Directors Map Final Plans For Slaton Frontier Day Celebration

Final plans were perfected for the two-day Frontier Day Celebration to be staged in Slaton June 3 at a regular business meeting of the Slaton Chamber of Commerce board of directors at 7:30 p. m. Tuesday.

One of the numerous outstanding features of the celebration will be a gala downtown parade at 10 a. m. Saturday, June 4. President Kunkel announced.

The Big Spring Air Force Band, which has 20 members, will lead the parade. Twenty-three organizations comprising the West Texas Sheriff's Posse Association have been invited to participate, and John Fondy of the Slaton Oilers reported that at least 400 Oilers could be expected in the parade.

Float Awards

Highlighting the parade will be awarding of \$225 for the best float. The prizes will be distributed as follows: first, \$100; second, \$75; and third, \$50. Bill Smith, chairman of the parade committee, said a large number of Slaton organizations were planning to enter floats. A contest will also be held to name a parade queen.

Three performances of a professional type rodeo will be given during the celebration. Morris Stephens of Silverton will furnish stock and handle general arrangements.

Roy Holt is chairman of a parade dance which will be held on the closing night of the celebration. He will also handle a swimming contest to be held at the Park pool.

Homecoming Event

F. E. Perry is handling the homecoming event, with a place provided where former Slaton residents may convene to relive "old times" and renew acquaintances.

The directors decided to form

Slaton Council Plans Initiation Service Sunday

Forty-five candidates are to be initiated at a district initiation of the Slaton council of Knights of Columbus at St. Joseph's Hall here today, April 17.

The district includes both Slaton and Lubbock councils with approximately 300 persons expected to attend.

Activities will open with mass prayer at 8 a. m., followed by a breakfast. Second degree candidates will be initiated before dinner, with three new initiations after dinner. A tea will be held during the evening.

Outstanding Knights of Columbus

Members expected to attend include: Reynaldo Garza of Brownsburg, state deputy; Wilford Kitten of Slaton, district deputy; Lawrence Kitten of Slaton, grand knight; and A. J. Shimek of Lubbock, grand knight.

IRON TUBE DAMAGED BLAZE TUESDAY

An iron tube was damaged after defective wiring caused it to be ignited in a business owned by Pauline Simpson in the Negro section of the city at 8:45 p. m. Tuesday.

The Slaton Volunteer Fire Department responded to the alarm.

J. Baker, who has been ill some time, is reported to be a little better.

Mr. and Mrs. R. E. McCloud of Slaton spent the Easter holidays at the home of Mrs. McCloud's parents, Mr. and Mrs. Henry Hollinger, and also visited other relatives and friends.

Mr. and Mrs. T. C. Martin and family spent the week end in Slaton visiting Mr. Martin's father, Mrs. W. F. Martin.

Guests in the B. E. Lemon home today were Mrs. Lemon's mother, Mrs. Floyd Gray, her sister, Betty Gray, and her aunt, Mrs. D. Adams, all of Olton.

two teams for the purpose of selling tickets to the celebration. Chairmen of the teams are Bill Smith and Fred Schmidt. The team that loses will have to treat the other to a steak dinner.

Other business of the meeting included reports from chairmen of

CITIZENS URGED TO REQUIRE CC CLEARANCE OF SOLICITORS

A reminder that persons soliciting advertising or contributions should have a letter of clearance from Slaton Chamber of Commerce, was made Tuesday by Mrs. R. D. Bisbee, manager.

If a person does not have a letter of clearance, the person being solicited should advise that person to secure such a letter and not make a contribution until they do.

Farm Road 400 Widening Set By Highway Dept.

One of the scores of projects on which bids will be taken by the State Highway Department in Austin April 19 and 20 will be the widening of Farm Road 400 from Slaton to Idalou.

The Slaton-Idalou project will include the widening of Farm Road 400 to a 24-foot width, according to District Highway Engineer S. C. McCarty of Lubbock.

"We will also strengthen a stretch of about five miles through the canyon," McCarty added.

McCarty explained that the stretch through Yellowhouse canyon was not originally designed to carry the heavy truckloads now moving over the highway. Another course of material will be applied through the canyon, but elsewhere the road will simply be widened.

The project also will entail the widening of culverts and other structures on the road from U. S. 84 at Slaton to U. S. 82 one mile east of Idalou. Over all length is 14.7 miles. Bids on that project will be opened April 19.

The department will open proposals on 1,114 miles of roads expected to cost almost \$16 million. Projects include 289 miles of farm-to-market roads and 825 miles of state and U. S. Highways to be built or improved.

SHS Seniors Plan Annual Class Play

"Curtain Going Up!", the Slaton senior class play, will be presented Thursday, April 28, at 8 p. m. in the high school auditorium.

Admission will be 60 cents for reserved seats, 50 cents for students and adults, and 25 cents for grade school children.

The cast was selected in tryouts April 4, with 10 females and seven male roles.

Featured in the girls' roles are Nancy Clifton as Miss Irene Burgess, Marian Foster as Nancy Leveridge, Sue Hodge as Miss Carolyn Moran, Lucille Martin as Miss Henrietta Rivers, Norma Corley as Elsie Hunter, Dorothy Turner as Sylvia Moore, Pat Wells as Janet Young, Wanda Pruitt as Joan White, Nell Brasfield as Kyle Roberts and Jonell Lamb as Loretta Fuller.

The boys' roles are filled by Bobby Telford as Mr. Norman Carter, G. W. Wylie as Andy Fullbright, Denny Kincer as Jocko Guthrie, David Collins as Mill Sanders, Skip Tumlinson as Buck O'Hara, Roy Lynn Wells as Mr. Tony Peterson, and Bob Martin as Mr. Richard Leveridge.

C. M. McPherson is the director. Ushers and usherettes are John Richey, Ronald Woolever, Tommy Kylie, Natrell Limmer, Marjorie Earwood, Betty Willis, Marilyn Kitten and Lilly Ann Schilling.

Mrs. S. H. Adams returned to Slaton last week after visiting for several months with her daughters in New Jersey and in New York.

standing committees. Attending the session were: Robert Hall Davis, Mrs. R. D. Bisbee, Alex Webb, Dr. T. L. Talbert, Joe Teague III, A. H. Grigsby, Fred Schmidt, Earl Reasoner, F. B. Riney, Kunkel, Perry, Smith and Fondy.

Mrs. Bisbee pointed out. Mrs. Bisbee said that one instance had been reported to her office this week of a person making solicitations without a letter of clearance. Reports indicate the person in question was telling each one he solicited a different "hard luck story."

A decision was made by C. of C. directors on May 11, 1954 to appoint a five-man committee to pass on all persons desiring to solicit in Slaton to help protect merchants and the general public from being swindled.

Mrs. Bisbee pointed out the program can not operate effectively unless merchants require a solicitor to display a letter of approval, instead of going ahead and making a donation just because their "story" sounds convincing.

Slaton Quartet To Furnish Music At Midway Revival

The Slaton Quartet will provide special music for a revival to be held at Midway Baptist Church, north of Slaton, from April 18 through the 24th.

Members of the quartet are: Bill Mosley, Bill Baker, Mrs. R. A. Thompson and the Rev. H. E. Smith, pastor of the host church. Evangelist for the revival will be the Rev. O. B. Hutson of Vernon.

Services will be held at 7:45 p. m. each evening during the revival.

ORGANIZATION MEETING HELD BY SLATON CITY COUNCIL

Following a canvass of election returns, officials were named and department heads re-appointed at a regular Monday night session of the Slaton City Commission.

