Houston Repels Rally To Cop

FORT WORTH, July 27 (AP)—The Houston Buffs handed the Fort Worth Cats their fourth defeat in their last five starts here today as they rode out a ninth-inning rally by the home forces, 4-3.

The Buffs slugged Charley Samaklis for 11 hits but had a narrow escape in the ninth. After Don Schuchmann, who had held the Cats to six hits, walked the first man, Clarence Beers relieved him, walked another man and granted a single to Boris Woyt, who drove in one run. Eddie Snider's hot grounder to Adrian Thompson counted another. When Bob Gorbould hit a swinging bunt in front of the plate the Buffs turned in a double play, Beers to catcher Joe Niedson, who tagged Woyt at the plate on a close play.

Young Susan Houser Composes Lively Music She Hears First In Her Head

Susan Houser hears sounds in her head, and they make musical sense.

Although only 12 years of age, Susan is a composer in her own right, having turned out several piano creations of her own. Recently, she delighted a crowd at an amateur hour program with a lively and precise arrangement of her "Dance of Estrallita."

Susan is not suffering under any delusions of genius, and, indeed, her mother and teacher, Mrs. Anne Gibson Houser, while pleased with her enthusiasm for music, attributes her inclinations toward composing primarily to unhampered interest.

Both mother and daughter are modest about her talent, and Mrs. Houser hastens to say that Susan's friends, who have been playing about the same length of time—five years—reflect similar development and talent. Susan's excursion into the realm of composition is attributed to access to a wide range of recordings—from classics to boogie. Like her brothers, Eddie and Jerry, she listens to them all but prefers the more solid types.

It is not unusual for a youngster to compose music, says Mrs. Houser, especially when they are inculcated with a knowledge of fundamental chord structures. With the mathematics of music in mind, they are able to embellish melodies which pop into their heads. Another Big Spring miss

YOUNG COMPOSER—Although only 12 years of age, Susan Houser is an active young composer. Susan has the knack of seeing and hearing things which escape average students and delights in translating descriptive patterns and melodies into original compositions. She is the daughter of Anne Gibson Houser and has been studying music only five years. (Culver Photo.)

who composed extensively as a youngster was Celia Westerman who has been studying at North Texas Teachers college in Denton.

Part of the uninhibited exercise of creative instincts, too, may be due to a fresh philosophy among teachers that it is no longer a cardinal sin to use the "ear" in playing.

It works in the case of Susan, anyway, for when her grandmother, Mrs. Sue Gibson, asked

her where she got the sound effects for one piece, she replied simply:

"Why, I heard them."

Things which go unnoticed by some are seized upon by Susan as the basis of a composition. For instance, after she watched a cat stalk a bird, she worked in private for a time before she asked her mother to sit and listen. Descriptively, the chattering and flutterings of the angry bird could be heard against the low growls of the cat. Thus was "The Bluebird and Tom Cat" born. So it was, too, that the loppety-loppety rhythm of "The Elephant Walk" came into being.

Susan is in the process of polishing off the "Singing Waterfall," based on a capricious pattern of sound she heard while visiting in Georgia last summer. Not named yet is a reverie conceived in her head and translated through her hands.

She takes her music seriously, though as a matter of course. Practicing has become a habit and she does not have to be told to do it. Perhaps by listening to good music, she has come to the conclusion that it is a mighty long way to the top.

Her mother concurs in this idea. She hopes Susan will hold to the notion that success in music is more hard work in making the hands do what the eye sees and the mind says than it is easy "talent." On this basis, she hopes someday that Susan will become a good pianist and perhaps do something more with her flare for composing.

REVIVAL LEADER—The Rev. J. William Arnett, district Baptist missionary, will be evangelist for a revival meeting which starts today and continues through next Sunday at the Airport Baptist church. Theme of the meeting, according to Rev. Edwin Spears, pastor, is "Life Here and Hereafter." The evangelistic campaign is designed to reach some 400 families in the airport area, said Spears. Services are set for 10 a. m. and 8:15 p. m. daily in the church's new air cooled auditorium.

Hogan Takes Place On School Board; Teachers Named

Dr. J. E. Hogan was sworn in as a new member of the board of trustees of the Big Spring independent school district, at a called meeting Friday night. He recently accepted appointment to fill an unexpired term.

The board rejected all bids submitted for painting of stands at Steer stadium. Three prices were turned in, and trustees considered them all too high. While this project is held in abeyance, Supt. W. C. Blankenship was instructed to have routine repairs made to the stadium.

Several teachers were elected, on recommendation of the superintendent. They included Mrs. J. B. Caldwell, high school; and Billy Clyburn, Miss Ethel Chaudion, Mrs. Mabel Strother, Mrs. Charles Frost, Mrs. Will Knox Edwards, Miss Elouise Haley and Dean Bennett, for assignment to elementary schools.

Spence's Fly Wins For Senators, 3-2

CLEVELAND, July 27 (AP)—The Washington Nationals staided after permitting two Cleveland runs in the first inning to gain their second straight one-run victory over the Indians, 3 to 2, today. Relief Pitcher Walt Masterson was credited with the victory.

Mickey Vernon, competing with Ted Williams for the American league batting lead, went hitless in four trips.

Joe Grace, pinch-hitting for Sid Hudson in the seventh, drove in Cecil Travis with the tying run and Stan Spence provided the edge in the eighth with a long fly that sent in Jerry Priddy.

Red Embree, starting Cleveland hurler, departed the hill in the eighth but not before he was charged with the defeat.

Gus Hepner Dies Of Heart Attack Lt. Doyle Killed In Panama Crash

Relatives here were advised of the death, in Harrison, Ark., early Saturday, of Gus Hepner, a former Big Spring resident. Mr. Hepner had suffered a heart attack early in the week, and another, fatal, stroke during Friday night. Death came at 3:30 a. m.

Funeral service will be held in Harrison Monday, and going from here will be Mrs. Hepner's father, W. H. Homan, and two sisters, Mrs. Pat Martin and Miss Catherine Homan. Mrs. Hepner is the former Dorothy Homan.

Survivors besides the wife are a son, Harry Jack, and a daughter, Margaret Catherine Hepner. The Hepners resided here for a number of years, he being employed in the oil fields. He was prominent in sports circles, being an enthusiastic bowler. They moved from Big Spring to Corpus Christi and to Arkansas in June of last year.

Dragon lizards feed on deer, wild boar and water buffalo.

Mrs. Mattie Skiles Doyle has received word confirming the death of her husband, 1st Lt. Clyde G. Doyle, in a Panama plane crash last week.

Mrs. Doyle and her daughter, Golda Skiles, were enroute to Avondale, Colo., to visit with Lt. Doyle's parents at the time she received notice that he was missing on a routine flight.

Mrs. Doyle's first husband, Lt. Leonard Skiles, died in the Philippines in 1943 after he had survived the Bataan death march. She was married to Lt. Doyle, who had his cadet training at the Big Spring Bombardier School and was stationed here for nearly three years, in July 1945. At the time of his death, she was making plans to join him at Balboa, where he was stationed.

Heavier Yield Is Indicated In Fisher Co. Well

By JOHN B. BERWER
SAN ANGELO, July 27 — Prospects of better pay in the Palo Pinto lime by Skelly Oil Co. No. 1 D. C. Huddleston, southeastern Fisher county wildcat, after indicated small production in the Canyon had been passed up, held much attention on the borderline of West Texas and West Central Texas at the week's close.

Swabbing and flowing of oil by The Texas Co. No. 1-P University southwestern Andrews county discovery from the Tubb zone of the Clear Fork, and flowing of oil by Humble No. 1 R. B. Cowden, second well in the North Goldsmith Devonian field in northwestern Ector county, were among principal developments in the Permian Basin proper. A 1½-mile west extension to the northwest part of the Doss (Clear Fork) pool in northwestern Gaines county was indicated by Humble No. 1 Helen Cunningham.

With derrick floor elevation 2,115 feet, Warren Petroleum Corp. and T. F. Morrow No. 2 Mrs. Ruby Russell and others in western Menard county topped the Canyon sand at 2,232 feet and was due to test. The sand top was about flat with that in No. 1 Russell, first producer in the county, quarter mile to the east. It swabbed a potential pumping gauge after swabbing naturally 15½ barrels of pipeline oil in six hours from sand at 2,282-90 feet. Location is near the C NW N 18, S. Wallick.

Skelly No. 1 Huddleston in Fisher county unloaded an estimated 2,250 feet of heavily oil and gas-cut mud, then 60 feet of clean, pipeline oil testing 42.6 gravity at 78 degrees on a three-hour drillstem test of the Palo Pinto from 4,378-4,400 feet. Final recovery was 1,850 feet of heavily oil and gas-cut mud. There was no water. Drilling was to continue on a 5,500-foot contract to explore the Strawn.

The wildcat sprayed oil from the Canyon on drillstem tests early in the week from 4,305-80 and from 4,306-47 feet, gas rating two million cubic feet daily on the first test and 890,000 cubic feet daily on the second. Location is 2,815 from the north, 1,675 feet from the east line of section 11-19-T&P, eight miles northwest of Trent and 15 miles northeast of Sweetwater. The prospect is on a 7,200-acre block. Nearest production is three miles east in the Noodle Creek field in Jones county, from around 3,000 feet.

Texaco No. 1-P University, Andrews county discovery that has caused seven outposts to be started, swabbed and flowed 110 barrels of oil in 24 hours through casing perforations at 7,120-7,250 feet following acidizing with 4,000 gallons in two stages. It retreated with 7,000 gallons and was testing.

Humble No. 1 R. B. Cowden in Ector county, C NW SW 3-45-10-T&P, ¾ mile south of the North Goldsmith Devonian discovery, flowed 31.7 barrels of oil on a four-hour test through a ¾-inch tubing choke and casing perforations at 7,975-8,043 feet. It had been acidized with 3,000 gallons.

Ratings Offered For Army Re-Enlistments

Veterans are now offered ratings in the US Regular Army up to staff and technical sergeant on the basis of training and experience, Lt. George M. Kesselring,

officer in charge of the recruiting station here, stated Saturday.

"A recent War Department directive states that under the provisions of WD Pamphlet 12-16, a man discharged on or after May 12, 1945, under honorable conditions, may be enlisted in a grade commensurate with his training and skill," the lieutenant continued.

Jimmy Eason Proves Plain Dirt Good Soil To Grow Many Unusual And Profitable Fruits And Flowers

By WACIL McNAIR
 One of Howard county's many soil types is being given a unique, one-man analysis for adaptability by James P. (Jimmy) Eason at his farm six miles east of Big Spring, and the result may lead to a horticultural venture which has bright prospects on the basis of two years of experiment.

Armed with a 50-acre tract of land containing a good water well and a personal idea that his soil was just as good as anybody else's "plain dirt," regardless of geographical location, Eason moved to the farm two years ago and set out to learn just what he could produce.

At the very outset he was convinced that the deep sandy land in that section needed but one supplement, water, to increase its productivity to such a point that any number of plants could be grown profitably. He had this supplement in the 47-foot well, and an electric pump capable of bringing 1,250 gallons an hour to the surface solved the chief distribution problem.

Although success has marked the entire experiment, most outstanding probably has been the bed of 1,200 gladioli. This phase of the general experiment has produced so well that Eason is talking in terms of 20,000 in 1947. In addition to a constant demand from florists and individuals for the flowers in season, the bulbs multiply and sell readily at a fancy figure. Sun damage, chief difficulty in carrying the gladioli through to a mature, marketable bloom, will be combatted next season by a trellis covered with a green netting, which filters out the blistering rays.

The gladioli, however, composes only one part of the experiment, which includes many plants and shrubs which West Texans seldom attempt to grow. On the list of flowers and ornamental shrubs are arborvitae, hibiscus, oleander, pyracantha, flowering crab apple, Arizona cy-

EXPERIMENTER—When someone says that a certain plant will not grow in this section, Jimmie Eason usually sets out to disprove the idea on his farm five miles east of here on US 80. Eason is a firm believer that local soils will grow anything if given moisture. Above he shows friends how vines, planted in the midst of a thriving young orchard, are fruiting. Lower left, he exhibits the length of runners on Chinese bermuda grass, one of his experiments. Lower right, Eason works with some of the 1,200 gladioli plants he raised. He was so successful that he plans on planting several thousand next year. (Jack M. Haynes Photo).

press, iris juniper and Australian pine few of which are considered "everyday" plants for this section. Roses, both runner and bush type, zinnias, verbinas and other well-known flowers are represented in colorful profusion.

