**RECEIVE SERVICE PINS**—Seven employees of the City of Slaton received service pins at the annual banquet held Monday night. Left to right are W. W. Watson, cemetery employee, three year pin; George Willis, water department, five year pin; Elmer Roberson, police department, five year pin; Tom Hargraves, fire department, five year pin; Ernest Alvarado, street department, five year pin; Mrs. Jean Edmondson, city secretary's office, three year pin; and Mrs. Geneva Crowley, city secretary's office, five year pin.

## City Employees Hear Discussion of Retirement System at Banquet Monday

Some 50 persons attended the annual City Employee Retirement Banquet, held Monday evening at the Clubhouse. J. Maxey, city secretary, served as master of ceremonies. Service pins, representing three to five years of service with the City of Slaton were presented by Missioner Chester Williams. George Willis, Ernest Alvarado, Tom Hargraves, Genevieve Crowley and Elmer Roberson all received five-year awards. Three awards were presented Billie Edmondson and W. W. Watson.

Robert Brown, chief accountant for the Texas Municipal Retirement System, Austin, discussed city employees' retirement system. Funds Matched explaining the retirement system. Brown stated that five per cent of the gross salary is deposited in the T. M. R. S. by both the employer and the employee. The system provides for retirement of the employee if he has 15 years of service when he reaches age 60, or if 10 years service have been attained, retirement can be effected regardless of age. The system also provides for

disability retirement after 10 years service. Should the employee leave the employ of the city, all funds paid in to the retirement system are refunded, both to the city and the employee. The City of Slaton has been a member of the Texas Municipal Retirement System since 1954. Brown pointed out. The amount of retirement received, he said, is based on the salary of the employee and the length of service for the city.

**122 City Members** At present there are 122 city employees who are members of the T. M. R. S. This encompasses some 14,000 municipal employees, he said. Brown also pointed out benefits which could be received through Social Security coverage of employees. Under Social Security, male employees will be able to retire at age 65, while women employees will be eligible for retirement at age 62. Social security provides for full coverage when 10 years service have been put in. At present the employees of the City of Slaton are not covered by Social Security. That coverage can be obtained only through a vote of the employees.

## Baseball Team in Bi-District Game with Childress Saturday, 8 p. m.

Slaton High School's baseball team will play Childress in Childress Park, Lubbock, Saturday 8 p. m. for the bi-district title. Slaton defeated Post last week three games to win district honors. Scores in the games were 13-2, and 9-5. According to Coach Leonard Childress has a very strong team, with a record this year of 18 wins and 9 losses. Slaton has won eight games and one.

Swinehurst, who has a six win, one loss record. Winner of the Slaton-Childress game will play the winner of the Granbury-McCamey game, which is to be played Saturday at Ballinger.

## Radio Station Permit for Slaton Granted

Granting of an application for a radio station in Slaton has been announced by the Federal Communications Commission in Washington. A grant for a 250-watt station to operate on 1050 kilocycles, daytime hours, has been made to Bill Harrell and Kermit Ashby, both of Plainview. Both Harrell and Ashby are connected with radio station KVOP in Plainview. According to the grant, construction may begin on June 24. Harrell, who is presently with the sales department of KVOP, will be manager of the Slaton station. He is also a stockholder in station KVWO, Cheyenne, Wyoming.

## Drive for Silverton Tornado Victims Being Collected

Persons who have clothing, dishwashing or any supplies they wish to donate to tornado disaster victims at Silverton, may do so by bringing Mrs. Henry Bollinger at 3-3579. Mrs. Bollinger and Mrs. W. L. Bour will take articles to Silverton on Saturday, May 25.

## City's Balance Sheet Shows Business Increase

Published elsewhere in this week's Slatonite is the balance sheet for the City of Slaton at the close of business March 31, 1957. Total business for the City increased some \$32,771.07, according to figures in the report. Total assets agreed with total liabilities and surplus in the amount of \$1,080,871.73. Bonded indebtedness of the City decreased some \$27,000 over the indebtedness on the same date in 1956. Total bonds payable were \$319,000.00. Accounts receivable for the water and general funds, which included water accounts and garbage fee for March were \$6,684.38 and \$1,825.25. Valuation of city-owned buildings, fire equipment, street equipment, etc., increased some \$29,641 over the valuation in 1956.

## Intersections Around Square Plagued By Auto Accidents Over Week End

Four accidents were reported in Slaton over the week end. They occurred at the intersections of 8th and Garza, 8th and Lubbock, and two at 9th and Lubbock. Tickets were issued in connection with the accidents for failure to grant right of way, giving improper signals, driving too fast for prevailing conditions, and following too closely. Tickets were also issued to two persons for driving without a driver's license, to two persons for speeding, and to one person for running a red light. Six persons were jailed, four for drunkenness, one for disturbing the peace, and one on a warrant issued in Lubbock. About 100 gallons of gasoline was reported stolen from a pump behind 136 S. 8th street. The lock on the pump was broken in order to get the gasoline. Hubcaps were stolen from a car at West Ward school on Saturday night. Offices at the Magnolia Petroleum Co. warehouse were broken into sometime during the night May 19. Desks were pilfered but nothing was taken. Entry was made by breaking a window. Dogs were reported causing trouble in the 200 block of E. Dickens May 18.

## Local Business Firms To Close May 30

Business houses in Slaton will be closed Thursday, May 30, in observance of Memorial Day, according to Mrs. Vivian Jones, manager of the Retail Merchants Association. Memorial Day is one of four holidays observed by Slaton merchants. Others are July 4, Thanksgiving and Christmas.

## Water, Sewer Bond Proposals Before Slaton Residents in June 4 Election

Slaton residents will go to the polls on Tuesday, June 4, to vote on \$150,000 in water and sewer bonds for the City of Slaton. Petitions signed by 301 persons requested the election be called. Included in improvements planned should the issue carry is a chlorination system for Slaton's water, and construction of additional sewer lines. Recent surveys of the sewer system showed it to be carrying about 2 1/4 times its capacity. The system was installed here in 1922. Included in the new lines would be a new outfall line, and new collector lines. The survey of the system, according to the engineer's report, indicated that should five or six houses be added in certain sections of Slaton the manholes could be expected to overflow during the peak periods in the summer. Of the \$150,000 proposed, \$35,000 would be water bonds and \$115,000 would be sewer bonds. In explaining the engineer's re-

port to a town-wide meeting, it was pointed out by the engineer that the new system as proposed would not do away with any of the present system, but would take care of all sewage in excess of that which the present system is designed to carry. Voters in the election must live within the city limits of Slaton and have property rendered for taxation on city tax rolls. They must also be qualified to vote in other respects. Serving as election judge in Ward 1 will be Joe S. Walker Jr., with R. D. Hickman as assistant. In Ward 2 Mrs. Alice Neill will be presiding judge, with Mrs. P. A. Minor as assistant. C. H. Whalen will serve as presiding judge of Ward 3, assisted by Mrs. B. A. Hanna. Presiding Judge of Ward 4 will be Oran McWilliams, with Mrs. Frank Lawrence as assistant. Clerks will include Mrs. Bessie Donald and Mrs. Don Britt in Ward 1; Mrs. Dan Liles and Mrs. E. E. Culver in Ward 2; Mrs. C. H.

## Lions and Rotarians Lead Soil Stewardship Observance In County with Farmer Banquet

Leading off the activities of Soil Stewardship Week in Lubbock County members of the Slaton Lions Club and Slaton Rotary Club held a joint meeting Thursday, May 23 at Slaton Clubhouse. Carl Spencer, executive director of the State Soil Conservation

Board, Temple, was guest speaker. Local area farmers were guests of Lions and Rotarians at the luncheon. Other activities will include the Farm and Home Hour, broadcast at 12 noon over radio station KCBD, Lubbock, featuring Soil Steward-

ship. **Special Sermons** On Sunday, churches over the area will observe Soil Stewardship Sunday. Special bulletin covers were furnished many churches by the Lubbock County Soil Conservation District. Numerous ministers

are planning to deliver sermons on the topic of "Soil Stewardship," according to Conservation officials. Sunday's Avalanche-Journal will devote its farm news section to Soil Stewardship. Monday will see emphasis placed on the program by Bob Stephens' Farm Program over station KFYO at 6:25 a. m., and on the Final Feature over KDUB-TV at 10:50 p. m.

**Awards Given** Lubbock's Downtown Lions Club will present awards to essay contest winners and outstanding conservationists at their Tuesday meeting. Throughout the week, KFYO's Farm Program at 6:25 a. m. will be devoted to the program. "Hospitality Time" over station KCBD-TV at 5:45 p. m. Wednesday will feature a panel composed of the Rev. Melvin Rathel, SCS technician Lloyd Morton, and Joe S. Walker Sr., Slaton, chairman of the Board of Supervisors of the Lubbock County Soil Conservation District. Several churches have indicated they will observe Soil Stewardship Sunday on June 2.

