## Qualified Voters Of Slaton Urged To Vote Canadian River Dam Election Tuesday

Mayor Lee Wootton this week has a plea to the qualified voters of Slaton to go to the polling place on Tuesday, November 8th and cast their vote in the election for the Canadian River Municipal Water Authority bond election. "Every citizen should be encouraged to get out and vote, whether they vote for or no in the election." He went on to say, "This is a project that might really need in the years to come."

The election in Slaton will be held at the office of the Board of City Development in the city. Phil Brewer is the election official.

The election will be held throughout the district in each of the nine cities which make up the water authority on November 8th.

A heavy turn-out at the ballot here in Slaton would help to shadow any possible opposition of the other towns in the district.

"We believe that a plentiful supply is necessary to our here in Slaton and would like to encourage the people of Slaton to get behind the project. A hundred percent," chamber of commerce president Melvin Kunkel said this week.

The election to be held in Slaton on November 8th is one of the elections to be held. In the election on Tuesday, the people will be asked to give the Water Authority permission to issue revenue bonds to finance the project. These bonds are not bonded indebtedness, as these are revenue bonds.

There will be a second election later on water contracts in town. In this election the citizens will only be obligated for the amount of the bonds they agree to use should the water carry.

THIS PICTURE IS A reproduction of the cover of the question and answer brochure which interested residents can pick up at the Chamber of Commerce office in City Hall. The pamphlet answers many of the questions that a resident may have concerning the Canadian River Dam project.

## "MYSTERY FARM" CONTEST RULE CHANGES ANNOUNCED

Beginning this week there will be some changes in the rules for entering the "Mystery Farm" contest which appears in the Slatonite each week.

Beginning with this issue of the paper, guesses on the "Mystery Farm" will be taken from the time the paper comes out until noon Monday. If there is only one correct guess, that person will win. If more than one correct guess is received, the guesses will be placed in a box and the winner drawn.

The winner will receive two free passes to the Slaton Theatre and a one-year subscription to The Slatonite.

Mr. and Mrs. H. E. Beard and Betty returned to Slaton Sunday after visiting for two weeks in Los Angeles, Calif. and other surrounding towns. They visited with relatives.

## Tigers To Meet Tahoka Bulldogs Friday Night

The Slaton Tigers will be trying for their first conference win of the season Friday night when they take on the Tahoka Bulldogs at 8 p.m.

Last year the Bulldogs handed the Tigers a 26-6 defeat, and are expected to have an equally good team this year.

The Tigers, improving with each game, will be out to win their first game of the season Friday night.

According to Coach Homer Tompkins, the passing in the Post game last week was very much improved. "If the Tigers had ever been able to get out of the hole in the first half of the game with Post, they might have won the ball game," he went on to say.

Following the game Friday night, the Tigers have only one more scheduled game left in the season. The final game will be played at Slaton's Tiger Stadium with Abernathy.

## New Residents Of Slaton Are Listed

New residents in Slaton for the period of September 30th to October 28th, numbered 11, according to Pioneer Natural Gas Company records.

The figures are taken from new accounts with the company.

The new residents are: Lisbon McCown, 340 S. 5th St.; Homer Ipock, 1035 S. 8th St.; S. T. Yates, 840 S. 20th St.; W. M. Mitchell, 240B E. Panhandle; Jackson S. Harrell, 615 S. 9th St.; Bluford McIntyre Jr., 635 S. 7th; Amos Spencer, 400 E. Crosby; E. C. Mitchell, 240A E. Panhandle; A. W. Weaver, 20th and Division; Jimmie Elton, 125 W. Lynn; and C. Rainey, 115 N. 9th St.

## Slatonite Hosts Tech Journalism Club At Dinner

Members of the Texas Tech Press Club investigated the operation of a weekly newspaper when they toured offices of The Slaton Slatonite on Tuesday evening.

Thirty students and their sponsors were served dinner in Fellowship Hall of the First Methodist Church prior to the inspection. Mr. and Mrs. Francis Perry were hosts for the affair which Slatonite staff members also attended.

While touring the plant each staff member explained his or her position on the paper and summarized individual duties. Immediately following these explanations, the students held a question-answer period.

Sponsoring the group were Dr. and Mrs. Wm. Hall and Mr. Adrian Vaughn, an instructor.

## American Legion To Hold Breakfast On Armistice Day

The annual American Legion Breakfast will be held at Legion Hall, November 11 at 7 a.m. The breakfast is held each year on Armistice Day.

The breakfast is open to all residents of Slaton, according to Legion Commander Howard Carlson.

Tickets can be purchased from any Legionnaire, Carlson said.

## Saturday Is Designated As Legion Poppy Day In Slaton

Mayor L. B. Wootton will be the first to wear one of the thousands of poppies to be offered to Slaton residents Saturday by the American Legion Auxiliary of Slaton.

Mayor Wootton has proclaimed Saturday as Poppy Day in Slaton, and the presentation of the first poppy to Wootton will officially start the day.

The work for the most part has been given to those who could profit from its occupational therapy value and who are in need of the earnings.

One-third of the proceeds taken in Saturday will be sent to department headquarters. Ninety-five percent of this amount will be used in the rehabilitation of veterans and five percent will go for child welfare.

The legion unit here will use their two-thirds of the proceeds for their project at the Big Spring Veterans Administration Hospital. One check is sent each month to buy comfort items for the patients of the hospital and one check is sent monthly to be used in a "Coffee Hour" at the hospital.

This "Coffee Hour" is recreational meeting on each week end evening, held by the hospital chaplain for the patients. Different organizations in Big Spring supply the entertainment for the meeting.

Since the mental ward has been opened, the hospital has an added load and the Slaton unit of the American Legion is asking the people of the community to give it their best support.

## Chest X-Rays To Be Offered To Residents November 28-29

### C. L. Newcomb Assumes New Duties As Church Of Christ Minister Here

C. L. Newcomb preached his first sermon in Slaton Sunday as the new minister of the Church of Christ. Newcomb has taken up the post recently vacated here by M. E. Blake, who was the former minister of the Slaton Church of Christ.

Newcomb is a 1953 graduate of Abilene Christian College, where he received a degree in Christian Education.

After graduation, Newcomb went to Texline, Texas and from there to New Home.

Mr. and Mrs. Newcomb who have moved here from New Home have two children, Gary, 9 and Carolyn, 10.

