18 Burglary Cases Are Solved In A Week Here

At least 18 burglary cases, a couple of arson cases and numerous cases of shoplifting have been solved by local police within the last week, according to police chief Eugene L. Martin.

Bland Tomlinson

Tomlinson Now Sole Owner Of Furniture Store

In a business deal culminated here Feb. 7, Bland Tomlinson purchased his partner's interest in the Home Furniture Co. The partnership began on January 1, 1947 when Victor Hudman of Post and Tomlinson established The Home Furniture Co. The business was housed at 112 Texas Ave. and continued in operation at that address until April of 1951.

In 1951 they erected a new building at 215 W. Lubbock St. and remains at that location.

The business name has been changed to Bland's Furniture, but very few other changes will be made, said Tomlinson.

Bland's Furniture will continue to offer friendly service to its customers, with the best in quality furniture and home accessories, according to Tomlinson.

Santa Fe yards, Hestand Grocery, Jackson's Grocery, the Scotch Wash, Holt's Grocery, Bruce's Cafe (twice), and Kendrick Pontiac.

The two also admitted numerous cases of shoplifting from Piggly Wiggly, T.G.&Y., and others, in which candy, apples, B-Bs and other small items were taken.

In the caboose entry, the pair ate some food they found, and destroyed still more food while vandalizing the car. At Hestand Grocery, two cartons of cigarettes were taken, some canned fruit and about \$3 in change. At Jackson's Grocery, on Mexico Street, the pair took 15 cents in change, some ice cream and candy. At the Scotch Wash, 117 W. Lubbock, they broke into vending machines and engaged in vandalism in excess of \$30 damage, took some candy, but failed to enter the money boxes on the machines. A stalk of bananas was stolen from Holt's grocery while food, candy and the March of Dimes contributions cannister was stolen from Bruce's Cafe. At Kendrick Pontiac, which was also entered twice, the pair took about \$10, \$3 the first time and about \$7 the second.

The string of burglaries covered a period of over two months.

In yet another case, local police solved several burglaries and two cases of arson with the arrest of five local high school youths.

The five, all described by police as coming from "good families," have signed statements admitting the violations. Each of the five did not take part in each violation but at least seven cases have been cracked among them.

Solved was the break-in at Mrs. C. C. Wicker's concession stand near high school, a burglary at the Parker residence at 945 W. Division, burglary of the Cress Gulf Service Station, Hensler Grocery, a dynamite theft, from a Shell truck, break-ins at Heinrich Service Station and the ice house and two cases of arson involving a barn and a grass fire.

The five are all active in high school activities, some playing football while others were active and popular in other areas.

'Hot' City Election In Prospect Here

Mayor Pro Tem Howard Swanner, shown here seated, has proclaimed the week of Feb. 21 through 28 as "FFA Week In Slaton." The special week is held to commemorate the work done by FFA chapters throughout the nation. Mayor Pro Tem Proclaims Future Farmers Of America Week Here

Mayor Pro Tem Howard Swanner has proclaimed the week of Feb. 21 to 28 Future Farmers of America Week in Slaton.

The Mayor, in his proclamation and statement, said:

"The Future Farmers of America is a national organization of, by and for farm boys who are studying vocational agriculture in the public high schools of the nation. A local

chapter of this fine organization is active in the Slaton High School.

"As America's future farmers, these young men hold in their minds and hands the progress that this community and this nation may make in the years to come, because a prosperous and productive agriculture is the very foundation of our American standard of living.

"As students of vocational agriculture in high school they study the scientific, economic, and mechanical aspects of modern farming. As members of the Future Farmers of America they learn through active participation how to conduct and take part in public meetings; to speak in public; to market farm products; to solve their own problems; to finance themselves; and to assume civic responsibility.

"The population of America and of the world is under going tremendous growth. At the same time, in this nation the number of farmers is decreasing. Despite the great abundance of agricul-

tural products today, it is vital to our future happiness and security that we maintain a supply of skilled farmers and other agricultural workers to assure that there always will be plenty of farm products to supply our needs. Future Farmers of America are training for this important work. It is fitting that we honor them.

I, therefore, join with others throughout the nation in proclaiming February 21 to 28, 1959, to be Future Farmers of America Week. I urge all people of this community to become acquainted with and give full support to the program of vocational education in agriculture, and to its students, the Future Farmers of America. As the basic agricultural producers, they are our first line of defense against the hunger and privation that we know is prevalent over much of the world today."

