived a year. Before that they lived in Colorado City and Rev. Stewart was pastor of the Church of the Nazarene there for 15 months. His health failed and he recuperated a year before moving to Slaton and accepting the call from this congregation.

Mrs. Stewart was Edwina Turner before her marriage. She finished High School in Big Spring and attended the Bethany-Nazarene College at Bethany, Okla., before their marriage in June 1946.

Their two children are Marsha, who is eight and will be in the third grade next year; and Duane, their young son who is two and a half. Duane wants a motor scooter, loves trains and bands. His mother says he is forever wanting a drum or horn.

A Busy Wife and Mother

Edwina is like all pastor's wives, busy with their church work and filling in where they are needed. She is the teacher of the high school class and is to be president of the Young Peoples Society for the next church year. This society meets each Sunday evening at 6:45 before the evening worship service. They have two groups, the high school students and the young married couples.

The Nazarene Church was established here about four years ago, and at the present have about a 100 in attendance. They have built one building and the plans are to build another building and use the present one for Sunday School class rooms.

Mrs. Stewart has been busy with school activities since her daughter entered school. She says that she enjoys reading a great deal and she sews for Marsha and herself.

She feels that it is a privilege

Martha Edwards, daughter of Mr. and Mrs. James Edwards, entertained some of her sixth grade classmates with a tacky party in her home Saturday afternoon, May 21.

Games were played and pictures were made of the group.

Refreshments of sandwiches, potato chips, cookies and punch were served to Peggy Draper, Linda McCarver, Ann Haddock, Jeanette Price, Sylvia Cole, Kathy Edwards and the honoree and her mother.

Prizes for being the tackiest went to Ann Haddock and Peggy Draper.

to be a pastor's wife and also there is a satisfaction in knowing that you are doing something for others. She knew before her marriage that she was to be a minister's wife and weighed it carefully before making up her mind. She has never regretted her decision for a moment.

How To Install Wood Wall Panels

Rich, wood-paneled walls are the latest trend in home decoration. They give warmth and luxurious beauty to every room, traditional or modern. Now, anyone who can handle an ordinary hammer can install Savannah Oak panels, easily and quickly, with professional-looking results.

First, measure height and width of your walls to make sure you get the right amount of Savannah Oak paneling. This all-oak paneling now is available in do-it-yourself kit form. Each kit includes specially grooved furring strips, a supply of patented metal application clips, and enough easy-to-handle, 8-foot plywood planks, in random widths, to panel 96 square feet of wall. Here are simple, do-it-yourself steps suggested by Georgia-Pacific Plywood engineers to install your own paneling.

Nail special furring strips horizontally to wall studs.

Insert patented clip in groove of each furring strip.

Lock panels firmly to row of clips placed between each two planks.

Finish your paneling with moldings and trim of matching Savannah Oak.

Here is your finished room with wood paneling you can install yourself. Savannah Oak Panels do not need staining or painting. They are factory prefinished and waxed to protect their beautiful grain pattern.

RETIRED CARPENTER RAISES ANIMALS IN HIS BACKYARD

J. F. Scott, 73-year-old Slaton retired carpenter, will never have to "just sit and twiddle my thumbs," as he has a backyard menagerie of bantams, pigeons, turkeys, and pea fowls to fill his unoccupied time.

"A lot of people ask me why I like to raise animals," Scott said, "and I always tell them that it's a good pastime and I don't want to just sit around and whittle wood like a lot of old men do."

With 325 bantams, 75 pairs of pigeons, pea fowls, turkeys and other animals to feed, water and attend to their hatching, Scott would have very little time to whittle wood, if he was so inclined.

Interesting Hobby
"While there's not much money involved, it's an interesting hobby," Scott said. "I just sell enough of my animals to buy feed for the others," he added.

At one time, Scott was interested in raising rabbits and had about 1,000 of them. Although he has sold all of them, Scott said he might start raising rabbits again sometime.

