

# THE SLATON SLATONITE

Vol. 13

Slaton, Lubbock County, Texas, Thursday, Oct. 2, 1924.

Number 59

## SOUTH PLAINS FAIR ASSOCIATION REFUSES A SLATON EXHIBIT

Tuesday Mr. and Mrs. W. E. Martin carried the fancy work of their little daughter, Eloise, to Lubbock for the purpose of entering it at the Lubbock Fair. The ladies in charge of this department refused to give it space in the fancy needle work department, assigning as the reason that Little Miss Eloise was too young as she is just nine years of age, and they only had classes from ten years up, and that they did not have room for it anyway. And the peculiar thing about the matter is that Mr. and Mrs. Martin were the second persons present to check in this stuff, only one lady ahead of them, but still they did not have room. We fail to comprehend just how they knew they would not have room for it. Mr. and Mrs. Martin offered to place this work on the wall if they would just assign them a little space as they had just bought a nice new sheet for this purpose. But nothing doing. But they did offer to let them enter it in the class with the older people, and perhaps some of them were experts, and of course Mr. and Mrs. Martin would not agree to this.

In the collection of Eloise was a quilt that she made when she was four years old. The rest of the fifty or sixty pieces that she has are embroidery work and she carried of 8 first prizes and five seconds at the Slaton Fair. All of this work was made by her between the age of six and nine years. This exhibit created quite a little bit of comment at the Slaton Fair as being out of ordinary for a child of this age.

It seems that the officials of the Lubbock Fair are discriminating against Slaton in the matter of our exhibits. We were under the impression that this was a Lubbock County and South Plains Fair but it now seems that we have been misled in the matter.

According to the rules laid down in the fair catalogue the ladies of this department stated that they could do nothing but refuse this fancy work space in the exhibit hall. Slaton never had any class for this age, but we just simply made one at our fair. We would not have missed this collection of fancy work done by one so young for anything, as it tends to encourage other children along this line.

Mr. and Mrs. Martin and little Miss Eloise, as well as the entire citizenship of Slaton, regret very much that we were turned down, in this matter as we were made to feel that we would receive the closest co-operation at the South Plains Fair, and it cuts to the bone when we are thus eliminated.

Mrs. R. M. Ellis at Lubbock Sanitarium  
Mrs. R. M. Ellis had a tooth pulled a few days ago and blood poison set up and she was carried to a Lubbock Sanitarium. At last reports she was reported as being very much better. Her many friends hope for an early recovery and that she will soon return to Slaton.

## TH' OLE GROUCH

LISTEN HERE, CITY FELLER!  
DON'T LAFF AT THIS HERE  
YOUNG BECUZ IT'S SMALL AN'  
WASHT GOT ALL TH' THINGS  
NEW YORK WAS, BECUZ THEM

WANT, SECH AS MURDERS,  
THEFTS, DIVORCES, POVERTY,  
SLUMS, CONGESTION, CRIME  
AN' TH' OLD HEARTEDNESS  
THAT LETS FOLKS STARVE IN  
TH' MOST O' PLENTY! NO SIR!

## Tom Overby Building House In West Park Addition

The writer had the privilege of going out to the West Park Addition a restricted residential section of the city, this week and found there a new residence under the course of construction. This new house is being built by Tom Overby and is of the old mission style and it will have a tile roof and will be of stucco. It contains five rooms and a bath, with clothes closets, etc. Also a hot air furnace in the basement to furnish heat for the building.

This is the second house that Mr. Overby has built in this restricted district. The other one was purchased by Harry Stokes, manager of the Slaton Motor Co.

It is nice for a city the size of Slaton to have a restricted district where nice homes may be built and the beauty of same not marred by several shacks being built right in your front yard, so to speak. This residential section will in just a few years be the most popular of any in the city. It is in good walking distance and yet not too far out. It is away from the hum and buzz of the city.

## Cotton Pickers Arriving On Every Train

Cotton pickers are arriving in Slaton on every train. Lots of them are coming in autos and trucks. Something like 20 per day are coming in. If this rate keeps up we will perhaps receive all the pickers that we can use in a few weeks. But we still need lots of pickers and can use several hundred more than we have at present. Cotton is good and is getting better all the time.

## SLATON POULTRY ASSOCIATION ORGANIZED LAST SATURDAY

Secretary of Chamber of Commerce J. J. Ross called a meeting of all poultry fanciers last Saturday at 2:30 p. m. for the purpose of discussing the matter of organizing a Poultry Association.

A motion was made and carried that a permanent organization be perfected and the following officers were elected:

H. M. Binion, President; G. A. Bourland, Secretary, Messrs. Brewer, Bourland and Morgan were appointed by the chair to draft the Constitution and By-Laws.

This organization is going after 100 members and make Slaton one of the leading poultry centers of the South Plains.

Every man and woman that is interested in the poultry business is requested to be present on Saturday, October 11th at 2:30 p. m. at the City Hall for the purpose of further discussing this matter, our membership and co-operation is earnestly solicited. The object of this Association is to make money for poultry fanciers and to develop the poultry industry. Let's go after these 100 members.

## Chevrolet Factory Representative Here

J. B. Bigley, factory representative of the Chevrolet cars, with headquarters at Oklahoma City, was here the first of the week, on business connected with the Slaton Chevrolet Co. Mr. Bigley reports that District No. 9 of which Slaton is a large part is leading any district under the Oklahoma house in the number of cars sold the past month. He reports 165 cars delivered the last month in this district, and that they expect to double that amount this month.

## N. G. Whipple Guesses Number Beans In Jar

At the booth of B. C. Morgan, dealer in windmill supplies and plumbing, during the fair, he had a jar of beans on display and to the one guessing closest to the number of beans it contained he announced that he would give a Lavatory. Guesses were made all the way from 100 to 2000 but Mr. N. G. Whipple proved to be the winner, guessing 2345. The jar contained 2356 beans. Mr. Whipple only missing at 11.

