Times To Try Men's Souls . . .

A patriot of the Revolutionary war once said "These are times that try men's souls" and the same thoughts have been repeated in different words in most every generation. These are times today that "try men's souls" just as they were then and there probably never will be times that do not do the same.

Individual, business and civic problems are placed before us every day and how these problems are considered will control the future of each one of us as well as the development of Slaton and to a very small degree, the future of Texas and the nation.

It was a very good sign that Slaton had one of the heaviest votes in it's history in the last City election, especially when this is an off-year when some people are tempted to skip paying poll taxes. It proves that the people of Slaton are alive to what is going on around them and that they are interested in the town's general welfare.

Several business men have made the suggestion that some plans should be made for the possible development in this area of big cattle feeding plants similar to those that have been constructed on the outskirts of Lubbock and Plainview. There are certain advantages in having such industries and there are other features, such as pollution of the air, that are not so good. Should restriction be planned as soon as possible or should such plants be allowed to locate where they please? There were rumors that a big one might be established just north of Slaton. Should such a plant be encouraged to come this way or should some plans be made to head it off?

If Slaton is to grow, some plans should be developed to take care of increased sewage, water and other public facilities; it would be less costly now than in the future.

Truly these are times that try men's souls not only from a personal point of view but from the commercial, state and national and a few steps in the right direction would be a big help in the future. But what is the right direction? It seems that we are floundering as usual, but things have always adjusted themselves. Let's not worry too much, it may be a long time before the atom bombs fall. Let's enjoy Slaton as it is today.

A. M. J.

WISE CRACKS

They say that in a small town, folks will sympathize with you in trouble; and if you haven't any trouble, they'll hunt some up for you.

Macaulay said: "The measure of a man's character is what he would do if he knew he would never be found out."

John Barrymore said: "Contentment is never found by hunting for it. It just sneaks in through a door you didn't know you left open."

