

No 'Out' Is Foreseeable

Koreans Are Strangled In U. S.-Red Deadlock

SEOUL, Korea, Sept. 6. (AP)—Division and deadlock are the double dragons of ancient Korea. They approach a crisis on Monday but after two troubled years there is no prospect that either can soon be excoriated.

increasingly acrimonious attempts to fulfill promises to reunite the country and establish it as an independent state.

Temporary Aid Studied For Sinking Europe

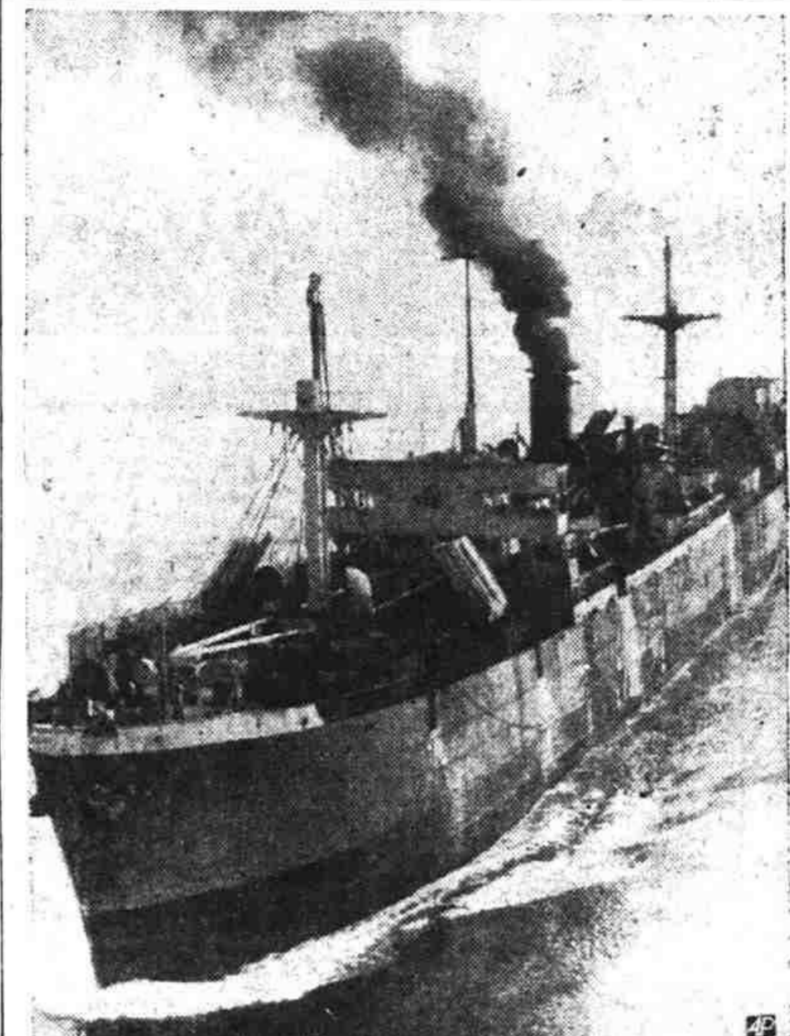

Action Would Be Advance On Marshall Plan

WASHINGTON, Sept. 6. (AP)—The possibility of asking a special session of Congress for a "temporary aid fund" to prevent a feared economic collapse in Europe about the end of this year is receiving serious consideration in the State Department.

Truman Car Almost Skids Over Cliff

Rear Wheel Stops Two Feet From Edge

RIO DE JANEIRO, Sept. 6. (AP)—President Truman had a narrow escape from a possibly serious mishap today when his car skidded on a slippery mountain road. He was none the worse for his experience.

JEWIS TURNED BACK FROM PALESTINE—The British transport Rummeye Park, one of three vessels carrying some 4,400 Jewish immigrants intercepted while trying to gain illegal entry into Palestine, passes through the English channel under escort of a destroyer (background), en route to Hamburg, Germany, where they were expected to disembark. The Jews, who sailed for Palestine from Sete, France, July 10, aboard the Exodus 1947 were destined for camps near Luebeck, Germany. (AP Wirephoto.)

Prison Manager Is Given 'Free Hand'

HOUSTON, Sept. 6. (AP)—The general manager of the Texas prison system has been given a "free hand" in operations of the system and in hiring and firing employees, members of the prison board said today in announcing a reorganization plan designed to increase management efficiency and better existing conditions.

BEVIN CALLS ON U. S.—Ernest Bevin, Britain's foreign secretary, clenches his fists to drive home a point as he tells the powerful British Trade Union Congress at Southampton, England, that the U. S. should redistribute "the Fort Knox gold" to eliminate constant chaos in world trade payments. (AP Wirephoto.)

Lloyd Robinson Wins 4-H Award

Lloyd Robinson of Knott was winner of the Dallas Fair Award for District 6 at the annual Texas 4-H Club Round-up which concluded Friday at College Station.

W. C. Windsor, Tyler oil man and recent prison board appointee who last Monday named chairman of the nine-member group, said today "the board has given Stakes authority to get the system in order and to correct current ills in the system. The board stands 100 percent behind Stakes in his actions."

Strike Blocks Steel Output

PITTSBURGH, Sept. 6. (AP)—The Carnegie-Illinois Steel Corp.'s president today gloomily warned that a wildcat strike of plant railroad workers which already has idled 15,000 production employees and bit deeply into sorely needed steel production "may not end quickly."

HJC Sets Vet Pre-Registration

Pre-registration for veterans will begin this week at Howard County Junior College, and Monday evening has been set aside for registration of veterans who are employed in the daytime.

First Refugee Ship Nearing Hamburg

HAMBURG, Germany, Sept. 6. (AP)—Tense British troops, armed and specially-trained for their assignment, stood ready in the dock area tonight as the first of three deportation ships returning 4,400 Jews of the Exodus to Germany sailed slowly up the Elbe toward Hamburg.

The troops were prepared for action if the Jews, thwarted in their desire to reach Palestine, offer resistance when disembarkation begins tomorrow at 5 a. m. (11 p. m., Saturday, Central Standard Time).

Action Set On Paving Contract

Paving contract machinery is expected to begin grinding Tuesday when Big Spring city commissioners conduct their first September session.

Reviewing The Big Spring -Week-

Early September rains have not materialized, and in their place heat is damaging crops seriously. Only bright note was that we do not get as high temperatures as some places. Abilene, for instance, which averaged better than three degrees above us during the past week. Normally some showers come during the first week of September and last year we had a two-inch downpour first rattle out of the box. If rain waits much longer it will be too late for new cotton bolls to mature before frost.

Canadian May Take 'Miss America' Title

ATLANTIC CITY, N. J., Sept. 6. (AP)—Lovely young women from 39 states and 14 cities faced tonight a definite threat from an "outsider" in their quest for the 1947 "Miss America" crown.

Voters Will Decide Two School Issues

Qualified voters of the Big Spring Independent School district will make their decision Tuesday at the polls on two issues confronting the district.

Abilene School Budget Rejected

ABILENE, Sept. 6. (AP)—L. A. Woods, state superintendent of public schools, notified Super. Nat. Williams of the Abilene public schools today that he can not recommend approval of the local school salary schedule to the state board of education at its meeting Monday because of what he termed "racial discrimination."

Grave Issues Face Assembly

These sources said Molotov might come later in the session if the occasion demanded his presence. U. N. observers expressed belief Molotov would come, for Russia is directly concerned with most of the big questions.

Top Statesmen Will Be At U. N. Opening

These sources said Molotov might come later in the session if the occasion demanded his presence. U. N. observers expressed belief Molotov would come, for Russia is directly concerned with most of the big questions.

New Discovery May Bring Lukemia Cure

ST. LOUIS, Sept. 6. (AP)—Discovery that zinc plays a vital role in blood cells—a finding offering possible clues to treatment of a usually fatal disease of white blood cells—was announced today by a research team from Harvard University and Massachusetts Institute of Technology.

Attempt Seen To Bring Greek Warfare To End

ATHENS, Sept. 6. (AP)—Informants said tonight that a new coalition cabinet being formed to govern Greece would offer a general amnesty to all guerrillas and would guarantee them jobs if the fighting now going on in the northern part of the country ends within a month.

Russia Insists On Atomic Veto

LAKE SUCCESS, Sept. 6. (AP)—Russia declined today to waive the veto on any sanctions, even of a minor nature, against violators of a proposed pact outlawing atomic weapons.

NO WAR FEARED

SAN ANTONIO, Sept. 6. (AP)—The 36th division association fears no war with Russia, a poll taken at its annual reunion in the Gunter hotel revealed today.

PLANE IS SAFE

NEW YORK, Sept. 6. (AP)—An American overseas airline plane being flown here from maintenance shops at a Long Island airport circled La Guardia field for a time late today because of reported difficulty with its landing gear system but finally alighted safely.

Ector Ellenburger Opener Indicated

SAN ANGELO, Sept. 6.—Northwestern Ector county registered its second Ellenburger pool opener within three weeks, by Phillips Petroleum Co. and The Texas Co. No. 1 McIntire, to lead West Texas developments this week. Texaco finalized a discovery Clear Fork producer in northwestern Crane county.

Phillips-Texaco No. 1 McIntire, C NE NE 18-44-In-T&P, flowed 102 barrels of 44 gravity oil to storage in 50 minutes—a 24-hour rate of 2,937.6 barrels—on its first drillstem test of the Ellenburger from 8,048-8,133 feet. Deepening, it recovered 100 feet of heavily oil and gas-cut mud, 6,520 feet of free oil and 540 feet of slightly oil-cut mud on a test from 8,131-80 feet.

Drilling continued in the Ellenburger, the top of which was reported unofficially 8,066 feet. No. 1 McIntire is only 1 1/2 miles southeast of the nearest Ellenburger producer in the Andactor field but probably is cut off from that area by an Ellenburger failure. Texaco-Phillips No. 1 Frank Cowden, one mile north and a quarter mile west of it. Gulf No. 430-E Goldsmith, first Ellenburger well in the Goldsmith multiple-pay field is 3/4 miles to the southeast.

Clear Fork lime production was indicated by No. 1 McIntire late in July when it flowed 27 barrels of oil to storage in one hour on a drillstem test from 6,125-6,200 feet and showed more oil and gas deeper in the section.

Texaco No. 31 W. E. Connell, Ellenburger failure in northwestern Crane county in drilling to 9,590 feet, was finalized from the Clear Fork with a daily flowing potential of 299.28 barrels of 34.2 gravity oil and gas-oil ratio of 607-1. It had treated with 1,000 gallons of acid through casing perforations at 4,660-85 feet.

The strike is in the C NW SW 20-216-pel, two miles west of the Jordan (San Andres) pool and 3/4 miles west and slightly south of Gulf's Jordan Ellenburger discovery.

Lion Oil Co. No. 1-B E. P. Cowden and others, C NE NW 6-A55-pel, marked a half mile west extension to Devonian production in the Dollarhide triple-pay field, most southwesterly in Andrews county, and drew east and southeast effects by Lion. Despite entering the Devonian low, at 8,310 feet, 5,175 feet below sea level.

No. 1-B Cowden indicated pay to 4,472 feet, flowing oil to storage on a test from 8,308-71 feet, and drilled ahead.

Texsons Producing Co. of Fort Worth No. 1 Tunstall Bros., discovery Delaware sand producer in northwestern Reeves county, flowed 105 barrels of oil with one barrel of salt water on a 15-hour gauge through a 3/8-inch tubing choke from 3,378-3,308 feet. It changed tubing preparatory to completion.

The well is 330 feet out of the northeast corner of section 10-45-26-T&P, six miles northeast of Oria.

Argo Oil Corp. of Denver staked No. 1 Kins, proposed 11,000-foot test C NW SW 20-13-H&G-N, 1 1/4 miles south-southwest of its No. 1 Dora Roberts, Wolfcamp discovery in southeastern Reeves county. No. 1 Roberts was finalized late in July with a daily flowing potential of 71.73 barrels of 43.3 gravity oil from sandy lime pay in streaks between 8,917-10,086 feet which had been acidized in open hole. The Wolfcamp was topped at 9,775 feet, 1,585 feet below sea level.

A 1/2 mile farther southwest extension to the Jameson (Strawn) field in northwestern Coke county

was indicated when Sun Oil Co. No. 2 H. H. Jameson recovered 60 feet of clean oil and 390 feet of oil and gas-cut mud, of which 75 per cent was oil, on a one-hour drillstem test from 6,079-90 feet. It was due to set 5/8-inch casing on bottom and drill ahead. Location is the C SE SE 316-1A-H&T-C.

Lloyd S. Parker of San Benito No. 1 Meta B. Reick, wildcat in extreme southeastern Sutton county, recovered 60 feet of oil-cut mud on a 90-minute drillstem test from 2,710-30 feet in Palo Pinto lime topped at 2,710, and drilled ahead. It is 2,310 from the north, 1,980 feet from the east line of section 28-C-GH&H, on a Texas Pacific farmout, five miles west of Roosevelt.

Little Fraud Is Discovered In Vet Aid

AUSTIN, Sept. 6. (AP)—Evidence of possible fraud has been found in only 2 percent of 4,000 audits of Texas veterans' claims for self-employment assistance under the G. I. bill of rights, the Texas Employment Commission reported today.

The audits were made from April 17 through July 31. Under the G. I. bill, a self-employed veteran may receive the difference between his monthly net earnings and \$100 for nearly 11 months.

The TEC acts as agent for the veterans administration in Texas, administering the program and using federal funds supplied by the VA. Eighty cases have revealed evidence of possible fraud. Each veteran will have an impartial hearing before the TEC appeals tribunal, commission officials said. If fraud is found, the veteran loses all further rights under this portion of the G. I. bill and is legally liable to refund the federal money.

He may also face charges brought by the veterans administration in federal district court and is subject to a maximum fine of \$1,000 and one year's imprisonment.

The self-employment program showed 10,000 veterans had active accounts with the commission in July, the lowest number in two years.

Knott Schools To Open Monday

KNOTT, Sept. 6.—Barring a hold-up on the delivery of school furniture, the 1947-48 school term will get underway here Monday, Sept. 15, according to Supt. Homer Barnes.

