## SOIL BUILDING WEEK BEING OBSERVED IN AREA

Land is the most valuable asset that Texas has. With this opening sentence, Allan Shivers issued an official proclamation designating Sept. 3 as South Plains Building Week.

In his proclamation, Gov. Shivers said: "Despite Texas' important petroleum industry and the enormous growth of other industries in recent years, agriculture remains the most important industry in our state."

It is only common sense that a valuable resource be protected. It is good business that value should be increased through the observation of sound conservation and soil-building practices. Nowhere is this more true than in the areas which have suffered in the past from drought, erosion or unproductive farming methods.

Many Efforts Made

Fortunately, many efforts are being made to prevent erosion, to see that natural disasters and droughts most important to build soil.

One of the leaders in this effort is the Lubbock County Soil Conservation District which is presently inaugurating a soil building campaign, having as its motto, "Building is Sound Business."

The theme for Soil Conservation Week on the South Plains, Sunday through Saturday, is the general chairmanship of R. Sewell, vice-president, Citizens National Bank.

We are conducting this campaign to familiarize farmers and people alike of the economic importance and importance of soil conservation and water conservation," Sewell said.

Further, we wish to encourage every farmer to work with his soil conservation district to prevent erosion and maintain or improve farm's productivity."

Reflection Urged

Just a little reflection on this slogan will reveal its truth.

## E. C. Smallwood Is Mystery Farm Winner

E. C. Smallwood of Southland is this week's "Mystery Farm" winner by correctly guessing the farm to be the W. L. Stafford Farm on Canyon Rd. If Mr. Smallwood will come by he will receive a year's subscription to the paper and two free passes to the Slaton Theatre. If the farm owner, Mr. Stafford, will drop by the Slaton Feed Store he will be presented with an attractive picture of the farm.

## Pat Burton Is Most Courteous Clerk For Aug.

"I'M SO EXCITED, AND sure never expected anything like this to happen to me," was the comment made by Mrs. Bob Burton of Teague's Drug, when told she had been selected as "Most Courteous Clerk" for the month of August. Mrs. Burton, or Pat as she is called at the drug store, is cosmetologist for Teague Drug. She has been working there for three years. Joe Teague, shown presenting Pat with her corsage, is one of the directors of the Chamber of Commerce, which jointly sponsors the monthly award with the Slatonite. "We're real proud to have Mrs. Burton as our employee and glad to have a person connected with our organization to win this honor," Teague told the Slatonite upon learning that Mrs. Burton had been selected by the committee.

## FIRST GRADERS TO ATTEND HALF DAY CLASS FIRST TWO WEEKS OF SCHOOL

First graders in West Ward will attend half-day school days for the first two weeks of school, according to T. C. Martin principal. Classes for the first graders will meet from 9 to 11:30 a.m. each day for the two week period.

Parents of first graders may go to school after their children at 11:30 a.m. if they wish.

Those children who ride the bus and whose parents cannot pick them up at 11:30 will be taken care of until the bus runs in the evening according to the announcement. Prices for lunches are grades 1-3, 25 cents; all other grades, including high school, 30 cents.

When the demand for a lunch room is large enough, plans are for one to be put into operation at the junior high school.

parents who plan to come after their children can wait until the children eat at 11:30 a.m.

The reason for the half day schedule, according to Martin, is to enable teachers to visit in the homes of the first graders in the afternoons during the two weeks.

Grades one through three will eat lunch this year at 11:30 a.m., all other grades, including high school, will eat at noon.

A bus will run from junior high and from the high school to the West Ward cafeteria each day at noon, to enable those desiring to eat at the cafeteria to do so.

## BREWER NEW DISTRIBUTIVE EDUCATION CO-ORDINATOR

Mr. Phil Brewer has been appointed as the new co-ordinator of the Distributive Education program being offered again this year by Slaton High School.

This program, according to Brewer, is a vocational set-up of interest to all students who wish to investigate careers in retail, wholesale, or service businesses.

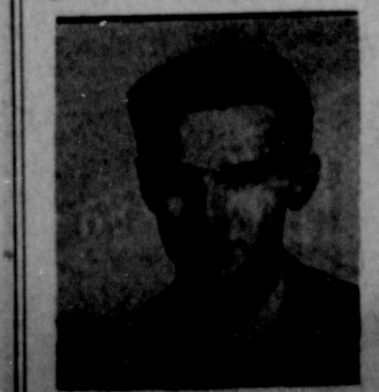

In addition to classroom training which will be given during the

morning, students will be employed in the afternoon by retail and wholesale businesses co-operating with the program.

The program has as its objective a method to bridge the gap between school and employment for high school graduates.

The junior and senior students who participate in the program, according to Brewer, will receive two credits for the course, and will be able to graduate in the normal time.

Students who enroll may receive training in stock control, buying, merchandise, selling, advertising, display, store speech, store arithmetic, and other fields related to retail, wholesale or service-selling work, he said.

## New Improvement At Clubhouse Urged By C. of C.

The Slaton Chamber of Commerce, Board of City Development, this week mailed letters to local clubs urging their support of a program of improvements of the Clubhouse kitchen.

"We believe you will agree that the clubhouse is something our community cannot be without and that the present kitchen facilities hinder its use to the fullest extent," was the way the plea was stated.

The committee urged the clubs to take on the project as a part of each club's improvement program. The letter stated that the majority of the clubs have some project each year for the improvement and betterment of the community and its schools. Under the program as suggested by the committee the clubs could consider the equipment needs of the Clubhouse as their projects for the coming year.

The clubs were asked to discuss the program at their earliest meeting and report back to the Chamber of Commerce their decision.

## Commission Goes To Slaton ROTC Cadet August 26

Roy Jay Jansen of Slaton is one of the 10 Texas Tech ROTC cadets to receive commissions as second lieutenants in ceremonies on the campus Aug. 26.

Colonel Henry G. Douglas, professor of military science and tactics, conducted the commissioning at his office in the ROTC Building M-2, according to the report received here.

The new officers will report soon for two years of active duty, Colonel Douglas said.

## Retail Merchants Assn. Announces New Office Hours

Slaton's Retail Merchants Association announced new office hours this week.

According to Mrs. Jones, secretary of the association, the office will be open from 9 to 12 in the morning and 1 to 5:30 in the afternoon.

## First Bale Ginned In Slaton Area On Display In Front Citizens Bank

LOOKING RATHER DUBIOUS about the whole thing from atop his perch on the first bale of cotton to be ginned in the Slaton trade area is 4 year old, Lynn Denton. Standing on the left is K. W. Campbell of Campbell's gin, who ginned the cotton. Next to him and leaning on the bale he grew is N. E. Depton. On the far right of the bale and looking mighty pleased about the results of her husband's labors, is Mrs. Denton.

