Slaton Wins Tennis Championship

William Sewell and Wilson McKirahan, representing Slaton in the South- pils meet as follows: west Tennis tournament held at Big Spring August 27th and 28th, defeated all comers in doubles and brought and all high school pupils in their rehome the large loving cup, which was spective buildings. given the winners. The cup is now on display in the window of the McKirahan Furniture company. The tourna. ment was scheduled for the 26th and 27th, but the rains at Big Spring the night of August 25th made it impossible to play the 26th, and first play was started the 27th. The results in valued at more than \$250. doubles were as follows:

Sewell and McKirahan defeated Ferguson and Smith, Big Spring, in two straight sets, 6-4 and 6-3. Bryan and Ford, Big Spring, defeated Barnett and Curry, Big Spring, 6-3, 4-6, 7-5. Coffee and Piner, Big Spring, defeated Tclar and Browning, Sweetwater, 6-1, 7-5. In the second round of play Sewlel and McKirahau, Slaton, defeated Bryand and Ford, Big Spring, 4-6, 7-5, 6-1. Coffee and Piner, Big Spring, defeated Nichols and Bittle in a very heated match, 15-13 and 8-6. In the finals Sewell and McKirahan defeated Coffee and Piner, although it required four sets to win, all the sets bing hotly contested, 8-6, 10-8, 3-6 and 7-5.

The loving cup was offered and presented by the Big Spring Chamber of Commerce, and the Slaton team will hold it for one year when they will have to defend the title, and if the Slaton team wins again next year the cup will then be their property.

The Slaton boys entetred in the singles, but owing to the delay in play- cording to information gathered by ing their matches, the Slaton boys the Avalanche. could not remain another day to finish their finals, and it is very likely that had our boys remained into the finals they would have broughth home with them the cup for singles, as they had they were violating the law that the progressed into the semi-finals.

The first round in singles McKirahan defeated Ferguson, Big Spring, 6-0 and 6-3, and Sewell defeated not expect the officers to do other Browning, Sweetwater, 2-6, 6-2, 6-3; than shoot when they send their dar- styled The State of Texas vs. J. M. then the boys had to leave Big Spring and let their entry in the semi-finals go by default. This Slaton team is creating very favorable comment through West Texas as to their abil- not serious. ity in tennis, and in another year or

IT PAYS

District Court

The wheels of justice have been grinding steadily the past two weeks 100 criminal cases set up for trial durin the four weeks allotted to the

trial o f felony cases. Last week the Bass Mullins case was calld for trial, the major portion but the mere fact that it hasn't a name isn't worrying anyone, since it's a trial of the week being consumed in the trial of the case. The jury in the case Ayres, Antonio Moreno and others of returned a verdict against the defendant, assessing his punishment at ten years in the penitentiary. It will be recalled in this instance the defendant was charged with the offense of rape upon sixteen-year-old Eunice Weatherford. The jury had the case under consideration twenty hours prior to returning of the verdict.

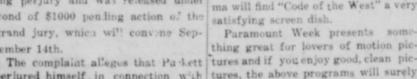

> Monday of this week had been set aside for the trial of the Jess Harvey murder case, and a special venire of 125 men reported for jury service. The defendant in the case being charged with the murder of N. M. Hightower of Idalou last fall. Howevr, due to the inability to locate a witness in the case who happened to be an eyewitness to the tragedy, necessitated the continuing of the case until the October term, which convnes October 19th. At the April term of district court it was necessary to continue this case, due to the illness of one of the jurors empaneled to try the case after eleven jurors had been selected.

The present week has been a busy one, irrespective of the fact that no definite settings of cases had been previously made, in anticipation of the Jess Harvey murder case. Convictions so far this week have been:

E. P. Fertsch, charged with forgery, was given a two-year sentence in the penitentiary.

Manuel Baldonado, alleged to have stolen merhcandise in excss of \$50, also was given a two-year sentenc. Mary Brown, a negress, charged with theft of money in an amount exceeding \$50, likewise was given a 24-

months' sentence. No court will be held on next Monday, September 7th, because of the WHILE CRANKING CAR fact that it is Labor Day and the

rying off the honors throughout the state.

Mrs. Schum's Flock Wins Nice Prize

As a result of good care and careful feeding of her nice flock of hens, Mrs. Robert Schum, who lives west of Slaton, was winner last Saturday of one hundred pounds of flour.

