Roosevelt And Dewey Chalk Up Triumphs

Illinois Goes For Third Term, Nebraska Favors New Yorker

By The Associated Press

Thomas E. Dewey and Franklin D. Roosevelt riveted by fresh triumphs in the mid-west farm belt today a leadership in the 1940 presidential races that challenged other contenders. Lead of 21,000

In Nebraska's republican preferential primary, Dewey was running well ahead of Senator Arthur Vandenberg, just a week after an easy Wisconsin victory over the Michigan senator. Dewey's lead was more than 21,000 when the counting passed the three-quarter mark.

In Illinois Mr. Roosevelt rolled up a 6 to 1 margin over the anti-third term candidacy of Vice President Garner, causing state democratic leaders to describe the vote as a "demand" for the president's renomination.

Dewey was unopposed in Illinois, but his supporters had hoped for a big turnout as a harbinger of republican strength in November. Mr. Roosevelt's total was running well ahead of the combined votes for Garner and Dewey, although the New York prosecutor was about even with the president in the non-metropolitan areas.

Mr. Roosevelt had no opposition in Nebraska, where his total was below the Dewey-Vandenberg aggregate. In neither state are the primary results binding on the national convention delegates.

The principal democratic contest in Nebraska involved the senatorial race in which Senator Edward Burke was trailing Gov. H. L. Cochran by 19,000. Burke conceded the contest.

In Illinois, Democratic Senator Slattery was renominated for the remainder of the term of the late J. Hamilton Lewis. Slattery was backed by the Kelly-Nash-Horner organization, which also supported Harry E. Hersey, victorious over Lieut. Gov. John Stelle in the democratic gubernatorial contest.

Illinois republicans nominated C. Wayland Brooks for senator and Dwight H. Green, former federal district attorney who prosecuted Al Capone, for governor.

In Nebraska, former Governor Arthur Weaver and Hugh Butler, Omaha grain man, were running neck and neck for the republican senatorial nomination. After trailing in early returns, Butler pulled into a 6,000 lead at the three-quarter mark.

LOCAL COUNCIL TO SEND DELEGATE TO SAFETY MEETING

The Big Spring Safety Council will be represented at the Texas Safety Conference in Austin on April 16 and 17, it was announced by officials of the local unit here Wednesday.

W. C. Blankenship, who will be in Austin on business at that time, will participate in the conference on behalf of the Big Spring council. Outstanding national leaders in the field of safety will be at the conference and there will be many instructional side features attached to the affair.

Jeanette Barnett, council secretary, said that Blankenship's report will be heard at the next council meeting.

PAYMENT TO SCHOOLS

Another \$1 per scholastic payment was received from the state Wednesday, it was reported at the county superintendent's office.

The total amount was \$1,125 and represented the receipts of \$14 on the current scholastic apportionment of \$22.

NEW COMMISSIONERS HEAR REPORT ON CITY FINANCES

Having heard a resume of the fiscal affairs of the City of Big Spring for the past year at the first regular meeting of the new fiscal year Tuesday evening, city commissioners set about learning more of the municipality and its program Wednesday morning.

The entire commission, with E. V. Spence, city manager, made a tour of city properties Tuesday morning, studying status and purpose of each.

At the parley, Spence read his annual report which showed a budget under-run of \$6,000. General fund revenues for the year totaled \$300,000, in excess by \$6,000 of estimates principally due to increased water receipts. General fund expenditures were \$220,000, and \$67,000 went to the interest and sinking fund. The manager

Lions Select B. Summers

Burke Summers, assistant manager of a local furniture concern, was nominated Wednesday as president of the Lions club.

A member of the organization for the past six years, Summers has been active in the affairs of the unit and has held almost every office it has to offer with the exception of the presidency.

Other nominations presented by a committee composed of the president and past presidents of the club, include: Schley Riley, first vice president; Ray Ogden, second vice president; Orlis Grafa, third vice president; Harold Stock, Liontamer; Virgil Smith, tallitwster; Dan Conley, secretary, and Larson Lloyd and King Sides, directors. These men and any others nominated from the floor, will be voted upon May 1.

Pascal Buckner, a past president of the club, made a strong appeal for better citizenship through the medium of "doing your job well."

One reason for the type of stewardship in the past was that those men were trying to do their job and not thinking about publicity." Democracy is the only form of government, although it may function slowly, which can work out the proper and permanent solution of current problems, said Buckner—"if you and I vote and work intelligently."

Impromptu talks in a lighter vein were made by Dr. C. W. Deats and Tom Cook.

Report 'Ma' To Get In Race

DALLAS, April 10 (AP)—The Daily Times-Herald today said that it had learned from "reliable sources" that Mrs. Miriam A. Ferguson, former governor of Texas and wife of a former governor, formally would announce her candidacy for the office next Sunday.

