Crop Prospects Good After Rain Soaks Area

Crop prospects were looking better, the farmers who owned the crops, for the most part, had grins on their faces Tuesday during the rain.

The rain started somewhere around 1:30 a. m. Tuesday morning and didn't stop for a breath until Tuesday evening. Rain fell all day long except for a few minutes of lull in the afternoon.

Older residents were calling it the best rain since 1941, a rain that though continual was gentle enough that it had time to soak into the ground.

The rain which was general enough to fill the bill for area farmers, who were happy and jubilant over crop prospects.

The dark clouds dropped everything from a shower to 12 inches throughout the state.

Here in the Slaton area, reports from 4 inches west of Posey to 25 inches within city limits.

Forney Henry reported 3 inches west of Slaton, and H. L. Moore reported an estimated 2.5 inches five miles east of Slaton.

Mrs. Francis Perry reported 4 inches since Saturday in her range within the city limits.

Other reports by local people included: 3 inches on the N. R. Joyce farm, two miles east; 3.5 inches on the Rudolph Schwartz farm, one mile south of town; 2.83 inches reported by Andrew Kitten, southwest of Slaton; 30 inches reported by Ed Maer of Posey; and 2.5 inches reported by Norbert Kitten, west of Slaton.

Indians On Top In Little League

The Indians were in first place this week, at press time, in the Little League with a record of four wins and two losses.

The Yankees, Giants, and Dodgers were in a three way tie for second place, with the Dodgers having the edge over the other two teams by virtue of having only played six games. Should they win Thursday they would be in a tie with the Indians for first place.

Team records at the time of this writing were, Yankees with a record of three wins to four losses; the Dodgers with a record of three wins and three losses; and the Giants with a record of three wins and four losses.

Little League fans are advised to check with team standings in the Slatonite each week.

Tuesday's game was rained out, putting the Indians and the Dodgers one game behind.

Thursday the Dodgers will play the Yankees and Friday the Indians will meet the Giants.

Kay Kincer returned home Sunday from a two week visit in Bowie, Ft. Worth and Boyd.

Mrs. Rose Lesenby of Ft. Worth is visiting Mrs. S. H. Adams this week.

AIR FORCE R. O. T. C. CADET Robert L. Lambert of 1120 W. Crosby, Slaton, is shown here inspecting one of the T-33 fighter type jet training planes in which he will fly during his current summer training period at Williams Air Force Base, Arizona.

Slaton Youth Graduates From First Jet School

Air Force R. O. T. C. cadet Robert L. Lambert of Slaton was graduated recently from a four-week summer training program at Williams AFB, the nation's first jet fighter school. Lambert is the son of Mr. and Mrs. L. O. Lambert of 1120 West Crosby st. here in Slaton.

The program, directed primarily to the majority of cadets who will later enter flight training, included a highly-concentrated schedule of military and academic studies.

Designed to acquaint future Air Force officers with the operation of a modern base, the program included and orientation flight in the T-33 jet trainer.

During the four weeks of activity which began on June 19, the schedule held 188 hours of instruction in military drill, weapon firing and familiarization, flight navigation and planning, weather, physical training, military customs and courtesies, and demonstrations of Williams' altitude chamber, Link simulated flight trainer, mobile runway control operation and air-ground firepower.

The Air Force's "Thunderbirds", precision F-84 formation acrobatic team, put on a spectacular display which was one of the high spots of the cadets' stay there.

Not all of the cadets' time at Williams consisted of work, however. They also made use of the many athletic and recreational facilities which the base has provided for its jet pilot trainees.

Each cadet spent one day during his summer training period attached directly to an officer in a key position in the operation of the base, where he gained valuable first-hand experience in the running of a large-scale Air Force organization.

"MYSTERY FARM" WINNER NAMED

The first person to correctly identify the "Mystery Farm" picture of last week was Mrs. J. R. Robertson of 725 So. 7th st. The farm was the R. O. Hayes farm, known by some Slaton residents as the old Klattenhoff place.

If Mrs. Robertson will come by the Slatonite office she will be presented with a year's subscription to the paper and two free passes to the Slaton theatre.

Slaton's Fire Chief Attends Fire School At A & M

Elbert Wilson, Slaton Fire Chief, recently returned from attending a five-day Firemen and Fire Marshal's School at Texas A. & M.

The school which meets once a year is sponsored by the Chemistry Department of A. & M. College. This was the 26th year that the school has been held.

All Phases Covered

Meeting from July 11 to 15, the school covered all phases of fire fighting, from small hand extinguishers to the big pumper trucks. The first day of the school, the participants spent learning about pumper maintenance.

On the second day the group watched a field demonstration and then actually fought the fires themselves. "We didn't just watch, we put on our working clothes and went out and actually fought the fires," Wilson said.

Rescue Work

Rescue work and demolished buildings or buildings on fire was the theme of the third day's instruction.

The fourth day, the proper methods of handling and loading hoses and ladders for the quickest response were demonstrated, according to Wilson.

On the last day the course of study was directed toward salvage and hose evolution. On this day the group learned about on-the-job repair of fire hoses and proper methods to keep from inflicting unnecessary damage to buildings while fighting fires.

Class Schedule

The classes met each day from 8 a. m. to 11 a. m. and then started again at 12:30 p. m. until 5 p. m. As Wilson put it, "We didn't do much sight seeing."

The state insurance key rate which is set for each city in the state is directly affected by local attendance at these schools.

Because Mr. Wilson attended the school the key rate will have been taken off of it. The community gets a reduction of 3% for sending one man and 1% for each additional man it sends to attend the school.

Job To Do Yet

The job of the man who attends the school is not over, even though he attends and completes the school. After he returns, he must then put what he has learned into use, and teach men, who didn't know the things he learned at the school.

Slaton Youngsters To Receive Second Round Of Polio Shots

Lions Club Signs To Be Purchased By Local Group

Lions Club members voted Tuesday to purchase and erect, Lions Club signs on the highway at both entrances to the city. These signs will be erected for the purpose of informing passing motorists and especially, passing Lions, that Slaton has a Lions organization here. The signs will further serve to inform the passerby of the meeting time, and place where the club meets.

Other business included a short talk by Don Crow on, "What Lionism Means To Me."

Elbert Wilson reported briefly to the club on the Fireman's School which he attended July 11-15 at Texas A. and M.

School Supt. Lee Vardy announced to the club that the second round of polio shots would be given on July 26 at the West Ward School at 10 a. m.

Lions Club members who were present at Tuesday's meeting received two complimentary tickets each to the Slaton Theatre from Howard Stribling, theatre owner.

Bobby Welch was a visitor at the club's luncheon Tuesday.

Slaton Wins Third In Odessa Meet

Slaton's entries in the West Texas Junior Olympics have returned home from Odessa with a third place in the meet. Odessa won the meet and Andrews came in second. The track events were held at Broncho Stadium in Odessa Tuesday.

Entrants in every event had to contend with a wet track and at times a hard rain. First, second and third place winners are eligible to compete in the State Junior Olympics at Houston Monday and Tuesday.

Slaton made its best showing in the 16-17 age class, and took one first place in the 180 yard low hurdles. Honors here were taken by Dickie Thomas.

Other points for the Slaton team were: two second places in the broad jump and the low hurdles for Dean Goad, second place for Fred Weaver in the mile run, and a second place in the high jump for Dale Johnson.

Third places were won by Cotton Stewart in the 100 yard dash and the broad jump, and the 440 yard relay team composed of Larry Young, Dickie Thomas, Dean Goad, and Cotton Stewart.

Alex Franco won a first in the 880 yard run and Danny Winn won a first for softball throw and also a third in high jump.

Frank Chapple was fourth in the 100 yard dash and in the broad jump. Don Wright won a fourth place in the shotput event.

The group from Slaton won their third place with a total of 37 points for the meet.

Daily Vacation Bible School Set For Aug. 1-15

The First Christian Church of Slaton will conduct a Daily Vacation Bible School Aug. 1 through Aug. 15 according to Ed Goron, minister of the church.

The school will be divided into three departments, with classes for children from ages 4 through 15.

Mrs. Homer Tompkins is general superintendent of the school. Times for the class meetings were not known at the time of this writing.

Mrs. J. H. Lambright and her mother, Mrs. Frankie Irwin, spent from Thursday until Monday in Farmington, N. M. visiting Mrs. Lambright's son, George Lambright, Mrs. Lambright and new baby, Michael Joseph, who was born July 11.

Mrs. LuVern Johnson visited from Tuesday until Sunday of last week in Eastland with Mr. and Mrs. B. M. Atwood. Mrs. Laura Atwood of Amarillo accompanied her on the trip.

Mrs. Ben Johnson and daughter, Christie, spent the week end visiting Mrs. Johnson's parents, Mr. and Mrs. Myrick, in South Plains.

Miss Harriette Vatures of Dallas visited last week with her cousin, Mrs. Byron Johnson, and family.

MUSIC SCHOLARSHIP WON BY G. W. WILEY OF SLATON

G. W. Wiley, a 1955 graduate of Slaton High School has received a scholarship in music at John Tarleton College it was announced this week. He will enroll in September.

He leaves Sunday for Baseball Camp at Meridian where he will stay for the duration of the three weeks summer session.

Patti Peiper of Albuquerque, N. M. visited for two weeks with her aunt and uncle, Dr. and Mrs. M. J. McSween, and children. Mrs. McSween's brother, G. W. Peiper, and Mrs. Peiper came after her last week end.

Mrs. M. M. Dauphin of Quinlan, Oklahoma is visiting her sister, Mrs. Arthur Dennis, and Mr. Dennis. Last week they all visited friends in Mount Pleasant.

Canadian River Authority Bond Election Approved

Slaton's Commissioners went on record at a called meeting Monday night as favoring the Canadian River Municipal Water Authority plan for calling a bond election in the 11 Panhandle-Plains cities which will be affected by the project.

The Council will call the election at the proper time in Slaton. Should the 11 cities approve the \$76 million bond issue and a sufficient number of cities approve the contract, work will begin on the construction of the dam and pipeline to serve the cities.

The date for the bond elections will be set at the meeting of the authority directors Aug. 8. At the time, the directors will set the date for the bond elections in the various cities and at the same time call for votes on the water contracts with each city.

A majority in the district is all that is necessary for approval of the bond issue, Bryce Huguenin, attorney for the authority, told the directors.

The 11 member cities have until Aug. 8 to ask for withdrawal from the authority, then the only way

an election could take place in that particular city would be by petition of at least 100 taxpayers. In a case such as that, the authority would call for the election on the petition.

Over 400 Slaton school children will receive their second round of polio vaccine shots at West Ward School July 26, according to City Health officer, Dr. W. E. Payne. The shots will be given starting at 10 a. m., to the youngsters who have already received their first shot in the series. No new shots will be given at that time.

According to the City Health Officer, because there has been a big decrease in actual cases of Paralytic Polio, it is thought by medical authorities that it is the shots which are doing it. This line of thinking is brought about by the fact that the age group of children being inoculated is the age group which is generally most susceptible to polio.

So far this year there is only one reported case of polio in Lubbock County, as compared with several which had been reported at this time last year.

It will be the responsibility of each parent to see that his child is present at the appointed time and place to receive his shot.

Local physicians are donating their time for the supervision of administering the shots. Registered nurses of Slaton are assisting in the program and their time is also donated. Members of the Elementary Parent Teachers Association are donating their time and will help prepare children for the shots.

Students from St. Joseph Catholic school, Evans, East Ward and West Ward will receive their shots at the West Ward School on the 26th at 10 a. m.

The shots will be given in the same location as the first round was given, in the two rooms on the west end of the West Ward School.

Slaton Youth Honor Student At Texas A.&M.

COLLEGE STATION, Texas, July. —Edwin Ray Burton of Slaton has been a distinguished student for the spring semester at Texas A. and M. College. A distinguished student must have a grade point ratio of 2.25 or better.

Air Force Enlists Two From Slaton

Two more Slaton young men have enlisted in the U. S. Air Force according to T/Sgt. Herbert C. Ulrich, local Air Force Recruiter. Freddie White and Willie Drones both of Slaton received their oath of enlistment July 19 at the Armed Forces Examining Station in Amarillo. Freddie was a 1955 graduate of Evans high school and Willie was employed by a construction company in Lubbock. At the present time both men are stationed at Lackland Air Force Base, near San Antonio, Texas where they are undergoing basic military training.

Slatonite In The News

The Slatonite was again in the national news this week when one of its "Back To School Ads" appeared in the Publisher's Exchange.

The publication is an idea magazine for publishers and is printed once a month at Des Moines, Iowa.

Calendar Of Coming Events

THURSDAY, JULY 21

Little League, Giants vs. Dodgers.

