JOIN AMERICAN LEGION IN CELEBRATING JULY FOURTH

DEVELOPMENT ON THE INCREASE

Several Big Oil Companies Making Preparations to Go After the Big Oil Pool

Machinery and material for oil wells rolling into Coahoma, and Westbrook by the carloads today, the prospect for an active drilling campaign in the area adjacent to those towns is so bright and much activity may be anticipated in the months to come.

Thousands of material for the Coahoma and the Max Johnson Company arrived at last Saturday and seven carloads of material and machinery for the Coahoma Oil Company arrived at Coahoma on the same day.

The Magnolia Company is going to a deep test on section 18, Block 15—four miles south of Iatan. The derrick has been completed and it is expected that they will be ready to start between July 10th and 15th.

The Maxwell & Johnson Co., independent operators, have a derrick on section 31, one mile northwest of Iatan and expect to start in next week.

This test will be known as the No. 1. The same operators are also on the Capps-Lucas ranch. A derrick is to be erected on the Jones ranch, north of Iatan.

The Pensland Company are having machinery moved to the C. D. ranch where derrick has been erected and drilling is to be started in a few days.

The California Oil Company, a subsidiary of the Standard Oil Company, has a large tract of land in Mitchell County and it is stated they will start at least three deep tests.

The Standard Oil Company, the Gulf Oil Co., The Sun Oil Company, The Texas Oil Co., The Texas & Pacific Oil & Gas Co., The Pure Oil Company and other big companies have scouts or geologists in the field and from all signs and indications this territory is to be a thorough test to determine whether or not a big oil pool exists somewhere in this territory.

The amount of oil found in the various wells now producing from a depth of less than 3500 feet seems to make it well worth while to continue the search which should soon be going on at an increasing rate.

Progress on Enders-Cushing Tests

The Cushing Ranch Drilling Association, a company that is on the job of making a determined effort to locate the big pool of oil which geologists have now convinced the big company exists somewhere in this section.

Field manager W. F. Cushing is on the job supervising the work on the three test wells; the Enders-Cushing No. 1, the McIntyre No. 1, and the Sparkman No. 1.

The Enders-Cushing No. 1 is now in fine shape and the drilling is going down after the liquid gold. The water has been cased off and the drill is being cased away in a dark brown at a depth of 3212 feet. So far they have penetrated thirty-five feet of formation.

The casing off the surface water is going along smoothly at the Enders well No. 1 and this test is 325 feet deep.

The Sparkman No. 1 is 175 feet deep and is temporarily suspended pending the arrival of fuel oil. A quantity of two cars is expected daily to pay in the next hundred or so days would certainly pick up in this section.

Will Purchase Cream From Farmers

In order to encourage dairying and provide a ready market for all cream produced in the Big Spring country, the Howard County Union Store is going to purchase cream and will be in a position to pay the highest possible price. When the butter market is overstocked it's a good plan to market the surplus cream and the Union Store is going to make this possible.

For the present they want cream brought in twice a week—and July 8th is the first day for starting this service. A representative of one of the big creameries in the South will be at that day and will explain to all who have a few cows on the farm why it will pay them to market cream instead of going to all the trouble to make butter when there is no market for same. Come and hear his talk.

Anyone wishing to enter any of the above contests should see or address L. Coffee, Finance Officer, Big Spring, Texas until Sunday, July 2nd. After that date see man in charge at Rodeo headquarters at dance pavillion, on corner of Scurry street, opposite City Hall. Or see R. A. Eubanks, Dave Christian or A. J. Merrick up until noon on July 4th at which time all entries close.

At the Rodeo grounds R. A. Eubanks and Dave Christian will be in charge of all contests. A. J. Merrick and Jess Slaughter will have charge of corral, stock, ropers and riders taking part in the contests.

The following judges have been selected to decide the various contests: Joe Stokes, J. S. Winslow and Sam Cauble.

The following have been selected as timers: Ira Driver and Nat Shick.

The Bootleggers Orchestra has been secured to furnish music for the big platform dances, Monday and Tuesday nights.

Everyone in West Texas is cordially invited to come to Big Spring on July 4th and join with the American Legion in celebrating this great holiday. Bring a well filled basket and come prepared to have a jolly time.

The following officers and committeemen of the American Legion will be in charge of the big 4th of July Picnic and Rodeo and solicit your hearty cooperation: Pitt Gardner, Post Commander; R. V. Middleton, Post Adjutant; L. Coffee, Finance Officer, General Committee; James T. Brooks, Homer McNew, W. Carroll Barnett Jr., Dinner Committee; Fred Eaker, Ernest Jones and Arch Rowland.

Rodeo Committee: R. A. Eubanks, Dave Christian, Jess Slaughter, A. J. Merrick.

Concession committee: T. N. Culwell, Leland Stone, Harvey Williams.

Baseball committee: Arch True.

Ticket committee: J. F. Hair, W. A. Williams, and Leonard Fisher.

Dance committee: L. W. Croft, Geo. Winslow, John Witten.

Anyone wishing to volunteer their services in any way should let the various committeemen know their cooperation can be counted upon to make the celebration a success from every standpoint.

Decorate for July 4th

Business houses should be decorated for our July 4th celebration and attractive window displays should be arranged for the occasion.

Every home should have the American flag floating in the breeze on that date.

Let's let folks know that it's July 4th we are celebrating.

Dr. G. T. Hall, returned Wednesday from a business trip to Dallas.

Why It Didn't Appear

It has been just one darned thing after another at The Herald office for ten days—until the return of T. E. Jordan manager and A. G. Jordan linotype operator, Tuesday of this week.

When they started on their vacation to Christoval they had arranged to have a linotype operator on the job, but the son-of-a-gun failed to appear. With no means of having type set you can see why The Herald was rather slim that week. Frantic calls were sent out to all towns nearby to beg, borrow, buy or steal a linotype, but there was nothing doing. Finally a fellow claiming to be an operator was located at a point 400 miles distant, and he was sent for—to our sorrow. The first day he fought the linotype all day and didn't set as much type as would be required to print this article. He was one half the next day correcting the errors he made in setting up the small amount of type. He finally admitted he couldn't handle our linotype; and when put to setting type by hand he "blew-up" completely. So the second issue of The Herald was slim indeed and would have been blank pages had not the Colorado Record come to our rescue and set up type enough to fill the front page and then some. So if many news items and advertisements have been omitted during the two previous issues you will understand the reason.

Heretofore we had no means of getting the explanation in type as the more important items called for first attention and then too we kept hoping that a miracle might happen—say a linotype operator show up unexpectedly. It has been some task trying to get out a weekly newspaper under the conditions—with practically one printer—who in addition had to keep the commercial job printing department turning out orders for printed matter.

Well it's over now since the force has returned and things are getting back to normal, but we don't want to tackle a similar job anytime soon.