As was previously advertised in The Slatonite, the flour was given by the Slaton "M" store to the person bringing and selling to them the greatest number of eggs.

Mrs. Schum on that day marketed at the "M" store fifty-five dozen eggs, accordng to Manager Jess Swint, who stated that her close second was a Mr. Price, who lives west of Wilson. Mr. dozen eggs.

Many poultry raisers of this section marketed eggs in large quantities last Saturday at the "M" store, and Mr. Swint expressed himself as being high ly pleased with the results of his campaign.

THE MEN'S STORE HAS ADDED NEW LINE SUITS

With the coming of the fall and winter seasons, the Men's Store, on the north side of the square, has added the well-known brand, Hart, Schaffner & Marx clothing, and have already received large shipments of goods of this popular line.

Although the Hart, Schaffner & Marx line of clothing is nationally known to men and boys, yet the Men's Store will constantly push this feature of their business, according to the management, as will be seen in an advertisement appearing elsewhere in this issue of the Slatonite.

The Texas Utilities company, that furnishes Slaton, Lubbock, Plainview, Ralls, Canyon, Hereford and other towns on the South Plains with electric lights, power and ice, is now extending its high line to Southland and wiring that tows for light and power. Southland has contracted for the installation of street lights and it is understood that about seventy-five per cent of the citizens have signified their intention of installing electric lights in their homes.

Manager J. A. Elliott, of the Slaton office, has charge of the work. He reports that several cars of poles have already arrived, as well as other equipment, and work will be startted at once. It is contemplated that the the work will be completed by the end of November, and possibly earlier.

The people of Southland are to be congratulated on their enterprise and public spirit in inducing the light company to build into their town.

NOTICE OF FINAL ACCOUNT

THE STATE OF TEXAS.

which is now done by the mayor and commissioners. The change would make no difference in the appointive offices. The same people who would elect aldermen elect the commissioners. It is entirely democratic.

One of the curses of modern day life is the excessive number of officers and laws to control the people. The tendency is away from all this, and the more progressive cities are reducing the number of their governing bodies as much as possible. Some have just one man, a city manager, and the plan is a great success. It is better to have a very few competent, affairs and pay them something for their time and services than to have a large number, receiving nothing, incompetent and indifferent.

Give us fewer and better officers and fewer and better laws.

The merchant of Slaton who knows no business "Summer Complaint" is the merchant who has learned the value of newspaper advertising. The buying public appreciates the merchants who have something to offer them, and who tell them of their offers through the medium of newspaper advertising.

HOGGING PARKING SPACE

Once again The Slaton Slatonite calling. feels it proper to call attention to a matter that needs calling attention to. It is the matter of hogging parking space along the curbs in the city.

There is need for more parking space for automobiles in Slaton, and this need can be met in a measure by every person being considerate of others. Some cities force this consideration for others by passing parking ordinances compelling a driver, under penalty of fine, to park his car according to certain marks made on the curb, the object being to compel him to park close to other cars so that parking space will not be wasted. Slaton should have such an ordinance now. We urge our city officials to pass one.

then some thoughtless driver tunrs in canine friend. to the curb right in the middle of that space, and thus his car takes up as source of danger. Word comes from million different kinds of people in the tonic

hogged parking space? And how rables. often have you come to town looking for a place to park at the curb and lamented the fact that so much space is wested, yet at no place a spot quite spect.

AMERICANS SHOULD PRODUCE THEIR OWN RUBBER

The Texas Dry Goods Store

A Message To You

I have just returned from the parkets, where I spent several days carefully selecting and buying fall merchandise for the people of Slaton and Slaton trade territory,

Our goods have already begun to arrive, and we are now unpacking them faily. You are going to be greatly surprised when you see this merchandise and get the prices.

We bought heavily in all lines, Shoes, Work Clothing, Ladies' Ready-to-Wear, Millinery, Piece Goods, Children's Clothing, Hats, Caps, Comforts and Blankets, and everything that goes to make up a general dry goods store.

You have a warm invitation to come to our store and look over the many bargains and the new goods. But to more fully appreciate the values here you should give others the "once-over." But be sure to come to the Texas Dry Goods Store before you buy.

HOW TAXES ARE INCREASED

Govenor Brown of Indiana says that if \$100,000,000 worth of property is taken off the tax list, the taxes must be proportionately increased or another \$100,000,000of taxed property. Govenor Brown is right. He has given the right reason for high taxes in many communities.

