The food grains contracts speci-

fy a crop production purchase

agreement at harvest, and it is

hoped that sufficient grain sup-

plies to meet 1973-74 needs can

be produced in this area. De-

tails of this plan can be obtained

at the company office from El-

ma Pruitt, vice-president of

Bailey county farmers and those

in adjoining areas for the past

three or four years. Several

growers have reported yields

approaching and exceeding 100

The present concept of tri-

ticale as a food product was ac-

tivated early last fall by a local

group of farmers who organized

Southwest Triticale Producers,

Inc. for the purpose of growing

seed grain. This group's inter-

est and activity led to the forma-

tion of the new food product

Triticale boasts a much high-

er protein content that conven-

tional cereal grains, and those

who have eaten the food pro-

ducts prepared with this flour

are enthusiastic about it's dis -

tinctive flavor. Two local res-

tauran's have been serving "tri-

ticakes" for several weeks.

They are the Corral and Dinner

Bell. The latter also features

home made bread made with the

bushels per acre.

Triticale has been known to

Triticale Foods Corporation.

Grain Program Explained

The following is a detailed explanation of the 1973 Feed Grain Program compiled by the ASCS office: Briefly, the 1973 Feed Grain

muleshoe

Ground Breaking Ceremonies for the New Muleshoe State Bank building will be held Tuesday af at the new site.

The Businessmen's Activities Committee of the Muleshoe Chamber of Commerce and Agriculture will again this year minsor the annual George tion in Muleshoe, Merchants will have special sales all day Thursday, February 22.

The Muleshoe High School Varsity Boys played their last game Tuesday night, defeating the Dumas Demons, 29-51.

Mrs. Gary Ethridge has left for Germany to join her husband who is stationed there in the U.S. Army. They will be there 14-16 months. His parents are Mr. and Mrs.

Cont. on Page 3, col. 3

Program offers the farmer two plans for determining his level of participation: "25 Percent" -- set-aside acreage equal to 25 per cent of total feed grain base; no restrictions on feed grain acreage: eligible for loan and set-aside payment. "O Percent plan" -- no set-aside required; feed grain acreage limited to level planted for harvest in 1972; eligible for loan and for setaside payment at a lower rate than under the 25 per cent plan.

The program also continues the feed grain loan rates at 1972 levels; continues the substitution of wheat and soybeans to protect feed grain base; and includes corn, grain sorghum and Participation in the 1973 Feed

Grain Program is not automatic. Farmers who wish to participate must sign up at their county ASCS Office. During the signup period, starting February 5 and ending March 16, a farmer decides which plan he wants to participate in .

If he signs up for the 25 per cent plan, he agrees to set aside an acreage equivalent to 25 per cent of his total feed grain base to qualify for loans and payments. He maintains his set-aside and conserving base acreages as in the past, and has no other restrictions on the amount of his 1973 feed grain acreage. He may row any combination of crops he wishes on the remaining cropland, with the exception of the quota crops: ELS cotton, sugarcane, tobacco, rice and peanuts. Producers who grow these crops continue to be subject to regulations applying to the quotas.

If a farmer signs upunder the O percent plan, no set-aside is required but he agrees to maintain his conserving base, qualifies for payment at a lower rate than for the 25 per cent plan. and is eligible for loans. He agrees to limit his total 1973 feed grain acreage to the total acreage certified as planted for harvest in 1972. The acreage permitted under this plan will not include credit for failed acreage permitted under this plan reage, prevented planting, additional set-aside, substitution, barley that was pastured or harvested other than for grain, or for other acreage planted for

base preservation in 1972. The payment rate under the 25 per cent plan is 32 cents for corn, 30 cents for grain sorghum and 26 cents for barley, These rates are paid on the established farm yield times half of the corn, grain sorghum or barley base for each complying farm, Participants under this plan are guaranteed that if the difference between the five month (Oct., 1973 -Feb. 1974) national average price received by farmers and 70 per cent of parity or Oct. 1, 1973 for corn is greater than 32 cents per bushel, the difference

will be made up in supplemental

payments after March 1, 1974. The guarantee for grain sorghum and barley will be set at levels fair and reasonable, reflecting their feed value relationship to corn.

The payment rate under the O per cent plan is 15 cents for corn, 14 cents for grain sorghum and 12 cents for barley. These rates are paid on half of the corn, grain sorghum or barley base times the established farm yeild for each commodity. There will be no guarantee and no supplemental payment under this plan.