Welfare Office Cites Need For Youths' Shoes

The local Welfare office reported that a need exists for about 30 pairs of children's shoes.

All sizes boys and girls shoes are needed for school-age children.

Those desiring to contribute useable shoes should bring them to the Welfare office in City Hall or call and they will be picked up.

Church Seeks To Top Attendance Record Sunday

Rev. H. E. Summar, pastor of the Bible Baptist Church, will celebrate his second anniversary with the church on Sunday, Feb. 22.

On that date, the church is trying to break the all-time record in Sunday School attendance. Every effort will be made to contact every member, former members and friends.

"Everyone in this area who is not attending Sunday school somewhere else is invited to come and help us go over the top," Rev. Summar said.

Revival At Southland To Start Sunday

A revival will start at the Southland Baptist Church on Sunday, Feb. 22, and continue through Sunday, March 1.

Rev. Tony Longval, pastor, will be the evangelist for the special services. Evening services will begin at 7:30 p.m., according to Rev. Longval.

Contest Is Promised For Each Office To Be Voted On April 7

The prospect of a "hot" city election in Slaton loomed larger this week as each office which will be sought in the April 7 voting has been assured of a contest.

At least two persons have filed for each office to be voted upon, and indications are that more will be throwing their hat into the ring in the near future.

For mayor, two long-time residents of this community have already filed with the city secretary for places on the ballot. They are B. H. Bollinger and Clark Self Sr.

Bollinger is a retired locomotive engineer. He was employed by the Panhandle and Santa Fe Railway Company for the past 52 years. Bollinger was a city commissioner from 1952 to 1956. A more complete statement from Bollinger, and the other candidates, will be published in future editions of The Slatonite.

Self, proprietor of a local furniture store, has been a resident of Slaton since 1920.

In the Ward 3 commissioners race, incumbent B. A. Hannah is opposed by C. L. Garrigues. Hannah, who is serving his first term as commissioner, is a Santa Fe machinist and has been a resident of Slaton over 30 years.

Garrigues is a retired Santa Fe engineer and is also a long-time resident of this community. He retired just recently.

In the Ward 1 commissioner race, two new names will be on the ballot as incumbent Chester Williams is moving out of the ward. Seeking the office will be John Berkley and W. C. Williams.

Berkley is a retired groceryman and he too is a long-time resident of Slaton. Williams is the local Buick dealer and has been active in community work since moving here from Pampa.

The election is held the first Tuesday in April, which is the 7th. Absentee voting will start on March 18 and will close on April 4.

Election places are the city secretary's office for Ward one, the Retail Merchants Association for Ward two, the Mayor's office for Ward three and the Chamber of Commerce office for Ward four, all in the City Hall.

Still more names are expected to be filed as candidates for election in the April 7 voting as at least one other person has expressed interest in the mayor race and one in a commissioner race to The Slatonite.

The deadline for filing for a place on the ballot is March 7.

'GANG' PLOWIN'

Over two dozen friends took care of a 240 acre plowin' chore for "Bob" Elbert Monday. That many or more provided tractors and helped to work on Elbert's place following a heart attack suffered by the president of the Slaton Rangers. The crew started to work early Monday and had the job all finished by noon, including a little fencing work the stricken man had been planning. (Slatonite Staff Photo)

Neighbors Aid A Stricken Friend

Robert L. Elbert, a heart patient in Mercy Hospital, can rest easier now.

"Bob" can get all the rest he needs for a time and some 20 to 30 Slaton-area residents are responsible for it all.

Monday morning, members of the Slaton Rangers and residents of the Acuff-McClung-Roosevelt communities and others living in this vicinity

took care of Elbert's current plowing chores by listing 240 acres of his land. They also took down a fence "Bob" had wanted to remove and had a big meal at his house, courtesy of their wives.

Included among those who provided tractors or helped on the plowing work were Bill Bryant, Joe Klattenhoff, Dale McCallister, Troy Thomas, Jim-

mie Davis, W. D. Killian, Gordon Ayeock, A. C. Walter, Earl Hammett, George Railsback, M. E. Bredigam, Carl Crossland, Vance Lipps, Ed Reynolds, Horbert Pinkert, Henry Pinkert, Leon Pinkert, Jess Tims, W. T. Joines, Earl Rowan, T. A. Solley, J. H. Thomas, E. O. Miller, H. C. Andrew, Guy Sasser, Tina Sheppard, Bill Walters and James Vannoy.