The first bale of cotton to be produced within Slaton's trade area was on display in front of Citizens State Bank Tuesday morning.

The bale, weighing about 480 lbs., was grown by N. E. Denton on five acres of land about 10 miles southeast of Slaton.

The land which produced the cotton was irrigated and was planted on April 26th. The cotton is half and half variety. Denton says he has four more bales from the same acreage to gin yet.

Campbell Gin of Slaton which did the ginning, bought the bale for 50 cents a pound, and the seed at \$50 per ton. The bale was ginned free by the gin.

Campbell said the bale was taken from 1840 lbs. of seed cotton or 480 lbs. of lint and 770 lbs. of seed.

Denton lives in the Hackberry community near where he was raised. The Denton family, including his parents, have lived in Slaton's trade area for 30 years, according to Mrs. Bisbee of the Chamber of Commerce.

A premium will be raised for Denton by the Chamber of Commerce, through solicitations of Slaton merchants and townspeople for cash or merchandise, according to a report from the chamber.

## Funeral Services Held For Father Of School Supt.

Dr. P. L. Vardy Sr., father of Slaton School Supt. P. L. Vardy Jr. died at 11:30 p.m., Tuesday, Aug. 30, according to a report received by the Slatonite.

Dr. Vardy died in a Childress hospital. He had been in ill health for several years.

Services for Vardy were Sept. 1, at 4 p.m. at the Methodist Church in Estelline.

## C. of C. Hy. Committee Passes Resolution On Traffic Problem

At the meeting of the Chamber of Commerce Highway Committee, Tuesday afternoon, it was the unanimous decision of the group that it is advisable to keep traffic running through the city of Slaton.

Because of the decision, a resolution was passed by the group that it be recommended to the Chamber of Commerce and the City Commission that plans for the

improvement of eighth and ninth streets be undertaken.

Under the plan discussed by the committee, it would be more advisable to make the improvements so as to have two good one-way streets through the city, than it would be for the city to be bypassed completely later on by a new highway.

If such a plan comes to pass, eighth street will carry traffic from the north and ninth will carry south bound traffic. Such a project would make it more convenient for those who travel through Slaton to do so without the inconvenience of heavy traffic that now face travelers passing through, the committee stated.

Commissioner George Green has gone on record as favoring the resolution, according to Mrs. R. D. Bisbee secretary of the Slaton Chamber.

Members of the Chamber of Commerce Highway Committee are: Bruce Pember, chairman, O. A. Henry, Bland Tomlinson, Oran McWilliams, Harold Tucker, W. C. Williams, Conrad Bain, J. D. Holt, Henry Bollinger, and Howard Swanner.

THE ROTARY CLUB'S VISITING Frenchman, Pierre Devillers, is shown holding the boots presented to him by the Rotarians. Mayor Wootton on the left made the presentation for the Rotarians at their Thursday meeting. On Pierre's right is Sherrill Boyd, Rotary president, holding the hat that the club presented to Devillers.

## DEVILLERS GETS WESTERN DUDS AT ROTARY MEETING

Pierre Devillers, who has been visiting in Slaton as a guest of the Slaton Rotary Club, was presented with a pair of Texas cowboy boots, a Stetson hat, a cowboy shirt and pants at the Thursday meeting of the club. Mayor Wootton presented the gifts for the Rotarians as a representative of the entire community.

The meeting was termed by Rotary president Sherrill Boyd, as the Rotary's farewell meeting for Pierre prior to his departure for New York and then to France.

Melvin Kunkel, president of the Chamber of Commerce, presented Pierre with a certificate entitling him to have full rights and privileges as a temporary resident of the State of Texas.

The program for the day was participated in by all those present with each member taking the opportunity to say farewell to Pierre.

Rounding out a busy week, Pierre addressed the Post Rotary Club Tuesday, where he was well received, according to Sherrill Boyd. The club remained about 20 minutes overtime asking Pierre questions, Boyd said. The Post club presented him with a pair of sheets.

Later that afternoon Pierre toured the Postex Mills and while there, was presented with a pair of sheets and pillow cases.

Wednesday, Pierre accompanied Clark Bell to Lubbock, where they toured the West Texas Cotton Oil Mill.

## Presentation Plans Not Yet Definite

John Berkley, chairman of the planning committee for the Santa Fe Locomotive presentation program here, reported Wednesday that no definite plans had been made yet regarding the program for its acceptance.

The locomotive is to be presented to the City of Slaton on Sept. 15, according to plans being made by the committee.

It is known that the Santa Fe officials who will attend the presentation day program will be guests at the Rotary club luncheon on Sept. 15, according to Rotary president Sherrill Boyd. Plans are for the engine to be placed in the park at the Santa Fe depot as a historical marker, according to the Chamber of Commerce.

The committee in charge of the presentation program is John Berkley, chairman; Mayor Lee Wootton, Henry Bollinger and L. E. Hagerman.

## New Drinking Fountain Installed At City Hall

Thirty city hall visitors this week were being treated to a cool drink from the new redesigned drinking fountain recently installed by the city.

## Even Honey Bees Want To Settle Down In Slaton

J. Floyd Jordan of 355 S. 10th doesn't have to solicit roomers for his houses, he just builds them and stands back so the tenants can swarm in.

Seems Jordan was showing his brother-in-law, L. F. Taylor, a new bee hive that Jordan had just completed last Friday morning.

As the two men were looking the new hive over, they heard a loud buzzing noise in the air above them. Looking up they saw a swarm of bees approaching the empty hive. Without so much as signing a lease, the bees flew into the hive and took possession.

Jordan isn't too worried about the rent though, he expects to take his fees in honey, later on, when the bees fill the comb frames, placed in the hive.

**CRACK IN THE CHEST**

The American Cancer Society announces that its local chapters will no longer be permitted to take part in federated drives or community chests. The Society will raise its money by special appeals. The Red Cross has already taken the same stand, and a similar position is hinted as likely to be adopted by the national polio and heart funds.

The reasons given by the Cancer Society are desire to concentrate on public education about this disease, without possible confusion by other charities seeking support, a wish for direct relationship between givers and the fund, and complete control of the money raised.

These are all worthy causes, but all take the attitude that theirs is the worthiest. Many local charities are equally deserving of support. The one point overlooked is that a multiplicity of appeals will dry up the supply of generous givers, and then all alike will suffer.

**FAMILY INCENSE**

The smoke of incense—a special kind of incense—is rising into the still air in backyards all over the country these summer evenings. This smoke does not come from votive fires honoring some pagan god, but from charcoal grills. The incense is laden with the odor of sizzling hamburger, weiners, steak—fragrances more satisfying in the nostrils of a hungry man, than the most exotic scents of Araby.

