## 'Open House' in Local Churches Will Begin with Services Sunday Evening

Church Open House, sponsored annually by the Ministerial Association of Slaton, will begin Sunday night, October 6, with services at First Baptist Church. Participating churches have been asked by the association to dismiss services at their churches and attend the Open House service.

Monday night the Pentecostal Holiness Church will have open house. Host church Tuesday night will be First Christian Church, and on Wednesday

night the Church of the Nazarene will have services. Bible Baptist and First Presbyterian churches will have services Thursday and Friday evenings. All services will be held at 7:30 p.m.

Regular order of worship for each church will be observed, with the pastor of the church preaching. This is done, according to an association representative, in order that people may become more familiar with the order of service each denomination follows.

## Slaton Man Hurt Wednesday Night In Car Accident

Condition of Tom Claiborne, Slaton resident who was seriously injured early Wednesday evening in a car-truck accident, was reported to be slightly improved Thursday morning. He is in Methodist Hospital, Lubbock.

Claiborne's car rammed the rear of a feed truck about 7:45 p.m. Wednesday, about 3 miles from Lubbock on the Slaton highway. He commutes daily from Slaton to Lubbock, where he is employed as salesman for Shambeck Motor Co.

The truck driven by Howard Hale, Rt. 1, Slaton, was loaded with between 8,000 and 9,000 pounds of grain. Damage to the truck was not heavy. The car, a 1938 Edsel, was demolished.

## SHS Choraleers Leave for State Fair Performance in Dallas

Some 52 Slaton girls, members of the Slaton High School Choraleers, will leave here Monday to go to Dallas, where they will present an individual concert on the Fair Grounds during the State Fair of Texas, and also

take part in a massed choir performing in the Cotton Bowl. The group, under the direction of Mrs. M. G. Davis, received the invitation from the Texas Music Educators' Association. Performances will be on Tuesday, which has been designated as TMEA Day at the fair.

Mrs. Davis said it was the first time the local group had been invited to participate in this capacity. The massed choir will consist of about 1,000 students from over the entire state. In addition to the choral groups, bands and orchestras will also be presented in concert at the evening program Tuesday.

Accompanying the girls, in addition to Mrs. Davis, will be Mrs. L. A. Reasoner, Mrs. Troy Pickens, Mrs. Otis Neill, and Mrs. Byron Johnson.

### PLACES AT FAIR

A girl shown by Joe Bob Jones of Slaton placed fourth in competition at the Panhandle-South Plains Fair held last week in Lubbock.

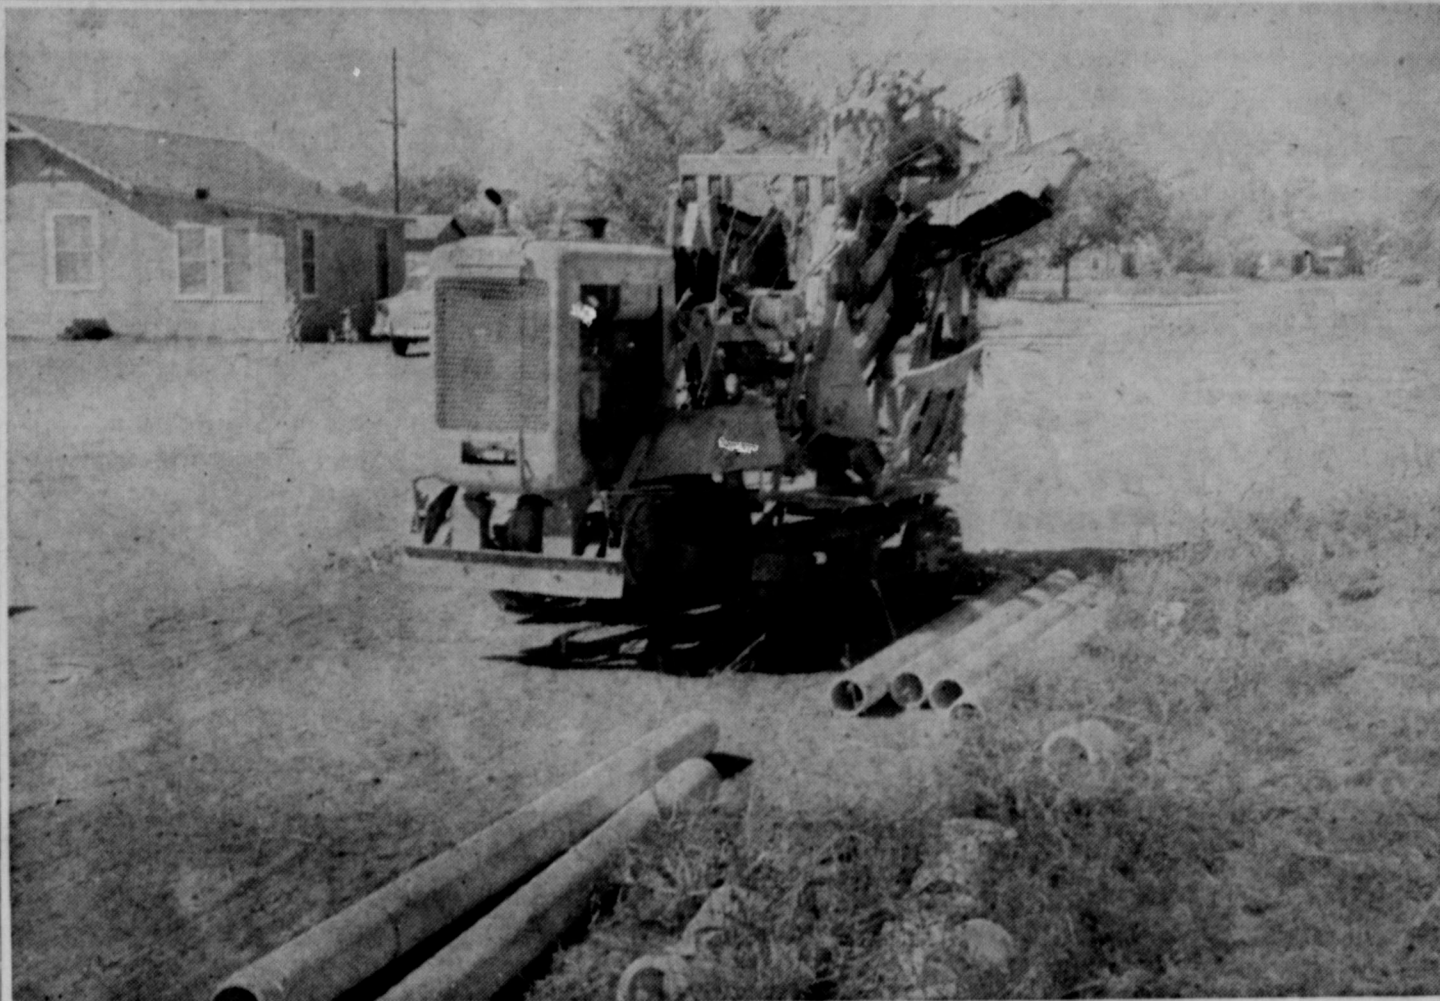

## Korean Minister To Speak for Church of Christ

S. K. Dong, a Korean evangelist for the Church of Christ, will be guest speaker at the Slaton Church of Christ for the 11 a.m. service Sunday, October 3.

