HOSPITAL WILL BE COMPLETED IN SIXTY DAYS

Possible to Finish by September 15, Says Brennan.

Slaton's new \$125,000 hospital building will be completed within sixty days from now, possibly by Sept. 15, according to Joe Brennan, of the Brennan Construction company...

"We are very anxious to complete the hospital building by the latter part of September, and we think perhaps it will be finished by September 15," Mr. Brennan stated...

Work on the structure was started last April and has been making steady progress through the summer months. It is a four-story building of steel and concrete construction with an exterior brick finish...

The hospital will be owned and operated by the Sisters of Mercy, of Stanton, Texas, a national charity organization of Catholic sisters.

Committee Plans Program for Open Booster Meeting

A program for the open "booster" meeting to be held by the Slaton Chamber of Commerce next Tuesday night, Aug. 6, at the Slaton Club House, is almost completed...

The arrangement of this program is in charge of the entertainment committee of the Slaton Chamber, composed of A. J. Payne and J. A. Elliott, chairmen; Ben Mansker, George Marriott and A. Kessel. The latter is in Europe, hence the other four will attend to the details of arranging the program.

Several short, interesting addresses and a number of special music features will be included on the program, it is announced.

A large attendance is expected for the program, which is the regular quarterly membership meeting of the Slaton Chamber, but which will be open to everybody who cares to attend the special program.

CATCHING FAMILY RETURNS FROM ARKANSAS VACATION

G. J. Catching, and family returned home Saturday night from a two weeks' trip which carried them to Magnolia, Emerson and Eldorado, Arkansas; Haynesville and Shreveport, Louisiana; and Gilmer, Texas, where they visited relatives and friends of both Mr. and Mrs. Catching. This is the first visit made to the old home of Mr. and Mrs. Catching in twenty years.

Mr. Catching drove a new six-cylinder Willys-Knight on this trip which was a distance of 1,580 miles. He reports that on the trip to Arkansas, 634 miles, that he averaged 23 miles to the gallon of gasoline, and that on the return trip, a distance of 946 miles, his average was a fraction more than 27 miles to the gallon. He also stated that he changed oil after driving over 900 miles and that less than one-pint of the oil had been used and that none was added on the trip at any time.

Among the many pleasantries enjoyed by Mr. Catching on his vacation was having one "flat" but he said, "we were sure lucky by having it happen on the Main street of Weatherford and there was one of those 'We Fix Flats' places handy."

Funeral Services for William R. Cozby Held Tues. Evening

Funeral services for William Rozel Cozby, son of Mrs. W. T. Boatwright, owner of Mother's Lunch stand, on Texas Avenue, were conducted Tuesday afternoon at 4 o'clock at the First Baptist church with the Rev. B. G. Holloway officiating.

The deceased was 16 years and 4 days old at the time of his death. He had been in bad health for the past three months and had been in the Lubbock Sanitarium for three weeks previous to his death. He died Monday afternoon at 2 o'clock at the Sanitarium.

Interment was made in the Englewood cemetery.

Surviving are his mother, Mrs. W. T. Boatwright; stepfather, W. T. Boatwright; sister, Dolores Cozby, and half brother, J. T. Taylor.

Closing Programs Of Post Baptist Encampment Held

Dr. T. L. Holcomb, Dallas, state secretary of the Texas Baptist convention, was the speaker for the closing programs held Sunday at the Post Baptist Encampment at Two-Draw Lake, near Post. The encampment ended Sunday night after a week's session. It was the fifth annual meeting. Large crowds attended the final programs.

Three addresses were given Sunday by Dr. Holcomb, one at the 11 o'clock service, one at 3:30 p. m., and another at night. His address in the afternoon told of the work now being done by Texas Baptist. He showed that all the work is on a cash basis and that \$20,000 per month is being paid on indebtedness. College fostered by the denomination are getting on much firmer ground financially, he said.

Dr. R. C. Pender, Abilene, spoke Sunday morning in behalf of Buckner Orphans Home, Dallas. The offering of the Encampment Sunday school, amounted to nearly \$100, went to the Buckner home. The Sunday school attendance reached nearly 500 at the encampment Sunday morning, and the attendance at the B. Y. P. U. meetings Sunday evening totaled 169. An audience of about 1,000 people attended the morning service and a similar crowd gathered for the closing meeting Sunday night.