National average loan rates will be \$1.08 per bushel for corn (No. 2 basis), the same as in 1972; \$1.79 per hundredweight for grain sorghum; 86 cents per bushel for barley; and 54 cents and 89 cents per bushel, respectively for oats and rye. The loan level for 1973-crop soybeans will be at a national average for \$2,25 per bushes

age for \$2,25 per bushel, No. 1 Grade, 13,8-13,0 moisture, Setaside payments will be made as soon as possible after July 1, 1973 and final payment under the 25 per cent plan, if any, will be made after March 1, 1974.

Any producer with a corn, grain sorghum, or barley base may participate in the 1973 feed grain program unless the county ASC Committee determines that

Cont. on Page 3, col. 1

Easter Seal Appeal Will Open March 1

The 1973 Easter Seal Appeal will open in Bailey County on Thursday, March 1, 1973 accordto Jim nie Crawford, vho serves as Easter Seal Representatives for the county.

Crawford said that Easter Seal Appeal letters would begin arriving at homes in the county about March 1.

As Easter Seal Representative, Crawford is the person to contact to request services from 'he Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and a-

Last year 16,572 handicapped people received help from the Texas Easter Seal Society. With the costs of providing expert professional care rising, more money than ever will be needed.

Funds help support 18 centers in Texas, where crippled children and adults are treated, regardless of their ability to pay. Providing walkers and wheelchairs is an example of the services provided to those who cannot provide for themselves and who do not qualify fro help from any other source.

'The people of Texas have always responded generously to helping the handicapped, and I feel certain they will make it possible to increase Easter Seal services to crippled Texans throughout the coming year." Crawford said.

FFA Week Declared In City And Nation

The Muleshoe High School Future Farmers of America organization will be observing National FFA Week this week, Members of the Muleshoe Chapter join with over 432, 000 other FFA members in the United States in celebrating the special week which began Feb.

Throughoul the week the Texas FFA Chapters are planning activities to support the theme "FFA Unites Youth With Opportunities".

National FFA Week always includes George Washington's birthday in observance of his leadership in promoting scientific farming practices, Washington is considered the patron saint of the FFA and has come to symbolize the FFA treasurer.

Organized in 1928, the FFA promotes leadership, cooperation and citizenship among high school vocational agriculture students. The FFA Foundation awards program provides chapter, state and national recognition for supervised programs of agricultural production, marketing, processing and food ser-

Vandalized Friday Morning

Bailey County Sheriff Dee Clements reported that vandals broke into the XIT Steak House sometime early Friday morning, wrecking the inside of the building and taking some \$1700 from the cash register.

Clements reported that the inside of the Steak House was strown with dishes, tables, pictures and bottles of ketchup, steak sauce, mustard and other debris. Pictures that lined the wali of the Steak House were torn from the walls and shattered. Brick dividers were also torn down and windows broken. The building was also flooded

when the fire extinguisher system was turned on. Water covered the entire length of the building and then ran into the street.

Reports indicate that the vandals gained access through a rear door.

It was only just over a year ago that the restaurant was gutted by a damaging fire. The Cont. on Page 3, col. 2

to facts and information gathered this week by the Journal.

Triticale Foods Corporation with office and plant headquarters at 1208 West American Blvd., made the world's first commerical shipment of triticale food products last month and is currently busy gearing up mixing and packaging facilities to fill contracts for mixes and flour destined for customers throughout the nation.

W.T. "Bill" Millen is president and Douglas Bales is board chairman of the new enterprise incorporated by local farmers and businessmen. "Triticakes" -- a pancake

type meal--made from whole grain, stone ground triticale, were test marketed in a leading Denver restaurant starting last fall. Within five weeks, over 40% of the normal pancake business had switched to triticakes, which are now a featured item on the menus of all units in the chain. The mix for this product is blended and packaged at the local facility of the new company located at 1208 W. American

Journal research reveals that the world's first Triticakes were served in a Muleshoe restaurant in October 1971, and no one even dreamed at that time that within 18 months this city would have a plant preparing this product for nationwide distribution.

According to Millen and Bales, negotiations are in progress to grant a bakery concern. with outlets in eight states, a license to use the company's "Triti-Flour" in bread baking, Contracts were finalized last week with a national food brokerage concern, headquartered at Denver, Colo, to market triticale food products on a nationwide basis.

Blending equipment is already in operation and filling and packaging equipment is on order according to company officials. Distinctive labels have been designed for each of the trademarked items and all carry the

'muleshoe emblem,' "Maleshoe is going to become a household word within the year as our products move into the supermarket channels throughout the country," Bales predic-

Grain for triticale food production is all being obtained from the plains area currently, it is understood, and a custom mill in this area is engaged full time in grinding the product into whole grain flour.

Farmers in this immediate area have planted, and are currently seeding several thousand

Jack Smith will be the presiding judge at the election and Debose Carpenter and Jimmy Briggs will serve as clerks.