District Judge Warns Parents

Judge W. R. Spencer in his charge to the grand jury at the opening of district court at Lubbock last Monday delivered a most forceful address, urging that the jury take some concrete action to call to a halt the carelessness of parents in bringing up their children, to which he attributed the committal of such extraordinary crimes as will be brought before the term of court.

He expressed sympathy for the parent who through thoughtlessness and unwillingness to care for their children see them brought into court for the most conspicuous crimes of the day but sympathy for them will not open the eyes of their neighbors and it is necessary that parents be aroused to the need of closer association with their children. It should be the duty of parents, and not the courts to see that the young folks are not going astray.

Secure Contract for Mail Lines

On July first some new men will be in charge of mail routes from Big Spring to adjacent points.

J. V. Davis and G. E. Newton have been awarded the contract to transport the U. S. Mail from Big Spring to Lamesa for a period of four years and will put an auto mail and express line in operation.

J. L. Mauldin was awarded the contract from Big Spring to Knott and will continue his auto mail and express line.

Sam W. Key has been awarded the contract between Big Spring and Garden City.

M. L. Reed was awarded the contract between Big Spring and Gall.

J. H. Pinkston was awarded the contract to carry the mail between Big Spring and Sterling City.

Trial Transferred to Garden City

Andy Meadors and son Will Meadors were brought here from Barstow Monday evening and placed in the Big Spring jail. Will Meadors, aged 18 years was recently tried at Barstow on charge of killing Asa Rawls in Andrews County and was sentenced to serve ninety-nine years in the penitentiary.

Motion for a new trial was denied and notice of appeal has been filed and Meadors will be held here pending disposition of appeal.

Due to belief that difficulty would be had in obtaining a jury in the trial of the father, Andy Meadors, also charged with the death of Rawls, in Pecos the trial was transferred to Garden City and will be held at an early date.

Decorate for July 4th

Business houses should be decorated for our July 4th celebration and attractive window displays should be arranged for the occasion.

Every home should have the American flag floating in the breeze on that date.

Let's let folks know that it's July 4th we are celebrating.

DEATH DUE TO ACCIDENT

Lee Williams of This City Killed by Accident on Ranch in Midland County, Thursday

One of the saddest accidents that has ever shocked our community occurred Thursday when Lee Williams of this city met his death by accident on a ranch north of Midland. The news was received by relatives here about seven o'clock Thursday evening.

At just what hour, or just how the accident took place cannot be ascertained as no one was with Lee at the time. It seems that he left the Clayton-Ellwood-Arnett ranch, 32 miles north of Midland, on which he was employed early Thursday morning with instructions to return to the ranch house by noon. When noon came and he failed to show up the ranch foreman became uneasy and at 1 p. m. when the manager arrived from Midland it was decided that Lee must have met with an accident and they immediately started out to investigate. Near a gate four miles from the ranch they found the horse, and Lee's body at the end of the rope which was attached to the saddle. From all signs he had been dragged by the frightened horse a considerable distance and he had been dead some hours. As Lee's right hand was caught in a loop at the end of the rope it is not possible to determine just how the accident took place. The remains were brought to Big Spring by auto this morning by J. B. Nall and Raymond Nall—father and brother of Mrs. Williams who went to Midland as soon as they were notified of the accident.

Mrs. Williams and little son were at the ranch house when the accident took place having made their home there during the two months Lee has been working on the ranch.

The death of Lee Williams comes not only as a shock to relatives but to the host of friends who loved and esteemed him. A big hearted, good natured gentleman, always ready with a word of cheer or smile for his fellowman, and always ready to lend a helping hand. He tried to bring sunshine into the lives of others and his happy nature and friendly helpfulness has made life's pathway easier and brighter for many.

To the wife and baby boy, his parents Mr. and J. D. Williams, and his sisters, Mrs. Walter Sullivan of this city, Mrs. James Cauble who resides south of town and Mrs. J. H. Barker of Waco is extended the heartfelt sympathy of our entire citizenship in the loss of him they loved most dearly. Funeral arrangements are being made for 11 o'clock Saturday morning.

Serious Automobile Accident

One of the most serious accidents that has occurred here in many a day, happened about 8 o'clock Sunday evening when a Dodge automobile turned over on the Lamesa pike, about one mile northwest of Big Spring.

Mrs. J. H. Haller suffered a broken back as a result of the accident; J. H. Haller suffered a broken bone in one arm and an injury to his back; Miss Ida Mae Haller, Miss Marion Purser and Fred Haller were cut and bruised. C. E. Haller, who was driving the car escaped with a slight scratch on one hand.

It is supposed that the accident was due to the steering gear getting out of order as the car overturned on a straight stretch of good road while going at a fast speed.

An X-ray examination of Mrs. Haller's injuries disclosed that in addition to two fractures of the spinal column, the pelvic bone was cracked. She was placed in a plaster cast and it will be a number of weeks before the seriousness of the injuries can be definitely determined.

The many friends of the family in this city deeply regret to learn of their great misfortune and hope their injuries will prove less serious than they now appear.

Buy 2 Registered Herefords

H. K. Burns today received two fine Hereford bulls from Dawson County, having purchased them from Hardly Morgan. Both animals were registered and are from a prize winning stock as Mr. Morgan makes a specialty of breeding the very best Herefords.

The bulls were driven from Lamesa to this city and transported from here to Mr. Burns ranch southeast of town by truck.

These fine animals will be used for breeding purposes on Mr. Burns ranch.

Help Feed Our Visitors

Everyone in Big Spring is urged to bring a well filled basket to the courthouse Tuesday July 4th and assist in feeding the large number of visitors who are expected to be here for the Big Picnic and Rodeo to be staged under the auspices of the American Legion.

When preparing your basket, prepare enough for your family and a few more, so that you may invite a few visitors to share dinner with you. If everyone in Big Spring and Howard County will do this no one need go away hungry.

In order that an estimate as to the number of visitors that can be taken care of can be arrived at the Legion has requested Miss Nell Hatch to be in charge of a register at the courthouse Tuesday morning and every citizen of Big Spring who prepares a basket is urged to register and indicate the number of visitors they will be able to take care of.

For some reason our folks have not cooperated in the past in the big generous way that they should, so all are asked to join the American Legion in helping to make this day a most pleasurable one for every visitor in our city by bringing a well filled basket and taking an active part in the exercises at the courthouse lawn beginning at 10:30 o'clock next Tuesday morning.

Let's show them that Big Spring folks can be hospitable.

Stoner-Wright

Miss Jewel Wright and M. D. Stoner were married at the Christian Church at 7 p. m. Thursday, June 22. F. B. Etelson, rector of the Episcopal Church, performed the ceremony. The church was beautifully decorated with evergreens, cut flowers and pot plants. Before the ceremony Miss Vivian Johnson sang, "Treat Me Not To Leave Thee" accompanied by Carroll Barnett, who also played the wedding march. Miss Johnson wore a smart pink taffeta with hat to match. Miss Zou Hardy was maid of honor and was most becomingly dressed in blue taffeta with hat to match. The bridegroom was accompanied by Charles E. Hatch, as best man. The bride was given in marriage by her uncle J. F. Wolcott. The bride's little niece Jeanette Kelley of Lubbock, Texas, dressed beautifully in white, was the ring bearer.