The "apple of his eye" at the present is a beautiful four-year-old pea cock that he purchased three years ago at Slide, Tex. Combining all the vivid colors of the rainbow, the pea cock has a tail spread of nine feet wide and six feet high. Scott also has a pea hen and both birds are very tame and mix with the pigeons and bantams without any trouble.

Another pleasure that Scott derives from his menagerie is the fact that hardly a day passes without people visiting the pens at 1105 S. 13th St. "Some come just to look at the animals, while others want to purchase hatching eggs," he said. Scott especially enjoys having young people visit the pens and to get them started on a hobby of raising animals.

Born in Alabama
Born in Alabama Jan. 18, 1882, Scott was raised in Mississippi. At the age of 21 he came to Bells community in Grayson County, with another youth. He went to work on a farm and two months later, he married the "farmer's daughter," the former Miss Janie Atnip. Thirty-two years ago, Mr. and Mrs. Scott moved to Slaton.

Slaton was just a small community at that time and Scott, through his carpentering trade helped build the city. The Scotts have two children, Cecil Scott, assistant postmaster of Slaton; and Mrs. Ethyl Mae Sparkman, also of Slaton.

TRAFFIC DEATHS DECREASE

AUSTIN - Traffic deaths on state and federal highways outside of cities and towns have decreased three consecutive years. Through March 1955, there was an 11 per cent decrease under the same period in 1954 which is a good start on a decrease for four straight years.

It is on these roads that Texas Highway Patrolmen of necessity do most of their work because 300 patrol cars cannot begin to cover 26,000 miles of state and federal roads let alone farm to market roads and country roads.

Kentucky, Massachusetts, Pennsylvania and Virginia are commonwealths.

The first South American railway was constructed in Chile in 1852.

On Oct. 3, 1941, Hitler announced that Russia was defeated, never to rise again.

Steven Eddings Recovers From Throat Surgery

Steven Eddings, small son of Mr. and Mrs. Eugene Eddings of 930 S. 18th Street, underwent emergency surgery for the removal of a jack from his throat last Wednesday night. Steven, who was playing with a box of marbles and jacks accidentally swallowed one of the jacks which lodged in his throat. Unsuccessful attempts were made to remove it by his mother and a physician was called. After several hours he was taken to Mercy Hospital where X-rays were made which located the jack and it was decided surgery was necessary to remove it. He was taken to Methodist Hospital in Lubbock where a chest surgeon was standing by for the operation.

Steven remained in the hospital until Friday noon and has been doing fine since his return home.

SLOW DOWN and LIVE!

An Appeal for 101 Days of Safe Driving

During the summer months—from Memorial Day through Labor Day—highway traffic fatalities are high. So high that the Governors' Conference has endorsed a nation-wide safe driving program during the 101 days between the two holidays.

Only you, the motorist, can make this campaign a success... If you, and every other highway traveler, will resolve to drive at a safe speed, to follow the recommendations of Safety Associations for safe highway driving, literally hundreds of lives will be saved during this summer's travel. One of them may be your own.

Wherever you drive this summer, PLEASE DRIVE SAFELY

Safety Associations recommend that you follow these simple rules for a safe vacation trip:

- Observe all posted speed limits; don't hurry, ever.
- Regulate the speed of your car to highway and traffic conditions.
- Don't drive too long—stop when you're tired.
- Observe all highway caution warnings—slow down for curves, when descending steep hills, etc.
- Don't drink when driving.
- Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.

Father of Mrs. Bond Buried In Abilene

Tom Teague, father of Mrs. L. C. Bond, passed away Friday, May 13, at 2:00 p.m. in Hamlin, Texas. He was 56 at the time of his death. Funeral services were held Sunday at Methodist Church in Hamlin and burial was in the Elmwood Memorial Cemetery in Abilene Monday, May 16.

Teague is survived by his wife, two daughters, Mrs. Bond and Mrs. Loren Griffin of Abilene, seven brothers, one sister and seven grandchildren.

Mrs. Jesse Brasfield underwent major surgery May 10 in Methodist Hospital in Lubbock. She is at home now and reported to be doing fine.