The newspaper said the information came from sources once close to the administrations of the Fergusons, and that a statement has been prepared for release to newspapers Sunday.

The Times-Herald continued:

"Such an announcement, if forthcoming as predicted here, will not occasion great surprise in political circles. Two weeks ago Mrs. Ferguson gave a broad hint of her intentions in a public statement inviting the voters to write her postcards expressing whether or not her candidacy would be desirable in the coming summer primaries."

The results of this "straw" pre-primary were expected to be contained in Sunday's announcement.

"Mrs. Ferguson sent up her trial balloon about two weeks ago. She announced that she would be willing to make the race this year if the response seemed to warrant the effort."

SEES ADJOURNMENT EARLY IN JUNE

WASHINGTON, April 10 (AP)—Majority Leader Rayburn of the House said he and Senate Majority Leader Basch told President Roosevelt today that Congress was "well along" with its work and would be ready to adjourn between June 1 and 10.

Bishop Term Is Affirmed

B. B. "Buster" Bishop, convicted here last November and sentenced to life imprisonment as a habitual criminal, lost the last battle in his fight to avoid the sentence Wednesday when the court of criminal appeals in Austin affirmed his conviction.

Bishop is still in the county jail, said Deputy Sheriff A. J. Merrick, awaiting word from his appeal. His removal to the state prison at Huntsville is expected soon.

Following his trial under the habitual criminal act, Bishop teamed with three other prisoners in an unsuccessful break from the Howard county jail Dec. 17 by slugging Deputy Sheriff Denver Dunn. Bishop, taking Dunn's gun, was the only one to get out of the jail and was captured after an exciting four block chase through heavy downtown Christmas season traffic.

While Fats Nunn, Ollie Jackson and Al Blount were tried and convicted for their parts in the attempted break, Bishop was not brought to trial since, as District Attorney Martelle McDonald explained, his life sentence could hardly be increased.

WORK ORDERS ISSUED ON WPA PROJECTS

WASHINGTON, April 10 (AP)—Texas district managers were given authorizations to begin work on 26 WPA projects involving expenditures of \$608,209 in Work Projects Administration funds and \$459,658 supplied by local government agencies, Stearns & Tucker, deputy state administrator, announced here today.

The Times-Herald continued:

"Such an announcement, if forthcoming as predicted here, will not occasion great surprise in political circles. Two weeks ago Mrs. Ferguson gave a broad hint of her intentions in a public statement inviting the voters to write her postcards expressing whether or not her candidacy would be desirable in the coming summer primaries."

LATEST BULLETINS ON THE WAR

LONDON, April 10 (AP)—The British navy was reported tonight to have penetrated the strategic Skagerrak, the entrance to the Baltic sea, and to have sunk two German troop transports and a German destroyer in a battle just outside Swedish territorial waters.

Reuters, the British news agency, reported the sinking of the naval transports and destroyer after the Stockholm radio had announced that such a battle was raging near Marstrand, on the Swedish west coast.

NEXT, April 10 (AP)—A London broadcast, picked up by NBC today, quoted an admiral's announcement that the British navy had sunk five of the eight cruisers which Germany had at the start of the war.

NEW YORK, April 10 (AP)—A British broadcasting company

broadcast at 12:15 p. m. (C.S.T.) today said the Swedish government had moved army reserves to northern and southern provinces, and ordered all reserves mobilized.

BERLIN, April 10 (AP)—German naval units defending the northern Norwegian port of Narvik against a British attack destroyed three British destroyers and badly damaged a fourth early today, the German high command stated tonight.

BERLIN, April 10 (AP)—German forces have occupied Hamar, Norwegian town north of Oslo to which the Norwegian government fled yesterday, authorized German sources said today. They said they had no information, however, regarding the reported occupation of Elverum, near the Swedish border, where King Haakon at noon received the German minister.

Berlin Admits The Loss Of 2 Cruisers

'Satisfactory' Agreement With Norway Is Expected

BERLIN, April 10 (AP)—Germany announced today that she had lost two cruisers under the fire of Norwegian coastal batteries in landing troops in Norway yesterday, but stated that despite this resistance a complete and "mutually satisfactory" agreement with Norway would be reached within a few hours.

CITIES OCCUPIED

A high command communiqué showed that the Norwegians fought bitterly against the Germans, but claimed despite this opposition the occupation of Narvik, Drontheim, Bergen, Stavanger, Egersund, Kristiansand, Arendal and Oslo. These cities, among others, are firmly in German hands," said the communiqué.

Reports reaching Stockholm said a battle was in progress this morning between German and Norwegian troops at Elverum, 75 miles north of Oslo, where the Norwegian Royal family and government took refuge yesterday. The outcome was not known.