Polio Vaccine Shots, West Ward, 10:00 a. m.

WEDNESDAY, JULY 27
V.F.W., V.F.W. Hall, 8:00 p. m.

HERE'S ONE HOBBY that looks as if it's going to pay off. Deciding he needed a hobby, M. C. Eakin, a diesel mechanic for Santa Fe, planted some Sudan in his spare time. On May 16 he planted certified seed that he got from Ayers Feed Store. Now the Sudan is almost ready to cut. Mr. Eakin guessed that he stands about 6 ft. 6 in. in his cowboy boots and hat, but the Sudan is even taller than he is. Of course the 2.5 inches of rain, and the fact that he kept his three-inch well running almost all the time, helped a little he said. According to Eakin, the crop should be ready to cut by Aug. 10 and if there isn't a frost before Nov. 1 he may have a second crop. Planting 10 lbs. of seed per acre, Eakin estimates a yield of roughly 200 lbs. per acre. Eakin rents the land from A. L. Logan of Hereford. If you aren't convinced by the picture, you can go out and look behind the co-op Gin on the Lubbock Highway, and see for yourself.

G. W. Wiley

ATOMS ARE NOT EASY

The transition to an age of atomic power is not going to be easy, and it is not going to happen overnight. No one knows better than the topnotch nuclear scientists who will take part in the first international atomic energy conference next August in Geneva.

Creating atomic power on a large scale presents many difficult problems. There is, for example, the question of radioactive waste disposal. Wherever a nuclear reaction takes place, radioactive trash accumulates. This must be so disposed of that its deadly radiation will never again be a hazard.

Why not bury it, or dump it into the ocean? Both of these methods are being tried. But before atomic waste can be buried it must be sealed so that it can't leak out. That is quite expensive.

Besides, say the experts, when the atomic age really gets into the swing there will be so much hot trash that burying or sinking it will not be practicable. Some of them even propose to fill big rockets with atomic waste and shoot them far out into space.

Atomic trash disposal is only one of numerous problems that must be solved. The Geneva conference will help by stimulating the free interchange of knowledge among scientists of various nations. That is an important step toward widespread peacetime use of atomic energy.

VACATION JAM

The way summer travel is shaping up, vacations soon may have to be scheduled on a year-round basis. There just won't be space enough on trains, planes, ships and roads to handle the hordes of American summer tourists.

New ships are being built by two lines to handle the anticipated increase in volume of summer tourists. Airlines are seeking ways of expanding their capacities to handle the growing crowds. One airline alone anticipated a \$7,000,000 business this year as the result of its travel-now-and-pay-later plan, which did business of \$4,000,000 volume under this program last year.

Not only are more Americans traveling. They are going to many places which seldom drew tourists in the past. This trend may be attributable to World War II, when many GI's saw and fell in love with remote islands they wanted to revisit. In part, it can also be laid to the desire to get away from it all—being the thousands of other tourists.

Foreign travel is being boosted in all quarters. Travel companies want to see it keep expanding. Foreign governments like the increased business it brings. The American government likes it as a new source of foreign aid.

The only ones who do not like it are those vacationers who want to avoid crowds and tour leisurely. Such people are going to plan future vacations in other than the summer months. But wherever people go, they enjoy it and build up happy memories.

TOWN NEIGHBORS

Vacation time, when the United States and Canada are each other's best travel customers, reminds people on both sides of the border that the other folks are quite friendly and really quite familiar.

In places like International Falls, Minn., and Fort Frances, Ontario, across the Rainy River, residents live together like relatives the year around.

At Rotary club meetings everybody sings "The Star Spangled Banner" and "O Canada", then they all toast the President and the Queen. The Canadians like to buy gadgets and see Sunday movies in Minnesota. The Americans like to buy food and go fishing in Ontario.

Newspapers, radio broadcasts, concerts, club meetings and civic celebrations are all shared with casual enjoyment by citizens of both countries. International marriages are frequent occurrences.

This seems easy because the two cities are so close. But it wouldn't happen if the people and their governments didn't want it to happen.

East Berlin and West Berlin are even closer, but the Russian government still chooses to keep it a divided city, with the border an interference instead of a link.

COSTLIEST RISK

"The Borrower who Gave"

The Son of Man, who gave so much, was himself a borrower. When he came to earth on that never to be forgotten day, his parents had returned to Joseph's native city to be taxed. But there was no room in the inn, for the home town was filled to overflowing. When Christ was born, Mary "wrapped him in swaddling clothes and laid him in a manger". Then He began his earthly stay in a borrowed shelter and in an improvised bed. But the lowliness of this setting became the true sign of identification to humble shepherds.

Throughout his ministry, He confessed that his home was always a borrowed one. "The foxes have holes, and birds of the air have nests; but the Son of Man hath not where to lay his head."

Once He borrowed five loaves and two fishes from a lad, but He fed 5,000 men with it.

He asked for a cup of water from a Samaritan woman at Jacobs well and when she would have refused, He replied "If thou knewest the gift of God, and who it is that saith to thee, give me drink; thou wouldest have asked of him and he would have given thee living water." Before the incident closed this woman had been converted and others heard words of life from the

Marion and Van Wilks of Brownwood spent last week visiting their aunt, Mrs. R. L. Smith and family. Marion and Van have recently moved to Brownwood from Galveston. Their father, Alva Wilks, is manager of Penney's in Brownwood.

C. W. Wilks Sr. is visiting his brother, Leman Wilks, and family at Reseda, Calif.

Mr. and Mrs. R. J. Hurst and family are spending this week with relatives in Guthrie and Oklahoma City and fishing at Lake Texoma.

Mrs. A. M. Carroll of Lubbock visited last week with her daughter, Mrs. M. P. Gentry and Mr. Gentry.

Mrs. Ed. Gorom and little daughter left Lubbock by plane Wednesday for Austin where they visited until Tuesday of this week with Mrs. Gorom's parents, Mr. and Mrs. H. B. Carter.

Finally, the Jews condemned Him as an outlaw and hung this sinless One on the middle cross on Golgotha's brow to die. The kind hands laid Him in Joseph's borrowed tomb. But He did not need it long, for He rose again on the third day, even as He promised.

A borrowed manger, borrowed home, borrowed bread, borrowed cup and borrowed tomb. His moral venture had cost Him His all, but He rose victorious, triumphant.

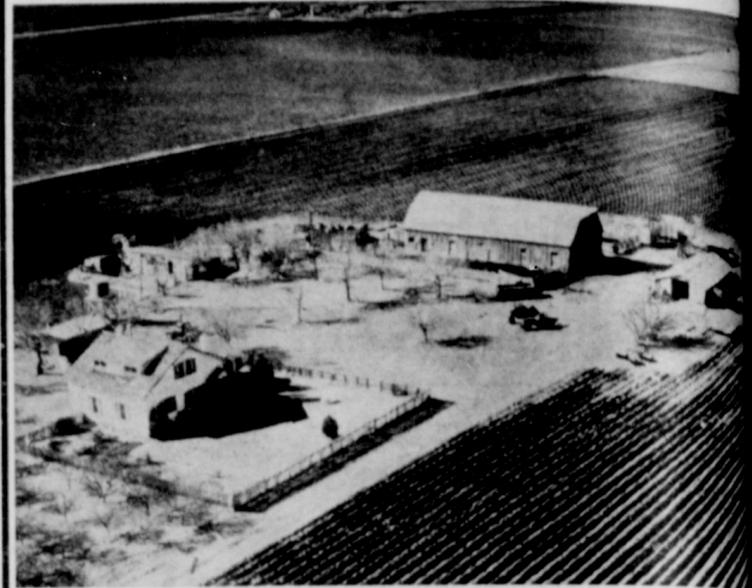

"For ye know the grace of our Lord Jesus Christ, that, though he was rich, yet for your sake he became poor, that ye through His poverty might become rich." (II Cor. 8:9)

Marshall Stewart

Dale Bramlett, a teacher in the Idalou schools, visited Thursday morning with Mr. and Mrs. Francis Perry at the Slatonite. Mr. Bramlett was formerly from Dublin where he was associated with the Soil Conservation Service.

Funeral Rites Conducted Sunday For J. G. Harper

Funeral services were conducted for J. G. Harper Jr., 29 of Slaton Sunday at 2 p.m. in the First Methodist Church of Slaton.

Harper was pronounced dead on arrival at Mercy Hospital in Slaton after he collapsed following a heart attack during a baseball game between the Westview Baptists and the St. Josephs' Catholics.

Burial was in Englewood Cemetery under the direction of Williams Funeral Home.

Pallbearers were Grady Haliburton, Elton Smith, Shorty Boyce, Floyd Childress, Charles Gentry, Alvin Burns and Louis Joplin.

Harper is survived by his wife: one daughter, Carolyn, 10; two sons, Glenn, 7; and Meredith, 12; mother, Mrs. J. G. Harper of Slaton; two brothers, R. L., Lubbock and Shafter, Hollister, Calif; five sisters: Mrs. R. L. Owens, Lubbock; Mrs. M. M. Burns, Portales, N. M.; Mrs. C. A. Wells, Slaton; Mrs. J. M. Proctor, Hollister, Calif.

Card of Thanks

We wish to express our appreciation and thanks to each and every individual one for their many expressions of sympathy and kind acts during the illness of our father and during our recent bereavement. For the flowers, food, prayers and for everything that helped to lighten our load in any way.

AMERICA'S NEW RAILROAD

Quarter-mile lengths of welded steel rail curve around a foothill like wire cable.

Not a "clickety-clack" in a carload

It's Santa Fe's new continuous welded rail... Fewer joints mean a smoother ride for you

An occasional little click—that's all you'll hear of the old "clickety-clack" as you glide over stretches of new continuous welded rail on the Santa Fe.

And these stretches will be growing longer and more frequent on Santa Fe. For we're laying more all the time—103 miles of it this year.

In fact, we're using a new electric welding process (for the first time by an American railroad) to help bring Santa Fe's new smoother ride to more people, more goods.

But that's only part of the story. Just as a railroad is no better than its track, track itself is no better than what's underneath it—the roadbed, the ties, the ballast. So we've been busy

with new improvements here, too. For instance, our own specially-devised ballast "dry cleaner." This unique machine cleans our ballast, keeps it more resilient so the track lies flat and even.

And today we're replacing old ties with longer and stronger new ones—specially treated to stay strong and sturdy for 30 years and more.

Day after day, something new is being done to make "America's New Railroad" even newer and better. Santa Fe is spending many millions of earned dollars every year for new roadway and new equipment. And not one penny comes from the taxes you pay.

SANTA FE SYSTEM LINES

What about expansion in these quarter-mile rails?

Now Newton, Kansas, where yearly temperatures vary from 20° below to 114° above, we laid a 3-mile experimental stretch of welded rail. Here we found that anchoring the rail to every other tie restricted expansion to the area between anchors. Thus, overall expansion was reduced to the merest fraction of an inch between rail ends. In other words, expansion is no problem whatsoever.

No wonder this Hardtop is the HIT OF THE YEAR!

IT'S 4-DOOR HANDY
—and priced for action!

This one you'll just have to see. It's a beauty. It's a brand-new kind of car. It's a Buick Riviera with four doors. And to top it all—it's a SPECIAL—the lowest-priced of all Buick Series.

Know what that means? It means you can have the newest hit in hardtops—the most advanced new body design yet—and you can have it in the price range of America's smaller cars.

It means you can have a steel-roofed car with the long, low, sweeping sportiness of a convertible—with no center posts in the side window areas—and with two separate doors to the rear.

And you can have all this hardtop beauty with sedan comfort and convenience at the easy-to-take modest extra cost of a 4-door model over a 2-door model.

But if you think that's all—listen: This gleaming grace of automobile is a Buick through and through—a '55 Buick, from the hottest-selling line of Buicks in all history.

So here you have the soft, firm steadiness of Buick's all-coil-spring ride and torque-tube stability. Here you have Buick brawn, Buick solidity, Buick handling ease, Buick styling and visibility and interior luxury.

And here you have the lift and life of vigorous new V8 power of record might—and coupled to the spectacular performance of Buick's Variable Pitch Dynaflow.*

Why wait a day longer—when you can come in right now and try the first true hardtop with the extra comfort, room and convenience of a full-sized 4-door sedan?

Drop in tomorrow, first thing—for a look at the price, and an idea of the whopping-big trade-in deal our huge sales volume permits us to make.

*Variable Pitch Dynaflow is the only Dynaflow Buick build today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick

Slaton Resident Department Head At Panhandle Fair

Mrs. Ima Dora Haile of Slaton will head the youth department at this year's Panhandle South Plains Fair according to a news release from the Fair association.