The minister, C. L. Newcomb, said this week that Dong had been in the United States about six months on this trip, and was preaching in various churches throughout the country. In Korea he serves as an evangelist preacher for the Church of Christ.

"We invite you to come and hear Bro. Dong," Newcomb said.

Rev. and Mrs. J. B. Sharp, Jimmie, Bob and Ann, spent last Thursday night in the home of the Rev. and Mrs. Clarence Collins and family in Colorado City.

**WATER LINE IMPROVEMENTS**—Laying of a six-inch water main on Scott street between 5th and 11th streets this week will provide added fire protection for the South Slaton and South Park additions, according to Water Superintendent Forrest Davis. In addition to the added fire protection, the new mains will give complete circulation to the water distribution

system in those areas, instead of some lines ending in dead ends as is now the case. The six-inch mains will tie in to the 5th street pump station lines, and into existing mains on 11th street. Other taps will also be made, Davis said, resulting in better distribution in the area.

## Homecoming at Southland Set For October 11

Sponsored by the Southland Ex-Students Association, Homecoming will be held at the Southland school on Friday, October 11.

Registration will begin at 5:30 p.m., followed by a barbecue dinner served by Underwood's at 6 p.m.

Nazareth and Southland will meet on the football field at 8 p.m. Friday.

Reservations for the dinner, at \$1.50 per plate, can be made with Marley Martin, Box 156, Southland.

# Tigers, Antelopes Meet Tonight; Homecoming for Ex-Lettermen

Ex-Lettermen from Slaton High School will be honored at half-time ceremonies tonight at the Post-Slaton football game. Homecoming for ex-lettermen, sponsored this year by the Slaton Jaycees, will see the returning members of former Tiger teams seated on the inside of the fence. Some 150 exes are expected.

Registration of ex-lettermen will be held at the game.

Pete Williams, chairman of the Jaycee Homecoming Committee, said that about 250 letters had been sent to ex-lettermen, dating back to 1925. Yearbooks were not published from 1929 until 1937, he said, and lettermen from that period might have been overlooked. Williams emphasized that lettermen should come to the section reserved for them regardless of whether they received an invitation.

Working with Williams on the committee were D. W. Walston Jr., Truett Bownds, and Webber Williams.

Slaton's first score against Roscoe came in the first period. On a drive from Roscoe's 22, where the ball was taken on the opening kickoff, the Tigers marched down the field, and Pat Adamek took the ball into pay territory from the 9 yard-line.

Later in the opening period the Tigers took possession on their own 37, drove down to the Roscoe 29, where Rodney Fulcher carried for the score. Alex Franco ran around left end to convert, leaving the score Slaton 13, Roscoe 0. Some 2:45 minutes remained in the first period.

Early in the second quarter Pat Adamek took the ball on his own 39, and ran 61 yards for a touchdown. Conversion of the extra point was unsuccessful; the score stood at Slaton 19, Roscoe 0.

After Roscoe had gained a total of 4 yards in rushing, and taking a partial blocked punt, Slaton took the ball on the Plo-boys 26, drove to the 37. From there Adamek went round left end to add another six points to the Tiger scoring column. Again the extra point conversion was not good.

Roscoe began their drive for figures in the scoring column on their own 43, pushed to the Tiger 20. Larry McBurnett carried for 3 yards, then with the ball resting on the Tiger 5, the Plo-boys attempted a pass into the end zone. A second pass to

Jerry Bourland was completed, giving the Plo-boys their first touchdown for the evening. An attempted pass for the extra point was incomplete. With just under two minutes remaining in the first half, the score stood at Slaton 25, Roscoe 6.

It took three plays in the third quarter for the Tigers to go from the Roscoe 41 to their 37. Then Adamek took the ball and ran the rest of the way for another Tiger touchdown. Randy Sanders carried over for the extra point, making the score 22-6 in favor of Slaton.

Zane Richbourg scored on a pass completion from Larry Mc-

Burnett, thrown from the Plo-boys 24—a 76 yard gain. McBurnett carried over for the extra point on the play which occurred just at the end of the third period.

In the last four minutes of the fourth quarter Roscoe drove down to the Tiger 1 yardline, then were thrown for a 4-yard loss. Their attempted pass on the 4th down was incomplete.

With the Tigers taking over on downs, Adamek carried for five yards, out to the 10 yard-

line; then Fulcher took off on a 90-yard run for the final Tiger touchdown of the evening. Extra point conversion was good.

In the fleeting minutes of the game, McBurnett threw a series of passes to Richbourg which netted the Plo-boys some 45 yards. A pass to Theron Parks from the Tiger 28 gave the Plo-boys their last tally. Extra point conversion was good, and the game was practically over—just 56 seconds remained on the clock.

**READY TO WIN AGAIN**—A taste of victory last Friday night whetted the appetites of Slaton's football players... and especially those of Pat Adamek, left, and Rodney Fulcher, right. Both boys marked up over 150 yards gained during the play, and between them accounted for all of Slaton's touchdowns. Adamek crossed the goal line four times, three of them on runs of more than 35 yards. Fulcher crossed over twice, once on a 28-yard run, and the other on a 90-yard run.

## Football Area Parking Directed By Lions Club

Members of the Slaton Lions Club will again direct parking at Tiger Stadium tonight, in an effort to make parking easier, and to facilitate leaving the stadium following the game. Care on the part of persons parking near the Bible Baptist Church was urged, after parts of the lawn around the church were damaged last week by cars driving on it. Rev. H. E. Summar, pastor of the church, said that football fans were welcome to park on church property, but asked that they not park or drive on that part where grass was growing.

