Entered as second class mail matter at the postoffice at Slaton, Texas.

The public is pretty much like a good diplomat, it generally gets what it wants, and snaps its fingers at censorship.

Why should not lawyers be classed along with common carriers? They carry other people's burdens and fix their own freight rates.

A political writer says it is Al Smith against the whole field. Another pressing question is whether the whole field is against Al.

London society has decreed that ladies must not appear at tea dances unattired, and the minimum is a hat worn at a chic angle on the head.

From the standpoint of the American voter, it is up to him either to vote for Coolidge for a third term or vote for some other whom he doesn't want for a first term.

Somebody said that when woman was given the ballot she would deform the world. Well, she did, all right, and it used to be such a good old world, too.

After many years of very strenuous effort we are prepared to announce definitely that the first million is the hardest to make.

A south Texas paper reports great increase in the production of fig trees, which, we suppose, evidences a wise foresight in making provision against the day when Paris will announce fig leaves as the latest chic creations in ladies' frocks.

This is getting to be a colorful world. Already we have pink idealists; red bolshevists; black fascists and white liars.

Some folks contend that a minister should not marry folks he knows nothing about. No one should, for that matter, but most folks do just the same.

All of us deplore the possession of a defective memory, until one of us becomes a defendant and lands in the witness box.

The court said to Mrs. Snyder and her paramour, Mr. Gray, "Please be seated." But what a shocking chair they are invited to sit in!

The Legislative appropriations committees are determined to trim appropriations and lower taxes. Last week they actually cut the item for the governor's travelling expenses the whole sum of fifty cents. The item was \$750.00. Now it stands at only \$749.50. And it only took \$130.00 worth of the legislature's time to accomplish the feat. Tax reduction seems, therefore, to be well under way. We take heart.

We don't want Texas to follow the example of Virginia and appoint a poet laureate unless it can be made

sure he will not write any rhymes about spring.

The world is ever reversing itself. It is now asserted that man is not a descendant of the ape, but that the latter is a degenerate descendant of man. That sounds more like it, and we are prepared to believe that theory, since we can every day see the process going on right here on the streets of Slaton.

We have lost considerable sleep lately trying to figure out what sort of types will succeed the present races of flappers and jelly-beans when the present race shall have yielded the stage.

We plead guilty to being fool hardy. If we were a Republican we think we would be for Mr. Coolidge having a third term just to determine the soundness of the contention made by lots of people that this country would go to the devil if the same man lived in the white house more than eight years.

It is said that autobiographies are intended to reveal one's inner self, but the majority of them are written to conceal that self.

The most dangerous thing one can step on these days is the gas.

Some of these days we hope to be able to publish a good news story that will tell of a baseball game in Slaton being called on account of rain.

We know we were born to be unlucky because every now and then we learn of some fellow sending in to an editor something we thought five years ago and receiving in return a ten dollar check for the stuff.

If you have an ambition to become the salt of the earth make it a point never to become too salty.

Is a fellow an artist or just a plain bore who can talk on and on indefinitely while his brain undergoes a complete rest?

Good breeding in conversation consists in one's being able to stop talking before his audience stops listening.

An expert on young folks said recently that Slaton has seven million dollars worth of boys. Now if we only had some rule by which we could compute just how rapidly that investment will dwindle by reason of adult ignorance, oversight, indifference and neglect, we could tell you how much below par that value will be fifteen years hence.

He who likes the rank, the foul and the nasty in literature and art has the best reason in the world for his choice. It is because the fellow on the inside is rank, foul and nasty. Like not only begets like but it has a peculiar affinity for its own kith and kin.

Among the foolish women in the world must be included those who thought that by loving a man they could reform him.

One erroneous notion harbored by many merchants is that by charging higher prices they make larger profits, when as a matter of fact by so doing they are daily driving trade away and heading for failure.

JUST TWO HUMBLE ITALIANS, BUT—

At heart, and fundamentally, this old world believes in justice. Two obscure Italians, Bartolomeo Vanzetti and Nicolo Sacco, were, after seven years in the courts, condemned to die in the electric chair up in Massachusetts, upon conviction for robbery and murder. Thoughtful people, after sober and calm reconsideration, now believe these unfortunate are innocent and that their conviction was the result of prejudice against them because they were acknowledged pacifists and radicals.

Their cause has reached far beyond the limits of Massachusetts and the United States and even of continental America. It is a subject of international concern. None of this is because of the importance of these two humble Italians, illiterate and unable to speak English except brokenly. Their cause finds millions of champions in all parts of the world because of a profound love of, and respect for justice that inheres in the human breast, once prejudice is banished and sober judgment reigns.

