State Payment Of Road Bonds Allow Saving

Lubbock county property owners this year will be saved one-fourth of their 1932 county and state taxes through economies effected by County commission and through the law passed Friday by legislature requiring the state to assume payments of county road bonds.

Commissioners court, meeting Saturday, set the county's tax rate for 1932 at 56 cents on the \$100 valuation, as compared to a rate of 72 cents last year. With a reduced valuation, from \$24,929,297 to \$21,886,400, the total saving will be \$91,200 on both state and county taxes.

The saving effected by state assumption of road bond payments this year will approximate \$43,000 for county taxes alone. Had the law not been passed the county's rate for 1932 would have been 76 cents, or four cents more than in 1931. Thus it is seen the measure looped off 20 cents on the \$100 valuation of this year's levy, or a net saving of 16 cents when compared with that of last year.

Details Are Obtained

Before finally setting the tax rate Judge E. L. Pitts at the instruction of the court telephoned state Senator Pink L. Parrish at Austin to obtain details of the new law. The court then ordered the county road bond sinking fund to be reduced from \$39,770 to \$6,122. The smaller sum will be used in payment of Slaton road district bonds, proceeds of which were spent on lateral roads in that district. When the county-wide issue was approved, the county voted to assume payment of this Slaton district issue.

Commissioner J. T. Pinkston moved that the principal and interest due by the county this year on the Slaton district bonds be paid for out of the road and bridge funds of the four commissioners precincts, and the motion was seconded by Commissioner Claude Denton, Commissioners Claude Burrus and W. L. Brashear and Judge Pitts voted the proposal down.

Tax Levy Carries

Commissioner Burrus' motion that the principal and interest "due by the county for this year on the Slaton road district bonds assumed by the county by a vote of the people" be paid for by a tax levy was carried three to two, Pinkston and Denton opposing it. Brashear's motion to set the levy at three cents on the \$100 valuation was carried by the same vote.

The county tax rate proper for this year is 53 cents and the county road bond rate is 3 cents on the \$100 valuation. The levy is distributed as follows:

County general fund, 2 1-2 cents; county library fund, 2 1-2 cents; jury fund, 10 cents; court house and jail maintenance fund, 5 cents; road and bridge maintenance fund, none; county park maintenance fund, 1 1-2 cents; new courthouse sinking fund, 2 cents; permanent improvement sinking fund, 6 1-2 cents; county park sinking fund, 3 cents; and county road bond sinking fund, 3 cents.

COMMUNITY MEETINGS

W. P. Florence, the prospective new County Commissioner, is asking for community gatherings in each of the communities of this precinct to discuss plans of cooperation in our county park management and to get a representative from each community elected to form an advisory board for park management and other community affairs.

At a meeting of Union Community last Friday night, Mr. Vic Cade was elected as their representative.

A meeting is called for Posey, Wednesday night of this week.

Perhaps one will be at McClung, Friday night.