"Operation Kick-It" Scheduled At Schools

Neal Dillman announces that plans have been finalized to bring "Operation Kick-It", a program designed to combat crime and drug abuse, to the Muleshoe and area schools.

On Tuesday, February 20, two presentations will be given in the Muleshoe High School Auditorium, Junior High School students will attent at 9:45 a.m. and Senior High Students will attend at 10:45 a.m. The Texas Department of Corrections, in an effort to ac-

tively combat the growing drug abuse problem, has initiated a program which attempts to strike at the heart of the drug problem by demonstrating what can happen to a drug abuser. 'Operation Kick-It, " a panel of four inmates, has been touring the state since June, telling the story of drug misuse before junior and senior high school

assemblies. Through this program, the inmates are enabled to speak directly to the public and present their simple message -- "Illegal drugs are dangerous. Drug abuse is against the law and you can go to prison for it, We did,"

The four volunteer panelists are young, first offenders, age 17-21. Each was convicted for possession of marijuana, one for

Grain ...

Cont. from Page 1 the farm has been retired from agricultural production.

Eligible producers may participate without regard to race, color, religion, national origin, or sex, whether owner, landlord, theant or sharecropper.

A producer who has an interest in more than one farm is not required to sign up for all fams unless he chooses to do so.

Producers who participate in the 25 per cent plan must protect the set-aside acres against erosion, weeds, insect damage and rodents, and they must maintain the set-aside acres in conserving uses. Conserving uses include permanent-type or totation cover of grases and lehumes, temporary cover of grasses or legames, wildlife food or habitat planting, summer fallow, and other conserving uses as announced for the county. Each county ASCS Office has a detailed list of the conserving

uses that have been approved for

that county, and each parti-

cipants is to be given a copy. A producer may graze or harvest hay or silage from conserving crops from feed grain and wheat set-aside at any time, including the five principal months of the normal growing season, and receive a reduced payment, unless he has had a downward adjustment in his conserving base from the 1972 level. Crops ineligible for grazing, haying or silage includ corn, soybeans, grainsorghum, sweet sorghum for silage, and matured small grain, producers must indicate to the county ASCS office their intention to graze, hay, or cut silage as soon as possible, but in any event prior to actual grazing, haying or cutting silage. They may also sublet grazing, having, or silage rights to another producer who has no interest in the farm, but this does not relieve the farmer of any payment reduction of responsibility for program com-

Program...

Cont.from Page 1

simple life, because that's where it's at."

Bailey County Sheriff Dee Clements will sponsor the group on the tour of Muleshoe and other area schools. Presentations will be made at Bula, Three Way, Springlake-Earth, Spade, Amherst, Sudan, Olton, Lockney, Plainview, and Hale Center during the week of February 20-23.

The program is approximately 35 minutes in length and is free of charge. All interested

People

you can grow.

Producers may also, by taking a reduction, in payment, grow the following crops that are short in supply on set -aside castor beans, crambe, guar, mustard seed, plantago ovato, safflower, sesame and sunflower.

Payment reduction for grazing, haying, cutting silage or growing the alternate crops will be 30 per cent of the average payment rate per acre of setaside under the 25 per cent plan for feed grains. More details can be obtained from the coun-

ty ASCS Office. Generally, land designated as set-aside acreage for 1973 must be land which, under normal conditions, would have been suitable for crop production in the current year, and it must have a production potential equal to the average productivity of the farm, ASC County Committees have the responsibility for seeing that this requirement is met by farmers who participate in the wheat and feed grain programs for 1973.

A farmer may substitute wheat for feed grains or feed grains for wheat for base retention. Acreage planted to wheat (Above a farm's wheat allotment) will be considered planted to feed grains for feed grain base history purposes. Acreage of feed grains planted in excess of 50 per cent of the feed grain base will be considered planted to wheat for history purposes. Soybean acreage planted for harvest as beans will also be considered as wheat or feed grains for this purpose. A producer with a feed grain base and a wheat allotment may plant his eligible cropland acreage to wheat, corn, grain sorghum, barley or soybeans without loss of base and allotment and receive both wheat certificates and feed grain payments provided he signs up and meets the participation requirements for both programs.

If more than one producer is involved on the farm, payments will be divided among all producers on a farm in proportion to their shares in the 1973 crop, unless other written arrangements are made and approved by the County ASC Committee. A grower cannot earn more

than \$55,000 in payments for participation in the 1973 feed grain program. This limit applies to program payments, but doesnot include loans or pur-

A producer who plants less than 45 per cent of his feed grain base will lose an amount the following year not to exceed 20 percent of his feed grain base. After three consecutive years of zero planting, the entire base would be lost.