Mr. Morgan has requested us to extend his thanks to all who visited his booth during the fair and ask that you make his place of business your headquarters when in town.

Mr. and Mrs. Pierce Fields were in our city Saturday taking in the fair and doing some shopping with our merchants.

## EXTENSIVE IMPROVEMENTS AT FRY'S FILLING STATION—3 PUMPS

Workmen have been busy this week at Fry's Filling Station tearing out the brick wall in front and two sides in order to give Mr. Fry room to install two more automatic pumps. With these two additional pumps this station will be able to care for three cars at one time.

Fry's Filling Station is located between the Custer Theatre and the State Bank and is one of the best locations in town for a business of this kind. The front and the north and south walls are being removed. A large plate glass front will be put in the front of the building and in the rear of the building where this concern has maintained a car repair and tire shop will be fitted up for a first class office. Back and to the south of this office will be the tire shop. Large glass windows will be on the north and south.

When all of these improvements are completed Mr. Fry will have one of the most attractive and convenient stations in the city. Mr. J. F. Fry is the owner of this station and is one

## School Play To Be Staged On Oct. 9th and 10th

On October 9th and 10th, Mr. Evan Harries, assisted by local talent, will stage a play at the Custer Theatre, for the benefit of the Public School. The name of the play is "The Bachelor".

Mr. Harries is a high-toned gentleman and an actor of unusual talent. He comes to us highly recommended from various schools over the state where he has staged plays. He has been playing to packed houses wherever he has staged a play.

Reserved seats are now on sale at the Teague Drug Store. You should reserve your seats early. Attend this show and help our public schools.

Mr. and Mrs. Scottie Whitlock have moved to O'Donnell. Mr. Whitlock will work at the McDonald-Ely Gin at that place.

## Cotton Pickers Association to Meet Saturday

All farmers that are in need of cotton pickers are again requested to meet at the City Hall Saturday evening at 2:30. This call has been issued by Mr. Nesbitt, president of the cotton pickers association that was formed some three weeks ago, for the purpose of bringing cotton pickers to this section to gather the large cotton crop around Slaton. All farmers are urged to be present at this meeting. Come and let your wants be known and discuss this problem with your neighbors.

of our most progressive citizens and town builders and it is with great pride that he is able to announce to the public in general that he is making these extensive improvements.

## 100-HOUR ENDURANCE AND ECONOMY TEST FOR CHEVROLET CAR

The Chevrolet Co., announce this week that they will stage a 100-Hour Endurance and Economy Run of the Chevrolet car. This test is being made by every dealer in the United States and will start Tuesday morning, October 7th at 8 o'clock from the Slaton Chevrolet Co. place of business. One five passenger touring car will be used in this test, and it will be drove over the highways in this immediate territory for 100 hours without stopping night and day and four drivers will be used. They will only stop to change tires and for fuel and then the engine will not be stopped. This will be a hard test and much speculation is being made as to the results. A close tab will be kept as to the number of miles covered, the number of gallons of gas used and the number of miles to the gallon of gas, as well as the number of miles to the gallon of gas.

The Slaton Chevrolet Co. are offering prizes to the person guessing the closest to the number of miles the car will travel in the 100 hours. The speedometer will be sealed on start-

## SLATON WILL ORGANIZE PERMANENT FAIR ASSOCIATION SOON

Within the next two or three weeks there will be a call issued to the people of Slaton and surrounding communities to meet and organize a permanent Fair Association for Slaton.

The Fair this year was just a start and it is hoped that when this call is issued that every man, woman and child in this immediate territory will respond.

Slaton must have a permanent fair association and then we can begin to work early and have a fair three or four times as large as the first one. We have the products raised right here in this community to stage one of

## SLATON'S EPISODE IN PAGEANT BRINGS HONOR TO HOME TOWN

### Sam Staggs District Agent in Spauld Lands

Sam Staggs of Pember & Staggs has been appointed District Agent for the sale of the Spade Pasture Lands lying along the railroad between Roundup and Yellowhouse Switch, one to thirty miles west of Lubbock.

The opening of these lands for sale marks the exit of cattle as an industry on the South Plains, as this is the last holding of anyone engaged in extensive grazing.

The official date of the opening is set as October 6th, but the land is being shown now and more than 10,000 acres have been purchased within the last five days.

These lands are considered to be the choice of the plains region and are sold on very easy payments. The price per acre is \$35 and the initial payment by January 1st, is \$5 per acre or \$800.00 per quarter, the yearly payment per quarter for the following fourteen years being but \$160 or one dollar per acre, balance of purchase price being due in 15 years, at 6 per cent interest. Choice of lands can be made at this time on a \$200 option per quarter. This seems to be the last chance to get good lands close to the railroad on easy terms. A new town has been laid out which will be named Anton, complimentary to Mr. J. F. Anton, Supt. of the local division of the Santa Fe. J. V. Hollingsworth and W. T. Brown will assist the Pember & Staggs Agency in showing the lands.

### VISIT IDALOU SUNDAY

Mr. and Mrs. A. J. Payne and Mr. and Mrs. A. L. Brannon were visitors at Idalou Sunday afternoon. They report a most pleasant trip and that conditions around Idalou and between here and there are sure fine. They were favorably impressed with the little town of Idalou and its progressive spirit. This town is just a few years old and is growing very rapidly.

## Jacob Hatcher Has Large Melon on Display

Jacob Hatcher, one of Southland's most progressive farmers placed on exhibit during the fair, one of the largest watermelons that has been seen in these parts. It weighed sixty pounds and was of that famous Tom Watson variety. Mr. Hatcher took off first honors with this fine melon.