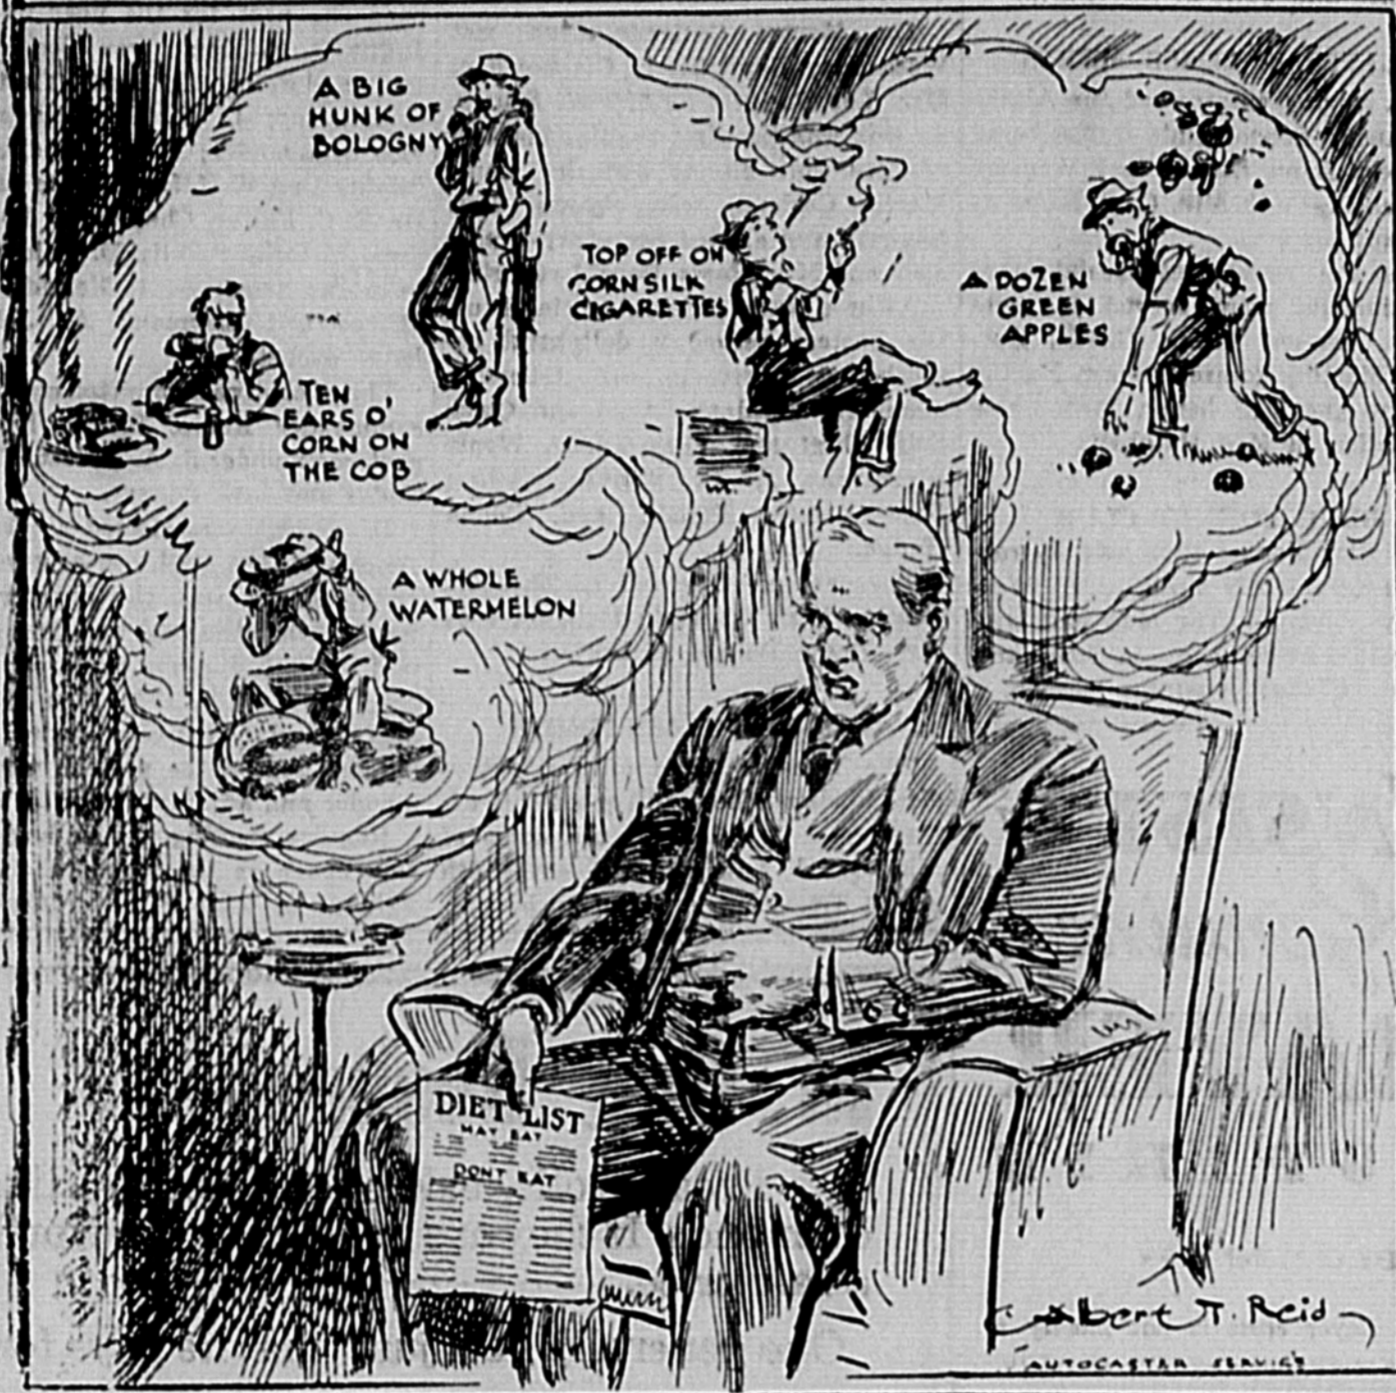

P. S. Mr. P. G. Meading was elected and accepted to act as Posey's representative on the county Park advisory board.

TECH PROF. NAMED JUDGE

LUBBOCK, Sept. 15—W. L. Stangel, head of the animal husbandry department in Texas Technological College, has been named superintendent and judge of the Aberdeen-Angus classes of cattle at the State fair of Texas. The exposition will be held from October 8 to 25.

Gentry Brothers Famous Shows Here Wednesday

Those attending the Gentry Bros. Famous Dog and Pony Shows which will exhibit here on Wednesday, Sept. 28, will be greeted at the main entrance by H. B. Gentry, founder of this famous show in 1888.

Mr. Gentry at the close of the 1916 season disposed of his show because of failing health, and each succeeding year has brought to him his home in Bloomington, Indiana, appeals from all over the country to bring back this unique entertainment that so enthralled the children of yesterday. Mr. Gentry having regained his health got together most of his former associates, including his younger brother Frank, and took to the road again in 1931. He gathered up ponies of the shetland breed from all over the country, dogs with some pedigree and many with no pedigree at all. To this troupe of animal actors he added monkeys, pigs and goats, and after almost a year spent in "breaking" them, has today, a performance that was never surpassed.

Mr. and Mrs. Snyder and their baby "Budge" that waltzing family of dogs, the monkey firemen with their complete apparatus, the leaping grey hounds and high diving monkeys, the famous military troupe of ponies that march in all the formations, dogs that ride ponies, and monkeys that ride dogs, entertainment that is educational as well as highly exciting.

The Gentry Brothers also take pleasure this year in announcing that at each performance there will appear that freckled face boy, whom movie goers have laughed at and with so often. This kid of the movies who has forsaken Hollywood for the summer is none other than that sunspotted youngster of the original "Our Gang" comedies.