Features of the week's program included daily Bible lectures by Dr. M. E. Davis, of Howard Payne College, Brownwood; nightly sermons by Dr. Elmer Ridgeway, pastor of the First Baptist church, San Angelo; and study classes in B. Y. P. U. and Sunday school methods, led by various church workers from over the South Plains section. Among the teachers in these classes was Mrs. D. W. Liles, of Slaton. She had charge of the class of Girl's Auxiliary members.

Attendance at the meetings during the week surpassed all former records, encampment leaders said. Dates for the 1930 session have been set for July 21 to 27. Such noted speakers as Dr. George W. Truett, of Dallas, and other prominent Baptist leaders of the state will appear on next year's programs, it was announced by Dr. W. R. White, pastor of the First Baptist church, Lubbock, who was re-elected president of the encampment for the coming year.

Other officers elected for the year ahead were: Revs. B. G. Holloway, Slaton; J. P. Olive, Lorenzo; and E. V. May, Brownfield; M. C. Bishop, Post, secretary; and R. E. Cox, Post, treasurer. The 1930 program committee will be composed of Rev. W. M. Lawrence, Lubbock associational missionary, as chairman; and Dr. W. R. White and Rev. M. C. Bishop.

Number of Slaton people attended the encampment program through the past week.

J. S. Tekel spent the week-end in Lubbock visiting with friends.

J. B. Aichlmayr reports a nice business at the Highway Filling Station, having his compressor set and all ready to go.

To Lay Hospital Cornerstone Here At 4 p. m. Sunday

At 4 p. m., next Sunday, August 4, a special ceremony of laying the cornerstone at the new \$125,000 hospital building in Slaton will be held at the scene of the new building's location, according to telegraphic reports received Tuesday by the local office of the Brennan Construction company, and which were transmitted to the office of the Slaton Chamber of Commerce.

The cornerstone laying will be an event which all Slaton people and those for many miles around will wish to attend, we feel sure," Mr. Brennan said recently when speaking of plans for the occasion, "and we hope they will be present."

The new building is making fast progress toward completion, the exterior brick work now being far advanced. Completion is expected between Sept. 15 and Oct. 1, Mr. Brennan has announced. The hospital will be owned and operated by the Sisters of Mercy.

Ralph Dickinson Wins Free Trip to Farmers' Course

Ralph Dickinson, son of Mr. and Mrs. N. C. Dickinson, left Slaton Saturday night on the Special Train enroute to College Station to attend the Farmers' Short Course at A. & M. College, July 29 to August 3.

Young Dickinson won the trip on essay-writing, his subject being, "Why the Club was given the Hampshire Hog?" His expenses are being paid by the Kiwanis club of Lubbock.

Immediately following the Short Course, Dickinson will be given a trip to Galveston and expects to return to Slaton Sunday.

Three other boys of this community who are attending the course are, Irvin Reed, who lives two miles south of Slaton, Jack Stalcup, living northwest of Slaton and Casey Fine of the Posey community. The expenses of these boys are being paid by the Slaton Rotary Club. Also Misses Geraldine Wicker and Jewel Wilson, of Posey, are attending.

Several hundred young people from all parts of the South Plains "boarded" the special train, which was made up here, for College Station. Others are making the trip in cars.

Joe Wicker Carried to Hospital

Joe Wicker, ten year old son of Mr. and Mrs. R. L. Wicker, was rushed to a Lubbock Sanitarium Sunday night for an appendix operation.

Young Wicker became suddenly ill Saturday night and continuing to get worse until it was necessary to carry him to the Sanitarium, where his condition was found to be rather serious.

CAR COLLISION REPORTED.

E. E. Foster, of Petersburg, who is visiting his sister, Mrs. J. E. Robertson, is reported to have had a car wreck three miles south of town, when returning from a fishing trip early Thursday morning. A Dodge roadster driven by residents of Snyder collided with his car—a new model Ford touring. It is reported that except for minor bruises no one was injured.

CULLAR—SIKES.

Miss Evelyn Sikes and Ray Cullar were married July 6th at Exeter, California, by the Rev. Sidney B. Cooper of the First Baptist church of that city.

After a short honeymoon trip they will make their home in Exeter.

Mrs. Cullar is the daughter of W. A. Sikes of this city and Mr. Cullar is a nephew of G. M. Cullar. Both of them formerly made their homes in Slaton.

Wonderful Meetings Under Leadership Col. Green

Subjects for the week:

Monday — "Rough Waters".