The official returns coincided with previously announced unofficial results. L. B. (Lee) Wootton took office as mayor, having edged

Tech Student To Speak At Church Service Sunday

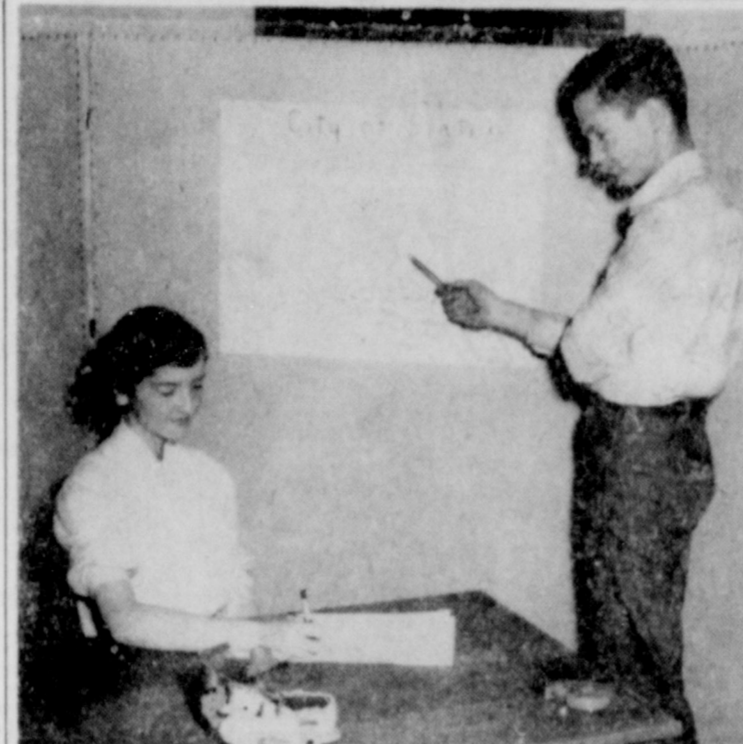

Walter McKeen will preach on Sunday morning, April 17, in the First Christian Church in the absence of the Rev. Edwin W. Gorom, minister. The service begins at 10:45.

McKeen is an advertising major from Dallas at Texas Tech. He is active in Texas Tech Christian Foundation. The Foundation, sponsored by the Christian Churches of West Texas for Christian Church preference students at Texas Tech, has supplied students to fill pulpits in a wide area during the past several years.

Members and friends of the First Christian Church are invited to hear this young man speak.

Mr. and Mrs. W. V. Smith and four daughters of Kerrville spent the week end with Mr. Knox's sister, Mrs. W. A. Sikes, and family.

Mr. and Mrs. Charles Marriott and boys visited during the holidays with Mrs. Marriott's parents, Mr. and Mrs. T. E. Vineyard, in Sherman. Miss Eula Ferrill accompanied them to Randolph, where she visited her brothers.

CANCER CRUSADE DAY SET FOR APRIL 17 BY FHA AND FFA

Last year in Texas, the lives of many were saved from cancer. For them, the drama of the fight against cancer had a happy ending. But for too many other Texans—nearly 9,000, in fact—the fight was a losing battle. Realizing this fact the FHA girls and the FFA boys of Slaton are taking the lead in the Cancer Crusade to be carried on Sunday afternoon, April 17.

These young people would appreciate all citizens cooperating in this crusade with them and want them to know that the dollars that they give to the American Cancer Society can save lives—perhaps theirs or one of their loved ones. This is the way each dollar that is given will be spent, according to literature they have received: 26 cents for research, to find new ways to control cancer; 33 cents for education, to save lives by spreading knowledge; 12 cents for service, to ease the burden of cancer patients; 3 cents for advanced training of young scientists; 10

cents for the annual educational and membership Cancer Crusade; 11 cents for the administration of the state and national program; 3 cents in legacies will be for specific cancer projects; and 2 cents is in reserve to continue the fight until final victory.

The city has been divided into 12 sections with a captain and a co-captain over each section. These captains have several young people under them to make up their teams. Team no. 1 is composed of Leroy Bloodworth, captain, William Kahlich, co-captain, Betty Olive, Mary Lee Buxkemper, Rose Custer, Henry Adamek, Joe House, Billy Vaughn and Dwayne Preston. Those on Team no. 2 are Helen Ann Norris, captain, Marilyn Boyce, co-captain, Barbara McCoy, Viola Walton, Waymon Muse, Billie Ann Heard, Sonny Curtis and Nancy Thompson. On Team no. 3 are Buddy Sexton, captain, Robert Heaton, co-captain, Sharon Smith, Billie Nell Farmer, Lanny Swanner, Mary Ann Klattenhoff, Billie Jean Malone, Neutie Nan Watson, Alma Roberts and Gwenda Merck. Those on Team 4 are Venita Green, captain, Linda Smith, co-captain, Louis Moore, Peggy Ray, Clark Wood, James Brooks, Kay Castleberry, Monty Dickson, Patsy Turner, Opal Willis and Lucille Wyatt.

More Team Members Team 5 is composed of Glenda Kitten, captain, Carol Sue Meurer, co-captain, Loretta Steffens, Lilly Ann Schilling, Marilyn Kitten, Rodney Kitten, Leroy Kitten, Loretta Gerngross, Pauline Miller, Delma Tucker and Mary Miller. Team 6 has Tommy Shearer for its captain, with Jerry Don Ross as co-captain, Nancy Clifton, Don Wright, Charlotte Muse, Nelda Lemon, Betty Johnson, Peggy Kenney, Fay Nell Wiley and Wayne McCain. On Team 7 are Karen Cooper, captain, Alma Winn, co-captain, Kay Sain, Shirley Forsan, Loran Gilliland, Jack Bowns, Gwen Biggs, Patsy Daniels and Joyce Ann Hacker. Team 8 is composed of Pat Smith, captain, Pam Macey, Alton Brookshire, Joan Barber, Sandra Long, Pauline Martin, Jerry Jones, Carolyn Nixon and Charlene Limmer. On Team 9 are Charlie Woodfin, captain, Hobart Limmer, co-captain, Barbara Wilke, Jan Bagby, Dorothy Turner, Jeannette Burrell, Patsy Hogue, Charlotte Ferguson, Fredia Kelley and Marion Foster. Team 10 is composed of Carlton Tumlinson, captain, Hugh Van Pierce, co-captain, Della Scoggins, Shirley Love, Martha Gravell, Mary Jane Lovelady, Quinton Strube, Leroy Poer and Earl Brown. On Team 11 are Weldon Pruitt, captain, Conrad McCain, co-captain, Ova Sue Wilson, Lee Ham, Sally Cooper, Beverli Bland, Joe Bob Jones and Margie Glascock. Team 12 is composed of Burdine Becker, captain, Carral Ann Mann, co-captain, Don Kelley, Callie White, Glen Crews, Betty Fondy and Bonnie Limmer.

Department heads reappointed were: G. L. Elder, street and sanitation superintendent; F. C. Davis, water and sewer superintendent; E. A. Gentry, chief of police; and J. J. Maxey, city secretary.

The city voted for the second consecutive year to give \$300 as Slaton's share in the Lubbock City County Welfare Unit. The \$300 will be paid quarterly and is used to help take care of displaced children. Travis Reynolds is the Slaton committeeman.

Mr. and Mrs. Albert Kuss and children visited last week end with Mr. Kuss' parents, Mr. and Mrs. J. Kuss, and his sister, Mrs. Aubrey Williams, and family in Hermeligh.