According to the manufacturer, the furniture was shipped Aug. 29. The incoming student body will occupy the new \$90,000 brick school house, which was built by J. D. Jones, Big Spring contractor. Open house will be held at the school within the near future, at which time the public will be invited to inspect the new and modern plant.

Faculty for the school has been completed and, barring resignation, Supt. Barnes will have a full staff for the first time in four years.

Named to the faculty are: O. V. Fuller, principal; L. M. McMurry, English and Spanish; Autrey (Doc) Self, social science and coach; Mrs. W. R. Cates, elementary principal; C. S. Ross, elementary teacher; Bernice Bradley, elementary teacher; Dorothy Phillips, elementary teacher; Billy Clyburn, elementary teacher; L. M. Roberts, custodian of buildings; Otis Williams, chief mechanic; and Mrs. Effie Allred and Mrs. Jim Pardue, who are in charge of the lunch room.

Guard's Kick Causes Boy To Lose Eye

DETROIT, Sept. 6. (AP)—Richard (Dickie) Hinson, 10, knows now that he will have to go through life with an artificial right eye to replace the one damaged when he stole a peek under a sideshow tent at the Michigan State Fair. Dickie was injured Tuesday by a blow in the face as he tried to get a free look at a two-headed calf exhibit, but although physicians were forced to remove the eye, the boy thought it was only "scratched a little."

Yesterday, as the state moved to prosecute a sideshow guard accused of kicking Dickie, the youngster's mother, Marjorie, broke the news to him. A nurse said the "took it like a man."

Naval Reservist Goes To Washington

Neel G. Barnaby, who holds a chief carpenter's warrant as a reservist in the Navy's civil engineering corps, plans to depart this week for Washington for a two-week tour of duty with the Naval Reserve.

Barnaby has received orders to report to the Bureau of Yards and Docks, Sept. 13.

Salvation Army Council To Meet

Advisory council of the Salvation Army will meet at 4 o'clock Monday afternoon in the Dora Roberts citadel to hear a report by the building committee and a presentation of the proposed budget.

Members of the building committee, all serving in a temporary capacity, are Horace Reagan, Jim-

my Greene and Wayne Williams. A permanent committee will probably be named. G. H. Hayward, Bob Whipkey and R. T. Piner comprise the group appointed to work out the budget for the next fiscal year.

Three out of four children born in 1900 reached 25. Now three out of four reach 57.

Three Are Fined For Drunken Driving

Three persons entered pleas of guilty in county court Saturday morning to charges of driving while under the influence of intoxicants and paid fines totaling \$250 and costs. T. C. Vankirk was the hardest hit, shelling out \$100 plus expenses after he had entered a guilty plea.

Fined \$75 each were Vicente Villa and Gerald Lester McCormick. All parties lost use of their drivers' licenses for the next six months.

WITH WESTEX STORE
Elmer Rainey, who formerly was with the Furr Food store, is now associated with the Westex Service store, 112 West Second street, and said he plans to continue his residence in Big Spring.

BOUNCES IN FALL
NEW YORK (U.P.)—Marie Lucas, 2 1/2 years old, fell from the third floor apartment her family occupies in Brooklyn, plunged 30 feet, ricocheted off the roof of a sun porch and dropped another 15 feet into a hedge. She suffered only two small abrasions and did not have to go to a hospital.

Dallas Street Paving Assured

A paving project under the city's volunteer payment system was virtually assured on Dallas street Friday, as city officials reported that a large majority of property owners had submitted checks.

The Dallas street project will be among the last to be accepted by the city under the volunteer system, since a contract paving program already has been set up. City commissioners agreed on Aug. 25 to accept the Dallas street work, provided payments were submitted within 10 days. A petition was completed on the street before payments had been made by the contract was awarded. Enough property owners this morning to assure the project on a 1200-foot segment.

State School Land Board Is Confused By Tidelands Issue

AUSTIN, Sept. 6.—Differences of opinion have arisen on the State School Land Board on whether the board should offer any submerged tideland areas for lease in view of the uncertainty over ownership of these tidelands.

The board had scheduled a lease sale for November 4, and according to land Commissioner Bascom Giles, many requests had been received that tideland areas, east from Galveston, be included in the sale. However, Giles says that a "difference of opinion" has arisen. It may be, he added, that a decision will be made within the next week—whenever all three members

of the board can get together. The governor has been absent from the state considerably this summer. The other two members are the attorney general and the land commissioner.

Original plans called for taking bids on leases to perhaps a million acres of tidelands, possibly in large blocks.

It is known that geophysical tests have been made of the tidelands areas, but Giles said he did not know how many companies had made such tests. An attempt was made to get a law passed requiring companies to obtain a state permit before "shooting" but the legislature did not pass such a law; hence no state record is maintained of such tests.

The fact that companies have asked that certain areas be included in the sale would indicate, however, that promising areas were turned up by the tests along the continental shelf.

One of the arguments believed to be influencing the board is that Texas would be in a much better position before Congress in asking for a Federal quitclaim to the tidelands. In other words, it would be better to say "these lands are the property of the school children of Texas" than to say, "the leases on these lands are held by oil companies who own up to seven-eighths

of the minerals."

Whether the oil companies would be reluctant to bid on the lands is open to question; Attorney Gen. Tom Clark, in statements made subsequent to the Supreme Court ruling in the tidelands case, said that all leases would be respected, and in view of that statement, it might be that companies would go ahead and bid.

The school board has another job tentatively scheduled to start around September 15—working out some formula for extending the short-term leases heretofore made on submerged areas to long term leases. Passage of a law permitting this was one of the big fights of the 50th legislature.

The land commissioner says that his office is now working out its idea of a formula; and oil companies—those holding leases and those simply interested in the subject—will be invited to submit their proposals. In addition, he said, the Railroad Commission will be invited to sit in to give the board the benefit of its technical knowledge.

He said that public hearings would be scheduled before any lease is revised. The new law was effective September 5.

"You can be sure that we're going to try to get all the traffic will bear in revising these leases," he said.

Training Offered In Mechanics

Opportunity for training in auto and aircraft mechanics for unemployed veterans still exists under the Howard County Vocational school, E. C. Dodd, co-ordinator,

said Friday.

Plans call for opening the class on Sept. 9 with Sig Sandlin as instructor. In addition to training in mechanics, there will be some electrical work.

Tools in the amount of \$100 per student are provided by the government for veterans, and Dodd said seven sets of hand tools had been received to date.

The Texas Employment Commis-

sion is assisting in placement of veterans on jobs where they are now unemployed but wish to take advantage of the training. Information may be had from Dodd's office at Howard County Junior College.

"Puddings, please," every day and Sunday, too. Puddings make meals seem lavish, no matter how simple they may be.

GENERAL EISENHOWER ADDS HIS GRIPE ABOUT MEAT OVERSEAS

CHICAGO, Sept. 5. (AP)—General of the Army Dwight D. Eisenhower has told the nation's leading meat packers that he and every World War Two GI had a gripe about their wartime products—their meat had no bones.

"I got so eternally tired of just good solid meats with no bones," the General, smiling, told the packers attending the American Meat Institute banquet last night. "No bones at all. No bones for vegetable soup."

After the packers vigorously applauded his "complaint," Eisenhower related how a cow was given to his personal headquarters at about the time of the battle of the bulge. She presented him with a calf.

"Instantly a meat packing

company was organized in competition with the meat organizations of the U. S.," the General said.

The calf was slaughtered at the proper time and the meat went to members of his staff. "but anything with a bone in it belonged to me. Then the meat company was dissolved."

TIRES at Johnny Griffin's

Here comes the ROADMASTER

— 18 feet of lively size, comfort and fine finish. Powered by a 144 h.p. Fireball straight-eight, it gives you flushing performance rarely to be found in a car of such size, room and superlatively fine interior finish.

White sidewall tires, ventilated, available at extra cost.

Fine thing to See - to Drive - to Own

YOUR heart is set, we'll say, on something really superfine.

You want smartness — a truly handsome appearance that does you proud in any crowd.

You want ability — a car that does things, and with effortless ease.

You want size — size for interior room and size for steady, level going and serene disregard for the roughness of the road.

You want fine finish — truly rich interiors in perfect taste with the unmistakable touch of quality in every detail.

Against this prescription we ask you to put the Buick Roadmaster — match it, if you will, against any other car regardless of price for all-round excellence.

We don't have to point out its smartness — you see that.

But did you know that under this bonnet is 144 horsepower of smooth Fireball power?

Have you sampled how its 4400 pounds and 18 feet of bigness — mounted as they are on four gentle coil springs — level the roads to ballroom smoothness?

Have you tried its light handling — tested its smooth, easy lift under your treadle foot — inspected the fine rich fabrics, the tasteful interior trim, the fittings executed with the precision of fine silver?

A fine thing to see, a wonderful thing to drive, the Roadmaster is indeed a pridelful thing to own. We honestly believe that nowhere can you find such a perfect balance of superfine qualities — style, size, handling, ride and finish.

If your standards are high, your expectations great, come see us now about placing an order — with or without a car to trade.

ONLY BUICK HAS ALL THESE STAR FEATURES

PRINCIPAL — Bertie Fallon, son of Mr. and Mrs. Claude Fallon of Big Spring, has assumed his duties as principal of the Brownfield high school. Following retirement from the service, most of it overseas, Fallon completed his master of education degree at Texas Tech in August. He is a graduate of Big Spring high school and he and Mrs. Fallon, the former Wynona Bailey, have one child, Judy Annette.

Unique Hobby

Houston Postman Whittles Life As He Sees It On Route

HOUSTON, Sept. 6. (U)—There's a postman in Houston who does much more than deliver letters when he makes his route each morning.

He looks at the people to whom he delivers mail and he carries their features and attitudes home with him.

Howard, who has approximately 1,500 figures of people and animals on display at his home or stored away in barrels.

Howard made his first figure when his son was making his first model airplane.

Howard, who has approximately 1,500 figures of people and animals on display at his home or stored away in barrels.

Controls Inadequate

Inflation Haunts Latin America

MEXICO CITY, Sept. 6. (U)—Mexico, first among the 20 Latin American republics to start vigorous deflation of high prices and execute a counter program of large scale industrialization, probably is the best example of Latin American inflation.

where. The cost of living in many countries rose to five times the prewar standard and in Chile it was multiplied by six.

Mexico profited greatly in war materials and tried hard all the accepted methods of control.

Not only did prices go up, but usually qualities went down.

Synthetic Gas Output Urged

BINGHAMPTON, N. Y., Sept. 6. (U)—Development of synthetic gasoline production within the United States was advocated today as a national policy by Henry S. Fraser, former chief counsel of the U. S. Senate special committee investigating petroleum resources.

Department of national economy figures show the 1947 cost of living is nearly five times the 1934 standard. Wholesale prices have more than tripled and retail prices range between five and six times those of 1934.

Two Brothers Are Slain At Conroe

CONROE, Sept. 6. (U)—Two brothers were slain here last night in a shooting that ended a free-for-all fight at a Conroe cafe-hotel.

The dead are Jannan Worth and Curtis Paul Roubieu, 33 and 37, respectively, Daisetta painters and paperhangers who came here yesterday from Daisetta with two other men just for the ride.

NEW BAND DIRECTOR HAS LONG RECORD OF MUSICAL EXPERIENCE

Fourteen years of experience in bands and orchestras are back of J. W. King, Jr., supervisor of instrumental music in Big Spring schools and director of the high school band. King succeeded Joe L. Haddon, who accepted an assistantship under D. O. Wiley at Texas Tech.

J. W. KING, JR.

From the time he broke in with the Loraine high school band in 1933, King has been engaged in a musical career. He played solo cornet for his high school unit for six years and was first chair in his town's municipal band several years. Upon entering Texas Tech in 1939 as a music major, he took up study of the French horn and

played it two years in the Tech band.

In 1941 King went to Westbrook as school band director, enlisting the following summer in the AAF. He drew assignments in various AAF bands, including two years under Hyman Cramnisky, Dallas radio orchestra director.

After separation from service in February 1946, King, re-entered Tech and completed his degree in music this year. In the meantime he served on the Tech summer band faculty as French horn and theory instructor, was assistant director of the band under Wiley, and played first horn in the Lubbock Symphony orchestra for a year.

The director also studied horn under Norman Wiley, Lubbock, Angelo Vega, Dallas Symphony, Willard Culley, formerly with Harry James orchestra, and had directing experience under Wiley and Julian Paul Blitz.

His parents, Mr. and Mrs. J. W. King, Sr., reside in Loraine where the elder King publishes the Mitchell County News. A brother, Melvin, is trombonist in the University of Texas band and a director at Elgin high school.

BERN, Switzerland (U)—Switzerland, not a member of the United Nations, has decided to join the Court of International Justice under the provisions of the United Nations. The federal council was authorized to pay Switzerland's first assessment, amounting to \$640,000.

ROOSEVELT BACKS TRUMAN

NEW YORK, Sept. 6. (U)—James Roosevelt, oldest son of the late President, says that President Truman "deserves re-nomination in 1948."

answering questions put to him by newsmen on the "Meet the Press" radio (Mutual) program last night, Roosevelt said President Truman has not abandoned the policies of Franklin D. Roosevelt, "particularly in domestic affairs."

Horton Will Head TEC

AUSTIN, Sept. 6. (U)—New York-born, New Mexico-educated Dwight Horton, Sr., is nevertheless a Texan.

Horton, who assumes active duties Monday as management representative on the Texas Employment Commission, is also a rancher, an engineer, a contractor, and a veteran of both world wars.

Among the first reserve officers called to active duty in 1940, he was made occupational consultant to the state's selective service office.

He assisted and advised in the orderly withdrawal of men into the armed forces to see that the civilian economy was not disrupted.

"I had though manpower problems of a war economy vast and complicated, but a cursory glimpse at the responsibilities of this commission convinces me that the surface of possibilities of development in the field of labor force work has hardly been scratched," he said.

Prices started down a month after Aleman took charge but reductions were not great.

Canadian Monopoly Threatened

Research Expands Newsprint Industry In Southern U. S.

ATLANTA, Sept. 6. (AP) Since 1932 businessmen and southern newspaper publishers have turned an investment of \$100,000 in research into a multi-million dollar industry presenting a competitive threat to the Canadian newsprint monopoly.

Already this southern newsprint industry, which produces paper from the prolific southern pine, reckons its operations at well over the \$25,000,000 mark. It is now proceeding to triple its size.