The German cruisers acknowledged lost under Norwegian coastal fire were the 16,000-ton Blucher, a vessel completed only last August, sunk in Oslo fjord, and the 15-year-old, 4,000-ton Karlsruhe, sunk similarly at Kristiansand after safeguarding the landing of troops. Most of the crews of both ships were said to have been rescued.

Informed German quarters said they expected a complete agreement with King Haakon shortly. The German minister to Norway had an audience with the monarch to clarify the situation and determine who is responsible for governing Norway, an official announcement said.

British Foreign Secretary Lord Halifax said today that the allies would regard German-Norwegian negotiations as "action taken under duress."

It was clear that Germany did not regard the government proclaimed yesterday by the Norwegian Nazi leader, Major Vidkun Quisling, as necessarily the new government. They suggested that he proclaimed it without authorization and that Germany might come to terms with the government of Premier Johan Nygaardsvold.

Germany disclaimed interest in both Iceland and Greenland, which are under the Danish crown, despite the occupation of Denmark.

While losing two cruisers in landing troops in Norway, Germany claimed successes against British naval units off Norway's west coast.

"British naval forces and transports" which the Germans said had been commissioned to land troops in Norway following Monday's mine-laying "were attacked by German bombing planes yesterday afternoon, the German communiqué said.

"Hit in particular," said the communiqué, "were four battleships by either two or three bombs, two battle cruisers by one bomb each, two heavy cruisers with two and one bomb respectively, one cruiser was set afire by a bomb hit and two transports were struck by one bomb each."

It was insisted that German action to "protect the neutrality of the northern states" was finished and it was stated flatly that no steps in relation to Sweden were contemplated.

Norwegian Troops Put Up A Battle Against Germans

STOCKHOLM, April 10 (AP)—Norwegian troops defending their government and its new capital fought a fierce battle with invading German forces today at the town of Elverum, 75 miles north of Oslo on the Swedish frontier, according to advice reaching here.

About 200 Norwegians were reported killed and wounded, while German losses were not immediately known.

The Germans were reported sending reinforcements to Elverum speedily, but the town still had not been occupied by 4:30 p. m.

Volunteers joined the regular Norwegian troops to defend the new capital from the invaders. The Royal family and the government of Premier Johan Nygaardsvold had fled to Elverum from Hamar, whether it had gone yesterday just ahead of the German occupation of Oslo.

German troops were supported in their action against Elverum by warplanes, travelers reaching here related.

Reports from Moscow to the Stockholm newspaper Aftonbladet said that Russia was remaining neutral regarding current events in Scandinavia, but the German occupation of Norway had gone far enough to cause alarm.

Political circles in Moscow were said to regard Russia and Finland both as being out of the field of action of the great powers, but nevertheless Russia was said to have concentrated troops in the north and to have her Arctic navy ready for any eventuality.

Danish fishermen reported that 12 German warships were in Copenhagen today, and that 10,000 German soldiers had been landed there.

Prime Minister Chamberlain presented a story of the battle to cheering house of commons. He presented it as a British victory, stating that six merchant ships were to be carrying supplies for the Germans were sunk and that the German ammunition ship Ravensfeldt was blown up.

The German force, which Chamberlain said was composed of six of the "latest and largest type," was left "in no position to attempt pursuit," he said.

The British destroyers steamed into Narvik fjord to engage the German craft. They ran into fire from shore batteries and German guns newly-mounted ashore, Chamberlain related.

The British destroyer Hunter was sunk and the Hardy was damaged so severely that she "had to be run ashore and became a wreck," the prime minister continued; the Hotspur received serious damage and the Hostile slight damage, while the Havoc was "untouched."

The German destroyer "torpedoed and believed sunk" was a 1,600-ton vessel, Chamberlain said, suggesting the others left burning were of the same type.

Although details necessarily were kept secret, Chamberlain said, the British destroyers engaged the German craft to prevent the invasion of Denmark.

The Hague, April 10 (AP)—Netherlands defense measures were stepped up today and her street lights kept blazing night and day to show warning powers that the lowland nation is not a blacked-out belligerent.

Some people are fascinating to meet and then grow boring on closer acquaintance. Then some books are so deep or confused or vague that no one ever knows what the story is all about. There are people like that too.

As acquaintances become more than just that and one sees them in fair weather and foul with many circumstances bringing pressure on the veneer that covers everyone, disillusionment is often in store. So few can stand the critical eye and more than a cursory glance.

People are really best to know when like the unread book each page turned is a question mark and each new sentence a matter of conjecture.

Officer investigating the case, said that Boyd Smith, driver of the ill-fated machine, was passing other cars when his car struck Corbell. Smith was eastbound and Corbell had just disembarked from a car and started across the street.

For the past five years Corbell had lived at Big Spring and had worked at various jobs. He lived in Loraine for many years. Less than an hour before he was killed, he had applied for a place on the city police staff.