She will be among those named to assist Farm leaders from throughout the South Plains who have been named to head the livestock, agricultural and women's divisions at this year's Panhandle South Plains Fair, President John R.

The Slaton, Tex., Slatonite Friday, July 22, 1955

Moxley has announced. Entry blanks for all divisions along with the annual catalogues are being mailed to several thousand exhibitors this week.

The 1955 Fair will be held in Lubbock from Sept. 26 through Oct. 1.

Again this year George "Scotty" Samson, Post, will be general agriculture superintendent. General livestock superintendent will be Bill Griffin, Tahoka, while Mrs. Chester Gilmore, Idalou, will head the women's department.

Other superintendents in the agriculture department are: Walter J. Y. Wells, Lubbock, general assis-

tant; Lee Suther, Lubbock, county and individual exhibits; and L. M. Hargrave, Lubbock, vocational agriculture. Bob Gibson, Lockney, is superintendent of junior agriculture.

Arlen Youngblood, Lamesa, is in charge of the Hereford cattle; W. G. Rogers, Floydada, has the Aberdeen-Angus division; R. N. McClain, Brownfield, is dairy cattle superintendent; V. M. Peterman, Amberst, will handle dual-purpose cattle; and Pal Gross, Seminole, will be junior livestock superintendent.

Mr. and Mrs. Mac Hudgins and Jay Mae of Lubbock visited Monday night with Mr. and Mrs. J. J. Maxey.

Mr. and Mrs. Delbert Ryno and two children of Imperio, Kan. are visiting this week with Mr. Ryno's father and sister, Bert Ryno and Charlotte.

Val and Felix Wylie left Sunday to go to John Tarleton College, in Stephenville, where they will attend the last six weeks of summer school.

Mr. and Mrs. W. L. Sloan of Amarillo spent the week end visiting their daughter, Mrs. H. F. Martens, and family.

Mr. and Mrs. T. A. Martin and two children of Lubbock visited Sunday with Mr. Martin's parents, Mr. and Mrs. Bob Martin.

R. O. Hayes Owns Mystery Farm

Last week's "mystery farm" was the R. O. Hayes farm located three miles out of Slaton on the Lubbock highway.

The farm was formerly owned by M. F. Klattenhoff, who bought three sections of land in the area in 1908. Klattenhoff came from Germany at the age of 16 to Taylor, Texas. Later he moved to the South Plains area.

In about 1918, according to Hayes, the farm house was built in its present location by Klattenhoff.

Married Miss Klattenhoff

Mr. Hayes has resided on the farm since 1930, when he married Clara Klattenhoff, a daughter of M. F. Klattenhoff. Mrs. Hayes died a year ago last May, and Hayes and his only son live there now.

Since he has been on the farm, Mr. Hayes has remodeled the inside of the house and landscaped the yard with trees.

Tornado Hits Farm

Probably the most unusual thing to ever happen on the farm, according to Hayes was a small tornado which passed through, causing considerable damage to the farm buildings. The twister took the roof off the barn with it as it went by. The windmill was moved about two feet over from where it had been standing. A 2x4 and a tree limb were also driven into the house by the wind. All the railings were blown off the roof of the garage.

The unusual thing about the tornado, Mr. Hayes said, was that the barn on his farm was the only building in the area that the tornado hit.

Lightning Strikes

Nature took part in another incident on the farm later on, when lightning hit a lightning rod on the house and burned out all the fuses in the house and garage. No one was hurt in either incident, and Mr. Hayes has long since repaired the damage to his buildings, though as he pointed out, the roof of the barn is about seven feet lower than it originally was.

Mr. and Mrs. Hayes had one child, James F. Hayes. He is 17 and is enrolled in the Roswell Military School. His school term starts September 5.

Raises Short Horns

Mr. Hayes is affiliated with the Milking Shorthorn Society and has eight cows and one bull of that particular breed. Raising the animals is the closest thing to a hobby he has, he said. Though he has never shown any of his animals in competition, his stock is registered and eligible to be shown.

Mr. Hayes is a member of the

Western Cottonoil Announces Personnel Changes August 1st

Two former cotton oil mill managers at Slaton for the Western Cottonoil Co. were listed among the personnel changes announced this week by Ben R. Barbee, General Manager of the Co.

The changes are in company operations for Lubbock and the Plains Area of Texas and will become effective Aug. 1.

Roy S. Mack, manager of the

Lubbock Mill, replaces O. L. Peterson as Plains District Manager at Lubbock. Mack formerly served as Southern District Manager, with headquarters in Abilene, before being transferred to the new Lubbock Mill in 1951. Prior to

that time he managed the cotton oil mill at Slaton. He has completed a total of 28 years with the company.

George W. Brassell Jr., Assistant Manager of the Lubbock Mill, is being promoted to Manager, replacing Mack. Before coming to Lubbock in 1951, Brassell was manager of the Slaton mill. During his 19 years of service, he has worked with the parent company, Anderson, Clayton & Co. in South America.

Slatonite Takes A Trip

by Clyde Walter

ouple of weeks ago we were contemplating a visit to Waco to see our future boss, and while passing in deep thought about the trip by car, it only hit us—We had never taken a train.

ing myself that maybe we missed something, we decided to take two birds with one stone and ride one of Santa Fe's trains. After all, when a young man reaches the age of 24 he is to be able to look intelligent. "Whats a train?" asked. "Whats a train?"

fortifying myself with a book and an arm-load of books (which remained unread) we rode across town to the Santa Fe Depot.

Buying a Ticket
At the depot we bought our ticket from R. L. Smith Jr., who is the ticket clerk here. While there we met B. H. Bollinger, who is the oldest switchengine engineer in the Slaton area. His seniority dates from 1913. He is also one of the city commissioners.

Centralized Traffic Control
Probably one of the most interesting things to see of Santa Fe's equipment is the Centralized Traffic Control. You enter a dimly lit room. Inside men are seated at what appears to be two long desks with a board running the length of each, much like the board of a telephone opera-

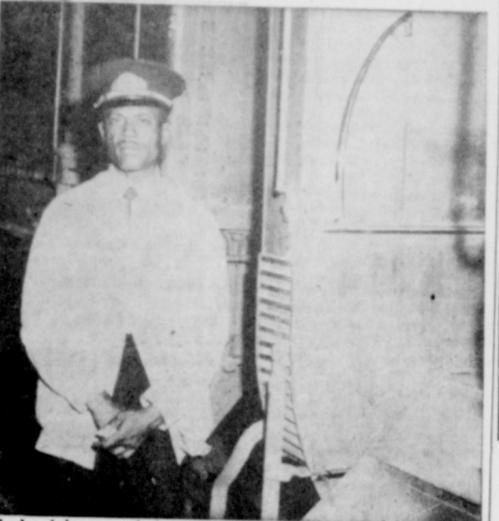

Dispatchers Direct Traffic
The dispatchers, who operate the boards are the traffic cops of the railroad; they are entrusted with the safety of the trains, its passengers and cargo.

As the train crosses a certain point on the track its wheels touch a switch which lights one of the lights on the dispatcher's board. Watching the lights, the dispatcher is able to tell where the train is at all times or at least at what area the train is in. Should trains be approaching each other, the dispatcher can manipulate the switches on the lower part of his board and direct one of the trains onto one of the sidings along the way. After the train on the main track has passed, the dispatcher throws another switch which signals the train on the siding to move and also connects the siding into the main track to move once again on the main track.

On Our Way
Once on board, we grabbed a seat and settled back to see what was going to happen next. With only a slight jerk we were on our way and that is when the fun started. Trains move not only frontwards and backwards, but also sideways. Our stomach soon told us that all was not well, probably a throw-back to our old seafarin days. De-

R. L. Smith Jr., Santa Fe Ticket Clerk is shown here going through the process of making out a ticket as B. H. Bollinger, switch engine engineer looks on.

T. L. Johnson, chaircar attendant for the train waits to direct and assist passengers as they board the train. Johnson is a former Slaton resident. He left Slaton in 1937 when he went to work for Santa Fe.

we were assisted aboard by T. L. Johnson, a chair car attendant, and former resident of Slaton. By the time we boarded the train we found to believe that Santa Fe was completely operated by Slaton residents or at least former residents.

The conductor was a Slaton man, even the engineer, C. L. Garrigues, was a resident of Slaton. The train except for the club and dining car, seemed to be almost entirely manned by Slaton people. The Slaton force got off at Sweetwater, where they waited until they were needed to make a return trip on another train.

Drinking Black Coffee
After finding the dining car and partaking of a cup of black coffee, between curves, we went back to our seat. The seat we found occupied by a young man and his motor boat. After a discussion about the merits of motor boats, about which we know nothing, the young man allowed us to sit down once again and hold the boat in our lap.

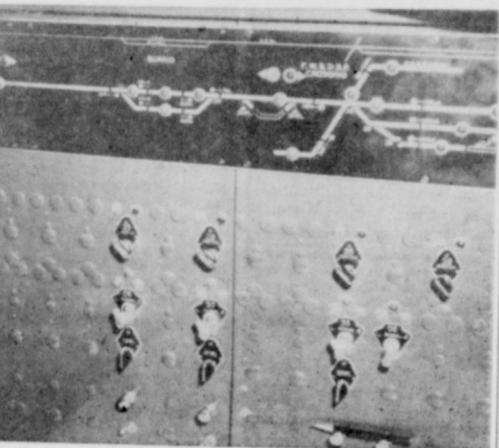

Shake Rattle and Roll
Later when we started to close and rest our eyes for a while, we discovered that the young man also liked to sing and that his favorite song was "Shake Rattle and Roll".

As the hours and miles rolled on and we alternated between dozing off and listening to "Shake Rattle and Roll", the towns and the stops became only a confusion of bright lights and "Shake Rattle and Roll".

All in all, we'll have to admit in spite of the loss of sleep we thoroughly enjoyed our first ride on a train. Not to mention all the interesting people whose laps we sat on, when we made our little side trips about the train.

L. to R. are A. C. Burk and Bill Farschon dispatchers. Farschon is seated at the Centralized Traffic Control Board. The dispatchers are the traffic directors of the railroad.

A closer look at the Centralized Traffic Control Board. The lines near the top of the picture represent the routes followed by trains. The lines which angle off are sidings.

it would hold. The young man informed us in rapid succession, that he was 13 years old, that he was going to visit his grandmother, and that he had three dollars all his own to spend on the way. He confessed that his weight approached the neighborhood of 160 lbs. and that he liked to eat, a fact that seemed to us to be rather evident.

Card of Thanks
Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. Your kindnesses have meant much to us, especially the beautiful service and floral offerings. May God bless each of you is our prayer.

Bill Baker, Bill Moseley and Mr. and Mrs. Lawrence Dagvers of Snyder attended the Plateau Singing Convention in Amarillo during the week end.

Mr. and Mrs. Luther Faulkner spent the week end in Austin visiting their daughter and son-in-law, Mr. and Mrs. Sonny Henry.

Ford Dealer Here Wins Citation

Slaton Motor Company, the Ford dealership in Slaton, has been presented a special Leadership Citation by Henry Ford, II, president of Ford Motor Company.

The local dealership won the citation, because more Ford cars were sold in 1954 than any other make in the dealer's area of primary sales responsibility.

High standards of customer ser-

vice also contributed to their winning this award according to the letter from L. W. Smead, General Sales Manager, Ford Motor Company.

Slaton Motor Company is one of the approximately 3000 Ford dealers to receive this citation from Henry Ford, II.

On a national scale, retail sales of Ford cars in 1954, according to the release, exceeded those of any other make by 25,257 units.

Old San Antonio Road, the oldest road in Texas, is 317 miles long.

The Slaton, Tex., Slatonite Friday, July 22, 1955

New Chair . . .

A new barber chair was being added to the South West Barber Shop in Slaton this week. Along with the chair, a complete new section was being added. A section consists of a lavatory, cabinet, and mirror.

The new chair gives the barber shop a total of four chairs with which to serve customers.

Mrs. G. W. Harlan is a patient in Mercy Hospital.

HARDWARE COMPANY

"The twelfth observance of National Farm Safety Week (July 24-30) will be successful if each farm resident realizes the fact that his safety is in his own hands, and that he owes it to himself, to his family and to his community to adopt safe attitudes and habits.

"The experts assert that the most important way of putting farm safety principles into effect is for the farmer, himself, to make a safety inventory of his home, his equipment, his actions, and his attitudes. Once he develops the attitude that farming the safe way is also farming the right way, the accident toll will be greatly reduced.

"My greetings go to every farmer in the United States, to whom I would say: Your safety is in your hands. Please be careful for the sake of your nation and your loved ones."