### Firemen Called To Three Fires

Slaton's volunteer fire department was kept fairly busy over the weekend and in the early part of the week.

Saturday the department was called to 9th and Lynn where the front seat of an automobile was burning. The fire was extinguished without much damage to the car. No sooner had the volunteers started to relax, when the fire whistle blew again. This time the fire was at the Hugo Maeker farm three miles south of Union. The firemen put out a burning bed before damage had gone beyond the burned bed and scorched wall paper in one end of the room.

Wednesday morning around 9:30 a.m., the firemen were called to the Campbell Gin in Slaton. Sparks from a burr burner had ignited a trailer loaded with cotton. Damage was slight, fire chief Elbert Wilson reported.

### Seven Area Gins Report 5,748 Bales Of Cotton

A total of 5,748 bales of cotton had been ginned by seven local gins on Wednesday of this week. The figure is still well below last year's baled cotton figures at this time in the season. On November 5, 1954, 13,752 bales of cotton had been ginned, a drop this year of 8,004 bales.

A breakdown on the figures for this season indicate that Campbell Gin has ginned 1526 bales; Howard Gin, 389; Posey Gin, 580; Slaton Co-Op No. 1, 1745; Slaton Co-Op No. 2, 914; and Union Gin, 594.

Slaton residents are urged by Melvin Kunkel to mark two important dates on their calendars in November. On Monday, November 28 from 1 to 6 p.m. and on Tuesday, November 29 from 9 a.m. to 1 p.m. the annual mass chest X-ray survey will be made in Slaton by the Texas State Department of Health.

On the above dates every adult from the age of 15 years up will have an opportunity to get a free chest X-ray made, according to local arrangements chairman Kunkel. Chest X-ray headquarters in Slaton will be at the Southwestern Public Service Company at 145 W. Lubbock St.

Kunkel's committee, now being formed, will consist of representatives from all of Slaton's women's clubs, men's service clubs, the Parent-Teacher Association and other organizations having the welfare of the community as a major interest. The committee's function will be to encourage and facilitate a mass turn-out of adults to participate in the X-ray project.

The chest X-rays are offered free to the adults of Texas in an effort to detect tuberculosis in time for it to be cured in its early stages and, thereby, prevent the spread of the highly contagious disease.

### Curbing Work Begun On City Hall Parking Lot

Workmen this week were laying curbing around the city hall parking lot, which has already been surfaced.

When completed the lot will accommodate the cars of the working force in the city hall, and clear the driveways on each side of the building for customers.

## Finance Drive Short Of Goal

The canvass for funds in the finance drive for the South Area Boy Scout Council in Slaton was still underway this week. Progress toward the goal set in Slaton was still short of goal at the time of this writing. Financial chairman Lee Wootton, stated that he would announce the results of the drive next week.

(SLATONITE STAFF PHOTO)

"I DIDN'T THINK it would ever happen to me," Mrs. Betty Mercer said when told she had been selected as "Most Courteous Clerk" for the month of October. Mrs. Mercer was Loy Brake at the time this picture was taken Saturday of last week, but has married since then. Mercer has been an employee of Teague Drug since she was married. Charlie Walton, co-owner of the drug store is shown with Mrs. Mercer with the corsage. Mrs. Mercer has a son, Mike Brake, who is four.

## Rest Rooms Completed At Park Chamber Of Commerce Announces

The Slaton Chamber of Commerce announced this week that work had been completed on the construction of new rest rooms at the county park. The project was completed at a cost of approximately \$1700. Porter Lumber Company of Slaton did the construction work. The two rest rooms are housed in a building 12x14 with a cement floor for easy cleaning. The building is equipped with electric lights, and each room has a wash basin in the equipment. The frame structure has a stucco exterior and a sheet rock interior.

The rest rooms are located about 100 feet east of the Clubhouse. They will be closed until warm weather again brings picnickers to the park.

The completion of the rest rooms is one of several chamber of commerce projects at the park, according to Mrs. R. D. Bisbee, secretary-manager of the chamber of commerce. Included among these projects have been the swimming pool, the picnic area, tables, benches, garbage pits, playground equipment and work on the tennis courts.

Next Venture  
The chamber hopes its next venture will be the all-out support of the civic organizations of Slaton to help enlarge and equip the Clubhouse kitchen to accommodate gatherings of from 150 to 200 persons.

The chamber of commerce and the Slaton Future Farmers of America are co-operating again this year in making plans for the annual Lubbock County Fat Stock Show to be held in Slaton on the first Saturday in March.

Plans being made by the two groups are to enlarge the number of classes of livestock shown this year.

Letters will be sent out to Slaton merchants this week asking their continued support through advertising in the stock show programs. In addition merchants will be asked to contact at least one of the out-of-town firms which trade with each merchant. These out-of-town merchants, according to the letters, do business in the community and should have a part in the show. These firms include the bakeries, dairies, and other such concerns that distribute goods in Slaton, but have not before advertised in the fat stock show programs.

Since the mental ward has been opened, the hospital has an added load and the Slaton unit of the American Legion is asking the people of the community to give it their best support.

**COLLEGES IN DANGER**

So far Americans have been able to maintain a system of free public education, available to all from kindergarten to college. Lately there has been difficulty obtaining teachers, class room facilities and buildings in many parts of the nation have proved inadequate, and a general alarm has been sounded. Now colleges seem to be running into much the same sort of trouble. They report they are reaching their limits of expansion.

College enrollment is at the record-breaking figure of 2,500,000, according to speakers at the annual convention of the American Council on Education. In 15 years they expect the figure to double. What will this mean to state colleges? Will they be able to admit all students that apply? And if they do continue to open their doors to all, where will they get the requisite number of competent teachers. In science, engineering and medicine, the teacher shortage is already noticeable and alarming.

One possible relief is in sight. The cost of attending college is growing so that soon young people without means will be unable to go. This is not a solution of which anyone can be proud. A better remedy for the students' problem would be more scholarships, whether they come from federal and state aid or private philanthropy.

But answers to administration and college teacher problems lie elsewhere. In the long run, the taxpayer will have to pay more to keep educational institutions going, in a world where advanced study and careful training are necessary, the alternative is unthinkable.

**BASEBALL DOING BETTER**

Television may be killing professional baseball, as many pessimists think, but the victim now and then takes a turn for the better. The official figures for 1955 attendance in the American League, now published, show that 12.9 per cent more people went to games this year than last. For the first time in history six clubs apiece drew more than 1,000,000 spectators, all but Washington and Baltimore.

