Slaton, Lubbock County, Texas, Friday, Sept. 13, 1929.

Number 6.

Parent-Teacher Associations' Reception of Teachers at Club House Friday, 8:00 o'Clock, P. M.

The combined Parent-Teacher Associations of the city will hold a reception at the Club House, Friday, 8 o'clock P. M., for the teachers of the city. A very interesting program has been arranged, and all patrons and teachers are urged to attend.

Piano Number—Lorene McClintock.
Golf Number—Frankie McAtee.
Address of Welcome—Dr. S. H. Green.

Response—L. T. Green.
Introduction of Teachers.
Partette—Mrs. C. F. Anderson,
R. H. Todd, Floyd Rector, W. P. Green.

Reading—Frances Adams.
Partette—Mrs. Lillian Butler,
Miss Stallings, L. A. Wilson, H. Henderson.

Old Fiddler's Number—C. V. Heald.
Accompanied by Mrs. D. E. Kemp.
Hawaiian Music—Mr. and Mrs. E. Clark, Coke Oliver.

Chain Music and Refreshments. This will be good.

Safety Council Met Wed. Morning

The Division Safety Council Meeting was called for Wednesday morning, Sept. 11th, at 9:00 o'clock, at the Reading Room.

Trainmaster D. L. Badgley presided with a good attendance present. Important business was transacted and the meeting was closed at 12 o'clock.

MAINTENANCE OF WAY ASS'N MET WEDNESDAY

The Maintenance of Way Association meeting was held at the Santa Fe Reading Room, Wednesday, Sept. 11, at 1:30 o'clock.

Fifty persons attended the meeting.

FAMILY REUNION.

Mr. and Mrs. J. C. Fincher have enjoyed a happy family reunion the past week as all six children have been present.

The children present were: Mr. and Mrs. F. S. Fincher of Riverside, California; Mrs. D. C. Catt and sons, Billie and Joe, of Abilene; Mr. and Mrs. G. D. Kersey and family of Slaton; Mrs. R. S. Bagby and children, Virginia and Nell, of Ballinger, and Homer and Lois Fincher, of Slaton.

FAMILY NIGHT EVERY NIGHT THIS WEEK, LOCAL THEATRE

While Bob Smith, local manager of the Palace, one of the O. K. Theatres, is in Dallas arranging dates and bookings for the fall, he has not forgotten his patrons in the least, and before leaving left instructions with his assistants to "fill the house every night" and in order to assist them in doing this he agreed to make it "Bagrain Week"—something new in Texas theatre management. During the entire week the whole family can enjoy a good picture for a small price of 25c.

Some unusual attractions have been booked for the coming week. Sunday, Monday and Tuesday the attraction will be Billie Dove in "Careers", a talking First National Vitaphone production, said to be one of the best of the new show season.

Yvonne Banky will be starred in her individual star attraction, Wednesday and Thursday in "The Awakening". "The Awakening" is not a talking picture but a beautiful musical and sound effect has been produced for the musical accompaniment by a synchronized music score will accompany the picture Wednesday and Thursday.

Friday will see the return of Big Bill Hart the "Two Gun Man" in one of his reissued western attractions entitled "Three Word Brand".

Saturday, another old time western attraction, Hoot Gibson, will be featured in a new motion picture under the title "The Wind".

Manager Smith promised some big talking attractions for fall and is showing at the Palace and theatre goes may look forward to some important announcements on his return.

Mr. and Mrs. H. Leininger have returned to Los Angeles, Calif., to visit their son and Mrs. Leininger's sister.

Mr. and Mrs. Lokey Entertain Honoring Dr. Shanks and Bride

Mr. and Mrs. John T. Lokey entertained Tuesday evening at 8 o'clock with a party honoring Dr. George W. Shanks and his bride, who was formerly Miss Sammie B. Magee of Lockhart.

The Lokey home was beautifully decorated with yellow and white autumn flowers. On the mantle of the large reception room stood a miniature bride and groom.

As the guests arrived they were introduced to the "Mrs. George W. Shanks."

Miss Lois Stallings gave a beautiful vocal solo, "My Thoughts of You," accompanied by Miss Maggie George.

Bridge was the chief diversion for the evening. High cut went to C. C. Hoffman, who received a tinted cabinet set, which he presented to the bride.

A beautiful and appropriate toast was delivered to the bride and groom by the hostess, who also presented them with a lovely Italian quilted satin pillow.

Covers were laid for thirty-one guests, with favors of yellow and white ships with the letter "S" on the side and filled with salted almonds.

Yellow brick ice cream and angel food cake were passed to, Messrs. and Mesdames Roy Cobb, R. W. Ragsdale, Tom Overby, Carl W. George, Harvey Austin, Allen Ferrell, Dr. and Mrs. J. A. Hightower, Misses Marion McHugh, Maggie George, Jo Hestand, Lois Stallings, Lolabelle McRae, Pauline Lokey, Tommie Kirby, Elizabeth Smith; Messrs. C. C. Hoffman, L. C. Young, T. A. Worley, Sug Robertson, A. J. Butler, J. S. Tekel, Dr. M. C. Overton and the honorees, Dr. and Mrs. George W. Shanks.

