Congratulations to Mrs. Nell ... on winning first place in ... Goodwill Campaign! She was ... very calm young lady—before ... winners were announced. ... congratulations to the other ... contestants, too.

Mrs. Ira McCarver won an ... artistic blanket in the drawing ... Walton's Drug. And there will ... be a "Men Only" Drawing at ... Wheeler's for a wrist watch ... on Dec. 24. With all these draw- ... ings, how can anyone afford not ... to trade in Slaton?

The newest thing in tree ... decorations are the tiny, teardrop ... lights at Lasater-Hoffman's. ... They really dress up a tree.

Gertrude King brought some ... pictures to the Slatonite. They ... were snapshots of the 1950 Pioneer ... Days Celebration, and I ... thoroughly enjoyed looking at ... them. Below is a reproduction ... of one of them, and I want to ... use it to remind you all what ... we are missing because Slaton has ... been open up the celebration. Thank ... you, Gertrude, for bringing the ... pictures down. I wonder, if a ... full were taken, how many of ... you would like to have our day ... of celebration instituted again?

Only eighteen shopping days ... left! Christmas! And that re- ... minds me of the observation ... made by Carl Hall III of Dublin, ... Texas. He awoke one morning ... to find the ground covered with ... snow and he ran to his grand- ... mother in great excitement. ... "Look, Grandmother," he ex- ... claimed, "they're advertising for ... Christmas!"

WHO WOULDN'T SMILE—Mrs. Robert Brake, second from the right, and Mrs. Leonard Foster both were all smiles Tuesday morning, as they were told they had won first and second prizes, respectively, in The Slatonite's Goodwill contest which closed Monday night. Judges who checked the contest records and announced the winners included, left to right, the Rev. Ted Gaze, Fred H. Schmidt, and H. T. Swanner.

Commissions, Prizes Total \$2,000 Awarded in Slatonite Campaign

Some 13 women in the Slaton area went home with more than \$2,000 dollars in prize money and commissions Tuesday as The Slatonite's Goodwill Campaign came to a close.

Winner of the first prize of \$800 cash was Mrs. Robert Brake, 350 W. Garza. Close behind her in second place was Mrs. Leonard Foster. Second prize was \$400 cash.

To capture the first prize, Mrs. Brake accumulated a total of 29,385,000 votes during the campaign. Mrs. Foster had 20,354,000 votes.

Mrs. Wesley Gentry, with 12,967,000 votes was in third place. Her prize was \$200.

Mrs. Ray Miller was in fourth place with 11,979 votes, and took \$100 prize.

Fifth place, with a prize of \$50 went to Mrs. E. S. Williams who had 11,636,000 votes.

Runner-up was Mrs. Melvin Kunkel, with 9,479,000 votes.

Publication Day
With the close of the contest, publication date for The

Slatonite has been changed to Thursday. Papers will go on sale in drug and grocery stores on Thursday mornings, and mail deliveries will be made Thursdays. No sales will be made in the future through carrier boys.

The Goodwill Campaign, conducted by the Edwards Circulation Company of Hazelton, Iowa, added nearly 800 new subscribers to The Slatonite's circulation. About 450 renewal subscriptions were turned in.

Fine Cooperation
To make this subscription contest a success, it took the cooperation of numerous people and groups. The Slatonite would like to express its appreciation to all the new subscribers and those who renewed their subscriptions, and to all the carrier boys who sold The Slatonite in the past.

The contestants were particularly vocal in their appreciation of the cooperation they received. This is what they had to say ... Mrs. Brake, first place winner, stated, "there are no words

to express how much I think of the people of Slaton for supporting me in this campaign." She also said that she especially enjoyed the opportunity of meeting so many Slaton people.

Use for Money
Second place winner Mrs. Foster said, "I want to thank everyone who bought subscriptions from me and made it possible for me to win the prize money." She also wanted to thank her employer for allowing her to spend so much time on the contest.

She reports that one of the first things she is going to buy with her prize money is football for eight little boys who play football on a vacant lot near her home and use improvised equipment.