He leaves one son, R. D. Corbell, Monahans; two daughters, Mrs. Orah Strach of Miles and Mrs. Jewell Nichols of Stamford. Services were in charge of Rev. J. O. Haynes, First Methodist pastor, and the Methodist choir was in charge of music. Burial was in the city cemetery.

Mrs. Bill Edwards and daughter, Joyce, left Tuesday evening for Dallas where they will visit with her parents, Mr. and Mrs. Leon Moffett.

ALLISON HERE

Rites Said For Mishap Victim

Funeral services were held at 2 p.m. Wednesday in the Ebenezer Chapel for Samuel Houston Corbell, 35, who died in a local hospital Tuesday afternoon shortly after he was struck by a car as he crossed Third street near Young street.

He was the fifth traffic victim in the county this year and the first to be fatally injured within the city limits.

Officers investigating the case, said that Boyd Smith, driver of the ill-fated machine, was passing other cars when his car struck Corbell. Smith was eastbound and Corbell had just disembarked from a car and started across the street.

Says Chain Store Bill Would Boost All Living Costs

WASHINGTON, April 10 (AP)—Earle C. Sams of New York, president of the J. C. Penney Co., told a house ways and means subcommittee today that enactment of the Patman chain store bill would increase living costs in the United States and upset the economic structure.

Sams was the first of 100 witnesses scheduled to testify before the sub-committee in opposition to the bill, which would levy graduated taxes on chain units.

Tax provisions in the measure increase so sharply with the increased size of a chain and in proportion to the number of states in which it operates, Sams said, that not only all large chains such as the Penney system but also many smaller chains operating in several states would be "wiped out."

Garner Not Invited To White House Talk

WASHINGTON, April 10 (AP)—Disregarding customary procedure, President Roosevelt failed to invite Vice President Garner to a White House legislative conference.

The unexpected action developed immediate speculation that relations between the president and Garner had cooled. Although differing on some major issues, the two men have been personally friendly throughout the seven years of Mr. Roosevelt's administration.

Only the two democratic leaders—Senator Barkley of Kentucky and Representative Rayburn of Texas—attended today's conference.

A Downtown Park

Big Spring can be justly proud of its city park, for unequivocally it is the finest of its kind in West Texas and one of the best in the entire state.

It has experienced marvelous development and popularity since it was first opened as a park 10 years ago come summer. Into it has been poured an estimated quarter of a million dollars in local and federal funds. From 160-acres of cedar-thatched rocky hills with a willowed draw it has been expanded to 545 acres with lawn, flowers, trees, paved drives, picnic units, various and improved playgrounds, stone buildings, swimming pool, community center, 18-hole grass green golf course, scenic drive, amphitheatre and museum. Right now negotiations are underway to add more acreage to the south and eventually to continue development.

All of this is commendable. It has proven and will continue to be of benefit to the community. It is one of the city's greatest assets. But the fact remains that Big Spring has but one park, and it is three miles from the heart of the city.

It is not inconsistent with the advocacy of local as well as state and federal governmental economy to propose another park for Big Spring. It will cost more money, it is true, but not necessarily as much as would seem at first thought.

There are many lovely spots within the corporate limits, and, indeed, near the heart of the city, which would lend themselves to improvement as a park without great expense. Nor would the initial cost be prohibitive on some of these tracts, for the city commands bargaining powers through taxes owed it. And again, development of a town park need not be a fiscal burden, for there is no haste in transforming any site selected.

One of the chief arguments for such a park is accessibility. Even in this modern day not all families are blessed (or plagued, as you please) with automobiles. A town park would largely answer that question.

Too, a close in park would represent a time-saver for those who do have transportation. It could be made a show spot within the city and could add much in the way of beautification. It is not inconceivable that the park would attract a certain amount of residential building on that account.

Finally, a dual or multiple park system would avoid undue concentration and congestion arising out of but one unit. Danger of having all the eggs in one basket was demonstrated by the routing of the new highway through the present park.

Thus it seems entirely within the bounds of logic that a town park is a worthy objective for the city administration. It would be a justifiable service, and what additional money used to develop it would be a wise investment of public funds.

Robbin Coons**Hollywood Sights
And Sounds**

HOLLYWOOD—Jack Oakie has as good a reason as you'll ever hear for keeping up his weight: sylph-like as he was during his late reducing campaign, he never might have been in a Charlie Chaplin picture.

Jack is hoofing now, for the first time in years, as the foster father of Shirley Temple in "The Young People." Jack's hoofing partner, in the picture, is Charlotte Greenwood. Together, they go through some dillies of steps guaranteed to drip off a pound or two here and there.

Oakie came out of one such routine, steaming and puffing a little, and smacked his lips: "Two pounds, just about—say, I gotta watch that!"