Slatonites attend TAAF Meet

Jonell Lamb, Ova Wilson, Betty Joyce Green, Dickie Thomas and Rodney Fulcher attended a Texas Amateur Athletic Federation Swimming Meet at Tyler this past week end. They accompanied a group from Lubbock and entered the competition there. Their coach is Jim Crawford, who is on the City Recreation Staff at Lubbock.

Establishing a new lawn requires the use of adapted grasses, proper watering, mowing, fertilization and drainage.

WILSON NEWS

Ann Davidson

Mr. and Mrs. Ira Clary and Carolyn visited Mr. and Mrs. G. C. Clary of Slaton Sunday.

Mr. and Mrs. Sam Gatzki left Sunday for a few days fishing at Lake Thomas near Snyder.

Mr. and Mrs. S. L. Walton and Jackie spent the week end with his brother and family Mr. and Mrs. Ivy Walton.

Mr. and Mrs. Bill Giles and family arrived Tuesday for a few days visit with Mr. and Mrs. Charlie Lichey and Mary Lou.

Mr. and Mrs. L. G. Fuller visited relatives in Big Spring Sunday. They were accompanied by Mr. and Mrs. W. G. Trout of Slaton.

Mr. and Mrs. Vernon of Uvalde spent the week end with relatives here.

Mrs. Bill Deaver and Karen of Slaton, Mr. and Mrs. Earl Tunnell and Mr. and Mrs. Delwyn Tunnell and daughter, Susie, all of Tahoka were Sunday visitors of Mrs. H. C. Fountain.

Mr. and Mrs. W. C. Martin and Mr. and Mrs. Sam Crowson visited in Fort Worth and Dallas over the week end. They also visited Ted Lawrence who is seriously ill in a Dallas hospital. Mr. Lawrence is a former resident of Wilson.

Mr. and Mrs. Ralph Millikin of Wolforth visited Mr. and Mrs. Ross Williamson and Eva Pearl Saturday night.

Mr. and Mrs. E. W. Curry of San Clemente, California and Mike

Haley of Lockney visited Mrs. Pearl Davidson and Ann Wednesday.

Mr. and Mrs. Charlie Lichey and Mary Lou had as their visitors Sunday Mr. and Mrs. E. L. McCrary and Mr. and Mrs. Bill Giles and family all of Fort Worth, R. W. McCrary and family of O'Donnell, Cecil McCrary and family and J. F. McCrary of Lubbock.

Mr. and Mrs. Rod McDougal of Lubbock visited Mr. and Mrs. Charlie Campbell and Mrs. Alice Davis Saturday. They brought their nephew, Tommy Fountain, to spend two weeks with Mr. and Mrs. Campbell.

P. J. Dunlap of Lubbock visited a few days last week with his aunt and uncle, The Rev. and Mrs. John Martin and family.

L. B. Hensley of Walnut Springs and Miss June Hensley of Farwell spent Friday night with Mr. Hensley's sister-in-law, Mrs. Pearl Davidson, and Ann.

Mrs. W. C. Church of Slaton visited Mr. and Mrs. Clarence Church and family Sunday.

Ivy Walton left Saturday for Wolfe City where he will be joined by two brothers. The three will journey on to Tupelo, Mississippi for a family reunion. It has been 2 years since Mr. Walton has been to Mississippi and seen some of his uncles and aunts.

Mr. and Mrs. J. O. King visited Mrs. King's sister, Mrs. MacDonald,

of Draw Sunday.

Mr. and Mrs. A. A. Tienert, Mrs. Hubert Tienert, and Kieth Weid visited in Copperas Cove and Fort Hood over the week end.

Mrs. Jake Muller celebrated her birthday Sunday. Those present to help celebrate were: Messrs. and Mesdames Shalley Shafner, R. J. Nieman and family, Verne Klaus, Rudy Kahlich, Mrs. Katie Nieman, and Mr. and Mrs. Hugo Maeker.

Mr. and Mrs. Charlie Lichey and Mary Lou honored their son and brother, Curtis, with an outdoor supper Thursday night in honor of his graduation from Texas Tech.

Mr. and Mrs. Paul Logsdon and son of Gail visited Mr. and Mrs. Carl Martin Sunday afternoon.

Mrs. Lucille Aycock of Austin visited Mr. and Mrs. W. P. Jones over the week end. Her children, Mary Lou and Jimmy, returned home after spending a week with the Joneses.

Harvey King of Hobbs, New Mexico visited Mr. and Mrs. J. O. King Monday.

Miss Deana Ward is attending the summer band school at McMurry College in Abilene this week.

The W. S. C. S. of the Methodist Church met with Mrs. Clarence Church Monday afternoon. The title of the program was "When Saw We Thee a Stranger." Mrs. Claude Coleman gave the devotional. Mrs. C. C. Swope gave "Challenge of the City" and Mrs. Charlie Campbell gave "The Christian Response to the City". Refreshments were served to 10 members.

Mrs. M. L. Murray and Mrs. J. W. Hancock returned Sunday night after visiting a few days with Mrs. Murray's uncle, S. S. Hancock, of Hearne. On Sunday they attended Mr. Hancock's 85th birthday party. They were accompanied by Mr. and Mrs. Durward Hancock of New Home and Mrs. Nettie Richardson of O'Donnell, Texas.

Mrs. W. H. Cain of Winters arrived Sunday for a visit with her niece, Mrs. Pearl Davidson, and Ann.

Cordell Hagens arrived home Saturday morning for several days visit with his parents, Mr. and Mrs. Arthur Hagens, and family. Cordell is stationed with the Air

Slaton Store Fronts Remodeled

Two stores, Ben Franklin and O. Z. Ball and Co. were in the process of having store fronts remodeled this week. Plans called for remodeling from the awnings up. The old awnings were being cut down to smaller size and modernized. Plans call for the tops of the stores to be redone with wire and cement to form blocks much like the front of Teague Drug. Colors had not been decided on at the time of this writing.

Force in Yuma, Arizona.

Mr. and Mrs. Frank Schnieder and family attended the coronation service at the Plains Baptist Assembly Thursday night.

The T. E. L. Class of the Wilson Baptist Church held their monthly business and social meeting Thursday afternoon in the home of Mrs. Pearl Davidson. The program was centered around the study of Women Hymn writers. Roll call was answered with a favorite Hymn. Refreshments of cake and punch were served to eight members.

The Intermediate Girls Camp was held Monday through Wednesday at the Plains Baptist Assembly. Those attending from Wilson were: Misses Judy Blankenship, Dixie and Nieta Hewlett, Daisy Standifer, Conita Sue Fields, Dolores Rhodes, Willie Pat Baxley, Mrs. Roger Blankney was sponsor of the group. Miss Baxley was crowned Queen with scepter in the Coronation service Tuesday night.

Mr. and Mrs. Truman Baxley, and the Rev. John Martin attended the Coronation service at the camp Tuesday night.

The Junior Girls Camp was held at the Camp grounds Wednesday through Friday. Seventeen girls attended from Wilson. Those who were recognized in the coronation service Tuesday night were: Misses Carolyn Martin, Sharon and Sandra Lumsden, Lavada Galneau, Sharon Rhodes, Jo Carolyn Williamson, Nancy Foster, Eileen Fields and Margaret Crownson as Maidens, Misses Jane Schnieder and Verda Mae Fields were recognized as Ladies in waiting. Sponsors are Mrs. John Martin, Counselor, Mrs. W. F. McLaughlin, and Mrs. William Lumsden.

Junior Hagens of Albuquerque, New Mexico, is visiting his parents, Mr. and Mrs. Arthur Hagens, and family. Junior is stationed in Albuquerque with the Air Force.

The Young People of the Wilson Baptist Church enjoyed fellowship in the home of the Rev. and Mrs. John Martin after church Sunday night.

Agricultural Policy To Be Discussed By Congressman

Congressman Jamie L. Whitten will deliver a major address on agricultural policy at 10:30 A.M. Wednesday, July 20, at the Plains Cooperative Oil Mill in Lubbock, Texas.

Representative Whitten, chairman of the Agricultural Appropriation subcommittee of the U. S. House of Representatives, is an outspoken advocate of disposal of American cotton surpluses through vigorous export action.

The program proposed by Representative Whitten includes sale of U. S. cotton for export at competitive world prices, price supports at 90 percent parity, and protection of domestic markets.

The public is invited to attend this address, a portion of the program of the annual meeting of the area, according to Roy B. Davis, general manager Plains

Cooperative Oil Mill. "Four Season Cotton", a new show featuring the finest in fashion, will be presented the afternoon for the ladies of South Plains.

Garments for the program created by America's leading fashion designers and are being expressed to Lubbock by the National Cotton Council, owners of wardrobe.

Ladies from all sections of South Plains will serve as models. All persons appearing on the program are connected with the cotton industry in this area.

A COMPLETE AUTO SERVICE FOR WILSON

FUN

in the large economy size!

Surprising, how little it takes to put this big dreamboat in your driveway for keeps. And your dollars couldn't begin to buy more pure pleasure anywhere else.

Here's beauty that's putting the high-priced cars in the shade. Here's action that'll have you driving the long way home just for the fun of it. You owe yourself this new Chevrolet. Come in and see how easily you can swing it!

YOU CAN PAY A LOT MORE MONEY AND STILL NOT GET ALL THESE CHEVROLET ADVANTAGES!

Body by Fisher

Found in many of America's costliest cars—you get it only in Chevrolet in the low-price field.

12-Volt Electrical System

Delivers twice the punch for quicker starting in all weather; better ignition for finer performance!

Ball-Race Steering

Special ball bearings in the steering gear reduce friction . . . make steering a lot easier.

High-Level Ventilation

Takes in air above road heat, fumes and dust. A special chamber prevents rain from entering the car, and supplies a more even flow of air.

Outrigger Rear Springs

Spaced wide apart to give you sure-footed stability on curves.

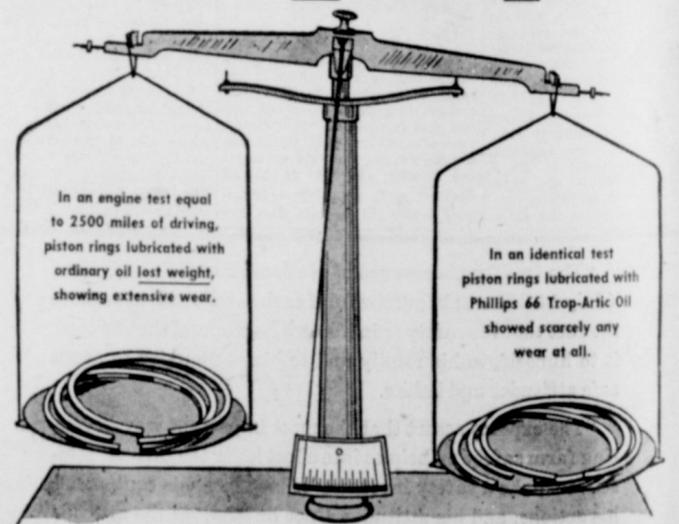

Anti-Dive Braking

Chevrolet's only car in the industry that stops with its head up! An exclusive Chevrolet development greatly reduces "nose down" under sudden stops.

Engine Wear Reduced 40% with Trop-Artic Motor Oil

(THE DIFFERENCE IN WEIGHT IS A DIFFERENCE IN WEAR!)

IT'S PERFORMANCE THAT COUNTS!

The difference in piston ring wear illustrated above proves an important point about the performance of motor oils:

Most engine wear occurs when you first start your car or under stop-and-go driving conditions with an engine that hasn't warmed up. It takes a very special kind of oil to flow quickly and protect your motor when you start, and then to protect moving parts from sludge and varnish after the engine heats up. TROP-ARTIC All-Weather Motor Oil gives you this double protection. Compared to older types of oils, it can even double engine life.

In a motor oil it's performance that counts. And TROP-ARTIC gives super performance! You'll get easier starting . . . save gasoline . . . and you can save 15% to 45% on oil consumption. Get TROP-ARTIC from your Phillips 66 Dealer.

Insects Use Activity

Weather conditions favorable for growth and cotton, such conditions favorable for activity of insects. A considerable acreage of cotton in fruiting stage, which is more attractive to insects and bollworms.

They were reported in light numbers in some fields through-

out the area. Heavy infestations were reported in a few fields in Hale County and in 12 fields in Lamb County.

Thrips were found in light infestation in most fields, with heavy infestations reported in a few fields in Crosby and Lubbock counties. The heavier infestations were generally found with sufficiently heavy fleahopper populations to warrant control of both.

