Atlantic News Not So Good --

U. S. Makes Japs Pay High Price For Pacific Wins

WASHINGTON, Feb. 26 (AP)—The United States was exacting a punishing price from Japanese seapower for Nippon's Pacific conquests today, but German U-boats kept striking hard with frequent success in the Atlantic.

In the savage two-ocean war of attrition, the capital sought to strike a balance of the gains and losses.

The toll taken of enemy shipping in the Pacific was heartening. Army and Navy reports disclosed that since Dec. 10 a total of 74 Japanese combatant and non-

combatant vessels had been sunk, seven more probably sunk and 33 damaged.

If losses on such a scale can be inflicted on Japan for the remainder of the year, naval officials indicated last night, her ultimate defeat is assured, because her shipbuilding resources are not equal to providing the necessary replacements and repairs.

In the Atlantic, however, Navy statistics testified to the unrelenting vigor of the U-boat campaign. From Jan. 1 to Feb. 23 the num-

ber of submarine attacks on shipping of the United Nations in the western half of the ocean alone was 14 and 48 of them occurred in American coastal waters. During this period, the sinkings of 34 ships have been officially reported from Canada to the Caribbean.

The raiders have paid for their successes. The Navy said last night it had good reason to believe that three more enemy submarines have been sunk by U. S. action in the Atlantic, and four others damaged. This was the first announcement on the subject since Dec. 21 when Secretary Knox said that 14 undersea raiders had been destroyed or damaged.

Nevertheless, there was evident need for more effective counter measures, for Prime Minister Churchill declared on Tuesday that the shipping losses of the United Nations in the last two months had shown a "most serious increase."

His tabulation did not include the destruction inflicted by the Army air forces or by the Dutch naval and air commands. The Army boosted its toll to 21 a little later with the announcement that its heavy bombers had sent two more Japanese transports to the bottom off Macassar in the southwest Pacific.

No complete accounting of Dutch successes was available, but a semi-official tabulation earlier this month credited the Netherlands with 24 certain sinkings, six probable sinkings and 11 ships damaged. The Dutch claimed to have inflicted additional losses on the foe since then.

Discussing the punishment inflicted on the Japanese, authorized naval spokesmen asserted that "they can't keep these losses up over a year with their building program." Unless Japan can succeed in making "this a quick and fast" war, he said, she could not hope to win under such conditions.

Reds Wipe Out More Germans

By The Associated Press

Russian dispatches reported today that "the ring around the 16th German army is tightening" in the campaign of annihilation to rid the Staraya Russa area near Lake Ilmen of the invaders.

With three divisions officially declared to have been smashed and 12,000 men killed through initial operations, the army newspaper Red Star said several additional German garrisons were being wiped out of the strategic communications zone 140 miles Leningrad.

CAP Wants Information On Pilots

Information on licensed pilots is wanted by the Civil Air Patrol.

All men in this area between the ages of 17 and 45 who hold or who have held CAA certificates for private operation or higher, are asked to contact Dr. P. W. Malone, CAP group commander.

These men would be asked to make their services available on short notice for miscellaneous non-combatant flight work, and a preliminary refresher course would be provided by the government.

Instructions on the pilot census came from D. Harold Byrd, Texas wing commander, CAP, who said pertinent data on all such flyers was wanted by the weekend. He characterized it as an "important mission," and Dr. Malone is urging that all who meet the qualifications contact him at once.

New City Budget Being Planned

Preliminary steps have been taken toward drafting the new city budget.

City Manager E. J. McDaniel and City Secretary H. W. Whitney have conferred over various items, and as of the end of February, Whitney probably will extend estimates of expenditures to cover the fiscal year ending March 31. A similar picture of revenues is being carried out on the work sheet, and together they will then begin consideration of appropriations by departments.

They hope to have the proposed document ready for presentation to the city commission for the first meeting in April, the first of the new fiscal year.

Sing-Song Under Rotary Direction

Rotarians will be in charge of the weekly community sing-songs at the city auditorium Sunday at 8 o'clock and have scheduled W. C. Blankenship, superintendent of schools, as speaker.

The Rev. P. D. O'Brien will be master of ceremonies and Mrs. Ann Olson Houser will play piano accompaniment for the sing-song.

The community chorus under direction of Dan Conley will sing and Irvy Cox will lead the group singing. Dave Duncan, as president of the Rotary club, will give the welcome address.

Notice-

Effective Sunday, March 1, the subscription rate of The Big Spring Daily Herald, by carrier, will be 18c per week or 75c per month.

Your carrier boy will share in the slight increase this new rate represents.

For only 3 cents per day, you will continue to receive efficient service, plus the full quota of features, comics, local news and Associated Press world news that characterize your home town daily. . . MORE THAN EVER, YOUR HERALD WILL ATTEMPT TO GIVE YOU THE COMPLETE NEWSPAPER YOU EXPECT IN THESE CRITICAL TIMES.

Production Of Vital Metals To Take Leap

WASHINGTON, Feb. 26 (AP)—The War Production Board today announced a two-way program to increase United States aluminum production 600,000,000 pounds annually and nearly double present production goals for magnesium.

The vast aluminum expansion program, estimated to cost \$750,000,000, was found necessary to meet President Roosevelt's "victory" requirements of 6,000 fighting planes this year and 125,000 in 1943, William L. Batt, WPB materials director, told a press conference.

The aluminum program alone, designed to reach a production rate of 2,100,000,000 pounds annually in this country, represents an approximate doubling of the pre-war aluminum industry and equals the old increased production goal of 600,000,000 pounds set recently. Batt said the government hoped that the peak production now contemplated could be reached early in 1943.

Committee Asks Spies' Discharge

AUSTIN, Feb. 26 (AP)—A special investigating committee of the state house of representatives today reported it found no un-American activity in the University of Texas medical school at Galveston, but recommended, among other things, immediate discharge of Dean John W. Spies and certain faculty members in order to eliminate dissonance at the school.

Signed by all members of the group, the report which was drafted following termination of lengthy hearings on medical school policies also:

Recommended that full power over and responsibility for the medical branch be vested in the president of the university and that the board of regents instruct him to build a medical school of the first class.

Assisted the regents had been "grossly negligent" in permitting present conditions to grow and exist at the medical branch.

Slayer Of Women Nears Death Chair

OSBESING, N. Y., Feb. 26 (AP)—Before George Joseph Cvek was sentenced to death last May for the slaying of a Bronx housewife who had befriended him, he asked the judge to omit the customary words—"and may God have mercy on your soul."

Without even that comfort—for Judge James M. Barrett left out the phrase—the 24-year-old vagabond who authorities said had admitted robbing or raping at least 14 women in eastern cities pays with his life tonight.

Food Production Plans Advanced By AAA Leaders

Having heard explanations by George Slaughter, state AAA committee chairman, and other officials concerning increased responsibility for food and feed production, plans for following through on production goals in Howard county were being talked Thursday by L. H. Thomas, county committee chairman, and M. Weaver, administrative assistant.

In every instance, Howard county producers had over-subscribed increased goals for this year, Weaver pointed out. Now that the AAA has come back with a 500-acre per capita quota for Howard county, he anticipated that this too would be realized easily.

RAF Bombers Hit At Battleships

LONDON, Feb. 26 (AP)—RAF bombers left "many extensive fires" last night in the German harbors at Brest, where one of Germany's 25,000-ton battleships—either the Scharhorst or Gneisenau—is in drydock, the air ministry news service reported today.

"Many high explosive bombs exploded in vital areas of the great naval base," the ministry declared.

Henderson Classes Bicycles As Necessity

WASHINGTON, Feb. 26 (AP)—Price Administrator Leon Henderson officially classified bicycles today as "essential for civilian transportation," and requested manufacturers not to increase prices on present models above levels prevailing January 15.

Henderson suggested that the producers, about to bring out a war-inspired "victory" bicycle, submit proposed prices to his office.

US Leaders Want Britain To Assure India Freedom

WASHINGTON, Feb. 26 (AP)—The state department is being pressed today to ask Great Britain for an immediate pledge of post-war self-government for India.

Informal members of the senate foreign relations committee, it was learned, made the demand on Breckinridge Long, assistant secretary of state.

When the subject was raised by Senator La Follette (Prog.-Wis.) during a closed committee session, yesterday, the recommendation was said to have had the active support of most of the

On Bataan Peninsula --

U. S. Troops Advance

Stimson Reports 15 Strange Airplanes Caused Los Angeles Anti-Aircraft Fire

WASHINGTON, Feb. 26 (AP)—Secretary Stimson said today that unidentified airplanes possibly as many as 15, which may have been operated by enemy agents, were over Los Angeles early yesterday and were fired on by army anti-aircraft guns.

Stimson said the raid, described late yesterday by Secretary of the Navy Knox as a "false alarm," occurred between 3:13 and 4:15 a. m. Pacific War Time.

Anti-aircraft guns of the 37th coast artillery brigade fired 1,550 rounds of ammunition at the planes, which Stimson told a press conference were officially reported as flying at speeds ranging from "very slow," to 300 miles an hour, and at heights of 1,000 to 15,000 feet.

The planes dropped no bombs, Stimson said. There were no casualties among American troops, none of the planes was shot down, and no American army or navy planes were in action.

Since no bombs were dropped, Stimson said, it was possible that the planes might have come from commercial sources operated by enemy agents to spread alarm, disclose the location of anti-aircraft gun emplacements, and slow down war operations by causing confusion.

The secretary said his information was contained in a report from General George C. Marshall, army chief of staff, and apparently was based on reports to Marshall from army officials in California.

"My only comment," Stimson said, "is that perhaps it is better to be too alert than not alert enough."

Stimson said he had no explanation of the statement that neither army nor navy planes were in action, and he did not explain what was meant by "commercial sources."

Stimson said the army's investigation of the incident was continuing.

Secretary Of War Says --

'Java Defense Magnificent'

GS U-BOATS TORPEDO TWO TROOP SHIPS

BATAVIA, N. E. I., Feb. 26 (AP)—United States submarines, carrying on an intensive allied naval offensive touched off by the Japanese invasion of Bali, were credited officially today with torpedoing two enemy troop ships, a naval auxiliary and a freighter and probably scoring a hit on a Japanese cruiser or destroyer within the last two days.

The submarine which attacked the warship was forced to submerge before it could observe the effect of its torpedoes.

The location of the action was not specified by the Dutch East Indies high command, which reported yesterday that allied bombing planes had sunk three transports in the waters off Macassar in southwestern Celebes.

Heavy Losses By Japanese Are Indicated

WASHINGTON, Feb. 26 (AP)—Secretary Stimson said today that the United Nations were making a "magnificent" defense of the Netherlands Indies and had inflicted heavy losses on the enemy which he said the Japanese had not disclosed.

"We realize fully the importance of the situation in Java and we are giving every bit of aid possible," the war secretary told a press conference.

In a tribute to British General Sir Archibald Wavell, Stimson reported that the Southwest Pacific commander in chief succeeded in a broken rib in an aircraft accident on a visit to Singapore the day before Singapore fell.

VITAL LOOT IN RANGOON IS SET FIRE

MANDALAY, Burma, Feb. 26 (AP)—British imperial forces, fighting with their backs to the wall in a desperate effort to save Rangoon, have fired vital installations there to prevent them from falling into Japanese hands, advisers from the Burmese capital said today.

Travelers arriving here from Rangoon said smoke was rolling over the city from places touched off by demolition squads and that a vital oil refinery had been left a charred ruin.

Although British lines were said to be holding on the west bank of the Sittoung river above the virtually depopulated capital, all that the imperial forces could offer, apparently, was a delaying action.

Pork Removed From Food List

Pork has been removed from the list of foods available during March to families taking part in the Warburg Marketing Administration's food stamp program in Howard county, Forest Wright, SMA area supervisor, announced Thursday.

Eggs, however, will continue on the list and will serve as the meat substitute. With the exception of this change, the blue stamp foods for March are the same as those listed for February, and as follows: Shell eggs, butter, fresh grapefruit, pears, apples, oranges, fresh vegetables (including potatoes), corn meal, dried prunes, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour, self-rising flour and whole wheat (Graham) flour.

March 16 Due To Break Tax Payment Records

WASHINGTON, Feb. 26 (AP)—The treasury today looked forward to a record-breaking \$2,700,000,000 cash collection of income taxes next month.