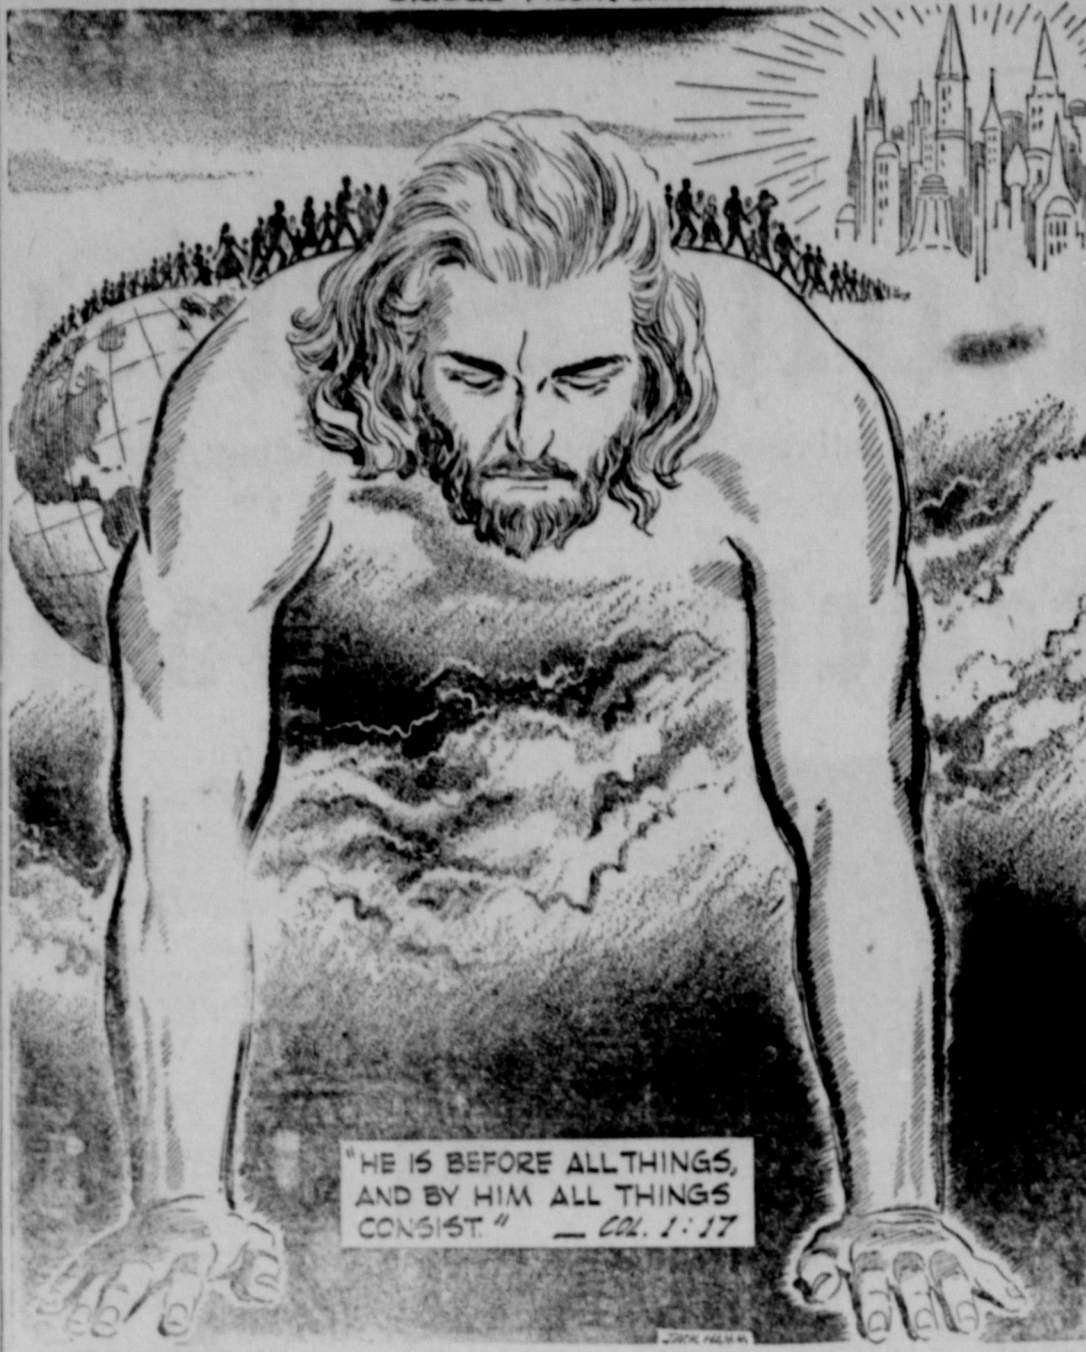

J. G. Holland said: "Music is a thing of the soul—a rose-lipped shell that murmurs of the eternal sea—a strange bird singing the song of another shore."

Will Rogers once met his match in a class of good natured ribbing with the late Chauncey Depew. The old Senator was watching Will perform in the "Pollies" in New York City, when Will spied him, and, as was his habit, called the attention of the audience to the veteran wit who had been entertaining Americans for all his 91 years. Mr. Depew rose, and admitted that he had been trying to make people laugh for a mighty long time, and that, unlike some people he knew, he had never had to use a lasso to hold their attention. The audience howled.

An authoress of some note in her day once asked a famous editor to give his opinion of something she had just written, and which she proposed publishing. She wrote the editor:

"If this work is not up to the mark, please tell me so, for I have other irons in the fire."
He sent the manuscript back with this short note:
"Madam, I suggest you put this book with your other irons."

BRIDGE FROM EARTH

"HE IS BEFORE ALL THINGS, AND BY HIM ALL THINGS CONSIST." — Col. 1: 17

This Week in AUSTIN

by Senator Preston Smith

The voters of Texas may be called upon in the near future to say whether or not some important changes should be made in the Texas Constitution.

Currently dedicated to the task of beginning a serious study of our Constitution is a group of 18 men and women who believe the Constitution of 1876 should be given a general overhauling.

In the years since it was adopted in 1876, following a constitutional convention, this basic law of the state has been patched and cluttered, the committee said.

It more resembles grandma's often revised and continuously built-up cook book, filled with inserts on new ways to bake, fry and stew.

Dean Robert G. Stora, SMU law school, chairman of the citizens advisory committee authorized by the 55th Legislature simply refers to the extraneous matter in the Constitution as "deadwood."

Two years ago the Legislature approved a resolution establishing the advisory committee composed of six appointees of the governor, lieutenant governor and the speaker of the House. The resolution in effect gives the advisory group the status of "watchdog" to keep things moving. The task of a four year research and study of the Constitution was turned over to the Texas Legislative Council.

But lack of funds halted the study. In the interim the citizens advisory committee, with no financial assistance, has prepared a report to the Legislature to this effect: "The committee is concerned by the extent to which the Constitution contains hollow phrases, defective provisions and creakingly antiquated policies, most of which involve no true class of principals. To a surprising degree the Constitution embodies sections that have been preserved not because they reflect the current conviction of some determined element of the public, but for no better reason than that nobody has bothered to remove them after they had served their original purpose."

graduate of Slaton High School and a 1958 graduate of West Texas State College. He is a member of Alpha Sigma Xi fraternity.

Mr. and Mrs. H. E. Anderson and Nancy went to San Angelo over the week-end on business.

Robert Daphney of Spur visited in the home of Mrs. L. L. Lively.

The Sounding Board

Editor's Note: Education and Inflation has Weekly editors indignant. Here's what they have to say:

The Four County Times is in a fitzy about automobiles and High School students:

Here is a little item we read a few days ago in the Interscholastic Leaguer, the official paper of the Texas Interscholastic League, and this week it was called to our attention again by a local merchant.

Automobile Afterthoughts
What happens when a high school student is permitted to buy, or is given an automobile? His grades take an immediate nosedive, says William Condit, a principal in the Belmont Los Angeles high school.

He quoted in a recent associated Press news story that high schoolers are "joy riding right out of an education — a teenager's stock with the girls may go up when a boy gets a car, but his marks will go down." This Idaho study was cited as typical:

Not a single Straight-A student questioned owned a car. Only 15% of the B students owned a car.

But 41% of the C students and 71 percent of the D students were car owners.

And what of the failing students? A whopping 80% owned cars. Perhaps students' ownership of automobiles is not within the realm of administration authority, but these factors certainly provide some food for thought for all educators and most certainly should be called to the attention of parents.

