Do you care enough to share? Slaton Jaycees

It is always nice to see a man start out in business for himself. There is an ad in this week's Slatonite announcing the change of management for Spencer's Garage. It is to be known in the future as Brake & Milliken Garage, and the owners are Robert Brake and Douglas Milliken. Douglas has been employed at the Chevrolet Co., and Robert has been working for the Cole Motor Co., in Lubbock. Both of these guys are well known here. They open their doors for business on Monday, October 27. Right now I'm wishing them the very best of luck!

It is seldom if ever, tho, in my opinion, that luck plays much part in the success of any business endeavor. It is hard work, and especially taking good care of one's customers. Time was when the customers were so thick and so eager to buy, that a firm could be haughty; could employ inefficient clerks, and could even laugh about it if they made an enemy instead of a customer. Not so, these days. If a customer dislikes trading with one firm, he can go down the street to do his buying. And he will. So, Robert and Douglas, and anyone else that is ambitious to succeed, take care of your customers and they will take care of you. And this advice is absolutely free, too.

The question that I have been asked most often this week is: "How do you like your new bosses?" And again I answer: I like them fine. I like what I've seen of their wives and children, too. I think they are going to fit in nicely with Slaton and I think they will make every effort to please their customers; for the newspaper is no different than any other business, it needs and must have, satisfied customers to exist.

The Perrys leave today, (Wednesday) for a trip to Tennessee. They will be gone two weeks and then they will get down to the business of locating what they want in the way of another newspaper.

Things have gone off much smoother around here than I would have thought possible with a change in ownership and Mr. Perry no longer helping in the backshop. We're clicking away, and will be out on time. (I hope) You will note no startling changes in the paper; be sure, tho, to read Joel's editorials. I hope to see that become our strongest page. I hope that sixteen pages becomes a small paper for us. You can see that I am chuck full of hopes for Slaton and for the paper. That is as it should be; any clerk should be full of hope for the business that supplies the paycheck.

Mrs. J. B. Kitten won the writing well drawing at Walton's last week. Unfortunately, she had no layaway and so missed the bonus. Wonder who will be lucky next week?

I overheard this remark at the drug store the other day. Some sagebrush philosopher, no doubt, but with some truth in it perhaps. Said he: "Trouble with Slaton is we have too many Chiefs—not enough Indians!"

How about some of you people getting acquainted with our editor by writing him a letter? Tell him what you like about the paper; what you just hate about the paper or anything else that will give us an idea that might make the paper more to your liking.

And one thing more. I would like to thank Mr. J. A. Warren for asking that his ad this week carry a message of goodwill to be Perry's, and a welcome for newcomers. I am sure both families were encouraged by his expression.

EYE CONTRIBUTIONS

Tommy LeMasters, left, and John Schmidt, Slaton Jaycees, look over early contributions to the Jaycee-sponsored clothing drive started this week. The organization is asking for contributions of clothes to be given to Slaton's needy. Of particular need are children's clothes.

Jaycees' Clothing Drive Underway; 'Teenager Of Month' Plans Made

The Slaton Jaycees reported this week that their "Share Your Clothing" drive which is underway has been getting good results to far but more donations are needed.

The Jaycees and their wives, the Jaycee-ettes, are trying to collect clothing to distribute to needy school-age children, those who do not have enough clothes to wear and to keep them warm this fall and winter.

Gifts of cash donations and clothing have been coming in to Slaton Hardware, where John Schmidt, who is heading the drive, said the clothing is appreciated, regardless of condition and so is the money, even old money.

Donations of clothing, or money with which to purchase the clothing, may be made at Slaton Hardware, or will be picked up if contributors will call VA 8-4523.

In other Jaycee activities, plans were made at the Tuesday meeting for the club's part in the Homecoming Celebration here next week. Pete Williams is in charge of this Jaycee project.

The club discussed another important project at their Tuesday night meeting, according to Otis Rogers, who is heading up a committee to name a Slaton Teenager of the Month.

The Teenager of the Month project will get underway as soon as preliminary phases can be worked out. The winner of the award will be judged on both scholastic and religious activities. Also, a Teenager of the Year will be chosen each year from among the monthly winners.

The Jaycees promised to announce more details on this project as soon as they can "get underway" with preparations.

Slaton Lions To Meet On Monday

The Slaton Lions Club will meet Monday, Oct. 27, at 7:30 p. m. in the basement of the First Christian Church, according to Charles Marriott, president.

Marriott invited all interested persons to come out to the meeting, where coffee and doughnuts will be served and a magician program is planned.

In the Outstanding Young Farmer award contest to be conducted by the club, it was decided that the person submitting the winning farmer's name will be given a cash award of \$10. To submit a prospective winner's name, individuals may secure a blank from a Jaycee member.

A debate on the proposed state constitutional amendment (No. 1) which would provide annual sessions and adequate annual salaries for state legislators was conducted at the Tuesday night meeting. In a not too surprising verdict, the affirmative was declared winner.

In connection with this amendment, which Texas Jaycees are supporting, Ted Swanner attended a regional forum at Lemesa Sunday and reported on this trip to the club. The Jaycees have announced that they will provide speakers on the amendment for any club or organization in Slaton or surrounding area any time between now and Nov. 4, the date of the General Election.

Lowell Merrell, managing editor of "Abundant Life" magazine, Tulsa, Okla., was in Slaton over the week end visiting parents, Mr. and Mrs. Bob Merrell, and looking after personal business.

Caprock Amateur Radio Club Is Organized

An amateur radio club has been organized among "hams" in the Slaton area.

The organization has members from Slaton, O'Donnell, Southland and Tahoka.

The operators present at the first meeting recently named the club the Caprock Amateur Radio Club.

Club meetings are held at Bud Edler's residence (W5IEB) in Tahoka. The members of the club are Edler, Ronald Roberts (K5BUO), F. E. "Red" Redwine (K5JYC), Donnie Redwine (K5IRB), Ed Redwine (K5ERJ), and Bennie and Sue Thorpe (K5OXD) of Tahoka; "Tex" Trulock (K5LIB) and Carl Wartes (K5KXY), of Southland; Hall Singleton III (K5LWF), and Joe Burkett (K5LWJ), O'Donnell; and Carl Magouirk (K5OGI), and James Kitten (K5JTS), of Slaton.