Jack's fellow who, with a load of 225 pounds of flabby fat to drag around, took up a serious course of exercise, diet and medication to put him back in the wasp-waist contingent. He skidded in practically no time to a sparse, trim 154, and he was feeling pretty good about it. But then, he says—

"I asked the doc. I said, here I am at 154, and what do I do about it now? The doc says, 'Oakie, you just keep it up—the diet, the exercise, and the pills—for the rest of your life.' So Oakie says, 'Who me?' And that's the end of that."

"When I went to Europe last year," says Jack, "I bit Paris—and Paris food. It was too much. So I came home, and I weigh 159 pounds today, and it's all right with me. I keep up the exercises, and but I feel good, and I'm happy. And when I think I don't carry any blubber around on these bones, my reducing trick might have cost me the chance to play Benzingo Napolini with Chaplin's Adenoid Hinkle in "The Great Dictators"—I get kind of sick."

It seems Chaplin had known Oakie, and vice versa, for some years, and when Chaplin was casting his first talkie he liked Jack for the other dictator's role. Then (Chaplin told Oakie later) he saw these slimmed-up pictures of Jack, and groaned. The dictators of the piece, as Chaplin insists, are "anything figures," but even so, a thin Benzingo might have been hard to take. And when Chaplin saw Oakie again—after Paris, and crepes suzette, and French wines—the comedian was overjoyed. Jack Oakie was definitely in as Benzingo.

"And I learned more tricks from Chaplin in four months," says Oakie, "than I'd picked up in all the past years put together. Charlie told me how he used to stand out from the rest of the Keystone Kops. They'd all be pounding Ford Sterling's head with their sticks—pounding hard and fast. So Chaplin did this pounding slowly, deliberately, and the audience watched him and forgot about the others. Chaplin showed me how to do a take-em—you know, delayed expression of surprise. I was doing one, and he said, 'No, not like that. Here, like this—straight at the camera.' It makes all the difference, too."

Chapter 32

THROUGH WITH WOMEN?

Old Abe's bones grew weary; grew cramped. "I'm gettin' right dizzy," he complained, "what with Little Sweetheart poppin' up every time I bring down a net."

Tomi nodded in understanding. Little Sweetheart was a mascot.

"Dog-gone your spotted hide," wailed Abe, as he brought her in by mistake. "If you don't keep out from under my net you're a goin' to winter in somebody's stomach."

Tomi shook with silent laughter. Little Sweetheart was plumped into the water only to come up on a lily pad right under the next stroke of the net. Abe reversed the pole and shoved her off. He shoved too hard; reached too far.

Tomi heard a screech and a splash. Then she noticed Abe's hat floating on the water. A moment later Abe's head appeared, walrus mustache dripping with mud. Securely encircled on his bald pate sat Little Sweetheart, eyes bulging no more than those of Old Abe.

"Abe!" gasped Tomi. "What's the matter?"

"Matter?" he sputtered in a queer tone. "Doctor Smith's teeth...I left 'em on the bottom."

It was more than Tomi could stand. She had a ludicrous vision of the pearly white plates gnawing lily roots or biting the mud, and she started to laugh. She laughed until the tears streamed down her face and her limbs grew weak. She laughed, even as she reached a hand to her caretaker.

It happened then. She slipped. She turned but saw nothing. She turned up with a splash. Then she noticed Abe's hat floating on the water. A moment later Abe's head appeared, walrus mustache dripping with mud. Securely encircled on his bald pate sat Little Sweetheart, eyes bulging no more than those of Old Abe.

"Abe!" gasped Tomi. "What's the matter?"

It was more than Tomi could stand. She had a ludicrous vision of the pearly white plates gnawing lily roots or biting the mud, and she started to laugh. She laughed until the tears streamed down her face and her limbs grew weak. She laughed, even as she reached a hand to her caretaker.

He did. He caught up with her, whirled her around with a crushing grip of her shoulders, then shook her until she was dizzy.

"I've listened to you wisecrack until I'm tired of it. Now you're going to listen."

"To your wisecracks?" she offered.

"I'm sick of you, understand? I'm going to tell you just what I think of you, and when I get through I want you to go in and get on your knees before Timothy Toland's portrait. I thought old Timothy was a smart man, until I met you."

He was a sick man when he went to Chicago to find out whether there was a Toland fit to inherit his money. He fell for you. God knows why. He admitted you were an ornery as the devil. He said you'd had to be to hold your own with the other Tolands and Timmys.

"Timothy was a smart man, until I met you."

"Tell you," roared Abe. "Would you have believed me? Oh, forget it, it's over. But what Timothy Toland saw in you that was worth a frog farm I can't see. Look at you look at the way you've gone around lately, that hair cut, those shirts and boots and breeches."

Tomi looked at the boy's dejected looking things tipily edging the pool, then looked at Abe.

"You're not a vision of sartorial elegance yourself, Mr. Bartell," she reminded him, "especially for a man who's about to be displayed to a mob as an altar trophy."

