## Walker Re-elected Chairman Soil Conservation Board

Lubbock County Soil Conservation Board of Supervisors re-elected S. Walker, Sr. of Slaton as chairman of the board at a meeting last Friday afternoon. Walker has held the post for the past two years. George Hindman was elected as Vice-Chairman, an Ed Merrell as Secretary-Treasurer. The board reorganizes annually following the election of supervisors. Terms expire alternately, each one elected serves for a year period.

## Tigers To Meet Spur Friday In Conference Game

The Slaton Tigers meet the Spur Bulldogs Friday night in a conference game at Tiger Stadium. Game time is 8 p.m. Spur is undefeated so far this season and according to coach Homer Tompkins is thought to have the best team it has had in about 12 years. According to coach Tompkins "the Tigers can do all right in Friday's game but they will have to play as hard or harder than they did with the Floydada Whirlwinds last week."

## "Eyes To The Future" Contest Winners To Be Announced Next Week

The winners in the "Eyes To The Future" contest will be announced in next week's issue of the Slatonite. Readers had until midnight Thursday October 20 to mail their entries to the paper. Prizes will be awarded the top entries and will consist of \$10, \$7, \$5 and \$3. In case of a tie duplicate prizes will be awarded.

## Slaton Lions Host Zone 2 Meeting

Slaton Lions played host to a meeting Thursday of the zone chairmen, presidents and secretaries of the seven Lions clubs in this zone. Slaton is in zone 2. Bland Tomlinson, past zone president, sat in on the meeting to help the new chairman, J. A. Rogers of Post, get accustomed to his duties. The Lions met in the fire station here at 8 p.m. The group meets three times each year and the next zone meeting has been scheduled for November 27 at Lubbock, according to Tomlinson.

## Rites Held For Mrs. J. H. Teague Pioneer Resident

Funeral services were conducted at 3 p.m. Monday in Williams Funeral Chapel for Mrs. J. H. Teague Sr., 82, a pioneer resident of Slaton. Services were read by Mrs. Marion Fuqua, a Christian Science reader, of Dallas. Burial was in Englewood Cemetery. Mrs. Teague died in Dallas Saturday after a long illness. She had been residing there with her granddaughter, Miss Myrtle Teague, for the past four years. Mrs. Teague was born at Bedias in Grimes County, Texas, in 1873. She married J. H. Teague at Anderson, Tex. They moved to Slaton in 1911 from Big Spring where they had moved in 1906. Mr. Teague was a well known figure in Lubbock County and was mayor of Slaton from 1938 until his death in 1945.

## Committee Appointed By C. of C. To Investigate Housing Shortage

At a meeting of the Chamber of Commerce Tuesday night a committee was set up to investigate the possibilities of establishing a housing development here in Slaton. Don Britt was selected to head the committee with Bill Smith and Leroy Holt assisting him. It was brought out in the meeting that Olton has recently completed a housing development and that the committee might gain some useful information from the project there that could be put to use here in Slaton. The committee was asked to bring information and possible recommendations before the next meeting of the Chamber of Commerce. The group voted to jointly sponsor an essay contest with the West Texas Chamber of Commerce for

Slaton High School seniors. The essays will be entitled, "What Can My Town Do To Have More Industry?"

Local prizes to be given will be \$15 first prize; \$10 second prize, and \$5 third prize.

The winning entry in the local phase of the contest will be forwarded by the Slaton Chamber of Commerce to the West Texas Chamber of Commerce to compete in district and final judging. Grand award of the contest is a scholarship to the college or university in West Texas chosen by the winner.

Hobart Trimpa, chairman of the Christmas decorating committee reported to the group that he plans to begin solicitations of Slaton businessmen for holiday decorations. He reported that contributions last year enabled the Chamber to get a good start in lighting the town, and that it had been decided last year to add to the decorations each year so that the town might eventually be fully decorated with the lights.

Last year's donations exceeded \$800. Ten strands of lights, each strand 80 feet long, were ordered. Each of the strands has a lighted star in the center, with tinsel around the lights and wires. Christmas bells on the end of each of the strands, completed the decorations last year.

The Chamber voted to appropriate \$225 to Don Brit for the purchase of materials to be used in the Nativity Scene on the City Hall lawn.

## FHA Postpones One-Act Plays Set For Tuesday

The three one-act plays scheduled to be presented by the FHA on October 25 have been postponed according to Mrs. G. K. Halle, FHA Advisor.

The plays, which were scheduled to be held in the high school auditorium, had to be postponed because the auditorium seats have not yet arrived.

## Commissioners Vote Favorable On First Reading Of Ordinance To Close Street

Members of the Slaton City Commission Tuesday night voted favorably on the first reading of an ordinance closing West Floyd Street from its intersection with south 9th St. for a distance of 140 feet southwest to the alley between 9th and 10th Streets. Final action on the ordinance will be taken November 14, when the ordinance is read for the second time. The commissioners voted to set the date for an official hearing on one block of paving on south 7th Street. Time of the hearing is 10 a.m. on November 15 at city hall, at which time any of said owners or interested persons who desire to contest any such assessments will be given a fair and impartial hearing.

## OUR FOOTBALL TEAM AND US

Football in America was made for young adults to give them wholesome recreation so basic for a healthy life; to give them character to be good citizens in later years; to provide them with the competition they need to compete in the businessman's world.

Nothing in the beginning said a team MUST win so many games, or so much money should be bet, to win or lose. Those things were instituted by us, the public. It did say in the beginning that the school and all interested people would support the team and give them spirited courage on the field of battle. There are a few in Slaton that have done this.

Our team wants to win every game and they try hard. They ask for no sympathy. Each and every citizen of Slaton should try as hard as they do.

Before we criticize, let's analyze our team this year. Look at the boys who would be playing this year but are having to sit it out for various reasons: twelve boys, namely: 1st string fullback Lee Ham, lost because of a hernia condition; right half Dickie Thomas, who broke a collar bone early in the season; right guard Carlton Tomlinson, who had to quit because of a hernia condition; left guard Quinton Strube, lost because of eligibility rules.

First string substitute Larry White, is now lost because of an internal leg hemorrhage. Jim Edd Stewart, the team's only punter, has to work. Jerry Jones, halfback, had to quit because of a heart murmur. Douglas Corley, 2nd string quarterback, is lost because of a collapsed nerve in his chest not due to football. Defensive halfback Bill Lee became ineligible. "B" teamer Darwin Merck, a 210 pound sophomore, would have played some but quit to work. Tommy McClanahan is not playing because of diabetes. Dale Edwards, first string substitute had to work after school. Seven of these boys would be running first string now if it wasn't for these conditions.

Do we as the public wonder what can be done to help the boys that are left, these boys that are sticking it out and giving their all even though misfortunes have come their way?

Yes, there are many things that we can do. We can quit criticizing their actions on the field of play. Quit yelling criticism at them at our games. How would you feel if the situation were reversed?

We can join the loyal fans by going to the practice field during the week days when possible and letting the boys know that we are interested in them personally and as players.

We could attend the Touchdown Club on Monday nights.

We can be optimistic in our talk over coffee or any social gathering when the team is mentioned.

Our efforts could turn toward encouraging boys to come out for football by personally speaking to them.

We can be at the games with the PROPER ATTITUDE, which is very important.

Social clubs could invite boys to their meetings to show their loyalty.

We could be at the gate when the boys come in as this means a lot to the team.

If Slaton is going to have a good team WE, the public, must do our part. Goals can be accomplished if all the town and the team pull together, win or lose.

The boys that play football for Slaton are our boys. They're not Lubbock's or Post's. They're OUR boys and if we don't stand behind them, who will?

## Perry To Serve On Committee For Water Authority

Francis Perry has been named one of nine men from as many towns to serve on a special education and information committee in connection with the upcoming Canadian River Municipal Water Authority bond election.

The committee was set up to acquaint the public with facts and figures concerning the project and the \$74.8 million bond election which will be held Nov. 15.

The money, if the bonds are approved, will be used to construct a dam across the Canadian River near Sanford in the Panhandle and to construct a pipe-line system to serve the member cities.

## City Officials To Attend Convention At Brownsville

City commissioners B. H. Bollinger and Wayne Liles, and city secretary, J. J. Maxey will attend the annual convention of the League of Texas Municipalities at Brownsville, October 23 to 25. While there, Wayne Liles will address a Mayor and Councilmen Session on the subject of "Public Relations In Small Towns". All representatives of the various cities will take a side trip and good will tour of Monterrey, Mexico.

## Arrants' Locker Plant Robbed Tues. Night

Police here in Slaton reported that Arrants' Wholesale Meat and Locker Plant at 225 W. Garza was robbed Tuesday night.

The thief is assumed to have entered the locker plant through the west door of the building which was thought to have been left unlocked.

Max Arrants, owner of the locker plant, according to police, found both doors of the plant standing open when he went to work early Wednesday morning.