SOUNDING BOARD
According to the Big Bend Sentinel the BIG Question is: Have you ever wondered what is the question most often asked by tourists when confronted with scenic wonders like the Grand Canyon, Niagara Falls, Big Bend Park, etc.? This is it: "Where's the rest room?"

SOUNDING BOARD
The Dublin Progress reports Drug Manufacturers Ethics High: At a recent meeting of the Wayne County Medical Society, which includes the city of Detroit, a doctor paid high tribute to one of this country's leading pharmaceutical companies.

The reason for the tribute is a new anti-rabies vaccine developed after seven years of work and research, conducted at great expense. The old Pasteur treatment, valuable as it was, would on occasion produce terrible side effects. Sometimes these resulted in death. Even though the patient survived, he might be a mental and physical wreck all his life.

The new vaccine is safe, and eliminates hazards to the brain and central nervous system. It is this a milestone in medical progress. Yet, as the doctor observed, the company probably never will recover the expense of producing it, because of the rarity of rabies.

To quote him directly, "This is pharmaceutical ethics, business ethics, medical ethics at its highest."

Our Men In Service

*Optional extra cost on Fiesta models. Dual exhaust system illustrated also optional.

No matter what you have seen in station wagons before, we're sure you'll be delighted with the all-new Oldsmobile Fiesta. Here is the most beautiful blending of style, comfort and utility you've ever known. It's roomier inside than ever before. Rear seats can be changed into cargo carrying space at the touch of a finger—and back again in an instant. Olds engineers eliminated the lift gate for '59 . . . the rear window slips neatly into the tailgate.

What's more, for extra protection, long-lasting vinyl in a wide range of colors covers all hard-wear areas . . . while passenger areas are as tastefully designed as an Oldsmobile sedan! There are so many new and different things about the Fiesta, you'll want to try them all . . . and this is the time to start!

TEXAS PRESS ASSOCIATION

AUSTIN—With just about three weeks left in the regular session, legislators will be under such pressure—to do many things and do them fast.

Each day that passes without agreement on financial matters tightens the possibility of a special session as soon as this month ends.

Many measures will be traded under or pushed aside until the end of the session.

made this session, the huge "something for everybody" omnibus tax bill recommended by the House Tax Committee brought howls of protest.

It would raise an estimated \$151,000,000 a year by raising some old taxes and placing new taxes on hundreds of items. Tabbed for increases are natural gas, motor vehicles, cigarettes, liquor, wine, beer licenses.

New targets include hotel rooms, restaurant meals, cigars, chewing tobacco, snuff, aircraft and auto parts, dozens of luxury items (jewelry, furs, cameras, watches, silver, etc.), radio and TV parts, business machines,

commercial rentals, club dues, construction materials, dance studios, reducing salons.

Officially, the bill is known as the Tax Committee substitute for H.B. 727. Unofficially, it's called a lot of other things.

House members showed no more eagerness to rally behind this broad-based approach than they had for Gov. Price Daniel's less "spread out" plan.

Give Little, Take Little—

Two appropriations bills of varying sizes have been passed by the House and Senate. Differences will be adjusted by a conference committee of members from the two houses.

Both bills call for spending nearly \$2,500,000,000 during the next two years. House bills are slightly larger. It calls for approximately \$333,000,000 from general revenue. Senate would spend only \$307,000,000 in general revenue.

To satisfy both houses, the conference committee will try to reach a compromise between these two figures. However it's worked out, it's already clear that spending will considerably exceed the \$281,000,000 spent from general fund for 1958-59.

Rough Sledging—

Governor Daniel's "abandoned property act" barely squeaked by its first test on the House floor by a 71-69 vote.

Measure would allow the state to take over money and property unclaimed for seven years or more. Estimates of how much it would bring in immediately ranged from \$20,000,000 to \$50,000,000.

Many bankers fear such a law would cause people to be afraid to put their money in banks and decide to stick it in a sock instead.

Backers of the measure say the banks and other businesses are holding and getting the benefit of property that does not belong to them, should be used to benefit all the people.

Co-Op Bill Shunted Aside—

A bill to allow rural electric coops more "elbow room" has been sent to the Attorney General for an opinion.

Rep. Alonzo Jamison of Denton, sponsor, protested to the House State Affairs Committee that this would kill the bill. This late in the session, delay is usually fatal.

Highly controversial, the bill would allow coops to add new customers after the area of their lines is annexed to a city.

Advertising Bill Advances—

A state-financed advertising program for Texas moved close to final enactment despite heated opposition from an advertising man in the Senate.

Proposed bill would create the Texas Development Board to supervise tourist advertising by the Highway Department and industry advertising by the Texas Industrial Commission.

Sen. George Parkhouse, an advertising man from Dallas, objected, not to the idea of state advertising, but to the way it would be handled. He declared the suggested \$100,000 appropriation would be wasted.

But the bill gained final approval in the Senate and next-to-final passage in the House.

Fire-Police Bill Gains—

A shorter work week for many city firemen and policemen is near to legislative approval.

Senate has passed the bill finally, and a House committee has recommended passage.

Bill limits firemen's working hours to 72 in cities of 10,000 to 60,000 population, 63 hours in cities of 60,000 to 125,000 and 60 hours for all larger than 125,000.