Fleahoppers occurred in damaging infestations in many of the earlier planted fields where insecticides had not been applied. The insects also increased rapidly

in numbers in many later planted fields as cotton reaches the fruiting stage. Such fields should be checked closely and insecticides applied when 15 to 20 fleahoppers are found on 100 terminal buds. Older cotton, which has set considerable fruit, should be watched for both fleahopper infestation and small square shed. Additional insecticide applications may be necessary to insure maximum early fruit set.

Eggs and scattered bollworms were found on cotton in fields in Borden, Lynn, Martin, Mitchell and Terry counties. All fruiting cotton should be checked every 4 to 5 days for eggs and small worms. Where eggs and 4 to 5 worms are found to 100 plants, insecticides should be applied for effective control.

Lygus bugs were found in small numbers in Crosby, Floyd, Hale and Lubbock counties. Grasshoppers moved from grasslands which had not been treated with insecticides, to cotton in a few instances in Swisher County. False wireworms continued to cause damage to roots of cotton plants in Howard County.

For specific information regarding the control of the insects mentioned above, one should consult the 1955 Cotton Insect Control Guide.

Counties covered by this survey are Bailey, Borden, Briscoe, Cochran, Crosby, Castro, Dawson, Deaf Smith, Floyd, Gaines, Garza, Hale, Hockley, Howard, Lamb, Lubbock, Lynn, Martin, Mitchell, Parmer, Randall, Seurry, Swisher, Terry and Yoakum.

Information contained in the cotton insect situation release has been compiled from reports received from county agents, vocational agricultural teachers, personnel of the Texas A&M College System, various branches of the U. S. Department of Agriculture Commercial Cotton Inspectors, Chemical companies and others.

Mr. and Mrs. Paul Warren and three boys of Nazareth visited Sunday with Mrs. Warren's parents, Mr. and Mrs. Frank Kitten.

A little too much money makes big fools of a great many people.

JOY AHOY!—Look with the eyes of childhood, and you'll see that this ship has a crew of pirates, naval heroes and voyagers of all romantic types. The craft is a feature of a new playground in Hamburg, Germany, which makes use of abandoned trolleys, boats and autos to give youngsters the imaginative time of their lives.

If, as is claimed, a maiden's thoughts already have been where a young man finally turns his in the springtime, why hasn't she done something about them earlier?

Approximately 4,000,000 acres of land is occupied by the railroads of the United States. This is an area equal to sixth the size of Indiana.

Premium Increase Offered Exhibitors At Panhandle Fair

LUBBOCK, Texas July—Premiums totaling \$24,034 will be offered at this year's Panhandle South Plains Fair. President John R. Moxley has announced. This is an increase of approximately \$10,000 over the premiums offered last year.

The 84-page annual premium catalogue, mailed this week to 3,000 area residents, reveals the largest hike in premiums to be in the Livestock Department where total awards have been boosted from \$11,213 to \$19,197. The Women's Department and exhibits of Vocational Agriculture also received major premium increases.

In the Cattle Division, the following premiums will be awarded: Aberdeen Angus, \$3,500; Herefords, \$3,320; Milking Shorthorns, \$2,945; Jerseys, \$2,770; and Holsteins, \$2,700. These awards are nearly double the amount offered cattle exhibitors last year.

The Swine Division will receive \$4,032, as compared with \$2,736 presented in 1954.

An increase in the number of classes was a primary factor in the increase shown in the Women's Department. Exhibitors at this year's Fair will be competing for premiums totaling \$1,841.

The Fair is offering \$750 in the Vocational Agriculture and \$525 for Rabbits.

Each county having an agriculture display will receive a \$50 participation award.

General department superintendents for this year's Fair scheduled in Lubbock Sept. 26 through Oct. 1 will be George "Scotty" Samson, Post, agriculture; W. B. Griffin, Tahoka, livestock; and Mrs. Chester Gilmore, Idalou, women's department.

Exhibit entries are now being accepted by the Fair association.

F. H. Dennis, traveling car clerk of Cleburne, spent Tuesday in Slaton on business.

By Vern Sanford
Texas Press Association
AUSTIN, Tex.—Every outward sign of courtroom confidence is being exhibited by Bascom Giles.

His trial on charges of taking \$6,800 from the state, in connection with a Kinney County land deal, got under way July 5. Almost the entire first week was spent in selecting jurors.

More than 50 witnesses were subpoenaed by the state before the trial began, but Giles' attorneys refused to show their hands by issuing early subpoenas.

Testimony is expected to consume the greater part of two weeks.

Giles, who originated the \$100,000,000 veterans land program, and administered it until Jan. 1 of this year, appears to be as cool and confident as any man in the room.

Among those representing him is his son, Rogan. Others are former state senator Clint Small Sr., Clint Small Jr., and Polk Shelton. All are Austin attorneys.

Representing the state is Les Procter, district attorney of Travis County, and his two assistants John Allen and Bob Smith.

Procter sought, but did not receive, funds from the legislature to hire extra staff members for the veterans land program cases.

Representatives from the Attorney General's office sat as spectators as the trial got under way. Procter ducked questions as to why they were not participating.

Brady land dealer B. R. Sheffield, indicted jointly with Giles, in the Kinney County deal, awaits trial after Giles. Trials are yet to come, too, in scores of other cases stemming from the sweeping inquiries into the land program, which began last November.

Desegregation Policy Set

It's "hands off" for the State Board of Education, in racial integration of local school districts.

School districts will get their state aid money whether they are segregated or not.

Although offering the assistance of its staff in solving desegregation problems the board made it clear that no suggestion or direction will be given as to what each school district should do to comply with the U. S. Supreme Court ruling which ended public school segregation.

UT To Open Doors

University of Texas regents took three momentous steps at their July meeting.

1. They voted immediate admission of all qualified students to all divisions of the graduate school.

2. They voted to admit Negro undergraduate students, beginning with the September, 1956 term, in the main university; and at the Texas Western College branch in El Paso, this September. Admission to all other branches will be in September of 1956.

3. They also voted to set up restrictions on all admissions, based on examinations and scholastic requirements, effective in 1956.

UT regents also refused to reconsider their earlier rule which banned from the campus automobiles owned by freshmen and sophomore students.

Interscholastic League Reappraises

Texas public schools which admit Negroes will not be barred from Interscholastic League activities next year.

This ruling, made last week by the league's executive committee, resulted from a petition from the El Paso system regarding its status. El Paso plans to desegregate next fall.

Interscholastic League's constitution, framed before the U. S. Supreme Court's ruling against school segregation, limits membership to "any public white school."

Insurance Rates Lowered

Large industrial plants in Texas were promised lower fire insurance rates when the Insurance Commission adopted a new rating plan "for highly protected risks."

Praising the recently enacted insurance code, the commission said it is "one of the best in the nation" and every loophole in Texas insurance laws "has been closed."

Daniel Still Hedging

U. S. Sen. Price Daniel, in Austin for a few days of visiting, dodged questions about his future political plans.

He declared he had neither "warmed up nor cooled off" in regard to a possible race for the Texas governorship. His decision, he said, cannot be made until after the first of the year.

Short Snorts

Gov. Allan Shivers is on a month's vacation with his family at Woodville. Texas business in May — 177 per cent of the 1947-49 base period. Forty-seven full-time city and county health units now are in operation. They cover 57 counties with 62 per cent of the state's population. Allen Mooney of Woodville was

**Most Modern, Shortest Stroke V8's*
in any leading truck!**

*New Chevrolet Task-Force
Trucks*

Here's the measure of a truly modern V8 engine — Chevrolet's advanced oversquare design. It means less friction . . . greater efficiency . . . longer engine life!

Here are more dollar-saving reasons why new Chevrolet trucks offer you the most modern V8's* your money can buy!

MODERN 12-VOLT ELECTRICAL SYSTEM
Double the punch for quicker starting and more efficient ignition for finer performance.

GAS-SAVING HIGH-COMPRESSION RATIO
With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of gas.

EXTRA-HIGH POWER PER POUND
Since these V8's deliver high power per pound of engine weight, more

power is available for hauling.

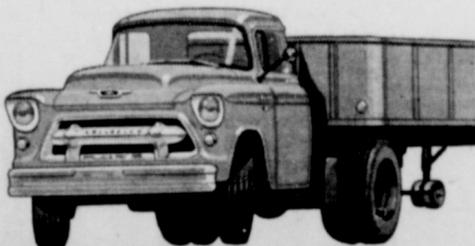

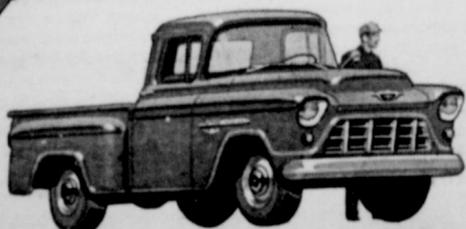

ADVANCED AIRCRAFT-TYPE VALVES
Valve action is more positive for finer, smoother performance.

FLOATING OIL INTAKE . . . FULL-PRESSURE LUBRICATION
Oil intake selects the cleanest oil for positive, full-pressure engine lubrication.

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.

Year after year . . . America's best selling trucks

Thomas J. Reed Funeral Held Here Friday, July 15

Funeral services for Thomas J. Reed were conducted Friday, July 15, at the First Methodist Church with Rev. Willie Fox, Rev. J. B. Sharp and M. E. Blake, officiating.

Reed was united in marriage to Miss Lula M. Davis in Johnson County on Dec. 30, 1897 and they moved to this area in 1910. He farmed until 1945 when he retired. He passed away July 14.

Music was furnished for the service by singers from the Church of Christ and the Primitive Baptist Church.

Pallbearers were Bandy Cash, Raymond Key, J. L. House, O. B. Landmon, Tommy Henderson and Clyde Haragon. Honorary pallbearers were Horace Crumbley, Chas. Whalen, G. C. Clarey and T. S. McClanahan.

He is survived by his widow, Mrs. Lula M. Reed of Slaton, six sons: Virgil L., Littlefield, Clinton D., Alpine, Jewel O., Santa Ana, Calif., Edwin C., Marfa, John L. of Slaton, and Henry L. Clairmont; three daughters: Mrs. Gladys M. Gayden, Lubbock, Mrs. Blanche B. Petty, Arlington, Calif., Mrs. Dorothy D. Hill, Ft. Worth; one brother, Henry L. Reed of Plainview; 21 grandchildren and eight great-grandchildren.

Burial was in Englewood Cemetery in Slaton and funeral arrangements were under the direction of Williams Funeral Home.

"FIX MY PLANT?"—Small boy hopefully watches as Hans Gruhn, municipal "plant doctor" of Frankfurt, Germany, diagnoses ailment of the lad's favorite plant. As many as 100 persons bring ailing vegetation to his arboretum daily, where the fifth-generation horticulturist conducts his "clinic."

Born July 14 to Mr. and Mrs. Isador Cisneros, Rt. 2 Box 90, Slaton, in Mercy Hospital, a boy weighing 7 lbs. 12 1/4 ozs.

Born July 14 to Mr. and Mrs. H. E. Cook, Rt. 1, Slaton, in Mercy Hospital, a girl weighing 6 lbs. 7 ozs.

Born July 14 to Mr. and Mrs. Joe Tucker, 800 W. 1st St., Littlefield, in a Littlefield Hospital, a girl weighing 8 lbs. 2 ozs.

Born July 18 to Mr. and Mrs. Alfred Torres, Box 500, Slaton, in Mercy Hospital, a girl weighing 4 lbs.

Guests in the home of Mr. and Mrs. Dock McGuire last week were their daughters, Mrs. James Robertson, of Lubbock and Mrs. George Taylor, of San Antonio and their families, and their sons, A. R. McGuire, of Muleshoe and John McGuire, of Odessa and their families.

Mr. and Mrs. Keith Price and children and Mrs. I. E. McCarver and children went to Dallas Monday to attend funeral services for Mrs. Price's father, D. R. Reed. They returned to Slaton Tuesday night.

WANT ADS GET RESULTS

MAMALESS MEAL—This little piggy is going to market, but not until long after he's been weaned on a new, dry-meal diet developed by Petrus J. Geerling, who is holding him. The Chicagoan says that feed tubs pictured represent sufficient food to wean one piglet, could increase pork production by 25 per cent at less cost than usual weaning methods.

Motorists Warned To Take Care On Vacation Trips

"You may be a pretty capable driver around the old home town, but that's no guarantee you'll know your way around on your vacation trip."

That was Mr. McFadden's message to motorists today as he urged them to be prepared to meet unfamiliar conditions and situations when visiting other parts of the country.

Mr. McFadden of Dallas, Vice-President of Employers' Casualty Company and President of the Texas Safety Association, Inc., calls the public's attention to the safe vacation driving program of the Texas Safety Association, the Department of Public Safety and the National Safety Council.