Grilling food over glowing coals is rapidly becoming a favorite outdoor sport in America. It is done in the humblest of backyards, and in secluded corners of great estates. The grills range from small metal tripods to elaborate stonework affairs with built-in electric spits.

Father is generally at the grill. This doesn't always make matters easier for Mother, who still has to fetch and tote and have everything else ready.

But backyard meals of this kind are a fine thing, even when the steak gets a little too black on the outside. They bring the family together for a pleasant hour without benefit of television. That's a real achievement, in this electronic age.

**SLEEPY TIME DATA**

The Men's Pajama Institute has surveyed male sleep-wear habits from top to bottom. In the process it has turned up some data with interesting psychological overtones.

The study shows that 73 per cent of the men questioned wear pajamas. Presumably the others sleep in nightshirts or, as the French say, in the natural, except for the latter day Davy Crockett who wrote Tongue-in-cheekily from Brattleboro, Vt., "In the winta I jes' shoot a b'ar and wear the hide."

Only a few individualists, according to the survey, are satisfied with just tops or bottoms. Most men sleep in both halves. What is more, they like their pajamas conservative. But—and here's where those psychological overtones sing out loud and clear—Washington politicians are an exception. Most of them prefer gaudy colors and fancy stripes. Nothing is said as to the whether taste varies with party affiliation.

One thing more: Among married men questioned, 57.6 per cent said their wives buy their pajamas. Worse yet, 47 per cent said their wives also wear them.

**WHAT IS A BACHELOR?**

There is a man in Sydney, Australia, who lived thirty-seven years without many troubles, then suddenly, he found himself with eighteen troubles. Seventeen of them want to marry him and the eighteenth is his sister.

Roy was a bachelor and naturally he was happy. His sister decided he deserved better than happiness and advertised for a bride for him. Seventeen willing maidens showed up. Roy hasn't been seen since.

Now most women reading this will feel exasperation for Roy. But what these women must learn is what any man can tell them. Bachelors make poor husbands. The man to wed is a single man. Being a bachelor is almost a distinction, and frequently permanent, while being single is practically a disgrace and usually temporary. Roy knew the difference. That's why he left.

"My ELECTRIC FOOD FREEZER gives me substantial savings plus top quality!"

says **MRS. HERB GRIFFITHS**  
1500 AVENUE F  
MULESHOE, TEXAS

"But, that's not all! I save time because I can buy foods in larger quantities eliminating 'those little trips' to the grocery store," Mrs. Griffiths adds.

Many homemakers, through personal experience, are firmly convinced that a food freezer pays for itself through reduced food bills as Mrs. Griffiths suggests.

You too can save money and time and get the big plus of top food quality when you own an electric food freezer. Why wait? See your Reddy Kilowatt dealer, now!

"We purchase meats for our family of four in large quantities, and the freezer saves us money at the same time that it lets us enjoy top quality cuts of meat."

"Our son, Prentice, who is now three, was stricken with polio in 1953, and for several months was on a diet which included lots of lean meat. Our food freezer really came in handy during that time."

"My husband, Herb, and I enjoy outdoor cooking during the summer months, and our freezer is just right for keeping the cuts of meat we enjoy." We almost

always use something from our freezer in entertaining friends, and I avoid any last-minute rush before the guests arrive."

"The children enjoy the frozen desserts and between meal snacks which our freezer keeps ready for them at a moment's notice."

"A freezer fits into pleasant living — as you can see from Mrs. Griffiths' enjoyment of hers. Why not make meal planning a pleasure at your home. A food freezer will help."

## Williams Buick Co. Employee Attends G. M. School

Lloyd Hill of Slaton has recently attended the General Motors Training Center at Oklahoma City to learn advanced automotive service techniques, to be used in his work at Williams Buick Co.

Hill spent five days at the school, one of a nationwide network of training centers being set up by General Motors to keep employees of its car and truck dealers abreast of new mechanical developments and service techniques.

A service manager at Williams Buick for one year, Hill selected the Dynaflo course, taking advanced study in the service and maintenance of the Dynaflo transmission used on Buick cars.

W. C. Williams, head of the company, said he sent Hill to the school to give his customers the benefit of improved service techniques taught there.

GM officials say they expect a total of 5,000 mechanics to attend the school each year.

## Tiger Spirits High Despite Team Loss Of Three Starters

Tiger Team spirit is high in spite of the losses of three of the Tiger starters, according to head coach Homer Tompkins.

Dickey Thomas is out until mid-season with a broken collar bone. His starting position was to have been halfback.

Buddy Lee Ham is out, possibly for the entire season with a rupture, though he had recovered from an appendicitis operation.

Carlton Tuminson, starting guard for the Tigers is out for the season with a rupture.

William Enox has been moved by Tompkins to right halfback from the B team and Roland German has been moved from the line to left halfback position.

Another loss to the team, according to the coach, is Jim Ed Stewart, a strong runner. Stewart is working and can't get practice enough to hold a position on the team.

Thursday the team played a light scrimmage with Sundown. Coach Tompkins says he is trying to build up his reserves, because he will have to rely on his freshman and sophomore strength.

### Funeral Services Held For Mother Of Slaton Resident

Mrs. H. C. Bradley of Plainview, mother of Mrs. Bentley Page of Slaton, died Friday, Aug. 26, in Chicago, where she was visiting a daughter, Mrs. James Kelley. Mrs. Bradley had been ill of a heart ailment since the first part of July.

Services were conducted Monday, Aug. 29, at 2 p.m., at the First Baptist Church in Lindsay, Okla., where she was born and reared and had resided most of her life. Interment was in the Lindsay cemetery.

She is survived by four daughters: Mrs. Page, Mrs. Kelley, Mrs. Umberson of Dimmitt, Mrs. Darel Pullen of Plainview; five sons, Vernon of Clovis, N. M., Jaek of Dimmitt, Ernest of Anson, Burse of Lindsay and Jerry of Plainview; 18 grandchildren; a brother, Burse English of Oklahoma City; four sisters: Mrs. Madge La Boone, Long Beach, Calif., Mrs. Belle Blakeley, Oklahoma City, Mrs. Frankie Shelton of Lindsay and Mrs. Amanda House of Tulsa.

### Woodrow Baptist Missions School Starts Sunday

Four outstanding Christian leaders will be featured as guest speakers during 14 School of Stewardship and Missions at Woodrow Baptist Church, next week according to the Rev. W. B. Johnson, pastor of the church.

Sunday at 11 a.m., Ann Margrett, foreign missionary to Argentina, will speak on foreign missions. Other speakers throughout the week will be B. L. Bridges, executive secretary of Arkansas; Joshua Grijlva, president of Mexican Baptist convention of Texas; and Dr. K. Owen White, pastor of the First Baptist Church of Houston.