## Pony League Play Gets Underway Monday as Tigers and Red Sox Meet

"Play Ball" will mark the official opening of the Slaton PONY League at 8 p. m. Monday in Pony Stadium. Last year's league-winning Red Sox will play the Tigers for the season's opener. Tuesday night, the runner-up team from 1956, the Cubs, will meet the Braves. Game time throughout the season will be 8 p. m. Workers are putting finishing touches on equipment at the ball park, replacing fences and lights, and other maintenance work. Jaycees will have a new permanent concession stand in operation this year. No admfssion is charged for Pony League games. League officials said that teams

have been putting in many hours practice, and should be in good condition for the first games. Membership cards with the full 1957 schedule printed on the reverse side are available from all officers, managers, and committee members of the League. They will also be on sale at the games for \$1 each. Proceeds go to help finance the Pony League program. Mr. and Mrs. Malcolm Limmer accompanied Mr. and Mrs. Lewis Droemer to Lamesa Sunday afternoon.

Throughout the state and throughout the nation, the week of May 26-June 1 has been proclaimed Soil Stewardship Week. Governor Price Daniel pointed out that soil and water conservation is not only a necessity for food and fiber but that it brings economic benefits to all Texans. Some 180,000 Texas farmers and ranchers are receiving assistance from their Soil Conservation Districts, and have started applying conservation measures on their lands. In spite of their progress, however, many landowners and operators have not taken advantage of the opportunities offered through their Districts.

## Hugh Van Pierce To Attend Boys State in Austin

Hugh Van Pierce will represent Slaton at Lone Star Boys State in Austin June 5-11. Pierce was named by Luther Powers Post of the American Legion. Sponsored over the nation by the American Legion, Boys State is a plan for training in the functional aspects of citizenship. It is a program of education whose purpose is to teach the youth of today constructive attitudes toward the American form of government. Citizens of Boys State not only will be required to review knowledge already acquired concerning the political machinery of a commonwealth, but they will find themselves performing exactly the same functions as real officeholders in the everyday world. The boys organize their own city, county and state governments. They choose their own officials in accordance with regular election procedures.

## School Award Winners for '57 Told by Luther Powers American Legion Post

Recipients of School Awards presented by Luther Powers Post of the American Legion have been announced. The awards are presented annually to seniors of the various schools, in recognition of the qualities of honor, courage, scholarship, leadership, and service, which are necessary to the preservation and protection of the fundamental institutions of our government and advancement of our society. Dickie Thomas received the award for the graduate of Slaton Senior High School. Tommy Claiborne was named recipient of the

Junior High School award. Graduating from St. Joseph's School, James Bednarz received the honor, and Patsy Ruth Johnson received the award for the Evans School student. Awards consist of a medal, a pin or button, and a certificate suitable for framing.

## Absentee Ballots Now Available for Bond Issue

Absentee ballots are now available for voting in the water and sewer bond election scheduled for Tuesday, June 4. Persons voting absentee may do so up to May 31, according to City Secretary J. J. Maxey. Ballots are available in the City Secretary's office in City Hall.

## Santa Fe 'Good Service' Session Held Wednesday

A "Good Service" meeting for Santa Fe conductors, trainmen, chair car attendants and others concerned with passenger train service was held in Slaton May 22. R. T. Anderson, general passenger traffic manager from Chicago, conducted the meeting. Anderson has been holding meetings such as this over all the Santa Fe's system since mid February, as his schedule would permit. This is being done in order that he might personally contact all employees who serve the public on trains. Other meetings were held in Clovis on May 21 and in Amarillo on May 23 and 24.

**ATTENDANCE CONTEST WINNERS**—These members of First Christian Church, Slaton did much in aiding the local Christian Church top members of the Christian Church of Post in an attendance contest. The Slaton group won by some 149 points. When weather permits, members of the Sunday School at Post will fete members of the local church and Sunday School to a picnic.

## Slaton Christian Church Winner in Attendance Contest with Post Church

In an attendance contest with First Christian Church of Post, the First Christian Church of Slaton topped the Post group by 149 points. The contest was based on the av-

erage attendance during March 1957. The contest began April 1 and continued through May 12. Post church had an average attendance of 48.2 during March, as compared with Slaton's average of

60.2. During the contest, Post increased their average to 59.4, and Slaton increased their average to 86.2. For contest purposes Slaton accumulated 1,361 points, as compared with Post's 1,212. Post church will fete members of the Slaton church to a picnic in the near future. The Rev. Claude Wingo is pastor of the Slaton Christian Church.

## Kay Porter, Wayland Stephens Will Receive Degrees from Texas Tech

Two Slaton students, Kay Porter and Wayland Stephens, are among the 217 graduates from Texas Tech's School of Arts and Sciences at Spring Commencement June 3. Miss Porter will receive her degree in physical education and Mr. Stephens will receive a bachelor of music in voice. Dr. Granville T. Walker of Fort Worth's University Christian Church will preach the baccalaure-

ate sermon at 8 p. m. Sunday, June 2, in Jones Stadium. Convair Vice President August C. Eswein of Fort Worth will deliver the principal address during commencement at 8 p. m. Monday, June 3, in Jones Stadium. In case of unfavorable weather, Baccalaureate will be moved to Lubbock Municipal Auditorium and Commencement to Lubbock Municipal Coliseum.

**DRIVE ON WILD DRIVERS**

The police in one community have hit upon an effective way of thwarting deliberately careless drivers, many of them teen-agers out for a lark. The police are cruising at night in unmarked civilian cars, even station wagons and pickup trucks.

The system works. Many a smart aleck driver has been astonished to find that the family sedan he cut in on with inches to spare or beat away from a stop light was in reality a police car equipped with a red portable spotlight and the men to handle it.

Police were driven to this method by a rash of complaints about young people driving wildly at night just for the fun of it, racing two abreast or screeching around corners. It was found that ordinary police cruiser cars were not effective because the reckless youngsters often had a spotter in the back seat to watch for pursuit. Putting police in unmarked cars solved the problem.

Other communities might also find the system effective. There is only one real drawback. Unauthorized persons might consider it amusing to impersonate police by stopping cars and flashing a red light. This could be solved by having the police use some sort of signal light or sign available only to them. At any rate, the knowledge that police are roaming the streets in unmarked cars, ready to halt wild drivers, should be a healthy deterrent to that tribe.

**NOTHING TO WEAR**

In the United States, the male of the species has traditionally been free to wear pretty much the same sort of clothes from year to year without becoming a social outcast. Although this freedom is not one of those guaranteed by the Constitution, it has become an accepted part of what is known as the American Way of Life.

The designers of men's clothing have struggled against this tradition. From time to time they have come up with such exotic numbers as cherry-red tuxedos and other innovations that it gives us pain even to mention. But the male has successfully resisted. He has clung doggedly to his right to wear the slacks and sports shirts and windbreakers of the year before last without being tagged as an eccentric.

This year the designers and clothing manufacturers are trying a new tack. They are seeking to infiltrate the male world with the subversive idea that men, like women, shall not brave the public gaze without a new spring or fall outfit as the season demands.

If this idea gets across, it will be great for the clothing industry. As for us, we hope the time will never come when Father will stare at a closet full of suits and wail: "But I can't go; I don't have a thing to wear!"

**NATO'S COMMANDER**

Who would have thought 15 years ago, or even less, that American and Allied troops would serve willingly under a German commander? Gen. Hans Speidel, commander-in-chief of the NATO forces, was chief of staff of the brilliant German leader in North Africa, Erwin Rommel. Those who fought against "the desert fox" have no doubt as to the competence of Rommel and his aides.

Though he served the Nazis because they ruled Germany, Speidel was no Nazi. He has a certificate of good conduct in this regard, as he wound up his World War II career in one of Hitler's concentration camps. This experience makes it easier for French and other Allied troops to serve under him.

As the situation is working out, West Germany is likely to furnish the major number of soldiers to defend Western Europe against a Russian attack. This gives logic to the choice of a German commander. As Speidel is not the traditional overbearing Prussian type, but rather resembles a college professor, he arouses few antagonisms. But his record shows that if war came he would make a formidable antagonist.

**INITIATIVE NEEDED**

Our relations with Russia may be summed up like this. The Russians propose a step which sounds peaceful, but actually conceals a gain for themselves. The State Department rejects the Russian plan as out of the question. The Russians then point to their proposal and our rejection as indications that we are war-minded. Too often this interpretation carries weight with other nations.

Why could we not, for a change, advance proposals of our own, and put the burden of rejection on Moscow? We might offer to withdraw our forces in West Germany to France, provided the Russians in turn pull back their troops, now in East Germany and the other satellite states, to Russian territory.

Or we might promise to withdraw entirely within a certain period after free elections had been permitted in the satellite states. Both suggestions would be awkward for the Russians to refuse. It would be refreshing to see more initiative shown by the State Department.