Exeptions to this are that no loss of base will occure if one, a producer is eligible for payment and elects not to receive payment for the unplanted portion; two, the county ASC Committee determines that a producer has been prevented from planting feed grain because of natural disaster; three, an equivalent acreage of wheat or soybeans is substituted for feed grain; or four, on a non-participating farm, vegetative cover is planted in lieu of feed grains and in addition to the conserving base acreage, and this is reported to the County ASCS office. Additional details about protecting bases are available from County ASC offices.

hearsals for the Hayloft Dinner Theater production of Jean Kerr's "Mary, Mary". Preview nights will be Tuesday, Wednesday and Thursday, February 20, 21, and 22.

Born in Las Vegas, Abby grew up in the country of Panama and Southern California, where she now lives in Taluca Lake, a small village located between three major studios in the middle of Los Angeles. After graduation from high school in Pasedena, where she taught dancing and did modeling, she danced in the chorus at the Sands Hotel in Las Vegas to save money to go to New York, where she again worked as a model. Then it was back to Los Angeles and the Moulin Rouge, While working at the famous night club, Miss Dalton took drama lessons and

was offered her first acting part.

Abby is probably most fondly remembered as the feminine lead in Jackie Cooper's "Hennesey'' in which she played Navy nurse Martha Hale for three years. She then appeared as Joey Bishop's wife on "The Joey Bishop Show' for several seasons. Following the Bishop Show, Miss Dalton worked with Jonathan Winters for two years on "The Jonathan Winters" Show." More recently Abby

show "Hollywood contest Miss Dalton's work is not limited to T.V., however. She has done stage productions with such actors as Tom Poston in "Plaza Suite" and "Lovers and Other Strangers', and Bob Crane in "Beginners Luck".

She will be seen in "A Whale

of a Tale", a new motion pic-

was a panelist on the daytime

ture which she describes as a "real family show". It is scheduled for release this fall, and co-stars William Shatner and Andy Devine, a recent Havloft star.

Miss Dalton will be in Lubbock until March 17th, through the run of "Mary, Mary." Reservations for the Monday thru Saturday performances can be made by calling 866-4213 or writing the Hayloft ticket office. * * * *

Mrs. Campbell Presents Art Association Program

The Muleshoe Art Association met at 9:30 a.m. on Tuesday, February 13, in the com-munity room of the Muleshoe

Beth Watson presided in the absence of the president, Rene Hutton. The group decided to accept the invitation by the Methodist Hospital Auxiliary of Lubbock to show their paintings sometine early in 1974.

The guest artist, Margaret Campbell, was made available through the Faculty Performance Series, supported by the Friends of Fine Arts of West Texas State University. Mrs. Campbell paints flowers, landscapes, old barns and pictoral portrayals of the Southwest.

For her demonstration, Mrs. Campbell did a flower sketch in permanent magic marker. She underpainted the painting with acrylics and when this had dried, she painted over the entire canvas board in oil. She then splattered the painting in turpentine which drew out the lines of the original magic marker for an interesting effect. Mrs. Campbell will teach an

art class in Ruidoso beginning

One visitor, Betty Hopper, attended the meeting.

Members attending were Marie Lenau, Myrtly Steinbock, Dana Arnold, Vera Fox, Bertha Beene, Catherine Ro-gers, Beth Watson, Elfreda Mc-Gehee, Juaree Smallwood, Talita Mabry, Pauline Jamison, Lillian Smith, Blanche Lenderson, Frances Stegall, Bernice Amerson, Ada Murrah, Velma Davis, Gladys Darsey, Mildred Williams, Opal McKelvy, Ruth Hammock, Barbara Carpenter and L.W. Chapman,

Pleasant Valley Social Club Has Meeting

Plans were discussed for the dedication of a historical marker at the Pieasant Vailey Center in August at the meeting of the Pleasant Valley Social Club held at 7:30 p.m. on February 13 in the home of Mrs. Ken Duncan, Mrs. Bonnie Haberer was co-hostess.

Mrs. Arland Fyie, president, conducted the business meeting. Yearbooks were updated.

GUEST ARTIST Margaret Campbell, a member of the art faculty of West Texas State University in Canyon, was guest artist at the Tuesday morning meeting of the Muleshoe Art Association.

A poem about Abraham Lincoln was read by Mrs. Sena Stevens.

Games were played with Mrs. E. C. Gaylon and Mrs. Henry Hettinga receiving boxes of Valentine candy for being winners. Refreshments of coffee, pink punch, strawberry jello, cake, nuts and Valentine mints were served by the hostesses to Mrs. Sena Stevens, Mrs. E.C. Gaylon , Mrs. Henry Hettinga and

Mrs. Arland Fyie. The next meeting will be on March 1 with Mrs. E.C. Gaylon as hostess.

