Tahoka, Tigers Meet Here Tonight; Parents Night at Final Home Game

Parents Night at Slaton School's last home game is being held tonight. Half-time honors will be taken up by the crowning of the Queen and the Pep Sweetheart—and honors to the parents of the football team.

Following the game, team dinners and their parents will be served a dinner in the West school cafeteria by the Mothers Club.

Parents received by parents will serve as their pass to the game and must be presented at the gate.

Leonard Ehrlert said that his boys were in good physical shape for tonight's game with Tahoka.

Ehrlert won their first game last week over Abernathy. Ehrlert said they had an improved team over the first of the season.

Floydada took their third consecutive victory from Slaton last Friday at Floydada 26-13. Only about 1,000 persons were present at the game.

Fumbles on Slaton's part set up one of Floydada's four touchdowns, and stopped scoring threats for the Tigers when they were inside the Whirlwind 10.

Twice during the game the score was tied, but the Tigers failed to lead the Whirlwinds at any time during the game. Rodney Fulcher scored one of the Tiger touchdowns on a 14-yard run, while Alex Franco

marked up the second on a one-yard run. Pat Adamek converted the extra point by carrying over the goal line.

Sponsored by the Parent-Teacher Association, proceeds from the carnival were to have gone to the benefit of school improvement projects of that group.

Instead of the carnival, according to Mrs. R. E. Ayers, P-TA president, a "Stay at Home" program will be held. The "Stay at Home" program has been in effect in Slaton for the past few years, rather than a carnival.

Envelopes were sent to parents of school children for donations, and are to be returned to the school this week. Other donations may be given to any teacher, or to Mrs. Ayers.

Christian Church Dinner Scheduled For November 7

Dr. Lee C. Pierce of Texas Christian University will be guest speaker at an All-Church Dinner at First Christian Church Thursday, November 7, at 7:15 p.m. Dr. Pierce is director of Church Relations at TCU.

Topic of Dr. Pierce's discussion will be the development of Texas Christian University, and the school's program for training leaders in both the church and all of life.

The dinner will be prepared by Elmer A. Nelson and the ladies of the church.

In addition to holding pastorates while a student, Dr. Pierce has served as pastor in Lancaster, Houston, Baytown, Jackson, Mississippi, and Tyler. He came to his position at Texas Christian University in November 1956.

All members of the church, as well as friends of the church will be welcome to attend and hear Dr. Pierce, according to the pastor, the Rev. Claude Wingo.

Foreign Visitor Here with YWA's

Ruthie Ito of Tokyo Japan will be a week end visitor in Slaton, as guest of the Y.W.A.'s of First Baptist Church. Ruthie is a freshman student at Wayland College, Plainview.

A slumber party will be held tonight following the football game at the E. A. Kercheval home.

Saturday night the girls will take their guest to dinner in Lubbock Sunday she will attend Sunday School and church services and Training Union.

Pam Maxey is president of the YWA's, and Mrs. E. A. Kercheval is counsellor.

Mrs. C. A. Bloxom had as her guests last week her sister and husband from Houston and a sister and brother from Post.

Halloween Carnival Cancelled by Flu

The Halloween Carnival originally to have been held Thursday night, October 31, was cancelled early this week because of an increased amount of influenza cases among school students here.

Sponsored by the Parent-Teacher Association, proceeds from the carnival were to have gone to the benefit of school improvement projects of that group.

Instead of the carnival, according to Mrs. R. E. Ayers, P-TA president, a "Stay at Home" program will be held. The "Stay at Home" program has been in effect in Slaton for the past few years, rather than a carnival.

Envelopes were sent to parents of school children for donations, and are to be returned to the school this week. Other donations may be given to any teacher, or to Mrs. Ayers.

CROP Fund Nets \$231 in Trick or Treat Drive Here

Slaton youth collected some \$231 for the Trick or Treat for CROP program Tuesday night. About 35 youth from the various churches in town turned out for the drive.

The amount collected this year was somewhat below the total collected last year, when donations reached \$305.

Refreshments were served those who took part in the drive after they returned to First Baptist Church following their hour-long drive.

The program was under sponsorship of the Slaton Ministerial Association.

B. F. Page of Plainview visited Sunday in the home of his parents, Mr. and Mrs. Bentley Page.

Improvement of Streets, Garbage Disposal Underway with New Equipment Purchase Here

City Commissioners Monday night opened the way for an improved garbage disposal system for Slaton, and at the same time provided a means for improved street maintenance here.

Elimination of the presently-used system of dumping garbage in the canyon and leaving it there to rot will be eliminated

in favor of a state-approved sanitary fill garbage disposal system.

Purchase of a crawler-type tractor with a front end loader will give the city the necessary equipment to make use of the sanitary fill disposal system, and at the same time enable the street department to better

maintain Slaton streets. Two dump trucks which have been used for hauling refuse too bulky for the packer-type garbage trucks can now be used as well for hauling caliche on return-trips from the dump grounds for the repair of unpaved streets in Slaton.

No equipment has been available to the city heretofore which could load the caliche into the trucks, or dig the pits for garbage disposal.

The new tractor was purchased from Paton Equipment Co. of Abilene at a cost of \$13,927.95. Bids were received from one other firm on the crawler-type equipment. Tom W. Carpenter Equipment Co. of Amarillo, with a bid of \$16,333.

A wheel type tractor from Caprock Machinery Co. of Amarillo priced at \$13,700 was not considered in view of the superior performance in demonstrations of the crawler-type machines.

The sanitary fill disposal system will eliminate many breeding places of flies and rats which have been present in the open pit system.

