SET FOR SEAL DRIVE — These Girl Scouts, Glenna Payne, left, and Robin Davis, right, helped last week in the Easter Seal preparation by putting up door markers in business houses over town. They, along with other Girl Scouts will be in town Saturday soliciting donations for the Easter Seal Campaign. Proceeds from the drive will go to aid crippled children. Funds provided by Easter Seal sales provide braces, wheel chairs, and transportation to medical centers for needy crippled children. (SLATONITE STAFF PHOTO)

Local Girl Receives Tech Recognition

Mary Alice Kenney, senior home economics education major from Slaton, was among the students honored by Texas Tech at the 12th annual All-College Recognition Service last Sunday. Eight students were presented gold college-honors keys. The gold keys were presented to students who received scholarship recognition for the fourth consecutive year. Students who received scholarship recognition at the annual Tech ceremonies were those who were in the upper three per cent of their school in either the previous spring or fall semester. They must have earned a grade point average of not less than 2.25 in the two previous semesters. Students who received scholarship recognition for the third consecutive year received school honors. Class honors went to those recognized for the second consecutive year and individual honors were awarded those recognized for the first time. Miss Kennedy received school honors.

Over 300 Workers in Red Cross Drive; \$3,000 Set as Slaton Goal

Legal Points In Trial of Christ Explained

The Rev. Henry Treptow was in charge of the Rotary Club's program last Thursday, when E. H. Boedecker, Lubbock attorney, spoke on "The Legal Aspects of the Trial of Jesus." Visitors at the meeting included Jerry Crockett and Tom Cannon, both of Lubbock, and Bill Daniels, of Slaton. Election of officers will be held at the meeting today, according to M. G. Davis, club president.

This year's Red Cross Fund Drive in Slaton will involve more than 300 persons, according to Don Crow, drive chairman.

Organized to the extent that each worker will contact a certain number of people, rather than make a house-to-house canvass for funds, Crow said that the drive probably would be made Thursday and Friday, March 27 and 28. Hobart Trimpa is drive co-chairman.

An organizational meeting of vice chairmen and captains has been tentatively set for Friday night, Crow said. Exact time and place of the meeting has not been determined.

Named as vice chairman were Clark Self Jr., Ray Belt, Rush Wheeler, Paul Melton, Hack Lasster, Lee Vardy, Phil Brewer, Melvin Kunkel, Dick Evans, and Joe Teague III.

Each of the vice chairmen will select five captains, who in turn will select five workers each. These workers, the captains, the vice chairmen, the drive chairman and co-chairman, bring to a total of 312 the number of people involved in this year's drive.

Goal for Slaton this year has been set at \$3,000. The drive will be for pledges, to be paid monthly, quarterly, or semi-annually, rather than a donation, Crow said. "We would prefer a pledge to a donation," Crow said in discussing the forthcoming drive.

A representative from the Lubbock County Chapter of the Red Cross is to be at the meeting Friday night to discuss future aspects of this year's drive, Crow said.

Slaton Girl Named Sul Ross Class Favorite

In a recent meeting of the Sul Ross State College Sophomore Class, Barbara Felty was elected girl Sophomore Class Favorite to represent her class in the 1958 "Brand," the college yearbook.

Miss Felty was presented to the student body at a formal presentation of campus and class favorites and coronation of the Brand King and Queen.

This occasion took place at the annual formal Brand Dance in the Student Union Building on March 8.

Escorting Miss Felty at the coronation was Jerry Thomahlen, boy Sophomore Class Favorite, from Elgin. Barbara will be pictured on a full page in the 1958 Brand. A graduate of Slaton High School, she is an active member of Satchem Literary Society, Alpha Kappa Phi, and the Rodeo Club. She is working toward a major in Elementary Education at Sul Ross. Her parents are Mr. and Mrs. Charles Felty, who reside at 315 S. 11th, Slaton.

YMCA Director Will Speak in Methodist Series on Delinquency

Third in a series of speakers dealing with the general topic, "A Christian Approach to Delinquency—both Juvenile and Parental" will be Fred L. Johnston, director of the YMCA at Lubbock.

Johnston will speak at the evening services at First Methodist Church Sunday at 7:30 p.m. Previous speakers in the series have included the Rev. Hubert Bratcher of Pampa, and Judge Sarah T. Hughes of Dallas.

Johnston's topic will be "What Can We Do About Delinquency Within the Community?"

A native of Green Bay, Wisconsin, Johnston has been in

YMCA work for the past 20 years. He served 10 years at Milwaukee, Wisconsin, and four years at Scott's Bluff, Nebraska. He has been director of the Lubbock "Y" for the past six years.

The evening series begins Sunday at 6 p.m. with a meal in Fellowship Hall of the church. Discussion groups are held from 6:30 p.m. until 7:30 p.m., with the evening service continuing until 8:15 p.m.

The meetings are open to the public, and all will be welcome, according to the pastor, the Rev. J. B. Sharp.

Golf Course Organizational Meet Planned Tuesday Night at School

Persons interested in organization of a golf course and country club in Slaton will meet at 8 p.m. Tuesday at the Slaton

High School Auditorium, according to Dr. Don Hatchett.

Hatchett said this week that the meeting would determine whether or not a golf course would be realized on a proposed site some five miles south of Slaton.

The proposed course would be in a triangle between Slaton, Southland and Wilson, he said.

Hatchett emphasized that the proposed course would be "one that this part of the country will be proud of," if plans are undertaken to build it.

Linda Davis Initiated in Tech Sorority

Linda Dell Davis of Slaton is one of 34 members initiated into Alpha Lambda Delta, national honorary freshman sorority at Texas Tech. A 2.5 (B-plus) grade average is required for membership.

Miss Davis is an arts and sciences student. Mr. and Mrs. L. C. Odom returned home Monday after having been in Ft. Worth where they attended funeral services for Mrs. Odom's brother-in-law, O. D. Wyatt's mother, Mrs. Sarah D. Sanders. Mrs. Sanders had taught school for 51 years, most of which were in the Fort Worth schools. The Odoms were accompanied home by her sister and husband, Mr. and Mrs. Wyatt who remained in Slaton until Wednesday. Mr. Odom is superintendent of Paschal High in Fort Worth.

Local Band Students Place High In Solo, Ensemble Competition

Out of twelve events entered in the Interscholastic League Solo and Ensemble Contest, the solo and ensemble contestants from the Slaton High School band came home with eight first division awards for superior work and four second division making one of the finest showings in this phase of band work in the band's history!

Of the 11 students who attended the contest held Saturday, March 15, at Monterey High School in Lubbock, three students received two first division medals. They included Russell Cummings, who received a Division I on his clarinet solo and a Division I on his clarinet quartet in which he played first clarinet; Bill Clark, who won a Division I on his bassoon solo and a Division I on a tenor saxophone solo, and Dee Allan Tucker who made a Division I on both his bass solo and his baritone solo.

Other soloists and their awards were George Privett, Division II on a clarinet solo, member of clarinet quartet; Betty Haliburton, member of clarinet quartet; Kathy Smith, member of clarinet quartet; Roger Cummings, Division II on a clarinet solo; Jim Haile, Division II on alto saxophone solo; Bruce Pember, Division I on cornet solo; Dorothy Heaton, Division I on a cornet solo; Vicki Kirksey, Division I on a french horn solo.

The accompanists were Vicki Kirksey, Cherie Arrants, Venita Green, Sharon Perdue, and Candace Lee.

On April 26, at Monterey High School, the Slaton High School concert band under the direction of Bill Townsend, will be competing with other Region I bands for sight-reading and concert playing honors. Also, Russell Cummings and Dee Allan Tucker will be trying for a third medal in 1958 as they compete in the student conducting phase of the Interscholastic League Contest.

A spring concert for the band is in the planning stage, Townsend said.

Sunny Days Are Coming

Sunny Days are coming to Slaton! That's right! Businessmen in Slaton have a complete new and exciting pre-Easter and spring program coming up in two weeks, which has exciting opportunities for the alert and the budget-wise patrons of the Slaton trade area.

Sunny Days are being presented through The Slatonite with the cooperation of Slaton businessmen. They're a well-planned program which has been sweeping the midwest for the past three years. This new and "different" program has never before been introduced in Texas.

The program includes a blend of good will prizes for patrons of the area, and a marvelous and timely schedule of unique shopping opportunities for the budget-wise.