Tuesday — "Forgetting the Things Behind".

Wednesday—"Lamps" Thursday—"His Lost Chances".

Friday — "Messengers of God".

Saturday — "Seed-time and Harvest".

Sunday a. m.—"The Supreme Gift".

Sunday night—"The Greatest of These".

Col. Green

The subject of Mr. Green's address to the union men's Bible class at the Palace theatre was "Loyalty." Among other things, Mr. Green said:

"Loyalty is the most admirable quality of the ideal citizen—loyalty in all the relations of life, large or small. The reason the book of Ruth is so universally admired is because it is a story of loyalty.

"We ought to be loyal in our family relations, brother to brother, son to father, husband to wife, wife to husband. The families which leave an impress upon the world are those, the members of which are loyal to each other. That is the reason the Rothschilds became the financial arbiters of Europe. That is the reason the Guggenheims have succeeded so largely. We have more divorces in the United States than in all the other civilized countries of the world put together. That is because we have not learned the lesson of conjugal loyalty.

"We ought to be loyal to our business relations, employer to employee and employee to employer. The business institutions which do the best are those which are most loyal to the employees. The employee who advances is the one who possesses the virtue of loyalty.

"We ought to be loyal to the town in which we live. No city ever goes very far without the enthusiastic support of its loyal sons and daughters. The greatest men are proudest of the places of their origin. Joseph was not ashamed of the fact that he came from the big pasture to the north of Egypt, and Pharaoh admired him for it.

"We ought to be loyal to our country and to our flag and to our constitution and all its amendments. Foreigners who come to our shores and prosper under the aegis of our banner owe loyalty to our laws and to our God, and the sooner they learn this the better.

"We ought to be loyal to our God, our Christ and to the agencies which

Thurman to Attend Unique Reunion

Mel Thurman will leave Wednesday night for Roxton, Lamar county, to attend a reunion of the Thurman family at the home of his parents, Mr. and Mrs. C. L. Thurman, Sr.

The unusual feature of this reunion lies in the fact that the father and mother, having twelve children and all of them living, have never seen them all together at one time.

The family will gather from widely divergent points, the one farthest afield being C. L. Thurman, Jr., who will attend from Los Angeles, Calif.

The eldest child is forty-one years old and the youngest, sixteen.

INFANT DIES.

The birth and death of the infant of Mr. and Mrs. Mel Thurman occurred Monday morning, July 29th, in the Thurman apartments which are located in the rear of the Manire studio.

Funeral services were conducted Monday afternoon at 5 o'clock at the Englewood cemetery, with interment following.

Texas is the leading Jersey cattle state in the Union. Ohio used to be.

Government Gives Tombstones for Unmarked Graves

There are to be no unmarked graves of the nation's soldier dead, due to provisions made by the United States government for the furnishing of marble tombstones to every unmarked grave of a veteran of any war in which the United States took part.

This announcement was made this week by Dan Liles, Commander of the local Post of the American Legion, who is in receipt of the information from the war department.

The markers will be inscribed suitably, according to the announcement. Posts of the Legion throughout the country are tabulating the location of all soldiers' graves.

Many graves of veterans of the Revolutionary and Civil wars are being found by the legionnaires, Liles said, with markers broken or badly weatherbeaten. These markers are being replaced by the new uniform headstones provided by the government.

A blank is furnished by the Quartermaster General to the legionnaires and other persons applying for the markers. The blanks call for information as to the veteran's name, birthplace and other data. The government sends the engraved marble markers prepaid to the nearest shipping point.

Labor Day Party At Igo Ranch is Being Arranged

According to an announcement made this week by H. L. "Bud" Johnston, there will be a big Labor Day Celebration at his ranch in the Yellowhouse Canyon, north of Slaton, on Sunday and Monday, September 1 and 2. This event will be a gala affair as it is a holiday for all of the various union employees in this section, and the local unions of Trainmen and Firemen have already signified their intentions of taking part. Others will also join in as soon as they have their meetings and arrangements can be made.

Among the attractions on these days will be:

Band concerts and a battle royal will be free attractions. There will also be speaking, dancing (music by the Black Aces), athletic events. Prizes will be given to the ugliest man, best looking girl, and tallest man. There will be a Fat Woman's Race with a prize of five dollars to the winner and there will be none barred except those weighing over 600 pounds. A rodeo will be held on the afternoon of both days as will be horse racing.