In the fill system, a pit is dug, and garbage packed in it to a depth of about 18 inches. A layer of dirt about 12 inches is packed over that, followed by another layer of garbage. This continues until the pit is filled. A two-foot thick layer of dirt covers the last layer of garbage.

Present plans call for the new tractor to be used in digging caliche for about the next 30 days, in order to repair street damage here as much as possible.

City officials said that with cold weather near at hand the delay in beginning the sanitary fill garbage disposal system would not endanger health.

In other action city commissioners approved a 50c assessment for each water meter.

In other action, commissioners accepted an assessment from the Canadian River Municipal Water Authority of 50c per water meter, to enable that group to continue its work.

Approval was also made for two additional delinquent tax collection suits to be turned over to the city attorney for collection.

Subscription Campaign Off to Good Start as Candidates Comb Area

Sixteen workers are patrolling the streets and country lanes in the Slaton trade area this week, armed with affable salesmanship and enthusiasm as well as ready pencils and receipt books as the Good Will Subscription Campaign of The Slatonite gets into high gear.

Judging from the results of the first few days returns, the campaign gives promise to be a big success in every way.

With a first prize of \$800 in cash, \$400 second prize and \$200 third prize, \$100 fourth prize and \$50 fifth prize lures, campaign workers hustle here and there for subscriptions.

All workers who do not win a prize will be paid a commission on their sales. This is one campaign in which everybody wins—there are no losers.

Until November 8, the workers are making a special effort to secure subscriptions and convert promises into votes. This is the big opportunity period, which for each "club" of \$30 turned in the candidate will receive 500,000 votes. This is the time, incidentally, to help your favorite candidate.

The campaign is not a game—not a lottery—but strictly a business proposition with a chance for employment. Each candidate is his or her own boss. The work is dignified and pleasant, and the participant is paid exactly in proportion to the amount of effort expended.

The winner will be the person who has worked the hardest and most consistently. The aim of the campaign is to acquaint every person in the trade area with The Slatonite. It will help the publishers improve the paper and the services to the large trade area embracing the community.

A list of workers is shown elsewhere on this page. Support your favorite candidate.

Wow! What a Race!

Mrs. E. S. Williams and Mrs. Lula Caldwell are tied for first place in the Slatonite Good Will Campaign's first pro-rating of votes. In second place, also a tie, are Mrs. Robert Brake and Mrs. Leonard Foster, closely followed by Mrs. Wesley Gentry in fourth place. Tied for fifth place are Mrs. Doris Kunkel and Mrs. Ray Miller.

Mrs. E. S. Williams, Rt. 1, Slaton	37,700	Tie
Mrs. Lula Caldwell, Rt. 1, Slaton	37,700	Tie
Mrs. Robert Brake, Slaton	37,500	Tie

Burglary Loss at Jewelry Store Sunday Valued in Excess of \$1,000

More than \$1,000 in merchandise was taken during a break-in at Green's Jewelry sometime Saturday night. The break-in was discovered early Sunday morning.

Missing were numerous watches, rings, silver, diamond rings, jewelry, and other miscellaneous items.

No identification of thieves had been made Wednesday, and stolen merchandise had not been located.

Over the week end some 22 persons were jailed, eight on drunkenness charges, five for gaming, two for disturbance, two for being drunk in a car, one for simple assault. Three were held for the Border Patrol and one for the Lubbock Police Department.

Four traffic tickets were issued, for driving without an operator's license, failure to grant right of way, wreckless driving, and speeding 50 in a 30 mile zone.

WHAT'S MADE IN SLATON MAKES SLATON

(The Second in a Series of Editorials)
Our hearts are warmed by the big reception given the subscription campaign now in progress. The response of the people is even more than we expected. This will indeed be a building stone for your newspaper.

With the improvements made in The Slatonite and this campaign going over in a big way, there will not be any need for any Slaton merchants having their advertisements printed in other towns. By not doing so Slaton will again be the gainer.

"What Is Made in Slaton Makes Slaton" is true. It is a policy of The Slatonite to promote Slaton merchants. They should be the first to adhere to this policy for their own good and the good of our city.

We have had many people tell us how much they appreciate The Slatonite. They also tell us that they do their business in Slaton whenever possible. Our thanks go to these as well as to the many that have telephoned us. We know the people of Slaton and this trade area do not approve of Slaton advertising being promoted in out-of-town printing establishments.

The Slatonite knows this is thoughtlessness on the part of many. We will work with any business establishment that will let us at any time. Why not let's try to work together for the good of our people and our city?

DOLLAR DAY, HERE WE COME—Alex Webb is only one of the Slaton merchants who have been busy painting signs, rearranging merchandise, and deciding on special items to be offered Slaton buyers

on Slaton's new Dollar Day, planned for Monday, November 4. Values galore are in store for those who will take advantage of bargains offered by local merchants.

Last Rites Held Tuesday for John L. Tunnell

The father of two Slaton residents, John L. Tunnell, 81, was buried Tuesday afternoon, following funeral services conducted at First Methodist Church here.

Tunnell died Monday afternoon in Mercy Hospital. He was a retired farmer, and a resident of Slaton for 39 years.

The Rev. O. B. Herring, pastor of First Methodist Church, Tulsa, and a former pastor here, preached the funeral sermon. Taking part in the service in addition to the Rev. Mr. Herring were the Rev. James B. Sharp and the Rev. Elmer Crabtree.