The coming of spring means the beginning of the annual race between the weeds and the flowers.

**BRYAN ROSS—WESTVIEW BAPTIST CHURCH**

Without study some passages of the Bible appear confusing. This passage from Matthew 11:30 is one of those: "My yoke is easy, and my burden is light."

It is a passage that we need to think about and pray about, if we are to receive the full assurance of it.

Possibly not too many of us today have seen a yoke of oxen. Some of us who were overseas during the war saw them in use, but the younger person living in America possibly hasn't had opportunity to see one. Back many years ago a person could see a yoke of oxen drawing a load down the country roads. They were slow but sure, and could go in some places where a horse could not go.

If you have ever seen a yoke in some museum you probably want to shake your head and say, I do not see how that big, heavy thing could make a burden light, or how it could be easy on the oxen who pull it. Let's look from the practical side and see the purpose of the yoke.

Back when they were in use, sometimes the farmer would want to move a cart, but instead of getting both of the oxen he would get but one, and after placing the yoke on the neck of the ox, he would get hold of the other end and help move the cart.

Now let us draw a lesson from this picture. The farmer held up the end of the yoke, and thus made it easier on the neck of the ox. It was the ox that pulled the load and thus made it lighter on the farmer.

Of course the ox could not move the cart until the farmer held up the end of the yoke. The farmer was not strong enough to move the load without the ox. Only as they worked together were they

able to accomplish the task. We remember that Joseph was a carpenter and one of his tasks was to make yokes. I am sure that our Lord also learned this trade. He learned to make yokes that would not hurt the neck of the oxen.

He did not reduce the load that they had to pull, but He did make yokes that would make it easier for them to pull it. In the same way the Lord is making yokes for us that will help us to bear our load in an easier way. As I face the trials of life it is a blessing to know that the Lord is the great yoke maker for all who call upon Him for help.

There is also the idea that Christ takes up the other end of the yoke

to help us bear our load. He says to our hearts, "Take my yoke upon you and learn of me; for I am meek and lowly of heart and ye shall find rest unto your souls."

Dear friend, if your yoke is heavy, why not ask the Lord to help you bear it? He has promised that He will do it.

## Rogantide Service Set for Grace Lutheran Church Sunday Morning

The annual Festival Service of the Blessing of the Seed will be held Sunday at 10:45 a. m. at Grace Lutheran Church. The pastor, the Rev. Henry F. Treptow, will officiate.

This Day of the Seeds began to be observed in the Christian Church of Gaul in the fifth century. Rev. Treptow said. This day always comes on the Fifth Sunday after Easter. The name "Rogate" means "Pray ye," a special day of prayer set aside in the Church at which time the dedication of seed takes place and the faithful of God express special prayers in behalf

of good crops and harvest-time. Especially are we mindful of the basic need of God's rich blessings upon us in this community in which we live, Rev. Treptow said. Special prayers and dedications will be features of this meaningful service.

The public is cordially invited to attend this service, according to Rev. Treptow.

## Rail oddities

The engineer of a fast train going through Gans, Okla., before daylight Jan. 22, 1957, kept his locomotive horn shrieking continuously ... awakened everybody in town.

Through a flash of lightning he had noticed the funnel of an approaching tornado. It struck the town minutes later.

People lost their lives in Gans that night. But many others found shelter, and safety, thanks to the quick thinking and effective action of Engineer Billy Bryant.

## TEAGUE DRUG MONTHLY NEWS

A Message from Teague Drug "Your Pharmacist"

Last month we celebrated Mother's Day, and just as you won't feel left out of the picture, on June 16, Father's Day, everybody puts the spotlight on Dad.

The best tribute we have ever heard about fathers came from a youngster who said, "We have such good fun with my daddy that I wish I had known him sooner."

Fathers are important people to have. A father is a banker provided by nature. He takes care of all the important things, while mother makes the decisions about unimportant things. Of course, it is very seldom that anything important turns up, usually never.

Fathers are sometimes taken for granted, but not at our pharmacy. We appreciate and understand them and welcome their visits to us.

## Santa Fe and Electronics

New electronic methods keep constant check on all freight cars moving over Santa Fe rails

New electronic wonders are contributing to precision railroading on the Santa Fe.

Take freight car locating, for instance. With our Red Ball service, we can "put the finger" any time on any one of many thousands of freight cars moving over the 13,150 miles of Santa Fe rails every day.

Information on these cars is recorded on cards which are fed into electronic machines. These "electronic brains" process the cards as fast as 2,000 per minute—and tell us within a few seconds where every car is, what it contains, where it is going.

This information is immediately available for our customers. Shippers of produce may take advantage of any changing market conditions and divert their shipments while en route to other points where markets may be more favorable.

With this advice, consignees know in advance the time of arrival of their shipments. This facilitates their plans for delivery of shipments or scheduling of production.

This method of locating freight cars is only one of the many electronic tools now employed by Santa Fe. Some of the others are microwave, two-way radio, and supersonic rail detectors.

Something new in the science of railroading is a daily objective on the Santa Fe—the railroad that's always on the move toward a better way.

## Electric Living IS FUN!

Modern electric cooking is the answer to quick preparation of snacks for TV time and other occasions.

"T-V meals are a Snap with an ELECTRIC RANGE!" says MRS. R. W. BOWMAN, JR.  
 1045 WEST DICKENS • SLATON, TEXAS

Mrs. Bowman uses the automatic timer on her range for every meal and this time-saving, work-saving feature is one of the many that you enjoy when you cook the modern way — the electric way.

Mrs. Bowman says, "We chose an electric range, not only because we wanted the convenience, cleanliness and speed, but we also wanted the style and design that only the electric range could offer". A visit to your Reddy Kilowatt dealer store will show that you are in complete agreement with Mrs. Bowman's words.

# 28 Die in Texas Hunting Accidents; Toll 35 Under Fatality Mark for '56

AUSTIN—Final incomplete returns from the last major Texas hunting season added ten previously unreported deaths, raising the total to 28, but falling short of the 35 fatalities listed for the previous season.

The executive secretary of the Game and Fish commission said it was the first year on record that the seasonal aggregate fell below that of the preceding year.

**Heavy Toll**  
"Twenty-eight Texans still is a pretty heavy toll to take during one hunting season," he added, "but if we did gain seven human lives as compared to the year before maybe our gun safety efforts are being rewarded at least in a modest way."

The executive secretary noted that an increasing number of sportsmen's groups are fostering actual training periods for youngsters, and that commission field personnel are helping out where time permits in most of these programs.

"Our principal safety work certainly rests with the youngsters,"

said the executive secretary. "For example, seven of the last ten fatalities were youngsters, mostly in the 10-14 year age bracket."

**Help Youth**  
"Kids need some help in mastering their guns and to help them coordinate their developing minds and muscle. They also need to be guided in restraining their fire sixteen year old Ozona boy was shot and wounded by another lad who said he mistook his companion for a javelina."

Earlier casualty totals reported the wounding of a Port Arthur boy by another youngster who explained he thought the target was a wolf.

**Teenagers Involved**  
Eighteen of the 28 deaths reported for last season involved teenagers either as the victims or as the perpetrators.

"This is pretty well in keeping with the modern trend," said the executive secretary. "And it points up the opportunity for a substantial field in safety work. Times have changed. The kids of former years grew up with guns. Now they sometimes try to handle weapons without proper schooling, and often-times without realizing the lethal loads which their guns pack."

"It all outlines the way toward permitting the boy of today to share the same routine of the field that his forefathers enjoyed. When boys want guns, they deserve them, certainly at a reasonable age. But adults must provide the follow through and help them master handling of the firearms."

**Gun Safety**  
The executive secretary said standing orders have been issued for all field personnel to give as much time as possible to gun safety. He emphasized that some wardens have sponsored local safety courses.

"We cannot lay down a mandatory assignment for field personnel to allot time for special gun-handling curricula," he said. "Our small field force is not adequate for that, in view of the countless other tasks to be handled. But we definitely are committed to provide advisory assistance as a general rule. We would like nothing better than to further check hunting casualties of all kinds."

**Southland Senior Class of 1949 Holds Reunion**

# Slaton Student To Receive Degree at McMurry

Exra Corley, son of Mr. and Mrs. C. E. Corley of 410 W. Dickens, will graduate from McMurry College, Abilene, May 27 in the school's 34th annual commencement exercises.

Corley will receive a bachelor of science degree with a major in physical education and minors in mathematics and English.

He was a member of the IHR social club, Future Teachers of America, Baptist Student Union, and Physical Education Majors and Minors club president. He also played football and basketball, and was chosen senior class favorite at McMurry.

The Rev. Durwood Fleming, pastor of St. Luke's Methodist Church in Houston, will deliver McMurry's baccalaureate sermon at 8 p. m. Sunday, May 26, in Radford Memorial Auditorium.