Her daughters, Mrs. R. D. Wallace of Roby and Mrs. Joe Rankin of Ralls visited here during the last two weeks and last Friday Mr. and Mrs. W. E. Lowrance and Miss Maude Dean of Lubbock visited her.

Mr. and Mrs. Billy Butler and son, Billy of Seminole visited Sunday with Mr. and Mrs. J. B. Butler. They were enroute home from a vacation trip.

FAMILY REUNION HELD IN COLORADO SPRINGS

Mrs. Elmer Nelson returned this week from a family reunion in Colorado. Her parents, Mr. and Mrs. Richardson, live in Oklahoma. The reunion was held in Colorado Springs, Colo. from May 17 through May 20. Relatives from Texas, Oklahoma, California, Missouri, Montana and Michigan attended, and friends from Kansas and Iowa dropped in to say hello. While there they visited the main points of interest around the city.

Mrs. G. M. Middleton and son, Tracy, of Tulsa, Okla., are visiting her parents, Mr. and Mrs. George Culwell.

Mrs. George Culwell and Mrs. Ellis Mills of Post attended the District Officers Training Day of the Woman's Society of Christian Service in Lockney last Thursday. Mrs. Culwell is the District Secretary of Supplies and Mrs. Ellis is the Secretary of Student Work.

Guests in the home of Mr. and Mrs. B. H. Sokoll during the week end were Mrs. Sokoll's sister, Mrs. L. A. Hohensee, and family of Columbus, Texas, and Mr. and Mrs. Adolph Sokoll of Schulenberg. The Sokolls also visited Mr. and Mrs. Charles Sokoll of Southland.

Posey News

R. L. Boyd

Joe Grabber and son, Fred, have returned from a visit with relatives in Indiana.

Pvt. Raleigh Gebbert is home on furlough from Fort Carson, Colo., where he has finished basic training. He was enroute to Fort Belnap, Virginia.

Mr. and Mrs. John Fullingim and Jane of Lubbock were Saturday visitors of Katherine and Vivian Boyd.

Cpl. Bennie J. Rudd of Fort Hood, son of Mr. and Mrs. J. E. Rudd, is home on leave.

The GMAA Insurance Association held a meeting Friday evening at the Community Center. Lewis Droemer was re-elected president and W. A. Wilke was re-elected secretary, both to serve for one year terms. Coffee and doughnuts were served to the members present.

Grady Caudle of Quirt Avenue, Lubbock, was visiting friends at Posey Friday.

Rochelle Boyd, daughter of Mr. and Mrs. R. B. Boyd, was salutatorian of Cooper High School this spring.

Pvt. Richard Gentry of Fort Bliss was a week end visitor of his parents, Mr. and Mrs. W. W. Gentry.

Mr. and Mrs. Brian Sartain and children visited Sunday with Mrs. L. M. Baker and Miss Cora Baker in Post.

Mr. and Mrs. L. F. Upham, Lynn and Linda of Olney spent the week end visiting Mr. Upham's parents, Mr. and Mrs. C. E. Upham.

Mrs. J. E. Patterson and Jeanetta and Dale Bumgainer of Big Spring visited Sunday with Mrs. Patterson's mother Mrs. W. T. Boatwright.

Mrs. Johnny C. Watson of Lawton, Okla., has moved back to Slaton to make her home with her mother, Mrs. E. L. Phillips. Mr. Watson, who has been stationed with the army in Oklahoma, is being sent to Ft. Knox, Ky., where he will receive an overseas appointment. Mrs. Phillips will remain here until he returns from overseas.

Mr. and Mrs. W. W. Jones of San Angelo spent from Sunday until Tuesday visiting Mr. and Mrs. J. C. Foster. They attended the graduation exercises Monday night for Marion Foster, their granddaughter.

Guests in the home of Mr. and Mrs. E. W. Pike last week end visiting their daughter, Winona, were Glenna Steer of Lubbock, and Rock Hudson and Larry Jones of Las Cruces, N. M.