FIRST THERMOMETERS CAME INTO USE 300 YEARS AGO

The first thermometers were made 300 years ago and the mercury and spirit-filled thermometers came into use 200 years since. De Reamur chose the freezing point as zero and the boiling point at 80 degrees. The French centigrade thermometers use zero as the freezing point and 100 degrees as the boiling, while Fahrenheit, whose scale is generally in use among English-speaking people, made zero the temperature of snow and salt, the freezing point of water is 32 degrees above, and divided his instrument into 180 parts between freezing and boiling, at 212 degrees. Modern thermometers for industrial use register as high as 950 degrees.

MINIATURE OF SIMMONS CAMPUS TO BE DISPLAYED

ABILENE.—A ten foot square miniature of the 40 acre campus of Simmons University will be put on display at the West Texas Fair from September 23-28, it is announced by fair officials here. Made of permanent materials of wood, steel and concrete, this is considered to be one of the most interesting home products ever put on exhibition.

The miniature is the product of three years work by the School of Fine and Applied Art of the university and has been made by art students under the direction of Miss A. M. Carpenter, head of the school. Every detail of the campus and buildings is shown, even to trees, shrubs, and walks.

The miniature will be used for years by the university, since it is of permanent material. It is built on eleven sections and can be shipped without damage.

G. H. Hinson, Mrs. Hinson and Miss Rowena, former residents of Livingston, Texas, have arrived to make Slaton their future home, having purchased a farm west of Slaton about five miles, which they expect to occupy about January first. Miss Rowena expects to attend Texas Tech the coming semester. Mr. Hinson was here for some time about five years ago, liking the country he has returned. We welcome these good people to our community.

PUBLISHER'S ANNOUNCEMENT

The edition of September 17th, Tuesday's issue of The Slatonite will be discontinued. The management of The Slatonite is fully convinced that it can better serve the field as a weekly newspaper, and that efforts concentrated on publishing a good community newspaper once a week will meet with more approval, than continuing the present twice-a-week arrangement.

During the past year a number of semi-weeklies have been changed to the publication of a weekly newspaper.

This in most instances has been caused by the overwhelming preference of the advertisers for the week-end edition. Such is the case in Slaton. The management feels that until such time as the growth of Slaton warrants a daily publication, the preference of local business concerns for the week-end newspaper has made publication of a Tuesday edition not only unprofitable but impossible.

Adjustments will be made on all subscriptions to the semi-weekly.

R. W. Saunders Carried to Hospital

R. W. Saunders, salesman at the Jackson Chevrolet Company, was carried to a Lubbock hospital Monday afternoon, as a result of becoming suddenly ill at his home here Monday morning.

An operation had not been performed at the last report, but will probably be necessary. The cause of Mr. Saunders' illness is not definitely known.

Charlie Marriott is attending a Frigidaire school at Lubbock this week.

Loyal Workers Class Met Thurs.

The Ladies' Loyal Workers Sunday school class of the Methodist church met at the clubhouse last Thursday, Sept. 5th, in a business and social meeting.

After the business session a lovely plate lunch was served to ten members and one guest, Mrs. W. M. Randle.

The class will meet Thursday, Oct. 3rd, with Mrs. Joe W. Tate, in her home at 455 North 15th Street. Mrs. C. A. Porter will be co-hostess.

"Uncle George" Marriott has returned from Albuquerque, New Mexico, where he received treatment in the hospital at that place for several days.

CARELESS SHOOTING.

Recently a lead bullet, apparently from a 22 rifle, glancing on the wall of the home of Mr. and Mrs. W. L. Jones, 525 West Garza Street, struck little Billy Joe on the shoulder, knocking him down and producing a painful bruise and skin abrasion. Guns of this kind are dangerous playthings in the hands of children.

Mrs. D. I. Skelton is visiting relatives at Shreveport and Hainsville, La.

Harrell Undergoes Operation

J. F. Harrell, of this city, who sustained a broken arm in a car wreck near Matador on Saturday evening, August 31st, is reported to be doing fine, although it was necessary for the left arm to be amputated just above the elbow, on Tuesday of this week.

Reports from the Matador hospital, where Mr. Harrell has been a patient since the accident, are that he will probably remain there ten to twelve days longer.

Mr. Harrell's many friends here are hoping for him a speedy recovery and are indeed sorry that such an operation was necessary.

J. A. Elliott and H. L. Ollen, of Lubbock, were business visitors to Post Monday afternoon.

Bruce Pember Married at Whitewright

Announcement has reached Slaton of the marriage of Bruce Pember, of Austin, son of Mr. and Mrs. M. A. Pember of this city, to Miss Maurine May, of Whitewright, at the home of the bride, on last Sunday.

The happy couple are spending a few days in Slaton before going to Austin, where they will make their home.

A full account of the marriage will appear in a later issue of this paper.

Mr. and Mrs. M. A. Pember have returned from Whitewright where they attended the marriage of their son, Bruce, to Miss Maurine May, of that city, on last Sunday.

NEW CONSTABLE APPOINTED.