Part of the increase came from Kansas City, which enjoyed its first taste of big league baseball in many years. After the novelty wears off, the attendance may drop. In any case the tactic of increasing attendance by transferring yeak teams to new cities cannot go on indefinitely.

The 1955 attendance, nearly 9,000,000, was over a million more than in 1954. It still lags behind the record of 11,150,099 set in 1948. This suggests that this year's upturn in interest is encouraging as far as it goes, but is not conclusive.

**A WOMAN'S WORK**

Has the job of the American housewife become too simple in too short a time? Have all the labor-saving devices at her disposal encouraged her to abdicate some of her responsibility toward the home? These questions are not asked with a turn-the-clock back attitude. Perhaps they are entirely unjustified. But they should be explored as possible factors in the weakening of American home life as manifested in high divorce and juvenile delinquency rates.

Housekeeping is not yet a push-button affair, but modern housewives certainly aren't tied to their homes all day long. Raising children has been made easier. They can be entertained by some television program and at a fairly early age can be sent to nursery school until they are old enough for school work.

It is possible that time-saving developments have come so fast that women have not had time to adjust to the fact that while their chores may be mechanized, homemaking remains an art. Eleanor Hower, editor-in-chief of "What's New in Home Economics", recently said, "We are thinking too much of how to save women time and too little about the home." She believes that no matter how easy housekeeping becomes, homemaking is a woman's first responsibility and a neat house should not be confused with a happy home.

Perhaps some of the weaknesses of American home life could be eliminated if it were realized that efficiency cannot replace genuine warmth and thoughtfulness in a home, nor in a home-maker.

**ANOTHER WINTER AROUND THE CORNER**

Is there any way I may know God's will for my life? This question often comes into our minds. We want to know God's will. We want to do it.

It is possible to find God's will for our own lives. We may begin by asking ourselves if our faith is well founded. Proverbs gives this advice:

"Trust in the Lord with all thine heart; and lean not unto thine own understanding." (Proverbs 3:5).

Faith comes to us in many ways. We learn to trust through the beauty and orderliness of the world; through the love and concern of our families for us; through the lives of men and women who have found themselves through faith. But supreme faith comes to us through our own personal experience of salvation.

This faith finds strength and... with all thine heart." Make

faith the all-consuming passion of your life. Put your heart and soul into your faith.

And—"lean not unto thine own understanding." Be sure your faith grows through dedication: "Trust grows through contact with things spiritual: reading the Holy Bible, attending church; attending to prayer, having fellowship with Christian people. Let these sway your opinions and mould your thinking that you will not "lean upon your own understanding."

Give Him first place in your heart. "In all thy ways acknowledge Him, and He shall direct thy paths." (Proverbs 3:6). —Edwin W. Gorom

## Kendrick Pontiac Invites Residents to Attend Show

Residents of Slaton are invited to attend the show presented on the Tech campus November 25th through the 29th. The show is presented free of charge. Demonstrations of progress in the automotive field will be presented at the show including the motor that never gets hot, the drop of water with a wick, and the bottle that leads to double life.

will be presented in a giant aerodome, the first girder-suspended "big top" with no poles to block the view.

The shows will be held from 7 to 10 p.m. on November 25th and from 2 to 10 p.m. November 26th through the 29th.

Traveling with the show are the Futuriners, big motor vans that open up to make stages. On the stages of these trucks will be exhibits of modern progress in refrigeration, jet engines, diesel power, high compression engine fuels, powdered metallurgy, scientific instruments and many others.

The Rev. and Mrs. Elmer Crabtree and Mrs. J. T. Pinkston spent Thursday and Friday in San Angelo. The Crabtrees visited with Mr. Crabtree's sister, Mrs. Hattie Hightower, and Mrs. Pinkston visited her brother, W. E. Ollie.

## Salesmen Named Top Eight Grade Subscription Drive

The three top salesmen were named this week in the magazine subscription drive to raise money for the eighth grade class banquet in the spring.

The class as a whole sold \$1200 worth of subscriptions, with the three winners in each of the three eighth grade rooms being named. Jay McSween sold a total of \$154, June Johnson sold \$45 worth, and Susie Cooper sold a total of \$101 in subscriptions.

Candy bars were given to each of the students who sold or made an attempt to sell the subscriptions. If the students had sold three subscriptions to Saturday Evening Post by Monday of last week, he received a prize of \$5.

To arouse the interest of the students selling the subscriptions, a mystery contest was conducted. The name of one of the students was drawn and if that student had sold four subscriptions by Monday of this week, he was to receive a prize.

Residents who are interested in buying a magazine subscription from the eighth grade can contact Mr. or Mrs. J. F. Jordan or Mrs. W. H. Legate, according to Billy Murphy, eighth grade reporter.

Mr. and Mrs. V. L. Townley, Eddie and Bobby of Hamlin spent the week end visiting Mrs. Townley's brother, Lindol Beard, and family.

Mr. and Mrs. Truett Bownds and children and J. C. Foster spent Saturday and Sunday in Cross Plains and Brownwood. They attended the Foster family reunion in Cross Plains and visited with friends in both towns.

## McMeekans Return From 12 Day Vacation Trip

Mr. and Mrs. J. E. McKeekan, and their five year old daughter, Diane, returned home on Thursday of last week from a 12 day vacation trip.

They went to New York City via Niagara Falls and Canada and took a boat ride under the falls. Mrs. McKeekan described this as the best part of the trip.

In New York City they attended several TV shows, went to the Empire State building and went sight-seeing on several tours. While in New York City they stayed at the Knickerbocker Hotel on 45th st.

The McMeekans came back by Philadelphia, where they visited with Mr. McMeekan's relatives, and went through one of the largest zoos in the United States.

On Thursday they went to Lockney and visited with Mrs. McKeekan's parents, Mr. and Mrs. S. C. Quisenberry. They returned to Slaton Monday.

Mr. and Mrs. Roy Murphy and boys visited Mr. and Mrs. A. L. Wilson and Glenn in Plainview Sunday afternoon. The Wilsons are former residents of Slaton.

Mr. and Mrs. Fred Walters, Mr. and Mrs. Troy Lester and Ronnie of Levelland and Mr. and Mrs. Ray Walters spent the week end in Seagraves visiting Fred Walters' brother, O. L. Walters, and family.