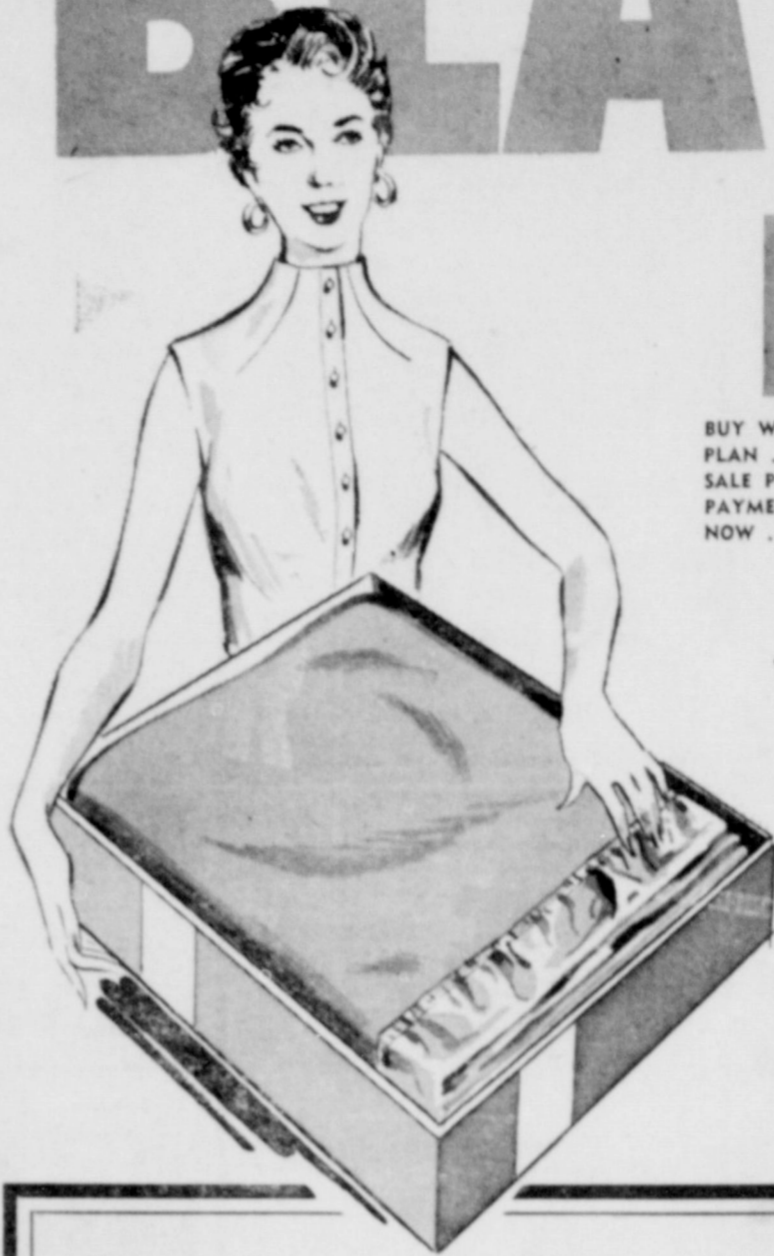

Mrs. J. E. Eckert Sr. will leave today to go to Chicago, Ill., to visit her son, F. Dayton Eckert, and family. Her grandson, Pete, will graduate from grammar school and she will attend the services. Mrs. Eckert plans to be gone about three weeks.

**SANTA FE PRIZE
WON BY DAVID-
THOMPSON**

"Boy and His Dog" is always a heartwarming sight. David Thompson, son of Mr. and Mrs. Thompson, with his dog, Thompson, as David called him, was the winner of the family contest of the Santa Fe Fine for the month of May. David, who will be six June 13, is proud of the \$10 prize that he won but the entire Thompson family is sad because "Spot Thompson" died recently. David is looking forward to the end of their vacation because then he is to get his dog.

Just Talk

By A. M. J.