There is very grave doubt, indeed, of the guilt of these two men. The

wisdom of the ages and the natural sentiments of mankind demand that they should receive the benefit of this doubt. It will not do to outrage mankind's sense of justice. To put to death, by judicial decree, a human being when there is reasonable and even grave doubt of his guilt, and even weighty proof of his innocence, as is true in the cases of Vanzetti and Sacco, is an injustice too shocking to be tolerated. It is a wrong to the victims, and an even greater wrong to the living.

The death sentences of these two Italians should be commuted to life imprisonment, to the end that the facts may be further investigated—an investigation which will probably result in their complete exoneration.

SOMEBODY SAID—

SOMEBODY SAID one of the most important things about to happen in Slaton is the graduation from the high school of more than fifty fine young men and young women this month. Slaton has not turned out a finer product during the year than this group of young people. The school business is one of the biggest, if not the biggest, business we engage in. It is a business, for Slaton people have set themselves in earnest to the task of taking the raw, untrained mentality of youth and converting it into a type that will have a much better chance to meet properly the responsibilities of life.

SOMEBODY SAID the move now under way to have a far bigger and better poultry show in Slaton next December is a thing that should have the unstinted support of every Slaton citizen because it affects in a vital way the economic progress of this section. It is not too early to plan for next Fall's show. By starting early, bet-

ter and more complete preparation can be made. Let's all lend a helping hand.

SOMEBODY SAID too frequently "flowers for the living" are given only when a favor is desired of the individual complimented.

SOMEBODY SAID "spring fever" is only another way of saying "laziness".

SOMEBODY SAID that man knew something who said "the best way to have a friend is to be one".

EXCHANGE SHOTS—

CROP REPORTS.

Indications being that the wheat yield in the Southwest generally this year will be as heavy as that of 1926, if not a good deal heavier, and that there will be a greatly increased acreage harvested by the combine method, the Santa Fe is making strenuous efforts to handle that part of the crop which is scheduled to come to its lines.—The Earth (Santa Fe Publication).

Aside from wishing prosperity for the wheat growers, The Slatonite is glad the Santa Fe will likely have considerable wheat hauling to do, because heavier transportation means more men employed and a bigger payroll for the Slaton division of the Santa Fe.

TRENCH MOUTH—SORE GUMS.

Your friends dare not say so but your sore gums and foul breath don't make folks like you any better. Leto's Pyorrhea Remedy heals worst cases promptly. It is a mouth wash paste, and is sold on a money-back guarantee.

TEAGUE'S DRUG STORE.

JUST A RHYME

"QUIETUDE"

I'm sitting alone in the darkness,
Bright stars are bedecking the sky.
I wonder wherever is Heaven,
The land of the "Sweet Bye and Bye".

The moon like a thin horn is hanging
Far over the western divide,
And slowly slips into the shadows,
Its dimly lit surface to hide.

The whippoorwill calls to his fellows,
The answers come back soft and low;
The winds have sunk down in the forests,
The rivers have softened their flow.

The fireflies are noiselessly flitting,
In fanciful angular paths,
The daisies below are receiving,
Their cool and refreshing dew-baths.

The cattle in cool pleasant valleys,
Are resting on cushions of green.
All nature, it seems, is conspiring,
To add to this calmness serene.

My spirit within me is quiet,
My heart with deep gratitude swells.
I know that our God is in Heaven
His Spirit on earth sweetly dwells.

—C. L. SONE.

**ton Band to Aid
In Benefit Program**

entertainment will be given Monday evening at the High School in Wilcox. A play will be given by the local talent, assisted by The Slaton Slatonite and several out of town readers and singers.

They have been requested to say that they are invited and you will be given opportunity to make a donation for Mississippi flood relief as you wish. However, there will be no regular admission charge, you can donate as much or little as you like. The management is very desirous that everyone who can, attend whether you wish to donate or not.

They are promised a good laugh in black face comedy which will be presented, featuring how Doctor McMiller lost his rep with Jazzo, the red porter, with Nurses Charlotte and her stuff. The band will be there at 7:30. Don't miss the concert on the street, good music at the school house. You realize an individual is able at any time to donate any large amount which is being sought through lists

which are being circulated, therefore this opportunity is given all to do their bit toward assisting our flood stricken peoples in the lower Mississippi valley. This is a very worthy cause and it is believed all the people of this community will respond in a big way. They will be admitted to this entertainment, without any fee whatever or you may donate as much as you wish. None of the players will receive any pay whatever, they are giving their time and work free for the benefit of this fund. Every cent of the money collected will be dispatched through the American Red Cross to the flood stricken area. **THE ONLY FREE SHOW OF THE SEASON. Come!**

Fruit Tonics For Spring

A GENERATION ago spring was the time to dig sasaparilla root for tea and gather herbs with medicinal properties. Today we add fruits with medicinal properties to our diet. Pineapple recipes for spring tonics have come into prominence with the somewhat recent discovery that canned pineapple—which is the only ripe pineapple in our markets—is a potent aid to digestion, so much so, that it is employed as a component part of certain pre-digested foods, and that the juice is a curative in cases of throat troubles. Its valuable vitamin content and energizing natural sugar make it a particularly important food for the spring season when body tissues need renewing.

spoon grated nutmeg and let stand two hours. At the time of serving, add one quart ginger ale, one cup Hawaiian pineapple juice and enough water to make strength desired. Pour over cracked ice.