3000. Policemen would work the same hours as other city employees.

City officials have protested the measure would raise local expenses and aggravate an already acute revenue-raising problem.

Texas Derby?—

Not given much chance of passing, but exciting some interest is a proposal to legalize horse racing and betting in Texas.

Rep. Homer Koliba of Columbus introduced the measure which was sent to a House subcommittee. Thoroughbred horse breeders pointed out that legalized pari-mutual betting could bring in a lot of tax money.

Opponents, including Dr. W. R. White, president of Baylor University, charged it would bring on crime, poverty and immorality.

Pari-mutual betting was outlawed in Texas in the thirties, but proposals to return it come up frequently, always giving rise to lively legislative debate.

Short Shorts—

A youth vs. age battle was abandoned when the House failed to give enough votes to a proposed constitutional amendment to raise minimum age for Senators from 26 to 30, House members from 21 to 25. Opponents countered with a measure to set maximum age for legislators at 60. Guards are needed by the Texas Department of Corrections, according to Director O. B. Ellis. Men interested in permanent employment by the department should contact J. F. Heard, assistant director in charge of business and custody, Box 32, Huntsville.

Around and About Slaton

Slaton Doctors report that they have treated more people for severe colds within the last month than at any time within their experience. The colds seem to have affected throats and sinuses.

As is usual this time of the year the purple Phlox at Mrs. W. C. Church, on West Garza St., has been most attractive. For some reason Mrs. Church's Phlox seems to do better than most Phlox. Could be Mrs. Church takes better care of her garden than most folks.

Mrs. Church is an experienced and successful gardener and says that most West Texans rush out to plant flower and vegetable seed too early. A lot of the seed will rot before the ground gets warm enough for the seed to sprout. If you wait until the first or middle of May most seed will develop faster than it would if you plant it now even if it comes up.

The long range weather prediction is that this section will have considerably more than normal moisture and have lower temperatures for the next thirty days. Just as most of the farmers predicted it is going to be too wet to plant cotton when the right time comes. Let's all start moaning and groaning.

It seems to do little or no good to warn people about the dangers involved in driving an automobile or of getting in the path of one but just the same some one might take notice to the fact that there will be more activity around the public schools for the next few weeks than is normal and normal is plenty confusing. Give the kids a fair chance of growing up and slow down, especially when you drive near a school.

If your lawn has spots of dead grass and the ground feels spongy under your feet dig down a little ways and you can tell whether the ground is over infested with grub worms, if so better spread some poison or you'll have a sorry lawn until the grubs go into the adult stage and make June Bugs. If you do

spread poison better soak the ground good afterwards or the poison will kill your lawn leader than the worms will.

Visitors from South Texas report that the Bluebonnets have been particularly beautiful around Austin this season. Since little else will grow on those lime stone hills they grow Bluebonnets. Wait until the cotton turns white out here and we can go out and count the green backs fluttering in the fall breeze, and our part of the state will look prettier than South Texas does now.

Watch next weeks Slatonite for further unimportant observations.

The Average Baseball Fan Won't Know These Facts About The Game

Any baseball fan can tell you the number of home runs Mickey Mantle belted last year or the salary of Ted Williams. But can he tell you who wore the first baseball glove? Or what player was the first to catch a ball dropped from the Washington Monument?

Statistics will be flying thick and fast now that the baseball season is here. But for those who really want to impress their wives or girl friends, here are some baseball facts, compiled by the research department of The World Book Encyclopedia.

The first clash between a player and his arch-enemy—the umpire—occurred June 19, 1846, when the Knickerbocker Club of New York played the New York Baseball Club at Elysian Fields in Hoboken, N. J. A player named Davis was fined six cents for cursing. The umpire was Alexander Cartwright, a leading player for the Knicks, who had chosen to umpire instead.

That game was also the first instance of team baseball as we know it. The New York club won 23 to 1 after four innings.

The Knickerbocker Club, formed in 1845, was the first regular baseball organization. And in their third season, the members donned blue and white uniforms to become the first team uniformly outfitted.

A breach of baseball etiquette made Al Reach the first paid ball player. In 1864, he was considered unethical for a player to "jump" from one team to another. Reach, however, deserted the Brooklyn Athletics when he was offered money by the Philadelphia Athletics.

Five years later, the Cincinnati Red Stockings turned professional and became the first salaried team.

In those days, baseball was far from the gentlemanly game the Knickerbockers had played. A player might leave the field bleeding or unconscious after stopping a fast ball, but he refused to baby himself by wearing protective equipment.

In 1875, however, Charles

Waite, first baseman for Boston put on a glove—flesh-colored, so the fans wouldn't notice it. A. G. Spalding finally wore a dark brown glove, adding stuffing to it a little at a time.

The first catcher's mask was developed in 1878 for a Harvard player who preferred being called a sissy to have his fine Barrymore profile smashed.

Still wondering about the Washington Monument? Well, Billy "Pop" Schriver of a Chicago

Chevy slices gasoline costs by 20% on hot bakery delivery job!

UNIVAC DELIVERS THE PROOF!

The Southern Bakeries Company uses a Univac Computer to be sure of top economy. The machine offers proof that Chevy delivers 20% better fuel economy than any other trucks in their fleet.