When the expansion program is completed sometime in 1948, or early 1949, it will give the south a newsprint supply of some 200,000 tons annually. The significance of this supply was explained by the Lufkin, News, which observed editorially:

"Two hundred thousand tons of paper will only begin to supply the needs of the south; in fact, the increased capacity of the Southland Mills... will just begin to meet the demands of Texas newspapers alone... But a perpetual supply of 200,000 tons annually assures southern newspapers of a source in part of their needs. What is more important it furnishes a large enough supply to break the Canadian monopoly."

The Southland Mills mentioned in the editorial is the only plant in the South now producing newsprint from southern pine, but a group of Alabama businessmen and publishers recently formed a second company to undertake a similar operation. Southland is located at Lufkin.

The Alabama Enterprise was organized only recently and plans to spend \$30,000,000 on a newsprint plant to be located on the site of the wartime Alabama ordnance works at Childersburg, just a few miles south of Birmingham.

This relatively new industry was born on a quail hunt and reared in a laboratory.

In 1932 the late Dr. Charles H. Herty of Savannah, Ga., went bird hunting near Waycross, Ga. While passing through a pine thicket, Dr. Herty casually picked up a pine chip just cut from a sapling.

Idly he sniffed the chip and to his surprise it did not smell resinous. Thus was born the suspicion that if pine was not overly resinous, or only slightly more so than of U. S. newsprint, a way could be found to make paper from pine.

After intensive work Dr. Herty finally in November, 1933, believed he had refined his experiments to the point where an experimental run was possible.

The experiment was a success and on Nov. 20, 1933, Georgia Dailies published for the first time in history on stock made from native pine.

It was nearly seven years, however, before the transition could be made from laboratory to commercial operation. Finally, the Southland plant was constructed and began operations in 1940.

The production of the plant was snapped up quickly and in 1944 Southland completed an addition which gave it a capacity of 170 tons daily. Now Southland is spending \$6,500,000 for a second addition to double its capacity.

To obtain its pulp supply the Alabama company has purchased 40,000 acres of timberland and will draw on a total of 250,000

Sale Of Grid Ducats Brisk

Sale of season ducats for Big Spring high school football games this fall continues brisk, school officials reported Saturday morning.

The pasteboards, priced at \$6 each and which entitle the holder to see all five home games on the Steer schedule, can be obtained at the high school tax office. Reservations will be accepted by telephone but fans must pick them up within a few days after placing their orders.

A savory meat loaf is always a favorite—hot or cold. For variety try a ham loaf, ground and studded with cloves.

PARKING METERS START GILMER TO A FEUDIN' AND A FUSSIN'

GILLMER, Sept. 6. — That Ohio outfit better come get their pesky parking meters — that's what all the feudin' and fussin' is about down here.

The city put 'em up and the county took 'em down. Here's the lowdown on the rumpus that's stirrin' the piney roots of this East Texas town: On May 1, the city had meters instand in Gilmer. Ninety went up around the courthouse square. The commissioners bridled.

"This courthouse square," said they, "is county property. The city can't come on county property putting up parking meters." On Aug. 1, the commissioners ordered the meters removed

from the square. They turned the job over to Sheriff Posey Seago.

"Oh, no," said Sheriff Seago. "I didn't put 'em there and I'm not going to take 'em up."

Traffic was light Labor Day — a good day to remove parking meters. Road gangs, under orders from the commissioners, rolled into the square, tore out the meters with sledgehammers and crowbars and filled the holes with concrete.

City officials rushed to the scene, protested, but didn't interfere. The road gang heaped the meters, valued at \$6,000 in the courthouse basement.

Mayor Horace V. Davis,

claiming the county officials never had made any official protest about the meters, announced yesterday:

"Someone is going to pay for the meters that have been battered around and perhaps hopelessly damaged."

The Karpark Corporation of Cincinnati, Ohio, installed the meters on a one year trial basis, he said. The corporation still owns the meters—it was to receive 75 per cent of the revenue until the purchase price was met.

But it ain't likely those meters in the basement are drawin' any nickels.

And today the city had only one announcement.

"The next move is up to the Karpark Corporation."

Ad Valorem Tax Is Caught In Rate Mix-up

AUSTIN, Sept. 6.—There's a million- and-a-half dollar question pending before the state taxing authorities, but John Citizen who pays the bill can look at the fuss with academic interest. Here's the way it happened:

On August 23rd the voters (presumably; the returns have yet to be officially counted) approved an amendment to the constitution. This amendment says that the state's ad valorem tax for general fund purposes shall be 30 cents on the \$100 valuation; and that there shall be levied a tax of 5 cents for a school building program.

But prior to that time, the automatic tax board had fixed the general revenue at 35 cents on the \$100 valuation. County tax collectors have prepared their rolls on the basis of the 35 cent rate.

The total amount of the tax is the same under both alternatives but the purposes certainly are different.

Is a 35 cent general fund rate legal for this year?

If it is possible legally to make to 30 cents for the general fund and 5 cents for building bonds

is it possible legal to make this change, would it be mechanically possible? You can pay your ad valorem taxes on October 1, under the law, with a 3 per cent discount.

The Comptroller estimates income from the general fund ad valorem tax (at the old 35 cent rate) would be \$10,850,000; at that rate the 5 cent would produce \$1,350,000.

A Statement Of Facts

TO ALL SCHOOL PATRONS, PARENTS AND TAXPAYERS IN THE BIG SPRING INDEPENDENT SCHOOL DISTRICT

1. Your school Board of Trustees is challenged this year by an increased teachers' salary schedule, as adopted by the Texas Legislature, which must be met in Big Spring if we are to keep competent teachers and maintain a standard school system.

2. Instructional service alone for the year 1946-47 was approximately \$272,490 in the Big Spring system.

3. In order to meet the minimum salary schedule as required by law, the approximate cost for 1947-48 instructional service will be \$349,541.

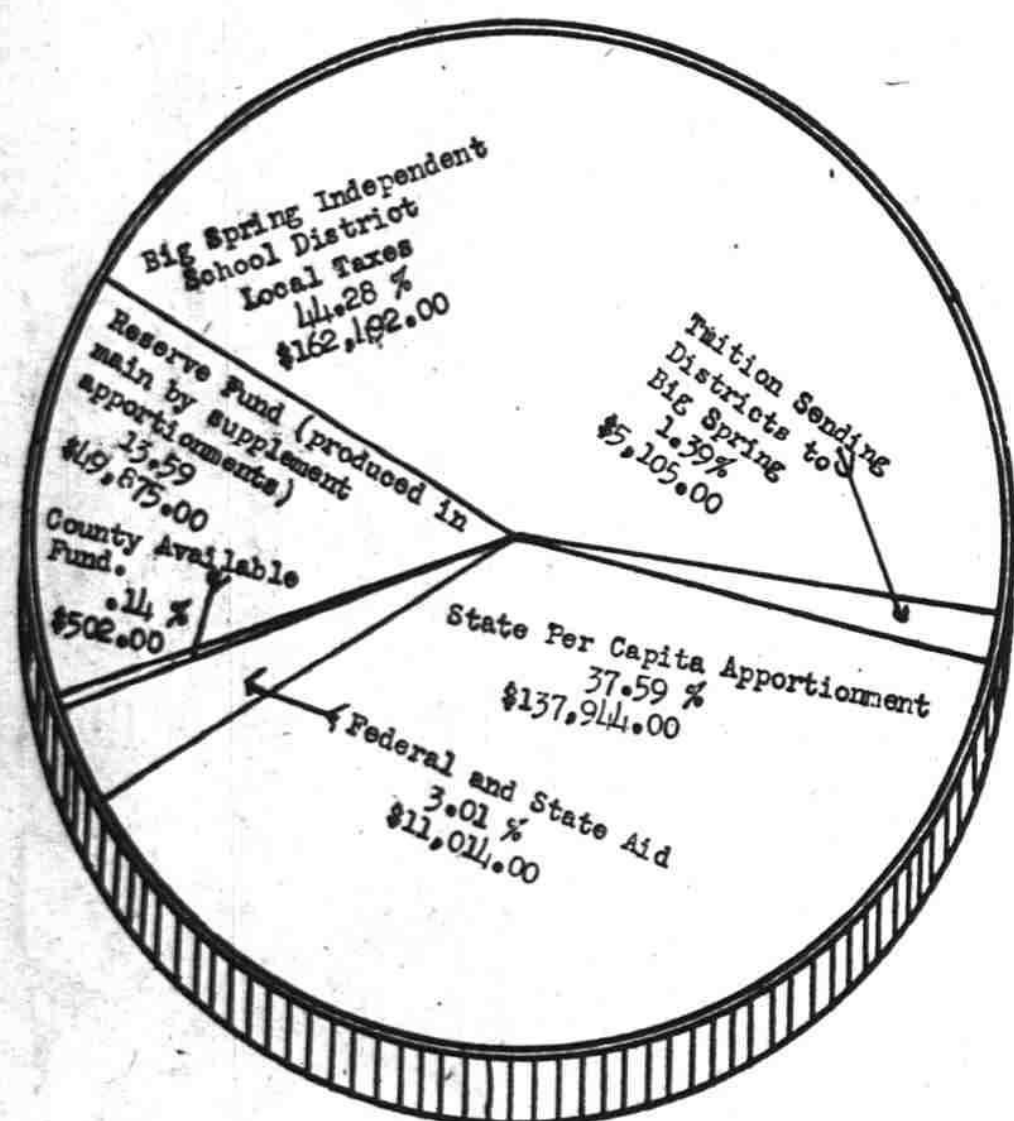

4. The new State per-capita apportionment will increase the district's income for teachers' salaries approximately \$52,764. This leaves a deficiency of approximately \$25,000. In addition, increases granted teach-

ers last year cut the district's reserves to a very low level.

5. One problem for your School Board and for YOU AS A TAXPAYER is how this deficiency of \$25,000 (more, if reserves are to be maintained) is to be met.

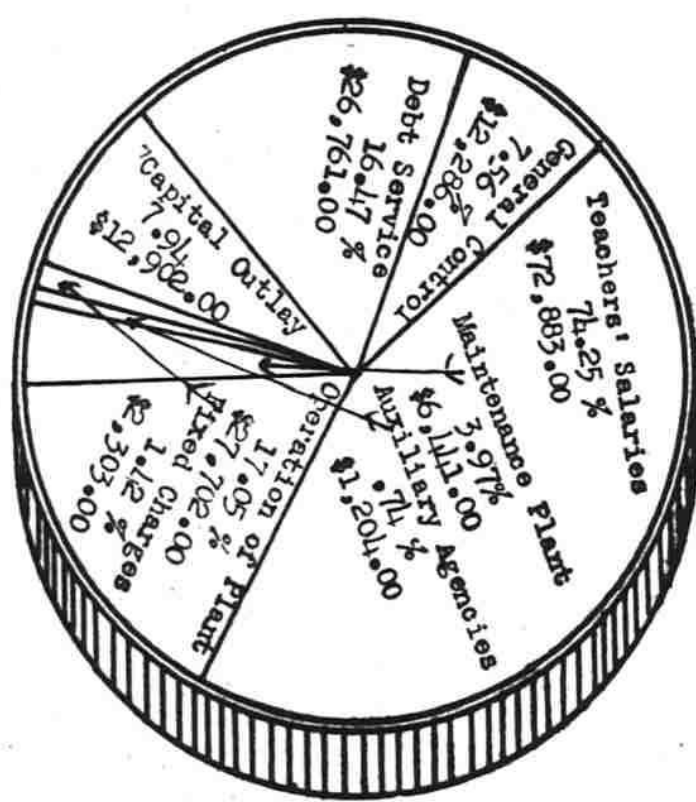

6. Your School Board is further confronted with the problem of serious over-crowding in the elementary schools. At the start of the new term, 22 classes were on half-day sessions. This is distinctly harmful to the education of your younger children.

7. Another problem for your School Board and FOR YOU AS A TAXPAYER is to meet this classroom shortage.

The solution to the teacher salary and the classroom shortage problems is offered in proposals to be voted on by the taxpayers of the Big Spring Independent School District Tuesday, Sept. 9. These proposals are for authorizing an increase in the maximum tax levy to \$1.50, and for the issuance of bonds not to exceed \$1,000,000. THE BOARD HAS DETERMINED THAT THE BOND ISSUE WILL BE

LIMITED TO \$200,000, and this sum will be expended in expanding classroom space in the elementary school system.

Your School Board feels that approval of these propositions represents the best means of bringing your schools up to standard and keeping them that way. YOUR children deserve the best in education, the best that we can give them, NOW. You are most earnestly urged to give those problems every consideration, so that you will

Operators Seek To Revive Flow In Plymouth No. 1 Frost

Operators worked with Plymouth No. 1 Mrs. Georgia Frost, Sterling county's first oil well and an Ellenburger discovery on the northeast side of the Permian Basin at the end of the week in an effort to revive flow estimated previously at 180 barrels per day.

The test was swabbing and flowing after reperforating five and a half-inch casing at 8,338-75 feet and washing with acid. The test stopped when killed with mud to prepare for test and upon resumption water and mud came in from behind the casing, possibly the Mississippian's cavernous shale. On a drillstem test, the well had flowed seven and a half barrels hourly for 12 hours from 8,356-76 feet. Top of the Ellenburger was picked at 8,354 feet, 5,720 feet below sea level. The test is 12 miles north and slightly west of Sterling City and is in the center of the Northeast quarter of the southwest quarter of section 39-2, H&TC.

Magnolia No. 1 Guffee, extreme northeastern Howard county exploration a mile and a quarter from production in the small Vincent pool, is due to progress to 9,000 feet, it has been announced. Currently, the test, in section 55-20, LaVaca, is below 5,750 feet, where it was due to halt originally. No shows have been reported.

A. M. Lacy No. 1 P. M. Buchanan, three miles north of Cosden refinery and in section 25-31-1n, T&P, was at 3,370 feet in brown lime after reportedly showing high markers on lime. The rotary venture is within about 200 feet of the anticipated pay horizon.

Coleman Ranch pool in northwest Mitchell still had considerable activity. Butram, et al No. 2-B Lucy Mildred Coleman, north half of the northeast quarter of section 70-97, H&TC, was below 1,780 feet in anhydrite. Dr. J. H. Cooper No.

