

The Price of a board

if purchased and used today may save many times its trifling cost later on in the season, when repairs (because of their continued neglect) will require several boards and much work.

Just bear in mind that repairs today are cheaper than tomorrow.

We have large quantities of all kinds of building material -- lumber, lath, doors, shingles, roofing, cement, glass, mill work -- just anything you want. In any quantity, from a single board to a car load or more.

BY HERALD PUBLISHING CO.

\$2.00 A YEAR IN COUNTY
\$2.50 A YEAR OUTSIDE COUNTY

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 8, 1897.

Big Spring, Friday, October 30, 1925

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to the attention of the editor.

Statement of the Ownership, Management, Circulation, Etc., Required by the Act of Congress August 24, 1912

Of Herald published weekly at Big Spring, Texas, for October 1, 1925 -- STATE OF TEXAS, County of Howard.

Before me a Notary Public in and for the State and county aforesaid, personally appeared T. E. Jordan, who, having been duly sworn according to law, deposes and says that he is the owner of the Herald and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, T. E. Jordan, Big Spring, Texas. Editor, W. G. Hayden, Big Spring, Texas.

2. That the owners are: (Give name and addresses of individual owners, or, if a corporation, give its name and the names and addresses of stockholders owning or holding 1 per cent or more of the total amount of stock.)

T. E. Jordan, Big Spring, Texas. 4. That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: Mergenthaler Linotype Company, New York, N. Y.

3. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

(S) T. E. JORDAN, Owner. Sworn to and subscribed before me this 20 day of October, 1925. GERTRUDE MACINTYRE, My Commission expires June 1, 1927

CAN A FATHER SHOULDER LIFE'S KNOCKS FOR SON?

Dad Fears "The Freshman" Will Get Either His Heart or His Neck Broken at School

How many parents have wished they could save their children from the hard bumps of life! It is a natural, human wish, that, to protect your own from unpleasant though character-building experiences, and the wise will let youth learn its own lessons.

The father of Harold Lamb, the character portrayed by Harold Lloyd in his newest Pathe picture, "The Freshman," feared, when his son started for college, that he was in for trouble. "I'm afraid," he told his wife, "they'll either break Harold's heart or his neck if he imitates that movie actor at college!"

And Dad's prophecy proved true! They broke his heart—but not his spirit, and in the end he triumphed over the greatest obstacle—the detraction of his fellow students. It happened like this! Harold's wants were simple—he only wanted everyone in college, from the dean to the dullest clod—to idolize him—to look upon him as the prince of regular fellows. He wanted not only to be voted the most popular chap in school, but the most popular of all the heroes that had gone before. That was all!

So he went to college, a freshman armed with a bag of tricks copied after the hero of a college movie he had seen. These were carefully rehearsed for weeks before the great day when Tate College would open its arms to receive the best fellow it had ever known.

Harold didn't have a chance to get away from the depot on the day of his arrival, before his tricks gave him away to an upper class bully who made Simon Legree look like the Good Samaritan. "Pipe the latest sport-model Freshman with the old-fashioned trimmings," observed this terror of the freshmen. "Let's ride him!" It was great sport to these pranksters, for Harold's sincerity and eagerness to do the thing that would make everyone like him, made him an easy prey to their rough riding.

Day by day in every way Harold thought he was getting to be a bigger and better fellow. Hadn't he done everything they told him he must do to become popular? Hadn't he spent money on their right and left? And given a big party at the town's leading hotel? Didn't they call him Speedy the Spender? And he had made the football team! But that was where the catch was. He was only kidded into believing he was a sub on the team. In reality he was only water boy, and when this staggering truth was told him—his heart, as his father feared, was broken.

"The Freshman," as written by Sam Taylor, John Grey, Ted Wilde and Tim Whelan, aimed to be dramatic as well as comical, tense in its story interest as well as in its thrills; pathetic as well as humorous, and in these it is said to have succeeded. It is more of the type of "Grandma's Boy" than any other feature comedy Harold Lloyd has produced.

