## FOUR-LANE SLATON HIGHWAY IS ONE PROJECT HIGHWAY DEPT.

The four-lane highway from Slaton to the highway 84 intersection is now our number one project, said S. C. McCarthy, district highway engineer.

Those attending the meeting in Lubbock were Bruce Pember, Melvin Kunkel, E. R. Legg, Joe Walker Sr., Judge Smith Sr., Henry Bollinger and Francis Perry. George Green, Commissioner, reported to the Slatonite that of the coming \$1,897,000 bond election carried, a considerable amount was to be spent in his precinct. The estimated figures are:

U. S. 84, from circle at Lubbock south to Slaton and on to the Lynn county line, \$280,000. Farm-to-market No. 41 from Slaton west, \$25,000. Miscellaneous new farm-to-market roads \$12,000. This is a total of \$317,000 of the bond issue that would benefit this section.

The county engineer released figures that of the past \$500,000 bond issue, \$70,000 was spent in this precinct. This went for the part right-of-way from the Lubbock circle to intersection of highway 84, farm-to-market road No. 41 and other farm-to-market roads around Slaton.

At the present time the exact date of the proposed bond election has not been set, but December 10th has been suggested.

of the gas line from the right-of-way at an estimated cost of \$100,000. Half of this expense is to be borne by the gas company.

## Members Of Ministerial Alliance Hold Church Open House

A Church Open House is scheduled for the week of Oct. 9-14, according to the Rev. Lawrence Lake, president of the Ministerial Alliance.

The first service will be Sunday at 7 p.m. in the First Methodist Church. Services will be at 7:30 p.m. each Monday through Friday, ending in a different church each day. Each participating church will have its own service, using pastor and organist.

The majority of the churches participating are dismissing services Sunday night so their congregations can attend the first Open House service, the Rev. Lawrence Lake said Wednesday.

The offering taken each night will go into the Ministerial Alliance treasury, according to Rev. Lake. The Alliance in the past has used the funds in its treasury to help the needy, pay expenses involved in preparing bulletins for seasonal services, and for community census reports.

Open House will enable all of the various denominations to see how members of other churches worship, and make it possible to hear ministers of other churches. The third purpose of the event is to promote inter-Christian Fellowship among the various churches.

Churches in the order of services are: Sunday, Methodist Church, the Rev. J. B. Sharp; Monday, Church of the Nazarene, the Rev. Marshall Stewart; Tuesday, First Christian Church, the Rev. Ed Gorom; Wednesday, Grace Lutheran Church, the Rev. H. F. Treptow; Thursday, Westview Baptist Church, the Rev. Bryan Ross; and Friday, the Church of God, Louis Bowerman, pastor.

The First Presbyterian Church will not schedule a service, but will be held in reserve should one of the other churches be unable to hold services on the scheduled night.

## Week's Question

### Slatonite Popular With Residents Poll Reveals

The Slatonite appears to be standing in a favorable place in the community according to a poll taken this week of Slaton residents.

The "Question of the Week" was: "In connection with National Newspaper Week, are you asking for your opinion of the Slatonite? Do you have any suggestions for improvement in the paper?"

Of 25 persons polled, 23 commented favorably on the paper and two of those called were non-subscribers.

Most of those called said that the paper gave them good local news coverage.

To select the names of the people to call the reporter picked the names at random from the telephone book.

The comments were: "A pretty good paper, carries news articles and has good coverage."—Mrs. M. B. Ford of 645 S. 4th St.

"Pretty nice paper for this size town."—Mrs. J. E. Gray of W. 1st St.

"Think it's about the only thing we think enough of to mail it to our sisters and brothers in California."—Mrs. Adell Sooter of 115 4th St.

"No nice, I read it every week, it's right for a town the size of Slaton." (Continued in Back Page)

## THE SLATONITE AND YOU

The Slatonite is joining other newspapers throughout the United States in observance of National Newspaper Week—a week set aside each year for America's newspaper publishers to unite in rededication to the highest ideals of journalism.

The purpose of the week of Oct. 1-8 is to try to focus the attention of you, the reader, on a product that you have a great deal more to do with producing than you might think.

That product is your hometown newspaper, The Slatonite.

Take for instance, news. You, not the editor or publisher, decide what is news and where it will be positioned in the paper. You decide by the amount of interest you display, the size of the headlines to be used over the story.

When you are born, married, have children, are promoted in job or office, when you pass on, you are a manufacturer of news.

The newspaper's job is to gather, edit, print and distribute the finished product.

To completely cover the town size of Slaton, is at times a tremendous job and one that can only be made easier one way—with your help.

When your club meets, your group selects new officers your church takes a days outing, or when an out-of-town aunt comes to visit you, won't you let us know about it?

You make the news, the paper is designed to be of service to you, why not join and help us do a more thorough job of writing—about you.

"I JUST HOPE I CAN prove myself worthy of the honor," Mrs. Fred Stottlemire said when told she had been selected as "Most Courteous Clerk" for the month of Sept. She has worked at Webb's since Alex Webb began operation there in Dec. of 1951. "We are proud that Mrs. Stottlemire has been selected, because we realize that everyone can't be selected and we are doubly proud that it could be an employee from our store," Webb said. Mrs. Stottlemire has two children: Mrs. Maple Dix of Sunny Vale, California and Mrs. Melba Osborn of Odessa. "Be sure not to forget my grandson, Joe Sparkman, who is attending Howard Payne College," Mrs. Stottlemire told the reporter. Alex Webb, shown presenting the corsage to Mrs. Stottlemire, is a director of the Chamber of Commerce, which jointly sponsors the monthly award with the Slatonite.

## Residents Warned About Unlicensed Salesmen In Town

Following a report Tuesday that two salesmen had been working a part of Slaton, the Retail Merchants Association announced that any door-to-door solicitor in Slaton must have a license and permission to do so.

The two men are reported to have been making door-to-door stops without either. The permission and license must come from a committee formed by members of the Retail Merchants Association and the Chamber of Commerce.

If any resident is in doubt as to the salesman who comes to the door or the product sold by that salesman, that resident should immediately contact either the Retail Merchants Association or the Slaton Chamber of Commerce.

## NEW PATROL CAR PURCHASED FOR SLATON POLICE FORCE

Slaton's Police Department had a new police car this week, a 1955 four-door Ford. The car replaces the one used previously by the officers, which was about worn out.

The department's new two-way radio will be connected up with the new patrol car in the next week or so, when parts needed for the installation arrive.

Jimmy Hays of Tyler visited from Monday until Wednesday of last week with his fiancée, Miss Harriett Harris. He has just returned from a year's service in Italy.

## Walker Re-Elected Soil Conservation Zone 2 Supervisor

Joe S. Walker Sr. was re-elected to serve another five-year term as Lubbock County Soil Conservation supervisor of zone 2, at a meeting Tuesday night of the land owners from this zone.

The group met at 7:30 p.m. in the Vocational Agriculture Department of the high school.

County Agent Dave Sherrill entertained with movies about soil conservation practices that have been used with good results in the area.

One supervisor is elected to serve from each of the four precincts in Lubbock County. The fifth zone is made up of the area immediately surrounding Lubbock.

Walker will take up his duties again at the regular meeting of the Lubbock County Soil Conservation Supervisors in Lubbock Oct. 14. The group meets on the second Friday of each month.