Mr. Johnston stated that he was making considerable improvements on the roads leading to and from the grounds and they would be in a position to handle any size crowd with ease and with no confusion or blockades.

Alfred Ellis Writes From the Philippines

Alfred Ellis, 19 year old son of Mr. and Mrs. C. L. Ellis, who deciding to try army life, is now stationed in the Philippine Islands, writes that everything is "very different" over there. Besides the "keep to the left" traffic rules, he reports that the ladies go barefoot.

Well, we are abandoning hose and perhaps will soon "catch up" with the natives.

SANDERS RETURNS.

H. G. Sanders has returned from Hot Springs, New Mexico, where he has been receiving treatment for rheumatism for the past few weeks.

Mr. Sanders is much improved in health and says he feels a hundred per cent better. He praises Hot Springs as a wonderful place in which to recuperate.

Mrs. J. M. Wolfskill and children have returned after an extended visit with relatives and friends in the northern states.

NEW BUILDING FOR SANTA FE NOW GOING UP

Brick Office Structure For Master Mechanic To Cost \$15,000.

Concrete foundations have been laid and brick work is now in progress on the new office building which is being erected here by the Santa Fe for use of the master mechanic's force. G. R. Miller, well known railroad man and official here, is the master mechanic of the Slaton Division, and will be chief in the new quarters.

The building is to cost approximately \$15,000, and will be of brick, thoroughly modern in every detail. Its construction began immediately after announcement that the Santa Fe would on Aug. 1 assume control of the Orient Railway lines, adding at that time nearly 500 miles of trackage to the Slaton Division. The new section of the Slaton Division includes all of the lines of the Orient between Alpine, Texas, and Altus, Okla.

Completion of the master mechanic's office building is expected by September 1. Allen Construction company, of Los Angeles, has the contract. J. T. Riddell, of Los Angeles, is here as construction superintendent on the project.

The new building is located just south of the Santa Fe shops.

Plans for Legion Picnic Announced For Friday Night

Detailed plans for a picnic supper the Luther Powers' Post of the American Legion, to be held Friday night of this week at the Slaton Club House, have been announced by the committee in charge, which is composed of Harry Burrus, Henry Jarman, L. A. Wilson and others.

The supper is to be held at 7 p. m. on the Club House grounds, after which a short program will be given. Members of the legion post here, together with their families, and any ex-service men of this section are invited to attend the picnic. Each family is expected to bring a basket lunch, and all the lunches will be spread together. Iced tea will be furnished in sufficient quantity for all who attend, legion officials said.

The program which will follow the supper will include a male quartet number, an address by F. C. Rector and other talks by special speakers. Rector will speak on the "Ideals and Principles of the American Legion, as Set Forth in its Constitution."

All legionnaires and all ex-service men and their families are urged to make their plans to attend and help make the picnic and program a big success, according to Dan W. Liles, legion post commander here.

Catalogs for Fair At Amarillo Issued

The Amarillo Tri-State Fair has issued 5,000 copies of the 1929 fair catalog, and these are now being distributed. A copy has been received by the Slaton Chamber of Commerce, showing a large premium list and a splendid program of entertainment for the dates, Sept. 23 to 29. The fair will feature a free gate again this year, according to Wilbur C. Hawk, president of the fair organization.

Sam King, Carrier No. 2, Leaving

Sam King, City mail carrier No. 2, and his wife, will leave Friday for Cisco, changing places with C. B. Bryant of that city, who will take Mr. King's place here.

Mr. King has been an obliging and efficient carrier, whom we will miss. Mr. King reports his successor has had nine years' experience as city carrier.

SERVICE.

One of the great watchwords of modern business is "service". Modern business has ceased to be just selling goods. It has become the art of providing goods, and seeing to it that they give desired results.

The modern business man is not satisfied merely to make his sale. He wants to know that the sale has been satisfactory, and if it is not, he proposes to remedy the difficulty if it is in his power, and to see to it in future that those difficulties do not exist.

THE ADVERTISING DOLLAR.

When a business man spends a dollar in advertising any good line, he gets several kinds of returns from that dollar. This is not understood by some merchants, who feel that the only return comes from the sale of the article specifically advertised.

When a customer is attracted by one article advertised by some store, he often buys stuff not mentioned in the advertising, and which he would never have seen had it not been for the advertising. Also it is constantly happening, that when a customer buys one advertised article, he forms a favorable impression of that store and is led to visit it frequently.