Two missionary films will also be shown and a program emphasizing the church and denomination work will be presented by the pastor.

Each night there will be class study of books about the Moslem Religion, its followers and mission work among them. Classes for all ages will meet, the pastor said.

Rev. Bill Johnson, pastor and the people of Woodrow Baptist Church extend a warm and hearty welcome to everyone to come visit, learn, and gain inspiration with the group.

Guests in the home of Mrs. Lee Green last week end were Mr. and Mrs. W. T. Sklarensko and children, Carol, Connie, Martha, Kenneth and Arlene, of San Diego, Calif. Mrs. Sklarensko is Mrs. Green's granddaughter.

Mr. and Mrs. L. C. Vaughn and their son, Butch, of Waco visited Wednesday with Mrs. Vaughn's aunt, Mrs. W. T. Boatwright.

### Peas Have A Double Purpose

A heavy buyer of pea crops, W. A. Dorman of Dorman & Company, Lubbock, has recently advanced the idea of planting peas for a double purpose.

Dorman points out the present good market price of three cents per pound for canner peas delivered to East Texas Cannery.

Selling the peas to the canner is the profit feature of raising peas and they are also good soil building cover crop, he said.

J. W. Chambers returned home last Thursday from Ft. Worth where he had been visiting for a week with his son and daughter-in-law, Mr. and Mrs. Morris Chambers, and their sons. He also visited with relatives in Dallas.

Mrs. Donald Bownds and her grandmother, Mrs. W. H. Sanders visited Wednesday and Thursday in San Angelo. Mrs. Sanders visited Mr. and Mrs. W. J. Dowell and Mrs. Bownds visited Mr. and Mrs. W. C. Cleveger and Johanna.

### SOIL CONSERVATION

(Continued from Page One)

and its importance to every individual on the South Plains regardless of his business. It goes without saying that the economy of our area is based largely on agriculture. During this week I hope we will all remember the fact that all new wealth comes from the soil. Also we should remember that the degree of advancement of any economy of any civilization has always been in direct ratio to the agricultural status of the people. Obviously a prosperous agriculture is not possible without proper soil conditions," he continued.

"With the adoption of the conservation pledge being used this week as a real part of every citizen's thinking, belief and action this area can continue in relatively high prosperity and be optimistic of its future," Sewell concluded.

### Purpose of Observance

The purpose of the observance is to learn and employ methods to protect and enhance the value of our South Plains soil, according to Joe S. Walker, chairman of Lubbock Co. Soil Conservation District.

### Began In 1953

Such campaigns were first begun in 1953, which residents will remember as the extremely dry year. The past two years have not been the same type of emergency drives, but we felt protective measures were in order to build the soil when we do have enough moisture to bring up cover crops, says Walker.

The district is indebted to business men who have promoted the campaign through communication media. This year's campaign chairman is W. R. (Bill) Sewell vice-president of Citizens National Bank, he is assisted by Bruce Craig.

We cannot stress too strongly the importance of planting cover crops to protect the soils and build their fertility, continued Walker. The district owns several grass seed drills which can be rented at the rate of 50 cents per acre with a minimum charge of \$5. D. W. Young at Farmer's Corner assists the district by acting as custodian of the equipment.

Fabian Stahl, Julia Stahl, Mrs. John Kurtz and R. J. Schuette attended funeral services for Henry Rietman in Amarillo on Aug. 24. Mr. Rietman died in Springfield, Mo. on Aug. 20.

Mrs. Susie Bradshaw left Monday morning by train to visit her sons in Martin City, Calif. and Fillmore, Calif. She has been visiting with her daughter, Mrs. Robert Lee Hagler, Mr. Hagler, Wanda and Jean.

Mr. and Mrs. B. D. Bridges and four children spent Thursday of last week in Sweetwater visiting Mr. Bridge's parents, Mr. and Mrs. C. O. Bridges.

## PLEASE MISTER DRIVER

Don't Hurt Our Little Girl

We love her so! She's just starting to school again and she just doesn't understand about cars. Oh, we've told her about the dangers, but her little mind is only filled with her thoughts and excitement of school and she can't grasp the idea like you and I can of how careful she must be every day.

So it's up to you, Mister Driver. We know how terrible you would feel if something should happen. We know that your everyday business is pressing (we have some of those problems too) and we know that maybe you're thinking of something else. BUT WAIT! Think! How much more important is that big (?) deal than the life of a little girl whose only thought is to get home to tell her Mommy about the lamb she drew in school or the new words she learned today?

Drive carefully, Mister Driver, because we do love our little girl.

## Highlights and Sidelights FROM 40 State CAPITOL

By—Vern Sanford

AUSTIN, Tex.—Whether a special session of the legislature is called on school integration apparently hinges on a Texas Supreme Court decision still to come.

Filed by the anti-integration Texas Citizens Council in a district court at Big Spring, the suit seeks to bar payment of state funds to bi-racial schools.

Atty. Gen. John Ben Shepperd says the court decision holds the key to whether Texas laws must be changed immediately or already-integrated schools must back-track. Decision by the district court can be carried directly to the Supreme Court and possibly be settled by the time school starts.

Should the court hold payment to integrated schools can be made under existing laws, there apparently would be no urgent need to change them, at least in that regard.

Shepperd said he welcomed the Big Spring suit since it promises to clear up the difficult legal situation.

Gov. Allan Shivers says he will call a special session "if necessary". He apparently was awaiting three developments:

He asked his newly formed citizens' advisory council on school integration to investigate and report to him on several questions, including the need of a special session.

He asked Shepperd to prepare an official ruling on legal questions.

And the decision in the Big Spring court case may set up conditions to determine need of the session.

In July the Board of Education voted to continue regular payments to local districts, whether

segregated or not. It left policy up to local officials.

Since then, some 30 districts have announced whole or partial desegregation plans.

A University of Texas student committee also has taken on the segregation problem with a poll of student opinion on acceptance of Negro students outside the classroom. Graduate courses have been open to Negroes since 1950. Regents have ordered full desegregation in September, 1956.

**KKK Talk Challenged**  
Attorney General Shepperd's claim that efforts are underway in Texas to revive the Ku Klux Klan brought a challenge last week.

Sen. Jimmy Phillips called on Shepperd to name names, but Shepperd declined. Names will be given prosecutors and grand juries when sufficient evidence is gathered for convictions, Shepperd said.

**Stevenson Reply Awaited**  
Adlai Stevenson is slated to speak in Austin on Sept. 28. At that time he may reply to Gov. Allan Shivers' repeated refusal to support him for president.

During the national governor's conference in Chicago, Shivers

said he would again, as in 1952, refuse to support Stevenson if he were Democratic candidate for president.