Dr. Dan Dodson, director of the Center for Human Relations and Community Studies of New York University, will give the commencement address at 10 a. m. Monday, May 27.

Scheduled to receive the honorary doctor's degree from McMurry in the commencement exercises are the Rev. Fleming, Dr. Dodson, the Rev. Bryan Hall of El Paso, Stanley W. Crosby of Roosevelt, N. M., and Charles E. Maedgen Sr. of Lubbock.

McMurry will award 93 master's and bachelor's degrees in the graduation exercises, according to Jerome Vannoy, registrar.

Miss Eula Ferrill left Tuesday morning for Bonham where she will spend the summer with her brother.

# Rabid Dogs Pose Constant Threat To Children, Especially on Warm Days

The rabid dog is a constant threat to all children, asserts Dr. C. M. Patterson, extension veterinarian, especially on warm spring days when large groups of youngsters congregate in play areas. Rabies is currently a serious problem in several sections of the state, he adds, and should be a subject of real concern to pet owners everywhere.

Dr. Patterson says any warm-blooded animal is susceptible to rabies, but that it is most likely to be spread by the predator-type. Symptoms are hard to define, explains the veterinarian, but it's a good practice to suspect any animal if it loses the fear of man.

Keep under observation any suspicious animal should it bite a human, advises Dr. Patterson. If the animal is not available, the person should be placed under competent medical supervision at once.

Texas law now empowers commissioners courts to declare the county a rabies control area, Dr. Patterson says. This should extend more efficient control programs into the state's rural areas. Vaccination of all pets and strict impoundment of every stray dog are essential features of a good control program, he adds.

Wild animals sometimes carry the danger of rabies to farms and ranches, endangering livestock as well as humans.

Dr. Bert Levine, clinical psychologist, is making plans for Patsy to attend business college through the aid of assisting agencies.

During her stays at the Foundation Patsy has also learned to get in and out of a bed and a car unaided.

# Polio Victim Gets Discharge from Gonzales Hospital

Twenty year old Patsy Jones, daughter of Mr. and Mrs. Lee Jones of Slaton, has been discharged from the Gonzales Warm Springs Rehabilitation Foundation.

Patsy, who first contracted poliomyelitis in July 1954, underwent a month of treatment during her recent stay at Warm Springs. She perfected her walking gait. She first entered Warm Springs in June 1955.

well as farmers. Dr. Patterson warns rural people to be on the lookout for strange-acting animals, particularly foxes, coyotes, skunks and civet cats. Pets coming in contact with any suspicious domestic or wild animals should be given a booster shot, he warns, even if already protected by a standard rabies shot.

# Penicillin May Be Answer to Human Cancer Problem Texas Scientists Say

In the days when penicillin was new a scientist tested it against a variety of cancers growing in laboratory dishes. It killed every single cancer tissue. It did not kill normal tissues.

The excited scientist immediately ordered more penicillin. The new batch, purified and made stronger against bacteria, did not damage cancer at all. The anti-cancer penicillin was lost, and to this day it has not been recovered.

If the chemistry involved in penicillin's slaughter of cancer were understood, drugs might be prepared to duplicate it. But no one knows just how penicillin acts against any kind of cell.

A Texas scientist, however, has almost worked out this problem. He has traced the lethal effect of penicillin to its action on a compound called ATP, or adenosine triphosphate. ATP is the energy-loaded stuff which makes muscle cells move and nerve cells transmit impulses.

The scientist puts penicillin in a dish of growing bacteria. In the presence of penicillin, the bacteria will grow but the new cells can't split apart. The cells grow end to end in a large snakelike form. When ATP is added, however, the overgrown serpentine structure immediately splits into individual bacterial cells. This may be a step toward the eventual control of cancer.

### Polio Virus Can Destroy Cancer

A Baltimore cancer researcher found that he could grow polio virus in human cancer cultured in laboratory dishes—a good way to produce polio virus for experiments. Polio destroyed the cancer.

A Texas woman scientist wondered: "If polio virus destroys cancer growing in laboratory dishes; what does it do to cancer growing in humans?" She checked the health records of all polio patients and cancer patients in Harris County (Houston) for several years back and found only one person who had had both polio and cancer. The cancer is considered by some to be a debatable one—a brain tumor called astrocytoma.

This may be significant. If—a rather large if, it is too—if it turns out that polio virus destroys cancer in humans, hopelessly advanced cancer patients might be experimentally treated with the virus.

TAKE NOTICE that an election will be held in the City of Slaton, Texas, on the 4th day of June, 1957, in obedience to a resolution and order duly entered by the Commission of said City on the 13th day of May, 1957, which is as follows:

"RESOLUTION AND ORDER by the Commission of the City of Slaton, Texas, ordering an election to be held in said City for the purpose of submitting questions of the issuance of \$35,000 Waterworks improvement and extension bonds and \$115,000 Sewer System Improvement and Extension Bonds; providing for notice of election and enacting other provisions incident and relating to the purpose of this resolution and order."

WHEREAS, the Commission of the City of Slaton has determined that it is advisable and necessary to provide improvements and extensions to the City's Waterworks and Sanitary Sewer System and to issue general obligation bonds to provide the funds required therefor, such improvements being urgently needed for the preservation and protection of the public business, property, health, welfare and safety of the citizens of the City, and particularly in consideration of the fire and sanitation hazard which exists and which will continue to exist unless the improvements are provided; therefore

BE IT RESOLVED AND ORDERED BY THE CITY OF SLATON:

SECTION 1: That an election be held on the 4th day of June, 1957, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this resolution and order, at which election the following propositions shall be submitted to the qualified electors of said City who own taxable property therein and who have duly rendered the same for taxation:

PROPOSITION NUMBER 1 "FOR THE ISSUANCE OF \$35,000 WATER SYSTEM BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF" "AGAINST THE ISSUANCE OF \$35,000 WATER SYSTEM BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF" "PROPOSITION NUMBER 2 "FOR THE ISSUANCE OF \$115,000 SEWER SYSTEM BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF" "AGAINST THE ISSUANCE OF \$115,000 SEWER SYSTEM BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF" AS TO EACH OF the foregoing two propositions, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the respective propositions, or in the alternative, each voter may vote on the respective propositions by placing an "X" in the square appearing on the ballot beside the expression of his choice.

SECTION 5: That a copy of this resolution and order, signed by the Mayor of the City and attested by the City Secretary shall serve as proper notice of said election.

SECTION 6: That notice of said election shall be given by posting and publication of a copy of this resolution and order, at the top of which shall appear the words "NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS." Said notice shall be posted at the City Hall and at a public place in each of the four voting precincts within said City, not less than fourteen (14) full days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in a newspaper of general circulation, published in the City of Slaton, the first of said publications to be made not less than fourteen (14) full days prior to the date set for said election.

SECTION 7: That such bonds of the two series hereinabove set forth as are approved by the qualified voters voting at the election herein and hereby ordered shall be issued in one or more installments but as a single combined authorization.

PASSED AND APPROVED, this the 13th day of May, 1957. O. N. ALCORN Mayor, City of Slaton, Texas

ATTEST: J. J. MAXEY City Secretary, City of Slaton, Texas (City Seal)

THIS NOTICE of election is issued and given by the undersigned, pursuant to authority conferred by virtue of the above and foregoing resolution and order of the Commission of the City of Slaton, Texas, and under authority of law.

### Post Dispatch Sale To Kansas Editor Announced Last Week by E. A. Warren

Announcement was made last week of the sale of the Post Dispatch to Jim Cornish, Kansas newspaperman. Dispatch publisher E. A. Warren made the announcement. Sale will become effective June 1, Warren said.

Cornish has served as editor of the Pratt, Kansas, Tribune for the past four years. The Tribune is a daily newspaper.

Warren had operated the Dispatch since it was founded in June 1926.

Cornish said that he planned no changes in the staff of the paper.

Mr. and Mrs. Warren will continue to live in Post, Warren said that he "wanted to take it a little easier" in announcing sale of the paper.

Mr. and Mrs. Sammy Angle and children spent the week end in Knox City visiting with Mrs. Angle's parents, Mr. and Mrs. Q. C. Davis, and with Mr. Angle's mother, Mrs. J. C. Angle. The children will spend two weeks with their grandparents, Mr. and Mrs. Davis.

Mr. and Mrs. A. C. Ethridge spent Sunday in Plains visiting with Mr. Ethridge's parents.

Mr. and Mrs. J. R. Childress spent last Tuesday in Big Spring visiting with Mr. Childress' brother, S. G., and Mrs. Childress.

Mr. and Mrs. R. L. DeBusk Jr. and family of Ralls visited Sunday with Mr. DeBusk's parents, Mr. and Mrs. R. L. DeBusk.