Mr. and Mrs. K. C. Knox and four daughters of Kerrville spent the week end with Mr. Knox's sister, Mrs. W. A. Sikes, and family.

Mr. and Mrs. Johnny Ray Cartwright and family of Lovington, N. M. spent Saturday night with Mr. Cartwright's parents, Mr. and Mrs. J. W. Cartwright.

Plans Are Complete For School Children To Get Vaccine Shots

A tentative date of Wednesday, April 20, has been set for the Salk vaccine serum to be administered to first and second grade children of Slaton schools. The serums will be given at the West Ward School with two units to operate at the

same time to speed the process. Swiftly following an official announcement Tuesday that the Salk vaccine had been found safe, effective and powerful in preventing paralytic polio, Slaton leaders mapped plans to give vaccine

treatments to first and second grade students of all Slaton schools, public and parochial.

Supt. P. L. Vardy Jr. declared in connection with the proposed vaccinations: "This seems to be a very wonderful opportunity for the first and second grade children in our schools as it may be some time before enough of the vaccine becomes available to take care of the public demand."

Following the local breakfast session of leaders Thursday morning at the Red Arrow Cafe, Mrs. J. H. Dodson, school nurse, was to represent Slaton at a Lubbock County meeting to map plans for the vaccinations on a countywide basis.

Volunteer assistance for the local vaccinations will be given by the Elementary Parent Teachers Association. Mrs. Geo. W. Privett is chairman of that organization.

Request blanks for parents to sign, requesting that their child be given free polio vaccinations, were recently distributed.

"Approximately 95 per cent of these cards, or 400, were returned properly signed, which we feel is highly favorable," Supt. Vardy said.

The vaccination consists of a series of three shots; the second to be given one week after the first, and the third to be given on month after the second. Local physicians are cooperating in the program.

The soaring, historic news that the Salk vaccine works, was announced Tuesday, after long months of secret research, by Dr. Thomas Francis Jr., University of Michigan epidemiologist, who headed the task of determining its effectiveness.

SLATON FIRST BAPTIST CHURCH PLANS REVIVAL APRIL 17-24

A one-week's revival will be conducted at the First Baptist Church of Slaton by the Rev. Harlan Harris, pastor of the First Baptist Church at Plainview, from April 17-24.

The Sunday morning service will be at the regular 11 a. m. time, while weekday morning services will be at 10 a. m. All evening services will be at 8 p. m., according to the Rev. J. T. Bolding, pastor.

Al Wilson, minister of music and education of the church, will lead the music.

The revival is being held as part of a "Simultaneous Crusade" throughout the Southern Baptist Convention. During a two-week period, more than 29,000 Baptist churches in the southern part of the United States will be engaged in an evangelistic effort.

The Rev. Harris has been actively engaged in youth evangelism and evangelistic services throughout the southeast and southwest. He has traveled and preached in Italy, Egypt, Palestine, Germany and Mexico City.

Born Jan. 5, 1920 in Salem, Ore., he was active in athletics during high school and college days. He is a graduate of Eastern Baptist Seminary.

A former assistant pastor of the Temple Baptist of Washington, D. C., the Rev. Harris was pastor of the First Baptist Church of Shelby, N. C. for seven years. He is in his second year as pastor of the Plainview church.

200 Persons At Easter Service

Beautiful weather combined with religious fervor resulted in approximately 200 persons attending the annual Sunrise Easter Service Sunday at 6 a. m. in the County Park.

"What Is Your Attitude Toward the Risen Christ?" was the topic of a sermon by the Rev. Marshall Stewart, pastor of the Church of the Nazarene.

The service was sponsored by the Slaton Ministerial Alliance.

SLATON LITTLE LEAGUE GROUP PLANS FIRST WORKOUT MAY 16

Date for the first Little League workout was set for Monday, May 16, at a meeting of officials Monday night in West Ward Cafeteria, according to Pres. Don Hatchett.

Following the initial workouts, official registration will be conducted Thursday, May 26, Dr. Hatchett said. Parents of the players must be present for the registration.

LUCILLE LEWIS HAS OPERATION

Lucille Lewis, 16, Slaton High School freshman who is suffering from a rare anemic condition, was to have undergone surgery Tuesday at John Sealy Hospital at Galveston. She has been a patient there for about three weeks.

The attendants told her father, L. W. Lewis, that eight blood donors would be necessary before the operation could be performed. He arrived in Slaton Monday and within 24 hours 10 donors had responded, with five of them members of Slaton's Volunteer Fire Department.

Miss Lewis has been reported responding well to treatment at Galveston and was able to go for a drive Sunday. She had 14 transfusions at a local hospital before being sent to Galveston.

GRADE SCHOOL CHORUS GIVES LIONS PROGRAM

A program of musical numbers was given by the Slaton Grade School chorus at the Tuesday noon luncheon of Slaton Lions Club in the Clubhouse.

Mrs. M. G. Davis is director of the all-girl choir, which will enter district interscholastic league competition Saturday. Mrs. James D. Perkins accompanied at the piano.

During a business session with Pres. Bill Smith presiding, plans were made for the Lions district convention in Lubbock April 24, 25 and 26. A decision was made to sponsor the club sweetheart, Nancy Clifton, as Slaton's entry in a queen's contest to be held in connection with the convention.

Bill Ball, director, announced that rehearsals were continuing and that prospects were bright for a successful "Womanless Wedding" to be presented by the club Friday, May 6, at 8 p. m.

Homer Tompkins had as a guest, Bill Kelly of Lubbock.

THE EVIDENCE IN THE CASE

There are two evidences of the vitality existing in this county's economy—the pledging of more than a thousand dollars in a soil building program by the businessmen of Hamilton, and the recently proposed plan to create an industrial fund in the interest of securing new industries and the expansion of existing industries. The enthusiastic and spontaneous response of both ventures, proved that we need only leadership. And that we seem to have.

Speaking of the live economic situation which exists in spite of a long drouth, there is only one answer, and that, undoubtedly, is the widely diversified farm and ranch program found here. It has not prevented economic losses, but it has reduced them to a greater extent than in those counties around us which do not have diversification. We need industries to help fill in the losses and to prevent the eventual exodus from the farm especially by the young people. Fortunately, we have business people here who recognize this fact and are willing to work for a better community. The only thing we need is the unselfish cooperation of all of us. The combined effort of those who believe in the future of the county and its people, can make a big difference in what the future may hold. It is not a time to wait for assistance from an outside source. Rather it is a time to dig in ourselves.—Hamilton Herald-News.

JUVENILE ANARCHY

As representatives of the community, judges and law enforcement officers often have had a feeling of complete frustration in dealing with juvenile violators in the traffic rules. The youthful offenders are motorists, yet the law does not impose upon them the responsibilities of other motorists for observing the rules of safe driving. The juvenile driver can be just as dangerous behind the wheel as a motorist twice his age—and sometimes is more so. Yet he can not be penalized for a traffic violation except by the drastic method of adjudging him a juvenile delinquent. That is something which the courts, for good reason, seek to avoid except where no other course is possible.

Senator Hazlewood of Amarillo has introduced a bill into the Legislature to end the anomalous situation which permits a juvenile motorist to snap his fingers at the law if he chooses. His bill would apply to youngsters between 14 and 18, and would make them liable to a fine of \$1 to \$50 for driving without a license, for speeding, or for driving while intoxicated.

The bill should be passed—after first being broadened to make such drivers amenable to just penalty for any other infraction of the traffic laws. The law makes it possible for youngsters, in some cases as young as 14 years, to be drivers of recognizably dangerous vehicles which must be driven according to the rules if they are to be safe for the occupants and others. Having conferred the privilege, the law ought also to subject such drivers to punishment for failure to comply with the rules of safe driving.