Heading the cast supporting Lloyd is the girl who eases the boy's ston as the girl who ceases the boy's heartache and gives him the sound advice that, if he would win admiration, he must stop pretending and be himself, not the person he thinks they want him to be. Others in the cast are Hazel Keener, Brooks Benedict, James Anderson, Joe Harrington and Pat Harmon. The direction is by Sam Taylor and Fred Newmeyer. "The Freshman" will be the feature attraction at the R & R Lyric theater here Monday, Tuesday and Wednesday, November 2-3-4.

LANE-MASON

Reverend R. L. Owen, pastor of the Presbyterian church in this city, performed the ceremony which united in marriage J. C. Lane and Miss Annabel Mason on Thursday evening, October 22, at seven thirty o'clock at the Presbyterian manse on Fifth street.

It does not pay to lose your nerve in West Texas. We have in mind one successful farmer who is inclined to get blue when crop conditions are not the best. He came near losing his nerve this summer when the rains persistently refused to visit his section and offered to sell his cotton crop for \$2000 and practically agreed to throw in his feed crop. He has already marketed 50 bales of cotton and enough feed to do him a year or more. He certainly made money when he failed to find a sucker who had the nerve to buy his crop.

Rub the child's chest with Oriam. It loosens up the cold. . . . Cunningham & Phillips.

PURE BRED COTTON BRINGS PREMIUM

I. B. Cauble has contracted to sell 150 bales of cotton in 25-bale lots for 100 point premium above the market price. This goes to conclusively prove that it pays to produce a pure bred cotton.

While Mr. Cauble does not pretend to be a cotton breeder he has been specializing in producing a pure Mebane cotton and can sell all the seed he can produce at \$1.50 per bushel. This year by measured last 1300 pounds of seed cotton is turning out a 500 lb bale of cotton. Mr. Cauble has 350 acres planted in cotton this year and the lowest estimate any cotton grower has made

bales. Forty bales have been ginned and the fields have not been touched.

A big planter in the area near Mr. Lockhart who has more than satisfied an order for 150 bushels delivered as soon as the crop is ready. A big cotton crop has been here states that I. B. Cauble has the pure Mebane seed in Texas.

Mr. and Mrs. G. Y. Wilson returned Thursday morning from a three-week stay in Dallas while Mrs. Wilson was under treatment of Dr. McReynolds. Her eyesight was much improved as a result of this treatment. Mr. Wilson said Dallas gave him the surprise of his life. He stated it was forty years since he visited Dallas, at which the biggest skyscraper was the Tennyson building of three stories. He said he was proud indeed to be a citizen of a state that could build such a wonderful city as Dallas, and he felt that West Texas is due quite a bit of credit for the growth and prosperity of Dallas. He said it was noticeable also that Dallas citizens were courteous and hospitable. He pronounced the Dallas Fair a wonderful institution and very helpful in boosting every section of Texas.

Investigate our payment plan on all jewelry, silverware, ivory and cutglass. Same price as for cash. CLYDE FOX.

Mr. and Mrs. F. F. Gary and daughters, Miss Lillian Frances and Mrs. F. H. Etheridge and baby, returned Wednesday from Kerrville, where they had been for a visit. Their son, McCall Gary came from Mexico City, and joined them at Kerrville during their stay.

Fresh box candy at all times. Chocolate Shops.

CLEAN-UP CAMPAIGN REPORT.

It has been said that the "race moves forward on the feet of little children," and truly has our town progressed in its clean-up campaign through the work and influence of its school children.

The students of the schools were given report blanks and asked to signify what had been done at their homes, or for others on the following points:

The cleaning up of front and back yards, alleys, vacant lots, barns, sheds, garages, woodyards, ditches and sidewalks. The removal of old fences, repairing of those standing, trimming of the mesquites, preparing flower beds, hauling off rubbish and destroying insect breeding places.

The pupils of the three ward ward schools, North, South and Central report an aggregate of about 3000 activities on the above points, Central ward leading, their school having the largest enrollment.