The person or persons carried off about \$30 in currency, nothing else was reported to be missing.

Lubbock County Sheriff's Department was notified and officers were expected to arrive her Wednesday morning to aid local officers in their investigation.

## MRS. W. M. SEWELL CONDITION SATISFACTORY IN WEST TEXAS HOSPITAL

Mrs. W. H. Sewell is a patient in West Texas Hospital in Lubbock where she underwent surgery last Friday. Her condition is reported to be satisfactory.

THAT'S NOT A YOUNG TREE in front of Forrest Davis, Slaton's Water Superintendent. It's a stalk of cotton growing in the city farm. The land not long ago, according to Davis, was just blow sand. Leon Walston, who is leasing the land from the city, deep plowed and fertilized it before planting the cotton. The land is irrigated from the city's disposal plant, which takes the raw sewage from the city and converts it into effluent which can be used for irrigation purposes. The cotton grew so tall and the bolls got so big that the stalks have bent over from the weight. The reporter from the Slatonite counted 22 bolls of cotton on a stalk picked at random. According to city secretary J. J. Maxey the stalk the reporter picked up was a volunteer, because Maxey found one with 46 bolls on it.

## American Legion Plans Telephone Membership Drive

Slaton's Luther Power Post No. 438 of the American Legion is planning a telephone campaign for membership beginning at 7 p.m. October 20th.

According to Howard Carlson, American Legion Commandant at Slaton, the legion plans to call each ex-serviceman in town and ask him to join the organization. If the prospect accepts, one of several teams will go to his home and collect his membership dues that same night.

The group meets the second Monday of each month at the Legion Hall.

One of the functions planned by the organization is a breakfast for ex-servicemen and their wives on the morning of November 11 at Legion Hall.

## SERVICES ARE PLANNED FOR AREA BRACEROS

Services will be held Saturday afternoon on the City Hall lawn for Braceros in this area. The services will be conducted in Spanish by Mexican ministers, under the sponsorship of the Lubbock Baptist Association.

Services are being conducted throughout the Lubbock association according to Wayne Liles, chairman of the Mexican Mission Committee for the association.

## Slaton Masons Hold Fish Fry

Slaton Masons of the Blue Lodge served a fish fry to approximately 80 persons at the Masonic Hall Monday at 6 p.m.

The fish were brought back from a fishing trip on the Gulf Coast by B. H. Bollinger.

Five grand jurisdictions were represented at the event, according to R. L. Smith Sr., including Texas, Oklahoma, Kansas, Colorado, and California.

At the meeting following the fish fry two third degrees were conferred.

## Methodist Church Men's Breakfast Has 30 Attending

There were 30 men present at the Men's Breakfast at Fellowship Hall of the First Methodist Church Monday morning. The breakfast is open to all men of Slaton and meets each Monday at 6:30 a.m.

Each week a group of from four to five men is appointed to do the cooking for the breakfast, according to the Rev. J. B. Sharp, pastor of the First Methodist Church. The breakfast is 50 cents.

Next week the men who are in charge of the cooking are: Travis Reynolds, Walter Jochetz, C. A. Womack, Dick Ragsdale and S. W. Clark.

## Kick-Off Breakfast Planned To Start Scout Fund Drive

A breakfast to kick off the annual Slaton Finance Drive for the South Plains Area Boy Scout Council will be held at 6:30 Tuesday morning, October 25, at the Red Arrow Cafe.

Local Boy Scout Drive Finance Chairman Lee Vardy announced an incomplete list of captains, who will appoint their own team members. The captains include Fred Hulver Schmidt, Hobart Trimpa, H. R. King, J. D. Perkins, Ted Swanner, Don Britt, Howard Hoffman, Jack Shepard and at least one other whose appointment had not been confirmed by press time.

The captains, team members and other workers in the drive will be guests of the Citizens State Bank at the Tuesday breakfast. Instructions and working materials will be given to those present. The drive will get under way on Thursday, October 27, when solicitations will be pushed.

The South Plains Area Council, like other local Boy Scout Councils throughout the nation, is supported by voluntary public subscriptions which are collected once a year in drives such as the one to be conducted here next week.

Most Boy Scout Troops, Cub Packs, and Explorer Units are supported by dues from individual members, and contributions from parents and supporting institutions. Scouts are not permitted to solicit donations from the public.

In conjunction with the current drive, the South Plains Area Council has announced that all funds received in the name of the Boy Scout of America are disbursed in accordance with a clearly defined policy, and accounts of all receipts and expenditures are made public annually in its report to Congress.

The funds provide salaries, office and other expenses of the South Plains Area Council employees whose job it is to keep the Boy Scout movement functioning efficiently and progressively in accordance with Boy Scout aims and policies. The funds also provide for camps which are equipped with swimming pools and other essentials of the Boy Scout program.

## Amandah Secrett Wins This Week's Farm Contest Winner

Mrs. Amandah Secrett of Route 2 Slaton is this week's winner of the "Mystery Farm" contest. She correctly identified the farm as being the E. N. Pickens Farm southwest of town.

If Mrs. Secrett will come by the Slatonite office, she will be presented with a one-year subscription to the paper and two free passes to the Slaton Theatre.

Slaton Farm store will present Pickens with a handsome photograph of the farm.

**COMMERCIAL JETS**

Eastern Airlines has allocated 125 million dollars for the purchase of 120 jet airliners. They will be the most modern commercial planes yet seen. It will be about four years before the first one is delivered. Other airlines have already made it clear that they intend to keep up with Eastern and place orders for jets.

This is proof that the jet—long used by the military—is on its way into more general use in the commercial field. The unfortunate experience of the British with several jet crashes has not deterred business men from realizing that jets are no longer the plane of the future but are necessary today.

Captain Eddie Rickenbacker, president of Eastern Airlines, has said that he foresees more progress in the next ten years than was made in the last twenty-five. His estimate may well prove to be modest.

**INDIA'S PENAL SYSTEM**

India is experimenting with a penal system in which emphasis is on reform instead of punishment. Two of its states are trying open prisons.

One of these prisons is a camp with inmates living in tents situated in park lands just outside the old prison walls. One unarmed guard supervises the work of 40 prisoners who are given as much freedom as possible and allowed to return home for a month every three years. Prisoners in another, smaller institution live in barrack-like rooms whose doors have no locks. They are allowed to send representatives to town every two weeks for shopping and can have visits from relatives. Out of 18,000 long-term prisoners in the first institution, only seven have tried to escape.

Critics of the system complain it is no deterrent to crime, since going to prison represents no more than spending a few years away from home in a comfortable atmosphere. Defenders reply that the system is not meant for all offenders, especially the habitual type. They maintain that the system has a marked effect on the behaviour and morale of prisoners who actually try to discipline themselves so they can retain their freedom.

This experiment bears watching here in the United States where prison riots provide a warning that reform is needed.

**Junior's Got Little Troubles**

The next time the young'un comes home with a disgusted look on his face because the teacher has assigned him some homework to do, ask him to consider the plight of the Russian youngster.

In Russia, the child goes to school for 12 years, much as our own youngsters do, but the Russian child starts his school when he is 5 and finishes high school when he is 17.

Few holidays are allowed and he goes to school six days a week. When he graduates, he has completed 10 years of mathematics, 7 years of languages, and 9 years of physics, biology, chemistry and astronomy.

By the end of each school year the student must memorize all of his text books, roughly 3,000 pages of printed matter. He takes examinations orally and he takes them alone.

**MACHINES WITH BRAINS**

Much has been heard about the huge electronic brains that perform such prodigies as forecasting national elections. Less is generally known about another sort of computer, relatively little fellows that are bringing big changes to medium-sized business concerns.

Such computers, many of them selling for less than \$100,000 or renting for as little as \$550 a month, perform all sorts of chores. They handle inventory control, do research on gas mixtures and airplane engines, keep tabs on banking operations—all many times faster than mere human beings could do such tasks.

We stand on the verge of a new industrial revolution. Electronic computers are helping to make it possible.

Willy Bills found out old soldiers don't just fade away when he tried on his army uniform for the parade.

Swallowing your pride occasionally will never give you indigestion.

## THE EVASIVE GLOG is

happy go lucky as long as luck is with him

The GLOG is an advertiser who refuses to be moored to facts and figures.

He spends money for advertising. But if you ask him why, he talks about golf.

If you ask him what he expects to get out of his ads, he raves about some oomph-girl who has caught the public eye.

You can't pin him down — because he honestly doesn't expect much from advertising.

Fortunately, the GLOG is a rare creature.

Wise advertisers expect plenty from their advertising dollar. And they prefer to keep luck out of the picture.

So they don't try a flimsy catch-all schedule. They don't experiment with advertising dollars.

They pick the best advertising medium and advertise regularly the right merchandise at the right price.

Naturally they use newspapers. Because newspapers are basic—the foundation of any intelligent advertising schedule.