Mrs. Miller, fourth place winner, wanted to thank everyone who helped her out in the contest, and she said, "words can't express how much I appreciate them all." She enjoyed the contest very much; and, like Mrs. Brake, she was glad for the

opportunity of meeting so many people in Slaton.

"I wish to express my thanks to everyone that subscribed for The Slatonite from me," Mrs. Williams, fifth place winner, said, "for you were the ones that made it possible for me to win this award ... it will certainly come in handy this time of the year. I enjoyed putting in a good word for our home town newspaper."

Funds for Support of Girl Scout Activities Sought in Drive Here

The annual drive to raise funds for the Girl Scouts will start tomorrow with parents assisted by civic organizations making a house to house canvass of Slaton, according to Robert H. Davis, campaign chairman.

Starting the drive will be a "kick-off" breakfast at Bruce's Cafe at 9 a.m. during which time a short film will be shown. Speakers at the breakfast will be Mrs. Larry Taylor, executive director of the Caprock Council, Mrs. J. W. Pettigrew who is chairman of District Five which includes the Slaton-Wilson area, and Davis.

Tonight, a program entitled "Girl Scout Jamboree" will start at 7:30 p.m. in the High School auditorium, and all Girl Scouts and their parents in the Slaton-Wilson area are invited to attend, according to Mrs. Pet-

tigrew. Mrs. Taylor will be guest speaker, and the program will also include Fly-up ceremonies, skits, and a film on "How to Become a Leader in Scout Activities."

Goal is \$1,276.
The volunteers' workers, under the leadership of Davis, will seek \$1,276, to continue and expand Scout activities for girls in this area.

"Although the money collected will be turned over to the Caprock Council," Mrs. Pettigrew stated, "the Girl Scouts in Slaton have already received many benefits from the council."

Books for administration, training, and recreation have been furnished to all the troops here. In addition, some \$400 will be spent in modernizing the Scout Hall. Funds are also being used to modernize Las-

Leonitas in preparation for camp activities next spring and summer and to train adult leaders for the program.

The Girl Scout program fills the increasing need for youth programs today when young people are spending so much of their time away from home and when they have so much leisure time on their hands.

A recreational program, it is designed to meet the interests and needs of girls ages seven through 17. The program is made possible through trained volunteer leadership, giving girls the opportunity to learn to work and play together, to make plans, accept responsibility, and carry out decisions, and to give service at home, in her community, and abroad.

Dire Need for Leaders
"There is a dire need for adult leaders and helpers," Mrs. Pet-

grew told the Slatonite. "We need two helpers on the Neighborhood Service team, a troop consultant to give on-the-job help to leaders, and a troop organizer to help organize and reorganize troops."

In addition, there is an immediate need for troop leaders. At the present time there are two troops, involving some 50 girls, inactive because of the lack of leaders.

In Slaton there are 144 girls actively engaged in the Scouting program and 22 adult leaders. There are 3,800 girls in the Caprock Council and 1,100 adult volunteers.

The fund drive will continue until December 12. Aiding the parents in the campaign are the Daughters of Pioneer Study Club, the Athenian Study Club, the Junior Civic and Culture Club, and the Centurettes.

IT'S DONE THIS WAY—As part of the crafts program, members of Brownie Troop 99 utilize Tuna fish cans and binder twine to make Christmas presents for their members. Showing the girls how it's done is Mrs. W. L. Roche (second from right) troop leader, and watching are (left to right) Marilyn Edwards, Judy Dawson, and Vicki Roche. (SLATONITE STAFF PHOTO)

CHALLENGE TO YOUTH

Many competent, qualified and sincere teachers on college and university faculties have expressed grave concern because of the moods and attitudes of the present generation of youth. In various sections of the country, college teachers are concerned because so many young students seem to be more bent on security than on the acquisition of knowledge. They speak of a decline in curiosity in students.