Each of these winners have done excellent work and will be given a separate prize, but special attention was given the good work done in each, and suggestions for further improvement offered.

Inspection prizes the judges were necessarily restricted by the appearance of the territory of the wards.

In many cases, children of the higher grades pass over boundary lines thus putting their report in another school, but the judges could only consider the district itself.

No effort has been made to include the business district, that was left to the business interests of the town to care for.

This work is educational. It has been a lesson in civic pride and beauty. Our children will appreciate their homes, schools and town more for having had a part in this movement.

All of us appreciate the good work of our Boy Scouts in the clean-up of last spring, and if our grown-ups will continue to encourage and boost, Big Spring will put on a still more attractive appearance, as the spring season opens.

The City Committee of the C. Federation greatly appreciates the cooperation of the teachers, parents and pupils, and all we ask of you now is that you plant trees and shrubs and keep the good work going!

Chairman Civic Committee.

Are You Weak, Nervous?

Houston, Texas—“I have used some of Dr. Pierce's remedies and found them perfectly effective. I have used his Golden Medical Discovery for my nervous system and I feel much better. I took the Golden Medical Discovery and the Favorite Prescription and it was surprising how quickly and rapidly I improved. Just a few bottles of each put me in good health.” I can recommend the Golden Medical Discovery as a general tonic and the Favorite Prescription for feminine troubles. Mrs. W. H. Jackson, Route 1, Box 24, N. W. All States. Send for Dr. Pierce, Buffalo, N. Y., 123 Broadway tablets.

HAS MURDER IN AMERICA BECOME AN EPIDEMIC?

It is a subject that is, in fact, more important than any other the American people face—probably more serious than this Nation has ever faced. We will try and keep the subject to the fore often in these columns hereafter. Why preach building a better America if it is to be overrun with murder?

In London last year there were 8 murders.

In all of England and Wales there were 50.

Texas fairly swarmed with takers of human life.

The city of Los Angeles had 179 murders.

Other cities and States in about the same proportion.

A statistically inclined Chicago jurist estimates that there are walking the streets of America today, free men, and waiting for their next victim, not less than 135,000 murderers of whom at least 100,000 should have been hung, and would have been, had they committed their crimes elsewhere than in this country.

On the streets, in the trains, the street cars, the theaters, the men and women and children of this land rub elbows daily with men and women whose hands are red with the blood and whose souls are black with the crime of murder.

Leigh H. Irvine, in his tremendous book, "The Follies of the Courts," in which he sums up the murder situation in this country, and fundamental causes, declares that there has never before been such a situation as this in all the history of the world, and that the manhood of America is unaroused, while the murderer has us by the

throat. Berlin, in broken-down and Communist-ridden Germany, had 32 murders last year. New York, in our prized and civilized America, had 333.

A situation unparalleled in the history of mankind exists in this country, scores of men and women are brutally murdered every day and the murderer is given bail so that he may intimidate witnesses, prepare his case, etc., and then goes free.

In England a murderer gets no bail, and is generally tried and hanged in three weeks. If he claims insanity the court appoints a court physician to pass on his sanity, and that examination is brief and final.

In England they are engaged in a crusade against the murderer.

In the United States the murderer is given bail, and the murderer is given bail, and the murderer is given bail.

Send for Dr. Pierce, Buffalo, N. Y., 123 Broadway tablets.

ABSTRACT AND LOANS

Over Million Dollars rest upon the reliability and accuracy of our abstracts. We have been in the abstracting work for nine years. The Federal Land Bank will accept and make loans now on an abstract covering back only eleven years, thus eliminating costs of a complete abstract, provided you take title insurance. We can make the short abstract for you and save you money. Big Spring Abstract Company, Clyde E. Thomas, Manager, 44-4f

If you expect to observe Halloween, do so in a way that the other fellow's property is not destroyed. It is not right that he should pay for your fun—if tearing down fences, barns, etc., or damaging automobiles can be classed as fun. If you are apprehended and made to pay for the damage you do it will not be half as funny for you. As we contend, it would be well to have some special officers on duty Friday and Saturday nights to curb some of the young folks who fail to recognize the other folks property should be protected.