Another plant unusual for West Texas is a flourishing banana stalk, which already has multiplied several times and is living an apparent vigorous life. A banana stalk will grow almost anywhere, Eason declares provided it is given water.

Also being studied carefully is a small plot of Chinese Burmuda grass, which Eason says is distributed usually at about \$30 a square foot by nurseries and landscapers. Similar in many respects to ordinary Burmuda, the Chinese variety spreads more rapidly, produces longer runners and seldom requires mowing. In fact, the mower is needed only when the grass heads, which has been only once to date this year.

Chinese dates, which grow on trees instead of palms, are doing well and fruiting. The fruit has a marked similarity to the palm variety.

More than a dozen types of fruits and viney vegetables are represented in Eason's orchard, and some experimental work is carried on there also. There are 400 peach trees, one of which has been grafted with five varieties. Although the tree is young, all five species are producing fruit, three already harvested, one in season now and another yet to ripen.

One of 12 apple trees has been grafted with five varieties, which are doing well, and several two-year-old fig bushes have fruited constantly this season, producing large, magnolia figs.

Eason has gone in rather heavily for cherries, with 186 young trees growing now. Six of them are black tartarians, and the remaining 180 common sour pie cherries. Although they added to the floral array during "cherry blossom time" the trees still are too young to bear much fruit.

Several types of berries are producing fruit, and all have proved themselves prolific. Included are boysenberries, blackberries, youngberries, dewberries and dew-black berries. Grapes have presented Eason's chief problem, with several vines dying before they got their start. Some

healthy vines are making progress now, however.

Other fruits include pears, plums, prunes and nectarines, the flavorful plum-peach cross. Surprisingly, the prunes grow almost as well as ordinary plums on Eason's soil.

As another experiment he is planning a few citrus trees next year. Due to the short season they are not expected to bear fruit and carry it through to maturity, but Eason says, "I just want to see if the trees will make a satisfactory rate of growth on this land."

In the orchard, spreading their vines among peach trees are dozens of watermelons, cucumbers, kershaws and gherkins. All are fruiting heavily. A few vines of kudzu, a soil building, hay producing legume, highly recommended by soil conservationists in the eastern part of the state, are flourishing.

The fruit floral and shrub experiments, along with several acres of peas, have provided Eason with an almost full-time job, and he seldom works at his barber's trade now. The abundance of fruits and vegetables, which, although not on a really large scale yet, are sufficient to provide any family with extraordinary opportunity for preserving and canning, keeps Mrs. Eason occupied after she dashes home from her beauty salon in Big Spring each day.

Students Urged To Register Now

Students who plan to enter Big Spring high school for the first time this year, or who withdrew from school last year before the end of the term, should register now.

Walter Reed, high school principal, said that his office would handle such registrations on any day between the hours of 9 a. m. and 4 p. m.

Those contemplating schedule changes also are urged to contact his office. Shifting of band to the last period instead of the first, together with a course in general music or theory of music in the next to last period, may incline several to alter their schedules, said Reed. Currently, there are 736 registered in high school.

Site Acquired For New Vet Hospital Near El Paso

Acquisition of 442 acres of land 10 miles southeast of the city of El Paso as a site for a new 806 bed neuropsychiatric hospital for the treatment of mentally ill veterans has been approved by President Truman and the Federal Board of Hospitalization, the Veterans Administration announced from Lubbock.

The proposed site is known as the Sorenson Estate Tract and is on the northeast side of North Loop Road, a state maintained highway.

Site includes the Sorenson Estate Tract and an adjoining tract one to fourteen inclusive in block 54-Yalet Grant.

Included in the 442 acres is sufficient irrigation land suitable for therapeutic farming operation always carried out by veteran

patients at neuropsychiatric hospitals. The remainder of the tract includes bench and mesa or table land. The mesa or table is not suitable for farming and it is proposed to erect the new hospital on this portion of the site.

Thank You, Friends

I am very appreciative of the confidence extended me by the voters in returning me to office without opposition. I will attempt to repay this in a measure by doing my job in the best way I know how.

Tourist Trade Only A Trickle, Reason Unknown

For some unknown reason, July, usually associated with vacations, has produced a noticeable lack of tourist trade in this area, hotels and tourist courts report.

Large Crowds Visit Nathan's

Displaying one of the most complete stocks of merchandise ever shown in Big Spring, Nathan's Jewelry store was host to hundreds of visitors Friday night and Saturday, as the firm opened its doors to the public in smart, redecorated quarters at 221 Main street.

The sixth store to be opened in West Texas by Nathan's, the new unit is Big Spring's newest business establishment. Several officials of the company were in Big Spring for the weekend to join Selwyn Leeds, manager of the new store, in greeting the visitors at the official opening.

An array of silverware, gift items, diamonds, rings, watches and other related articles from nationally known manufacturers and craftsmen were displayed. In addition to wide selection of extra fine jewelry, the store is offering many popularly priced gift items, some of which have been virtually unobtainable since the war.

Friday night the doors were open from 7 p. m. to 10 p. m. for visitors, but no merchandise was sold. Business began officially at 9 a. m. Saturday, and visitors throughout the day were presented gifts, with grand prizes awarded at 9 p. m.

full every night, some unable to take care of all the cars which stopped. Since then, however, the trickle of tourists have been able to secure good accommodations at almost any hour of the night.

Operators of the courts who have been here several years have noticed that the volume is down considerably from the war years, when many from all over the nation visited relatives at the Bombardier School.

Whether the slack is due to the extreme heat or an unaccounted for shift in route, away from the Broadway of America or some other reason cannot be reckoned. Some operators optimistically expect the volume to pick up a little in the cooler months, although they admit this is the usual busy season.

But for whatever the reason, that part of Big Spring which caters to out-of-town visitors finds itself prepared for numbers which somehow failed to get here.

Markets

NEW YORK, July 27 (AP)—The stock market concluded its third successive losing week with rallying tendencies appearing Friday while cotton futures over the five sessions slumped \$21 to \$24 a bale from the 23-year peaks of the week before.

Steels led a selective comeback in the final proceedings, apparently buoyed by the surprisingly good second quarter earnings summary of Bethlehem. Dealings were relatively quiet and a number of "blue chips" exceptionally thin on the comeback. Most pivots finished the day under their best and losers were plentiful.

Friday night the doors were open from 7 p. m. to 10 p. m. for visitors, but no merchandise was sold. Business began officially at 9 a. m. Saturday, and visitors throughout the day were presented gifts, with grand prizes awarded at 9 p. m.

Two Persons Fined On DWI Charges

Two persons entered pleas of guilty to separate charges of driving while under the influence of intoxicants in county court Saturday morning and each paid a fine of \$50 and costs.

They are James Luther Sanderson, who was involved in an automobile wreck in the east part of town Thursday night, and Jewell Bradley, picked up earlier in the week by members of the city police force.

In addition, the bench saw fit to suspend Bradley's driving privileges for six months.

Tough Broncs Lined Up For Local Rodeo

Fresh, wilder, bucking horses from strings in Wyoming and Montana have been obtained by Earl and Jack Sellers for the Big Spring Rodeo Aug. 7-10, Charlie Creighton, chairman of the rodeo committee, announced Saturday.

The Sellers Bros., who will stage the rodeo here, recently completed a tour of Nebraska, and the new stock has been added especially for the Big Spring affair, Creighton said.

Several Brahma steers from South Texas also have been acquired for the show here.

Ticket sales already are underway with the junior chamber of commerce handling a major portion of the detailed work. Tickets for boxes are on sale at Ira Driver's office.

Plans for other phases of the rodeo are making progress, officials said. D. D. Douglass has accepted chairmanship of the parade committee, and he has asked that as many people enter as possible. Plans are to have a large array of cowboys, cowgirls, horses, buckboards, buggies, etc., in the lineup. The parade will form at

Mansfield Trails In Cheyenne Event

CHEYENNE, Wyo., July 27 (AP)—Rodeo performers made their final bids today for prize money at the closing session of the week-long Cheyenne Frontier Days celebration.

Royce Sewall of Brownwood, Tex., with an average of 16.2 seconds for three calves, won the roping championship. His time was one-tenth of a second under 1937.

Other winners and averages for calf roping were: Tony Salinas of Encinal, Tex., 17.9; Walton Poage of Rankin, Tex., 18.8, and Toots Mansfield of Rankin, Tex., fourth with 18.9.

Today's best time for the event was 16.5 by Poage.

Thrilling Brahma steer rides were made by Carl Sappafield of Cheyenne and Ken Roberts of Strong City, Kas. The first cowboy to be spilled today was Johnnie Spruell of Fort Worth, Tex.

5 p. m. Aug. 7 at Bell and Fourth streets.

The goodwill trippers, who will advertise the rodeo in neighboring towns on July 31 and Aug. 2 will pause in Midland long enough Wednesday to visit the Lions club and present a program there. They will stop in more than a dozen towns in the area during the two-day tour.

Four Games Definitely Set

Big Spring High School Cagers To Tour Mid-West In December

Arrangements have been completed for an inter-sectional tour into the Mid-West by the Big Spring high school basketball team during the Christmas holidays and news of the Bovines' coming is already making sports headlines in Ohio and Kentucky papers.

Details for the trip were worked out by H. C. Campbell, Jr., father of Bill Campbell, one of the Big Spring players, and a former resident of Washington Court House, Ohio. Campbell made a trip into the Mid-West last March to arrange the dates.

The schedule, which has not yet been completed, reads thusly:

Dec. 19—Henderson, Ky.
Dec. 23—Washington Court House, Ohio.
Dec. 27—Hillsboro, Ohio.
Dec. 28—Grand View Heights (Columbus), Ohio.

John Malaise, Big Spring coach who helped draw up the contracts for the games, said arrangements would probably be made for the team to play on Dec. 21 and 26.

The team, according to present plans, will leave here around

Dec. 16 and be back by Jan. 1. About ten players will make the expedition, Malaise said.

Plans are being made to outfit the team in western regalia, in line with demands from Mid-Western sports scribes who revel in coloring up their stories about all things Texas.

The team will travel something like 3,000 miles on the tour, Campbell said. Washington Court House—his home town—is 1400 miles from here. In breaking news of the game with the Washington C. H. prep quintet, the RECORD-HERALD of that city said that the Steers would stand to net between \$200 and \$250 on that game alone. The arrangement calls for a 50-50 division of receipts.

The Washington Court House gymnasium has a seating capacity of 1250 persons.

The odyssey will be the first inter-sectional tour ever undertaken by any Big Spring high school athletic team.

Spahn Pitches Braves To Win

BOSTON, July 27 (AP)—Behind the three hit pitching of Southpaw Warren Spahn, purple heart-wearing army dischargee, the Braves tonight vanquished the St. Louis Cardinals 5-2.

Through the sixth inning Spahn faced but 19 men, struck out four and passed one, the only walk he issued.

A startling catch by center fielder Carden Gillenwater saved possible trouble in the eighth which Del Rice opened by singling to left.

Jeff Cross was sent in to run for Rice. Terry Moore, batting for reliever Ted Wilks stroked a sinking liner to right center.

It appeared the ball could not be played and Cross had rounded second when Gillenwater lunged at the last minute and grabbed the ball.

The Braves' fielder sprawled on his face and slid at least ten feet but got up in time to double Cross at first.

Legion Defeats Stanton, 28-10

STANTON, July 27 — Big Spring's American Legion girls' softball team chalked up their fourth victory in as many starts over the Stanton All-Stars here Friday night, winning an easy 28-10 decision.

Lois Kinman and LaVelle Reid led a 28-hit Legionnaire assault with five blows each.

Lefty Todd gave up only five hits and sailed to an easy triumph in going all the way on the mound for Big Spring.

PLAY RESUMED TUESDAY NITE

Forsan Community softball league teams pick up Tuesday night where they left off two weeks ago with Shell meeting Continental in the 7:30 p. m. opener and Phillips tangling with Forsan high school in the 9 o'clock go.

Activity has temporarily been halted due to a series of church revivals going on in that area. Friday evening's bookings finds Forsan high school testing the mettle of Lee's in the initial go and Shell facing Phillips in the afterpiece.

Grid Aide To Be Added To Payroll

Appropriation of \$2,250 annual pay for a man to coach the Big Spring Yearlings, and serve also as part-time teacher, was authorized at a special meeting of the school board Friday night, on recommendation of Supt. W. C. Blankenship.