Chuckwagon Boys Make Chili

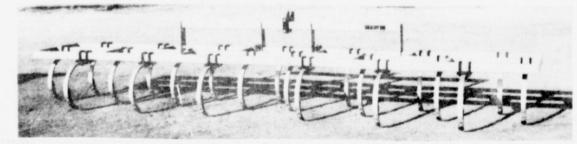

The Chuckwagon Boys met at the home of Mrs. Bobby Henderson at 4:15 p.m. on Tues- i. day, February 13.

The boys made cowboy chili. Attending the meeting were Curtis Wheeler, Clifford Watson, Larry Nowell, Eddie Black, Johnny Puckett, Curby Brantley and leaders, Mrs. Henderson and Mrs. Buddy Black.

VALENTINE TEA... A Valentine tea for mothers and friends was hosted by the girls of the Muleshoe 4-H Foods Group on Wednesday, February 14, from 3 to 5 p.m. in the community room of the Muleshoe State Bank. Pictured, from left, are Rhonda Mills, Tena Landers, Tonya Howard, Lesli Wagnon, Brenda Clay, Donna Howard and Leslie Cowan. Leaders for the group are Mrs. Marlin Mills and Mrs. Eugene Howard. Approximately 35 guests attended the tea. The group has finished their cooking lessons and are now preparing for the 4-H Foods Show to be held on March 15.

Texans To Speak At Cotton Conference

LUBBOCK --- Texans participating in the 1973 Western Cotton Production Conference here March 7-8 were announced today by Dr. Robert B. Metzer. area cotton specialist for the Texas Agricultural Extension Service and a member of the program committee.

Among the 13 Texans are five Lubbock men.

John Herzer, manager of the Plains Cooperative Oil Mill here, will speak on the status of cottonseed flour and its future in the cotton industry. Don Johnson, executive vice president of the Plains Cotton Growers Incorporated, will address the expected 400 guests on the topic of air pollution and its

effect on the grower. Other Lubbock men scheduled to speak are Emerson Tucker. engineer at the Plains Cotton Cooperative Association, whose topic is on the handling of seed cotton on an area basis, and

Lloyd Bentsen

Washington, D.C. --- Senator Lloyd Bentsen today introduced legislation to permit newsmen to protect the confidentiality of their sources of information. "The men who framed our Constitution understood clearly

the necessity for a free Press.

to inform the public about the

activities of their government

without fear of reprisal,"Bent-"But, I am sorry to say that not all politicians, not all government officials of today see that as clearly. And because of that, this legislation is re-

quired." "Most of us," Senator Bentsen continued, "take occasional exception to some of the reporting that is done. The reporting is not always fair or objective, and it is sometime far from accurate."

"But even when it falls short of fairness, objectivity or accuracy, we must insist that the Press be free, and this bill is designed to help assure that it remains free,"

Bentsen's bill would permit newsmen to decline to divulge their confidential sources of information in State or Federal court proceedings, except in cases that involve national security or national defense.

"Newsmen should be permitted to offer their sources the same protection a lawyer provides his clients, a doctor his patients," Bentsen said.

" But, far more important, we must make certain that we protect the public's right to know,' Senator Bentsen concluded.

Denver officially withdraws as Olympic host.

Specialist, Dr. Gilbert Hollis. "Heading up the two-day event which attracts some of the top Hampshire hog breeders in ghe country will be the judging of barrows, gilts, and boars on Tuesday, and a sale on Wed nesday, beginning at 1 p.m.,"

says Hollis, 'This conference and sale ranks among the top attractions in the country," states Hollis, who is with the Texas Agricultural Extension Service at Lubbock. "It precedes the Diroc hog sale at Plainview, which is scheduled for February 23-24. Those producers from far distances will have the added benefit of being able to make both conferences which are only a few hundered miles apart."

As with the Duroc conference and sale,' Hollis emphasizes, "this Hampshire conference will feature some of the best breeders in the nation. All of the hogs consigned will be choice selections."

Auctioneering the sale will be Mark Pickel of Wingate, Ind., and the judge will be Harvey Richardson of Elmore City, Okla. Entries will be accepted on

February 19, beginning at 4 p.m. with judging getting underway Tuesday morning at 8 a.m. A judging contest for individuals and teams is set for 8:30 a.m. Wednesday, and results will be announced that afternoon, when the sale begins.

Animals will be divided into the following classes for judging: July open gilts, August open gilts, September open gilts, July boars, August boars, September boars, carcass barrows, light weight regular barrows, heavy weight regular barrows. and grand and reserve champions named.