#### HOMESTEAD MAY BE SOLD FOR TAXES

Many Texans have the mistaken impression that their homestead cannot be seized and sold for delinquent taxes. In many cases, this idea has led to considerable grief and monetary loss which could have been avoided. A homestead should be rendered to tax assessors like any other property, and taxes assessed against it should be paid as faithfully as those on any other taxable property.

The deadline for rendering property for taxation is April 1, so far as most city taxing agencies are concerned. The last date for rendering real and personal property for state and county taxes is April 30. State taxes are collected by the County Tax Collector.

Under the Texas Constitution, each family is entitled to claim one piece of real property as their homestead. This claim must be established by an affidavit filed with the county tax assessor on or before April 30, each and every year. This affidavit must be filed by the owner himself. A lending agency cannot do so, even though it may actually pay the annual taxes thereon from a fund created by the owner's monthly installments.

When the homestead affidavit is properly filed, the owner becomes entitled to an exemption of State taxes up to the value of \$3,000 or 200-acres in the case of farm lands. This is an exemption from payment, not a complete exemption from rendition and assessment. There is no similar exemption with reference to county or city taxes.

The homestead claimed for tax purposes need not be the property which is actually occupied by the owner as his residence.

When the homestead affidavit is not filed by April 30, the taxpayer loses his right to the \$3,000 or 200-acre exemption, and consequently becomes liable for more taxes than he would otherwise be required to pay.

Property taxes are assessed against the person who is the record owner of each piece of real and personal property on the first day of January of each year. Individuals purchasing property during the year should make sure that the taxes for all previous years have been paid. Otherwise, the purchaser may be forced to pay hundreds of dollars in delinquent taxes to protect his property. Unpaid taxes create a lien against the property which can be enforced regardless of change of ownership.

One should also keep in mind to make some arrangement for the previous owner to pay his pro-rata share of taxes for the current year. Otherwise, the buyer may find it necessary to pay the entire taxes for that year.

When taxes are not paid by the deadline prescribed for the particular taxing unit (city, county, State, or district), monetary penalties and interest are added from month to month. In addition, the property becomes subject to seizure and sale to satisfy the tax lien. This lien applies to all property, whether homestead or not.

Mr. and Mrs. Ralph Shultz and daughter of Vernon spent the week end with Mrs. Shultz's sister, Mrs. Robert Choate, and Mr. Choate. Mrs. Choate accompanied her sister and husband to Carlisle Saturday afternoon where they visited with Mr. Shultz's cousin, Wayne, and Mrs. Shultz.

R. L. Carpenter of Shawnee, Oklahoma, left Thursday after a week's visit with his son, Roy, Mr. Carpenter and children.

Guests from last Thursday to Tuesday in the home of Mr. and Mrs. C. B. Cooper were Mrs. Cooper's mother, Mrs. George Moseley; her sister, Mrs. H. C. Parks, and children; and her grandmother, Mrs. Mae Kurz, all of Corpus Christi. They came for the graduation exercises.

Mr. and Mrs. L. E. Evans of Muleshoe spent Saturday visiting with Mrs. Evans' sister, Mrs. W. H. Dawson, Mr. Dawson and children. The Evanses brought Mrs. Evans' mother, Mrs. G. W. Nickel, home after she visited for a month with them.

Mr. and Mrs. H. F. Martens, Karen and Chris are away for two weeks on their vacation. They will visit in Evansville, Ind., with Mr. Martens' brother. In Wellington, Kansas, they will visit with the DeMoss family, who formerly lived in Slaton; and in Kansas City they plan to attend some ball games.

## PRICE SURPRISE

-and hit of the year to Drive!

WE SURE STARTED something when we began showing this price level in our ads. That opened the eyes of thousands of people to the fact that you can buy a big and beautiful new Buick for hardly more than the price of a smaller car.

But the biggest surprise was yet to come: The discovery of a new kind of driving.

For in this completely changed Buick you have performance, ride, braking and handling like never before.

You boss a new and mighty V8 engine that sends a thrill of pure pleasure right up your spine. It has the "power-pack" built right in - and you don't pay a cent extra for it.

You command instant response from a spectacular new Dynaflo\* of such absolute smoothness and split-second obedience that you must try it to believe its wonders.

You have a new surety of control from the powerful new brakes, the precision-balanced new steering, the all-new, full-length torque-tube drive, the new "nested" ride and superb new roadability and the new low center of gravity.

The total experience is something you've never felt before in any other car - even former Buicks.

So go try it. Try the dream car to drive - that's priced to be a dream of a buy. See your Buick dealer today.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century - optional at modest extra cost on the Special.

# TELEPHONE TALK

by J. C. Oakley, Manager

**WHY NOT PERSONALIZE IT?**  
 "Telephone service is telephone service," a friend of mine said the other day. "What's so different about it now than before?"

I was glad he asked me. It gave me a chance to bring him to date about complete, convenient telephone planning. "Look at it this way," I said. "A Model-T will still get you from here to there. But you wouldn't want one for your family car. You have the latest model. And before you bought you looked over all the models, styles, special features—even colors—and picked out the one that suited you best."

"And it's the same way with phone service these days. You can select a telephone arrangement that exactly fits your needs."

Here's what I meant:  
 Enough telephones so you don't have to run to answer walk halfway through the house to make a call).  
 Telephones in color in bedrooms and kitchen to harmonize contrast with your room decorations.  
 Phone book listings for everyone in the house. And maybe second main line for teen-agers.

And extra bells or signal lamps if necessary, so nobody misses important incoming calls.  
 We're always happy to help plan a personalized home telephone arrangement. Lots of Slaton people already are taking advantage of the many low-cost "extra" services we offer.

For more details, why not call the telephone business today? The number is VA 8-4591.

**MONEY SAVING IDEA**  
 The idea of making Long Distance calls station-to-station instead of person-to-person seems to be catching on more all the time. Makes sense, too.

"Station" rates are about 1/3 lower. You can actually make three out-of-town calls for the price of two.

Here's an example. Three station-to-station calls from Dallas cost only \$2.85 (3 minutes, after 6 p. m. weekdays or all day Sunday). Two person-to-person calls would cost \$3.20.

Businessmen have known the economy of station-to-station calling for a long time. Many like to make all their calls that way.

Whether you make a lot of Long Distance calls, or just a few, I think you'll find worthwhile savings in regular use of station-to-station service. And you'll save time, too, if you'll call by number.

**READY WHEN YOU NEED IT**  
 There's a special value in telephone service that always comes to mind when vacation time rolls around.

No matter how far away your vacation takes you, it's always easy to phone home and make sure everything's okay. To stop at a road-side booth and call ahead for hotel or motel reservations.

No matter where you go, the telephone is always nearby when you need it.

Call by number. It's twice as fast.

## This Week in AUSTIN by Senator Preston Smith

To get an idea of some things that happen during the consideration of a bill, we can examine a typical incident of the 55th Legislature that attracted quite a bit of interest.

The bill, one of the "scrappiest" measures this term, is one intended to provide that those who use the telephone "with malicious intent to harass, annoy, torment, abuse, threaten or intimidate" be guilty of a misdemeanor.

After the bill had passed the Senate and weathered the House criminal jurisprudence committee, organized resistance was aimed at stopping the bill.

The opposition came from bill collectors, loan agency operators and retail merchants who resort to collections by telephone.

House members got letters and calls from persons of those categories back home asking them to kill the measure. In other words, according to the ringing telephones and letters coming into the capital about this bill it looked like that opposition was massive against such a measure.

However, there are many voters who might not disagree with the provisions of the bill, which reads, in part:

"Whoever uses any vulgar, profane, obscene, or indecent language over or through any telephone or whoever uses any telephone in any manner with malicious intent to harass, torment, abuse, or intimidate another shall be guilty of a misdemeanor, and shall be fined not less than \$10 nor more than \$1,000, or by imprisonment in the county jail for not less than one month nor more than 12 months, or by both such fine and imprisonment."

The measure is intended to stop the practice of vulgar and obscene telephone calls which have kept police busy in several cities.

Mr. and Mrs. A. E. Clack of Amarillo visited from Wednesday to Saturday with their son, B. B., and Mrs. Clack. They took their granddaughters, Jean and Jane Clack, to Amarillo for a weeks visit.

Mr. and Mrs. W. E. Lourance of Lubbock spent Saturday with Mr. and Mrs. Jesse Brasfield.

MEET YOUR MINISTER'S WIFE—Mrs. Claude Wingo, wife of the minister of First Christian Church, Slaton, is shown with some of her two hobbies—collection of china and antiques.

### MEET YOUR MINISTER'S WIFE

Love living in Slaton. The people are so friendly here," says Mrs. Claude Wingo, wife of the minister of First Christian Church. Mrs. Wingo also thinks Slaton is very cooperative in everything together.