Blankenship pointed out the need of additional supervision for the junior squad. He was empowered to complete a contract with a prospect whose name was not made public until he arranges for a release from his present school job and accepts the Big Spring offer.

Six senior and four junior life saving certificates were awarded at the conclusion of the American Red Cross Life Saving course at the municipal natatorium this week.

Another class will be started within the near future, Director Olen Puckett has announced, if there is enough interest manifested in the course. Persons can register for the school either at the swimming pool or the ARC office on Scurry street.

Burl Haynes and Hugh Cochran assisted Puckett in giving instructions of the course recently completed.

Coahomans Lick Spartans; ABC Loses, 6 To 5

Odell "Red" Womack's sixth inning hit, scoring Paul Solden and L. D. Cunningham, enabled the Coahomans to come from behind and nose out the ABC's, 6-5, in a Munny softball league test played at the city park Friday night.

Coahoma's Stanolind Oilers, playing their best ball of the campaign, sprang a prize upset in the evening's first game by blanking the Big Spring Hardware Spartans, 2-0.

Inspired by Lloyd "Pat" Patterson's long home run, which materialized with John Malaise on base, the Clubbers got behind Jack Jones with a tight defense through the early rounds only to fall apart when the Refiners applied the pressure.

Jones gave up 14 blows, including three drives each by Paul Solden and Pat Stacey.

Stacey, for the second straight night, touched off the Coahomans attack with a long double.

Leonard Morgan contributed in no small way to the victory with two safeties.

Red Harrison assumed the pitching chores for Pete Womack's gang but gave way to Cunningham in the fourth.

K. C. Grantham limited the Spartans to a single hit in the other contest and his mates gave him excellent support afield.

Bill Brown scored the Coahoman's first run, which was all Grantham needed to win.

Vets Win First Tourney Game

The Veterans of Foreign Wars, Big Spring chapter, bowled over the Ackerly All-Stars, 17-9, at Ackerly Friday night and thereby earned a place in the second round of the invitational softball tournament in progress here.

They return to action at 8:30 p. m. Monday against an unnamed opponent.

Two big innings—the first and the seventh—put the Vets over the top. They counted eight times in Round One, watched the opposition peck away at that margin for six stanzas, then added five in the seventh.

Leon Bredemeyer, on the rubber for the Big Springers, fashioned a seven hitter but had trouble with Ackerly home runs. There were three during the course of battle.

LeRoy Wood did all right in that department, too, giving Big Spring an early lead when he connected for the circuit in the first.

Every one in the Vet starting lineup hit safely with the exception of Charley Teague. Teague was not able to solve the slants of Bill Franks, enemy hurler, but he dented the dish twice.

Hal Battle, Jake Anderson, Billy Womack and Wood collected two blows each, with three bingles to his credit while Horace Bostick, Woodrow Harris and Tom Davis succeeded in nicking Franks for single knocks.

Howard To Hill For Baron Club

Big Spring's Black Barons will bank on Red Howard, who works into the village on a railway Pullman coach out of El Paso every week-end, to tame the Midland Cowboys in a baseball exhibition booked to be played at Midland this afternoon. Game time is around 3:30 p. m.

Howard was going like the proverbial house afire against Sweetwater last week until he was hurt sliding into a bag.

In event Howard falters, Manager Frank Miller will have the reliable Harry Dooley on tap for relief.

Herm Barron Increases Lead In Tam O'Shanter Meeting

CHICAGO, July 27 (AP)—Determined Herman Barron, White Plains, N. Y., bolstered his bid for the \$10,500 top prize in the \$50,000 All-American open golf tournament today with a three-under-par 69 for a 54-hole lead of three strokes.

Barron's total was 208, eight under par.

Claude Harmon of Mamaroneck, N. Y., moved into the runner-up spot with 211 as he also banded a third-round 69.

Ellsworth Vines, national tennis champion in the early thirties, slowed to par 72 for a 54-hole count of 212, four strokes off the pace.

A stroke behind Vines was Ben Hogan, who blasted a sizzling 67, aggregate, good for third place.

CHICAGO, July 27 (AP)—Red-headed Earl Stewart of Dallas, Tex., blasted a one-under par 71 today to maintain his lead in the All-American amateur golf tournament today with a 54-hole total of 217.

George Hamer of Columbus, Ga., the current national inter-collegiate champion, was four strokes away from the leading figure at 221.

to get back in the competition with 213. He was followed by Sammy Byrd, the former New York Yankee baseball star, who slapped a 69 for 214.

Byron Nelson, perking for a two-under-par 70, his best showing in the tournament he won last year with a 19-under-par 269, was eight strokes off the pace with 216.

Henry Ransom, of Dallas, Tex., Lewis Worsham of Bethesda, Md., and Jimmy Hines of Chicago were deadlocked at 215.

Emile Mashie, Lake Forest, Ill., fired a six-under-par 66. It was the best 18-hole round of the tourney. His 54-hole total is 219.

Also bracketed at 216 with Nelson were Jim Ferrier, former Australian open titlist, and Frank Moore, St. Louis.

A quartet of 217's turned up, including Gene Kunes of Spring Lake, N. J., Johnny Palmer, Badin, N. C., Clayton Heafner, Charlotte, N. C., and Joe Kirkwood, Sr., Philadelphia.

Fap Kirkwood finished a stroke ahead of his handsome son, Joe, Jr., who landed in a five-way tie at 218 with Lawson Little, Jimmy Demaret, Johnny Revolta and a slender negro star, Theodore Rhodes of Nashville, Tenn.

Rhodes played in the same three-some with world heavyweight boxing champion Joe Louis and the "Masked Marvel."

Amateur Louis took an 84 for 253, 37 over par. The masked entry shot 78 for 228.

Favored Babe Didrikson Zaharias faltered for a third-round 83, seven over par, but still maintained the lead in the All-American women's open with a 54-hole total of 236.

Four strokes behind in second place with 240 was veteran Betty

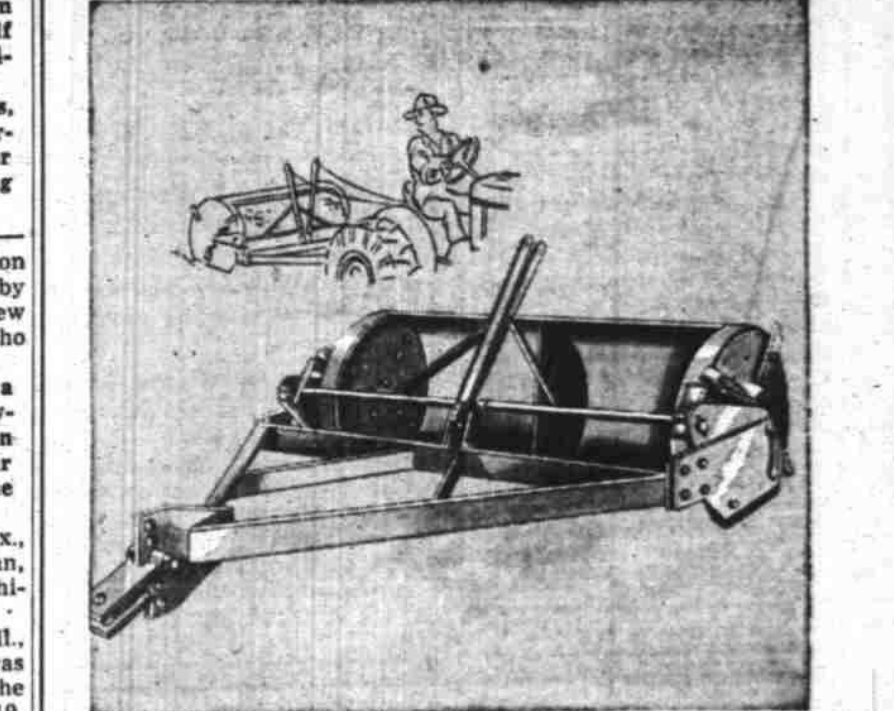

Jameson, San Antonio, Tex., professional, who tapped a one-over-par 77, as did Georgia Tainter Goff of Fargo, N. D., for a 242

aggregates, good for third place. Defending champion Patty Berg of Minneapolis settled for an unimpressive 82 for 244.

AMERICAN FEMS WIN IN PARIS

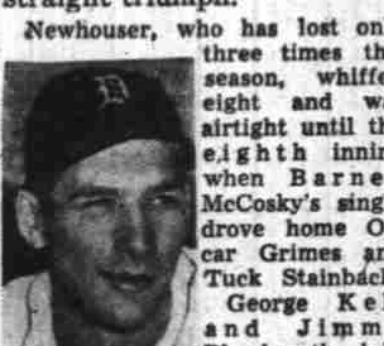

PARIS, July 27 (AP)—Marcel Bernard, stockbroker and one-time schoolboy champion, kept the French men's singles tennis title in France today. But the women's crown that Suzanne Lenglen once wore went to an American—and it wasn't Pauline Betz, favorite and Wimbledon champion.

Margaret Osborne of San Francisco, brought down around her Los Angeles rival's ears her hopes of winning at Wimbledon, Roland Garros Stadium and Forest Hills in her first post-war campaign. Miss Osborne won by 1-6, 8-6, 7-5.

In a duel of left-handers, Bernard then defeated Jaroslav Drobny of Czechoslovakia for the men's title, 3-6, 2-6, 6-1, 6-4, 6-3.

Tiger Mound Ace Enters Majestic Circle 3rd Time

DETROIT, July 27 (AP)—Hal Newhouser, the Detroit Tigers' talented left-handed pitcher, entered the majestic circle of 20-game winners for the third year in a row today by whipping the Philadelphia Athletics 4 to 2 for his eighth straight triumph.

Newhouser, who has lost only three times this season, whiffed eight and was airtight until the eighth inning when Barney McCosky's single drove home Oscar Grimes and Tuck Stainback.

George Kell and Jimmy Bloodworth hit home runs for the Detroiters while Roger Cramer hit safely in the seventh to score Kell and Eddie Lake.

Lum Harris, Athletic starter, gave up seven hits before he retired in the eighth in favor of a pinch hitter.

Assault A Bad Last In Windy City Classic

CHICAGO, July 27 (AP)—Mighty Assault, reigning 3-year-old champion and leading money winner, finished absolutely last in a six-horse field today as The Dude scored an astounding upset victory in the \$95,850 Arlington classic.

A throng of 45,000 witnessed The Dude's triumph which brought home, with stunning effect, the fable that Arlington Park is the graveyard of champions.

The winner, purchased only a year ago as a selling plater for \$4,000, is owned by Mrs. Al Gaal, New Orleans, La. For The Dude's victory, Mrs. Gaal collected \$76,850, richest prize in Classic history.

Assault trailed the field, two and one quarter lengths back of Lord Boswell in fifth place. James C. Stone's Sgt. Spence, a 45 to 1 shot, finished second and John Marsch's Mighty Story, third.

Jockey Melvin Duhon, a 21-year-old lad from Kaplan, La., got The Dude out in the lead before the pack hit the first turn and made a one-horse race of it all the way. The Dude led at one time on the back stretch by six lengths.

At the finish, The Dude was a length and a half ahead of Sgt. Spence, with Mighty Story two and a half lengths behind. Then came Hal Price Headley's Athena, only filly in the race, Lord Boswell and finally the defeated champion.

BSI Entry Fee Is Set At \$5

Qualifying round for the annual Big Spring Invitational golf tournament will get underway Sunday, Aug. 25, and continue through the following Saturday but only those who play the course on the official qualifying day, Aug. 31, will be eligible for the medalist trophy.

That announcement came from Shirley Robbins, professional and manager of the country club. Entry fee has been set at \$5 which will insure the purchase of expensive prizes for winners, runners-up and consolation winners of all flights.

Directors of the club are looking forward to a record field for the colorful show, which will continue through Labor Day, Monday, Sept. 2.

Iverson Martin and Derald Lehman, Fort Worth, two of the best simon-pures in the state, were to notify Robbins this week and whether or not they would be on hand. If Martin shows up, he will probably captain the "foreign" team for the Hall-Bennett trophy matches, which will be unreeled on Aug. 30.

Lobos Back Home Thursday Night

LAMESA, July 27—Lamesa's baseball Lobos, now in the midst of a road trip that will carry them to Albuquerque and Clovis, return home next Thursday for a three-game series with the WT-NM league leaders, Abilene's Blue Sox.