Mr. Gordon Hatch and John Hodges were ushers. The bride never looked better than on her wedding day—she was dressed in navy blue suit with grey accessories.

Miss Jewel is a Big Spring girl, one who is known and loved. Mr. Stoner is recently from Victoria, Texas, but during his residence has made a host of friends and these will wish for this popular young couple all happiness.

Improvement at Tourist Park

The contract for painting the camp house at Tourist Park was awarded this week and work was started Tuesday. When the work has been completed our citizens are invited to call and inspect this attractive camping place. If our own folks do not realize what a drawing card this park is to our city they should talk to auto tourists who have occasion to accept the accommodations at the park, or read their letters of thanks and appreciation. I honestly believe our city is receiving more worthwhile advertising from the tourist park just now than from any other source we could receive though we spent large sums of money. Every tourist who stops at our park leaves with a kindly feeling for our citizenship and a booster for Big Spring because our city thinks enough of the tourist to provide a place for him to stop and visit with us.

I wish to take this opportunity to extend thanks to those of our citizens who generously donated the funds to have the camp house painted. I believe that our guests will now find the camp house attractive as well as convenient, thanks to you. Nell Hatch, Secretary.

Walters Organization Being Perfected

Local 57 of the Hotel and Restaurant Employees International Alliance was organized in Big Spring last week with a membership of about eighteen. This order is affiliated with the American Federation of Labor and expects to cooperate with their fellow workers and employers. Arthur Bradshaw is serving as business manager. Contracts are being prepared and will be entered into between employes and employer in the near future.

A. J. Manuel Arrived Last Saturday

A. J. Manuel arrived last Saturday from Fairbairns for a visit with his son, J. M. Manuel and family. After a visit here he will go to Kansas to look after his farming property.

"Oh, Buddy boy! Look what Mother went and put into the lunch basket—a whole whopping big package of Kellogg's Corn Flakes! Buddy, I believe I can eat just about twice as much as you do—why, how I love Kellogg's!"

Time to stop eating Kellogg's heavy food! wonderful for the whole family

Nature rebels against heavy foods in warm weather. Much illness in summer is caused by overtaxing the stomach. Change your diet—and keep snappy in mind and muscle!

Kellogg's Corn Flakes with cold milk and fresh fruit are wonderful for the hot days—for breakfast, for lunch, for supper or for "snacks." They digest without taxing the stomach and supply the nourishment the body needs.

For children, for the workers and for the aged there is no more delicious, sustaining summer food than Kellogg's Corn Flakes.

Insist upon Kellogg's Corn Flakes in the RED and GREEN package bearing the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

Bible Class Picnic

It was Friday afternoon
The twenty-third of June,
From six 'til thirty minutes after,
All around the church rang with laughter
You know we were a jolly bunch
Headed for the water works to eat our lunch

To be sure it was a little warm
Though not enough to do us harm
With plenty of water and a large cake
of ice

We knew would suffice
To keep every one cool
Yet we were not near a swimming pool.

2. Perhaps some one would ask
Just why the Bible class
Planned this celebration?
To show Mr. Reagan their appreciation.
Though words fail to express
How much we prize his faithfulness
Just before we began to eat
Mr. Stone said he wanted to speak.

I can't tell you what he said
I'll tell what he did instead.
He presented a pen and pencil of
exquisite gold

To Mr. Reagan, and Mr. Stone told
Of the class' appreciation
And praised Mr. Reagan without the
least exaggeration.

3. Mr. Reagan said "You'll hear
from me when
I arrive in San Marcos, I'll use this
pen."

Of course this was O. K.
And no one had a word to say.
He thanked the class for this love
token

And Mr. Stone for the kind words
spoken.

Then Mr. Reagan asked the blessing
His thanks for friends and life
expressing.

Everyone in the crowd
Stood with heads reverently bowed
And after he said "Amen."

We resumed the fun again.
4. There were Mesdames Pureer,
Eddins, and Hall,
Quite a larger number but they weren't
all

For Maxfield's and Kennedy's filled
one car

'Twas a blessing we did go far
Mrs. Barrett and Mother Stone
And Mrs. Webster were along
Mr. Dubberly (a prince by nature)
And Mr. Creath (the mattress maker)
And his family too.

You see that's quite a few
The Stevens, Pritchards, and a fam-
ily of Kings

Were having a share of these good
things,
And Leslie Thomas (with Sallie, his
wife

Was surely having the time of his life.
5. Mr. Anderson and lady hauled the
lunch

And a Mrs. Minter was with the bunch,
Mr. Blanck and lady too

In their car had quite a few
You can't have any kind of larks
Without Mesdames Hornbarger and
Parks.

And Mrs. Ervin, so good and kind
Certainly was not left behind.

Mesdames Boswell and E. W. Brown
On this picnic excursion were bound
Mr. Reagan and wife were there
And little Miss Helen with beauty rare.

Just as we finished the eating game,
Mrs. Birdwell and daughter came,
We regret very much to state.
That they arrived so very late.

6. My, you should have seen the
cats,
Chicken, deviled eggs, veal loaf and
beets.

Sandwiches, cakes, pies and light
rolls
The table was full as it could hold.
Of lovely salads and home made
bread.

Nice tomatoes so juicy and red
O! It was a jolly good party
And everyone ate rather hearty.

O! We regret to see Mr. Reagan leave
And of course his class is greatly
grieved

Yet in a feeble way,
Our love and respect we try to pay.
And may God ever bless
Him for his faithfulness.

A Member of the Party.

O. E. S. Officials Visit Big Spring

A called meeting of the Big Spring
Chapter of the Order of Eastern Star
was held Saturday June 24th for the
purpose of entertaining the Grand
Matron and other officers who were
visitors in our city and for the purpose
of exemplifying the work.

The following officers were guests of
the Big Spring Chapter at this time:
Mrs. Mary E. Roach of Dallas, Worthy
Grand Matron, O. E. S. of Texas; Mrs.
Melayma Cohen of Mineral Wells, As-
sistant Deputy Grand Matron; Mrs.
Eadie Houghton, Memphis, Texas, mem-
ber Examining Committee on Work.

J. P. Baker of Pontotoc, Miss., re-
cently purchased of J. H. Norwood of
Topocolo, Miss., an improved farm of
two hundred and forty acres, situated
on the Lamena road, six miles northwest
of Big Spring. The transaction was
made thru the T. H. Johnson Land Co.

Mrs. F. C. Niedermeier and daughter
of Van Horn arrived Sunday for a
visit with her sisters, Mrs. A. T. Lloyd
and Mrs. Wm. Menger.