The Commissioner's Court at Lubbock appointed Sam Selmon as Constable for precinct No. 2 at its last session. Mr. Hoffman resigned, leaving a vacancy. Mr. Selmon states if in trouble and want to get in or out, just call 289.

Sadler's Show to be Here all Next Week

Oh yes, when it is broadcasted that Harley Sadler and His Own Company are coming to town, the people know right straight that they are going to get to enjoy the best entertainment on the road. And just the fact that the Sadler show is coming is enough to fill the tent each night, but Harley is not like some folks—he does not depend on his reputation, but advertises.

The Harley Sadler shows, like other large firm, knows that it pays to advertise and continue to invite the people to see his shows, although he may know they will come. He wants them to know that a big welcome is awaiting them and that they are cordially invited to attend, old and young. You are heartily welcomed at the tent door and then the best possible show on the inside—and that is the same as saying it would not be better rendered this side of Broadway, if there. The Harley Sadler shows are considered by everyone to be clean, wholesome entertainments.

The Slaton people look forward each year to a visit from Harley and are always "thrilled" when the date is announced. Harley's show is a West Texas enterprise. He makes his money in this country and spends it in this country. In fact, he has money invested in several towns on the South Plains, and no matter where he is playing, if there is a call to help a civic organization, or charity in time of desperate need, he is always ready and doing his full part.

His show will be here all next week under the auspices of the local firemen, and they are to receive a percentage of every paid entrance. The firemen also extend a cordial invitation to the public to attend this show every night possible.

The show is bigger and better than ever before and includes a band, an orchestra and a special jazz orchestra, with new music and new vaudeville acts. In fact, everything new except the name, and it could not be bought for a million dollars. The play for the opening night, Monday, is entitled "New Brooms," which is said to be wonderful by those who have seen it. There will be a change of programs daily and new vaudeville acts each night.

Mrs. M. W. Rust and children, Billie Frances and Duarice, have returned from points in Wisconsin and Tennessee, where they visited relatives.

A letter received from C. R. Crutcher, who formerly lived on a farm near Slaton, but who is now in New Mexico, states that he likes the New Mexico country very much and also gives a sketch of the various attractions there.

Tigers' Training Begins; Schedule Made for Season

The Slaton High School Tigers, champions of Class B, interscholastic league for three years out of the last five, and one year winners of the bi-district crown, began their 1929 football training last week. Hard workouts each day are being taken now, getting in shape for the first games of the season.

Thirty-five candidates for places on the Tiger eleven are out for training, according to Coach Paul W. Wright. Seven of these are letter men from last year. These team members, together with the positions they played on last year's squad, are Cecil Scott, right end; Ardie Nowell, left end; Woodson Armes, center; Sam McMennamy, captain, right guard; D. Cannon, left half; O. Cannon, quarter; and Cecil Austin, right half.

These seasoned veterans will bear much of the responsibility of the season, and will have such new men as their helpers as may prove best fitted during the next few days. Among the most likely prospects are Covington, Maxey and Sisk, and others.

A light weight team, probably not averaging more than 145 to 150 pounds, will represent Slaton this year, Coach Wright said. It is therefore indicated that speed and much passing will be features of the Tigers' work during the season.

A season schedule has been arranged, and is announced as follows: Plainview at Lubbock, Oct. 5; Ralis at Ralis, Oct. 11; Brownfield at Slaton, Oct. 18; Spur at Slaton, Oct. 25; Lamesa at Slaton, Nov. 11; and Floydada at Slaton, Nov. 28. The Tiger have open dates on Sept. 20 and 27 and on Nov. 1 and 15. It is hoped games can be arranged for these dates.

The first game, with Plainview, will not figure in the Tigers' record for the season, as the Plainview aggregation holds Class A rating. A game with Lubbock is due to be played this year, but this has not been arranged, and no announcement regarding it has been made. This, however, would not affect the team's record, as Lubbock also is in Class A.

The Tigers were district champions in 1924 and again in 1925. They lost by a narrow margin in 1926, but came back in 1927 to win the title in district one by beating Floydada, 14 to 3, and then won the bi-district crown by trouncing the Canyon Eagles, 31 to 5. Both games, with Floydada and Canyon, were played here. In 1928, the Tigers lost only one game, taking a 19 to 0 defeat at the hands of the Post Antelopes on the Tigers' own field. This year the game with Post will be played at Post.

The games with Floydada and Lamesa are considered very important games, as well as that one with the Antelopes. Other games will also be important, but the ones with Lamesa, Post and Floydada will likely determine the success of the 1929 Tigers.

David Lemon, a new member of the high school faculty, will assist Coach Wright in football coaching this year, while H. C. Kennedy will devote his entire coaching time to basket ball, it is planned. Mr. Kennedy assisted in football coaching last season.

THE LURE OF OIL.

With the striking of oil in Slaughter No. 1, in West Cochran county, by the Marland interests, the oil activity in the Plains country was given a boost. From the latest reports, the hole is 4,941 feet, oil was struck in the gray lime formation. It was reported 2,000 feet of oil was in the hole, at that time they were waiting for tankage. Since then, they have drilled on to the above depth, striking a water seam, of sulphur water. This is giving some trouble, and the final outcome cannot be told. All are pleased that oil has been found. The Marland interests have a block of 10,000 acres, and no leases obtainable within two miles. With approximately 200 feet of water in the hole and the lowering of the oil to 1,000 feet they have a problem in casing off the water. We all hope a new field may be opened and a great impetus may come to the South Plains.