Sputnik has beeped a warning signal. The present generation of students may one day have to stand up to men like Khrushchev. We are in a new era, one in which security might not be best gained by security-seeking and security-mongering. The future will call for vision, knowledge, boldness, not caution.

If many professors be correct in their judgment of the students today. It can only be stated that youth is living in a dream world. The period of youth is the time to question values, to be intellectually daring and to send the mind ranging far and wide. Students should think about their attitudes. It is possible to throw away one's education and one's life in intellectual timidity as well as by dissipation.

THE FRIENDS OF RAIN

Children are much more sensible than adults when it comes to rain. Grownups think that rain is something to get in out of. They make snide remarks about people who don't know enough to do that. Children, being wiser if not so prudent, know that rain is something to enjoy.

Consider this little fellow in his yellow slicker, complete with hood and rain hat. His high-booted feet seek out the deepest puddles and squish delightfully in the soggy leaves. The big drops pel him, but he is dry and happy beneath his artificial frog skin. He marches up and down the sidewalk, singing a jolly marching-in-the-rain song, and no king—not even one with some real power and an unlimited expense account—could be happier.

Consider also the older boys who, scornful the full rain gear that delighted them when they were tots, build a dam of leaves and twigs to master the stream that rushes along the curb. Consider the girls chattering their way home through the lovely splash and splatter, still too young to be much concerned about hairdos, secure in the knowledge that the wetness underfoot can't do much harm to their loafers.

And then consider the adults, male and female, darting to shelter as if the rain were a plague. See how they run, unmindful that they are scornful of one of God's pleasantest gifts to man, concerned only with the press of their pants and the set of their hair and the grim realization that water will play hob with that new hat. Adults are prudent; there's no doubt of it. But they certainly don't know how to enjoy rain.

UNIVERSAL LANGUAGE

Music is the nearest thing we have to a universal language. When a Russian violinist makes a concert tour in this country, his repertoire is drawn from the same body of music that would be played by an American, an Englishman, a Swiss, a Dane. The great names—Beethoven, Mozart, Vivaldi, Brahms and all the rest of that brilliant host—draw much the same response from audiences in Budapest or Paris or Des Moines.

This is not merely a pleasant and interesting truth. The universality of music is one of the precious tools with which we may some day build the community of men of good will.

Many things in this world smash wedges between men, draw them apart, set them at odds. The forces that divide men are powerful, and sometimes it seems that they will forever prevail. But there are things that draw men together, also. They must be cherished and nurtured by all who believe that the brotherhood of man is more than wishful thinking. Music is one of these things. When we listen to music we can feel a sense of kinship with many others in distant parts of the earth.

The major political parties are trying to blame each other for inflation, and both are a bit afraid of being in power when and if a recession brings the era of swollen economics to a close.

The reason for delay in sending up an American earth satellite has been revealed. No one can think of a name to top Sputnik.

STRENGTH FOR THE WEEK

Isaiah 40:31. "But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk and not faint." In the previous verses Isaiah is comforting a complaining people with the challenge to stay itself upon God who is everlasting, the Creator, unweary, unsearchable. He states that God is "Creator of the ends of the earth." God "Fainteth not."

We, too, can find much comfort and strength in Isaiah's words. First, realize that the God we serve is everlasting. That when all else, Kings and dictators, armies and weapons, earth and stars, material goods and gold shall cease, then will the God whom we serve still be in existence to reign as THE God.

Also, realize that God as creator of the remotest ends of the earth, knows and understands about all the laws of the universe that are in existence. We must realize that when man discovers how to make an atomic bomb or to place in outer space a "Sputnik" that he is merely finding out one of the laws of nature that God created, and has had knowledge of since before the foundation of the world.

The danger is that we will look at the complexity of the world and the possibilities of destruction if man would use the forces of nature selfishly, and fail to have strength to withstand the strain. When we realize that evil men could, at the command of their word, blow from the face of the earth a city, a nation, a continent, or even the entire world, it could cause us to lose faith in God.