Just as fine melons can be grown in the Slaton country as anywhere in the state. They are a little late but they are sure fine. Home grown melons are now plentiful and they are much better than the ones that have been shipped in.

W. T. Driver left for Vaughn, New Mexico, Thursday on a business trip. Mrs. Theo. Hahn and son, Paul were called to Emporia, Kansas, to attend the bedside of a sick sister.

and the seal will be removed when the 100 hours are up and the person guessing the closest to the number of miles it has traveled will receive ten dollars and the second five dollars and the third three dollars. See their ad on the last page of this paper and fill in the coupon and take it to the Slaton Chevrolet Co. on Saturday, October 11th at 8 o'clock with your guess as to the number of miles this car will travel. Who knows but what you will be the one to receive a cash prize. Keep yourself posted on the progress of this car during this test. Tell your friends and neighbors about it and have them guess. Who will be the best guesser. We will see, we will see.

In the first episode of the pageant given Wednesday night at the South Plains Fair, the representatives of home town brought great honor to their home town by their excellent performance.

This episode was entitled "Good Times in Dixie" and portrayed the life on the old southern plantation.

The first character to enter were the old planter and his wife. They were dressed according to the fashion of the old days and it is rather remarkable that so appropriate costumes could be gotten together in such short time.

Next the negro servants entered, carrying their baskets of cotton and mimicking perfectly the actions of the old colored slaves. They were dressed in costumes characteristic of their race and their servitude. The negro quartette favored the audience with a selection from the old southern melodies. This was very good and the actors were very successful in making their voices sound like the naturally musical voices of the old negro. Two of the old slaves did an old time jig dance to the great delight of the spectators.

At this point in the program, King Cotton and the little cotton boles entered. The ladies who played this part were very tiny and graceful and in their dance around King Cotton looked like little fairies tripping about. Their costumes were in white and brown to represent the cotton boles, full white skirts and little pointed brown blouses and white slippers and socks. They played with great ease the part allotted to them. At the close of their dance they sat in a circle around King Cotton's throne.

One of the most delightful parts of the entire evening's program followed this. The guests from the neighboring plantations entered and made their bows to the planter and his wife. The ladies costumed in crepe and patches. Their dainty poke bonnets and basks and wide skirts made one of the prettiest colonial groups it has ever been our pleasure to see. The men too were dressed to fit the occasion in the old frock coats characteristic of the old colonial days and were perfect partners for their dainty ladies.

The guests at the old plantation entered the spirit of the occasion and danced with great enjoyment the Virginia Reel. It is rather surprising in this time of the modern dances to see how the audience enjoyed and appreciated the beauty and grace of this old time dance. The actors took us back to the days of long ago and made us feel that we would love to live in that time of chivalry and hospitality.

At the close of the pageant, the young ladies who represented Slaton at the Tri-State Fair at Amarillo were present at the crowning of King Cotton. They were among the prettiest and most appropriately dressed celebrities at this function and Slaton is proud of them.

In any undertaking that the people enter their parts is by all considered a success. They spared no time or trouble to pay honor to their town or country. They have the old time spirit that they so well portrayed in the pageant and the old time generosity and consideration of the South.

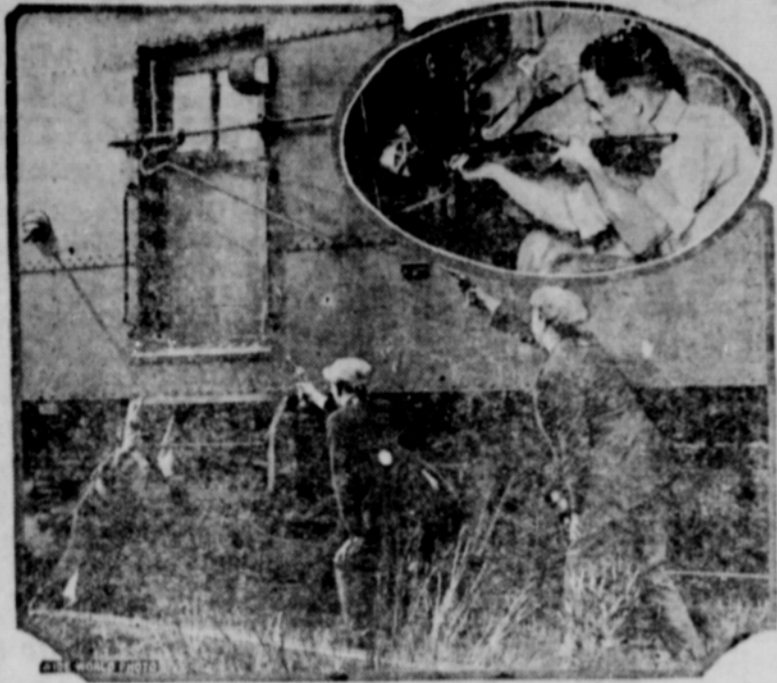

## Merchants Booths At The Fair

Several of the merchants of Slaton had booths at the City Hall during the fair, demonstrating to the fair visitors the line and quality of the goods handled by them. Among those we noticed were: Payne Dry Goods, Manire Studio, Frank Bida, Dry Goods Slaton Ice Cream & Botling Works, Kessel's, Mrs. J. L. Cruce, millinery, and kindred lines, Evans & Wilson.

All of these booths were artistically decorated and attracted a good deal of attention. Next year it is planned to have a larger building where every merchant in Slaton that cares to, may have a display of some nature.