The Posse Has Captured Mrs. Everyone's Jimmy

By Albert T. Reid

ENGAGEMENT ANNOUNCED AT BRILLIANT SOCIAL AFFAIR

One of the most brilliant social affairs of the season and an event that marked the mobilization of the social forces of our city was the tea given by Mrs. Lucian LaRoe and her charming daughter, Miss Lucile, who only a few days ago returned to Whitewright from Austin, where she graduated from the University of Texas.

The LaRoe home never looked lovelier than on this occasion in its decorations of cut flowers and ferns. Mrs. J. L. Boone, with her usual dignity and charming grace, received the guests and led them to the receiving line, where they were greeted by Mrs. Lucian LaRoe, Miss Lucille LaRoe, Mrs. Robert B. Mack of Altus, Okla., Miss Sibyl Germany, of Greenville, Miss Maurine May, Mrs. R. H. May, Mrs. Howard Brodhead of Dallas, Mrs. Tom Lilley, Mrs. D. T. Howard of Dallas, Mrs. Gomer May, Mrs. Cecil Hill of Dallas, Miss Sue McConnell, Mrs. Gomer Graves, Miss Marian Barbee and Miss Sue Stephens.

Mrs. Fred Smith invited the guests into the dining room, where Mrs. Joe Hamilton, Mrs. C. P. Johnson and Mrs. J. L. Kirkpatrick presided. The dining table was laid with a cloth of rare lace and centered with a bowl of autumn flowers and ferns. Misses Margaret McMurry, Genevieve Davidson, Elizabeth Waggoner and Mary Rena Penn served delicious brick ice cream in colors of pink and white with sand tarts.

Mrs. Emmet Penn conducted the guests to the register, in charge of Mrs. H. T. Arterberry. Mrs. J. H. Waggoner then introduced a second receiving line which formed in the living room and was composed of Mrs. H. Benedict, Mrs. John McMurry, Mrs. Emory Christian of Brownsville, Mrs. W. P. Vaughn, Mrs. Beveridge Brents, Mrs. R. R. Waldo and Mrs. Albert Jackson of New York City.

Mrs. Roby Childress received in the music room, where a most entertaining musical program, consisting of piano numbers by Misses Maud Mangrum and Clyde Johnson and vocal duet by Mesdames T. E. Barbee and Guy Hamilton, was rendered. However, the guests suddenly discovered that this social affair had a hidden meaning, for at the conclusion

of the musical program came the familiar notes of Mendelssohn's Wedding March and to its strains came forth a miniature bride in the person of little Miss Sara Kathryn Arterberry, daintily dressed in full bridal attire, having a dress of lace with full length train and veil of tulle, made cap shape and held in place with orange blossoms and in her inimitable manner gave an original poem, announcing the approaching marriage of Miss Maurine May and Mr. Bruce Pember of Austin, Texas, which will take place Sept. 8th. The bride-to-be was then the center of attraction, while her friends showered her with their love and best wishes, touched with regret that her happiness meant her going away from Whitewright. Miss May was strikingly beautiful in an exquisite sleeveless afternoon dress of black velvet, made with uneven hem length and deep collar of imported lace in atmosphere shade. She is the only daughter of Mr. and Mrs. R. H. May and a very popular favorite in our city. She is a graduate of our local high school and attended school at Trinity University at Waxahachie and the University of Texas at Austin.

Mrs. Ross May bade the guests goodbye and with her cordial smile made complete the becoming hospitality of the houseparty. The tea was a most delightful affair throughout and will be long remembered by those who participated in it.—The Whitewright Sun.

LITTLE BOYS' KNIVES AND LITTLE GIRLS' DOLLS

There isn't any Santa Claus on the House Ways and Means or the Senate Finance committee. If there were, the calamity that has occurred in to-day might have been averted. Maybe some human Senators with kids of their own will do something about it yet.

Everyone knows that a boy just can't get along in this world without a knife—not a large, expensive blade, but just a small, sturdy knife that

can be used a hundred times a day. This kind of knife is fairly cheap right now, and practically every boy has one. But the House boosted the rates on three-cent knives and four-cent knives made abroad, and the Senate Finance Committee has made them still higher, so that if the present bill goes through, little boys may have to learn to struggle along without any knives at all. And that isn't all. Dolls, the absolutely necessary accompaniment to little-girlhood, have been taxed in the proposed bill to the extent of nearly doubling their price. A doll formerly costing one dollar, for instance, would be priced at one dollar and ninety cents.

The greatest fair in the history of this exposition is to be held at Amarillo September 23-29.

Wants to Give Credit Where Credit is Due, Says Farmer

His Health Has Returned and He is Stronger Since Taking Orgatone.

"I want to give credit where credit is due—to Orgatone, for it certainly has restored my health, and I feel better and stronger in every way," said E. H. Wassom, of Route 4, Lub-

bock, Texas, in a conversation with the Orgatone man.