## Distributive Education Column Begins This Week

Beginning this week, The Slatonite is carrying a column concerning the aims, activities, and progress of the Distributive Education course at Slaton High School. Written by Raymond Smoot, coordinator of Distributive Education, the column will give information concerning "D.E." and point out ways in which the course serves for the betterment of our community.

**CHLORINATORS INSTALLED**—Installation of the automatic chlorination equipment for the water distribution system. Approved at a bond election held recently, some \$10,000 was earmarked for the equipment and its installation. Forrest Davis, water superintendent, is shown here with one of the units, at the pump station on South 5th street. Operation of the units is scheduled to begin by early next week, Davis said. Installation of the automatic chlorinators will remove one of the final obstacles to State Health Department approval for Slaton's water system.

It's funny that a man will get in an advertised bed, be dressed by an advertised clock, dress in an advertised brand of socks, shoes, pants, and tie, smoke an advertised cigarette, eat an advertised breakfast food, kiss his wife and get into an advertised car and go to his office. Then refuse to see an advertising salesman on the grounds advertising doesn't pay...

Most amusing are the signs in various offices around town. For instance, one at Husebery reads, "Work is yeast that raises the dough." Another at Huser's: "Be sure your brain is in gear, before you open your mouth in motion."

Fishing at Possom Kingdom was reported good by the Lasaters. I believe it was the 79 fish they caught. I have heard that the Lasaters have more fish than most people.

The folks out on the routes are receiving sample copies of the Slatonite: How about giving us a post card to let us know you're there? Just tell us what you like about the paper and what you'd like to see changed. How about it?

Be sure to check the lucky number in the Slatonite ads each week. Some nice prizes are given, and I hope yours is the winning number!

Paul Melton came in one last week to thank me for finding his child's missing shoe. I'm sorry about that. It's always around when I want to gripe at me.

Some of the criticism on the football program last week. We knew that it wasn't the best, knew that it wasn't because the copy brought in early enough. We aren't trying to shift blame to anyone. We are just asking for cooperation so that we will be able to do a good job. Please give us the cooperation that you would be forced to give in a printing plant in Lubbock. That's not asking too much, is it?

Water Bednarz is the citizen we need. She has the out-of-town prices on her typewriters and bought at a higher price elsewhere.

The official opening of the G. & Y. Thursday promises to be exciting, what with the prizes being given Ivy and the prizes being given to the winners. Besides all that, they have many good buys offered. We will see when you check out in this issue of the Slatonite.

It seems to be leading subject this week. Slaton Floral is carrying the Devil's Ivy for 25c. The things that Mrs. Davis has with dried materials, including Cattail, Wheat, and dyed, Thistle, Dock, and Coral Berries. She bought at her shop to be making your own arrangements. Go out to the shop and see the beauty of these things. They are really something.

### Rotary Meeting

The Slaton Rotarians are having the inter-city Rotary meeting Monday evening in Lubbock. M. G. Davis, Melvin Howard Hoffman, L. E. Liles, Wayne Kenney, Royl, J. B. Sharp, John T. E. McClanahan, Royt Meador, O. Z. Pender, Jack Berkman, and John Hood. Price Daniel was the speaker for the occasion.

**WHERE ARE WE GOING?**

"The Organization Man," by William H. Whyte, Jr., is an original book of sociology which deserves the widest possible reading public and which should not only be read but also discussed and thought about. In the "organization man," Whyte sees a deep conflict of American values.

This "organization man" is the middle class person who is now becoming more and more the creature and function of organizations and the ends of organization. In so doing, he is turning means into ends, and becoming the apostle of a scientism, rather than science, of togetherness, of belonging, but at the price of individuality and at the expense of values.

Whyte sees that the basic question is one of values. His treatment of education, of the cult of applied psychology (read manipulation) reveal these developments most clearly and with cogent reasoning. Where are we actually going as individuals and as a nation? And what kind of future citizens or, perhaps, "organization men," are we creating?

William H. Whyte, Jr. has written a challenging and well documented book. It does not rail, but it does warn us about the destination to which we may be traveling in a blissful innocence.

**RESPECT FOR LAW**

Every man and woman of good will must feel sorrow when American troops with drawn bayonets confront other American citizens. Not one of us, regardless of his convictions about racial integration in the schools, can be pleased that things came to this pass in Little Rock. The 25th of September was a sad day for all Americans.

When that has been said, it must be added that President Eisenhower's motive in ordering troops to the scene was the honorable one of wishing to perform his sworn duty as chief executive. Even those most sympathetic to the spiritual and emotional travail being undergone by the people of the South must surely concede that the President took this action only because he felt that he must do so to preserve the hallowed principle of government by law rather than by men.

It is fundamental to our system of government, and to preservation of our individual rights and freedoms, that everyone shall obey the law of the land. If individuals or groups were permitted to violate the law simply because they disagreed with it, the result would be anarchy.

Southerners, like Americans elsewhere, accept and believe in this truth, and despite their understanding resentment at what has transpired, the great mass of thoughtful Southerners doubtless would acknowledge that the principle had to be applied in the Little Rock situation.

The South's travail, which demands the sympathetic understanding of us all, is not yet over. The end of the story has not yet been told. But when finis is written, history will record that President Eisenhower took action that had to be taken to preserve a basic American principle.

Italy's first drive-in movie theater, recently opened, is believed also to be the first in Europe. Russia probably would have one, but not enough people own automobiles to make it worth-while.

**Examinations Scheduled in October For Texas DPS Patrolmen Prospects**

Examinations for young Texans seeking futures in the field of law enforcement will be given in various cities throughout the state during October.

Col. Homer Garrison, director of the Texas Department of Public Safety, announced that an opportunity now exists for young men between the ages of 21 and 35 to join the ranks of the Texas Department of Public Safety as law enforcement officers.

Garrison said that the men accepted will receive a basic training course in all phases of law enforcement and related fields at the Law Enforcement Academy in Austin.

After the basic training they will go into the field for a few weeks of general work. Then the men will return to the training school for special training in one of the specialties of the department, i.e., Highway Patrolmen, License & Weight Patrolmen, Patrolmen.

Qualifications necessary to apply for the positions include a high school education or its equivalent; good moral character, excellent physical condition; and a minimum of 5'8" height with weight proportionate.

Examinations will be given in Amarillo, Wichita Falls and Abilene on October 15; in Lubbock and San Angelo on October 16, and in Midland on October 17.

For complete information about the examinations, new positions, training and benefits, those interested should write to Personnel and Training, Texas Department of Public Safety, Box 4087, N.A.S., Austin, Texas.

