Revival at Church Of Christ Will Begin Friday Night

Beginning Friday night of this week, C. McClung, of Fort Worth, will conduct a revival at the Church of Christ. Two services will be conducted daily and "the Gospel" will be preached with earnestness and zeal. When you miss these services you will lose, for you will fail to receive the "Words of Life," "fitly spoken". T. L. KIMMEL, Pastor.

Tudor and Associates Building Gin at Wilson

R. H. Tudor, experienced gin man of Slaton, and W. A. Dykes, of Lubbock, are constructing a five-stand gin at Wilson, having recently purchased the site there from J. S. Edwards, of this city. Mr. Edward's gin at Wilson was destroyed by fire early this spring.

J. B. Neely Buys Slaton Service Station

Announcement is made this week that J. B. Neely, who is well known in Slaton, has purchased the Slaton Service Station on the corner of Lubbock and Eighth streets. The business was formerly owned and operated by Mr. Ely.

Local Man Buys Business at Olton

W. E. Kelly, formerly of the Kelly Produce Co., here, has purchased a filling station, hotel and grocery business at Olton, in Lamb county, it was announced this week, and he and his family are moving there to make their home. Mr. Kelly states he will also put in a produce business and cream station at Olton.

Band Concert Announced for Saturday

Announcement is made that the Slaton band will give a concert from the band stand on the city hall lawn, Saturday evening, and those who enjoy band music are invited to be there. Joe Heinrich is director of the Slaton band, and his delegation of musicians have recently been entertaining Slaton folks with some splendid music.

Amendments Get Refusal at Hands Of Slaton Voters

In the election held in Texas last Monday, Aug. 1, to pass upon four proposed amendments to the state constitution, only a few of Slaton's eligible voting citizens took the time and trouble to register a choice at the polls. Two voting boxes were maintained, two being eliminated on account of the light interest manifested in the contest. Out of approximately 1,000 eligible voters, only about one-fourth, 253, voted.

The opposition to the amendments as expressed by those who did vote amounted to about five to one, according to election officials, with a larger vote favoring the judicial amendment than was shown toward any other. This was likewise true all over the state, on the face of returns from 200 counties, only a few of which were complete, and with the total vote counted amounting to slightly more than 100,000. The majority against the amendments taken statewide promises to reach three to one, it is predicted by tabulators.

F. V. Williams and H. W. Ragsdale were in charge of the two voting boxes maintained here Monday. The other boxes, if maintained, would have been presided over by J. W. Hood and J. W. Baker.

Has Operation Friday For Appendicitis

Henry Jarman was taken to Lubbock last Thursday evening, where he immediately underwent an operation at Lubbock Sanitarium for appendicitis, his case being acute. Henry is recovering rapidly, according to reports, and will likely be able to be at home early next week.

Slaton Fishermen Return After Good Catch

Mr. and Mrs. H. G. Whitaker, Mr. and Mrs. J. H. Whitaker, and W. E. Olive and family returned Sunday from a stay of two weeks on the Llano and Concho rivers, where they enjoyed their second fishing trip of this season. As usual, they report lots of fish caught, and say they had enjoyable vacations.

Commissioner on Trip With Family

J. T. Pinkston, county commissioner in Lubbock County, representing the Slaton precinct, left with his family early this week for a vacation trip of about ten days to be spent at Electra, Texas, where relatives reside. His parents, who live in Grayson county, are also visiting at Electra, and will be there while the commissioner is vacationing outside of the Santa Fe Center of West Texas.

That's a reminder, too. Before Mr. Pinkston left Slaton, he executed a nice little piece of advertising matter for the city. The tire cover on the spare tire carried on his car at the rear, was painted over with this lettering in bold white on black background, "Slaton, Santa Fe Center of West Texas".

Commissioner "Pink" is a real booster for his town and community, and believes in advertising it to the world.

CHICKEN BARBECUE ENJOYED AT BUFFALO SPGS.

A party of Slaton folks, and their guests, enjoyed a chicken barbecue at Buffalo Springs Monday evening. Those in the party were: C. F. Anderson and family, J. W. Hood and family, L. B. Wootton and family, Rev. J. W. Willbanks, and family, Mrs. J. W. McDonald, of Lamesa, and her daughter, Mrs. H. G. Stokes, of Abilene. Messrs. Rowland Anderson and Sam Willbanks were the artists in charge of the barbecue pit, it was said, and all enjoyed the occasion immensely.

Mrs. Fannie Nickel, of Lubbock, is visiting with relatives here this week. Good second hand Sewing Machines, sell cheap or lease.—Elrod Furniture.

HEAVY PROPERTY LOSSES IN EARLY MONDAY MORNING FIRE

Blaze Originates in Bakery Where Serious Damage is Inflicted; Two Other Buildings and Stocks Bear Their Share of Injury.

The first fire of large proportions to have occurred here within many months suddenly swooped down upon the city early Monday morning and wreaked its toll of vengeance to the extent of what estimates say will reach at least a total of \$10,000.00 in losses.

The blaze originated from an oil burner under an oven in the Slaton Baking Company's plant, owned and operated by E. S. Brooks. It is supposed the burner exploded, thus causing quick spread of the flames. First discovery of the fire was made about 2 a. m., by a tourist passing through the city, a man said to reside at Plainview. He turned in the alarm which brought the fire department to the rescue in time to check the flames and prevent total destruction of some of the property ablaze as well as of other adjoining property, but not in time to confine the damage to a negligible extent.

The equipment, stock and fixtures of the bakery were all seriously damaged, much of it being entirely ruined. Heavy loss was had on the building, too, which belongs to E. Roper, of Plainview.