The supervisors are a board of directors set up to work with the technical assistance afforded by the federal government, with regard to soil practice planning with individual farmers.

## SLATON THOROUGHLY SOAKED BY FIVE INCH RAIN PAST WEEK

### W. A. Field Named As "Mystery Farm" Winner

This week's winner in the "Mystery Farm" contest is W. A. Field of Rt. 2, Slaton. Field correctly identified the farm as the Magnus "Mack" Klattenhoff Farm located four and a half miles southeast of Slaton.

If Field will come by The Slatonite office he will be presented with a one-year subscription to the paper and two free passes to the Slaton Theatre.

Operator of the farm, Clay Oats, will be presented with an attractive framed photograph of the farm if he will go by the Slaton Farm Store.

## Tigers To Meet Sudan Friday At Tiger Stadium

The Slaton Tigers will meet Sudan Friday night at Tiger Stadium at 8 p.m. in their third home game of the season. Sudan will come to Slaton with a team that promises to be tough, one that is rated eighth in the state. The Sudan eleven also has every regular back from last year's team. A big and fast team, they have one of the best quarterbacks in the country in Jimmy Williams, according to Tiger coach Homer Tompkins.

No Serious Injuries. The Tigers suffered no serious injuries in the game last week with Phillips and are working hard to improve themselves in preparation for this week's game, he added.

Coach Tompkins reviewed last week's game with Phillips, saying, "They have a fine team capable of beating any team in the state. Our boys never quit trying and at times it looked evident that we might score. We had the ball more than Phillips did in the third quarter, but could not penetrate any further than their 20 yd. line. Our passing looked very much improved as did pass protection. Don Wright played a game he is capable of playing each week. Phil Pearson played hard as did many of the other boys."

Tough Schedule. "Some people wonder why we schedule tough opponents. The reason is clear, if you ever want to be first class, you must travel with a first class crowd. Several boys have stated they learned more in the Phillips game than in any game they have played before. Our boys being young now, will have learned how a good team operates when they reach the point of being juniors and seniors. When easy opponents are played a team learns very little; so why not play opponents that are strong, so we will be strong ourselves, when the time comes?"

Encouragement. "Usually the people who criticize the team the most are the ones who never come to encourage the boys before or after a game, never encourage new football talent to come out, and never try to help make a team by complimenting the players when they do something good. "Too many people try to de-emphasize football instead of emphasizing it. Our boys try and when the time comes, they'll know how to meet good ball clubs equaly."

## GIVE A DOLLAR—STAY AT HOME

P-TA Financial Drive Begins Oct. 10

"I would give a dollar if I could stay at home tonight." No, doubt everyone has made this statement before but now they will have the opportunity to do just that.

This year the Parent-Teacher Association is sponsoring a "Stay At Home Night" on Oct. 31. This will be the major fund raising drive of the year. The evening at home idea is being used this year instead of the Halloween Carnival, as the consensus of opinion indicated the need for a chance for already over-burdened parents to stay at home.

Ticket sales will begin Monday, Oct. 10 and continue through Oct. 31. "The price of the ticket will be your choice. The more you pay for your ticket, the more relaxed you

will be on Halloween night," according to the president, Mrs. G. W. Privett. A \$1.00 ticket will give you a chance to eat a well prepared meal at home, sit in a comfortable chair (with your shoes off) and watch TV (or curl up with a good book and forget the cares of the world.)

Letters, with the tickets enclosed, will be carried to the parents by the children. The students will also sell tickets from door to door.

## \$25 In Cash Prizes Await Winners In "Eyes To The Future" Contest

Do you know most of the business, professional and civic leaders of Slaton? Could you identify them by their faces?

If you can, then you have a chance to win a cash prize as the Slatonite today presents its "Eyes To The Future Contest" with a total of \$25 in cash prizes. The breakdown on prizes is \$10, \$7, \$5, and \$3.

In today's Slatonite will be found a photo-cartoon in which 95 of the men and women prominent in Slaton business life are pictured.

Briefly, here's the idea. Identify all the persons whose picture appears on the photo-cartoon, along with their business, professional or civic connections. Write your answers down neatly and bring or mail it to the Slatonite, Box 775, Slaton, Texas.

Neatness and spelling will be considered in selecting winners.

Postmark or time of delivery of entry to the Slatonite Office will also be a factor in determining a winner. In case of ties, duplicate awards will be presented.

The feature was prepared for the Slatonite by Jack Henseler, Oklahoma City, copyright-holder of the idea. Henseler spent nearly a week here not long ago taking pictures for the feature.

Firms and organizations represented in the cartoon include the following:

Lasater-Hoffman Hardware Co., Southwestern Public Service Co., Slaton Steam Laundry & Dry Cleaning, Home Furniture Co., Pioneer Natural Gas Co., B&L Gulf Service, Cress Humble Service, Kendrick Pontiac Co., Magnolia Causignee, Knott & Muse, C. R. Anthony Co.

Spark's Jewelry, Slaton Variety, Optometrist, Slaton Theatres, Liles Sheet Metal, Brewer Insurance Agency, Self Furniture Co.

Doc Crow Chevrolet, Mosser's Radio and TV Service, Deal's Machine Shop, Heinrich Texaco Service, Campbell's Gin, Schuette Service Station, Slaton Motor Co., Mourer & Wild Real Estate.

Williams Buick Co., Slaton Bakery, Pember Insurance Agency, Mary's Grocery & Market, Slaton

Floral, Super Dog Stand, Whittington Service Station, Cecil Long's Garage, Slaton Pharmacy. Thacker Laundry, No-D-Lay, Cleaners, McWilliams Dry Goods, O. Z. Ball & Co., Bain Auto Store, Slaton Gift Shop, City Official, Western Auto, Champion Jewelry, Walton Drug, Slaton Hardware. Craddock Upholstery, City Cab (Continued in Back Page)

A FAMILIAR SCENE ENACTED EACH school day morning is shown above as the children are taught the proper respect for the American Flag and also how to handle the flag. The three boys selected for the month of September as shown from left to right are Grady Don Harris Jr., son of Mr. and Mrs. Grady Harris, Tommy Todd, son of Mr. and Mrs. J. E. Todd, and Mike Murphy, son of Mr. and Mrs. S. R. Murphy. Each group serves for a month.

Rain which began to fall throughout the area Saturday, had dumped moisture on Slaton ranging from 1 to 5 inches by Wednesday morning.

The farmers in the area were talking about good crop outlooks for next year as rain fell and soaked into the ground. In some low places where the ground had absorbed all the water it could, small lakes were forming and water was running off high ground to further swell and overflow these lakes.

As if reluctant to give up, the rain hit Slaton Tuesday afternoon with a vengeance, dropping 1.5 inches in a matter of a few hours. After the initial downpour had passed, water began rushing into the intersection of Lubbock and 9th Streets, forming a small lake almost immediately.

Residents trying to cross the street at the intersection had to wade water almost knee deep.