# Ringling Bros. Circus Will Perform at Lubbock Coliseum November 11-13

After several weeks of negotiations, the Lubbock Coliseum has announced that Ringling Bros. will appear in the huge 7,509-seat coliseum for five performances on November 11, 12 and 13. Two night shows will be presented: at 8 p.m. Monday and Tuesday, November 11 and 12. Matinees will be at 3:30 p.m. Monday and Tuesday, and at 4 p.m. Wednesday, November 13.

The show to be seen in Lubbock is the same one that played in New York in Madison Square Garden at a \$6.50 top price. Top price in Lubbock will be \$3.60. Other prices will be \$3, \$2.40, and \$1.80.

Children may have half-price tickets for any seats at all matinee shows. Prices will be the same at night shows.

Mail orders are now being taken, although box-office tickets are not now on sale.

Dallas' first building was one-room log cabin erected in 1841 by William Neely Bryan.

## What They Write

Ernest Joiner in THE RALLS BANNER: Over in Lubbock, a woman who didn't have any more sense than to stick her cotton-picking hand in a revolving door is suing a Lubbock bank for \$27,200 damages. This is a pretty small bit of change to get for the luxury of not having enough brains to keep one's fingers out of a sausage mill. But if she collects, and she's bound to do just that, it will put a lot of money in circulation and that'll be nice for the national economy. This is the age of "no personal responsibility." When a kid gets nasty, a psychiatrist says its because parents frustrated the creature at a tender age by using the wrong kind of talcum on his diaper. A woman shopper in a local grocery store pulls a can out of the bottom row of 10-tier stack of 46-oz. cans and gets 9 rows on her head. Because she was stupid and because the courts realize that nothing anyone does is that person's fault, she collects \$99,999,999 from a Ralls grocer who didn't have any more sense than to know he was a potential murderer in the first place. Not long ago a Lubbock woman tripped over her own three clumsy feet in a department store and sued the joint for \$50,000. It was the store owner's fault, naturally, that she was bow-legged she couldn't head off a hog in Grand Canyon and couldn't keep her feet tracking. One of these days somebody is going to be reading a copy of this paper, choke over a piece of banana he's eating, which propels his false teeth through his nose, and the Banner will be sued for a cool million in damages. It's all our fault. We should not have let him have bananas in the first place. We didn't have to let him have a subscription, either. Here in America, the courts have ruled, we are all our brother's keeper, just as it says in the basic literature, and we're going to keep on keepin' 'em as long as there's anything left that anybody else wants. But we've got a way to break even on the deal when the hammer falls. We're going into Robert Ranner's dry goods emporium and catch a miserable cold off his air conditioner, then we'll sue Harrison Watson for every farm he's got. We don't know how Harrison got into the act, but he's got more farms than Robert has, and far be it from us to sell out for peanuts.

Mr. and Mrs. B. F. Foster of Lubbock visited Sunday with Mrs. G. P. Parkhill and Miss Zeld.

## Welfare Center To Open Oct. 19

At the meeting of the Federation of Church Women Monday afternoon at First Christian Church a date was set for the opening of the Slaton Welfare Center which is sponsored by the Federation and the Ministerial Association.

The center will open October 19 and will be open each Saturday through the month of April. Hours to be observed at the center will be from 9 a.m. until noon and from 1 until 4 p.m. each Saturday.

There are six participating churches, First Baptist, Westview Baptist, First Christian, Grace Lutheran, First Presbyterian, and First Methodist. Each church will be asked to keep the center open for one half day at a time. On the 19th of October First Baptist will work in the morning and First Christian in the afternoon. Chairman from each of the churches have been named. It was brought out that a general chairman is needed to replace Mrs. Tye who has moved from the city.

The Federation is asking all who have good warm and wearable clothes for children of school age contact Mrs. Francis Perry at the Slatonite or any member of the Federation.

Mrs. Lela Long and two children, Larry and Cathy, of O'Donnell were week end guests in the home of her parents, Mr. and Mrs. J. H. Poindexter. On Saturday afternoon their son, R. V., and his family of Lubbock visited with them.

## Distributive Education Notes

—by Raymond M. Smoot

Distributive Education has been in effect in Slaton High School for three years. There has been a good job done by those who have been coordinating the work. As coordinator of the program this year, I have not had the advantage of getting started at the beginning of the school year, but despite the late start, we are getting started in an acceptable manner.

I appreciate the reception I have been given by the business men in Slaton. They have every word of encouragement to offer. It is always good to hear something good being said about those who have come before you, and what is even more heartening, is to hear these business men say they appreciate the boys and girls who have been working under the distributive education program.

As of today, we have the minimum number of students required to meet the state requirement for this program, but we need a few more jobs. If there are those who have in mind the hiring of some student, but you do not know whom to contact, please call me at my residence, VA 9-4889, contact the Superintendent's office, or call at the Slatonite office and they will relay the request to me.

In setting up our organization for work, after getting the coordinator, the next step is to get a committee of representative businessmen to help with the problems that may arise during the course of a school year. This committee will change from year to year, so don't think you are being left off for any reason, except for the fact that we can use only five each year.

This year P. L. Vardy, Ray Belt, Mrs. Vivian Jones, Hobart Trimpa, and R. C. Graves make up the committee.

Watch for this column in your Slatonite. There will be information there that you will like to know. Next week, the names of all the students and the places where they are working will be given.

## One Thing At a Time

MATADOR, Tex.—Mrs. Raldo Martin of Flomont carried a severed toe in her apron pocket for two hours and finished her washing before she sought medical aid.

A cow stepped on Mrs. Martin's foot and completely severed the second toe on her left foot. She picked up the severed digit and put it in her apron pocket, then administered first aid to herself.

She had started a washing before turning some cows and calves together in the lots where the accident occurred.

She returned to the house and finished her washing, then two hours later drove the farm tractor to the home of a relative, who took her to the hospital.

## Father of Rev. Wittig Dies In Nebraska

Mrs. L. B. Kitten returned home last week from San Antonio where she had been for the past two weeks visiting in the home of her son, Arvel J., Mrs. Kitten and their family including a new 10 pound daughter, Linda Marie.

Mr. and Mrs. Bill Scott and Mr. and Mrs. Warren Adams, all of Amarillo visited last week in the home of Mr. and Mrs. A. L. Paschall. Mrs. Scott and Mrs. Adams are Mr. Paschall's sisters.

Mr. and Mrs. Wesley Reed visited with Mrs. Reed's sister, Mrs. W. W. Roberts, Mr. Roberts and two children.