In the adjoining building where a stock of ladies' ready-to-wear was owned and the business conducted by Mrs. C. A. Bruner, practically everything, including stock and fixtures, was ruined by smoke and water, though it was said the flames did not get to the interior of the structure. This building, according to information reaching The Slatonite, was recently bought by Mrs. H. T. Shelby. It was heavily damaged by smoke and water, and by fire on the west wall.

The building next adjoining is owned by T. M. George, local groceryman, who operated a stock of groceries in that structure. Heavy loss occurred in this property due to smoke and water damage.

It was reported Monday that the total losses had been estimated at \$10,000.00, with partial insurance coverage on virtually all the damaged property.

The fire-swept property is located on the north side of the public square at the northwest corner facing south, where Ninth and Garza streets intersect.

Mr. Brooks, owner of the bakery, said Monday that he hoped to have the bakery in operation again as early as it is possible. The other two stores, before re-opening, would have to adjust insurance claims, as is true of the bakery, also, and then place the buildings and stocks in proper condition, it is said.

Mother of Mrs. McClung Dies at Bonham

Mrs. S. A. McClung, accompanied by her little daughter, Billie Jo, returned the latter part of last week from Bonham, where she attended the funeral of her mother, Mrs. Elisen Stapleton, who died at her home July 22. Mrs. McClung was with her mother at the time of her death. Four daughters and one son survive the deceased, all the daughters being present for the funeral services.

DEATHS.

Alvin Noack, aged 28 years, died at Wichita Falls Sunday, July 31, and his body was buried at Southland last Monday, Aug. 1, according to Foster Undertaking Co., here, who had charge of funeral arrangements. Mr. Noack's relatives live in the Hackberry community. He is survived by his parents and several brothers and sisters. Body of the deceased arrived in Slaton Monday on the noon train, and was carried to Southland in the Foster hearse.

Mrs. Rampey, of South Slaton, died at the family home last Saturday, July 29, and was buried in Englishwood cemetery Sunday, The Rev. Randolph, of Lubbock, conducting funeral services. Foster Undertaking Co. here had charge of the burial.

Slaton Scouts on Annual Camp Near Post This Week

Several Boy Scouts from Slaton are enjoying the annual ten-day encampment of the South Plains Area Council, Boy Scouts of America, which is being held at the Boy Scout camp grounds, near Post.

According to a post card, received by The Slatonite this week from Scoutmaster J. B. Caldwell, 104 Boy Scouts are enjoying the encampment. Ten Scoutmasters are there looking after the welfare of the scouts.

Boy Scouts, of Slaton, who are enjoying the encampment, are: Julian Kessel, LaVerne Manire, LeRoy Manire, Courtney Sanders, Russell Graves, Odie Hood and John P. Hardesty, Jr.

Super Attractions Coming to Palace

"Diplomacy," the big secret service story, with Blanch Sweet, has been slated to appear Friday, one night only. New York Reviewers have acclaimed this number to be among the strongest, and most tense of late pictures.

On Saturday, matinee and night, Douglas McLean in his new picture, "Let It Rain," with most of the action laid on a battleship, offers a most appropriate attraction for the week end. There are laughs galore, and Mr. McLean is said to beat his best.

Monday and Tuesday, the ever charming Colleen Moore, is to appear in a type play, called "Naughty But Nice". It's a story of College days and school antics, and she says, "Come and see me, I'll let you in on all the secrets".

GARREN—TARPLEY.

Wednesday morning of this week, Mr. W. E. Garren, well known here, and who is employed at the Texas Grocery, and Miss Verma Tarpley, daughter of Mr. and Mrs. W. F. Tarpley, drove to Lubbock, and were quietly married. The newly married couple left Slaton Wednesday afternoon for points in East Texas, where they will visit for about two weeks.

WOLFSKILL—ROPER.

Miss Eula Roper and C. J. Wolfskill of Slaton, were married at the home of the bride's parents, Mr. and Mrs. E. Roper, Saturday night at 8:30 o'clock.

The procession entered to the strains of "Lohengrin" played softly by Miss Inez Roper. Immediately following a solo, "I Love You Truly," by Miss Joyce Carl, the ring ceremony was read by the Rev. L. N. Lipscomb. The bride and groom knelt at an altar covered with vines and daisies.

Mr. Wolfskill is connected with the Santa Fe Railroad at Slaton. After a week's visit in Galveston, Mr. and Mrs. Wolfskill will be at home at 700 West Eleventh street, Slaton.—Plainview Herald.

Mrs. Will Peek and children, of Commerce, and Mr. and Mrs. Floyd Peek, of Paducah, visited in the home of Dr. W. A. Tucker and family last week.

Mrs. R. D. Griffin and children returned Wednesday evening from Moran, where Mrs. Griffin was called recently on account of the serious illness of her mother.

Miss Dove Henson, of Pasadena, California, who has been attending Central State Teachers' College at Edmond, Okla., this summer, is visiting her sister, Mrs. R. H. Broadwell. Miss Henson expects to leave about the middle of September for Chickasha, Okla., where she will teach in one of the public schools for the following year.

E. N. Pickens and family have returned from a vacation of 10 days spent with relatives and friends in East Texas points. They were accompanied to Slaton by Mrs. Pickens' sister, Miss Littlefield, who is a teacher in the Idalou schools. Mr. Pickens is back on his job at the Piggly Wiggly store.

Getting Judges In Contest Here On Pretty Lawns

Plans are now being carried out for securing out-of-town judges who will officiate in making awards Monday, Aug. 15, to the winners in the "Pretty Lawn Contest" which is being conducted this year by the Slaton Chamber of Commerce, according to officials of that organization.

The probability is that definite announcement will be ready by this time next week relative to holding a public meeting at which the awards will be presented. Such plans, if completed, will be announced in The Slatonite in next Thursday's issue. Prizes are offered to first and second winners in the home-owning class and to first and second winners in the home-renting class. In each case the prizes are \$15 and \$10.