"As for Pierre," continued Abe, "what I put up with there no one will ever know. Believing he was after your money; that he'd planned to meet and marry you because you had a frog farm he wanted. Having to stand by helpless and watch you make a fool of yourself."

Tomi stammered. "W—why didn't you t—tell me?"

"Tell you," roared Abe. "Would you have believed me? Oh, forget it, it's over. But what Timothy Toland saw in you that was worth a frog farm I can't see. Look at you look at the way you've gone around lately, that hair cut, those shirts and boots and breeches."

Football Cuts Into The Local Track Program

Coach Howard Swartz To Take Full Team To Sweetwater

Spring football drills have hampered Howard Swartz's track and field workouts but the mentor of the high school thinly clad is dedicating as much time as possible this week toward getting his hopefuls in shape for the district interscholastic league games Saturday in Sweetwater.

Some of the boys who have been reporting for track are now wearing the moseking but Swartz indicated he would take a full team to the meet.

Pepper Martin and Johnny Miller, who have completed their eligibility in football, and Hugh Jennings have been working steadily since the meet was postponed from last Saturday. Martin will run the quarter mile and the low hurdles. Miller the century and 220-yard dashes and Jennings the low and high hurdles.

Horace Bostick, ace half miler, has deserted the cinder paths for the gridiron but will make the trip to Sweetwater as will Owen Brummett, quarter miler, Billy Womack, miler, Clifton Patton, weight man, and Lem Nations, sprint star.

First Base Job Wide Open,

Riorden Shines In Drill

Visitors in the village Tuesday included Speck Williamson, a former Big Spring infielder and now pilot of the El Paso team of the Cactus league, and Al Berndt, ex-Baron now with Midland's Wad dies.

Williamson's Texans are in Midland for a pair of exhibition games with the Cowhands and Williamson dedicated Tuesday evening to looking up old friends here, among them Sammy Sain, whom he played with in the old West Texas League in 1929.

Too, Williamson conferred with Rego over the possibility of an exhibition game or two later in the next meeting night of the unit.

The organization will dedicate that evening toward electing new officers for the 1940 season.

Harold Harvey, president of the association, said that a membership drive would soon be conducted as a part of the new program.

The unit will strive toward the development of the city's younger players and will teach the game in group lessons.

The city park courts will be operated by the reservation system as in 1939.

Plans for an invitational tournament will be discussed at the May party.

Present for the meeting last night were E. K. Stagg, Marvin House, Jr., Louise Squires, Ottie Harrison, Lydia Bird, Harry Jordan, Mr. and Mrs. J. O. Vineyard, Avery Falkner, Hollis Hall, H. Malone and Harvey.

Riorden went after everything in the round of infield drill, handling all chances and was throwing strikes to every sack.

Now, Riorden is very much in the fight. He exhibited power at the plate in a brief batting drill and indications are that he will see plenty of action in this weekend's exhibition games with Hamlin and Lamesa.

Dreams?...well maybe...

Where did each great achievement actually start? Wasn't it with an idea? What if Edison had not dreamed of the first electric lamp? What if Fulton had not dreamed of the steamboat? Such dreams are priceless. Properly directed daydreams are as valuable as work itself... often times providing the spark that gives the whole nation new conveniences and opportunities, thus putting millions to work.

RED SOX, TRIBE SET TO PUT UP REAL ARGUMENT

By DILLON GRAHAM

NEW YORK, April 10 (UPI)—A month spent hopping about the Florida palm and palmetto belt observing the big league baseball clubs in spring training has convinced me that the Yanks and Reds are again the class of the majors.

Cincinnati may have a dog-fight all the way with the St. Louis Cardinals, but the Reds should win at a nose—maybe Ernie Lombardi's schmooze just as they did last season.

The Yanks should have an easier triumph but their margin may be smaller than in any recent year, for Boston and Cleveland have strengthened their offensive.

Here's The Lineup

With the start of the season still a few days off—and anything likely to happen during the long summer.

More Sport News On Page 7

mer chase—here's the way the pennant races look to me:

American—1. New York. 2. Boston. 3. Cleveland. 4. Detroit. 5. Chicago. 6. Washington. 7. Philadelphia. 8. St. Louis.

National—1. Cincinnati. 2. St. Louis. 3. New York. 4. Brooklyn. 5. Pittsburgh. 6. Chicago. 7. Boston. 8. Philadelphia.

The Yanks go to bat with the same club that won the world championship last summer, plus some new young pitchers. Boston expects Dominic DiMaggio, the rookie outfielder, to add power to its attack but the Red Sox's real hope lies in a group of young losers. If Herb Hash, Jim Bagby, and Woody Rich come through to aid Joe Cronin's other regulars, the Bostonites might give Joe McCarthy's gang a fit.

Cleveland looks stronger with a fine keystone combination in Ray Mack and Lou Boudreau; an improved outfield and a pitching corps that may be hard to beat.