However, God's word declares that "They that wait upon the Lord shall renew their strength." That when pressure from daily duties as housewife and mother, father and provider, with national problems and

world tensions upon us, we can wait before the Lord in prayer, reading His Word in meditation, and God will renew our strength.

Renewed strength as the eagle receives from the moulting and growing of new feathers to soar high in the skies, so we can receive new strength to rise near to God for renewed assurance.

Yes, STRENGTH is assured to the one who is willing to take time to wait upon the Lord.

Reader, do you find that in your busy life with pressure and aggravation present, that your own soul has become dry, that your spirit has been drained of its fullest love for God, that things have been allowed to creep in, in such a way as to dull the joy of living? If so, I would challenge you to get alone with your Bible and God, and read His word, meditate upon His Goodness, and let Him speak to you, strengthening

Freedom of the Press, Here and Now

Everywhere that a tyrant's heel has ground most brutally, there has sprung up an "underground" movement. And its heart always is a printing press. For the urge that dwells deep in a freedom-loving people to know the truth is hard to kill. In fact it cannot be killed — not even by the best-organized despotism in history.

The many stories of underground presses that have come down through the ages of trial and error by many dictators is an inspiration to the men and women of America's press.

We know that the truth can actually be printed and circulated under the very heel of a tyrant's boot. But a far better way of keeping people informed is through their own free press which operates not in some dark cellar, but on main street, right next door to the grocer, the postoffice, the drug store. ** To preserve that freedom is the first obligation of the American people and the American Press. It is our only hope of maintaining our other cherished freedoms.

DO YOU CAN SEE YOUR FACE—Ben Diaz, "shine boy" in the Lemon Barber Shop, puts the brush to a pair of shoes left for him to shine during his spare time.

Started As Dream Come 50 Years Ago

It started as a dream some years ago when he was only ten years old, and he had heard people talking about going "North."

Seven years later, with the permission of his father, Benito "Ben" Diaz left the little town of Chibinda in the southern part of Old Mexico and crossed the border at Laredo May 15, 1914.

The dream continues even today for Diaz who is now

"shine boy" in the Lemon Barber shop. Having lived in this state for the past forty-odd years, he is now making application for U. S. citizenship. Starting last June, he has completed filling out the paperwork, and it's just a matter of time, waiting for approval and taking the oath.

Speaking no English when he crossed the border, Diaz first went to Thorndale where he worked as a farm hand until 1921 when he moved to Taylor.

In 1927, Diaz married and remained in Taylor until 1947. That year, he and his family moved to Slaton and he has earned a living doing farm work, shining shoes, and janitorial work in the First Presbyterian church.

Since he has been in Slaton, Diaz has been active in the Presbyterian Mission preaching in Spanish, and for several years he was Scoutmaster of Boy Scout Troop 95.

The troop folded "as the boys grew up," but as soon as he receives his citizenship he wants to get back into Scout work, "because too many young boys have too much free time."

Diaz has three brothers and five sisters living in Mexico, and someday he would like to return "for two or three weeks to visit."

Diaz and his wife and three children live on Dalton St. They have three other children who are married.

New Policies Regarding Tech Faculty Set By Board of Directors

Texas Tech's Board of Directors has established a broadened policy of tenure for faculty members.

The new policy provides for continuing appointment to the faculty after a probationary period, ranging generally from two years for professors to as much as seven years for instructors.

Also provided are definite procedures to be followed before tenure can be taken away. Under the plan, any person whose tenure is disputed will be notified in writing of the charges against him. He will be given a hearing by a five-man faculty committee who will report its findings to the Board of Directors.

The Board, who has final authority as the governing body of the institution, will review the finding and will act as a majority of the members see fit, reporting in writing to the accused. The report will define the action and reasons behind the decision.

The new policy includes regulations regarding Tech faculty members' responsibilities as representatives of the institution when they engage in political and other outside activities.

In a statement regarding the policy, the Board said that "The concept of academic tenure, or continuing appointment, recognizes the professional status of the college teacher and assures

that his employment may be terminated only for justifiable cause."