"For about twelve months, I have had an awful lot of trouble with my stomach. Everything disagreed with me and after meals I would get that puffed up, bloated feeling and belch up my food sour and undigested. I got to the point where I was almost afraid to eat anything because of the suffering I knew it would cause me. I was constipated and had terrible headaches, and my sleep was very poor. My system seemed to be all run-down. I was losing weight and felt tired and worn out all the time. I was losing ground all the time and I felt like if I didn't get something for my condition my troubles would soon become serious. I had severe pains in my stomach and would suffer terribly. I was very nervous and would lay awake at night and couldn't sleep.

"A friend of mine recommended Orgatone to me, and it has not only relieved me of my troubles but has built me up amazingly. I have taken three bottles and my stomach is now in good shape. My appetite is fine and I could eat anything I want

to without a sign of indigestion. My constipation and headaches and all that tired feeling are gone, and I have gained in weight, I know. Orgatone has been a great medicine for me and I don't think anybody suffering like I did can make a mistake by giving it a trial. I can never say too much for Orgatone."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific bile treatment containing no alcohol or other false stimulating drugs and is sold in Slaton by the Teague Drug Store who are direct laboratory agents.

We wonder what the farm board going to do about the Chicago pig apple crop.

THE BAIT.

"See what a wonderful bargain I got by buying out of town," said one of the editor's acquaintances recently. It was a bargain, no question about it—a standard piece of merchandise considerably below the regular price. "Did you buy anything else on that shopping trip?" we asked. "Well, a number of things," came the answer. "Oh no, they weren't such bargains as this, but good values nevertheless." The bargain she got was one of the typical "loss leaders" that big stores and mail order houses sell at cut rates, charging the loss off to sales promotion. They usually make up on something else. We don't quarrel with their methods of doing business. But still the editor would rather buy everything at a legitimate profit from one of our Slaton merchants than to buy where he may have to make up the loss incurred upon the leader sold to some other shopper. The loss leader may be good bait, but we are not biting right now.

WORKER EFFICIENCY.

Studies have been made in late years to determine the loss of efficiency on the part of workers caused by noise and confusion. It is found that stenographers and clerical workers whose windows are open to the din and crash of street traffic in great cities are some 25 per cent less efficient than are the same class of workers who are not subjected to similar nerve strain. These studies are merely in their infancy. We feel confident that they will eventually disclose some surprising facts. We believe that they will show the extent to which business in the great city is handicapped by the nervous tension of metropolitan life.

To have this graphically illustrated we suggest that you watch factory and office workers in a great city on their way home at the end of the working day. At five o'clock they make a mad rush for the subway, the elevated, or the street car. They fight and jostle their way inside, they drop into a seat, if fortunate, and with drooped heads, nervously drawn faces tell of utter fatigue.

Two or three hours each day must be spent in fighting traffic jams, crowding into street cars, and enduring in its many forms the terrible noise and confusion of life about them. That such conditions tend to undermine efficiency requires no scientific survey.

This is merely one of many disadvantages faced by the industrial leader who locates his business in the great city. He must also pay his workers for the high living costs that they have to meet. He must undergo the troubles incident to labor employing, he must stand for the extortion of racketeers, and the graft of ward politicians.

It is asserted that the next industrial boom in America will take place in the small towns rather than the great cities, and that industrial leaders are discovering many advantages in locating their branch or main plants in small communities like Slaton. We believe that the facts cited above have much influence in furthering this trend.

A WORD TO THE WISE.

"You want to have your earnings and your property secure. You want a free and fair opportunity to conduct your own business and make your way in the world without danger of being overcome by a Government monopoly. When the Government goes into business it lays a tax on everybody else in that business and uses the money that it collects from its competitors to establish a monopoly and drive them out of business. No one can compete. When the Government really starts into a line of business that door of opportunity is closed to the people. It has always been an American ideal that the door of opportunity should remain open." —Calvin Coolidge, former President of the United States.

Our idea of a hard job is that of a conductor on the Manchurian railroad.

A course in thinking is offered by the University of Wisconsin. We suggest that the students there take advantage of that opportunity.

TRANSITION PERIOD.

One need merely study business up and down Slaton's streets to recognize that this is a transition period for retail business in America. Chain stores have been coming into existence with amazing rapidity. Old, established houses have come under the management of new people. A business that has been in existence for ten or fifteen years under the same management is the unusual rather than the usual thing.

This is a day of new methods. The merchandising policies that proved effective eight or ten years ago are as obsolete today as the radio of the same make.

This may mean hardship to some individuals. But we feel confident that the future is bright for the aggressive merchandisers of Slaton who recognize that this is a moving world and that business today travels on wings.

The best methods of meeting the new competition and of adapting a business to the needs of the present is for the study of the business man himself. We cannot offer good advice without years of experience. We can merely offer observations on the general trend that are seen best by outsiders.

It was only a few years ago when the newspapers of the country were going through an equally trying period. During and following the war the paper shortage forced many small publications to close their doors. Paper prices increased two and three hundred per cent, labor costs doubled,

every other item that entered into the expense of making a paper increased likewise.