The Union Grocery & Market reported a 5 inch rainfall and Herschel Glascock of 300 S. 6th St. has measured 3.85 inches since Saturday. Other reports of rainfall included: Jesse Johnson at Union Gin, approximately 5 inches; N. R. Boyce, two miles east, 3.3 inches since Saturday; Mrs. Rudolph Schwertner, one mile south of town, reported, "all the water we want"; F. A. Stube, four miles northeast, 4.5 to 5 inches; Andrew Kitten, southwest of Slaton, 2.8 inches; Norbert Kitten, west of Slaton, 4.2 inches since Saturday.

## Slaton Shooting Being Probed

The fatal shooting of a 22-year-old Lubbock Negro man late Sunday night in Slaton was still under investigation early this past week.

Victim of the shooting was M. B. Smith, who was felled by two pistol shots outside a Negro Cafe in Slaton Sunday night.

A Negro living nearby told Lubbock officers he heard two shots, ran outside to investigate, to find Smith lying on the ground. As he arrived on the scene an unidentified man escaped into the darkness.

Smith was pronounced dead on arrival at Mercy Hospital here and the body was transferred to Jamison Funeral Home in Lubbock.

## Truck Fire Extinguished

Slaton's Volunteer Fire Department was called Saturday morning to extinguish a fire that started when a South Western Public Service pickup truck caught fire.

The blaze was blamed on a short in the truck's two-way radio. Damage was limited to the hood of the truck, the windshield, and some of the wiring in the truck.

**NORTHERN FUTURE**

Recently Canada has made considerable strides in utilizing regions long thought to be too cold to support a settled population. A Royal Commission on Economic Prospects is now touring the Northwest Territories and the Yukon to see what has already been done and what is needed.

Gold and copper have been found at Yellowknife north of Great Slave Lake. Even further north on Great Bear Lake, which is intersected by the Arctic Circle is the first radium producing mine in North America. There is zinc at Hay River on Great Slave Lake. This lake produces \$2,000,000 worth of white fish and lake trout for the Chicago and New York markets.

The great need is transportation either by highway or, even better, railroad. With that provided the region has a great future. It is cold up there but so is it, through shorter periods, in many northern states of the United States. Canada's north may represent one of the few frontiers left for the adventurous. Within a few years most of the conveniences of home will be brought there. Inside a house it will be as comfortable as anywhere else. As for the outside, what is a frontier for it not for boldness and ingenuity?

**INVESTMENT, INC.**

Ever hear of the Sanderwiser Associates? The Pari-Mutuel Club? The Invest 'n Worry Club? These light-hearted (but by no means light-hearted) groups have this in common, that they are dedicated to investing their members' money and getting a good return on it.

It is estimated that there are 650 such clubs in the country. Their 50,000 members invest more than half a million dollars monthly in common stocks. Many of them are prospering enough to make the idea well worth the attention of individuals who have a little money to invest but do not feel qualified to do so on their own.

The clubs get valuable advice from their brokers. But most of them find that investment ideas begin to come from members as they acquire experience and confidence. Generally the clubs seem to favor investing, not in popular giant companies, but in less well known firms with a big growth potential.

And what is the value of all this, beyond immediate gain to members? People who participate in such clubs learn successfully by sharing in the ownership of productive enterprise, and thus they build toward their own security. It is a healthy departure from the kind of frantic, get-rich-quick speculation that was common in the 1920's.

**HELP WANTED - SCIENTISTS**

The number of American engineers is decreasing while increasing numbers of college men are attracted by other fields. This is true of the sciences in general according to Admiral Lewis L. Strauss, chairman of the Atomic Energy Commission in his report to President Eisenhower. He says that we need many more technical and scientific experts than we have or are turning out.

Secondary schools report that fewer students are taking courses such as mathematics, chemistry and physics, the indispensable bases for an engineering career. The suggestion is that youngsters find these subjects hard and prefer vocational subjects which demand less brain work and more use of the hands.

A disturbing development is the report that Russia has more engineers than ever before. Perhaps this is because the Soviet can order students to take engineering courses. With no such strong arm methods available, America's reserve of scientists and engineers can only be bolstered by the help of teachers, parents and vocational guidance clinics. Good students should be urged by teachers and parents to consider the science fields. Clinics should be used for their fine testing programs and advice.

Children need help in vocational choices. This assistance should not be neglected. Neither the child's needs and aptitudes nor the labor market's demands should be ignored. If the future is to be as bright as is predicted, it will need more engineers and scientists than we are currently producing. It will also need more philosophers.

"DON'T BE UNDER ANY ILLUSION: YOU CANNOT MAKE A FOOL OF GOD! A MAN'S HARVEST IN LIFE WILL DEPEND ENTIRELY ON WHAT HE SOWS. IF HE SOWS FOR HIS OWN LOWER NATURE HIS HARVEST WILL BE THE DECAY AND DEATH OF HIS OWN NATURE. BUT IF HE SOWS FOR THE SPIRIT HE WILL REAP THE HARVEST OF EVERLASTING LIFE BY THAT SPIRIT." — GAL. 6:7,8 (PHILLIPS TR.)

**Former Resident Dies In Chicago Of Heart Attack**

"The fear of the Lord is the beginning of knowledge." (Prov. 1:7) should bring to our minds that one of the earliest things we learned about at home or Sunday School was God.

God is the first name many people learn to reverence and adore, but this alone is not enough. Unless in your early stage of becoming a Christian you learn to fear God, something is wrong. Being downright afraid, scared, or terrified is the thing that you must feel in your heart, if you shall learn of the Almighty.

How many people at their initial conversion to Jesus Christ can remember whether the love or fear of God came first? Love will come as result of fearing Him, but "fear of the Lord is the beginning of knowledge; "the knowledge of the Creator of the world, and who He is.

It is wonderful to be a child of God, but He expects you to learn to respect Him, adore and worship Him, and not take seriously or lightly your relationship with Him. The greatest experience in life is becoming a Christian, for "fear of the Lord is the beginning of knowledge," of knowing Jesus Christ as your Lord and Saviour.

Next week, "The saying is sure and worthy of full acceptance, that Christ Jesus came into the world to save sinners." (1 Tim. 1:15)

Funeral services were conducted Oct. 3 at Elmhurst, Ill. for O. R. Satterlee a former Slaton resident and Santa Fe employee.

Satterlee was born at Scotland, Ill., Sept. 19, 1900 and went to work for Santa Fe as a Steno Clerk for the Plains Division in Sept. of 1927.

Later he was promoted to secretary to the superintendent, the position he held when he was transferred to Slaton in May of 1932.

He served in Slaton until July of 1939 at which time he was promoted to secretary to the assistant manager at La Junta, Colo.

Serving in several capacities in the past number of years, he was chief clerk to the vice-president in charge of operations in Chicago, Ill. at the time of his death.

Satterlee suffered a heart attack Sept. 28 and died Sept. 30 in Chicago.

Funeral services and burial were at Elmhurst, Ill., Monday, Oct. 3.

Mrs. J. M. Lister of Sweetwater visited last Friday and Saturday with her daughter, Mrs. M. J. Eiter, and family.

Mr. and Mrs. Grady Elder Jr. and two boys of Brownfield visited Sunday with Mr. and Mrs. Grady Elder Sr.

Mr. and Mrs. B. A. Leinfelder of Orange City, Fla. are visiting in the home of Mr. and Mrs. John Leinfelder. John is their son.