A contest is going on at the present time to keep interest in the club. Code classes are also underway to help those who want to become amateur radio operators. All persons interested in the organization should contact Carl Magouirk for more information.

Chamber Of Commerce Working On Christmas Plans; Slaton Banquet

A proposed Christmas promotion and program for Slaton merchants was discussed at Monday night's meeting of the Slaton and program by Slaton. The plans, which will be worked out by a committee headed by Clark Self Jr., include erection of Christmas lighting on the streets, the possibility of an early visit by Santa Claus and other features which would add to the festivities of the season. An announcement on details of this project will be made as soon as they are worked out.

In other action, the chamber discussed the possibility of erecting a sign promoting Slaton between here and Lubbock. There was no action taken on this project. The directors voted to have the annual banquet some time in late January or early February. Lee Vardy was appointed to select a speaker and name a date. The directors also voted to renew the contract of the swimming pool manager, Truitt Fulcher.

The only significant action taken by the group included a discussion of Slaton's relations with the Good Neighbor Commission of Texas and the voting of an increase in salary to Mrs. Julia C. Bisbee, chamber secretary, to approximately \$260 per month from a figure of approximately \$210 per month. Directors of the Slaton Chamber of Commerce are Don Crow, president; Bill Ball, vice presi-

dent; Ted Swanner, treasurer; Truitt Babb, Sherrill Boyd, Clark Self Jr., Ray Belt, M. G. Davis, Dr. Don Hatchett, John Schmidt, Robert Hall Davis, Dr. John Locke, Joe Tegaue III, Lee Vardy Jr., and Rush Wheeler.

Slaton Tigers Journey To Spur For Second Conference 3-AA Game

Slaton's fighting Tigers travel to Spur Friday night for their second conference football game of the season.

The Tigers lost no prestige in last Friday's 8-0 loss to Floydada. The Whirlwinds from Floydada brought an unbeaten, polished team to Slaton for the game and the Tigers made them put out to the limit before bowing by one touchdown.

The local gridsters will be meeting another good team and another district opponent, this week according to Coach Leonard Ehler. "Spur is very good. Not too large, just about average size, but they have played good football all year. I think they have won three games and tied one or two. "One thing working against us is that it will be Spur's homecoming game and they are sure to be up for the game."

"All their backs returned this year but they have a relatively inexperienced line. As to our own condition, we have a few minor bruises but we will be ready by Friday night."

Coach Ehler's starting lineup will have Allen and Wilson at ends, Bishop and Gordon at tackles, Banks and Hurst at guards, Hogue at center, Ward

at quarterback, Smith and Adamek at halfbacks and Limmer at fullback.

There will be 25 boys on the traveling squad this week. Last week, Spur's Bulldogs rolled to an easy 40-0 District 3-AA win over Tahoka in the conference opener for both teams.

Standouts for the Spur team were quarterback Freddie Walker, fullback Joe Copeland, halfback Jimmy Paronto, end Woody McArthur, halfback Kenneth Sult, halfback Kent Morgan, and tackle Kenneth Gilcrease.

Slaton Seniors To Sell Mums For Homecoming Tilt

The senior class of Slaton High School is sponsoring a mum sale in connection with the homecoming game to be played here Oct. 31.

Those interested in purchasing mums for the game can do so by calling Jennie Lee Christman at VA 8-3863; Dixie Clark, VA8-4602; Suzanne Neill, VA 8-3820, Mike Davis, VA 8-3995; or Richard Edwards, VA 8-4467. Orders must be placed by Wednesday, Oct. 29, at noon.

Mrs. George Marriott, who has been visiting in Houston and Nederland for several weeks, has reported the death of her brother, J. W. Hise, Tuesday morning. His home was in Nederland.

Rotarians Hear Tech Grid Coach

Slaton Rotarians heard E. J. Holub, freshman football coach at Texas Tech, discuss the Tech football schedule and freshman team at their meeting last Thursday.

Holub commented, "The freshman team is the best Tech has ever had. Some 50 freshmen are out this year."

Also, Charles Barron gave a short talk on the "Rotary Information." He and President Melvin Kunkel attended a Rotary conference in Lubbock Thursday. Barron reported on this meeting.

Holub was introduced by J. J. Maxey.

Southland Sets Homecoming On October 31

Homecoming at Southland has been scheduled for Friday, Oct. 31.

Highlight of the festivities will be the Southland vs. Union football game at 7:30 p. m. Other plans include the registration at 5:30 p. m. and a barbecue at 6 p. m.

Tickets to the barbecue will sell for \$1.50 each. Reservations for the meal should be made with Ruby Ellis of Southland no later than Oct. 25.

A CAPELLA CHORUS TO SING

The A Capella Chorus of Lubbock Christian College, under the direction of B. Wayne Hinds, will present a musical program at the Slaton Church of Christ building Wednesday, Oct. 29, at 8 p. m. Included in the chorus are two Slaton young people, Patsy Nell Jones, daughter of Mrs. Lee Jones, and Jimmy Sikes, son of Mr. and Mrs. W. A. Sikes, Sr.

Hugo Mosser

Local Man Seeks Treasurer Post

Hugo Mosser, Slaton businessman, has opened his campaign for the Lubbock County Treasurer's post. Mosser is campaigning on the Republican ticket.

Mosser, member of a long-time Slaton area family, is an overseas veteran, a church member, home owner, past director of the local Junior Chamber of Commerce, Past Grand Knight, K. C. and V.F.W. Commander. He is married and the father of five children.

Slaton Girl In Scottish Rite Mason's Hospital

Karen Hagens, 23-month-old daughter of Mr. and Mrs. Loyd Hagens of Slaton, was admitted on Friday, Oct. 17, to the Scottish Rite Hospital for Crippled Children in Dallas.

Texas Scottish Rite Masons founded the hospital thirty-four years ago in an effort to provide a chance at a normal life for the handicapped child. The hospital, which has accepted more than 100,000 children for treatment since 1925, is supported by public contributions and bequests.

THANK YOU, THANK YOU

This past week has embodied some of the most pleasant experiences we have ever enjoyed.