After over three years of hard controlled silence I am taking my three fingered typewriter in hand again to endeavor to get things straightened out to some extent as I see that the world, the United Nations and some things in Slaton need attention.

Of course it is understood that the publisher of this paper, Mayor Lee Wootten nor anyone else, including me is responsible for the views expressed here. If you find something here with which you do not agree just mumble to yourself, take it out on your wife, sweetheart, husband or dog or just skip along merrily to something else.

For some time it has seemed to me that Slaton should have something to attract visitors besides a few tobacco juice splattered benches around the City Hall and some picnic tables out in the City-County Park, particularly if the Highway is to be built around the town so tourists will go flying by without stopping to scatter empty beer bottles or egg peelings on our streets. Why not take a tip from Lubbock and put a Prairie Dog town inside our City limits and invite folks to stop and see it. There are a lot of youngsters right here in Slaton who have never seen a Prairie dog even though they were once more numerous here than folks selling Christmas Cards in September. A few coyotes could be penned and some other animals, peculiar to this part of the country, could be put out in the City-County park along side the swimming pool. A big sign out on the Highway inviting folks to stop and visit in Slaton could be installed and regardless of whether a main highway will be built around Slaton, or left where it is, such a zoo would encourage visitors to stop in here. I believe something like this would be worth while.

Why don't I do something about it? Well that's a white horse of another color. Let George do it is my motto, all I want to have to do with such wild schemes is to help think of them. If your name is George and you want to undertake such proposition I have a lot of other schemes that are yours for the asking.

Not long ago my wife and I visited in Austin and found things changed there. We used to go into most any Austin restaurant and get the heebie jebies waiting for some stumbling waiter to creep to our table but when we went into a big Cafeteria expecting the same kind of service, we got into a long line of folks who were being pushed along like cattle being loaded into freight cars. The women in front of me pushed the man's hat over his eyes with her food tray, the man back of me seemed to have six arms and grabbed food servings right out of my hands, the waitresses back of the counter were screaming at me and I felt sure that some cow poke would jab me in the ribs at any minute with a pole. By the time I had wrestled my food to a table I was so steamed up and sore that I had the worse case of indigestion I have had since the Slatonite press broke down in 1948 and I stayed up all night while Leo Henzler worked on it with a blow torch.

The traffic signals in Austin were figured out by some one who has been a patient at the insane asylum there for many years and a good set of brakes last on a car in Austin about two weeks if you

The Slaton, Tex., Slatonite
Friday, May 27, 1955

are careful about not using them too much.

Slaton may not have the best traffic regulations in the nation, with a lot of confusing details about which way to go with the lights at the intersections on 9th street, but they are simple compared to the way things are figured out in Austin. Personally, I think the City Commission should send a Committee to Austin to study their methods, ours are entirely too simple. You may get your car rammed here or have to take off onto a side street to keep from getting mixed up in some of the games the teen agers play with cars, but in Austin you cannot afford to give an inch or try to escape by going down side streets, there are no side streets and if you do not bluff the other drivers you might as well figure on never moving one way or the other. My wife is still giving me advice on which way to turn and on how to stop on a hill in Austin.

Last week I read a very touching piece in a magazine about the pleasures of gardening and I lay back on my pillow and dreamed about the big, luscious tomatoes I would have in July from some double fancy vines that had cost me thirty five cents a piece. My sweet corn ripened right there before my eyes and I even gathered some beets from the vines that have stuck their anemic leaves above the ground.

The pleasures of gardening as described in that magazine were most pleasing and my manly chest rose with pride. Of course the cost of the seeds, the plants and the water I have squirted on them have already cost me about five times more than the same amount of vegetables would cost me at the market but I kept telling myself and my wife who belongs to the Garden Club that the things that would come out of our garden would taste lots better and be fresher than any we could buy but she gave me that certain look that she heard all of that before. After all the hail that fell last Sunday, I am having trouble persuading her that replanting another garden for about twenty dollars will be worth while.