Complete details will be given in the April 3, issue of The Slatonite.

You've never before experienced such an exciting program, and it's going to be profitable for literally hundreds of patrons of this area.

The program includes a massive treasure hunt ... spring shopping features ... and, in general, fun for everybody.

The news and advertising columns of The Slatonite will give you the complete picture. You'll want to plan to make a date for three days of fun-filled activities, because the Sunny Days will continue through Thursday, Friday and Saturday, April 3, 4, and 5.

Dal Stanley Named To Fraternity

William Dal Stanley, freshman physics major at Texas Tech, has been initiated into Phi Eta Sigma, national honorary freshman fraternity. He is one of 42 members recently initiated. A 2.5 grade average is required for membership in the fraternity.

RIGHTS OF THE PRESS

The press of the United States has an outstanding record, both in war and peace, of digging hard for legitimate news but respecting the safeguards placed about information vital to the national security. By and large, the press has shown itself eminently worthy of public trust.

It is in the light of these facts that one must consider the New York Times' charges that government detectives have shadowed reporters in an effort to learn their secret news sources. The public does not know, at this point, whether the accusation is true. James Hagerty, the White House press secretary, has said that he did not believe the report, but this falls short of a denial that the charge is true.

If the administration has actually delegated what the Times calls "bureaucratic hawkshaws" to trail reporters, then it has struck an unwarranted blow at freedom of the press. We say this, not out of a mere touchy regard for newspaper privilege, but because we believe the press has the right and the duty to inquire vigorously into the operation of government, regardless of the level. It has the right to do so without being interfered with or harassed by the government.

All this does not imply that we unquestioningly accept the truth of the charge made by the New York Times. But the Times is a newspaper with a worldwide reputation for integrity and accuracy. Consequently, one cannot simply dismiss its claim that "in some cases telephones are tapped both within and without the government and bureaucratic hawkshaws are assigned to report on reporters' movements."

The charge should be dealt with by the administration. If it is not true, the White House ought to deny it categorically. If it is true, then the administration should do some soul-searching about the rights of a free press in a free country.

THE MILL IS GRINDING

Hundreds of bills that might be construed as anti-recession measures have been bumped into the hoppers in both the Senate and the House of Representatives. One reason for this is the rapidly growing conviction that the U. S. economic pump needs priming in a hurry. Another reason is that practically everyone in Congress is maneuvering to get some share of whatever credit there will be for having taken action to end the slump.

The need for action is clear. The situation is probably not as good as some Republicans insist. But unemployment of substantially more than five million, coupled with reduction in working time for many others and a sharp decline in industry spending on plant and equipment, says plainly: Do something.

Some sort of pump-priming is virtually assured now. The period for receiving unemployment benefits probably will be extended. An increase in military spending is in prospect. Some works programs are going to be speeded up, in all probability, and new projects may be undertaken. Tax reduction of one sort or another also seems likely.

The legislative mills are grinding. Just what will emerge, and whether it will be mainly administration measures or those advocated by the Democrats, cannot yet be told. The public can only hope that, in their eagerness to claim credit for their part in fighting the dragon of recession, congressmen will not forget that the dragon is the main target.

STRENGTH FOR THE WEEK

"Wherefore comfort one another with these words." I Thess. 4:18.

The eyes of the world were turned to the city of Florence, South Carolina just a few days ago. An atomic bomb was accidentally dropped from a B-47 jet bomber. Everyone was grateful that no one was killed, even though some were injured. There are many tragedies and near tragedies that happen every day.

When we look at the many things that are happening today, it makes us glad that there are some things that can bring comfort to mankind.

These words of comforts were not that we have a bigger and better bomb. Neither were they words of comfort in wealth or military might. These were words of comfort that Paul was able to give to the people in the day that he lived. Those words are still words of comfort today.

After Paul had preached to the Church of the Thessalonians, many of them thought that Christ would come before they should die. When some of the believers did die, the rest were naturally disturbed. To give these believers comfort was the purpose of this discourse.

How happy it must have made

them feel to hear that, even though they should die, they were not to be forgotten. The resurrection is so clearly taught that to deny it would be to deny the Word of God. That is the sure word of comfort that we have today. As Christ arose never to die again, so shall all who fall asleep in Him. In the resurrection, as in this life, we owe our all unto Christ Jesus our Lord.

Those that fall asleep in the Lord will also be called out of the grave by Him. "For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air; and so shall we ever be with the Lord." I Thess. 4:16-17.

These are words of comfort that we may turn to and find a bright lining to any dark cloud that may hover over our lives or the nation and the world. These words are, that Christ is going to come again to receive His own.

"Wherefore comfort one another with these words." Rev. H. E. Summar, pastor: Bible Baptist Church

23 Die in Traffic Accidents in Area Since Beginning of Year

Twenty-three persons have died in 16 traffic accidents during January and February in the Texas Highway Patrol District 5A, according to Captain E. L. Posey, commanding officer. In addition, the highway patrol has investigated 135 accidents injuring 237 persons plus 263 property damage accidents amounting to \$294,470 damage.

Captain Posey advised that speed was the number one contributing factor in the 414 accidents investigated by his men. He urged all motorists to observe speed limits and help prevent accidents by voluntary compliance with all traffic laws.

Forty-one of the accidents investigated occurred in Lubbock County, with the following breakdown: Property damage, 26; personal injury, 13; and fatal accidents, 2.

Captain Posey stated that this is a 16 per cent decrease in total accidents over the same period last year.

During this two-month period,

Posey advised that the highway patrolmen in his district contacted 9,960 traffic law violators. Speed was the number one violation, followed by stop sign violations, defective lights, and drunken drivers.

UNCLE LUKE IS A SKEPTIC

To be truthful about it, Uncle Luke is plumb "ornery" about a lot of things. He rants at the blasted "airplanes" that scare his chickens . . . he fusses about the way women dress nowadays . . . he's never been to a picture show . . . and one of his pet hates is those "b*x" squawk boxes" somebody around the house is always turning on while he's trying to read his newspaper. Oh yes! Uncle Luke likes his newspaper . . . dots on it, in fact. Says it's the only way a feller could tell what's really going on in this crazy world nowadays.

Thank goodness we don't have to put up with many folks like Uncle Luke . . . but if you have an advertising message and you want to be sure Uncle Luke sees it . . . put it in YOUR HOMETOWN NEWS-PAPER.

STATE CAPITAL
Highlights
AND Sidelights
By Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Two super-charged issues—taxation and recession—like two strands of a high-voltage electric fence, seem to be twined through every area of Texas government.

Recession, though considered mild and temporary, is here and now. New taxation, in the light of official estimates, will be practically unavoidable next year.

Even though the recession labeled "minor" and new state taxes the inevitable result of explosive growth, having both issues come up at the same time makes each seem worse. New tax talk, never popular, is even less so with people feeling the chill wind of a cut in income.

Barring an unexpected swift upturn in the economy, the twin issues will break through the middle of next summer's political campaigns. It'll be particularly rough campaigning for those who have to get on one side or the other of the taxation fence.

Some legislative candidates are already being asked, "If there has to be a new tax, what kind will you vote for?" Some say they haven't decided what they'd vote for, but will say what they'd vote against. Others say they're making no decision until after the State Tax Study Commission completes its reports.

LOWER, BUT GROWING — Latest report by the Tax Study Commission shows some of the possible directions in which Texas may have to move to get additional tax money.

It notes that: Besides Texas only two other states are without either a general sales tax, personal income tax or corporate income tax.

Texans in 1956 paid lower state and local taxes than the average for other states—\$129.50 per capita for Texas compared with \$157.50 per capita national average.

Rate of tax increase for Texas has been much faster than U.S. average. Texas rate of increase from 1953-56 was 23.4 per cent; national average, 19.4 per cent.

Commission's next report will deal with future spending needs, says Sen. William S. Fly, chairman.

UNEMPLOYMENT UP AGAIN — Texas Employment Commission reports claims for unemployment compensation at a new high.

There has been a slight drop for the previous week. But latest weekly tabulations showed TEC paid out \$1,435,448, compared to \$696,464 for the same week a year ago. Number of persons filing claims was 82,576, almost double the 42,705 who filed a year ago.

Even so, most recent nationwide figures show Texas to be a highly favored area. Labor Department's Bureau of Employment Security says that Texas has the lowest rate of unemployment of insured workers of any state in the nation—3.6 per cent here compared to 7.9 per cent national.