Delivering fresh bread daily to millions of consumers, the Southern Bakeries Co. of Atlanta makes stern demands on its trucks. And, according to the Company's Univac machine, the Chevrolets in the fleet are delivering 2.1 more miles per gallon than the other makes—out-saving 'em all by 20%!

Chevy's a born dollar-saver, whether hopping to it on hurry-up chores or hauling heavyweight loads on long, hard grinds. Everything these trucks offer is aimed at fattening your pocketbook. New versions of famous 6's nurse a gallon of gas like nothing you've ever known in trucks. Big, tough V8's for every truck series have the shortest stroke design—the savingest design—of any comparable engines. Durable chassis components hike up profits by holding down maintenance costs.

Whatever you do, you'll do it at less expense with a Chevrolet light-, medium- or heavy-duty truck. See your nearby Chevrolet dealer soon!

No job's too tough for a Chevrolet truck!

For a "Spring Sales Spectacular" deal see your local authorized Chevrolet dealer!

bert Kliten, player agent; Dr. Don Hatchett, baseball commissioner; Leonard Hart, equipment man; Mrs. Troy Pickens and Mrs. Frances Sargent, score keepers; Boy Ayers, Alex Bednarz, Ray Kitten and Chester Williams, field committee.

Managers and coaches for the year include: Yankees, "Doc" Reasoner, manager, Joe Schmalz, coach; Tigers, Cline Cooper, manager; Giants, Otis Neill, manager, D. W. Walston, coach; Indians, Len Perdue, manager; Dodgers, Curley Norris, manager; Bob Fondy, coach; Cards, Bill Mosely, manager. These are the major league teams.

In the minor league, managers and coaches will be: Dodgers, Joe Fondy, manager and L. Baird, coach; Yanks, "Doc" Southerland, manager, D. N. Hixon, coach; Giants, J. E. Eckert, manager, Troy Pickens, coach; Indians, Frank Chapple, manager; Cards, Paul Brasfield, manager, and Tigers, L. N. Foster, manager.

All these work for Little League free of charge, contributing their time to the game and youths.

Sponsoring a Little League team now costs only \$400 for three years as compared to the former cost of \$600 for three years. Now, the sponsors buy only the uniforms, paying for them and the cost of lettering. The league is asking individuals or companies, to sponsor the individual players at the nominal cost of \$10 per year. This cost takes care of the remainder of the player's needs in addition to the uniform.

The hat-passing which will be done at the games will be done to raise money for tournament play and field maintenance. The league has now on order four portable steel bleachers, with the possibility of their cost to be paid by three organizations.

On May 8th, player assignments will be announced, at which time at least one parent of each boy to play is required

Happy Birthday

April 17: Mrs. Florence Buck, Mrs. T. A. Worley, R. F. Stansell, Mrs. B. C. Martin.
 April 18: Rudy Schwertner, Larry Heinrich, Scott Loke, Ft. Worth.
 April 19: Jimmy Lee Lowery, Lynn Swanner, Mrs. Ona Ray, C. L. Newcomb, Merdith G. Harper, Perry Schilling.
 April 20: Neston Kitten, Joe Lester, Janet Kitten, Mrs. H. H. White.
 April 21: Mrs. James Caldwell, J. D. Barry, Diane Martin, Walter Denzer, Judy Marie Denzer.
 April 22: Mrs. Ben Sokoll, Mrs. Gordon Burrell, Albert Dee Walston, Francis Grabber, Mrs. E. L. Norris.
 April 23: Rebecca Walson, Mrs. Ed Macker, Judy Schwartz, Judy Dawson, Mrs. Barney Wil-

son, Jackie Pearson.
 April 24: T. R. Joines, Jill Scott, Peggy Glass, Littlefield, C. C. Wicker.
 April 25: Doris Price, Jerry Lemon, Mrs. Roy Parks, Mrs. K. W. Campbell, Mrs. J. C. Smith, Jr., Clyde McGinley, Deborah Scott, Danny Scott, B. C. Martin, W. A. Fields.
 April 26: Mrs. Joe Teague, III, Mrs. Bert Hastings, Marilyn McSween.
 April 27: Mark and Carol Todd, Joyce Kitten, Judy Fondy, Bob Lambert, Victor Huser, Mrs. Mary Stolle, Eddie Gravel.
 April 28: Doris Kitten, Mrs. L. O. Lemon, Joel Neugebauer, O. H. Heinrich, Nancy McSween, Nancie Lou Walton, Judy Lain, Lindie Grigsby, Paulette Dowell.
 April 29: Charles White, Mrs. Floyd Kitchens, H. L. Moore, Robert Kahlich, Charles Norwood, Mrs. W. L. Locke.
 April 30: J. B. Brooks, O. C. Owens, Sharon Boyd.
 Mr. and Mrs. J. S. Avert went to Muleshoe recently with Mr. and Mrs. John Berkley and Gene to visit Mrs. Avert and Mrs. Berkley's sister, Mrs. Elmer Gollehon.

ELECTRIC HEATING

HIGH IN COMFORT

Luxurious warming comfort — the kind an electric blanket gives you — is what you get from electric heating — a gentle warmth that makes you feel, oh, so cozy.