SOUR STOMACH INDIGESTION

**Thedford's Black-Draught Highly
Recommended by a Tennessee
Grocer for Troubles Re-
sulting from Torpid
Liver.**

Best Nashville, Tenn.—The effec-
tiveness of Thedford's Black-Draught, the
genuine, herb, liver medicine, is
vouched for by Mr. W. N. Parsons, a
grocer of this city. "It is without
doubt the best liver medicine, and I
don't believe I could get along without
it. I take it for sour stomach, head-
ache, bad liver, indigestion, and all
other troubles that are the result of
a torpid liver.

"I have known and used it for years,
and can and do highly recommend it
to every one. I won't go to bed with-
out it in the house. It will do all it
claims to do. I can't say enough for
it."

Many other men and women through-
out the country have found Black-
Draught just as Mr. Parsons describes
—valuable in regulating the liver to
its normal functions, and in cleansing
the bowels of impurities.

Thedford's Black-Draught liver medi-
cine is the original and only genuine.
Accept no imitations or substitutes.
Always ask for Thedford's. R. W.

What's New in the Musical World

Five front rank dance organizations open the summer dance season on Victor Records for July, including a new one, Zex Confrey and his Orchestra which makes two memorable fox trot numbers for the occasion. This orchestra hails from New York under Paul Whiteman's wing, and its first offering is appropriately enough one of Zex's own compositions—"The Kitten On the Keys." It begins with doleful meows and chop-chop musical figures, with the banjo prominent, and some crisp brass and smooth sax effects. On the reverse of this record Club Royal Orchestra of New York plays "Pick Me Up and Lay Me Down in Dear Old Dixieland," more leisurely and smoother, with faint musical references to familiar Southern songs.

Zex Confrey's second contribution to the July Victor list is "I Love Her and She Loves Me," an elastic record, a fox trot, springy as turf under the feet. On the other side Club Royal Orchestra plays "Lovable Eyes," a moderate fox trot, without too many flash effects.

There's a forest full of Cuckoos in "Coo-Coo" by Paul Whiteman and His Orchestra on a new Victor dance record—brass cuckoos, wood-wind cuckoos, string cuckoos, etc. This fox trot from "Bombo" is in scandal walk style, but does equally well for the ordinary bread-and-butter fox trot. On the reverse Green Brothers' Marimba Orchestra plays "Kicky Koo Kicky Koo," somewhat more leisurely in tempo, achieving its chief effects from violins, xylophone and Hawaiian guitars.

If you have ever seen Paul Whiteman conduct—chiefly with the scroll of his violin, with little emphatic nods and characteristic hitches of the left knee, you'll "see" as well as hear him on a new Victor dance record, exclusively his, "Stumbling" (by Zex Confrey) embraces about everything that can be done with a dance orchestra. It's a sumptuous fox trot. "Georgia" is brisk, vigorous, with sharp accents, revealing the unmistakable Whiteman polish.

The July Victor list of new records is a fine summer list. A hearing at any dealer's in Victor products will reveal why.

National Careful Crossing Campaign.

"The startling increase in the number of accidents on railroad crossings has made it necessary to make a nationwide effort to educate the public in becoming more cautious through a Careful Crossing Campaign, carried out by the Safety Section of the American Railway Association," said the General Manager of one of the principal railroads in this region.

"People hurry along and often fail to notice signals and warnings when approaching railroad crossings," he said. He also cites a recent case on his territory to illustrate this.

"On June 2nd, two days after the Campaign started, a Ford car struck the forward end of the tender of the first locomotive on a double header special Shriners' special train for California, at a crossing in a town in Colorado. The wigwag signal at the crossing was operating, the train whistled for the crossing and the train bell was ringing, but the driver of the Ford gave no heed and hit the tender on the crossing. Of the three men in the car, one was instantly killed, another died later, and the third was seriously injured. The coroner held an inquest and rendered a verdict: "Accidental death by striking train."

"Railroads give the up-keep of their track careful attention and maintain the crossings in good condition. Numerous automatic crossings signals have been installed for the protection of people using the public highways. By co-operation the public can aid in reducing crossing accidents materially."

Y. M. C. A. Notes

Men get in the Bible class at the Y. M. C. A. every Tuesday evening.

The Boy Scouts—meet every Friday evening come on boys and let's make the scout work count for something. See either the Scoutmaster or Mr. G. E. McNew about going camping in August.

Last Thursday evening about thirty of the young folks of the city gathered in the auditorium of the Y. M. C. A. It certainly was a jolly crowd. Games and fun galore. They left in the wee small hours of the morning declaring that they had had a good time.

An investment in character.
Every boy who has come to maturity has cost the state—that is, you and me—one thousand dollars.
Some boys go wrong.
When a boy goes wrong we not only lose our thousand dollars, but we have to spend another thousand to protect ourselves against him.

The Young Men's Christian Association is an organization of men whose object it is to keep our boys morally, mentally and physically right.
These right ones in turn keep others right.

Thus the Y. M. C. A. is an investment that pays cumulative dividends, not only in cash, but in character as well.
Hook up with the Y. M. C. A. and do your bit for the young folks.

The community that does not regard its boys and girls as its greatest asset is likely to find them its heaviest liability.

State Secretary L. A. Coulter expects to visit us shortly after the 10th of next month in the interest of the swimming pool.

Ironized Yeast Fills Out Figure

And Puts New "Pep" and Energy in Thin, Nervous, Runtown Folks

Hundreds of thousands of people all over the country are now taking IRONIZED YEAST tablets for health with results which in many cases are actually astonishing. For thin folks to gain five pounds or more on the very first package is not unusual. Complaints blighted with pimples, etc., are very often entirely cleared up within 10 to 14 days. As for increasing "pep" and energy, "apparent" "miracles" are reported by folks who were formerly run-down, weak, and lacking in physical and mental vigor.

FREE! Mail coupon below for Assure-ly Three Day Trial Treatment of IRONIZED YEAST. Watch the Results!

Here Is The Secret!

Nature intended that you should have a well developed figure, with the clear skin, sparkling eyes, strong nerves and rugged strength that goes with it. And if you are now thin and run-down it is because certain of Nature's laws have been disobeyed. Nature requires that we get a proper amount of vitamins and iron into our systems. But these two essential elements are lacking in the modern diet. That is why so many of us are thin and run-down.

Yeast Beat When Ironized

The thing to do is to supply this lack by taking with each meal two tiny IRONIZED YEAST tablets which contain in highly concentrated form, a specially cultured yeast grown under the strictest supervision for medicinal purposes—a yeast unequalled for its richness in the essential Water Soluble B vitamins. In addition it contains the correct amount of the two other vitamins—Fat Soluble A and Water Soluble C—which are equally important to health. These three vitamins bring excellent results even if taken alone—but when taken with a proper amount of easily assimilated organic iron, as in IRONIZED YEAST, these results are secured often in just half the usual time!

Watch The Results!