Stevenson withheld comment "until I am in Texas." Shivers he pointed out, was a "guest in Illinois."

Stevenson's Austin appearance was arranged by the University of Texas great issues committee. It is billed as "non-political." Subject of his talk will be "America, the Economic Colossus."

**Too Much Money**  
Overpayment of drivers license fees has created a problem for the Department of Public Safety.

DPS staffers reminded the public that increased charges voted by the 1955 Legislature do not go into effect until Sept. 6. At that time charges will jump from \$1 to \$2 for an operator's license, \$2 to \$3 for commercial licenses, \$3 to \$4 for chauffeurs.

Meantime, the lower rates apply, and the department has quite a task returning excess money.

Mrs. Maude Murrell of Leonard visited last week with her niece, Mrs. J. E. Farley.

## MYSTERY FARM OWNED BY W. L. STAFFORD

The "Mystery Farm" which appeared in last week's Slatonite, is the W. L. Stafford farm, located about a mile out of Slaton on the Canyon Rd.

The Staffords own the 20 acre which make up the farm, but rent it out each year. Mr. Stafford is in the irrigation business, according to Mrs. Stafford.

He has a clean-out unit and sells pumps for irrigation wells, and at one time drilled irrigation wells.

The Staffords bought the farm from Burt Thornton in 1946.

Since moving on the farm, Mr. Stafford has built on to the house, and drilled two wells on the land. The wells are both four inch.

Mrs. Stafford is the former Ruth Etheridge and the couple were married in 1928. They have no children.

Mrs. Stafford is a member of the Church of Christ.

The 20 acre farm, according to Mrs. Stafford is planted in cotton and some feed by the renter.

Mrs. C. H. Edwards, Mr. and Mrs. Walter Edwards, Mrs. Earl D. Roberts, Mrs. Wally Lamberson and Donna and Pex Gosnell are visiting in Stockton, Calif. and other cities of interest in Calif. They left a week ago last Tuesday and are expected home this week end.

Guests in the home of Mr. and Mrs. Francis Perry last week end were their son, Richard, and Bill Campbell of Trenton, N. J., Bob Sparks of Los Angeles, Calif., and Tom Chisholm of Boston, Mass. They are all stationed at Sandia Base in Albuquerque, N. M.

**You'll enjoy the Labor Day weekend more if you follow these simple rules for SAFE DRIVING**

Safety Associations recommend that you follow these simple rules to make your Labor Day weekend not only happy, but also safe.

- Observe all posted speed limits. Don't hurry ever. Enjoy the scenery... and the feeling that you and your family are out for fun.
- Regulate the speed of your car to highway and traffic conditions. Enjoy taking your time... enjoy relaxing from traffic tension.
- Don't drive too long—stop when you're tired. That you'll surely enjoy a lot.
- Observe all highway caution warnings—slow down for curves, when descending steep hills, etc. Enjoy the freedom from fear that these precautions give you.
- Don't drink when driving. You'll enjoy your trip the more.
- Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.

Enjoy the good feeling that you're helping others to have a good time, too.

Enjoy this Labor Day weekend—please drive safely!

## Reynolds - Holden Vows Read At Cooper Church

Mrs. William Henry Holden

The Cooper Methodist Church was the scene of the marriage of Annie Jo Reynolds and Henry Holden on Saturday, Aug. 20, at 10 a.m.

Parents of the couple are Mr. and Mrs. W. Reynolds of Rt. 1, Slaton and Mrs. Pearl Holden of 532d St., Lubbock. The Rev. Aaron L. Mitchell read double ring ceremony before an altar decorated with baskets of white mums, emerald fern and white tapers in candelabra. Mrs. Jones offered traditional wedding music and accompanied by Mrs. James Roberts as they sang "Always" and "I Love You Always."

### Given By Father

The bride, given in marriage by her father, wore a gown of white imported Chantilly-type lace and tulle over satin designed with a strapless bodice and waltz-length skirt of shirred tulle encircled with wide bands of applied lace. The gown was topped with lace bolero styled with an standing collar and long sleeves hanging in points over the hands. A veil of silk illusion was joined with a tiara of rhinestones and pearls. She carried an arrangement of white carnations with white satin streamers.

### Bride's Attendants

Miss Bobbie Reynolds attended as sister as maid of honor. Bridesmaids were Mrs. Floyd L. Reynolds, sister-in-law of the bride, and Miss Avis Jefferies of Olton. They wore identical waltz-length dresses in shades of pink, green and gold, respectively. They carried white carnations. Misses Norma and Dee Anna Johnson, nieces of the bride, were bridesmaids. Harry L. Mayes served as best man and the ushers were Floyd Reynolds, brother of the bride, and Ralph B. Mabry of Petersburg.

### Reception in Home

Immediately following the ceremony a reception was held in the home of the bride's parents. The bride's table was laid with a white water lace cloth and featured a waltz-length white cake with tiny white roses and topped with a miniature bride and groom. The attendant's bouquets were also placed on the table and flanked by white candles in silver holders. Mrs. Aaron Mitchell presiding at the punch bowl. Mrs. Lowell Suttie Jr. registered the sixty guests who signed the bride's book.

For a wedding trip to New Mexico and Colorado the bride chose a tan wool suit with rust accessories. The couple will be at home 3216 33rd st., Lubbock, after Sept. 1.

The bride is a graduate of Cooper High School and attended Texas Tech. The bridegroom is employed by Harlan Engineering Co. in Lubbock.

### Out-of-Town Guests

Among the out-of-town guests who attended the wedding were Paul Walker and daughters, Mildred, Mr. and Mrs. E. J. Cooper of Tahoka, Mr. and Mrs.

## Mrs. Ward Speaks On European Tour To Church Group

The Federation of Church Women met at the First Christian Church Monday, Aug. 29, with Mrs. C. M. McPherson, president, presiding.

Mrs. F. L. Elterman was accompanied by Mrs. M. G. Davis as she sang "I Heard A Forest Praying" by Peter De Rose. Mrs. Bob Camden brought the devotion based on "Meditation" by Grace Noll Crowell.

The speaker for the afternoon was Mrs. J. E. Ward of Lubbock. She showed slides and told of her trip to Europe, Egypt and the Holy Land. The trip was made this summer when she attended the Baptist World Alliance in London.

Refreshments were served by the women of the First Christian Church at the church parsonage following the meeting.

## Mrs. Baker Hostess To Vota Veta Class Meeting Tuesday

Vota Veta Class of the Westview Baptist Church held their monthly business and social meeting in the home of the class president, Mrs. Bill Baker, on Tuesday, Aug. 30, at 8 p.m.

Mrs. Jim Sain led the opening prayer and roll call was answered by scripture verses.