An apple a day discourages doctor visits, and Baked Apples with Pineapple minimize drug bills as well. Pare and core apples. Fill centers with crushed Hawaiian pineapple to which has been added a little butter melted and some sultana raisins. Put apples in a pan with a little water flavored with a teaspoonful of lemon juice. Bake until tender. Baste frequently, remove from oven, sprinkle with granulated sugar mixed with a little cinnamon.

Pineapple Ginger Cup is an invigorating spring drink. Extract juice from sour oranges after one dozen cloves have been stuck into them for one hour. Use twenty-four lumps sugar or their equivalent in granulated sugar; squeeze juice from three lemons and add to sugar. Add one-half teaspoon cinnamon, one-third tea-

Hawaiian Pineapple Salad furnishes the needed fruits and leafy vegetable in the most delightful form. Use one medium can sliced Hawaiian pineapple, one-half grapefruit, sliced, one tart apple cut in small cubes. Serve on crisp lettuce leaves with a sweet dressing made from one cup juice from maraschino cherries. Garnish with some of the cherries.

You will be pleased with the selection and the prices.

JONES DRY GOODS, Inc.

Slaton, Texas OSCAR KILLIAN, Manager

Making Indigestible Foods Digestible

AN old-fashioned dinner, served not long ago by a new-fashioned hostess was acclaimed with delight and amazement.

"But I thought with present day dietetics we were to be denied all these rich things to eat!" exclaimed one of the guests.

"You can combine a knowledge of modern dietetics with old-fashioned food," replied the hostess and she proceeded to explain the digestibility of some of the seemingly indigestible foods. The secret lies in combining pineapple with heavier and less easily digested foods, since the pineapple, itself, is a powerful digestive.

Pineapple Dumplings made just as our grandmothers made apple dumplings by replacing the old-fashioned apple by the modern canned Hawaiian pineapple which contains an enzyme bromelain acts as a direct aid in the digestion of other foods—especially meats. They are made by mixing and sifting two cups of flour, four teaspoons baking powder, two tablespoons sugar and one-half teaspoon salt. Cut in three tablespoons fat and add one-half to three-fourths cup milk, enough to make a stiff dough. Roll out on a floured board to one-fourth inch thickness and cut in four inch squares. On the center of each square place one well-drained slice of Hawaiian pineapple and one teaspoon sugar. Fold up the edges that have been moistened, press together well and place folded side down on a greased baking dish. Bake in a moderate

oven thirty minutes and serve with a hot sauce made from the syrup drained from the pineapple.

Pineapple Coconut Meringue Pie is made by heating one and one-half cups milk, and mixing four tablespoons flour, one-eighth teaspoon salt, one-half cup sugar and adding the hot milk. Cook in a double boiler for about twenty minutes or until mixture is thick and flour thoroughly cooked. Pour over two well-beaten egg yolks, return to double boiler and cook until eggs thicken, or about three minutes. Cool, add one cup well-drained crushed Hawaiian pineapple, one-half cup shredded coconut and one-half teaspoon vanilla and pour into baked pie crust. Add two tablespoons powdered sugar to two stiffly-beaten egg whites and spread on top. Sprinkle with coconut and brown quickly in a hot oven.

Pineapple Turnovers, another old-fashioned favorite are easily digestible when made thus: Roll pastry thin and cut into four inch squares. Thoroughly drain the sirup from one can of sliced Hawaiian pineapple. On the center of each square place a slice of the drained pineapple and one teaspoon of sugar and butter. Moisten the edges of the pastry and fold together in the form of triangles, pressing the edges firmly together. Fry until brown in deep hot fat, drain on brown paper, sprinkle with powdered sugar and serve immediately.

Pineapple Pancakes with Honey are more delicious as well as more digestible than other kinds.

Mix and sift two cups flour, one-half teaspoon salt and four teaspoons baking powder. Add one beaten egg, mixed with one and one-fourth cups milk, one cup crushed Hawaiian pineapple and one tablespoon melted fat. Bake on a hot greased griddle and serve with honey instead of syrup.