Mr. and Mrs. Woodrow Chandler of Greenville visited from Sunday until Wednesday with Mr. and Mrs. Gilbert Self and Mr. and Mrs. Clark Self.

Gus Vivial entered Mercy Hospital Sunday. He was returning from Galveston and became ill a few miles from Temple. They removed him from the train and he stayed in Scott and White Clinic Saturday night. Sunday Mrs. Vivial accompanied her husband to Slaton from Temple in an ambulance. She reported his condition to be serious.

# ONLY IN THE '56 FORD... THUNDERBIRD POWER, THUNDERBIRD STYLING and LIFEGUARD DESIGN

In the low-price field You can't buy safer!

And here's why. Ford alone brings you Lifeguard Design, a whole new family of safety features to give you extra protection in case of accident. There's a new Lifeguard deep-center steering wheel to help cushion the driver from the steering post; ★ new Lifeguard double-grip door latches to reduce the danger of doors springing open under impact; ★ new double-swivel Lifeguard mirror that "gives" for greater safety; ★ new optional Lifeguard padding material to cushion control panel and sun visors and lessen shock of impact; ★ optional floor-anchored seat belts to help hold passengers securely in their seats.

In any class You can't buy better!

The '56 Ford inherited its beauty from the Thunderbird. It's long and low—a fine car in every graceful line. And you can have the Thunderbird's "lightning" too, at no extra cost for the new Thunderbird Y-8 engine is the standard eight in all Fairlane and Station Wagon models! Here's power that gives you split-second passing ability and hill-climbing "Go." Come in for your Test Drive! You're sure to find many more reasons why you can't buy better than when you buy Ford. New luxury interiors... fine exterior finishes... a quality "feel" throughout... all add up to make Ford the fine car at half the fine-car price.

It's the fine car at half the fine-car price!

McClanahan bought the farm from a Mr. McWhorter who lived on the farm for one year. The farm is thought by McClanahan to have been first put into cultivation

around 1916 by Raymond Westerman the original owner.

Since moving to the farm, McClanahan has remodeled most of the farm buildings, and added other improvements over the years.

Asked about unusual events in the farm's history, McClanahan recalled that in the 1953 drought year he made a total of eight bales of cotton. The largest number of bales he has ever raised is 122.

Mrs. McClanahan is the former Creola Jordan of Spur. The couple was married in 1927. Their daughter, Gatha Ann, 11, is in the sixth grade at Roosevelt.

McClanahan is a Mason, and a member of the Farm Bureau. The family are members of the Baptist Church of Midway.

On the farm itself, McClanahan

has 160 acres of land. Two four-inch wells and one five-inch well supply the water to partially irrigate the land.

About three miles from the farm is another tract of land,

440 acres in all, that McClanahan also farms. This is dry land, irrigated, and is rented from the McClanahan irrigates the acres that is planted with cotton allotment, on the 160 acre farm.

His crop is looking good, McClanahan says, and he expects irrigated land to produce a ton per acre and the dry land to produce about one-half ton per acre.

His grain Sorghum, he expects yield about 1200 pounds per acre.

## Luxury and Performance Combined in New Buick Special

Big car luxury and performance are combined in Buick's medium priced four-door hardtop sedan in the Special series. Powered by a 322 cubic inch, 220 horsepower engine, the Special boasts one of the biggest power plants of any car in its class. All the beauty of Buick's distinctive styling, including the new front end, full rear wheel cutouts and luxurious interiors are featured on the Special series. Dynaflo, power steering, power brakes and dual exhausts are optional on the Special.

FOR THE FIRST TIME since the start of the "Mystery Farm" contest a week has gone by without a winner in the contest. As a matter of fact, this is the first week the Slatonite telephones haven't kept two people busy answering them after 1 p.m. on Friday. The answer to the situation is a simple one, the farm was a difficult one to identify. The farm is the A. L. McClanahan farm near near Lorenzo.

## A. L. McClanahan Is "Mystery Farm" Owner, Operator

The "Mystery Farm" which appeared in last week's issue of the Slatonite is the A. A. McClanahan farm located about 11 miles northeast of Slaton. McClanahan has owned the farm since 1946, a total of nine years on January 1st.

From where I sit... by Joe Marshall

Last Word in Farm Machinery

Curly Lawson was first in this area to use one of those roadside vending machines. He's sold milk and eggs in one about a year now, and recommends them highly—but with reservations.

"Mine's the latest model," says Curly. "Built-in refrigeration unit—heater—an automatic sign turner-on for night. Takes any combination of coins."

"However," he warned, "those machines aren't cheap to buy... or operate. They run about \$3500. If you're not on the main highway like I am—where lots of city people pass—you'd better stick to the old methods."

From where I sit, you have to admire Curly for his pioneering spirit. Of course, there's also plenty to be said for those who tend to stick to the old proven methods. People's ideas differ on the subject—on any subject. Like you may always drink better milk with your meals... while a glass of beer's the "automatic" choice with me.

## Canadian River Project Subject Of Lions Club Talk

(SLATONITE STAFF PHOTO)

J. J. Maxey spoke to the Slaton Lions Club Tuesday on the Canadian River Dam project, in connection with the upcoming election set for Slaton November 8th. The election will be to authorize the Authority to issue \$74,800,000 in revenue bonds with which to construct the Canadian River Project. These will be bonds of the Authority and in no way obligate any of the member cities or tax payers of these cities.

Maxey told the group how the project was first organized, with Lubbock and Amarillo doing the preliminary planning. The two cities got together to discuss the feasibility of building a dam on the Canadian River. Later the interested cities grew in number to 12.

Since the time of the original planning three of the cities, Littlefield, Pampa, and Amarillo have dropped out of the project leaving the present nine cities in the authority.

Maxey said that the city government of Slaton has long struggled with the water problem, spending from \$10,000 to \$30,000 per year either in drilling wells or looking for adequate water. Each year the water table drops lower and more and more irrigation wells are drilled.

Each year the wells that are sunk in the search for water are estimated to double the number of wells drilled the year before.

Another statistic brought out at the meeting was that the estimated take from the 14,000 irrigation wells in Texas was 1.4 billion gallons per day, a water loss that is almost doubled each year.

The only source of replenishment in the rapidly sinking water table is from rainfall, something that West Texas has a notable lack of.