Guests in the home of Mr. and Mrs. T. E. McClanahan and Tommy last Sunday were Mrs. McClanahan's sister and brother-in-law, Mr. and Mrs. Lee Jackson, of Lovington, N. M.

**Phillips Downs  
Slaton Tigers 75-0**

An inexperienced Slaton team lost their fourth game of the season Friday night at Tiger Stadium to the Phillips Black Hawks. Playing with machine precision, the Phillips team scored four times in the first quarter, and twice more in the second quarter to lead the Tigers 41-0 at the half.

The Tigers controlled the ball during much of the second half, but lost the advantage through a pass interception and a punt return. The Tigers looked and played like a different team after the half. Though out-fought by a heavier more experienced team, the Tigers never once in the second half stopped fighting.

The Phillips team scored five times in the second half and the final score stood at 75-0 in favor of Phillips.

**SILVER DOLLARS  
with a golden touch!**

The cost of doing business puts in circulation silver dollars with a golden touch... some of each dollar rubs off in the form of profits on everybody whom it touches.

During the 1954-55 cotton crop year, Western Cottonoil Co. put almost 20-million of those cost-of-doing-business dollars into circulation on the Plains—\$19,266,175.11, to be exact. Here's where they went...

**to Plains Farmers —**  
We paid this amount for cotton, cottonseed, grain — products of the Plains. **\$16,455,840.93**

**to our Plains Employees —**  
Salaries and Wages — direct income to the Paymaster "family" that spends its money at home. **\$1,693,206.61**

**to Suppliers of Goods and Services —**  
This bought gas, electricity, water, gasoline, oil, tires, printing, equipment, cars and trucks, farm machinery; it paid interest on local capital. **\$984,258.71**

**in Community Services —**  
This paid taxes to our local schools, cities and counties on the Plains; it supported 4H, FFA, and other agricultural education projects and community affairs; it furthered research to strengthen our total farm economy. **\$132,868.86**

**TOTAL PAID — \$19,266,175.11**

As a citizen of this community, you may recognize some of these dollars as direct income. But directly paid or not, by the inevitable chain reaction of business, these dollars found their way into your pocket.

The farmers and ginners who do business with Western Cottonoil, the hundreds of folks on our payroll, spend most of their money at home. This keeps business brisk—at the bank...the grocery...the service station...the barber's and beauty shop...the drug store. It buys new refrigerators, washers and dryers, cars and TV sets for homes on the Plains.

The business health of a community is contagious, and as your neighbors prosper, so do you.

Thus, our silver dollars have a golden touch. Because, whether you're a farmer, a business or professional man, a school teacher or a housewife... whether you own your own business or work for wages, your business is better, your job more secure, your community more prosperous because our cost-of-doing-business dollars touch everybody on the Plains.

**Shades of Tom Sawyer!**

Jack Willis had just stopped the tractor so he could cool off the pump, when a young insurance salesman came up the drive. Jack was tired of plowing, and needed insurance on his new barn. He also needed to get that new rye in fast. The salesman, a young kid, noticed hesitation came from a farm," he said. "Don't you look at these plows—get all the dope—and take that plow a couple of days for you."

in the shade—was able to decide just what kind of policy to get. From where I sit, to be a good salesman—or a good citizen—it always helps to "put yourself in the other man's place." He may have a different sort of job with different problems... he may prefer to close a deal over, say, a friendly glass of beer while you might prefer something else. But both of you can co-operate if you make it a "policy" to try.

**SLATON MAN APPEARS IN THE MOVIES**

Though only part of his face is visible and though he appears only briefly for a part of one scene, Eugene German of Slaton is none-the-less in the movies. The movie "Francis In The Navy" was made on German's ship, the transport Telfair, during the time that he was serving his hitch in the navy.

According to Mrs. M. L. German, Eugene's mother, you have to know when and where to look, but Eugene is there even if only for a short while.

**Slaton Square Dancers Appear On KDUB TV**

The Slaton square-dance team, the Paws and Taws, appeared on KDUB Television Thursday night at 9:30 p.m. The team was competing against a team from Brownfield for the honors in a square-dance contest sponsored by General Electric Corporation.

The Brownfield group has taken first place in the eliminations for the past two weeks. Votes for the best team each week are cast by the television audience by write-in vote.

Ben Davis and Dallas Whaley took turns calling for the team.

The Slaton team is made up of Mr. and Mrs. Ben Davis, Mr. and Mrs. Elton Weaver, Mr. and Mrs. Floyd Tidwell, and Mr. and Mrs. Sam Lobaw.

The contest according to Whaley will run for 13 weeks with a \$500.00 prize offered the winning team.

**Installation Held By Fidelis Matrons Class Thursday**

The Fidelis Matrons Sunday School Class of the First Baptist Church met Thursday, Sept. 29, in the home of Mrs. Don Britt.

Officers for the coming year were installed by Mrs. L. O. Lemon. The theme carried out in the installation service was "Mottoes" and each officer was presented a motto which was chosen from the bible and placed in small frames.

Officers were Mrs. Don Britt, teacher; Mrs. Paul Melton, president; Mrs. Willard Hedges, 1st vice-president; Mrs. Travis Mann, 2nd vice-president; Mrs. A. L. Romines, secretary and treasurer; Miss Charlotte Ryno, assistant secretary; Mrs. Lynn Perdue, Mrs. Cooksey Burleson and Mrs. Bob Clodfelter, group leaders; and Mrs. N. L. Cress, reporter.

Gifts were presented to Mrs. C. L. Cooper, the retiring president, to Mrs. Britt and Mrs. Lemon. Refreshments were served.

Others attending were Mesdames Robert Meeks, Gordon Davis, Truett Bownds and Floyd Guelker.

**PICNIC HELD BY BROWNIE TROOP 8 WEDNESDAY**

Brownie Troop 8, sponsored by the Volunteer Fire Department, met Wednesday, Sept. 28, after school for their roll call in the Little Girls Scout House.

Following roll call they went to the County Park for a picnic.

Those enjoying the hot dogs and lemonade were Anita Chamber, Doris Fay Price, Sharon Self, Joyce Clark, Rosa Walston, Judy Edwards, Kathleen Clark, Cindy Clark, Cathy Ayers, Dee Chappel, Barbara McCook, Sheryllyn Mann.

Carolyn Brasfield, Sharon Williams, Linda Dodson, Jan Scott, Nan Saage, Karen Martens, Sharon Tompkins, Glenna Payne, Marilyn McSween, Toni Cress, Sherrea Belt and Nancy Smith.

Leaders attending were Mrs. Cecil Scott, Mrs. Clark Self, Mrs. Roy Saage and Mrs. Leon Walston.

**Oats Operates "Mystery Farm" SE Of Slaton**

The farm which appeared in "Mystery Farm" is the Magnus "Mack" Klattenhoff farm.

The farm is operated by Mr. and Mrs. Clay Oats, who will have lived on the farm four years in December. The farm is located four and a half miles southeast of Slaton.

The Klattenhoffs have owned the farm for about 20 years since buying it from George Koehler. They have never lived on the farm, but have rented it since purchasing it.

The present operators, Mr. and Mrs. Oats, were married in 1938 and have two children. The children, both boys, are Clay Neal, 14 and Jerry, 11. Clay Neal is in his first year in Southland High School and Jerry is in the fourth grade.