Are the residents of any town, any place, any friendlier than the people of Slaton?

So many have called on us, telephoned us and welcomed us to town in so many ways that it has, at times, been a little overwhelming. We were told of your hospitality before we came, but you were vastly undersold.

We're crossing our fingers, hoping this week's paper doesn't fall below your expectations. If it does, remember that it takes a short amount of time to adjust to a new situation and publishing a paper is no exception. Give us time and we promise you the paper you want.

But, back to the original subject of this writing. We have never been welcomed more enthusiastically than in Slaton. Please, please accept our heartfelt thanks.

The task now? To settle down and work together, you and I, to make Slaton one of Texas' proudest possessions. That shouldn't be too difficult with the raw material we have in hand... real "Texas style" hospitality, a prosperous economy and an imaginative and progressive citizenry... unbeatable.

Next week, we will outline our policies for you. These policies, we sincerely believe, will help to make up our contribution to that subject we often discuss... progress. Check them, see if, in your opinion, they are consistent, if they are made up of positive, constructive ideas you can accept. We will be glad to discuss them with you at any time.

PAPA AT THE P.T.A.

An American vinette frequently trotted out for laughs is the spectacle of the reluctant husband dragged off to P.T.A. meetings by his more conscientious wife. The strong implication is that Papa would rather watch the fights and will be bored numb by talk of an enriched curriculum and the new cafeteria setup. Conversely, Mama is depicted as the mainstay of parental concern about Junior's education.

There is some truth in the picture—quite a bit of truth, in many cases. Yet the fact is that, doubtless as a result of all the post-Sputnik talk about the nation's educational needs, many a Parent-Teacher group is enjoying an infusion of new fatherly blood. Just last week we heard two Slaton fathers in a friendly argument over which of them had attended the most P-T-A meetings this year. The practical results of this will be hard to assess. But there can be no doubt that as more and more fathers show an active interest in the quality of education, that quality will tend to improve.

The reluctance of many fathers to play more than a passive role in P.T.A. work may spring less from indifference than from a vague feeling that participating in such affairs is sissy. The fact that most teachers in public schools are women may be a factor in this attitude. The truth is that few things are more manly than a dedicated effort to improve the life—tools and life-weapons which education seeks to give each new generation.

A word to Papa, therefore: Don't drag your heels on P.T.A. night. Parental concern is a notable stimulant for improved education. And fathers as well as mothers, be it noted, qualify as parents. Besides, there'll be fights on TV again next week.

Love continues to be a girl's best bet for a happy marriage. While its value has held firm or increased with the years, look what happened to money.

Now that mailmen have gotten a pay raise, could they please manage to deliver more letters from friends and fewer reminders of overdue bills?

"Why God Choses Only A Few"
"Many are called, but few are chosen." —Matthew 22:14.

As we read this verse, we are bewildered with questions. Jesus tells us that all those who believe in Him and are baptized shall be saved. But here we see where God only choses a few. Why do we have so much difference? The trouble comes if we isolate this verse from its setting, in verses before this we find Jesus' great parable of the Wedding Feast and the ungrateful guests. In this parable, we find several reasons why people are not "chosen." The first four verses point out that many are not willing to come to the great wedding feast.

Now the King (God) has invited the guests (all mankind) to the wedding (heaven) where his son (Jesus) will appear in all His glory. So his servants (God's disciples) go out and invite people to share in this great event. But these people refuse to come. Probably many offer such excuses as "I'll come later when I get a little older," or "I'm too busy now." So the invitation was taken away from them. He sent out his servants again and they were killed. So the King killed these

ungrateful people. Then the King sent out his servants to the beggars, the wicked, and all others that could be found. As the King went around visiting with the guests that came He found one who did not wear the wedding garment that was supplied at the door. So he was cast out.

We can see parallels in our time by looking at the many opportunities God's Word offers to us through which He invites us to come to heaven with Him. Many of us simply ignore it. Others give the excuse of "I'll come when I get older." This may be the last time you'll have a chance — you'd better take it. Others may say "I'm too busy"—not too busy I hope to save your soul. Over in Russia and other countries we find God's servants being killed or today, we may find hypocrites who have not accepted the wedding garment needed in heaven, that is—faith in Jesus Christ and righteousness. All of these people, even though they are accepted as believers in Jesus, can not be chosen to go to heaven because they have not truly accepted God's invitation. But all these were called by God yet only those who accepted have been chosen. This is what Jesus means by "Many have been called, but few are chosen." Those who have accepted God's invitation, come to God's own feast provided by the Gospel preached, allowed God to qualify them by the acceptance of true faith in Jesus Christ and His death and have remained faithful to the end. Amen.

Prayer:
Eternal God, we know that Thou art the King that is inviting us to go to the eternal wedding Feast. Help us not to be one who rejects Thy invitation, but one who accepts in true sincerity.

Amen.

Learn The Barber Profession

Lubbock Barber College is the cheapest way to a good profession since the full six month course costs only \$250.00. Upon completion of the state approved course, anyone over sixteen and one-half years of age is eligible to take the examination for a state license. Since the student is in school only seven hours per day, some work after school hours will pay the expenses.

For details of how to train for a good paying trade where there are lots of jobs open for all graduates, contact the Lubbock Barber College, 2844 34th Street, Lubbock, Texas, Telephone No. SH4-8837.

Who Can Be a Christian?
One of a series of reports about the Christian Churches (Disciples of Christ), the largest religious body to originate in America.

DO YOU wonder if it requires memorizing long credos or training for an extended period?

The Christian Churches believe that becoming a Christian is simple—though it is not always easy. It means taking one important step that will give an entire new outlook to your life.

The step is first recognizing that Jesus is your personal Saviour—that His life here and His death on the cross were the sacrifice that can open the door to friendship with God and to eternal life—if you will only accept it. You can do this with an affirmative dedication of life to the proposition that "Jesus is the Christ, the Son of the Living God."

The step toward a new path will put fresh purpose and joy into your life. You will want to be baptized as Jesus was. You will discover new interest in reading the Bible and warmer fellowship in the church. Quiet prayer will bring you closer to God and help for your life.

The door of every Christian Church is open to you.