"Freckles" (Hoo) Ray, who became famous as one of "Our Gang" is making a film while with Gentry Brothers tentatively called "Toby of the Circus," and several shots are taken daily. "Freckles" is a real youngster just reaching his teens and is always glad to meet as many of his fans and admirers as care to, after each performance. Freckles also has a pet pony and any of the smaller youngsters that wish may ride this beautiful pet while "Freckles" will see that he (or she) will not fall off. Remember the Gentry Bros. famous Dog and Pony Show will be here for two performances on Wednesday, September 28, and the show grounds will be located at Texas Ave. and 7th. St.

Oscar Killian Has Opened New Store

Oscar Killian, owner of the O. K. Store, has moved a dry goods stock into the building formerly occupied by Catching Drug Store, and will probably call it the O. K. Store No. 2. It was opened last week. At present, Harry McDonlad and Miss Margaret Killian are employed there, and Mr. Killian said that other local people would probably be employed from time to time.

Texas Avenue Now Progressive Section

Texas Avenue, one of the progressive business sections of Slaton, is now undergoing quite a change. New business firms are opening up, and you will probably be surprised to learn that there are 28 business houses on Texas Avenue, all enjoying a good business and expecting to do more later.

Lots of remodeling and painting up has been done last week, a big sign has been hung on Texas Avenue, facing the Square, which displays the names of the firms on that business street.

Among new ones just recently opened is J. B. Hankins with a new up to date eating house, Henzler Grocer and produce, Browns Cafe and Slaton Bargain Store to open this week with a line of shoes, readytoewar, & everything to wear at bargain prices. A. L. Brannon has recently opened an implement supply house, a business house that Slaton was short of, and it is appreciated by the farmers that it is now not necessary for them to go to other towns to get their binder and other implement parts.