The contest soon to come to a close was opened early this year after being arranged for by the Social Service Committee of the Chamber of Commerce. The members of that committee are: J. T. Overby, chairman, J. I. Bradley and C. L. Sone. Interest has been keen in the race for honors throughout the spring and summer, it is said, and it is believed it has caused much improvement in the appearance of a large number of home premises all over the city.

Popular Young Couple Are Leaving Slaton

W. C. Wilson, employee of the City Drug Store here for the past eleven months, left that firm's employ Aug. 1, and will be associated with W. M. Blakemore's drug store at Lorena, twenty miles northeast of here, beginning at once.

Mrs. Wilson, who is now visiting her parents at Thorndale, Texas, will return home this week to assist her husband in getting moved to their new home.

Mr. and Mrs. Wilson, during their residence here, have formed a large circle of friends throughout the city and surrounding communities, who will regret to learn of their removal from Slaton. They have been active in church and social circles while here, and will be especially missed in these spheres.

W. C. is a brother of L. A. Wilson, secretary of the Slaton Chamber of Commerce.

Webb Produce Sold To Albert Traweck

The Webb produce was sold this week to Albert Traweck, who for the past several months has made his home here, coming here last winter from Snyder, Texas. Mr. Traweck has already taken charge of the business. Messrs. Webb, former owners of the produce house, announce their intentions to move to Lamesa about August 20.

I. M. Brewer and family left this (Thursday) morning for Houston, where they expect to enjoy a two weeks vacation with relatives and friends.

This week the Texas Market, of which L. D. Pierce is owner, bought about one hundred head of young, fat baby beavers from the North Plains. Mr. Pierce states these beavers are the very choicest, and range in ages from 8 to 14 months. They will be butchered as needed for the Texas Market.

MRS. WILLBANKS ENTERTAINS C. AND C. CLUB.

Saturday, July 23, at the Clubhouse, Mrs. Willbanks was a very delightful and charming hostess to the Civic and Culture Club. Since this was the regular date for a social meeting of the club, only a short business session was conducted.

The afternoon was spent playing forty-two and other games. A dainty and refreshing plate lunch was served to the members and one guest, Mrs. H. D. Porter, of Marcelline, Missouri.

Eight Advantages That the Gilbert Awning Has Over Other Auto Awnings.

It can be used for an awning, or pulled down straight and used for a curtain. When not in use it rolls up inside of car and does not interfere with occupants of the car. Does not interfere with operation of glass. Glass will go all the way up. It is the only awning on the market that does not fit in the groove of the door and interfere with glass. Clamps on the frame of the door with four nickel plated brackets, without marring or defacing your car in any way. The awning may be lowered to any desired angle or pulled down for a curtain. The frame as well as brackets are highly nickel plated. The curtain is made of Dupont Fabricoid, which is water-proof and will not fade. It is trimmed in silk fringe to match. Adds 50 per cent to the appearance of any car. Can be used Winter and Summer.

AUTOMOBILE BUILDING AND EXHIBIT HALL PLAN NEW FREE FEATURES

Dallas, Texas — (Special) — Confronted with the fact that the attractions at the State Fair of Texas, October 8 to 23, are to be so many and varied, the exhibitors in the Automobile Building and in the Exhibit Hall, where the commercial displays are shown, have suddenly sprung into action and have organized to make their two buildings so attractive that each will get its share of the million people expected to attend the fair, regardless of the pulling power of the other shows, exhibits and entertainments.

The result of this will be a series of displays, entertainments and attractions in those two buildings which will make each one of them a fair in itself. The automobile men have planned several startling stunts devised to draw the crowds, while the commercial exhibitors claim to have up their sleeves a surprise attraction which will make their building the most popular on the grounds.

All this means more entertainment for the man who enters the gates. His only difficulty will be to find the time to see all that there is to be seen. There is no longer any doubt in the minds of anyone familiar with the situation that the 1927 State Fair is to be the greatest and the best ever held. There will be better agricultural exhibits, there will be the largest and most complete livestock show ever held in the Southwest, there will be shows and entertainments galore, and now even the exhibitors are coming to the front with plans to make a good show still better.

FIVE FAST RUNNING HORSE RACES EVERY DAY EXCEPT SUNDAY

"When you come to the State Fair in October," says Otto Herold, director in charge of the Horse Department of that great show window of Texas, "if it is horse racing you like you will have your fill this year."

"There will be five fast-running races every day except Sundays. There will be whippet races every day and evening, and whippet or greyhound races are new to Texas. There will be one of the best horse shows ever produced here, with famous exhibitors from all over America. There will be polo games between fast teams from Texas, Oklahoma and Kansas cities."

Free "Ringside Seats"

"And if you don't feel like taking a seat in the grandstand, you can drive your car up to the rail around the new three-quarter mile track and watch the races while seated in your own auto. If you are in the grandstand, however, you will get a closer view of the whippet races and will see the Hippodrome show, on which we will spend many thousands of dollars for your entertainment."

"There will be 10 big-time acts, all of them new to Texas. And there will be day and night fireworks, a famous band with several fine singers, plenty of clowns and everything the directors could think of to send you back home more than satisfied and with a feeling that the amusements at the State Fair were better than you had ever seen anywhere."

STYLES IN CATTLE CHANGE LIKE WOMENS' CLOTHES

Dallas, Tex.—(Special)—"Styles in cattle change, just as surely as do the styles in women's clothes—the not, perhaps, so suddenly," says Henry C. Barlow, superintendent of the Shorthorn Division of the cattle show at the State Fair of Texas, a

"Can you remember the old-fashioned kind, that paraded the tanbark at the State Fair, 40 years ago? They were called 'Durhams' then—a long-legged, long-necked, uneven-bodied animal. But he was a vast advance upon the old Longhorn, and he filled the bill for his time and age."