The Oatses moved to the farm from Delta County in East Texas, where according to Mrs. Oats, they don't have sandstorms. "Getting used to the sandstorms was the only unusual thing that has happened to us on the farm." But I do like it here and wouldn't think of leaving," she added.

The family are members of the Southland Methodist Church. Mrs. Oats is vice-president of the Women's Society of Christian Service. Mr. Oats is a member of the Masons.

Cotton, hegar, combine maize and bundle feed are the main crops raised on the farm. The Oatses are dryland farmers. There are 160 acres of land on the farm and they also farm an additional 100 acres at Wilson.

Livestock on the farm includes two milk cows and two calves.

**Texas University Training Courses To Start Monday**

Slaton merchants and their employees still have a few days left to enroll for The University of Texas training courses which will begin Oct. 10th. Training is being offered in "Merchandise Display" and in "Show Card Lettering". Sponsoring the program are the following organizations: Distributive Education Program, Slaton High School and the Retail Merchants Association.

Mr. W. G. Bohannon, advertising specialist of The University of Texas has been engaged as instructor for the course. Mr. Bohannon is a man of practical experience having spent many years with retail stores and other businesses. He has had commercial art experience with a well-known sign company in Austin, and has operated his own sign and display business.

Fee for the "Merchandising" course is \$2, all supplies furnished, and fee for the "Show Card Lettering" course is \$3, supplies and text furnished.

Both courses are designed to appeal to display personnel, store owners, store managers, and salespeople responsible for interior display, according to Bill Ball, president of R.M.A.

The "Merchandise Display" group will meet Monday through Thursday, four evenings each week, for two weeks, beginning Oct. 10 at 7 p.m. at Slaton High School.

The "Show Card Lettering" class will meet immediately following the display class at 8 p.m. on the same evening for a period of two weeks.

Those wishing to sign up for one or both courses may do so by con-

tacting Phil Brewer at the Brewer Insurance Agency or Bill Ball at O. Z. Ball & Co.

The two courses are being sponsored by Slaton Retail Merchants Association and the Distributive Education program at high school.

## COLORED EGG YOLKS EXHIBITED AT FAIR BY HUSER HATCHERY

Hens that laid red, yellow and green egg yolks were the crowd stoppers at the Huser Hatchery booth at the Panhandle South Plains Fair.

To prove that the feed actually affects the yolk coloring, Huser fed the hens feed treated with special vegetable food dyes. Then when the hens laid the eggs, he broke the eggs to reveal yolks in the three colors.

Featured also at the booth was Sorghum. Experimental data to date, according to Huser, shows the hybrid grains are yielding from 20 to 30% more per acre than the commercial varieties.

Mr. and Mrs. Forney Henry returned home the first of the week from Las Cruces, N. M. where they visited with their son, Grafton Henry, and family. Mr. Henry reported that they saw more water between Roswell, N. M. and Plains than they had seen since they saw the Atlantic Ocean.

Mrs. W. P. Mashburn of Merkel is visiting her daughter, Mrs. W. C. Church.

## Card Of Thanks

We wish to thank our many friends and neighbors for the nice things they did for us in our recent bereavement, losing the one we loved so much, and also during my stay in the hospital.

Words can't express our appreciation for the beautiful floral offerings, the food and other courtesies shown us. May God's blessing be on each of you.

Drive with care... EVERYWHERE!

Great Features back up Chevrolet Performance: Body by Fisher—Ball-Race Steering—Outrigger Rear Springs—Anti-Dive Braking—12-Volt Electrical System—Nine Engine-Drive Choices!

Every checkered flag signals a Chevrolet victory in official 1955 stock car competition—not only against its own field but against many American and foreign high-priced cars, too!

Let's translate these Chevrolet victories into your kind of driving.

You've got to have faster acceleration to win on the tracks. And that means safer passing on the highways. You've got to have better springing and suspension. Again, safer and happier motoring for you. You've got to have big brakes that act fast and smooth... and easy, accurate steering. More things that make your driving safer.

But it's more fun to try these things out than just to talk about them. So come in and let's take a ride.

# Visiting Reporter Follows News Story Through Slatonite Plant

(SLATONITE STAFF PHOTO)

BEVERLI BLAND, EDITOR OF THE TIGER'S CAGE, the high school newspaper, is shown as she tries out the society editor's desk and typewriter at the Slatonite. Miss Bland toured the front and back shops this week gathering material for a feature article she has been asked to write for the Slatonite.

by Beverli Bland

Editor's Note: In observance of National Newspaper Week, we decided to ask Mrs. M. W. Kerr, journalism teacher at the high school, to loan us a reporter for an hour or so this week.

We thought perhaps the writer could follow a news story through the Slatonite from start to finish, and then tell our readers what she saw.

Mrs. Kerr sent us Beverli Bland, editor of the high school paper, the Tiger's Cage.

The feature Miss Bland wrote follows, we think she's done a good job—Don't you?

Do we, as a whole or as individuals, realize what a newspaper is?

That may seem like a strange

question, but don't we take our newspapers for granted just a little bit? Every Thursday we look forward to getting our weekly paper. But do we ever stop to think of the time and work that went into making up the paper?

Maybe some of us wonder where the news comes from and how it is put together. How it is made up and fitted into 12 or 16 pages.

On our newspaper there is no special job of any one. Because all jobs are special to the members of the Slatonite staff. If one person hears something that might make a good story, he either takes it himself or passes it on to a fellow member.

Leads to stories are gotten in many different ways. They may be telephoned into the office, picked up from bits of overheard conversation, or even sent through the mail.

The front part of a newspaper office is where the stories are put together, typed and sent to the press room. In the press room they are classified as front page, society, sports, ads, or filler. Filler is the least important material. It is used only when there is extra room left on a page.

The story is then set up on the linotype machine. From there it is set up in columns and galleys. After it is set in the galleys, it is run through a proof press; this is called a galley proof. When the story has been run through the galley proof, it is sent back to the front office for correction. After the corrections are marked it goes again to the press room where the corrections are made. If the story has a picture to go with it, the picture is sent off and is made into a plastic or zinc engraving. These pictures are called cuts. The cut is put with the story so that they won't get separated. The story is then measured and put with the other stories and articles that belong on the same page. They are all assembled in the correct order and locked into a chase; this is known as make up. The story and

articles on the page, as the type is assembled, look upside down but if a mirror is reflected on the page the stories appear right side up.

When all of the pages are fitted correctly, they are put on a press which makes four pages at a time.

The paper is now printed and ready to be folded, addressed to the subscribers, and delivered to the drug and grocery stores. Folding the paper is not a problem for it is run through a folding machine which does the job very quickly. It is also run through an addressing machine.

Now it is 3:00 p.m., Thursday. The grocery and drug stores are waiting to get their papers. By leaving them for the drug and grocery stores to sell there is a circulation of about 2,000 papers. At 3:30 p.m. several grade school boys will be waiting in front of the Slatonite office to get their papers to sell.

There are approximately five readers to every paper. This makes an average circulation of from 9,000 to 10,000 readers per week.

## Brother Of Eddie Fisher Dies In Oakland, Calif.

Mr. and Mrs. Eddie Fisher and mother returned home Sunday, October 2 from Oakland, California where they attended the funeral of their brother and son, Dave Fisher, who passed away Sept. 21.