Because only the newspaper reaches just about everybody.

Because only the newspaper carries the sense of urgency — "If it's advertised today, I'd better go down and get it quick."

No wonder advertisers invested twice as much money in newspapers last year as in any other medium!

From where I sit... by Joe Marsh

Tie This One For Consideration—

Closed the office early last Saturday to go after pheasants with Pops Foster. I used fewer shells than the old gentleman and took home more birds—but not because I did better shooting.

I'd borrowed a dog for the occasion. Pops took along Blue, his ancient pointer. Several times I noticed Pops walk up to a clump of bushes Blue had pointed at and fire into the air—though he hadn't flushed a single bird.

Naturally, I wanted to know why. "Well," he said sheepishly, "I've been hunting with that dog for 11 seasons. His nose isn't much

help any more—but I'd rather waste a shell than let him know."

From where I sit, Pops always shows consideration for people, too. For instance, this is a small thing, but he puts a bottle of beer on ice for me when I visit him—though he never takes anything but coffee himself. Even if he doesn't agree with me on a matter of personal choice (which is his right) he'd rather not make a "point" of letting me know.

## Father Of Slaton Minister To Speak To Presbyterians

Dr. Leo C. Lake, pulpit supply of the Community Presbyterian church of Monument, Colorado, will speak to the First Presbyterian church of Slaton this Sunday, October 23, at 11 a.m. on the general topic, "The Missionary work of the Presbyterian Church in Japan".

Dr. Lake is the father of the Rev. Larry Lake, pastor of the First Presbyterian Church of Slaton. The former served as a missionary under the Presbyterian Church USA in Japan from 1917 until 1941, just a few months prior to Pearl Harbor. Dr. Lake's activities centered in Sapporo on the island of Hokkaido, Japan, and his duties involved preaching, organizing Sunday Schools and Bible study groups, and teaching.

A graduate of Colorado College, and McCormick Theological Seminary of Chicago, Dr. Lake served as a teacher in Turkey for three years, and is quite well traveled. While in Slaton, he will visit with his son and family, the Rev. and Mrs. Larry Lake, and their son Steve.

Dr. Lake will speak to the Mexican Presbyterian Mission on Sunday night at 7:30, and also addressed a dinner held at the Red Arrow Cafe by the Slaton Ministerial Alliance last Wednesday.

## Ministerial Alliance Members And Wives Hear Retired Missionary

Member ministers and the wives of the Slaton Ministerial Alliance met at the Red Arrow Cafe Wednesday at 1:30 p.m.

Principal speaker was Dr. Leo C. Lake, father of the Rev. Lawrence Lake, president of the alliance.

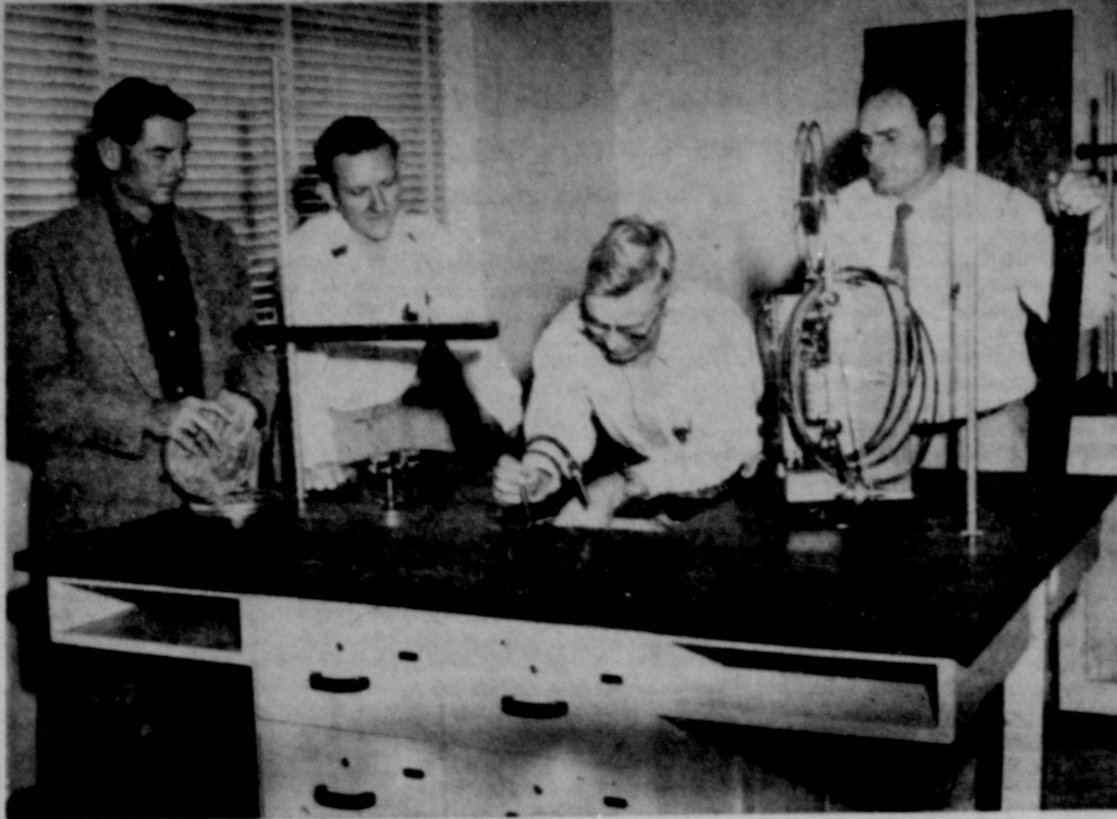

Dr. Lake is a retired missionary under the Presbyterian Church in Japan.

**SLATON HIGH SCHOOL'S** science instructors look over some of the equipment in the school's new laboratory. Left to right are Homer Tompkins, and G. D. Duke, both of whom teach general science; C. M. McPherson, who teaches chemistry and physics; and Willard Hedges, biology instructor.

## Science Department At Slaton High School To Hold Classes In Modern Equipped Lab

The science classes at Slaton High School will soon be able to conduct their classroom experiments in the proper atmosphere, according to superintendent of schools Lee Vardy.

Classes in the four science courses taught at the high school have been meeting temporarily without a lab, but in about a week all this will change as students begin using the new equipment in the science department's new laboratory.

The lab is designed to handle the average class of 25 students and is equipped with six new combination desks or worktables. Each desk has a sink in the center of it, and is connected with electricity and natural gas jets for use in the experiments that will be carried out in the room.

The sink, electrical wiring and plumbing are all enclosed within the desks, where they will be out of the way.

The teacher's desk, like those to be used by the students, is well equipped with the necessary apparatus for the demonstration of the various projects.

Each of the tables has eight locker drawers and two storage bins for storage of the equipment that will be used in most of the simple experiments the students will conduct.

Situated at one end of the lab is a long, low table that will be used for weight and balance experiments.

**Movie Projector**  
One piece of equipment in the lab, though not pertaining to any one course, is the school's new RCA Movie Projector. The 16mm projector is valued at well over \$600 and will be used in connection with various classes by use of educational films pertaining to the courses of study.

The addition to the new high school of the laboratory is only one of the steps being taken here to improve the science department of the high school.

Total enrollment last year in the two science courses offered at

high school was 75 students. These students were divided up among two general science classes and one class in biology.

### Large Enrollment

This year there are 109 students enrolled in the four classes offered in general science alone. In the two biology classes the enrollment is 38, and there are 21 students taking the chemistry course.

Home economics and agriculture courses are no longer classified in the science category, according to a new ruling by the Texas Education Agency. The ruling also states that each student must have at least one of four sciences offered prior to graduation.

The courses are normally set up with general science being offered in the ninth grade, biology in the 10th, chemistry in the 11th, and physics in the 12th grade. Chemistry will probably be rotated from year to year at Slaton high school, with the course being offered each year that is in demand the most.

### Course Of Study

Instructors and the course of study in each of the four courses are: G. D. Duke and Homer Tompkins, general science, an exploratory course which is an introduction to all science courses; Willard Hedges, biology, the fundamental differences between plants and animals as to growth, breathing, food getting, and meeting life's problems; C. M. McPherson, chemistry, a general introduction to chemical terms gas, laws, and the different elements; C. M. McPherson, physics, the study of levers, machines, heat, light, magnetism, electricity and a section on radio activity and nuclear activity.

Mr. and Mrs. M. B. Tate and Homer Ferguson visited Mr. and Mrs. J. T. Ferguson in Roswell, N. M. from Sunday until Tuesday. J. T. Ferguson is Mrs. Tate's son.

Mr. and Mrs. J. T. Williams and children of Carlsbad, N. M. spent the week end visiting Mr. Williams' sister, Mrs. Bob Brasfield, and family.

## Alliance Reports Good Turn-Out At Open House

Speaking of the recent Church Open House, the Rev. Lawrence Lake quoted several people this week as saying, "I enjoyed very much seeing how the different churches worship—and for the opportunity of hearing the different preachers." "We hope it will be an annual affair."