"What a difference today! Your modern Shorthorn is a short-legged, deep-bodied, even-fleshed beast, which matures in half the time of the older kinds and this with no sacrifice of milking qualities—the ideal 'farmers' cow."

Shorthorns, Jerseys and all other preferred breeds of beef and dairy cattle will be shown at the State Fair, October 8 to 23. It is claimed that the Jersey show alone will be the largest ever held in the United States. Famous breeders from all over the country will show the most famous animals, champions all of them.

The swine show will out-top anything ever held at the State Fair, as the interest in hog raising is growing by leaps and bounds, it is said. Sheep and goats also will be better represented than ever. The sheep industry of Texas is expected soon to outrank that of any other state.

To Help Boys Through College

The following information is given out by the North Texas Agricultural College at Arlington, Texas:

"Arrangements are being made whereby one hundred boys can work their way through the North Texas Agricultural College at Arlington on the half-time co-operative plan during the ensuing scholastic year. Three vocational courses will be placed on this basis: general electricity, auto mechanics, and agriculture. The boys taking these courses will alternate between work and study. For a period of six weeks they will be in the classrooms at the College, receiving instruction in the principles and theories lying at the foundations of the courses they pursue. That is to be followed by another period of six weeks in industry where each boy will be assigned a job at which he may work for pay. The jobs, for the most part, will be in the electrical industries, with the automobile dealers and well equipped garages, on the up-to-

date farms, and at the well-appointed commercial dairies in the vicinities of Arlington, Fort Worth, and Dallas.

"In general, the boys will receive enough money while on the job for six weeks, if they are economical, to pay most of their expenses while in school the following six weeks. However, earning one's expenses while in school, or working one's way through school, worthy as that may be, is not the main object of the co-operative plan. That is a mere incident to it. The chief thing in view is its educational value—the proper union of theory and practice. College education is often criticised and even reviled for being impractical. Graduates are denounced as helpless—helpless because they have read about and been told about so many more things than they have ever had an opportunity to touch, handle, and master in a practical way. It is just this weakness, so universally recognized in the American system of education, that the part-time, co-operative plan seeks to alleviate. Boys of limited financial means who desire to take advantage of this plan should apply at once to Mr. B. A. Bickel, Registrar of the North Texas Agricultural College, at Arlington, Texas."

MORGAN MENTIONS.

(July 21, 1927.)

J. W. Calvert's mother, who has been visiting her son and family during the summer, left for her home in Central Texas Saturday.

Miss Virgie Mills and Miss Louise Thompson were the guests of Mrs. M. G. Whitaker, of Slaton, Saturday night and Sunday.

Miss Ione Ward, who has been attending the summer normal at Canyon, returned home Friday evening. Singing was held at the school building Sunday afternoon.

Mr. and Mrs. R. L. Thompson and family attended the Carnival in Slaton Saturday night.

The majority of the farmers of this section are about through with hoeing and many of the families will leave on their vacations during the week.

Mr. and Mrs. Sherman Mills spent the week end with Mrs. Mills' Parents, Mr. and Mrs. Mackie.

Mr. and Mrs. R. L. Thompson visited their daughter, Mrs. Vernon Crews, Sunday.

Mr. and Mrs. J. Mills spent Sunday with Mr. and Mrs. C. B. Mackie.

The ball-game Saturday between Union and Morgan was won by Mor-

gan, 3 to 0. The game Sunday at Mansfield's was between those of the dairy and Morgan, Morgan being the loser.

NEW HOME CLUB.

(July 21, 1927.)

The ladies of the Home Demonstration Club met last Thursday at Mrs. R. H. Bates'.

The house was called to order and each answered the roll call with "What My Family Will Have or Has Had For Recreation This Summer."

The program was only partially discussed. Basket making was our subject this month, but owing to the absence of Miss Halsey, we could not begin the work.

The rest of the evening was spent working on the braided rag rugs; after which delicious refreshments were served, and all the guests departed, each reporting a nice time.

Those present were: Mesdames R. H. Bates, J. B. Lowe, G. N. McWhorter, Grady Gore, H. R. Minor, J. P. Fulton and W. V. Starnes.

The visitors were: Mesdames W. P. Goad, Fannie Farris of Denon, Texas, Gladys Horton, of Amarillo, Texas, and Miss Irene McWhorter.

The Most **Amazing Quality** in Chevrolet History

Offering the most amazing quality in Chevrolet history, today's Chevrolet is the most popular gear-shift car the world has ever known.

Quality in design! Quality in construction! Quality in appearance and performance! Never before has a low-priced car possessed them to such an amazing degree—because no other low-priced car combines the progressiveness of Chevrolet and the diversified experience, the vast resources and marvelous facilities of General Motors.

Go with the crowds and study today's Chevrolet. Mark well the aristocratic beauty of its lines—the superbly executed details of its bodies by Fisher.

Then go for a ride! Revel in the thrilling spurt that results when you "step on the gas." Delight in the smooth operation—the swift sweep of the passing miles. Marvel at the way the car hugs the road, the ease with which it obeys the steering wheel, the promptness with which it responds to the brakes!

Here is quality obtainable at prices which reflect the savings of tremendous production and which emphasizes the willingness to share these savings with the public.

lives above reproach is when he is
asleep. Now if sleep could only be
made to include that condition when
one is in a stupor.

We make the remark based alone on
theory, but reports indicate that the
probability of a second world war
will be a very real thing in the near
future.

It should be remarked, and in all
fairness remembered, that when law-
yers gained the reputation for being
the chiefest among liars, the modern
ad. writer had not yet appeared on the
scene.

Two pretty sure ways to lose con-
trol of your car are, in an emergency
set your foot on the gas instead of the
brake, and neglect the installments.

It can be claimed in behalf of man's
reputation for veracity that you never
hear one any more remark to a lady,
"I've seen very little of you lately,"
that is, if he has seen anything at all
of her.