The Lobos are also scheduled to face Clovis and Albuquerque in that order in their next home stay. Now 40½ games out of first place and 24½ games away from the first division, Lamesa has 21 home games remaining on their schedule.

Phillies, Bruins Split Twin Bill, 8 To 0, 0 To 9

PHILADELPHIA, July 27 (AP)—Shut out 8 to 0 in the opener, the Chicago Cubs jumped on four Philadelphia pitchers in the nightcap for 15 hits to win, 9 to 0, before an estimated 18,000. The Cubs scored five runs in the fourth inning of the nightcap on a double by Bill Nicholson, four singles and a walk.

Rudy York Hits Two Grand Slam Homers For Sox

ST. LOUIS, July 27 (AP)—Rudy York's two home runs with the bases filled, equalling the major league record, featured an old fashioned slugging bee tonight as the Boston Red Sox mauled the St. Louis Browns 13 to 6.

York's round-trippers, his 12th and 13th of the season, came in the second and fifth innings.

Rudy's feat tied the mark set May 24, 1936 by Tony Lazzeri of the New York Yankees and equaled on July 4, 1939 by Jim Tabor, then with the Red Sox and now with the Philadelphia Phillies.

The Red Sox slugger also drove home two tallies in the first frame with a double to give him 10 runs batted home. The record of 12 was set by Jim Bottomley of the St. Louis Cardinals on Sept. 16, 1924.

Jeff Heath, Al Zarilla and Walt Judnich hit for the circuit to account for all of St. Louis' runs. Boston... 450 040 000—13 15 0 St. Louis... 000 303 000—6 8 1

Brook Defeats Corsairs Twice

BROOKLYN, July 27 (AP)—Manager Frankie Frisch of the Pittsburgh Pirates was ejected from each game today as the National league leader Brooklyn Dodgers celebrated leader Leo Durocher's 40th birthday by beating the Bucs twice by identical 4-3 scores.

Little Eddie Stanky broke up the first game with his third single in the ninth, the blow scoring Eddie Miksis with the winning run. Stanky drew two passes in the second game to boost his total to 85 and both were turned into runs. He also clicked for a single in the seventh frame to drive in Bruce Edwards with what turned out to be the deciding run.

Frisch was benched in the fourth inning of the first contest by umpire Dusty Boggess for protesting a called strike on Frankie Gustine. Under the new National league rule he was allowed to return to the bench for the second game and in the ninth inning was chased by umpire George Barr when he protested a home plate decision in which Al Giordano was retired.

First game:
Pittsburgh... 000 018 000—3 9 0
Brooklyn... 000 012 001—4 8 1
Heintzelman, Roe and Lopez; Behrman, Casey and Anderson.
Second game:

Brooklyn... 210 000 10x—4 7 0

Bengals Meet San Angelo Greyhounds Here Today

Manager Elias Gamboa's baseball Tigers come to grips with one of the toughest teams in these parts at 4 o'clock on the North Ward diamond this afternoon when they tangle with the San Angelo Greyhounds.

Jesse Jaquez, Angelo skipper, brings to town a club that has scored convincing wins over such teams as Abilene, Laredo, Colorado City, Ozona, Brady and Villa Acuna, Mexico.

The Greyhounds' only defeat of the season came at the hands of a strong Ballinger team. Gamboa has announced he is trying to book the Ballinger contingent for an exhibition a week from today.

According to Jaquez, Angelo's toughest test was against Villa Acuna, which split a doubleheader with the Greyhounds, 4-6 and 7-0. The team "south of the border" succeeded in beating out five Angelo hurlers in its victory.

Several fans are expected to accompany the contingent here. Rod Roman is due to go to the rubber for the Big Springers. The Bengals will be seeking to avenge a 6 to 1 defeat handed them by the Angelenos last May.

Gamboa's gang is definitely on the come-back trail. The Felines cuffed the Midland Colts into submission, 15-8, in a game played at Midland.

Roman will be backed up by such performers as Arista, cf; Subia, 2b; Martinez, 1b; Gamboa, 3b; Mendoza, lf; Fierro, ss; Rodriguez, rf, and Cruz, c.

Subia, Mendoza, Gamboa and Fierro collected two bingles each against Midland.

Confession Said Near In Chicago Slayings

CHICAGO, July 27 (AP)—William Heirens, his attorney announced today, is ready to confess formally three of the most lurid crimes in Chicago's history—the mutilation slayings of six year old Suzanne Degnan, a 33 year old former Wave and a 43 year old widow.

Asked his position if he is offered a confession in consideration of a life imprisonment recommendation, State's Attorney William J. Tuohy said, "I will consider it."

Malschy Coghlan, one of five defense counsel, said the strapping 17 year old University of Chicago student and wrestling enthusiast would place before Tuohy on Tuesday complete details of these three killings:

The kidnap-slaying and dismemberment last Jan. 7 of the golden-haired Degnan girl, youngest of two daughters of a Chicago OPA executive.

The shooting and fatal stabbing of Francis Brown, an ex-wave, in Chicago's mysterious "Lipstick Murder" last Dec. 10.

The fatal throat slashing on June 3, 1945, of Mrs. Josephine Ross, a widow whose body, the head nearly severed, was found by her daughter.

"The defense feels the time has come for Heirens to make known by confession to the State's Attorney the facts of the various crimes charged against him," said Coghlan.

Solons About Ready To Quit

WASHINGTON, July 27 (AP)—The 79th congress slumped "unflinching" labels on many of President Truman's favorite legislative proposals today and started heading home.

The house today picked next Friday as the date for formal and final adjournment.

The senate has yet to act on the resolution.

Leaders foresaw possible difficulty in mustering a quorum after today.

Many members already have left.

Behind them lies a record of cooperation with two presidents—Franklin D. Roosevelt and Harry S. Truman—on the weighty problems of war, and of fierce bickering with both on major domestic issues.

Before them lie the November congressional elections which republicans insist will give them control of the house of representatives for the first time since Herbert Hoover was president. The democrats express an opposite view.

Only One Precinct Convention Reported In Howard County

Picture of Howard county democratic precinct conventions was vague Saturday evening with only one convention definitely confirmed.

That was No. 3, the county's heaviest box, which named 13 delegates to the Aug. 3 county convention. There were reports that a precinct convention for No. 2 had been held in the courthouse shortly after 2 p. m., but W. L. McCollister, election judge for the box, said he had no definite information about it.

Named as delegates in No. 3 were George White, George Mims, A. P. Clayton, C. L. Gill, Mrs. Clyde Thomas, L. N. Brooks, Tommy Hart, Roy Williams, Coy Nalley, W. C. Blankenship, W. H. Cardwell, Grover Cunningham and J. B. Pickle, chairman.

Hot, Dry Weather On Election Day

The high for the state was recorded at Quanah—108. Wichita Falls registered 105, Clarendon, 104, and Dallas, Sherman and Pampa, 103.

Other temperatures included San Antonio, Wink and Abilene, 102; Laredo, Fort Worth, Austin, Alice and Brady 101 and Waco, Sulphur Springs, Big Spring and San Angelo, 100; Galveston, 99; Palestine, 97; Port Arthur, 95; Texarkana, 96; Brownsville, 96; El Paso, 96 and Houston, 97.

The Week

(Continued from Page One) in excess of \$5,000. Not only do these hurt the individual, but they may affect every policy holder in the city, for losses determine rates. Hence, year around fire prevention is everyone's business.

If the drought persists and the heavy market run of livestock continues here, more relief is going to be necessary in shipping. Already car shortages are creating problems. Cattle held over present difficult feeding problems.

Response continues good for the Howard County Junior College with well over 50 persons making inquiry for enrollment either in the college or its evening school. This is encouraging considering that only a few more than a week has elapsed since announcement was made of an opening date.

Veterans are being urged to support a Memorial Tree fund. The idea is to secure 38 donations for a tree, which will become a living memorial to some young man who lost his life in World War II. These will be planted in a park area to be developed on the tract at Eleventh Place and Goliad.

Several local people might be in a position to help solve the teacher problem in advance of school openings by listing rooms and apartments which might be available for teachers. Housing is one of the big obstacles school authorities have to hurdles in securing new teachers.

Radioactivity Bars Navy From Bikini Lagoon

ABOARD USS MT. MCKINLEY, Sunday, July 28 (AP)—Bikini lagoon was so dangerously radioactive today, three full days after the atomic bomb explosion, that no one was permitted to make close-range inspection of the damaged target fleet.

Only fast-moving patrol boats made quick dashes to the edges of the invisible radiation "walls" that hemmed in the targets.

To the list of apparently damaged ships was added the battleship Nevada, which was seen to be listing.

Latest unofficial opinion in the joint task force conducting the bomb experiments was that none of the four wounded battleships, Nevada, New York, Pennsylvania or the Japanese Nagato, was now in danger of sinking.

An undetermined number of the target vessels, however, are due to be scuttled or otherwise sunk after all available data has been gleaned from their virtually worthless carcasses, Vice-Adm. W. H. P. Blandy indicated.

MP's Appear At Marshall

MARSHALL, July 27 (AP)—The Marshall News-Messenger said today that Military Police, armed with pistols and clubs were seen around polling places here during the morning but were recalled shortly before noon after citizens had filed unofficial protests.

The Military Police were reported by the newspaper to have been from Barksdale Field at Shreveport. The protests were filed with commanding officers at that place.

Rep. Wright Patman advised the News-Messenger this afternoon by telephone from Washington that he would "go to the bottom end" of the appearance of the Military Police at the polls.

Myron G. Ballock, National Democratic Committeeman from Texas and war-time liaison officer on the staff of Secretary of War Patterson, telegraphed Patterson, "The people of this quiet and peaceful East Texas county awoke this primary election morning to find their polling places in Marshall policed by federal troops with guns and clubs. Nothing of this nature has happened in the county since the carpetbag and reconstruction days and although the troops were withdrawn about midday, the act was and is deeply resented by the people through-out this section and it is respectfully requested that a thorough investigation be made of this high handed and unlawful demonstration of military power."

Long Illness Fatal To Mrs. Little, 76

Mrs. Madera Adaline Little, 76, died at her home at 311 Goliad street, Friday at 4:45 p. m. after an illness of three years.

Mrs. Little operated a hotel in Big Spring until a year ago, and had hotel interests in Carlsbad, N. M., Joplin, Mo., and Webb City, Kas. She came to Big Spring in 1941 for her health.

Survivors include a son, Roy Little, and a daughter-in-law, Mrs. Sallie Little.

Funeral services will be conducted this afternoon at 4 p. m. in the Nalley chapel, with Rev. W. E. Best in charge. Interment will be in the local cemetery.

Pallbearers will include Dewey Marshall, Dr. T. J. Williamson, C. M. Alvis, D. C. Duncan, Lige Harrison, A. C. Williams, Charles Williams and Jack Wright of Midland. 521 to 600.

Runoff Apparent In Scurry Sheriff Race

SNYDER, July 27 (Sp)—A runoff in the sheriff's race of Scurry county shaped up here Saturday.

Lloyd H. Merritt led a field of five with 999 votes with the incumbent, Earl Strawn trailing with 629. Forrest W. Beavers polled 1,653 votes as county superintendent to unseat Mrs. Gaston Brock. Jim P. Billingsley went back as county clerk with 1,731 votes. In the governor's race, almost complete returns showed Jester leading Rainey, 521 to 600.

Marshall Talked For Atom Control Board

WASHINGTON, July 27 (AP)—Senators heard reports today that President Truman had considered naming Gen. George C. Marshall a member of the proposed commission on domestic control of atomic energy.

A senator who asked not to be identified told a reporter the former army chief of staff had been mentioned by Mr. Truman in preliminary discussions recently of the personnel of the five-member board. This group would be given unprecedented powers under a control bill sent to the White House yesterday.

Week's Business—

Drouth Brings
Heavy Livestock
Auctions Here

Livestock sales facilities in Big Spring were taxed for their third successive week, when more than 4,000 head of cattle went through the auction rings at the West Texas Livestock Auction company and the Big Spring Livestock Auction company on Tuesday and Wednesday, respectively. Heavily selling by ranchers faced with drouth ridden ranges has pushed July receipts upward to more than 12,500 head, with the market generally stronger than at any other time during the current season. Most grades of cattle sold lower than the season's high during the past week, but hogs attained a new top of \$19.50 per cwt. Large shipments have been moving from local stockpens to mid-western states, and the demand for railroad cars has developed a shortage of shipping space.