Attendance at the churches during the six-night open house was good as is shown by the totals reported by each church.

The First Methodist Church reported 228; Nazarene, 163; First Christian, 156; Lutheran, 215; Westview Baptist 135; and the Church of God, 130.

Total attendance reported by the churches was 1027.

The offering taken each night totaled \$152.29 and will be used by the Slaton Ministerial Alliance to help the needy, pay expenses involved in preparing bulletins for seasonal services, and for community census reports.

On Friday night the Ministerial Alliance took a survey by a show of hands of those who attended each of the services in the open house. Of those present, 20 had a record of perfect attendance.

The pastor of the Church of God, the Rev. Louis Bowerman, asked those present Friday night to express their opinions about the open house. All comments received were favorable to the services.

The Rev. Lake asked for a vote of confidence toward repeating Church Open House next year—the vote was unanimous in favor.

## New Parsonage Being Constructed In Slaton By Grace Lutherans

Work was under way in Slaton this week on a new parsonage for the Grace Lutheran Church, according to the Rev. H. F. Treprow, pastor of the church.

The building will be constructed of brick to match the church. The foundation for the building has been laid and the rest of the construction will begin in the near future.

The Rev. and Mrs. George I. Bryan of Lubbock and Mrs. Jim Collins of Claunch, N. M. visited with the Rev. and Mrs. Elmer Crabtree last Wednesday.

Mr. and Mrs. Grady Harris and boys, Johnny Owens and Grady Jr. spent Sunday in Floydada visiting Johnny's grandparents, Mr. and Mrs. W. H. Owens.

## STAY AT HOME NIGHT SET FOR MONDAY OCT. 31

"Have you bought your ticket to stay at home on October 31 yet?" This is the question you are most likely to hear from the students at West Ward School. They started selling tickets for the "Halloween Stay-At-Home" night on Monday, Oct. 10 and will continue to sell them until Oct. 31.

Because there are so many activities scheduled every night of the week, the Parent-Teacher Association, voted to give everyone a chance to stay at home and relax for at least one night, therefore, they will not have the Halloween Carnival as in previous years. This will be the major fund raising project of the year. The tickets that are being sold are for admission to a night at home.

The tickets are priced at whatever amount one wants to pay. "The more you pay for your ticket, the more relaxed you will be on Halloween night," according to the president, Mrs. A. W. Privett.

**NOTICE**  
BY CITY OF SLATON TO OWNERS OF PROPERTY ABUTTING CERTAIN STREETS OF INTENTION OF CITY TO PAVE AND IMPROVE SAID STREETS AND TO LEVY ASSESSMENT AGAINST SAID PROPERTY AND THE OWNERS THEREOF IN PART PAYMENT THEREOF AFTER HEARING: AND TIME OF HEARING.

Whereas, on the 29th day of August, A.D. 1955, the City of Slaton, by resolution requested Parkhill, Smith & Cooper, Engineers of Slaton, to prepare plans and specifications and estimates of cost of paving and improving certain streets in the City of Slaton; and Whereas, by resolution passed on the 10th day of October, A.D. 1955 said City Commission approved said plans, specifications and estimates and determined that it is necessary that the hereinafter set out and enumerated portions of streets, avenues, and alleys in the City of Slaton be improved by raising, grading and filling same, by installing standard concrete curb and gutter, and by paving with triple asphalt surface treatment on six inch compacted caliche base:

Unit No. 1 South Seventh Street from the South property line of East Lubbock Street to the North Edge of existing pavement on East Panhandle Street. Whereas, said streets proposed to be improved and the owners thereof should be assessed and pay for not exceeding all the costs of curb and gutter abutting their respective properties plus 9/10ths of the remaining costs of the improvements in the units on which the respective properties abut; and Whereas, the estimated costs for said standard curb and gutter is \$1.45 per front foot and the estimated costs for paving is \$2.70 per front foot, for each of said units or districts, the total estimated costs of improvements designated as unit or district No. 1 (1955) is \$3,402.18. Whereas, said resolution provided that before the levy of such assessments, hearing be held under the provisions of Article 1105b of the Revised Civil Statutes of Texas, after notice given as provided by law; Now therefore, under the provisions of said Article 1105b R.C.S. of Texas, notice is hereby given to all said owners of property abutting upon said streets and alleys, and to all persons interested in said improvements that hearing will be had by the City Commission of the City of Slaton on the 15th day of Nov. 1955 at the City Hall at Slaton, Texas, beginning at 10:00 O'clock A.M. at which time any of said owners or interested persons who shall desire to contest any such assessments on account of the amount or for any reason will be heard; and such hearing shall be continued from day to day from time to time as may be necessary to give all property owners and interested persons a fully complete, fair and impartial hearing upon all matters with respect to such improvements and the levy of assessment in payment therefor. After all persons have been heard and such hearing has been closed, assessments will be levied by ordinance against the abutting property and the owners thereof, which assessments will be a personal liability of the owner of such property and the first and prior lien upon said property as provided by said Article 1105b R.C.S. Texas. Published by order of the City Commission of the City of Slaton, this 18th day of October, A.D. 1955.

**PEN PALS VISIT FOR FIRST TIME**  
Mr. and Mrs. Charles Richmond had as their guests last week end, Mr. and Mrs. Ray Thrasher and children of Matador. The Thrashers have recently moved to Matador from Wisconsin.

Mrs. Richmond and Mrs. Thrasher have been pen pals for 15 years but this is the first time they have visited together. Mrs. Richmond said she had always been fond of writing to people in different parts of the country, a hobby she acquired in school. She obtained Mrs. Thrasher's name from a close friend, who lived in California. After finishing school, she said she gradually stopped corresponding with everyone except Grace Thrasher. Both of the girls married within a few months of each other and their first babies were born a few months apart. The Thrashers have two girls and one boy and the Richmonds have two girls and two boys.

Mrs. Richmond said when she told her neighbors about the Thrashers coming to spend the week end, they asked her if she wasn't nervous about strange people coming to visit her, she told them she was very excited about seeing them for the first time but that they didn't seem like strangers after writing to them for 15 years.

Mr. Thrasher is employed by a gravel company in Matador.

Those attending were Carolyn Brasfield, Sharon Tompkins, Linda Dodson, Nan Saage, Judy Edwards, Barbara McCook, Rosa Walton, Nancy Smith, Linda Cole, Cindy Clark, Dee Chapple, Sharilyn Mann, Anita Sue Chambers, Sherrea Belt, Kathy Ayers, Robin Davis, Joyce Clark, Kathleen Clark, Jan Scott, Marilyn McSweeney, Karen Martens, Toni Cross, Glenna Payne, Sharon Williams, Sharon Self, Doris Fay Price and the leaders, Mrs. Roy Saage, Mrs. Cecil Scott, Mrs. Clark Self and Mrs. Leon Walston.

## Skit, Films Seen By FHA Girls At Regular Meeting

The Slaton Chapter of the Future Homemakers of America had their regular monthly meeting on Oct. 17, at the new high school building.

Miss Viola Walton, president, opened the meeting and Miss Jeanette Burrell led the group in song. The program consisted of a skit and also film strips.

The skit, featuring Truett Babb and Vocational Agriculture I boys, was based on parliamentary procedure. The FHA girls learned a great deal from this exhibition of how business should be carried on, according to Mrs. G. K. Haile, Homemaking teacher.

The film strips, which were shown by Mr. and Mrs. M. H. Lasater, were scenes taken from some of Slaton's Frontier Days. The Lasaters also showed scenes of their trip to Florida.

Hostesses for the evening were Misses Patzy Hogue, Alma Wina, Karen Cooper, Pat Smith, Beverly Bland and Kay Sain. They served refreshments of punch and cookies to a group of 80 FHA members and their guests.

## KAY PORTER IS PLEDGE

Kay Porter, daughter of Mr. and Mrs. Claude E. Porter, has been invited to become a pledge of the Mu Phi Epsilon, a musical sorority, at Texas Tech where she is classified as a junior. Miss Porter was notified that on the basis of her "scholarship, musicianship and leadership" she had received the invitation. It is necessary to have above a 2 grade point average. Kay is a member of Kappa Alpha Theta, a social sorority.

## GS Troop 2 Starts Work On Badges

Girl Scout Troop 2 met Friday afternoon, Oct. 14, in the home of Mrs. Byron Johnson.

In the absence of the patrol leader and the assistant patrol leader, Laura Isbell called the meeting to order. Work was started on the cooking, sewing and hostess badges.

Mrs. Alton Meeks and Mrs. W. L. Roche visited the troop. They are new leaders of Troop 6.