"People grow accustomed to local driving conditions and are sometimes not sufficiently impressed with the necessity for coping with unfamiliar conditions when they drive away from home," Mr. McFadden said. "This can lead to serious traffic accidents."

He touched on some of the things motorists should be aware of before they undertake a motor trip.

"Level stretches of road, because they appear easy to drive, can encourage dangerously high speeds, cause sleepiness or give the driver a false sense of security," he said.

He pointed out that mountain driving sometimes causes drivers to hug the center line too closely. He advised drivers to be careful

to keep in his own lane and to be prepared for narrow roads, sharp curves and narrow bridges. He also reminded them that visibility may be poor in valleys or near rivers because of fog or mist.

Mr. McFadden had a special word for vacationers passing through open range areas. He warned them to watch out for animals in the road and to be especially careful at night because animals may be blinded by lights.

"A cardinal rule is to know and obey the traffic rules and regulations of the place you visit," Mr. McFadden said. "And, of course,

you must always drive at speeds that are prevailing conditions."

Mrs. L. T. Lumpkin visited last week with her daughter-in-law, Mr. and Mrs. Lumpkin.

Don Crow and R. E. the week end at Slaton, a fishing trip.

YOUR MOTORING

This latest addition to your community is in business to give you the finest in automotive products, and courteous service—to make your motoring an increasingly pleasant experience.

It features with pride the brilliant new Mercury, the outstanding value and performance car in the medium-price field. Mercury offers new 198 and 188 horsepower overhead valve V-8

engines, ball-joint front suspension, and many other advancements for greater performance and smoother ride. You have your choice of three beautiful series: the Montclair, the Monterey, and the Custom. Available too, as options, are new Merc-O-Matic Drive, power steering, power brakes, four-way power seat, and power window lifts.

You'll also want to take advantage

of the modern service department. Registered Mechanics give you prompt, courteous attention—and they have the latest equipment and factory-recommended procedures for the care of your car—at reasonable prices.

Why not stop in soon and see all of this new Mercury center? You'll enjoy meeting and doing business with the friendly folks in charge.

MERCURY DIVISION • FORD MOTOR COMPANY

Winona Pike has just returned from Galveston and Texas where she visited in the home of her mother, Mrs. S. B. Neale. Winona and Darlene Neale, Winona and Darlene were classmates at SBI in the first year. They were in a musical ensemble and traveled in the first of the school.

Mr. and Mrs. E. R. Legg returned last week from a three week tour to Black Lake in Louisiana where they went fishing. They were accompanied by Mrs. Legg's mother, Mrs. N. Robinson, in Athens and Mrs. Jeanette McDonald in Dallas.

Walter spent the week end with his parents, in Levelland.

Marcus L. Elder Buried Sunday At Englewood

Funeral services were conducted Sunday for Marcus L. Elder, 86, a resident of Slaton for more than 31 years. Mr. Elder died at the home of a son, Grady Elder, July 16.

Services were conducted from the First Baptist Church of Slaton, with the Rev. W. F. Ferguson, officiating. He was assisted by the Rev. J. T. Bolding. Services were held at 4 p.m.

Burial was in Englewood Cemetery under the direction of Williams Funeral Home of Slaton.

Elder was born in Raleigh, N. C., Nov. 19, 1868 and had been a resident of Texas for 81 years.

DR. ALLISON SPEAKS TO TB GROUP

Dr. Richard F. Allison, superintendent of the McKnight State TB Hospital at Sanatorium, Texas, was the luncheon speaker at the Lubbock County Tuberculosis Association meeting held in the Navajo Room of the Caprock Hotel in Lubbock on Friday, July 15, at 12 noon.

In his talk, Dr. Allison told of the mistaken idea the general public has concerning Tuberculosis as they think the disease is whipped. He estimates there are 100,000 cases of TB in Texas. He pointed out that 41% of the patients who left McKnight Hospital in 1954 left against medical advice.

He made a plea for increased appropriations to State hospitals, health departments and welfare organizations.

Dr. John Selby, president of the association, was in charge of the meeting. Those attending from Slaton were George Green, Dr. Glen Payne, Melvin Kunkel, Mrs. Rosa Owens and Mrs. J. J. Maxey.

Survivors include four daughters, Mrs. E. E. Maxey of Marlow, Okla., Mrs. A. C. Williams of Seagraves, Mrs. O. C. Clark and Mrs. W. O. Schilling both of Slaton; three sons, Grady and Tom of Slaton and Albert of Brownfield; a sister, Mrs. Betty Culwell of Hale Center; two brothers, Elmore of Wichita Falls and children and 26 great-grandchildren.

Pallbearers were: Elbert Wilson, C. C. Kenney, Walter Smith, R. R. Gentry, Bart Jones, and Raymond Maulden.

Miss Shirley Perry of Dublin is spending this week in the home of her uncle, Francis Perry, and Mrs. Perry.

Jimmy Vickers of San Angelo is visiting his father, Jim Vickers, and Mrs. Vickers.

Eugene Holt Funeral Here July 8th

Funeral services were conducted for Eugene Holt of Slaton at 3 p.m. in the First Baptist Church July 8 here in Slaton.

The Rev. W. F. Ferguson of Lubbock, assisted by the Rev. Bryan Ross, conducted the services.

A retired farmer, Mr. Holt was born March 12, 1869 in Tennessee and came to the South Plains in 1916.

Mr. Holt died in Slaton at the home of his son, Roy, at 755 So. 13th, following a long illness.

Burial was in Englewood Cemetery in Slaton and funeral arrangements were under the direction of Williams Funeral Home.

Pallbearers were: Travis Reynolds, Key Ely, Joe Teague III, Robert Lee, Bill Chriesman, and Sed Meadors.

Survivors include: two sons, Clarence and Roy; four grandchildren, Mrs. Jack Dickson, Lubbock, Mrs. Donald Bownds, Jerry and Danny Holt all of Slaton.

Mr. and Mrs. J. A. Elliott have been visiting with their daughter and son-in-law, Mr. and Mrs. John Schide in Powell, Wyoming. They are expected home this week end.

The Rev. and Mrs. Bryan Ross and Mrs. Ray Belt attended the Sunday School session at the Baptist Encampment at Glorietta last week and this week.

Mr. and Mrs. Vasker Browning and Mary Frances returned last Wednesday from Colorado where they had been for a week.

Mrs. Ella Sears of Snyder is visiting in the home of her niece, Mrs. T. P. Keane.

Funeral Services Held For Brother Of Slaton Resident

Funeral services were conducted Thursday for W. K. Dickinson Jr., 61, brother of Mrs. Fred Whitehead of Slaton. Services for the Lubbock resident were held at 3 p.m. in the Rix Funeral Chapel in Lubbock.

The Rev. Jordan Grooms, pastor of the First Methodist Church, Big Spring, officiated at the services. Burial was in the City of Lubbock Cemetery under the direction of Rix Funeral Home.

Mr. Dickinson died at 11:53 a.m. Wednesday in Taylor hospital after an illness of about six months. He had been a patient at the hospital several times.

Dickinson moved to Lubbock from Cameron in 1909 and lived about six miles east of Lubbock. He later met and married the former Stella Lee after moving into the city of Lubbock. Following his marriage, he maintained homes in Lubbock and Tatum. He was a rancher, raising cattle and sheep.

His parents, the former Mr. and Mrs. Dickinson Sr. were pioneer residents of Lubbock.

He is survived by: his wife; two sons, Granville of Roswell and Rayfield of Tatum; one daughter, Mrs. Al Parrott, whose husband has recently returned from Japan where he is stationed, he is a lieutenant colonel.

Three sisters, Mrs. Fred Whitehead of Slaton, Mrs. Jarry Clayton of Lovington, N. M., and Miss Bernice Dickinson, Lubbock; and one brother, Byron C. Dickinson of Dallas.

Pallbearers will be Bill Ed Watson, Jerry Fulton, Bryan Fort, F. C. Durkins, Owen Simmonds, John Jarrott, Sylvan Sanders and Glenn Wilkerson.

Murphys Tour Six States

Mr. and Mrs. Roy Murphy, Larry, Billy and Mike and Mrs. Murphy's brother, Bobby Fredrick, of Weatherford returned Sunday from a 3,000 mile trip through Colorado, Wyoming, Montana, Idaho, Utah and New Mexico. They made a tour through Yellowstone National Park and the boys counted 53 bears in about four hours. Camping out at night was enjoyed by all even when it meant sleeping by the side of a snow bank. A tour around Salt Lake City, Utah, revealed the Mormon Temple and flower gardens and a swim in the Great Salt Lake. A day spent in the Mesa Verde National Park in Colorado gave them a chance to do some hiking and exploring in the old cliff dwellings and pueblos. The most enjoyable part of the trip, according to the group, as being able to see so much beautiful scenery and feel cool mountain breezes all during the day.

Mr. and Mrs. O. E. Patterson and two children, Carolyn and Otis Neill, of Olton visited Sunday with Mr. Patterson's mother, Mrs. Fannie Patterson.

Get your FORD now...

YOU GET ...

- More car for your money!
- Top dollar for your present car!
- Top resale price when it comes time to sell!

Come in during our SUMMER BANDWAGON Sell-a-bration

and SAVE 3 WAYS!

It's a fact! You can actually save money by buying your new Ford now during our Summer Bandwagon Sell-a-bration... now while we're giving top "Sell-a-bration" deals! You save 3 ways!

In the first place, you get the car that sells more because it's worth more. The '55 Ford features styling inspired by the Thunderbird... reassuring, quick-action Trigger-Torque "Go"... and a brand-new, smooth-new Angle-Poised ride. There's nothing like it on the road!

Next, you get more money for your present car because we're out to chalk up new sales records and we want your business! Fords are selling at a leadership pace and you get the benefits. And remember this—your present car will never be worth more in trade than it is right now!

In addition, you may expect an extra dividend later. For years, Fords have returned a higher proportion of their original cost at resale than any other low-priced car.

Come in Today!

DIANE HONORS CLASS WITH WEINER ROAST

Diane McMeekan entertained her Sunday School Class of the Church of Christ in the backyard of her home at 310 So. 5th St., with a wiener roast on Monday evening, July 18. Her parents, Mr. and Mrs. J. E. McKeekan, helped her entertain.

Children of the class, who played games and roasted wieners, were Adelia and Anita Chambers, Deborah and Jimmy Gudgel, Mack and Janice Mosley, Karen Kay and Gary Jones and Charlette White. Two guests were Kale and Vicki Roche. Adults attending were Mrs. C. E. Warder, Mr. and Mrs. Micky Blake, Mr. and Mrs. Walter Gudgel, Mrs. Bobby Mosley, Mrs. Kenneth Jones, Mrs. W. L. White, Miss Murline Holdren and the hosts.

Dinner Party Held In Perry Home

Mr. and Mrs. F. E. Perry were hosts at a dinner party on Saturday evening honoring their son, Richard, and John Vrdolyak of Chicago, who was a week end guest in their home.

Those attending were Bill Campbell of Elizabeth, N. J., Choisee Shofner, Kathy O'Neal, LaVerne Vogler all of Lamesa, Pasty Holloman, Shirley Saage, Bonnie Taylor, Sylvia South, Phil Brewer, Mike Watkins all of Slaton, Mrs. H. W. Cooper of Arlington and the honorees, who are stationed at Sandia Base at Albuquerque.

Waistline Party Held Methodist Church Is Very Successful

"Lots of ice cream and cake and a good time," was the report from a representative of the MYF of the First Methodist Church on their Waistline Party held last Friday, July 15, at 7:30 p.m., in Fellowship Hall at the church.

At this party, entrance was secured by paying two cents for each inch around the waist. They cleared about \$45 and as yet they have not made definite plans concerning the money as they have several projects in mind.

Judy Thomas acted as mistress of ceremonies and posed as the "man on the moon" who supposedly looked down and saw parts on the program. Dorothy Heaton played the part of a medicine man. Tracy Crawford of Lamesa sang "Donkey Serenade". Jerry Hitt of Southland played piano selections and Jerry Reynolds and Stanley White gave a barber shop skit.

Mrs. Jerry Garrett Complimented By Bridal Shower

Mrs. Jerry Garrett the former Mona Ruth Campbell, was honored with a bridal shower Monday night in the home of Mrs. E. O. Montgomery.

The honoree was presented a corsage of yellow shasta daisies. Miss Shirley Campbell, sister of the honoree, registered guests.

The serving table, which was laid with a lace cloth, was decorated with gladioluses and bells of Ireland. Spring flowers and a shower tree decorated the living room. Mrs. Homer Campbell Jr., sister-in-law, of the honoree, poured the green frosted punch. Cookies and mints were also served.