We also notice this week that East-erwood and Conner have moved their top and repair shop to Texas Ave., of course the old ones are still there, and holding their own and waiting for the fall business rush. Kessels Dept. Store, Fry Shoe Shop, Walker Furniture Store, McClintock Furniture, Slaton Slatonite, Artcraft Studio, Manire Studio, Slaton Steam Laundry and others.

And just before we were going to press we learned that Kessel leased his cafe to parties from California and will soon open a Hollywood Cafe there.

Miss Lorene McClintock left Monday night for S. M. U., Dallas.

Tom Abel was in Lubbock on business Monday.

Bobbie Turner broke his arm last Friday afternoon playing football at West Ward.

Tomorrow Begins Trades Day For Slaton Community

The Chamber of Commerce has completed plans for Slaton's first Trades Day, Secretary Allan J. Payne announced this week. The vacant building on the east side of the square which was formerly occupied by Nix Grocery has been secured for use in bad weather, and for a place to bring things that cannot be displayed on the outside. For livestock, farm implements, etc., the vacant lot beside the building may be used.

Everybody is urged to bring anything whatever that they have no use for, and try to trade it for something that will be useful. Town people and country people are invited to take part. Bring anything that you would like to exchange. The merchants will have special Trades Day bargains for everybody.

This Trades Day, which begins tomorrow, is to become a custom if it proves as beneficial to everybody as it ought to be. The last Saturday in each month will be set aside for Trades Day.

Menjou Hands Are Eloquent Screen Actors

Star Of "Bachelor's Affairs" Can Express Emotions Without Speaking

With all the stress laid on diction and the speaking of lines before the motion picture microphone, there are still a number of elements that, aside from speech, are responsible for the success of some screen actors.

The eyes, correctly trained, can portray a complete story. Elissa Landi has proved this in many of her successful pictures. Marie Dressler can, when occasion demands, stand with her back to the audience or the camera and compel her shoulders to reflect her thoughts.

Adolphe Menjou is an artist who knows the value of his hands. He possesses that rare faculty of making them talk. They reflect the quick, keen perception of the mind that governs them. Watch the delicacy with which he toys with his cigarette and the finesse with which he takes the hands of the heroine into his own. Observe with what deftness he partakes of his lunch and how he draws on his always immaculate gloves, as in "Bachelor's Affairs," the new Fox comedy playing at the Palace Theatre Wednesday and Thursday, 28 and 29.

ROTARY

For Thursday night Sept. 22nd. 1932. 7:30 at Club House.

Honoring the School Teachers, Trustees, and Rotary Ann's and their husbands, wives and sweethearts at their regular annual Banquet was well attended and the evening well spent with a good program as you will see by the following:

President Roy Baldwin Toastmaster. Opening song America, Invocation, by Chas. E. Pike.

Pep Songs led by Mrs. Lillian Butler, with Miss Ramsey at the Piano.

Violin Duet, Miss Lessie Heat and Chas. Pike.

Reading Miss Mildred Swofford.

Talk by Supt. A.R. Ellis, talk by Coach P. W. Wright, on the prospects of the team this year.

Remarks by a member of the school board.

Musical number by Mr. and Mrs. B. E. Clark.

Reading by Miss Hazel Mansker.

Who can tell the best joke. Closing with the eyes of Slaton are up on you.

All of the 75 present seemed to have a good time and glad they were there.

One of the bright and happy spots in the life of Slaton is its Rotary Club and the Annual Banquet which is looked forward to each year with pleasure.

Tech Plays Aggies At Amarillo 24th

AMORILLO, Sept. 22—Interest in the Tri-State Fair sponsored college football game to be played in Amarillo on Sept. 24, the best day of this year's exposition, is mounting daily and not without sufficient cause.

Both of the teams, the Aggies of College Station, and the Matadors of Texas Tech, promise to be among the Southwest's greatest this season.

The Matadors are pointing for this game. Pete Cawthon will fire his men up to the highest possible pitch, for a victory over the stalwart Aggies would brighten Tech's chance to some day become a member of the Southwest Conference.