Any persons old enough to be entrusted with a motor car on the streets and highways is old enough to be held accountable for his actions as a driver. A law making this so would be good for the juvenile driver as well as a protection to other motorists.—Ft. Worth Star-Telegram.

A DOG AND HIS NOSE

In Canada, we read, a practice has started of recording the nose prints of dogs for identification. The pattern of a canine nose, it is said, is almost as complex and unlikely of duplication as is that of the human hand.

Then why not, it might be asked, take an imprint of Rover's paw? One answer would lie, of course, in whether paws carry the same lines and whorls as do palms. Another is to ask: If fingers are characteristic of the human, then is anything more characteristic of a dog than his nose?

A pet that has been trained will put up his paw at the command "shake hands." A dog, of his own volition, "shakes hands" by nuzzling a friendly palm. A man may look at or smell of an unfamiliar object. He finds out whether it is heavy or light, soft or hard, with his fingers. A dog learns all of that through his nose, and much more, too, beyond the ken of men.

We expect to be identified by our handwriting as well as by a fingerprint—by a signature on a check or a letter. Why not identify a dog by his signature, too, writ by nose?—Christian Science Monitor.

T. J. Girardeau, of The Houston Post, was elected president of the Texas Press Association in 1885 at a convention in Galveston. He retired soon and J. H. (Cyclone) Davis filled the unexpired term.

Recruiter Offers Question Service

Some time during everyone's life there are questions that need to be answered, concerning themselves, friends or relatives who are in the service.

Sgt. Ulbrich states that policies

have changed since World War II and some of the parents and relatives would like to keep abreast of these latest changes.

Questions will be kept in strict confidence and should be sent to the USAF Recruiting Station, Lubbock, or see Sgt. Ulbrich who visits Slaton every Wednesday until 12 noon.

"Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else." (Isaiah 45:22.)
Have you tried religion? You have tried everything else. You have searched the world for happiness and peace. You have tried all the nostrums prescribed by the world. Still there is an emptiness in your life.
We find in Isaiah the divine injunction:
"Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else."
Your looking, your searching may cease. Here is the answer to the age-old problem: Look to God! Give God a chance in your life. Let Him speak to you. Let Him take your hand as you walk this weary, dusty path of life. Look to Him and be saved.
Can we be sure that we have found the answer? Listen to the words: "I am God, and there is

none else." Here is the power that makes the difference. Tagore said, "God, the Great Giver, can open the whole universe to our gaze in the narrow space of a single lane."
Your unhappy condition lends testimony to the fact. Why go on searching? Why waste precious time and energy?
"Look unto me, and be ye saved."

SOUTHWESTERN BELL INSTALLS TWO MILLIONTH TELEPHONE in TEXAS

SOUTHWESTERN BELL's two millionth telephone in Texas was placed in service early this month . . . just 77 years after the first telephone installation in the state.

This two millionth telephone is a far cry from the two telephones installed in 1878 connecting Col. A. H. Belo's office at the Galveston News with his nearby home.

Not quite eight years ago—in August, 1947—Southwestern Bell installed its one millionth telephone in Texas. Thus, we have added as many telephones in the past eight years as during the previous 69.

Yet, the big story is not in the number of telephones—but what the telephone means to the state and nation. As telephones are added, miles shrink and the range of the human voice overcomes time and distance.

Two million Southwestern Bell telephones in Texas form a bridge of understanding that strengthens the social and economic ties between all the people within and beyond the boundaries of the Lone Star State.

The growth of a telephone system within a state is a good indication of the state's progress and prosperity. For instance, in 1925

Deductions For Depreciation Of Property Listed For Income Tax

(Editor's Note: This is the 11th in a series of articles to be published in The Slatonite, which, when used with instructions for- ward with your blank income tax form, will assist you in filing your 1954 income tax return.)

The law does not allow you to deduct the full cost of your capital investments or improvements in the year made in figuring your profits from rents, royalties, business- es, and professions. For most prop- erty with a life longer than one year, with the exception of land, the law provides for a deduction from gross income called "depre- ciation," as the method of "recov- ering" your cost (less any salvage value) over the useful life of the asset. The useful life of any asset can be measured in units of pro- duction or machine hours (for machinery), in miles of operation (for automotive equipment), etc., but the ordinary practice is to measure useful life in years.

Depreciation Deduction

Figuring the depreciation deduc- tion:

1. Straight-line method—This is the most common method of figur- ing depreciation. It allows for the deduction of cost in equal annual amounts over the useful life of the asset, with only salvage value re- maining at the end of the useful life. For example, if you purchased a piece of equipment for \$10,000 which had an estimated salvage value of \$1,000, the depreciable portion would be \$9,000. If the asset had had an estimated useful life of ten years, then you would charge off 1/10 or \$900 each year.

New Assets

Special Rules for New Assets Ac- quired after December 31, 1953:

New assets acquired by the tax- payer after 1953 and the portion of the basis of property attributable to construction by the taxpayer after 1953 may be depreciated under methods proper in the past or under additional methods provided in the new 1954 law. These methods (which may be employed only with respect to physical assets hav- ing a useful life of three years or more) are—

(a) Declining balance method: The deduction is computed by ap- plying a uniform rate to the cost or other basis of the asset reduced by depreciation previously allowed or allowable. This rate cannot ex- ceed twice the straight line rate

Knotboard Contest Planned By Scouts

Details of a knotboard contest with first, second and third place prizes to be awarded were announ- ced at the regular Monday night meeting of Slaton Boy Scout Troop 29 in the Scout Hall.

The contest provides for each scout in the troop to make a knot- board with deadline for entries May 2. The contest will be judged by Phil Brewer, institutional repre- sentative, and a committee of his choice. The following Monday night after close of the contest, the prizes will be awarded as follows: \$2, first; \$1.50, second; and \$1, third.

Purpose of the contest is to en- courage each scout to learn to tie each of the scout knots correctly

The Slaton, Tex., Slatonite Friday, April 15, 1955

and to provide a memento of his handiwork.

Other business of the meeting included making plans to attend the annual Camporee this Friday and Saturday at Camp Post. The troop will make its departure from the scout hall at 4:30 p.m. Friday and the return trip will be made Saturday afternoon.

TEXAS TELEPHONE MILESTONES

1878 — First telephone connect Col. A. H. Belo's office in the Galveston News with his home.

1879 — First telephone exchange in Texas opened in Galveston.

1883 — First long distance telephone line connects Galveston and Houston.

1899 — First 100-line switchboard installed in Dallas.

1927 — Telephone calls to Europe possible for Texans.

1929 — Ship-to-shore telephone service started.

1938 — Southwestern Bell's 500,000th telephone installed.

1944 — First telephones in moving vehicles.

1947 — Southwestern Bell installs one millionth telephone in Houston home of Mr. and Mrs. Gustav W. Keetter.

1952 — Operator long distance dialing introduced.

1953 — Customer long distance dialing possible from Harlingen to 13 Valley cities.

1955 — Two millionth Southwestern Bell telephone installed.

Southwestern Bell served Texans with \$58 million in telephone property; by 1940 this had grown to \$139 million; and by 1955, the company served Texans with \$650 million in telephone plant. Because telephone growth is made possible by money invested by citizens in all walks of life, the two millionth Southwestern Bell telephone in Texas is a symbol of trust and confidence in the future of the state.

We are still growing and expanding with Texas—building more and better telephone equipment throughout the state . . . planning to meet the telephone needs of the future—whatever they may be.