Survivors include his widow, two sons, Harvey Tunnell of Slaton and Ralph Tunnell of Lubbock; four daughters, Mrs. Ceel Self, Slaton; Mrs. Ellis Brewer, Lubbock; Mrs. W. T. Attaway, Sanderson; and Mrs. June Roberts of Lubbock; 10 grandchildren and four great-grandchildren.

Burial was in Englewood Cemetery, with Williams Funeral Home in charge.

WALK ON A GREY DAY

Sunny days are best; there's no getting around that. When the sun shines, the spirit is more buoyant than when the sky is shrouded in the color of gloom. Yet something can be said, too, in favor of grey and melancholy days.

There is a special pleasure about a walk on such a day, when the bare upper branches of the trees are stark against a lowering sky and the leaves they have shed form a rustling carpet. The walker does not feel that exhilaration which comes on a sparkling sunny morning. Rather, he has a sense of close identity with the subdued world about him.

There is a nip of chill in the air on days of this kind. If one strolls beside a lake or stream, the breeze has a bite to it. But the air is fresh and clean, touched with the smell of fallen leaves and the smoke of leaf fires.

In the last mile, the walker thinks ahead to what awaits him—a cozy house and a hot meal and the society of those he loves. These things are a bulwark, in his mind, against the hint of winter and death that looks coldly down from the cold, grey sky. He hurries his pace, and kicks up the dry leaves in defiance, and savors the zest of being alive.

HOME-CENTERED

Delegates to the recent convention of the American Federation of Teachers reported considerable concern over the growing arrogance and anti-social actions and attitudes of youth. These range all the way from flippancy to outright delinquency.

Part of the trouble, the teachers say, is that parents have given up large areas of parental authority and duty. More and more, the functions of the home in the way of authority and security are being delegated to others, particularly the schools. This means a weakening of primary authority which shows up in various social challenges.

The majority of youngsters are still well behaved. It is the minority that makes trouble. But the ranks of the trouble makers are growing. It should go without saying that parents cannot sluff off on others the responsibilities that are naturally and inevitably theirs. Any society that permits this to happen can expect trouble. We need more home-centered life and more home-centered discipline.

FIGURE IN THE PATH

Picture a dark fall evening, a dimly lighted street. Add a drizzle of rain, and a scattering of wet fallen leaves underfoot. Now think of yourself in your car, driving down this street.

Your headlights cut a misty, yellow path into the rain. All at once there is the figure of a man in that path, horrifyingly close! you hit the brakes, hard! But those wet fallen leaves are like grease beneath the wheels, and you slide helplessly into that man.

This is not fantasy. This could happen in any town. It could happen to you. So remember, we are coming into one of the year's dangerous driving periods. Each of us needs to underscore, in his own mind, the old words of caution that we must live in this age of speed on wheels.

A BIKE'S A VEHICLE

There is an old saying: Caveat emptor—let the buyer beware. A lot of young fry on bicycles seem to have adopted something similar as their slogan. As they go weaving down the street, disregarding auto traffic and failing to heed the traffic laws, they seem to be saying: Let the driver beware.

Having noted this, we hasten to stay in the good graces of careful bike riders by acknowledging that many a two-wheeler pilot obeys the rules of courtesy and safety. What we have to say on this subject applies to those, unfortunately rather numerous, who constitute a hazard to themselves and to other traffic.

The point to be made is a simple one. Bicycle riders should not be on the streets unless they know the laws and obey them. As in many other situations where children are involved, the burden falls on the parents. It is not enough to buy Johnny a bicycle and teach him how to maintain his balance on it. The parent also bears the responsibility of making sure that Johnny drives safely when he gets behind those handlebars.

New York's mayor told an audience of teen-agers he was convinced their generation will "make a much better mark" than his. If it doesn't, the world is facing a bleak future.

At least for the time being, Russia is flying circles around its rivals.

EMPTY SHELVES AND EMPTY PEWS

STRENGTH FOR THE WEEK

—Rev. W. C. Hutsell

Pentecostal Holiness Church
 Matthew 6:33. "Seek ye first the kingdom of God and all these things shall be added unto you."

In the great sermon on the mount, Jesus was trying to teach his hearers the folly of neglecting right things . . . teaching them to put first things first. Hence the utterance of the words of the text.

Things out of order make a mess. Musical notes out of order are not music. Words out of order lose their sense of meaning. Misplaced emphasis makes truth a lie. A life in which the best things are not first is weak and wrong.

A church, when she fails to emphasize the vital principles of Christianity, cannot give or receive a blessing.

We are out of order: we are seeking our own first. We are acting selfishly in that we have ceased to trust God.

Men and women are money mad and power hungry. Many have sold their birthrights (as Esau) for a mess of pottage. Our whole theme is the dollar sign. All our strength goes after it all the week then when the Lord's Day rolls around we are tired and fail to go to the Lord's house or give Him much thought.

We wonder why we cannot have the strength, both physical and spiritual that we need today. We simply have the cart before the horse, are failing to put first things first. We have the world before the Kingdom of God and money in our eye.

By giving the first hours of each week to the Lord and His worship, we receive in return extra strength to go the remainder of the week.

By giving a definite portion of our income to God's cause and Kingdom we are made wise in the spending of the remainder, so that it goes farther than all o. it together when we deliberately cast Him out of His part.

By giving ourselves to God as instruments of righteousness in His hands, we reap a reward of happiness, joy, and peace here on earth and an eternal reward in the world to come.

An electric eel can discharge enough electricity to knock down a man.

Sister of Mrs. Simmons Dies In Amarillo

Funeral services were held this week in Amarillo for Mrs. Margaret Coffee Smith, 75, who died Sunday evening. Mrs. Smith was a sister of Mrs. Clifford Simmons of Slaton.