July building permits got a belated boost last week, when a sudden flurry of activity accounted for a total of \$41,740, more than the combined aggregate of the previous three weeks. Harold Letcher secured a permit for a tile and stucco building to be erected at 1107 Lamesa highway at an estimated cost of \$10,000, and three residences to be built by Louis Thompson accounted for \$12,000. The current total for July is \$81,525, for the year, \$894,116.

Warranty deeds for the week totaled \$26,485, bringing the total for the year to \$2,247,108.

Clothing Stores
Lead Reduction
In Retail Prices

Led by clothing stores, who are clearing their stocks of summer merchandise as quickly as possible, Big Spring experienced a wave of price reductions late this week which contrasted sharply with season-long levels.

The annual clearance sales, along with other decreases on a few important grocery items, were welcomed by the purchasing public, and although it might be only temporary it was generally regarded as a promising trend.

Clothing stores were set to move quantities of summer goods, with womens dresses, summer shoes etc. marked down considerably. Although nothing is definite yet on prospects for fall goods, all stores expect to receive enough to require them to make room in advance by encouraging the public to buy summer articles via the proverbial clearance sales.

Some appeal to purchasers by listing the percentages of their respective mark-downs, which sometime amount to no more than half the normal price, and others stage one-cent sales, with merchandise holding its normal price, but the customer is given an opportunity to purchase a second article for one cent.

Wanda Lee, Harry Hunt Married In Ceremony Solemnized Saturday

Rev. J. R. Clark Reads Single Ring Vows In Smyrl Home

In a ceremony performed in the Walter Smyrl home Saturday evening at 9:30 o'clock Wanda Evelyn Lee, daughter of Mr. and Mrs. Roy Lee, was married to Harry T. Hunt.

The single ring ceremony was read by Rev. James Roy Clark. For the ceremony the bride was attired in a street length frock of white eyelet embroidery, designed with a semi-tailored two piece effect. Her accessories were black, as was her small, sequin-trimmed felt hat. She wore a shoulder arrangement of pink rosebuds.

For something old she wore an engagement ring which had been worn by seven other brides in her family, and something old was a blue handkerchief. Something borrowed was a strand of pearls, and something new was a pair of pearl earrings, a gift from her mother. Evelyn Huddleston, acting as maid of honor, wore a white gabardine suit.

Edwin Cates acted as best man. Following the reception the couple was honored at reception in the Smyrl home. The table was centered with an arrangement of lavender asters, pink amaryllis and Esther Reed daisies.

The bride was graduated from Big Spring high school in 1945 and since that time has been employed at the State National bank. The bridegroom, son of Mrs. Harry Hunt, Sr., of Fort Worth is a 1942 graduate of Coahoma high school. He was recently discharged from the Air Force after serving for 10 months, and is now employed at the Consolidated plant in Fort Worth.

Mr. and Mrs. Hunt were to leave Sunday for Fort Worth where they will be at home at 1222 Washington.

YWA Feted With Party In Midland

Members of YWA in this district were entertained at a house party in Midland Friday and Saturday, with some 60 girls attending from Stanton, Knott, Calvary and First Baptist churches in Midland, and First Baptist church of Big Spring.

The festivities started Friday night with a banquet held at Midland's First church, after which a program opened with a moving picture of missionary work in Africa. Mrs. Milton Meyer gave the devotional on the watchword and ideals of the YWA, assisted by local YWA members, Arlys Atkins, Martha Hobbs, Audrey Harris, Ruth Hobbs and Doris Jean Morehead. The program was closed by the reading of the YWA dedication by all present.

The group then moved to the church lawn for a program including a review of the book, "Pray Ye," given by members of Midland YWA.

For Saturday luncheon the girls were guests of Calvary church in Midland, and on Saturday evening First Baptist church of Big Spring entertained with a barbecue at Midland park. Big Spring girls attending were Joyce Worell, Billie Jean Younger, Jean Cornelison, Norma Jones, Arlys Atkins, Martha Hobbs, Audrey Harris, Ruth Hobbs, Doris Jean Morehead, and From Knott, Billie and Betty Gross.

Mrs. Crocker Has Friendship Club

Mrs. H. V. Crocker entertained the Friendship bridge club Friday afternoon with a party in her home.

The house was decorated with arrangements of multi-colored tinias. Following bridge a sandwich plate was served. Mrs. A. W. Crocker made guest high in bridge, and Mrs. Garner McAdams made high score for members. Mrs. W. M. Gage and Mrs. G. L. James binged, and Mrs. R. F. Bluhm won the floating prize.

Guests present were Mrs. Crocker and Mrs. Robert Satterwhite. Members attending were Herbert Johnson, Mrs. Garner McAdams, Mrs. R. F. Bluhm, Mrs. G. L. James, Mrs. Lewis Murdock, Mrs. W. M. Gage and the hostess. Mrs. W. M. Gage will be next hostess.

Junior Adult Classes Have Game Party At J. E. Hogan Home

The Junior Adult department of the First Baptist church Sunday school gathered Thursday evening on the lawn of the J. E. Hogan home for a party.

Outdoor games were played and "42" tables were set up. Forty-five were present from the various classes including the Friendship class taught by Mrs. Theo Andrews, the Pollyanna class taught by Mrs. G. H. Hayward, the Bykota class with Mrs. P. D. O'Brien teacher, the victory class taught by W. K. Williams and the Bluebonnet class taught by Mrs. Hogan.

Radio Club Has Regular Meeting

The Radio club had a semi-monthly meeting at the home of Earl Blair south of town Friday night.

The group made radio contact with a marine aboard a ship off the coast of Costa Rica. Present for the meeting were Ben Jernigan, Mr. Beam, Andy Jones, Dick Hooper and Blair.

Church Women To Meet In Fifth Monday Session

Changing conditions will be the program theme at the regular fifth Monday meeting of the Federated Council of Church Women to be held Monday at 3 p. m. in St. Mary's Episcopal church.

All individual church meetings will be dispensed with this week for the joint meeting of all groups. The Rev. Charles Abele will be the principal speaker, discussing "The Changing World," and Mrs. F. O. Shuttles, district president from Odessa, will speak on the same topic. Mrs. Agnes V. Young will give the devotional and closing prayer.

At the business hour new officers will be nominated and elections will be held. Mrs. W. G. Wilson, Jr. will discuss progress at the Westside playground, the federation project.

Mrs. B. E. Huett Complimented At Bridal Gift Party

In a double ring ceremony performed Sunday evening, July 14 in Ralls, Mrs. Dorothy Byers was married to Louis F. Stall.

The double ring ceremony was read by the Rev. Alvis Bishop in the Bishop home. The bride and Mrs. Bishop are sisters. The bride wore an afternoon frock of sky-blue crepe with a simple shoulder corsage of white carnations.

She is the daughter of Mr. and Mrs. Corbett Clanton, long time residents of Howard county. The bridegroom, the son of Mr. and Mrs. W. A. Stall, is employed by American Airlines.

Following a short wedding trip, the couple is now at home at 113 East Fifteenth street.

Baptist Juniors Have Breakfast

Junior department members of the First Baptist church met at the church this morning at 7:30 o'clock for a special breakfast.

The group listened to the Baptist hour broadcast at which Dr. H. H. Hobbs, pastor of the Dauphinway Baptist church of Mobile, Ala., was the principal speaker. He discussed "The Lifting Power of the Cross." Baptist juniors all over the Southwest were asked to listen to the program. Following the radio program, Dr. P. D. O'Brien spoke to the group.

Breakfast was served from tables centered with a yellow runner on which were arranged bowls of summer blossoms.

Some 70 juniors from the 15 classes of the department attended the affair. Mrs. Ernest Hock is superintendent of the department.

Rev. Simms To Preach

First Presbyterian Church will have services at 10:55 a. m. Sunday with the Rev. P. Marion day with the Rev. P. Marion Simms preaching. Congregational meeting will follow the services.

Betty Bob Diltz To Wed E. L. Buckley August 17

BETTY BOB DILTZ

Mrs. Mary Diltz has announced the engagement and approaching marriage of her daughter, Betty Bob, to Ernest L. Buckley, son of Mr. and Mrs. N. C. Buckley of Lemmon, South Dakota.

The wedding date has been set for August 17 at 8 p. m., and the double ring ceremony will be read by Dr. P. D. O'Brien in the chapel of the First Methodist church.

Mary Ruth Diltz will attend her sister as maid of honor, and Ray Veatch will be best man. The bride will be given in marriage by her uncle, H. M. Jackson of Tulsa, Okla.

Miss Diltz was graduated from Big Spring high school in 1942, later attended Texas Technological college in Lubbock where she is now a junior student. She is a member of the local chapter of Beta Sigma Phi and of Las Vivas at Tech.

Buckley was graduated with class 43-15 at the Big Spring Bombarrier school where he received his wings and commission. He then served overseas in the European theater for two years. At the time of his discharge last summer he was a captain. Following his release from the service Buckley attended South Dakota State college and has been attending

Marie Bingham Married To H. L. Bass On July 24

Marie Bingham, Big Spring, became the bride of Harvey Lee Bass, Aspermont, in ceremonies solemnized Wednesday at the Smith house in Crosbyton by Elder T. A. Dunn.

Mrs. Bass, daughter of Mrs. Orie C. Fowler, Crosbyton, wore a dress of embroidered eyelet pique with navy blue accessories. Her corsage was an orchid and for something old she wore her mother's wedding band; for something new pearls from the groom; something borrowed a handkerchief brought from Germany by her brother; and something blue was her hat.

Mrs. Wanda Brints, Floydada, sister of the bride, was matron of honor, and Jessie Bass, brother of

the groom, was best man. Friends and relatives were present for the ceremony, which took place before a mantel decked with crepe myrtle. Immediately following the ceremony, there was a reception, and the bouquets of sweet-peas decorated the table.

Mrs. Bass is a graduate of Draughon's business college in Lubbock and was employed at Eberly funeral home from January, 1945, until recently. The groom is the son of Mr. and Mrs. H. I. Bass of Anton, has been working in Hawthorne, Calif., until recently, when he joined a newspaper at Aspermont. He is a graduate of Meadow high school. The couple is visiting here briefly and after Tuesday will be at home in Aspermont.

MRS. NORMAN G. HOOVER

Ladell Lee, N. G. Hoover Wed In Odessa Ceremony

Friends here have learned of the marriage of Ladell Lee, daughter of Mr. and Mrs. Carrol Lee of Odessa, to Norman G. Hoover of Norman, Okla., in a semi-formal wedding ceremony July 20 at 8 p. m. in the First Baptist church of Odessa.

The Rev. Arthur DeLoach read the double ring rites. The bride, given in marriage by her father, was attired in a street length frock of mother-of-pearl shades, with white accessories. She wore a strand of pearls, a gift from the groom, and a blue ribbon in her shoe, and carried a handkerchief which had belonged to her grandmother. Arranged on a white Bible was a deep-toned orchid.

Norma Mayfield was maid of honor, and bridesmaids were Wanda Knight and Laverne Marshall. Jack Gibbs acted as best man and Thomas Abshner and Loren Butler were groomsmen. The bride's younger sisters, Frances Lynn Lee and Carol Dean Lee, were junior bridesmaid and flower girl.

Immediately following a reception which was held after the ceremony the bridal couple left on a wedding trip to Oklahoma City. The Lees are former residents of Big Spring, and the bride attended Big Spring high school.

Coburn Outstanding In Ritz Drama Of Cronin's "The Green Years"

Charles Coburn, that deft and canny actor, in a role that demonstrates once more his amazing versatility, is the outstanding asset in the film opening today at the Ritz Theatre — "The Green Years," adapted from A. J. Cronin's best-selling novel.

Second asset — and one that will count heavily with the feminine portion of movie-goers — is the presence in the cast of Dean Stockwell, that enchanting child who made his screen debut in "Anchors Aweigh."

Coburn's performance as Alexander Gow, elderly Scotch he-donist, is of Academy Award stature and undoubtedly dominates the characterization in the film.

Tom Drake, portraying the hero as a young man, gives evi-

NEW ROMANTIC TEAM—Beverly Tyler and Tom Drake are pictured in a scene from "The Green Years," filmed from the novel by A. J. Cronin and showing today and tomorrow at the Ritz Theatre.

dences of growing ability. Hume Cronyn, cast as the parsimonious head of the household, comes mighty close to stealing the picture. Selena Royce contributes a graceful performance, while smaller roles are handled skillfully by Gladys Cooper, Jessica Tandy and Wallace Ford.