Yes, we're proud of our two million telephones in Texas. But to a greater degree, we are grateful for the friendship of the people of Texas through the years.

How About That?

Home-made scatter rugs in any color, size or shape from washable undyed carpeting is latest do-it-yourself idea. To create checkerboard rug, this woman uses washing-machine to dye 12-inch squares of nylon-viscose carpeting.

With all-fabric dye-colors chosen for contrast, the machine dyes half the squares one color, then the balance in the other.

After tinting, she lays dried squares on reverse side, presses hot-iron tape strips onto dividing lines. Turned over her new rug is suited to her own decorating scheme.

All-fabric dyes in 50 colors allow for any combination of hues, according to Tintex Home Economics Bureau, 485 Fifth Ave., New York 17, N.Y., which will send free printed instructions upon request.

DAIRY SCHOLARSHIPS ARE APPROVED AT TEXAS TECH

AUSTIN—Scholarships amounting to \$1,000 each for the study of dairy manufacturing at Texas A&M College and Texas Tech were approved this week by the Dairy Products Institute of Texas, Ralph D. Eyer of Wichita Falls, president, announced.

High school seniors interested in making the dairy industry their career may obtain application forms for the dairy scholarships from their county agent, high school principal, vocational agriculture teacher or the registrar at either Texas A&M College or Texas Tech, Eyer said.

All applications must be sent to the registrar of one of the two colleges before June 1 along with a 300-word essay on "The Importance of the Dairy Industry to Texas" and a 100-word statement on "My Reasons for Choosing the Dairy Industry as a Career."

The two winners of the scholarships will receive \$250 a year for

Mr. and Mrs. Weldon Martin, Linda and Judy left Wednesday afternoon to go to Alford to visit Mrs. Martin's brother, W. A. Nipper, and family and other relatives. They visited Mrs. Martin's father, C. H. Nipper, in Ft. Worth and went through the Forest Park Zoo. They returned to Slaton Sunday.

Wayne Liles spent Thursday and Friday of last week in Ft. Worth attending an air-conditioning school.

four years of college study. Scholarships will also be awarded to high school seniors in 1955, 1957 and 1958.

Eyer said there was a shortage of trained personnel in the dairy industry and it was hoped that through the scholarship program the industry would interest more students in dairy manufacturing and thus fill some of the gaps in the industry.

Gardening Hints For The Week

COLLEGE STATION — Home lawns receive an added "punch" if treated in the spring with a complete fertilizer.

Use a fertilizer of 2-1-1 or 1-1-1 ration at rates to supply two pounds of actual nitrogen for each 1,000 square feet of lawn area, advises E. M. Trew, extension pasture specialist. That's the amount of nitrogen in 20 pounds of 10-20-10.

Another pound of nitrogen applied at 30 to 40 day intervals will keep lawns green through the summer, says Trew. Supply water as needed.

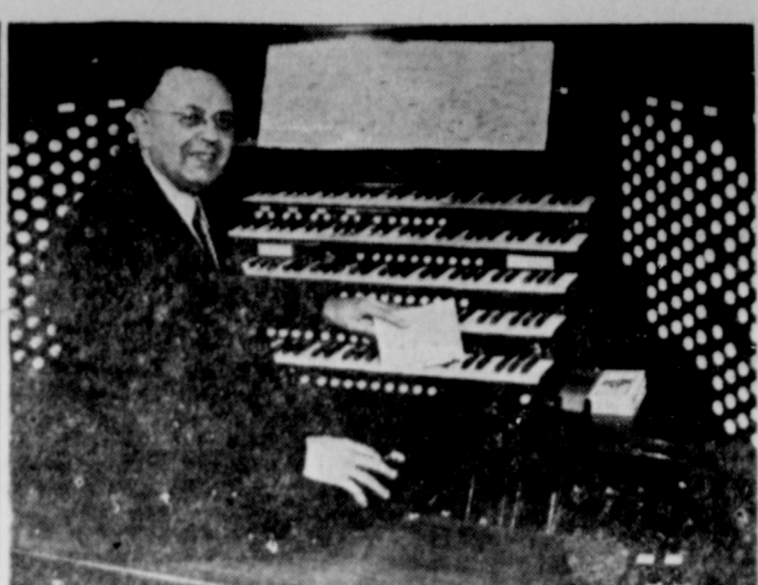

Water only when the yard shows a definite need. Soak the soil to a depth of at least six inches when the grass takes on a sheen or wilts. Light frequent sprinklings produce shallow roots and encourage weeds. Shallow roots also are unable to utilize available moisture and plant food.

Improper mowing is responsible for the deterioration of many lawns, says the specialist, who advises against clipping more than one-half inch of growth at any single mowing. Keep the grass at a height of one and one-half to two inches, depending upon the turf thickness. Close mowing will thin the turf, lowering its resistance to drought.

Finally Trew says, a sharp, well-adjusted mower that clips off, not crushes off, the tips will give lawns a final "well-groomed" look.

Guests in the home of Mrs. Louise Mosser during the holidays were her daughter, Mrs. Joe Shelton, and family of Carlisle, N. M., Mrs. Don Gaither, and family of Midland, and Mrs. Bill Burton, and Mr. Burton of Lubbock. Sunday dinner guests were Mr. and Mrs. Carl Kayser and girls, Mr. and Mrs. Hugo Mosser and children, Mr. and Mrs. Paul Mosser, John, Cecil and James Mosser, and Shirley Bownds.

Mr. and Mrs. Wheeler Davis of Claude visited Friday night with Mrs. Davis' sister, Mrs. R. B. Nixon, and family.

NOTED ORGANIST—Dr. Frank Asper, brilliant organist for Salt Lake City Tabernacle, will present a recital Wednesday, April 20, at 8 p.m. in the First Methodist Church, Lubbock. The Lubbock chapter, American Guild of Organists, is sponsoring the musical treat for South Plains fans. No admission will be charged, but a free-will offering will be taken. Recognized as one of America's most outstanding organists, Dr. Asper has appeared before royalty and in numerous other continental concerts, radio programs and church services.

Slaton Garden Club met Wednesday, April 6, in the home of Mrs. R. E. McReynolds with Mrs. Cecil Scott as co-hostess.

Roll call was answered with "Spring Garden Plans."

Mrs. F. A. Drewry gave the program. Her subject was "The History and Growing of Dahlias."

The Easter motif was carried out in the refreshments.

Members attending were Mesdames R. D. Hickman, E. R. Legg, F. E. Perry, A. L. Robertson, J. S. Edwards Jr., Troy Pickens, A. M. Jackson, Drewry, Scott and McReynolds.

Final P-TA Meeting Of Year Held Tues.

The final meeting of the year was held by the Elementary P-TA Tuesday, April 12, at 7:45 p.m., in the West Ward Auditorium.

Mrs. G. W. Privett, co-president, presided over the business session. The group decided to buy a punch bowl and table cloth to be used by the P-TA.

Lindie Grigsby, high school student, who attended the District P-TA Conference at Levelland, gave his report on the meeting. Another student, Nelda Lemon, also attended the conference.

Installation of the officers for next year was presided over by Mrs. W. V. Childers, character and spiritual chairman. Those installed were Mr. and Mrs. Privett, co-presidents; Mrs. Cecil Scott, first vice president; Mrs. H. B. Banks, second vice president; Mrs. Joe Belote, corresponding secretary; Mrs. Roy Saage, recording secretary; and Mrs. Harold Tucker, treasurer.

The junior high chorus, composed of about 40 girls, offered musical selections for the program. Mrs. Jack Daffern's first grade room won the room count.