The Board pointed out that "The right to continuing appointment does not protect any person from loss of his position as a result of incompetence, moral turpitude, personal irresponsibility, insubordination, failure to abide by College regulations, or actions which are not in the best interest of the College."

It also emphasized, however, that under the new policy "the burden of proof must lie upon the institutional executive or board that wishes to dismiss a teacher."

In giving regulations regarding outside activities, the Board policy stated that "As a citizen, a staff member of Texas Technological College has the same rights and responsibilities of free speech, thought and action as any other American citizen."

However, it added, that "A staff member has a binding obligation to discharge his instructional and other duties. Performance of those duties may be impaired by private activity requiring a large portion of time and energy."

Watched your wife do the wash, lately?

It's an enlightening experience, if she's still bound to the backyard with an old-fashioned clothesline! Better yet, try hanging the clothes yourself! You'll soon see why mechanical science has moved mountains to make the chore easier. And science has succeeded! With a work-saving GAS Clothes Dryer, you just pop in the wet clothes, turn a dial and . . . that's all there is to it! No lifting, lugging, stooping or stretching. Amazingly enough, it costs approximately \$2.60 to dry clothes an entire year for a family of four! Considering all the disadvantages of line drying, it's hardly worthwhile walking out the backdoor for that. See your gas appliance dealer right away. It'll be one of the smartest moves you ever made.

THE WEEKLY WITNESS
by BRYAN ROSS
Westview Baptist Church
830 S. 15th St.

We read in Malachi 3:10 these words: "Bring ye all the tithes in the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it."

As Baptists, we believe that God's financial plan for His churches is the tithe. We believe that God's plan is much better than any man-made projects for raising money. One of the promises of the passage in Malachi is that the Lord will richly bless those who have been faithful to Him in their stewardship.

The scripture says: "It is more blessed to give than to receive." God gave His Son to prove His giving spirit. Christ gave Himself to prove His willingness to give. Christians reach a spiritual maturity through giving that they can't reach in any other way.

Recently the Westview Baptist Church went into a financial program that should mean the dawning of a new day for the church. Last Sunday night the church adopted a budget of \$21,081.35 for 1958. The special offerings are expected to run \$2,000.00 more.

Senior Homemaking Girls To Enter National Betty Crocker Competition

Twenty-two senior girls will be taking the Betty Crocker Search for the American Homemaker of Tomorrow tests today. The tests will include questions on common problems all homemakers have to face, such as family relationships, spiritual and moral values, child development and care, health and safety, utilization and conservation of human and physical resources, money management, recreation and use of leisure time, home care and beautification, community participation, and continuing education.
The contestant in Slaton High School who gives the best answers to questions on the test receives a Betty Crocker Homemaker Award and a golden pin. This winner then competes in the state contest. A \$1,500 scholarship to any college and the chance to go the national contest are the prizes received by the state winner.
Forty-nine girls, one from each state, will compete for the national prize. The victor in the national contest will have her scholarship increased to \$5,000. The second, third, and fourth winners will have their scholarships increased to \$4,000, \$3,000, and \$2,000 respectively.
The Slaton winners for the last three years were Mary Ann Klattenhoff—1956, Billie Nell Farmer—1955, and Joan Pembler—1954.

Reverend Wittig Speaks at SHS

"It is because of the mercies of God that we are not consumed," quoted Reverend F. A. Wittig, pastor of the Lutheran Church at Posey. He directed these words to the students of SHS in the regular assembly, held November 20, in the auditorium.
Opening his message with the proclamation of the President of the U. S. regarding Thanksgiving, Reverend Wittig spoke on the mercies that God has shown to generation after generation beginning with Adam. President Eisenhower had stated in his proclamation that as a nation we have prospered and our ultimate goal is to work toward that day when all nations can have the blessings of liberty and happiness.
Reverend Wittig stated that other nations in ages past had prospered and some had failed, each being dependent upon God for everything they had. All people have experienced insecurity and it is a major problem today, he added.
He stressed how thankful each person should be for food, clothing, education, and health; because these could easily be taken away.
He closed with a prayer of Thanksgiving for the blessings given and mercies shown by God.