It's rather amazing to some people that you can get such gentle, safe warmth from electric heating for so little cost — but, it's true. A typical electric wall heater, for example, operates for less than 3c an hour and for completely electric house heating there's a new, even lower, heating rate.

LOW IN COST

For cost details and full information, see your Public Service manager — he's got the facts.

IS THE BIBLE IN YOUR HOME?

WHY THE smiles here? Did daddy ask a question that no one could answer? Or did Johnny say something that caused a bit of mirth? The point is that the entire family has a part in "Bible discussion", and the moments spent in "Daily Devotion" are happy and wholesome.

DO YOU know that the Bible is interesting? Note how Johnny leans forward in eagerness as Daddy reads from the *one* Book which contains the answer to every question and problem of life. No wonder that a king once said, "Thy word is a lamp unto my feet and a light unto my path", and no wonder that this king, by God's guidance, was great.

PRESENTLY, THERE comes the all-important moment when every head and every heart is reverently bowed and each prays a sentence prayer or two, and all dedicate their lives anew "this day" to God and His perfect will. Then, everybody is "off to school and off to work," and there is wisdom and strength for all the day.

IS IT surprising that from this home already have gone two sons and a daughter, each of whom are "away at school", not "getting an education" merely, but preparing for the work to which God has called them?

Many are the homes in America that need to make sure that the Bible is not in the house only, but in the *home!*

Mother, father, son, daughter, won't you do *your* part to see that it is in *your* home? The time to do it is *now!*

"In all thy ways acknowledge Him, and He shall direct thy paths." Proverbs 36

Above are members of the Harry Pennell family. From left to right, the father, Harry; son Johnny; Mrs. Pennell, Wynann, and June. The two sons and daughter away at school are Tommy, studying for the ministry; Jimmy, preparing to be a medical missionary; and Joyce, who also is preparing for special service. The Pennells live at 1715 E. 32nd, Austin, Texas. They modestly permitted these "camera glimpses", which are typical of their daily family worship over a period of 25 years, with the hope that it might be an inspiration for other homes.

Brother Of Slaton Man Dies In Cave-In

T. C. Barnes was called Monday night to Cushman, Arkansas because of the death of his brother, Verner Barnes, who was killed in the manganese ore mines near there.

Verner Barnes died in a Batesville, Ark. hospital at 6:30, some four hours after a cave-in

in an open pit mine injured him. Barnes suffered a fractured arm and leg and possible internal injuries, hospital attendants said.

Barnes had been in the mining business about 35 years and was also a farmer and stockman.

Mrs. Cavenar is visiting her sisters in McLean and Altus, Oklahoma.

Mr. and Mrs. John Locke are in San Antonio this week for a medical convention and to visit with Dr. Locke's parents, Mr. and Mrs. Will Locke.

STRENGTH FOR THE WEEK

Every now and then I read of a "self-made man." Though I think I know what is meant by the statement, I think it is an unfortunate term. One cannot help but look with admiration to the man or woman who, through hard work and determination, makes a go of it when it seems as though things are impossible.

But at the same time can we say they have no help?

First consider the fact that we have the privilege to strive to make our mark in the world is due to many things. Our mothers went through the jaws of death to bring us into the world. Conditions we found did not just happen. The unselfishness on the part of countless others made it possible for us to get the right kind of start in life. Our teachers, etc.

We were born into a country

that had been won for the sake of freedom through the sweat and tears of those who came before us. Sacrificing much for a life with freedom of worship and the chance for a better life the wilds were conquered and we have the opportunity to live and move ever forward to the goals we must set.

The freedom we enjoy today is kept secure by those around us. Battlefields around the world are red with the blood of thousands who gave their lives to protect us. This resulted in broken hearts of mothers and wives whose loved ones did not return. Each of these had a part in the success of any "self made man." Though a man reach the heights in any field, credit is due to more than can be counted.

Then we owe all to another. God Himself. All that we are or

The Slaton, Tex., Slatonite Thursday, April 23, 1959

shall be. It is from Him that we received the breath of life. Our knowledge, our health, our all is a gift from Him.

Apart from life itself, let us consider something else. That is the promise of eternal life. That sure hope for the redeemed was made possible by the Lord Jesus Christ.

The freedom we enjoy in our churches today cost countless thousands their lifeblood for taking a stand for Jesus Christ.

Evil forces of all ages have strived, but in vain, to hush the voice of the church of our Lord. "Why do the heathen rage?" Said an inspired prophet. Persecution did not stop the forward movement of the believers in Christ. It was used by the Lord to help spread the truth of the gospel to the world that is lost in darkness and sin. So in the field of religion as well as in any other field we owe much to those who work with us and to those who have gone before us.

A "self made man"? No. Each of us owe much of the success we have achieved to others. Let us give credit where credit is due. Out greatest gratitude and praise should be directed to our Lord. "Oh that men would praise the Lord for his goodness, and for his wonderful works to the children of men." Psalms 107:8.

Rev. H. E. Summan, pastor Bible Baptist Church.

Mrs. W. R. Tomlinson has returned from a ten-day visit in Temple.

Mr. and Mrs. J. W. Henry and Pam had in their home Saturday Mr. and Mrs. Fred Higby of Ingram, Texas.

130,293 Additional Acres For South Plains Cotton Producers

LUBBOCK—Cotton producers on the Texas High Plains, by virtue of the "B" choice program for 1959, will have 130,293 additional acres to plant this year giving them a total allotted acreage of 2,265,044.