ON PLUS SIDE—Other business barometers tend to bolster the view that Texas' economy is weathering the squally weather well.

First 1958 reports from the Bureau of Business Research on overall business activity showed the January index up eight per cent from December, one per cent from January, 1957.

Texas Banking Commission's spring call for condition of Texas

as banks brought reports of hefty increases in money on deposit. Some cities showed drops in bank deposits, but in general they were up with some cities setting records or near records.

BBR's report notes that "although evidence of recession is plain, the strength of the state's economy is shown by its stubborn resistance to further decline."

A small increase in building activity in early 1958 may be the forerunner of a general revival of the home building industry this year, says BBR.

On the state's No. 1 economic headache — sagging oil production — A BBR spokesman competition of cheap foreign oil could "flatten out" Texas' growth curve. Suggested an i-dote; bring in other industries with strong growth potential to "fill in the gap."

GOVERNOR TO BATTLE IMPORTS—Gov. Price Daniel has asked Washington to reduce oil imports.

He has presented evidence gathered by the state oil import study commission on how Texas economy is hurt by cutbacks in oil production. Governors of other oil-producing states have joined him in asking that imports be limited to the 1954 level.

Though many economists predict that the problem of foreign oil is here to stay, Texas officials hope to gain at least enough relief to get the stymied domestic industry going again.

JUVENILE IMMUNITY CITED — A proposal to allow criminal court trials of teen-agers who commit serious crimes may come before the next Legislature.

Dr. James A. Turman, director of the Texas Youth Council, suggested a study in this area at the joint Austin meetings of the Attorney General's Law Enforcement Conference and Texas Law Enforcement Foundation.

Turman said he felt that in some cases "chronic and serious" juvenile offenders were being over-protected by the law at the expense of society. Under present law boys under 17 and girls under 18 cannot be tried in criminal court. One "serious offender," related Turman, told officers, "You can't touch me. I'm a juvenile."

Not so in Canada, said a visiting speaker from the Royal Canadian Mounted Police. Canada has no minimum age for sending offenders to the penitentiary, reported the Mountie, and "we are not troubled by many murders and rapes by youngsters."

HEALTH DRIVE ON—Governor Daniel has joined a young father from Baird, Texas, Bob Stanley, in urging Texans to participate in the fight against nephrosis and other kidney diseases which claim thousands of lives each year.

Stanley, who has lost two children to nephrosis, visited Daniel recently and won his support in the campaign to organize additional chapters of the National Nephrosis Foundation in Texas. The Foundation now has chapters in El Paso and San Antonio, but victims of nephrosis, nephritis and allied kidney diseases are found in all parts of the state.

Governor Daniel designated March as Nephrosis Month and urged Texans to give financial support to research studies to determine the cause and seek cures for diseases of the kidney.

ANTI-ACCIDENT STUDY — A brand new commission is at work to find ways to prevent needless deaths of industrial workers.

It is the Industrial and Occupational Safety Study Commission set up by the last Legislature. Former Civil Appeals Judge Mallory B. Blair of Austin is chairman.

Governor Daniel told members that Texas presently has 600 to 77 deaths yearly from industrial accidents. He said 98 per cent are considered preventable.

Slaton Boy Coaching Tech Team; Host to National Tournament

Texas Tech will play host to the National Collegiate Fencing Tournament Friday and Saturday of this week, according to Coach Frank Griffin.

Navy, California and Nebraska are the latest schools to indicate that they will enter the tournament.

Other probable entries announced this week by Coach Griffin are Columbia, Iowa, New York University, Wayne State, Notre Dame, Illinois, Buffalo, Michigan, and Texas Tech.

More southwestern colleges will have entries in the 1958

tournament than in any previous year since this is the first time the tournament has been held in this section of the country.

Griffin, a senior physics major from Slaton, will enter the foil; Royce Bruce, sophomore personal management student from Lubbock, the epee; and Delano McLane, sophomore agriculture engineering student from Ralls, the saber.

In the open tournament held in Dallas last spring Griffin won first in all three weapons, the first contestant to win firsts in all three.

Tests Show Local Students Above Average in Spelling

Results from a standardized spelling test conducted throughout the nation show that 80 per cent of Slaton High School students are better spellers than the nationwide average.

All high school students were given a standardized test in spelling, and the results were compiled by a testing bureau to show the national performance of students.

In comparison to the national average the students in Slaton High School are ranked 160 per cent better than students over the nation.

Kuder-Preference tests will be given later this week to junior and senior students. The tests will show the aptitudes and interests of the students, in an effort to help them choose their field of work.

Mental ability tests will be given all students in high school who have not previously had them. These tests will be administered in the near future.

School officials said that the program in spelling has been intensified through various

methods. The program will be continued to further improve the ability of each student in the area.

Intensified programs in other areas are being prepared in order that scholastic standards may be improved.

Slaton Women Give Their Favorite Tested Recipes

Mrs. R. B. Lain lists Buttermilk Pie as her favorite, with this stipulation: "At least, it's our favorite when Mother's here to make it"

Buttermilk Pie
3 eggs (separated)
1 1/2 cups sugar
1/2 cup butter or margarine
3 tbsps. flour (heaping)
1/4 cup buttermilk
1 tsp. vanilla

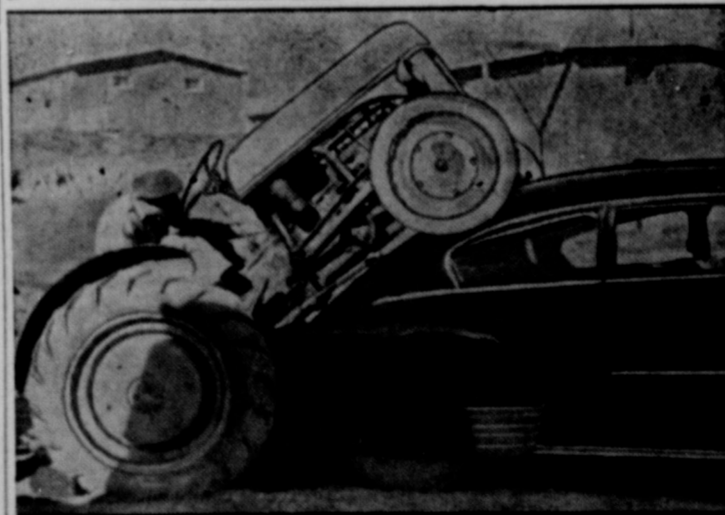

Method
Mix flour and sugar, and egg yolks and then all the other ingredients and pour into 9" unbaked pie shell. Bake slowly about 1 hour in approximately 300 degree oven. Cover with meringue and brown.

Reading is Mrs. Lain's favorite pastime. She hasn't the time to read all the novels that she would like, she said, and added that "I have to wait until the Reader's Digest condenses them."

Mother of three children, Mrs. Lain is active in scout work, serving as leader for troop 333. She is also a member of the Athenian Study Club, and works as a helper in the Kindergarten at the First Methodist Church, of which she and her family are members.

At the present Mrs. Lain is busy making costumes for her daughter, Judy, 8 year-old student of Tap and Ballet Dancing. A recital will be held Friday, May 9, in which Judy will participate. About sewing, Mrs. Lain's interest is merely lukewarm. She much prefers book-keeping, which she studied at Draughon's Business College in Lubbock.

Mrs. Lain also has two boys, Rickey, who will be six years-old the first of August, and Danny, who is a 4th grade student this year.

APPLE CASTLE—This ornamental tower in Frasnay, France, should be a monument to health, if apples a day keep doctors away. Representing the local Tower of Avesnes Church, the clever reproduction is made of hundreds of apples. Displayed at the Fruit Exhibition, the castle managed to withstand wandering hands and remain intact for the duration of the show.

Portrait of Minister Student Given at Methodist Church

A near life-size portrait of Milton Joehetz is on display in the foyer of First Methodist Church, in recognition of his being the most recent young man from the local church to enter the ministry.
 The portrait and frame are the gift of Fredric and Marinell de Vries, Marinell Portraits.
 The portrait of Joehetz will remain in the church foyer until another young member of the local church enters the ministry, according to the Rev. J. B. Sharp, pastor of the church.
 Joehetz, a graduate of McMurry College, Abilene, is now a student at Perkins School of Theology, Southern Methodist University, Dallas. He lives in Krum, where he is pastor of the Methodist Church there. The son of Mr. and Mrs. Walter A. Joehetz of Slaton, Milton is married and has three children, Tommy, 11; Paula Ann, 7; and Sandra Kay, 2.