WHEN ADVERTISING PAYS.

There are periods of the year, particularly in summer, when retail trade would naturally be dull. These are times years ago, when there was less enterprise, the stores were largely empty.

People had bought their summer supplies and they were not ready for fall stuff. The store clerks looked sleepy, and the proprietor looked blue. But nowadays, advertising cures all that.

Most concerns would rather close out a good deal of stuff at cost or a very narrow margin, rather than take chances on carrying it over. So they announce the goods that they would be glad to sell cheap, and as a result the stores are often crowded at the time that was formerly the slowest and most discouraging.

OUR GREATEST ASSET.

What are Slaton's greatest resources?

You may search the list of our agricultural or industrial assets but you will fail to find the answer to the above question.

The greatest of all of our resources is the spirit of our citizens—their will to make the community something above the average. Most fine towns and cities develop and grow where the will of their citizens would have them grow.

If we were to list all the community assets and liabilities, we would place at the head such matters as co-operation between business leaders, enthusiasm and willingness to work on community enterprises, faith in the future of the city.

Natural resources, of course, cut an important figure. No amount of enthusiasm for the community will turn a small town into a great metropolis. But a certain determination on the part of the people of the community to make it a better place in which to live will have its effect. Let the skeptic who questions this visit many towns and cities, study them thoughtfully, and note how great a part the spirit of the town's citizens determines its industrial development.

Texas manufactured products in 1928 were valued at \$1,200,000,000, having practically doubled in volume (not value) since 1920.

WHY PEOPLE PAY SLOW.

If the average merchant who has considerable sums on his books due from customers, were to inquire into the circumstances of each of these debtors, he would be likely to find that the reason for delayed payments in a large part of the cases, is not any shortage of money. In many instances it would be because people are too indolent to take the trouble to pay their bills regularly.

It may take a man five or ten minutes to look over an account, make out a check for it, address an envelope and get it into the post office. There are many people who are deterred from such prompt action on bills by even so small amount of effort as this.

Some of them get the notion that if they pay their bills once a quarter or once in six months, or even once a year, the merchant has no cause for complaint. They consider that he reckons in the cost of trusting his customers as a part of his expenses, so that it does not make much difference when they pay.

That is a wrong theory, since for every customer who pays in this dilatory way, a business concern must either let its own money stand idle, or it must borrow of some bank. That involves either the payment or the loss of interest, and adds to the cost of distributing commodities.

It is a handicap to the expansion of any business, to have money tied up in these slow pay accounts. If a business concern could get all its bills paid promptly, it could go in for more enterprising moves or improvement of its facilities.

It is just as easy to pay bills promptly soon after the first of the month. People who do it are apt to have the money to pay with, since they are not tempted to spend the money thus used, for superfluities that they do not need.

COL. GUY GREEN, LAYMAN, AT CLOSE OF MEETING HERE, GOES TO KENTUCKY

The editor of The Slatonite asked Col. Guy Green, as doubtless many others have asked him since he has been in Slaton, where he expected to go from here. In reply Mr. Green handed the editor an announcement sent out from Louisville, Ky., which reads: "Announcement of Camp Kavanaugh near Crestwood, Kentucky, where the M. E. Church, South, hold their largest encampment. The ideal spot to spend a week or ten days. Rest and recreation, study and inspiration for young and old. Make reservations early with J. W. Ward, O'Bannon, Kentucky, for the greatest camp meeting and Bible conference in 54 years. Dates: August 8th to 18th, 1929; talent: Evangelist Col. Guy Green, Kansas City, Missouri. Bible hour, Dr. H. H. Halley, Chicago, Illinois. Soloist and song leader, Jno. C. Musselman, Kansas City, Missouri. Children's worker, Miss Rena Chatham, Louisville, Kentucky. And a number of others."

"There," said Mr. Green, "is where I shall go from Slaton. The Lions Club of Louisville, Ky., has invited me to address its members at its noonday luncheon on Tuesday, Aug. 13, and the Kiwanis Club of Louisville has extended a similar invitation for Wednesday, Aug. 14. I shall accept both invitations."

ANSWER TO "WHAT'S WRONG WITH SLATON?" IN SLATONITE OF JULY 19.

If you want to live in the kind of a town Like the kind of a town you'd like, Don't pack your clothes in a grip And go on a long, long hike.