Whatever you need To make home bright, Purser & Sons have Right in sight—advertisement.

OFFICIAL GUESSING

As the president of the National Association of Cotton Manufacturers, Morgan Butler insisted that the Government ought to stop "guessing" or "estimating" with respect to the cotton crop, at the same time calling attention once more to the real damage inflicted upon legitimate business by practices now in vogue in Washington. No one who knows much of the current situation will doubt for a moment where the truth lies in this situation. The only question is how can reform be accomplished. So little understanding of the real defects of the present system appears to be in existence in Congress or elsewhere in the political field, and probably if the truth were known so little genuine interest in legislative reform, that it must be conceded that the outlook is not bright.

Mr. Butler has without a peradventure, of a doubt hit the nail directly on the head in calling for abandonment of official guessing. This is the real trigger in the wheel, complaints about the frequency of the reports and the like to the contrary notwithstanding. We shall have adequate and helpful crop reports when our Federal Government seriously turns its attention to compilation of pertinent facts and leaves the field of guessing to somebody else, and not before. And, incidentally, it would be difficult for public authorities to make the facts known at frequent intervals. If officials would give us the facts as abundantly and as frequently as feasible, no justifiable complaint could be against them.—New York Journal of Commerce.

BIG SPRING CITY FEDERATION REPORTS

The City Federation of Big Spring sends cordial greetings to the Texas Federation of Women's Clubs in session at Amarillo and begs leave to submit the following report. The past year has been perhaps the most successful in our history. Successful because of things accomplished which have been of material advantage to our town. We have received more money and disbursed more than ever before.

In the spring with the aid and cooperation of the editors, the Federation published a "Special Booster Edition of the Big Spring Herald." This proved and is still proving a splendid advertisement of our town and country, and also brought us nearly a thousand dollars. The selling of papers was combined with our annual Tag-day.

In the summer the Federation produced its annual Home Talent Carnival, this netting nearly \$400. The membership drive brought in a neat sum of money from dues as well as increasing our roll of members.

The Federation has leased a very attractive spot where beautiful trees and grass are already growing, and converted it into a City Park. Swings, seats, tables, etc., have been placed there and it has been electrically lighted. The constant use of the park has proven its value to our people.

The City Federation purchased for the sum of \$2,000.00 the beautiful scenic drive and rock-ribbed mountain, known as Big Spring Mountain, and donated it to Texas as a State Park. Nature has done so much for this location, and with the improvements planned by the landscape gardener sent out by the Park Committee, we feel that it will eventually become one of the famous parks of Texas. The Federation regards the donation of this Big Spring Mountain Park as its greatest achievement. A thousand dollars of the cost price was given from our own treasury, the other thousand being raised in a whirl wind campaign in one afternoon. The City Federation did its part in the heroic but unsuccessful efforts to secure the Texas Tech, one of its members speaking before the locating board.

A rest room is maintained from year to year. A library is kept up and a member of the City Federation acts as the librarian. The City Federation has a very fine collection of books. A rest room is maintained from year to year. A library is kept up and a member of the City Federation acts as the librarian. The City Federation has a very fine collection of books.

eration. Clean-up campaign. told benefit are condense. year. Two of our mem. chairman of important B. mitted, and one is D. mentarian.

These are a few of things accomplished through efforts of The City Federation in recording their any sense of pride but believe that they mean our home town which is the our organization.

Renew Your Health by Purification

THE REAL DANGER

OUR OWN APATHY

The statement has been made that American Politics will show a growth of communistic sentiment in the near future.

No communist or socialist can present a program for government which will compare with the one we now have. But if we sit idly by and fail to meet the arguments of communists and socialists, with facts which will puncture their visionary schemes, then the safety of our nation is at stake. If we minimize the influence of the agitator he gains strength merely because his statements are not answered.