If you are a success it is not be-
cause you belong to this, that or the
other organization, whatever its char-
acter, but because it is YOU. Gener-
ally and specifically speaking, blood
will tell.

Were it not for Chicago, Big Bill
Thompson, Henry Ford, The Third
Term, Nicaragua, prohibition, and oh
yes, women's skirts, a poor columnist
would have an awfully hard time this
hot weather.

Another sign that times have
changed, (for better or for worse we
refuse to say, it being beyond our de-
sires to sit in judgment), is that one
no longer hears a flask totter offering
his dread-of-snake bite as a defense.

The parade of the old-timers at
Slaton's Sweet Sixteen birthday cele-
bration causes us to wonder how long
it will be before we can call the pa-
raders Natives.

A news item says that Mr. Gary can
start in motion his vast steel mills
merely by a wave of his hand. The
pity of it is that he can also stop them
with a like gesture and affect the wel-
fare of thousands of persons.

Just a short time ago we were of
the opinion that Lindbergh had per-
formed a wonderful feat, but we find
ourselves receding from that opinion
as we read the poetry that is being
dedicated to him.

There are three reasons why none
of us will say some things to some
people: First, because they couldn't
understand us; secondly, because they
would misunderstand us; and thirdly,
because they would understand us.

A Dallas man says Moody is brave
because he fought for the amend-
ments. Tom Blanton says he is young
and impetuous. This periodical says
the youthful statesman for once in his
life was dead wrong.

The Collier editor remarks: "Desir-
able as it might be to build a Chinese
wall around the United States, it is
impossible." Why not let the Republi-
cans try it? They built a pretty sub-
stantial Tariff Wall, didn't they?

Dallas boasts the first hosiery man-
ufacturing business in the Southwest.
Splendid. And it is our guess that
the establishment consumes 279 1/2
pounds of cotton annually in the form
of wrapping thread to tie packages.

Little Liberia seems to have acted
on the theory that he who pays in-
terest remains broke, so she paid
Uncle Sam her debt in full. We now
have \$35,610.46 to lend to the civilized
world to enable them to make us a
payment to apply on interest account.

One might at this time write vol-
umes describing the bright prospects
for prosperity in the South Plains re-
gion of Texas, but nothing more
meaningful and more significant could
be written than the remark of an old
farmer the other day: "We sure
don't need no more rain."

The Democratic Party claims to
have enough votes to elect a president,
but not nary one single solitary elec-
table candidate, which reminds us of
the fix the country boy was in who
was all dressed up with pa's white
shirt on and nowhere to go.

The Missouri Supreme Court has
ruled that if you bet on a horse race
it is gambling and prohibited by law,
but if you wager money on an equine
speed contest it is a perfectly lawful
and legitimate proceeding. Aren't
these courts just too perfectly wonder-
ful for anything!

Are you one of those who repeated-
ly say to your friends, "Well, you
must come over and see us sometime,"
and then purposely make it a point
never to set the time? Of course you
aren't, are you? It evidences a lack
of good breeding, don't you think, to
act that way? It sure does.

A gentleman over at Rockwall
writes that there is now need for ten
times as much legislation as there was
50 years ago. He need not kick, how-
ever, for we are getting twenty times
as much, which fact is responsible for
things that's wrong with
this time.

Isn't it funny that our tax experts
apparently have never thought that
taxes could be equalized by lowering
those that are too high instead of
always raising those that are high to
match those that are outrageous?
But did you ever know a tax expert
who, in practice, favored lowering
taxes, or a tax gatherer, either?

Gov. Moody vetoed an appropriation
for Probi clerk hire and the ladies of
the W. C. T. U. sent up a howl. The
other night the governor's secretary
while sleeping in his Pullman berth
had a dream that the train was being
wrecked and jumped thru the window
to the ground in his pajamas. Now
what will the W. C. T. U. say?

SMALL TOWNS NOT DOOMED.

We heard back fifteen years ago
that the small villages and cities
would lose out in the battle for trade,
that the automobile would kill the
small-town merchants and that the
cities of ten thousand and over were
the only ones in which progress would
continue to be made. Fifteen years
finds the average small village and
city in about the same relative position.
It finds, however, a decay in the
thousands of country trading cen-
ters—the one store. The automobile
hasn't created a general tendency to
run to the larger cities for the week's
supply of groceries, or to trade off
the eggs for a few yards of dress
goods. The automobile has done a
bigger thing than that—it has made
city merchants of the progressive
small-town business man. His pile of
house wrappers has given away to
special display cases filled with doz-
ens of New York and Paris gowns,
fur coats and other ready-to-wear.
It has made a delicatessen of the
corner grocery, a spick and span mod-
ern drug store replaces the one of
twenty years ago with its rows of
bottles, and milady finds her favorite
oriental perfume and her choice toilet
articles as neatly displayed as in Fifth
Avenue shops—the same goods sold
at the same or at a lower price. The
fifter or twenty year advancement
also finds the small city bank, its
clothing, its radio shop, its hardware
and its newspaper advanced further
than the stride of a half century pre-
vious. And this evidence of progress
spells the answer to the oft repeated
prediction of a decade or two ago that
the automobile was going to kill the
small town. The small-town business
man has met the prediction by moving
forward in providing the needs of his
constituency. The farmer knows
that his car will take him to a trad-
ing center five or ten miles away
where he can get what his household
wants and what is needed for the op-
eration of his farm, at a price lower
than in the larger city, and with a
personal service which the larger city
dealer cannot hope to give. The busi-
ness man who is awake does not fear
the encroachment of the bigger town—
all he has to do is to keep up with the
progress in merchandising and main-
tain a sincere personal relationship
with his patrons and "The World is

LECTURE.