TIME OUT FOR A LAUGH is good medicine for these first-graders. Mrs. G. P. Daffern, teacher of the class, joins her students in work and play. And mostly it is work since she has a crowded room with 35 first year students. Twenty-five students are considered ideal.

With 10 years of teaching experience, Mrs. Daffern guides her pupils with patience and understanding, striving to make that all-important first year a successful one.

What it takes

for Good Heating!

INSULATION

No matter how your home is heated, good insulation will save you money—give greater heating comfort—provide more efficient summertime cooling. Ceilings should have 6 inches of non-settling insulation. Walls should have 3 1/2 inches—floors, 2 inches. A concrete floor should have 2 inches of insulation between it and the foundation. Windows are great to see through but they're guilty of tremendous heat loss and so they should be small or doubled-glassed—always weather-stripped. Ducts in a forced-air heating system should have a 2 inch coat of insulation.

DESIGN OF HEATING SYSTEM

A properly designed heating system is a must if you are to have enough heating plus the efficiency necessary for low-cost operation. The system must be sized to meet the heating demand of the building and its occupants. A too-small system won't do the job and a too-large system is wasteful of both the cost of the unit and of its operating cost. In a forced-air system the size of the ducts and the blower is important for correct air distribution. The placement and size of the ceiling louvers must be considered in getting enough heat to all areas of the room.

HOME DESIGN

For greater comfort and economy much can be done with the home itself. Cold, windy or hot exposures must be reckoned with. However, since cooling a building is usually more expensive than heating, air conditioning engineers recommend that home design offset hot, sunny exposures. One way of making the home cooler is to have extending roof overhangs to shade the exterior walls and windows. Other ways include designing the garage on the southwest corner of the house. Porches can be used to advantage, as well as adding beauty to the home. Shade trees on the sunny sides of the house are helpful.

QUALITY OF HEATING SYSTEM

You wouldn't build a home today and use wood-fired stoves for heating. You'd ask for the best heating system you can afford because you're looking for comfort and convenience. That's why, all over America, modern-thinking folk—architects, builders, home buyers are delighted with the comfort and convenience offered by electric home heating. There are 4 basic types of electric heating from which to choose: 1. Wall panels, 2. Ceiling cable, 3. Baseboard, and 4. Heat pump. The first three use no ducts and can be individually temperature-controlled in each room. The heat pump is an amazing new appliance that cools as well as heats. It is a forced-air system.

There's a new low electric heating rate now available. Your Public Service manager has the details—talk to him about it.

"The Inside Story of ELECTRIC CLIMATE CONTROL"—a new booklet that tells the facts about modern electric heating. If you're building or remodeling you'll want this booklet. Your Public Service manager has a copy for you.

State Senator A. M. Aikin Jr. To Speak In Lubbock On Oct. 30

LUBBOCK — Texas' leading exponent of public education, State Senator A. M. Aikin Jr., will discuss the future of public school education in Texas at Lubbock next Thursday. The senator's appearance in Lubbock is sponsored by the Lubbock Classroom Teachers Association.

A highlight of Sen. Aikin's address will be a review of findings of the Hale-Aikin Study committee, an investigative group set up by the State Senate to probe public school needs. The committee, which relied on findings of sub-committees set up in each senatorial district, has studied such far-reaching proposals as the lengthening of the school term, salary increases for teachers, federal aid to public schools, school construction, and recruitment and holding of teachers.

Sen. Aikin is co-author of the Gilmer-Aikin laws, a group of statutes which have brought Texas to the forefront of the nation in education.

The East Texas lawyer's home is in Paris. He attended Paris Junior College and Cumberland University at Lebanon, Tenn., where he graduated in 1932, receiving his Bachelor of Law

degree. In that same year—1932—Aikin was elected to state House of Representatives. He served two terms in the House, from 1932 until 1936. In 1936 he was elected to the State Senate where he has served continuously since that time.

He has been chairman of the most powerful committees of the Senate, the Finance and State Affairs committees. He also served as chairman of the committee on education for many years.

In 1936 Aikin was a candidate for Lieutenant Governor and won a berth in the run-off, but the strenuous campaign caused him to develop tuberculosis which forced his withdrawal. His remarkable recovery, according to Aikin, is a testimonial to present day wonder drugs and the medical profession.

In Lubbock, the senator will be honor guest at a dinner followed by his address at 8 p.m. in the Monterey High School Auditorium. Co-sponsoring Aikin's Lubbock appearance are the Association of Childhood Education and the Lubbock County Unit of the Texas State Teachers Association.

Ford's tasteful styling theme in 1959 is a result of consumer demand for more elegance and dignity, as opposed to gaudiness or extremism. Tigers Strong In The Year Of '25

Little is known about the Tigers first game but in 1925 the Tigers really played some hard games, the first game of the season was with Spur. The Tigers won that game with flying colors. The score was 20-2.

The next game was with Brownfield. The Slaton Tigers won this game 72-0. E. Wicker was the hero of the day by gaining yardage and making several of the touchdowns.

The headlines of the Tigers Cage of October 20, 1925 read as follows, "Tigers Defeat Littlefield in Hard Fought Game at Littlefield Friday." The score of that game was 21-0.

Development of scientific farmers being accomplished through schools

—by J. P. Brown
Vocational Agriculture Teacher
Slaton High School

High school vocational agriculture programs are making a valuable contribution toward developing scientific farmers. Modern farming demands that farmers have a scientific knowledge of such things as insect and disease, etc.

In high school vocational agriculture programs, training in these scientific aspects of farming is provided for youths preparing to become farmers. Too, such training is available to

adult farmers. Each high school student enrolled in vocational agriculture at Slaton High School receives about seven hours of instruction each week in various agricultural subjects. These subjects pertain to the science of producing crops and livestock, developing farm mechanics, skills in welding, electrification, shop, farm buildings, conservation of soil and natural resources, and farm machinery. Too, instruction for young and adult farmers is provided for those people who are now engaged in farming.

Such scientific training in agriculture is no doubt largely responsible for the high degree of perfection we have reached in Texas and the United States in producing farm commodities. This perfection also is making a very important contribution to our national economy and to the national leadership the United States is able to demonstrate among world powers. History has demonstrated that for a country to be a world leader, she must have a strong program of agriculture. Con-

sequently, it is important that we train an adequate number of scientific farmers to produce the food and fiber needed by our people. And even though we will need fewer farmers in the future, these farmers that are needed must be highly trained in the science of agriculture.