Trying to get her to read the article about the pleasures of gardening did no good, as she threw the magazine in the trash, and now she wants to plant the yard in flowers which will be just as much work and will cost more. Who wants to bet the outcome?

Now I am sure I have gone past the point of middle age, for all I do is shiver when I see the girls going around in peddle pushers, shorts and other abbreviated outfits. It seems very disappointing to me that there were no such costumes when I was at an age to fully appreciate them. However, there may have been some advantage to the fact that there was some room left for doubt and imagination at the time I was at the most curious age.

Ray Hickman, who is recovering from a gall bladder operation, says he is now about ready to try another big dinner of turnip greens, boiled onions, corn bread, chili beans and chocolate pie like the meal he enjoyed just before his gall bladder turned against him.

42 GIRLS PARTICIPATE IN SUMMER HOMEMAKING

Summer Homemaking program under the direction of Mrs. G. K. Halle and Mrs. Jerry Lovelady got underway Tuesday morning, May 24, as they began their nursery school under the direction of most of the 42 girls who are to participate in the activities.

Three craft classes are to be conducted by Mrs. Halle during the summer. From June 20 to 24, from 9 until 11 a. m., there will be a basket weaving and stencil painting class. From June 28 until July 1, from 9 until 11:30 a. m., a class on leather tooling will be conducted; from 1:30 until 4 p. m. basket weaving and stencil painting will be taught.

Mrs. Lovelady is to supervise home experiences. At the end of the summer there will be an achievement day. Each girl will receive a half credit for her summer work.

The following girls are enrolled: Joan Barber, Beverly Bland, Marilyn Boyce, Kay Castleberry, Karen Cooper, Rose Custer, Patsy Daniel, DaOnne Duncan, Charlotte Ferguson, Loretta Gerngross, Martha Gravell, Venita Green, Dorothy Heaton, Patsy Hogue, Beverly Kercheval, Mary Ann Klattenhoff, Bonnie Limmer, Charlene

CHICKEN DINNER HELD McNEELY HOME FRIDAY

Mr. and Mrs. Aubry McNeely were hosts Friday, May 20, at 7:30 p. m., at a chicken dinner honoring the Adult II Training Union of the First Baptist Church. This dinner was held in their farm home southeast of Slaton.

Music and visiting were enjoyed after the meal.

Those attending were Messrs. and Mesdames E. M. Lott, Fred Stephens, T. E. McClanahan, M. H. Lasater, J. J. Maxey, L. S. Turner, J. C. Smith Jr., J. B. Huckabay and Dudley Berry and Mesdames J. R. Robertson, Fred Stottlemire, I. C. Tucker and L. O. Lemon. Al Wilson also attended.

Limmer, Sandra Long, Shirley Love, Mary Jane Lovelady, Beth Lowry, Billie Jean Malone, Pauline Martin, Pam Maxey, Louise Moore, Helen Anne Norris, Kay Sain, Della Seagins, Linda Smith, Pat Smith, Sharon Smith, Peggy Ray, Alma Roberts, Delma Tucker, Patsy Turner, Fay Nell Wiley, Barbara Wilke, Opal Willis, Alma Jean Winn, Lucille Wyatt, Ova Sue Wilson.

MRS. H. T. SCURLOCK spends a great deal of her time typing and enjoys typing recipes, papers concerning her Sunday School class and the work of the WSCS.

Slaton Women Give Their Favorite Tested Recipes

Mrs. H. T. Scurlock 150 So. 4th St., says that the pineapple fritters are delicious with ham, and if rolled in powdered sugar, as a dessert or a television snack.

Pineapple Fritters

1 cup sifted flour
1/4 tsp salt
1 tsp baking powder
1 tbs. sugar
1 cup drained, crushed pineapple
1 beaten egg
1/4 cup milk
1 tbs. melted shortening or oil
Shortening or oil for deep frying
Method: Combine flour, salt, sugar and baking powder in a bowl. Mix together, the egg, milk, shortening and pineapple. Lightly stir into the dry ingredients. Do not over mix. Drop from teaspoon into deep fat heated to 365 degrees. (or when an inch square of bread will brown in 60 seconds) If the spoon is dipped into the hot fat before dipping in the batter it will slip off easily. Fry until brown and cooked in the center. Drain on absorbent paper. Sprinkle with powdered sugar if desired.