The Wingos moved to Slaton in 1956. In their 41 years of ministering, they have lived in Nuy, Calif., Santa Fe, N. M., Washington and numerous places in Texas. Mrs. Wingo says some of the most interesting time was when she served in the United States Air Force and was stationed for two years at different points in Washington and two years in California.

**Native Texan**  
Mrs. Wingo was born and reared in Ft. Worth. She finished high school in the preparatory department at Texas Woman's College. Mrs. Wingo is now Texas Wesleyan College.

It was that year that she met her husband. They were both delegates to the Student's Volunteer Convention in Georgetown. Rev. Wingo, attending T. C. U. at the time, met her in 1917, they were married, and he was ordained a minister.

**School Teacher**  
Mrs. Wingo taught school for 22 years after she married. She received her B. S. degree in elementary education from Texas Wesleyan at Kingsville in 1955.

She and Mrs. Wingo have six daughters all of whom are married, and six grandchildren. Her children are Mrs. W. L. Fuller of Crystal City, Mrs. Robert Baker of Bryan, and Mrs. Robert Baker of Simi, Calif.

The thing that interests Mrs.

Wingo most is her church work, which she described as the most thrilling work there is.

**Antique Collector**  
Outside of her church work Mrs. Wingo is very interested in China painting, art, and antiques. She has a collection of China dishes, antique furniture, lamps, and quilts. Her antique furniture includes marble top tables, a love seat and matching chair, which she knows to be 85 years old and possibly older.

One of the quilts in her collection, which is a prized possession, was pieced by her great-grandmother. Mrs. Wingo uses all her collected articles in her daily living.

### Eunice Bruedigam Marries Gradie Montgomery Jr. in Double Ring Ceremony

St. John's Lutheran Church in Wilson was the scene of the marriage of Miss Eunice Bruedigam and Gradie Montgomery Jr. Saturday, May 11, at 2 p. m. The double ring ceremony was read by the Rev. Malcolm Hoffman before an altar of pink and blue daisies and greenery. Parents of the couple are Mrs. Pearl Bruedigam of Wilson and Mr. and Mrs. Gradie Montgomery of Slaton.

The bride wore a light blue suit and a corsage of white carnations. She was attended by Miss Patsy Montgomery, sister of the bridegroom. She wore a pink dress with a corsage of white carnations. Curtis Bruedigam, brother of the

### Junior Civic, Culture Club Has Dinner at Last Meet Tuesday

Dinner at the Spur Restaurant in Lubbock Tuesday evening, May 21, climaxed the year's activities for the Junior Civic and Culture Club.

During the short business session the resignation of Mrs. W. C. Williams was accepted.

Among those present were the guest, Ramona Key, and one new member, Mrs. C. E. Hogue. Members present were Mesdames Joe Belote, Sherrill Boyd, Don Britt, James E. Caldwell, E. D. Cummings, W. T. Davis, B. G. Guinn, Yates Key, Melvin Kunkel, M. H. Lasater, J. J. Maxey, C. E. McCoy, J. C. Smith Jr., Lee Vardy, and Lois Merrell.

### Haney-Williams Vows Read in Memphis Recently

Miss Evelyn Haney and B. L. Williams were united in marriage Friday, April 26, at the First Baptist Church in Memphis. Parents of the couple are Mrs. J. T. Haney of Memphis and Mr. and Mrs. E. E. Williams of Slaton. The pastor of the church performed the single ring ceremony.

The bride wore a pale blue wedding gown and carried a white Bible topped with white flowers. Mrs. Williams attended Memphis High School and the groom is a graduate of Lakeview High School.

### Carolyn Jo Rhoads Honored at Dinner Party Saturday

Miss Carolyn Jo Rhoads was honored with a Mexican dinner party Saturday, May 18, at noon, in the home of her aunt, Mrs. Gordon Burrell. Miss Rhoads graduated from junior high school into high school Saturday evening. Mrs. Burrell and her daughter, Jeanette, were hostesses to the party.

Guests were Tech students, Miss Bette Barnhill of Dallas, Miss Gay Nell Williams and Miss Jan Miller of Plainview, Miss Mandy Moore of Sherman, Miss Polly Jo Green of Abilene, Gary McCleod of Ft. Worth, and Don Hunter of San Angelo. Ann Haddock of Slaton was included among the guests.

### Officers Installed at Athenian Club Meeting Tuesday

Officers for the next year were installed at the last meeting of the Athenian Study Club Tuesday, May 21, in the home of Mrs. Weldon Meador.

New officers include Mrs. Meador, president; Mrs. R. B. Lain, vice president; Mrs. Phil Brewer, treasurer; and Mrs. F. W. Tye, secretary. Mrs. Joe Miles and Mrs. R. W. Bowman were in charge of the program.

This meeting was annual gift night for the club.

Those present for the meeting were Mesdames Surman Clark, M. G. Davis, Philip Dawson, George Harlan, S. H. Jaynes, Wayne Kenney, C. M. McPherson, J. D. Perkins, L. A. Reasoner, Sam Mullinax, Lain, Meador, Miles, Brewer, Tye, and one new member, Mrs. Norman Carter.

### W. S. C. S. Meets in Circles Monday

With the theme of the study, "The Philippine Islands," the Woman's Society of Christian Service of the First Methodist Church met in circles Monday, May 20.

The Mexico Circle met with Mrs. T. A. Turner. Mrs. A. L. Robertson was the lesson leader. There were six members present.

Mrs. J. S. Edwards Jr. was hostess to the Africa Circle with six members present. Mrs. Joe Walker Jr. was lesson leader.

Mrs. J. D. Holt was lesson leader for the India Circle. Four members of the circle met with Mrs. R. H. Todd Sr.

The next meeting will be in Fellowship Hall, May 27. All of the circles will meet for a covered dish luncheon at 12:30 p. m. Names will be drawn for the new circles and the newly elected officers will be installed.

Miss Patsy Hogue

### June Date Set for Hogue-Strange Wedding Vows

Mr. and Mrs. C. E. Hogue have announced the engagement and approaching marriage of their daughter Patsy, to Gene Strange, son of Mr. and Mrs. J. C. Strange of Lubbock.

The wedding will take place in the First Baptist Church on Sunday, June 23, at 3 p. m. with the Rev. Ted Gaze officiating.

Miss Hogue is a 1957 graduate of Slaton High School and is now employed by Webb's Department Store. Mr. Strange is a graduate of Slaton High School and will graduate from N. M. M. I. at Roswell, N. M. in June. He is majoring in business at the college.

FOUR GENERATIONS—Mother, Great grandmother, Grandmother, Daughter.

### Four Generations: Great-Grandmother, Grandmother, Mother, Daughter, Make Home Together in Slaton

Not every day can one find four generations that make their home together. But at 315 W. Garza in Slaton Mrs. W. H. Smith; her daughter, Mrs. K. C. Scott; her daughter, Mrs. June Spikes; and her daughter, Cindy, all live together.

**Native Tennessean**  
For an 87 year old, Mrs. Smith is very active. She attends church regularly, visits her children in Amarillo and Glazier, and loves to go shopping in Lubbock. She was presented a corsage for being the oldest mother present at First Methodist Church on Mother's Day.

Mrs. Scott is also a native of Knox County, Tennessee. She married Mr. Scott in 1916, the year she moved to Slaton. Her husband is an express clerk for the Santa Fe Railroad. They have one daughter.

**Pastime—Cooking**  
Mrs. Scott's pastime is cooking, for she says that is what she does most of the time.

A third generation representative, Mrs. June Spikes, is a native of Slaton. She works as stenographer for the chief dispatcher of the Santa Fe here.

Her greatest interest is her daughter, Cindy, who is nine years old. Cindy, a third-grader, was described as the "pet of the family." She is taking dancing lessons at present, and plans to begin taking music soon.

The entire family likes to watch television, read, and drive around in the car. The family has two cats that they are all quite fond of.

"Most important, we live together and get along together," Mrs. Scott said.

Mrs. Delia Hodges of Brea, California, left last Monday after a months visit with her daughter, Mrs. F. H. Lowry, Mr. Lowry and children.

### Douglas Poundses Celebrate 50th Wedding Anniversary

Mr. and Mrs. Douglas Poundses celebrated their 50th wedding anniversary Sunday, May 19, with open house at their home in the Acuff Community with their sons and daughters-in-law entertaining friends and relatives called to visit with the couple from 3 p. m. to 6 p. m. The Poundses have spent all of their married life in Lubbock County.

Hosts for the reception were Messrs. and Mmes. Davis Poundses, Levelland; E. C. Poundses, Lubbock; Aubrey Poundses, and L. V. Poundses, Acuff.

Grandchildren who assisted in hospitalities were Diane, Doug, Pat, Dwight, Sherrill, Jan, Ricky, and Carl Poundses.

Mr. and Mrs. Poundses, who are in fair health, were married May 15, 1907, in the home of the bride's parents. Mrs. Poundses is the former

Lula Mae Davis. The late Rev. Joe Calloway performed the ceremony.