Approximately 45 guests called between the hours of 7 and 9 o'clock.

Elterman Home Scene of Party Thursday

The Floyd Elterman home was the scene of a bridge party and a surprise stork shower honoring Mrs. Dick Cheatham on Thursday, July 14. Hostesses were Mrs. Norman Spears, Mrs. Ted Swanner and Mrs. Elterman.

Those attending were the honoree, Mesdames Bryan Sartain, Fred H. Schmidt, Bill Maycumber, H. R. King, Bobby Edmondson, Ray Talbot, Walter Mosser, Weldon Meador, Joe Miles, Alex Webb, Don Crow, H. M. England, Ronald McCormick, Richard Wilkinson, Carter Caldwell and Bill Smith and Misses Iva Ruth Crowley and Dorothy Jones.

Mrs. Hugo Mosser and children visited last week in Childress with her sister, Mrs. Johnny Graves and family. Vicki Graves returned home with her and will visit here for two weeks.

Mr. and Mrs. Ray O'Conner and Mr. and Mrs. Vasker Browning and Mary Frances visited Mr. and Mrs. L. G. Bailey in Woodrow, Sunday.

Mr. and Mrs. Arthur Kahlich and family visited Sunday in Muleshoe with Mr. and Mrs. Gene Foerster.

Nita Ward underwent surgery in Mercy Hospital last week.

Mr. and Mrs. G. E. Mix of Roswell, N. M. visited Monday with Mr. and Mrs. Hoyt Meador. Mrs. Mix is Mrs. Meador's sister.

Carter Caldwell is a patient in the Methodist Hospital in Lubbock.

Mr. and Mrs. Raymond Mounce and children of Levelland visited Sunday with Mrs. Mounce's sister, Mrs. M. M. Moseley, and family.

Mr. and Mrs. Ted Keese and two children and Mr. and Mrs. Paul Whitney and three children of Lubbock spent from Friday until Monday in San Angelo. They went on a fishing trip but reported no fish.

WORKERS MEET ATTENDED BY 55 METHODISTS

A Workers Conference for all the workers of the church school of the First Methodist Church was held Monday, July 18, in Fellowship Hall at the church.

After a covered dish supper, a panel discussion was led by P. L. Vardy Jr., Sylvia South and Mrs. Bill Layne on "Attendance in the Church School". These three represented the adult, youth and children's divisions of the school. Fifty-five were present.

Miss Dorothy Gravell

AUG. WEDDING IS PLANNED

Mr. and Mrs. C. E. Gravell announce the engagement and approaching marriage of their daughter, Dorothy Jo, to J. R. Brush, son of Mr. and Mrs. W. C. Brush. The ceremony is to be read in the home of the bride-elect at 915 West Jean on Aug. 10 at 10 a.m.

Miss Gravell is a 1954 graduate of Slaton High School and was formerly employed by the Slaton Motor Co. The groom-to-be served with the Army during the Korean conflict and is now associated with Brush Motor Freight.

Royal Service Held In Bolding Home

WMS of the First Baptist Church met for their Royal Service program in the home of Mrs. J. T. Bolding Monday, July 18, at 8 p.m.

Mrs. Dudley Berry brought the devotion and Mrs. L. O. Lemon gave the program on the "Baptist World Alliance" which is in session in London at the present.

The Ann Judson Circle, composed of young women of the church, served refreshments to 13 members, who were present.

Mr. and Mrs. Bill Burton of Lubbock visited Sunday with Mrs. Burton's mother, Mrs. Louis Mosser.

John Dodson visited last week and part of this week in Amarillo with his sister, Mrs. Jack Maples, and family.

Mrs. MAGNUS KLATTENHOFF is shown as she prepares a dessert plate using her Pineapple-Orange Sherbet and serving a piece of plain Buttermilk Cake to set off this delicious sherbet.

Slaton Women Give Their Favorite Tested Recipes

Mrs. Magnus Klattenhoff chose her recipe for Pineapple-Orange Sherbet as it is a favorite dessert used for her family in the summer and is also nice for a party. She says it is very easy to prepare and of course can be prepared day or so before.

Pineapple-Orange Sherbet

1 1/2 cup sugar
1 cup water
1 cup orange juice
1/2 cups whipping cream
1 small can crushed pineapple
Juice of 1 lemon

Method: Put the sugar and water in a sauce pan and boil. Cool and add orange juice and the pineapple. Pour into refrigerator trays and freeze. Remove from trays and beat thoroughly. Whip the cream to a consistency and fold into the frozen mixture. Return to trays and freeze.

Mrs. Klattenhoff, who is a busy mother of two teenage children, was reared in Abilene and is a graduate from the Academy at Abilene Christian College and did her college work there and at McMurry, where she received her

degree. Before her marriage she taught school for ten years at Anson and Posey and says she loved teaching.

While teaching at Posey she met Mack and they were married in 1937. Their children, Mary Ann and Mackie, are both students in Slaton High School. Mary Ann is 16 and is a junior in high school and Mackie is 14 and will be a freshman this fall. Mary Ann and Mackie are both members of the band and Mary Ann plays the piano and organ. She plays part of the time for the Lutheran Church.

In the past Mrs. Klattenhoff has been a very active member of the Elementary P. T. A. and for one term was president. The Klattenhoffs are members of the First Methodist Church. She says she does not have time for many activities away from home as she keeps busy with her housework and she sews for her daughter. Sewing is a hobby Myrtle enjoys and one she is very adept in.

Miss Mary Ann Tongate

Tongate-Walter Wedding To Be August 6

Announcement of the engagement and approaching marriage of Miss Mary Ann Tongate of Waco and Clyde C. (Bill) Walter of Slaton was made at a tea held in the home of the bride-elect's parents at 1806 Windsor Drive in Waco on Thursday, July 14. The couple's parents are Mr. and Mrs. James M. Tongate and Mr. and Mrs. Clyde A. Walters of Levelland.

The ceremony is to be read on Aug. 6, at 8 p.m. in the St. John's Methodist Church in Waco. Miss Tongate is a graduate of Waco High School and is a junior journalism student at Texas Tech. She recently worked as news editor of the Brownfield News-Herald. He is editor of the Slaton Slatonite.

Walter is a graduate of Levelland High School and received his degree in Journalism this spring from Texas Tech. They will make their home in Slaton.

Wilson Home Scene Mes Amies Club Meeting, Friday

The Mes Amies Club met for their regular meeting Friday, July 15, in the home of Mrs. Douglas Wilson with Mrs. Charlie Walton as co-hostess.

Mrs. June Spikes presided in the absence of the president.

Aug. 14 was selected as the date for the annual picnic for the members, their families and guests. It will be at the County Park at 5 p. m. The arrangement committee pointed was Mrs. J. P. Haliburton, chairman, Mrs. Edward Caldwell and Mrs. C. E. McCoy.

A salad plate was served buffet style to Mesdames Joe Belote, Gordon Burrell, Joel Neugebauer, V. B. Buxkemper, J. M. Mullins Jr., Earl Eblen, Spikes and one guest, Mrs. Floyd Elterman.

Hugo Mosser went to Farmington, N. M. last week on business.

WHY DO MORE PEOPLE BUY MORE COMPLETE HOME FURNISHINGS AT HOME FURNITURE COMPANY THAN ANY OTHER STORE ITS SIZE IN THE ENTIRE SOUTH PLAINS?

POSSIBLY BECAUSE—
We have always realized that the "Sweetness of Low Prices Will Not Offset The Bitterness of Poor Quality" and as a result we offer the best value for your \$\$\$ that it is possible to get in the American market.

POSSIBLY BECAUSE—
We take a great amount of PRIDE in helping each person to select just the right style and color for their HOME and as a result we strive to be SPECIALISTS in the HOME Furnishing business.

POSSIBLY BECAUSE—
We fully Guarantee merchandise—backed by the manufacturer's warranty and our desire to have only satisfied customers.

POSSIBLY BECAUSE—
We realize service is as much a part of merchandising as product knowledge or price and terms and as a result we go to great expense to service our products, so you can buy our merchandise with confidence.

POSSIBLY BECAUSE—
We were among the first to realize that no set terms would fit everyone's budget, as a result we have a Flexible Credit Operation with each Customer helping us to work out terms to fit their own individual case.

POSSIBLY BECAUSE—
We want your business and have said so many times, in our advertising, the way we treat you, our efforts to meet your demands and the values we offer. Maybe it's because we try so hard to please. Nothing gives us more pleasure than to have some one say "I sure like that furniture you sold me," and it has happened a lot of times.

Order Eastern Star 40th Anniversary Celebrated Tuesday

Slaton Chapter No. 585 of the Order of Eastern Star celebrated its 40th birthday anniversary at a regular meeting held in the Masonic Hall Tuesday, July 12.

The chapter was organized July 6, 1915 with 20 members. Mrs. L. W. Smith is the only charter member now residing in Slaton. She is also a past matron.

The past matrons and past patrons were honor guests for the occasion.

Refreshments were served from a tea table laid with a white net cloth placed over white satin. A floral arrangement of white daisies and white gladioluses centered the table and were flanked by white tapers in crystal holders. Crystal appointments were used. The birthday cake was star-shaped in white and decorated in pink roses and lilies of the valley. Pink and silver, the chosen colors for the years, were carried out in the decorations and cake.

Presiding over the punch bowl was Mrs. Max Arrants while Mrs. Abe Kessel served the cake. Mrs. H. A. Bryant pinned corsages on all the guests. About 75 attended.

Mrs. Allen Crowley was the program leader. The hosts and hostesses were Mrs. Curtis Dowell, Mrs. A. L. Clifton, Mrs. Kessel, Mr. and Mrs. Bryant, Mr. and Mrs. O. N. Alcorn, Mr. and Mrs. Sam Wilson and Mr. and Mrs. Arrants.

Losers Entertain Winners With a Chicken Dinner

Young Adult Sunday School Class of the First Christian Church had a chicken supper on the lawn of the church on Thursday evening, July 14. They recently had a contest and the losers entertained the winners with this supper.

There are 22 couples who are members of the class and 20 couples and their families attended. Also three couples were guests making a total of 64 present.

Mrs. Earl Neasoner is the teacher of this group.

Mr. and Mrs. E. L. Jones of Abernathy visited Mr. and Mrs. Charles Meeks last Sunday.

Gardening Hints For The Week

Pinch off the lateral stems in DAHLIAS to throw the growth into those that will bear the flowers at the top of the plants.

SWEET PEAS will continue to flower if they are well watered and heavily mulched to keep the ground cool, and if no blossoms are allowed to go to seed.

The blooming season of CAM PANULA PERSICIFOLIA and C. PYRAMIDALIS can be extended by clipping off the separate blossoms as they wither.

Breakfast Honors Susanna Class Of Methodist Church

Mrs. W. R. Wilson and Mrs. C. S. Wilkinson were co-hostesses at a breakfast given on the patio of the Wilson home at 225 So. 10th St., honoring the Susanna Class of the First Methodist Church on Wednesday, July 20, at 8:30 a. m.

Mrs. T. A. Turner, president, presided over the business meeting. The invocation was given by the Rev. J. B. Sharp and Mrs. C. A. Womack brought the devotion and prayer.

Members and associate members attending were Mesdames L. C. Odum, R. H. Todd Sr., the class teacher, E. R. Legg, F. A. Drewry, Turner, M. L. German, Womack, H. T. Scurlock, Bill Layne, A. E. Whitehead, S. H. Adams, W. L. Holloman, W. L. Blaylock, Fred Tudor, F. E. Perry, Elmer Crabtree and Martin Collins. Guests present were the Rev. and Mrs. Sharp, Mrs. Rose Lesenby of Ft. Worth, Mrs. H. W. Cooper of Arlington and Mr. Wilson.

Chicken Barbecue Held

Single Young Adults of the Methodist Church had a barbecued chicken supper at the County Park Monday, July 18, with 19 attending. They are planning a miniature golf party for next Monday, July 25, and request all single adults of Slaton to come. Ice Cream and cake will be served according to Miss Sylvia South.

Card of Thanks

We are sincerely grateful to the doctors of McSween Clinic and the nurses of Mercy Hospital for their attention and kindnesses during the illness and passing of our loved one.

The family of T. J. Reed

Area Sweet Potato Producers-Sellers To Meet July 20

AUSTIN—South Plains sweet potato producers and sellers will have an opportunity to express their views in a new law effecting their industry at a meeting scheduled in Lubbock Wednesday, July 20, by Agriculture Commissioner John White.

A public hearing is set for 10 o'clock in the morning, July 20, Texas Technological College. Commissioner White of Austin and South Plains employees of the Texas Department of Agriculture will be present to answer questions on the Sweet Potato Law passed during the recent session of the Legislature.