Matty Bell and his team will put out their best because they will be playing before a strange audience and in a new part of the state for them. The stigma of defeat from the hands of the Matadors would cause nearly as much grief in Aggieworld as to lose to Texas, for the Bullfighters are an "outside" outfit, and the Farmers do not intend to do anything to lower the prestige now enjoyed by the Southwest conference.

Hundreds of ex-aggies are planning to attend the game, and watch their favorites in action. Likewise, several hundred exes and present students of Texas Tech will be on hand to cheer for the West Texans.

Avery Rush, secretary and Bill Lampe, President, of the Tri-State Fair Association have left nothing undone to make this game the feature sports event of the year. Prices are \$1.10, \$1.65 and \$2.20 for boxes. The game will be played at Butler Field.

Out-of-town orders for reservations should be sent to Lyman E. Robbins, Globe-News, Amarillo. Mr. Robbins wishes those who care to sit in the special reserved section for ex-aggies to so specify when sending in orders. The Aggie section seats are \$1.65.

A special train will be run from Lubbock for the game.

U. S. Employment Service Man Here

William Rogers of Fort Worth, representative of the U. S. Employment service, was here this week to gather information about the needs of farmers of the Slaton territory for cotton pickers.

Mr. Rogers said that he expected a representative of the department to be in Lubbock about the first of October to assist in handling pickers for this territory. Just what territory the Lubbock man will serve over the South Plains has not been determined, it was said.

Mr. and Mrs. George Jones spent the week-end with relatives in Clovis.

Mrs. Clifford Simmons is visiting friends and relatives in Amarillo and attending the tri-state fair.

Early Day Events Of Slaton Recalled

Early day events of Slaton when the town was started over 21 years ago, were recalled here this week when L. P. Loomis, now of Torrington, Wyoming, the town's first newspaper editor, visited with G. E. Sledge and family. Mr. Loomis was here for a short visit, his second since he sold the paper in 1919 to the late William Donald.

"I moved the plant of the old Texico, N. M. Trumpet down to Slaton in August, 1911," Mr. Loomis recalled. "We started the Slatonite, the first newspaper here."

"There was quite a bit of rivalry between the section of town where the newspaper office is and that of the section around the north side of the square. Colonel Robertson built some buildings down here and the Paul bank was in the corner where the Slatonite now is. But we could never get the postoffice to move down our way."

Mr. Loomis served as mayor of Slaton. He succeeded R. J. "Bob" Murray and was in turn succeeded by Bob who was elected to another term. Mr. Loomis was also justice of the peace during one of the sensational killings of the early day, as well as mayor. "I found the bond in that case in my papers just before I left," he recalled.

After leaving this section Mr. Loomis went to the northwest. He landed in the North Platte river valley in southeastern Wyoming and has a paper at Torrington. That section is an irrigation section. "I recall the first well at Muleshoe," he added. "I was publishing the Texico paper and we came down there for the big celebration."

Mr. Loomis was accompanied by C. G. Smith, an employe of his concern. They left for Carlsbad and will return by way of Roswell to Wyo.

Matadors Planning Football Season

LUBBOCK, Sept. 22—(Special) With the first of a schedule of twelve games behind them, the Texas Tech Matadors are laying serious plans this week against the opening of their first season of sustained big time football.

Coach Pete Cawthon takes his Scarlet and Black warriors to Amarillo Saturday, Sept. 24, to meet the Texas A. & M. College Aggies in the Tri-State fair entertainment feature. The Aggies are the first of three Southwest Conference teams to face the Matadors this season.

Last Saturday the Matadors introduced themselves to local and sectional fandom by steam rolling the Panhandle Aggies of Goodwell, Okla., 44 to 0, in a game that saw every member of the 53-man squad get into action.

The next home game, with S. M. U. as the opponent, will be played on the night of October 1. Reports from Dallas say that Ray Morrison will bring his aerial circus to Lubbock in fine fettle and anxious to win over the Matadors. The famous S. M. U. band and a special trainload of Dallas rooters will follow the team here.

A special train will carry Lubbock and South Plains rooters to Amarillo Saturday, leaving here at 9:00 o'clock Saturday morning and starting the return trip at 11 o'clock Saturday night. A reasonable round trip rate has been arranged. Tickets to the game and for the train ride are on sale at Lubbock.