These costs could not be passed on to our customers. The problem then was how to get rather than how to sell goods.

But those days are past. Newspapers are again in a favorable business situation. For it is universally recognized that the one way to good business is via the advertising route.

We still have our difficult problems and our highly competitive situation, but the tide has turned. It will also turn for the merchant who adapts his business to the new order.

Topics of the Town and News of its People.

Woodie Rogers has been sick this last week with the "flu".

Otto and Henry Sexton are attending the Frigidaire school at Lubbock this week.

Worland McAtee left Tuesday for Austin, where he will attend school this year.

Sebron Bechtal, of Dallas, has returned from a short visit with friends and relatives.

Benton Patterson has returned from a six weeks visit with friends in Oklahoma.

Miss Nellie Johnson has returned from a tour to Dallas, Houston and Galveston.

H. H. Edmondson was returned home Thursday morning from the Lubbock Sanitarium where he underwent an appendicitis operation about ten days ago. He is doing fine.

Mr. and Mrs. R. N. Smith left this week for Dallas and other points where they will transact business. Mr. Smith will be away from the city for about three weeks, while Mrs. Smith will be gone indefinitely.

A. R. Tillman, of Albuquerque, New Mexico, Safety Supervisor, was in Slaton Wednesday attending the Safety First Council Meeting. He went from here to Amarillo, where he conducted a meeting Thursday.

Mr. and Mrs. R. H. Todd and family returned Monday night from Big Spring, where they attended the funeral of Frank King, brother of Mrs. Todd, who was killed in an airplane accident last Saturday near Tulia.

CHURCH ANNOUNCEMENTS

METHODIST CHURCH.

Regular preaching services will be conducted at the Methodist church Sunday, September 15, at the morning and evening hours. Sunday school at 9:45 a. m.

The pastor will preach at both services.

Everyone has a cordial invitation to attend these services.

REV. L. A. WEBB, Pastor.

CHURCH OF CHRIST.

The services on last Lord's day were well attended, considering the inclement weather and condition of the roads. There were seven to place membership at the morning hour, and two the previous Sunday. We are expecting a big audience next Lord's day. A pleasant place to worship.

Bible Study, 9:45 a. m.
Preaching, 11:00 a. m. and 8:00 p. m.

Young People's Meeting, 7 p. m.
Ladies' Bible Study, Monday, 3:30 p. m.

Prayer Meeting, Wednesday, 7:45 p. m.

Children's Class, Saturday, 9:30 a. m.

J. E. MULLINS, Minister.

AT THE PRESBYTERIAN CHURCH.

Sunday, Sept. 15, 1929.

Sabbath school meets at 9:45 a. m.
Morning worship, 11:00 a. m.
Evening service, 8:00 p. m.
Mid-Week Service, Wednesday, 8:00 p. m.

The pastor will preach at both services on the Sabbath, on themes of interest. All members of the church are urged to be in their places, and the public has a cordial welcome to all of these services. Come and worship with us.

JAMES RAYBURN, Pastor.

FIRST CHRISTIAN CHURCH.

7th and Panhandle.

Z. B. DALLY, Pastor.

Sept. 15.

9:45 a. m. Bible school. Subject of lesson, "Teaching the Law".

11:00 a. m. Communion and sermon by the pastor. Subject of sermon, "Why Christ Could Not Save Himself."

7:00 p. m. Christian Endeavor. Subject, "Putting God in the Budget".

8:00 p. m. Sermon. Subject, "The Inexcusable Sin."

A cordial welcome awaits all who chose to worship with us.

Hereford's Farmers Creamery distributes \$500.00 every day to the farmers in the Hereford trade territory. The money is given out in amounts ranging from \$3.00 to \$25.00 for cream. Approximately \$15,000 was paid to the farmer patrons of the creamery during the first month of its existence.

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhoea; effective, too, for older children. Twenty-five million bottles were bought last year.

Fletcher's CASTORIA

Forever After

And why not, when you have such a perfect lovelier-combination as Big Bill Boyd and Marie Prevost in "The Flying Fool," Boyd's new Palke production.

WILLIAM BOYD A FLYING FOOL IN HIS NEW ALL-TALKING AIR DRAMA, "THE FLYING FOOL"

God's gift to the ladies and the Devil's present to his enemies! That's "The Flying Fool," who, in the person of William Boyd, will do his stuff at the Palace theatre for two days beginning on Friday and Saturday.

From advance reports this all-talking air drama is a thrilling dramatic and humorous entertainment that is just about the best thing in which the Pathe star has appeared this season. It is said that the role fits Boyd perfectly and, with an excellent supporting cast including Marie Prevost, Tom O'Brien and Russell Gleason, he gives a performance that is full of dramatic highlights as well as hearty laughs.

The story of the "Flying Fool" which will be on view at the Palace theatre on Friday and Saturday, is that of a stunt flyer who lives just for the thrill of life. He takes his fun where he finds it, and women, to him, were created purely for entertainment purposes. The one love of his life is his kid brother and Boyd's devil-may-care existence is interrupted only when he decides to save his brother from what he believes to be a designing cabaret dancer and singer. Instead of saving his brother Bill falls

in love himself and then things begin to happen. They happen fast and furious and the story reaches a tremendous climax in the air which, it is said, will thrill the most blasé of fans.