"I want to consult with men in the industry and hear their opinions on how the law should be administered," White said. The law becomes effective Sept. 1. Rules and regulations must be set up by the department before that time.

Purpose of the law is to assure a more uniform quality of Texas sweet potatoes offered for sale. Inspection of crops is necessary if Texas is to compete with other states on the market.

All persons interested in the sweet potato industry are urged by Commissioner White to attend the meeting.

Fattening Cattle Need Salt

"Fattening cattle should consume from half to one and a half ounces of salt per head daily, depending upon the kinds of feeds used and the age of the animals," says U. D. Thomson, extension animal husbandman.

Keep loose granulated salt before the animals at all times. Salt in this form is more satisfactory than compressed block salt or rock salt, he says.

Salt will be used more economically from self-feeding box with a roof for protection from rain.

It's a mistake to withhold salt from cattle toward the close of the feeding period. Though this may cause the animals to drink more water at market, buyers usually are able to estimate closely the amount of fill in the cattle.

Mr. and Mrs. Albert Mosser of Gainesville visited last week with Mrs. Louis Mosser. They all made a trip to Midland to visit Mr. and Mrs. Don Gaither and to Carlsbad and visited Mr. and Mrs. Joe Shelton and went through the Caverns. Deborah Kayser accompanied them to Carlsbad. From Slaton the Mossers went to Colorado.

London's Wall Street is called Lombard Street.

"It's Easy to Cook-

When the Range is ELECTRIC!"

says **MRS. M. H. SANDERS** of **ARTESIA, NEW MEXICO**

"I wouldn't trade my electric range for any other type of cooking in the world. It's so easy to cook electrically. The oven bakes wonderful cakes. The deep well is keen for beans, stews, and foods like that, and everything is done so evenly when I use the broiler."

You'll eventually cook electrically, for it's the modern way. Why not now?

A **REDDY KLOWATT** HOMEMAKER

PUBLIC SERVICE

When you cook on a surface element on an electric range, all the heat goes into the pan — it cooks the food. And, in an electric range oven there's complete insulation, no oxygen is needed to support flameless cooking.

The result? Cool, clean cooking, and the best meals you ever prepared.

REMEMBER — IN RANGES AS IN ALL OTHER HOME APPLIANCES — IF IT'S MODERN, IT'S ELECTRIC.

ASK FOR A FREE DEMONSTRATION FROM YOUR REDDY KLOWATT DEALER

News Of Slaton Men In Service

Pvt. Louis C. Strube

Strube in Germany

Pvt. Louis C. Strube, son of Mr. and Mrs. F. A. Strube, landed in Germany June 29 after eight days at sea. He told his parents in a recent letter that he was only seasick one half day, and really enjoyed the trip over. He has been moved from camp to camp but thinks he is located now at Worms, Ger. He says the country is beautiful. His address is Pvt. Louis C. Strube US54166562, 12th Arm. Inf. B. N., A. P. O. 28, New York, N. Y.

Raymond Turner, son of Mr. and Mrs. L. S. Turner, received his release from the Marine Corp on Friday, July 15, and returned to his home here on Monday, July 18. Raymond was a corporal at the time of his release. He says he is really glad to be at home.

C. P. L. James M. Barton has recently been promoted to a "Radar Specialist" and is now S. P. Barton. He and his wife, Shirley, reside in Hawaii and plan to be home in November.

Mrs. F. B. Dement and her grandson, Clinton Wayne Bullard, of Amarillo are visiting Mr. and Mrs. H. G. Moore. Mrs. Dement is Mrs. Moore's mother.

Mr. and Mrs. Alvin Owen of Pasadena, Texas visited the Rev. and Mrs. J. T. Bolding Saturday afternoon.

Mr. and Mrs. T. R. Hendrix and children are visiting in Albuquerque, N. M. and Pecos, where they plan to do some fishing

Lt. Col. L. M. Garrigues

Garrigues Assumes New Job

Lt. Colonel Lester M. Garrigues arrived at Headquarters, Central Air Defense Force, Grandview Air Force Base, Missouri this week to take over his new job as Manpower Management officer. Prior to his assignment at CADF, Col. Garrigues served as Ground Observer Corps Coordinator for the State of South Dakota.

A resident of Slaton, Texas, Colonel Garrigues first entered the service in 1941 as a second lieutenant and served as personnel officer during WW II in the China-Burma-India Theater of operations.

After the war, Col. Garrigues was ordered to Japan where he served as Deputy for personnel with the 8th Fighter Wing.

A graduate of the Air Command and Staff School, Colonel Garrigues is married to the former Helen Nicks of Houston, Texas. The family will reside at 4409, 138th Street, Grandview, Missouri. They have two children, Stephan, 11, and Margie age 5. Colonel Garrigues is the son of Mr. and Mrs. C. L. Garrigues of Slaton.

Cotton Defoliation Methods Discussed

COLLEGE STATION, July—The ever-increasing use of machine in the harvesting of cotton has also increased the use of defoliant and desiccants. The success or failure of the job, says Fred C. Elliott, extension cotton specialist, depends on several factors. These include the characteristics of the chemicals and the rate and volume applied; method of application; climatic conditions, especially moisture and temperature, cultural

practices, such as fertilization and plant density and the varieties grown.

Under conditions of normal growth and dew plentiful, Elliott says calcium cyanamide dust should give good results. The material should be applied when plants are wet with dew and remain in leaf moisture for at least two hours and preferably four.

If dew is not present and with lower soil moisture and windier conditions, the specialist says various chlorates work better. Good to excellent results have been obtained from a mixture—half the amino triazole, endothol and recommended rate of amino triazole with one of the water soluble defoliant also at half the recommended rate—applied as a spray. This new material acts as a growth retarder and will be available for use this year.

As desiccants for use in connection with stripper harvest, Elliott recommends the use of "Penta" formulations or Cotton Defoliant 713-D. These materials are suggested for dry conditions where the sub-soil moisture is low and the plants small. These materials should not be used if harvesting is to be done with a spindle type picker, and only after 90 percent of the bolls are open.

Elliott suggests to any cotton producer interested in detailed information on cotton defoliation, visit to the local county agent's office. Ask for a copy of L-145, Cotton Defoliation Guide in Texas. The leaflet has recently been revised. It may also be obtained from the Agricultural Information Office, College Station.

Mr. and Mrs. Harmon Thompson and Jane returned home Sunday after spending 10 days in Los Angeles and Long Beach, Calif. While they were in Los Angeles they attended the Furniture Market.

Values Higher On Farm, Ranch Land In Texas

Purchase price of Texas farm and ranch land in 1954 was two percent more than in 1953, or an average of \$72.20 and acre.

Although this slight gain represented a new price level, the number of sales dropped to the lowest level since 1940 and the acreage transferred was the smallest in land market record history.

"Continued drought, decreases in agricultural prices, acreage allotments and 'tight' holdings of land tended to depress land market activity," William G. Adkins, agricultural economist at Texas A & M. College, explained. Fewer Veterans Land Board purchases and modifications of that program helped push the sales volume down.

Attempts to enlarge units, demand for irrigated acreage, mineral activity and urban and industrial development were factors tending to increase market activity.

Adkins reported that owner-operators were the principal buyers in 1954 and farm size continued to grow. Tenants made only 10 percent of the purchases. "Family-type" farm units continued to be in strong demand, bringing premium prices.

Land price increases were most significant in the Panhandle wheat, High Plains cotton and Lower Rio Grande Valley areas. Price declines were notable in the upper Rio Grande Valley irrigated area, the Post-Oak country and in the Rolling Plains.

TOWARD A MORE PROSPEROUS COMMUNITY

All margins for the operation of the Plains Cooperative Oil Mill are refunded to the South Plains cotton producers who send their seed to the mill.

This year \$229,813.87 in cash, and stock that will be redeemed for cash, has been refunded to Lubbock County cotton producers.

This sum represents the increase in value of Lubbock County cottonseed after it has been processed by the Plains Cooperative Oil Mill. Every dollar of this increase in value is refunded to the farmer who produced the cottonseed.

This money, after income taxes have been paid on the entire amount, will be spent by Lubbock County farmers for Lubbock County goods and services.

This \$229,813.87 will help build a more prosperous community.

Canadian River Municipal Water Authority Notice of Intention TO THE HONORABLE MAYORS of the cities of Amarillo, Lubbock, Borger, Lamesa, Levelland, Pampa, Plainview, O'Donnell, Slaton, Brownfield and Tahoka, Texas, and to all qualified voters who reside in the Canadian River Municipal Water Authority, who own taxable property therein and who have duly rendered the same for taxation:

Notice IS HEREBY GIVEN, in accordance with the provisions of law pertaining thereto, that on the 8th day of August, 1955, the Board of Directors of the Canadian River Municipal Water Authority will pass a resolution calling an election to be held throughout said Authority for the authorization of the \$76,000,000 revenue supported bonds of the Authority, to be issued for the purpose of financing the construction of the water supply and distribution facilities which have now been determined upon by the Board of Directors, and which have been found feasible by its engineers, and for the purpose of paying all necessary expenses incidental thereto which may lawfully be paid from the proceeds of said bonds. The Authority now contemplates that \$2,000,000 of the said \$76,000,000 bond authorization will be first issued and sold for the purpose of defraying the Authority's administrative expenses and to finalize engineering details, etc., as hereafter mentioned. This will afford the Authority accurate cost estimates of the construction as a basis upon which to determine the price which the Authority must charge for water to be delivered by it to its constituent Cities, and to others who may contract with it in that respect, prior to the issuance and sale of any portion of the remainder of the \$76,000,000 authorization. The issuance and sale of such remainder will depend upon favorable indications in the foregoing respect.

A summary of the work and improvements necessary to deliver water to each of the constituent or member cities of the Authority is as follows:

1. The finalizing of engineering details preliminary to construction of the Authority's Project, procurement of land options, easements and right-of-ways, determination of relocations for existing roads and other facilities, the estimated cost of which is approximately \$2,000,000.

2. The construction of a dam or reservoir on the Canadian River near Sanford, Texas, having approximately 500,000 acre feet of conservation storage, approximately 450,000 acre feet of sediment storage, approximately 11,600 acre feet of dead storage, and a dependable yield of approximately 144,000 acre feet of water per annum.

3. The construction of a water purification plant.

4. The construction of an aqueduct or pipe line system from the reservoir and purification plant to the constituent cities, and to others who may contract with the Authority for water.

5. The construction of pumping stations.

6. The purchase of all other materials, machinery, property and property rights and construction of all other facilities, as are incidental and necessary to the accomplishment of the purpose of the Authority's project.

FOR MORE DETAILED INFORMATION regarding such improvements, all persons interested are referred to the engineer's report to be made available for that purpose at the office of the City Secretary of the respective constituent cities.

In the event the aforementioned bonds are approved at an election called for the purpose, and if issued and sold, they will specifically provide that the holder thereof shall never have the right to enforce payment thereof from funds raised or to be raised by taxation, and only such portion of said bonds as is ultimately required to complete the Authority's project in accordance with the final contract plans and specifications will be issued and sold.

GIVEN UNDER MY HAND AND SEAL OF THE AUTHORITY, pursuant to resolution of its Board of Directors, this the 18th day of July, 1955.

A. A. Meredith
Secretary, Board of Directors,
Canadian River Municipal Water Authority.

IT'S ALL IN HOW YOU LOOK AT IT—Woman at left is puzzling over modernistic bronze of equestrienne which is being made ready for mounting in Boston, Mass., Public Gardens as an exhibit for the fourth annual Boston Arts Festival. At right, man with sweater over his head isn't THAT startled by the unusual treatment. He's just using the garment as a makeshift darkroom in which to reload his camera.

M-O-O-ONA LISA—Metropolitan Opera singer Herta Glaz displays that enigmatic smile to match your wonderment at what she's doing with a glass of milk. As costumed for the role of the countess in Giordano's opera, "Andrea Chenier," something more bubbly would seem to be in order. However, no matter what the role, Herta sings the praises of milk as a quick-energy drink. Her favorite formula: one cup milk, one teaspoon coffee extract, two drops vanilla, sugar to taste. Mix well.

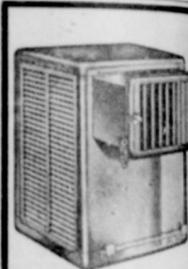

SPACE SIGNAL—Maywood, Ill., hasn't gone space happy. The space-helmet-like antenna being installed on the traffic signal resembles that atop James Walsh's helmet, but it's designed for down-to-earth use. It picks up a radio signal broadcast by emergency vehicles, turns the signal to red. Maywood is said to be the first community in the country to equip its signal system with the new device.