While participation in the "B" choice program was much lighter than expected by most agricultural observers across the nation, the High Plains area had about 15.2 percent participation while the national participation

Mr. and Mrs. Floyd Foerster had in their home for dinner, Mr. and Mrs. Willie Becker of Slaton; Mr. and Mrs. Joe Blythe of Plainview; Mr. and Mrs. Robert Becker of Brownfield; Mr. and Mrs. Albert Krause and son of Tahoka; and Gilbert and William Becker, Jr., recently. William Becker, Jr. is stationed at Fort Hood and is being shipped to Germany this week.

Mr. and Mrs. C. L. Garrigues went to Lamesa to visit with their daughter and husband, Mr. and Mrs. J. D. McPhaul, recently.

Mr. and Mrs. Luther Franklin Yates visited in the home of Mr. and Mrs. Claude Porter this week.

Life Insurance Annuities
PHIL BREWER
American United Life Insurance Co.
139 S. 9th Slaton

was 15.7 percent.

Plains Cotton Growers, Inc. members in the 23 counties will have more acreage available to plant this year than was available for planting in 1958. However total allotments last year were greater, 2,279,436 acres against 2,265,044 acres for 1959, but last year farmers put 145,778 acres in the soil bank and there will be no soil bank this year. Also farmers for 1959 took approximately a 6 percent acreage cut. However the additional 130,293 acres received by farmers who selected the "B" program pushes the total acreage available for planting higher than that acreage last year.

In Texas farmers who select the "B" choice will receive an additional 428,121 acres and this pushes the total state acreage available for planting from 6,846,757 to 7,274,878 acres.

Nation-wide farmers who selected "B" received 1,023,529 additional acres and upped the

total cotton acreage from 16,310,000 acres to 17,333,529 acres.

Do You Remember?

Taken from the April 17, 1953 edition of The Slaton Slatonite. She's one in a million—almost, Miss Mary Lou Kitten, the first girl in Slaton to receive the State Future Homemaker Degree is one of the eighteen-hundredths of one per cent of Texas FHA girls to receive a State degree, which is the highest degree conferred by FHA organizations, either State or National.

Mrs. P. W. Houston, who on the night of April 4 suffered severe injuries when she was struck by a car on Highway 84 in front of her home at 315 South Ninth, was reported Wednesday by relatives to be "feeling lots better."

Dr. Glen B. Payne, who is scheduled to leave Slaton about April 26 for an extended tour of duty with the United States Navy, this week announced the association of Dr. Roger C. Seyferth in the practice of medicine at the Slaton Clinic.

Boy Scout Troop 29 will hold a Court of Honor on Monday, April 20 at West Ward Auditorium. The public is invited to attend this impressive ceremony of presentation of advancements in rank and merit badges.

Mr. and Mrs. J. B. Kitten and Mr. and Mrs. Alex Bednarz have recently returned from a two day visit in St. Louis, Missouri. The Kittens were taking their son, Douglas, back to school after the Easter holidays.

The Union Home Demonstration Club met Wednesday, April 8, in the home of Mrs. Wagner Goode, with six members and Miss Clara Pratt present.

Taken from the April 23, 1953 file of The Slaton Slatonite.

Howard Swanner was elected secretary-treasurer of the South Plains Bankers Association at a convention in Lubbock which ended Tuesday.

Mr. and Mrs. J. H. Brewer have returned from a trip to the West Coast. On the way to California they spent the first night out with Mr. Brewer's nephew and family, Mr. and Mrs. H. A. Bowling at Alamogordo, N. M. They also visited the Grand Canyon and Boulder Dam.

A spectacular midnight-to-dawn conflagration Wednesday completely gutted the interior of this city's 41-year-old Forrest Hotel, made a tragic shambles of Marie's Childrens Shop and the Itty Bitty Drug, and caused extensive smoke damage at C. R. Anthony Co., which adjoins the hotel ruins.

A full house witnessed a relaxed and sparkling performance of "Aunt Susie Shoots the Works," the Senior play under the direction of C. M. McPherson. Members of the cast gave a convincing performance before a large and appreciative audience.

Max Kendrick, 30, luckily escaped serious injury Tuesday morning when a high lift loader tractor tipped and pinned him between the tractor and a tree.

K. C. Scott, who had surgery in an Amarillo hospital in February, returned home Wednesday.

Mr. and Mrs. T. G. Hinds and Brenda Hinds of Littlefield spent Sunday with Mrs. Emma Wallace, 1205 South Ninth, who returned home Sunday from Mercy Hospital where she had been under treatment for a deep chest cold.

IN MONDAY STYLE SHOW

Here are girls in Homemaking I and II who staged a style show at 7:30 p. m. Monday in the school Auditorium. The girls modeled clothes from various occasions, made in their homemaking

classes. Miss Peggy Bass is their instructor. The theme of the show was "Flowerland of Fashions." Talent was provided by West Ward and Junior High School students.

clouds and the sun coming up made it just perfect. The birds were singing, the trees were beginning to sprout their leaves and the air smelled so fresh and nice, just like Tangle-foot.

"It really made us glad that we were alive. The rest of the day was just as nice, too.