The class will have a bake sale on Saturday, Sept. 3 at Piggy Wiggly.

The devotion given by Mrs. Jay Gray on "The Continent of Yofat Prayer Life" was based on Matt. 6:6.

The next meeting will be in the home of Mrs. Gray. Those present were Mesdames Wesley Gentry, teacher, T. N. Armstrong, J. E. Todd, Gray, Grady Patterson, Sain, Roy Murphy, B. B. Clack and Baker.

Guests in the home of Mr. and Mrs. Jess Burton last week were Mrs. Burton's uncles, Jim and Charlie Holland, and their families of Ft. Worth. They were here to attend the Holland child's funeral.

## MRS. W. CHILDERS TO REVIEW BOOK AT CHURCH MON.

First Presbyterian Woman's Council will meet at the church Monday, Sept. 5, at 7:30 p.m. with Mrs. W. V. Childers reviewing a new book by Richard Shaull "Encounter With Revolution", which presents an excellent picture of Communism across the world and the challenge that Americans face in coping with the problem.

Mrs. Virgie Hunter, extends an invitation to the women of Slaton to attend.

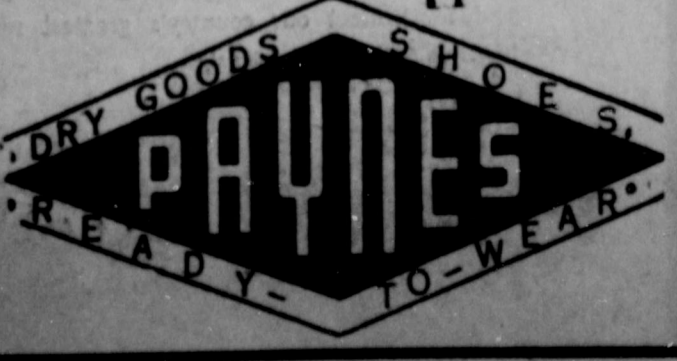

Vernon Jefferies of Olton, Mrs. Leroy Jefferies of Abilene, Miss Robin Hatchett of Lamesa and Mrs. W. D. Meyers and daughters of Ralls.

## Slaton Women Give Their Favorite Tested Recipes

Mrs. Bob R. Conner chose this Graham Cracker Cake for her recipe, after exclaiming, "Oh no! Not a recipe." Not knowing whether she disliked cooking or was not a good cook, a chance was taken on her recipe, with wonderful results.

**Graham Cracker Cake**  
 1/2 cup shortening  
 1 cup sugar  
 3 beaten egg yolks  
 1/2 tsp. vanilla  
 1/4 cup flour  
 1 1/2 tsp. baking powder  
 1/4 tsp. salt  
 24 graham crackers (crushed)  
 3/4 cup milk  
 1/2 cup chopped walnuts  
 3 egg whites (stiffly beaten)

Method: Thoroughly cream shortening and sugar; add egg yolks and vanilla; beat well. Add sifted dry ingredients alternately with graham cracker crumbs and milk, add nuts. Fold in egg whites. Bake in 2 wax paper lined 8 inch cake

pans in moderate oven (350 degrees) 25 minutes. Put layers together with cream filling; frost with Brown Sugar frosting. Mrs. Conner says she very often bakes it in a long flat pan and does not ice it and it is delicious.

Before her marriage, Mrs. Conner was Diane Haire, daughter of Mr. and Mrs. Hawton Haire of Southland. She was born and reared on a farm near Southland and it was there she attended school and graduated from high school. She attended Texas Tech and married while there.

The Conners were married Feb. 25, 1951, while Bob was in service. They lived in Colorado Springs, Colo., for five months before Bob was sent to Alaska for 15 months. During that time he was home one week before his son was born and stayed until he was two weeks old before returning to Alaska.

They have two children: Billy Bob who is three and a half years old, and Terri Sue, who is one and

## DAVID TODD HAS BIRTHDAY PARTY

David Todd, son of Mr. and Mrs. R. H. Todd Jr., was honored by a birthday party on his fifth birthday, Friday, Aug. 26, from 4:30 until 6 p.m., at their home 1045 W. Lubbock st.

Favors of lariat, whistles and fans were given to the guests. Refreshments of cake, ice cream and punch were served to Rebecca and Philip Holt, Jill Scott, Bobby Ball, Judy Lain, Earl and Vicki Nowlin, Mark and Carol Todd and Fred Mitchell of Lubbock.

## BIRTHDAY DINNER HELD

Mrs. Beaula Shelton of the Gordon community was honored by her son, M. M. Shelton, with a buffet dinner Sunday, Aug. 28, on her 86th birthday. Forty-five of her friends, neighbors and relatives attended from Morton, Lubbock, Slaton, Post, Gordon, Corsicana, Wolforth and Pleasant Valley. The celebration was held in the home of the honoree.

a half. Diane is like most young mothers as she is kept very, very busy, but has time for a few hobbies also.

Diane says the hobby she enjoys more than anything else is horseback riding. She also enjoys swimming, water skiing, painting and sketching, leathercraft and sewing. She is learning to hunt and fish as her husband enjoys these sports.

She loves all kind of stock, a carry-over from her childhood and years spent on the farm. She entered the rodeo here this spring and says she should have known better as she entered the barrel race and rode a horse she had never ridden before. Her horse fell with her but did not hurt her seriously.

Recently Mrs. Conner has been busy painting a circus scene on the walls of the Kindergarten Sunday School Class room of four and five year olds in the new Educational Building of the First Methodist Church, where they are members. She does not work in this department and has just helped in the wall decoration. They have painted the piano a bright red, made red and white striped cafe curtains for the windows, all in all making a very attractive room for the little tots. The Rev. Jim Tomlinson, minister of the First Methodist Church Southland helped with some of the sketching on the walls.

Mrs. Conner is a member of the Daughters of the Pioneer Study Club and is critic for the club this year.

# WANTED-- Used Furniture

Our business is terrific! We are enjoying the greatest volume of business we have ever had and the demand for good used furniture is without precedent. Our stock of used furniture is exhausted, and we are missing business because we cannot supply the demand--so we are in position to give unusually large trade-ins while this condition lasts.

TRADE NOW while SUPPLY and DEMAND have prices on used furniture at an all time high.

SCHOOL DAYS... AND TWO SCENES IN PREPARATION BY FIRST GRADERS

"GEE! DO I DREAD THIS," (as anyone can plainly see) says JAN MCCOY six year old daughter of Mr. and Mrs. C. E. McCoy. This was not just play-acting as she actually got her shot for diphtheria, but she certainly didn't cry as that just isn't done by a first grader.