The film itself, produced with painstaking care by Leon Gordon, and directed by Victor Saville, is one of those broad rambling, panoramic productions at which MGM excels. The screenplay, by Robert Ardrey and Sonya Levien, opens in the year 1900, as Tom Shannon, an orphaned Irish lad, arrives in Scotland to live with relatives he has never seen. Two major problems beset him

throughout the years of his childhood and adolescence. He is determined to remain true to the Church of Rome, a faith to which his relatives, and particularly his great-grandmother, are opposed. His second determination is to become a doctor, an ambition which his miserly grandfather thwarts at every turn. Two loyal friends ensure the happy ending: the boy's great-grandfather, and his schoolmaster. The first is the role in which Coburn covers himself with glory; the second is played with warmth by Richard Haydn.

The narrative itself is a simple one. It's the incidents that give richness and color to the story; the simple events of everyday life which, for all their simplicity, arise from and express the fundamental experiences of love, faith and death.

UNUSUAL CO-STARS—Margaret O'Brien as the little orphan girl who tames a Bad Man of the West, Wallace Beery, are together for the first time in the Sunday and Monday attraction at the Lyric.

"GO FOR COVER"—Here come the Daltons! The familiar cry which rang out years ago wherever the desperados struck is echoed again in this scene from the State attraction today and tomorrow. "The Daltons Ride Again." The picture stars Kent Taylor, Lon Chaney, Noah Beery, Jr., and Alan Curtis.

Curtis, Chaney In State Film

"The Daltons Ride Again," announced as one of the outstanding screen attractions to come from Hollywood this season, is due today at the State Theatre. Made by Universal, the studio which produced the former Dalton picture, "When The Daltons Ride," the new film is said to be even more exciting than its predecessor.

Alan Curtis, Lon Chaney, Kent Taylor and Noah Beery, Jr., appear as the Dalton brothers. Martha O'Driscoll has the top feminine role while other distinguished players in the cast include Jess Barker, Thomas Gomer and John Litel.

The original screenplay by Roy Chanslor and Paul Gangelin, deals with the fatal raid on Coffeyville, Kansas, in 1892. It was during this bloody foray that three of the Daltons were slain. The survivor, Emmett, lived to describe the adventures and incidents which ended in the gang's destruction in Coffeyville.

Revelations Made In the picture, Emmett, on trial

for his life, reveals the true story to his loyal sweetheart. Alan Curtis portrays the surviving bandit. Miss O'Driscoll is seen in the latter role. As disclosed in the film, the notorious brothers had reformed and were battling for justice against the Kansas land-grabbers, when tricked into the Coffeyville ambush and their doom.

O'Brien And Beery Co-Star In Lyric Feature Sunday

The story of a tiny orphan girl who brings a Bad Man of the West to his knees, is unfolded on the Lyric screen today and tomorrow in "Bad Bascomb," new MGM picture, co-starring Wallace Beery and Margaret O'Brien.

Feaming of the veteran Beery and the talented Miss O'Brien is a master-stroke of casting, for the two offer a fascinating contrast in their respective roles of an amiable but hardened bandit and the little girl who proves she can hold her own with the toughest.

It is this curious attachment of the ill-assorted pair that brings an unusual tenderness and appeal to the narrative of a bandit and his accomplice in thievery who join up with a caravan of Mormons in order to escape detection.

United Shows To Play Here

The Greater United Shows start a week's engagement, east of Big Spring city limits, on Highway 80, next to Hall Auto Wrecking Yard, Monday night, July 29. This is the first appearance of this carnival in Big Spring. It comes highly recommended by towns in which it has shown.

J. George Loos, the owner, is a resident of Laredo, a member of one of the leading civic clubs there, of the chamber of commerce and other organizations. Is known as one of the leading citizens of Southwest Texas.

The Greater United Shows have some rides and shows that are new in Big Spring. There is plenty of fun and amusement on the carnival lot, but all of it clean, advance men emphasized. Loos is careful about the kind of amusements he carries and very strict about the conduct of his employes.

WHAT GIVES 'ROUND TOWN

By LEATRICE ROSS

From all indications it would seem that the draft board and the registrar's office are pretty nigh the nucleus about which revolves the world these days.

Our Uncle coughed up several of the hometown boys this week including such as Tip Anderson and Wesley Yater. Tip and Wes happened upon each other no end of times while they were in the Sea Bees and the two finished up in the Marshalls Islands. And just to make things come out perfectly, the navy considerably arranged for them to be discharged on the same day, both at San Pedro. More double type: they got the same service ribbons.

Tip, incidentally, was somehow involved in the construction of the ramp from which the atom bomb plane took off... He has done an entering Howard county junior college this fall.

Others among the long-gone-away who have popped up lately are Keith Bailey, Bobby Barron, Earl Lusk, Darmond Hill, Ted Pachall and R. L. Heath. Earl Darmond and R. L. say they are looking in the direction of Tech. Where they'll go... And there's no backing out now because credit transcripts have been sent to indict them... ACC, Betty Ray Nail, "Beans" Miller, Castle Campbell; TCU, Betty Lou McGinnis, Anna Waters; Mary Hardin-Baylor, Muriel Floyd, Doris Morehead; Tech, Patti McDonald, Evelyn Green, Cecil Beath; Hardin-Simmons, Babs Seydler; Millsie Balch, Mory Page, Charlene Tucker; TSCW, Lina Wolfe, Luan Wear, Ann Blankenship, Francis Weir; Texas U. Helon Blount, Bobbie June Bobb; McMurray, Jane Norris; A&M, Jimmy Shaffer, Billy Coleman. By no means a complete tabulation.

Jimmy Webb, La Verne Reynolds, Corky McDonald, Roz Beale were out for a drive last Saturday eve. Others seen about were: Alice Dorsey, Carolyn Cantrell, Bill Blalack... and also about 175 assorted persons... Betty Ray Nail and Ardis McCasland slipped out Wednesday afternoon at the J&H drug... Earl Lusk, Darmond Hill and Dave Flat were there, too... Mary Ann Goodson and Marie Thames skated Saturday night.

Billy Crunk, Billy Chrane and Wesley Rogers breathed Christ-oval atmosphere Saturday. They declare that half of Big Spring surely must have been there. But when pressed for names, they only recollected Virginia Neal's.

Mail Call: Dapha Gideon, with a foot in TSCW's portals, got a letter from the girl who will share the same chamber there... Lex James pens a card from Shreveport, La., to say he is on his way to Memphis, Tenn... Gil Barlett possesses letter and picture from Carol Conley, Coloradoan who tarried down here some time ago.

Things you should know: Bobbie Dement comes home from California bearing gifts. Nylons for Melba "Miss Big Spring" Corning... D-Eon Priest now carries on his life with the army in Utah.

Basting in the heat, seasoned with oil and a dash of water Sunday were Joyce Beene, Jerrine Bankson, Dickie Cloud, Gib Sawtelle, Dot Wasson, Jackie Barron, Jo Nell Sikes, and Vivien Middleton at the pool. Tommie Stant mess-time kept up talk with Ingh Cochran, protector of life and inner-tubes there.

Week-end movies had the following seated for a couple of hours: Daryle Hohertz, Rayburn Newton, Dorothy Purser, Clema Helen Potts, Clarice Petty, Mamie Jean Meador and Jimmy Tamsitt. Jimmy is here from college for the summer. A contender in pre-med, Jimmy will be at Tech next fall. Heretofore he'd been a Texas U man.

Joe O'Brien was home last week-end from H-SU. A pre-med student also, Joe insists that H-SU is just the friendliest college he knows.

Obviously there is an unwritten contest in progress as to who can carry out the oddest notions at slumber parties. This week Mary Gerald Robbins' guests had a weinener roast at 2 a. m! Indulging were Rose Nell Parks, Jane Stripling, Jean Pearce, Mattie Queen, Betty Lou Huett, Erylyn Wright, and Ann Currie.

Among those who absorbed tennis drills for the first time this season were Kitty Roberts, Pattie McCormick, Mattie Queen, Jean Cornelison, Donnie Roberts and Lil Rowe. Racket vets who sparred with them are Jean Pearce, Helon Blount and Dot Cauble—all of whom will be entries in a proposed tourney. Swinging on the other side are Bill Campbell, B. B. Ses (top singles), Culin Grigsby, and Keller Lawrence. Good-looking trophies bait the tourney snare.

Don Wilkes is playing around in Wichita Falls as of now... Wilma Jo Taylor and Betty Lou McGinnis looked Sweetwater over this past week... Beverly Stulting carries on in Corpus Christi... Pat and Johnnie Phillips have been in Harlingen.

The Stewart twins—Erline and Merline—are seen about town again. They are Tech Spanish majors... We note that Bobby Blum and Sue Nell Nail were among graduates in this week's swim class promotion exercises. Each was bestowed a button as proof thereof.

Charlotte Holden and C. A. Tonn helped with a recent young peoples' revival here. Charlotte is a religion major at H-SU. Distinctions: Bobbie Green was the first student to enroll in our

Local Trippers Asked To Give Program At Midland Club

Big Spring's rodeo boosters have been invited to attend the regular luncheon of the Midland Lions club Wednesday and present a program, Bill Collyns, manager of the Midland chamber of commerce, has announced.

Collyns said the Lions had authorized him to extend the invitation after it was learned that Midland would be a lunch stop on the July 31 schedule for the rodeo motorcade. The motorcade, arranged by the Big Spring chamber of commerce goodwill department, is scheduled to be in Midland from 12:10 p. m. to 1:30 p. m.

Coffey, will join Tech's ranks as a junior in the fall. Robert has scholastic experience from Lafayette Institute (La.) and Tulare to his good, having spent the greater part of his naval career in school. However he does comment drily about Shanghai and other Chinese towns where he was for about two months.

Bobby Horne, now from Fort Worth, was through here last week... Jerrie Hodges is visiting from Albuquerque.

Story with attitude: Jack Merrick claims he played 50 tennis games in a single day!

Red Cowper, who hails from Florida, has been seen about with Wanda Schollosser.

Water Activities Scout Camp Slated

A water activities camp for Buffalo Trail Council boy scouts will be held August 12-17 at Fort Stockton park, H. D. Norris, local scout executive announced today.

The program, which will center chiefly around swimming, boating and other water activities, will be open to all registered scouts in the council. The registration fee is \$7, which covers the cost of meals and shelter facilities, Norris said. Scouts attending will have an opportunity to earn swimming and life saving merit badges and Red Cross certificates in several classifications.

Toastmasters To Meet

C. J. Staples is scheduled to be the featured speaker on the Toastmasters club program Monday at 6:30 p. m. at the St. Mary's Episcopal parish house. Jake Johnson and Arthur Caywood are slated for five-minute talks. Topic master will be Wayne Williams and Bill Dawes will serve as toastmaster.

Mr. and Mrs. W. A. Stall have returned from California where they visited their daughter, Mrs. Bob Long, and family in Fresno, and other relatives in Hollywood and Long Beach.

TEXAS OWNED AND OPERATED

Hard, But Not Insurmountable Job

The city commission faces a stiff job in shaping a balanced budget for the fiscal year; it is, however, not an insurmountable one.

A draft which includes most of the projects suggested is before the commission for study. Naturally, it substantially exceeds anticipated revenues for the period and will if the commission's expressed desire for a balanced budget is realized, have to be trimmed substantially.

This does not presuppose that all bills will have to be pulled in. Indeed, a broad program of activity and improvement should still be possible.

Some things may have to be set back on the calendar in view of the commission's expressed intention of giving water and sewer expansion priority. This seems to us to be wise, for as we represent necessities of the community, for as we grow people must be served with these essentials. It also means that we should be alert to expanding water sources, too, the Colorado River Municipal Water association program notwithstanding.

On this point it should be noted that Big Spring has gone thus far through a severe drought with an all-time record water consumption. There has not been, and there is little possibility that it will be necessary to ask anyone to stint on the use of water. Yet, a realistic view of the situation points to the advisability of supplementing the supply so that there could not exist, in realms of

anticipated growth, any pinch on water. Hence the wisdom of priority for a balanced water program.

A costly program, and a needed one, will be paving. Allocations in the budget to this item may be whittled and without serious consequence to the program as it is developing. It is probable that the city will be able to finance its part of all paving that will be installed before the end of the fiscal year. When cold weather comes, this program necessarily will be retarded.