Slaton Slatonite: Did you, reader,
ever stop to consider the enormous
amount of advice you get every twelve
months in this column, and that the
the subscription price of this paper is
only two dollars for one whole long
year?

You are facetious, but needn't be.
The people everywhere need advice.
Everybody needs it, although rarely
one heeds it. What is the Bible but
a volume of advice? Do not the pro-
phets, from Moses to John, give ad-
vice? Do not the ministers of the
gospel founded upon Moses and John
and the others give advice? Is not
every sermon delivered in an advisory
vein? Is not every public speech, ev-
ery poem, every drama of Shakespeare
and every precept of Buddha advis-
ory? This column, along with the
other seers and geniuses, gives advice.
It gives plenty of it, more than the
recipients are entitled to in considera-
tion of the low cost. If they don't
take the advice, if they won't listen,
if they pay no mind, if what this col-
umn says goes into one ear and out
the other—so be it. State Press
feels his duty done when he advises.
He won't bother himself to follow up
the effects. Take it or leave it, S. P.
says to his clientele; take it or leave
it, but if they don't take it they are
liable to regret their decision in the
vortex of misery. Some folks with
deep feelings cry out against the sor-
didness of the world of this day. It
is a sordid world, but it was made out
of dirt and water in the first place
and hasn't had time to become por-
celain. It never will become porcelain
as long as the majority decline to lis-
ten to and avail themselves of ad-
vice. If there were no advisers in the
world it would be no better than a bog
swallow. And anybody who knows
anything about swineculture knows
what a bog swallow is.—State Press, in
Dallas News.

SOMEBODY SAID

SOMEBODY SAID Slaton should be
made a cleaner town, both in the
residence and the business sections.
Business men should keep their prem-
ises clean and attractive as well as
their homes. Back alleys should not
be neglected. Weed and rubbish
should be kept from accumulating
there. Homes should always be neat
and clean, not only on the interior, but
on the surrounding premises, includ-
ing the back alleys. Slaton people
need to give these matters more at-
tention. Health of our citizens, as
well as the neatness and attractive-
ness of the city, is at stake. Let's
take more pride in keeping Slaton
clean.

SOMEBODY SAID Chief U. L.
George has been doing a mighty
worthy piece of work recently in ur-
ging cleaner streets, cleaner alleys and
cleaner homes. It is the business of
every citizen to cooperate in keeping
Slaton clean.

SOMEBODY SAID it is a great thing
that the Slaton country is produc-
ing more food and feed. Farmers
are doing more of this kind of work
this year than ever before. As a re-
sult of it, they are finding themselves
more independent in meeting their ex-
penses while producing other crops.
Raising feed for the family and feed
for the livestock—plenty of both—is
a prerequisite to successful farming
in any country, where such things can
be grown.

SOMEBODY SAID it now looks as if
the natural gas to be piped into Sla-
ton this Fall will actually get here,
but it is pointed out that it is differ-
ent from certain natural gas we some-
times hear of—the new kind will burn.

CROP PROSPECTS.

Prospects for a good cotton crop
in this section of the South Plains
are variously estimated. The optim-
ist claims the crop condition at pres-
ent is about normal, while the pessim-
ist says it is far below the average
for this season of the year. In our
opinion, the situation is very unusual
and hard to estimate. One driving
over O'Donnell territory will find cot-
ton at most all stages of development
from that just up and being plowed
for the first time to fields that are
laid by and full of blooms and half
grown bolls. The weather the past
two or three weeks has been all that
the cotton farmer could ask and the
prospects for a good crop has been
growing brighter each day. A lot de-
pends on the season we have in the
early part of the fall months.—O'Don-
nell Index.

A lot depends on the seasons all
during the spring, summer and fall of
any year, so far as a cotton crop is
concerned. It is always a problem
that cannot be solved until the weath-
er man solves it for us. At this peri-
od of a year when moisture has fallen
at normal times, instead of at de-
layed intervals as was true early this
year, there is always the prospect
that sufficient rain MAY not come,
and that we MAY have a wet fall, and
that an early freeze or sandstorms
will do great damage to the crop.
Therefore, we conclude, being optim-
ists, that our prospects for cotton on
the South Plains this year are as good
as normally. Generally speaking, a
good supply of moisture is in the soil.
This is especially true now in the Sla-
ton country. An early freeze would
play havoc with the South Plains cot-
ton crop this year, and too much rain
would cause the stalk to grow too
rank. If it proves out later that we
have been too optimistic, however, we
shall have saved several weeks of wor-
ry now being experienced by the
pessimist.

AMENDMENT TO ORDINANCE
NO. 5.

Be It Ordained by the City of Sla-
ton, Texas:

Section 1. Every person operating
or driving a motor or other vehicle up-
on the public streets and alleys of the
City of Slaton, shall operate or drive
same in a careful and prudent man-
ner, and at a rate of speed not greater
than is reasonable and proper, having
due regards for the traffic and the
use of said streets and alleys: Pro-
vided that it shall be unlawful for any
person to operate or drive any motor
or other vehicle upon the public streets
and alleys of the City of Slaton at a
rate of speed in excess of twenty miles
per hour.

Section 2. Every person operating
or driving a motor or other vehicle
upon the public streets of the City of
Slaton, when approaching an intersec-
tion marked by a stop signal, must
bring motor or other vehicle to a com-
plete standstill before proceeding fur-
ther.

Section 3. The term business sec-
tion of Slaton, for the purpose of Or-
dinance No. 5, in addition to those
streets or parts of streets set out in
Section four of that Ordinance, shall
consist of the following streets or parts
of streets in the City of Slaton, Texas,
to-wit:

All that portion of Ninth Street be-
tween Crosby street and the intersec-
tion of Ninth street with the Public
Square.

All that portion of north Panhandle
Ave., between Lynn Street and the in-
tersection of north Panhandle Ave.,
with the Public Square.