"THIS IS SERIOUS BUSINESS, this school business, I mean, seems to be what GARY GLASSCOCK, son of Mr. and Mrs. Oree Glasscock is thinking as he is getting his haircut in preparation for starting to school. He is like most first graders as he is looking forward to school with some apprehension. Travis Reynolds is his barber.

Randy and Kelvin Hutson of Littlefield spent from Wednesday of last week until Sunday visiting Mr. and Mrs. Gordon Davis and children. Their parents, Mr. and Mrs. Roy Hutson, came after them and spent the week end. Mr. Hutson is Mrs. Davis' brother.

Guests in the home of Mrs. Lydia Dickson last week were her daughter and son-in-law, Mr. and Mrs. J. E. Miller, of Ardmore, Okla. and her sons Duie Dickson, of Redwood City, Calif. and Ralph Dickson, of McCamey and their families.

Pvt. Paul Wesley Cartwright, arrived in Berlin, Germany, where he is to be stationed, according to word received by his parents, Mr. and Mrs. J. W. Cartwright.

August was named after Augustus Caesar.

DINAH CADE IS FRIDAY HONOREE

A miscellaneous bridal shower honoring Miss Dinah Cade, bride-elect of Bill Thomas, was held Friday afternoon in the home of Mrs. F. H. Griffin.

To carry out the bride's chosen colors of white and blue, the table was laid with a white lace cloth over blue and centered with an arrangement of blue and white carnations flanked by white tapers in crystal holders. Crystal appointments were used.

Miss Carolyn Griffin and Miss Mary Ann Smith served and poured. Miss Theresa Griffin registered the guests.

The hostess gift was a Hamilton Beach Mixer.

Hostesses were Mesdames M. D. Gamble, B. B. Jones, L. L. Greene, L. E. Evans, O. L. Doyle, Rhea Pierce, Arden Russell, L. D. Bruce, W. H. Watson and Finas Griffin.

One hundred and ten guests registered and sent gifts.

Mrs. Agnes Black spent two last week visiting in Lubbock Mrs. E. Gilliland and Mrs. M. Jarmon.

Gardening Hints For The Week

When watering plants saturate the ground to a depth of four inches in depth; never spray them when the temperature drops suddenly or when the northwest winds are blowing as this causes mildew.

Transplant perennials now that were grown from seeds in June and July.

Cut garden PHLOX to the ground when it has finished blooming and feed with Vigoro. It can be transplanted best from late summer divisions.

Mrs. J. R. Childress and her daughter and son-in-law, Mr. and Mrs. Jim Gentry, returned home last Saturday after visiting for nine days with Mrs. Childress' daughter, Mrs. L. T. Strand, and family in Redwood Falls, Minn. and Mr. and Mrs. John Krey and family in Peoria, Ill.

**Ralls Boosters At Lions Luncheon**

Slaton Lions had as their guests, the Ralls Jaycee Rodeo Boosters, at their Tuesday luncheon meeting. The group attended the Lions luncheon following a presentation of entertainment and music on the city hall square in downtown Slaton.

Following the luncheon, Ralls Jaycee president, Charlie Cowley presented a group from Ralls making up a western band. The band's leader, Bill Mays said, "We're just a bunch of farmers who get together as a band once a year, this makes our fourth performance and our fourth year as a band."

Several western selections were played by the group and appeared to be very well received by those present.

Cowley introduced the members making the booster trip to advertise the Ralls Rodeo. Cowley closed the luncheon by inviting the Lions and the other residents of Slaton to attend the Rodeo in Ralls, Sept. 1-3. Rodeo performances will be at 8 p. m. each night, with dancing nightly after each rodeo performance.

Guests at Tuesday's meeting were Luther Faulkner, Joe Walker Jr., and J. C. Okley.

**Lynn County Wind Erosion Program Planned By ASC**

A practice of seeding grain sorghums, sweet sorghums, sudan grass, millet, barley, or rye to establish a cover for control of wind erosion is expected to be set up for Lynn County, according to Dee Green of the local ASC Office.

Requests for this practice are now being accepted at the Lynn County ASC Office. Approvals will be issued for such requests just as soon as the practice is approved by county and state committees and the Soil Conservation Service.

Triple dwarf grain sorghum and volunteer crops will not qualify. Sorghums, millet or small grains should be planted at the following seed rates per acre: Grain sorghums, sweet sorghums and sudan grass in normal width rows, 5 to 6 pounds per acre; in rows 16 to 24 inches wide, 10 to 12 pounds; drilled or broadcast, 15 to 18 pounds; millet, 10 to 12 pounds; barley, oats, or rye, 30 to 40 pounds.

Grazing consistent with good management is permitted, but a

**PUBLIC RELATIONS IN SLATON FEATURE OF PUBLICATION**

Slaton was again in the news recently, this time appearing in the Aug. Issue of "Texas Municipalities," the official publication for the League of Texas Municipalities.

The article is devoted to a public relations program recently completed by the city officials of Slaton, and is entitled "A Small City's Public Relations."

The article in its entirety is as follows: Public relations can be complex and heavily financed or it can be simple, direct, and inexpensive like a very effective program completed in Slaton.

Reporting for his city, City Secretary J. J. Maxey wrote, "All cities have or have had public relations problems. Slaton has been no exception to the rule."

Slaton is an exception, however, at least among small cities. Her officials tackled the problems of public misunderstanding and dissatisfaction in newspaper articles and good will activities spread over a seven month period.

Beginning with an article on the city's sewerage system published in Nov. 1954, the local newspaper covered every department in the city government, plus each commissioner individually. Additional articles on special events such as a recent banquet for public employees appeared during the public relations period which ended in June.

Slaton's officials used two other devices, profitable in terms of good will and inexpensive. They bought a sign for the city hall and they designed service pins for city employees. The sign read "Slaton City Hall—Welcome." At a banquet in May, the pins were presented to employees with three, five, ten and 15 years service.

City operations covered in 8 newspaper articles included the sewer system, sanitation, streets, police, fire protection, cemetery, water, and taxation. Another article dealt with Slaton's form of government—home rule mayor-commissioner and profiles of four commissioners concluded the series. All articles were sympathetic and informative, connoting the sincerity of both newspaper reporters and their sources at city hall.

The employees' banquet, a climax to the whole program, brought 40 persons together for food presentation of services pins to the 14 who were eligible, and an address appropriately enough, on public relations.

It was noted that the chief con-

tact between the government and the people are city employees, who represent the city to their families, friends, and the public in general.

Slaton's experience is good proof that public relations campaigns are within the reach of small cities. The basic materials are sincerity, ideas, and effort, and these aren't big budget items.

Following is the Federal cost-sharing schedule: Sorghums: \$1.20 per acre in normal width rows, \$1.90 in 16 to 24 inch rows, \$1.90 drilled or broadcast; Millet, \$1.75 per acre and Small Grains (rye, oats, barley) \$2.00 per acre.