## Cade-Thomas Vows Read In Sunday Afternoon Rites

The Cooper Methodist Church of Woodrow, Texas, was the scene of the marriage of Miss Dinah Mae Cade and William Taylor Thomas of Kermit on Sunday, Oct. 16, at 4 p.m., with the Rev. Aaron Mitchell, pastor, officiating at the double ring ceremony.

The parents of the couple are Mr. and Mrs. H. M. Cade of Rt. 1 and Mrs. and Mrs. W. C. Thomas of Throckmorton.

**Traditional Music**  
Miss Mary Ann Smith, organist, played traditional wedding music and accompanied Miss Betty Smith as she sang "Because," "The Wedding Prayer" and "How Do I Love Thee."

The altar was banked with palms, greenery and baskets of white gladioluses and chrysanthemums with candelabra of white tapers completing the setting.

The bride, given in marriage by her father, wore a street-length dress of ice-blue Italian velveteen fashioned with a long fitted torso with a bouffant gathered skirt. She wore a white satin and velvet hat embroidered with jewels and seed pearls. Her colonial bouquet was designed of white roses.

**Twin Sister Attendant**  
Miss Donna Sue Cade attended the bride, her twin sister, as maid of honor. She wore a gown of mauve pink velveteen fashioned with a fitted jacket and full gathered skirt. Her flowers were blue carnations.

The bride matrons were Mrs. Tommie Lemon of Wolforth, sister of the bride, and Mrs. Albert Burson of Rule, sister of the groom. They wore pastel velveteen dresses fashioned after the honor attendant's gown. They had wristlets of white roses.

Miss Brenda Lemon, niece of the bride, served as flower girl. Johnny Scott of Bartlesville, Okla. was the best man. The ushers and groomsmen were Jack Cade and Charles A. Watson of Lubbock.

**Reception Held**  
A reception was held in the church Fellowship Hall immediately following the ceremony. The bride's table was laid with a white linen cloth and featured the attendants' bouquets. The wedding cake was a heart-shaped two-tiered cake with a miniature bride and groom placed at the top. Mrs. Jack Cade presided at the cake and Miss Bobbie Reynolds poured. The bride's book was presided over by Mrs. R. M. Cade.

For a wedding trip to Colorado, the bride chose a brown wool suit with beige accessories. Her corsage was of carnations.

The bride is a graduate of Cooper High School and McMurry College, where she was a member of the Gamma Sigma, and attended Texas Tech. Her husband is a graduate of Throckmorton High School and a graduate of Texas Tech where he majored in Petroleum Geology. He served two years in the Air Force. He is employed by Dowell Inc. in Kermit where they will be at home.

Out-of-town guests were from Harlingen, Albany, Throckmorton, Rule, Tahoka, Hale Center, Olton and Abilene.

## SURPRISE DINNER HONORS MRS. HARRIS

A surprise birthday dinner was given complimenting Mrs. Grady Harris Wednesday, Oct. 12, at her home 930 S. 12th. Miss Jerry Short, Mrs. Buddy Hays, Mrs. Harris' daughter, and Mrs. Earl Goad, her sister, were hostesses.

Those attending the dinner, which was complete with birthday cake and candies, were Mr. and Mrs. Hays, Miss Short, Mrs. Goad and Mr. and Mrs. Harris and two sons.

## Ministers' Wives Meet In Sharp Home Wed. Morn.

Mrs. J. B. Sharp was hostess when the Lubbock District of Methodist Ministers' Wives held their quarterly meeting in her home Wednesday, Oct. 12, at 10:30 a.m., for a covered dish luncheon.

The buffet luncheon was served from a table centered with an arrangement of dahlias and the smaller tables were centered with rose buds.

The meeting was presided over by Mrs. John English of Lubbock, who is president of the group. A social hour was enjoyed, as well as the luncheon, by ten members.

Mr. and Mrs. H. H. White and Larry attended the McMurry-ACC football game in Abilene last Saturday and visited with their son, Stanley, who attends McMurry College.

## TASTY "FRITOS" TUNA SALAD PLEASES EVERYONE

"Fritos" can be a woman's best friend when it comes to making quick, tasty dishes that are proven winners at mealtime. Appetizing variations of family favorites are simple and delicious when pointed up in flavor by the addition of golden chips of corn.

Use them as the foundation of this satisfying dish that combines tuna with crisp green pepper, celery and a savory seasoning of onion, and the result is a new taste delight that's sure to call for seconds.

**TUNA SALAD WITH FRITOS**  
1 can (7 ozs.) Tuna  
3/4 cup "Fritos" corn chips (measured after crushing)  
4 tbsps. Green Pepper (chopped)  
4 tbsps. Celery (chopped)  
1 tsp. Onion  
1 tsp. Pepper  
3/4 cup Mayonnaise

**Directions:**  
Flake tuna, add crushed "Fritos" corn chips, green pepper, celery and onion. Mix well with mayonnaise. Serve immediately on lettuce leaf. Garnish with Fritos and sliced stuffed olives.

## MEET YOUR TEACHERS

Mrs. Joe Brooks

Mrs. Joe Brooks has been teaching in the primary grades for 23 years, 12 of them having been in Slaton schools. She is a first grade teacher at West Ward. She holds a BS and ME degree in education from Texas Tech.

Mrs. Brooks says she enjoys first grade work because she feels it is the most important grade, as the foundation for future learning is established here.

Mr. Brooks is associated with Hestand Grocery Co. here. Mr. and Mrs. Brooks have one son, who lives in Hobbs, N. M. and works for Phillips Petroleum. They are extremely proud of their granddaughter, Shari Nan, who started to school this year. Mrs. Brooks and her daughter-in-law have a lot in common as they are both first grade teachers.

French is the official diplomatic language of the world.

Mrs. Nan Tudor

Mrs. Nan Tudor, a second grade teacher at West Ward, has taught continuously in Slaton schools for 23 years. All of her work here in Slaton has been in the primary field, most of the time the second grade.

She received her BA degree from Texas Tech in 1946.

Mrs. Tudor resides at 910 W. Crosby St. She has two children: a daughter, Mrs. Morris Clinton of Lubbock and a son, Kenneth Tudor of Midland.

She says, "Of course teaching is my life and I love it. Next to teaching my greatest interests are my church and my grandchildren."

Mrs. Wayne Kenney and Dianne and Mrs. Dan Liles spent the week end visiting Mrs. Liles' sister and brother-in-law, Mr. and Mrs. D. O. Nash, in Childress and her niece Mrs. Fay Tom Black, and Mr. Black in Amarillo.

(SLATONITE STAFF PHOTO) Mrs. W. J. Townsend

Having just moved to Slaton, Mrs. W. J. Townsend is just getting started in our school system, but feels she will continue liking her work. She is a first grade teacher at West Ward.

She received her BS degree from Southeastern State Teachers College at Durant, Okla. in 1948 and is working on her masters. She taught for 11 years in Oklahoma schools and for five years at Borger, Texas, before coming to Slaton.

Mr. Townsend is a barber and will be associated with one of the shops here. They have a son, Bill, who is the band instructor here and a daughter, who is employed in the office of the Texas Teachers' Agency in Austin.

The Townsends reside at 705 S. 13th St.

## Color Harmony Talk Heard By Slaton Lions Club

W. G. Bohannon, advertising specialist of The University of Texas spoke to the Lions Club Tuesday on color and the part it plays in our everyday lives.

"Since color is such an important thing to our daily living, it is important that we be well-informed about it", Bohannon told the group. Men for years have recognized that women are the better informed of the two sexes on color and color harmony, he said. This fact is evident in the way that men always turn to women for advice on what to wear with what in color harmony. A man with a new tie, usually asks his wife if it goes with his suit.

This fact is true because women have been educated through fashion designers and the styles created by the designers.

Colors once considered in poor taste in harmony are becoming more usable as time passes. We are inhibited in our use of color because we have not been educated in the use of it.

Bohannon went on to say, that for years orange and red together have not been considered in good taste. In spite of this fact, orange and red appear together in practically every sunset that the world sees. Red and orange are not accepted when used together, because style has set the precedent and we are expected to conform to style. But color like style must be flexible to meet new needs. In the future some fashion designer may decide that red and orange are the new style and then the two colors will be accepted and used.

The three colors from which all colors spring are red, yellow and

blue, because these are the elements that occur in nature. When red and blue are mixed together the color purple is produced, blue and yellow together produce green, yellow and red produce orange. In this way the various colors are formed.

Colors can effect comfort also. Bohannon told the Lions. A house painted with the warm colors, orange, or yellow would be warm. A house painted with the cool colors, purple, blue, or green would be cooler. The same would hold true with colors of clothes and automobiles.

Bohannon is at present conducting two night courses in Slaton under the sponsorship of the Distributive Education Program of high school and the Retail Merchants Association. The courses are "Merchandise Display" and "Show Card Lettering."

## CEMENT STOCKS ARE PROFITABLE

For the first time in 20 years, Texans are given the opportunity of purchasing shares in a cement plant in the Lone Star State.