Gets Army Discharge

Robert I. Southard, R-S, son of R. L. Southard, Big Spring, has been discharged from the army at Fort Lewis, Wash., where he has served with the 702nd ordnance maintenance company special troops, Second infantry division, for the past year. Southard was graduated from the army machine shop school at Fort Lewis. Before entering service, he attended Big Spring high school.

Coahoma Will Open Schools With Full Staff

of the Coahoma schools, which open their doors Monday morning for the fall term, has been completed. Supt. M. R. Turner announced Saturday.

W. B. Thornton has succeeded A. J. Hitt as principal of the high school while Morris Ledger will serve in that capacity for the elementary school. Thornton served at Afton last year while Ledger was located at Fannin.

John Albers has been hired as head coach and will teach history. Lee Bynum will assist Albers in athletics and be head of the science department. J. T. Stanley, located at Iasaca last year, takes Marie Kelsey's place as band instructor. Travis Jenkins, formerly of the Garden City Schools, takes over the Vocational Agriculture course. Clifford Prather is to handle commercial study. Mrs. M. R. Turner teaches home economics while Mrs. Wes Moreland, formerly of Fort Worth, will teach English. Mrs. Swan Cramer will teach the first grade. Mrs. Myrtle Frazier will handle part of the first and the second. Mrs. Eva Nell Calvit will assist Mrs. Frazier with the second.

Others and the grades they will teach are:

Emma Lou Calvit, third; Mrs. L. N. Davis, fourth; Gypsy Ted McCollum, fourth; Mrs. Floyd Hull, fifth; Mrs. Keith Birkhead, fifth; Mrs. Blanche Janes, sixth; and Mrs. Eleanor Garrett, seventh.

Busses will arrive Monday at the school in time for general assembly, which begins at 9 a. m. No lunch will be served at the school Monday but the cafeteria will serve meals from Tuesday on.

Busses will leave the grounds at approximately 1 p. m.

The school's modernistic cafeteria, installed at the cost of approximately \$4,000, can serve about 100 at one time. Cost of meals for students in the first, second, and third grades will be 20 cents each. All others will pay 25 cents. Mrs. Cap Tarver will serve as head cook and will be assisted by Mrs. Raymond Morrison and a Mrs. Springfield.

Fifty years ago Sir Ronald Ross discovered that mosquitoes carried malaria parasites in their stomachs.

New State Board Will Head City Retirement System

AUSTIN, Sept. 7. — A potent new state agency will come into being soon after September 15—and not too long thereafter, city fathers all over Texas may expect petitions for elections on the subject of whether a retirement system for municipal employees shall be established.

The new board to be appointed by the governor not later than Sept. 15 is the Board of Trustees of the Texas Municipal Retirement System—a state agency which is to supervise all municipal systems

S&S Wheel Service Is New Firm In City

MAC MIERS

Bob Singleton and W. E. Irvin, both of Fort Worth have purchased the J. W. Croan Motor Service, 401 East Third street, and the new owners plan to begin offering a specialized service to local motorists immediately.

which elect to come into the state setup. While some of the larger cities have employe retirement systems, fewer of the smaller municipalities have taken advantage of the 1944 constitutional amendment authorizing such systems. With the smaller number of employes the smaller cities have lacked an actuarially sound basis. Making the system statewide will give the numbers necessary for a sound system of insurance.

A reading of the law indicates that a municipality may join in the state system either by the vote of the governing body of the city, or by an election, called upon petition of ten per cent of the voters.

The retirement system is to be supported by the joint contributions of the employes and employers, starting with 4 per cent of the employe salary—to be paid in by the employe, and matched by the municipality. The state board then has the power to adjust the percentage payments to support the system, on an actuarially sound basis.

Although this actually is a state system, the law is particular to specify that "the legislature shall never make an appropriation to pay any of the cost of the city."

At the option of the departments, such city departments—as firemen—which have their own retirement systems may join in the state system.

Mansfield-Lee Roping Match May Be Delayed

A projected steer roping match between Toots Mansfield, Big Spring, and Cotton Lee, Clovis, N. M., may be delayed until the spring of 1948.

Mansfield, who last week beat off all of the top steer ropers of the nation at Clovis to win the big jackpot event, is operating on such a close schedule that a match for the Bob Crosby trophy this autumn is improbable.

He and Mrs. Mansfield and their daughter, Deanne, leave Sept. 18 for New York where he will participate in the annual Madison Square Garden rodeo through October. Sonny Edwards, Mrs. Mansfield's brother, also will be a contestant as well as Dan Taylor, her brother-in-law. Her mother, Mrs. Ova Mae Edwards, will be the chaperon for the group of cowgirls who participate in the rodeo.

This is by no means a new experience for Mrs. Edwards, who served in that capacity when Mrs. Mansfield and Mrs. Taylor were riding in the Madison Square events. Mrs. Taylor will make the trip, and when the party moves to Boston for a rodeo Nov. 1-12, Mrs. Sonny Edwards will join the party.

The firm will operate under the name of S & S Wheel Alignment. Singleton and Irvin own a similar business in Fort Worth, which they have operated since 1929. They also have extensive ranch holdings at Dublin, where they raise Hereford cattle and goats.

Mac Miers and Marvin C. Sims, both of Fort Worth, will serve as manager and assistant manager, respectively of the S & S unit here. They have been associated with Singleton and Irvin over a period of years and are thoroughly experienced in the type of service featured by S & S.

The firm will specialize in wheel alignment, frame straightening, wheel balancing, and complete brake service.

The building at 401 East Third street has been remodeled and repainted, and several articles of new equipment has been added. Equipment and personnel will be capable of rendering the best service in its field available in the entire Southwest.

Miers and Sims both plan to move their families here as soon as possible and make their respective homes in Big Spring.

Among the members of the rose family are apples, quinces, plums, peaches, strawberries, raspberries and blackberries.

Week's Business

Removal Of Army Structures Stimulates Local Building

Removal of several Army buildings from the former Bombardier School site helped stimulate Big Spring building figures during the first five days of Sept. Since Tuesday morning, when city offices re-opened after the Labor Day weekend, 24 permits have been granted, 10 of them for moving Army buildings. Others involved repair work mostly, with one for new construction. The September estimated cost total advanced to \$18,135, however, making \$866,147 for the year.

An increase in warranty deed

Cotton Picking Time Nears For Howard County

Howard county cotton farms were taking on the appearance of giant popcorn poppers by the end of the week, as bolls burst rapidly under the rays of a torrid sun. Although harvesting operations have not yet gained momentum, scores of farmers expect to be picking cotton at a steady pace within 15 days, barring, of course, an unexpected rain.

Most activity during the past week, however, centered on labor problems. A large number of workers will be needed, especially during the peak of the picking season, and many farmers already are convinced that their needs cannot be filled locally.

The Howard County Farm Bureau is pushing plans for importing workers from Mexico, and a definite procedure probably will be developed as soon as bureau officials can make a fairly accurate estimate of probable demand.

C. H. DeVaney, state bureau director, was to leave this morning for El Paso to continue work on arrangements for the proposed labor program. He was to stop in Pecos today to confer with groups there who have imported labor from across the border.

Most gins in the county were in operation during the past week, although schedules were limited. By Saturday estimates were that something over 125 bales has been ginned in the county, with Big Spring gins handling the bulk of the early bales.

Danger from insects apparently had subsided in the face of the hot, dry weather. Several farmers contacted Saturday reported that they had observed their respective crops close during the past week, but no new insects had appeared. The weather was credited with curtailing a new generation of boll worms, which agricultural men had feared.

Change Is Made In Music Program

Crowded conditions in the lower grades and resultant half-day sessions have necessitated a change in schedule of the elementary school instrumental music program. It was announced Saturday by Bandmaster J. W. King.

He emphasized that, beginning this week, all band students in all ward schools are to report to the band room at the high school at 4 p. m. each Monday, Tuesday, Thursday and Friday. College Heights and Southward pupils had been scheduled to meet at their respective schools, but now will report at the high school band room.

All students interested in violin work, King said, are to meet henceforth at South ward school at 8 a. m. each Tuesday and Thursday.

filings also was noted at the county clerk's office, with 10 instruments involving property which sold for \$32,052 recorded. The warranty deed total for the year is \$1,507,104.

New motor vehicles continued to find their way to the retail market. Thirteen passenger cars, seven trucks, one motorcycle and one motor scooter were registered during the week.

Dry weather kept livestock receipts at a respectable figure at local auctions. Something over 1,200 head of cattle and calves and approximately 50 hogs were sold. There was no decline on the market, however, with hogs in greatest demand. Choice yearlings topped at \$24.10 cwt., and lesser grades generally brought more than \$23.00. Hogs topped at \$27.75.

B' Springers Shine At Rodeo

Unimpressive times turned in Friday evening at the third performance of the annual Colorado City Frontier Round-up rodeo left two Big Spring men with excellent opportunities to win show money.

Toots Mansfield, with first place in the initial go-around with a sparkling 14.6 seconds, and Sonny Edwards, second place with 17.6, had only to beat the Saturday evening filed and 19.9 posted by Marvin Fisher, Andrews, in the first leg of the second go-around.

Louis Brooks, Sweetwater, a former world champion cowboy, lowered the best bulldogging time to 11.5 seconds Friday evening after Shorty McCrory, Arlington, had tacked up 12.3 seconds.

Friday evening Frances Gist, Buford, streaked home in 16.9 to set the pace in the second leg of the girl's clover-leaf race, one-tenth of a second off the winning time for the first half.

Hunter Swann, with 21.7, had the inside track on the Mitchell county roping event, ahead of Bob Looney with 24.8 and Shorty Northcutt and Dutch Doss with 24.9.

Jess Everett, Snyder, who placed fourth on Lusky in the first half of the cutting horse event, took first place in the Friday night section.

The 5,000 fans attending were thrilled when a Brahma bull leaped two seven-foot gates and got away.

Taxicab Week To Be Observed

National Taxicab week, sponsored by The American Taxicab Association, will be observed here. Object of the special week, according to Paul S. Limer, member of the ATA, is to stress raising standards of service.

Particular stress is being placed upon maintenance of clean premises, tidy and safe cabs, neat appearing personnel, courtesy. The campaign is being executed over the nation under the slogan of "better service—safely."

The special program is the outgrowth of suggestions from ATA members and H. O. Christiansen, Long Beach, Calif., past president of the association, who cited a need for special emphasis to raise standards of service in each community to achieve the same level as any high class and well organized business. Limer, operator of the Yellow Cabs, has his fleet entered in the campaign this week.

Crape Myrtle Will Be Judged On Alcoholism

Judges will begin a tour of inspection at 10 a. m. today to determine winners in the Crape Myrtle growing contest sponsored by the chamber of commerce civic and beautification department.

Persons who have shrubs entered in the contest were reminded that they should leave markers beside the plants if they plan to be away from home during the judging.

Mrs. L. C. Linck and Mrs. J. E. Hill of the Midland Garden club will be out-of-town representatives on the judges slate. They will be assisted by John Johansen, city park superintendent.

Prizes of \$25 for first place, \$15 for second and \$10 for third will be awarded at a future meeting of the chamber of commerce civic and beautification department, D. M. McKinney, chairman, said. Date for the meeting probably will be set within the next few days.

Those who have shrubs entered in the contest are Mrs. E. O. Robertson, Mrs. B. E. Winterrowd, A. C. Tucker, E. C. Tucker, Mrs. H. H. Haynes, Mrs. John Tucker, Mrs. Roy Franklin, Mrs. H. H. Stephens, Mrs. Neal Barnaby, Mrs. J. D. Stichter, Mrs. W. V. Boyles, Mrs. R. E. Satterwhite, Mrs. John Lane, Mrs. Bob Kehley, Joe Pickle, Mrs. E. G. Christensen.

The Week

(Continued From Page One) Joyed good support. Aside from the pleasure of refreshing entertainment free to the family, these programs offer an excellent opportunity for young performers, to get stage experience.

If suggested maximum pupil load per class were observed here on regular day sessions, the local school system would need about 35 per cent more classrooms. This is on the basis of last week's enrollment, which is due to increase. One shudders to think what would be our needs if we did a 100 per cent job in getting scholastics in school.

If the new state uniform traffic code has made much impression on drivers here, we have been scooped. One section of the law provides for use of hand signals 100 feet before the point of turn. Few use them, and then frequently a split second before turning. Presumably this is for the purpose, in event of accident of swearing "I stuck out my hand."

Water consumption hit a new peak in August, but only a negligible increase from the July total. Average per day was right at three and a half million. Well sources, which were the sole supply just a few years ago, are now coasting along with 30 to 50 per cent less production as the lakes and O'Barfield take the load.

If many more radio entouragees show up for the championship series at Steer park, our poor Mr. Tommy Hart, who chronicles the games for the Herald and does the official scoring, may be forced to take to the lamp posts for a working spot.

A good start has been made toward the purchase of buildings for a fair and agricultural exhibits plant. Hereford Breeders have subscribed one building and 4-H club patrons have pledged major part of another. That leaves two to go, plus improvements.

Markets

LIVESTOCK

PORT WORTH, Sept. 6 (USDA)—Cattle, steers and yearlings weak; beef cows weak to 50 lower; canners and cutters steady; bulls steady; stockers and feeders steady to 50 lower. Week's top: slaughter steers and yearlings 12.50; strictly good or choice absent cows 18.00; bulls 16.50; feeder steers and yearlings 22.00.

CALVES—compared week ago best fat calves and culls weak to 10 lower; common and medium grades 50-100 lower; stockers weak to 100 lower. Week's top: fat calves 24.00; stocker calves 22.00.

HOGS—compared week ago: all classes sows 25.00; feeder pigs 25.00.

SHEEP—compared week ago: spring lambs strong to 80 higher; other classes firm. Week's top: choice spring lambs \$2.50; medium yearlings 17.00; good aged sheep 9.00; feeder lambs 19.00.

WALL STREET

NEW YORK, Sept. 6—Stocks generally continued to operate on the losing side of the past short market week. Bonds were spotty but commodities exhibited further strength.

As in the past month or so dealings in equities never approached the million-share mark. Short covering and investment bidding appeared at intervals to prop wavering leaders. This was based on the idea that liquidation had been overdue and that a fall rally still was a possibility. Offerings again were attributed mainly to pessimism over the darkening foreign economic picture, dwindling exports and the likelihood that international uncertainty eventually would hit domestic business. The wage-price spiral remained as a bearish argument.