Note how IRONIZED YEAST immediately increases your appetite—how it enables you to get real joy out of every morsel of food you eat. See how quickly it drives away pimples, blackheads, etc., and how your newly acquired "pep" makes hard work or play a pleasure instead of a task. Try IRONIZED YEAST today! Pleasant to take—will not cause gas or in any way upset the stomach. Each IRONIZED YEAST tablet wrapped airtight in waxed sanitary seal, thus assuring 100% purity and strength. Special directions for children. Your druggist or mail coupon today—NOW!

New Nash Dealers in Big Spring

The firm of Robb and King was organized in Big Spring this week to handle the Nash line of passenger cars and trucks. The members of the firm are I. J. Robb and Pete King and headquarters will be made at the Tourist Garage, Main street, where Mr. King has been in business since the first of the year. Mr. Robb, who is better known in our community in connection with the moving picture business, has arranged his various theatre enterprises under competent management so that he can devote his entire time to the automobile business.

"We have been preparing for some time for this move," said Mr. King yesterday. "Shortly after I bought the Tourist Garage I entered into a service contract with the Nash-McLarty Motor Co. of Dallas, distributors for the Nash line; had my head mechanic take a special course of instruction in servicing Nash cars and laid in a supply of parts in anticipation of the sales I felt were sure to follow. We will have on display from three to five of the various models manufactured by Nash and are equipped to render that satisfactory degree of service that spells the difference between a good investment and the other kind in an automobile."

Mr. Robb states that he is going into the business with his eyes open and with a view toward building one of the most substantial enterprises of Big Spring. "When I bought my Nash car I had not the remotest idea of ever handling an automobile. I, and many of my friends, bought a Nash because we were convinced it was the best car for the money we had ever seen. I feel that I can conscientiously recommend the Nash to my friends and acquaintances and I can at least tell them I took my medicine before offering it to them. We have a rolling directly from the great Nash factories at Kenosha and Milwaukee now, and expect to keep our stock up with direct factory shipments, except occasionally when we drive out a special order from Dallas.

"We are very much pleased with the business outlook, both for the present and future. Five Nash cars have been delivered already and we have orders on file for a seven passenger touring car and a seven passenger sedan. As our line comprises both fours and sixes, with prices ranging from \$985.00 to \$2390.00, we feel we are in a position to supply the automobile wants of the majority of people in our community. The thing that will maintain the popularity of the Nash in Big Spring will be the intelligent service we will direct upon a car that is admittedly one of the strongest and most durable automobiles built."

Long Lost Relatives Located

Wm. Leonard left his home in Cleveland, Ohio, more than twenty-two years ago and neglected to write home for so long that he soon lost sight of his folks.

For several years past he has made several unsuccessful efforts to locate members of his family but it was not until the Home Service Section of the American Red Cross was appealed to that he could find any trace of them. On June 7th Mr. Leonard requested the editor of The Herald to aid him in locating his folks, whom he had not heard from in more than twenty years, and in less than two weeks the following letter was received from the Information and Service Claims Department of the Cleveland Chapter of the American Red Cross:

Editor Herald, Big Spring, Texas.
Replying to yours of June 7th, 1922, wish to say that we have located Mr. Frank Hastings, living at 561 E. 108th St., this city, husband of Mrs. Hastings, nee Alice Leonard, who died many years ago. Mr. Hastings's son is writing to Mr. Leonard giving him all the details.

G. Gardner.

Information and Service Claims. Needless to state Mr. Leonard was overjoyed to again get in touch with members of his family, and will be a life long booster for the Red Cross. Their work in locating his relatives is especially to be commended for Mr. Leonard had already appealed to the Salvation Army, Police Department and other agencies without success.
In the letter from his nephew he learned that his sister, Mrs. Hastings, had died more than twenty years ago, or shortly after he left home. He states that now that he has found his relatives he is not going to neglect writing back home any more.

How did your neighbor's last bargain tire turn out

PROBABLY you know at least one car-owner who is always on the look-out for the cheapest tires he can find. He likes to get them by mail or at a sale or at some place where they have big red bargain signs over the door.

It would be fine if he could get "the edge" in every tire trade.

But the dealer can't afford to let him have it.

Even if a man saw any slight percentage in tire shopping at all—it disappeared when the "Usco" brought the price down.

A standard product—and the dealer sells it with pride.

A good tire. The dealer has no desire to trade you into a larger profit for himself.

Honoring a Former Resident

In honor of Mr. and Mrs. W. R. Joyce and daughter, Helen Louise, of Muskogee, Okla., a steak broil, given at 8 o'clock Monday evening, June 26th brought guests from all quarters in Big Spring to the home of Miss Spencer Leatherwood, and only a short time was required for the motor trip to Jones' swimming pool where most of the party took a refreshing plunge. They reported the water fine for the appetizing lunch to which everyone certainly did full justice. The "eat" were the best ever and the occasion was to all a most enjoyable one.

Those attending the jolly occasion were: Mr. and Mrs. W. R. Joyce and daughter of Muskogee, Okla., Mr. and Mrs. B. C. Rix, Mr. and Mrs. L. S. McDowell, Mr. and Mrs. W. W. Honoring Bridal Party

Mrs. Wm. Menger and Miss Lucile Johnson were hostesses to a beautiful five-course breakfast at the Menger home Friday morning, June 16, honoring Miss Louise Wheelton and Mr. Robert Middleton and their bridal party. The table was elaborately decorated in hearts and flowers carrying out the bride's color scheme of yellow and white. Plates were set for the entire bridal party, who were Miss Louise Wheelton, Miss Reba Orenbaum, Miss Pattle Douthit of Abilene, Mrs. J. M. Milstead of El Paso, Miss Vivian Johnson, Miss Lucile Johnson, Mr. Robert Middleton and Mr. J. W. Middleton. The bride wore a frock of peach organdy.

Union Men Endorse W. J. Carson

The get-together meeting of members of the Farm Labor Union and other unions held at the W. O. W. Hall Tuesday night was well attended and one of the best meetings yet held. One of the official acts of the meeting was the endorsement of the candidacy of W. J. Carson of San Angelo for representative from 91st Legislative district.

For having typewritten thirty or more words correctly within fifteen minutes the following were awarded certificates: Paul Daily, Dorothy Wasson, Odessa Crenshaw, Aron Johnson, Wm. Bonner, Jessie Smith, Ruby Harwood, Milburn Barnett, Jessie Bugx, Margaret Ezzell, Bernice Johnson, Louie Mosley, Herbert Whitney, Dan Phillips.

Let's Keep Tab on Graduates

A permanent record of all the graduates of the Big Spring schools is going to be maintained—as well as their later school life and their success in the battle of life. It is going to be quite a task to compile such a record and the cooperation of every school patron is required. Search your memory and supply the names of the graduates of the Big Spring schools in the early days to A. W. Flanken, superintendent of our schools, at once.

Photographs of the classes of former years will also be appreciated and will be made a part of the record.

Meeting of Prayer Circle 8

Prayer Circle No. 8 met with Mrs. Boulden this week. Eight were present and Mrs. Sikes was leader. They will meet next week with Mrs. Harwell and Mrs. Mason will be the leader.