Texas Portland Cement Company is building a 1500-barrel a day plant at Orange, Texas in the great Gulf Coast industrial market.

In the two months that this stock has been offered to the public, more than 4,000 Texans have purchased over 240,000 shares at \$5.00 per share (no par - non assessable).

We heartily recommend this stock, with its great potential for stock appreciation and growth, for your consideration. Because of the great demand for cement now, the building boom now in the foreseeable future, all cement stocks are profitable to the purchasers.

Texas Portland Cement Company stock is sold to bona fide residents of Texas and from the prospectus only. Write us for prospectus and full details.

### Pickens Owns "Mystery Farm" S. E. Of Slaton

The "Mystery Farm" which appeared in last week's issue of the Slatonite, is the E. N. Pickens farm located southeast of town. The farm was at one time a part of the Briggs Robertson ranch. Pickens began farming the place in 1938 and in 1943 married Mrs. Pickens at which time he brought her to the farm. Mrs. Pickens is the former Velia Parish. Before her marriage, she worked at the post office at Sudan and later in the Oklahoma City post office. Since moving to the farm the Pickenses have drilled two irrigation wells, both are eight inch wells. They are in the process of remodeling their home on the farm at the present time.

The family are members of the Church of Christ and Mrs. Pickens is a member of the Eastern Star. Cotton and grain are the chief crops on the 340 acre farm. The Pickenses also farm some land nearer to Slaton and have a farm in Lamb county. Fishing is the family's main form of relaxation, according to Mrs. Pickens. They spend a lot of time on a ranch in Oklahoma and fish in Lake Texoma. Mrs. Pickens says that she also enjoys sewing. If Mr. Pickens will drop by the Slaton Farm Store he will be presented with an attractive picture of their farm.

him, but it's got a lot of calories, while cantaloupe is small in calories, Coffee, jelly, soufflé has almost nothing. Hollywood bread. Breakfast with skim milk and artificial sweetening in the milk.

Some days his total will be under 1,000, sometimes it runs up to 2,000. A small day will be followed by a big day. Sen. Symington of Missouri brings him round hard fruit-flavored candy balls. Only ten calories. Ten a day, makes you think you have had something, but adds to only 100. When he wants to smoke had he eats a candy ball, sucking to make it last as long as possible.

His room is pleasant, pale green walls, air-conditioner, one of those tiny transistor radios, hardly bigger than a pack of cards. It has a gadget on one side to which an ear button can be attached. He can turn the radio low, stick the button in his ear, and listen to programs and Lady Bird, sleeping next to him, won't even hear. He can have an occasional bourbon and branch water if he counts it in his total for the day. Doctor doesn't discount a little liquor, says it relaxes him. He has one of those contour chairs that rise up under the legs and feet automatically when he leans back. Visitors are rationed as carefully as the calories. But the visiting list covers the Capitol. The President went out to see him at the hospital when he was past the worst of the attack—which was pretty bad—oxygen tent and all. They didn't know for a while whether he would make it or not.

It was then he said he must see Lady Bird, see two of his staff, for three minutes each. He got it—and then the oxygen tent.

He makes statements, every now and then, political statements. He says the county would be better off if the Republicans would take their eyes off next year's elections long enough to attend to business of legislation. Lyndon was considered for the Democratic nomination for President but this attack has probably killed that off. No party would nominate a man who has had a bad heart attack.

But he is doing fine—with Lady Bird, she makes dieting so attractive.

Vaughn Home Is Scene Of Willing Workers Meeting

Willing Workers Sunday School Class of the Westview Baptist Church met in the home of Mrs. J. S. Vaughn on Tuesday, Oct. 12, at 8 p.m.

The meeting was opened with a prayer by Mrs. Jewel Mason. Mrs. A. E. Clark brought the devotion for the afternoon.

After a short business meeting, Mrs. T. V. Ellis led the group in the closing prayer.

Refreshments were served to 22 class members and one visitor.

Sunday visitors in the home of Mrs. F. A. Drewry were Mr. and Mrs. Riley Carlton of Amarillo and Mr. and Mrs. Riley V. Carlton and daughter, Debbie of Lubbock.

Mr. and Mrs. James Seideman of Amarillo spent the week end visiting Mr. Seideman's parents, Mr. and Mrs. W. H. Seideman.

Mr. and Mrs. E. G. Gore and family returned home Sunday from a vacation trip to New Mexico. They spent part of the time fishing at Red River.

## Jr. Athletic Club Holds Meet Monday

The Junior Athletic Club met Monday, Oct. 16, at 8 p.m. at the West Ward Cafeteria for their regular meeting.

The club, composed of the parents of the Junior High students, decided to serve sandwiches and drinks to the football boys and pep squad girls following the game. This game was Thursday, Oct. 20, at 5 p.m.

According to Mrs. F. E. Chapple, the football boys cleared approximately \$100 from the sale of doughnuts. This money will be used to buy jackets for the boys and to help pay for their football banquet.

LOOKING OVER THE BEAUTIFUL dahlias in their yard and the many other flowers is a source of joy to Mr. and Mrs. Judge Smith. They are especially proud of their dahlias, which are beautiful at this season, their roses and hibiscus. They spend many hours in planning and working in the yard.

## Gardening Is Hobby Judge Smiths Enjoy Very Much

The Judge C. Smiths have been residents of this area since 1924 and have lived on different farms until about two years ago when they moved to town. Although they are city folks now, Mr. Smith still has farming interests and is just about as busy as ever.

Their new home at 925 W. Garza Street has taken a great deal of their time and especially the yard as they have enjoyed this part a great deal. Just passing by one can see the results of the planning and work as it is one of the outstanding yards in Slaton.

**Moved Here in 1924**  
When Mr. and Mrs. Smith moved to Slaton from Nevada, Collin county, Texas in 1924 they moved to a farm about 3 or 4 miles northwest of Slaton. In later years they moved north of town on the Petersburg highway until moving into town. This is not the first time Judge came to the plains, he says. The first time he came was in 1891 when he was born in a half-dugout near Washburn.

They were married in 1914 at Nevada and have four children. They are J. C. Jr., Elton, Mrs. George Harlan all of Slaton and

Grady of Bronco. Of course the Smiths are proud of their children but there are other members of their family they are just pretty proud of too and you do not have to be around long to find out who they are "The grandchildren", they

have seven, five boys and two girls.

**Smiths' Activities**  
Mrs. Smith, who is a quiet and unassuming person, takes part in her church activities and enjoys having her family and friends with her.

Mr. Smith served on the school board for a number of years and is one of the directors of the Cemetery Association at the present. He is also a deacon of the First Baptist Church.

Most of his farming this year is being done in Yoakum County near Bronco. He laughingly said that this is a new country and he is young, so he is going to grow up with that area. He is farming 812 acres and has eight good wells on them.

## STUDY CLUBS CONVENE FOR ANNUAL 'ALL CLUB' MEETING

All Club Night, an annual combined meeting of the Civic and Culture Club, the Junior Civic and Culture Club, the Daughters of the Pioneer Study Club and the Athenian Study Club, was Tuesday, Oct. 18, in the Clubhouse at 8 p.m.

Mrs. Virgie Hunter introduced the speaker of the evening, who was Miss Mary Rye of Lubbock. Miss Rye is a Home Economist of the Pioneer Natural Gas Co. for the Home Service department. Two film strips were shown: "Modern Kitchen Arrangements" and "Attractive Foods". She gave a short talk on "Time vs Money" in the buying and preparation of foods.

**Members Greeted**  
Members were greeted by Mrs. M. L. German, Mrs. Alex Webb and Mrs. James D. Perkins. Music for the tea hour was played by Mrs. Yates Key. Mrs. Frank Weathered, president of the Athenian Club, called the meeting to order.

The Clubhouse was decorated in an autumn and Halloween theme with the north end of the room fenced with a white picket fence banked by shocks of feed intertwined with cuttings of pyracantha. Pumpkins were placed among the feed shocks. At one side was a large scarecrow with a miniature black "wash" pot hanging from a tripod of posts placed to the other side. Pyracantha and lighted jack-o-lantern decorated the top of the piano.

**Table Decorations**  
The tea table was laid with a chartreuse linen cloth with an arrangement of driftwood, deep gold marigolds, black candles and greenery. A silver service and crystal appointments were used. The refreshments also carried out the Halloween theme, with cheese balls made to resemble pumpkins and orange colored tops placed on the individual apple pies. Mrs. R. E. Ayers presided at the coffee service and Mrs. Melvin Kunkel served the pies.

Hostesses for the evening were Mesdames German, Webb, Ayers, Kunkel, Homer Tompkins, S. H. Adams, Key and Perkins.

## Mrs. G. Culwell Is Hostess At Meet Of Bluebonnets

The Bluebonnet Club met Wednesday, Oct. 12, in the home of Mrs. George Culwell with Mrs. Harold Wilson, the president, presiding at the business meeting.