You'll only find what you've left behind, There is nothing that's really new; It's a kick at yourself when you kick your town, It isn't Slaton, it's YOU.

Real towns aren't made by by men afraid Lest somebody else gets ahead, When everyone works and nobody shirks, You can build a town, tho it's dead.

And, if while you make your personal stake, Your neighbor can make one, too Slaton will be what you want it to be, It isn't Slaton—IT'S YOU.

THESE FIVE TEXAS WOMEN COMPRISE THE SECOND GROUP IN THE STATE TO RECEIVE THE MASTER FARM HOMEMAKER RECOGNITION AWARDED BY THE FARMER'S WIFE, NATIONAL FARM WOMEN'S MAGAZINE, ST. PAUL, WITH THE CO-OPERATION OF THE EXTENSION SERVICE OF TEXAS A AND M COLLEGE.

COLLEGE STATION, Texas, July 29.—Texas paid tribute to its farm women here Monday at the annual Farmers Short Course at the A & M College of Texas when five of them were honored as Master Farm Homemakers in a public recognition ceremony attended by farm folk from all parts of the state.

The five women are: Mrs. R. W. Fenton, Tahoka; Mrs. Nevil Felty, Celeste; Mrs. J. E. Fooshee, Greenville; Mrs. A. F. Ernst, Somerset; and Mrs. O. W. Fry, Lockney.

They received the gold pin and title of Master Farm Homemaker in a ceremony sponsored by The Farmer's Wife, national farm women's magazine of St. Paul, Minn., and the Extension Service of the A. and M. College of Texas, and later were guests of the magazine at a luncheon attended by sixty rural leaders of the state.

"We honor these women for their own achievements but more especially because they represent thousands of other successful rural homemakers," said Miss Bess M. Rowe of The Farmer's Wife, in awarding the honor. "This is recognition for all farm women and an acknowledgment of their job as a profession worthy of the highest respect."

Mrs. Fenton's chief ambition is "to be a wise mother, a wife who is a real helpmate, a neighbor to be loved and a real homemaker." She plans meals a week ahead, to save time and money. She is president of the Lynn County Council of home demonstration clubs.

Mrs. Felty has been president of her home demonstration club for two years and vice-president of the County Council, a 4-H club leader and in charge of the club exhibit at her community fair. She hopes to "retire" on the farm.

Mrs. Fooshee has two daughters and wants most for them that they shall become well educated, Christian women. There is no question in her mind as to the merits of "homemaking or a career". She thinks they can be the same thing and says that "being a real homemaker is the biggest job any woman ever undertook". She has been active in the home demonstration work for her community and county, a 4-H girls' club leader and vice president of the Hunt County Federation of Women's Clubs.

Mrs. Ernst lives in a well equipped home on a 350-acre farm. She has served on the school board several times, helped organize a parent-teacher association and is president of her home demonstration club. She has helped build up her club's membership from five to sixty-five.

Mrs. Fry made \$2,435 with butter and poultry last year. This took approximately three hours a day but by good management she spared the time without slighting home duties. She is president of her home demonstration club.

All of the women are active in church work and three are Sunday school teachers. All of them voted in the last national state and county elections.

The West Texas Chamber of Commerce with the U. S. Chamber of Commerce, is urging the cooperation of doctors in filling birth certificates, and parents in seeing that birth certificates have been filed for their children in order that the census next year will be correct, and will give the state the proper status.

**Slaton State Bank Starts Thrift Campaign**

In this issue of our paper the Slaton State Bank is starting a Thrift Campaign in our community. They have chosen for their trade mark a squirrel. For their slogan they will use the words: THINK HAVE MONEY. This trade mark and slogan are well chosen.

Our country is afflicted by extravagance and wildcat speculation. We will all be better off if we cut out biting at get-rich schemes. We trust and feel that the Slaton State Bank will have the cooperation of our entire community in this campaign of thrift and in keeping our money at home to sustain and develop our Home Industries. Our paper is with this movement good and strong.

Rev. James Rayburn, Col. Guy Green, and the many men who attended the union men's class Sunday morning, at the Palace Theatre, desire through The Slatonite, to express their appreciation to R. N. Smith, Manager of the Palace, for the courtesy extended in permitting the use of the Palace for the morning meeting. The Palace, with its beautiful settings and the cool air, gave one the effect of peacefulness while listening to the masterful address of Col. Green, on Loyalty. A wonderful spirit pervaded the assemblage, while the Colonel was illustrating the "Loyalty" of Ruth.