From where I sit ... by Joe Marsh

Learn How to Pull Together

Saw a kid go by the *Clarion* office on a brand-new coaster wagon yesterday—and it reminded me of when my brother and I were about forty years younger.

Our folks weren't poor, but there wasn't enough to buy two wagons for Christmas. We got one between us. Dad made a rule that we each could have it for a week—but the boy with the wagon was responsible for keeping the kitchen wood-box filled.

Seemed a bargain to Bud and me—at first. But soon we discovered it was no more fun playing alone than working alone. It wasn't long before we were sharing the wagon in return for sharing the chores.

From where I sit, you can't enjoy a privilege yourself if you're going to deny it to others. There are some folks who want the right to enjoy their favorite beverage—but would deny me my right to an occasional glass of beer. I doubt if such people get their full "share" of happiness, though.

School Choral Club Entertains Local Rotarians

The Slaton Rotary Club enjoyed a highly entertaining program last Thursday noon when the high school choral club appeared on the program with two other students. Mrs. M. G. Davis, director of the choral club, led the group in three numbers: "All Were There,"

"Sleeping Late," and "Hopsa." Tracy Crawford gave his declamation that he will be using in the school interscholastic meet, "In Defense of My Generation." This concerned the indictment of all for the wrongs of a few delinquents. Bob Martin rendered "They Have Blown the Trumpet," which was depicting present day atomic power.

Visitors at the meeting were: Chas. Guy, Lubbock; R. Turner Kimmel, Lubbock; E. W. Williams Jr., Lubbock; Everett Fulgham, Lubbock; Robt. Simpson, Lubbock; and Frank Wolf of the Southwest Public Service Co.

Bruce PEMBER presented the Junior Rotarian of the month, Denny Kincer. Sherrill Boyd, the

vice president of the club, presided as a training session for his next year's office as president, instead of President J. J. Maxey.

Dub Williams secured the names of seven Rotarians who plan to attend the District Conference at Midland next Monday. Chas. Guy of Lubbock gave a short talk on the high quality of speakers scheduled to appear on the program there.

Mrs. A. J. McBrayer of Carrizozo, N. M. visited last week with her sister, Mrs. A. J. Hoover, and family. She is the mother of Joe McBrayer, former manager of Kessels.

Mr. and Mrs. T. N. Moorhead, Mike and Greg of Big Spring visited Mr. and Mrs. Roy Parks Sunday. Mrs. Moorhead is the Park's daughter.

Mrs. Mac Hudgins and Jay Mac of Lubbock spent Thursday night with Mr. and Mrs. J. J. Maxey and Pam. Jay Mac stayed over for the week end with his grandparents.

Jim Porter was a patient in Mercy hospital last week.

One Year Ago In Slaton Taken from April 10, 1954

What could have been a major catastrophe turned out to be nothing more than an exciting incident here about 6:50 p.m. Saturday when a partially full wing-tip fuel tank from an Army Air Force jet training plane plummeted into Slaton's residential section between 10th and 11th on Seurry Street.

A steady rain of more than five hours duration soaked parched farm land here Sunday night and early Monday morning, boosting hopes for a bumper 1954 cotton crop to fever pitch.

Mr. and Mrs. C. A. Farley and children of Merkel will be guests of the Lee Vardy family Thursday and Friday.

New contributions reported this week have boosted to \$970.93 the amount which has been donated by various firms and individuals to provide Slaton with an adequate system of street markers.

Mr. and Mrs. Elbert Wilson's daughter and family, Mr. and Mrs. Troy Bickerstaff and son, Dick, of Topeka, Kans. visited with them last week.

Mrs. H. G. Sanders spent Sunday in the home of her daughter and family, Mr. and Mrs. George Lemon of Lubbock.

Rebecca and J. T. Bolding Jr., both of Howard Payne College in Brownwood, will spend Easter with their parents, the Rev. and Mrs. J. T. Bolding.

J. S. Edwards Jr., Judge Smith, Loyd Tucker and Elton Smith are fishing in East Texas. They left Sunday and plan to be gone about a week.

Mr. and Mrs. L. A. Harral returned home Friday after having spent several weeks in the Valley.

Five Years Ago In Slaton Taken from April 14, 1950

The Slaton Rotary Club is preparing to stage one of its most ambitious programs on Thursday night, April 27, when the mem-

bers, their wives and a large number of visitors will gather at the Clubhouse for their 25th anniversary party.

Four local Slaton citizens are conducting the national 1950 census here. They include Mrs. Claude Porter, Ted Swanner, Mrs. W. L. Howard and Mrs. C. E. Hogue is the time keeper.

A special ground breaking ceremony to commence the building of a new educational building will be held Sunday evening by the First Baptist Church. The building will be constructed at the cost of \$88,324.

Mr. and Mrs. Bland Tomlinson attended a furniture convention in Dallas Monday and Tuesday.

Miss Bebe Brown of Wellington, Kans. spent the Easter holidays in the home of Mr. and Mrs. Travis Reynolds.

Mr. and Mrs. Porter Davis of Plainview spent Easter here with Mr. and Mrs. W. T. Davis and family.

Tom Arrants and James Henry of Charleston, Tenn. are visiting in the home of Mr. and Mrs. Max Arrants.

Ed Haddock and John Berkley went to Old Mexico this week on a fishing trip at Sugar Lake.

As a courtesy to Mrs. Henry Murrell Jr., formerly Miss Phyllis Hunter, a miscellaneous shower was given in the home of Mrs. W. E. Pohl from 7:30 until 9 o'clock Friday evening.

Burglars hit two Slaton business firms Saturday night, taking little. They were Spradley's and Adams' station.

Highlights and Sidelights FROM Your State CAPITOL

By Vern Sanford
Texas Press Association

AUSTIN, Tex.—Easter bunny brought the golden egg! That, in an egg-shell, describes developments in the Capital City over the week end.

House members returned to Austin from the Easter holidays to discover that members of the revenue and taxation committee who remained on the job, had brought out a compromise tax bill. It promised \$45,000,000 in new money.

Chairman Stanton Stone and House Speaker Jim Lindsey regard it as their number-one project for the week.

Although the committee sidetracked Gov. Allan Shivers' single-shot bills and adopted Chairman Stone's omnibus bill, Governor Shivers said it was a workable basis for providing what is needed.

Actually the bill gives Governor Shivers more than half of his announced desires. He praised the committee and asked that the balance of his "program" be restored somewhere along the way.

Approved by the committee was the one-cent per pack tax increase on cigarettes, asked by the governor. Also included was a one-cent per gallon gasoline tax, which was half what the governor suggested. An increase in beer operators license fees was injected into the bill as a concession to strong House sentiment to include beer in the new-money scheme. A fourth tax item was diesel fuel at 1.5 cents per gallon.

Under the proposed levies, \$25,000,000 would be added to highway improvements annually, and \$20,000,000 would go into the general fund.

House Speaker Jim Lindsey took a strong stand for the compromise plan. Governor Shivers complimented him for the progress made over the long week end.

Waiting for nearly \$60,000,000 in new money, before it can reach

the governor, is the \$1,500,000 biennial appropriation now in conference committee.

Governor Shivers regretfully left the scene of action. He went with Mrs. Shivers to Chicago where she will receive treatment for an ear ailment. She had a mastoid operation last year.

Before leaving Texas, the governor stated that he felt the current 120-day session, due to end May 10, might run two weeks beyond the four-month mark. Legislators, now drawing \$25 per day, draw no pay after 120 days, unless a new session is called. Shivers has expressed his dislike for special sessions.