The Associated Press 40-stock composite for the four sessions showed a net loss of 7 of a point at 64.5. It was the second weekly dip and put the index back to its low since last June 30. Volume for the week of 2,892,790 shares compared with the previous week's five-day figure of 3,056,320 which was a minimum for any like stretch since November, 1943. It was the smallest four-day weekly aggregate of the year.

church. In addition, the Brotherhood and the Women's Missionary Union will have sectional meetings. The annual missionary sermon also will be heard the first day. Officers will be elected and other reports made at the Calvary Baptist church in Midland on the second and concluding day.

Lecture Slated On Alcoholism

Horace Fort, assistant to the director of the National Committee for Education on Alcoholism, is to be presented in a community-wide meeting at the city auditorium at 8 p. m. on Sept. 16.

The speaker, a college graduate and manager of the first SMU championship football team and for six years principal of an El Paso high school, will bring an address on "Alcoholism, Public Health Problem No. 4."

Fort, who has experienced and recovered from the sickness of alcoholism, contends that the bulk of the nation's three million alcoholics or chronic excessive drinkers can be rehabilitated. This is predicated, he says, upon the premises that alcoholism is a sickness; the alcoholic is ill, can be helped and is worth helping; alcoholism is a public health problem and responsibility.

Thus, his talk studiously avoids any controversy over liquor, dealing primarily with the effects of excessive drinking. The national committee is a non-profit organization which does not become involved in controversial issues but concerns itself "only with the sickness known as alcoholism." The committee, with an advisory board of scientists, clergymen, medical specialists, business, professional men and women and affiliated with the Yale Plan for Alcohol Studies, is undertaking a co-ordinated attack upon alcoholism. Seven Texas cities have set up local committees, co-operating with the national one.

On the program with Fort will be an anonymous woman who is a recovered alcoholic. The meeting is designed to reach a cross section of the community, regardless of views or habits concerning drink.

Three Admit Thefts Here

Chief of Police W. D. Green announced Saturday that three Negro youths have admitted taking articles from a number of automobiles in Big Spring during a four-day period beginning Aug. 31.

A number of items have been recovered, the police chief said, and owners may claim them at headquarters in the City hall.

Green brought two of the subjects here Friday from Pecos, where they were apprehended by state highway patrolmen, and a third member of the group was arrested here Saturday.

Among the articles recovered were two pairs of eyeglasses, one of which was taken from a car parked at the baseball park and the other from a vehicle on a downtown street.

A pocketbook, which the trio said they took from a car near the Crawford hotel, a woman's red purse from a machine parked in the alley behind Safeway grocery, six flashlights, one pocket watch, two pairs of brown gloves, three pairs of sunshades, one pair of men's buckle-type shoes, also are among the articles recovered.

Green said he is anxious for the owners to submit their claims as soon as possible. The three Negroes told the police chief that they rifled 31 automobiles during a period of four days and nights.

Crowded Classrooms Make Double Sections Necessary

Mr. and Mrs. Big Spring of Tomorrow crowded in for the opening of school here last week, getting the feeling of what it would be like were it not for the double-day section arrangement which was instituted in mid-week in more than two score instances. These photos were taken before the division of classes. Thus, the pictures do not reflect actual load for each room, but do show what would be the alternative to the staggered schedule, which educators consider unsatisfactory for best results. Above, left, both sections of the seventh grade at Central Ward pack into seats, although arrangements have been made for another room for one section. This was not possible during the first week, however, because there was no teacher for the other section. A supply is due to report Monday to relieve this group. Upper right, first graders at College

Heights crowd around the table for a reading period. Here again, division of the class for morning and afternoon sections thinned out the youngsters by the end of the week. At second from top, left, even the water fountain at West Ward, where more than 500 are enrolled, is put on schedule. After recess, classes alternate periods in which children may make use of the water fountain. Immediately below, Mrs. Mary Louise Koger, left background, and Mrs. Frances Spencer, right, teachers, survey the first grade at College Heights, typical of many such grades before the double day plan was resorted to to relieve congestion. Below, left, two grades make use of one room—the first and third at Central Ward. These were grouped because both will have to use the same room, the first grade in the morning and the third grade in the afternoon.

Coming Events Of Ladies Golf Club Announced

Announcements of the activities for the coming year were made at the Ladies Golf association meeting at the Country club Friday afternoon. The activities include a costume gypsy party at the country club on Sept. 27, and a tournament for the ladies to be held Oct. 2-5. The Medalist Qualifying Tournament will be held Oct. 2, and a dinner will be given that night for the golfers and their husbands.

Mrs. O. O. Craig, Mrs. Bob Satterwhite, Mrs. E. H. Strauss and Mrs. John Ratliff were hostesses of Friday's meeting.

Mrs. Zollie Boykin presided at the business meeting and introduced the guests present.

New members who were voted into the association were Mrs. Julia Bonifield, Mrs. W. S. Satterwhite, Mrs. Bob Ballinger and Mrs. Jake Morgan.

The lady golfers played blind bogey and bridge. Winners at blind bogey were Mrs. Carl Smith and Mrs. Bob Hodges, who tied for first. Mrs. George French won high at bridge, Mrs. George Tillinghast, second high, and Mrs. Zollie Boykin third high with Mrs. H. W. Whitney winning bingo score.

Those present were Mrs. Roxie Dobbins, Mrs. Lula Ashley, Mrs. Obie Bristow, Mrs. R. R. McEwen, Sr., Mrs. Roy Townsend, Mrs. Horace Garrett, Mrs. Carl Smith, Mrs. Harry Miller, Mrs. E. L. Powell, Mrs. R. R. McEwen, Jr., Mrs. Rob Adams, Mrs. Dee Davis, Mrs. C. J. Staples, Mrs. Olin Puckett, Mrs. H. W. Whitney, Mrs. R. E. McKinney, Mrs. W. E. Ramsey, Mrs. James Edwards, Mrs. Bob Hodges, Mrs. Tommy Jordan, Mrs. Joe Black, Mrs. Hack Wright, Mrs. K. R. Swain, Mrs. B. F. Evans, Mrs. Matt Harrington, Mrs. Speedy Nugent, Mrs. George French, Mrs. R. B. Reeder, Mrs. Rayford Lyles, Mrs. George Tillinghast, Mrs. Lloyd Wasson, Mrs. Lee Kogers, Mrs. Elmo Wasson, Mrs. Don Penn, Mrs. Champ Rainwater, Mrs. J. L. Webb, Mrs. George Oldham, Mrs. Doug Orme, Mrs. Shirley Robbins, Mrs. Al Coffman, Miss Gloria Strom, Mrs. G. L. Daughtery and Mrs. Earl Ezzell.

Hostesses for next month's meeting will be Mrs. M. H. Bennett, Mrs. Curtis Driver, Mrs. Ben LeFever and Mrs. Tom Ashley.

Happy Go Lucky Club Meets With Mrs. Bennett

The Happy Go Lucky sewing club met Friday evening with Mrs. Sam Bennett.

Members attending were Mrs. A. J. Allen, Mrs. B. Riddle, Mrs. Bob Keheely, Mrs. Bill Croan and Mrs. Marvin Sewell.

The group will meet next with Mrs. Croan.

In Candlelight Service Tonight

Miss Sanders To Become Bride Of Jack Hanson

Bobbie Frances Sanders, daughter of Mr. and Mrs. E. H. Sanders, will become the bride of Jack Hanson Sunday night at 9 p. m. in the East Fourth Baptist church in a candlelight ceremony.

The Rev. James S. Parks will read the double ring vows before an altar banked with fern and palm. Two baskets of mixed asters will be on either side of the altar. There will be an arch of candles along the choir rail.

Mrs. Keats Watts will play a medley of pre-nuptial music and the traditional wedding marches. She will be dressed in a blue net dress with a white gardenia corsage. She will accompany Wayne Nance who will sing "I Love You Truly" and "Because".

The bride, given in marriage by her father will wear a dress of white, bridal satin fashioned with a high neck and charmingly lace yoke, full pointed sleeves, and a basque waistline which falls into a sweetheart coronet. As something borrowed, she will wear a string of pearls belonging to Mrs. A. L. Pickle and a sixpence in her shoe. Her bride's bouquet will be two gardenias on a white ribbon with split carnation covered streamers.

Mrs. A. C. Moninger, aunt of the bride, will be matron of honor. Her dress is of pastel green net fashioned after that of the bride and she will carry a colonial bouquet of pastel asters.

Bridesmaids will be Leta Thompson, Jimmy Kate Reese, of Colorado City, and Jo Nell Sykes. They will wear identical dresses of the same style as that of the matron of honor in blue net and will carry colonial bouquets of pastel asters.

Laverne Cooper, wearing pastel green net and Nelda Williams wearing pastel yellow net will light the candles. They will have colonial bouquets of tiny pastel asters. Virginia Ann Cain, flower girl will wear white satin. William Harvey, cousin of the bride, will be ring bearer.

Tracy Kuper will serve as best man. Ushers will be Roy Sheppard and Jerry Sanders, brother of the bride.

The bride graduated from Big Spring high school in 1944 where she was in the band for three years and drum majorette for one year. She also attended Big Spring business college and Howard County Junior College. She has been employed as information clerk at the City Hall for the past two and one-half years.

The bridegroom graduated from Big Spring high school and served

Youth Revival Will Begin Today At First Baptist

An all-church prayer meeting for young people at 6 p. m. today at the First Baptist church will launch the week-long youth revival being conducted by young people from many of the Big Spring churches.

H. W. Bartlett, 19, student at Hardin-Simmons University, will be speaker at the services this evening. Dub Jackson of Abilene and John Petry of Houston, directors of the movement, are to arrive in Big Spring Monday and will be in charge of both morning and evening services daily through Sept. 14.

Announced on the placards distributed about town as being held at 10 a. m. morning activities period has been changed to 7:30 a. m. so that more youth may attend. Evening services will be at 8 p. m.

Each night of the meeting, certain groups will be recognized. Monday evening is designated "Football Night," Tuesday evening "Rainbow Girl Night," Wednesday evening "Girl Scout Night," Thursday evening "Boy Scout Night," Friday evening, "High School Night."

A number of special social activities have been planned for visiting youth and for those taking part in the revival.

The public is invited to attend with special invitation extended to the young people.

Junior Music Club Elects New Officers

New officers of the Junior Music Club were elected at the meeting Friday afternoon which was held at the home of Mrs. Bernard Lamun.

Officers elected were Billie Jean O'Neal, president; Joyce Howard, vice-president; Donna Roberts, secretary; and Jean Robinson, reporter.

A program of the year's work was outlined and it was decided that there will be a called meeting on Sept. 16 to elect new members.

Mrs. Orbin Daily Hosts Variety Sewing Club

Mrs. Orbin Daily was hostess of the Variety Sewing Club which met in her home Friday afternoon.

Those present were Mrs. Leo Wright, Mrs. Wayne Morris, Mrs. Aude Vee Lewis, Mrs. C. E. Sandridge and a guest, Mrs. Jean Haston.

Mrs. F. L. Ashley will be hostess next week.

Sub-Deb Club Begins Rush Week Activities

The Sub-Deb Club begins rush week Monday night at 8 p. m. with a yard party at the home of Mrs. Rose W. Parker with Jean Pearce as hostess.

Other rush week activities include a coke party with Dot Caudle as hostess on Tuesday night, a rummy party on Wednesday at Ann Currie's, a hamburger fry at Betty L. Huett's on Thursday, a supper in Midland on Friday, and a Saturday morning breakfast with Jane Stripling as hostess.

Rush week closes with a twilight tea at the home of Dot Wasson on Sunday night. Pledge cards will be given at that time.

Gail Seale and Frances Hendricks, sponsors, will be present.

Morris Zimmerman Home Scene Of Lawn Party

STANTON, Sept. 6 (Sp)—Honoring their son, Hardin, Mr. and Mrs. Morris Zimmerman entertained Thursday evening with a lawn party at their home.

Guests present were Mr. and Mrs. Clayton Burnman, Mr. and Mrs. H. C. Burnman, Jr., Wayne Tolson, Mary Frances Burnman, Sue Zimmerman and Nancy Roquemore.

PATRICIA LU CURRY

Approaching Marriage Is Revealed Of Miss Curry To Harvey H. Dixon

Mr. and Mrs. L. Wiley Curry of Wharton, formerly of Big Spring, announce the engagement and approaching marriage of their daughter, Patricia Lu to Harvey H. Dixon, son of Mrs. S. H. Dixon of Wharton.

Wedding vows will be exchanged in a formal ceremony at the Episcopal church in Wharton September 12.

The couple will live in Denver, Colorado, for the next two years where he is completing an art course.

Patricia graduated from Big Spring high school and attended Christian College in Columbia, Mo. and Wharton Junior College.

Trainmen Ladies Receive Charter

The Trainmen Ladies accepted a draped charter in memory of Mrs. Mary Melton, past grand president, who died Aug. 10; received the application of membership of Mrs. E. L. Springer; and voted to contribute to the West Side nursery fund at the meeting Friday afternoon.

Those present were Mrs. W. E. Phillips, Mrs. A. R. Cornees, Mrs. P. D. Ausmus, Mrs. L. D. Jenkins, Mrs. D. E. Lewis, Mrs. D. C. McCoslin, Mrs. S. A. Wilson, Mrs. W. O. Wasson, Mrs. T. A. Underhill, Mrs. Albert Smith, Mrs. W. C. Bird, Mrs. M. C. Knowles, Mrs. J. C. Burnham, Mrs. S. B. Jordan, Mrs. G. E. Pittman, Mrs. Clifford Spillman, Mrs. T. M. Lawson, Mrs. C. Spears, Mrs. J. P. Meador, Mrs. E. O. Hicks, Mrs. C. A. Schull, Mrs. J. A. Horton and Mrs. F. G. Powell.

Susannah Class Has Luncheon

The Susannah Wesley Class of the First Methodist church had the first regular meeting of the season Friday. They met for a covered dish luncheon.

Preceding the luncheon a short devotional was conducted in which those present gave a favorite verse of Scripture. Mary Delbridge gave a talk on "Living and Doing" using the Sunday school lesson subjects for September as a basis.