**BIBLE STUDY CLASS MEETS.**

The Bible Study class met Thursday afternoon with Mrs. J. L. Sweet, 255 South 5th St., with twelve ladies present, five being new members.

The class will meet this week with Mrs. C. N. Clark, 245 South 5th St. Those desiring to join will meet at

the home of Mrs. Clark at four o'clock Thursday afternoon. This class is for the ladies of any church.

Considerable interest is being taken in the study and you are cordially invited to attend.

**Classification Talks Given by Rotary Members**

Three classification talks by members of the Slaton Rotary Club were featured in the program held last Friday noon at the Slaton Club House.

R. N. (Bob) Smith, who had been assigned the subject of "The Talkies", gave a general discussion of the motion picture industry, promising an address on the "talkies" at a later date.

In his speech, Mr. Smith said 85 per cent of the world's motion pictures are made in America. He declared that colleges, universities, high schools and churches are making regular and profitable use of motion pictures in many ways.

"The motion picture" Smith said, "is one of the greatest forces in America today for educating the people and at the same time furnishing for them a wholesome and pleasant form of entertainment, recreation and opportunity for relaxation from their worries."

"The Frigidaire and Home Refrigeration" was the subject of an address by Jim A. Elliott. He said the earliest form of attempting refrigeration was that of the housewife who lowered a bucket or can of milk into a spring or well, and that it has been only in very recent years that satisfactory home refrigeration has been made possible by home refrigerators furnished with ice, or by some of the new machines which have been placed on the market in recent years, and which eliminate the use of ice by their own operation. These newer machines are the most satisfactory forms of refrigerators now available, he said, and predicted that within ten years the ice truck would be a thing of ancient history.

Average daily consumption of ice in Slaton is over 20 tons, Elliott said, and this is less than it was before mechanical refrigerators were placed in operation in so many stores and homes here, he said, despite the city's gain in population.

Horace Hawkins spoke on "The Uses of Cotton Oil," revealing an amazing number of products which are made from cotton oil or from cotton seed, linters, etc. Among these products were: putty, washing powder, grease, soap, glycerine, nitroglycerine, roofing tar, linoleum, oil cloth, upholstering, book bindings, base of cosmetics, emulsions for medicines, salad oils, lard, cooking oil, rayon, and many other items.

Mr. Hawkins said the annual value of cotton oil in Texas is annually more than \$150,000,000.

Visitors at the meeting last Friday were: Rev. James Rayburn, pastor of the First Presbyterian church here; Col. Guy Green, of Kansas City, Mo., who is speaking this week at the Presbyterian church here; and T. A. Worley, Jr., of Slaton.

The program next Friday will begin with a vocal solo by Lloyd A. Wilson, after which a debate will be held on the subject, "Should the United States Cancel the War Debts Owed to Her, in the Interests of International Good-Will and Future World Peace?" George W. Shanks and C. Elbert Hicks are to be the affirmative speakers, and C. G. Hoffman, Jr., and Ed B. Carroll will defend the negative of the question.

At the close of the program last Friday, Col. Green, the visitor from Kansas City, was called upon for a short address, and he responded, proving to be an entertaining and interesting speaker.

"Jones died and left everything to an orphan's home."  
"Did he leave much?"  
"Yes, eight children."

She was president of one of the Baptist ladies' societies, and very active in all church work. All her friends wish for her in the new home much happiness and peace.

**WONDERFUL MEETINGS UNDER LEADERSHIP OF COL. GUY GREEN**

(Continued From Page One.)

advance their kingdom in this world—the church and the Sunday school. God gives us everything. Christ made the supreme sacrifice for us. We owe Them our loyalty."

Mr. Green went from the theatre to the Presbyterian church, where he addressed the Sunday school in the auditorium of the church on "Common Sense" The speaker said that the only way to build success in this world was to come out on the side of Christ, God, the church and decency. He said that every big business institution in America had at its head Christian men. He urged his hearers to take in their youth the step that would ally them with the worthwhile citizenship of the country. At the conclusion of his address five young people made public decision for Christ.

The subject of the morning sermon was "Fighting the Purposes of God." According to the Kansas City layman, the purposes of God always triumph and the enemies of God go down always in defeat. "We may be discouraged sometimes," said Mr. Green. "But if only we will read history and study the annals of mankind we shall realize that ever and always 'God the Father in the silence keepeth watch above His own'. We cannot defeat the purposes of God. The enemies of Jesus, when they entombed the crucified body of the Master, thought they were through with Him. But within three days Jesus had risen and begun His conquering march across the world."