Texans, Goose Both Enjoy Good Football

L. D. Nuckels, Game and Fish Commission Warden at Castroville comes up with a good goose story.
Recently at a night football game a greater Canadian Goose flew into the lights.
He returned altogether seven times, flying as low as 25 or 30 feet over the heads of the football players. The last two times he had his "flaps and wheels" down, but decided against landing.
He finally flew away leaving the football crowd asking "what's the score now?"

Lubbock Hunters Find Violations Don't Pay Off

Two Lubbock hunters found it unprofitable to violate game laws during October, according to the Director of Law Enforcement of the Game and Fish Commission.
One of these hunters paid seven fines totaling \$160 and had his license revoked. All he did was kill quail out of season on two separate offenses; kill squirrels out of season; kill over the limit on doves and shoot from an automobile. He did all of this without a hunting license in Dickens County and with an unplugged gun.
Another Lubbock hunter killed quail out of season for two offenses; over the limit on doves and hunted without a license. This also happened in Dickens County. He paid \$125 fine and had his license revoked.

Why Ruin Christmas?

"Today is the day to prevent an accident—not tomorrow."

J. O. Musick, general manager of the Texas Safety Association, issued these words of caution today to Texans, regarding Christmas tree decorating safety.

"Most of us make special efforts to see that our homes are filled with pleasure during the Christmas season.

"Why, then," Musick asked, "can't we go a step further and make sure our holiday spirit isn't accidentally marred through carelessness in decorating our homes?"

Musick pointed out that it takes less than 60 seconds for the average Christmas tree to burn completely.

"You have probably seen a Christmas tree burned out doors," he said. The roar and

power of that fire are awesome, even when under control. It can bring death and terror into a home unless a few common sense precautions are taken."

To reduce the possibilities of such an accident to minimum, Musick listed the following "musts" for safe decorating.

1. Keep tree outside until ready to set it up; then erect it away from heating units. Never place it so it will block an exit.

2. Make a fresh cut diagonally in the trunk, at least one inch above the original cut, and keep the base in a water-filled container during the holidays.

3. Anchor your tree firmly at both the top and bottom. Don't try to fire-proof your tree with chemicals. Use non-flammable decorations.

4. Keep lighted candles away from tree or other decorations. Use only Underwriter approved lighting—checking to make certain all sockets and wires are in good condition.

5. Turn off tree-lights at bedtime or when away from home.

6. Clean up after Christmas gift opening—scattered wrappings are an invitation to disaster.

7. Dispose of tree safely; never burn it in the fireplace.

"Remember," Musick concluded, "keep your Christmas a bright one, with happiness not with fire."

TO THE HUNDREDS OF NEW SUBSCRIBERS, WE SAY

WELCOME

We're mighty glad to have you all among The SLATON SLATONITE'S BIG family of readers!

You Have Put The SLATONITE Well Out In Front
Far More Regular Readers Than Ever Before

TO OUR ADVERTISERS, WE SAY

Scrutinize This Exciting New SALES OPPORTUNITY

Never before have you been able to reach so many readers regularly!
Here is what this newspaper's expansion means to you

This New Circulation is Right Where YOU Want it!

Practically the entire campaign gain in The Slatonite circulation has been made in the trade area within reach of Slaton merchants. New families of readers have been added in the Slaton area. Each of these new readers means a new door has been opened, hundreds of new prospects located, for businessmen advertising their merchandise and services in the Slatonite.

Each week these new readers will be kept posted on what is happening in the area, what the merchants are advertising and what they are selling. As buyers of this newspaper, they have demonstrated their interest in Slaton and the merchandise and services offered here.

They're the kind of people, the kind of customers whose friendship builds sound business progress and whose patronage can be yours. They now take their place with hundreds and hundreds of other readers of the Slatonite who keep a close watch on what the Slaton shopping center has to offer.

The Slatonite is Helping to Build a Better Community!