After the business, a social hour was enjoyed by Mesdames A. L. Clifton, H. H. Edmondson, Henry Jarman, J. T. Kendrick, Dan Liles, Roy Parks, Fred Tudor, Joe Teague Jr., C. C. Wicker, R. C. Sanner, Wilson, Dudley Berry and the hostesses.

## Grady Don Harris Celebrates 10th Birthday Oct. 13

Grady Don Harris Jr., son of Mr. and Mrs. Grady Harris, was honored by a party on his tenth birthday, Thursday, Oct. 13, with his mother as hostess.

Games and activities of the afternoon were directed by Miss Jerry Short, Mrs. Sue Tong and Mrs. Buddy Hay, a sister of the honoree.

Favors of balloons and bubble gum were given. A bubble gum contest was held with prizes given to the winner. Birthday cake and ice cream were served to the 13 present.

Mrs. Verna Patterson and her nephew, Joe Ward, spent the week end visiting Mrs. Patterson's brothers, J. W., C. L. and Garland Ward, and their families in San Angelo.

# Highlights and Sidelights FROM Your State CAPITOL

By—Vern Sanford  
Texas Press Association

AUSTIN, Tex. — Texas public schools will get aid this year whether integrated or segregated.

Right of both to state aid was upheld last week by the Texas Supreme Court. It says the U. S. Supreme Court decision overturns Texas' school segregation laws but does not force immediate integration.

Apparently the court action removed need for a special session of the legislature.

Litigation originated in Big Spring. Suit was brought by the Texas Citizens Council in district court to prevent payment of state funds to mixed schools. High court judges, in effect, upheld District Judge Charlie N. Sullivan's ruling that portions of state law requiring segregation are unconstitutional.

Gov. Allan Shivers was quick to point out that neither the state nor U. S. courts set a deadline for desegregation, but both leave it to local school authorities.

Atty. Gen. John Ben Shepperd, who had sided with the Citizens Council, merely said the decision "settles the law in Texas on a statewide basis." He added that timing will be a "district-by-district matter."

**Hospitals Move Forward**  
A priority list has been set up to use the remaining \$100 million in the state hospital building program fund during the next two years.

On the day a new medical and surgical building was dedicated at the Austin State Hospital, the State Board for Hospitals and Special Schools decided on this order for new projects, by cities: Mexia, Wichita Falls, Austin, San Antonio

and Abilene.

Two others, one in Austin, one in Harlingen, are under construction now.

Governor Shivers spoke at the dedication of the \$1,312,000 medical-surgical hospital in Austin.

**Narcotics Hearings Under Way**  
Texas has been labeled a "national gateway" for illegal narcotics trade from Mexico.

Witnesses testified before U. S. Sen. Price Daniel's subcommittee in Austin.

Department of Public Safety Director Homer Garrison charged that Mexican authorities are not cooperating with Texas officers in trying to halt the flow of dope across the border. Garrison and W. E. Naylor, chief narcotics agent of the department, testified that 90 per cent of the heroin and 98 per cent of the marijuana reaching Texas are flowing through Mexico.

Daniel invited the Mexican secretary of state and the Mexican representative on the narcotics committee of the United Nations to attend hearings. They did not show up at Austin, however.

From Austin, hearings went to San Antonio, Houston, Dallas and Fort Worth.

**Judge Criticized, Supported**  
Judge Lloyd Davidson of the Court of Criminal Appeals has been the target for both verbal bricks and bouquets.

Davidson, a new judge, tipped the scales in the court's two-to-one decision nullifying 104 Duval County indictments on grounds the grand jury was illegally constituted.

Atty. Gen. John Ben Shepperd and Duval Co. District Atty. Sam Burris were sharply critical of the court's opinion. They announced

plans to file a motion for re-hearing and said they were considering a motion to disqualify Davidson. He had "expressed himself" on the cases before they came before him as a judge, they contended.

Meanwhile, Hunt and Hopkins County Bar Association sent telegrams affirming their faith in the integrity of Davidson and the court. Hunt lawyers expressed regret that "politicians have seen fit to abuse Judge Davidson."

**Texas Farm Income Down**  
Texas farm income for the first eight months of the year dropped six per cent below 1954.

Decreases in price of 10 of the 19 major farm commodities account for the slump, said the University of Texas Bureau of Business Research.

Reported down were cotton, cottonseed, wheat, oats, flax, rice, calves, hogs, wool, poultry. Corn prices remained about the same. Increases were noted for grain sorghum, peanuts, cattle, sheep and lambs, mohair, eggs, milk and fruits and vegetables.

Though cotton prices are down, prospective production is up. U. S. Department of Agriculture forecasts put the 1955 Texas crop at four million bales, 150,000 bales more than was expected a month ago. This would be two per cent more than in 1954, 18 per cent above average.

**Ramsey Choice Explained**  
Lt. Gov. Ben Ramsey was chosen national Democratic Committeeman, at the suggestion of U. S. Sen. Lyndon B. Johnson, the Senator explained.

The suggestion was made to Governor Shivers, when the latter paid a visit to the Senator's ranch home where he is recuperating from a heart attack.

Johnson explained that when Shivers returned to Austin, he mentioned the discussion to Ramsey. The Lieutenant Governor then called Johnson to talk over the matter. Ramsey said he wasn't asking for the job, but would take it if it would help solve a difficult situation.

Further discussion between Johnson and House Speaker Sam Rayburn resulted in the choice which surprised many Texans.

**SHORT SNORTS**—Land Commissioner J. Earl Rudder, chairman of the Veterans Land Board, announced the board will resume loans to

Mr. and Mrs. W. P. Layne attended the McMurry-ACC football game last Saturday in Abilene and spent the week end visiting their daughter and son-in-law, Mr. and Mrs. Charles Mote.

Allen Crowley left Tuesday on a deer hunting trip to Colorado.

Mr. and Mrs. W. B. Hestand spent from Saturday until Tuesday in Dallas visiting their daughter, Mrs. Van Stokes, and family.

Mrs. Charles Marriott and boys, Dick and Jim, have been in Sherman for the past two weeks visiting her parents, Mr. and Mrs. T. E. Vineyard, and T. E. Jr. Mr. Marriott and son, Freddie, went after them Saturday and the Vineyards returned home with them Sunday for a visit.

Mr. and Mrs. Ray Belt and children visited in Ropesville on Wednesday of last week with Mr. and Mrs. Aaron Clark.

Max Arrants left Saturday to take his father, S. H. Arrants, to Memphis, Tenn., where he was met by another son who took him to Calhoun, Tenn., his home. Max returned home Sunday.

Visiting in the home of Mr. and Mrs. Albert Kuss last Sunday were Mr. Kuss' parents, Mr. and Mrs. M. J. Kuss, his brother and sister-in-law, Mr. and Mrs. Alvin Kuss, and Mrs. Annie Kuss of Hernleigh and Mrs. Kuss' parents, Mr. and Mrs. Herman Schilling, of Slaton.

Mrs. F. M. Addison Sr. of Ft. Sumner, N. M. visited Monday with Mrs. Charles Richmond.

World War II veterans on Nov. 1. The board will have about \$6 million available to service loans to an additional 1,000 veterans. . . . Ralph Wolf, former Waco mayor, was named executive director of the State Building Commission, and steps have started for construction of two \$3 million state buildings in Austin. . . . Texas has dropped from 12th to 17th in national traffic safety ratings by states, according to the Texas Safety Association. . . . Texans entering the armed forces during September totaled 4,698 and 4,249 were separated.

**'56 Chevrolet sets new Pikes Peak record in top-secret test!**

Not long ago a hush-hush, camouflaged '56 Chevrolet scorched the nerve-breaking road up Colorado's Pikes Peak for a new NASCAR\* certified record—the first time that old King of the Mountains has seen a new official stock car record in years! And what a road! 170 chilling turns and no guardrail! It's the first and only time a new model ever proved itself such a great road car before its introduction! The '56 Chevrolet showed the kind of performance that makes driving safer and more fun. So wait for the car that beat the King of the Mountains!

Guests in the home of Mr. and Mrs. Joe Lester last Sunday were Mr. Lester's aunt, Mrs. Iva White, her son, Bill White, and family of Lubbock.

WANT ADS GET RESULTS

Mr. and Mrs. Jim Reed of Lubbock visited recently with Mr. Reed's sister and brother-in-law, Mr. and Mrs. G. W. Privett, and children.

Ed Miller of Phoenix, Ariz. spent the week end in Slaton on business and visiting friends. He is a former resident of Slaton.

### Services Held Wednesday For Former Resident

Funeral Services were conducted here for a former Slaton resident Mrs. Duncan Fields, at 3 p.m. Wednesday.

Mrs. Fields died at 5 a.m. Saturday in a Denver hospital a week following the birth of a daughter.

Services were held in the Slaton Church of Christ with Henry T. Spec, associate minister of the Broadway Church of Christ in Lubbock, officiating.