Eddie's sister, Darling Smith, of Ft. Worth and nephew, Willie A. Fisher, from Houston joined them in Slaton to make the trip.

They spent one night in Los Angeles on their way back home with Eddie's brother, L. C. Fisher, and family.

Eddie says they had a nice trip but the 35c a gallon gas really burns fast in the mountains, in fact, he almost ran out before he got across the Texas line.

Dr. and Mrs. J. H. Brewer Jr and daughter, Carla, of Ft. Worth spent the week end visiting Mr. and Mrs. J. H. Brewer Sr. and Phil.

The Rev. Bryan Ross spent last week in Amarillo attending a training school.

## SHERIFF'S SALE

The State Of Texas, County Of Lubbock.

Whereas, on the 28th day of June, 1955 in Cause No. 5046, in the 99th District Court of Lubbock County, Texas, wherein Slaton Consolidated Independent School District, The City of Slaton, The County of Lubbock and The State of Texas, Plaintiffs and Impleaded Party Defendants, recovered judgement against Elmer D. Sparkman, Defendant, for taxes, penalty, interest, and cost against the hereinafter described property;

Whereas, on the 19th day of September, 1955, by virtue of said judgement and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

Whereas, by virtue of said judgement and said Order of Sale and the mandates thereof I did on the 19th day of September, 1955, seize and levy upon as the property of the above defendant the following described property, situated in Lubbock County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

Lots One (1), Two (2) and Three (3), Block Seventy-three (73), South Slaton Addition to the City of Slaton, Lubbock County, Texas.

And I will on the first Tuesday in the month of November, 1955, the same being the 1st day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Lubbock, between the hours of 2:00 and 4:00 p.m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgements against said property in said suit, whichever is lower, subject also to the right of the Defendant to redeem same in the time and manner provided by law and subject also to the right of the Defendant to have said property divided and sold in less divisions than the whole.

Dated at Lubbock, Texas, this 30th day of September, 1955. Grady Harrist Sheriff by Verlie Shearer, Deputy Lubbock County, Texas. 3tc-50

## Diane McMeekan Honored With Two Parties

Diane McMeekan, daughter of Mr. and Mrs. J. E. McMeekan, had a surprise party on Friday afternoon by the neighbors and a regular birthday party on Saturday, Oct. 1, in the backyard of their home. This was Diane's fifth birthday.

Those calling on Friday afternoon, bringing a cake complete with candles and cards containing quarters, were Mesdames Bill and Bob Weckwerth, C. E. Warder, Celeste Gregory, H. W. Jeter and Miss Merlie Holdren.

At the Saturday party, favors of umbrellas were given to the girls and "roll out" toys to the boys. Home movies were also made of the group.

The birthday cake with candles and other refreshments were served to Debra Weckwerth, Rebecca Holt, Debbie and Jimmy Gudgel, Kale and Tommie Roche, Connie Danny and Wanda Bailey, Doug and Sherrill Keese, Tommy and Laura Weathered, Lee and Lynn Sikes, Anita and Adellia Chambers, Janie and Margaret Smith, Roy Clay Green, Dinks and Jo Eckert. Adults attending were Othel Chambers, Mrs. Bill Roche, Mrs. J. E. Eckert, Mrs. Frank Weathered, Mrs. B. B. Green, Mrs. Warder and Miss Holdren.

## Fourth Birthday Celebrated By Patti Payton

Patti Rose Payton was honored on her fourth birthday, Sept. 28, by her mother, Mrs. Zack Payton and her grandmother, Mrs. L. E. Evans of Union.

Games were played and movies made of the group at the home of the honoree in the Higginbotham Community near Denver City. They are former residents of Union Community.

Refreshments of birthday cake, ice cream and punch were served to the 12 children and four mothers attending, which included Mrs. Ted Evans and Davy of Lubbock, Mrs. Joe Wootley of Seminole, granddaughter of Patti, the honoree and the hostesses.

## Bluebonnets Meet With Mrs. Jarman

Mrs. Henry Jarman was hostess when the Bluebonnet Club met with her Wednesday, Sept. 28. Thirteen members and one guest, Mrs. L. T. Garland, were present. Mrs. Garland is a former member of the club.

Mrs. Harold Wilson presided over the business session. Roll call was answered with Fall Fashions. After the business meeting a social hour was enjoyed and refreshments were served.

The next meeting will be in the home of Mrs. Gorge Culwell, on Oct. 12.

## 'FASHION IS YOU' PRESENTED BY DAUGHTERS HUGE SUCCESS

"Fashion Is You", a display of fall finery presented by the Daughters of the Pioneer Study Club, was shown to a near-capacity crowd in Slaton High School's auditorium Monday, Oct. 3, at 8 p.m.

Silhouettes ranging from the long, lean look to the flair of the torso were featured in this year's most fashionable colors.

Highlighting the collection of suits were tones of grey, charcoal, and toast brown in soft wools and tweeds. A new idea in street and dress apparel was presented in the all-new French tunic design. Completing the picture were coats

styled with the new bulky look and featuring the three-quarter length.

On the sportswear side of the picture came the perennial midday with variations in color and style . . . the most outstanding designed with knit collar and cuffs of contrasting fabric. Combining with smart jersey and crisp cotton blouses, the jumper played an important role in the field of casual wear . . . The full skirt and many petticoats is still a popular feature of this department.

Topping the list of all-time favorites came the basic dress which may be worn for any occasion . . . usually featured in blacks and tones of brown, this dress is designed for use with accessories denoting the degree of formality.

For that after-five dress and evening wear, red is again the favorite—the design this time including the sheath and flaired torso. Cocktail dresses were styled in taffetas while the more formal fashions featured soft tulle and chantilly lace.

The younger set, modeling everything from sleepytime wear to play clothes straight from Disneyland, won the applause of the crowd with their unexpected antics.

Slaton junior misses who participated in the fashion review were Rita Kay Payne, Karen Caldwell, Becky Holt, Carol Todd, Robin Davis, Ann Ayers, and Katha Walker.

Narrator for the evening was Betty Rae Moxley. Music was furnished by Bernie Howell, fashions by Dunlaps.

At the conclusion of the fashion review Mrs. Howard Hoffman, member of the Daughters of the Pioneer Study Club, thanked all those who had helped in any way to make the evening a success and thanked those present for their continued support. Mrs. Carter Caldwell presided over the drawing for the door prize with Mrs. S. H. Jaynes winning. She was presented with a \$25 gift certificate from Dunlaps.

Mr. and Mrs. Richard Runde of Laredo were week end guests in the home of Mr. and Mrs. J. J. Kitten. Mrs. Runde is Mrs. Kitten's niece.

GETTING INTO THE SWING is what Mary Ann Klattenhoff is doing as she has her notebook opened in front of her. At least she looks like she is studying and we know for sure she has been very busy with her FHA work for this month, as she is FHA "Girl of the Month."

## MARY A. KLATTENHOFF WINS SEPT. FHA 'GIRL OF THE MONTH' HONORS

Miss Mary Ann Klattenhoff, daughter of Mr. and Mrs. Magnus Klattenhoff, won the FHA "Girl of the Month" award for September. She won with 192 points earned by attending the formal FHA meetings, donating to the chapter, hostess at a coffee, winning highest points in the Fair competition, by being the girl with most ribbons from the fair and for entries in the Fair.