This sudden and dramatic circulation increase represents a giant step forward, not only for The Slatonite but for the community as a whole. At a time when we are becoming increasingly aware of competition in every field, it is more and more important that the city publicize its goods and services in a medium that reflects the best Slaton has to offer.

The Slatonite went to a great expense to put on this circulation campaign and expand its reading audience. While these costs will be written off over a period of years, the investment itself represents confidence in the community and in the business firms that use newspaper space to reach their customers.

We believe our investment and faith are well placed, and we believe the only limiting factors which can slow Slaton's growth and progress are in our own minds. This community's future has never looked brighter!

We pledge our full support where it is deserved and our fullest cooperation in every effort that is aimed at making our community a better place in which to live. In return we ask only that amount of support and cooperation which is commensurate to the efforts we have put forth.

Well Received — Campaign workers heard many good words for the Slatonite wherever they went. Old subscribers were eager to renew — many new ones had waited for a campaign worker to call. It is becoming more and more important to the people of Slaton that they get a complete newspaper — one that "covers" the important news.

THANKS TO OUR CAMPAIGN WORKERS

Without the consent and spirited work of the Slatonite campaign candidates and Edwards Circulation Company, these big gains would have been impossible. It was these workers who went from house to house and farm to farm to find these hundreds of new subscribers. They visited with old and new subscribers alike, brought back hundreds of new subscriptions and renewals.

The Slatonite is sincerely grateful for their efforts and for the fine spirit they showed throughout the campaign. They have placed the Slatonite securely in the lead among all other papers in the area.

THIS YEAR GIVE SOMETHING FOR THE HOME

Wisely selected gift for the home is a constant reminder of the love that prompted the gift.

Carpet for Mom is used and enjoyed by the whole family, and home means more with carpet on the floor.

Pop can't sit in a chair all the time so the rest of the family can use it some of the time.

The whole family can be proud of a new living room suite that reflects good taste and luxurious comfort.

A new bedroom suite to replace that old one the folks gave you when you got married.

You can add a lot of attractiveness to a drab wall with a small investment in wall accessories.

The drudgery of house keeping can be immeasurably lessened with a new cleaner.

Be sentimental, of course, but be practical too . . .

Slaton Band Takes Second Place In 1957 Gridiron Jubilee Contest

Marching in wind-driven snow and sub-freezing temperature, the Slaton High School band came out second in the 1957 Gridiron Jubilee marching contest, starting at 5 P.M. Thursday, November 21, at Jones Stadium on the Texas Tech campus in Lubbock.

Thirty-two bands were scheduled to participate in the contest, but six were forced to drop out. Four bands dropped out because of bad weather and the other two because they could not work up a show in time. These bands ranged from Class B through Class AAAA.

In 2-AA Interscholastic League competition, in which Slaton is classed, Abernathy and Floydada were the only bands receiving first place ratings. Slaton and Olton were the only two receiving second ratings. All the rest of the bands received third place ratings.

To receive a sweepstakes, a band must receive a first place rating in marching, concert playing, and sight reading. The concert playing and sight reading will be held next spring. The Slaton band will be participating in these contests along with other bands in this area. The band is under the direction of Bill Townsend.

The woman motorist on her way home from Europe, posed for a souvenir snapshot of the fallen pillars of an historic ruin in Greece.

"Don't get the car in the picture," she said, "my husband will swear I ran into the place!"

A beggar appeared at the door of a boy's dormitory. A student opened the door and heard the unfortunate one's plea.

"Has not fortune ever knocked at your door?" asked the student.

"He did once," replied the beggar; "but I was out. Ever since, he sent his daughter."

"His daughter!" exclaimed the puzzled student.

"Who is she?"

"Why, can it be possible that you do not know Fortune's daughter?" answered the beggar in surprise; "it's Miss Fortune, of course."

A course of solarium treatment had been recommended for an elderly lady. To dispel her nervousness, the consultant told her, "Why, a few weeks of that, and you'll be ten years younger."