Ninety-six degrees is the highest temperature so far recorded at the U. S. Experiment Station at Big Spring. This is cool weather compared to the temperature recorded at many other points.

Erecting Beautiful Ranch Home

Mrs. James Currie of Zion City, Ill., is having a residence erected on her large ranch southeast of Garden City which when completed will be one of the finest ranch homes in West Texas.

This will be a two story structure of stucco construction and will be equipped with every modern convenience.

H. H. Padgett of Big Spring was awarded the contract and the foundations for the building are now being constructed. This residence will cost from \$12,000 to \$15,000.

Mrs. Currie made her home on her ranch in Glasscock County many years, and prior to moving to Zion City, and her many friends thruout this section hope that she had decided to return to make this her permanent home.

City Federation Meeting

The regular meeting of the City Federation will be held at the Rest Room at the courthouse on Tuesday afternoon, July 4th at four o'clock.

It is imperative that a full attendance be present at this meeting as business of vital importance is to be acted upon. Make arrangements to attend this meeting.

Mrs. Juanita Pes, aged twenty-two years, died at her home in the northwest part of the city at 11:15 o'clock Tuesday night June 27th and was buried in Mt. Olive cemetery Wednesday afternoon at 5 o'clock. She was a victim of tuberculosis and had been quite ill the past month.

Our folks are beginning to note the great number of auto tourists now passing thru Big Spring but just wait until the Bankhead National Highway and the Puget Sound to Gulf are made real highways and they will mean as much to our city as another railway line.

Mrs. S. C. Lamar and daughter, Miss Gladys, left Sunday for a month's visit in Dallas.

Mrs. Chas. Eberley visited relatives in Sweetwater Thursday.

Griffith a "Jewel" Says Plainview Man

Harold H. Griffith, of the Rix Furniture and Undertaking Company returned Monday from Plainview, where he had been assisting a Plainview Undertaking company with their undertaking work for three days, at the request of the management, who realized that through his services they were given the assistance of an expert, and when the work he had been called to do was completed, he was asked to take on more work, which he did, and a very complimentary letter was received by Mr. Rix, assuring him that Mr. Griffith's work was appreciated, referring to him as a "jewel," whose services are to be appreciated by anyone.

Rix is after the work of pleasing his customers from every angle and it is good to be associated with the personnel of that business. Courtesy, politeness and friendliness predominates there, which is a great drawing card for that business.—Lubbock Avalanche.

Everytime Dr. E. O. Ellington goes away on a trip he returns home a bigger booster than ever for Big Spring. He states that after a few visits to other cities he is forced to come to the conclusion that we have a better country, a better city and better people than you find elsewhere. In speaking of the Gulf Coast he states he would not live there if he had to and can't understand why folks will put up with the pestiferous mosquitoes and suffocating nights. He says that as a place to make a home old Big Spring is mighty hard to beat.

The Western Union Telegraph company reports a constantly increasing business and if it keeps improving at the rate it has the past two weeks it will soon require a full force at the local office.

TRADE MARK

Reduce Your Production Costs

Farming, like every other business, must cut down the overhead.

It is not a question of being able to afford a Fordson; it is a question of being able to continue farming on the old too-costly basis.

The farmer's problem is not all a sales problem; it is also a production problem. He must cut down the cost of production.

The Fordson does more work at a lower cost and in less time than the old hand methods.

Let us give you the proof. Write, phone or call today.

Austin Machinery Changes Hands as Sparenberg Goes In

The following item was clipped from the Austin Statesman some time ago but as we have been unable to have any type set in our office for some two weeks we were unable to publish it until this issue.

Mr. Sparenberg's many friends in Big Spring are indeed pleased to note that he is now big chief of the Austin, Texas postoffice.

This morning the Austin postal machinery is functioning under a new head. Jefferson Johnson, who has been at the helm of postal affairs in Austin since July 21, 1913, Saturday left his office in an official capacity for the last time when the close of business ended the week's work for the veteran postmaster.

And as the gray haired veteran of the government service who nine years ago accepted the appointment at the hands of the Democratic leader, Woodrow Wilson, stepped outside the office door for the last time, a younger man took his place.

George H. Sparenberg, whose appointment as Austin postmaster was announced by President Harding several weeks ago and confirmed by the United States Senate, actively began directing the work of the local postoffice this morning as postmaster selected by the Republican party for a period of four years. The transfer of office was supervised by A. C. Caldwell, postal inspector, of Shreveport, La.

Mr. Sparenberg came from Big Spring where he was postmaster for sixteen years, serving under four administrations—McKinley, Roosevelt, Taft and a part of Wilson's first term. After a lapse of four years he again returns to the ranks of Texas postmasters and promises the people of Austin that service and courtesy shall be paramount features of his administration.—Austin Statesman.

All for One—One for All

It is quite the custom among a certain class of operators to create a feeling among farmers antagonistic to those engaged in other occupations, and they do it to serve a selfish purpose.

There should be friendly feelings and cordial relations between farmers and others engaged in legitimate, honorably and honestly conducted business and professions.

No antagonism should exist between country and city inhabitants, but on the other hand there should be friendly business relations and close cooperation for the general good of every law-abiding, useful citizen, regardless of whether he be a farmer or engaged in some other useful vocation.

No class can be prosperous and happy living within itself. Those engaged in farming are dependent upon those who purchase and consume their products. If everybody lived on farms and produced most of what they consumed, farming could not be made profitable. Neither could those engaged in other lines prosper, or even exist, if there were no producers.

There should be a mutual understanding between city and country, and a united effort to eliminate droves and grafters. No flea is so small that other smaller fleas do not bite it. No class is so pure that there does not exist in it a few, or many, droves and grafters to bite the honest ones.

Bankers, merchants, farmers and all others are in a great measure dependent upon each other, and friendly cooperation is the only plan for universal prosperity and happiness.

Get rid of droves and grafters, and the millennium will soon be in speaking distance. "One for all, and all for one" should be the new order of things. Then taxes will be lower and burglar-proof vaults unnecessary.—Farm and Ranch.

\$175,000 Judgments Against Gen. Oil Co.
 Houston, Texas, June 14.—Judgments for more than \$175,000, to be divided among twenty-eight creditors, were signed this morning by Judge Walter Monteith of the Sixty-First District court as the first step toward ending the receivership of the General Oil Company.

The judgments will be taken up by the General Petroleum Company, the name under which the General Oil Company will operate after the receivership is ended. The judgments are:

To M. McDonald, compensation as receiver under the first receivership, which was in Judge J. D. Harvey's Court, \$30,000 and \$950 interest. This compensation was previously fixed by Judge Harvey.

To Lincoln State Bank of Chicago and six other Chicago creditors, \$80,000 and interest.

To twenty creditors and employees of the company who advanced amounts to get the company out of the first receivership, \$63,894.25, the total of the amounts advanced and interest.