Neither socialism nor communism can gain a lasting foothold in this country if we all do our duty in broadcasting a truth part of the advantage under our present form of government, which has proven itself far superior to any plan yet offered that would change its basic principles.

Communism and Socialism can only point to a long record of failures with resulting misery to the deluded followers of such teachings.

Under no other government in the world have the masses of the people been given such equal opportunities as in America.

With 16,337,605 electric light and power customers, 15,000,000 automobiles, 14,000,000 telephones, 9,000,000 phonographs and 3,500,000 radios; 110,000,000 Americans enjoy more of these modern conveniences, than the peoples of all other countries combined. What we consider necessities are usually classed as luxuries by the rest of the world.

It is not just chance that America has such things in the largest quantities for common use. It is here and here only that the individual enjoys the greatest freedom for developing ideas, energy, ambition and initiative. The result has been a growth unprecedented in the world's history. The best program yet offered by a Communist or Socialist leader not only fails to add in any manner to the advantages and freedom under which Americans have lived for some hundred and fifty years, but it actually reduces in a

large measure the liberties and protection guaranteed to rich and poor alike by our constitution.

Every citizen should know these facts and thousands of others like them. We should present them whenever possible to counteract spurious proposals which if not defeated can determine the strongest governmental structure that exists today.

Bread and butter full of Jell
Keeps your children fat and well.
Just ask any Home Bakery fan
The name of the loaf — "It's Sally Ann." — advertisement.

In trying to get to the blaze Tuesday the fire engine had to give plenty of room for the speed boys who think it very necessary that they arrive at the scene of the fire first, so they can get in the way, give plenty of free advice and criticism, but never to assist in fighting the fire. An auto driver who was so pushed for time that he had to run over the fire hose was arrested Tuesday. It is a good thing the foolkiller is not on hand when a fire breaks out for he would be a busy fellow if he swatted everyone who loses his common sense at such a time.

I'd be the last a good workman to knock. But Wilke's the man to fix a clock. He has jewelry, too, for which you sigh. So give him a call as you pass by. — advertisement.

The Commissioners Court recently purchased eleven Russel graders for use in keeping the county roads in good shape. It will not be necessary for the county to use these on the two highways that cross Howard county as the State is in charge of the maintenance of said highways.

A MAN'S CASTLE

The Supreme Court of the United States, in deciding that search of a private dwelling for narcotic drugs without a warrant was "unreasonable and abhorrent" to the Fourth Amendment, enunciated no new principle of American jurisprudence. It was only, as Judge Butler was careful to explain, that this precise question had never come before the Supreme Court.

The ruling, when extended to the Volstead Act, is far from being a novelty. It is written into that enactment in express terms. It is also found in the Pennsylvania enforcement statute, and probably in all similar State measures.

Under the Federal law, as interpreted uniformly by the Circuit Courts of Appeal, no search of a private dwelling without a search warrant can ever be justified. Moreover, upheld by the act of No. 23, 1921, provided that any officer of the United States who searches a private dwelling without a search warrant shall be guilty of misdemeanor.

Justice Butler follows the spirit and letter of the Volstead Act in setting forth specifically that no belief, however well founded, that an article sought will be found in a home will justify search without a search warrant. The national prohibition act, like the Pennsylvania statute, requires direct proof that the dwelling is being used "for the unlawful sale of intoxicating liquor" before it sanctions the issue of a warrant.

It is pertinent to note that the Supreme Court draws a reasonable distinction between the search of a dwelling and the search of an automobile, ship, motor boat or wagon. The "search and seizure" right on reasonable suspicion has been sustained because the vehicle could be moved quickly out of the jurisdiction of the court issuing the warrant. But the case of a dwelling is different. — Philadelphia Evening Bulletin.

MRS. J. S. McWHORTER LEASES WESTLAND HOTEL AT LAMESA

Mrs. J. S. McWhorter has leased the Westland Hotel to a company composed of A. H. Wimberley, J. C. and Walter Douglass. The new owners of the business have already taken charge and Mr. Wimberley is manager of the place, with Mrs. Wimberley in charge of the dining room.