There will be many other items facing commissioners for a choice. Included will be those of park development. We hope that the allowances in this direction will be as liberal as circumstances will permit for Big Spring is in need of a system of parks within the corporate limits.

Provision must be made for some new services, among them finances for supporting expanded health facilities to handle the livestock ordinance. Proposed erection of a sub-fire station likewise will mean more costs.

In the light of demands, it will be necessary to re-examine closely the general set up to make sure that organization does not become top-heavy, especially so since wages and materials both are at peaks. It won't be an easy task, but we believe that the city can produce a satisfactory budget which will aid and not retard community development, and one which will be balanced.

Nazi Kids On Picnics

By JAMES DEVLIN
(For HAL BOYLE)

BREMEN, (AP) — American airmen stationed at the Bremen airport are trying to find a picnic route to democracy for German boys and girls.

Ten of the airmen are giving up their Sundays and three evenings a week to work with the children. They say that Nazis are not born, but made, and that with proper guidance the German young could be fashioned into Democrats.

Their program was begun in May. How it operates was shown here the other day, when three US Army trucks drove up to a Bremen school and took on a cargo of about 80 smiling, waving boys and girls, 10 to 15 years old.

The vehicles clattered through the bomb-devastated city, out into the country, and came to a halt in a picnic ground in a glade. There the children piled out, some to go romping through nearby woods, others to clamber back all over the trucks. Softballs and basketballs appeared.

Whether it was the teachings of democracy or not, the ball invariably was tossed to any newcomer stepping into the circle. There were no arguments or squabbles, no occasions for rips and rips, and never did any soldier say "don't!" do this or that.

Then came time to distribute candy.

Colored sweets — supplies by the airmen out of their own rations — were piled in three big plates on a long table. But there was a delay when it was discovered that some of the children, after picking blueberries, hadn't returned.

Those at the benches were hungry. But during the wait of fifteen minutes none reached for, asked for or even looked at the candy. They chatted as though it

were not there.

When the stragglers appeared, soldiers began to distribute the sweets. There were no cries of "me, me." All the boys and girls sat in their places until three or four pieces were given to each.

"These kids have remarkable poise," one of the hosts said. "We can't decide whether it is the old idea of discipline or whether they are just polite. Sometimes we wish they would set up more of a clamor."

Food Prices Down In Local Groceries

Grocery prices took a turn for the better in Big Spring for the week-end, after a wave of uncertainty had prompted mark-ups on several items earlier in the week.

Butter, which sold for about 80 cents a pound Tuesday, had dropped to 69 cents today and most grocers were advertising that stocks are plentiful. Bacon, scarce and higher for several weeks, brought 75 to 79 cents a pound earlier in the week, but several stores were selling at 59 cents today. Lesser decreases on other items, which had temporarily shot upward, also were noted today.

Prisoner Turned Over To Abilene Sheriff

Oliver M. Thompson was turned over to members of the Taylor county sheriff's department Thursday afternoon by Sheriff Bob Wolfe, who had picked him up earlier in the day.

Charges of selling liquor without a license were being readied for Thompson in Abilene, according to the escort.

Washington Merry-Go-Round—Drew Pearson

May's Nephew Made Big War Profits

WASHINGTON — This is another chapter in the weird story of Congressman Andy May — a member of the May family, nephew William H. May, Willie May began the war with assets largely consisting of a pair of slick pants and a loud mouth and finished the war a reputed millionaire.

He served exactly nine days in the army, was released from active duty at instance of General Tire and Rubber, and then proceeded to get a West Point appointment — through his congressman uncle — for the son of a General Tire and Rubber company executive. All of this, of course, was simply to win the war in a hurry.

While other young men were giving up their lives at Guadalcanal or the Normandy beaches, Willie May escaped the draft, built up a lush business, bought one of the show-place farms near Frankfort, Ky., and has now so extended his business that he is building houses for the Mayo Clinic in Rochester, Minn.

It certainly pays to have an uncle who is chairman of a powerful committee in congress, especially the military affairs committee when a war is on.

Finally, the company for which Willie May worked, General Tire and Rubber, got an E-award, despite a very unfavorable report by army engineers that it was deceiving army inspectors in the testing of rubber pontoon floats.

War department records show that young Saalfeld was appointed from Hazard, Ky., which is in Congressman May's district. However, war department records also show that young Saalfeld asked that notice of his West Point appointment be mailed to 105 Wolcott Road, Akron, the permanent home of his father.

The elder Saalfeld, when queried about his son's appointment, said that it was arranged entirely by May's nephew and the only time he, Saalfeld, had talked to the congressman was when the latter telephoned to ask the correct spelling of his son's name. Apparently all Willie had to do was ask, and Uncle Andy went to town for him with the war department.

The elder Saalfeld, who is still the General Tire executive at Huntington, said that Willie May had not worked directly for General Tire, but for a sub-contractor, Allied Packers, which boxed the mobile machine shops made at Huntington.

Army records, however, state categorically that young May was released from the army to take a job with General Tire, and General Tire officials said that he had been drawing a salary until about eight months ago.

director of the Kentucky division of securities, sued the state to get his old job back under a Kentucky GI bill of rights. While pressing the suit he went to work for the William H. May company, and during the trial he was asked how much he was paid by the May company.

"\$750 a month," Schneider replied.

Judge William B. Ardery, flabbergasted, leaned over and asked him to repeat his answer. Schneider did so.

"Did I understand you correctly that you said you were being paid \$750 a month?" asked Judge Ardery, still puzzled that a man should sue for a \$350 a month job, when he was getting \$750.

"Correct, your honor," was the reply.

May is paying this salary in connection with his new building project at the Mayo Clinic in Rochester, Minn.

Yes, the war has been kind to Willie May, either the war or his uncle.

Capital Chaff

Congressman Frank Boykin, voted by his own colleagues the laziest man in the house, is running like mad for the senate seat of the late John Bankhead. He has been claiming credit for every benefit to come to Alabama from Washington in the last 20 years. One campaign issue is opposition to the British loan—although he was not here to vote against it.

Reaping Of The Whirlwind

By FRANK GRIMES
Herald Special Writer

For many weeks the press of Chicago was filled with the hunt for the slayer and mutilator of little Suzanne Degnan. Since the arrest of 17-year-old William Heirens it has been filled with stories connecting this youth, or seeking to connect him, with the Degnan crime and a long series of burglaries and murders. Heirens' fellow-students came to his defense, asserted, "Why, he wouldn't harm a fly—he was the soul of kindness—he was a model student—he loved children"—and so on.

We are not here concerned with Heirens' guilt or innocence, but with the unaccountable blindness and stupidity with which society consistently fumbles one of the most elemental of crime problems — how to protect itself against psychopathic sex criminals.

Under a modest headline on an inside page July 17, the Chicago Daily News carried a brief story telling of the arrest of a 27-year-old unemployed delivery "boy" who had confessed to strangling to death a 7-year-old girl he had picked up on his motor scooter.

On July 18, the following day, the Daily News began a two-part series on sex criminality in Chicago. Illinois has had a state law since 1938 designed to sweep sex criminals off the streets. In that time 11,000 sex offenses have been reported, but in only one case has this law been invoked against an offender. (The law "would lodge sex offenders indefinitely in an institution if a perverted bent were shown by psychiatric tests.") Authorities estimate an additional 11,000 cases have occurred since the law was passed, and gone unreported.

On July 20, also under a modest headline on

an inside page, the Daily News told of the arrest of a 25-year-old waiter accused of luring a 5-year-old girl to his hotel room and attempting to attack her. The more sensational Heirens case with its multitude of "angles" occupied the entire back page and much of the front and inside pages.

For failure to invoke and enforce the state's law against sex offenders—the record shows one in five is a repeater—the state's attorney blames the psychiatrists and the psychiatrists blame the state's attorney. Amid all this buck-passing, at least 11,000 and possibly 23,000 potential murderers and rapists either got out of jail after a short term, or continued to prowl the streets of Chicago unmolested by the law.

Every large city has the same problem, and almost without exception they bungled it the same as Chicago does. Known perverts are loosed upon society time after time, until finally one of them commits an outrage a little too terrible to be ignored — and we have another Degnan case.

The offenders "just can't help it." But society could, if it would approach the problem realistically. Repeaters should be confined, as the Illinois law provides, and two or more offenses should call for mandatory sterilization. But no law is any good unless enforced.

We wonder if better results could not be achieved if the Chicago papers paid less attention to the sensational aspects of the Heirens and similar cases, and devoted more space to the asking of questions as to why the Illinois law covering sex criminals is not being enforced. Reporting in gory details the results of criminality rampant sells more papers, to be sure, but if more attention were paid to law enforcement there would be less crime news of this nature to satisfy the craving of the morbidly curious, and more security for women and children.

Government In Mental Health Field

(EDITOR'S NOTE: This is the second of two stories explaining what the government has just done to fight mental disease.)

WASHINGTON, (AP) — Shocking stories and pictures of the treatment of patients in some state mental hospitals were printed in the past year.

Behind such stories are reasons like these:

Not enough money spent on

mental hospitals and not enough trained people — like psychiatrists and attendants — to handle the patients.

The government has stepped into the field and will build, probably in about two years, a national mental health institute. It will have \$10,000,000 a year to spend on:

Its own research into mental illness, helping with research in schools and hospitals, training young specialists, and assisting the states.

There are only 4,000 psychiatrists in this country, including those in the armed forces. 16,000 are needed.

A mental health program able to do the job that needs to be done would require an additional 1,700 psychologists, 15,000 nurses, 4,500 occupational therapists, 15,000 attendants, and some 3,000 other technical personnel.

The first line of defense against mental illness is the general medical doctor but "today the general practitioner is inadequately trained to handle mental illness."

The committee said further: "Psychiatric training today is inadequate in perhaps one-third of our medical schools and it was non-existent at the time when many of our older physicians received their medical training."

"Accordingly, a mental health program must call for the encouragement of adequate psychiatric training in medical schools for the improvement and expansion of teaching facilities. Present facilities for training psychiatrists are inadequate."

Here is a picture of the mental health program as given by the Senate committee on education and labor after studying the field: "The most serious deficiency in the field of mental health is the lack of trained personnel."

Rags-To-Riches May

Here is the full, play-by-play account of the fantastic, pathetic life of Willie May.

Shortly before the war, Willie's Uncle Andy got him a job with the Federal Land bank in Louisville; but as war broke, Willie had graduated to the job of Kentucky commissioner of agriculture at a salary of \$4,000. This was the most Willie ever made before.

Came the war, however, and suddenly Willie's income rose to astronomical proportions. How much his uncle on the military affairs committee had to do with this is not known, but war contracts seemed to drop in his lap. Willie was only 34 with no previous industrial experience, yet he made bomb parts in the rear of a garage at Frankfort, set up a factory at Shelbyville, started a lumber operation near Morehead.

And with his brother-in-law he organized the Nathan Christopher company at Miami where various of the May in-laws manufactured small boats.

Willie's most interesting operation, however, was at Huntington, W. Va. About this time the draft caught up with Willie. He was inducted May 1, 1944 by local draft board 44, Floyd county, Prestonburg, Ky., the home of his uncle. According to army records, he was released May 9 to take a job with the General Tire and Rubber company.

At Huntington, General Tire was assembling mobile shops — machine shops mounted on trucks for the repair of army equipment in the field. In charge of this work was Robert Saalfeld of Akron, O., a wartime General Tire executive.

West Point Reward

And after young May was excused from his 9-day tour of duty in the army, Saalfeld's son was appointed to West Point by May's congressional uncle.

Cosden Announces Crude Hike; Products Raised

Cosden Petroleum Corp. announced an increase of 25 cents per barrel on all grades of crude oil.

R. L. Tollett, president, announced the raise, meeting announced increases by several other companies, although the anticipated raise by Shell, which Cosden normally follows, had not materialized Saturday morning.

Effective date of the hike was set at 7 a. m. on July 25, 1946.

On West Texas and New Mexico sour crude, oil below 20 gravity was pegged at \$1.05 per barrel on the new listings with a two-cent increase for each degree of gravity to 40 degrees. The new price for 40 gravity and above is \$1.47. North Texas and North Central Texas crude starts with \$1.36 for 28-29.9 gravity oil and increases two cents per degree to \$1.60 for 40 and above.