Guests in the home of Mr. and Mrs. J. E. McMeekan Sunday were Mr. McMeekan's mother, Mrs. Agnes McMeekan, and his sister, Mrs. Marvin Bennett and Mr. Bennett of Lubbock and his brother, Dave, Mrs. McMeekan, Kayla Jo and David of Abilene. Sunday was Mrs. Agnes McMeekan's 75th birthday and the family celebrated with a dinner in the J. E. McMeekan home.

Mrs. Pat Patterson returned to her home Sunday from Methodist Hospital in Lubbock after having undergone surgery.

Funeral services were conducted at Rushville, Nebraska, last Thursday, September 26, for Martin Wittig, father of the Rev. F. A. Wittig, pastor of Immanuel Lutheran Church at Posey.

The Rev. and Mrs. Wittig had visited with his father just a week before he became ill which resulted in his death. They were visiting with their son, Paul Wittig, and family at Metropolis, Ill., when they received the message and returned to Rushville to be at his bedside. Mr. Wittig was 92 years and two months of age.

Mr. and Mrs. Raymon Wilkins and little daughter, Sherry Lynn, of Abilene visited Saturday with his parents, Mr. and Mrs. R. C. Wilkins and his brother, Ray, and family.

Mrs. J. E. Thompson and sons, Jimmy and Bobby, of Lubbock visited Sunday with Mrs. Thompson's parents, Mr. and Mrs. A. R. Wild.

## Who Broke the Bank?

SAN ANTONIO, Tex.—Celia Terralva forgot all about her tin can bank and consequently is \$11 poorer.

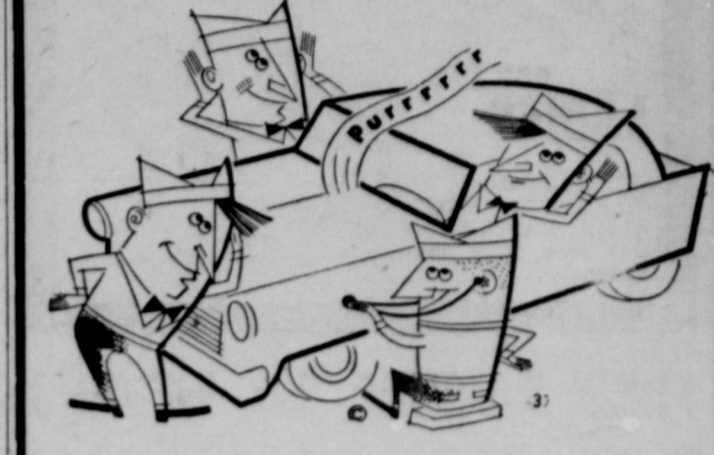

She told police she had the money in the can behind her house. When a neighbor asked for a can to be used as a flower pot, Celia gave her the "bank."

Later she realized what she had done, she said, and asked the neighbor to return the can. The neighbor said it was empty. Celia appealed to police for assistance.

## Tech, LSU Meet in Intersectional Tilt Saturday in Jones Stadium

Louisiana State, the first Southeastern Conference team to play in Lubbock, will meet the Texas Tech Red Raiders in Lubbock Saturday night.

Tech previously has played three games with SEC members, beating Mississippi State and Auburn and losing to Louisiana State, but those games were played away. LSU was a 20-13 victor in Baton Rouge three years ago.

Both teams rely heavily on sophomores. LSU is bolstered by a dozen sophoms from an unbeaten 1956 freshman team. Tech's frosh last year weren't as successful, but they are helping the Red Raider cause tremendously this season.

For example, Ronnie Rice of Lefors, who made the most yards-per-try of any back in the Texas A&M game last week, is now Tech's leading runner; sophomore Mickie Barron of Childress is the top pass receiver; and another, Ed Strickland of Pampa, is outstanding as a starting guard. Once during the struggle with A&M last week the Raiders mounted one of their better drives with seven sophomores in the lineup.

Flu-stricken LSU lost to Rice but recovered to down Alabama 28-0 last week. Tech actually outgained and our first-downed the nation's second ranked Aggies in losing 21-0 last week.

Tech officials are hoping for a large crowd Saturday night in order to facilitate scheduling of other major intersectional foes. Reserved tickets are expected to be available through Saturday.

### For Safety's Sake—Leave Home; It's No. 2 Killer in Accidents

"If you want to be safe—leave home!" This startling remark was made today by J. O. Musick, general manager of the Texas Safety Association, who added:

"Accidents in the home accounted for the death of 28,000 Americans, in 1956, and 4,200,000 injuries. This places the home second only to motor vehicles in accidental deaths, and makes the home the most hazardous area known for injuries."

Musick made his statements in conjunction with the announcement that TSA, working with the National Safety Council, has just completed mailing the 1956 Home Safety Inventory reports.

The inventory is a nationwide accounting of home safety activities conducted by various local safety organizations throughout the United States. Texas, for example, had a total of 132 returns to inventory questionnaires in the 1956 report—Fort Worth had the largest response from safety groups of any city in the state.

From these reports, TSA and NSC are able to evaluate the Home Safety program in Texas and determine the program's weak and strong points.

"In spite of the high death and injury toll of 1956, some headway in the field of home accident prevention is being made. This is reflected by the fact that home accidents were two percent below the 1955 figures—and this didn't come about accidentally," Musick said, using a slight play on words.

He also said that professional safety men are frequently asked why greater strides haven't been made in the prevention of home accidents.

In answering the question, he called attention to the fact that safety education has been handicapped by several outstanding factors and gave the following four reasons why progress has been slow:

1. Because the general public has failed to appreciate the size and importance of the problem.
2. The self-sufficient belief of the individual, that he is able to take care of situations that arise on his own property.
3. A lack of organized approaches to the home accident problem on a scale that is comparable to the successful efforts

of industry.

4. The absence of regulations applying to home safety, such as industrial safety codes.

"As with all other areas of accident prevention," Musick concluded, "the initial step must be taken by the individual before any program can be successful. Until persons at the grass-roots level become safety-minded, the accident toll will continue."

### Grand Opening of T.G.&Y. Store Held Thursday

Thursday marked the opening of the new T. G. & Y. Store in Slaton. One of a group of "5c to \$1" stores in the southwest, the Slaton store is located in the building formerly occupied by Piggly Wiggly, on the corner on Lubbock street.

R. C. Graves is manager of the store, which presently employs about 15 persons.

Featuring self-service arrangements, the store will give potted ivy plants during their grand opening.

Store hours Thursday, Friday, and Saturday will be from 8:30 a.m. until 9 p.m.