Mrs. McWhorter, accompanied by Mrs. McCutchan and daughter, Miss Willie and their cousin Stanley McCarty, left the first of this week for Mineral Wells, where they will spend several months and will probably locate permanently.

Mr. Wimberley, the new manager of the Westland is an experienced hotel man. He comes here from the Hotel Cole at Big Spring, where he has been for several years. J. C. Douglass is manager of the Hotel Cole, while Walter Douglass is with the Barcroft Hotel at Colorado. All of these men are well known to the traveling public and the Westland will continue to give the same high class service as has been rendered by the McWhorters. — Lamesa Journal.

Mrs. J. S. McWhorter and Miss Willie McCutchan were here last week enroute from Lamesa to Mineral Wells where they will make their home. They made the trip via auto. Their father J. W. McCutchan who has been in ill health for several years past made the trip to Mineral Wells by train, leaving here Sunday morning.

Valentine Day left last Friday evening for a visit in Dallas and Mineral Wells. He expects to spend about two weeks visiting homefolks in Mineral Wells.

I know why Biles Drug Store Doth reason intrigue. He belongs to the Texas Qualified Druggists League. Phone 87. — advertisement.

ATHEISTIC

A belief in God and the principles of religion forms part of this government, and there can be no quarrel with the views of Supreme Court Justice Mitchell of New York who the other day denied articles of incorporation to the "American Association for the Advancement of Atheism."

These dispatches state that the purpose of the association is "to abolish the belief in God, together with all forms of religion based on that belief."

It would be a wild world without a belief in God. Business would disappear because business is based on mutual trust and mutual trust is based on religion and religion is based on God. All our institutions of learning would disappear, because without a higher and a better life to aspire to, mankind would have no need and no desire for education. Organized government would disappear because atheism is anarchy. The home would disappear; so would peace and the rights of property and individual freedom, because in a world without God might would be right.

"This country's constitution guarantees religious freedom to every man, but it does not give any man the right to destroy religion." — Athlete Reporter.

**SEIBERLING
ALL-TREADS**

**STANDARD AND
BALLOON TYPES**

In their long-barred, one-piece tread sidewall these tires have the greatest pneumatic tire improvement since the appearance of the cord.

Mr. Seiberling, inventor of the straight-sided tire, sponsor of today's cord tire type, has now done for the outer armour of the tire what he did years ago for its inner structure.

The Seiberling all-tread is not just a new tire—it is a different and better type of tire.

LET US SHOW YOU

HALL TIRE & TOP CO.

The automobile supply house

**PLANS FOR BEAUTIFYING
HIGH SCHOOL CAMPUS**

The Senior Class is in the need of improvement of the High School campus and of the advantages these improvements would have over an "El Rodeo" in the way of permanency and effect. For these reasons as well as the interests of the citizens and trustees we have given over the "El Rodeo" and are now completing plans for the financing of cement work and terracing on our campus.

The money which has formerly been used in the publication of the High School Annual will be expended toward these improvements. This money will be raised, as formerly, by plays, sales, carnivals, and the activities that take place in the election of Senior Class favorites.

Our Senior Class does not hope to complete all the improvements which might be made upon the school premises, but, with the assistance of the various organizations of the city, we intend to make a start which will be continued by the classes that are to follow. In short, to start the ball rolling.

The following are a few of the improvements which we propose, and which we shall install as far as our means will allow.

The unsightly bluff on the northwest corner of our campus is to be terraced off and a retaining wall to be put around the base of it.

Broad walks are to be laid around the building from the east and west entrances to the main entrance on the north, and a walk laid from this entrance to the street.

In order that cars may be kept off the front campus, a gravel drive may be laid. This might start at the center of the block on the north and extend around the building to the street on the west between High School and Junior High—The Longhorn.

If you should chance to need a dray, Phone 291 and phone today. W. E. Harper will come at call. He's always glad your stuff to haul. —advertisement.