Facing the toughest schedule ever attempted by a Texas Tech team, the Matadors take on such clubs as the University of Arizona and the University of New Mexico in Border Conference games, and will entertain at Lubbock the Notre Dame "B" team on October 28. The Colorado College of Mines, Baylor University and Simmons University are other strong teams appearing on Texas Tech's 1932 schedule.

Joe Teague Jr. was tended to business Monday in Lubbock.

Mr. and Mrs. Jeffie Hartman are the proud parents of an eight and a half pound baby boy, born Monday night, named Jimmie Rex.

CHRISTIAN SCIENCE CHURCHES

The lesson-sermon subject was "Matter" in all Churches of Christ, Scientist, Sunday September 18.

The golden text was from Jeremiah 10:14. "Every man is brutish in his knowledge: every founder is confounded by the graven image for his molten image is falsehood, and there is no breath in them."

Included in the service was the following passage from the Bible (Ecclesiastes 12:7): "Then shall the dust return to the earth as it was; and the spirit shall return unto God who gave it."

The lesson-sermon also embraced the following citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy (pages 279):

"Spirit and matter can neither co-exist nor cooperate, and one can no more create the other than Truth can create error, or vice versa. . . . A logical and scientific conclusion is reached only through the knowledge that there are not two bases of being, matter and mind, but one alone, Mind."

NOTICE!

The legislature recently passed a law remitting all penalty and interest on School taxes, no matter of how long standing, provided they are paid before Jan. 31, 1933. This District has some \$30,000.00 delinquent taxes, and the Schools are very much in need of money at this time, and it would be greatly appreciated by the School Board for those who can to pay their taxes now.

YOUTHFUL STRENGTH

Dr. Magnus Hirschfeld, the world-known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created

TITUS-PEARLS

to help the millions of men and women who have lost or are losing their vital physical power. In his 35 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: High blood pressure, hardening of the arteries, physical exhaustion after work or exercise, dizziness, depression, neurasthenia, etc.

All these troubles can be removed with Titus-Pearls. Numerous cases were treated by Dr. Hirschfeld in his Berlin Institute.

L. S. (State Official; 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental powers dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus-Pearls 3 times a day. 2 weeks later the medical report on this man was:—General health better, more vigor; dizziness much less and returning of power. Treatment continued and 2 weeks later L. S. reported again, this time to say that all weariness and exhaustion had gone; he felt fresh and buoyant. His blood pressure had fallen, and at 60 years of age he had regained the physical power and virility that he had known in the prime of his life.

Start regaining your youthfulness now! To-day! In 2 weeks time you will be aware of the new, virile force within you. Send \$5.00 (cash registered or money-order) for 2 weeks treatment.

METHODIST CHURCH NOTES

Sunday School 9:45.
Sunday Sept. 25 will be Promotion Day in our Sunday School.
There will be a special service at 11 o'clock.

At this time the children will receive their diplomas, and the Sunday School teachers and officers for the new year will be installed.

If you are interested in the Sunday School and the work it is doing—be with us Sunday morning and hear the interesting program.

Evening service—8 o'clock.
The Pastor will preach and the music will be furnished by the Men's choir.

This is a large choir and is doing fine work under the leadership of Judge Sewell.

You are welcome at the Methodist Church.

C. E. Pike.

SLATON REBEKAH LODGE COMMEMORATE 81st ANNIVERSARY

Slaton Rebekah Lodge commemorated the eighty-first anniversary of the founding of Rebekah Oddfellowship, which is September 20th, by opening the Lodge to the Oddfellows and their families, at eight-thirty. Fri-

day evening, September 16th.

After a short talk, those present were entertained by many new games, which were quite a novelty, producing much excitement and fun. The evening's entertainment came to a close with an abundance of fine refreshments, after which the goodly number departed with a renewed determination to meet and conquer all obstacles for a still greater year of Rebekah Oddfellowship in 1933.

How One Moman Lost 20 Pounds of Fat

Lost Her Prominent Hips—
Double Chin—Sluggishness

Gained Physical Vigor—
A Shapely Figure.

If you're fat—first remove the cause!

Take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning—in 3 week get on the scales and not how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—you feel younger in body—Kruschen will give any fat person a joyous surprise.