The sum, more than double the collections of any previous single month in American history, was so large that officials mapped precautions against any upset to the nation's business arising from the concerted withdrawal of so much money from circulation.

Most of this money will be turned over to the treasury on one day, in fact—March 16, the last day of filing annual income tax returns. If usual proportions hold true, about half of the sum will come from corporations and about half from individuals. The crest of the wave comes a day late this year, because the regular filing date—March 15—falls on a Sunday, giving taxpayers an extra 24 hours.

Fort Worth Jaycees Will Visit In City

Big Spring will be the overnight stop for Fort Worth Jaycees when they come this way on March 5 to boost the annual Southwest Exposition and Fat Stock show, March 15-22.

Charles G. Coates, chairman of general arrangements for the Round-Up trips, notified J. H. Greene, local chamber manager, of plans to put into Big Spring at 5:45 p. m. on March 5 and then stay all night.

The trippers, some 65 in all, will travel by bus and will have a lively fiddle band and other entertainment. They come here from Colorado City and will leave at 7:30 a. m. the next day.

Rush For Cotton Insurance Due

Prospects of a bad last-minute rush on cotton insurance applications loomed as an unwelcome prospect at the county AAA office Thursday.

To date, said M. Weaver, administrative assistant, only about 20 cases have been closed. All, he added, were made payable in cotton this autumn and with the AAA check assigned as security.

Inquiries have been many, but there appears to be a lack of clear understanding of the new plan for insuring cotton production, Weaver said.

Corsets, Garters Get The Ax Again

WASHINGTON, Feb. 26 (AP)—Further production of women's corsets and girdles—and men's corsets and garters—was definitively ruled out today for the duration.

The war production board said no more rubber would be available for the thread essential to such intimate accessories. The ruling, announced late yesterday, reinstated an earlier no-more-corsets order which had been modified to some extent last month.

Corsetiers promised they would do the best they could with the materials on hand, mentioning the possibility of employing knitted gussets in ladies' girdles.

Japs Thrown Back Several Kilometers

Fighting Reported In Mindanao For First Time In Weeks

WASHINGTON, Feb. 26 (AP)—The war department reported today General Douglas MacArthur's troops in a surprise thrust forced back the Japanese several kilometers on the Philippine Bataan peninsula.

A 9:30 a. m. Eastern War Time, communique said that fighting was still in progress with continued local successes.

Main positions of the enemy have not been penetrated, it was said.

The attack brought the first substantial advance for the American-Philippine defenders since they were forced to withdraw late in the previous peninsula nearly two months ago.

Meanwhile small bodies of American and Philippine troops were reported to be harassing the Japanese in guerrilla fighting in central and northern Luzon, according to "considerable success."

More than 500 miles to the south, on the Island of Mindanao, desultory patrol action occurred. The invaders there have been reinforced by a detachment of Japanese marines.

A war department spokesman advised reporters to "make your own interpretation" of the reversal inflicted on the Japanese in Bataan.

Four times in recent weeks the war department had advised that the Japanese were bringing up reinforcements and reforming their forces for a renewal of the series of full scale offensives which dwindled to inconclusive fighting a month ago.

Instead came the lull of the last several days and the counter-attack reported today.

Man Found Dead In Tulsa Hotel

TULSA, Okla., Feb. 26 (AP)—An autopsy was ordered today in the death of Alfonso F. Thompson, 41, who was found unconscious in his hotel room a short time before he planned to be married.

Thompson, a Fort Worth, Tex., construction worker, came here recently. Miss Elsie Bridges, 34, of Springs, said she and Thompson were to have been married late yesterday.

J. C. Rucker, manager of the hotel, found Thompson unconscious on the floor of his room as he investigated a report that the telephone receiver was off the hook in the room.

Presidential Veto Likely For Senate's Farm Measure

WASHINGTON, Feb. 26 (AP)—The prediction of a presidential veto today tempered the smashing victory of the senate farm bloc in the dispute over prices for government-held surplus stocks of corn, wheat and cotton.

Senator Brown (D-Mich.), leader of the group which sought to sustain President Roosevelt's forecast, finally ruled out today for the duration the senate restrictions on sales of government surplus below full parity prices "it would run into a certain veto."

"What's more," Brown said, "I think the senate would sustain it."

Secretary of Agriculture Wickard meanwhile declared that desired increases in production of milk and dairy products were being retarded by growing labor shortages and by increases in the price of feed grains. Agriculture officials said congressional pressure for the

price blocking legislation had tended to raise feed costs.

With a strongly-worded warning against impeding the war effort, "selfish interests" and "grasping for a few extra dollars" President Roosevelt vetoed today the senate against voting any restrictions on sales of the government surplus.

The president's words of caution, contained in a letter to Vice President Wallace, presiding officer of the senate, occasioned several hours debate yesterday before the chamber rejected a compromise offered by Senator Brown and adopted, 69 to 23, the provision against sales of government-held surplus below full parity levels.

Warnings that the measure might add an extra \$1,000,000,000 to the farm-aided senate majority.

Fuel Supply For The East Is Problem

TULSA, Okla., Feb. 25 (AP)—The problem of supplying fuel for the east coast apparently remained one of the oil industry's biggest worries today.

Diversion and loss of tankers upset the fine balance between supply and demand that the industry had maintained during peace time.

One of the first appeals to Mid-Continent and Texas refiners for fuel oil came from W. B. Farish, president of the Standard Oil company (New Jersey). Farish wired refiners:

"We are in desperate need of kerosene, range oil, number two heating oil and bunker 'C' or number six fuel oil. Will appreciate any help you can offer."

Another proposal also is being studied to aid the east coast supply situation. From Houston, Harry C. Wiess, chairman of the transportation committee of district 2, office of the petroleum coordinator, said he had named two sub-committees to study the transportation problem.

Results of the committee's study, it was said, "may involve such unusual measures as moving some existing pipelines to use kerosene or the conversion of gasoline to oil for emergency movement."

In the field, completions continued below last year. The Oil and Gas Journal listed 367 for the week, compared with the same number for the previous week, and 461 a year ago.

Income Tax ABC'S—Be Sure To Try Using That Simple Form 1040A

(Second of a Series)
By ALEXANDER R. GEORGE
Wide World Features Writer
WASHINGTON—The simplified tax return form 1040A is a quick remedy for that income tax-filing headache, but it may cost you more money than if you use the old form 1040.

The simplified form allows automatically for average deductions in the \$3,000-or-less income brackets, which include interest, taxes, losses from fire, theft, bad debts, etc., may be considerably higher than the average in your income bracket. If your total \$150 or more you probably will save money by using the old form.

Take the case of Jim Jones, married and with one dependent child. He has an earned income of \$2,500 and \$200 deduction for interest on a house he is paying for. Under the

simplified form his tax is \$48. Under the old form, it is \$30.80. He would save \$17.20 by using the latter.

If his deductions amounted to \$100 he would still save \$4.80 by using the old form. On the other hand, if his deductions totaled only \$40, he would be \$1.16 ahead by using the abbreviated form, which is much easier to fill out.

If Jim were single, earned \$2,500 and had deductions of \$100, he would pay \$8.45 less under the new form. Generally speaking married men, particularly those with one or more dependents and substantial deductions, will fare better under the old form.

The new form is a boon for the newlywed taxpayer. If you were married late in December, even the last day, the full exemption as head of a family is automatically provided. A proportional exemption is allowed under the old form for persons married during the income year, but those married less than a month get only the single man's \$750 exemption.

It works the other way if a dependent dies during the year or otherwise ceases to be a dependent. Under the new form, taxpayers get deductions only for those who were dependents on the last day of 1941. Under the old form, a proportional part of the \$400 exemption can be taken. (Next: Watch Those Dollars.)

George F. Williams Into Pilot Training

GOODFELLOW FIELD, San Antonio, Feb. 25—Private George F. Williams, Jr., son of Mr. and Mrs. George F. Williams, Big Spring, has been ordered to Santa Ana, Cal., to begin his pre-flight training under the Army Air Corps enlisted men's pilot training program.

Williams, who had been stationed with the headquarters squadron here, will later be assigned to a civil flying school for primary training. He will receive the same instruction as an aviation cadet during the seven-and-a-half month course.

Upon successful completion of the training, he will be graduated in the rank of flying staff sergeant, with base pay of \$108 per month. Williams was graduated from the Big Spring High school.

Study Of Monkey Politics Shows Where We're Going

AF Feature Service
SANTIAGO ISLAND, Puerto Rico — the human race isn't being very original in its current spasm of wars, aggression, destruction, persecutions and strutting of dictators.

A complete pattern for all this can be found every day in the week in the colony of 400 monkeys who give this tropical paradise the name of Monkey Island. And it's a pattern that goes back thousands of years to monkey forefathers who swung footloose and free of human influence from prehistoric times.

Behave Like Monkeys
The very fact that monkeys behave so much like humans — and vice versa — is one of the underlying reasons for the existence of this colony. A 25-acre spot of land 16 miles off the southeast coast of Puerto Rico, it was established in 1938 by the School of Tropical Medicine of the University of Puerto Rico, affiliated with Columbia university, to supply monkeys for research work.

is a fruitless effort," M. I. Tomlin, the island boss, says. "The 400 monkeys follow right along behind me and either break off the freshly planted shoots or pick out the seeds and throw them around." Coconut don't stand a chance of getting any farther than the bud stage, he explains. Just as soon as the palms bear a new growth of buds, the monkeys twist them from their stems.

Imported Delicacies
All of which means that every bit of provender must be imported from the mainland. Chief staple is the sweet potato. Feeding is limited to once daily, at 8 in the morning. Two hundred pounds of sweet potatoes are prepared every morning by two native boys, who wash, slice and distribute them about the island at feeding stations for each of the six tribes.

Once a week they get 2,000 bananas and a pill-concentrate, "mit," for the genus thrice weekly. For reasons that have never been determined, the monkey colony has divided itself into six tribes ranging in size from 20 to more than 100. Each band has a leader who wins leadership simply by licking every other male in the group. The tribal chieftain can be recognized because he is the only one in his group who struts with tail in the air. The rest of the males drag their tails on the ground. The chief's tenure of office depends on how long he keeps in good fighting shape.

Boundary Wars
There are fixed boundaries to each tribe's domain and once these frontiers are violated, war breaks out in great fury. The monkeys apparently know these boundaries exist for peace has prevailed for a long time.

First choice of the day's meal goes to the chief. After he has picked over the food, made his selection, all with considerable dignity and no hurry, he retires to one side with his "secretary" (female) of the day, and his "first vice president," next in line at the breadbasket.

NAVAL INTERVIEWS

HOUSTON, Feb. 25 (AP) — Lt. Comdr. H. J. Duncan of the naval engineers corps will be in Houston Friday and Saturday to interview men who wish to enlist in the naval reserve as construction workers. Interviews will be given at the federal building.

Japanese Map Of San Antonio Seized

SAN ANTONIO, Feb. 25 (AP) — M. W. Acers, chief of the local FBI office, said a Japanese map of San Antonio with vital military establishments outlined in red pencil was among contraband seized from enemy aliens in raids early Wednesday.

The map was taken from a Japanese, one of 13 persons arrested, who also had in his possession gas guns, gas mask, black-jacks, picks and axes.

Other articles taken in scores of raids by 200 officers included code books, binoculars, motion picture film, radios and guns. One German alien surrendered a novel electric hand signal in the shape of a glove and containing a switch which turned on a small red light.

Four More Aliens Arrested In Dallas

DALLAS, Feb. 25 (AP)—The arrest of four more persons Wednesday brought to 51 the number of enemy aliens detained during a roundup by FBI agents and other police.

Additional caches of contraband ammunition, guns, radios, osmases and field glasses were seized. One of the biggest hauls was 87 sticks of dynamite and 100 feet of fuse located on a farm near Dallas.

WACOAN HONORED

WACO, Feb. 25 (AP) — Among seven officers receiving the Distinguished Flying Cross for gallantry in the Pacific was Capt. James Connolly of Waco, who destroyed a 15,000-ton Japanese transport, after which he evacuated 22 sorely-needed American pilots, it was learned here today.

Mahon Opposes Pensions Act

Rep. George Mahon, in a brief address before the house of representatives on Feb. 25, reiterated his stand against congressional pensions.