Mr. Poundses is now retired from his occupation of farming.

Mrs. Woody Stone has been in Mercy Hospital since Tuesday evening.

### Catholic Daughters To Install Officers At Special Meeting

A special meeting for the reception of new members and the installation of officers of the Catholic Daughters will be held Sunday, May 26, at 2:30 p. m. in St. Joseph's Hall.

The Catholic Daughters and the candidates will attend communion at the 8 a. m. mass together.

Following the reception Mrs. August Kitten, district deputy, will install the officers as follows: Mesdames H. C. Heinrich, grand regent; W. A. Heinrich, vice grand regent; A. H. Buxkemper, financial secretary; A. J. Kitten, treasurer; Paul Mosser, historian; Hugo Mosser, monitor; Paul Buxkemper, prophetess; Clarence Kitten, lecturer; Jerry Melcher, sentinel; Milton Pionka, organist; and O. F. Kitten and B. H. Sokol, trustees.

Mrs. A. J. Rohan, State Regent, of Yoakum, Texas, will be a guest at the special meeting.

### Faye Nell Wiley Honored at Shower

Miss Faye Nell Wiley, bride-elect of Jackie Allred, was honored with a miscellaneous shower Tuesday, May 14, at the Clubhouse.

Mrs. Fred Wiley, mother of the honoree, the honoree, Mrs. J. L. Allred, mother of the bridegroom, were in the receiving line.

The bride's chosen color, pink, was carried out on the serving table. Refreshments of cookies decorated with wedding bells, pink punch, and pink and white mints were served. The table was laid with a white lace cloth centered with pink roses. Mrs. Joe Beard presided at the table.

Mrs. Casey Bownds registered the guests.

Hostesses for the occasion were Miss Patsy Hogue, Mesdames Ray Wilkins, J. D. Martin, J. H. Lambright, W. L. Jobe, Dan Winn, Bill Bownds, C. E. Hogue, Jim Sain, Jay Gray, J. B. Smith, Beard and Bownds. Their gift to the honoree was a steam and dry iron.

### Birthday Party Honors Jim Melton

Mrs. Paul Melton honored her son, Jim, with a birthday party Friday, May 17, at 4 p. m. in her home. Jim was three years old.

Ice cream, cake and kool aid were served to the following: Jenny and Tom Wright, Russ Ehrler, Johnny and Steven Taylor, Lynn, Dale and Barbara McCook, Jim's older brother and sister, Tom and Patti Melton, and the honoree.

Party hats, blowers and bubble gum were given as party favors.

Mesdames Johnny Taylor, T. M. Wright and W. G. McCook were the mothers who attended the party.

### Rhoads-Ham Set Wedding June 15

Mr. and Mrs. Pete Rhoads of Wilson have announced the engagement and approaching marriage of their daughter, Dolores, to Lee Ham. Mr. Ham is the son of Mr. and Mrs. E. W. Ham of Slaton.

The wedding will be Saturday, June 15 at 5 p. m. at the First Baptist Church in Wilson with the Rev. H. F. Scott officiating.

Miss Rhoads is a 1957 graduate of Wilson High School.

Mr. Ham is a 1956 graduate of Slaton High School and is employed with E. W. Ham Plumbing.

## Buffalo Lakes Site of Sports Show; Exhibits, Races Open on Tuesday

Described as the biggest, most unusual sports show ever held in West Texas, the fourth annual Lubbock Sports Show will get underway at 1 p. m. Tuesday, May 28, with a parade which begins on East Broadway in Lubbock, and travels through Lubbock to Buffalo Lakes.

Jack Creel, manager of the sports show, said that the reason for moving the site of the show from Lubbock to Buffalo Lakes was to put the show in a natural sporting setting where boats and motors, guns, fishing tackle and other sporting equipment can be

exhibited and demonstrated like they are normally used.

**Exhibits**  
Creel said that the latest in sporting goods and equipment from outstanding sporting goods stores will be displayed in a large circus-type tent. In addition, numerous boats and motors will be displayed on the lake.

The parade will be sponsored by the Lubbock Boat Club, described as the world's largest dryland boat club.

Highlighting the exhibits will be that of the Texas Game and Fish Commission. Creel described it as one of the finest wildlife exhibits in America. It shows the principal game animals, fish and birds of Texas. It will be the first time for the exhibit to be shown in West Texas.

**Skin Diving**  
A demonstration skin diving tank will give a close-up look at the newest of new sports, skin diving.

Sunday afternoon, June 2, a Fisherman's Boat Race, complete with all the thrills of racing runabouts

and fishing boats will be held.

**Slaton Group**  
Some 35 boats will be entered from Slaton, Southland, and Wilcox. The group from these towns will meet Tuesday morning at the Leo Henzler residence, 710 S. 10th, and parade through downtown Slaton about 11:30, prior to going to Lubbock to take part in the parade there.

About 31 girls will ride the boats in the parade.

Applications for girls who wish to enter the beauty contest being held are available from Leo Henzler at Henzler Implement Co.

Winner of the contest at Buffalo Lakes will compete in the Miss Universe contest - Lake Whitney. Unmarried girls between 18 and 28 are eligible to compete.

The Sports Show will be open all day Thursday, Memorial Day, Friday and Saturday. Hours on Tuesday, Wednesday, and Friday will be from 6 until 10 p. m.

Mr. and Mrs. E. M. Lott returned home Tuesday after two weeks visit with their son, Leonard, and Mrs. Lott of Waldron, Arkansas. Mrs. Leonard Lott returned home with her parents-in-law on account of the illness of her father, Horace Doherty.

Among those from Southland who attended the tea in Ralls Sunday given in honor of Mrs. Wynon Mayes, Deputy Grand Matron of Order of Eastern Star, were Mesdames Kenneth Davies, Jay Oais, Dan Siewert, Harley Martin, Horace Wheeler, and Mrs. Hub Haire, who was in the receiving line.

WINDING UP PLANS for the Humble Oil & Refining company to support the Texas 4-H Tractor program for 1957 are (from left) W. L. Glaze, state apiculture agent, Texas A. & M. College; J. W. Austin, manager, Humble wholesale sales; Kenneth H. Anderson, associate director, National Committee on Boys and Girls Club Work, Chicago. Humble will provide awards for 4-H members and will cooperate with the Extension Service in tractor events.

## Humble Aids 4-H Tractor Project

The Texas 4-H Tractor program has a new sponsor of awards for 1957, according to an announcement made by Texas A. & M. College. The Humble Oil & Refining Company of Houston will furnish awards, educational materials, and technical assistance for conducting the tractor project in cooperation with the Extension Service.

The top national award for 4-Hers this year will be a \$400 college scholarship, an increase of \$100 over last year. The state winner will receive an all-expense trip to the National 4-H Club Congress in Chicago next December, while county champions will get a handsome gold-plated medal of honor.

In addition to furthering the objectives of the program which are based on safe and efficient tractor operation emphasizing care—not repair, Humble will cooperate with the Extension Service in special events such as district and state 4-H operators' contests. A gold watch will be given to the top three winners, and \$20 in cash to each of the 12 district winners.

Highly important to the success of the program are the tractor clinics in which Humble will

participate. It is here that more than 300 volunteer local 4-H Club leaders are trained annually. Now in its 13th year, the tractor project has benefited nearly half a million 4-H Club members in the 48 states. In Texas, 6,000 members enrolled in 1956.

The value of mechanical and practical know-how acquired by both members and leaders throughout the country is demonstrated in upgraded farm production and saving of time and money in tractor care and operation. The 4-Hers themselves develop excellent citizenship and leadership qualities as well.

Humble's support of 4-H is not new. Providing calves for winners in the annual calf scramble during the Houston Fat Stock show has been a practice of the company for some time. They also purchase animals exhibited by the farm youth at fairs and shows. Interest in the education and welfare of rural youth and their families has long been a prime concern of the oil company. The 4-H Tractor program in New Mexico is also being supported by Humble.

Arrangements for providing awards and assistance in the program were worked out through the National Committee on Boys and Girls Club Work, Chicago. Detailed information can be obtained from the State or county extension office.

Mrs. Paten Parker of Big Spring came last Tuesday for a visit with her sister, Mrs. A. O. Kirkland. She plans to stay another week.

Mrs. A. O. Kirkland visited last Tuesday in Heckville with her daughter, Mrs. Robert Scott, and Mr. Scott. She also attended the graduation exercise for her granddaughter who graduated from grade school.

## Road Knights Plan Dance for Fund Raising

Thursday night, May 23, at 8 p. m., members of the Road Knights will sponsor a dance at their building at 145 Texas avenue.

The Road Knights are an organization interested in automobiles, their care and maintenance, which is sponsored by Howard Kean, a member of the local Police Department. Kean is assisted in sponsorship by Bill Love and Coy Cochran.