All that portion of Lynn Street be-
tween North Panhandle Ave., and
Texas Ave.

Section 4. An emergency is declared
and it is ordained that this amend-
ment shall be in full force and effect
from and after its passage and publica-
tion.

The foregoing amendment to Ordi-
nance No. 5 was on the 16th day of
July, A. D. 1927, duly approved and
passed by the City Commission of the
City of Slaton, Texas.

**CITATION.
THE STATE OF TEXAS.**

To the Sheriff or any Constable of Lubbock County, Greeting:

YOU ARE HEREBY COMMANDED to summon Tom Bazan by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the 99th District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the 1st Monday in September, A. D. 1927, the same being the 5th day of September A. D. 1927, then and there to answer a petition filed in said Court on the 20th day of July A. D. 1927, in a suit, numbered on the docket of said Court as No. 2986½, wherein The First State Bank of Slaton, Texas, a corporation, is Plaintiff, and Tom Bazan and R. M. Whitehead and H. G. Whitehead are Defendants. This being a suit on a certain promissory note executed April 1, 1925, by Tom Bazan, in the sum of One-Thousand-Three-Hundred-Ninety and 40-100 Dollars, payable to H. G. Whitehead, at Slaton, Texas, endorsed by H. G. Whitehead and R. M. Whitehead, secured by Chattel Mortgage on personal property located in Hood County.

Wherefore, Plaintiff prays for judgment for his debt, and for foreclosure

of said Chattel Mortgage lien, etc.

Herein Full Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Lubbock, Texas, this the 2nd day of August, A. D. 1927.

(SEAL) FLORA GREEN, Clerk, District Court, Lubbock County.

I bought a Fordson from Slaton Motor Company, during January, 1922, and have been using it since.

I first broke three hundred acres of land and then put the Fordson to work. Since that time I have pulled a tandem disc harrow over 265 acres, listed 540 acres, planted 430 acres, cultivated 825 acres, and pulled a go-devil, with knives on it, over 405 acres.

The original block, pistons, rods and crank-shaft are still in this Fordson which is in good condition and has plenty of pep and power.

Ford Owners

Special Inspection Service On Your Ford

DURING the coming week, beginning next Monday, we will offer a special free inspection service to all Ford car and truck owners.

We invite you to bring your car to our service department. It will be thoroughly inspected by Ford-trained mechanics. There will be no charge.

This is being done hat you, as a Ford owner, may derive the most satisfactory use of your car or truck, as well as to acquaint you with our facilities for service and to enable you to meet our organization of Ford-trained service men.

If it is found that your Ford needs repairs or adjustments of any kind, we will submit a report to you with our recommendations and an estimate of the cost. If you care to have the work done, we shall be glad to do it, and can assure you of the highest quality of workmanship, performed in a shop equipped with modern and approved machinery.

In some cases all that is necessary is a "tuning up" of the motor. We are making a special charge of only \$1.00 for this work which includes:

- Cleaning and adjusting spark plugs
- Cleaning and adjusting coil units
- Cleaning commutator case
- Testing battery and filling with water
- Cleaning carburetor and sediment bulb

You may bring your car in at any time next week for the free inspection. It is important for you to take advantage of his offer, especially if you are planning a vacation trip or the extensive use of your car during the summer.

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by

STATE FAIR MAY SHOW BRONZE STATUES OF THE PIONEER WOMAN

The men and women of Texas, descendants of pioneer mothers, may have a chance to see and vote upon the twelve models of "The Pioneer Woman," the gigantic bronze statue, which is to be erected upon the plains of Oklahoma by E. W. Marland, public-spirited oil man, of Ponca City, Oklahoma.

Mr. Marland, noting that statues and memorials had been erected to such pioneer heroes as Sam Houston, Davy Crockett, Dan'l Boone, Kit Carson and others, but that no one had thought of a fitting memorial to the brave women who labored, fought, prayed and conquered at the side of their husbands during the winning of the West, decided to erect such a tribute to the heroic mothers of pioneer America.

He set aside \$400,000.00 to be used in the erection of a bronze statue, about 60 feet high, to be placed near a national highway running through the plains of the Cherokee Strip, the last public lands opened to settlement. He commissioned 12 of America's most eminent sculptors to make, each a model of his idea of a statue typifying his conception. These 12 models are now finished and, through the kindness of Mr. Marland, are being shown in several of the large Eastern cities. Those who view them are asked to vote upon which one he or she believes to be the best design.

President Harry Oimsted, of the State Fair of Texas, which opens at Dallas October 8, has requested Mr. Marland to send the statues to the State Fair, where a selection of the descendants of the same type of pioneer mothers may have a chance to see them and vote upon them.

Mr. Marland, who wishes the choice to be a popular rather than a purely artistic one, at once saw the point of Mr. Oimsted's request and promised to try and rearrange the route of the models so that Texas may have them for at least two weeks. It is hoped that definite announcement may be made soon.

THE FARMER AND HIS WIFE GET THE MOST GOOD OUT OF THE STATE FAIR

"The farmer and the man and woman from the small town are the only persons who really see the State Fair of Texas," is the rather startling statement made by one of the fair officials in a recent interview.

A little thought will show that this official is right. The man or woman from Dallas jumps in his auto and goes out to one of the big football games or to the New York show in the Auditorium. After the game or after the show he hurries home—and thinks he has seen the State Fair!

"It is no wonder that some of such people say that they can find little that is new at the fair," continued the official. "On the other hand, the man or woman from the farm or the ranch or from the cities and towns surrounding Dallas, comes to the fair to make a day of it. Many of them make two or three trips, for they find, at the first trip, that there is far too much to be seen to take in and properly study in a single day.