"The so-called congressional pension was a great mistake," he said. "I am glad to say that I have never favored it or voted for it. x x x Wasteful non-defense spending is bad, the employment of so-called fan dancers in government positions is bad. But . . . let me say that I have not lost faith in the American people, in the Congress or in the President. The people want the truth; x x x they are hungry for a chance to make a real contribution to the war effort. The people are aroused x x x and are ready to make greater sacrifices in order to assure victory for God and country."

Total demand for labor is not increasing as it would be if metals were more plentiful, says the department of commerce.

THE WAR TODAY: Rumor-Mongers Doing Untold National Damage

By DEWITT MacKENZIE
Wide World War Analyst

Washington's action in rounding up enemy aliens and internment of dangerous elements, as further evidenced in Attorney General Biddle's report, is a great battle won for our country, since there is in our midst a host of enemy agents such as played a large part in the downfall of unhappy France and other unwary democracies.

When enemy aliens have been smoked out, however, there still will remain at large another far greater group which daily is doing untold damage—the rumor-mongers and slanders among our own people. Some of their work is deliberate and vicious, for they are the quailings who side with the enemy. Some of it is due to idleness, which sops up idle war-gossip and axis propaganda, and spews it out in public places, lowering the morale of others and in effect sabotaging our war-effort.

Something goes wrong somewhere on the vast expanse of ocean which covers two-thirds of the earth's surface, and you hear a raucous voice squawk:—"Where the hell's the American navy? Did the Japs sink it all?"

Well, where is our navy? Silently and without advertising, it's helping to police the seven seas, domination of which is essential to our victory. As President Roosevelt pointed out Monday night, among other things it is keeping open our four main lines of communication—The North Atlantic, the South Atlantic, the Indian Ocean and the South Pacific. x x x The maintenance of these vital lines is a very tough job.

Our navy is hunting down submarines off both coasts, and keeping these sea-wolves from committing greater depredations than they already have achieved. It's extending protection clear down to our sister republics of South America. But who wastes time arguing? Fifth columnists and quailings will pop up with another insidious question upon which the allies will triumph ultimately, and yet unthinking or vicious people pick up the axis propaganda and broadcast that the British aren't pulling their weight.

Nothing could be further from the truth than that. Where would the allied cause be today if the British navy hadn't at the outset of this war had control of the seas, and continued to maintain that domination until finally America could take a hand? I'll tell you where the cause would be:

Fuehrer Hitler would long ago have been sitting on the throne of the English kings in Westminster Abbey, lord of all he surveyed, instead of expending his energies trying to break through the blockade which Britain sturdily has maintained about the continent. As already remarked, control of the sea is one of the fundamentals upon which the allies will triumph ultimately, and yet unthinking or vicious people pick up the axis propaganda and broadcast that the British aren't pulling their weight.

Then we get the folk who constantly are slinging mud at our allies, thereby creating bad feeling and doing untold damage to morale. These people either have tongues which are loose at both ends, or are impelled by personal animosity. Here's a common query, which is the product of pro-axis cunning:

"What's the matter with the British? They haven't won a victory since the war started."

Here And There

An overload on the wiring system caused it to catch fire at 309 1/2 Owens street Wednesday, firemen said. Small damage resulted to the attic of the house before firemen speedily controlled the blaze.

Two men shipped Wednesday evening for enlistment in the U.S. Navy at Dallas, S. L. Cooke, local substitution officer, said Thursday. They were Roger Alex Thacker, Coahoma, apprentice seaman V-2, USNR; and Clyde Howard Porter, Midland, V-4, yeoman 3rd-class.

Pancho Nell, commissioner from precinct No. 2, has been playing nursemaid lately. His collection of pigs has just been increased by a quadruple blessed event, but alas, the new arrivals have been reduced to triplets. Pancho is proud of his brood because he has built it up without purchases, simply by managing.

J. S. Garlington, who has in 197 acres of wheat on his place north of here, says that the small grain is doing pretty well. Although it is dry on top, the subsoil is holding the crop. Garlington also has 40 acres to barley. Last spring, with bountiful rain, his wheat got up arm-pit high, but showers at harvest caused considerable of it

TODAY'S BLOW for LIBERTY

Look your best—there's no blackout on beauty.

to fall where it could not be harvested.

Allen registration, announced Postmaster Nat Shick Thursday, is open through Saturday despite previous publicity released by the FBI which gave the deadline as Feb. 24. So far only two aliens have registered here and it is doubtful if there are others. Under federal laws, aliens of countries with whom the U.S. has declared war must register.

The Veterans of Foreign Wars of the United States will furnish a service card to the family of any man who is now in either the army or navy or any of the branches. Parents may write the local post, giving their name, the name of their son or sons and the branch in which the individual is serving. A card with a blue star will be furnished for those serving in this country, for foreign service a silver one, and a gold star for those killed in action.

Members of the committee for the President's Hall will convene at 10 a. m. Friday at the Club Cafe for a conference with Mayor G. C. Dunham, chairman. It is planned to make a final report and forward the national foundation's share of receipts.

Members of the West Side Baptist church and several others have started a collection of household goods to be presented to the J. A. Cagle family, whose entire belongings were destroyed in a fire Tuesday. Others who care to add to the bed clothing, utensils, dishes, etc., may leave them at the L. M. Wood place, 1010 W. 6th.

Joe Ratliff, head teacher at Central Ward, leaves after Friday for Chicago where he is to become an instructor for the U. S. Navy in a special school. Ratliff is to become instructor for a ground work class for young men training to become naval aviators. Mrs. Ratliff will remain here for the time being, possibly until the end of the current school term.

Malone And Hogan Clinic-Hospital

E. T. Scott, route 1, was admitted Wednesday for medical attention.

Mr. and Mrs. Henry Pinkerton are the parents of a daughter born Wednesday night.

Lois Stevens has been dismissed following surgery.

Many articles of merchandise previously imported by Brazil are now being produced locally, according to the department of commerce.

Livestock

FORT WORTH, Feb. 26 (AP)—(USDA)—Cattle 2,100; slaughter steers and yearlings drags and weak to lower, other cattle and calves generally steady, some killing calves stronger; bulk common and medium beef steers and yearlings 8.00-10.00, good kind 10.50-11.50, few club yearlings to 12.50; beef cows 7.25-9.25, canners and cullers 5.00-7.00; bulls 4.75-6.25; killing calves 8.50-12.00, culls 7.00-8.00; good stocker steer calves 11.50-12.00, choice lights scarce.

Hogs 2,100; steady to 10c lower than Wednesday's average; top 12.98; good and choice 12.00-12.50, averages 12.75-28, latter price paid freely by all interests; good and choice 120-175 lb. 11.90-12.65; packing sows and pigs steady, packing sows 11.80-75, stocker pigs 10.00 down.

Sheep 2,000; shorn lambs strong, fat ewes fully steady; good woolled lambs and shorn aged wethers unsold; medium grade woolled lambs 10.50; good and choice grades held

Cotton

NEW ORLEANS, Feb. 26 (AP)—Cotton futures advanced today on passage by the senate of the Bankhead bill restricting Commodity Credit Corporation selling powers. The market closed steady 4 to 7 points net higher.

Blame Hitler, Hirohito, and Benito!

... Don't Blame Your Grocer!

As YOU KNOW, our Government is rationing a tin beginning March 1st.

So that means for a time—after present warehouse stocks are exhausted—some of the famous Heinz "57" Varieties will not be available in their familiar tin containers. However, stocks are large enough so that your "57" favorites will probably be on most grocers' shelves for several months at least . . . and after that we have every confidence they'll still be there—but newly packaged.

However, if there should be a period when a few are missing, don't blame your grocer! And don't blame your Government!

Pin full responsibility on Hitler, Hirohito and Benito—and be glad that less tin for us means more bullets and shells for America's guns!

After all, there's no need to fear a shortage of essential foods. America's reserves and resources are too great for that. Unlike most warring nations, we must sacrifice temporarily only our modern, convenient way of enjoying some of the things we like to eat.

For instance, most of the famous "57" Varieties of Heinz quality foods are not affected. There will be no scarcity of the Heinz Baby Foods that are helping the busy mothers give their children the wholesome, nutritious foods young bodies need. Heinz Tomato Juice . . . Heinz

Ketchup and Chili Sauce, Pickles, Relishes, Vinegars, Jellies, Peanut Butter, Apple Butter—all these and many more of the "57" are ready to help you keep right on setting the finest table in the world.

What about the future?

Progress due to research helps us face it with confidence. Our Research Laboratories have expanded steadily, until now they have twice the personnel and equipment they had during World War I. And because we have been working constantly on the development of new packages, new products and new methods, this crisis does not find us unprepared!

The House of Heinz steadfastly adheres to its established principle of maintaining, and endeavoring to improve, the high quality of its products.

Now or years from now, when you see the Heinz keystone label you can be sure that it guarantees wholesome, delicious foods of finest quality. That has been true for more than 73 years and will always be true.

Until all this is over and we can go about our daily work in peace and security, we know you will cooperate with your grocer and with your Government in the biggest job of all—winning the war!

Nazi Battleships Knocked Out Of War, British Claim

Were Damaged In The Flight From Brest

LONDON, Feb. 26 (AP)—The 20,000-ton German battleships Scharnhorst and Gneisenau and the 10,000-ton cruiser Prinz Eugen appeared today, on the basis of official British announcements, to have been knocked out of the war for some time to come.

The two battleships which escaped from Brest France, with the Prinz Eugen and ran a gantlet of surface and aerial attack in Dover

Strait and the entrance to the North Sea on Feb. 12, were severely damaged, it was said.

One now lies in dry dock at Kiel and the other in the dockyard at Wilhelmshaven. Their present whereabouts have been recorded by aerial reconnaissance, an official spokesman said.

The Prinz Eugen—or at least a cruiser of her class—was successfully attacked by the British submarine Trident off the Norwegian coast on Feb. 23, an admiralty communiqué said. A torpedo hit was scored.

"Aerial reconnaissance subsequently showed a ship of the Krogen class in Trondheim (Norwegian port) in tow of tugs and damaged aft," a spokesman said. "It seems probable that the ship was the Prinz Eugen, in which case all the ships which escaped from Brest have been damaged."

The admiralty's communiqué on the Trident's attack on the cruiser, added that "it is possible that one of the destroyers escorting the enemy cruiser was also hit by torpedo."

Whether the Scharnhorst and Gneisenau were damaged in the aerial and surface attacks during their dash through the channel or were caught later by British warships or submarines closer to their North Sea bases was not at once made clear.

Despite the blows to the two battleships and the cruiser, the spokesman warned today that the United States and Britain "may be near the beginning of a new period of (surface) raider activity, both German and Japanese," after nearly a year of no mercantile losses from such craft.

Losses out of convoys, the particular safeguard against submarine attacks, are just under one-half of one per cent of the cargo ships involved, he said. The trend of losses, however, has been seriously affected by the concentration of German U-boats off the American coast, he added.

The population of Argentina is roughly equal that of New York State.

Big Job—That's what president of the Lamesa chamber of commerce, has this year. Soon after he was elected to head the organization, the manager, Raymond Lee Johns, finished the time he had asked in resigning to accept the manager-ship of the Flamingo Board of City Development. That left Boyd to carry on because directors figured he and Mrs. Dorothy Say, secretary, could handle things for awhile.

Big Refinery Advocated In Permian Basin

HOBBES, N. M., Feb. 26 (AP)—Neville G. Penrose, Fort Worth oil producer, sees the destruction of the huge oil refinery at Palembang, Sumatra, as the cue for the construction of a big refinery in the Permian Basin in West Texas and New Mexico.

"We have the greatest known oil reserves in the world without an adequate market," he said. "We are swimming in a sea of oil, while less than 2,000 miles away, on the Atlantic coast, they are in need of what we practically are drowning in and can't dispose of."

He estimated that there were from six to ten billion barrels of known oil reserves in the Permian Basin within 150 miles of Hobbes.

"Our great refineries are built along our coastlines," Penrose said. "They are subject there to attack from enemy ships lurking along our shores."

"The answer to such attacks is to build refineries inland. And where is there a more logical place than in the center of our great oil reserve in the Permian Basin?"

Survivors Approach Sub In A Row Boat

HOUSTON, Feb. 26 (AP)—Survivors of the torpedoed tanker Republic took to a lifeboat and rowed to within 400 feet of the attacking submarine, Second Mate Anders Olofsson said on his arrival here.