Burial was in Englewood Cemetery in Slaton under the direction of Williams Funeral Home.

A Slaton High School graduate, she was formerly employed in the Lubbock County Clerk's office.

Services were also held at 9 a.m. Monday in the Olinger Funeral Chapel in Denver.

Survivors include her husband, Duncan; a 2 year-old son; the parents, Mr. and Mrs. R. L. DeBusk of Slaton; one sister, Mrs. W. L. White of Slaton; and two brothers, Ray stationed in Florida with the service, and R. L. Jr. of Ralls.

Mr. and Mrs. A. C. McKinney spent from Thursday until Tuesday visiting their daughters, Mrs. R. C. Ivey, in Temple and Mrs. Forrest Roan, in Austin and their families.

Miss Emma Lamb of Lubbock visited from Thursday until Sunday in the home of her nephew, Calvin Lamb, and family.

**PICTURE-NUTTY** — "Chipper" is squirrely about having his picture taken—just can't get close enough to that lens. The pet of Gary Beauman, of Claremont, N.H., the little orphan is being raised on a doll-nipple-equipped aspirin bottle.

Dan Liles and his nephew, Robert Liles, of Meadow left last Saturday to go to Colorado on a deer hunting trip.

### Floydada Wins Conference Game On Penetrations

A tremendous goal-line stand by the Slaton Tigers kept the Floydada Whirlwinds from making what might have been the only touchdown in the ballgame Friday night at the high school stadium in Floydada. The Whirlwinds moved to Slaton's one yard-line in the third quarter where a first down was set up, giving the Floydada team four tries at the score. The Tigers formed a wall that couldn't be moved and four downs later the Slaton team took over on their own one-yard-line.

Though the Whirlwinds were credited with the game with three penetrations, the final score stood at 0-0.

The conference game was Floydada's Homecoming game and a crowd of about 2000 watched as both teams played outstanding defensive football for four quarters.

**THE NEW PONTIAC 870** four-door sedan shown above is one of the cars which will be on display October 21st and 22nd at Kendrick Pontiac Company at 300 So. 9th St. in Slaton. The new model features a bigger 205 h.p. Strato-Streak V-8 engine, and an improved Hydra-Matic transmission for more economical performance. Displacement of the 1956 Strato-Streak V-8 has been increased to 316.6 cubic inches and compression raised to 8.9:1. Exciting new colors in "Vogue" two-toning, interiors, and new styling features add new beauty to the four-door sedans, available in all three series.

### The Weekly Meow

from Tiger Mothers Club

To The Tigers:  
It's our opinion the Tigers sure gave the Whirlwinds a good scrap Friday night. We think each of you played a good game. So congratulations and keep up the fight, boys. Remember if it's worthwhile, it's

worth a few blows, a few setbacks and a few bruises. And it is also worth going after with all your courage and might. So . . . keep on fighting, boys, with all you've got until the battle is won. For if it's worthwhile and a good thing to do . . . it's worth fighting for till the test is through. We are with you all the way, so keep up your spirit and determination and let's win the rest of our football games. The Tiger Mothers

Announcing the Fabulous '56 Pontiac

THE STAR CHIEF 4-DOOR CATALINA

Introducing A BIG AND VITAL GENERAL MOTORS "AUTOMOTIVE FIRST"!

A new Strato-Flight Hydra-Matic—coupled with Pontiac's 227-H.P. Strato-Streak V-8—results in performance so new and dramatic it must be experienced to be believed!

With all that's newest in glamour—and all that's greatest in "go"—the fabulous '56 Pontiac, now on display, awaits your hands on the wheel.

And when you drive it, you will get the biggest thrill in all your motoring experience—because this car is really loaded!

The big and vital General Motors "First", which heads its long list of look-ahead features, couples the two most advanced high-performance developments in the industry:

1. An all-new, big-bore Strato-Streak V-8 engine that puts 227 blazing horsepower at your toe-tip.

2. A completely new Strato-Flight Hydra-Matic\* that delivers this terrific "go" with a smooth surge of power at any speed.

You now sweep from take-off to top performance with the ease of a sailplane.

You slow down for traffic, speed up for passing, or gun for a high hill with the changing pressure of your toe on the accelerator the only sign of effort.

You may have had it smooth before—but never like this! It literally must be experienced to be believed.

That's plenty—but there's much more to make this a date to be long remembered.

There's smart, new beauty and luxury for America's most distinctive car. There's the safety of big brakes and road-hugging length . . . the security of a smooth new ride and sure-footed cornering.

There are many, many other things which mark this beauty as the glamorous pattern for tomorrow's cars. But come in and see for yourself. Take a long look at the six luxurious new Four-door and Two-door Catalina hardtops. Sample the results of its fabulous General Motors "First".

Sure as you enjoy thrilling action, here's your next car!

## Americans Have Growing Appetite For Cheeses

COLLEGE STATION, — The American appetite for cheese has more than tripled in the past 30 years.

Many cheeses with foreign origins are widely made in this country today, according to Mae Belle Smith, extension specialist in consumer education. American or domestic cheeses are recognized for their high quality, low cost as compared with imported varieties.

Consumers have a choice of about 18 types of cheeses known as soft, semi-hard and hard, Miss Smith says. The hardness depends upon the amount of water in the finished product. Flavors and texture are produced by the type of milk used, the amount of butterfat retained and the method of processing.

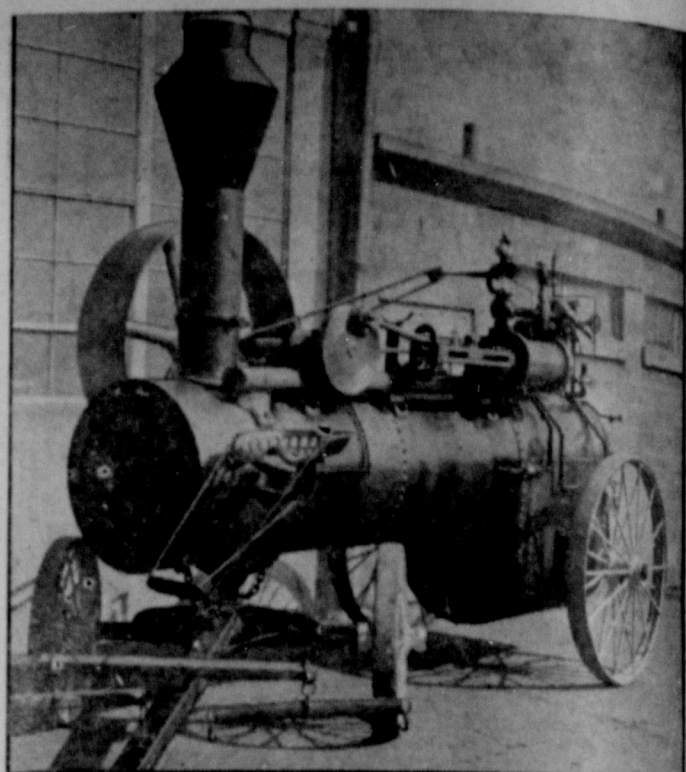

Soft cheeses, such as cottage and cream, are not ripened and have a slight sour taste. Ripened soft cheeses, such as Camembert, Brie and Limburger, are produced by the use of molds. All soft cheeses have a high water content.

Defendant in and to said property at the Court House door of said county in the city or town of Lubbock, between the hours of 2:00 and 4:00 p.m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to any one having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, subject also to the right of the Defendant to redeem same in the time and manner provided by law and subject also to the right of the Defendant to have said property divided and sold in less divisions than the whole.

Dated at Lubbock, Texas, this the 30th day of September, 1955. Grady Harrist Sheriff By Verlie Shearer, Deputy Lubbock County, Texas. 3tc-50

SO OLD IT'S NEW—Allen sight for eyes which have only seen a present-day threshing combine is this 80-year-old steam threshing engine, which will someday be on display at the proposed Cooper-Bessemer museum at Mount Vernon, Ohio. Once pulled by four-legged horsepower to the threshing site in many a Missouri field, the reconditioned engine is believed to be one of a very few still in existence.

do not keep well and should be used promptly.

Semi-hard cheeses are ripened with mold or bacteria. Among these are Brick, Gouda, Stilton, Blue and Roquefort. Roquefort cheese is made in France, is white with blue mold and a sweet piquant flavor. Generally, Blue cheese belongs to the same family as Roquefort and is one of the most recent foreign cheese types to be produced in the United States.

Hard cheese are bacteria ripened with flavors that range from mild to sharp. Of these cheeses, American and Cheddar are smooth and mild; Edam and Gouda have a Cheddar, nutlike flavor. Brick is distinctly American and is stronger in flavor than Cheddar.

Miss Smith recommends cheese for its concentrated source of many nutrients. It requires 10 pounds of milk to produce one pound of cheese. One ounce of cheese may be used as an alternate for one cup of milk.