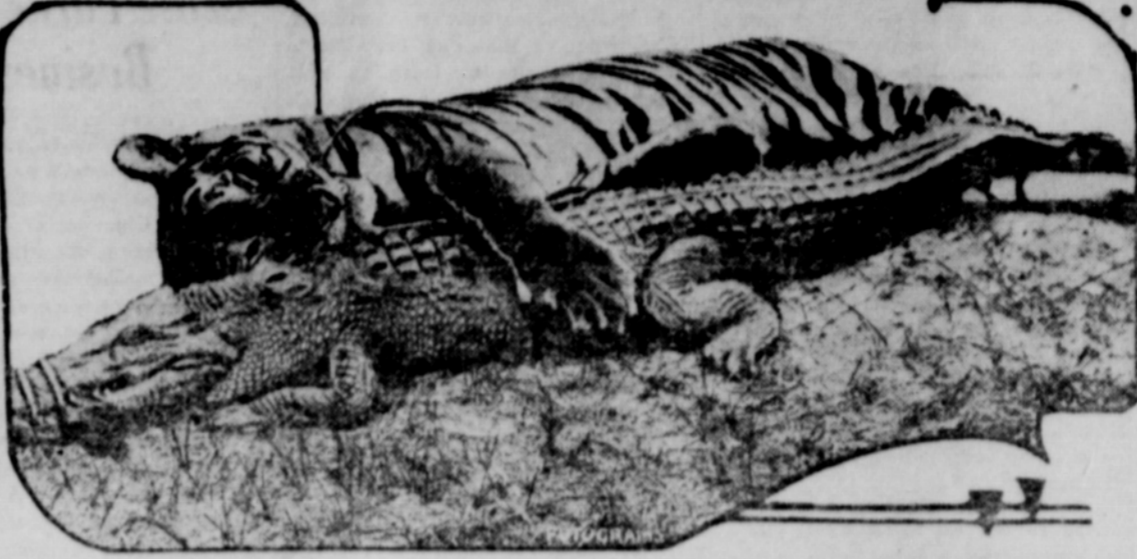

If you made an entry at the fair and failed to call for it or it is lost, if you will call at the office of Secretary Ross he will locate it for you. There is still a lot of stuff at his office uncalled for. He requests that you come and get your entries at an early date.

**Bandit-Proof Mail Car Is Tested**

A new bandit-proof mail car built by the C. B. & O. railroad was given a test the other day, a mimic hold-up being staged in which the robbers were successfully routed by the mail clerks. The illustration shows the "bandits" attacking the car, and one of the clerks firing through the "universal joint" loophole.

**Death Battle in the Jungle**

The tiger and crocodile shown here staged a little battle in their native jungle in northern Sumatra. The sound of their conflict attracted the attention of Rev. Leonard Oechli, a missionary. Mr. Oechli shot both with a high-powered rifle.

**Slaton Fair Is Big Show, Says Avalancher**

"The biggest community project put over in the most satisfactory manner possible," is G. R. Scott's description of the Slaton Fair which he attended Friday.

Scott who is circulation manager declared that the people of the entire plains country could justly be proud of the Slaton Fair. He described the agricultural, livestock, fine arts, and in fact all of the exhibits shown as being of the first class, and is looking forward to the united effort of all of the communities of Lubbock county making a clean-up of all the first prizes at the great State Fair at Dallas.

"If the Slaton Fair is an example of what can be done in Lubbock county, I'm convinced we can take the prize in all the big expositions of the state," Scott said upon returning to the office late last night.

He described the attitude of the business men of Slaton as evidencing their confidence in the possibilities of the fair and declared that such gathering of the best products of the county for comparison could but result in betterment of all interests represented by exhibits.

Mr. Scott described the agricultural exhibits as being equal to the best he had ever viewed even at the State Fair, and declared that the people of Lubbock county have positive proof of the superiority of our farm lands and the fitness of this climate to the production of better crops of all kinds.

Mr. Scott spent the entire day taking in the big fair and said that upon arriving in Slaton he could readily see that the fair season spirit gripped every individual evidencing the fact the Slaton fair really means something to that community.—Lubbock Avalanche.

**Large Highway Map Lamesa Employees Will Be Distributed**

FORT WORTH, Sept. 27.—Preparation to distribute 10,000 large highway maps 43 x 60 inches, thruout Texas Highway Association, it was announced here today by W. T. Wheeler secretary.

The maps show at a glance the progress of highway construction in this state, as well as the huge amount of work yet to be done before Texas can boast of a "connected comprehensive highway system."

Eighteen thousand miles of designated highways are shown in four colors, each color representing the stage of improvement which has been reached. The designated highways are a part of the 180,000 mile good roads program of the Federal Government.

The maps are now being printed and distribution will start as soon as deliveries are made. They will be sent to all Chambers of Commerce, banks, Court houses and other places and to others who desire them.

**Lamesa Employees An Assistant Secretary**

LAMESA, Sept. 29.—J. C. Watson formerly in the newspaper business at Rochester, Texas, has been employed by the Lamesa Chamber of Commerce as assistant secretary for the local organization. The work of the Chamber of Commerce here has grown to such proportion during the past year that this increase in the personal of the staff has been made necessary. The new assistant secretary will, among his other duties, handle the publicity for the organization whose scope of work takes in all of Dawson County.

CALDWELL—\$45,000 bonds voted for installation of sewer system.

**A Steak You'll Enjoy**

We do not believe there is a single man in this town who wouldn't enjoy sitting down to one of our Steaks. They are cut from the best quality beef, where the meat is most tender and the juiciest, it is a wonderfully good dinner

**Palace Meat Market**

Phone 138 L. D. Pierce, Prop.

**You Can Buy for Less Than You Can Bake**

Did you ever stop to figure the actual saving you can make of both time and mooney and the better selection of Baked Goods you can serve your family if you come here and buy what you need rather than to try and bake it yourself?