Olofsson and five other survivors came here by train and were greeted by wives and relatives.

The second mate said when those in the lifeboat discovered their mistake they simply stopped rowing and the submarine moved away.

Missed The Elevator

OKLAHOMA CITY, Feb. 26 (AP)—Donald Owens, 19-year-old attendant at a parking garage, fell into the basement.

The rubber tires on the car he drove into an elevator shaft (the elevator wasn't there) didn't burst—but they didn't cushion his fall much, either.

He went to a hospital with cuts and bruises.

Daily Prayer To Be Observed At Colorado City

COLORADO CITY, Feb. 26 — After years of silence, the old Colorado City fire bell, which signaled for this town the Armistice ending the last World war nearly a quarter of a century ago, will begin Monday morning to toll for

the winning of the new World war.

The bell will toll each morning at 10 o'clock to signal one minute of silent prayer in Colorado City for the winning of the war, it was proclaimed this week by Major J. A. Sadler, who acted at the suggestion of the women's council of First Christian church.

Although it has not been used since the fire siren was installed several years ago, the bell has been retained by the city, ready for use at any time.

Texas Business Remains Strong

AUSTIN, Feb. 26 (AP)—Volumes of Texas' industry and trade continued sharply upward in January, Dr. F. A. Huebel, University of Texas business research specialist, reported today.

The Texas business index at the end of January stood four per cent above the previous month and 23 per cent over the same

month of 1941, Dr. Huebel said. The greatest increase occurred since early November, 1941, with a 14 per cent hike noted in the four-month period.

January employment figures dropped slightly but the payroll index rose slightly in comparison with December. Both indexes were sharply above January, 1941.

Lenten Services Start Tonight

The first of a series of special Lenten services will begin at 8 o'clock tonight at St. Mary's Episcopal church with the Rev. J. A. Winslow, rector of St. Paul's church, Lubbock, as guest speaker. The services will be held each Thursday night until Easter and will consist of Litany and the sermon.

Other speakers will be the Rev. O. L. Savage, First Presbyterian church minister, who will speak on March 5; the Rev. W. P. Gerhart,

Abilene, pastor of the Episcopal Church of the Heavenly Rest, March 12; the Rev. Clyde Smith, pastor of the First Methodist church, March 19; the Rev. P. K. Kemp, San Angelo, pastor of the Emmanuel Episcopal church, March 26th.

On Maundy Thursday, April 2, there will be a celebration of Holy Communion and an address by the Rev. Saell.

Other special Lenten services will feature Holy Communion on Tuesday morning at 10 o'clock when there will be addressed from the book, "Not By Bread Alone." The rector will preside at services on Good Friday, April 3, from 12 o'clock to 1 p. m.

War Recipes Stress Food Economy

At the top is pictured a delicious banana "Victory Cake" which saves two-thirds of the sugar a housewife would ordinarily use in making such a fine party cake. Glassed syrup plays the all-important role in this patriotic saving. Below, that good old standby, the handy quart milk bottle, is important to a tasty cream of cheese soup.

'Defense Pants' For Babies Save Cloth For War

CLEVELAND, Feb. 26 (AP)—War economy has reached the wardrobes of babies cared for by the Cleveland Humane Society.

The society has adopted a diaper pattern requiring only about half the usual amount of cloth, and calls the result "defense pants."

They are cut out in hourglass shape, the extra pieces being used to reinforce the garment.

Mrs. Laura S. Parmenter of the society said they are easier to apply, and do not interfere with leg action of babies learning to walk.

Candidate Favors Loan For Everyone

FORT WORTH, Feb. 25 (AP)—There is only one plank in the platform of Walter Watts, who announced he would be a candidate for junior United States senator from Texas.

Owner and operator of a loan company here, he said he favored "a \$5,000 loan to every man and woman between the ages of 21 and 65 who are American citizens. The loan would be paid in 40 semi-annual payments at five per cent interest. In this manner money would be put in circulation."

Don't Forget
MAXWELL HOUSE
PUTS MONEY IN YOUR POCKET

... WHEN YOU GET THE 2-LB. TIN

To save money and save shopping trips—ask for the thrifty 2-lb. tin of Maxwell House. And remember, today that famous blue Maxwell House tin gives you more flavor for your money because...

- There's more flavor in the Maxwell House blend—it's far richer in highland-grown, extra-flavor coffees.
- All the flavor is brought out by the special "Radical Roast" process.
- No flavor can escape—it's sealed, roaster-fresh, in the famous super-vacuum tin.
- No waiting—Maxwell House is already precisely ground for every method—Drip, Regular, Glass-Maker.

GOOD TO THE LAST DROP!

A Product of General Foods

SAY YOU SAW IT IN THE HERALD

A cheery dish for cold days—**tropical sweet potatoes** the KARO way

Here's the way to add savor, flavor, and new interest to those old favorites—sweet potatoes! Better make two servings for everybody—they're that good!

TROPICAL SWEET POTATOES

5 medium sized sweet potatoes, boiled
1/2 cup KARO (blue label)
1/2 cup crushed pineapple (canned) with juice
2 tablespoons melted butter

Peel and cut potatoes in 1/2-inch slices. Place in shallow oiled baking dish. Combine remaining ingredients and pour over potatoes. Bake in moderate oven (375 degrees F.) 30 minutes. Makes 6 servings.

Sweet potatoes prepared "the KARO way" are as good for you as they are delicious. For KARO syrup is rich in Dextrose, food-energy sugar.

If Sugar Rationing Is Bothering You, Try This Patriotic Cake

Here's news for patriotic housewives. Are you concerned about sugar rationing? Well, here's a dressed-up party cake that uses only one-third of a cup of sugar. Yes, it's possible when glassed syrup and mashed bananas are used to sweeten the cake along with semi-sweet

chocolate and honey-flavored whipped cream for the filling and topping.

This economy in the use of sugar is made possible primarily through the use of syrup—the kind that today comes glassed in handy containers made by the new durgins technique which insures lighter but stronger bottles. This banana cake would ordinarily require 1 full cup of granulated sugar. By using syrup it can be made with only one-third cup, a saving of 66 2/3% for the woman who is counting every tablespoon of her rationed amount of sugar.

Military Decorations

For a birthday celebration set a "V" of sandles in the cake and decorate the table with a red, white and blue tablecloth and a paper soldier and sailor saluting the flag.

Try this recipe on the boy who is home on furlough and hungry for some good home-cooking.

Victory Banana Cake
(Makes two 9-inch layers)

3 1/4 cups cake flour
2 1/2 teaspoons baking powder
1 1/2 teaspoon soda
1 1/2 teaspoon salt
1 1/2 cup shortening
1 1/2 cup granulated sugar
3/4 cup glassed syrup (blue label)
2 eggs (well-beaten)
1 teaspoon vanilla
1 cup mashed bananas
1 1/4 cup sour milk or buttermilk

For filling and topping:
1 7-ounce bar semi-sweet chocolate
1 cup whipping cream
1 tablespoon honey

Sift cake flour, measure, add baking powder, soda, and salt and sift together twice. Cream shortening until soft, add granulated sugar and continue creaming until light and fluffy. Stir in syrup slowly. Beat the eggs and add in about four portions, beating well after each. Stir in vanilla. Add the sifted dry ingredients alternately with the mashed bananas and buttermilk, beating well after each addition. Line two 9-inch layer cake pans with waxed paper. Grease sides of pans and over wood paper. Pour in batter and bake in a moderately hot oven (375 degrees F.) for about 25 minutes or until an inserted toothpick comes out clean. Cool in pans at least 10 minutes before removing to cooling racks.

Melt semi-sweet chocolate over hot water and use as filling between the layers. Beat whipping cream until stiff, adding the tablespoon of honey gradually. Top with this honey-flavored whipped cream.

CITRUS FRUITS THEY'RE NATURE'S WAY TO HELP GUARD HEALTH

Here's a prescription that's EASY to take. Drink and eat plenty of fresh oranges and grape-fruit. Their juice is especially valuable in helping fortify your system nature's way against winter colds. Juice is the important part of citrus fruit, not pulp and skin. That's why we sell it by weight and not by the dozen. You get your money's worth at Safeway.

Orange juice at least once a day is the recommendation of most children's specialists... it's so necessary in balancing their diet. And how the little fellows go for it.

FD Shifts Envoys In South America

WASHINGTON, Feb. 25 (AP)—Tightening up the diplomatic front in Latin America, President Roosevelt today shifted or elevated this country's envoys in seven countries below the Rio Grande.

The nations affected are Ecuador and Paraguay, where the ministers were raised to the rank of ambassador; Bolivia, also given the embassy ranking, and Colombia, Costa Rica, the Dominican Republic and Nicaragua.

These were the nominations sent to the senate by President Roosevelt for confirmation: Pierre De L. Boal, now minister to Nicaragua, to be ambassador to Bolivia. The former ambassador to Bolivia, Douglas Jenkins, had resigned.

Arthur Bliss Lane, now minister

to Costa Rica, to be ambassador to Colombia, succeeding Spruille Braden, who was appointed ambassador to Havana, replacing George S. Messersmith, who went to the American embassy in Mexico City.

Robert M. Scotten, now minister to the Dominican Republic, to be minister to Costa Rica.

Avra M. Warren, now chief of the state department's visa division in Washington, to be minister to the Dominican Republic.

James B. Stewart, now consul general in Zurich, Switzerland, to be minister to Nicaragua.

Two ministers raised to the rank of ambassador were Boaz Long, accredited to Ecuador, and Wesley Frost, serving in Paraguay.

Cosden Group Gets Awards For Safety

An outstanding cooperative effort for safety was recognized by the Cosden Petroleum corporation Wednesday evening, when scores of employees were honored for long periods of service without a lost-time accident.

Presentation of special safety buttons by President R. L. Tollett featured a safety meeting held at the Crawford hotel. Cosden's safety record for 1941 was 50 per cent better than that of the preceding year, and the record for the first two months of 1942 is a 50 per cent improvement over the corresponding period last year.

A review of the year's accidents was given by J. W. Burrell and a talk on safety was made by Otto Peters. "Our Part In National Defense" was a topic discussed by A. V. Karcher. Musical numbers included selections by a saxophone trio, composed of Harold Bottomley, Knox Chad and Walter Deas, accompanied by Helen Duley; and vocal selections by the Rhythmettes (Clarinda Mary Sanders, Kathleen Underwood and Wanda McQuinn) accompanied by Ann Gibson Houser. J. L. LeBlue presided. The program was concluded with the singing of the Star Spangled Banner.

Safety awards went to the following:

ONE YEAR AWARD—R. W. Halbrook, George Brown, George Phillips, Willis H. Taylor, A. J. Haines, Thurman Gentry, J. L. Duley, Clarence M. A. N. A. L. Tamplin, H. L. Shirley, Jack Banks, J. W. Clark, Wm. R. D. Hale, Jimmie C. Harper, Pete R. Banks, Paul F. Soidan, M. S. Cummings, Asa W. Reed, John E. Freeman, J. W. Denton, Jr., L. E. Poyner, Everett Young, S. C. Leverich, J. R. Huffstutter, F. B. Russell, C. F. Crowther.

S. J. Boynton, Sr., H. C. Hart, R. A. Stice, J. B. King, Odis G. Milam, Elmer R. Finch, E. Fridly, Walter Bishop, R. D. Lane, Emmit C. Rainey, James F. Rely, N. E. Wilkins, C. D. Herring, Austin Burch, L. M. Rice, H. F. Merrill, Jr., Frank R. Abbott, J. C. Cameron, W. C. Garver, Chas. Tallafiero, Walter Smyrl, Tim Kenner, Parks W. Cranfill, Leonard Blackwell, W. L. Baker.

TWO YEAR AWARD—Ray Lawrence, Neel Baraby, Robt. M. Moore, F. R. Cunningham, W. W. Hageman, Loy Davidson, F. H. Stacey, Albert Johnston, Rex L. Hammack, Howard W. Nell, N. R. Harvell, Willie Gale, Geo. M. Hill, Willard Hendrick, A. Glenn, J. D. Cauble, Earl H. Ryles, W. H. Ward, Joe Reedy, C. L. Clinton, A. D. Gardner, Houston Lettmer.