In 1953, the Texas Legislature created the Canadian River Authority as a special agency created to do the job of developing surface water supply under the management of a board of directors chosen from the member cities. Cities having 10,000 population have two directors and those having less than 10,000 have one director.

Mr. and Mrs. E. D. Hart and Mary Ann of Lovington, N. M. were visitors Sunday in the home of Mr. and Mrs. Kenneth Rackler and girls.

Nevada was the first state to use gas for capital punishment.

## Westview Baptist Give All-Church Party Monday

An All-Church Halloween party was given at the Westview Baptist Church Monday evening, Oct. 31, with a large crowd attending. This was a costume party.

For the first part of the party the different departments met separately with the leaders planning the entertainment or games. The adults met in the home of Mr. and Mrs. Bryant Flores with the others meeting at the church.

T. L. Weaver, Southland, assisted by his wife, entertained the entire group with a magician's act. Refreshments were served.

## For a Profit Finish... START PIGS FAST with PURINA'S "FAST-START" TWINS

To help you grow and wean heavy pigs, famed Purina Pig Startena now has a "twin" . . . Purina Baby Pig Chow. This brand-new member of the Purina line comes to you after five years of development work on more than 200 litters of pigs at the Purina Research Farm. It's super-palatable . . . tempts pigs to start eating and gaining early, has just the growth boosters young pigs need. Feed one 50-lb. bag per litter, then switch to Purina Pig Startena.

## Time is money to the hog man!

Last year was a good example of how important it is to start pigs fast. Hogs that hit the early market brought up to \$5.00 per cwt. more. The chart below shows how important it is to wean heavy pigs.

TIME SAVED BY WEANING HEAVY PIGS	
Weaning Weight	Time to Reach 200-225 lb. Market Weight
25-30 lbs.	6 1/2 Months
30-40 lbs.	6 Months
40-50 lbs.	5 1/2 Months
50-60 lbs.	5 Months

GET HOGS TO MARKET early when prices are usually best, save grain, time, labor. Follow Purina's Hog Profit plan and hurry 'em to market.

## TEAGUE DRUG MONTHLY NEWS

A Message from Teague Drug "Your Pharmacist"

WHEN YOU ARE SICK, you go to your physician because you know he can help you. You answer his important questions, often have a physical examination, and he prescribes a medication.

WE COMPOUND YOUR PRESCRIPTION, you take the medicine, and you get well again. Then do you tell your friends, who seem to have the same illness, to use your prescription?

YOUR PRESCRIPTION was written for you after a careful study of your particular trouble. Many different ailments have symptoms that look the same to you. Only a physician can correctly judge them, and it often takes more than one visit to do so.

NEVER GIVE YOUR PRESCRIPTION to a friend or relative without permission from your physician. Advise them to visit their own physician, or yours if they have none of their own.

AND WHEN YOU GIVE them this very sound advice, we would appreciate your mentioning that, since the compounding of prescriptions is our most important duty, we would welcome the privilege of becoming "Their Pharmacist."

## Post Antelopes Defeat Tigers Friday Night In Conference Game There 16-6

Roland German

Roland German carried the ball for the Tiger's only touchdown, early in the third quarter of a conference game Friday night with the Post Antelopes. A near capacity crowd sat in the cold night to watch the contest which was played at Post.

The Slaton score came after a drive starting on the 38, after a fourth down kick from the toe of Antelope Ronnie Kennedy. The Tigers, in ten plays, carried the ball down to the Post six yard line, with Roland German and Jerry Don Ross doing the ball carrying. From the six, German carried through the Post line on a fourth down play for the score. The point after was no good and the score stood at 7-6 in favor of Post.

The first Post score was made by Norman early in the second quarter and the point after kick is credited to Tommy Murray.

The Tigers, after their initial tally, were unable to score again, and Post's Ray Gary carried for the second Post score early in the fourth quarter to make the score 13-6. In the closing minutes of the game, Tommy Murray went onto the field to kick a Post field-goal from out about eight yards out.

The final score stood at 16-6.

A Message from Teague Drug "Your Pharmacist"

WHEN YOU ARE SICK, you go to your physician because you know he can help you. You answer his important questions, often have a physical examination, and he prescribes a medication.

WE COMPOUND YOUR PRESCRIPTION, you take the medicine, and you get well again. Then do you tell your friends, who seem to have the same illness, to use your prescription?

YOUR PRESCRIPTION was written for you after a careful study of your particular trouble. Many different ailments have symptoms that look the same to you. Only a physician can correctly judge them, and it often takes more than one visit to do so.

NEVER GIVE YOUR PRESCRIPTION to a friend or relative without permission from your physician. Advise them to visit their own physician, or yours if they have none of their own.

AND WHEN YOU GIVE them this very sound advice, we would appreciate your mentioning that, since the compounding of prescriptions is our most important duty, we would welcome the privilege of becoming "Their Pharmacist."

## Post Antelopes Defeat Tigers Friday Night In Conference Game There 16-6

Roland German

Roland German carried the ball for the Tiger's only touchdown, early in the third quarter of a conference game Friday night with the Post Antelopes. A near capacity crowd sat in the cold night to watch the contest which was played at Post.

The Slaton score came after a drive starting on the 38, after a fourth down kick from the toe of Antelope Ronnie Kennedy. The Tigers, in ten plays, carried the ball down to the Post six yard line, with Roland German and Jerry Don Ross doing the ball carrying. From the six, German carried through the Post line on a fourth down play for the score. The point after was no good and the score stood at 7-6 in favor of Post.

The first Post score was made by Norman early in the second quarter and the point after kick is credited to Tommy Murray.

The Tigers, after their initial tally, were unable to score again, and Post's Ray Gary carried for the second Post score early in the fourth quarter to make the score 13-6. In the closing minutes of the game, Tommy Murray went onto the field to kick a Post field-goal from out about eight yards out.

The final score stood at 16-6.

## Local Dry Goods Store Has New Line Boy's Wear

Alex Webb, of Webb's Dry Goods, announced this week that he is handling a brand new line of little boys wear. Dotty Dan, "Clothes for little men" are made in Lamesa and range in size from one to four.

They are, according to Webb, the finest lot of togs he has ever carried in the medium price range. Webb reports that his full selection includes coveralls, creepers, bib overalls, pants, jackets and shirts, all with that "distinctively different" Dotty Dan look.