Crisp Bacon with Pineapple Fritters is a delightful breakfast or luncheon dish. Fry bacon slices crisp and serve on a platter with pineapple fritters made as follows: Beat up an egg in a bowl, sift in a cupful of flour, gradually add one-half cupful of milk, one-fourth teaspoon salt and a teaspoon of olive oil. Mix until smooth and glossy. Allow to stand in a cool place for an hour, then add a teaspoon of baking powder. Dip one slice of pineapple at a time, drop into smoking hot fat, fry for a few minutes, then drain and sift with sugar.

Baked Ham with Pineapple is a new version of the old Southern dish. Place six slices of Hawaiian pineapple in a buttered pudding dish. Cut three sweet potatoes lengthwise and cover pineapple. Add a third layer of three sliced apples topped with two ham slices. Pour over layers either pineapple juice or one-half cup of water, depending on sweetness desired. Cook in a slow oven in a covered dish for two hours, or until tender. Dredge the top with brown sugar, dot with bits of butter, and return to the hot oven or broiler for browning. Sprinkle with parsley before serving.

What's Doing in West Texas

AMARILLO.—Through its weekly traffic bulletin, the West Texas Chamber of Commerce has directed attention of its members to the meeting of the Southwest Shippers Advisory Board which will be held in this city May 21, the day following the meeting of the Panhandle Grain Dealers Association. The Shippers Board gathering will be the fourth annual meeting and the fifth regular meeting of that body, and all members are urged to attend.

RALLS.—A modern sanitary sewer system is being installed here, with two ditch digging machines on the job. Four modern residences have just been completed and others are to be started within a few days. A paving project will be taken up soon. Conditions in the section are ideal and the general outlook is good.

STAMFORD.—The May issue of "West Texas Today," off the press May 14, was in the form of the ninth annual convention program number, and contained the yearly report of the president. Copies of the official West Texas Chamber of Commerce magazine were distributed to convention visitors at Wichita Falls.

CROWELL.—Extension of sidewalks is underway here on North Main Street. This development gives the city nearly a mile of pavement from the northern portion of town to the depot.

SNYDER.—Snyder's new \$25,000 structure for a combination round and square bale gin is complete here. Machinery will be moved into the new plant at once.

CARLSBAD, N. M.—Four big bodies of visitors will see the famed Carlsbad Caverns during May. These are: the State Medical Association, Dallas Trade Trippers, New Mexico-West Texas District United Christian Missionary workers, West Texas Geological Society members with the Bureau of Economics of Texas University. In addition to this, increasing numbers of daily tourist travelers will visit the noted caves.

LOCKNEY.—Work will start immediately on erection of a main building for the Lockney Cotton Oil Company. The contract price for the structure is approximately \$75,000. In addition to this building, seed houses, warehouses, and other elements are to be built to the plant.

EASTLAND.—June 1 has been set as the tentative starting date for construction of Eastland's \$300,000 Conelley Hotel. Final plans and specifications for the building have been approved by the local committee, and preparations are being made to receive bids.

LAMESA.—A Dawson County Poultry Association has been perfected here, and committees are now at work on problems of handling and marketing eggs. Five officials make up the executive corps of the organization.

WHITE DEER.—Road signs have been placed recently at strategic points on highways entering this city. This is in line with a Road Sign Placement Campaign inaugurated by the West Texas Chamber of Commerce which advocates establishment of road markers and mileage information in order to save strangers perplexion, loneliness, and loss of time. The White Deer Chamber of Commerce Sign Committee is taking action at this time to prepare for the tourist season now opening.

Jefferson was admitted to the bar in 1767.

PROGRAM FOR AMERICAN LEGION MFET, AT LUBBOCK
LUBBOCK, May 16.—The official program of the Fifth Division convention of the Texas Department of the American Legion that meets here May 21 to 22, released this week by Harley

D. Woods, executive committeeman from this district who is chairman of the general arrangements committee for the convention, will offer for discussion several phases of the Legion's program that is of especial interest, and in addition to this contains sufficient amusement and entertainment features to guarantee that every minute of the two-day convention will be well spent.

The business session, when the more serious phases of the Legion's work will be unfolded by speakers well versed in their particular department, includes R. C. Winter's, state commander, of Abilene, who will speak on Legion work in general; Walton Hood commander of the San Antonio Post, on the 1928 national convention which meets in San Antonio; J. Frank Parish, First Division commander of the Texas Department, of Honey Grove, whose subject has not yet been announced; Phillip B. Stapp, national director of the Legion Endowment fund, who will discuss the endowment fund and its purposes; and Reed Johnson head of the Veterans Bureau, at Dallas, who will discuss the disabled ex-service man.

The official program for the two-day convention follows:
Saturday, May 21
9:00 a. m.—Registration.
3:00 p. m.—Band concert.
7:00 p. m.—Mess Call, followed by an information program of entertainment in Legion Hall, Temple Bldg. by the ladies auxiliary will

SEEK TO CONTRACTORS FOR CITY PAVING

Sealed proposals addressed to Commissioners' Court for the improvement of certain streets in Slaton, Lubbock County, will be received at the office of County Judge at Lubbock, Texas, until 9 a. m. of June 13, 1927, and then publicly opened and read.