**Slaton Baking Co.**

N. B. GUSTINE, Prop.

**NOTICE**

It is the unanimous opinion of the City Commission that we will in the near future require the removal of all dry toilets and other things of a disease breeding nature along the present sewer line. In order to give the public plenty of time and to cause no undue hardships, you are hereby notified to connect with the sewer as rapidly as your convenience will permit. We would also suggest in the future, in building a house along the sewer line, to make your arrangements to equip the same with the necessary sanitary plumbing.

J. L. Cruce, Mayor

**FISHERMEN'S LUCK**

After being swept out to sea and living for a week in an open boat without food or water, these two French fishermen from Newfoundland were rescued by the French liner France on her way to New York from Havre and Plymouth. The rescue took place off the Grand Banks. The fishermen were in an exhausted condition. Left to right, they are, Francois Heudes and Francois Allain.

**NOTICE**

You have heard it said that it makes no difference where you trade, We want to differ with you somewhat, there is a difference you trade at the City Drug Store, you save money.

We have a full line, Patent Medicines, Toilet Articles, Watches, Clocks, Jewelry, School Supplies, Purses, Hand Bags, etc.

### New Equipment For Ford Cars

Windsheid wiper, dash light and rear vision mirror are three new accessories now being offered by the Ford Motor Co. through its extensive dealer and service station organization. In presenting these accessories, company has followed the policy prevailing in the marketing of all its

products, that of giving the highest quality at the lowest possible cost. The Ford windsheid wiper is so constructed that the double ply rubber is always pressed firmly against the glass and all vibration is eliminated, yet the wiper is easily operated. The steel handle has a polished white metal grip which will not rust. The rear vision mirror is made of polished plate glass manufactured by the Ford Motor Co. The mirror is held firmly by felt clamps and an ingenious arrangement not only permits easy adjustment to any desired position, but also locks the mirror in position, holding it there firmly and thus relieving the driver of the inconvenience of making frequent adjustments in order to maintain clear rear vision. The Ford dash light is neat and attractively finished in black to harmonize with the instrument board. A feature is the manner in which the base of the light fits into the panel instead of simply being fastened on the surface. This eliminates all possibility of it shaking loose.

SAN ANGELO—Two-story school building being erected in Lake View section.

## That Empty Feeling

It will quickly disappear when fronted with some of the tempting groceries you may purchase from our store. We specialize in catering to the appetite of hungry folks, and the success we achieve in satisfying them is remarkable. But its all because of the fine quality of fresh and whole some groceries we carry in stock.

Let us satisfy you.

### Buying Groceries From This Store is a Pleasant Economy

By pleasant economy, we mean that you are always assured the utmost in quality at the lowest possible prices. Buying supplies for your table because the price is low is not always economy. But buying quality groceries from this store where the margin of profit is always low, is a real saving, for there is not waste to what you get.

## It Will Pay For Itself!

If you have a car, you need a garage. Of course, you may rent a garage, or garage space, but if you do that you have nothing to show for the money you pay out year after year in rental.

A good garage will pay for itself. It will save more than its cost in rent, or, in depreciation on your car if you have been leaving it out in the open.

A good garage will add more than its cost to the value of your property.

We have a garage plan that will meet your needs. Let us give you an estimate.

# SPORTS

BY W. V. LEMENS

## Sports Page Hard Hit This Week

Owing to the fact that the Slatonite is changing from a Semi-Weekly to a Weekly the royal penman is practically without dope this week. He is like the little boy who took his best girl to the show and found that he lacked two cents having enough money to buy reserve seats.

Should the Sports page be continued? There is a serious problem presented when we think that the paper will be issued on Thursdays. This makes Friday's games practically a week old. Would this be worth while?

If you think the page should be continued, speak to Mr. Suits or some of the others, when you meet them.

## Girls Improve Grounds

The Tigeress Basket Ball Team has added another court to its facilities, and are working hard already although the first game is not scheduled until December 5.

Only one old team player remains and a practically new team will be formed from the abundant material left over from the second team. Evelyn Hefner, the only first team player in school, and she in her senior year, will form an excellent nucleus around which will be formed the 1924-25 team.

Coach Bailey is optimistic about the prospects, and although she is unable to announce any line-up, she has much sifting to do to find the best combination with which to meet Lubbock December 5th.

## Apologies to Coach Price

A nice report was received by the official ink-slinger of this column, from Brownfield, which report was misplaced. It is unfortunate and certainly unintentional. We hope that Coach Price will be kind enough to let us hear from him again.

## Tigers Back To Lubbock

Since administering Lubbock her spanking on last Wednesday, the High School team has been taking on better form, and has been given the general once over. Coach Miller seems to be not quite content—there appears to be something worrying him—he has a nauseated feeling when Thursday is mentioned, and even if he does feel quite confident of winning, he just wishes it was done.

Post proved Slaton's Waterloo last year, and promises fair to be as much this year. The 7 to 6 decision against us kept us from competing for district honors. In order to clean the slate and remove all doubts as to Slaton's rights, the thing must be done today.

Post meets Slaton today at Lubbock, and she will know it when she hits Slaton, too. Stay in there Bunch.

## Crosbyton Loses to Idalou

CROSBYTON, Oct. 2.—The Crosbyton High School Team lost the second game of the season to Idalou with the final score resulting 12 to 6. The home team started out with a rush and stayed in the lead the first half, keeping the ball in the Idalou territory and scoring a touchdown on a forward pass. But in the second half the buck turned, The Crosbyton team was driven back and although it did its best to hold up, the visiting team made a touchdown in the third quarter. In the last quarter, however the home team again braced and held the line, no scores being made by either team.

This game evens the score for Crosbyton, having won one game over Lorenzo and lost one to Idalou.

Crosbyton hopes to meet the Idalou team in a later game and there administer her just punishment for besmearing her otherwise beautiful record.