Charges Pile Up

Charges continued to mount against Bascom Giles, former commissioner of the general land office.

Latest were four felony theft charges placed against Giles by District Attorney Les Procter of Travis County. It brought the total charges to date to \$1,065,688.

Also charged on four felony theft counts was J. Paul Little, Crystal City attorney.

Giles and Little were each accused separately of theft from the state in four veterans land transactions last year in Zavala County. The total amount involved was \$377,344.

Byrd Cattle Company refunded \$25,068 to the state on one land deal.

Meanwhile, a Travis County grand jury continued its investigation of veterans land deals.

Giles' trial in the first of the felony indictments against him, to be heard in San Antonio District Court, was postponed until May 23. His attorney told the court that Giles was too busy with new charges and new civil suits to go to trial.

Giles Is Defended

Stanley L. Fry, a Reeves County landowner, testified before the Senate investigating committee

Mr. and Mrs. G. N. Smallwood of Southland left March 6 to go to Truth or Consequences, N. M. While they are there they will attend the annual celebration of the founding of the town, which will be held April 15. They will return this week end.

Guests in the B. H. Bollinger home last week end were Mrs. Bollinger's brother, and sister-in-law, Mr. and Mrs. Albert Huka-bey of Amarillo, and Mr. and Mrs. George Dubose and children of Post.

Mr. and Mrs. H. B. Banks, Wayne and Rodney spent the week end in Sweetwater visiting Mr. and Mrs. Swanson Aucutt. Mrs. Aucutt is Mrs. Banks' niece. They also attended a family reunion for the E. A. Davenport family. Mrs. Banks' sister, Mrs. Jim Dugan, and family and her nephew, Orvil Potter, and Mrs. Potter of Dallas attended the reunion also.

Mr. and Mrs. Courtney Sanders and two daughters of Morton visited during the holidays with Mr. and Mrs. Joe Teague Jr. and Mrs. H. G. Sanders.

Boston is the largest state capital city in the United States.

that Giles was a "hard trader for the state."

"Giles," said Fry, "argued and sweated over land prices and traded just as hard as if it was his own personal money."

Sen. Jimmy Phillips, chairman of the committee, asked Fry: "Did you pay Giles anything, or any employee of the board?"

"Not a dime," was the witness' answer.

Land Program's Future

Despite a "no" vote by Attorney General John Ben Shepperd, the veterans land program may be extended to veterans of World War I and Korea.

Other members of the land board—Governor Shivers and Land Commissioner J. Earl Rudder—voted to urge the legislature to offer the people a constitutional amendment on the question.

Shepperd said that while he favored the philosophy of veterans land benefits, he would withhold his approval of any new program until the legislature enacts "clear and strict regulations" as to its administration.

Meanwhile, veterans organizations were to decide whether to ask the program's continuation. A hearing is set for April 18 on Sen. George Moffett's bill designed to add another \$100,000,000 to the veterans land program, via a constitutional amendment.

Short Snorts

Navigation was taken out of the Trinity River Authority bill by the House . . . Unemployment compensation benefits will be increased from \$20 to \$25 under a bill passed by the Senate . . . A bill to permit the state to fix minimum prices on natural gas has failed so far to get House approval . . . Water conservation groups won a round when the Senate decided to let the people vote on a \$100,000,000 bond issue next September . . . The House is debating a counter bond plan.

"I just don't know how I ever got along without my **ELECTRIC CLOTHES DRYER!**"

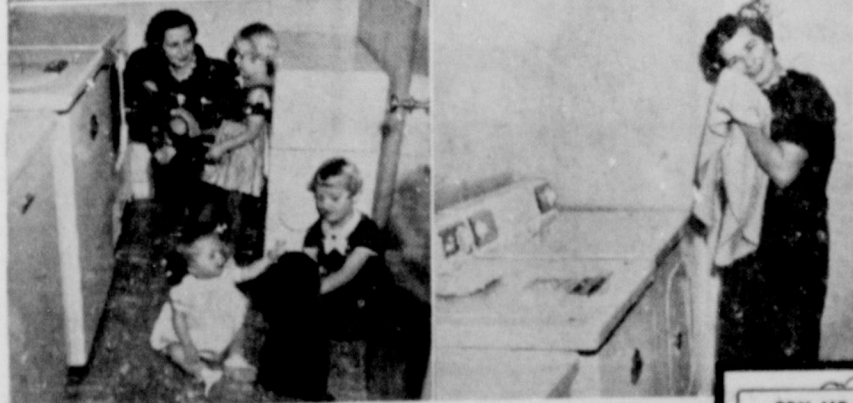

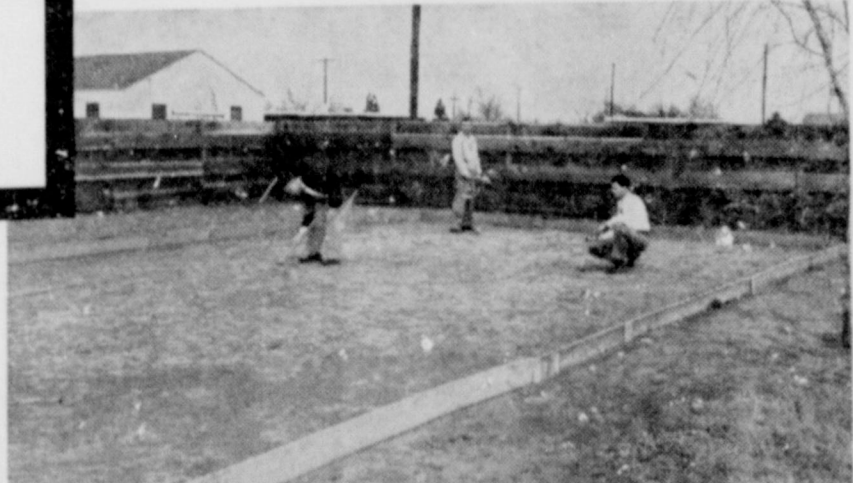

... says Mrs. Orval Wallace
1206 13th STREET ABERNATHY, TEXAS

"The feature that I like best about the clothes dryer is that it eliminates tiresome trips to the clothesline forever. Why we have a croquet court in our backyard now in the place where the clothesline used to be."

Mrs. Wallace has a completely all-electric laundry, with washer, dryer, ironer and electric water heater.

"The 'problems' of washday are ended with an all-electric laundry. I used to run short of diapers for the baby when the weather was too bad for line drying. Now, I can wash and dry clothes for the children in less than an hour. Also, many of the garments need little or no ironing when they come out of the dryer."

Make your washing, drying, ironing — water heating, too — modern, make them electric.

"I like our electric water heater," Mrs. Wallace says, "because there is always plenty of hot water. It's wonderful, too, to know that electric water heaters are completely safe. There's no chance of a low burning pilot light going out, and my table top model gives me an extra work space for folding and stacking my clothes as I take them out of the dryer."

Services Held For Man Killed In Gravel Pit

Funeral services were held at 10 p.m. Monday at the McDonald Funeral Home Chapel in Lubbock for Ray Kreger, 38, who was killed in a truck gravel pit accident Sunday 10 miles east of Slaton.

A dirt-loading machine overturned and crushed him under its wheels.

Following services in Lubbock, a body was taken to Haskell where a second service was held at 8 p.m. Monday in the Haskell Church of Christ.

Burial was in the Haskell Cemetery under direction of McDonald Funeral Home of Lubbock.