Description of Work to Be Done
 Estimate of excavation, grading and construction of curb and gutter and street pavement on the county's project of 7 blocks of pavement on Garman street in Slaton, Texas.

- The quantities are as follows:
 10,000 square yards, brick paving on concrete base.
 10,000 square yards, earth excavation and grading.
 10,000 lin. feet, combined 18 inch gutters.
 10,000 lin. feet, combined frontage curbs.
 10,000 lin. feet, combined curb and gutter.
 10,000 lin. feet, 24 inch gutter.

72.6 lin. feet, concrete headers. Engineering 3 1-2 per cent additional.

Detailed plans and specifications of the work may be seen for examination, and information obtained at the office of the City Secretary at Slaton, Texas, and

A certified, or cashier's check for Three Hundred Dollars (\$300.00) made payable without recourse to the order of Chas. Nordyke, County Judge of Lubbock County, must accompany each proposal, as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with requirements of the specifications. The right is reserved by the party of the first part to reject any and all proposals or to waive all technicalities.

All bids received will be retained by the county and will not be returned to the bidders.

This order gives for advertising this 9th day of May, A. D. 1927.

(SEAL) AMOS H. HOWARD, Clerk of the County Court, and Ex-officio Clerk of The Commissioners Court, Lubbock County, Texas.

A JOINT RESOLUTION.

S. J. R. No. 33.

Proposing an amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner.

Be it Resolved by the Legislature of the State of Texas:

SECTION 1. That Article XVI of the Constitution of the State of Texas be amended by inserting therein a new section to be numbered Section 30a which shall read as follows:

Section 30a. All provisions of the present Constitution of Texas fixing or limiting the amount of salary or compensation of officers and members of the Legislature are hereby repealed and hereafter said officers and member of the Legislature shall receive such salary or compensation and expenses as now provided until otherwise provided by law. The salary of the Governor shall be Ten Thousand

NOTHING LIKE IT ON EARTH

The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borosone liquid and powder combination treatment. The liquid Borosone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borosone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by CATCHING'S DRUG STORE

Dollars, (\$10,000.00) per year, and no more, payable monthly, and he shall have the occupancy and use of the Governor's mansion, fixtures and furniture.

The salary or compensation of any member of the Legislature shall not exceed fifteen hundred dollars per year, and actual traveling expenses from the place of residence to the capitol and returning for each session of the Legislature, as shall hereafter be provided by law; and provided that no change of salary or compensation from that now provided by the Constitution shall become effective until the first day of January following the first general election held after adoption of this amendment.

SEC. 2: Said proposed amendment shall be submitted to a vote of the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Monday in August, A. D. 1927, at which each voter opposing said amendment shall scratch off of the ballot with a pen or pencil the following words printed thereon:

"For the amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner;" and each voter favoring said amendment shall scratch off of the ballot in the same manner, the following words printed thereon:

"Against the amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner."

If it shall appear from a return of said election that a majority of the votes cast have been cast in favor of said amendment, it shall become a part of the Constitution of the State of Texas.

SEC. 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution and the Constitution and laws of this State; and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

SEC. 4: The sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election.

Approved March 26, 1927.
 (A Correct Copy)
 JANE Y. McCALLUM,
 Secretary of State.

Steel for Strength

Steel is the strength of bridges and battleships, locomotives and sky-scrapers, great manufacturing machines and modern automobile bodies.

Ford steel bodies combine light weight with maximum strength and safety. And, of course, like the Ford chassis, they long outlive the original purchase price.

Ford all-steel bodies are stamped from finest sheet steel. The workmanship expended in bringing them to a perfect finish is not surpassed on cars costing hundreds of dollars more.

The steel body is just one of the many recent Ford refinements that give the buyer greater comfort, value and economy of operation. Let us demonstrate.

Local Papers Best for Ads, Kelso Asserts

F. H. Kelso, director of the Community Power & Light Co., president of Texas Utilities Co., and of the New Mexico Utilities Co., who is in Cape Girardeau attending the meeting of the Missouri Association of Public Utilities in an interview here recently, said:

"The public utilities of Missouri, representing an aggregate investment of \$20,983,342, after having experimented for years with every form of advertising, have found that the best advertising medium is the local newspaper."

"The fact is not subject to challenge. The reasons are clear. The daily or weekly newspaper is the greatest constructive force in any community. It is the foremost champion of our schools, our churches, our homes and sound community development. To justify its continued existence, it must be so conducted as to command the universal respect of the community which it serves. Its pronouncements must be accepted as accurate and trustworthy by friend and foe, or it cannot fulfill its mission. Its advertising copy must be censored with the same watchful care that keeps its news columns free from error and misrepresentation."