WASHINGTON AND "SMALL BUSINESS"
 By C. WILSON HARDER

The proposed new Federal budget is not destined for easy sailing through Congress. Totalling \$73.9 billion, it is by far the largest peacetime budget ever asked by Congress.
 And there are some hard facts developing out of consideration of this budget.
 One of the most inescapable and unpalatable parts of the whole budget is the fact that \$8 billion of this must be used to pay the interest on the national debt.
 In other words, almost 11 cents out of every tax dollar collected must be used to pay on interest on the debt.
 This is a huge sum. Yet, faced with the necessity of paying out \$8 billion for interest, the budget requests almost another \$4 billion to be thrown away in form of give-aways. Thus, there is combined to pay off on past dead horses, and to give-away on present dead horses almost 17% of entire federal budget.
 Or looking at it another way. Huge as the current budget request is, it just about equals what the U. S. has thrown away in foreign give-aways and other global WPA schemes in the past few years.
 In fact, government appears to be getting so confused over this tax matter, that it is now even considering taxing itself.
 A major recommendation was that a tax of 3.5 cents per gallon be placed on jet fuels. While it is true that in a short while, there will be some commercial jet airliners in operation, their fuel consumption will be but a drop in the bucket compared to the necessary military use of jet fuels.
 Thus, if this proposed new tax were to bring in any appreciable new revenue, it would be collected on fuel used to protect the United States. This would be carrying the taxing situation to the nth degree of ludicrousness.
 It was rather a shock to Washington that in a recent issue of a popular national magazine, General Douglas MacArthur sharply assailed the present taxing policies in the U. S. Many had long assumed that military men are not overly concerned with the weight of taxes.
 Yet the nation's outstanding military leader, and hailed by many foreign experts as the greatest military expert of the age, states flatly that there seems to be no restraint on the lust for taxes and recalls how Lenin, propagator of Russian communism, predicted in the 1920's the United States would eventually spend itself into bankruptcy.
 General MacArthur also recommends the sure cure to excessive governmental spending which between federal and local is now taking one-third of the national income. That cure is to shut off the sources of taxes, thus forcing economy on government.
 And the General also states that it has been charged, without any challenge, that this year the government of the United States proposes to spend more than all the rest of the governments in the world combined will spend.
 In this connection it is not to be forgotten in Korea General MacArthur ordered "Operation Meat Axe" which meant destroy the enemy at every occasion. What apparently is needed now is the same type of operation on non-essential government spending, before all independent enterprise in America is throttled.

FERTILIZERS SHOULD BE BOUGHT BY GRADE

College Station—The real cost of a fertilizer is measured in terms of the per unit cost of plant nutrients applied to the soil. So, before farmers buy a fertilizer, they should look at the grade analysis and see if the same quantity of plant nutrients can be obtained cheaper in a higher analysis fertilizer, advises Bill Bennett, extension soil chemist.

The grade analysis can give a farmer this information because it tells how much nitrogen, phosphorus and potassium each bag of mixed fertilizer contains, he adds. For example, a hundred pound bag of 5-10-5 contains five pounds of nitrogen, 10 pounds of phosphoric oxide and five pounds of potash. A hundred pound bag of 10-20-10 contains 10 pounds of nitrogen, 20 of phosphoric oxide and 10 of potash. These two grades of fertilizer contain the same ratio of nutrients, points out Bennett, but the latter contains twice as much in each 100 pound sack. So, even though the 10-20-10 costs more per ton, it is normally cheaper in the long run because of the quantity of plant nutrients which is obtained.
 The cost per unit of plant nutrients is not the only way high analysis fertilizers are usually cheaper than low analysis fertilizers. When one sack of 10-20-10 can substitute for two sacks of 5-10-5, transportation costs are reduced. Not only would transportation costs be lower, but application costs would be less since less fertilizer is needed to supply the same quantity of plant nutrients.
 So, low analysis fertilizers cost less per ton, but high analysis fertilizers are usually cheaper in the long run because the cost per unit of plant nutrients is lower, concluded Bennett.

Fools Met on Highway Might Kill You — Drive Slow, He Might look for you!

J. O. Musick, General Manager of the Texas Safety Association, tells the story of a Hoosier truck driver who, many years ago, while driving in a severe rainstorm in East Texas, was suddenly confronted with a detour sign.
 "Drive Slow—You May Meet A Fool," is just as true and important in 1957 as it was twenty odd years ago.
 Our highways and automobiles are better engineered for safety today than they have ever been. Enforcement techniques are more scientific and widespread than at any time in automotive history. Our Driver-Education program, although it leaves much to be desired, has made remarkable strides. Still—there is little that can be done with the "fool" behind a steering wheel, until it is too late.
 Among professional traffic safety men today, the trucker's disappointing sign would be another phrase for what is called, "defensive driving."
 Technically, defensive driving is "Driving in such a manner as to avoid accidents by anticipating and allowing for hazards created by the unsafe acts of others." In other words, expect the worse out of your fellow motorist. There is no room for trust in a potentially dangerous driving situation.
 If slight overtones of pessimism creep in here, then that too is part of the story—it is hard to be optimistic when we killed 2,611 persons on our Texas streets and highways in 1956, and at the same time injuring 111,501. It's a dark picture and it won't become any lighter until we, as individuals, accept our driving responsibilities.
 Speed is still our biggest killer—remember that the next time you head for the open road. "Drive Slow—You may meet a Fool."

Film Showing Texas State Parks Available for Club Showings

A color film of Texas State Parks is now ready for free distribution to schools and colleges, clubs and civic organizations, the Texas State Park Board announced in Austin recently.

The film is 16 mm. 24-frame.

We agree! But if your Rover happens to take a bite out of someone's leg, it would take an awful bite out of your purse because you are liable. For a low-cost solution, phone us!

color, with explanatory sound track showing the main features of the state's public parks condensed into a half-hour running time. Applications for the film may be made to the Texas State Parks Board, Drawer E, Capitol Station, Austin. Those wishing to show the film will need to make local arrangements for use of a projector and screen. The film is the first combined picturing of the scenic and historic state parks, together with action shots of the principal recreational activities. It was produced by the Humble Oil & Refining Company as a public service and presented to the Texas State Parks Board.

In a reel cut for half-hour showing time it is impossible to include each of the state's 56 parks. Instead, selections were made to show the types of parks in all parts of Texas and to run the gamut of outdoor sports and recreational facilities they offer.

Fishing, boating and water sports, which are the principal activities in the parks situated on lakes and streams, are shown as well as the rugged scenery of the Davis Mountains and Palo Duro Canyon park areas, the grandeur of the forest parks of East Texas and such natural wonders as Longhorn Cavern and semi-tropical Palmetto State Park.

Historic park sites like the Alamo, San Jose Mission, San Jacinto Battlefield, Goliad and Monument Hill are included in the film.

Distribution of copies of the

film will be booked as quickly as possible. To facilitate the distribution alternate dates upon which the film can be shown should be given in application for its use.

Levi Miller Buried Here

Levi Miller, 72, was buried in Englewood Cemetery Sunday afternoon following funeral services at Westview Baptist Church. Miller died early Friday at his home following an illness of several months.

The Rev. Bryan Ross, pastor of Westview Baptist Church, officiated at the rites. Miller was a retired farmer.

Survivors include his widow, a son, Carl E. Miller of Lubbock; three daughters, Mrs. Fred Walters, Beeville; Mrs. Don Lavender, Meadow; and Mrs. Debs Lavender, Woodland, California; a sister, Mrs. Sarah Bellah, Llano, nine grandchildren, and 15 great grandchildren.

Mr. and Mrs. Francis Perry made a business trip to Dublin Friday and returned home Sunday. They also visited with Mr. Perry's brother, Coy Perry, and with friends.

Recent guests in the home of Mr. and Mrs. M. E. Cagle were Mrs. Cagle's parents, Mr. and Mrs. Frank Hale, of Sweetwater, and Mr. and Mrs. David Koerner of Lubbock.