Smoot Infant's Graveside Rites Held Tuesday

James Alan Smoot, infant son of Mr. and Mrs. James B. Smoot of Slaton, died Tuesday morning.

Graveside services were held Tuesday at 1:30 p.m. with Rev. C. M. Fields, pastor of the Westview Baptist Church, officiating.

Survivors include his parents; one brother, Michael; two sisters, Cynthia and Elizabeth; paternal grandparents, Rev. and Mrs. Raymond Smoot of Slaton; and maternal grandparents, Mr. and Mrs. Lee Macom of Plainview.

The James B. Smoots have been residents of Slaton about a year.

Teen-Agers Make Their Own Rules

The list of "Ten Commandments for Teen-Agers" grew out of a meeting between student delegates to the Federation of Archdiocesan High Schools and youth authorities in San Francisco.

1. Stop and think — before you drink.
2. Don't let your parents down, they brought you up.
3. Be humble enough to obey. You will be giving orders yourself some day.
4. At the first moment turn away from unclean thinking—at the first moment.
5. Don't show off when driving. If you want to race, go to Indianapolis.
6. Choose a date who would make a good mate.
7. Go to church faithfully. The Creator gives us a week. Give Him back an hour.
8. Choose your companions carefully. You are what they are.
9. Avoid following the crowd. Be an engine, not a caboose.
10. Or even better—Keep the original Ten Commandments.

Slaton's Sue Evans Gets Award In Magazine's Christmas Doll Contest

New York-Miss Sue Evans, 18, of 735 S. 15th Street, was awarded an honorable mention at the national finals of the 1958 SEVENTEEN Magazine Christmas Doll Contest held Oct. 13 at the Overseas Press Club here.

The good-will competition, designed to provide needy children overseas with dolls made by teen-age American girls, is sponsored in behalf of Foster Parents' Plan, Inc.

Judges were Mrs. Franklin D. Roosevelt; Ivy Baker Priest, Treasurer of the United States; and Pauline Trigrere, noted dress designer.

For her prize-winning entry, a baby doll named "Candy," Miss Evans will receive a Lady Buxton Convertible Billfold. Miss Evans' doll was entered in the nationwide competition through White & Kirk, Amarillo.

The trio of judges made their selections from 633 prize dolls picked as winners in the regional Christmas Doll Contest, conducted recently in major U. S. cities by 211 leading department stores. This event marked the completion of a nationwide competition in which an estimated 45,000 American teenage girls made dolls for their less fortunate sisters at home and abroad.

As a special feature of the judging, two Korean children, Sun-Hai Baik, age three, and Josephine Kim, age two, accepted dolls on behalf of the

having jurisdiction over such property, together with interest, penalty and costs.

And I will on the first Tuesday in the month of November, 1958, the same being the 4th day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Lubbock, between the hours of 10:00 a.m. and 4:00 p.m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

League Of Women Voters Offers Resumes On Four Amendments

(Editor's Note: This is the second in a series of resumes of the nine proposed amendments to the State Constitution which will come before the voters for their consideration in the November 4 General Election. Proposed amendments Nos. 1 and 2 were in last week's Slatonite. The resumes are written by the League of Women Voters of Texas.)

AMENDMENT 3: Filling Vacancies For Offices of County Judge and Justices of the Peace

This amendment would provide that vacancies in the office of County Judge and Justices of the Peace could be filled by the Commissioners Court only "until the next succeeding General Election." At present, the Commissioners Court can fill such vacancies for the remaining unexpired term up to 4 years.

FOR: This amendment would bring this Section of the Constitution into line with the intent of the 1954 amendment which provided for 4-year instead of 2-year terms for County Judges and Justices of the Peace.

AGAINST: Since campaign expenses take

such a large portion of the salary received there would be little incentive for a candidate to run for the unexpired term which would cost him as much as running for the full term.

AMENDMENT 4: Announcing Candidacy Constitutes Resignation

This amendment would provide that if any district, county, or precinct official, with an unexpired term of more than one year, would announce his candidacy for any other office of profit or trust, such announcement would be considered an automatic resignation. Such vacancy would be filled in the same manner as other vacancies for such offices are filled.

FOR: The automatic resignation feature would keep these officials on the job rather than campaigning for a different office at taxpayers' expense, with the resultant loss of service.

AGAINST: Under the present provisions a candidate may wait to resign from one office until the last minute before being sworn in for another. This practice is not fair to the people for it then leaves an unexpired term to be filled by a costly special election or by appointment.

FOR: State and United States senators and other elected state officials with terms exceeding two years do not have to resign their offices to run for others—therefore this amendment would discriminate against district, county, and precinct officials.

Outside of government, an individual is not expected, or required, to resign his position in order to seek employment elsewhere. It is unreasonable to expect differently of elected officials.

AMENDMENT 5: Four Year Terms For City Officials

This amendment would allow Home Rule cities and cities, towns, or villages who wished to do so to extend the terms of office for their elective and appointed officers from 2 years to not more than 4 years. (It would not affect in any way tenure under municipal civil service now provided by the Constitution.)

It would also provide for the automatic resignation of any such official who announces his candidacy for any other office while having more than one year to serve in the office then held.

This amendment also provides that if a municipality adopts this extension of terms then all the members of that city's governing body would have to be elected by a majority vote at a special election within 120 days, rather than by appointment.

FOR: This is permissive legislation. No city would be bound by this amendment unless a majority of its voters so desired.

A 2-year term works a hardship on the official and the people in that it is not long enough for the official to become familiar with his duties; a great amount of time is spent campaigning; the frequent turnover in office has proved detrimental to long range municipal planning.

Frequent elections are expen-

sive for taxpayers and candidates alike.

The automatic resignation feature would keep city officials on the job rather than campaigning for a different office at taxpayers' expense with the resultant loss of service.

AGAINST: The 2-year term of office should be retained because it gives voters greater control over their officials.

Two-year terms for local officials encourage more citizen interest and participation in local government.

Although elections are expensive, this amendment calls for an election every time a vacancy occurs. Filling vacancies by appointment has served well in the past and should be continued as more practical.