Survivors include his wife and

RECRUITER WILL BE AT POST OFFICE HERE

M/Sgt. W. A. (Sam) Bass of the U. S. Army Recruiting Service at Lubbock, will be at the Slaton Post Office each Monday morning.

Bass announced that trainees undergoing training in units of the U. S. Army designated for "Operation Gyroscope" — rotation with stability — will be granted at least one two-weeks leave prior to overseas shipment.

The Rev. Bryan Ross left Thursday of last week to attend funeral services for his aunt in Lone Oak. She was buried Friday. The Rev. Ross returned Saturday.

Kreger, who resided in Lubbock about seven years, had been an employee of the Chancey-Dickey Material Co. for about a year.

AND TRESPASSING on the society section, we might as well pass on some household hints that have been kicking around in our desk for several months . . .

If you are having trouble in keeping rice grains from sticking together when cooking, try adding a teaspoon of lemon juice for each quart of water used.

If you want to keep egg yolks from spoiling, place them in a dish of cold water and set in your refrigerator. This will also prevent them from drying out.

TO ALL the readers that inquire (well, at least, this scribe did) the classified advertisement that was published upside down in a recent issue of The Slatonite was placed by the advertiser that way on purpose to attract attention.

WHEN CLOSE political races are run, L. B. (Lee) Wootton and O. N. Alcorn will be the fellows that will run them. Two years ago, Alcorn defeated Wootton by one vote for mayor of Slaton; and then, last week, Wootton turned around and edged Alcorn by four votes to win the office. Both are fine, Christian gentlemen and are to be commended for their willingness to serve their hometown community. The mayor's job involves nominal pay with capital problems and headaches. To Wootton, congratulations; and to Alcorn, thanks for a job well done.

HERE & THERE: Keen interest is being shown by Slaton High School students in the contest to select a King and Queen for Western Day, which will be held May 6. Each class has candidates, and the royalties will be named by the candidates receiving the most penny votes . . . Another new businessman in town—E. C. Casper of Tahoka who has purchased Carrington's Jewelry. He seems like a very nice fellow and let's all give him a real Slaton welcome . . . The new backstops being installed at the Park tennis courts . . . Slatonites taking advantage of the Easter holidays to go visiting, fishing and other recreational activities.

HAY is something we must make between the time we get out of it until we hit it.

Preacher: And when I get through with my sermon I'll ask those of the congregation who want to contribute \$5 toward the mortgage on the church to stand up. In the meantime you play appropriate music.

Organist: "What do you mean, appropriate music?"

Preacher: "Yes, play the Star Spangled Banner."

THE FELLOW who rocks the boat is usually not the one at the oars.

ONE last political note: A candidate for office in Simpson, Kentucky, was about to knock on a voter's door when he realized he had tracked across a freshly painted porch. Having three or four of his opponent's cards in his pocket, he quickly tucked one in the door and departed—confident of at least one household's votes.

Rites Conducted In El Paso For Former Publisher

Episcopal funeral services for T. E. Roderick of El Paso, formerly publisher of The Slaton Slatonite from 1928 to 1933, were held at 11 a.m. Saturday in Kaster-Maxon Funeral Home there. Interment, after graveside rites, were held Monday at Brooklyn, Iowa, where the late Mr. Roderick's wife and other relatives lie.

Roderick, 89, died April 8. He was the father of Dorrance D. Roderick, former publisher of The Lubbock Avalanche-Journal, who left Lubbock in 1929 to become publisher of the El Paso Times and Herald.

Born in Cardiff, Wales, Feb. 14, 1866, Roderick was brought to this country as an infant. He attended public schools in Illinois and graduated from Alfred University, Alfred, N. Y., in 1887.

He engaged in the banking business in Brooklyn, Ia., and Perry, Okla., the finance business in Kansas City, Mo., and the oil refining business in Tulsa.

In 1928 he acquired The Slatonite, and was a past president of the Slaton Rotary Club. In 1933 he sold The Slatonite and moved to El Paso to be associated with the Times. He became director and served as treasurer until 1953, when he retired.

Death resulted from pneumonia and heart complications. He was in failing health for more than a year prior to his death.

Roderick was a 32nd degree Mason, a Knight Templar and member of El Maida Shrine. He belonged to St. Clement's Episcopal Church in El Paso.

Mrs. Roderick died in El Paso in 1941. They were married in 1892 in Brooklyn, Iowa.

Survivors include his only son, Dorrance D. Roderick; two grandchildren, Mrs. Bruce Barnard and Dorrance D. Roderick Jr., El Paso; seven great-grandchildren, all of El Paso; a brother, Evan Roderick of Rock Island, Ill., and a sister, Mrs. Clara Martin of Castillo, N. Y.

Mrs. Joe Dulaney and children spent the week end visiting her parents-in-law, in Clovis, N. M.

Mr. and Mrs. Leonard Morris and children visited Sunday in Pleasant Valley with Mrs. Morris' parents, Mr. and Mrs. J. W. Kuykendall. Mrs. Morris' brother, Louis Kuykendall, and family from Sudan also visited there.

Monday night visitors in the Floyd Kitchens home were the Rev. and Mrs. Claude Holt and the Kitchens' niece, Doris Kitchens, of Dimmitt.

News Of Slaton Men In Service

Charlie J. Bullock Jr.

Scheduled to finish the first phase of his Air Force enlistment in the near future is A-B Charlie J. Bullock Jr., 18, son of Mr. and Mrs. C. J. Bullock, Box 113, Wilson, according to T/Sgt. Herbert C. Ulbrich, AF Recruiter for this area.

Airman Bullock is presently undergoing an intensive 11 weeks of basic training at Lackland Air Force Base, near San Antonio.

The training he is receiving is preparing him for entrance into Air Force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

Leon Schilling — New Jersey

Pfc. Leon L. Schilling writes that he has seen a bit of Texas in New Jersey. He is stationed at Mt. Ephraim, N. J. and he says that the sand has been blowing there. Leon says that this is very unusual as he has been there nearly a year and this is the first sandstorm he has seen. He says that it is still plenty cold there.

Mr. and Mrs. W. L. Hodges of Los Angeles, Calif. visited last week with Mrs. Hodges' brother, Floyd Kitchens, and family.

Mr. and Mrs. Billy Jernigan, Billy Mac and Dianne of Lubbock visited Sunday in the home of Mr. and Mrs. Joe Loke.

Want to feel like a pilot feels?

Today's the day to "Join The Test Pilot Club" and see what a thrill you get when you try Variable Pitch Dynaflo[®]

We're not kidding.

When you try a '55 Buick with Variable Pitch Dynaflo, you'll feel like a pilot does when he heads his plane down a runway for take-off.

For you, in the driver's seat, are doing what that pilot does—you're changing the pitch of your propellers—one way for instant response on getaway—another way for better gas mileage in cruising.

Your propellers are whirling in oil, deep inside the Dynaflo unit. When you press the pedal in the normal way, you hold those propellers in their economy angle—and you enjoy plenty more miles from your gasoline.

But when you want instant acceleration—for quick getaway, or for a sudden safety-surge of emergency power—you just press the pedal way down, and—with absolute smoothness—you get

the action you want, and split-second quick.

It's the thrill that's the talk of the industry—performance unlike anything you have ever known before on the ground.

And so many folks have been asking to try it that we Buick dealers across America have set up April as "Test Pilot Club" Month. All it takes to join the "Club" is a test drive at the wheel of a new Buick. That's all.

So we cordially invite you to win your "wings"—to try the spectacular performance of Variable Pitch Dynaflo—and to feel the mighty V8 power that puts the whip to these gorgeous new Buick beauties. Drop in this week.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.