Heart Fund Campaign To Start On Saturday

The Heart Fund Campaign will get underway in Slaton this Saturday.

Mrs. George Privett, co-chairman in charge of Tag Day, Saturday, reported that on that day Slaton FHA girls will be downtown selling heart tags. Their headquarters will be at Kertan Studio.

Mr. and Mrs. Tommy Davis are co-chairmen of the local campaign and have announced that the Heart Sunday Drive will be held from 2 to 4 p.m. Sunday with volunteers from civic and study clubs and young people from the churches making a door-to-door personal solicitation campaign on behalf of the Heart Fund.

Heart Sunday headquarters will be the Slaton Lumber Company.

In connection with the Sunday

drive, workers from the Negro and Latin American sections of town will cover that area. Directing the campaign in the Latin American section will be Rev. Fred Banda. In the Negro section, Mrs. Dora Horge will be in charge.

Register For The Draft At Slaton Motor Co.

Local youths should register for the draft upon reaching the age of 18 at Slaton Motor Company.

They have five days after reaching 18 before they must register and are requested to see Harry Stokes at Slaton Motor when they do.

'SQUIRE' RETIRES

S. A. "Squire" Peavy is shown here seated with his wife among the beautiful lawn furniture given him by co-workers on his retirement. Standing with him is his former superintendent, W. A. J. Carter. Peavy received the lawn furniture, a portable typewriter and a transistor radio at an Open House and retirement party held for him in the Santa Fe offices here Monday afternoon. STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—The season of the "hard luck story" is in full swing.

Legislative committees having to do with taxing and spending are in almost constant sessions. On the one hand they hear from the state agencies that want more money — of their dire needs, of the gloomy future that awaits the state if their programs are under-financed.

Equally mournful are the stories of those who would be the targets of new taxes. It would be like putting up a "Keep Out of Texas" sign for new business and accompanying prosperity,

say many business and civic leaders of the sharp new tax bites. Texas communities trying to build up their areas by bringing in money-making enterprises would have the rug pulled out from under them, say the tax critics.

In this arena of clashing viewpoints, the legislators must serve as both judge and jury. Few lawmakers expect to collect any nosegays for their efforts — no matter how sincere or well-considered. Some expect they may have to displease both groups — by cutting spending requests and raising taxes — all in

one woeful session. BANE TO BUSINESS—As expected, businesses, large and small, take a dim view of Gov. Price Daniel's proposal to increase corporation franchise taxes.

Industry spokesmen told of probable increases of from 50 to 250 per cent in the amount they would have to pay. They complained, too, that they'd have to pay a tax whether they were making money or not, since the tax would be on capital, rather than income.

Rep. J. E. Winfree of Houston, sponsor of the bill, told the business representatives, in effect, "It's this or something else."

UT PLEADS CASE—University of Texas "will sink back into mediocrity," declared exes and officials, unless the school gets a better appropriation deal than that proposed by the Legislative Budget Board.

University officials asked for a two-year appropriation of about \$34,006,067. Budget Board recommended \$27,920,624.

Dr. Logan Wilson told the House Appropriations Committee that people seemed willing to pay broad-based taxes for highways. Why not for higher education?

Herman Jones, Austin attorney and spokesman for alumni, emphasized the importance of improved education to this country's position in international affairs. "I don't want it put in the history books that this generation kept the budget low and let the nation die," said Jones.

UT officials also said they would be opposed to establishing a third medical branch — at San Antonio, Austin or elsewhere — until they have gotten enough money to make "first class" the existing Dallas and Galveston branches.

PRISON PROBLEMS — Even more impassioned are the pleas of those concerned with appropriations for the Department of Corrections.

Texas Prison is operated at about half the national average cost per inmate, says Supl. O. B. Ellis. For some years Board members have been warning of dangerously overcrowded conditions, and the need for more buildings.

A slash in funds and personnel, as proposed by the Legislative Budget Board, would bring sheer ruin to the bulging prisons, in Ellis' view.

Prison System has an even more immediate pinch in that it hasn't money to finish out this fiscal year. It had a crop failure last year, when floods wiped out cotton on the prison farms.

Since the Prison System is heavily dependent on its own production, it, like any hard-hit farmer, needs some "cash money" — about \$500,000 — to tide it over for this year.

SOMETHING'S GOTTA GO — We can't continue our present services and take a budget cut too, Texas A&M Extension Service officials told legislators.

Budget Board recommended a slightly lower Extension Service appropriation for 1959 than it had for 1958. Service has asked for sizeable increase to help offset extensive loss of county agents to better-salaried jobs in industry.

Spokesman for the Farm Bureau and numerous other rural groups appeared before the House Appropriations Committee to plead the importance of Extension Service work.

DEADLINE EXTENDED — Senate General Investigating Committee, a creation of the last session, has until March 2 to complete its voluminous report.

After nearly 20 months of activity, the Committee had had 27 hearings, piled up 7,500 pages of testimony. All hearings were public, and some

Governor Proclaims 4-H Club Week

By proclamation, Governor Price Daniel has designated the week of February 28-March 7 as 4-H Club Week in Texas. The week is also being observed nationally.

"In 1914," Governor Daniel said, "the United States Government invested in the rural youth of our nation through the 4-H club program. Since that time, more than 20 million young people have received the benefits of this vast program and become 4-H alumni. These alumni are engaged in farming, ranching, homemaking and a variety of other occupations. Throughout Texas and the Nation a special salute is extended to them."

In a letter to the 111,000 4-H club members in Texas, the Governor said, "Since the 4-H club program was organized 50 years ago, members of your organization have made outstanding contributions to the material wealth of Texas and the Nation. More important, as young people, you represent the richest resource of our State."

"I extend sincere congratulations to each of you on your fine accomplishments of the past year and join the people of Texas in saluting you, your parents, adult leaders and friends who make this program possible. Please accept my best wishes for 1959 and the years ahead. May you continue to build your-

brought unsettling repercussions in the fields of insurance regulation and tax collecting.

Sen. Charles Herring of Austin, chairman, is recommending such work be continued by a Joint House-Senate Committee. There must be some sort of "watch dog," Herring believes, for the state's billion-dollar-a-year business.

SLOW DOWN!—Chronic speeders would soon find themselves getting around on shoe leather under a strict new measure proposed by Rep. Ben Lewis of Dallas.

Under the bill, the first speeding conviction would bring a 30-day license suspension; the second, a 60-day suspension; the third, six months; and all thereafter, one year. A record of each conviction would be carried on the driver's license.

Speeding, Lewis pointed out, is regarded as a leading cause of accidents.

ANTI-HAIR-SPLITTING—"Harmless errors" would no longer be grounds for reversal of a criminal court conviction under a measure being sponsored by Rep. Tom James of Dallas.

Only "Substantive errors" would require the throwing out of a trial court decision.

There has been some criticism in recent year of Court of Criminal Appeals decisions which nullified convictions because of such things as misspellings and typographical errors. James' bill was recommended by the Texas Law Enforcement Commission.

selves, your homes and your communities, and thus help build our State and Country. The future holds bright promise for our land, and as 4-H club members you have a vital share of this future."

Plans for observing 4-H Week are being perfected in the counties and will include special recognition for 4-H alumni. More than 1,000,000 Texas young people have been 4-H members during the past 50 years. Today, 4-H alumni are leaders in business, industry, the professions and government, and are among the strongest supporters of the Agricultural Extension Service sponsored organization.

Doctor Will Instruct Class On Marriage

Dr. J. R. Fain, a well-known medical doctor from Littlefield, will teach an evening class at Lubbock Christian College during the spring semester. Dr. Fain is a graduate of Abilene Christian College and the Southwestern Medical School.

Titled "Marriage and the Home," the course will give instruction in the principles involved in creating a successful marriage. Mate selection, court-

ship, children and anticipation of family problems and how to successfully meet them will be discussed. The study will be conducted from the background and training of the physician. The class will meet Tuesdays at 8 p.m. at the Lubbock Christian College Administration Building.

Fifteen courses will be offered in the spring evening class program, including classes in agriculture, Bible, English, millinery, and photography. Registration began Jan. 26, and continued to Feb. 10. Adults may enroll in any of the classes for college credit or for personal benefit. Classes meet either Tuesday or Thursday evening for two or three hour periods.

Teen Talk

By Karen Henry and Carol Rosser

Wasn't this a "fantabulous" Valentine season with the Sweetheart banquet and Tiger Town providing loads of entertainment. Seen dancing together at Tiger Town were Sharon Boyd and Kenneth Melcher, Linda Walker and Danny Winn, Olivia Sanders and Joe Melcher, Anne Wright and Robert Keys and Rosemarie Phillip, and Robert Hurst. How many of you girls got boxes of Valentine candy?

Isn't Jeanette Price's new hair-do the pixiest thing you've ever seen? June Johnson's new hair style for this week is eye-catching. We think she calls it a double-donut roll.

Although it was heartbreaking to miss winning district by one mealy point, we're really proud of our basketball girls for the winning scores they brought in for our school this season.

Martha McCormick, girl dictator (shorthand that is), Monday in shorthand class, Martha supposedly learned to give dictation to the class. Martha claims she was giving 60 words a minute but those who were taking it are a little inclined to believe it was more like 260 words.

We do wish Joanne Thomas, Nancy Johnston, Patty Clark, and Anne Wright would stop degrading the food served in the cafeteria, but as Nancy says, "Peanut butter crackers don't grow on trees."

We have some very good prospects for a modeling career in our midst. Colleen Gilliland, Pam Henry, Peggy Draper and Lena Glascock showed that and much more at the F.H.A. meeting Monday night. We noticed several of the girls who attend-

ed the meeting looked real cute. They were, Mary Elliot, Debra Kayser, Sue Reasoner, Sandra Wells, and Dana Heaton.

Back to the old grind. We hate to mention such a touchy subject, but next six weeks exams are coming up. John Fincher is particularly worried about Chemistry. Good luck, old boy.

Mr. Joe Walker Sr., attended a Soil Conservation meeting in Lubbock Friday.

Charged in Lubbock last week were Howard Lee Limmer, Ronald Edward Heinrich, Marvin C. Arnold, Patrick Joseph Adamek and Arthur William Balmanno, all popular Slaton students.

County Agricultural Stabilization and Conservation Committee Meets

Sherman B. Nelson, Alton Hardy and G. M. Winniford, members of the Lubbock County ASC Committee, met in regular county committee meeting at 10 a.m. on Feb. 13.

The committee reviewed the requests for new grower cotton allotments received to date. Three requests have been received and a recommendation was made on each request. These applications must be sent to the State Office for approval before allotment notices will be mailed to the producers. Since Monday, February 16, is the final date for producers to request new grower cotton allotments, no definite recommendation was made for the request on hand at this time.

The committee reviewed and approved requests for reconstitutions of farms under the 1959 program. The regulations for 1959 provide that all the land worked by one tenant and owned by one person must be combined into one worksheet. The committee approved requests for seven combinations and for the division of seven farms. Requests for Federal Cost-

Santa Fe Has Dining Club Meal Coupons

Inauguration of "El Capitan" Dining Club meal coupon books on Santa Fe Railway's hi-level chair car streamliner, starting February 16, was announced today by E. S. Marsh, President, Chicago.

Under the plan, "El Capitan" passengers can purchase a book good for meals for the duration of their trip at the time they buy their rail ticket.

Coupon books for five meals cost \$10.00 for adults, \$5.00 for children under 12 years of age, representing a saving of approximately 20 per cent under top menu prices, Marsh said.

"This plan," he declared, "permits an individual to firmly budget what he is going to spend for good, full-course meals on his trip. Unused coupons will, of course, be refunded." "El Capitan" Dining Club coupon books go on sale in the railroad's city and depot ticket offices in Chicago, Kansas City, and Los Angeles, February 16, and may be purchased on rail travel credit cards.

Sam Cooper, a former member and deacon of the First Baptist Church here, was buried Thursday, Feb. 5, at Irving, the family home.

...put down that 2 TON LOAD !!!

Imagine! Two tons of wet clothes a year — I never thought of it that way before, but it's right. That's the average weight of a year's wash carried out to the clothesline. It just makes me tired thinking about it. Thank goodness, there's an easier way! An electric clothes dryer ends lugging that two ton load once and for all. What better buy could any woman make? What better buy could any husband make?

See the electric clothes dryer that your Reddy Kilowatt Appliance Dealer has for you. Stop carrying those heavy wet clothes.

The month of February had to wait hundreds of years before it found its place after January. The World Book Encyclopedia reports that the month wasn't even included in the first Roman calendar—and then a Roman king tacked it on the end of the year.

The vanity of two ancient Romans is responsible for shortening the month of February. The World Book Encyclopedia says February had 30 days until Julius Caesar took off one day to add to the month of July named after him. The emperor Augustus took off another day from February to lengthen his namesake, the month of August.

TEXAS PRESS ASSOCIATION

The Slaton Slatonite

This Week in AUSTIN

by Senator Preston Smith

It has never been easier for the citizens of Texas to let their opinions be known to their state legislators.

In addition to numerous sources of information made available daily on state government, a new program is underway here to provide opportunity for all Texans to meet personally with their Representatives and Senators.

Every Tuesday morning at the Austin Hotel, an informal meeting called "Biscuits and Business, Pancakes and Politics" brings the state legislators together with people from home.

Attending these breakfasts, sponsored for all West Texas counties, by the West Texas Chamber of Commerce, are people from all over the area who happen to be in Austin.

Many delegations have made special trips to Austin to visit with their legislators at this

breakfast. In the course of such an informal meeting, a better mutual understanding between representatives and home folks is inevitable.

Just as I many times ask for opinions in my letters and columns, all the other Senators and Representatives need such information from their home folks — either in person or through correspondence.

The officials occupied by the elected officials belong to the people—and unless the people make their desires known, their representatives are not properly informed, and cannot possibly do their best job here.

If you can possibly be in the Austin vicinity during this session, be sure to attend one of these breakfast meetings. West Texans all meet each Tuesday, Austin Hotel, 7:30 a.m.

Mr. and Mrs. E. M. Lott had visited them this past week end their grandson, George Ray and wife, Joanne, and their little son, John Edward, of Ft. Worth, where George Ray is a senior student at T.C.U. George Ray is the son of W. W. Lott, former resident of Slaton.

Wintry weather isn't the only reason why Americans can grumble about the month of February. According to The World Book Encyclopedia, the income tax law became the Sixteenth Amendment to the U.S. Constitution on Feb. 24, 1913.

IT COULD BE YOU . . .

But it wasn't! Arrow points to the wrong girl, and Patricia McSween is effectively hidden from the camera as her name was called in the "It Could Be You" assembly program at Junior High Auditorium last week. The audience participation brought howls of laughter and the show was complete with commercials. Seventh graders Martha Ellis, Thelma Kidd, Jane Thompson and Kathy Claiborne were on the program committee.

Mr. and Mrs. Woody Rosser Jr., Carol and Jana spent the week end visiting her parents. Mr. and Mrs. W. R. Combs and her sister Mr. and Mrs. James Jinks of Lefors, Mrs. Combs returned with the Rosser's for a several-days' visit.

Mr. and Mrs. Van Prince of Ft. Worth visited in the home of Mr. and Mrs. Don Crow Jr., and attended the christening of their son, Jim.

Mrs. Gordon Burrell and Jerry were in Dallas for the week end, and attended the wedding of Joann Thurman and Mr. Lon Owen Thomas Saturday evening.

CDR ROTOR

marvel scans the skies like radar to pull in better pictures on your set!

ROTATES AUTOMATICALLY to track down the best possible picture on every channel.

AIMS YOUR ANTENNA straight at the sending tower of the channel you want.

NO WONDER YOU HAVE TV TROUBLE with weak or snowy picture and "ghosts" on so many channels! Like most people, you're probably in a location where TV signals come from many directions—not just the one your antenna was set up to face.

WHAT TO DO ABOUT IT? Make your antenna work 3 or 4 times more efficiently and bring in the best possible picture from any direction. What you need is the TV marvel that causes your antenna to Circle and Detect like Radar—the CDR ROTOR. **EASY AS ONE-TWO-THREE!** Here's all you do to pull in clearer, sharper, stronger pictures:

1. Turn handy Skyweep Direction Selector on CDR's beautiful little Control Cabinet.
2. Rotor at the base of your roof-antenna turns in a complete circle till you see the picture clearer than ever before.
3. Lift your finger from the Selector and your antenna automatically locks in position.

Simple, isn't it? So why settle for half-way TV? Pull in all the channels your set is equipped to receive—with a thrifty CDR ROTOR.

READ WHAT ACTUAL USERS SAY!
Hundreds of thousands of CDR Rotors are now in use and in TV reception areas just like yours.

"MORE STATIONS, BETTER PICTURES. We have lots of company from far and near, and they all say we get more stations and have a better picture than they do. The CDR rotor can not be beat."
—Mrs. C. J. McGee, Anthony, Kansas

"STATIONS WE NEVER DREAMED OF GETTING come in clean and clear. We never received real pleasure out of TV till we got the new CDR ROTOR."
—Curtis Goss, Benton, Ill.

"SURROUNDED BY HIGH BUILDINGS. Even though my antenna is a very good one, I couldn't get a true, sharp image. Since installing a CDR ROTOR, my pictures are clearer, sharper, steadier. My set behaves like a brand new one, even though the nearest TV station is over 45 miles away."
—Melvin A. Moss, Flint, Mich.

Governor, Education Commissioner Compliment Future Farmers

Governor Price Daniel and Dr. J. W. Edgar, Commissioner of Education, complimented the 360,000 Texas Future Farmers today as the organization prepared to celebrate FFA Week in Texas February 21-28.

Bill McDowell, State FFA President, received the proclamation of his special week from Governor Daniel on behalf of the largest State FFA Association.

"The FFA is composed of boys who are studying vocational agriculture in the public schools in preparation for careers in farming, ranching, and related agricultural occupations. In studying the science of agriculture, the Future Farmers are striving to continuously improve this great industry for the welfare of all citizens," the Governor said.

Mr. and Mrs. C. J. Martin and Billy of Portales, N. M., spent the week end visiting their daughter, Mr. and Mrs. Bert Elliott.

Mr. and Mrs. Dick Evans and Sue spent the week end in Amarillo visiting Mr. and Mrs. Terry Evans.

Mr. and Mrs. D. T. Reed of Hereford and Mr. and Mrs. Billy Butler of Lamesa spent the week end with Mr. and Mrs. N. R. Boyce and J. B. Butler.

New idea for Lent!

Tempting Tuna Pizza!

Here's a brand new and really easy-to-make idea for Pizzal It's timely and sensationally delicious with Starkist Tuna as the meat! Starkist, along with hundreds of other nationally-advertised brands, is always available at low prices at Piggly Wiggly!

Hearty meal for 4 to 6 people Star-Kist TUNA PIZZA

A brand-new and really easy yeast-dough recipe for pizza. Timely, and sensationally delicious with Star-Kist Tuna as the "meat."

1 pkg. Fleischmann's Active Dry Yeast
1 cup warm (not hot) water—105° to 115°
1 pkg. Fleischmann's Active Dry Yeast
1/2 cup Bisquick
1/2 cup chopped onion
2 cups tomato sauce
8-oz. can mushrooms, sliced, sautéed in butter
8-oz. can Star-Kist Tuna, drained and flaked, salt and pepper to taste
2 1/2 cups grated Cheddar cheese
Oregano

9-oz. Family Size can may be used if desired.

Dissolve yeast in warm water. Add Bisquick. Beat vigorously. Turn dough onto Bisquick-dusted surface. Knead until smooth; about 20 times. Divide dough into 4 parts. Roll each part into a paper-thin circle about 12" in diameter. Place on ungreased baking sheets or in shallow piepan.

Filling: Mix onion, tomato sauce, mushrooms, Star-Kist Tuna, salt and pepper. Spread on dough. Sprinkle grated cheese over all. Sprinkle with oregano to desired taste. Heat oven to 425° (hot). Bake 15 to 20 minutes or until crust is brown and filling hot and bubbly. Serve immediately.

Easiest way yet to cut your pizza! Just use your kitchen shears.

Former Teacher In Local School System Dies

After being in failing health the last year, Miss Ora Kuykendall died Feb. 15, in Pasadena, Calif.

She was born in Brownwood to Mr. and Mrs. A. T. Kuykendall, former pioneer resident of Slaton. Miss Kuykendall was a teacher and for many years taught at the Sheldon Jackson Presbyterian Mission School at Sitka, Alaska.

For a number of years she was also served as Post Mistress here.

Since her retirement in 1946, she had made her home in the Teacher's Retreat at the Presbyterian Monte Vista Homes in Pasadena, Calif.