Mary Ann is a member of the Slaton High School band and plays the clarinet. She is also an accomplished pianist and organist and just recently took a music theory test and was placed in the advanced class.

She is classified as a junior and has been a member of FHA since she was a freshman and is pianist for the club this year. Last year Mary Ann was "Girl of the Month" for December.

Among her hobbies is leathercraft. She is a member of the First Methodist Church and is active in the work in the Youth Department.

Miss Klattenhoff will be eligible for the FHA "Girl of the Year" award. The winner of this honor will have a full page picture in the annual.

## MEET YOUR TEACHERS

Mrs. Earl Reasoner

Mrs. R. J. Hurst

Mrs. Val Wylie

(SLATONITE STAFF PHOTO)

Having graduated from high school here in 1929 and receiving her BS in education in 1938, Mrs. Earl Reasoner started teaching in Slaton that year. She has taught here for 10 years and in the Roosevelt School for six years.

Mrs. Reasoner teaches the low first at East Ward. This class is made up of Latin Americans who do not speak English. She says this is the most fascinating position she has ever held. This is the third year she has taught this grade.

Mrs. Reasoner is a member of the Texas State Teachers Association and is treasurer of the Kappa Kappa Iota, a sorority for teachers. She is chairman of the Lubbock Primary Curriculum Division.

Her husband, Earl, is a farmer.

Mrs. R. J. Hurst, second grade teacher at East Ward, graduated from high school at Canyon and received her BS degree in education from WTST in 1950. She is working on her masters degree and has about half of her work completed. She has taught for three years.

Her husband works for the Santa Fe. Mr. and Mrs. Hurst have three children: Robert Lynn and Leonard. In fact, Mrs. Hurst has a personal interest in East Ward, West Ward, Junior High and High School as she has children in the three that she does not teach in.

She is a member of the different teachers organizations and is a member of Alpha Ki, an honor sorority at West Texas State.

Mrs. Val Wylie teaches the high first at East Ward and has taught school in Slaton for seven years.

She is a graduate of Gainesville High School and received her BS degree from Texas Tech in 1949 and a Master of Education from Tech in 1951.

She is a member of the Classroom Teachers Association and of the State Teachers organization.

Mrs. Wylie is a football and basketball enthusiast and when the boys are playing she never misses a game.

Mr. and Mrs. Wylie have four boys: Val, who has been going to college but is working here at the present, Felix and G. W., who are both attending Tarleton State College and Jimmy Joe.

## Mrs. Jack Pierce Westview Guest Installs Officers

The WMS of the Westview Baptist Church met Monday, Oct. 4, at the church for the installation of their new officers for this coming year. Mrs. Jack Pierce of Lorenzo, who is Associational WMU Mission Chairman, was the installing officer.

In the installing ceremony, Mrs.

Pierce used as her theme "keys" and as she installed the group she presented each officer with a key.

The officers are Mrs. Ray Belt, president; Mrs. J. E. Gray, secretary and treasurer; Mrs. Robert Brake, young people's director; Mrs. Dave Robinson, enlistment vice-president; Mrs. Jim Sain, program vice-president; Mrs. Bryan Ross, missions chairman; Mrs. T. V. Ellis, community missions chairman; Mrs. Jewel Mason, stewardship vice-president; Mrs. J. G. Harper Jr., prayer chairman; Mrs. M. E.

Cagle, royal service chairman; Mrs. George Green, camp chairman;

Mrs. Ross, pianist; Mrs. Green, song leader; Mrs. Ellis and Mrs. Robinson, circle chairman; Mrs. George Gamble and Mrs. Kenneth Brush, Sunbeam Counselors; Mrs. A. E. Clack, Jr., G. A. counselor; and Mrs. Ross, Intermediate G. A. counselor.

Gifts were presented to the outgoing president, Mrs. Ellis, and to Mrs. Pierce.

Refreshments were served to the 24 present.

How can time go so slowly in the two weeks before vacation and then accelerate to such a rapid rate in the next two weeks?

How many people have government jobs? As of this spring 7,232,000 persons were on federal payrolls.

After witnessing some of the TV wrestling bouts we are convinced that the wrestlers should be permitted to "rest" in peace.

By Vern Sanford  
Mgr. Tex. Press Ass'n.

AUSTIN, Tex. — Adlai Stevenson, 1952 Democratic presidential nominee, kept his political thoughts and hopes mostly to himself during his Texas visit.

He made only a left-handed jibe at political foe Gov. Allan Shivers. Shivers has said he will not support Stevenson if he is the '56 presidential nominee.

In his University of Texas lecture, Stevenson said that, while not a full-time economic expert, he is a "full-time Democrat." He sidestepped a question from the audience on Texas tidelands, issue on which he and Shivers broke in 1952.

Stevenson was joined by Speaker of the House Sam Rayburn in an overnight visit at U. S. Sen. Lyndon B. Johnson's farm. Plane schedules allowed the three top-level Democratic leaders very little time to discuss their party's brightened prospects. They all disclaimed any political significance in the get-together.

Johnson and Rayburn said no change in Democratic Congressional tactics is planned as a result of President Eisenhower's heart attack. They said Demo leaders would, nevertheless, try to draft a Congressional program that will put a Democrat in the White House.

Apparently well on the road to recovery from his own heart attack, Johnson sent a telegram inviting President Eisenhower to Texas to hunt with him.

Shivers Criticizes Court  
Last year's desegregation ruling by the U. S. Supreme Court was part of a long series of moves toward centralized government, Gov. Shivers contends.

U. S. Supreme Court justices "stepped out of their judicial robes" in their desegregation decision, he said. "Nine men, sitting 2,000 miles away, are not going to tell Crossroads, Texas, how they are going to run their schools," the Governor emphasized.

Shivers spoke at a meeting of oil well drillers in Houston, at the same time Adlai Stevenson

addressed an Austin audience. Earlier he pointed out the court ruling can be overridden by act of Congress or amendment to the U. S. Constitution. He cited recent tidelands legislation as an example.

Political Speculation  
Sen. Price Daniel has indicated he may disclose his political plans during a series of speeches scheduled in Texas during November. He has kept the door open for a possible race for governor next year. His Senate term still has two years to go.

Meanwhile, Daniel will open hearings of the Senate judiciary sub-committee on narcotics in Austin, Oct. 12, and will hold other hearings in San Antonio, Houston, Dallas and Fort Worth.

Political speculation has swung toward the idea that Gov. Allan Shivers and other top office-holders may choose to seek re-election next year, Shivers for a fourth elective term.

Among the possibilities were Lt. Gov. Ben Ramsey, Atty. Gen. John Ben Shepperd, and Agri. Comm. John C. White. The same speculation hinted that possibly U. S. Sen. Daniel might decide against the governor's race for which he has been discussed.

Gov. Shivers decision to run for re-election would greatly thin the ranks of prospective candidates. So far, only former Speaker Reuben Senterfitt has announced. Ralph Yarborough, twice defeated for the office, is regarded as a certain candidate. White and State Senator Jimmy Phillips of Angleton are probable entrants.

Teachers Due Jury Duty  
This fall, for the first time in Texas history, some school teachers will have to interrupt the three R's to answer jury summonses.