At the close of the morning service, when the invitation was extended, seven persons, six of whom were adults, united with the church.

The walls of the church bulged with the crowd which attended the evening service. Every available seat was occupied. What is probably the largest crowd that ever attended a service in the Presbyterian church of Slaton was within the walls. Mr. Green chose as

his subject, "Trying Anything Once". He dealt with David's only great sin, the murder of Uriah and the stealing of Uriah's wife, Bathsheba. The speaker said five distinct lessons could be drawn from this story. They are:  
1. We ought to pluck the beam from our own eye before looking for a mote in the eye of our neighbor. David was so busy looking for fault in the man who had stolen the ewe lamb that it never occurred to him that Nathan was using him as the offender of the parable.  
2. We ought to beware of the sin of covetousness. We are punished for seeking to acquire unlawfully possessions which belong to others.  
3. If we use properly the gifts which God already has given us, He will add other things to us. The true Christian receives over and over again unexpected blessings.  
4. We cannot sin even once without suffering a penalty. There is no truth in the saying that we can try anything once. We cannot try sin once without receiving a penalty. David sinned only once, but all the rest of his life a sword hung over him. Moses sinned only once, and for that sin he was debarred from Canaan.  
5. We cannot sin today, drop the curtain on the sin tonight and forget it tomorrow. The effects of sin are continuous. Some sword hangs over us always as a result of every offense we commit—some sword of greater or lesser weight and keenness. It may be the sword of disease, of public ridicule, of newspaper memory, of conscience, of dreams.

The music, under the direction of J. E. Miller, continues to be an enjoyable feature of the meeting. Mrs. S. A. Peavy and Mrs. Raymond Johnson have presided at the piano with much delight to the audiences.

supporting; a Paramount all-talking picture, is showing at the Palace Theatre, Slaton.

Eddie Dowling, "Broadway's Favorite Sam," who is credited by his friends with never having been associated with a "flop" production on the stage, seems to have carried this personal tradition to the silver-sheet, for his first all-talking venture at the Palace Theatre last night was received with more than ordinary enthusiasm.

"The Rainbow Man," his initial attempt in the movies, is the kind of audible-screen material that the public likes. It has romance, pathos, comedy, action; and sparkling catchy melodies which are intelligently played and sung as part of the plot.

Dowling wrote the story which forms the basis for the plot, wrote the lyrics for James Hanley's melodies, and performed the leading role. The film, therefore, is not only all-talking, but it is nearly all all-Dowling.

The plot has to do with a small-time minstrel man who meets a little girl in a Southern town and falls in love with her. He loses his job through a misunderstanding, and goes to New York, penniless, to hunt for work. After many heart-breaks he finds a job, returns to the Southern town with his minstrel troupe again, and one day sees the girl he had deserted in the audience. He stops in the middle of the song and pleads for the girl's love while the audience thinks it is part of the act. The ending is a happy one.

Marian Nixon as the girl and Frankie Darro as the little orphan whom he adopts, are Dowling's main supports in the film. Sam Hardy and Lloyd Ingraham contribute some intelligent acting in their minor roles.

"The Rainbow Man" will be shown for the last times Wednesday matinee and night, July 31st.

heights, brings a heart-throb here and a tear there, as you follow her through one of the greatest romances ever told.

That, in a sentence, is "Lilac Time," First National's great new special picture starring Colleen Moore at the Palace Theatre, Slaton, Thursday, Friday and Saturday.

"Lilac Time" is truly great, and Colleen Moore is brilliant in a role that rises to emotional heights. This clever little comedienne, who sprang to fame in the flapper pictures of a few years ago, is justly entitled to a niche among the best dramatic actresses of all time as the result of this great role in the picturization of the stage play by Jane Cowl and Jane Murfin.

As Jeannine, the little French girl

who lives within hearing of the rumble of the great guns, who hides her tears behind a smile as her sweetheart goes away to almost certain death, Miss Moore demonstrates supreme artistry that establishes her as a consummate actress of dramatic strength and power. Gary Cooper, who acts the role of her war ace sweetheart, is an ideal leading man. Aside from good looks and a likeable personality, he is an excellent actor and gives a brilliant performance.