## Vandalism Hits Slaton Car Owners During Weekend

Most of the goblins and spooks who were out trick or treating over the past week end in Slaton were for the most part satisfied with gifts of candy and fruit from their victims, with an occasional soaped window thrown in for good measure.

There were some, though, that played for higher stakes as residents reported slashed tires, paint-sprayed cars and some stolen property this week.

An old model Ford tractor was stolen from Howard Gin Sunday night, and nothing was known of its whereabouts at the time of this writing Wednesday. It was also reported that vandals moved a low-bed cotton trailer from Howard Gin yard onto the highway, where a car collided with it. It was not known who was driving the car or the extent of the damage to the car and its occupants. The trailer which the vandals used for their road block is owned by Carter Caldwell. Caldwell brought his trailers filled with cotton to the gin Saturday so the cotton could be ginned Saturday night. The vandals also slashed the tires on the trailers, 16 in all, cutting some of them in as many as ten places. Caldwell reported that he might be able to salvage two of the sixteen.

Clark Self Jr., reported that his father's car had been sprayed or squirted with what appeared to be liquid glass. The conglomeration, when dried on the car body formed a hard surface, almost impossible to remove without taking the paint with it. Self said that the side of the car would have to be repainted.

C. L. Smith reported that the air had been let out of one of the tires on his car, both his car and pickup truck had been sprayed with the paint. Smith estimated that it would cost about \$89 to repaint the car and repair the damage.

J. B. Smith expected to have both doors on one side of his car repainted to repair the damage caused by the paint slingers.

C. H. Norris reported that damage to the family car would necessitate rebuffering and repainting. The paint was sprayed all over the right side of the car from the window glasses down.

There were many more reports of vandalism in Slaton during the past weekend, at least four other cars were reported to have been painted, and three tires slashed. One car at least was hit with grease, and one with roofing tar.

One resident summed the situation up, by saying, "I think there is nothing so cute or more enjoyable as the small fry out trick or treating on Halloween, but vandalism in any form is in no way cute or enjoyable."

## City Officials Attend Three-Day Brownsville Meet

Three Slaton city officials and their wives returned to Slaton Saturday after attending the annual convention of the League of Texas Municipalities at Brownsville. The convention met from October 23rd to the 25th.

Those attending were: Mr. and Mrs. Wayne Liles, Mr. and Mrs. B. H. Bollinger and Mr. and Mrs. J. J. Maxey.

While there, city commissioner Wayne Liles addressed a Mayor and Councilman Session on the subject of "Public Relations in Small Towns."

About 1200 representatives were present at the meeting. Highlights of the convention were the farewell banquet Tuesday night and a fun night held in Matamoros which is across the border in Mexico.

From Brownsville a part of the group went on to Monterrey, Mexico. At a dinner given in their honor in Monterrey Wednesday night, the city officials were presented with parchment scrolls designating them as honored visitors to the city, presented by the mayor of Monterrey. The Lt. Governor of Nuevo Leon gave a welcoming address to the group.

THREE MEMBERS OF THE FHA who tied for FHA "Girl of the Month" for October are shown above. They are, left to right, Miss Karen Cooper, daughter of Mr. and Mrs. C. B. Cooper, Miss Helen Ann Norris, daughter of Mr. and Mrs. E. L. Norris, and Miss Rose Custer, daughter of Mr. and Mrs. E. B. Custer. Each girl had 25 points.

## THREE SHS GIRLS SHARE FHA 'GIRL OF THE MONTH' HONORS

Miss Karen Cooper, Helen Ann Norris and Rose Custer shared the honor as FHA "Girl of the Month" for October, each having 25 points. The girls earned points by attending officers training school, by being hostesses at meetings, by donating to the club and by attending a calling. Helen Ann was an instructor at the training school.

**FHA Officer**  
Miss Cooper, who is the daughter of Mr. and Mrs. C. B. Cooper, is treasurer of the FHA. She is a member of the pep squad and is

a member of the FHA play cast. Miss Cooper who is classified as a junior this year, is working on her State Degree in FHA. She attends the Church of Christ.

**Drummer in Band**  
Miss Norris is vice-president of the FHA and is a member of the FHA play cast also. She is a drummer in the band, recorder of Rainbow for Girls. She is also secretary of her Sunday school class and vice-president of YWA's at the First Baptist Church, where she is a member. Helen Ann, who is the daughter of Mr. and Mrs.

E. L. Norris, is a junior in high school and is also working on her State Degree this year. She is a member of the annual staff.

**Working On Degree**  
Miss Custer, daughter of Mr. and Mrs. E. B. Custer, is historian of the FHA. She is a member of the pep squad, the FHA play cast and the junior play cast. Like the other two winners, Rose is a junior and is working on her State Degree in her FHA work. She is a member of the Westview Baptist Church and is vice-president of her Sunday school class.

Having won this honor, all three girls will be eligible to compete for FHA "Girl of the Year" honors, who will have a full page picture in the annual.

## BRAKE - MERCER MARRIAGE VOWS EXCHANGED FRIDAY

In a single ring ceremony, Loy Trimble Brake became the bride of Paul R. Mercer in the First Methodist Church Friday, Oct. 28, at 8:45 p.m., with the Rev. J. B. Sharp officiating.

The bride is the daughter of Mrs. Eva Trimble and the groom is the son of Mrs. P. C. Mercer of Ft. Worth.

The bride wore a charcoal grey and pink wool flannel tweed suit and her accessories were of pink and black velvet. She wore a corsage of pink carnations.

Her matron of honor was Mrs. Bennie J. Moeller, who wore a brown suit with brown and pink accessories, and wore a white carnation corsage.

Serving the groom as best man was Bennie J. Moeller.

After a short wedding trip to Ft. Worth, the couple are at home at 635 So. 17th. The bride is a graduate of Southland High School and is employed by Teague Drug Store. The groom, who is a graduate of Slaton High School, served in World War II and is a member of the American Legion and the Masonic Lodge. He is employed by Slaton Motor Co.

(SLATONITE STAFF PHOTO)

**WORKING WITH DRESDEN FIGURES** can certainly be fun. Two women who get very, very much enjoyment from this hobby are Mrs. J. F. Richey, left, and her mother, Mrs. W. R. Greer. Although it is a hobby with them, they have turned this into a small business as they are teaching others and have a large supply of the unfinished ware to be finished.

## Slaton Women Give Their Favorite Tested Recipes

Mrs. J. F. Richey chose a Pecan Pie recipe as it is a favorite of her family's and she says it is so simple anyone can make delicious pies.