Legislators, apparently by an oversight, deprived them of their traditional exemption. Jury service laws were rewritten last session after constitutional amendment made women eligible for duty.

Old laws, specifically exempting "school masters," has been interpreted as meaning all teachers. That new status had dropped this classification did not come to light until school and fall court sessions began.

Teachers summoned are expected to seek reprieve on the grounds that the absence would work a hardship on their schools.

Radar Reduces Accidents  
Radar, says Public Director, Homer Garrison Jr., has had a pronounced psychological effect, slowing down highway speeders wherever it is used.

Fatalities on major routes were down six per cent for the first eight months of the year, Garrison pointed out. Total number killed this year

Mr. and Mrs. J. B. Linneman and children of Big Spring and Mr. and Mrs. Royce Hill and children of Lubbock visited Sunday with Mr. and Mrs. J. J. Kitten and family.

Mr. and Mrs. S. W. Clark and family spent Sunday in Post visiting Mr. Clark's mother, Mrs. Carl Clark, and Mrs. Clark's sister and brother-in-law, the Rev. and Mrs. W. L. Porterfield.

Mr. and Mrs. W. A. Beale and son, Bobby, and Mrs. Beale's mother, Mrs. C. B. Alexander, of Sudan will spend the week end in the home of Mr. and Mrs. O. B. Chambers. Mrs. Beale is Mrs. Chamber's sister. Bobby Beale will play football Friday night with Sudan.

Mr. and Mrs. Sam McMillin of Lubbock visited Tuesday with Mrs. McMillin's sister, Mrs. A. L. Clifton.

is expected to be up two or three per cent because of increased fatalities on farm-to-market and other secondary roads.

The highway department said surveys show that 12 per cent of Texas motorists were exceeding the speed limit in checks this year. Last year the figure was 17 per cent.

Average speed was higher, but there were fewer speed violations. Average speed for all vehicles this year was closed at 54 miles an hour, six-tenths of a mile faster than last year.

Building Planners Hired  
A professional planning firm has been employed by the State Building Commission to map out a long-range program for housing the state government.

An orderly building program covering needs for the next 25 to 50 years is the goal, said Gov. Shivers, chairman of the commission.

He said he favors a government center built around the Capitol, rather than an aimless sprinkling of buildings. Funds already have been appropriated for a new state courts and office building and for partial air conditioning and remodeling of the Capitol.

SHORT SNORTS: Texas' 31 state senators reported they spent \$43,756 of state money for expenses this year. Highest was Sen. Jimmy Phillips of Angleton, who reported \$4,189. Lowest was Sen. R. A. Weinert of Seguin who spent \$402. . . Ben H. Carpenter of Dallas was named by Gov. Shivers as temporary president of the Trinity River Authority, new state agency. . . Texas business activity in August was within two points of the all-time high.

## HOMEMAKERS OF TOMORROW TEST TO BE DEC. 6

Education scholarships totaling \$100,000 will be awarded in the second Betty Crocker Search for the American Homemaker of Tomorrow, it was announced today by General Mills.

This is a \$25,000 increase in scholarship awarded in the 1954-55 program when 187,463 high school senior girls from 8,040 schools sought the All-American Homemaker of Tomorrow title which was won by Deloris Arnette of Enterprise, Ala.

In addition to a \$1,500 scholarship to each state winner, there will be a new award of \$500 to the homemaker rating second in each state. The scholarship of the national winner, who will be announced April 12 in Philadelphia, will be \$5,000.

The basis for selection of winners will be test scores in a written

homemaking knowledge and attitude test developed by Science Research Associates of Chicago. The test will be given in all participating high schools on Dec. 6. The project has the endorsement of the national contest and activities committee of the National Association of Secondary School Principals, a department of the National Education Association.

"The enthusiastic endorsement of thousands of educators, religious leaders, civic leaders and parents throughout the nation and the extensive participation of students in our first year project have made General Mills pleased to renew this worthwhile activity and increase the scholarship funds," declared Charles H. Bell, president of the company.

All 12th grade girls in the nation's public, private and parochial high schools who will graduate in 1956 are eligible to participate in the Betty Crocker Search for the American Homemaker of Tomorrow. They must be enrolled by their school not later than Oct. 31.

Study materials for use in teaching many subjects will be sent to participating schools. The girl with the highest test score in each school will be named Homemaker of Tomorrow for that school. She will receive a pin designed by Trifari of New York, her school will receive a copy of the Good and Easy Cook Book and her test paper will be entered in the competition for her state.

The school of each state Homemaker of Tomorrow will receive a set of the Encyclopedia Britannica. Each state winner and a female faculty adviser will be invited to participate in an expense-paid educational tour of Washington, D. C., Colonial Williamsburg, Va., and Philadelphia April 8-12. Miss Joan Pember of Slaton was the Homemaker of Tomorrow from Slaton High School last year. She received a golden award pen and a cook book.

## Wolverines Lose 14-0 To Panthers From Littlefield

By N. C. Payne

The Evans Wolverines were defeated 14-0 by the Dunbar Panthers of Littlefield Saturday night Oct. 1.

The game was the best of the season played so far by the Wolverines, with only 11 players and no substitutes.

There were some good plays made by the Wolverines. At the half the score was 0-0. The Panthers were held by the Wolverines until the fourth quarter, when the Littlefield team made two touchdowns.

The Wolverines played a hard game, with Willie Johnson leading good support with several good tackles.

Harold White and Herbert Hammons also played an outstanding game, both defensively and offensively.

One of the highlights of the game was a pass complete to Leroy Johnson from Willie Johnson.

The game with Big Spring is still scheduled for Oct. 8 and will be played at Big Spring at 8 p.m.

The final game of the season for the Wolverines will be with the Lubbock "B" team. The game, which is homecoming for the Slaton team will be played here in Tiger Stadium Oct. 15.

Guests in the home of Mrs. W. C. Church last Sunday were Mr. and Mrs. M. C. Church and children, Charles and Myra Sue, of Halfway and Mr. and Mrs. Clarence Church and Joyce of Wilson.

## SISTER OF MRS. JOE TATE DIES IN GALVESTON

Mrs. J. C. Atkins, 40, of Galveston died Wednesday, Sept. 21, at 3:00 p.m. in a Galveston Hospital. She had been ill for about two weeks.

Funeral services were held Friday, Sept. 23, at 2:00 p.m. in the J. Levy Funeral Home Chapel in Galveston. Burial was in Cedar Lawn Cemetery in Houston.

Survivors include the husband; three children, Ethel Marie 16, James 13, and Edward 11; one sister, Mrs. Joe Tate, of Slaton; and her father, W. H. Reeves, of Burleson.

Mrs. Atkins had been employed by the Lipton Tea Company in Galveston for the past three years.

## Slatonites Occupy New Home Here

Mr. and Mrs. A. L. Paschall and daughter, Elena, have moved into a new two-bedroom house on 17th St. The Paschalls have lived in Slaton for five years, having moved here from Memphis, Texas.

Paschall has been employed by the Santa Fe Railroad for the past four and a half years. He served with the United States Navy during World War II and purchased his home under the G.I. Bill of Rights.

The new house is of frame construction, with brick trim, and has an attached garage. It was constructed by Forrest Lumber Company.