Mr. and Mrs. Scurlock moved here from San Angelo four and a half years ago. He is a brakeman-conductor on the Santa Fe, and worked out of San Angelo for a number of years.

They have one daughter, Mrs. Creel Roe, who lives in San Angelo. Their two grandchildren are Grady, who is eight, and Laniece, three years old.

Mrs. Scurlock was reared in Osceola, Mo. This community is south of Kansas City and in the foothills of the Ozarks. Her maiden name was Rozelia Chance. She attended college at Central Missouri State Teacher's College at Warrensburg, Mo., and taught grade school while living in Missouri. She also attended business college in Wichita, Kan., and taught in the business college there.

Mr. and Mrs. Scurlock met in San Angelo, where Rozelia was employed by Holland's Jewelry. She worked there for ten years and says she really enjoyed her work. She was in the office and had charge of orders, as this is a wholesale and retail store. They specialize in belt buckles, spur pins, and other western jewelry.

The Scurlocks are members of the First Methodist Church and Mrs. Scurlock says her church work has taken care of her hobbies. She is the teacher of the Lydia Class, a class composed mostly of young married mothers, and spends a great deal of her spare time in study. She is just completing a year as president of the WSCS, a work that she has enjoyed very much. Although she doesn't have much time for hobbies she loves to sew, crochet, embroidery and read.

Piano Pupils Hold Recital May 26

Mrs. Mildred Brown Lokey presented her piano pupils in their annual spring recital Thursday, May 26, at 8 p. m., in the First Presbyterian Church.

Russell Cummings appeared on the program as guest clarinet soloist accompanied at the piano by Mary Ann Klattenhoff.

Pupils presented were Peggy Ann Kirksey, Garry Lee Peebles, Elinor Gallegos, Vicki Lynn Kirksey, Josephine Reyes, Betty Jean Clark, Karen Bowerman and David Childers.

Mrs. Lokey said the public was invited to attend.

Mr. and Mrs. J. E. Todd, J. E. Jr., and Tommy left Tuesday night to go to Gorman to visit Mr. Todd's parents. J. E. Jr., will remain there for an extended visit.

Federation Has Meeting May 30 At Grace Lutheran

The City Federation of Church Women will meet Mon., May 30 at 3 P. M. at Grace Lutheran Church. The program will consist of two movies, "The Word" and "Song of Sumatra" both of which are in technicolor. "The Word" filmed by 20th-Century-Fox concerns Dr. Frank Laubach's literacy campaign among New Guinea natives. "Song of Sumatra" is the story of a young Indonesian College student who just returned to his homeland after studying several years at a secular European university. He has been out of touch from the Christian culture of his hometown, and in the film, his father tries to help him find faith anew in the wake of the son's earlier materialistic disillusionment. The screen play shifts to a historical flashback of an early Christian missionary and his preaching to savage Bataks who were ready to sacrifice him to their heathen gods.

Enjoy "White Glove" Cooking

That's electric cooking, of course — the modern cooking method, the white glove cooking way. That's because electric cooking is so clean that you can actually take a clean, white glove and run it across the top of the electric element. Unlike the old-fashioned flame-type burners, electric elements collect no soot.

Then, too, electric cooking is electrically controlled for accuracy and dependability. Ever notice how engineers build things with electric controls when they're after modern, automatic control? So, it's obvious that for modern cooking it makes good sense to go all-electric. Get the range that cooks with and is controlled by electricity.

An electric range is clean and it always looks modern. That's because electric cooking is as clean as an electric light bulb. And, it looks modern because if it's electric it IS modern. See the beautiful, modern electric ranges on display at your Reddy Kilowatt Electric Appliance dealer's store. Ask for a free demonstration. Go modern... and that's to go electric!

...of course, it's Electric!