NINE YEAR AWARD—E. W. Richardson, Johnnie E. Harrison, Rufus E. Morton, L. V. Walker, R. N. Morland.

OTHER AWARDS—Arant B. West, ten years; C. E. Dodson, ten years; Lowell Baird, eleven years; A. L. Souders, twelve years; G. L. Monroney, twelve years; H. L. Weeks, thirteen years; Earl Smith, thirteen years; John J. Porter, thirteen years.

Miss Farnsworth Is Honored By Knott HD Club

KNOTT, Feb. 25—The Knott home demonstration club met Tuesday afternoon in the home of Mrs. O. B. Gaskins for the last meeting with County Agent Lora Farnsworth. She was honored with a miscellaneous shower. The program was on vitamins in everyday diets, with Miss Farnsworth in charge. Mrs. W. A. Burchell was in charge of recreation and made a report on the last council meeting. Refreshments of chicken sandwiches, angel food cake and cocoa were served to Miss Farnsworth, one new member, Mrs. Farris Bass; and Mrs. C. J. Shockley, Mrs. E. O. Sanderson, Mrs. D. L. Knightstep, Mrs. Robert Brown, Mrs. J. E. Sample, Mrs. Harshel Smith, Mrs. Oscar Smith, Mrs. Roy Phillips, Mrs. T. J. Brown, Mrs. J. W. Phillips, Jr., Mrs. Walter Barbee, Mrs. S. T. Johnson, Mrs. Joe Meyers, Mrs. W. A. Burchell, Mrs. R. H. Unger, Mrs. Paul Adams, and the hostess, Mrs. Gaskins.

The Junior class entertained with a wieners roast Wednesday evening and went to a picture show at Big Spring afterward. Those enjoying the outing were Mr. and Mrs. Walter Hadley, Edward Burchell, E. L. Roman, James Hughes, Leola Yates, Jean Lauderdale, Lydia Savell, Ina Fay Fryar, Allene McCauley, Ellen Mitchell, Ora Lee Grissam, Earl Bryant, Gene Shaw, Laura Lee Henderson, Clark Sundry, Ben Daugherty, Mr. and Mrs. Clarence Fryar, and Neal Fryar, Pauline Petty, Doris Gross, and Mary Len Crawford.

Mr. and Mrs. Robert Fields and children of San Angelo were guests of Mr. and Mrs. E. O. Sanderson and family Sunday.

Mr. and Mrs. Clyde Woods of Ackerly were Sunday guests of Mr. and Mrs. Wiley Burchell and family.

Wynell Jones entertained with a slumber party at her home Saturday night. Attending were Mildred Roman, Mona Faye Gibbs, Juanita Brown, Frances Glenn of Big

Spring, Joy Beth Phillips, Allene Brown of Big Spring, Mrs. Roy Phillips, Mrs. Earl Rainey of Plains, and the hostess, Wynell Jones.

Mr. and Mrs. C. L. Ponder and daughter of Gorman were weekend guests of Mr. and Mrs. Harris Cook.

Mr. and Mrs. E. A. Brown and son, Kenneth, Mrs. Darwin Henson, Mrs. George Wilburn and children spent Sunday visiting Mr. and Mrs. Glyndon Brown and daughter, Glyndis, of Brownfield.

Mr. and Mrs. Harshel Johnson of Lenora spent the weekend with her parents, Mr. and Mrs. J. T. Gross, and family.

Mr. and Mrs. Earl Rainey of Plains, spent the weekend with her father and sister, Jim Jones and Wynell.

Mrs. T. L. Free and daughter, Joan, of Taran spent the weekend with her parents, Mr. and Mrs. C. B. Harland, and family.

Negro Asserts He Is 169 Years Old

MEMPHIS, Tenn., Feb. 25 (AP)—Maybe you wouldn't have blinked, but the deaf sergeant did—violent.

The gray-bearded negro, indicted on a minor charge, threatened calmly he was 169 years old.

"I was born in slavery and was more than 80 when President Lincoln was killed," he said. "I've got to get in trouble with the law."

The gray-bearded negro, indicted on a minor charge, threatened calmly he was 169 years old.

"I was born in slavery and was more than 80 when President Lincoln was killed," he said. "I've got to get in trouble with the law."

HURRY! GET LOVELY CHINA AT AMAZING BARGAIN! NOW AT YOUR GROCER'S!

Here's your chance to get in on a wonderful double bargain of healthful benefits for your family—plus smart, colorful, high quality china, made by one of America's great manufacturers.

During her stay here, special offers of Tussy Three Cleaning creams will be offered.

Women are invited to visit with Miss Smythe and receive advice and beauty hints for individual skin problems.

1930 Hyperion Club To Meet With Mrs. Stipp

The 1930 Hyperion club will meet Saturday at 1:30 o'clock with Mrs. H. C. Stipp, 219 W. 18th street in place of Mrs. Carl Strom as previously announced.

Rifles, Bayonets For Guard Unit

COLORADO CITY, Feb. 25—Twenty more rifles with bayonets have been received by Company D, Tenth battalion, Texas Defense Guard, at Colorado City.

The rifles are 1917 Springfield. These 20 bring to 46 the total number of government rifles possessed by the company.

Kidney Misery & Backache Quickly Relieved By Hoyt's

A Run-Down Condition Due To Over-Active Kidneys And Sluggish Bowels Overcome By Hoyt's Says San Angelo Man.

"For years I have suffered with constipation," states Mr. S. M. Wilson of 112 West 13th Street, San Angelo, Texas. "I have used everything for relief without results. I had back pains and suffered kidney misery, I had to arise night to relieve them. I was in a general run-down condition. Since taking Hoyt's Compound, I can say that I am better in every way. My bowels are regular, the pains have left my back and I do not have to arise night. I feel stronger than I have for years and consider Hoyt's the greatest medicine I have ever found!"

Hoyt's Compound is recommended and sold by the Collins Drug Store and by all leading drug stores in this area.—adv.

Big Spring Hospital Notes

Toby Dearnin was admitted to the hospital Wednesday for treatment.

Mr. and Mrs. H. C. Reynolds are the parents of a son born Thursday morning and weighing 7 pounds, 4 ounces.

Mrs. T. B. Cross, Stanton, is receiving medical treatment.

Mary Frances Robinson was able to return to her home Thursday.

Little Girl Decides Hermit's Life No Fun

HEMPSTEAD, N. Y., Feb. 25 (AP)—Even spankings are better than the lonely life of a hermit, 13-year-old Margaret Hunnicut decided today. Two chilly days and two miserable nights spent in a toolshed on the Meadowbrook country club grounds were enough to disillusion Margaret, who had fled her Mitchell Gardens home Monday after a spanking by her father.

When found by police yesterday, she said she was glad because she wanted to go back to school and, besides, her supply of milk, bread, jam, pickles and candy was running low.

Eat Well to Stay Well... —serve— MEAD'S BREAD

FLASH PREVIEW OF "Syncopation"

RKO's swing-music drama stars Jackie Cooper and Bonita Granville, with Adolphe Menjou and George Bancroft.

George Bancroft visits his friend Adolphe Menjou in New Orleans, persuades him to move to Chicago.

When Bonita, Menjou's daughter, grows up, she yearns to play the piano in vaudeville, is forbidden by her father.

Jackie Cooper, a hot trumpet player, returns from World War I, sets out to find Bonita with her father.

They are finally re-united through their old friend, Frank Jenks, a booking agent.

And everything ends happily when Jackie's swing band finally clicks, through Bonita's help.

ON THE SETS WITH REED JOHNSTON

On his periodic visits to the sound stages this reporter has hitherto given no cause for being regarded as a jinx. Yet while nothing was said to that effect during this week's sojourn on the "Friendly Enemies" set, a series of mishaps took place which gave me the distinct feeling of being a bird of ill-omen. The setting was the dining-room of a wealthy German-American household, period of World War I, and the business at hand called for Nancy Kelly and Ika Gruening to be placing the table silver while they ran through their dialogue.

All this would seem reasonably simple, particularly since both ladies had their lines by heart and Director Allan Dwan had rehearsed them to perfection before the camera started turning. But once they started to play the scene for keeps things began to happen. First the man who pushed the camera on its rubber-tired dolly was a bit slow in following the ladies down the room. Then Miss Gruening unexpectedly fumbled a line.

On a third re-take the prompter who was to give an offstage cue missed his place, leaving Miss Kelly up in the air with the words, "But why?" Then, not to be outdone, Miss Kelly herself dropped a table knife on a plate with a loud crash, making the score even all around. Or almost even, that is, because the cameraman checked in next with the sudden decision that the silverware was too shiny and would have to be sprayed with paint to dull its gleaming surfaces, whereupon Mr. Dwan called for time out while everyone relaxed.

It was at this point that your correspondent, beginning to feel vaguely responsible for all these misadventures, tiptoed quietly off the set. But from the safe distance that now lies between me and the Edward Small studios, it can be reported that "Friendly Enemies" is the screen version of an old stage hit from World War I days, with Charles Winninger and Charles Ruggles as the two old German-American cronies whose friendship is temporarily disrupted over wartime issues.

Mr. Winninger, incidentally, played one of the two friendly cronies in the original stage production, but not the same one who is playing now. Charles Ruggles is taking the role he played originally, and Mr. Winninger is learning how it feels to be on the other side of a familiar argument.

As a by 10 photograph from any recent Flash Preview is available to readers of Hollywood Today who write in enclosing twenty-five cents to cover service costs.

Fashion Scene

By MARGARET MCKAY

We're going to be a bunch of Yankee dandies, for the new and definite trend in clothes leans toward the 18th Century! Some call it dandy fashions from the Federal and others George Washington styles. Reminiscent of drum and fife and such, these styles will feature postillion hats, tricorn hats, frothy jabots spilling out from tight pinched jackets of crisp materials like moire and

fille silks. Even the little wrist ruffles of lace or soft materials will flow out from your sleeves, and shiny patent leather seems to be the accessory for the shoes and bags. Gracie Allen and Joan Bennett have both gone in for this saucy, patriotic influence. Gracie chose navy for the color and it's in a taffeta suit with a peg-top drape on one side of the skirt only. Joan Bennett's navy crepe features scalloped collar and cuffs with a ruffled jabot of navy sheer cascading from the pinched-in waist and her saucy tricorn hat had a touch of yellow mimosa feathers. Joan Fontaine wore a black moire nipped-in-waist dressmaker suit with black tricorn and the front edges of the tricorn were covered with white forget-me-nots. A jabot of starched white organza peeked out from the front of the jacket.

BEST DRESSED GIRL OF THE WEEK: Stunning Carol Bruce, dining at the Beverly Hills Brown Derby before attending a performance of the Ballet Russe, dressed in the theme of the evening. She wore a sheer ballerina gown of black organza with fitted bodice and long sleeves of black lace. A three-tiered skirt revealed, at ankle length, black satin pumps tied about her ankles with black satin ribbons, ballet slipper fashion. Long rose-colored elbow length gloves and a cluster of roses in her pompadour, from which festooned black tulle, provided the color note. A narrow diamond link bracelet gleamed outside one pink glove.

Record Review

By WAX MAN

FLASH!! Record news headline of the year! Hollywood's biggest motion-picture studio is about to expend its resources in capital, star material and music in a new recording company. It will definitely be conducted on a full scale basis and will undoubtedly corner a flock of our big-time stars. But part of the plan includes a concentrated effort to make new stars out of undiscovered material. The first big name to be signed is the very popular Tommy Dorsey and his band, who recently completed a chore in a picture at MGM. Informants tell us that "T" gets 20% of the company and \$2500 per record. In their search for new talent, the wax manufacturers have already signed The Four Brothers, Vic and Vilma Vortor and Jean Cavell, all from NBC, and from CBS will come Lud Gluskin, Ken Stevens, Liz Tilton and Jerry Hilliard.