But be sure it's Kruschen—your health comes first—and SAFETY first is the Kruschen promise.

Get a bottle of Kruschen Salts from any leading druggist anywhere in America (lasts 4 weeks) and cost is but little. If this first bottle doesn't convince you this is the easiest, SAFEST and surest way to lose fat—your money gladly returned.

Chamber of Commerce News

By A. J. PAYNE, Secretary

We are having calls every day now for farm hands, and those of you who need help on the farm to gather the cotton and feed crops, if you will call at our office we will be glad to help you by getting or placing help for you, and those of you who need work, if you will call, we will be only to glad to help you get a place to work on some farm. "NUF SED." Please use your Chamber of Commerce.

We attended a very instructive program of the George Washington Bicentennial and Constitution day program as sponsored by the Educational Committee of the Chamber of Commerce, C. A. Bruner Vice-Chairman having same in charge.

The program started with a Song by the High School Glee Club leader Mrs. Lillian Butler, singing "Father the Land we love." Then a duet Violin and Piano by Misses Ramsey and Head in playing the good old pieces of Geo. Washington day, then an address by Miss Mary Harlan reading Washington's Fare Well Address.

Music on the Piano by Miss Jeanette Ramsey playing the Minuet as played in Washington's time.

Then an address by our County Judge E. L. Pitts, which was very interesting and instructive especially to those in school and should have its weight in moulding the character of those coming on to build for the future in to strong and honest man and woman hood.

The exercises closing with presentation of the picture of Geo. Washington to the President Elect P. W. Wright of the P. T. A.

Don't forget that our First Trades Day starts next Saturday the 24th, more extended announcement will be given in another column, don't fail to come and bring any thing you have to trade or to buy or sell.

And now last, but not least, our Pretty Yard Contest for 1932 has come to a close, the third and last Judging was last Saturday 17th. We desire here and now to publicly thank those who so kindly gave their time in acting as Judges for the three months of July, August and Sept.

Prof's A. R. Ellis, W. G. White, David Lemons, Mrs. J. M. Nicholson, Mrs. Briggs Robertson, Miss Jo Heatan, Mrs. J. R. McAtee, and Mrs. W. Donald, and you will see from the figures here below that the judging was very close to all winners, and those who were not winners were equally as close. As you know, there were no entries to this contest this year, on account of the time lost early in the spring in getting ready, so it was left up to the Judges to pick the yards, and they picked 47, so out of the 47 you will see below the numbers that won, there being 13, and out of the seven Corporations three that won, but look how close they all were in the general average and per cent.

As no one entered this contest of themselves, we hope and trust that no one will take any offence at the Chamber of Commerce giving you (the Winners) the prizes as set out below.

4 with addition of 1147 and percent 95.59 wins 1st prize of \$5.00 cash.

Nagging Pains are Warning Signals

TEMPORARY pain relief remedies may save you much suffering at the moment, but putting a mask over a warning signal does not clear up the condition it was telling you to avoid.
When periodic pains, due to a weak, run-down condition, distress you, treatment for the cause of the trouble should be started without delay. Take Cardui to build up against the nagging symptoms of ordinary womanly ailments. So many women praise CARDUI it must be good to have the widespread use that it has today. Sold at drug stores. Try it!

SAVE WITH SIX CYLINDERS

—with more than six you sacrifice economy
—with less than six you sacrifice smoothness

IF YOU'RE careful about the way you spend your dollars for a low-priced car, you'll be extra-careful about the way you count cylinders. Because if you count more than six, you're not going to get the lowest all-round motoring cost that is saving so many thousands of dollars for Chevrolet owners every day.

And if you count less than six—you won't be any better off from a dollars-and-cents standpoint. Six is the smallest number of cylinders you can have, and still get Chevrolet's built-in smoothness. And built-in smoothness saves you money. It guards against the insidious workings of excessive vibration. It holds repair bills down to rock-bottom. So—if the car is a Chevrolet Six—you'll SAVE!

Best of all: you can save with six cylinders, and not sacrifice one important advancement. You enjoy Free Wheeling, Syncro-Mesh gear-shifting, roomy Fisher bodies. Considering these facts—do you honestly think it's wise—or economical—to keep that old car any longer?