A registration certificate, properly transferred, will be furnished with each animal sold,

Wesley Mathis is president of the Hampshire Breeders Association which sponsors the annual event, Buddy Winter is vice president, and Bill Scott is secretary-treasurer.

It'll cost you more than ever to grow a crop this year.

It'll be as easy as ever to lose the whole bundle.

The cost of everything you buy to make a crop has climbed sharply.

You're investing more hard cash than ever. Many growers spend double what they did 10 years ago...on chemicals and fertilizer, seed, tractor fuel, hired labor, taxes . . . etc.

You'll probably borrow money from the bank (or out of the kid's college fund, or your own retirement nest egg) to produce your crop.

Are you prepared to stand the loss of this money – in case some disease comes along or there's a freezeout... or a plague of bugs? Or you name it?

There could be some lean years if you're wiped out now.

The financial side of farming has changed. Perhaps it's time you re-thought your need for Federal Crop Insurance — which has made some changes, too, in keeping with the times.

This may be the year to listen closely when the FCIC man comes around.

Only ALL-RISK Federal Crop Insurance GUARANTEES you'll get your money back . . . whatever happens.

Thought For The Week

next year.

DONNA LAMBERT

The Muleshoe Mules finished

their season Tuesday by de-

feating Dumas 68 to 51. I was

pleased with the victory and

particularly pleased with the

effort we had. When you play

the last game and that game

itself doesn't have any meaning

except that you always want to

win and you're playing for your

pride, then to see a troup of

young men go out and give 100%,

its an indication of the type of

young men we have on our team.

most improved team I've ever

coached. We improved as a

team, and each individual im.

proved. I appreciate the ded-

ication of these young man and

the attitude they've displayed

We have six seniors on our

team who did an outstanding job

this season not all of these were

starters, but each one contri-

buted what he had to our team.

These six young men are David

Faver, Raymond Davenport, Ro-

ger Williams, Kerry Wagnon,

Eddie Wilson, and Paul Bell.

Don Long, David Wheat, Fred

Locker, George Mitchell, and

Perry Stockard, These young

men did an outstanding job this

year, and we're going to expect

even better things from them

The juniors on our team are

throughout the season.

FFA Week To Be **Observed In MHS**

Discovery-that's what it's all about -- young men and women seeking insights into their future inagriculture, looking down the road today for a glance at tomorrow.

The key to success in their search is a sound vocational education program. When combined with an active FFA Chapter in which members learn by doing, the program unites youth with career opportunities in agriculture.

In the classroom and in practical experience activities FFA members learn about opportunities in the American Free Enterprise system. They learn too, how to take advantage of their opportunities and select

The vocational agriculture --FFA program of career education strives to match the individual's skills and potentials with likely opportunities which the student may find interesting and relevant.

The expansion of career opp-

ortunities in the American agri-complex is not new. Many people are needed to do the millions of "jobs" necessary to keep the agri-complex moving. What is new is the emphasis being placed on the broad spectrum of careers in the total field of agribusiness. Frequently members have the opportunity to put their classroom knowledge to use in an occupational experience program with an agribusiness firm, thus expanding the opportunities available to FFA members beyond the traditional production agri-

FFA provides its members an opportunity to develop their personal and career potentials, such as assuming responsibility, taking the lead, speaking out for what they believe, working with others and making decisions.

These and many other ways FFA unites youth with their opportunities. NATIONAL FFA WEEK IS FEBRUARY 17-24.

MHS Student Council Holds Elections

It's speech-making time at MHS! Student Council elections were held Thursday, February 15. following an assembly program in which candidates made their campaign speeches.

Running for President were Don Long, Kelly St. Clair, and Steve Block. Candidates for Vice-president were Mike Bland and Tim Jinks. The candidate for Secretary was Sharon Wrinkle, and the candidate for Treasurer was Danita Throckmorton, Running for Chaplain were Gayla Hooten and Pam Vinson, Running for Reporter were Jan Harlin and Prisca Young. Historian candidate was Lawren Hall and Parliamentarian can-

didate was Johnny Dean. Results and next year's officers will be published next week in the Mile's Tale.

That's The Worst Kind A recruit was asked if he had ever been troubled with athlete's foot. He replied. "Yes, once when a halfback caught me kissing his best girl."

Sanderlin, daughter of Dr. and Mrs. Bill Sanderlin and Jerry Hodge, son of Mr. and Mrs. James Hodge. Mulette

Manuevers The Mulettes finished the season Saturday night at Friona losing to Canyon 61-48. The Mulettes hustled most of the game, canyon's overall speed and depth was the difference in the

The Mulettes won 22 and lost 8 games for the year. The losses were four times to Slaton. two times to Canyon, once each to Friona and Wayland Queen Bees. The Mulettes defeated every team they played at least one time except Slaton.