Hostesses were Mrs. L. E. Freeman, chairman, Mrs. R. L. Warren, Mrs. H. F. Williamson, Mrs. Doc McQuain and Mrs. Hattie McCleskey.

Others present were Mrs. Anna Mae Vantine, Mrs. Mildred Lusk, Mrs. Alice Riggs, Mrs. A. C. Long, Mrs. J. P. Meadow, Mrs. D. F. Bigony, Mrs. Franklin, Mrs. J. C. Wait, Sr., Dr. A. C. Long and Patsy Kirk.

Fairview Club Selects Mrs. Wooten As Delegate

Mrs. J. W. Wooten was selected as delegate to represent the Fairview Club at the Dallas Fair on Texas Home Demonstration Club Day, Oct. 4 at the meeting of the Club Thursday afternoon at the home of Mrs. J. Tom Rogers.

Mrs. J. F. Skalicky gave a talk on "Furniture Arrangement in The Home".

Others present were Mrs. W. H. Ward, Mrs. G. W. Webb, Mrs. W. L. Eggleston, Mrs. O. B. Engle, Mrs. B. C. Nichols, Mrs. J. G. Hammack and Mrs. Allan Hull.

J. C. Brown Family Attends Picnic As Other Knott Residents Visit

KNOTT, Sept. 6 (Spl)—Mr. and Mrs. J. C. Brown and family attended a family picnic at the Big Spring City Park recently. Others present were Mrs. C. R. Brown and Cecilia of San Antonio; Mr. and Mrs. Oscar Perrell and daughter of Altus, Okla.; Mr. and Mrs. R. L. Keith, Mr. and Mrs. S. W. Low and family, Mr. and Mrs. T. E. Osborne and family, Mrs. Virgil Young and sons, Mr. and Mrs. C. L. Brown, Mildred Brown and Joe Brant, all of Big Spring.

The Rev. and Mrs. Lee Vaughn and sons were in Midland Tuesday to attend an associational stewardship meeting at the First Baptist church.

The Rev. and Mrs. E. G. Newcomer and family and daughter, Thelma, of Lubbock have returned from a trip to David City, Neb., to visit with their daughter, Mrs. Rosie Misk and Mr. Misk.

Mr. and Mrs. Roden Reed of De Kalb have been visiting her sister, Mrs. O. B. Gaskin and family and her brothers, David, Lonnie and Leonard Smith.

Mr. and Mrs. Stewart Thomas and sons of Key were visiting in the O. B. Gaskin, David, Lonnie and Leonard Smith homes recently.

The Knott Rebekah Lodge met Thursday night for a regular meeting. Those present were Vera Gross, Olga Pardue, Lela Clay, Nora Gaskin, Minnie Unger, Enna Clay, Pearl Jones, R. H. Unger, J. T. Gross, P. P. Clay and a visitor, Mrs. Fannie Glass of Burkburnett.

Mr. and Mrs. P. P. Coker have been visiting in the home of their daughter, Mrs. Billy Dalby and family of Aspermont and her brother, Mr. and Mrs. I. S. Clay, of Sweetwater.

Mrs. Fannie Glass of Burkburnett is visiting with her sisser, Mrs. Meedy Shorter.

Mrs. N. H. Jones left Thursday to visit a daughter, Mrs. W. Y. Tennon and family in Lamesa.

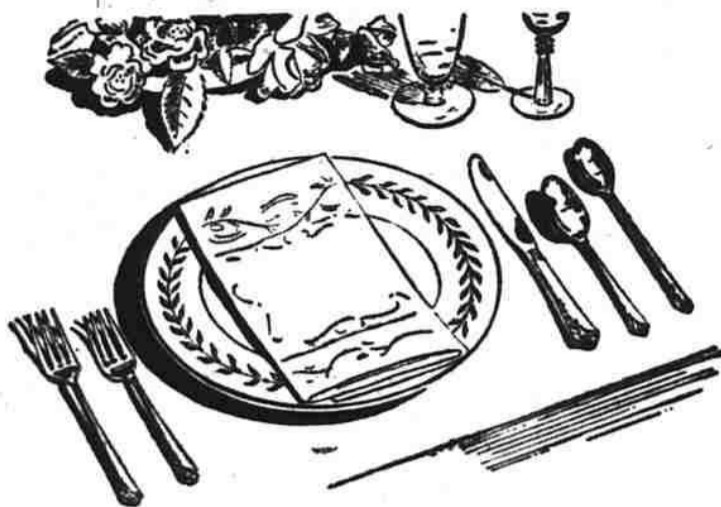

Mr. and Mrs. P. O. Manval, Jr., and daughter of Lynden, Wash., gave arrived here to visit her parents, Mr. and Mrs. J. T. Gross and family. Mrs. Susie Sooter of Lynden, Wash., accompanied them and is visiting her son, Wilbur, in Ballinger. Wilbur plays ball with the Ballinger Cats.

T.D.S. CONVENTION (C.H.G.O. U.P.) — The Telegraph Delivery Service for flowers will hold its annual meeting here Sept. 7. Some 1,500 delegates from U. S. and Canada are expected at the convention.

Mrs. Amanda Meador Celebrates Birthday

Mrs. Amanda Meador celebrated her 89 birthday anniversary Saturday at the home of her daughter, Mrs. Leo Nall.

She was honored with a birthday dinner. Those attending were Mrs. Pearl Sackett, who was co-hostess, Sam Augustine, her brother of Sterling City, and Mrs. Abbie Sawyer, her sister, of San Angelo.

Geraldine Davie, Fred Cook Marry

STANTON, Sept. 6 (Spl)—Mr. and Mrs. Fred Cook are in Mexico City following their marriage Aug. 29 in an informal ceremony solemnized by the Rev. J. Woody Holden at his home in Midland. Formerly Geraldine Davie, the bride is the daughter of Mr. and Mrs. Claude Davie of Tarzan. Cook is the son of Mr. and Mrs. J. J. Cook of Stanton.

The bride is a graduate of Courtney high school and at present is employed with the Stanton Post Office. Cook, a graduate of Stanton high school, served with the Army air forces during the war. Upon their return, Mr. and Mrs. Cook will make their home in Stanton.

If you cannot get indoors in a lightning storm, you will be safest in a steel-bodied automobile.

Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

Mother's Friend

Stanton Residents Have Fall Guests

STANTON, Sept. 6 (Spl)—Mr. and Mrs. Dewitt Sneed spent several days this week in Dallas attending a showing of Christmas merchandise.

Mr. and Mrs. Jesse Lee of Dallas are visiting their daughter, Mrs. Raymond Blackford.

Mr. and Mrs. M. D. Kaderli and children of Abilene spent the weekend with his parents, Mr. and Mrs. Allen Kaderli.

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

With only four days of the 1947 fall term behind them, high school students appear to be making great haste to get every one of the usual activities off on both feet. In the old days when we college kids were in BSHS, it ordinarily took the second week to start running things.

Corral and El Rodeo staffs were named this week. Heading the news is Babs Douglass, editor-in-chief, and Dot Taylor, associate editor. Others of the personnel are Pat McDaniel, art editor; Bob Carlisle and George Oldham, sports co-editors; Billie Sue Leonard and Donnie Roberts, feature editors and Bobby Hohertz and Chubby Jones, in the business department.

Work of the El Rodeo will be improved upon this year, praise

to a clinic of high school and college yearbook workers in Austin Sept. 25-26-27. Conducted by outstanding photographers, artists and journalists from over the country, the clinic is said to cover all phases of yearbook production. Possibly 500 schools will be represented. Attending from BSHS will be Helen Montgomery, 1948 El Rodeo editor, Lillian Tamatt, art ed, Dot Cauble and Vivien Middleton, associates. Moe Madison will be co-editor of the '48 yearbook and others on the staff are Harold Berry, Joyce Beene and Mary Alice Dorsey.

May we take this means of introducing to everyone some of the new students at high school this semester. New scholastics are: Charles Cordes, La Grange; Jo Nelle Neil, Long Beach, Calif; Bob Craig, Long Beach, Calif; William White, Clyde; Ronald McFadden, Muskogee, Okla.; Wilma Perry, San Antonio; Elton Hooten, La Mesa; Doyle Newman, Artesia, N. M.; Jenis Lewter, Ysleta; Arnold Parmley, Iraan; Kyle Miller, Lovington, N. M.; Mildred Barrington, Lubbock; Frances Henderson, Slaton; Peggy Rose Barbee, El Dorado; Iowan Weaver, Wellington; Roy Lee Ripley, Roton; Jeanette Elliott, Forsan.

Would like to hew some 20-foot timber to heighten fences if ever the Broncs play in Sweetwater again. Fans over for the game Thursday night; Louise Ann Bennett, Doris Jean Glenn, Laverne Kinman, Babs Snyder, Helon Blount, Marjo Thurman, Jeanette Tompkins, Dorothy Satterwhite, Coddie Selkirk, Mary Nell Cook, Saw Ella Bostick, former Big Springer now living in Sweetwater. Charlene Tucker got in Thursday from about five days in New Mexico. She went through the Carlsbad Caverns Tuesday. Jackie Barron, Pete Cook, Zack Gray and Jimmy Talbot got home Tuesday evening from a two-week vacation through Colorado, Wyoming, Montana, Utah and Arizona. By way of describing his trip, Jackie says he saw 'lots of bears'. The boys were in Salt Lake City at the occasion of Salt Lake's Centennial.

Charles Hodges and Brooksie Neil Phillips left Saturday night for Norman, Okla., where they will attend the University of Oklahoma this year. Wesley and Wendell Strahan have moved back into town. Wesley is a senior at BSHS this year.

Lamp Bases Made From Sow's Ears

By CYNTHIA LOWRY
SCARSDALE, N. Y. — Don't throw it away or store it in the attic—it may be the makings of a lamp, counsels Decorator Tyne Burne.

Miss Burne pointed to some of the objects scattered around in her workshop: a pair of Victorian bisque figures of infants, obviously once on somebody's mantelpiece; a tall apothecary jar; one of those metallized baby shoes; Dresden figurines; mustache and shaving mugs.

In one corner was a real Wedgewood chamber pot, to which Miss Burne had added a lamp stem, an attractive, plain silk shade and a final carrying out the old Wedgewood design. There was no apparent resemblance to its original outline.

She took an old-fashioned copper stew pot, curled its handle, ran a stem for the wire through the center and insulated the whole thing. It decorates a sun-room table, now a flower pot full of miniature plants.

A steady stream of lamps made from tea canisters, coffee grinders and bean pots come out of her workrooms. She has made several lamps from music boxes.

She fashions her lampshades after she has studied the rooms in which they are to live and has carefully scrutinized their bases.

"Metal bases and stems should have their color brought out by the golden shades of silk," she says. "If the base is gaudy or unusual, the shade should focus attention on it—rather than on itself."

For instance, a lamp made of china figurines in delicate pastels would have solid color shades. One of Tyne Burne's favorite boudoir lamp tricks consists of simple white chignon, given further richness with edgings of velvet ribbon.

"I think an important part of a room is the way lamps and pictures are blended," she says. "I like to look over the pictures, see what the colors are, and then do something about it in the lamps."

And as for miniatures of any type—tiny vases, urns or even figures—Miss Burne frequently puts them together in a cluster of tiny lamps held together on a single base.

"You can do more to a room with a lamp," she says, "than with almost anything else."

LOST 42 POUNDS WITHOUT DIETING

The following remarkable story shows conclusively that Barcentrate DOES take off fat.

It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger.

Barcentrate, the original grapefruit juice recipe takes off fat quickly, safely and you can eat plenty.

Here Is Proof

"When I started taking Barcentrate, I weighed 212 pounds and wore size 46 dresses. Now I wear size 18 and weigh 165 pounds. I started taking Barcentrate in March and by June I had lost 47 pounds. I would have lost more weight had I left off fattening foods, but I was anemic at that time and afraid to diet. People who knew me before I started taking Barcentrate are amazed at the weight I have lost. My flesh is firm; I have never become flabby or wrinkled and I am 40 years old."

"Before taking Barcentrate I couldn't do my house work without becoming exhausted; had dizzy spells and my head and back hurt me constantly. I was so short winded, I was miserable. But now all

Travis Breithaupt, Gladys Cissna Wed

FORSAN, Sept. 6. (Sp1)—In a single ring ceremony read in the home of Mr. and Mrs. H. N. Yeaden, Gladys Cissna, daughter of Mr. and Mrs. John Cardwell became the bride of Travis D. Breithaupt, son of Mr. and Mrs. A. B. Caldwell of Kaufman.

The Rev. P. D. O'Brien, pastor of the First Baptist Church of Big Spring, read the wedding vows before an improvised altar of greenery and baskets of peach gladioli.

The bride was dressed in a brown gaberdine dressmakers suit, with brown accessories and a white gardenia corsage. For something old she wore a white cameo necklace belonging to Mrs. Yeaden, for something borrowed, a set of gold ear screws belonging to her mother.

Mrs. Vivian Fern Peek was her matron of honor and she wore a navy crepe dress, black accessories and a corsage of pink carnations.

H. N. Yeaden served as best man.

Following the ceremony, a reception was held in the Yeaden home. The refreshment table which was laid with lace held two double candelabra and a two-tiered wedding cake. Mrs. Peek and Mrs. Yeaden presided.

Mrs. Breithaupt is a graduate of Forsan high school and has been employed with the Continental Oil Company for two years.

The bridegroom graduated from Scurry High school, served with the Navy for five years and is now employed in the office of the Shell Oil Company in Odessa.

The couple will be at home in Midland.

Methodist Group Has Progressive Supper

The Methodist Youth were entertained with a progressive supper Thursday.

The fruit cocktail was served in the home of Mrs. A. L. Barrett, the salad was served by Mrs. C. C. Williamson and Mrs. Howard Thompson; Mrs. Norris King and Mrs. John Garrison served the vegetable in the Garrison home; the meat was served in the home of Mr. and Mrs. J. W. Bright with Mrs. Andrew Bruce assisting; the dessert was served in the home of Mr. and Mrs. Tommy Lovelace with the assistance of Mrs. W. D. Lovelace.

Those attending were Juanita, Mary and Mildred Hobbs, Lavern and Marvin Trollinger, Nila and Roy Bailey, Peggy and Beverley King, John Garrison, Weldon Low, Willmon White, Delbert Shoults, Mary Beth Morgan, Jean Seiler, Mrs. Aubrey White, Ronald and Duane White, Billy King and Mrs. Annie Langford of Weatherford.