At the same time, Cosden announced that probable increases would take effect on products from the Big Spring refinery. Gasoline is due to go up one cent per gallon, distillate one-half cent per gallon and fuel oil one-half cent per gallon. This would make an increased rate of 27 cents per barrel. This exceeds the announced crude increase for the reason a 10-cent increase was announced on April 1.

Cosden processes approximately 15,000 barrels of crude daily. Estimates were that the amount of increase would approximate \$3,000 to \$3,500 daily for producers in local areas.

Negro Cub Scouts To Attend Camp

Cub scouts of pack 47, which is composed of negro youths in Big Spring, will attend a camping trip to Moss Creek lake Friday afternoon, D. M. McKinney, cubbing commissioner, has announced.

Accompanied by McKinney, Oliver Reed, negro cubmaster, and two boy scouts, the group is scheduled to leave from Inez Brown's house at 6 p. m. Transportation will be furnished, McKinney said.

The cubs are required to bring bedding, eating utensils and cloth sacks, and those who have musical instruments have been urged to bring them along. Each cub also has been asked to bring enough food for two meals.

TRY THIS AMAZING HOME RECIPE TO TAKE OFF UGLY FAT

Right in Your Own Home, You Can Lose Pounds of Excess Weight Without Starvation Diet or Strenuous Exercise

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drug-gist and ask for four ounces of liquid Barcenate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grape-fruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active. Perhaps you are overweight due to over indulgence in food or the wrong kind of food. With the Barcenate home recipe method, you do not have to starve yourself or go hungry. Just follow the simple instructions given on the label and you should get satisfactory results quickly. The very first pint you make up should show results. Why not slim down your figure without a lot of fuss and bother? Try the Barcenate way. Wear your streamlined frocks and slacks gracefully. Remember, if the very first bottle of Barcenate doesn't show you the sensible way to lose weight, your money will be refunded.

Vacation Trips Take Employees Out Of Town

M. M. Miller left Wednesday on a business trip to Lubbock, Amarillo and Pueblo, Colorado.

R. L. Tollett returned to the office Monday after spending a six day vacation at Ruidoso, New Mexico.

J. W. Burrell returned to the office Friday after spending three days in the hospital for a general check-up.

Henry M. Stewart, former Bulk Plant employee who has just been discharged from the armed service, was a visitor in the office Thursday. He will return to work soon.

Fattie McDonald and her brother, Billy Bob who has just received his discharge from the navy, spent last week-end visiting in Kermitt.

Mrs. J. B. Mull and the two children returned Friday night from a trip to Clay county, Kans., where they visited with Mrs. Mull's mother and father.

Harry Gately, with the Southwestern Life Insurance Co. in Fort Worth, was a visitor in the office this week.

M. J. Williams returned to work this week after recovering from a tonsillectomy.

Helen Duley received a letter this week from Mrs. Tommie Dodrill, former Cosden employee who is now living in Philadelphia, in which she stated she had seen Mr. and Mrs. Jack Smith and Mr. and Mrs. L. T. King while they were there attending the Lion's International Convention.

E. B. Dodson received word that his mother was seriously ill and he left Friday for McMinnville, Tenn.

Jack Smith reported that while in Philadelphia he had a nice visit with two former employees, Mrs. Tommie Dodrill and Mrs. James F. O'Neil, the former Patty Toops.

Fred Beckham returned to work after being off part of last week due to an accident.

The following refinery employees are now on their vacations: C. L. Patterson, C. E. Millam, J. O. Hutt, H. F. Merrell, Adrian A. Porter, R. D. Lane, Leonard Burks, Paul Holden, J. C. Morgan, N. G. Barnaby, Tom Smith, J. F. Reidy, W. G. Simpson, Willie O. Washington, R. H. Owens and J. N. Lane.

The Cosden Softball Team is really going strong. They played four games this week, winning all of them, three of which were league games which put them in first place so far in the City League. They played a game last night with Ackerly.

Pfc. Harry R. Vieregge, son of Mr. and Mrs. Alvin Vieregge, 1111 North Gregg, this week was graduated from one of the world's greatest educational programs—one of the AAF Training Command's airplane mechanics training courses at Keesler Field, Miss. The training he received in the mechanics school covered basic airplane and engine mechanic operations.

Farm And Ranch News

By WACIL McNAIR
Traveling over powdery roads, some of which have not seen a "dust-laying" rain in months, the group making the 4-H club steeple tour Thursday saw the general crop outlook for Howard county in black and white, and it was mostly black. The northwestern part of the county, including the immediate vicinity of Knott, is checkerboarded, and sharp contrasts are visible at every turn in the road. Localized showers gave planting moisture to a few scattered farms, but the boundaries were abrupt, and the biggest squares on the checkerboard received none. Driving westward from highway 87, thousands of acres are without green vegetation as far as West Knott. Here is one of the most abrupt changes, with some of the most promising

cotton in the county on a few sections continuing to the Martin county line. The dry area from about six miles north of Big Spring to Knott, however, takes in land which has been some of the county's most productive in former years. The farmers have it ready, in excellent condition to take advantage of the first shower.

Rangeland in the extreme dry sections has little more vegetation than the plowed fields, with the last wisps of grass withered weeks ago, and heat radiating from the parched earth creating a horrid appearance on the noon-day horizon.

From Knott eastward, conditions are general, with ranges deficient and cotton land unplanted. A few small fields of combine maize pop up miraculously, however, and although they are suffering, some will yield grain. The total crop, however, will hardly be significant.

County Agent Durward Lewter was pointing with pride at the well-kept pens and sheds most of his 4-H club members have arranged for their show steers. Many of the pens are constructed of timbers and covered to heights of 10 or 12 feet with chicken wire. The club animals must be kept to themselves, and special precautions must be taken to keep them free from annoyances by poultry if they are to get desired benefit from feed, Lewter said.

The Texas 4-H club Round-Up will be held in College Station Aug. 27-30, with two boys and two girls from each county, to be selected on a basis of accomplishment in club work, to attend the three-day program of instruction and entertainment. County agricultural agents and home demonstration agents from every county also will attend.

Junior College Expecting High Enrollment

All signs point to a good enrollment for the Howard County Junior college and its evening school, President E. C. Dodd said Saturday.

Although it has been only a week since he made the announcement that the college would open on Sept. 30 for its initial term, approximately 50 persons have notified his office that they intend to enroll either in the college or in the night school.

Dodd said the faculty was virtually complete with only the instructor in Spanish and a librarian to be chosen. He anticipates that these posts will be filled within a week.

Support for the evening school, which will be conducted Mondays through Thursdays from 6:30 p. m. to 10:30 p. m., has been even better than anticipated, said Dodd.

Folders telling about the college have gone into the mails and are being distributed generally. Fee charges were announced at \$3 per semester hour for those registering for nine or more semester hours of instruction and \$5 per semester hour for those registering for less than nine. Normally a student carries 15 hours each semester, which means an average semester tuition of around \$45. In addition, nominal laboratory and library fees will be charged.

The board of trustees of the college has announced a scholarship to the highest-ranking graduate of the 1946 spring commencement in any accredited Texas school.

Inquiries about enrollment either for pre-professional or pre-college work, or in vocational or terminal course fields should contact Dodd at the school administrative office or telephone 1804.

Voc Ag Director At Abilene Conference

Paul E. Sweatt, head of the vocational agriculture department which is being reactivated at Coahoma, has been attending a joint conference for VA teachers in areas No. 1, No. 2 and No. 4 at Abilene.

The three-day parley was concluded Saturday. Sweatt is shaping up plans for reorganizing work in the department at Coahoma with the first semester. Vocational agriculture training there was suspended during the war.

More Veterans Give To Tree Memorial

More veterans added to the growing Memorial Tree fund Saturday.

T. S. Currie, Jr., and Chester Cathey designated their tree gift in memory of Joe Diltz, and Robert Evans, Jr., and John M. Nobles designated theirs for David Lamun. Among those not making designations as yet of their gifts were Tom W. Cantrell, G. F. Watt and Ira Butler.

To Open Here Tax Office Due

Plans are to open a full-time office of the deputy collector of internal revenue here. H. W. Axe, deputy collector in charge of the Odessa district, announced Saturday.

Ben M. Hawkins, who has been assigned to the Odessa office, will be transferred here, said Axe. As soon as Hawkins is able to find housing accommodations, the office will be made permanent.

Axe said that effective date of Hawkins' assignment here would be Aug. 5. After that date it is hoped that it will be possible to maintain at least one deputy collector in the office at the post-office building all of the time.

At the present, seven tax agents are working in the Odessa district to assist federal tax payers in their problems, said Axe.

PESTROY DDT LIQUID COATING

Here's how PESTROY kills and keeps on killing insects! After application, PESTROY DDT particles rise to top of coating, form a crystalline film. This DDT film kills insects that touch it: : : Keeps on killing day after day, week after week. You see, PESTROY is compounded with a new type of synthetic resin. This special resin binds PESTROY DDT to any surface, makes it cling, keeps it from brushing off or blowing away.

- WHY PESTROY IS SO AMAZING:
1. It's a crystallized coating—it's on the job with full effectiveness 24 hours a day.
 2. It's a perfectly balanced DDT formula—an exclusive, scientific blend of DDT and other chemical agents.
 3. It brushes on—it's easy to apply... does away with with bothersome, constant spraying.
 4. It stays on—doesn't brush off or blow away. You apply it once and it lasts.
 5. It's safe—eliminates irritating fumes and other dangers of spraying.
 6. It kills and keeps on killing—one application has lethal effects for months.
 7. It's economical—can be applied without waste to the spots where it does the most good... gives lasting protection against bugs.

Thank You, Thank You!

We have had so many firms and individuals who have shown us so much kindness and cordial friendship, that we hardly know how to express our gratitude, our whole-hearted "glad to know your neighbor" and sincere thanks.

First we wish to thank those thousands of folks who spontaneously accepted our invitation to the Prevue and Grand Opening; to acknowledge our appreciation to the firms who congratulated us through advertising; and to tell you how much we appreciated the floral presentations from neighboring firms, from individuals, and from the out-of-town acquaintances and firms of West Texas.

We, the owner, the local manager and personnel of Nathan's Jewelers, take this opportunity to express our sincere thanks.

Man Badly Bruised In Auto Collision

One man was confined to a local hospital and several others suffered minor bruises as result of an automobile collision that occurred approximately one-half mile east of the city limits on highway 80 about 12:45 a. m. this morning.

James Luther Sanderson, Big Spring, is recovering from knee injuries and body bruises at a clinic here. He has been charged with driving while under the influence of intoxicants. Onlookers said his machine was on the wrong side of the highway at the time of the mishap.

The occupants of the other vehicle were Joe Thomas Wiggs, Dan Wiggs, Sam Massie and Billy Chandler, all of Weatherford.

Colorado Reservoir Application Due To Be Completed Soon

It is probable that an application for a permit to impound 110,000 acre feet of water on the upper Colorado river will be filed with the state board of water engineers by Colorado City within the next two or three weeks.

Colorado City will file as trustee for Snyder, Big Spring, Midland and Odessa, who, with the petitioning municipality, comprise the Colorado River Municipal Water association.

The city commission at Colorado City adopted the proper resolution authorizing the mayor to file, and the application to the state board now awaits completion of certain engineering data by Freese & Nichols, engaged to work up preliminary data on the proposed project, according to H.

C. Ratliff, Colorado City attorney. Two conferences were held recently with Upper Colorado River Authority interests, which have asked for water rights downstream at Robert Lee for irrigation purposes. It was proposed by the Robert Lee interests that the CRMWA take its water at Robert Lee instead of constructing a dam five miles above Colorado City.

Decision on this likely will hinge on results of engineering data. W. W. Whipkey, Colorado City newspaper publisher and for years a practicing engineer, is of the opinion that cost of additional pipeline will be more than the cost of a dam. This would not include power costs necessary to overcome 300 feet more lift.

When the application is filed, the state board likely will set a hearing date. It will then become apparent what course the UCRA intends to follow, but indications are that there will be no serious protest should the CRMWA elect to construct its own dam.

Airport Baptists To Begin Revival

Airport Baptist church will inaugurate a revival series of meetings Sunday with the Rev. Bill Arnett, district missionary, as the evangelist.

The Rev. Arnett, former pastor at Foran, will be assisted by the pastor, Rev. Edwin Spears. Services will be held at 10 a. m. and 8:15 p. m. daily with the exception of Sunday morning worship at 11 a. m. The meeting continues through August 4.