Slung beneath the B-58's wings, the G.E.-designed power plants, with afterburners, are among the mightiest yet developed for military aircraft. Intended for Air Force use, the B-58 is in initial production. The plane is about 95 feet long and its wings span a distance of about 55 feet.

**What To Do In a Tornado**

- People in open country can view the approach of a tornado and move at right angles to its path. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine.
- In towns or cities, seek shelter inside, preferably in a substantial building. Stay away from windows.
- The southwest corner of the basement of a frame house is safer than in a brick or stone house. If there is no basement, lie down on the first floor under a table or bed (preferably in the southwest corner).
- Urban schools: Stay inside, away from windows; remain near an inside wall on a lower floor. Avoid auditoriums and gymnasiums.
- Rural schools of frame construction: Teachers should remove children to a ravine or ditch if storm shelter is not available.

**SUITED FOR TROUBLE**—Crewmen of an Air Force B-52 Superfortress line up for briefing clad in skin-tight pressure suits at Castle Air Force Base, Merced, Calif. Ribbing on suits is composed of a series of tiny bellows which can be expanded by means of pressure hoses or inflation bottles. Pressure helps prevent damage to organs or circulatory system at extreme altitudes or in case of pressure failure in the plane's cabin.

that posted speed limits give the speed that is safe under ideal conditions of weather, road, traffic, driver, and vehicle. If any one of these conditions is not up to par the driver must compensate by reducing his speed," he said.

"All it takes to determine a safe speed is plain common sense," Musick said. "The wise driver is his own policeman. He makes the job of the traffic officer a lot easier, and he saves the taxpayer enforcement dollars."

**There's a Reason for Speed Limits — They're Posted for Your Benefit**

"Speed control is for your protection. Cooperate with your enforcement officers!"

That advice was given to motorists today by J. O. Musick, General Manager of the Texas Safety Association, as he urged all Texans to support the Slow Down and Live program of the Texas Safety Association.

"To hear some motorists talk, you'd think speed regulations were made by grouchy policemen just to make life tough for drivers," Musick said. "The fact is there's a very good reason for every regulation made."

"Speed regulations represent the combined thinking of traffic engineers and police," he said. "Before a speed limit is established for a given area, many factors must be considered. Studies made prior to the establishment of speed limits deal with such things as the number and frequency of intersections, winding roads, residential areas, location of schools, heavy traffic, hilly areas, and wide open country."

"The driver who founts speed signs based on such careful study has very little respect for his own safety," Musick said.

"And don't forget that a driver might be driving below the posted speed limit and still be driving at a speed that is too fast for conditions, and therefore unlawful."

The Safety expert pointed out

### 'Bite' Worse Than Bark

SAN ANTONIO, Tex. — A 79-year-old man was given ten days to pay a \$100 fine for causing a nuisance by playing his radio at a loud volume and barking back at neighborhood dogs.

Five neighbors testified Walters had his radio so loud they had to close their windows and put cotton in their ears before they could sleep.

They complained that the man went to his front porch and imitated dogs when they barked early in the morning.

The accused man conceded the dogs had kept him awake so he retaliated.

### Born Yesterday?

GEORGETOWN, Tex. — A freshman coed at Southwestern University inquired of the postmistress at the sub-station concerning a mail box.

When told the price of renting a box, the coed said, "Well, I believe that I'll shop around to see if I can find a cheaper one."

If she can find Uncle Sam in a bargaining mood, he will have plenty of customers. Perhaps she could have one sent from her hometown!

### Attends Homecoming at Church Organized by Great Grandfather 200 Years Ago

Mrs. M. G. Gamble returned last week from a trip to Leesburg, Alabama, where she attended a homecoming at Cedar Hill Methodist Church which was organized by her great grandfather Hampton more than 200 years ago. She visited the cemetery in the churchyard where her relatives are buried, and the old homestead where her father was born. The house he lived in has been replaced by another but the old log barn and the well were still there.

Mrs. Gamble was accompanied by her sister, Mrs. V. L. Cade of Lubbock and her brother, Sam Hampton, and Mrs. Hampton of Gore, Texas. They visited with relatives in Alabama and with Mrs. Hampton's relatives in Mississippi.

They went through Arkansas, Tennessee, Mississippi, Georgia, Louisiana and Alabama. While they were in Tennessee they visited the National Military Park where their grandfather was slain during the two-day battle at Chattanooga. The battle was fought on September 19 and 20, 1864.

### Good Ol' Shep

ABILENE, Tex. — Ol' Shep wasn't just flappin' his jaws when he raised a ruckus the other night on Joe Wilde's farm west of here.

Wilde and his son, Raymond, heard Shep and knew he wasn't joking. They went out to see what was wrong. Wilde didn't look long. He ran back for a shot gun and killed the "varmint" that Shep found.

When the shootin' was over, there lay a rattlesnake measuring just five inches short of six feet. It was three inches through the thick part of its body. Wilde, who has killed more than 100 rattlers in his lifetime, said he'd never seen such a snake.

And the people who gathered around figured that the rattler's mama musta been scared by a hot rod with twin smitties. He had dual fangs—four instead of the usual two.

Mr. and Mrs. Clyde C. Moore of Pasadena, Texas, spent the week end in the home of Mr. and Mrs. Bert Polk.

**HARD AT WORK**—With the opening of a new school year comes all the extra tasks that have to be performed by the teachers. Shown grading papers is J. Crowley, left, and H. C. Hewett, right, who is typing his first test. Both are new faculty members at Slaton High School.

### Hewett, Crowley, Both Oklahomans, Join Slaton High School Faculty

Two new teachers have been added to the SHS faculty. They are H. C. Hewett and J. Crowley.

Mr. Hewett was born in Durant, Okla. After receiving his early education at the Durant public schools, he was graduated from Southeastern State College at Durant. Mr. Hewett is the biology, chemistry, and Algebra I teacher at Slaton High.

Mr. Hewett's wife is a fourth grade teacher at West Ward School and Bill, the Hewett's youngest son, is a freshman at SHS. Among Mr. Hewett's hobbies, golf and tennis rate as tops.

### Maybe It's No Joke

SEMINOLE, Tex. — One of "Cousin" Haliburton of Radio Seminole, KSI, the last half of the Hobbs football game was during a driving rain storm of which Seminole often see.

The rain came in the water splashed off the game where Hal was broadcasting. When the press opened, rain poured in the announcer's equipment.

When a tackler drove the ball carrier on the field, the words: "The line..."

Oh, well, sometimes get their tangs tangled.

### Real Cool Chick

SINTON, Tex. — friend gave Mrs. Laura Fryer in a paper bag, it in the refrigerator, the downtown shopping.