Slaton Men In Service

MANHEIM, GERMANY (AH-TNC)—Pvt. Allen J. Strube, son of Mr. and Mrs. F. A. Strube, Route 2, Slaton, Tex., recently participated in a field training exercise with the 8th Infantry Division in Germany. Strube, whose wife lives at 1707 Webster Ave., San Angelo, is a gunner in Troop A of the division's 8th Cavalry. He entered the Army in June 1957 and was stationed at Fort Riley, Kan., before arriving overseas in January 1958.

The 20-year-old soldier was graduated from Slaton High School in 1955 and was employed by the Furr Food Inc., Lubbock, in civilian life.

SAN DIEGO, Calif. (FHTNC)—Jimmie B. Blackburn, apprentice petty officer first class, USN, son of Mr. and Mrs. Jack Blackburn of Route 1, Slaton, Tex., graduated Mar. 7 from Recruit Training at the Naval Training Center, San Diego, Calif.

Apprentice petty officers are chosen from the ranks of the seaman recruits to assist Company Commanders. The selection is based on individual aptitude and leadership qualities.

W. D. Cooper who has been employed in the east for the past three years came in Friday night and will remain in Slaton.

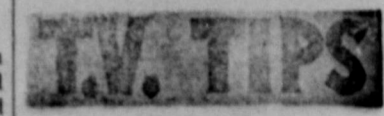

Mr. and Mrs. Jim Cherry and Mr. and Mrs. Billy Watson and family of Lubbock visited with Mr. Cherry's aunt and Mr. Watson's grandmother, Mrs. J. E. Cherry, Sunday.

Mr. and Mrs. Bill Dooley from Anton, Texas, and Mrs. C. A. McNeese and sons of Spur were guests during the week end in the home of Mr. and Mrs. J. R. Childress.

Mr. and Mrs. Charles Chism had as guests for the week end Mr. and Mrs. A. L. Elrod and children of Crane, Texas. The Elrods and the Chims are former school mates.

Mr. and Mrs. G. C. Clary have been attending services at the Primitive Baptist Church in Lubbock when Rev. J. P. Dale of Fort Worth was guest speaker.

Recent guests in the home of Mr. and Mrs. G. C. Clary Saturday night were their son and wife, Mr. and Mrs. Billy Clary, from San Angelo. Their son, Ivan Clary of Post stopped by for a short visit with them Thursday. The Billy Clarys also visited in the home of Mr. and Mrs. Leonard Foster.

MRS BAIRD'S ENRICHED BREAD

Like a Housewife Hates Dust on the Furniture

Phillips 66 Dealers take a lot of pride in being good housekeepers. They have a housewife's hatred of untidiness. They keep their stations clean, including those all-important rest rooms.

They'll go all out to keep your car clean, too. "Whiskbrooming" the interior of your car is one of those extra little services your Phillips 66 Dealer is glad to perform. And he'll clean the windows for you . . . all the way around.

This obsession with cleanliness is part and parcel of our policy of "Hospitality on the Highway." You benefit from it at any station which displays the famous orange and black Phillips 66 Shield.

We Wish To Say

THANK YOU

For Making Our Opening A Big Success . . . And For The Many Beautiful Flowers Sent To Us By Our Friends.

We Would Also Like To Invite You To Continue Giving Us An Opportunity To Serve You.

On Saturday night, March 21, a candlelight ceremony will be read uniting Miss Betty Jean Childress, daughter of Mr. and Mrs. John R. Childress and John R. Burks of Abilene, son of Mr. and Mrs. Andy Burks of Slaton.

If men talked about only what they understood, the silence would become unbearable. Slaton scarcely is undergoing a building boom. Nevertheless figures in the office of City Secretary J. J. Macey show that building is moving at a more rapid pace than in any year since it did in 1952. To date this year, Slaton building permits total \$59,150. At this time last year, building permits totaled \$32,600. The 1953 permits include four residences totalling \$39,650 and service station at \$14,000. Remainder of the total is in repairs.

Young James Vardy is sporting a yo-yo that glows in the dark. And all the young'uns have some variety of yo-yo. Why is it that these gadgets make their appearance only in the spring? Why wouldn't it be fashionable to yo-yo in the summer or in the fall?

OCEAN TO OCEAN ACROSS SOUTH AMERICA—AND BACK—IN 41 HOURS!

CHEVY'S NEW V8 LEVELS THE HIGHEST, HARDEST HIGHWAY OVER THE ANDES!

To prove the durability of Chevrolet's radical new Turbo-Thrust V8,* the tremendous flexibility of the new Turboglide transmission,* the incredible smoothness of Full Coil suspension, we tackled the most challenging transcontinental road in the world — the 1,000-mile General San Martin Highway. To make it harder, the Automobile Club of Argentina sealed the hood shut at Buenos Aires — no chance to add oil or water or adjust carburetors for high altitude.

So the run began — across the blazing Argentine pampas, into the ramparts of the forbidding Andes. Up and up the road climbed, almost 2½ miles in the sky! Drivers gasped for oxygen at 12,572 feet — but the Turbo-Thrust V8 never slackened its torrent of power, the Full Coil springs smothered every bump, the Turboglide transmission made play of grades up to 30 percent. Then a plunge to the Pacific at Valparaiso, Chile, a quick turn-around and back again. Time for the round trip: 41 hours 14 minutes — and the engine was never turned off!

*Extra-cost option.

The sure-footed Chevrolet purrs past a road sign that says "danger" — and ahead lies the toughest part of the perilous Andean climb!

Pauline Enloe Marries William Adams Jr. in Church Ceremony

Miss Pauline Enloe became the bride of William E. Adams Jr., at the Pentecostal Church at 4:30 p.m., Sunday March 9.

Double ring vows were exchanged before an arch of tropical greenery flanked by arrangements of blue carnations and candelabra. The Rev. W. E. Rhodes, pastor of the Church of the Nazarene, officiated.

Mrs. Hazel Edwards, soloist, sang "Whither Thou Goest" and "I Love You Truly" accompanied by Miss Sandy Cross who also played the traditional wedding marches.

Mr. and Mrs. L. A. Enloe and Mr. and Mrs. Williams E. Adams Sr. are parents of the couple.

The bride, given in marriage by her father, wore a full length gown of nylon lace over satin, fashioned with an upstanding collar, long sleeves ending in points over the hand and a fully shirred skirt of net and lace over satin. Her veil of nylon net was attached to a crown of white ribbon and apple blossoms. She carried a bouquet of white roses.

The bride's attendants were Misses Pat McGin and Beverly Chaffin. They were attired in street length dresses of blue nylon over linen and wore white accessories. Their flowers were crescent shaped bouquets of white carnations.

Tommy and Jacky Cooper, cousins of the bride, lighted the candles.

Billy Lee served as best man and Monroe Hinson, cousin of the bride-groom, ushered.

A reception followed at the home of the Rev. and Mrs. Walter Hutsell. The bride's table was laid with white over blue and featured a three-tiered wedding cake topped with a miniature bride and groom. Mrs. Louise Johnson, Mrs. Joan Bostick, Mrs. June Rinker and Mrs. Gretta Cooper, aunts of the bride, assisted with hospitalities. Mrs. Baba Cooper registered the guests.

Following a wedding trip to El Paso, Mr. and Mrs. Adams are at home in Slaton where Mr. Adams is employed with Williams Buick Company.

Kathy Milliken Is Two Years Old

Little Miss Kathy Milliken, daughter of Mr. and Mrs. Bob Milliken, celebrated her second birthday Saturday, March 15. Guests to have birthday dinner with her were her three cousins, Dow, Kenneth and Brad Winchester and her aunt, Mrs. J. B. Winchester.

In the afternoon Debbie and Vicki Milliken, her cousins, came and played with them.

Mr. and Mrs. William Adams Jr.

Bride-Elect Is Shower Honoree

A miscellaneous bridal shower honoring Miss Onita Ehlers, bride-elect of Victor Steinhauser, was held in the Educational Building at St. John's Lutheran Church in Wilson Sunday afternoon, March 9.

The serving table was laid with a white linen cloth and centered with an arrangement of pink carnations and pink candles in crystal holders. The gift table was centered with a floral arrangement and Easter bunnies.

Mrs. Werner Klaus gave a brief history of the couple's romance and then the honoree was taken on a treasure hunt which led her to the gifts.

Mrs. Gracie Montgomery registered the fifty-five guests.

Hostesses for the occasion were Mesdames B. L. Ernst, C. L. Brieger, Elmer Gindorf II, H. R. Rinne, Olga Stegemoeller, Klaus, Montgomery and Pearl Bruedigam.