The Indians have probably the best pitcher in baseball in Bob Feller, who may hit the mark this year.

Too Many Hrs At Detroit

Detroit has too many doubtful spots. Hank Greenberg and Rudy York have yet to prove themselves as big leaguers in the outfield and at first base. Charles Gehring is ailing. Dick Bartell is aging. And, after Buck Newcombe and Tommy Bridges, the pitching is uncertain. Chicago and Washington are about in the same class with the Tigers and this trio should battle it out for fourth, fifth and sixth positions. Seventh and eighth positions are reserved for the Athletics and the Browns.

St. Louis has more power than any other National league club and the Cards made a great fight for last year's championship. They may win this time. But from this corner the Reds seem a little stronger, chiefly because of a better infield and a couple of guys named Walters and Derringer.

Perhaps Walters and Derringer have the pick of the 1940 three-year olds off their juvenile form.

Both have grown up and trained well. Andy's leg was fired and is now sound. The bitter winter slowed down Bimmy's work some in Kentucky. Andy, on the other hand, has looked all over the best of three-year olds now preparing at Belmont Park.

Both are eligible for the derby, the Belmont, the Wethers and a bunch of other stakes.

Military engineers were formerly called trench-masters.

biblically-named colt as a mild shoo-in for the Kentucky Derby or any other stake, there is a very definite cheering section for Amblyn Andy, too.

This is because there are still some who consider the sunny angle of dame fortune's smile, all other things being equal. And the good dame was most certainly not smiling on Andy last year.

True, he was beaten three times by Bimmy. But on two of those occasions, Andy's bad leg had him running all over the track. And the third time—in the Belmont

Futurity—the ground gave away under him at the barrier, he went to his knees, and came up with both forelegs cut and bleeding.

No matter which side of the argument you take, in these two you have the pick of the 1940 three-year olds off their juvenile form.

FARM CHECKS TO BE MAILED SOON

WASHINGTON. April 10 (UPI)—Agriculture officials informed Rep. Representative C. Case (R-S.D.) today checks for nearly \$60,000,000 in balances due on 1939 agricultural conservation payments would be mailed to farmers as soon as possible. Case had asked that the checks be expedited because farmers needed the money to finance spring planting.

Baylor Loses To Longhorns

By the Associated Press

The surprising Texas Aggies and the favored Texas Longhorns were the only unbeaten teams in the Southwest conference baseball race today.

Texas defeated Baylor yesterday, 14-2, a barrage of long-distance hits sewing up the game early.

Texas opens a two-game series with Rice tomorrow at Austin.

The Aggies will meet Southern Methodist at Dallas in two tilts.

A. and M. has a single game with Texas Christian scheduled for Fort Worth Saturday while Rice plays Baylor at Waco.

Officers of the LULAC (League of United Latin American Citizens) have been named as delegates to the installation of council officers at Brady on Sunday.

The local council (162) named Julian Vega, president; Tony Castillo, Gen. Salazar, A. Ceniceros and Juan Vega as delegates to witness the Brady event in order to prepare for an installation here in the near future. Eighteen men attended the meeting Monday evening in the Kate Morrison school building.

Oil Tankers Are Nearer Nazi Grasp

TULSA, April 10. Germany's thrust into Scandinavia brought herewith striking distance of control of the third largest fleet of oil tankers in the world.

Oil is considered by some sources here as one motive for the Nazi blitzkrieg against Denmark and Norway.

Norway, with North Sea routes to Central America's oil supplies, has 262 tankers in her registry, with a total tonnage of 2,857,000. This is exceeded only by Great Britain and the United States.

It is possible, however, that Scandinavian ships may transfer to Pan-American registry.

England has been obtaining much of its oil imports from Venezuela, via the Dutch West Indies, and it is in question whether such a source would be open to the Nazis.

At the same time, oil sources point out that Germany's position with Scandinavian sea bases for oil importation would be much stronger than heretofore.

Increased activity of the Nazi and allied sea and air arms also is viewed as a possible cause for a hike in the demands for crude oil products from the United States.

Since the outbreak of the European conflict, demand has been greatly below that at first expected.

Youthful Murder Suspect Is Held

WACO, April 10. (AP)—Frank Frazier, Jr., 20, was held in jail here today awaiting arrival of Kentucky officers to take him to that state to face charges of murder.

Frazier, wanted for the fatal shooting of Clara Claudine Barket, 18, Thursday night at Ashland, was arrested here last night by Police Captain Jim Barron and Detective Jesse Wohlwend.

The youth told officers and a newspaperman he had fired four or five shots at an automobile but had aimed at the tires and did not believe any of the bullets struck the girl as she walked along with four other persons.

Barron quoted Frazier as saying he had been drinking and that he became angry when an automobile brushed against the front fender of the car in which he was riding.