NEWS IN GROOVES: Barry Wood and Dinah Shore will be the latest duo to sing on the same wax - RCA gets them. Columbia will bring out an album of Basil Rathbone reciting "Great Themes in Poetry." Interesting that on the past 14 weeks' Parade of Bands program over Mutual Broadcasting Company, all have been recording bands waxing for RCA-Victor. The comeback of Arthur "Street Singer" Tracy has every one shouting "hurray" - with an eastern radio show clicking, the major recording companies are after him again. Yvonne King's rendition of I Said No! is running a close second to Blues in the Night with Duke Box characters - which reminds me of a crack made by Carole Landis, who incidentally, is one, about the "hikers" - "Characters without any!" Guy Lombardo's Decca disc of Blues in the Night - PHEW! Best wax of the week - Glenn Miller's "Parade of Bands" - which keeps Glenn's average of an outstanding recording at least every three months. Columbia, which makes a specialty of lessons on wax, having in their catalogue already How to Sing and How to Rhumba, have approached artist Peter Fairchild with the suggestion to record How to Sing. Artie Shaw and Eddie Duchin have been classified 3-A. Walter Gross, one of the jazz known and best pianist-arrangers, has organized a band which has been ticketed by Bluebird. Why doesn't a record company sign Ruth Terry, a gal who could sell a lot of discs? Harry James comes next to the Hollywood Fall-drum - HURRAY!

Margaret Hayes herewith proves herself to be in fine form for her forthcoming role in Paramount's "The Lady Has Plans."

ATTENTION MOVIE FANS

In connection with the review below of Carole Lombard's last picture, "To Be Or Not To Be," we are again offering, this week only, a recent picture of the late star to all those sending in 5c for mailing and handling. Write to Hollywood Today, Crossroads of the World, Hollywood, California - and YOU MUST MENTION THIS PAPER.

JOE FISHER'S

Reviews of Previews

Jane Peters came to Hollywood as a simple Indiana girl with a craving to act. She achieved her every desire, became the screen's foremost comedienne and one of the best loved characters in a town where every foible is as visible to every eye as the proverbial goldfish in his shining bowl.

Carole Lombard and Jack Benny in "To Be Or Not To Be."

And no foreboding of her tragic end mars the perfection of her performance in her last picture, "TO BE OR NOT TO BE," where Carole Lombard displays for the last time that magic touch of drama which, played under a thin skin of comedy, made this girl one of America's outstanding actresses. Under the aegis of famed Alexander Korda, one of Europe's best producer-directors, Ernst Lubitsch has imparted to a simple story that "Lubitsch touch" which makes every actor in the cast a master at his particular job. Miss Lombard and Jack Benny, with their troupe of Polish actors, are playing in "Hamlet" when the German invasion arrives in Warsaw. A young Polish flyer, Robert Stack, enamored with the delectable Miss Lombard (Jack's wife), takes some of the heat out of Benny by walking out on him in the midst of the famed "To be or not to be" soliloquy. From that moment on the action mounts and keeps on an ascending plane. How Carole and Benny fox the Gestapo in incident after incident reaches new heights of dramatic comedy. Not a line will your reviewer reveal. It's all too good.

Carole Lombard outdoes anything she ever did. Mr. Benny, with the benefit of a tremendous job of make-up, displays a fine flair for drama and acting ability. To Big Business must go next acting honors. The man is colossal, to use a worn out Hollywood term. Robert Stack, Felix Bressart, Lionel Atwill and Stanley Blazes give yeoman support.

Edward Small presented "MISTER V," an English made picture which Leslie Howard produced, directed, and for good measure, played the lead in it.

It is Germany in 1939, and Mr. Howard, as an absent minded British archaeologist, is up to his old tricks of stealing prisoners right from under the Gestapo's very nose. One hectic rescue is followed by another still more astounding episode, and while some of these exploits at times strain one's imagination, they movie-goer will surely enjoy.

Mr. Howard knows his movies; his production and casting are well high perfect and his directorial efforts prove him a master of the art of suspense. Personally, he enjoys a field day in the film; his humor is subtle, his poise perfection, the whole played with a sense of restraint that is intriguing. To American theatre-goers the cast is virtually unknown, but your reviewer would like to see more of Mary Morris, playing the daughter of a Polish scientist for whose release from a concentration camp she pretends co-operation with the Gestapo. Delightful, too, is Francis Sullivan, whose caricature of Herr Goering is a masterpiece. Also there is a young chap named Hugh McDermott, one of a group of students who accompany the professor on an expedition into Germany. He's a brash American boy, doing a fine job.

MEET THE STARS WITH VIC BOESEN

In these days when it's considered silk pants stuff to speak well of anyone and fashionable to be cynically sophisticated, one wonders how a fellow like John Boles keeps his charm and friendly deportment.

The millions who have seen and heard him in pictures for the past decade or so will be interested to know that he is altogether the sort of amiable chap he appears to be on the screen. In fact, it may be said that Boles' personality is so rare that he needs to assume no other character to put himself over as an actor. He is a good example of the success of naturals. And yet, when the script requires, he is capable of powerful dramatic portrayal.

We are reminded of this again now that Boles has returned to Hollywood long enough to make "Road to Happiness," which is generally conceded to be the best picture to issue from Monogram in some time. It also is a reminder of the singing we have been missing the past couple of years. However, the Boles voice, far from having been idle, has been taking John all over the United States and South America, with emphasis on South America. Although he went there to sing, with no thought of any indirect ends, there is no doubt that his presence helped just a little more to cement the bricks of unity between our two hemispheres.

He would make a good diplomat. Quite aside from his affable demeanor, Boles has the true diplomatic viewpoint. During his recent concert tour of Pan-America, he sang in English and French, and announced in both these languages and Portuguese, ancestral tongue of most Brazilians. In other words, he sang to the South Americans in their own language.

"I think that too often we make the mistake of expecting the other fellow to do our way and speak our language," says Boles, "instead of his way, which is just as logical - and far wiser."

Boles is a Texan by birth, coming from Greenville. He was supposed to become a doctor, to satisfy a parental whim, and to this end he studied preliminary medicine at the University of Texas, intending to go on with it at Johns Hopkins. Then along came the World War, and Boles found himself in the Intelligence Corps of the Army, serving in France. However, there was occasional opportunity to sing and one night while he was making the most of such an occasion in a YMCA hall, a London vocalist who heard him urged that he make a career of singing.

To that anonymous vocalist we owe a considerable debt.

ERSKINE JOHNSON'S HOLLYWOOD

EXCLUSIVELY YOURS: After a longtime professional feud, sisters Joan Fontaine and Olivia de Havilland have kissed and made up, and want to work in the same picture together. They've instructed their agents to find a suitable story in which Joan's husband, Brian Aherne, also could appear. Tyrone Power's wife, Annabella, returns to the stage in Chicago playing the feminine lead in "Blithe Spirit." On opening night a young man not listed in the cast will play a minor walk-on role. His hair will be pulled down over his eyes. No one in the audience will recognize him. The bit player will be Tyrone Power. U.S.C. is making arrangements to play all of its 1942 football games in the midwest and east if the army doesn't lift that ban on coast crowds. That meeting between Ginger Rogers and Jean Gabin in New York wasn't a coincidence. It was prearranged - by the studio publicity department.

Sign over the mess hall door at San Pedro's Fort MacArthur "Through These Portals Pass the Best Damn Soldiers in the World."

The Hays office censors have reached the stage where they're now censoring shadows. Fox had to reshoot a scene of Ginger Rogers in "Tales of Manhattan" because, the censors said, some stray shadows accentuated her curves.

Jane Duprez gets the feminine lead in "Murder Village" . . . Evelyn Ankers and Cantrell Welles, a navy lieutenant, are an item . . . For the first time in his screen career of 32 pictures, Humphrey Bogart is slated for a tender love scene with torrid overtones. He'll turn on the heat with blonde Irene Manning in "Escape From Crime" . . . Spencer Tracy is reading John Steinbeck's latest unpublished play for a possible Broadway starring vehicle . . . Ann Rutherford got lipstick all over David May's face when she left for a New Orleans vacation . . . Wallace Beery and Loreen Robinson, that Long Beach widow, have rediscovered each other . . . Sign on a Los Angeles theatre marquee: "They Died With Their Boots On" and Selected Shorts.

Sight of the month: Marjorie Main dressed as a French can-can dancer for a scene in Metro's "Jackass Mail."

Jimmy Kern, who is scripting "The Richest Gob in the World" at RKO, was asked to describe the hero of the film. "Well, well, Jimmy, he's the Alfred Gywnn Vanderbilt type - is Alfred Gywnn Vanderbilt was Bob Hope."

Louise Marsh of New Brunswick, N.J., recently organized a Carole Landis fan club and Carole sent her one of her sweaters. Now, to belong to the club, the gals have to fit the sweater. . . Jean Mur is back in town to discuss several picture deals . . . Buddy Rich, the drummer in Tommy Dorsey's band, is carrying a torch for Lana Turner. And Jackie Cooper has been seeing Donnie Haynes, the little swing singer in the same band. . . Bill Powell will portray a Frenchman in his new MGM picture, "Crossroads." The film is a pre-war background. . . And it's George Glass' crack about the Hollywood writer who, when he gets drunk, sees pink producers. . . Huntington Hartford and Letitia Fairbanks were a twosome at the Ching How.

The feature motion picture in the San Quentin prison theatre this week is a movie titled, "All That Money Can Buy" - everything - that is, except the audience's wai over the walls.

Judy Canova now wants to forget completely that Honolulu marriage. She finally talked Republic into changing the title of her new film from "Moonstruck" to "Lucky Bones" . . . Decca has signed Ruth Terry to record an album of songs. . . Edgar Barrier's play, "Now Is the Time," is due for a Los Angeles opening in May. . . Lena Horne's warbling at the Little Tote is the talk of the town. . . David Hempstead, the RKO producer, tells it on himself. A studio executive, pointing out Hempstead to a friend at a studio cafe, said: "That's Dave Hempstead. He's a college man, you know. Personally, I have nothing against education - if you don't let it take any effect on you."

KEN MORGAN'S . . .

HOLLYWOOD KEYHOLE

Some might think it strange that the lead of this week's column concerns a character entirely strange to motion picture fans. But we are certain that the human (or inhuman) interest in back of the story has been so appreciated when we tell you that it concerns MUILEN, a young man, Red Donaghy, a lad with an eye to the stars, purchased a team of mules for \$125. He sold one for \$100 and kept the most apt, which, by process of mathematics, cost him \$25. The latter, dubbed "Uno," has netted this astute fellow more than \$300,000. "Uno" is now 35 years old, and on his birthday he signed a contract at 20th Century-Fox Studios for \$1200 per week, to appear in the picture, "Ten Gentlemen from West Point." In the picture, he is as important to the story as its stars, George Montgomery, Maureen O'Hara and John Sutton. When we saw him act on the set, it was immediately following a call to the studio personnel for an audience of 100 - "Uno" refuses to emote without applause - something we never knew about mules!

Progressive Republic is becoming noted for its refusal to abide by the accepted Hollywood standards - witness its latest move: the casting of one of its Warner stars, Don Barry, in a feature picture, which is grouped into the higher-budget bracket. Also in the picture will be another star, Fay McKenzie, noted for her western appearances with Gene Autry. Let it also be recorded that Republic has all major studios envious with the rights to the title of "Remember Pearl Harbor," which will be the film in which Barry will be cast. A peek at the script, however, showed us that the entire action will take place in the Philippines and not at Honolulu.

THE GOOD RUMOR MAN: Good news - Lew Lehr, of newscast fame, who has been on his back for the past two years with a serious illness, has started on the definite recovery road and will soon be seen in the "monkeys are the craziest people" section on Fox Movietone. . . Sheila Ryan had to break that date with Bob Stack in order to see Don Castle in Palm Springs. . . The Alice Faye Harris baby is due in April. . . Andrea Leeds Howard's in March. . . Suggested theme song of the concentration camp: "Hell, Hell, the Bund's All Here" . . . The bridge expert, Eli Culbertson, will soon author a book on gin rummy. . . love and kisses at the railroad station - Betty Grable, back from Florida, met by George Raft. . . Judy Garland signed her autograph on the seat of a lad's broken leg and now that the break is healed, the boy won't take the darned thing off. . . Kay Kyser and Ginny Sims are around together again. . . Milti Green is touring army camps and has arranged a near-date at Fort Monmouth - Herb Baker is stationed there. . . They say L. J. Jimmie Stewart popped the question to Olivia de Havilland. . . Eva Gabor must be preparing for the bar exam - sees a lot of attorneys Bentley Ryan and Milton Golden. . . Bob Hope's vigorous self is not so vigorous - better get off the army camp shows for awhile. . . Linda Darnell and Ann Miller are due back in town from their army tours - doctor's orders. . . Franchot Tone isn't feeling so well - and now his wife is in the hospital with teeth trouble. . . Ann Shirley is getting around with Roger Pryor. . . Ditto Burgess Meredith and Paulette Goddard. Carol Bruce and Edmund O'Brien. . . Eddie Foy Jr. will portray his late father in "Kanee Doodle Dandy" . . . If Chico Marx can't get a club in New York he will open in Hollywood with his own band. . . Twentieth Century has a couple of uniquely titled pictures going before the cameras shortly - "The Magnificent Jerk" and "Them Lovely Bums" . . . Helene Reynolds, lately divorced from the tobacco king and now an actress, will send her four-year-old son back to Virginia for a six months stay with poppa. . . We like Jerry Bergen's gesture of having his comedy routines recorded at Stacey Mader's and shipped to the boys in camp. . . If John Payne is still interested in knowing the identity of the lovely blonde he was ogling at a cafe the other night, she is radio songstress Joan Brooks, who tests at his home lot next week.