**FIRST BAPTIST CHURCH
MISSIONARY MEETING**

A large number of ladies gathered at the lovely new home of Mrs. K. Beckett on Scurry street Monday afternoon, October 26, for the monthly meeting of the W. M. A.

"Enlistment for Personal Work," was the subject for the interesting program, which was arranged by Mrs. C. S. Holmes.

Appropriate songs and prayers were followed by a discussion of the Bible lesson which was taken from Acts 16, Chapters 13, 14 and 15.

Mrs. Homer McNew read the lesson of Lydia's conversion by the Apostle Paul; Mrs. Tollison spoke on "Lydia—the Business Woman;" Mrs. Grant on "Lydia and Prayer;" Mrs. Travis Reed on "Lydia's Hospitality." Mrs. Holmes then announced that an "open meeting" was in order and that she wished to hear from anyone who would offer some suggestion that would be helpful. Several responded with good talks on what could be done along these lines. Mrs. Reagan, our president, pointed out that each one of us could, in some way be useful, even though we weren't in a position to do very much. She spoke of how we could be hospitable to strangers within our midst, by opening our homes to them and of other things that we could do. Mrs. Tollison and Mrs. Jones also had good suggestions to make.

After the closing prayer Mrs. Reagan conducted the business meeting. It was voted to give the offering to the State Mission Board. Over twelve dollars was collected for this purpose. It was a pleasure to have with us Mrs. Higgs who is going to make this her home, also Mrs. Hatch, a former member of this church, who will again make her home here. Mrs. Orenbaun, Mrs. Hatcher and Mrs. Beckett served a delectable salad course during the social hour.

**JOINT MEETING OF MODERN
WOODMEN AND NEIGHBORS**

The Modern Woodmen and Royal Neighbors and their families met in joint session at eight o'clock Wednesday evening, at which a feast and social hour was enjoyed. The delicacies prepared by the members of the two lodges, consisting of sandwiches, salads, coffee, and cake were served, following which a short program was given. Robert J. Vidler, State Deputy of the Modern Woodmen and L. C. McNatt, District Deputy made short addresses, and the ladies of the group furnished musical selections.

Initiatory ceremonies for a class of candidates for degrees were held after the program. A large crowd of members and their families were present at this happy affair.

The King Chevrolet Company received another carload of Chevrolet cars Thursday.

Mr. and Mrs. R. D. Matthews left last Thursday for a visit in Martin.

WEDNESDAY LUNCHEON CLUB

The cool weather was responsible for a larger number than usual at the regular weekly meeting of the Wednesday Luncheon Club and a dandy meal was enjoyed.

Uncle Bill Fisher wanted it distinctly understood that the appetizing luncheon was due to the efforts of L. L. Gulley, proprietor of the Gulley and Robinson Cafe, Jimmie Wilson, chief cook of the Luncheon Club and Uncle Bill Fisher, the dishwasher.

Rev. Bob Owen was in charge of the meeting and announced that as no special program had been prepared they would take up the uncompleted business of the previous meeting. He announced that at a meeting of the executive committee it had been decided to divide the membership into four groups, each group to be in charge of a chairman. It was the duty of each group chairman to have his squad present at each meeting and to arrange the program for the week the assignment fell to his squad. A prize will be given to the chairman showing the best record attendance for his squad each month—maybe.

When requested to pass on this plan, the membership unanimously adopted same.

Following is the line-up of the four groups:

Bob Piner, Leader, Group No. 1: Clyde Thomas, Will Hayden, Albert Fisher, Emil Fahrenkamp, Edwin Kelley, Charlie McDaniel, H. L. Rix, Frank Stedman, David Heard, Uncle Will Fisher.

Wally Rix, Leader, Group No. 2: Barney Reagan, Jimmie Wilson, Shine Phillips, Judge Cunningham, Joe Fisher, Albert Gallemore, Ed Martin, S. H. or M. H. Morrison, George Ruth, John Ward, Bob Cook, Josephus Pickle.