Frazier said he became frightened and left when he learned of the girl's death the next day.

Chloe Davis Kept In Custody During Family Funerals

LOS ANGELES, April 10. (AP)—

A juvenile court order kept 11-year-old Chloe Davis from attending funeral services today for her mother, two sisters and brother despite a coroner's jury verdict that virtually absolved her of blame in the most brutal hammer slayings in the annals of California crime.

The flaxen-haired sixth grade youngster, who told authorities her mother inflicted fatal hammer blows upon the three other children and then committed suicide by slashing her wrist with a razor blade, was ordered kept in strict custody until at least April 17.

On that date a hearing has been set to determine whether she shall become a permanent ward of juvenile court until she is 21, or whether she is capable of returning to normal life.

MISTAKE IN AGE

LOUISVILLE, Ky., April 10. (AP)—Census Supervisor W. Q. Hall told this one:

"A lady telephoned him that she had not given her right age to an enumerator."

"I have been taking off a couple of years for so long that I was beginning to believe it myself. I told her (census-taker) that I was 43 when I am really 45," Hall quoted the caller.

"I'm in the same boat myself," Hall replied.

Cureton's Death Gives O'Daniel A Top Appointment

AUSTIN, April 10. (AP)—Death of Tom L. Beauchamp, Jr., judge of the court of criminal appeals and considered very close to the governor. Twice the governor has appointed Beauchamp to important positions, first to be secretary of state and later to the criminal appellate bench.

Plural appointments originating with a vacancy in an important office are considered good political. This procedure is to appoint to that office a man holding a less important office and then to advance to the latter still another person. In this way several persons are pleased.

Justice Cureton's term expires Jan. 1, 1943. If Governor O'Daniel appointed a successor prior to this year's election, the appointee would have to face the electorate at such election.

BRITONS NOT READY TO DISCUSS PEACE

LONDON, April 10. (AP)—Cries of "no, no, never" filled the house of commons today when Labor Member David Kirkwood asked R. A. Butler, undersecretary for foreign affairs if it was not "about time we were discussing the idea of having peace by negotiation."

Butler replied that he was not prepared to add to previous government statements about Britain's war and peace aims.

VETERAN BRITISH ACTRESS SUCCUMBS

LONDON, April 10. (AP)—The death of Mrs. Patrick Campbell, noted actress of the stage and screen, at Pau, France, was announced today.

The British-born actress was 75 years old.

She toured the United States several times and in 1934 went to Hollywood where she made several movies.

Tax Revision Is Proposed

WASHINGTON, April 10. (AP)—Senator George (D-Ga.) said today that business leaders "not unfriendly" to the administration had proposed a three-fold revision in tax laws to stimulate private employment.

The program, as described by George, contemplated these changes:

1. Substitution of a flat 10 or 12 per cent capital gains tax for the present higher graduated levy on securities issues for new enterprises. The suggested tax would be applied for the first three years after issue, permitting quicker turnover and making the securities more attractive to investors.

2. Inauguration of a similar tax on refinancing issues for railroads

and utilities, with the same time limitation.

3. A 50 per cent reduction in the taxes paid on profits derived from commodities exported in excess of the average amount sold abroad in the previous three years.

George, however, voiced doubt that this program would get before the present congress.

TWO CHARGED IN OFFICER'S DEATH

HARLINGEN, April 10. (AP)—Indoor Cruz and Emeterio Chasco Coronas faced murder charges today in the fatal wounding of Border Patrolman Joseph T. Brown.

Brown died yesterday. He was shot during a gunbattle a week ago with what he and Patrolman C. B. Sills described as smuggling suspects.

Sills was wounded but not seriously.

Brown will be buried at Denton today.

Put off Your Engine's Next Birthday ... Change Now to OIL-PLATING

Whether you drive one of "this Spring's crop" or a "good old car," you can equip it with a Birthday Put-Off—at the everyday price of a change to Conoco Germ Processed oil for the Spring...and this Summer.

This patented oil brings your engine OIL-PLATING. And OIL-PLATING may be reasonably considered as special equipment against aging your engine over-fast in this overly hard season. For OIL-PLATING is a rich surfacing of drain-proof lubricant, lastingly united to working parts

by the plating-effect of a special man-made substance used in Germ Processed oil.

Here's oil that keeps OIL-PLATING firmly attached in defense of engine parts that may race faster than 4,000 revolutions a minute. Yet at zero revolutions—during all-day parking and all night in your garage—this drain-proof OIL-PLATING likewise stays faithfully attached. No question then of starting dry, waiting for oil to get a "move on." And an engine that isn't oil-starved in starting isn't loosening up rapidly to become an "oil-eater." Stave off extra wear—and extra quarts—by OIL-PLATING today with Germ Processed oil. Change to Your Mileage Merchant's Conoco station. Continental Oil Co.