The couple will be married April 5.

Mrs. Reasoner Gives Program

Kappa Kappa Iota met Tuesday evening with Mrs. Earl Reasoner as hostess.

After a short business meeting including discussion for attending the State Convention at Mineral Wells on March 28 and 29, the hostess reviewed a chapter "How to get over that tired feeling" from the book "Why We Act The Way We Do" by Howard Miller.

Refreshments were served to Mesdames M. W. Kerr, Johnny Taylor, Marvin Smith, Harry Hewett, W. C. Gilmore and Martha Brown.

Mrs. W. R. Lovett Attends District Club Meeting

Mr. and Mrs. W. R. Lovett returned home Friday evening from Childress where Mrs. Lovett had attended the 27th annual convention of Seventh District of Texas Federation of Women's Clubs. She represented the Civic and Culture Club of Slaton as a Board Member and as an alternate delegate. She was also delegate from the Lubbock County Federation.

On Thursday evening Mr. and Mrs. Lovett attended a banquet where they heard an address by Dr. Gaston Foote, pastor of First Methodist Church of Fort Worth. His subject was "The Timely and the Timeless." Dr. Foote's father was pastor of First Methodist Church in Slaton at one time.

Judge Sarah T. Hughes of Dallas was among the other outstanding speakers at the convention.

Mrs. A. T. Cocanougher of Lubbock was elected to serve as president of the district for the next two years. She succeeds Mrs. Robert Lindsey of Borger.

Due to the bad weather and dangerous highways, people were warned to stay home but 343 women registered for the meeting.

New Officers Preside at Club Meet

Mrs. B. G. Guinn was hostess to members of the Bluebonnet Club at her home last Wednesday afternoon when 13 members attended.

The club voted to make a contribution to the Red Cross Drive during the business meeting presided over by Mrs. Ford Stansell, newly elected president.

Mrs. C. E. Upham was present as a new member.

At the next meeting on March 26, Mrs. Stansell will be hostess.

Winners Named In 4-H Contests

Winners were named in dairy food and vegetable preparation contests for Slaton 4-H girls after competition at the West Ward school cafeteria Monday afternoon.

Winners in the vegetable team contest were 10-year-old division, Janis Henry and Marilyn Edwards, first; Darlene Gill and Linda Longtin, second; Yolane Hodge and Nancy McSween, third.

Eleven-year-old division, Robin Davis and Carol Daniels, first; Margaret Tillery and Kay Clark, second; 12-year-old division, Margaret Meeks and Janet Gunnels; 13-year-old division Carolyn Newcomb and Sue Armstrong.

Karen Lou Baggett was winner of the individual dairy foods demonstration. Judy and Donna Strickland were named winners in the dairy foods team demonstration.

Judges were Mrs. Robert Davis, Mrs. Alton Meeks and Miss Joyce Hazelton, Lubbock County Assistant Home Demonstration agent.

Mr. and Mrs. Robert E. Ayers and children, Ray Madison and Ann, met Mrs. Ayers' mother, Mrs. M. M. Gabriel, of Corpus Christi in Junction Sunday and brought her home with them for a visit.

Mary Marthas Hear Recording

Mrs. Truett Bownds and Mrs. Travis Mann were joint hostesses to the Mary Martha Sunday School class of First Baptist Church last Tuesday evening in the home of Mrs. Bownds.

Following a prayer by Mrs. George Harlan, roll call was answered with a favorite hymn. Mrs. Bownds led the devotion which was followed by a recording on the book of Job. A discussion was held on the recording. A continuation of the recording will be held at next month's meeting.

Those present were Mesdames J. J. Maxey, Roy Hodges, K. E. Warshaw, A. L. Romines, Lynn Perdue, Wyatt Swint, Wayne Liles, Bownds, Mann, Harlan and Miss Charlotte Ryno.

Fred Walters House Parents At Church Home

Mr. and Mrs. Fred Walters, residents of Slaton for more than 30 years, are now living at the South Texas Children's Home near Beeville, Texas, where they are house parents for one of the cottages.

Their cottage, the home's newest, is known as Love Cottage and was opened February 1. It accommodates 12 youngsters, both boys and girls. This new cottage brings to 84 the number of children that can be cared for at the home.

The main source of income for operation and expansion of this Children's Home comes from Baptist church budgets and individual donations.

The Walters say they enjoy their work and that they love the children dearly. They have in their cottage children up to teenagers.

Guests in the home of Mr. and Mrs. George Gamble recently were Mrs. Gamble's parents, Mr. and Mrs. Fred Walters of Beeville and her two brothers, Ray Walter, Mrs. Walters and son from Midland and Dwayne Walters and family from Slaton, and her sister, Mrs. Lee Lester, Mr. Lester and sons from Leveland.

Amendments Make Social Security Available To Clergymen

Public Law 239 has given clergymen another chance to come under social security, according to John G. Hutton, manager of the Lubbock district office of the Social Security Administration.

Hutton stated that under the Social Security Amendments of 1954 clergymen could come

under social security as self-employed persons by filing a waiver certificate with the Internal Revenue Service. This certificate was due on or before the income tax return due date for their second taxable year after 1954.

This group includes Christian Science Practitioners and members of religious orders who have not taken the vows of poverty and were performing duties required by the order. For most clergymen, the 1954 Social Security Amendments created an April 1957 deadline for filing the necessary tax waiver.

According to Hutton, many ministers failed to elect coverage in time—probably due to a lack of knowledge or a misunderstanding of the law. By amending the law again in 1956, Congress extended the

Southland Man Undergoes Surgery in Lubbock

District Superintendent Marvin L. Boyd of Lubbock preached at the Methodist Church Sunday night and held the fourth quarterly conference. Mrs. Boyd accompanied her husband to Southland.

WMU of the Baptist Church met last Tuesday afternoon in the home of Mrs. Ed Mosley and started their Bible study. Mrs. Kenneth Davies was study chairman. Eight members were present.

Rev. S. M. Bean continued the study from the book of St. Mark at the meeting of the

deadline for filing the necessary tax waiver. For most clergymen this new date is April 15, 1959.

Hutton stated further that the value of meals and lodging furnished to a clergyman is counted in figuring his gross income for social security purposes. Hutton advises ministers desiring more information to get in touch with the nearest social security district office or Internal Revenue Service office.

WCS last Monday. Rev. and Mrs. S. M. Bean and Mrs. William Lester, sponsor of the MYF of the Methodist Church, and six members of the group attended a sub district meeting at Cooper Methodist Church Monday evening.

Mr. and Mrs. J. O. Reed Jr. and children went to Pampa last week end to visit Mrs. Reed's sisters, Mrs. W. K. Cooper and Mrs. Joe Slater, and their families.

Miss Mattie Dabbs who makes her home with a sister, Mrs. H. D. Hallman Sr., and Mr. Hallman, has been ill all winter. She celebrated her 52nd birthday Thursday, March 13. She was presented with a "money tree," a miniature tree with money hanging from the branches, by her friends. She wishes to say thank you to all her friends who remembered her.

Mr. and Mrs. J. B. Rackler went to Lubbock last Tuesday to be with his cousin, Troy Rackler, who underwent surgery. They report him to have been improving when they visited him Sunday. They were accompanied by Mrs. J. F. Rackler.

Mr. and Mrs. J. B. Rackler and children and Mr. Rackler's mother, Mrs. J. F. Rackler, attended church at Zuni Park Baptist Church in Lubbock Sunday and were dinner guests of Jess Rackler.

Ma. and Mrs. Bobby Haliburton and three children of Grants, N. M., were week end guests in the home of his brother, Jack Haliburton, and family.

Sunday guests in their home were Mr. and Mrs. H. A. Chilcutt of Lubbock and Mr. and Mrs. Paul Winterwood and children.

Mr. and Mrs. Gene Anderson and three daughters of Brownfield visited with Mr. Anderson's parents, Mr. and Mrs. L. K. Anderson, last Thursday. On Sunday the Andersons' daughter, Mrs. Don Kelley, and Mr. Kelly from Lubbock and Mr. and Mrs. Jack Hargrove and Joe visited with them.

Mr. and Mrs. C. A. Moecker Marilyn and Pamela of Lubbock visited with Mrs. Moecker's parents, Mr. and Mrs. Earl Morris Sunday.