The J.V. girls finished with 15 wins and 5 losses, losing four times to Canyon and once to Slaton. I have been very pleased with the improvement of all the basketball girls this year and also their attitude toward work and practice. We are looking forward to a better season next year. We will also miss our five seniors this year, Linda Head, Tani Murrah, Audree Winn, Tracy Cowan, and Donna Grimsley.

The girls are now playing volleyball and it will continue for about six weeks. We have six scheduled games with Littlefield, Morton and Levelland, We will start playing basketball again the first week of April and continue until school

Louis Norman Presents Magic Show At MHS

Louis Norman presented a magic program to MHS Wednesday, February 14.

Mr. Norman performed several magic tricks, Members of the student body participated in the action and fun.

THE **FUTURE FARMERS OF AMERICA** WELCOME THE CHALLENGE TO **BUILD A STRONGER AMERICA**

The Future Farmers of America give a thorough education in the most recent farming techniques for the young men and women of America's farming community. We salute the F.F.A. for an endless effort to improve all the aspects of farming. In classroom instruction, in the field training and scientific research the F.F.A. has conquered many of the hazards that have slowed down farm production in the past.

Sudan News

Mrs. Wayne Doty

Mr. and Mrs. Noel Lumpkin have returned home from the Amherst Hospital.

Mr. and Mrs. Bruce Newman are home after their trip to Dallas to see their daughter, Jane, who has been ill.

Miss Rene Markham, freshman student at Texas Tech, was here over the weekend to visit her parents and brother, Mr. and Mrs. Bobby Markham.

Mrs. Kenneth Wells and boys, Chris and Jeff, have been in Hereford to be with their husband and father for a few days. They returned home Tuesday.

Miss Cecie Bandy, daughter of Mr. and Mrs. D.J. Bandy and a Senior at Sudan High School, has been named Betty Crocker Homemaker of the year at Sudan schools. She is now eligible to compete for the Homemaker of the year in the state.

Winners in the local Post-Season Basketball Tournament were the Sudan "Black" girls team and the Olton boys. The girls team was composed of Juniors and Sophomores, Second place were Abernathy "B' girls and Sudan boys, third, Avernathy 9 th and Abernathy "B". Consolation, Sudan Freshmen girls and Whiteface, Sudan placed Wanda Weaver, forward, and Phyllis Ray, forward, on the All-tournament girls' team, and Mark Hanna on the All-tournament boys team. Hanna scored 39 points in one game, high point for the tourney.

Mrs. Corky Green and twins of Muleshoe visited Saturday afternoon here with Mrs. Olin Nix. They attended the basketball tournament.

Mr. and Mrs. Gary Morris and son of Friona also attended the tournament Saturday and visited her parents, Mr. and Mrs. Bob Davison, Mart and

Rev. Hazel House, pastor of Enochs-Bula First United Methodist Churches, was guest speaker for Lord's Acre Banquet at the Amherst Methodist Church last Wednesday night.

Members of the FHA held a bake sale over the past weekend during the local tournament. They sold cakes and other baked goods Valentine's Day at school and in town. Proceed will be for food and decorations for their annual "Sweetheart" Banquet Saturday night, Feb. 17.

The annual Athletic Banquet for Sudan High School athletes will be held Monday night in the school cafetorium, Guest speaker will be Gene Mayfield, head coach at West Texas State University, Canyon, and a former coach at the Littlefield High School, Football Queen and Pep King will be announced at the banquet, as well as Most Out-standing football boy and basketball girl. Graduating seniros will also be recognized.

Members of the local FTA will attend the district meeting Saturday, Feb. 17 on Human Re-

Hubert Dykes has returned home after spending several days in the hospital.

J.P. Arnold, who was a medical patient for some four weeks in Medical Arts Hospital, Littlefield, has returned home.

The Outsiders Basketball Tournament here Feb. 15-17, will have four ladies' teams and eight men's teams. Ladies teams will be Dairy Queen of Littlefield, Sudan Central Compress, Levelland and Sudan Coop. Mens' teams will be Amherst Lions, Lance Ins., Sudan Exes, Central Compress, Amherst, Armes, Downers, and Abernathy. First game was Thursday at 5:30 p.m. The tournament proceeds will go to the local Booster Club and to the Baseball Association.

Superintendent Kenneth Noles has announced that all coaches with the exception of girls' coach Mirzi Trussell who has resigned, were re-elected for the 1973-74 school year at the Board of Trustees meeting Mon-

Texas will continue capacity oil production.