AMENDMENT 6: Texas Ranger Pensions

This amendment would provide a retirement and disability pension system for retired Texas Rangers and widows of Texas Rangers who retired before the 1947 State Employees Retirement System was established. To be eligible for these pensions a retired Texas Ranger must have served at least two years, and a widow must have been legally married before January 1, 1957, to a Texas Ranger qualifying for this pension.

Pensions not to exceed \$80 per month would be paid out of the special fund already created (Section 17, Article VII) for "pensions for service in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for widows" of such servicemen.

FOR: The Confederate Pension Fund is more than ample to provide for these retired Texas Rangers and their widows. Since taxes are already earmarked to maintain the Fund, there would be no added cost to taxpayers.

With a prior marriage date to protect the State against any marriage-for-pensions designs, the amendment would provide for the widows, present and future, of Texas Rangers who were retired before the establishment of a State pension plan.

AGAINST: Other retirement plans require matching contributions from the salaries of the participants. It is unfair to other State employees to propose a non-participating pension plan using only State money.

Two years' service is not sufficient tenure to merit a pension out of public funds.

Crusade Slated By Churches On Evangelism

DALLAS. — Nineteen Texas Baptist churches in the Lubbock Association have agreed to participate in the 1959 North American simultaneous evangelistic crusade, said D. C. Wade Freeman, superintendent of evangelism, Baptist General Convention of Texas, this week.

A recent extended survey by the state evangelism department showed that 3,515 or 94.3 per cent of the denomination's churches in Texas will be included in the movement.

Additional statistics released by Dr. Freeman show that 3,508 churches will observe New Year's Eve prayer service this year, and 3,352 churches will schedule a "commitment to soul winning day," January 4, 1959.

Mr. and Mrs. F. L. Perry of Fort Worth were week end guests in the home of Mr. Perry's brother, Francis Perry, Mrs. Perry and Mr. and Mrs. Richard Perry. They all attended the Baylor-Tech football game at Tech.

Mr. and Mrs. B. H. Bollinger returned Sunday from Houston where they had attended the 24th Southwestern meeting of the Brotherhood of Engineers. They were conducted on a sight seeing tour of Houston, visiting the San Jacinto battlefield and other important places. En route home they visited Mrs. Bollinger's aunt, Mrs. Betty Wessinger, and Mrs. Annie Rosentreter of Brenham, Tex.

Seven Schools Set FHA Meeting Here Today

Future Homemakers from seven high schools in Lubbock County will meet in the local homemaking department today at 4 p.m. with the Slaton Senior FHA Chapter as host.

The purpose of the meeting will be to help FHA members who are applying for the State Homemaker Degree have a better writing knowledge of their school, FHA and community activities. The girls have completed their personal, family and community history, and the goals for their individual accomplishments.

Ten girls from Slaton are making application for the degree, the highest awarded by the Future Homemaker Organization. The Junior and Chapter Degree is awarded at the local level, while the State Degree is awarded by the State organization; no national degree is conferred.

Girls from Slaton include Sandra Wells, Carolyn Etter, June Johnson, Ophelia Bloxom, Dorothy Morton, Donna Wilke and Betty Clark.

These girls are starting their work and will complete it during their senior year after having had third year homemaking. They are: Wanda Wells, Lettie Traweek, and Maxine Moore. Approximately thirty-five girls from Idalou, Cooper, New Deal, Frenship, Shallowater, Roosevelt and Slaton are working in this group.

Mr. and Mrs. J. R. Childress visited Mr. and Mrs. J. E. Childress of Lovington, N. M., on Sunday.

Mr. and Mrs. L. C. Bratcher of Lubbock were the guests of Mr. and Mrs. Herschel Glascock on Sunday.

Brighter future for rail passenger service seen at officials' meeting

A high note of optimism for the rail travel future characterized the 103rd annual meeting of the American Association

of Passenger Traffic Officers in Santa Fe, New Mexico last week, according to R. T. Anderson, general passenger traffic manager for the Santa Fe, who is association president.

FFA Initiates New Members At Meet

The Slaton Chapter of Future Farmers of America met in a regular meeting Monday night, October 6, 1958, in the VA room at 8:30. The meeting was opened with the regular opening ceremony and business consisted of initiating seventeen greenhands. Those initiated were Billy Patterson, Danny Sulvert, Paul Kitchen, T. L. Blisard, James Forson, Mike Lovelady, Calvin Kitten, Bobby Meurer, Mike Bain, Joe Loke, Mike Gendle, James Mangum, John Mangum, Travis Hendrix, Larry Delaney, Jimmy Ayers and Johnny Taylor. After the formal initiation the chapter voted to discontinue the FFA-FHA Sweetheart Contest held annually, in order that they might elect their own sweetheart. Members also voted unanimously to not have the joint banquet with the FHA. The meeting was closed with the regular closing ceremony.

About 150 of the top passenger traffic officials of the U.S. railroads in a three-day session examined the rail passenger business and explored the needs of the future. "The interchange of experience and ideas is helpful to the industry and to the individual railroad in it," Anderson said, "and there is a new note of challenge evident in our discussions at Santa Fe."

Numerous innovations in merchandising and service were discussed by the group as possible avenues to stem the downward trend in rail passenger traffic to increase revenues and to adequately compete for the travel dollar. Among the travel incentives being tested on some railroads are slumber coaches, package tickets which include rail, pullman, meals, and other

incidentals, American train plan, organized tours, slumber trains, tray meals, numerous special fare arrangements, travel credit cards, and travel now—pay later vacation plan.

The passenger men took note of the recent predictions that the railroads would be out of the passenger business by 1970 and concluded most often indicated to the contrary, J. Harold Wright, vice president of the Association of American Railroads, Washington, D. C., is the group that eliminated costly non-paying operations many railroads has led the public to believe that the railroads want out of the passenger business, but this is not the picture. Representatives of the railroads most often accused of this intention expressed contrary views at the meeting. The consensus is that no railroad wants to get out of a profitable operation, Anderson said.

of the people of Slaton for the many ways in which they have supported this newspaper during the over five years of our publication. For this, we thank every one of you.