The young lady above is Peggy Moran, now appearing in Universal's "You're Telling Me."

City's Attitude On Baseball To Be Sounded Out Friday

Ramsdell, WT-NM Top Pitcher, Returns His Contract Unsigned

You couldn't class Willard "Pop" Ramsdell as a holdout, but he has sent his long awaited contract back—unsigned.

After three seasons in the West Texas-New Mexico league, Pop was due to go up on the strength of his fine pitching record. Last season he was included in the batch of players Jodie Tate and Tink Riviere turned over to Brooklyn.

Santa Barbara drew Pop and offered him a contract with a substantial raise.

But what with defense industries drawing workers to the West Coast like flies and running up living costs—Ramsdell couldn't quite see it.

So he returned the contract unsigned, but with a nice letter telling the club officials of the class C club that he felt his record had earned him a trial in higher company.

And he may have something there, too, for Ramsdell owns a clean title to the games won record in the WT-NM class-D loop.

He held a tie to the title before last year when he chucked in 20 winners while losing only nine. In all he pitched in 42 games and had a percentage of .735. Pop pitched 282 innings, allowed 125 runs over the season, only 82 of them earned. Opposing batters nicked him for 232 hits, but he scattered them well. He issued 84 passes and struck out 174. His earned run average was 2.93, ninth best in the league.

The record may not appear as flashy as that of some of the younger writers, but Ramsdell is the calculating pitcher. He uses his head as well as his arm. Look at that win column.

Edward resigned the coaching job a week ago to re-enter the navy, in which he worked his way up to lieutenant (senior grade) in the World War. The board relieved him of the athletic directorship Jan. 22 but extended his coaching contract six months to Dec. 31, 1942.

Edward became head football coach in the spring of 1937 when Noble E. Kiser resigned because of illness, and became athletic director Feb. 1, 1941, after Kiser's death. Edward's last eleven won only two of eight games.

Burnham came to take over the freshman coaching job in 1935 from the post of head coach at Central high school of South Bend, Ind., where in 15 years his teams

had run up a record of 118 victories to 30 losses and eight ties. He was born in West Newbury, Mass., and educated at Springfield college, where basketball was invented, and the University of Notre Dame. In the World War he was overseas a year in a trench mortar battery.

He was a close friend of Kiser. In 1919 and 1920, they played on a South Bend young men's Christian Association team that lost only one of 40 games.

Mackey, a chery redhead, became assistant freshman football coach at Purdue in the fall of 1939 after his graduation from the agriculture school. He was appointed assistant varsity coach in 1932 and administrative assistant to the athletic director in 1941.

A native of New Albany, Ind., Mackey played end on the Boiler-maker teams of 1923, 1927 and 1928 under Coach Jimmy Phelan.

Mel Taube and Sammy Voinoff are assistant varsity coaches. Staff vacancies occasioned by promotions are expected to be filled soon.

Meeting Set For 8 P.M. At Settles

What sort of support a Big Spring-owned team would have in the West Texas-New Mexico baseball league this season will be analyzed at a meeting for fans Friday at 8 p. m. in the Settles ballroom.

In announcing the meeting, Dick Ratliff and other enthusiasts made it plain there would be no collections.

"This meeting is to determine how fans feel about baseball here," said Ratliff, "and to learn what support we might expect this Spring."

Big Spring definitely has the inside track on securing the franchise to be released by Le-mesa sportsmen, according to Ratliff, veteran player and who finished out last season on the crack Big Spring team as catcher.

He thought that if support is indicated, then the deal could be closed for transfer of the franchise here.

Jodie Tate and Tink Riviere, owners of the franchise under which the Big Spring club operated last year, have closed out with Le-mesa sportsmen on a "satisfactory basis."

Big Spring has had some uncertain moments in the West Texas-New Mexico league. When first it came here Jack Hutchinson moved his Monahans franchise and built a park. However, the money didn't roll in like he anticipated and creditors began putting the pinch on him for the park bill.

Fans came to the rescue and eventually worked out a deal whereby a local company, with Hutchinson the heavy stockholder, held the franchise. Then matters turned for the better and the club ended the season in good shape.

Next season came Tony Rego, a silver-haired stack of baseball champion, down soon on sports events and other diversions as inconsistent with "the solid and serious intention of this country to achieve victory."

Without a dissenting voice London newspaper, which have been manifesting growing irritation at the continuation of peacetime sports, proclaimed as an indication that Britain finally is ready to wage total war the announcement made to the house of commons yesterday by the new lord privy seal.

All predicted that the people as a whole would welcome the government's decision.

New Manager At Bowling Lanes

H. L. Suckner is the new manager of the Billy Simon bowling lanes here.

Suckner has been associated with Billy at her San Antonio lanes, and moved here to handle operation of the local establishment.

Four Texans Reach Semi-Finals In Golden Gloves Tournament

CHICAGO, Feb. 26 (AP)—Golden Gloves boxers scattered to their homes throughout the midwest and south today, 23 of them to take well-earned rests before returning March 8 to continue the quest for titles in the Chicago Tournament of Champions.

Cleveland's great squad boasted four survivors. So did Fort Worth, Texas, and Milwaukee. Half of their contestants lasted through three withering nights of eliminations which cut an original field of 304 down to the semifinal stage in last night's "round of eight" battles.

Thirty-eight cities sent their local champions to Chicago and 17 of them will have representatives in next week's concluding bouts.

Chicago, Des Moines, Ia.; Minneapolis, Minn.; Fort Wayne, Ind.; St. Louis and Sioux Falls, S. D., each saw two of their fighters weather a stiff schedule which in some cases called for a man to box four times in two nights.

With a single survivor apiece were the teams from Dayton, Ohio; Danville, Ill.; Peoria, Ill.; Oklahoma City, Okla.; Grand Rapids, Mich.; Kansas City, Mo.; Cedar Rapids, Iowa; and Camp Falls, La.

The semifinals by weight divisions include: 126 pound class—Proctor Heistad, Oklahoma City, Okla.; Delbert Cockayne, Des Moines, Iowa; Sammy Derrico, Cleveland, Ohio; Wace Tyons, Sioux Falls, S. D.; 135 pound class—Morris Corson, Fort Worth, Texas; Tommy Lemmons, Milwaukee, Wis.; Bert Williams, Sioux Falls, S. D.; Julius Menendez, St. Louis, Mo.

147 pound class—Bob Burns, Fort Wayne, Ind.; Bobby Richardson, Cleveland, Ohio; Marvin Bryant, Fort Worth, Texas; Joe Krohly, Milwaukee, Wis.; 175 pound class—John Hubbard, Milwaukee, Wis.; Tom Altus, Fort Worth, Texas; Leroy Jeffries, Kansas City, Mo.; Claude Ellison, Cedar Rapids, Iowa.

Heavyweight class—George Rascoe, Cleveland, Ohio; Hubert Hood, Chicago; James O. Phillips, Fort Worth, Texas; Bill Jochman, Camp Falls, La.

Marquette Gunners Defeat Sooners

MILWAUKEE, Wis., Feb. 26 (AP)—That 61-4 football victory Oklahoma hung on Marquette last fall has been avenged!

The Marquette Naval R. O. C. C. rifle team reports a 1,712 to 1,575 victory over the Sooners gunners in a postal meet.

MORE PEANUTS

LONGVIEW, Feb. 26 (AP)—Gregg county farmers are being urged to plant a minimum of 2-355 acres of peanuts this year to help fill the nation's wartime need for oil, says J. W. Bullock of the AAA office.

West Texas State Takes Title With 15 Straight Wins

ALBUQUERQUE, N. M., Feb. 26 (AP)—To nobody's surprise, the Buffaloes of West Texas State have clinched the Border conference basketball title with 15 straight victories in as many circuit starts.

Only one game remains in the Border conference schedule, and that against second place Texas Tech's Red Raiders who have lost two games of 13 and have yet to windup a road trip. Each team plays 16 circuit games.

Arizona State of Tempe automatically clinched third place last night when West Texas State bowled over the Texas College of Mines 58 to 46 at El Paso. It spoiled the Miners' chances to tie Tempe for the spot.

Like a Buffalo in a china shop, the West Texas State giants charged over all opposition with the highest scoring tactics ever seen on sagebrush circuit hardwoods.

While the Buffaloes were clinching the title last night, Harding-Simmons downed the New Mexico Aggies 51 to 39 and Texas Tech knocked over New Mexico university 53 to 35.

Three of the nine conference members and the season tonight. Both Harding-Simmons and New Mexico university windup in Albuquerque while the New Mexico Aggies bring to an end their worst season in years against Texas Tech at State College.

The Aggies have lost 12, won only three.

Frank Frisch Puts Curfew On The Boys

EL CENTRO, Calif., Feb. 26 (AP)—A new midnight curfew, imposed by Manager Frankie Frisch, put a damper today on any surviving tendencies among the Pittsburgh Pirates to cut capers into the wee hours of the morning.

Recalling that two unidentified baseball players broke training rules last year and were fined, Frisch, a strict disciplinarian, served notice that nothing of that sort will be tolerated in 1942.

"Last year I tried to protect the offenders and their families by not giving out their names to the newspapers," the old Flash told the Buccos, who started training here this week. "This year things will be different. Any player breaking rules will be fined and the newspapers will have the names right away."

"Henceforth every player must be in his room by midnight. If you want to stay out later, ask me for permission. I want to know where you are, that's all."

For all his seriousness, Frisch couldn't help injecting a little humor into his "sermon." He wisecracked: "It's a nice place, I may join you there. I like a little fun myself."

Getting back to business, the manager criticized overweight players in the following vein: "I'm surprised some of you fellows aren't in better condition. You should come to training camp ready to pitch in right from the start. From the looks of things, a few of you fellows didn't even take a long walk this winter."

"Things are tough these days and we should be thankful we're playing baseball."

Higbe Says He'll Win 30 Games

HAVANA, Feb. 26 (AP)—"I think I'll win 30 games this year," said pitcher Kirby Higbe, who arrived at the Brooklyn Dodgers camp yesterday and ended his one-man revolt against training in Havana. "But I would have been good for 40 if I had been allowed to remain in Miami."

Dixie Walker also arrived yesterday, leaving the Dodgers with only three absences, pitchers Whit Wyatt and Jack Kraus, both holdouts, and catcher Herman Franks, who was permitted to report late.

Pirates Now May Swing Golf Clubs

EL CENTRO, Calif., Feb. 26 (AP)—The Pittsburgh Pirates who play golf in their leisure hours are bemoaning the fact they left their clubs at home.

Manager Frankie Frisch, who for two years has opposed golfing by his players except on open dates, made the surprise announcement that his pitchers and catchers may shoot a few holes either before or after baseball practice.

Jake Early After The Cleanup Spot

ORLANDO, Fla., Feb. 26 (AP)—Jake Early, the muscular Washington catcher, has his eye on the cleanup spot in the Senators' betting order. As a result, he has come up with a new batting stance which he figures will give him swing more power. Early batted .367 last season and led the club with eleven homers.

The Uniform Makes A Big Difference

CAMP WALTERS, Feb. 26 (AP)—Pvt. Walter Somers found it fun while it lasted.

A clerk at headquarters, Private Somers grabbed a field jacket and went on an errand.

Several enlisted men saluted him smartly. He jokingly returned the salutes. When he entered an orderlies room he was addressed as "sir."

All was explained when he got back to his office and found he had accidentally picked up a jacket with the gold bars of a second lieutenant.