A native of Navarro County, Mrs. Smith had been a resident of Amarillo since 1923.

Survivors in addition to Mrs. Simmons include a daughter, Mrs. Grace Bryson of Los Angeles, California; one sister, Mrs. E. Palm of Amarillo, a brother, T. J. Coffee of Graham; and a grandson, John Bryson, Beverly Hills, California.

PROBLEM SOLVED

HOUSTON, Tex.—When Mrs. Nellie Harris, operator for Southwestern Bell Telephone Co., decided to take her lunch to work, her six-year-old son, Charles, was worried. How, he wondered would she be able to tell her lunch from all the others?

Came the solution: Charles announced he would write her name on the sack.

Sure enough, at noon Mrs. Harris had no trouble finding her lunch. Scrawled all across the front was: "M-O-T-H-E-R."

Six Days' Hunt Yields 674 Fleet Texas Antelope

West Texas antelope hunters took 674 of the fleet antelope in two three-day hunts in West Texas, according to figures re-

leased by the Chief Clerk of the Game and Fish Commission. Some 725 hunters participated in the hunts, which produced a kill of 94.3 per cent. Nearly 200 hundred permits were not used.

Missionary from Africa To Speak At Dinner Nov. 7

A native of Sweden who is an American missionary of the Methodist Church serving among the Portuguese-speaking and Batswa-speaking peoples of Mozambique, East Africa, will be guest speaker at First Methodist Church Thursday, November 7, following a covered-dish supper at 7 p.m.

The Rev. Per Algot Knutsson, missionary in Kambini, Portuguese, East Africa, is a "product" of Swedish Metho-

dism, and was first sent to Africa by the young people of his own country. At present, while on a year's furlough, he is living in Worcester, Massachusetts.

Since his arrival in Africa in 1939, Knutsson has been stationed at Inhambane and later at Kambini. At the industrial school in the latter community, he has been in charge of the various arts and crafts taught the boys and girls. He has travelled throughout the countryside as an evangelist and an organizer of churches.

Last year he was active in the organization of the Union Theological Seminary in Portuguese East Africa, which is scheduled to open in January 1958. It will

be conducted by the Methodist, Presbyterian, Congregational, and British Methodist missions, and by the Church of Christ in Mozambique.

On his return to Africa he will direct the seminary.

Knutsson was educated in Sweden's public schools, and received a diploma to preach and teach from the Union Scandinavian School of Theology. He was ordained to the Methodist ministry in Sweden, was a pastor in Upsala, and was commissioned a missionary to Africa.

In 1944-45, while on furlough in the United States, he took graduate studies at Drew University. He speaks Swedish, French, German, Portuguese, English, and the native dialect of Mozambique.

OSU Boasts Best Team since '45; Favored To Take Tech Saturday

Texas Tech, finally into the win column, could easily get its "streak" interrupted by Oklahoma State University at Stillwater Saturday afternoon.

With its best team since 1945, OSU (formerly Oklahoma A&M) will be favored to take its first victory over Tech since that year. Two of the recent engagements—in 1954 and last season—wound up in 13-13 deadlocks.

The series, started in 1935, reads 7-4-3 in Tech's favor. OSU, observing Homecoming Saturday, is 3-1-1 for the season. The Aggies lost a close 12-0 decision to Arkansas, then came back to beat North Texas State, Wichita, and Tulsa before being tied by Houston. They were idle last week.

Twenty eight lettermen—compared with only nine for Tech—from last season bolster the Aggies, who have outstanding punting and a good aerial

game. Hard tackling and general heads-up play have been credited with Tech's 28-6 victory over night.

Arizona scored first on a 96-yard drive; but the Raiders sent Ronnie Rice across from 21 yards out, and Jerry Bell passed to Jimmy Knox from the 10 to go ahead in the second period. Floyd Cole rammed over from the 2 in the third, and Mickie Barron climaxed scoring with a 60-yard dash in the final quarter.

Tech's next game is a Homecoming struggle with Tulsa here Nov. 9.

Mr. and Mrs. C. E. Reynolds and Jan of Amarillo and Mr. and Mrs. Bobby Reynolds of Lubbock were week end guests in the home of Mr. and Mrs. Tommy Joines. Mr. and Mrs. C. E. Reynolds are Mrs. Joines' parents and Bobby is her brother.

THE WEEKLY WITNESS

by BRYAN ROSS

Westview Baptist Church
830 S. 15th St.

REV. BRYAN ROSS

On one occasion the Lord said: This do ye, as oft as ye drink it, in remembrance of me. For as oft as ye eat this bread, and drink this cup, ye do shew the Lord's death till he come." (I Cor. 11:25-26.)

The Lord's Supper is one of the two ordinances that the Lord gave to His church. He gave it as a memorial to His broken body and spilled blood. The broken bread reminds us of His broken body, and the juice reminds us of His spilled blood.

The importance of it is not how often it is observed, but why it is. He said: "As oft as ye drink it, in remembrance of me." Seemingly, a good rule to follow is to allow enough time between observances to keep it from becoming common-place, yet often enough to give the members an opportunity to observe it from time to time. Most Baptist churches observe it quarterly.

We do not feel that any special grace is bestowed through the observance of the Supper, but we do feel that it should be a real act of worship as Christians remember the death of Christ. As part of our worship next Sunday morning, we will observe the ordinance of the Lord's Supper in our church.