According to preview reports "The Flying Fool" will unrel the most daring aviation performances that have been caught for the screen. The story is an original one by Elliott Clawson and Tay Garnett, who directed it.

Key to Dairy Production is Protein Feed

Farmer Must Supply Deficiency of Home Grown Feeds.

Profits in dairying are made largely by carefully selecting feeds and providing cows at all times with suitable and sufficient rations.

Well balanced rations include the kinds and amounts of feed which satisfy all the requirements of cows. Such rations furnish a proper amount of the right kind of nutrients, including protein, carbohydrates and fat, and also minerals and vitamins. A farmer who neglects to feed his cows a concentrate mixture that makes a well-balanced ration, cannot expect a profit.

The limiting factor in the profitable production of milk is protein, or perhaps we should say the lack of protein in regular farm grains. Ordinary farm grains supply carbohydrates and materials for fat, but their protein content is low and unbalanced. The feeder, therefore, is forced to go

to market to buy a high-protein concentrate, such as linseed meal, to balance his rations. Protein furnishes curd, and a cow can produce only as much milk as she has curd for.

A grain mixture recommended for the milking herd by the Animal Husbandry department of the University of Wisconsin, consists of 200 pounds ground barley, corn or hominy, 100 pounds wheat bran, and 100 pounds of linseed meal. One pound of this should be fed for each four or five pounds of milk produced. For the dry cow the testing officials advise equal parts by weight of ground oats, ground barley, or corn, wheat bran and a high protein feed like linseed meal. From three to eight pounds daily should be fed, depending on the condition of the cow.

It is common knowledge to dairymen that if a cow is thin when she freshens, her production will suffer during the entire lactation period fol-

HARLEY AS "DAD"

lowing. It is just as true but not as generally known that the thin cow will have a lower test than if she were in good flesh while milking. The reduced yield and lower test make it doubly important to get her in good flesh while dry.

Meaning What?

Ministers' wives, as everybody knows, have a difficult lot in life, and a particular lady's lot so roused the sympathy of a friend that she remarked: "There ought to be a special place in heaven for minister's wives." "Perhaps you're right," responded the minister's wife, "I should rather go with my husband." The Christian Register.

THE SONG IN BILLIE DOVE'S FILM "CAREERS"

Persons attending the Palace theatre Sunday and Monday, where Billie Dove is emoting in "Careers" a Vitaphone all-talking picture will hear the strains of a beautiful melody played throughout the showing. Not only is it played by the Vitaphone Symphony Orchestra, also sung by Carmel Myers who is an important role in "Careers". The title of the song is "I Love You, Hate You." Al Bryan wrote the words and George W. Meyer wrote the music.

Already the song is earning wide popularity. Radio stations are broadcasting it. Music stores are featuring it in their window displays. And most everybody who sees "Careers" comes out of the theatre whistling or humming the melody.

"Careers" is one of Billie Dove's most successful efforts. Supporting a beautiful star are such sterling players as Noah Beery, Antonio Moreno, Thelma Todd, Robert Frazer, Carmel Myers, Sojin and Andre de Guroia, former Metropolitan Opera singer who also sings. John Francis Dillon directed. It is Billie Dove's first all-talking picture.

Glasses Water Help Constipation

One glass of water is not enough—three glasses one hour before breakfast. Much better results are obtained by adding a teaspoon of

simple glycerin, saline compound (known as Adlerika) to each glass.

Adlerika acts on BOTH upper and lower bowel and removes old waste matter you never thought was in your system. Stops gas and sour stomach in TEN minutes! Relieves constipation in two hours. City Drug Store.

The new money fades, someone observes. But from our experience the old money did the same thing.

"Let Congress Hear Legion Plea For Sick Veterans"

(Editorial from the Washington, D. C., Herald)

"When the American Legion meets in Louisville, Ky., this month its members will face a bounden duty to their sick and disabled comrades in the Great War which it would be cowardly to dodge.

"For only the Legion can convince the American people how seriously to blame are their Senators and Representatives in Congress for the fact that the Federal Government is making no adequate provisions to provide hospital care for thousands of veterans now in need of it, and for the additional thousands that soon will be in need of such care.

"This is not a guess. Here are the figures of the United States Veterans Bureau. These show that on the first of last July there were more than 1,000 veterans unable to be hos-

pitalized because of lack of beds, and nearly one thousand more in State and civil institutions who should be in Federal hospitals.

"Especially distressing is the condition of those veterans who are mentally ill. A survey of State and civil institutions for the insane which was made within three months is appalling. It shows that there are approximately 7,000 service men suffering from mental diseases confined in those institutions, who must ultimately be taken care of in hospitals operated by the Federal Government.

"And in some of these non-Federal institutions the overcrowding is as frightful as among the inmates of our Federal prisons.

"'Beds are crowded together in some dormitories,' says the New Jersey commission of institutions, 'Necessitating patients crawling over one another to get into their beds. Hallways and corridors, the only space available for patients in the day time, are turned into dormitories.'