**THE SOUTH'S COTTON CROP**

With the government's report on estimated cotton production in the United States this year constantly falling off a little, and with renewed interest on the part of Europe in buying of our product, there seems to be only one thing to prevent the farmer getting better and better prices for his crop. That one thing is the fact that he will put his crop on the market too fast.

The tragic thing about it is that in most cases he has it to do. His obligations are such that he must sell in order to pay them off. If it were not for this condition, he could keep the bulk of the crop in his own hands for a little while and get considerable more for it. Such is generally the history of the conditions. The farmer is forced to sell too early, and then after the crop, is out of his hands, the price begins to soar.

This year the farmers ought to have every assistance possible to help them hold on to their crop until they can get the best prices for their product. The people the farmers owe should be lenient with him, as far as possible, and not push him on paying what he owes. Banks, stores, and individuals, wherever at all possible, should help the farmer in this way. Give him a little more time. Hold the cotton off the market until the market climbs to meet the cost of production and give the farmer a nice margin of profit. He needs it, and the country as a whole will be a lot better off if he gets it. If you can help him, do it.

**LOOK FOR THE GOOD IN THE OTHER MAN**

People are full of faults and mistakes. The person who can eliminate the most of such things from his life is he one who will get along with the least cause for worry over his blunders.

One of the most common bad tendencies all of us have is to always look for the bad in the other guy. We seem to take more or less delight in giving the poor fellows a kick if we have a chance. All of which is perhaps in order under some circumstances, but not always so.

We ought to practice looking for the good in the other fellow. Don't

carry the conviction around with you that he is all bad, and capable of nothing good. Why not try to find the good in him? He has it somewhere hidden from your view if it cannot be seen at all from the exterior.

It will take lots of practice for most of us to get the habit, but it will pay big rewards if we adopt it.

Smiles are a lot cheaper than hammers. Quit knocking and smile.

Yes, ignorance is quite common yet. Some fellow asked the other day when the next president's election would take place.

If the good side of a person's nature would respond to suggestions as readily as does the bad side, we would not have many criminals or near-criminals today.

The reason the road to happiness for some people is so empty is because they themselves are so narrow there is not enough in the road to fill up the vacant spaces.

It's easy for the fellow who's up to tell the fellow who's down how he, too, can get up. But the best way to do the fellow a real service is to help him get up just like somebody had to help you when you got up.

Lots of folks are afraid of anything that would be good for them and helpful to them, but let something that is sure to be an injury to them come along, and they swallow the whole line including the pole.

Our neighboring little city, Idalou, has a golf course. Slaton has no such accomplishment, if it should be called such. Very likely we would need a course in golf before we would have much use for a golf course.

The "Follow-the-Crowd" idea is not always the best policy. Lots of crowds go wrong. The mob is a good example. First find out if the crowd is right or wrong. If it is wrong, you would do better to be with the bunch that's in the minority.

**SLATON SIDEWALK GOSSIP**

We don't know how the balance of the men in Slaton feel about it, but we are glad vests are coming back so we'll have room to park some of the things we are now carrying in our pants pockets, remarked a prominent Slaton man Monday.

The canning season is supposed to be about over, remarked a local merchant to us Tuesday, but wait and see all the canning that's going to be done in November.

"The average Slaton man has his

little weakness, says a local barber, but he doesn't get his hair cut because it is coming out.

A local poker player remarked, "The prince of Wales on his visit to the U. S. wants to learn to play poker. He'll discover that a king isn't 'High.'"

"The next time Germany hunts trouble it might be cheaper for us to buy her off than to have to make her a loan afterwards," remarks one of our financiers.

"We've reached the point in Slaton where the children run everything but the lawn mower and the washing machine" says one of our close observers of the ways of the younger generation.

One of our local bill collectors paused to remark: "Uncle Sam will again try to make the silver dollar popular, as if any dollar that's worth 100 cents isn't popular along about the first of the month."

"According to a fashion note men's styles will be plain this fall," remarks one of our leading tailors. But this writer will bet that last winter's overcoat will still prevail in many instances.

One of our local citizens that seemed to "be down and out" stopped us on the street and remarked: "Our advice to Slaton citizens is not forget your old friends in the valley when you've reached the top of the hill this fall. You might need them to catch you if you roll down."

**WILSON IS A BUSY LITTLE CITY**

Mr. and Mrs. W. E. Abbe and Mrs. W. E. Galloway drove down to Wilson Sunday afternoon to visit with Mr. Galloway for a little while. Mr. Galloway recently bought out a business concern in this little city, and it was the purpose of the visit of the Abbe's and Mrs. Galloway to see how he was getting along with the business. They report Mr. Galloway as doing a fine business and the town moving right along with all the gins running full time during the week days.

**Southwestern Magazine Turns Down Business**

The Southwestern magazine, published in the eastern part of the state has turned down advertisements from the Slaton Chamber of Commerce for Cotton pickers. At their solicitation Mr. Ross mailed this publication an ad to appear in some 40 odd publications that they represent, for cotton pickers, pinning a check to same to cover expense of the advertisement. They returned his check and advertisement to him last week with the statement that their publications refused to handle the matter. And from the information that we could gather from the letter it seems that some pressure has been brought to bear in the Eastern part of the state to keep all of their labor at home.

But we can't be worried about a little matter like that, as cotton pickers are coming in every day, in answer to the advertisements placed with the leading state papers. And if we do not secure enough in this manner to care for our cotton crop, men will be sent after pickers and bring them back and place them in the large cotton fields around Slaton.

**COTTON GROWERS**

You are asked to meet at the City Hall, Saturday, October 4th, at 3:30 p. m. We are anxious to assist every grower in obtaining pickers. Important Be at this meeting.

J. J. ROSS, Secretary

Mrs. S. S. House and Mr. and Mrs. C. D. Hartman of Post, who have been spending a month in Colorado and Wyoming, stopped in Slaton and visited with their daughter and sister, Mrs. O. D. McClintock while enroute home.