Games were played at each home and the group sang "The More We Get Together" as they arrived and "Bless Be the Tie That Binds" as they left.

The weight of the earth's atmosphere has been estimated at more than five quadrillion tons.

Riders for the early American "Pony Express" often rode 250 miles a day on horseback.

Events OF THE COMING WEEK

Monday
HIGH HEEL SLIPPER club will meet with Delores Hull 1000 Wood, at 6:30 p. m.

Tuesday
JOHN A. KEE REBEKAH lodge will meet in room One, Hotel Settles, at 8 p. m.

Wednesday
AUXILIARY of First Baptist church meets at church at 4:15 p. m.

Friendship Bridge Club Has Luncheon

The Friendship Bridge Club met with Mrs. W. M. Gage as hostess Friday for a luncheon.

Mrs. Herbert Johnson won high, Mrs. H. V. Crocker and Mrs. Garner McAdams won the bingo scores and Mrs. C. Y. Clinkscales won the floating prize.

Others present were Mrs. G. L. James, Mrs. R. F. Bluhm, Mrs. Lewis Murdock and Mrs. M. A. Cook.

Chicken Fry Honors First Methodist Class

COAHOMA, Sept. 6. (Sp1)—The Friendship class of the First Methodist church was entertained Friday evening with a chicken fry on the parsonage lawn.

In a short business meeting preceding the social, Mrs. Morris Ledger was elected teacher and Mrs. T. M. McBrayer was chosen assistant teacher for the class year.

Attending were Mr. and Mrs. Morris Ledger, Mr. and Mrs. Travis Jenkins, Mr. and Mrs. W. W. Cooper and son, Mickey, Mr. and Mrs. Smith Cochran, Mr. and Mrs. Bill Layfield and son, Bob, Mrs.

Class Has Weiner Roast

Connally and daughter, Linda, Mr. and Mrs. John Albers and children, Patsy and Johnnie, Mrs. L. N. Davis and children, Betty Jean, Wayne and Joan, Mr. and Mrs. Mitchell Hoover and son, Milburn, the Rev. and Mrs. T. M. McBrayer and daughter, Ruth, and Bonnie Faye Smart.

The Junior department of the Sunday School of the East Fourth Baptist church had a weiner roast at the park Friday night.

Approximately 25 attended.

Study Club Holds First Meeting

FORSAN, Sept. 6. (Sp1)—The members of Forsan Study Club held their first meeting of the year Saturday morning, at the home of Mrs. R. W. Young, on the Dora Roberts Ranch.

Miss Aquilla West, guest mistress of ceremonies, conducted the program in a ranch manner. Mrs. Frank Tate welcomed the guests in the absence of the club president, Mrs. W. B. Dunn; Mrs. E. A. Grissom gave the invocation and Mrs. Bill Conger introduced the guests of the club. Following the presentation of the yearbooks by Mrs. Conger, the group concluded the program with the song, "Texas, Our Texas."

Breakfast was served to the group on the Ranch House porch by the club social committee. Mari-golds, the club flower, were used in the floral table arrangements.

The following members and guests were present: Mrs. Earl Hughes, Mrs. Howard Story, Mrs. Bill Johnson, Mrs. Jeff Inglish, Mrs. Lil Johnson, Mrs. H. E. Johnson, Mrs. Joe Holladay, Mrs. Glenn Whittenberg, Mrs. Bleece Cathcart, Mrs. Harry Miller, Mrs. R. W. Young, Mrs. Grady Hale, Mrs. Clarence McClusky, Miss Evelyn Monroey, Mrs. E. A. Grissom, Miss Aquilla West, Mrs. Bill Conger, Mrs. Frank Tate, Mrs. Lois O'Barr Smith, Mrs. C. V. Wash, Mrs. Bob Godwins, Mrs. James Underwood, Mrs. H. N. Yeaden, Miss Betty Rose, Mrs. Dennis Hughes, Miss Laura Whittenberg, Mrs. O. S. Clark, Mrs. F. P. Honneycut, Mrs. Jack Martin, Mrs. J. D. Leonard and Mrs. C. E. Chatten.

Mrs. McCrary Hosts Afternoon Bridge Club

Mrs. J. O. McCrary was hostess to the Afternoon Bridge Club at her home Friday afternoon.

Mrs. W. J. Garrett and Mrs. George Amos were guests.

Mrs. Carlton Hamilton won high, Mrs. Ray Griffin won second high and Mrs. Garrett won the bingo prize.

Others attending were Mrs. Jimmy Jennings, Mrs. Roy Lassiter and Mrs. Roy Tidwell, who will be the next hostess.

UT President Tops State Salary List

AUSTIN, Sept. 6.—President J. S. Painter of the University of Texas now stands out as No. 1 man on the State of Texas payroll. Check of the new fiscal year budget for state employees discloses his salary at \$18,200 a year.

This is believed to be the highest paid any state employe. Austin records do not show the salary paid A & M President Gibb Gilchrist.

Ranking second to President Painter is the head of a quasi-state agency. The Lower Colorado River Authority is considered a state agency, although none of its money is derived from state appropriations. Its director, Max Starcke, makes \$12,500 a year.

Three men draw \$12,000 a year from the treasury, and one of them is Governor Beauford Jester. The other two are connected with the University—Comptroller Carroll Simmons and Vice-President James Dolley.

Ten-thousand-a-year men number 14: Nine justices of the Supreme Court; three of the court of criminal appeals; Attorney General Price Daniel; and University Athletic Director Dana X. Bible.

Jack Baumel gets \$8,352. For the honor of being 25th high man, all the judges of the civil appeals courts are tied at \$8,000.

The other state elective officials are below this class. Here are the classes:

In the \$7,000 class are three board of control members, at \$7,608 each; the three Railroad Commissioners, at \$7,620; State Police Director Homer Garrison and Texas Employment Commission Chairman Harry Crozier at \$7,500; George Cox, the state health officer, at \$7,200, and a couple of highway department engineers at \$7,200.

In the \$6,000-to-\$7,000 class fall most of the elective state officials; the land commissioner, state superintendent, treasurer and controller each make \$6,000. Appointive officials getting the same amount are the commander of the National Guard; the Game Commission Executive Secretary; the Liquor Board Administrator; the director of the State Board for Registration of Professional Engineers; the Secretary of State; and the Secretary of the Teacher Retirement Board and two members of the Texas Employment Commission. The Prison Manager gets \$6,600; and three members of the Insurance Commission each draw \$6,600.

State Librarian Francis Henshaw will make \$5,604 this year; and the three members of the Industrial Accident Board will draw \$5,340. The Labor Commissioner's pay is \$5,076, which is also the amount set for the three water engineers. The Commissioner of Agriculture gets \$5,004; is believed to rank lowest among the state elected officials.

TRUMAN CONGRATULATED ON CONFERENCE SPEECH — Paul Fernandes (right), Brazil's foreign minister, shakes hands with President Truman at Quitandinha, Brazil, to congratulate him after his speech at the final session of the inter-American defense conference. President Truman told the cheering delegates that the United States was determined to keep its military might to bulwark a policy based on a desire for lasting peace. (AP Wire-photo.)

Firm Observes 75th Anniversary

Massive Montgomery Ward Has Evolved From Chicago Room

When Montgomery Ward, a young travelling salesman had a revolutionary idea which ultimately resulted in founding the mail order industry 75 years ago, bankers and others laughed at him and one prominent business friend seriously advised him to "give up business and take a long rest."

Ward didn't, nor did he give up his idea. Instead, he set up for business on \$1,600 capital in a small room on the fourth floor of a building in Chicago, Ill., advertising by handbills merchandise "sight unseen" and "satisfaction or your money back."

Few believed that the time would come when this year the 75th anniversary of the founding could be celebrated. In fact, retail sales were so fraught with trickery in those days that "let the buyer beware" was accepted business dogma. Experienced businessmen freely predicted that few would be gullible enough to "buy a pig in a poke" and even so, the unheard of guarantee provision would wreck the business in short order.

His first catalogues (handbills) noted that "you can see at a glance the difference between our prices and what you have to pay your retailer for the same quality of goods." Happily, he had convinced the Grange, then coming into prominence, of the merit of his merchandizing program and this source helped his business to a good start.

Early catalogues stresses groceries and for years this was the "heavy" line for Montgomery Ward. Growth was so rapid that more capital was needed and George R. Thorne, an intimate friend, put \$800 of his money into the company and obtained modest credit.

Rapid westward migration played into hands of the fledgling merchandising firm, for many of these settlers found it most convenient to depend upon Ward's listings for their needs. By 1873 new and larger quarters were required, and every two or three years more space was imperative. The million dollar volume was reached in 1887, the \$10 million in 1901, \$50 million in 1916, and \$100 million in 1920.

From 1920-30 expansion was the keynote with mail order houses being opened in various sections of the country. In 1926 a few experimental retail outlets were opened to supplement the catalogue business, and this gained momentum to where there were 300 such units in operation by 1929. The celebrated crash put brakes

Polish Army Is Cut Down

AP Newsfeatures
WARSAW — Finance Minister Konstanty Dabrowski told a parliamentary committee Poland's army had dwindled to 165,000 men as of April 1 this year.

The Polish army numbered 600,000 men at the end of the war. It presently is the intention of the defense ministry to maintain forces about one-fourth that size but more compact and more highly trained.

Dabrowski said proposed expenditures for national defense, for public security and for the foreign ministry in 1947 amounted to 25.2 percent of the total budget estimates.

These estimates foresee an income of 185,000,000,000 zlotys (\$1,850,000,000) and expenditures of 174,000,000 zlotys, \$1,740,000,000, thus leaving the government an anticipated 11,000,000,000 zlotys (\$110,000,000), balance at the end of 1947.

The CHIROPRACTOR—and You

No. 13 of A-Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic.

CASE HISTORY No. 555. For fifteen years this woman suffered with rheumatism and was in a crippled state. Pain in the joints was so severe it became necessary to take tablets each night in order to secure some sleep. Many remedies, diets and treatments were tried but recovery seemed impossible.

When eventually a friend suggested that she try Chiropractic, she at first objected, having heard that Chiropractic adjustments would hurt a person in her condition. But finally she consented. X-rays were taken and the site of nerve interference located. Then adjustments were commenced to remove this interference. In the patient's own words, "I was not hurt in any way, and within a few weeks the pain had left my joints. I could sleep without taking tablets. In a short time the swelling in the joints started to disappear and in four months' time I was again well."

CASE HISTORY No. 229. For twelve years this middle-aged woman had suffered with high blood pressure and associated symptoms of headache and dizziness. She was unable to do housework unassisted and life was miserable for her. Many treatments were tried without permanent relief. As a final hope, she decided to try Chiropractic and a series of spinal adjustments was commenced. After the first adjustment the headache was considerably relieved, and at the conclusion of the adjustments, blood pressure had returned to normal and headaches and dizziness had completely disappeared. Today this patient

Teachers Will Vote On State Board Member

AUSTIN, Sept. 6.—Texas teachers will vote in mid-September on a new teacher-member for the State Teacher Retirement Board.

The executive director, Mrs. B. B. Sapp, announces that the term of George B. Wilcox of College Station is expiring and he is not a candidate for re-election.

Under the teacher retirement law, the fund is administered by a board of six. Three members are elected by teachers. Procedure is for the members of the retirement system—all teachers—to vote at random on their choice for a board member, and these votes are tabulated by the state office in Austin. From this tabulation, the three persons getting the most votes are selected and the names are submitted to the governor. From among these three he chooses the appointee.

Ballots will be mailed to superintendents over the state for distribution among teachers. Ballots must be postmarked not later than midnight, October 4.

Other members are the chairman of the state board of control; the chairman of the state board of insurance commissioner; and a banker, selected by the governor.

WHITE ELEPHANT SALE

Know what a White Elephant is? It's something nobody wants. Have we got any? Oh, brother! We have got some stuff down here that must have been bought sometime after the Civil War . . . or else our buyer was cockeyed when he thought we could sell it. (He's already left town.) You might want some of it, but WE don't! Please . . . please come take it away before we go nuts just looking at the stuff! If we can just sell enough of it to pay for hauling the rest of it away, we'll be as happy as if we had good sense! No limit . . . other dealers invited!

Now Is The Time For Honest Action

Regardless of the outcome, The Herald hopes that there will be a representative vote at the polls Tuesday when qualified voters ballot on proposals for increasing the tax rate and issuing bonds for Big Spring schools.

in our staff on our salary scale. Not only must we replace and add with strong teachers if we grow as a community (and we have grown and will continue to grow), but we must provide adequate facilities.

The Thrill That Comes Once In A Lifetime

Hal Boyle's Notebook

Telephone Must Go

BY ARTHUR EDSON (For Hal Boyle)

WASHINGTON. (AP) — What this country needs is a first class inventor. This inventor would trot around inventing things that never should have been invented in the first place.

Washington Merry-Go-Round—Draw Pearson

WASHINGTON. — The inner White House feud between two of the President's closest friends, Gen. Harry Vaughan, the military aide, and brain trust Clark Clifford, took a new turn for the worse just before Truman left for Rio De Janeiro.

Truman Aids Have Falling Out

charges against the New York Yankees. In doing so he will seek to upset the old supreme court ruling handed down by Justice Oliver Wendell Holmes that baseball is not in interstate commerce.

The Hopeless Theme Of Mr. Hoover

By FRANK GRIMES

Herald Special Writer That hazy, almost narcotic, dream-state, just short of coma, which we in this country call isolationism is a mental condition of peculiar and singular persistence, bordering on monomania.

Netherlands East Indies? Has he forgotten that the East Asia Co-Prosperity Sphere visualized the ousting of the white man everywhere in Asia, including the islands of the Pacific, and that Japan's schedule of conquest was not to be turned aside by reason, promise or threat?

Affairs Of The World—DeWitt MacKenzie

U. S. Is Flabbergasted At Bevin

Britain's dynamic foreign minister and labor leader, Ernest Bevin, has many American admirers but he doesn't appear to have added to their admiration by his astonishing recommendation that, in the interests of world economic rehabilitation, the U. S. A. redistribute abroad the huge gold reserve now buried at Fort Knox, Ky.

gold, they can have it—the same way we got it from them—by laying the money on the line at our price of \$35 an ounce. However, that may not be the end of the exchange of words. An authoritative American source in London tells us that Bevin's idea is that redistribution of the Fort Knox gold should be an integral part of the Marshall Plan.