Now that we have passed this responsibility on to Joel Combs and Woody Rosser, we have this request to make: That you continue to give the Slatonite the same support that you gave to us, and more.

With it, these boys will be able to give you the kind of service you want—the kind of newspaper you need.

Distributive Education Notes

Our Motto: "To sell it well, you must be able to tell it well!"
Our Slogan: "If you do not do more than you get paid for doing, you get paid for doing more than you do!"

Our Department has the largest enrollment this year ever. We now have twenty-two students enrolled. Of these, there are twenty boys and two girls. Last year we had about an even number of boys and girls. We make no effort to explain this difference. We still have a couple of people who do not have employment and if there are those in our community who would like to have a D.E. student to train, please contact your Co-ordinator.

We appreciate so very much the response given by the business-people of our community this season. This speaks well for the future of our community and you are doing a great deal more for these students than you realize. Allow me to repeat, this is not a "Charity Program" it is a Training Program and you businessmen are the sponsors. We are not running a "rehabilitation program," many of these students will go on to College, some will not of course, and regardless of the decision you make as to their future, your assistance at this time will greatly aid them and in turn, they will be aiding you.

Our Club had its first "Dinner Meeting" recently. It is our plan to have one such meeting each month during the school year. After having a very delicious meal at Bruce's (where our two girls are Trainees) Club president, Pat Adamek conducted a brief business session. Some of the items of immediate interest were, preparing to go to the State D.E. Convention, which meets in Fort Worth, this year; a Fund Raising Committee was appointed with Glen Taylor as chairman; one of the methods suggested for raising funds was the gathering of scrap-iron (so you can look for about twenty boys to depend upon you, asking if there is any Scrap-iron about your place that they can get). On Nov. 1, we are to have our first Work-Shop for D.E. Co-ordinators in this area. This program has been arranged by our Area Supervisor, Will I. Inkman of Big Spring. Our State superintendent will be on hand and it goes without saying; David Thompson knows the field of Distributive Education.

The Texas Education Agency, is offering to our Community a Course of study that is calculated to be of interest and importance to all business men, this year. The course is to be taught by Lowry M. Carpenter. The subject will be Retail Credit Procedures; stressing sound, practical ideas concerning proper handling of credit, such as; 1. Opening accounts effectively. 2. Reducing credit risks. 3. Controlling accounts safely. Ten hours of instruction will be given.

'Auntie Mame' Is Civic Lubbock's First Attraction

Civic Lubbock will offer its first attraction for the season Friday and Saturday of this week in the Auditorium.

"Auntie Mame," the Broadway comedy, will be presented at 8 o'clock both nights and at 3 p.m. Saturday with Sylvia Sidney in the leading role.

The show comes to the stage of the Auditorium direct from New York's City Centre Theatre where Miss Sidney was acclaimed for her portrayal of the dramatic Mame, who takes her young nephew and brings him up in the manner that she has lived... which is "odd" to us... but has made audiences thrill in performances all across the country. The stage play was adapted by Lawrence and Lee from Patrick Dennis' best-selling novel.

Miss Sidney wears 18 dresses in 18 scenes in the show and performs with a company of some thirty actors from the New York stage.

The auditorium box office, in the lobby, is open each day from 9 until 5 for sales. Tickets in all prices are available for all three performances, but the most desirable locations are for the Special Matinee at 3 p.m. Saturday. No phone orders are taken, but prices are \$4.50, \$4, \$3.50, \$3, \$2.50 and \$2.

A quick change of pace will occur when Civic Lubbock, Inc. presents its next attraction on Nov. 14. It will be the beautiful, lyrical "La Traviata" as performed by the New York Opera Festival Company at 8 p.m. for one performance only.

This course will be accomplished in four evenings, two and one-half hours each evening. This communication has been forwarded to our local Retail Merchant's Manager (Mrs. Vivian Jones) and we would like to know if you are interested in inviting this professional help into our community. If so please contact your Retail Mgr., or your D.E. Co-ordinator. This course will be given sometime during the Spring of '59. Let us hear from you, please.

You will be interested in knowing that our Department apparently has reached the requirements necessary to have a full-time program in D.E. next year. Of course, the requirements depend on our holding our enrollment to the number we now have for the first six months of this year. This has been made possible by the cooperation of our Community with the school program, for which we are most grateful.

TELEPHONE TALK
By J. C. Oakley, Manager

ARE YOU A DEFENSIVE DRIVER?

A Defensive Driver is one who realizes he has no control over the unknown actions of other drivers and pedestrians and operates his vehicle accordingly.

Put it this way, he operates with the thought in mind that everyone else is a poor driver and is going to make mistakes, and he does everything he can to avoid becoming involved in an accident. He observes the following tips:

1. He observes the other fellows hand signals but does not put complete faith in them.
2. He is always prepared for the person who ignores stop signs.
3. He doesn't trust another driver to make a turn only from the proper lane.
4. He keeps a safe distance between himself and the fellow in front.
5. He slows down at intersections, even where, according to law, he has the right of way.
6. He gives recognized signals well in advance of any anticipated change in the direction of his vehicle.
7. He is prepared for any unexpected happening at all times.

FOR HUSBANDS ONLY

I suspect some wives will sneak a peek at this simply because it says, "For Husbands Only." But just this once I'd like to have a man-to-man talk with all husbands.

About this time of year—halfway between summer vacations and Christmas—things settle down and your wife is probably doing a bit of dreaming. Maybe it's that trip you've always planned to take, or a new house, or even a sports car.

Dreaming's fine but it usually takes a lot of years to make a big dream come true. However, little dreams take less time. In fact, just a minute or two.

So here's my hint for husbands. Order an extension phone in color for the bedroom. I'll guarantee that it will perk up your wife's morale like a new hairdo or a new hat. Even better, it will make a hero out of you.

Just call the telephone business office today. A service representative will help you pick the right color.

IT'S REAL FAMILY FUN

Sunday is a real family day. Many of us have our families around us, and we spend the day going to church, relaxing, chatting, just doing things together.

However, some people have members of their families living away from home—either away at college or married sons or daughters living in another part of the country.

There's really no reason to leave them out of the happy Sunday get-togethers. Just pick up the telephone and make a long distance call. That way, Sunday is fun for everyone in the family.