Mrs. Eldora Potter of Slaton has moved here and is making her home with Mr. and Mrs. Roy Williams.

Mrs. Mary Edward's of Lubbock spent two days in the home of Mr. and Mrs. Sam Martin last week.

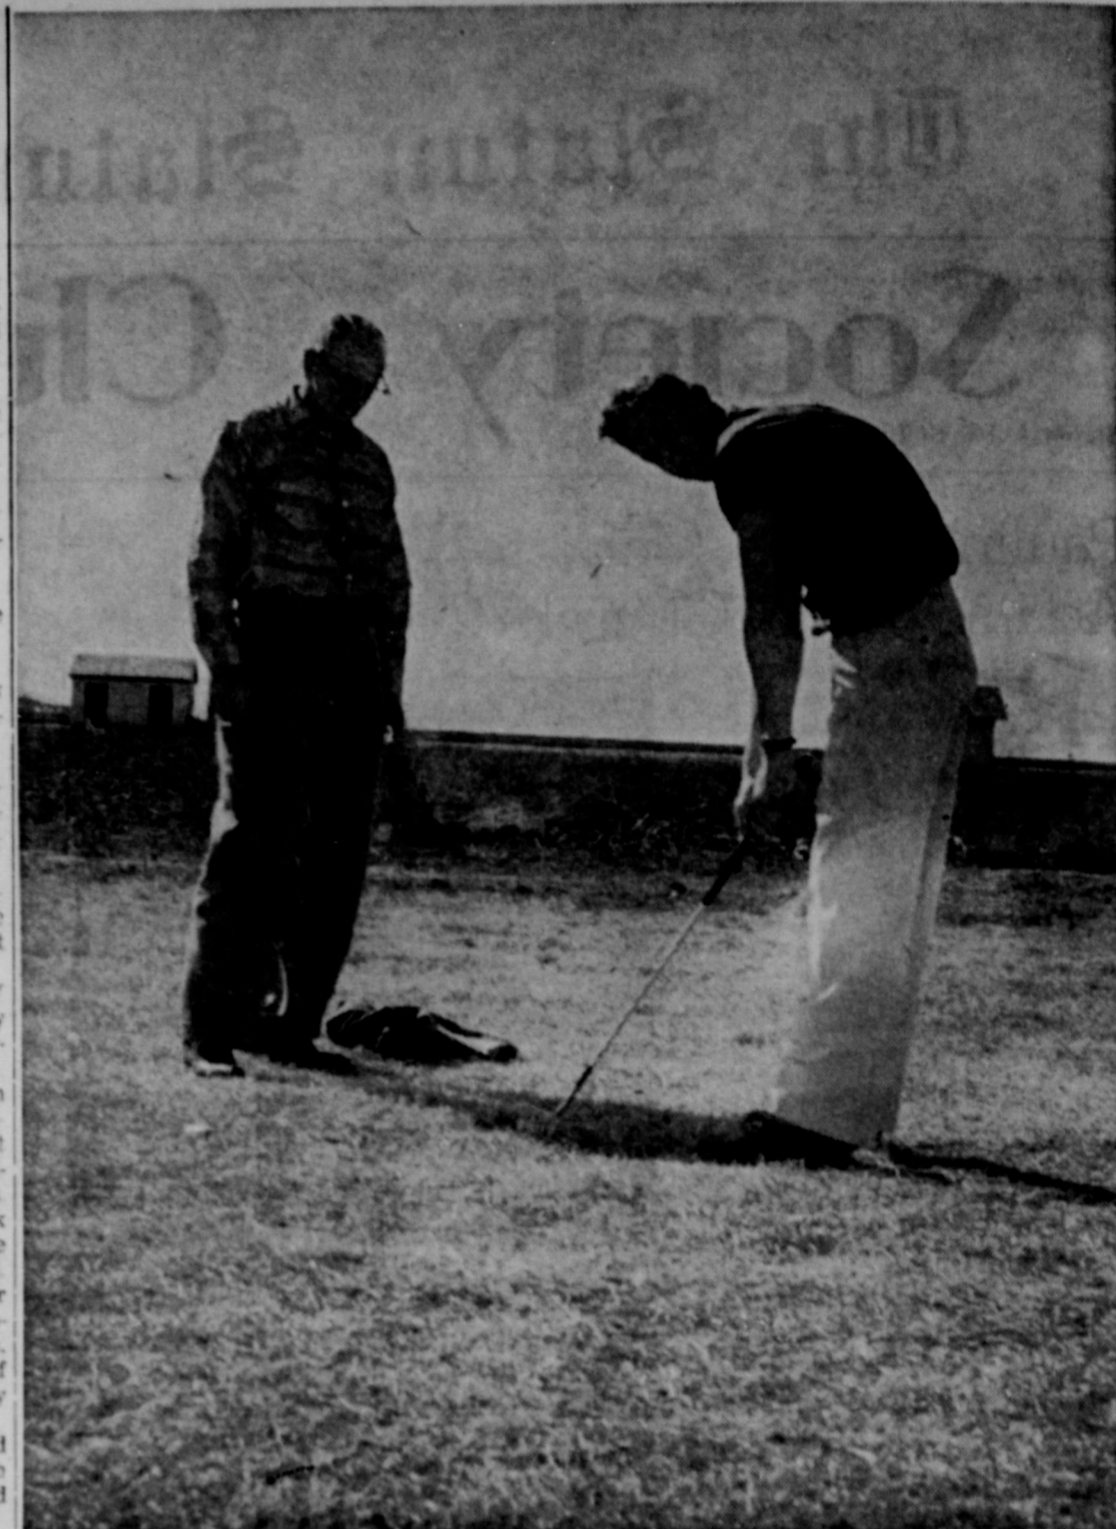

Mr. and Mrs. Pete Adams of Lockney spent last Thursday with Mr. and Mrs. Jack Hargrove.

Mr. and Mrs. H. D. Hallman Jr. brought their new daughter, Tanya Marie, out from Fort Worth for a visit with Mr. Hallman's parents, Mr. and Mrs. H. D. Hallman Sr., last week end. Others visiting in the home were their three sons, Winn, Wayne and Derward and their families and Mrs. Jack Thompson from Lubbock; Mr. and Mrs. J. B. Bybee and children of Slaton and Mr. and Mrs. Harley Martin and children.

Mr. and Mrs. Billy Lester and sons spent the week end with Mr. and Mrs. Othel Carley and children from Brownfield.

Mr. and Mrs. Will Williams of Post visited with his brother and family, Roy, and Mrs. Williams and Billy.

Rev. and Mrs. S. M. Bean and Hazel went to Abilene last Thursday to attend the Willson-Benson lectures at McMurry College. They visited with their daughter, Harriet, who is a student at McMurry.

IT'S SPRING?—James Vardy, right, and Carl Lewis, left, must have thought it was spring last Sunday afternoon when Lewis was giving James a few pointers on how to improve his golf game. They were enjoying the sunshine at the putting green at Slaton High School. But by Tuesday the scene had changed again. On the Tuesday before the scene was quite different—and it changed again early this week.

ENTERING A NEW HALF CENTURY
JEFFERSON STANDARD
REPORTS TO POLICYHOLDERS

This 51st Annual Report reflects another successful year of operations for Jefferson Standard.

Life insurance sales for 1957 were \$229,822,210, an increase over 1956 of nearly \$6,000,000. Total insurance in force as of December 31 amounted to \$1,708,566,863, an increase of 7.8% for the year.

At the end of the year, Company assets amounted to \$496,805,341, an increase of \$33,870,398 during 1957.

Payments to policyholders and beneficiaries in 1957 amounted to \$23,292,416, 63% of which went to living policyholders. During the half century of Company service just closed, the basic purpose of life insurance has been served by the payment of more than \$321,921,296 to our policyholders and beneficiaries.

Jefferson Standard, now guaranteeing 2½% on policies currently issued, has never paid less than 4% interest on dividend accumulations and on policy proceeds left with the Company to provide income. 4% is the highest rate paid by any major life insurance company in the United States. This means extra income to policyholders and beneficiaries.

FROM WARM SPRINGS
FACT & FANCY
by W. H. Richter

I guess one should pass over such things lightly, but I couldn't help being somewhat interested in a small news item I encountered recently about the prominent psychiatrist who stabbed his wife with an ice pick and then shot himself to death.