Miss Joyce Kitner of Tahoka, was here Friday attending the fair and doing some shopping.

Lasts a  
Generation

**Surely Good Cooking Is Worth 1-4 C A Meal**

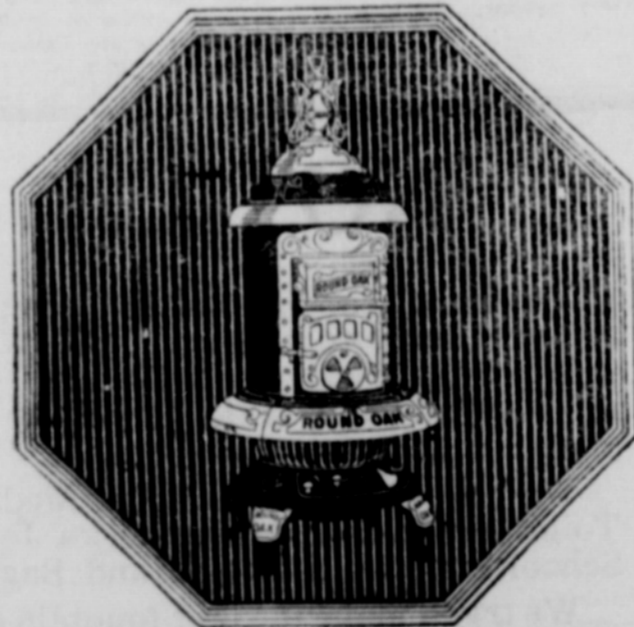

Twenty thousands meals are "all" that a woman will prepare in the next twenty years at the rate of about three meals per day. The difference in the cost per meal between a Round Oak Chief Range and the cheapest range you can buy, even if the latter would hold together 20 years, figures less than 1-4 cent. As a matter of fact, the saving on repairs, and fuel with a Round Oak Chief eliminates the 1-4 cent and then some. So it is cheaper to buy the best.

Made by the Round Oak Folks who make goods only, that make good friends only. Inspect this handsome, life-time range this week.

This specialty is marked at the bed-rock price.

Service and quality considered, it is, without question, the greatest possible value.

When you divide the investment into the years of its usefulness, you sense why it is the wise choice.

**ROUND OAK HEATERS**

Wasted heat is something that can never be recovered, so why not protect yourself against this preventable loss by buying a Round Oak that will yield the maximum amount of heat with a minimum amount of fuel consumption.

Film Epic of The Days of '49

Everybody who saw "The Covered Wagon" liked it so much that they had but one complaint—it wasn't long enough. But it would have been impossible for Paramount to have made it any longer because the picture, as it now stands, is well over feature length.

Realizing the great popularity of the story of how the early pioneers blazed a trail across the continent Robert Dillon conceived the idea of making a serial along the same lines. His story however is really quite different from that embodied in the Paramount special in that it deals with the trail to Santa Fe, whereas, the latter dealt with the Oregon Trail then too, his plot antedates that of the other by some five years. He called his serial "The Santa Fe Trail" and succeeded in interesting Miss Neva Gerber, one of the foremost screen stars before the camera today, in the story. As a result she agreed to produce it and play the stella role herself.

She made up her mind that this serial would be produced in a manner which well befitted the subject so that when it was completed it would take its place as the greatest serial of all time. Accordingly she spared no pains to secure one of the best supporting casts and one of the greatest directors in the industry. Jack Perrin, the popular star of Arrow's current serial, "The Fighting Skipper," an actor who has long been identified with productions of sterling merit, was assigned the leading male role; while Ben Wilson, who has a half-hundred successful serials and features to his credit, undertook the supervision of the picture. Elias Bullock and Wilbur McCaugh were assigned the heavy roles and each has an enviable reputation, gained through many years experience in this type of acting. She then arranged to release the production through Arrow Film Corporation—the largest independent distributing organization in the world. Episode No. 1 of "The Santa Fe Trail" will be shown at the Custer Theatre October 10th and it is extremely advisable for you not to miss a single chapter of this great serial, for unlike a good many others, it tells a complete story from start to finish and is not merely a series of slightly connected short stories.

**"The Heart Buster" With Tom Mix A Good One**

A western romance of unusual interest is "The Heart Buster", from the story by George Scarborough, which will open at the Custer Theatre, Saturday for a one day run. Set in the heart of the cow country in Arizona, this picture the fiftieth in which William Fox has featured Tom Mix, can be truthfully acclaimed one of the best pictures of this star who never makes a bad picture.

The plot of "The Heart Buster" Centers around Tom, in the role of Tod Walton, a young ranch owner, being desperately in love with Rose Hillyer, daughter of his neighbor. Rose has just completed her education in Europe and her homecoming is a cause of great excitement around her father's ranch. Speculation is rife, however, when she steps off the train accompanied by a foreigner of distinguished bearing, whom she announces as her fiancee when Tom knocks him down for kissing her.

From this point on you will be kept on razor edge. Tom recalls seeing the gentleman who has won Rose's heart engaged in a pursuit on which the law frowns and although he tells the lady of his heart about it she refuses to believe and Tom has the job of proving his accusations on his hands. This proves a hard task. For while he is doing it he must also prevent the marriage. His activity in this direction lands him in jail where he is recued in an extraordinary manner by his faithful horse Tony. The rescue was none to soon as you will see if you attend a showing of "The Heart Buster", which we advise you to do if you don't want to miss one of the best pictures to come here in a long while.

Esther Raiston plays the part of Rose Hillyer entrancingly and as a blushing bride you will find her irresistible. Others in the cast are Cyril Chadwick, William Courtright, Frank Currier, and Tom Wilson, Jack Conway directed.