**Pecan Pie**  
3 eggs, slightly beaten  
1 cup Karo  
1/8 teas. salt  
2/3 cup pecan meats  
1 teas. vanilla  
1 cup sugar  
Method: Mix together all in-

gredients, adding the nuts last. Pour into a nine inch pie plate lined with pie crust. Bake in a 450 degree oven for 10 minutes. Reduce heat to 350 degrees and bake until a knife blade inserted will come out clean. (Pecans can be chopped coarsely or left whole)

### Resided in Slaton 17 Years

Mr. and Mrs. Richey, who live at 415 W. Panhandle, have resided in Slaton for nearly 17 years. He is an employee of Western Cotton-oil Mill.

The Richeys have two sons, Wyman, who graduated from Slaton High School and Texas Tech and who is the band director at O'Donnell, and John Wayne, who is a freshman at Tech this fall. John Wayne is carrying a pretty heavy schedule as he is working part-time at Piggly Wiggly and is also a member of the Tech band. Wyman has been teaching for two years at O'Donnell and is really enjoying his work according to his mother.

### New Kobby Began

Mrs. Richey and her mother, Mrs. W. R. Greer, have recently become interested in a new hobby. They are now working in Dresden work. A work similar to ceramics, although no firing is necessary. They have made chinese figures,

plaques, jewel boxes, figurines of all types, horses, and many other things.

Mrs. Richey said they became interested in this work through her sister who lives in Dimmitt, when they went to a party at Dimmitt where a woman from Plainview was demonstrating this art. They became so interested they have started sponsoring parties here. They have become the local dealer and have just been having a wonderful time. They have gone to Southland, Grassland, Post and of course, here where different women have given parties. Mrs. Richey says it is similar to Stanley parties. The only expense to the women who attend is the equipment they buy if they wish to take up this fascinating hobby. They have met so many women and are getting a great deal of joy out of it according to Mrs. Greer.

Mrs. Richey has other interests that she enjoys. She is a member of the Jolly Quilting Club and also the Volunteer Firemen's Auxiliary. She is a member of the Christadelphian Church.

## CANDY GOLD IS PARTY HONOREE

A birthday party honoring Miss Candy Gold on her 14th birthday was given by her parents, Mr. and Mrs. John Leinfelder, Saturday night at the American Legion Hall.

Prizes were awarded in a "danceathon" to the couple who could dance the longest. Refreshments were served to about 30 young people who attended.

### Card Of Thanks

We wish to thank everyone for the work that they did, for the food, flowers, visits and for every kind deed during our illness. May God bless everyone in our prayer. Mr. and Mrs. W. E. Burns

Mrs. Joe Teague Jr. returned home Sunday from Dallas, where she visited for 10 days with Miss Myrtle Teague. Mr. Teague took her to Dallas.

### News Of Slaton Men In Service

Denny L. Kincer

Another Slaton young man has enlisted in the US Air Force, according to T/Sgt. Herb Ulbrich, local Air Force recruiter.

Denny L. Kincer son of Mr. and Mrs. L. T. Kincer, 750 South 11th St. Slaton.

Denny is a 1955 graduate of the Slaton high school and attended Texas Tech, before receiving his oath of enlistment at Armed Forces Examining Station in Amarillo.

At the present time he is stationed at Lackland Air Force Base near San Antonio where he is undergoing basic military training to prepare him for entrance into technical training schools or assignment to one of the many Air Force bases for on-the-job training in a chosen speciality.

### Do-It-Yourself With Worm Farm Bait Raising

Ever plan a fishing trip only to have it squelched because there was no bait? That's typical fisherman's luck, all right, but the "no bait" part of this story has a simple remedy.

An ordinary wash tub filled with the proper soil and buried in the ground should yield from 3,000 to 5,000 fishworms a year, says R. E. Callender, Extension wildlife management specialist. The tub or bed should rise three or four inches above ground level.

"Fifty to 100 worms are enough to start a tub-sized worm bed," says Callender. English redworms or "redwrigglers" are preferred by pole-and-cork experts. They are very active, prolific and reproduce throughout the year.

Moisture and soil are "key" considerations in a productive worm bed. A fine clay loam containing lots of humus or well decomposed organic matter is ideal. Locate the bed in the shade and moisten with water every week or two, or more often during the summer months if needed.

To provide needed drainage, the specialist suggests cutting a two inch hole in the bottom of the container and covering it with a patch of fine copper screen wire.

Don't disturb the worms too often, Callender cautions. Two such tubs would allow the use of worms from one while the other is left undisturbed.

As for food, worms feed on the soil from which they digest organic matter, both animal and vegetable. The leaves of celery, cabbage, lettuce, turnips and other vegetables are readily taken by the worms when small amounts are worked into the topsoil. A mixture of one part kitchen fat and two or three parts of corn meal also makes an excellent ration.

If the worms are to be marketed, pint-size ice cream cartons containing 50 to 100 wigglers make desirable marketing packages.

### New Dining Area At Bruce's Cafe Seats Thirty-Two

Bruce's Cafe across the street from the Santa Fe Depot re-opened Wednesday after completely remodeling. The exterior of the cafe has been painted white and trimmed in green. Inside, the cafe has been repainted canary yellow and green.

The kitchen area has been enlarged as has the cafe's storage space.

Feature of the remodeling job on the cafe was the addition of a new dining area which will seat 32 additional customers. The dining room can be reserved for private gatherings on week days, and can be sealed off with a sliding door for privacy. Furnishings throughout the dining area, which includes eight tables and 32 chairs, are all new.

Free coffee was served at the cafe from 8 to 11 a.m. Wednesday.

Mrs. R. G. Kirkpatrick and daughter, Mrs. Ted Bradley, of La Junta, Colo. were week end guests in the home of Mr. and Mrs. W. R. Lovett and Mr. and Mrs. Bill Klattenhoff.

### New Styling Adds Length and Fleetness to Lines

THE "TWO-TEN" 4-DOOR sedan is one of 19 freshly styled bodies in three series that will make up Chevrolet's passenger car line for 1956 which may be seen at Doc Crow Chevrolet. All models have a longer, lower look. Front ends are more rugged-appearing through a redesign of grille and forward sheet metal. Engine choices include more powerful V8's and 6's. The car above affords an illustration of unique two-toning that separates top and lower body by a different color.