40-Year Resident Buried Oct. 30

T. G. McEver was buried Wednesday afternoon in Englewood Cemetery, following funeral services held at First Methodist Church. He died Monday morning, after being ill about a week.

McEver, 76, was a native of Georgia. He had lived in Slaton about 40 years. He was a painter and paper hanger.

Taking part in the funeral service were the Rev. James B. Sharp, the Rev. Elmer Crabtree, the Rev. W. F. Ferguson, and the Rev. J. C. McCarthy.

Survivors include his widow, a step son, Clifton Earl Maxey, New York City; two brothers, Will McEver and Major McEver, both of Gainesville, Florida.

It is not definitely known who invented gunpowder or where or when it originated.

Wheeler's Has Formal Opening

Wheeler's Store featuring dry goods and ready-to-wear, announces its formal opening in this issue of the Slatonite. Opening days will begin Friday, Nov. 1, and continue through Nov. 9, when bargain prices will prevail. Free gifts amounting to \$200 will be given some lucky persons Saturday, November 9, as well as 45 pairs of Berkshire hose. Five pairs will be given away each day beginning Thursday, October 31. Read their ad in another section of the paper giving the details of the prizes.

Wheeler's, the former Knott and Muse Store, has added many of the better known brands of merchandise such as Connie, Paris Fashion and Vogue shoes for women; Vanette and Berkshire hose; Berkshire lingerie, Nan Dorsey knitwear; Stockton sportswear for women; Paddle and Saddle sportswear for men and boys; Children's shoes and many more brands of good merchandise.

Russ Wheeler, his wife Rose, and sons Mike, Bill and Pat, came to Slaton three months ago, from Floydada where Mr.

Wheeler had been manager of J. C. Penney's for two years. Since his arrival here he has made numerous trips to market purchasing merchandise in order that he might have a complete line before formally opening his store.

Wheeler says they have been well pleased with the response the people of Slaton have made to the values in his store and that they are glad they came to Slaton.

STATEWIDE COLLEGE HOME ECONOMICS OFFICERS—New officers of the Texas Home Economics College Club were elected at a state-wide meet at Texas Tech. Deann Buske, seated left, of Friona, was nominated for a national office. New officers include, left to right, Bett West, secretary, Lamar Tech coed from China, Texas; Betty Smith, President, Texas Tech coed from Slaton; Joyce

Hribek, vice president, Southwest Texas State coed from Smithville. Standing are Prof. Bess Barnes, executive committee advisor from Southwest Texas State; Patricia Koepf, historian, Texas Lutheran College student from LaVernia; Regina Cato, treasurer, Mary Hardin-Baylor student from Vernon, and Barbara Mills, reporter, North Texas State coed from Baytown. (Texas Tech Photo).

Slaton Girl Named Head of State College Home Economics Group

Coeds from six colleges throughout Texas were named officers of the Texas Home Economics College Clubs at an annual workshop held at Texas Tech Friday and Saturday (Oct. 25-26).

Heading the state T.H.E.C.C., which is the college branch of the Texas Home Economics Assn., is Betty Smith of Texas Tech. She is a junior in home economics and is the daughter of Mr. and Mrs. C. H. Smith of Slaton.

Other new officers of the T.H.E.C.C. include:

Southwest Texas State College—Joyce Hribek, vice president, from Smithville.

Lamar Tech—Betty West, secretary, from China, Texas.

Mary Hardin-Baylor—Regina

Cato, treasurer, from Vernon. Texas Lutheran College—Patricia Koepf, historian, from LaVernia.

North Texas State College—Barbara Mills, reporter, from Baytown.

Prof. Bess Barnes of Southwest Texas State College is advisor for the executive group.

The 1958 Texas Home Economics College Clubs workshop will be at Mary Hardin-Baylor College. Scrapbook winners at the Tech workshop were those submitted by clubs from Incarnate Word College of San Antonio, first place; Lamar Tech, second place; and Texas Tech, third.

Sixteen colleges and universities were represented at the state-wide meet.

Buick's New '58 Models Now on Display at Williams Buick Co.

A dynamic new styling, new miracle ride, a revolutionary new Dynaflo transmission, and a myriad of other changes mark the new 1958 Buicks, on display now at Williams Buick Co., Slaton.

The new Buicks come in five series, topped by the new Limited, Buick's new entry in the prestige car market.

Dual headlights on each front fender come as standard equipment on all models.

Most marked styling features in this year's model is the new grille. Distinguished by chrome squares instead of chrome bars, the grille is set in four rows of squares that extended all the way across the front of the outer extremities of the car, accentuating the lowness and breadth.

Air suspension, optional equipment on all models, enables the car to maintain the same level when it is loaded as

when empty. Each of the four air springs is composed of a bellows, or chamber, consisting of a metal container into which a rubber diaphragm is compressed by means of a plunger connected to the suspension. When the car hits a bump the air in the bellows is compressed.

Air pressure in the bellows is maintained from storage tank located in the frame. A compressor keeps the pressure in

The Slaton Slatonite Friday, November

the tank at 290 pounds per square inch. Pressure bellows is maintained in pounds per square inch to provide the best possible all times.

The new models on body styles mounted on wheel bases, 122 inches. Special and Century, 124 inches for the other series.

ONCE BITTEN, TWICE SHY—Discovering that the ground was mined after a truck was blasted by an undetected weapon, soldiers of the United Nations Emergency Force in the Gaza Strip use mine detectors in a roped off area of the Danish camp. You're face to face with the B-58 BUICK

It looks and feels like flight on wheels

IT RUNS on gasoline and rolls on wheels. But beyond that, all similarity between this 1958 Buick and any other car you've ever known comes to a decisive end.