**LIFE HISTORY OF DR. GEORGE C. BUTTE THE REPUBLICAN CANDIDATE FOR GOVERNOR**

Dr. George C. Butte was born May 9, 1877, at San Francisco. When a lad he moved to Texas. He received his first college degree a bachelor of arts degree, from Austin College, Sherman, in 1895. After teaching school a number of years he came to the University of Texas.

From the University of Texas he received a B. A. degree in 1903, and received an M. A. degree in 1904. Before coming to the University of Texas he was married Aug. 31, 1898, to Miss Bertha Lattimore of Dublin, Texas, a sister of Judge O. S. Lattimore, Associate Justice of the Court of Criminal Appeals.

Dr. Butte was admitted to the Texas bar in 1903. After he had received his M. A. degree in 1904, he went to Muskogee, Okla., where he was admitted to practice with conspicuous success. In 1907 he was admitted to practice before the United States Supreme Court.

In 1911 Dr. Butte retired from practice and went with his family to Berlin, where he studied for a year. He next attended the University of Heidelberg and received a doctor of jurisprudence degree from that institution in 1913. He followed his year's study at the German institution of learning with a year at the leading French law school at Paris.

Dr. Butte came to Austin in the fall of 1914 to accept a professorship of law in the University of Texas. He held this post until early in 1918, when he volunteered for army service and was named head of the foreign intelligence department of the general staff, with the rank of Major. It is said that Dr. Butte's knowledge of the Germans and of Germany was of great value during the war.

Dr. Butte returned to the University of Texas in 1919, but after one year he was appointed by Gov. W. P. Hobby at the request of the Texas Railroad Commission as the head of the Oil and Gas conservation division of the Railroad Commission. After he had organized this department he was asked by the League of Texas Municipalities to draft a public utilities bill for Texas. He spent several months in this work. And during the course of his preparation of the bill studied in the libraries of Yale, Harvard and other leading institutions of learning.

In 1922 Dr. Butte came back to the University of Texas and resumed his professional duties in the law school. Following the death of Dean John C. Townes, Dr. Butte was named in 1923 dean of the law department.

Dr. Butte is a member of the International Law Association, the American Society of International Law, Alpha Tau Omega, and Delta Theta Phi fraternities, and is a thirty-third

degree Mason. In 1910 he was a candidate in Muskogee, Okla., for District Judge on the Republican ticket. In 1923 he was made dean of the University following the resignation of Dr. R. E. Vinson.

 It Makes You Stronger!

to the Jew a Day of Judgement.

The sounding of the Ram's horn (Shofar) in olden times was to remind the congregation to repent of sins and to improve their ways. Symbolism of the day was used with great effectiveness in driving home the moral lesson of repentance. The blasts

from the "shofar" were intended to signify three dominant ideals of the religion of Israel; That God is King over the earth; that He is judge of man's deeds and thoughts, and that He is the ruler who proves throughout the ages that righteousness and justice are ultimately triumphant.

Dr. Foster of the Foster Furniture Company was a Lubbock visitor Monday.

Garfield and Terol Dunn of Hedley Texas are here visiting their aunt Mrs. Effie Dunn and Mrs. "

**All The Booths At The Fair A Success**

The leaders of the different organizations that ran booths at the Slaton Fair report that they did well and wish to thank the people who assisted in making a success of the attempt.

The Civic Culture ladies served Cream, Hambergers, Lemonade, Sandwiches, Cake and Pie. Their booth was very prettily decorated in their colors and was in a popular place.

The Band Boys booth did exceptionally well and made quite a little money to defray the heavy expenses of that organization. Their booth was decorated with the help of some of the ladies and was very pretty.

The Co-Operative booth of the churches was very popular and the people of the different churches supported it. The money raised by this booth will be divided among the churches that took part and will be used as each church thinks best.

The Parent-Teacher's Booth was also a success and added quite a little money to the treasury of that organization. The people of Slaton are loyal to anything that pertains to their schools and they were free in buying from the ladies that conducted this booth.

**Floydada Man Visits Brother in Slaton**

W. C. Hanna and family of Floydada were here Sunday visiting in the home of his brother, A. C. Hanna. Mr. Hanna is Commissioner of Precinct No. 1 at Floydada and he states that he in company with the other commissioners of Floyd County made a trip to Waco to see about some road machinery, and that he had made a close observation of feed conditions all the way to Waco and he states that he has more feed on his place over in Floyd county than he saw while on this trip.

**POSEY PARAGRAPHS**

On account of cotton picking we are very busy and do not have time for getting news. Therefore we have a short write-up.

Miss Nellie Smith of Richland, New Mexico, is visiting with Mr. J. Carroll

C. E. Fine's father and mother from Oklahoma have decided to make their future home with Mr. Fine.

Homer Kelley and O. R. Patterson left Wednesday for Jefferson to get a bunch of cotton pickers. Mr. Patterson returned Tuesday.

Clay Thornton and family visited with his son and wife, Mr. and Mrs. K. Thornton, at Leveland Sunday.

Mrs. Lewis Robinson had the misfortune of breaking her leg last week

It was put in plaster paris and we are glad to say she is getting along nicely

Mr. and Mrs. Howard and son, Edgar, returned Tuesday from Tyler, after a two weeks visit in and near that city; Mrs. Howard's father and mother, Mr. and Mrs. Crews, returned with them.

Joe and William Cooper from Richland, New Mexico, are visiting with the Carroll's

Clarence Thornton started to Sla-

ton High School Monday. This makes a total of 16 from Posey going to Slaton school.

Born—To Mr. and Mrs. J. E. Robinson, Sunday, October 28th, a son named James Everett.

Miss Erma Wildering King spent Sunday visiting with home folks at Plainview.

G. L. Sledge is reported as being on the sick list this week.