Admission to the dance will be 50c and 75c. Kean stated that parents were invited to attend.

Proceeds will go to buy tools and other equipment needed by the club.

In addition to teaching care and maintenance of automobiles, the Road Knights teach good driving habits, and try to acquaint the members with hazards they will encounter in daily driving.

Lois Merrill and son, Robby Loy, and Don Britt are fishing at Bull Shoals Lake and are visiting with Mr. Merrill's daughter, Mrs. Darrell Crisp, and Mr. Crisp in Gainesville, Missouri.

### Slaton Graduating Seniors Spend 3 Days at New Braunfels Guest Ranch

—By Beverly Bland

Wednesday morning at 12:01 a. m., the graduating class of 1957, accompanied by their class sponsor, Truett Babb, the school principal, John Gilbert, five room mothers, and the school health nurse, left Slaton High School in a chartered bus and one car and turned south toward New Braunfels. Their destination was the Mission Valley Guest Ranch located near New Braunfels, where they were to spend three days swimming, dancing, horse-back riding, eating, and loafing.

The happy group left Slaton singing and laughing with the events of the coming days well in their minds.

About 5:30 a. m. the bus was stopped south of Mason and the tired, hungry students ate breakfast. They reached the guest ranch about 10:30 a. m., and the class of 1957 began their fun with a dip in the pool before lunch.

Wednesday night there was dancing and more swimming and at 10:30 everyone went to bed, except a few of the night owls.

Thursday's pattern followed that of the day before and supper was served that night in the back yard. Being that the group would leave the next day, everyone danced and swam, or loafed until about midnight.

Friday morning was marked by

the packing of clothes and saying good-byes to the friends the students had made during their visit.

Again, the 1957 seniors climbed aboard the big chartered bus at 1 p. m., and started homeward.

On the route home the bus went through Lampasas and the seniors saw the results of the week-old flood. Underwood's Barbecue catered to the passengers in Abilene for supper, and the bus continued toward Slaton.

Yelling and laughing, the tired but happy seniors and sponsors arrived in Slaton about 11:30 p. m.

From comments overheard from some of the students, the following statement describes the trip: "We had a lot of fun being together as a whole, but the trip was beneficial in many respects."

Mr. and Mrs. Wayne Kenney spent the week end at Brownwood Lake where Mrs. Kenney's parents, Mr. and Mrs. Dan Liles, were fishing.

Gerry Clark is spending a few days in Big Spring as guest of her cousin, Ann Porterfield, of Post, who is a student at the Junior College in Big Spring.

Mrs. Joe Lester and children spent from Monday to Wednesday last week in Snyder where Mr. Lester was working.

Mrs. F. M. Addison and Nettie of Fort Sumner, New Mexico, spent last week with Mr. and Mrs. W. C. Addison.

Mr. and Mrs. W. C. Addison left Wednesday morning for Fort Worth, Lampasas and Temple. In Temple, Mrs. Addison will get her check-up.

The year following 1 B. C. was 1 A. D.

Mr. and Mrs. N. J. Luman Jr. took Mr. Luman's sister-in-law, Mrs. Joe Luman, back to Elida, New Mexico, Sunday. Mrs. Joe Luman had an operation here recently.

Nelda Lemon spent last week in Snyder with her brother and sister-in-law, Mr. and Mrs. Bobby Lemon and children. Mr. and Mrs. L. O. Lemon and Larry went to Snyder Sunday to get Nelda, and they also visited with Mr. and Mrs. R. C. Patton. Larry Lemon spent this week with Mr. and Mrs. Bobby Lemon.

Elmer Hilliard of Norton spent from Saturday to Wednesday with his daughter, Mrs. R. L. Kinchele, and Mr. Kinchele.

Mr. and Mrs. J. J. Kitten spent the week end in Amarillo visiting with Mrs. Kitten's niece, Mrs. F. S. Handley, Mr. Handley and sons. Others from Slaton who had dinner Sunday with the Handleys were Mr. and Mrs. Alvin Kitten, Loretta Steffens and Joe Kitten. Mr. and Mrs. Alvin Kitten, Loretta Steffens and Joe Kitten flew to Amarillo.

Mr. and Mrs. Earl Matney and children of Midland spent last Sunday with Mrs. Matney's mother, Mrs. L. L. Lively, and her brother, Bert, who is home on furlough.

## ROCKET!

SUPER 88 HOLIDAY COUPE

*It's the most exciting engine development since the first Rocket was launched!*

Engineers have dreamed for years of an engine that combined exceptional horsepower and torque potential with outstanding fuel economy in normal operation. The first big step towards this goal came from Oldsmobile when the first Rocket Engine ushered in the modern high-compression era.

And today, Olds is ready with the new J-2 Rocket.\* You'll find that in operation, it's like two engines under the hood!

In your day-to-day driving, you enjoy the smooth, alert action of the Rocket—with the fuel economy of dual-jet carburetion and a 10-to-1 compression ratio. But beyond all this there's a "second stage" in J-2 operation to meet the exceptional driving situation. Just open the accelerator beyond the 3/4 point and two additional carburetors automatically jet into action. There's an instant boost in torque and power. You'll appreciate the immediate response as another Olds contribution to your safety.

Be our guest for a J-2 test now!

\*277-h.p. Rocket T-400 Engine standard on all models. J-2 Rocket Engine, with 300 h.p., and special Rocket Engine, with up to 312 h.p., optional at extra cost.

## Mrs. Teague To Head Daughters Of Pioneer Club

Mrs. Joe Teague III was hostess to the Daughters of the Pioneer Study Club Monday, May 20, in her home. Mrs. Cecil Scott, in charge of the program, installation of new officers.

A visitor, Con Crow, showed a Paramount film on the Scout Troop from La Junta, Colorado. Officers installed were Mrs. Teague, president; Mrs. Leroy Holt, vice president; Mrs. Bob Conner, treasurer; Mrs. Glenn Payne, secretary.

The Civic committee reported that the club had donated a ping-pong table, card table, and four chairs to the youth center.

Members present for the last meeting of the season were Mesdames R. E. Ayers, Carter Caldwell, Howard Hoffman, John Morris, Jack Nowlin, Earl Reasoner, J. B. Sharp, R. H. Todd Jr., Joe Walker Jr., Alex Webb, Don Crow, Scott, Teague, Holt, Conner, Payne, and one new member, Mrs. Ted Swanner.

## Committees Elected At W. M. U. Meet

Nominating committees were elected at the W. M. U. of the First Baptist Church meeting Wednesday, May 15, at the church.

Mrs. L. O. Lemon presided over the business meeting. Mrs. Harry Stokes was nominated from the Lottie Moon Circle, Mrs. H. L. Guelker from the Lueille Alexander Circle, Mrs. Walter Smith from the W. O. Harper Circle, and Mrs. Lyndol Beard from the Ann Judson Circle.

Mrs. R. J. Robertson gave the opening prayer. The Lottie Moon Circle was in charge of the program, "Whosoever drinketh of this water shall not thirst again," led by Mrs. Dudley Berry. Others on the program were Mesdames R. L. Smith, Ford Stansell, Elton Smith, John Webb, J. A. Douglas, Robertson, and Guelker. Mrs. J. J. Maxey sang "I heard the voice of Jesus Say." Mrs. Lemon gave the closing prayer.

Eighteen members were present and one visitor Mrs. V. R. Mullis of Amarillo.

Mr. and Mrs. Calvin Klaus of Slaton and her sister, Mrs. Harold Waterbury, and son, Eric, of Lawton, Oklahoma, spent last Sunday in Snyder visiting with Mrs. Klaus' mother, Mrs. Beulah Lewis, and with her brother and family, Mr. and Mrs. G. W. Lewis.

## Auxiliary Ladies Continue Work at Veteran's Hospital

Several members of the American Legion Auxiliary made their regular monthly trip to the Veterans Hospital in Big Spring Monday despite the severe dust storm. The women report it was an experience they will long remember as many many times visibility was zero.

Those making the trip were Mr. and Mrs. J. J. Riney, Mrs. Arthur Dennis, Mrs. Carter Shaw, Mrs. L. B. Hagerman, Mrs. S. W. Clark and her daughter, Gerry.

## Do Viruses Cause Cancer of Blood?

Does a virus cause cancer? A Texas scientist, magnifying matter 100,000 times its normal size, has made electron microscopic pictures of cancer cells. He has caught viruses in the act. He has shown them pepped throughout the cells of history's most incurable disease, lymphatic leukemia, the cancer of blood-forming tissues which costs the lives of many children as well as adults each year.

While the scientist has yet to prove that the viruses he pictured are the cause of leukemia, he has shown apparently the same virus in lymphatic cells of leukemic humans, mice and chickens. The lymphatic cells of normal man, mouse and chick apparently do not contain the virus.

Help Texas scientists fight cancer. Address your contribution today to:
