EASTER SEAL BOY

Slaton's own Easter Seal Boy, Jay Frank Gray, son of Mr. and Mrs. Jay Gray, is a victim of cerebral palsy. Here, with aids available at the Lubbock Cerebral Palsy Treatment Center, he is improving his walking skill. The Easter Seal Drive here will be all day Saturday, under the direction of Mrs. Robert Hall Davis. High School girls will be located in local stores to solicit contributions to the drive. Mrs. Davis has urged Slaton residents to give as much as they can to aid children like Jay Frank Gray and others stricken with cerebral palsy. Half of the money raised Saturday will go to the Lubbock Cerebral Palsy Treatment Center.

Ordinance Passed, Exam Okayed By Commission

A new ordinance concerning the drinking of alcoholic beverages in a public place was passed on its first reading as an emergency measure by the Slaton City Commission Monday night.

The ordinance makes it an "offense against the public peace" to drink in existing liquors in a public place within the corporate limits of Slaton.

The term, "public place," is used to mean any public road, street, sidewalk, parkway or alley in Slaton, or on any public bus, in any public store, workshop, restaurant, cafe, public lobby of a hotel or rooming house, public theatre, picture show or any place at which people are assembled or to which

people commonly resort for purposes of business, amusement or other lawful purposes. The commission also authorized Chief Eugene Martin to hold an examination on April 9 for the purpose of naming a sergeant for the force.

The examination will be held at 9 a. m., April 9, in the chief's office.

Among the qualifications will be that the applicant have served

at least one year in the Slaton Police Department. The two highest scorers in the examination will be reviewed and a selection made. The review will be on fundamental police qualifications.

In other action, the city commission authorized the purchase of a siren to be used as an auxiliary fire siren and as a storm warning. More on this later.

Rites Held Tuesday For W. B. Hestand

W. B. Hestand, 84-year-old prominent former grocery wholesaler here, died last Sunday after about a year's illness.

Mr. Hestand, who was born in Heston, Ky., on Oct. 2, 1874, moved to Texas at the age of 14. He married the former Miss Nell King on Feb. 27, 1906, and the couple lived in Whitewright.

In 1924, they moved to Slaton and organized the Slaton Wholesale Grocery Company. The offices were later moved to Lubbock, where the Hestand-Kimbell Wholesale Grocery was formed. He served as president of this company until 1944, when he retired and later organized the present Hestand Wholesale Grocery here in 1947. He retired from this post on Dec. 31, 1954.

Funeral services were held in the First Methodist Church here at 3 p. m. Tuesday. The Rev. J. B. Sharp, pastor, officiated,

W. B. HESTAND ... dies Sunday

ed, and interment was in Englewood Cemetery under the direction of Williams Funeral Home. Masonic rites were held at the graveside.

Survivors include his wife; two daughters, Mrs. Van Stokes of Dallas and Miss Jo Hestand of Midland; and one granddaughter, Mrs. Leo Stubbs of Dallas.

Ten File For Places On Ballot In City Election Slated For April 7

A total of 10 persons have filed for places on the ballot in the April 7 City Election here. Three offices will be filled, that of Mayor and Commissioners for Wards one and three.

More interest has been expressed in this election than for most elections in the past, observers point out, and lively campaigns are expected to be waged by all candidates.

In the Mayor race, your ballot will list B. H. Bollinger, Clark

Self, Sr., and Jeff Custer, in that order.

Voters in Ward one will choose from a list of five, to be listed in this order on the ballot: Luther Gregory, W. C. (Dub) Williams, George Abare, John Berkley and L. O. Lemon.

In Ward three, the voters will choose between B. A. Hanna and C. L. Garrigues, who will be listed in that order on the ballot.

Voters in the other two wards in the city will have only the Mayorality race to vote in, but efforts will be made to see that

as many vote in the election as possibly can. Already, estimates of a turnout of 1,500 have been made and the intensive campaigns to be waged by the candidates could spur even more voters, depending upon the number of persons voting who hold exemptions.

Luther Gregory and L. O. Lemon filed for places in the ballot last week, before filing deadline came last Saturday. The Slatonite will carry statements from all the candidates who choose to make them in the future.

REVIVAL SERVICES SCHEDULED

Revival services are scheduled to begin at Trinity Evangelical Methodist Church Friday, March 13.

Services will be conducted each morning at 10 and each evening at 7:30. They are to be conducted in the new church building located at 700 S. 19th.

Rev. Olin Jones, missionary to the French-speaking people of the Louisiana bayou country, will be doing the preaching. Rev. Jones, a man of God who denounces sin, had experience in pastoral work before going to Louisiana five years ago. Everyone is invited to attend the services.

Let's Make The Best Of It...

Little has been said, and so far as the average Slatonite is concerned, little is known about when or exactly where the 4-lane highway that is bound to be built either through or around Slaton will be. Some predictions are for the near future, others that construction will not start or several years.

It seems to be self evident that when the road is built, that it will take off from where the four lane ends about a mile north of the city limits and go in most any direction.

Some people think that should a four lane highway be built around Slaton that the town would suffer a serious setback while others feel that the town gains little from people who sail through here without so much as stopping for a red light. The business sections of a lot of mighty good towns are not on a main highway and are very prosperous. Tulia, Canyon, Post and hundreds of others. In fact, it is probable that Slaton will be a safer, cleaner and a better looking town without all the rip-roaring traffic through its business area anyway.

Let's make Slaton so attractive, so prosperous, so nice to live in that the kind of folks we want to come here will do so regardless of the super-highway.

Pennies For Dollars...

As long as the people vote for candidates for office who seek votes by promising every increasing public expenditures instead of government economy, they have no one but themselves to blame if they are bled white by taxation.

Don't kick at your taxes if you vote for "free" hand-outs and tax-spending politicians — they take dollars from your earnings to give you pennies for your votes.

AFTERMATH OF GODLESSNESS

"FOR THE MIND THAT IS SET ON THE FLESH IS HOSTILE TO GOD; IT DOES NOT SUBMIT TO GODS LAW, INDEED IT CANNOT"
— ROM 8:7 (RSV)

The Sounding Board

(Editor's Note: A couple comments we just know you're going to like.)

Jerry Hollingsworth in The Winkler County News: A nattily dressed negro walked into J. M. Lippam's El Paso station last week and asked Lip what time the bus left for Hobbs.

Since Lip's station also serves as the bus depot in Kermit, the information was readily available. Lip picked up his timetable, glanced at it briefly and said, "It leaves here at 6:10 p. m."

"And what times does it get to Hobbs?"

Lip scanned the table again, located the time and said, "Well it should arrive in Hobbs about 6:10 p. m."

Thinking that everyone living in this area was familiar with the time zone difference, he didn't bother to explain that the bus would leave on Central Standard Time and arrive an hour later on Mountain Time.

The negro scratched his head for a minute, and asked, "How much is the fare?"

Lip looked down at his book again, and told him.

"Well, I got to get to Hobbs," the negro said. "But I want to go out in the car and check with my wife, first."

The man walked out, and Lip put his book back in place while he attended to some other business.

Several minutes later, the negro walked in again and came over to where Lip was seated.

"Let's see now," he said. "Didn't you say that the bus was going to leave here at 6:10 p. m.?"

"That's right," Lip answered. "And," the negro continued, "didn't you also tell me that it would arrive in Hobbs at 6:10 p. m.?"

Lip, becoming amused, answered, "You're right again."

The man scratched his head and looked thoughtful.

"Did you want to buy a ticket?" Lip asked him.

"No," the man said slowly, "I think I'll just go wait in my car and watch that debil take off."

Harold Hudson in The Ochiltree County Herald (Perryton): A folksy old saying is "The wheel that squeaks the loudest gets the grease" and this applies as well to local business as to any field of endeavor.

Every community has a number of penny-conscious shoppers who will travel from 25 to 100 miles in search of a bargain.

The Readers' Angle

Dear neighbor and friend, I believe this city has an opportunity to sponsor a very worthwhile civic project. Recently, the Jaycees requested worthwhile projects to support. The backing of the whole city will be needed to make a success of the one I have in mind.

I refer to the Boy Scout movement. We, a city of around 6,000, do not have a chartered Boy Scout troop nor a sponsor for one. We, I believe, can not look ourselves in the eye with much civic pride.

To me, it seems to indicate a lack of concern for the youth of our city. And we have only to look around us to see the need for such a youth program. Can you arouse the parents and clubs of our city in this matter?

Sincerely,
W. H. Eanes.

Dear Mr. Eanes, Believe me, you are not the only one who feels as you do about Boy Scouting in Slaton. Many others have expressed their minds in this matter, most of them with feelings similar to yours.

We do not feel that Scouting is the final answer to any juvenile problems. However, we are convinced, as many of your neighbors, that it is most surely a sincere step in the right direction. Also, it would seem that the Scout program deserves more support than it apparently gets in Slaton.

We commend your initiative, Mr. Eanes, and respect your motives in wanting to improve Scouting in Slaton. It is our responsibility to support worthy projects for the community; therefore, we endorse your efforts to increase interest in Scouting and will aid your cause.

A visitor to New Mexico was talking to a sun-browned native, and commented on the lack of rain. "Doesn't it EVER rain here?" the tourist asked.

The native thought a moment and said, "Mister, do you remember the story of Noah and the Ark, and how it rained 40 days and 40 nights?"

"Sure I do," said the tourist.

"Well, drawed the native, "we got a half-inch that time."

An Indian petitioned a judge of an Arizona court to give him a shorter name.

"What is your name now?" asked the judge.

"Chief Screeching Train Whistle," said the Indian.

"And to what do you wish it shortened?" asked the judge.

The Indian folded his arms majestically and grunted, "Toots."

Our name is short enough so we don't want to change it. All we want you to do is remember it pays to stop here for the always dependable Phillips "66" Gasoline and our perfect service—washing, lubrication and careful inspection.

MARCH TO CHURCH IN MARCH!

Christianity is a religion of happiness. Happiness comes from *being, doing and sharing*—not by getting and keeping.

Our nation was founded upon the ideals of the Christian religion. But there are forces at work which would destroy the very foundation of our faith, tear down the citadel of freedom and altogether consume our heritage of peace.

"Isms", schisms", pagan religions and godless governments form an unholy alliance with Satan, arch enemy of God and man.

These, with gluttonous appetites, feed mercilessly upon the peoples of the world. They look with passionate hunger upon America; upon our government, freedom of enterprise, schools, churches, homes, children—all that we hold dear!

Is this danger real? It is, indeed. Is there anything that you can do to ward off the danger? There is. *You, as one, can stand up for Christ and be counted!* You can join the millions who are on the march with Christ, the "Captain of our salvation" and the "Prince of Peace".

Next Lord's day, God's people will again assemble for spiritual replenishing and further preparation for world-wide spiritual conquest for Christ. Number yourself among them. Too much is at stake to be "A.W.O.L."!

"We wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places."
Ephesians 6:12

Teen Talk

By Karen Henry and Carol Rosser

Guess we know who counts in this school! The Democrats showed that in the elections held in American history class. (humm, how strange that Mrs. Brown happens to prefer that particular party also). There were vigorous campaign speeches and many promises made by both party candidates, but we'd like to know just how Danny Winn intends to keep all those extravagant promises (new farm machinery for all Texas farmers, indeed!). If you were like a lot of us this week-end, you went around thinking Friday was Saturday and Saturday was Sunday, etc. The reason for this is very obvious. No school (heh-heh) Friday. Tough break, wasn't it? We had a different type of assembly last week. Johnny Taylor and the Grasshoppers, (Don Edwards, Johnny Morris and Robert Keys) entertained us with some fine music!!! Juniors, get out your quill pens, parchment paper and berry root ink, or to be more practical, your typewriters, fountain pens, and index cards. Time waits for no student. Term themes are in the air so scurry you scholars.

Eleanor Gallegos, it's good to have you back in school. How do you like being in Coach Taylor's class again? The Treblettes are glad to see you again, we're sure.

In spite of the fact that Miss Texas was not able to be with the senior MYF from the First Methodist Church for lunch Sunday the twenty-eight who went to Underwood's had a real nice time.

Congratulations to June Johnson and Kathy Smith. Both came home from the FHA area meeting with honors. June was chosen to represent area 1 in the election of the national candidate nominee from Texas. Kathy took second place as a candidate for the state nominating committee.

There are many devices in a man's heart; nevertheless the counsel of the Lord—that shall stand.—(Proverbs 19: 21.)

When in all love and true humility, and conscious of our human frailty, we devoutly ask God the Father for guidance and help to do the good, the right and the wise. He will heed our prayer—if our hearts are clean and our motives unselfish.

OPTOMETRY: The Art and Science of Visual Care

Are YOU horse and buggy?

Some people still hold to Horse and Buggy ideas—even about their vision. Some think vision examinations are a simple 5-minute procedure. Actually it takes almost an hour, sometimes more, to make a complete visual examination. That's simply because the demands on vision today are totally different than 50 years ago.

An ethical optometrist always examines not only for present seeing problems, but for problems that might arise in the future. Preventive care is a fundamental part of any profession—especially OPTOMETRY.

forms, is being often expressed by legislators struggling to write tax bills to fill the yawning holes in the state's money supply.

People who come before the Legislature to oppose a money-raising proposal usually get a tart invitation to come up with a better one.

Opponents of a tobacco tax plan got short shift before the House Committee. "If you come criticizing, don't you think you should come up with some solution to the tax problem?" asked Rep. H. J. Blanchard of Lubbock.

Similarly, anyone who comes to push a money-spending bill is challenged to produce a money-making bill to match it.

Rep. Don Gladden of Fort Worth drew cheers from fellow House members when he criticized the approach of a teachers' letter writing campaign. Gladden said the teachers had been instructed to ask for higher pay but make no statement on what taxes they would favor.

Rocky Road— Overall, the tax picture is still "all shook up."

Rep. Jamie Clements' bill to remove the tax exemption on cigarettes sold on military bases was sent by the House Taxation Committee to Atty. Gen. Will Wilson. Question to Wilson is whether the state can collect a tax from a federal agency.

A proposed liquor tax hike suddenly gained redoubled potency when the sponsor, Rep. Pete LaValle tacked on an amendment that would legalize liquor-by-the-drink sales. Gov. Daniel, who had urged the original bill, promptly protested. Bill was sent to subcommittee for study.

House Appropriations Committee apparently is taking note of the Tax Committee's rocky road. It is reportedly doing some painful paring of spending requests.

Wide Open Field— Meanwhile, many more "little tax" ideas are swirling about. Most apparently are aimed at avoiding a bitter deadlock over a new "big tax."

Rep. Rufus Kilpatrick of Beaumont introduced a bill to tax gross receipts of scrap metal sales, and Rep. W. T. Oliver, Port Neches, a five per cent gross receipts tax on advertising sold by newspapers, radio and TV stations and bill-boards. Oliver also is said to be considering taxes on phonograph records and parking lots.

Other possibilities being discussed are (1) a 1.5 per cent general sales tax, exempting food, feed and fertilizer, by Rep. Frates Seeligion of San Antonio, (2) an across-the-board increase in the omnibus tax system which includes almost all present levies, (3) a registration fee for airplanes, similar to auto licensing.

Rep. Homer Koliba of Columbus said he would prefer to raise money through legalized liquor-by-the-drink and horse racing, heavily taxed, than by a general sales tax.

High-Voltage Issue— House State Affairs Committee will take on a supercharged issue March 16—the long struggle between private utilities and REA co-ops.

REAs are seeking a law that would assure their being able to continue to operate in a one-acre area after it is annexed by a city. Under the measure sponsored by Rep. Alonzo Jamison of Denton, the co-ops could serve old customers and recruit new ones for a period of 10 years. After this, a municipal franchise would be required.

Private power companies, offering stiff opposition, say the non-tax-paying co-ops want to spread through the cities, socialize the power industry. Co-ops retort they are the ones being swallowed up—by spreading cities.

Re-Organization Asked— A bill has been introduced to reorganize the State Insurance Department, which was reorganized by the Legislature two

years ago. Rep. George Cook's measure would set up a part-time board of nine members familiar with the insurance field.

Cook indicated the proposal was in answer to complaints that the present three-member board (1) does not represent industry and (2) serves full-time, contrary to "legislative intent."

Keeping The Sabbath— Sunday beer buying seems likely to continue, but not Sunday auto buying.

A bill to ban beer sales on Sunday and after 10 p. m. on weekdays has been sent to an unfriendly House subcommittee. A spokesman for "drys" irritat-

ed committee members from beer-drinking areas by implying use of beer "separated the saved from the unsaved."

Senate Transportation Committee approved the ban of Sunday auto sales, after dealers presented a solid front of support. Only opponents were representatives of Seventh Day Adventists, who observe Saturday as their day of worship.

College Expansion Okayed— Elevation of two junior colleges — Arlington State and John Tarleton — to full four-year status has been approved by the House.

Economy advocates protested that "we have 16 fully support-

ed state four-year colleges now — more than any other state."

But supporters replied that no additional appropriation would be needed immediately.

"Little Hoover" Bill— Creation of a state commission to conduct an efficiency study—similar to the Hoover Commission for federal government — has gained House approval.

Rep. Dick Cory of Victoria, sponsor, pointed out that the Hoover Commission resulted in a seven billion dollar savings in its first year.

\$100,000 it would cost would be regained many times.

Commission would be made up

of one senator, one representative and ten persons from private life.

TIRED OF BEING "ALL SHOOK UP" IN THE CENTER SEAT? Other cars make the tunnel so big there's almost no room for cushioning. The ride is hard, bouncy. See the difference in Mercury.

TIRED OF SITTING WITH YOUR KNEES UNDER YOUR CHIN! In other cars the tunnel "hump" is bigger than ever. But Mercury actually cut the hump in half! See how much more leg room there is for the man in the middle. And see (right) how Mercury pulls knee-cracking corner posts back out of your way.

MERCURY GIVES YOU MORE CUSHIONING, COMFORT AND ROOM THAN ANY CAR IN ITS FIELD

Here's how: Mercury, alone in its field, has a body designed for just one car. Other manufacturers give you—even on cars priced into Mercury's class—the very same body used on their lowest priced makes. That's why Mercury alone can cut the center hump in half, widen the door openings 4 inches, add 9 inches more knee room, provide unequalled 6-passenger visibility and comfort all around. Come on in. You'll see!

In Texas... **Ford is the best buy...**

...and it's the "best-looker" too

Trust Texans to choose the one new car that's beautifully sensible

This year, with a wide choice of designs, Texans have made their minds up overwhelmingly for the spectacular '59 Ford. Ford has the classic simplicity that people of good taste prefer... wonderfully crisp and clean lines without brassy ostentation. And just see how sensible this beauty really is. Discover how Ford is built for people. Notice how the extra-wide doors open all the way out... make it easier to enter. See how all six passengers—even the man in the middle—have the comfort of

full-depth cushions. There's plenty of leg, hip and head room, too. Of course, every inch of every Ford is built for savings. Ford's standard engines, Six or Thunderbird V-8, thrive on regular gas, saving you up to \$1.00 per tankful. Ford's new aluminum muffler is built for double life. You can save on oil, too... for Ford needs a change only each 4000 miles. And Ford's Diamond Lustre Finish never needs waxing. With all this new beauty and economy, is it any wonder Ford's

out front for '59? Come see the car acclaimed by Texans... now on display at your Ford Dealer's.

For the most beautiful news of all, come in and check Ford's amazingly low price... the lowest price of the top-selling three. And check the cost of accessories, too. You'll find the savings are even bigger!

ANN AYERS looks pretty and beautiful in this "Lil Aress" dress she modeled for Wheelers Department Store in the "Flight into Fashion" style show held at the High School Auditorium Monday night.

ANN HADDOCK modeled a floral print with long torso and a fitted front in the style show. The dress, from Anthony's, had a low neckline with tiny covered buttons at the cummerbund. A large bow accented the back of the dress and she wore black accessories.

A COUPLA' CUTIES

Jane, left, and Ann Webb modeled for their father in the style show Monday night. Jane wore a yellow and white satin affair which had straps set together with white hem stitching. The cap sleeves were just right for a bright summer day and the round collar had just the right touch. She wore white accessories. Ann modeled a brown and white check dress which gave the effect of a pinafore. It opened in the back and had a white sash. The dress was trimmed in dark brown and she wore white accessories.

STRENGTH FOR THE WEEK

SECURITY

One of the things most sought after these days is a sense of security, or a feeling that one can be able to cope with any circumstance. Frequently this takes the form of trying to accumulate enough of the wealth of this world, so that in old age, or some crippling event, or continued ill health, that individual may not be dependent upon charity. Doubtless no one would question the wisdom of making provision for such emergencies, but would even advise and encourage every one to make such provision.

However, there is another kind of security which is far more valuable. Our Lord mentions this kind of security in his Sermon on the Mount when he said: "Do not lay up for yourselves treasures on earth, where moth and rust consume and where thieves break through and steal, but lay up for yourselves treasures in heaven, where neither moth nor rust consume and where thieves do not break through and steal. For where your treasure is, there will your heart be also." Jesus is simply saying, here, that if our feeling of security lies in those things, which in themselves are not secure, then we have no real security.

There is a little jingle which most of learned in our school days which illustrates how simply, and how quickly that in which we trusted to make us secure can be lost. It goes like this:

For want of a nail the shoe was lost,
For want of the shoe the rider was lost,
For want of the rider the battle was lost,
For want of the battle the Kingdom was lost,
And all for the want of a shodshoe nail.

Many centuries ago, King David wrote a Hebrew poem, which gives expression to another, and far better kind of security. The words are familiar to a great host of people, but are worthy of repetition in this connection. They are recorded in Psalm 23 in the Bible.

The Lord is my shepherd,
I shall not want;
He makes me lie down in green pastures,
He leads me beside still waters, he restores my soul.
He leads me in the paths of righteousness for his name's sake.
Even though I walk in the valley of the shadow of death,
I will fear no evil; for thou art with me;
Thy rod and thy staff, they comfort me.
Thou preparest a table before me in the presence of my enemies;
Thou anointest my head with oil, my cup overflows.
Surely goodness and mercy shall follow me all the days of my life;
And I shall dwell in the

CARD OF THANKS

I want to thank every one who was so nice while I was in the hospital and since I came home. For the beautiful flowers, lovely gifts, food, cards, telephone calls and visits, I thank you very much. Also, everyone who was so good to our grandson Cliff King, who had the misfortune of breaking his little polio leg. We are very grateful to you. May the Lord bless each of you.
Mrs. Clifford Young.

Mrs. Earl Green and son of Lubbock visited Mr. and Mrs. Bill Green, Sunday.

house of the Lord for ever.
Such security is not based upon a horseshoe nail, or any other perishable thing, but upon an abiding faith in the eternal God, who word never fails.
Many thousands of people have known this security in the face of all kinds of adverse circumstances, and it is a security which may be ours, today.
Clarence N. Wylie.