Why not this Sunday? You'll surprise the "out-of-towners" and have a lot of fun on your end of the line, too.

Call by number. It's twice as fast.

Floydada Whirlwinds Take Win In First Slaton Conference Contest; Tigers Fight But Fall, 8-0

By Deen Jackson

The Floydada Whirlwinds, led by quarterback Rodney Teague and halfback Don Vickers, rolled to a hard-fought 8 to 0 victory over the Slaton Tigers last Friday night. Slaton was led by Pat Adamek and Howard Limmer.

Slaton received the kickoff on their own 15 yard line, made 3 yards in two plays and full-back Howard Limmer quick-kicked to the Tiger 46 yard line. Floydada then moved for two first downs to the Slaton 20 yard line, where four passes fell incomplete and the Tigers took over on downs.

Halfback Giles Smith lost 5 yards around right end, Adamek made four over left tackle and Limmer again quick-kicked to the Slaton 47 yard line. At this point, the Tiger line rose up to throw the Whirlwinds for three straight losses, back to their own 47 yard line. Halfback Bill Patterson punted out of

bounds on the Slaton 5 yard line. Sanders made 1 over center, Limmer 4 over guard, Adamek was held for no gain over left tackle and was forced to punt.

Floydada moved the ball from their own 30 yard line in 6 plays to the Tiger 9 yard line, the big play being a 22 yard pass from Teague to Patterson. After a 2 yard gain over the middle, Teague passed to Patterson for 7 yards and the TD. Teague carried over for the points to make the score 8 to 0.

The remainder of the half was played with neither team moving the ball with success, the Tigers never going farther than their own 43 yard line and failing to pick up a first down in the first half. Floydada moved no farther than their own 44 yard line except for the TD drive.

Floydada received the ball the second half on their own 20 yard line and moved the ball to

the Slaton 35 before being forced to punt out of bounds on the Slaton 18 yard line. At this point Slaton started their only drive of the ball game, picking up the first down on their own 31 yard line. Two more plays had moved the ball to the Floydada 45 yard line, where a 15 yard holding penalty stopped the drive.

On the exchange of punts, Slaton again had an opportunity to score, recovering a fumble on the Whirlwind 19 yard line but were held for 5 yards on the four plays, the ball going over on downs.

As the game ended, Floydada had the ball on the Slaton 5 yard line with a second down play coming.

This was the first conference game for the Tigers. They play the Spur Bulldogs Friday night at Spur. A victory would leave them with one win and one loss in conference play.

Highlights
AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—More dust is being stirred up over issues than over candidates, in the build-up to the General Election, Nov. 4.

Texas will vote on nine proposed amendments of the Constitution. One of them, providing for annual sessions and salaries in the Legislature, is the subject of hot debate.

A condensed outline of the amendments and arguments being presented for and against follows: (Numbers correspond to the order in which amendments will appear on the ballot.)

1. Would provide for annual sessions of the Legislature. Odd-year sessions would be devoted to all matters, as before, and even-year sessions would attend to budgeting and emergency matters. Legislators would receive an annual salary of \$7,500 (instead of \$25 a day for a 120-day session) and an unspecified amount for "expenses of office."

PRO: Supporters say annual sessions will allow more time for consideration of important matters. State financial planning could be done for one year at a time. No more having to "guesstimate" financial needs for two years ahead. Better pay would be a step toward attracting the best qualified persons to lawmaking. Such influential and hard-working groups as the Texas Junior Chamber of Commerce are pushing this amendment.

CON: Equally outspoken are the opponents who say it would cause needless expense when money is already short. More time in session means more chances to spend money. Proposed salary still is not enough to attract top-notch talent, but "expense of office" could open the door for "fat-cattling" with public funds. Sen. Dorsey Hardeman of San Angelo is the recognized spokesman for the "antis" which include some other lawmakers and other groups.

2. Would allow counties to extend participation in their retirement disability and death compensation plans to elective officials of the county and precinct. Present arrangement covers only appointive officials and employees of the country.

PRO: It is a permissive law. No country has to do it unless the voters say so. It would give elective officials the same privilege as appointees, be an attraction to office.

CON: It sets no requirement for length of service. An official might serve one term—or less—and receive benefits.

3. Would allow the County Commissioners Court to fill vacancies in the office of County Judge and Justice of the Peace only until the next general election. Presently such appointments are for the remainder of the unexpired term, up to four years.

PRO: It would give voters the right to choose their own replacement to office as soon as possible.

CON: Since campaigns are so costly, there would be less incentive to run for the office for only a two-year term.

4. Would provide for automatic resignation of a district, county and precinct official who announces for any other public office more than one year before the end of his term in office.

benefit through their trade associations, chambers of commerce, etc.

8. Would allow the Legislature to appropriate money to pay for medical care for people who receive old age assistance, aid to the blind and aid to dependent children.

PRO: It would provide help for people whose small monthly checks cannot possibly cover medical emergencies. Since payments would be made only to the vendor (doctor, hospital or what not), the money could be used only for its intended purpose.

CON: It would cost the state an estimated \$9,000,000, with no limit on how much it could drain from the Treasury. It would mean double taxation for cities and counties already providing medical care for their needy.

9. Would allow the Legislature to authorize creation of hospital districts in Amarillo, Wichita County and Jefferson County.

PRO: It is permissive. People in the affected areas could decide what they want to do with it.

CON: Proposed amendment is long (1,000 words), detailed and so complicated that few voters can even understand it. If such provisions are needed, they should be made in statutes rather than by adding to our already-long Constitution.

ROUGH ROAD AHEAD — Latest reports by the State Tax Study Commission list several possible new tax sources the Legislature could turn to for additional revenue.

They include (1) new selective sales taxes, (2) a general retail sales tax, (3) a personal income tax, (4) a "value-added" tax levied on difference between selling price and cost to seller, (5) a gross income and receipts tax on business and (6) a corporation net income tax.

Jr. High Teams Win Two Games

Two Slaton Junior High football teams won games Tuesday night over Post teams.

The 8th grade team trampled Post's 8th grade, 66-8, and the 7th graders defeated the Post 7th grade, 28-8.

Next week's games, against Tahoka, will be the last home games for the Junior High teams this year.