This B-58 Buick is literally born of aviation principles — starting with a greater use of aluminum than ever before, and going on from there.

With this stunning automobile you're in the forefront of styling's freshest advance.

With it you boss the B-12000 engine — command through a transmission that's the big talk of the automotive world — feel a

modern miracle in buoyancy of ride, plus the never-before wonders of Buick Air-Poise Suspension.*

With it you can drive with more magnificent advances in automobile design and engineering than history shows in any single year.

This B-58 Buick is ready now in look and line and lift and life to thrill you to a tingle. Go see — now on display at your Buick dealer's.

*Air-Poise Suspension optional at extra cost on all Series. Flight Pitch Dynaflo standard on LIMITED and ROADMASTER 75, optional at extra cost on other Series. Aluminum Brakes standard on all Series except SPECIAL.

NEVER SO MUCH SO NEW

- ★ FRESH BOLD STYLING with the Dynastar Grille.
- ★ THE MIRACLE RIDE plus Buick Air-Poise Suspension.*
- ★ FLIGHT PITCH DYNAFLO® with the instant flexibility of a million switches of pitch.
- ★ B-12000 ENGINE with 12,000 pounds of thrust behind every piston's power stroke.
- ★ AIR-COOLED ALUMINUM BRAKES* with smoother, surer control and longer life.
- ★ "VELVET WALL" Sound Silencing.
- ★ All built to exacting quality standards

Poppy Day Sale Planned Here

Slaton's "Poppy Day" will be Saturday, November 9, and will be sponsored by the American Legion Auxiliary here.

Sale of the poppies will mark Slaton's contribution to the welfare relief for service men and their families. Legion Auxiliary officials said this week that 100 per cent of the profit from the sale goes for the relief of needy and disabled service men and women.

Poppies used in the annual sales are made by disabled veterans in hospitals and poppy workrooms in 40 states throughout the nation. Workers receive pay for each poppy made. Materials are furnished by the state organizations of the American Legion.

Distributive Education

Notes

Granite shafts that spear the skies, marble columns, bronze horsemen on pedestals, even stone mountains arise to remind us of the "Great" who have come before us. The Saleman does not have such reminders but Macy's on 34th St. in New York, May Co., in St. Louis, Marshall Fields on State Street, Woolworth and A & P Stores with the added approach of going in to the urban areas, are some of the monuments being built by salesmen. The actual structure, you say, was done by hand or by men on their feet, and we say 'yes' but the thing that was behind all of this is a brain that is alert, alive and ready to set itself to anything new or that's usable.

Ideas are the secret weapons of any successful movement. Find out what a fellow is thinking you can state without too much guessing what he's gonna do and where he will be a decade from now. Hard work must go along with most any achievement; but ideas are the things that spark the action. Salesmen seem to be the sparkplugs for the great economy we are enjoying in America. Others have called these salesmen the "catalyst" of our economy. A catalyst, Webster says, is a chemical substance which accelerates a reaction and which may be recovered practically unchanged at the end of the reaction. Salesmen are even more, and the change may be even more, on the way. They are forever on the job seeing to it that production, distribution and consumption are to be co-ordinated without question.

This word "distribution" comes just about where it appears in the sentence, in the middle. Production must come first, but how can it be consumed unless there is proper distribution. May I ask you a question and consider it seriously. Have you ever stopped to consider just how much of the materials you are consuming are produced in the community where you live? This will reveal a great deal to you that you may not realize. This same question answered honestly in another community will reveal about the same ratio. Our economy constantly ships in and ships out the various commodities needed to keep our standard of living going.

It was a salesman, no one knows for sure who he was, Ward, Sears or Roebuck, who got the idea of listing all the merchandise on the peddler carts in the big catalogue, with clear honest description and fixed honest prices. It was another salesman that got the idea of putting all the merchandise in one big store and letting the customers see what he was getting before paying for it and this idea is accredited with the development of the department store. All of this and more began with an "idea."

The idea of selling from door to door was the projection of the horse and wagon method—and who would question the success of Wear-ever Aluminum, Fuller Brushes and Real Silk Hosiery? These are just a few of the actions and reactions that have come from the minds of men who are "spark-plugs" of our economy.

What has this to do with the economy of our community? Much, yes, very much, is my answer. You are consuming the production of someone else and you are producing that which is to be consumed by another. The proportion, quantity and quality are the things that you might check yourself on and see where you are standing in this work of producers, distributors, consumers and salesmen.

Earth is the third planet in order of distance from the sun.

Tech Homecoming Celebration Planned November 8-9

Texas Tech will hold its annual Homecoming November 8 and 9, with dedication of a new pep rally center scheduled as a highlight.

The center, just southwest of the new gymnasium, will feature symbols of all Southwest Conference institutions in a recessed circle.

Dedication of the circle will come at a pep rally and coronation of the Homecoming Queen on Friday night, November 8. Other homecoming features will include a downtown parade of floats Saturday morning, the Tech-Tulsa football game that afternoon in Jones

Stadium, and a homecoming dance Saturday night in Lubbock Municipal Coliseum.

More than 4,000 out-of-town visitors are expected for the program, according to Tech Ex-Students Association officials.

Mrs. W. C. Crawford, Mike, Bill and Camille from Clovis, New Mexico, visited from Wednesday until Sunday with Mrs. Crawford's parents, Mr. and Mrs. C. F. Austin Dr. Crawford was on a hunting trip in North Carolina.