Judge Monteith made the claims of McDonald and the Lincoln State Bank et al, preferred claims with liens against the company's properties. Of the \$80,000 judgment the Lincoln State Bank is to receive \$30,000; the State Bank of West Pullman \$10,000; James H. Murphy, \$10,000; H. Nelson Wallace \$10,000; T. C. Frederick \$5,000, and Richard O'Brien \$10,000.

Of the amounts to go to the twenty creditors and employees the largest amount goes to R. M. O'Brien, \$30,750; H. A. Blossat is to receive \$15,000 and W. A. Clinnin \$14,250. The other amounts are below \$1,000 each.

The General Oil Company, capitalized at \$20,000,000, was organized by S. E. J. Cox and is now in its second receivership, the present receiver being James G. Leavell.—Dallas News.

The work of placing gravel on the newly constructed Bankhead Highway in Ector County was started this week. The big undertaking of graveling this highway along the distance of ninety-nine miles thru the counties of Howard, Martin, Midland and Ector is now in full swing and many months will be required to complete this task.

We can certainly feel for the poor "geese" who have to toss and tumble all night due to the heat. It's bad enough to sweeter all day; and hot nights are the limit. The cool summer nights in West Texas are surely hard to beat, and a fellow can put up with quite a few warm days when he knows he is assured cool nights for sleeping. Come to West Texas.

If the weatherman was making the weather according to plans and specifications he could not make weather any more favorable for cotton than it has been the past two weeks. The warm spell of weather was just what was needed to make the cotton stalks get up and hump. Of course the weeds took advantage of the ideal weather conditions and have been growing like Jack's bean stalk.

The Hen a Poor Advertiser
 I agree with you, wherein you state, A hen has not much tact. For every time she lays an egg She cackles forth the fact, Why don't she cackle some before And advertise a bit, And say what she intends to do; Then there'd be some sense to it. The mule and rooster, like some men, With egotistical mein and air Nothing at all to advertise, Just crow and he-haw for fair. The busy bees, they buzz around Bulls bellow and cows moo, The watch dogs bark and ganders quack And doves and pigeons coo. Pigs, now, do a lot of things I wouldn't care to do, But when I have a thing to sell I'll advertise if first, I won't wait until I sell it Then yell until I burst. —M. E. SMITH, Sheridan, Wyoming.

Honoring B. Reagan

Learning that B. Reagan and family were starting for their new home at San Marcos on Thursday morning, a luncheon was hurriedly planned for Mr. Reagan at the Cole Hotel Wednesday night by members of the Chamber of Commerce and the School Board of the Big Spring Independent School District, with fifty of our citizens in attendance, and the occasion was one that will long be remembered by Mr. and Mrs. Reagan. In whose honor it was given, and by those of our folks who have worked with them for better churches, better schools and for the progress and upbuilding of Big Spring and the Big Spring country, and know their true worth to our community.

W. W. Rix, president of the Chamber of Commerce, presiding as toast master explained the object of the meeting, and after expressing regret upon losing Mr. and Mrs. Reagan as citizens of Big Spring stated that others present desired to add a flower to the garland of remembrance for one of the best citizens of Big Spring ever had.

Short talks were made by Shine Phillips, who formerly attended Big Spring schools while Mr. Reagan was superintendent and later worked for him in the drug business and then with him as a member of the Chamber of Commerce; Mr. C. S. Holmes who worked with him for six years in the post office, and as a member of the school board, Y. M. C. A. board and in every campaign to make Big Spring a better town morally; Wm. Fisher who has worked side by side with Mr. Reagan the past twenty-four years to build railroads, secure factories and enterprises to add to the growth and prosperity of our city worked for greater water supply, U. S. Experiment Station and to make this a better place to live; A. W. Flaniken who worked with him on the school board and bespoke the deep interest Mr. Reagan had in our schools and the conscientious efforts he put forth to boost our schools first, last and all the time.

S. H. Morrison who had also labored with Mr. Reagan the past twenty-four years gave him high praise for fulfilling every trust imposed on him with merit to himself and satisfaction to our citizens. He told of his work as superintendent of our schools in the early days; then his successful career as a businessman during the time he conducted a drug store in this city and later his six years serving us as postmaster of the Big Spring office; and his many years of unselfish service as president of the Chamber of Commerce, as a member of the School Board, as a church worker, ready and willing to go to the ends of the earth if he could be of service to his community. Few there are who would be willing to suffer loss of business, consider others before himself as well as pay their own expenses in working for the general welfare as has Mr. Reagan. He has been an unselfish, untiring worker for Big Spring and the Big Spring country, never faltering, never becoming discouraged when his efforts did not seem to be appreciated. We are losing one of the best citizens Big Spring ever had, and the hope is held that we are losing Mr. Reagan and family only temporarily.

On behalf of the Chamber of Commerce and the members of the School Board Mr. Reagan was presented with a hand bag—not as Mr. Morrison pointed out, to pack up his things and go—but to pack up only the merest necessities so he could be ready to throw them into the bag and return to Big Spring on short notice.

Mr. Reagan expressed deepest appreciation for the nice remembrance and for the luncheon which was sprung on him as a complete surprise; as well as for the many nice things that were said of him and his efforts in Big Spring the past twenty-four years. He complimented W. W. Rix, president of the Chamber of Commerce, and Miss Nell Hatch, secretary, for the fine work they were doing for Big Spring. Having served as president of the local organization for a longer period than any other citizen he was in a position to know that the business man who filled this post was boycotted by certain of our citizens and had to sacrifice his time and business to attend to the duties of his office. He told of the constant progress our schools and churches had made and urged us to keep the good work going forward.

Mr. Reagan explained that he was not disposing of his property, so in a way he felt that he was not deserting Big Spring for good, and was sure he was going to miss the citizens of Big Spring more than they would miss him.

Rev. F. B. Eteson in the closing talk pointed out that the influence of Mr. and Mrs. Reagan on the moral life of our community was most far reaching and expressed the view that the fact that they were such excellent citizens was due to the fact that they were excellent church members.

Mr. and Mrs. J. A. Stephens left last week for a month's visit with relatives in Dallas.

John Currie and nephew, Robert Currie, left Tuesday for an automobile trip to points in California.

Our High School Has 30 Credits

In spite of some of the sore heads and knockers our schools continue to forge ahead. Facts speak louder than words; and the fact that our High School now has thirty units of credit of affiliation with the State University, the greatest number it has ever held, refutes the unfavorable reports some folks like to circulate, though they have nothing to gain but all to lose by hurting our schools by unfounded reports.

Here's the report: High School Credits formerly and now. Mathematics, formerly 4; now 4. Latin formerly 4, now 4. Science formerly 4, now 5. Spanish formerly 3, now 3. History formerly 3, now 3 1-2. English formerly 4, now 4. Home Economics formerly 2, now 3 1-2. Commercial Department formerly 0, now 3. Totals formerly 24, now 30.

Strike Order Effective July 1st

Unless some last minute action is taken to avert the threatened railroad strike the strike will take place on July 1st at 10 a. m.