Lobby Bill Termed Dangerous

ABILENE (STNS) A lobby control bill being debated by Texas House members was called "deplorable" and "dangerous to the people's rights" last week by F. Fike Godfrey, executive vice president of the West Texas Chamber of Commerce in A-

The purpose of the bill, according to Rep. John Bigham, who introduced it in the House, is to trace the source of lobby funds and "to see where the money is going and to make this information available to the public and to us in one central location". The bill, as amended and tenatively passed last week by the House, calls for extneby the House, calls for extensive registration procedures for persons and groups concerned with legislators with the purpose of influencing legislation.

Exemptions are written into the bill for members of the press and state employees. Godfrey said that the "intent of the bill is creditable, but the

methods are deplorable." Godfrey emphasized that his statements were his opinions

only and not those of the WTCC. "As we read this, the bill applies to garden clubs, PTAs, school organizations...even to churches," Godfrey said, "For instance, if the church deacon went to Austin to try and voice his congregation's feelings, he would have to register as a lobbyist and be subject to all the fines and regulations written into the bill".

Godfrey said the bill in its present form, violates the peo-

A Matter Of Fit The floorwalker of a department store noticed a young man looking very confused, so he went to him and asked, Floorwalker--Can I help you, sir? You seem puzzled

about something. Fellow--I am, I was supposed to buy either a camisole or a casserole, but so help me, I can't remember

which. Floorwalker (amiably) --Perhaps, I can help you if you will tell me what sort of chicken you intend putting in it.

Services Held

For Father Of Local Man

Services for Merpha Clarence Street, 83, a retired farmer, were held this week in the First United Methodist Church of Littlefield. Street was the father. of a Muleshoe min, M.C. (Bud) Street.

John Tower United States Senate COMMITTEE ON ARMED SERVICES

I would like to devote my re- tee on Separation of Powers report this weekend to the subject of Labor Law Reform, Again this year, a series of important contract negotiations between management and organized labor will take place. Collective bargaining is a sound method for determining proper working condition and a fair return for a man's labor. It is in the interest of both management and labor that working men be paid good wages and that products be manufactured at a cost which will enable competitive price in the marketulace.

In the past, we have seen too many cases in which big labor has been able to exert a stranglehold upon a nationwide transportation strikes particularly have resulted in severe threats to the economy and the public has been forced to pay excessive prices in order to enable continuations of vital cargo shipments.

The Congress, to often has been forced to legislate an end to crippling strikes. The Congress should be turning its attention to comprehensive bargaining to work in the interest of employee, employer, and the public.

I am devoting some of my attention in this Congress to some specific aspects of labor law reform.

Recently, I re-introduced legislation to abolish the Davis-Bacon Act of 1931, often known as the Prevailing Wage Law. This law is an anachronism. It requires the payment of the highest possible wage rate at construction sites and subverts the free enterprise system in which competitors strive to provide for the public the greatest possible quality at the lowest price. It tends to foster unemployment in the construction industry by keeping our lesser skilled employees who could perform some of the work and by acting as an economic brake on a builder's desire to begin a larger number of projects.

The Davis-Bacon Act was an emergency measure when it was passed during the Depression, The situation today is far different . The Act is working against economic growth, ahe potential expansion of job opportunities and against public consumers who are striving for quality construction at reasonable cost.

Also, in this Congress, I will again move to withdraw from the National Labor Relations Board its power in unfair labor cases and return that power to our federal court system.

In the previous Congress, the

their on-the-job safety and healty regulations.

role originally provided for it

by the Congress. The subcom-

mittee's report well documents the fact that the NLRB has acted to restrict free employee choice

speech. NLRB decisions have

consistently bolstered the grow-

ing power of big labor unions

at the expense of rank and file union members, small union,

non-union employees and man-

More importantly, the NLRB

has acted to establish in practice new criteria outside its

Congressional mandate as to

what constitutes an unfair labor

practice. The NLRB has done

more to bring about the current

imbalance in labor-management

relations than any other organ

and the related issue f and the related issue of free

agement.

The Occupational Safety & Health Act now in force preempts State authority to enforce on-the-job safety regulations; but the Federal government has not prepared itself to assume commended approval of this bill. In recent years, the NLRB has continued to disregard the

posed would extend for one year

a federal provision which allows

the States to continue to enforce

entire enforcement job for the nation. We need the continued assistance of the some 1600 state inspectors who are already familiar with local safety and health problems.

I am not advocating Labor Law Reform because I am opposed to the working man. Quite to the contrary, I am very much for the working man and I am attempting to help provide for him, and for the general public as well, a climate in which the voice of the individual employee

can be adequately heard. The general public, of which every laboring man is a significant part, will benefit from ?. fairer process for determining the balance between labor and

management. The result should be good wages and working conditions for men who are making quality products which can be sold at reasonable prices.