Slaton Baptists Will Attend State Convention

Several Slaton people will be among the 15,000 persons expected to attend a 4-day series of Baptist conventions in Ft. Worth from November 4-7.

Included in those attending will be the Rev. Bryan Ross, the Rev. Ted Gaze, and Mr. and Mrs. L. O. Lemon.

Purpose of the three conventions is to conduct the annual business of the Woman's Missionary Union of Texas, the Texas Baptist Brotherhood, and the Baptist General Convention of Texas.

Messengers from 3,807 church-

es in virtually every town and city in the state will be asked to adopt a record \$10 1/2 million budget. Outstanding leaders will be honored, reports will be heard from convention officers, institutions and agencies. Trustees will be elected for the convention's children's homes, schools and hospitals.

Waco Editor Says Public Tired of Floods; Will Vote for Proposal 3 on November 5

Mr. and Mrs. Bobby Jones arrived in Slaton Monday night after Mr. Jones was separated from the Air Force at Kirtland Air Base, Albuquerque, New Mexico. Jones, the son of Mr. and Mrs. J. C. Jones of Slaton, spent four years in the service with 27 months overseas. At present they are visiting with his parents. They plan to make their home in Slaton.

Mr. and Mrs. Rush Wheeler and sons spent the week end in Floydada visiting with friends. The Wheelers lived in Floydada before coming to Slaton.

Mrs. Gilbert Jaynes accompanied Mrs. Jessie Prosser to California last Wednesday. They are visiting with Mrs. Arthur of Slaton who has been making and extended visit with her daughter, Mrs. Arthur will return home with Mrs. Prosser and Mrs. Jaynes.

Regardless of the kind of water legislation that comes out of the special session of the Texas legislature, the constitutional amendment (Proposal No. 3) to be voted on Nov. 5, must be adopted by the voters to make a state water program work.

So stated Harry Provence, editor of the Waco News-Tribune and chairman of the Governor's steering committee for the Water Development Amendment.

"This amendment was overwhelmingly approved by the Texas Legislature last spring," Provence pointed out. "Its sole purpose is to provide a fund with which the State of Texas can help finance water development projects."

Provence explained that there are bound to be differences of

opinion among Legislators as to the kind of water legislation that is needed. "There always are differences of opinion on any legislation," he emphasized. "But differences can and will be settled."

Recent rains, the Waco editor cited, again point up the necessity for adequate dams and reservoirs. And he added that the people of Texas are getting tired of losing millions of acre feet of water and suffering thousands of dollars in property damage, because of lack of water storage facilities.

"What the legislature decides to do with the water after it is in storage is a matter for them to determine," Provence added. "But the people of Texas first of all must vote for water de-

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

AUSTIN, Tex.—It's time for a showdown, says the Senate investigating committee.

Our Texas Legislature has gotten a black eye, the committee feels, and it wants to find out why. Said the committee's chairman, Sen. Charles Herring of Austin, "There's been a tendency on the part of the public to blame the Legislature for everything that happens."

He attributed this to: (1) Acts of a few lawmakers who discredited the entire branch, (2) loose and irresponsible talk and (3) a tendency of other state agencies to blame the Legislature for everything that happens.

Further, it asked the President not to send troops to Texas to enforce "modern sociological concepts" or interfere with "the constitutional right of the State of Texas to provide, operate, and discipline the public schools of Texas."

Difficulty came with Rep. Joe Pool's efforts to push through a demand-to-the-governor resolution. Pool's proposal would call on Gov. Price Daniel to say at once when he will open the legislature for segregation bills. It was shunted aside for a week.

Many East Texans joined in the postponement move, thus indicating they had faith in the governor's intentions.

MARRIAGE OF MANY—Lobby control proposals are going through the "agonizing reappraisal" stage.

Eight widely varying bills—four in the House, four in Senate, were sent off to subcommittees. Each sub-group is to make a four-way marriage of the proposed bills in the hope of arriving at something that will be acceptable to all.

Some points of difference: whether "controls" should apply only during sessions or year-around, only in Austin or anywhere in state, whether public officials should be exempted, church spokesman, etc. Each author contends the original bills have "loopholes."

A new proposal by Sen. Henry B. Gonzalez of San Antonio is that the law should provide for a special enforcement agency. It would be a "disclosure board" to which information on who is lobbying for whom and how much is being spent would be filed.

MUDDY ROAD—Proponents of a statewide water planning bill are having slow going too. They're having to slog through waters muddied by scores of amendments and objections from various area groups who fear an overall state plan might shortchange them.

House members have to struggle with two different bills and 35 proposed amendments. Rep. W. A. Stroman of San Angelo introduced a substitute which cuts out the provision for the state to buy storage space in federal reservoirs. It also would require the water planners to

in June, but that the report had never been made public.

Also subpoenaed were Pierce Brooks and Lester Hall of National Bankers Life in Dallas. FEDERAL FORCE DENOUNCED—Despite difficulties among themselves, pro-segregation representatives pushed through a strongly worded resolution against enforced intergration.

By a vote of 112 to 24, House members criticized President Eisenhower's action at Little Rock. It did not, said the resolution, "reflect constitutional government deriving its powers from the consent of the govern-

ment. Proposal No. 3 must be passed on Nov. 5 before Texas can start to do, under its own power, the conservation work that still needs doing."

Senator Preston Smith

A policy of "rumor blasting" has become a function of the Senate's General Investigating committee within recent weeks. The committee will quickly investigate accusations or rumors of legislative payoffs and alleged influence peddling.