Our laws which permit the continued issuance of tax exempt bonds, are conanstantly increasing the tax load of one man in order that another may go tax free.

What other things of paving at Slaton

It is reported that an official of the Santa Fe, very close to the top of the official family, has made the remark that he is disapointed in Slaton. Having always had the most friendly feeling toward Slaton he askes what is the trouble? stating that lots of towns smaller than Slaton and without the monthly railway payroll that Sla ton has, is doing or has paved, and have nice looking and progressive towns, while Slaton sits still and apparently does nothing. The future of lots of railroad towns rests entrely in the hands of the railroad officials and it behoves the citizens of Slaton to do something toward building up our town, get together on progressive movements and get back in the good graces of those who have done a great deal toward the progress of Slaton. Let us all be big enough to put down our petty personal feelings and pull together in a united front and put over the PAVING program which has been talked of for so long.

Poultry Notes

By Secretary Ross. According to latest reports the poultry industry is something like \$42,000,000 annually and two-thirds of this amount comes from the sale of eggs, this average price received for eggs being about \$7.00 per case. This brings the egg production up to about five million cases, or 150 million dozen. There are about 20 million hens in Texas. This brings the average production per hen up to seven and a half dozen eggs.

So we readily see this poultry business is one of the finance factors of our country and becoming more so

The great purpose of our agriculture agents and demonstrators and extenent states in the great value of growing poultry. In these lessons are taught those physical lessons on With Sewer growth, feed and production. No one need keep a non-laying hen when our agent can cull out all non-layers

HOW MANY FRIENDS HAVE YOU Feeding Cottonseed Dorothy Clifford Wilson

Have you ever stopped to think? Which leaves a broken link.

Your friends tomorrow. In both happiness and sorrow.

And unable to arise, It's often been said, A friend weeps when you die.

> Is their grief real grief, And their sorrow real sorrow, Or do they get relief. After burial tomorrow?

And have a gay time, With other friends of yours? Can you then say, "They are mine Friends now I see for sure?"

But when the end comes, When I lay down to rest, I don't want anyone To shed tears over my breast

If I'm to have flowers by and by, And many kind tho'ts somehow, Don't give them to me when I die, Please give them to me now.

If you have a friend and you love him, And really care a lot, Send a kind word to them, Lest you be forgot.

Always be ready to give them a smile Along this rugged road. It will always shorten their mile, And lighten their load.

The way this old world is now, And the people who on it live, We never know wheace nor how, Whether we'll receive or give.

It gets worse day by day, And friends get less, You hear everyone say, But everyone doesn't seek after the best of Life.

BIRTHDAY PARTY

Wayne Liles enjoyed fifth birthday with his little friends at his home Thursday, August 27th. After games were enjoyed on the lawn the tota were gathered in the dining room, which was decorated in pink and white, to extinguish the candles on the birthday cake, after which the following were served cake and cream: H. G. and Louise Wilson, H. C. Burrus, Wayne Catching, Louie and Ray Keith, Marvin and Ralph Self, Toye Dial, Lois and Opal Jennings, Leota Beaver, Minnie Wiil Wooten, Myrtle Vivian and Joe Teague, Melba Stottlemire, Rene and Hershal Pigg, Ernest It will be only a matter of a shot, keeping down certain diseases that Wood, Junior and Wayne Lanham, Jack and Alma Joe Liles, Wayne Liles and Morris Word.

Meal Helps the **Cotton Farmer**

Are you feeding your horses and

mules cottonseed meal daily to take

the place of part of the grain ration,

as The Progressive Farmer has so often

advised? Such a policy is not only

money saving because cottonseed meal

is less expensive in proportion to its

feeding value, but it is also advisable

because it helps the demand for cot-

ton seed and thereby makes cotton

growing more profitable. We cannot

refrain from reprinting in this con-

nection what Dr. Butler said in the

"So long as there are hundreds of

horses and mules consuming one to

two pounds of cottonseed meal a day,

and keeping in good health, one would

suppose that 'experimenters' would

be a little more careful in drawing

insufficient evidence. The South can

use all its cottonseed meal feeding its

own livestock, and improve the con-

dition of the livestock as well as boost

our own game. Every pound of cot-

tonseed meal used for feeding in the

South is a boost to cotton production,