"These vital essentials to newspaper operation stamps it as an advertising medium without a rival, and we take pleasure in making this public acknowledgement of that fact."—Southeast Missourian (Cape Girardeau, Mo.)

Orbit Man Prominent Among Dallas Boosters

In the eyes of the youngsters, and many of the grownups, too, one of the most popular men in the Dallas delegation visiting Slaton last Friday, when more than 150 Dallas business men stopped over on their 26th Annual Good Will Tour, was Wm. E. Easterwood, Jr., National Distributor for Orbit Listerated and Orbit Fruit Gum.

Mr. Easterwood sent out a special letter in advance to all the schools in the towns visited inviting the school

children to meet the train and observe the parade at which time he gave away thousands of slabs of Orbit Listerated Gum and spread joy among everyone.

Other notables included W. T. Davis, Chairman, Fred McJunkin, Entertainer De Luxe, Clarence L. Norsworthy, head of that mighty secret order, the G. Ayes, and other representatives of the great City of the Hour—which is Dallas.

The Slatonite acknowledges a visit by Mr. Easterwood, at which time he complimented the force with a several days' supply of good chewing gum.

County Attorney Warns Merchants And Salesmen

Lubbock, Texas, May 7, 1927. TO WHOM IT MAY CONCERN:

It is a violation of the Penal Code of Texas to sell, deliver, or possess for the purpose of sale any compound or preparation from which intoxicating liquor as a beverage is made.

It is a violation of the Penal Code of Texas to knowingly sell, barter, exchange, transport, export, deliver, take orders for or furnish any equipment, material, supplies, device or other thing used in the manufacturing of intoxicants or beverages.

Punishment for violating the above named laws is fixed at not less than one year nor more than five years in the penitentiary.

Malt and kindred compounds and preparations are used by the buying public to make intoxicating beverages. The public cannot buy without some one sells. The party who sells must

know, as we officers do, that the purchaser will use the malt and kindred product to make an intoxicant.

Beer bottles, caps, cappers and other paraphernalia are devices used in the manufacture of intoxicating beverages and the sale or delivery of any such device is in violation of the law if the seller knows for what purpose they are to be used. We officers know for what purpose they are to be used and we know further, that the seller is aware of the purpose for which they are bought.

It is not right that the purchaser of the supplies be haled before a court and tried for having the supplies and the party who sells same at a profit go unmolested. Then too, the enforcement of these laws is a short cut to strict enforcement of the prohibition laws.

It is necessary that the youth of our county be protected and the officers of Lubbock County are going to enforce the above laws in their strict sense, expecting and depending on each citizen to help by refraining from

the sale of the above enumerated items.

Where this warning is violated, seizure will be made and the parties who sell will be prosecuted to the same degree as any other law violator.

Yours very truly,

L. A. HOWARD, County Attorney.

Pains disappeared

"SEVERAL years ago I was badly run-down," says Mrs. John Bunch, R. F. D. 3, Columbia, S. C. "I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed."

Then, explains Mrs. Bunch, she happened to read about Cardui, the woman's tonic, and decided to give it a thorough trial, the results of which she describes below:

"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 125 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength."

"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person."

Cardui has been helping suffering women for nearly 50 years. Sold by all druggists.

A cheap tube can cost you 10 times its price

THIRTY-NINE YEARS of tube-building experience has proved to Dunlop that "cheap tubes" do not pay.

That is why Dunlop tubes are made casing shaped. It costs a little more than to build them on a straight pole, as cheap tubes are built.

But a casing-shaped Dunlop tube is strong everywhere. The outside edge is not weakened by excess stretch. The side next to the rim has no wrinkles to crack with age and blow out. A Dunlop tube protects your casing, because it fits. And your casing is worth ten times the cost of the tube.

We strongly recommend a Dunlop tube for every casing

FOUNDERS OF THE PNEUMATIC TIRE INDUSTRY

Santa Fe Economy
Increases Capacity—Decreases Costs

Operating results on the Santa Fe for the year 1926 show, on the whole, substantial improvement over the year 1920 following Government control.

Revenue tons per train mile increased in 1926 to 709.70 tons from 569.21 in 1920.

Average daily movement per freight car increased to 37.01 miles from 31.56 miles.

Average revenue per ton mile of freight decreased to 1.203 cents from 1.316 cents.

Two Items of Economy in Operation Deserve Particular Attention:

FIRST is reduction of "loss and damage" freight.