AUSTIN, Tex.—Speculation is running high that both Gov. Allan Shivers and U. S. Sen. Lyndon B. Johnson will have leading roles in the selection of the next Democratic presidential nominee.

Both have denied participation in any movement for a Southern coalition to block re-nomination of Adlai Stevenson.

Johnson denies that he is heading up a coalition. Nomination is up to the delegates, he said, and he will support whoever wins out. And, he is not a "conservative," the senator stressed, but a "moderate."

Johnson, before his heart attack last summer, was considered a likely future contender for presidential nomination. Some believe, should he regain his health sufficiently, he again will enter the picture.

Gov. Shivers, at the conclusion of the Southern Governors Conference, took a slightly different approach. He said he will vote for the presidential candidate "I think is best for the future of my country, and I hope the Democrats can produce that man." He also said he knew nothing of a drive for Southern control.

#### DAC vs DSE

Texas has two Democratic organization drives, highly competitive, under way. Selection of Lt. Gov. Ben Ramsey as a harmony-unity choice for Democratic State Committeeman so far has not reduced the competition.

Leaders of the Texas Democratic Advisory Council, set up by Speaker Sam Rayburn, say they plan to carry on organizational and money-raising efforts. This liberal group, organized to "carry on the functions of national committeeman" during the years Wright Morrow was barred from the seat, has raised money the past four years for the national party. It now is busy organizing for control of presidential conventions next year.

On the other side of the picture is the Democratic State Executive Committee, conservative pro-Shivers organization. DSE also is carrying on organizational and money-raising efforts and has no intention of stopping, according to State Chairman George W. Sandlin.

A DAC meeting is scheduled for Nov. 4, to select a leader to replace Navarro County Judge Jim Sewell.

Outside observers have suggested

a connection between the resignation of Sewell from the liberal group and the ousting by conservatives of Wright Morrow. It is part of and over-all effort, they hint, to rid both groups of extreme left and right-wingers and merge Democratic party factions for a strong voice in national affairs.

#### Third Shot Necessary

Officials of the State Health Department have declared that three Salk polio shots are necessary for maximum protection against crippling effects of polio.

Children who have had two shots should have the third "booster shot" early in the Spring of 1956, the Department urged.

In answer to a series of questions, the Health Department explained that it is not known at present exactly how long protection from three Salk shots will last. Experts now estimate protection at about two and one-half years. Perhaps after that time, booster shots again will be advised.

Persons who already have recovered from polio also should have the shots, the Department said. There are three types of polio. Having a case of one type will not set up immunity against the other two. The Salk vaccine is aimed at giving immunity to all three types.

Only nine Texas children have been stricken with paralytic polio despite Salk inoculations. Dr. Henry A. Holle, state health commissioner announced. The nine cases were among 473,830 vaccinated children.

#### Anti-Crime Strategy Outlined

A multi-fold education program to reduce crime in Texas was proposed at an Austin conference of three law enforcement groups.

Suggestions included (1) greater publicity on the cost of crime, (2) establishment of a four-year college course in criminology, and (3) education of youngsters by a touring "crimobile" equipped with latest detection devices.

Participants were the Texas Law Enforcement Foundation, the Attorney General's Citizens Committee and the State Law Enforcement Advisory Council.

Booby Prize Stolen

Last year Austin received the "booby prize" in the Safe Driving Day contest, Award was a dented fender which was displayed—but painted on the fender, in white, not proudly—on the city hall lawn. was "Awarded to Austin, Texas for Last Place in the First Annual Safety Bowl."

Theft of the "prize" was discovered last week when preliminary work began on the upcoming S-D Day. Nobody knows who took it, or when. "We never were too happy about getting that thing in the first place," said Captain Bob Miles of the Austin Police Department. "We didn't keep up with it very closely."

SHORT SNORTS: Amar Nandi, of Calcutta, India, on tour as a guest of the U. S. State Department, visited in Austin last week. He is assistant editor of India's largest newspaper. Only 36 years of age, Nandi spent nine years of his life in prison or in hiding, during India's struggle for independence.

Veterans land program profits of \$7 to \$8 million within 10 years and \$40 million after 40 years were predicted by Land Commr. J. Earl Rudder. Restored confidence and better laws will bring about the gains, he said. . . . Mail Christmas packages to military personnel overseas not later than Nov. 15, Austin Postmaster O. N. Bruck has urged. Even earlier mailing for personnel in Japan, Korea and the Pacific was suggested. . . . Sen. Jimmy Phillips of Angleton said future veterans land inquiries will be hindered by complete overturn of the investigating committee. "It's unusual for the coach to put in a completely new team after you have driven from the shadow of your own goal posts to the opposition's 10-yard line," he said.

Mr. and Mrs. Bert Polk, Mary Alice and Laquetta, and Sammy Gentry and Linda McCarver spent the week end in Gallup, N. M. visiting Mr. and Mrs. Earl Jernigan and Mr. and Mrs. W. L. Polk. On Sunday they all went to the Painted Desert, McGaffey Forest and the Kit Carson Cave in Arizona.

# Best Buick yet

When better automobiles are built Buick will build them

IT COMES upon the heels of the most successful Buick in history—and beats it on every score.

In shimmering steel and solid sinew, it's Buick for 1956—and there's never been anything like it for pure automobile.

You get a good hint of what we mean when you take in its sweep-ahead styling—from the

air-splitting prow of its V-front grille to the robust rake of its canted rear profile.

You get an even better hint when you open the doors and see the dazzle there.

But it's when you put this beauty to the city streets and the open highways that you learn the best of it.

For here is performance without parallel. A new advance in Variable Pitch Dynaflo\* goes airplanes one better—steps up your getaway in normal driving without flooring the pedal to switch the pitch. But when you do need that extra surge, it's there instantly—and in extra abundance.

The might of big 322-cubic-inch V8 engines in every Series brings new record high power to

all Buicks—ROADMASTER, SUPER, CENTURY, and the bedrock-priced SPECIAL. And to handle such dynamic driving power, the whole rear end has been endowed with extra brawn and heft and solidity.

We could spread before you an acre of blueprints on the engineering gems that spark the spectacular performance and ride and handling and roadability of these great Buicks for 1956.

But you can get the full and magnificent story right now, at our showroom, in a face-to-face meeting with the best Buick yet—now on display, and setting a dazzling new pattern for 1956.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