There are several aspects of this psychiatrist's homicidal jag that interest me, however. One is why he changed weapons for the two jobs. I can see that if he stabbed his wife in a fit of anger and used the pick because it happened to be handy, he might, on thinking it over, logically reject it as a suitable instrument for killing himself. Only a man with ice water in his veins would have been able to use the pick.

On the other hand, there is a strong possibility that the attack on his wife was premeditated and that he deliberated long and hard over which weapon to use before finally taking his pick. Then again, being a psychiatrist, it is not unlikely that he used this weapon to drive home the point that his wife was a cold, cold woman.

Of course, the most interesting aspect of the story is that a guy who is in the business of keeping some of us neurotic-types our rockers should blow his own emotional fuse. It's sort of on the same order as the child psychologist whose kid is a brat, the marriage counselor whose wife is a shrew, or the temperance worker who drops off the wagon on occasion.

Somehow it makes us ordinary-type people who don't claim to be any great shakes but who don't get in any real trouble feel a little better. I'll admit that's sort of a negative attitude, but in this day and time, what can you expect?

Recently one of the directors of the Gonzales Warm Springs Rehabilitation Foundation received the following letter from a man who had brought his daughter to the center for an evaluation. I reproduce it here because it is a pretty nice commentary on the "team" we have at the Foundation:

"Though I've lost considerable time taking our daughter to Gonzales Warm Springs today, I cannot start back to work without taking time to express my thanks as well as to indicate the real relief of mind we received from the consultation. This experience has left my wife and me with warm thanks in our hearts for all of you; Mr. Davis (registrar) for handling our

NO, IT'S STILL WINTER—Heavy snows Sunday the snows had gone, and spring was really in the air. The welcome—or unwelcome snows, as the case might have been, brought much-needed moisture to the farmlands in the area, even if it did keep people at home for a few days.

correspondence so ably and promptly; Miss Spinks (secretary) for the warm reception and friendly courtesy extended regardless of many other duties; Dr. Murray (orthopedic consultant) and your Dr. Von (medical director) for their careful handling and thorough examination they gave our child while instilling confidence in her mind at the same time. Dr. Van has an amazing adeptness in child and parent psychology—that alone justifies his heading that hospital. Our thanks too to Mr. Witt and his assistant in the brace shop, and to Mr. Putnam, administrator—we are on his side too. Should he call on me I would consider it a pleasure to be of service to him."

BIRTH OF A TORNADO occurs when a cold and a warm air mass
collide, and the heavier cold air is deflected above the lighter warm
air. In this topsy-turvy situation, a tongue of cold air dips into the
warm air, which in turn moves upward to fill the void thus created.
As the warm air rushes upward in a spiral motion, other warm air
is sucked upward from lower levels, until the ground is reached.
The funnel is made visible by condensing moist air, dirt and debris.
As the twister leaves its trail, Red Cross, civil defense and other
public services rush in to care for victims, while the Federal Civil
Defense Administration stands ready with financial aid to assist in
temporary repair of devastated public facilities in a major disaster.

ERRATIC TRAIL, left by the twister which hit Flint, Mich., on
May 12, 1956 is typical of tornadoes as the funnel weaves and
bobs over the landscape, generally in a southwest to northeast
direction. Civil defense rescue squads, trained to dig persons out
of bombed-out buildings in wartime, find their training equally
useful in this type of disaster. (Flint Journal Photo by Russ Scott)

Texas Taxes Climb More, Stay Lower than Other States' Taxes

Mrs. Raymond Hoursour and son, Henry, and wife and baby of Lubbock were guests of Mr. and Mrs. C. Whittington Saturday and attended the formal opening of the Whittington Grocery and Market on 9th street.

Alexander Hamilton is considered the father of the U.S. system of taxation.

State-local taxes are increasing faster in Texas than nationally, but collections per capita are lower than in 36 states and about 18 per cent under the national average. Texas' per capita tax bill climbed 23.4 per cent from 1953 to 1956; the national average increase was 19.4 per cent.

This is shown in the second research staff report to the State Tax Study Commission. The report compares Texas' taxes with those of four bordering states and five more populous states and shows how Texas ranks tax-wise among the 48 states.

Texas is one of the 12 states levying no personal or coporation income tax.

Forty-two states have a heavier sales tax burden. Texans paid \$25.50 per capita in sales taxes

on gasoline, diesel fuel, cigarettes, beer, liquor, motor vehicles, radios, television sets, and cosmetics.

Texas is, with Louisiana, unique for its reliance on severance taxes on natural resources, principally oil and natural gas. The average state gets only 1.4 per cent of its tax revenue from severance taxes while Texas and Louisiana obtain over 17 per cent of their state-local tax revenue from them.

Texas' taxes are compared with those of Louisiana, Oklahoma, New Mexico, and Arkansas. Texas property taxes, \$47.40 per capita, are substantially higher than in Louisiana, \$29.40; Oklahoma, \$38; New Mexico, \$25; Arkansas, \$19.50.

The Texas sales tax bill of \$25.50 is much lower than in

Louisiana, \$62.20; Oklahoma, \$54.50; New Mexico, \$66.70; Arkansas, \$39.60.

Property taxes per capita for Texas and more populous states show Texas, \$47.40; New York, \$84; California, \$83; Illinois, \$54.10; Pennsylvania, \$44.40.

Sales taxes per capita are Texas, \$25.50; New York, \$47.50; California, \$65.70; Pennsylvania, \$24.80; Illinois, \$48.60; Ohio, \$44.90. These figures are for 1953 and do not include revenue from the Pennsylvania general sales tax enacted in 1956.

Invertebrate refers to animals which do not have a backbone.

Most of the world's iodine supply comes from caliche in Chile.

Mr. and Mrs. W. W. Stanley attended the Recognition Rites at Texas Tech Sunday when their son, Dal, a freshman, was named as a member of Phi Eta Sigma, a freshman honor fraternity. Dal had a 2.7 grade point average. A 2.5 grade point is the minimum for membership in the fraternity. Donnie Marsh, also a Tech freshman and Slaton High School graduate, was recognized. He is the son of Mr. and Mrs. H. L. Marsh.

Card of Thanks

We wish to thank each and everyone for the great services and kindness rendered in many ways during the illness and passing of our beloved husband and father.

We wish to especially thank the ones who sent flowers and food, the neighbors and the women of Westview Baptist Church and the Church of Christ for their ministry to us.

May God's richest blessings be with each of you.
Mrs. Levi Miller and children.

SMOOPROOF—Albert Nunn, a postman in London, England, wears a new lightweight "smog" mask. Made of transparent plastic, the mask protrudes in front of the face, and is expected to keep out the offensive smog. London postmen are wearing the contraptions as part of an experiment.

"YOU TAKE THE HIGH ROAD . . ."—This divided way, in Rome, Italy, involves a unique form of division, ground under the Viale Angelico suddenly caved in, splitting the road in two, and dropping one section several feet below the level of the other. Heavy rainfall was blamed for the landslide.

Arizona Cypress Trees Approved By SCS Board of Supervisors Friday

Twelve applications for a total of 1,455 Arizona Cypress trees were approved Friday by the board of supervisors of the Lubbock County Soil Conservation District.

The applications were part of the district's tree windbreak assistance program.

Applications were received from J. W. Goodpasture, Mrs. Clifford D. Young, Grady C. Brooke, William T. Bell, Donald Adrian, Byron Heald, Tom Breedlove, Lewter Feed Lots, W. B. Harrist, J. Arthur Smith, H. R. Reynolds, and O. K. Harden.

Seven agreements were approved, covering 1,272 acres of land on which soil conservation practices will be applied. District cooperators who own the

land include J. K. McWhorter, A. A. Russell, Frank French, M. T. Key, James Williams, C. D. Pate, and W. E. Medlock.

Plans for Soil Stewardship Week, to be observed nationally May 11-18 this year, were discussed by the board, according to Joe S. Walker Sr. chairman.

Other board members attending the meeting, in addition to Walker, were Frank Gray, E. O. Ramsey, and Cecil Brasher. Mrs. Alton Strickland, business manager, and Bill Reece, work unit conservationist with the SCS were also present.

Anise seeds, taken from a plant native to the Mediterranean area, are used extensively for seasoning and medicines.

Over night guests in the of Mr. and Mrs. R. C. Sanner's brother, W. S. Mrs. Sanner. They were with their daughter.

Annuals are plants which minate, grow, reproduce die within a single season.