"'In rooms which normally should house not more than one, two or three, there are as many as three, six and seven. Beds are jammed into rooms so that the doors are blocked and entrance and exit are difficult.'

"Yet the Congress of the wealthiest nation on the face of the earth, at its last session, deliberately refused to pass the bill recommended by the Director of the Veterans Bureau providing for 3,576 additional beds at a cost of \$11,480,000. Meanwhile the number of cases is increasing all the time.

"At the hearings on this bill it was brought out that it requires more than three years to construct a hospital after legislative authority has been granted.

"Nobody who knows the American people, nobody who has any faith in them would believe that they begrudge their every sick and disabled defender with the colors in the Great War the best hospital treatment that a grateful nation can provide.

"But the American people have been outrageously misrepresented by those who were elected to represent them in both Houses of Congress. Because Congress, with all the facts before it, failed to authorize the building of the additional hospitals which the facts and the figures show are absolutely essential.

"What the American Legion tells them about the condition of their sick and disabled comrades, the American

people will believe. What the Legion tells them about the neglect of which Congress is guilty, the people will also believe.

"No Congress will dare to defy the wrath of the American people when they possess themselves of the truth that the American Legion is so well qualified to give them about this vital business."

Her Cross Little Boy Wouldn't Eat or Sleep

"My little son had poor appetite, couldn't sleep and was cross. I gave him Vinol and it ended these troubles like magic."—Mrs. L. DuCrest.

Vinol supplies the body important mineral elements of iron, calcium with cod liver peptone. This is just what thin, nervous children or adults need, and the QUICK results are surprising. The very FIRST bottle brings sound sleep and a BIG appetite. Vinol tastes delicious! City Drug Store.

Second Sheets at this office. Cheap.

CAPITAL ANTICIPATES BRITISH PREMIER

The very announcement of Premier Ramsey MacDonald's intended visit to America this fall has set the Capital agog with anticipation and questions. Where will he stay? Who will entertain for him? Why, by the way, is he privileged to entertain for him? And who will be invited?

The Premier will probably stay at the British Embassy, though that has not been definitely settled. Details of his entertainment will be subject to an informal conference between the Embassy and the State Department. First on the program will undoubtedly be a formal dinner at the White House. Then there will probably be a large dinner at the Embassy, followed by a larger reception, with all of diplomacy and officialdom represented. The only other persons in Washington who rank high enough to entertain in the Premier's honor are Secretary of State and Mrs. Stimson, the Minister of Canada, and the Ministers of the Irish Free State and of British South Africa.

STUDYING HIGHWAY QUESTION.

Today street and highway building absorbs a larger percentage of the tax dollar than any other item except schools.

The United States Chamber of Commerce, through committees, is studying the proper relationship of four chief sources of highway finance—general revenues, special property assessments, special taxes against the highway users and highway bond issues.

They will endeavor to determine when bond issues are justifiable and the best means of redeeming them, how gasoline taxes should be applied, what the property owner's contribution to the highway past his door should be, the proper relationship of the Federal government to the highway program and other important questions.

The improvement of secondary roads to open up the back country and relieve congestion on main highways is a question of outstanding importance.

Here's How

BY E. W. HOWE
"The Sage of Potato Hill"

THE LONG SILENCE. CONTRADICTIONS. PLAYING THE GAME.

My greatest ambition, at the age of seventy-six, is to be fair, polite, and as little of a nuisance as possible to others, to meet my just obligations to the world, and get out of it with as little annoyance to others as possible. . . . I long to oblige my children by being as little trouble to them as they have been to me, and I have good children. I have a vague ambition to imitate Lycurgus in one respect. When he was old and useless, he left a kind and intelligent word to his acquaintances, and went on a journey. He was never seen again. I have a vague ambition to spend my last and worst day in a distant place. An occasional friendly letter to my children, and then the long silence. . . . If my final attendants are honestly able to write to my children I was reasonably patient, and in possession of my faculties, I would consider that an achievement: old men not themselves have always been distressing to me.

pany solely on merit. . . . I was once talking of baseball to an old player, who had been given a chance in fast company, and failed. He did not exhibit the slightest bitterness because he was compelled to quit the game and engage in law. "In order to be accepted in the big leagues," he said, "a man must have everything; I hadn't it." . . . In business, as in baseball, the game is played in the country as well as in the big towns, and the same rules hold good; most applause and profit for those able to best hit the ball, field and display the most intelligence. The stars in the big towns are constantly dropping out because of age; recruits must be had from the country, and always the recruits are selected strictly on accomplishment. . . . Any young man who understands the game of baseball and its rules understands the conditions governing success in life. If he fails to play the game as well as he might let him take his medicine with as good grace as possible.

Paul Owens was a business visitor at Lubbock this week.

Pray Brother.
"Reverend," Sam Johnson said: "De doctah done told me ah got a floating kidney, ah wish you would say some prayers fo' me next Sunday."
"How come prayers fo' a floating kidney?" inquired the good pastor. "All mah congregation would bust right out laughing."
"Ah don' see why," insisted Sam. "Last Sunday you done prayed fo' all the loose livers."