"School was out all last week, so I took a few days off too. We drove down to Kamakura on the sea coast several miles south of Tokyo. It is a very famous town here in Japan and is noted for its huge bronze Buddha statue and many other shrines and temples honoring the Buddhist religion. The weather was just perfect for our visit there, too. I took some pictures, but don't know how they turned out yet. Steve had one of his friends from Ashiya to come up and stay the week with us. It is the same boy that Steve went down there to visit over Thanksgiving. So he went with us and also seemed to enjoy everything. We stayed in a real nice Hotel way up on a mountain side overlooking the sea. The sight was really beautiful and the hotel was very nice, although we had wanted to stay in a different one. This one was a western style, that is with rooms just like in our state-side hotels. We wanted to stay in a purely Japanese style one.

other bath even tho he didn't need it but I wouldn't allow it! "Better quit, Love from all, Helen and Merle."

Church School Attendance Totals 1,829

Garrigues Writes From Japan

A letter C. L. Garrigues recently from his station in Japan, M. Garrigues, which that you would like and Pop.

"Easter has come and gone and all in all it has been a real wonderful two weeks. The kids were both baptised on Palm Sunday. We were real pleased for both of them to decide to do it by themselves. They are really

wonderful kids and it makes us feel wonderful to think that they are interested in Church. Steve acts as Usher quite often

and Margie helps out at the nursery for the small children.

"On Saturday before Easter, the base was host to about 600 Japanese school kids for an Easter Egg hunt and party on the base. It was a little cool that day, but everyone seemed to have a good time including all the grownups who were busy taking pictures of the kids. On Easter Sunday we had sunrise services and I have never seen anything more beautiful than that morning. It was a little snappy, but the sky was clear with some really beautiful

"From Kamakura we drove on up into the mountains near Mount Fujiyama. I really believe I have never seen such beautiful country side. I must say that I believe it was even prettier than our good old mountains in Colorado. The road was really an engineering feat. It seemed to go practically straight up, but we didn't have a bit of trouble navigating on it. I have never seen so many buses in my life before as there were up there taking all the thousands of sightseers to their favorite location. The weather was very nice and warm, although it was not as sunny as it had been the day before. The hotel we stayed in that night was really out of a story book. It was a purely Japanese style and had some of the most beautiful interior finishing anyone could ever want. I would like to live in something like that the rest of my life. It was three-storied and rambled on for what seemed like two blocks. Different sections of it was finished in different types of wood and tile.

"We saw one type of tile that we liked so much we are going to see if we can get some and take home to finish our bathroom with there in Slaton, when we come home and remodel. "You know one of the most

Boat Club To Have Parade, Beauty Contest

The Lubbock Boat Club will sponsor a parade, beauty contest and boat race Saturday and Sunday, April 25 and 26. The parade will be through downtown Lubbock beginning at 2 p. m. April 25 and will end at the Monterey Shopping Center, where the finalists for the queen and mascot will be selected. Anyone wishing to enter the parade or the beauty contest should be at the Lubbock Fair Grounds not later than 1 p. m. Saturday. The boat races will begin at 2 p. m. Sunday, at Buffalo Lakes, where the queen and mascot will be crowned.

Mrs. C. M. Barton returned home recently after spending several days visiting with her daughter and son-in-law, Mr. and Mrs. Randall Bowles and children of Las Cruces, N. M. They visited Cloudercroft and White Sands Park during Mrs. Barton's stay. Randall is doing an audit for White Sands Missile Plant. After returning home, the Bartons received word that their little grandson, Dewey Lee Bowles, was in the hospital in Las Cruces with pneumonia.

Mrs. Pearl Bruedigam, Mr. and Mrs. Oscar Buxkemper, Kay Ella, Gaylon Dwayne and Mr. and Mrs. Oscar Heinrich, Royce and Glen visited Mr. and Mrs. Eugene Bruedigam in Kentucky recently. Mrs. Bruedigam is the daughter of Oscar Buxkemper. Before returning home they toured through New Orleans, Mississippi, Alabama, Arkansas and Tennessee.

Party On Birthday Honors Linda Johnson

Linda Johnson, daughter of Mr. and Mrs. C. J. Johnson, was honored on her 7th birthday at the Slaton Club House, April 13th. Games were played and refreshments were served to: Reggie and Ricky Deans, Connie and Tommy Buchannah, Debbie White, Yvonne Blair, Dianne Kenney, Mary Frances Browning, Wicky Tumlinson, Judy Fondy, Marilyn Meeks, Betty Belote, Lynn Swanner, Kathy Mitchell, Marilyn Davis, Sherry Wilke, Robert England, Billy Jaynes, Nicky Farrell, Mrs. Deans, Mrs. Malcolm Limmer, Bonnie Pricer and Tony Ray.

ENJOYS FISHING TRIP

Mr. and Mrs. B. W. West, Mr. and Mrs. Judge Smith, Mr. and Mrs. J. E. Rucker and Mrs. Geo. Taylor, all of Slaton, went to Lake Walk last Saturday on a fishing trip. It was reported by Mrs. Rucker they didn't catch many fish but "sure had a good time" while they were there. They were gone on the fishing trip for a week.

Cars that did not have right of way injured and killed 3,890 persons on Highways in 1958.