In the year 1920 this totaled \$2,817,596; in 1926, \$1,350,429. If the rate of loss and damage in 1926 had been the same as in 1920 the total would have been \$3,298,302, or 2.44 times as much as was the case. Loss and damage meetings devoted to careful study and instruction, the co-operation of all classes of employes handling freight, and better packing, marking and general co-operation by shippers have accomplished this saving.

SECOND is conservation of fuel.

In 1920 locomotive fuel cost the Santa Fe \$28,372,475; in 1926 the cost was \$22,604,116.

In 1920 the Santa Fe used 185 lbs. of fuel to move 1000 gross tons, excluding the locomotive, one mile in road service, and in 1926 it used 133 lbs., a saving of 52 lbs., or 28.11%.

In 1920 it used 16.4 lbs. to move a passenger car one mile, and in 1926 it used 13.6 lbs., the saving being 2.8 lbs., or 17.07%.

The total fuel saving for the year 1926 is equivalent to 1,756,180 tons, costing \$7,744,754 at 1926 prices.

This conservation of fuel has been accomplished by a carefully worked out policy of

1. Lengthening locomotive runs, so less fuel is used in firing up and less time lost in cooling locomotives.
2. Reducing train delays.
3. Larger locomotives, bigger trains, and heavier carloads in which shippers have rendered very valuable aid.
4. Using the best fuel saving devices.
5. More scientific burning and handling of locomotives and trains by the men.

We Ask Your Continued Assistance in Meeting These Transportation Problems.

And we promise you our best efforts to render steadily improved service, although the Full Crew and Train Limit laws in some states limit greatly our possibilities for further economies.

W. B. STOREY, President
The Atchison, Topeka and Santa Fe Railway System.

3-Day Exhibit in Art Conducted by High School P. T. A.

Sponsored by the High School P. T. A., of which Mrs. R. L. Smith, Sr., is president, an art exhibit was conducted Saturday, Monday and Tuesday in the building formerly occupied by the Western Store on West Garza street. The admission charge was made to raise funds with which to purchase furnishings for the high school art studio. The exhibit was a success, financially and otherwise, it is reported.

A total of 234 paintings, etchings and plaques were displayed. Oil paintings numbered 75, water colors 50, pastels 12, prints 60, plaques 10, and two original etchings by prominent French artists. Forty-one people of Slaton entered some or a large part of their productions. Mrs. E. L. Woodell, Mrs. F. H. Lanham, Mrs. M. W. Uzzell and James Lanham each submitted large collections.

Visitors at the exhibit were asked to register for any particular teacher and class of the local schools, the teacher receiving the largest number of registrants to receive a painting of Mrs. Woodell's. Miss Irene Arnes and her pupils of the West Ward school, won the picture, with Miss Stout and Miss Blair following in the order named as contenders for the prize.

Included in the exhibit was a collection of hand-painted china, by Mrs. W. S. Bradshaw, and some leather work, done by Miss Maurice Hardesty. Both of these evoked much admiration on the part of visitors at the exhibit.

Several curios and relics were displayed, among which was a chair found to be 175 years old. It belongs to George Marriott, manager of the Santa Fe reading room. A high value is placed upon this antique piece.

Of the two original etchings exhibited, one was "Moonlight," and the other "The Grand Canal," both by French artists of note.

Those attending the exhibit during the three days declare it to have been a very excellent showing of what Slaton people are doing in the realms of certain phases of art, and it is also noted that few towns in West Texas could boast of as much talent in the particular lines.

Very favorable comment has been heard for the high school P. T. A. in sponsoring the exhibit to help out in advancing art interests in the high school.

MRS. PEAVY HOSTESS TO WEST MESA CLUB

The West Mesa bridge club was pleasantly entertained by Mrs. S. A. Peavy at her home on Garza St. last Thursday afternoon. There were a number of members away from town and only two tables played. Those who enjoyed the hospitality and the delightful lunch served by the hostess were Mesdames Zeph Fogerson, E. K. Rogers, N. A. Stuart, K. W. Hunt, V. W. Brewer, Sam Staggs and E. K. Parker.

METHODIST MISSIONARY

The Methodist Missionary society met at the church in Bible study with Mrs. Lane as leader. The study of "The Bible, its origin and growth" was the lesson, and it was very interesting. The meeting opened with a song, followed by a prayer by Rev. Lane. A short business session was held during which delegates to go to the district convention were elected, the convention to be held at Lamesa June 1 and 2. Those elected were Mesdames Hickey, Wm. Lovett and Story, with Mesdames Harlan and Darwin as alternates.

CIVIC AND CULTURE CLUB

The club house was made so homelike, with roses and baskets of flowers, when the Civic and Culture club entertained with their annual guest day meeting May 14.

The hostesses for the afternoon were Mrs. Ed Tom, Mrs. W. E. Olive, Mrs. A. J. Klansner, and Miss Grace L. Bailey.