Trig Kuykendall of Lubbock is the only surviving brother. Three sisters and four brothers preceded her in death. Inman Allison of Roswell, N. M., Mrs. R. E. McReynolds of Amarillo, Mrs. N. R. Boyer of Marysville, Calif., and Mrs. Riley Wilson of Hobbs, N. M., are nephews and nieces of the deceased.

Funeral services were held in the St. John's Chapel at Monte Vista Grove with interment at the Mausoleum in Pasadena.

Pvt. Opal Willis spent the week end here with her mother and father, Mr. and Mrs. C. D. Willis. Pvt. Willis is stationed at Fort Sill, Okla.

STRENGTH FOR THE WEEK

The Devil's Cash Register

Just recently over a Lubbock Radio Station words to this effect were announced, "pay your poll taxes . . . there will definitely be a wet election in Lubbock this year . . . this is a paid political announcement." So we have the announcement by the liquor industry that they will seek one of the plums of America as far as a liquor market is concerned. This seems to mean that we will have another hot wet and dry election on the subject of alcohol, which we all regret.

I think three things need to be paid. First of all, anyone who says that wet communities are better places in which to live than are dry communities, is doing one of two things. He is expressing his ignorance of the facts involved, or he is revealing the fact that he is personally involved and would stand to profit economically, personally, or by his own desires by the community being wet.

Personally, I have lived in many communities — some of which were wet and some of which were dry, and I prefer beyond a doubt to live in a dry community.

Secondly, although we never fully control situations as exist in our own flats, those persons who are now participating in the business are an underground, criminal, and law-breaking element. They are not considered the first class citizens or upstanding members of our community. They are making their living off of the degradation of other living souls.

Thirdly, a person who is in a business that operates and makes its profit and exists off

of the ruination of human beings has no right to exist within the community, regardless of what that business might be.

There are two cash registers in the business of life. One is the devil's cash register; it is a busy machine these days. Investments in the devil's cash register exact a heavy toll. The interest compounds swiftly. Ten dollars for drunkenness, debauchery, and degradation, sets a pattern for future demands. Sin is a habit-forming disease. A ten dollar bill can buy a wedding ring, symbol of purity, or it can buy a night of shame which destroys one's ideals forever. The most destructive force on earth is the force of money in the hands of men without principle or character. The pages of history are crowded with stories of men who have invested their money in the devil's cash register and thus have gone into bankruptcy of the spirit. This is what the liquor industry would like us to do.

But in the business of life God, too, has a cash register. There is a future for men who invest in God's gilt-edged stocks.

J. J. Perkins, Wichita Falls, Texas, invests in the Perkins School of Theology at Dallas, and lifts the quality of ministerial effectiveness in our churches for generations. Leland Stanford invests in a great university in California and provides higher education for poor but ambitious young people on the West Coast. A. A. Hyde, mentholatum manufacturer, gives his major profits to foreign missions and gets interest on the investment decades after his death. Dr. Charles Mayo invests heavily in training promising young surgeons, and his work of healing becomes a merciful cash reaction.

Now, I ask you, which of these cash registers do you prefer to do business with? Which, do you suppose, those desiring to make our community wet, prefer?

Drinking and the liquor economy cause more problems of the human personality than any other social sin. From a humanitarian standpoint, or better still, from a christian viewpoint — how do you plan to vote?

Don't Fret If Sam Forgets Your Name

"Don't fret if that tax refund check from Uncle Sam doesn't

show your full name," says Ellis Campbell, Jr., District Director of Internal Revenue Service. Due to mechanical limitations on the high speed electronic machines now printing tax refund checks, only the taxpayer's

first initial of the given name, or names, is being used. In rare instances, where a taxpayer's surname is unusually long, one or more letters at the end of the surname may even be dropped.

The IRS representatives advise taxpayers to endorse their refund checks exactly as drawn. Then, if letters are omitted at the end of a surname, a second endorsement should be made showing the full surname.

Mercury's new beauty is planned for people...makes room for 6, not just 4!

Here's proof you needn't sacrifice comfort for beauty. Unlike most '59 cars, Mercury is beautifully built for roominess. For instance: the hump on the floor has been cut in half, giving the middle rider more leg room...and a thicker, softer cushion. Mercury has the roomiest passenger compartment of all. Has the widest doors. Has the most visibility. Yes, you're comfortably fixed...in a Mercury.