Returning a couple of later, she took the sack on out, assuming it was to prepare for the frying.

At the kitchen sink removed the fryer from the sack, it had moved to Hollon saw its eyes wide unexpected had happened. friend had given her chicken and it had survived hours on ice!

Miss Hazel Lancaster

## Wedding Date Set for Nov. 2

Mr. and Mrs. C. R. (Pete) Lancaster of Route 2, Post announce the approaching marriage of their daughter, Hazel, to Bobby Tefertiller, son of Mr. and Mrs. C. B. Tefertiller of Slaton. The wedding will take place at First Baptist Church in Slaton on November 2, at 7:30 p. m.

Miss Lancaster is a 1956 graduate of Southland High School. The groom-elect is a 1955 graduate of Slaton High School and is employed with Liles Sheet Metal Works.

Mrs. W. R. LOVETT, member of Seventh District Board of Texas Federation Women's Clubs, pours tea for Mrs. A. J. House, State Federation President and Mrs. Robert

Lindsey, president of Seventh District Texas Federation of Women's Clubs, at a coffee Friday morning. Mrs. House was speaker at the meeting.

## State Club President Honored By Civic-Culture Club Coffee

Mrs. A. J. House of Yoakum, Texas, president of Texas Federation of Women's Clubs, Mrs. Robert Lindsey of Borger, president of Seventh District of Texas Federation of Women's Clubs and Mrs. A. J. Cocanougher of Lubbock, president of Lubbock

County Federation, were guests when the Civic and Culture Club met in the home of Mrs. Francis Perry Friday September 27, at 9 a. m.

Mrs. Perry, president, introduced Mrs. House, the guest speaker, who emphasized the

theme of the Texas Federation, "Abundant Living Through Service." She said that life was more serious than recreation, that we must serve our fellow-man.

Mrs. House has as her project for her two years in office the

Dorothy House Vieman Oriental Scholarship fund of the Texas Federation. It is an endowment fund and is a memorial to the late daughter of Mr. and Mrs. House. Three students from the Orient are attending Texas universities on funds from the scholarship and three attended last year.

Another project of the Texas Federation, according to Mrs. House, is "Cows For Korea" whereby \$2,800 worth of Holstein heifers were sent to Korea this spring. Mrs. House said there were hundreds of children in Korean orphanages that had never tasted fresh cows milk.

## Importance of Home

Mrs. House stated that the home is responsible for many of the ills of today. That if parents fail to give their children the proper training they are falling down in the trust God has given them. She told of her visit to the Orient and seeing the people fleeing from their country seeking freedom, taking only what they could carry with them.

Another point she made was that the way we treat those people from other lands and the way we act when we are abroad show our interest in peace and goodwill; that we are setting an example in dealing with other countries.

## Mother-Daughter Banquet At Wilson Tuesday Night

The annual Mother-Daughter banquet sponsored by the Wilson FFA Club was held Tuesday night, Sept. 24, in the school cafeteria.

The theme carried out was "It's Fall." The tables were decorated with pumpkins, squash, tomatoes, apples and peas, carrying out the harvest theme.

A menu consisting of fruit cocktail, fried chicken, tossed salad, English peas, corn, rolls, pumpkin pie and iced tea, was served.

Mrs. George Williamson gave the invocation and the benediction was pronounced by Jo Williamson. Mrs. Werner Klaus and Audrey Klaus gave the welcome and response. Martha Pair, accompanied by her brother, Mark, sang "Autumn Leaves" and "September Song" and Doris Lamb read a poem about fall, all carrying out the theme of the banquet. A special part on the program was the initiation of the freshmen girls into the FFA Club.

The banquet was served by the following boys: Aris Ehlers, Mark Pair, Tommy Galneau, Buddy Kaatz, Donald Klaus, Billy Weaver, Bobby Crowson, and Jackie Bishop.

## Fall Date Named For Wedding

The engagement of Miss Carol Meurer to S. Sgt. Royce M. Stevens is announced by her parents, Mr. and Mrs. Lloyd Meurer. The bridegroom-to-be is the son of Mr. and Mrs. Ernest Stevens of Greenfield, Massachusetts.

The wedding will be solemnized at St. Joseph's Catholic Church November 7, at 8 a. m.

Miss Meurer is a graduate of Slaton High School and is employed in the automobile business in Lubbock. Her fiancé has graduated from Greenfield High School and is now in the U. S. Air Force. He is attached to the 312th Maintenance Squadron at Cannon Air Force Base at Clovis, New Mexico.

## Golden Age Club To Be Organized

Interest is growing in the possibility of a Golden Age Club for Slaton. On last Wednesday a luncheon for this age group was sponsored by the Woman's Society of Christian Service and the Wesleyan Service Guild in Fellowship Hall at First Methodist Church. As a result of the interest shown at that meeting, a meeting has been set for Friday, October 4, at 3 p. m. at the clubhouse for the purpose of organizing the Golden Age Club.

Anyone is welcome to become a member, according to Mrs. L. C. Odom, who considers themselves to be in the "Golden Age" of life. Mrs. Odom emphasized the fact that it was for the mutual entertainment and pleasure of all the senior citizens of Slaton, Southland, Wilson and all Slaton Trade territory.

Mrs. Odom promises those who participate in the club a good time for there will be games, entertainment and probably classes in crafts.

At the meeting Wednesday Mrs. Virgie Hunter and Mrs. W. I. Scudder furnished the entertainment. Mrs. Hunter gave her humorous readings and Mrs. Scudder played the dulcimer. More than 60 attended the meeting.

Guests from the Lubbock club will be present at the meeting Friday.

## Wesleyan Service Guild Studies Missions Thursday

"Missions Cinerama" was the subject of the study at the Wesleyan Service Guild meeting Thursday evening, September 24. The meeting was held in the home of Mrs. Jessie Prosser with Mrs. Nan Tudor assisting with hostess duties. Miss Gertrude King was program leader.

One new member, Mrs. W. C. Gilmore, and 12 regular members attended the meeting.

## Cooper WSCS Begins Fall Study

Mrs. H. M. Cade was hostess to the members of the Cooper WSCS at her home Monday afternoon. Thirteen members were present.

Mrs. Gene Vinson presided over the business meeting in the absence of the president, Mrs. J. C. Robertson. A committee composed of Mrs. R. H. Wilkie, Mrs. Vinson and Mrs. Robertson, was appointed to make plans for a library at the church to house the WSCS books.