The Nation Today—James Marlow

Most Of U. S. Had Awful August

By MAX HALL (For James Marlow) WASHINGTON. — Most of this country had an awful August, one of the hottest on record. People and animals took a beating. So did corn and cotton. Many factories shut down. Thus the weather once more influenced economics.

walking into a furnace room. Huge areas forgot how rain fell. In Kansas City, Missouri, there were 27 days in August when the mercury went over 90. There were 11 days when it was 100 or over.

The Big Break

NEW YORK—Eddie Dowling, who has traversed a wide gamut of theatrical activity, is having the time of his life as boss of the network program called "The Big Break," which is very little more than a polished and elegant version of the same style of program during which the late Maj. Edward Bowes was heard to ring his bell.

In Hollywood—Bob Thomas

HOLLYWOOD. — With the public and theater owners demanding better pictures, Hollywood studios are seeking new ways to solve the story famine. The trend is now toward finding film plots elsewhere in the nation, rather than in studio writing departments.

Film Stories

With the public and theater owners demanding better pictures, Hollywood studios are seeking new ways to solve the story famine. The trend is now toward finding film plots elsewhere in the nation, rather than in studio writing departments.

It Happened Back In—

Marguerite Reed leaves for El Paso where she is to teach physical education in a high school; Jim Nummy returns from Wichita Kan. where he visited Donald Cole, a former Big Spring resident.

BIRD STARTS FIRE

CAMDEN, N. J. (U.P.)—Fire men saw the smoke, but they couldn't find the fire at the house of Mrs. Marie Baugher. Finally, a peep into an eave revealed the source—a burning bird's nest. The fire chief said a bird probably carried a lighted cigarette to the nest.

Action Picture Of Western Outlawry Featured At Ritz

Heralded as one of the most outstanding Western epics of the current season, Columbia Pictures' "Gunfighters" is the feature for today and Monday at the Ritz theatre.

The film was adapted from "Twin Sombroses," Zane Grey's great adventure novel, and stars Randolph Scott and Barbara Britton, with an exciting new screen discovery, Dorothy Hart, heading the supporting cast.

AT STATE — Katharine Hepburn is one of four major stars appearing in "Sea of Grass," the State theatre's attraction for today and Monday. Spencer Tracy, Robert Walker and Melvyn Douglas are others featured in a stirring melodrama of homestead days.

Featured players are Bruce Cabot, Charley Grapewin, Steven Geray, Forrest Tucker, Charles Kemper and Grant Withers.

Filmed in Cinecolor near the magnificent scenic region of Arizona's famed Painted Desert, "Gunfighters" tells the absorbing thrill-packed story of Western outlawry—the kill or be killed law of the range.

Randolph Scott as Brazos Kane, famed gunfighter, tries to leave his past behind him and start a new life in a different part of the country. Upon his arrival, however, he is falsely accused of murder, narrowly escapes a hanging and finally, roused to fury by the ruthlessness of a powerful ranch owner in a struggle to wipe out all the small cattle punchers, Brazos dons his guns once more.

Barbara Britton and Dorothy Hart play Bess and Jane Banner, daughters of the cattle baron. Bess, the lawless beauty trading her kiss for a man's life; Jane, the straight-thinking pioneer girl who sides with justice and Scott against her father.

According to advance reports, one of the reasons for the all-out praise which has been heaped on "Gunfighters" is the fact that even the supporting players have been given meaty assignments. Characterizations are fully drawn by each member of the large cast, and the result is a grimly realistic story of the days when men lived, loved and died by the rule of the gun.

Suspense Drama, 'The Long Night', Coming To Ritz

Suspense provides a major theme for the RKO Radio release, "The Long Night," which is booked at the Ritz theatre Friday and Saturday. Co-starring Henry Fonda, Barbara Bel Geddes, Vincent Price and Ann Dvorak, this new film also features a strong romantic story projected against a background of murder and thrilling action.

"The Long Night" serves to introduce to movie audiences Barbara Bel Geddes who is credited with having won every major Broadway critics' award as the result of her performance in the hit play, "Deep Are the Roots." The film also presents Henry Fonda in an extraordinary portrayal of a romantic steelworker.

Under the direction of Anatole Litvak, the two carry on their part of the story to a romantic climax, despite the sinister influence of the character portrayed by Vincent Price. Ann Dvorak attempts to prevail her feminine wiles upon Fonda also, but with little success.

Robert and Raymond Hakim produced "The Long Night" in collaboration with Anatole Litvak. John Wexley is credited with the screen play and music for the film which was written and conducted by the noted Dimitri Timokin.

LIGHTER MOMENT — Randolph Scott has a friendly moment with Barbara Britton and Dorothy Hart, in this scene from "Gunfighters," the Ritz theatre's feature for today and Monday, but mostly the picture is one of blazing action, since it's a Zane Grey story of western outlawry. The picture was filmed in Cinecolor.

TRAPPED — Barton MacLane, as a convict, traps Lawrence Tierney in this scene from "San Quentin," but before it's all over, Tierney, as the ex-convict gone straight, is the winner. The picture is at the Lyric theatre today and Monday.

THURS.-FRI.—"The Macomber Affair," with Gregory Peck and Joan Bennett.

Livestock Prices Remain Strong At Local Market

Although receipts increased, prices maintained strength Wednesday at the Big Spring Livestock Auction company's weekly sale.

Approximately 700 head of cows and calves went through the ring, which represented a heavy run for this stage of the season. Stockmen reported that continued dry weather probably was responsible for the increase.

Cows and calves brought up to \$170 a pair, while bulls ranged up to 16.50 cwt. One good load of heavy feeder steers bought 19.00. Fat cows went up to 17.50; fat calves, 22.75; stocker steers, 21.00.

Hogs made new gains also, topping at 27.75. There were only 25 head of hogs offered, however.

Major Inspects Recruiting Station

Major G. C. Mammesmidt, assigned to the Military Personnel Procurement Service at Fort Sam Houston, Texas, made an inspection tour of the Big Spring U. S. Army recruiting station Friday.

Major Mammesmidt is touring West Texas in the interest of recruiting and expects to be in this section several days.

Tracy And Hepburn Are Co-Starred In Western Melodrama

One of M-G-M's most important pictures of the year, "The Sea of Grass" is the stellar attraction on the State theatre screen today and Monday.

Adapted from Conrad Richter's best-seller novel of the great land movement into New Mexico at the turn of the century, the new picture boasts one of the finest casts to be assembled for one picture in some time.

Four stars head the cast—Spencer Tracy, Katharine Hepburn, Robert Walker and Melvyn Douglas—with important supporting roles filled by Phyllis Thaxter, Edgar Buchanan, Harry Carey, Ruth Nelson, William "Bill" Phillips and Robert Armstrong.

Two-time Academy Award winner Tracy returns to the screen in his first picture since "Without Love," enacting one of the most dynamic roles of his career as a cattle baron who rules the ranges with an iron hand.

C-C Will Sponsor Trip For Band

The local chamber of commerce will sponsor a trip to Abilene for the Big Spring High school band on September 15 when a downtown parade will formally open the annual West Texas Fair, officials announced this morning.

Arrangements must be made for transportation several days in advance, J. H. Green, chamber manager, said. Approximately 16 vehicles, including 15 passenger cars and one pick-up truck will be required. Persons who can take band members in their cars have been asked to contact the chamber of commerce.

The band and all other local persons who make the trip will be guests of the Abilene chamber of commerce at the fair on opening day, John Womble, manager of the Abilene chamber, has advised.

Cops-Robbers Melodrama At Lyric Theatre

Lawrence Tierney, who scored a sensational success in the crime film "Dillinger" a couple of seasons ago, has the lead role in another story of cops-and-robbers, "San Quentin," which is featured at the Lyric theatre today and Monday.

Tierney appears in the role of an ex-convict gone straight. As one of the founders of the Prisoners Welfare League, he comes back from the wars to find that the League is in disrepute, since a notorious bank robber has used it as a shield for his escape from San Quentin. Tierney, determined to vindicate his organization, tracks down the escaped robber with the aid of another ex-convict.

Barton MacLane appears as the escapee and leads the two friends a thrilling chase for some time.

but the picture closes on a glow of triumph for the hero who wants to live right.

Krug Warns Of Failing Water Supply

DALLAS, Sept. 6. (AP)—Secretary of the Interior Julius A. (Cap) Krug says he doesn't know of a place in the country where the underground water supply isn't falling.

People of the United States have been drawing from a reservoir of underground water that was built up for centuries, he explained last night in an interview. In recent years, the people have been taking more water out of the ground than has been replaced.

The United States may have to build dams and irrigation systems in some regions of plentiful rain to avoid a future water shortage, Krug believes.

"Right now," he said, "it's a question of whether the farmer wants to pay the monthly cost for water as insurance or whether he wants to gamble on the weather. A cycle of wet years which existed during the war has left many farmers of a mind to take the gamble, but the country seems to be entering a cycle of dry years, he added.

Krug advised efficient use of surface water to supplement the underground supply. He thought the Altus project, a dam and irrigation system, should be duplicated over the nation. Such units would provide power, water for farming and industry and recreation spots and help save the soil, he stated.

The secretary of Interior said the Altus project has been built in a region of sufficient but irregular rain. Rainfall is sometimes thin, sometimes destructively heavy. The project will make it possible for a farmer to get moisture when he needs it.

Mrs. Taylor Anderson Returns From Last Rites For Father

Mrs. Taylor Anderson returned Friday from Monahans where she had been called on the death of her father, W. M. Casey, 60, pioneer West Texan. He died Monday, was buried at Monahans on Thursday following rites at the Baptist church.

Mr. Casey has been associated with the Texas & Pacific railroad for a number of years and also had a long tenure as postmaster of Monahans.

Besides his widow, he leaves his mother, Mrs. A. E. Casey; five daughters, Mrs. Anderson, Mrs. Burton Morris, Monahans, Mrs. H. B. Moon, Monahans, Mrs. Vernon Cole, San Jose, Calif., Mrs. J. H. Leicecker, Trout Dale, Ore.; two sons, L. C. Casey, Monahans, and I. A. Casey, El Paso; and 11 grandchildren. Mr. Casey had been ill for several months prior to his death.

Crisp, cold cherries, fresh and full-flavored, add their goodness to fresh fruit salads for summer meals. They combine well with other spring fruits and add a good color accent.

New State Traffic Laws

Dub L. Parks Now Faces Stiff Fine For Hemming Up Cars

(Editor's note: This is the last in a series of four articles explaining in the language of the motorist the principal effect upon him of the 50th legislature's uniform traffic code which becomes effective Sept. 5. The following article deals with stopped, standing or parked vehicles.)

AUSTIN, Sept. 6. (AP)—Dub L. Parks, the local yokel whose unattended car hems you in your parking place half an hour while he is sipping java, might find coffee so procured a bit expensive now.

Under the 50th legislature's newly-enacted uniform traffic code which is now in effect, double-parking is punishable by as much as a \$200 fine. Even the \$1 minimum fine is a lot of sugar for coffee.

The new code devotes considerable attention to stopped cars as well as moving ones in setting traffic standards, indicating pointedly that a car doesn't have to be moving to create a hazard.

- Yokel Parkes and all other drivers now must not under ordinary circumstances, except in compliance with the law, stop, stand or park a vehicle at any of the following places:
1. On a sidewalk.
 2. In front of a driveway.
 3. Within an intersection.
 4. Within 15 feet of a fire hydrant.
 5. On a crosswalk.
 6. Within 20 feet of a crosswalk at an intersection.
 7. Within 50 feet of the nearest rail of a railroad crossing.
 8. Within 20 feet of a fire sta-

tion driveway entrance.

9. On the roadway side of any parked vehicle.

10. Upon a bridge or other elevated structure or within a highway tunnel.

Stopping, standing or parking a vehicle on the paved or main-traveled part of a highway is unlawful except when the driver or ve-

hicle has been disabled to an extent to require temporarily leaving the vehicle in such position.

Vehicles illegally parked and left unattended may be moved to a place of safety or impounded by law enforcement officers.

All violations subject offenders to the usual fine of a minimum of \$1 to a maximum of \$200.

Texas Poll

Two-Thirds Of Texas Think O'Daniel To Seek Re-election

AUSTIN, September 6. — Two-thirds of the Texas public believes that W. Lee O'Daniel will seek re-election to the U. S. Senate next year. A bare majority expects him to lose if he does run again.

The junior senator, who is advocating legislation to limit tenure of all elective federal officials to six years, recently said he is "willing to stay in Washington and fight" for his proposal.

Opinion concerning O'Daniel's possible candidacy was sampled by The Texas Poll shortly before he returned to the state to begin a speaking tour. A representative cross-section of the state's adult population was asked:

77 per cent think he will run. The figure drops to 64 per cent for those of below average economic status.

Just before leaving Washington, O'Daniel told reporters: "It would be a good thing for the country if we had a lot more ex-senators and representatives." A majority believes O'Daniel himself is destined to become an ex-senator.

Asked "If O'Daniel should run, do you think he will win?" Texans replied as follows:

	Men	Women	All
He will win	32%	35%	33%
He will lose	54%	48%	51%
Undecided	14%	17%	16%

Forty per cent—a slight plurality—of those in the lowest economic level think O'Daniel will succeed once more. "He's like Jim Ferguson," said one of these people. "I'd vote for him for President," said another. "He can carry Texas for anything he wants," said a

Barrister Named Head Of League

CHICAGO, Sept. 6. (AP)—The newly organized 15 team Professional Basketball League of America has appointed Holland C. (Hal) Pile, Chicago lawyer and banker, as commissioner.

Pile said the new league will play a 52 game schedule beginning Oct. 25 and continuing through April 3 and that approximately \$2,000,000 will be invested in the league.

The new commissioner said the league will be divided into northern and southern divisions, and that the member teams were chosen from nearly 40 applicants.

The south section will be comprised of New Orleans, La.; Houston, Tex.; Chattanooga, Tenn.; Atlanta, Ga.; Birmingham, Ala.; Springfield, Mo.; Tulsa, and Oklahoma City, Okla.