**Tri-State Twirlers To Compete Oct. 1 In Panhandle Fair**

Several hundred twirlers from throughout the tri-state area are expected to compete in the colorful West Texas Twirling Festival to be held Oct. 1 in connection with the Panhandle South Plains Fair in Lubbock. This will be the first time any such contest has been staged on the fair grounds.

The twirling program will begin at 8:30 a. m. and continue throughout the day.

Solo divisions will include four groups: girls, 10 years of age and under; junior girls, 11-15 years of age; senior girls, 15 years and over; and boys, open. An ensemble twirling contest will include groups of no less than two persons and no more than six. This contest will have no age divisions.

Carl David Dunn, Alexandria,

La., one of the Southwest's outstanding twirling judges will select the winners. Trophies will be awarded to the first place winners and medals will be presented to other winning drum majorettes and drum majors.

Entry blanks can be obtained from Benni Dunn, 2513 20th Street, Lubbock, NBTA Chapter 186, Commander.

This is a NBTA sanctioned twirling contest, class A open. In addition to the contest itself, a Twirling Festival Sweetheart will be selected one week before the gala opening parade of the Fair on Sept. 28. Twirlers entering this contest should send their pictures to Benni Dunn before Sept. 20.

## High School DE Program Started Here This Week

The Distributive Education Program in High School is getting underway as employers are interviewing students this week. All students should be employed by the end of the week, according to Phil Brewer, D. E. Co-ordinator. Employers in the retail, wholesale and service selling fields, who would like to participate in the program are urged to contact Phil Brewer, Distributive Education Co-ordinator as soon as possible.

The program is designed to provide group discussion at school, on subjects that are common in all fields of distribution, and individual study in the particular field of each student. Most of the students are Juniors in High School, and will be in training for two years.

Also, the Distributive Education program co-sponsors various adult education courses offered by the University of Texas Extension Service. The first of these courses will be on "Show Card Lettering" and "Merchandise Display" to begin October 10th.

## Lions Hear About Tomlinson's Trip To San Francisco

Bland Tomlinson spoke to the Lions Club at its Tuesday luncheon meeting about a recent trip he took to San Francisco.

San Francisco, he said, has several peculiarities of its own that no other city in the United States has.

Since it is located on a peninsula, San Francisco has suburban cities only on its south side. To go to nearby cities on any of the other three sides, one must cross bridges to get to them.

In comparison with Slaton, San Francisco has about 200 times as many people living in it.

Chief Industries The three chief industries claimed by the city in the order of their importance are: tourists, fishing, and shipping.

Tomlinson told the group, that he felt he had the advantage over the average tourist, because he had a cousin to guide him while in San Francisco.

Cable Cars Houses are built on hills so steep that winter land slides sometimes cover them up, Tomlinson said. One of the main tourist attractions is the cable car, built originally because of the steepness of the hilly streets. Passengers on the cable cars, he said, are expected to climb off and push if the going gets rough for the cable cars. At the end of the car's run, passengers get off and turn the car around on a turntable, so it can continue on in the opposite direction.

Fisherman's Wharf, according to Tomlinson, is another big tourist attraction. Here the fishing boats leave for their fishing runs at night and return early the next morning. Also along the wharf, pots of shell fish, such as crab, lobster, and shrimp are boiled in pots and sold to people who pass by.

Also seen by Tomlinson, while in San Francisco, was Golden Gate Park. The park was built for the world Exposition around 1915 and houses a museum, aquarium, and planetarium.

Tomlinson also visited Golden Gate Bridge, Treasure Island and Chinatown.

China Town Chinatown, he said, was just like stepping into another country. "Everything from the atmosphere to architecture and even the items for sale, which are completely foreign to us, made it appear different."

Guests at the Tuesday meeting were Victor Hudman, past president of the Post Lions Club; and Richard Perry, who is home on leave from Sandia Base, Albuquerque.

## Slaton Churches Plan Open House

The Ministerial Alliance has scheduled a Church Open House for the week of Oct. 9-14, according to the Rev. Ed Gorom.

Each church will conduct its services entirely according to the individual church's order of worship regularly used.

All other weekly functions will be dismissed at the discretion of the individual church, and services will be conducted in its own church, using its own preacher and pianist.

The churches, according to Gorom, can secure out-of-town musical groups for the service if they so desire.

The services will be at 7:30 p.m. each night.

Churches in the order of the services are Sunday, First Methodist; Monday, Church of the Nazarene; Tuesday, First Christian; Wednesday, Grace Lutheran; Thursday, Westview Baptist; Friday, Church of God.

The First Presbyterian Church will not schedule a service, but will be held in reserve should one of the other churches be unable to hold services on the scheduled night.

## Oil Discovered On V Ranch Near Here

The first commercial oil pay in Crosby County has been located on the extreme East side of the V Ranch, on the property of Mrs. A. L. Robertson. The ranch is situated some 9 miles southeast of Slaton.

Bond Oil Corporation has opened the discovery with the finaling of the No. 1 Robertson, Glorieta discovery. A potential report filed with the Railroad Commission gave the well a rating of 63.77 barrels of oil per day, plus 70 per cent water.

The well was drilled to a total depth of 4,062 feet, with 5 1/2 inch casing set at 3,903 feet. Top of the pay was at 3,605 feet. The wellsite is just north of the Garza County line and about 6 miles east of the Lubbock county line.

Everything from the atmosphere to architecture and even the items for sale, which are completely foreign to us, made it appear different."

Guests at the Tuesday meeting were Victor Hudman, past president of the Post Lions Club; and Richard Perry, who is home on leave from Sandia Base, Albuquerque.

A petition asking the Commissioners Court to approve and issue an order creating the Lubbock County Water Control and Improvement District 1, has been circulated and returned to the book for submittal to the court according to committee member S. A. Peavy of Slaton.

If the plan is completed, the Slaton area will be improved to the extent that South Plains residents will have a major conservation recreational area almost at their finger tips.

Should the court grant the petition it must enter an order creating the district and appoint directors to oversee its operation.

Committee officials said that election may call a county-wide election to cover the estimated \$1,860,000 cost of the project. The new directors may then proceed with the authorization of issuance of bonds as voted at election.

While the primary purpose of the project would be for water conservation and to improve the agency supplies for county lands, the project will provide Lubbock County with the only major recreational facilities on the South Plains.

The plan also includes parking areas, access roads, drinking fountains, tables, benches, rest places, docks and other recreational needs.

Plans for the future of the Slaton area include a lake with a minimum 217 acres with a storage capacity of approximately 5,000 acre feet.

The dam would be located on the east property line of the present lakes area with a spillway elevation of 140 feet, based on assumed data.