"The farmer and his wife get the most good out of the fair. They come in to study the exhibits. They spend all the time they can in the agricultural building, always finding something new and always learning, learning, learning. They go on to the live stock buildings and they see everything, absorbing valuable knowledge at every stop.

"Or the woman visits the domestic science exhibits and there learns how to improve upon her skill at canning, and the many other household arts. Between times, they visit this or that show or amusement and at the end of the day they have found that their trip has been not only pleasant but highly profitable as well."

THE GREATEST HORSE OF THE CENTURY

Those who visit the State Fair of Texas at Dallas, October 8 to 23, will be able to see "The Greatest Horse of the Century," by which name Mr. McElwyn, owned by W. H. L. McCourtie, president of the Trinity Portland Cement Company of Dallas, has become known wherever men talk horse flesh and records.

It is not generally known that this champion of champions is owned in Texas, but such is the case. This grand animal is now at stud in Lexington, Ky., but he will be brought to Texas in time for the great Fair and will be shown every day, in harness, in front of the grandstand.

While there will be no harness racing at the State Fair, the fact that the famous Mr. McElwyn will be at the fair grounds will interest many a Texan, for the love of a good horse which was inbred in most sons of the Lope Star State is by no means dead, even in this age of the motor car and the tractor.

Therefore, doubtless, thousands who otherwise might hesitate, will make the trip to the State Fair when they know that they will be able to see this prince of stallions, who, as a two-year-old, broke the record for that age with a mark of 2:04; who, as a three-year-old, again shattered a world's record, going the mile in 1:59 1/2 (the first two-minute trotter of his age and still the only one), and who, in 1925, as a three-year-old, again made a world's record of 1:59 1/2.

Nurse Advises WEAK, RUN-DOWN WOMEN To Take Cardui

"I have known of Cardui for nearly twenty-five years," says Mrs. Selma Meisner, 1072 Harrison Ave., Beaumont, Texas. "During that time, I have taken it several times and have frequently recommended it to others, for it is a splendid medicine and I am glad to give people the benefit of my experience."

"I have been a nurse for several years and have often come in contact with patients who were run-down and weak. Often I have told sufferers of Cardui, and the way I myself, had been helped after taking it, and advised them to give it a trial. Many of them have since thanked me for what I told them, and I am willing that other women should know about it, too."

"I first took Cardui because I was suddenly run-down. I had no appetite, and was weak and listless. It was hard to keep going under such conditions, and I looked for something which would help me."

"I had read of Cardui and decided to try it. After taking it, I improved so much that I have taken it since whenever I needed a tonic."

Rotarians Hear Debate on Board Of Censorship

The Slaton Rotary Club staged another debate at its regular weekly luncheon last Friday. The question was, "Should modern literature and moving picture productions be passed by a National Board of Censorship before being offered to the public?"

Rev. Jack W. Willbanks argued for the affirmative of the question, and made some telling blows in favor of a wide censorship, showing especially its necessity and importance to prevent mental poison entering the minds of youth in the form of improper pictures and filthy literature.

Lloyd A. Wilson contended for the negative side, arguing just as earnestly and as ably that literature and moving pictures should not be censored by a national board. Such procedure is contrary to the spirit of our free institutions, he said, and besides, no one person or set of persons, a handful, was competent to censure the mental food that came to the public mind through the senses of vision and hearing, or to circumscribe individuals in their thinking. The American public itself, composed of 115,000,000 people, should be the only national censor.

The debate showed conclusively that there are two sides to this live question. The debate was greatly enjoyed, and the debaters showed that they had given close study and much thought to the question, and discussed the issue in the serious vein which its importance merited and demanded.

The program tomorrow, Friday, August 5th, will be in charge of Abe Kessel, Lee Tudor and J. H. Teague, Jr., and will be the quarterly Boys Work Program.

A Mr. Stewart, member of Waxahachie Rotary Club and a hardware dealer, and J. S. Tekell, of the Slaton State Bank, were guests of the Club.

Our Practical Patterns Nos. 1173 and 1174

How perfectly adorable to have your two children dressed to match—and such clever little dresses, too! Use linen, tub silk or washable crepe in any pretty shade of blue, rose, tan or green, with collars, cuffs, bands and pockets of the same material in a darker shade. Satin ribbon for the bows and belt on the older girl's dress, while the younger child's is a simple bloomer frock.

No. 1174 may be obtained in sizes 6 to 12 and No. 1173 may be obtained in sizes 2 to 6. Size 4 requires 2 1/2 yards of 36 to 40 inch material for little girl's dress with 1 yard of satin for trimming and size 1 requires 2 yards of 40 inch material and 1/4 yard of satin for trimming. These patterns are 25c each and will be delivered to any address upon receipt of cash or U. S. postage. Always mention size wanted. Address: Hand-Cut Pattern Department, 17 West 28th Street, New York City, and mention this newspaper.

All Merchants Boosting South Plains Fair

LUBBOCK, Aug. 2.—Merchants all over the South Plains are co-operating in advertising the Panhandle South Plains Fair, which will be held this year September 27, 28, 29, 30 and October 1.

While these merchants are boosting the exposition which has been known as the "Show Window of the Plains" on account of the completeness of exhibits each year, officials of the fair are busily engaged working out details for the fair.

The free attractions, carnival, fireworks, and other attractions of this nature have been booked. Officials of the fair are busy at this time closing contracts with a number of high school football teams of this section which will make one of the greatest football cards that has ever been offered. The Texas Tech vs St. Edwards University of Austin will be the feature game of the fair while all the fast high school elevens will be seen in action.

Austin and Tekell Leave on Vacations

City Secretary Harvey Austin and J. S. Tekell, assistant cashier of the Slaton State Bank, left Wednesday on their annual vacations. They expect to visit in Denver, Colo., Salt Lake City, Utah, the Yellowstone National Park, in Wyoming, and other western points. They are making the trip in Austin's car.