EX-GOVERNOR DIES

DENVER, Feb. 26 (AP)—Jesse F. McDonald, 65-year-old mining executive and former governor of Colorado, died last night.

The letter B is one of the oldest in the alphabet.

SPORTS ROUNDUP

By HUGH FULLESTON, JR.

NEW YORK, Feb. 26. (Wide World)—The fight mob expects Cleveland to get the third Joe Louis-Bob Pastor fight next summer (if Joe) can get away from the army for it. . . . The Pastor-Franklin scrap was final proof that fans will turn out in what used to be a poor fight town as long as the promoters keep giving them good fights. . . . John Dungan Rigney, the White Sox pitcher whose wife, Dorothy Comiskey, is the club treasurer, says he got orders from the club that no wives would be allowed in training camp. Wonder what Kirby Higbe would do in that situation? . . . Cornelius Warmerdam, the cloud-scraping pole-writer, thinks his pastime would be a lot easier if he could invent a collapsible pole that he could cart along on trains and planes. . . . Tennessee has abandoned the idea of sending its football movies to army camps and Knoxville writers say it's because there's no chance to recruit freshmen prospects in the army.

Grave In The Grove

When Lefty Grove and his son, Robert Gardner, went to the high school in Lonsacong, Md., to register for selective service, Old Man Moose hesitated a moment when he came to "occupation." . . . The lecher filling out the card suggested that he make it "retired baseball player." . . . Lefty waved aside the suggestion. "Make it unemployed," he said.

Service Dept.

Flying cadets at Victoria, Texas, have formed a "Dapper Dan" club and are emulating Al Abrams' famous Pittsburgh organization by getting up a charity boxing show. . . . Lieut. Frances X. Reagan of the Quantico marine base, who used to play quite a bit of football for Penn and the Glens, will marry Catharine Donnelly, a college classmate, March 14. Corp. Dick Ganslen, former Columbia pole vaulter who has been clearing the wires instead of the cross-bar at the Fort Monmouth (N. J.) signal corps school has been sent to the officers' candidate school. . . . The 23rd engineering battalion organized a close victory over the 9th infantry in the third armored (theyou blits) division wrestling tournament at camp Poly, recently, and the third armored maintenance battalion maintained a hold on third place.

Today's Guest Star

Springer Gibson, Chattanooga (Tenn.) Evening Times: "British soldiers want to see Joe Louis in action. If they want to keep their morale, they'd better not watch him against one of their own men."

Sportsport

The Giants may have a better pitcher than they know in Sal Maglie, rookie up from Buffalo. . . . In a recent Muny league baseball game at Niagara Falls, N. Y., Maglie pitched in 61 points. . . . One of the squaws N. Y. U. boys have against abolishing football is that most of the athletic council members are alumni of other colleges and can watch their own alma mammys when they feel the urge on a fall Saturday. . . . Joe Louis couldn't get to Cleveland for Tuesday's fight, but he did find time to visit the New York Sportsmen's show and get a look at Joe Kizwood's trick golf shots. . . . Fritz Crisler, Michigan athletic director, was reduced to a mere assistant coach last night. When Basketball coach Benny Osterbay was called away, Ernie McCoy moved up to handle the team against Chicago and Crisler sat on the bench as his aide.

Bear Nonense

Learning that nine members of the Oakland Pacific Coast league ball club are planning to quit work in the shipyards to report for spring training next week, Art Cohe of the Oakland Tribune suggests the club should hire women players instead. That wouldn't take men away from vital defense projects, he maintains, and besides there has been a lot of talk about putting women in non-essential industries.

A growing proportion of pulp and paper production is to be earmarked for packaging war materials, according to the department of commerce.

Elmer Burnham, Red Mackey Given Posts At Purdue

LAFAYETTE, Ind., Feb. 26 (AP)—Elmer Burnham, who began his coaching experience on a high school job, is to be Purdue university's head football coach, and Guy (Red) Mackey, who's worked nowhere but at Purdue, its athletic director.

The trustees chose them yesterday to succeed Allen H. (Mal) Edward Sunday. Burnham is head freshman coach and Mackey assistant varsity coach and administrative assistant to the athletic director.

Edward resigned the coaching job a week ago to re-enter the navy, in which he worked his way up to lieutenant (senior grade) in the World War. The board relieved him of the athletic directorship Jan. 22 but extended his coaching contract six months to Dec. 31, 1942.

Edward became head football coach in the spring of 1937 when Noble E. Kiser resigned because of illness, and became athletic director Feb. 1, 1941, after Kiser's death. Edward's last eleven won only two of eight games.

Burnham came to take over the freshman coaching job in 1935 from the post of head coach at Central high school of South Bend, Ind., where in 15 years his teams

had run up a record of 118 victories to 30 losses and eight ties. He was born in West Newbury, Mass., and educated at Springfield college, where basketball was invented, and the University of Notre Dame. In the World War he was overseas a year in a trench mortar battery.

He was a close friend of Kiser. In 1919 and 1920, they played on a South Bend young men's Christian Association team that lost only one of 40 games.

Mackey, a chery redhead, became assistant freshman football coach at Purdue in the fall of 1939 after his graduation from the agriculture school. He was appointed assistant varsity coach in 1932 and administrative assistant to the athletic director in 1941.

A native of New Albany, Ind., Mackey played end on the Boiler-maker teams of 1923, 1927 and 1928 under Coach Jimmy Phelan.

Mel Taube and Sammy Voinoff are assistant varsity coaches. Staff vacancies occasioned by promotions are expected to be filled soon.

Six Air Corps Men Killed As Freight Train Smashes Bus

ENID, Okla., Feb. 26 (AP)—A Rock Island freight train ripped through a bus today killing six enlisted men in the Army Air Corps.

Twenty-five others were injured in the crash which occurred in a blinding snow storm, half a mile west of Enid.

The list of dead supplied by Capt. Calvin W. Hammond, press relations officer of the Enid flying school:

Pvt. Herbert J. Taylor, 22, Lake Kerr, Fla.
Pvt. Eugene L. Underwood, 23, Rogersville, Pa.
Sgt. Eugene J. Sanders, 26, Yoakum, Tex.
Pvt. Vernon Ohnstead, 26, Georgetown, Minn.
Pvt. Robert W. Walker, 23, Bay City, Tex.
Pvt. Cyril J. Minarek, 21, Chicago.

Critically injured were:

Staff Sgt. Ernest M. Shultz, 25, Fayetteburg, Tenn.
Pvt. John Ludlum, 25, Battle Creek, Mich.
Less seriously injured and expected to recover were:

(Ranks not given)
Raymond W. Mues, 22, Holsington, Ky.
Lawrence P. McBrerety, 22, Chicago.
William F. Burton, age not given.
Jacob O. Lucchesi, 22, San Jose, Calif.
John R. Baugh, age not given.

Food Production Possible Quickly Through Use Of Frame Gardens

Frame gardens offer a quick avenue to realizing food production goals, Girdy P. Flacha, home supervisor for the Farm Security Administration said today.

By developing frame gardens, almost every family in Howard county can immediately begin growing fresh vegetables at home in a sub-irrigated plot.

Planned for adaptation on little farms as well as big, the frame unit as shown above utilizes old tin cans in the place of more expensive tile to sub-irrigate the garden.

An outstanding feature of these frame gardens is the fact that fresh vegetables can be grown for the family tables before the ordinary gardens are in production, and for many weeks after first frost in the fall. An ordinary sized frame garden will produce all an average family needs for daily use, according to Mrs. Flacha.

Production of a balanced ration of vegetables fits into the over-all program of protecting the health of the nation's people with better diets, pointed out the supervisor.

Complete instructions for building and planting a frame garden can be obtained at the Farm Security Administration office in the basement of the postoffice building here, or at the county home demonstration office, said Mrs. Flacha. She advised them because "they are inexpensive and very little trouble to build and plant."

Evergreen Trees At US Farm Prove Effective Windbreak

The wind was stirring up an awful mess. It clawed up sand and lashed it along.

Nothing out of the ordinary for a day approaching spring in West Texas where the wind does sometimes blow. There was nothing out of the ordinary the way it whipped around the tops of an evergreen plot at the U. S. Experiment Farm either.

But there was something highly interesting if not extraordinary about how still it was on the lee side of those trees. The weather bureau recorded the wind at around 35 miles on a sustained basis. Yet, with the mat of trees as a shield, it was almost as calm as inside a house.

That's why those trees have been growing in that particular plot for the past eight or ten years. That's why the trees have been planted on such unusual spacings—just to see if the wind would blow through them.

Well, it works. It works just like a brick wall where there has been fairly close spacing, and even where the widest spacing rule has been followed, the trees are plenty effective as a windbreak.

Best of the lot of trees are the youngest — the Arizona cypress which were put out eight years ago. These have enjoyed rapid growth. Today they tower up around 25 feet in some instances and top even the red cedars which have been out for 10 years. Although the arbor vitas have been out 10 years, they have not towered up like the other two, but have spread well. However, their thickest part cannot compare with that of the cypress.

How far this would protect a field from wind is problematical. They offer considerable protection of several times their height, and were they given general planting—that is a border around most fields or at specified intervals—they might check the speed and diminish the effect of winds which have been whipping across West Texas in the spring.

Coming along pretty fast now is a big patch of pine trees adjacent to the Arizona cypress, the red cedar and the arbor vitas. Planted 10 years ago, except for numerous replantings, the pine are catching hold. Several are now up to 10 feet and filling out. So far they are making no great record as windbreaks, but they are making steady progress. Some day, years hence, the farm may have a right nice little wood lot.

Newspaperman Is Claimed By Death

DALLAS, Feb. 26 (AP)—Funeral services will be held tomorrow for Louis Polk Head, 61, veteran newspaperman and student of municipal government, who died at his home here yesterday.

His career included work on newspapers in Kentucky, Tennessee, Ohio, Illinois, Indiana, Colorado, Missouri, Arkansas, Florida and Texas.

The winter home of the chimney swift, one of our most common summer birds, is absolutely unknown.

Man Indicted For Falsifying Registration

HOUSTON, Feb. 26 (AP)—To be returned to Texas for trial on a charge of false registration for the draft in Galveston county and making false statements in his draft questionnaire is Charles Peter West, alias Charles Peter Wisotaky, alias David Walton Fell. (Dr. Homer Price Hainey of the University of Texas recently announced that a man named David Fell was discharged from the medical branch faculty because he was an impostor.)

West-Wisotaky-Fell was indicted yesterday by a federal grand jury. Judge T. M. Kennerly issued a capias for the man's arrest and fixed bond at \$1,000.

A certified copy of the indictment was sent to New York, where the man now resides. According to the indictment, he registered with the Galveston county draft board as David Walton Fell. His given his age as 30 and his birthplace as Albemarle, Va.

In truth, the indictment said, his name is Charles Peter Wisotaky and he was born in New York in 1916.

More Women Will Soon Be At Work, Kansan Predicts

By the Associated Press

More women than men are working at civilian jobs in England—and the same condition will exist in this country when America's war effort hits full speed, Henry J. Allen, Wichita newspaper publisher and former governor of Kansas, predicts.

Allen, who speaks at the Dallas Salesmanship club's meeting today, is national chairman of the British Child Aid committee of the Save the Children federation. He has just returned from a trip to England.

Organized labor will pay dearly before the war ends for what he termed flouting of public opinion through defense industry strikes, Allen declared.

"When the American people finally realize we might lose the war x x x when American homes over the nation begin going into mourning for our boys and power losses, the parents and wives and brothers of the men who went to die for \$21 a month will inevitably lose all patience," he asserted in an interview.

"It will mean not only a complete end to concessions, but reprisals, bitter and far-reaching," he added.

Sterling Co. Test Cements Casing

Gulf No. 1-C W. L. Foster, a scheduled 8,000-foot rotary test three miles south and slightly east of Sterling City, cemented 2,000 feet of 9 5/8 inch casing Wednesday with 600 sacks.

The test is located 660 feet from the north and west lines of section 25-12-34R.

S. C. Currie-E. M. Wahlenmaier No. 1 Frank E. Harris estate, projected 7,000 foot Ordovician test, remained shut down at 1,407 feet after having encountered sulphur water in drilling two feet into sand. The 12 1/2 inch string had been cemented at 1,044 feet, two feet below top of the main Permian line.