Actually, the Senate Investigating Committee, in giving quick attention to such situations, will do one of two things: it will either establish that such charges are rumors, or it will uncover just grounds for serious inquiry.

Many times, however, such charges are voiced and built up through error, misinterpretation and misquote. In these cases it is certainly necessary to quell the rumors as soon as possible, for it is through such talk that our State Government suffers in the eyes of the people. If the Senate Investigating Committee's policy continues, it will encourage persons who have information of such alleged irregularities to take them to the committee for investigation.

And proper action by the committee would encourage those who believe in good government to call names if and when they do have possession of any such irregularity.

The Senate General Investigating committee has been a standing committee for the past twenty years. The House has on occasion named interim and general investigation committees.

In other business around the capital, people are wondering about the main school segregation bill being written somewhere in the building.

The segregation bill, which can only be presented if the Governor opens the subject, will authorize school boards to close their schools if they are threatened with disorder, conflict, riot or conditions inimical to orderly education.

Specifically, the bill will include the presence of troops on a school campus as a mandatory cause for closing the schools.

Mrs. Joe McClure of Denver, Colo., was a week end guest in the home of her aunt, Mrs. F. E. Chapple, and Mr. Chapple recently.

Mrs. H. D. White of Stamford is visiting in the home of her daughter, Mrs. George Culwell, and Mr. Culwell and her son, H. H. White, and Mrs. White.

Gerald Clark of Lubbock spent the week end with his grandparents, Mr. and Mrs. O. C. Clark.

Electronic Duck Calls Termed 'Unfair' in Texas

"Don't plan to use an electronic duck call or a phonograph record for calling ducks this season, is the warning of the Director of Law Enforcement of the Game and Fish Commission. Conventional mouth callers

are still permissible, he said. The standard penalties for taking migratory birds now prohibit the taking of such birds "by use or of recorded bird calls or sounds recorded or amplified or imitations of bird calls or sounds."

Maximum penalties call for a six month jail sentence, a fine of \$200, or both.

Mrs. Alvin White and three children of Amarillo spent the week end with her parents, Mr. and Mrs. W. R. Greer.

New Role for Society Outlined in Combatting Juvenile Delinquency

—by Judge Sarah T. Hughes

Editor's Note: This is one of a series of articles on the state's growing problem of juvenile delinquency by one of Texas' foremost authorities on the subject, District Judge Sarah T. Hughes of Dallas. A discussion of a different aspect of the problem will appear in later issues of The Slatonite.

We are no longer trying to revenge ourselves upon erring youngsters, as they did, not so long ago—1828—in New Jersey when they hanged a 13-year-old boy for theft. We are trying, first to rescue the children and second, to protect society.

This is not to say that children should never be punished. A good old-fashioned spanking sometimes gets results in inculcating the "old-fashioned" eternal virtues so much needed.

New Role
But society has another role toward children who have to grow up in drastically changed conditions society has created

for them as compared to the old-fashioned days. It is to try to provide other and counter-acting conditions tending to prevent delinquency, to try to rehabilitate the delinquents, and to protect ourselves as well.

What you, as a member of the community, as a church and club member, as an individual, can do about the first aim includes more than you might think. It is to help create a climate of public opinion in which more means will be provided to take care of the idle time our society forced upon children . . . to provide constructive outlets for their energies instead of destructive. It is to volunteer for work in these projects—scouts, campfire, junior achievement, teen canteens, playgrounds, club and church jobs, church youth groups, and similar character-building, work, and recreational organizations.

Public Opinion
Your help in development of public opinion—and your dollars in support of Community Chest and United Fund drives—are also needed for another means of preventing delinquency. We do not have nearly enough child guidance clinics, family counseling services, vocational advisers, or similar agencies where trained psychological workers can often do some positive steering in the right direction which may turn a potential delinquent into a prospective good citizen.

Next, how do you as an individual, as a member of the community, do these two things

which help discharge the community's responsibility in the effort to prevent delinquency? You can be quite a force in (1) developing public opinion; so how do you go about it?

Conversations with friends is a potent method. Bring your idea of the need into the conversation; ask your friends to urge their friends to spread the idea.

Talks to clubs is another excellent method. Clubs are always looking for a speaker and a subject, and many of us have opportunities to make such talks.

Speak Out
You can "speak out at meeting" at every opportunity for a floor discussion of possible projects for your church or club. General topics often present a similar chance to speak from the floor on this, also.

(2) The time and energy of many more individuals are greatly needed for work as adult leaders in youth groups. You can volunteer to serve in one of the numerous such organizations crying for help on every hand. Forget about training—the need is for PEOPLE far more than it is for trained people.

You can even teach without previous training. To help relieve the great shortage of teachers, Texas authorities are issuing temporary certificates to enable you to teach during the time that you are taking a television course in your own home on teaching methods.

You can be a personal friend to children you know or can become acquainted with, talking to them, LISTENING to them, giving them jobs . . .

My next article will discuss what you and other members of the community can do to help discharge the community's responsibility in rehabilitating delinquent children.

Guests in the home of Mr. and Mrs. H. M. Cade Sunday were Mr. and Mrs. Tommy Lemon and daughters of Wolforth.

Guests Friday in the home of Mr. and Mrs. G. L. Clark were their daughter, Mrs. James Turner, and Mr. Turner, and Mrs. Clark's sister, Mrs. Hollis Shoemaker, and her children, Jerry and Randy, all of Lubbock.

Mr. and Mrs. Billy Butler and family of Lamesa visited with their parents, Mr. and Mrs. John B. Butler over the week end.

Valton Wheeler has been confined to his home with the flu for the last few days.