Mrs. J. W. Wallace led the program on "Interesting Women of the Bible." Mrs. Wallace in her talk brought out the characteristics of the most outstanding women of Biblical history. Mrs. Olive spoke on "The Women in Messages of Christ, their Characteristics and Desires."

Mrs. S. E. Staggs gave a good discussion of the other women of the Bible, and Effect on World.

Miss Maude Dean then sang "Holy Night," accompanied by Miss Ramsey at the piano. Mrs. W. E. Smart in a very interesting way, told of "Women of the New Testament, their Life Work and Influence."

Mrs. N. A. Stuart delighted the guests with a vocal number in keeping with the thought of the lesson.

The guests were then invited to la-

bles arranged to form the letters, "C. C. C." which were prettily decorated with cut flowers, where a salad and ice course was served to about forty-eight guests.

The next meeting will be June 7, at the home of Mrs. McHugh, with Mrs. Fry as leader.

Firestone Dealers

Have Purchased 100% More GUM-DIPPED TIRES

[This Year Compared With Same Period Last Year]

THE demand from car owners for Gum-Dipped Tires has given Firestone Dealers a large increase in volume enabling them to sell these tires to you at the lowest prices in history.

On the cars of motorists everywhere, these wonderful tires are delivering unheard-of long mileage with greater safety and comfort.

The Firestone Balloon Tread, scientifically designed three years ago, and unchanged today, follows the contour of the tire carcass with no excess rubber at the edges to cause "shoulder breaks". Narrow rider strips permit the tread to yield to depressions and cling to the road, preventing skidding. This tough, pliable tread has the wear-resisting qualities for thousands of extra miles.

Oldfield Tubes Also Priced Low

Such a tread must be placed on a carcass with the qualifications to withstand the terrific flexing that this design permits. The Firestone carcass is made of cords dipped in a rubber solution which not only saturates and insulates every fiber of every cord, but unifies sidewalls with carcass, avoiding separation under the extreme flexing.

Many Firestone Dealers are prepared to offer you a liberal allowance for your old tires, on a new set of Gum-Dipped Tires to start the motoring season.

To meet a demand for a low price tire and tube, Firestone designed and manufactures, for Firestone Dealers only, Oldfield Tires and Tubes, which carry the Standard Manufacturers' Guarantee.

NOTICE TO BUILDERS.

Many people who start to build in the city of Slaton neglect to obtain a permit for same until they are notified—this has become a serious matter and,

Hereafter, the ordinance applying to permits for building will be strictly enforced.

Permits should be obtained from the City Secretary before any building is started, and each day such permit is not obtained constitutes a separate offense, punishable by a fine not to exceed \$50.00 for each offense.

The Chief of Police is hereby instructed to arrest, and bring before the city court any person found constructing any edifices, annex or addition or moving any building without first obtaining a permit for same.

S. F. KING, Mayor,
City of Slaton.

GET your linoleum and rugs at Elrod's Furniture.

NOT AFRAID TO SMILE

You have seen them haven't you? Women who smile and show their teeth knowing that they are even, pearly white, and sound. Do you wish to be in the class of women who are not afraid to smile? If so, phone for an appointment and come to us for the necessary dental work that will make your teeth sound, even and pearly white before it's too late.

DR. J. W. PHILIPS, Slaton, Texas.

7 Boy Scout Troops Used in Picture

Seven troops of Boy Scouts were used in the filming of "A Regular Scout," an F. B. O. production starring Fred Thomson, which comes to the Palace Theatre Saturday. The Scouts were handled under the direction of Edward B. De Groot, Local Scout Executive of the Los Angeles Council and Carl McElvy, Scoutmaster. Fred was at one time Scout Commissioner for the State of Nevada and has always been tremendously interested in the organization. Aside from the Scout interest, the picture will have a great appeal for those who admire the Thomson type of Westerns, for its locale is in the West and Silver King, the greatest quine star, plays a very important part. Olive Hasbrouck lends her charm in the leading feminine role, while others in the cast are Mary Carr, Margaret Seddon, Buck Black, William Courtright, Bob McKim, Harry Woods and T. Roy Barnes. The story is by B. F. Oxford, while the continuity was made by David Kirkland. Mr. Kirkland is also responsible for the direction of the picture, and will be remembered as the director of the majority of the Thomson productions.

Canadian dog teams if required can live on half a jackfish a day.

A Sword That Hangs By a Hair

DAMOCLES was really a piker, for the hair that held the sword over his head was a horse hair—a pretty strong article.

A far more threatening sword hangs over the worldly goods and happiness of every man who owns a home or store or who occupies one owned by someone else. That sword is a lawsuit.

There are a host of dangers one never thinks about. Why take a chance when a PUBLIC LIABILITY POLICY is such a small item in the budget?