Mrs. C. D. Myers led the devotion and Mrs. L. D. Bruce led in prayer. Mrs. W. A. Dowden gave the first lesson in the new study using as her subject "Every Place a Business." She was assisted by Mrs. Bobby Jones, and Mrs. Bruce.

# Annual Experiment Station Field Day Begins 9:30 Tuesday Morning

The annual Field Day of the Agricultural Experiment Station at Lubbock has been set for Tuesday, October 8, beginning at 9:30 a. m. Superintendent Fisher has announced.

Motor-drawn trailer tours of the station will be made under the guidance of country agricultural agents to view the results of field experiments in agricultural research on the station.

Lunch at the station staff will discuss the highlights and developments on the station

and at 13 outfield locations in the Southern High Plains.

Visitors will have ample time to view and discuss all phases of the work, he added. Included will be influence of water management, different levels of irrigation and fertilization on yields of cotton, sorghum grain; new varieties of blight resistant cotton; perennial Sudan grass; grain sorghums, and special crops such as soybeans, sesame, and castor beans.

Some of the latest developments also likely to create much interest includes the "W" plant-

er with press wheel attachment, production of native grass seed, control of nematodes, insects and plant diseases.

Additional information will be available on influence of fertilizers, cotton burrs, crop residues and cropping systems including legumes, on the yield of cotton and grain sorghum under irrigation and under dry-land conditions.

Simulated hail damage studies, dates of planting and performance of leading cottons and sorghums will also be observed.

### RIP In Jail

AUSTIN, Tex.—A cemetery isn't always the best place to rest in peace, 51-year-old Oklahoma City man found out.

He was kicked out of an Austin burial park by police after an attendant found him snoozing between some graves. Police explained that to rest there you had to be dead—not just dead drunk.

He was given a new resting place at city jail where he was booked for vagrancy.

## Wilson School Starts Dual Harvest Schedule

Wilson Independent School District has worked out a program with the Department of Labor and the Child Labor Division of the Texas Education Agency that makes it possible for children to help with the cotton harvest and attend school as well.

The schedule as approved is that all children may work if they attend classes either from nine in the morning until four in the afternoon or from seven in the morning until one in the afternoon. If a child comes to school at seven and does not stay at school for lunch he may leave at 12:30 and be ready to go to work at one.

The seven to one schedule was put into operation on Wednesday of this week.

## Mackie Klattenhoff Returns From Hospital

Mackie Klattenhoff, son of Mr. and Mrs. Magnus Klattenhoff, was brought home from the Plainview Clinic Hospital Tuesday after a stay of two weeks.

Mackie has been critically ill with encephalitis but is greatly improved. He will be confined to his bed for about two weeks.

Mr. and Mrs. Luke Klaska and their two children, Luke Junior and Sarah Beth, of Shallowater visited in the home of Mr. and Mrs. Wilson Ayers and family over the week end.

## Junior Varsity, Junior High Teams Mark Good Winning Records

Slaton's Junior Varsity team, still undefeated in 1957 play, goes against Tahoka Thursday night, October 3. The game will be played in Slaton.

Previously the Junior Varsity has defeated Seagraves 20-12, Floydada, 33-13, and Post 14-0. The Freshman team has won one game, and lost one. They downed Idalou 14-0, but were taken to task by Hale Center 19-13. Some seven players were out with flu when the Hale Center game was played.

In a game with Wilson Tuesday night played in Slaton, the 7th and 8th grade team went to a 7-7 tie. The team, described as showing some improvement over previous games, marked up 163 yards gained as compared with 138 for Wilson. In the first down column, Slaton had 8, Wilson 6.

Both teams lost two fumbles, while Slaton was penalized 75 yards, and Wilson 45.

The sixth grade team overpowered the Wilson sixth grade boys 7-0. Slaton marked up 216 yards gained while Wilson had 152. Eleven first downs went on the Slaton side of the tally, with seven going to Wilson. Some 50 yards in penalties were marked off against Slaton, and 30 against Wilson.

A game was originally scheduled with Tahoka for next Tuesday night, but has been cancelled because of a previous booking made by the Tahoka team.

## Now . . . market hogs in 4 2/3 months

New Purina feeding program weans pigs at six weeks . . . grows pigs to 190 lbs. in 4 2/3 months . . . cuts feed costs 4% . . . 1 lb. of pork for every 3.26 lbs. of feed, from weaning to market . . . conditions sows faster for next farrowing.

Every year more proof piles up that hogs should be fed according to age and weight requirements. Young pigs use feed differently than do older hogs. They need more protein . . . more vitamins . . . more of the expensive parts of the ration. But, as pigs grow, they become more efficient users of carbohydrates—the less costly part of rations. The proportion of cheaper carbohydrates can be rapidly increased.

Tests at the Purina Research Farm showed that this new program cut feed costs an average of 4% below any previous Purina Program . . . produced each pound of pork on only 3.26 lbs. of feed from weaning to market. It also gave sows the chance to recover faster from farrowing and nursing. Sows were ready to breed again in less time

than when pigs were weaned at 9 weeks.

Improved Purina Hog Chows Make Program Click

Purina Baby Pig Chow and Pig Startena, the famous Fast-Start Twins, have been further improved to take advantage of the newest research findings. Purina Hog Chow has been improved to the point where you may now use 33% more grain during the last six weeks than on previous Purina Hog Programs. Be sure to feed right . . . follow the recommended steps closely. The fast gains, early weaning, and increased efficiency of this new Purina Hog Program can be yours when you feed these high-quality Chows in the way research has proved they should be fed for top results.

**Drawn for Drive Against Speed**

"Let's back the attack on traffic accidents with an all-out offensive against excessive speed."

In those words J. O. Musick, General Manager of the Texas Safety Association, asked all drivers to cooperate with the Speed Control program of the Texas Safety Association and the National Safety Council.

This program is part of the nationwide Back the Attack on Traffic Accidents campaign. The Back the Attack theme is Slow Down and Live.

Musick defined excessive

speed as any speed that is too fast for the prevailing conditions of weather, road, traffic, driver or car.

"A speeding car travels a greater distance between the time the brakes are applied and the time the car stops than a slower moving vehicle does. Obviously, a driver's chances of hitting an object that suddenly looms in his path increase as speed increases," Musick said.

"The force of impact is increased much more rapidly than speed. If you double your speed you hit four times as hard.

"From these facts it should be plain to anyone that excessive speed not only invites accidents, it increases their severity when they occur," Musick said.

He advised motorists to use common sense in choosing driving speeds. "It's better to slow down and live than to speed up and die," he concluded.