Proper Observance of July 4th

July Fourth America celebrates her independence. But not now as of old. No longer with many fires, numerous deaths, a small party of children blinded, maimed, and burned.

It is within the memory of us all when July Fourth meant the burning of much powder, the shooting off of guns and firecrackers, the amateur handling of high explosives. Only a few years ago and the death toll and the injured list was a standing feature in all newspapers on July the fifth.

Today how different! In practically all the larger cities and most of the smaller municipalities fireworks are under police ban, except such as are arranged for as a community celebration, when they are arranged and fired by trained experts. Gone the small boy's deadly cannon; enter the chorus of boys and girls, singing patriotic songs. Gone the deadly rocket that shot into so many lace-curtained windows and burned up so many houses; enter the community program in which real rather than merely noisy patriotism is inculcated.

Lucky the country which needs no other flame on its independence day than the fire of real patriotism.

Health or Wealth? WHICH DO YOU CHOOSE?

What is the matter with the people of this country today? You and I know full well, and we are just as guilty as the rest, that we are too much concerned with chasing after the almighty dollar, and too prone to neglect our human machine.

Wealth is handy to possess, but what is a million dollars to a man who can't enjoy a square meal; who is crippled with rheumatism; half of the time who cannot sleep at night and who cannot walk up a flight of stairs without wheezing like a hippopotamus. Many a wealthy man today would be willing to get back to the old log cabin if he could enjoy a natural sleep again.

FIX ROADS.

Mitchell County thinks it has an oil field. Judging from the reports of drilling activities centered there, and from leases changing hands, there are a lot of other folks that think the same. If Sweetwater in particular, and Nolan County in general, is going to have any of the benefits accruing from such an oil field development, then it is high time that the road from here to that district is put in decent shape. And if here is sufficient demand on the part of folks in Sweetwater and Roscoe the road will be put in shape. The demand is present now, but the thing to do is to formulate a plan or campaign, and stay with it until completed. Find out what plan Roscoe people have, if any, and get in behind them in carrying it out. If they have none, help them make one.

FAREWELL COURTESY TO MR. AND MRS. BRASHEAR

As a farewell courtesy to Mr. and Mrs. W. H. Brashear, who are leaving next week for Hekell where they will make their home, Mr. Brashear becoming superintendent of the public schools there, Circle D of the First Christian church and the officers of the church gave a picnic party Tuesday afternoon.

The crowd gathered at beautiful Hereford Lake at six o'clock and many of them enjoyed a swim. Later there was a most excellent picnic supper spread for some one hundred persons.

Mr. and Mrs. Brashear during their year's stay in Abilene have been very efficient workers in the Christian church and have made a host of friends here who regret to give them up.—Abilene Reporter.

Card of Appreciation.

To the members of the board of the Y. M. C. A. I wish to express my thanks for the membership given me in the "Y." This act in proving that you appreciated my services as secretary of the Y. M. C. A. during war time is a most generous one and will cause me to be a greater booster than ever for this great Association. I have always been a friend of the Y. M. C. A. I believe it to be one of our city's best assets, and would like to see every man and boy in Howard County a loyal and active member of the Y. M. C. A. Your gift is indeed appreciated and I stand ready and willing at any and all times to jump in and work for the Y. M. C. A.

Yours very truly,
ALEC MITCHELL.

TO SURVEY WATER.

ROSCOE, June 27.—The Roscoe Water situation was the principal topic up for discussion at the Roscoe Luncheon Club which held its regular session today at the Rex Hotel.

It was brought out that Mr. Naylor, a civil engineer of the T. & P. Railroad will be in Roscoe next Monday and a thorough survey of the situation will be made under his direction.

The T. & P. railroad has also been more or less bothered by the "Roscoe Lakes" and it is possible a joint plan of eliminating the trouble will be worked out by the railroad and the city of Roscoe.

Eleven new members were added to the Luncheon Club at today's meeting.—Sweetwater Reporter.

S. P. Passenger Trains Detoured.

Two and three Southern Pacific passenger trains were run over the T. & P. track daily from Sunday until Thursday of last week because of bridges and a section of track on the S. GARDEN CITY ITEMS.

The two weeks meeting held by Bro. Sam Morris of Abilene, Texas, closed Sunday, June 18. The singing was conducted by Brother and Sister Payne also of Abilene. Brother Payne conducted a singing contest for the young people. Eller Lemmons acting as captain for the Red side while Miss Jewell Christie acted as captain for the Greens. The losing side was to entertain with a picnic at the close of the meeting. The Greens proved to be the "winners" in the contest by a great majority.

For reasons unknown (to the Greens) the picnic was postponed.

Methodist Notes For Last Week.

There were 252 present at Sunday school last Sunday, with only one teacher absent from the school. Mrs. Patterson and Mrs. C. W. Davis had the best attendance. About 25 in each class. Mrs. O. H. Morris had a fine group of boys in the newly organized class that bids fair to be a banner class itself in a few weeks.

Quite a number of social events are marking the vacation days in the various classes. Mrs. Leslie Thomas took her junior class of girls out for a picnic at the close of school. Mrs. Noel and Mrs. Davis also had picnics. On Monday afternoon the past week Mrs. Flewilen's class went out for supper, and a swim. Mrs. Hardy's class, after six months of studious application to work, took an evening off for recreation and fun. The other classes are all planning various good times.

On Monday evening the Parent-Teacher's Association met on the lawn at the parsonage, for an hour to discuss matters of interest to our church school and ways in which we may cooperate. It was a meeting of interest and value to all who attended. This council meeting is to be a permanent thing. We will meet monthly for the purpose of improvement in all phases of Sunday school work.

Monday afternoon the W. M. Auxiliaries met for Bible study at the church, and had a most interesting lesson on the Mosaic law, and the story of the Exodus. Next Monday at 4 p. m. the social service session will be held at the church. Do not miss these meetings if it is possible for you to attend.

On Friday the 23 there will be an all-day meeting here for the women of the Sweetwater District. We expect a great day, and ask all women to plan to have that day free. Several of our District and conference officers will be present, and a most interesting program will be given. It is a good time to learn more of our work. Arrange to be present if you can.

Miss Helen Swift, representing the Texas Agricultural and Mechanical College, was here last week to confer with the County Judge, Commissioners' Court and others relative to the employment of a Home Demonstration agent in our county to encourage and aid the girls and women on the farm. The work is started thru the organization of Girls' Clubs and Sewing, Canning, Gardening, Poultry Raising and Dairying classes are encouraged. Each girl specializing in the work she prefers. Later on Women's Clubs are organized. Both the State and National Government favor this work and pay one-half the cost of paying the salary of the demonstrator. It is planned to make the work helpful. They go into the home and show how to do things and do not depend on theory. They work on the basis that they are bringing the Experiment Station and the Home Economics Department of the College to the women and girls on the job. Miss Swift expects to return Aug. 15th to attend a meeting at Center Point and thoroughly explain all phases of the work.