Group No. 3: John Wolcott, Sam Hall, Lucius Croft, Frank Gary, Bill Inkman, Aleck McDonald, Frank Pool, Fred Stephens, Riley Richardson, Sam Eason.

Grover Cunningham, Leader, Group No. 4: Homer McNew, John Creath, Temp Currie, Bill Edwards, Bun Fisher, Frank House, Vic Meltinger, Louis Price, Yuell Robb, Sam Weaver.

Chairman Bob Owen made a short talk in which he stated that to make a success it was necessary that a man or a company of men should have a goal to attain before they can work with a purpose. He stated our club should follow this plan if it was to serve a real purpose. Building up a better fellowship among our citizenship, the promotion of civic improvements, fostering every movement for the educational and religious advancement of our community were among the objects for which our membership should strive. We should not be satisfied with making Big Spring a better town, but we should make it the best town in this section of Texas.

Brief talks, in which the plans for the club's welfare was the topic were made by Uncle Bill Fisher, Barney Reagan, and Jimmie Wilson.

Wally Rix, just back from a trip thru the Plains and Panhandle, reports himself as being better satisfied with Big Spring. He said he was more firmly convinced than ever that Howard county was in the tried and dependable section of Texas. He added further that there was a proposition now under consideration which would mean a wonderful development for this section if the plans are carried out.

Mayor Clyde E. Thomas introduced his guest, Judge R. S. Tillotson of Aspermont, a representative of the Federal Farm Loan System, as a regular West Texas who had faith in this section. Judge Tillotson who claims that thirty-five years residence at Aspermont should entitle him to be classed as a West Texan, stated that he had every reason to be sold on West Texas. In his district, Texas, west of the 100th meridian, the Farm Loan System has loaned \$33,000,000 and there has not been a single foreclosure during the eight years they have loaned money on West Texas farms. He said he doubted if any other district could show such a fine record.

A resolution was passed wherein the Highway Department of Texas was praised for placing an asphalt topping on the gravelled highways in our county. It was pointed out that these roads were deteriorating at a rapid rate until this asphaltic surfacing had been spread.

Bob Piner and his crew were named to take charge of the next meeting of the club.

NOTICE IN PROBATE

THE STATE OF TEXAS
To the Sheriff or any Constable of Howard County, Greeting:
You are hereby commanded to causes to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Howard county, a copy of the following notice:
THE STATE OF TEXAS
To all persons interested in the estate of W. H. Davis, Deceased, W. E. Patterson has filed an application in the County Court of Howard county, on the 26 day of September 1925, for Temporary Administrator which said application will be heard by said Court on the 2nd day of Nov. 1925, at the Court House of said County, in Big Spring, Texas, at which time all persons interested in said Estate are required to appear and answer said application, should they desire to do so.
Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.
Witness my hand and official seal, at Big Spring, Texas, this 9 day of October, 1925.
(S) J. I. PRICHARD, Clerk.
County Court, Howard County, Texas

DISSATISFACTION

Dissatisfaction as a general rule is downright wickedness. Are we satisfied with our station in life and our location on earth? If not, why not? The world is chasing it's self to distraction. Many people like changes and all worthy people should stop striving to be of more service to man kind, but the world is literally reeking with people that do not possess enough intelligence to enjoy life. They have never stopped to reflect what the result of their present move will bring them. It has never occurred to them they can not be every where and do every thing and see every thing. Many of the human race is too scatter brained to travel in any one direction, geographically, mentally, or other wise long enough to really accomplish anything for humanity. Many of them do not seem to consider that they are here for any purpose but for somebody else to entertain and they seem to think that they have played the part of a hero or a heroine when they look after themselves. They have never stopped to think that real happiness is serving some one besides self.

Restlessness is a disease that is eating at the very vitals of American people. Such people forget God until they get to where they can't get restless. Then it is too late for the individual. Life is spent with no prospects of accomplishing anything. If we want to do good we do not have to cross the water in to dark Africa or opium ridden China or India. In any American community there is plenty to occupy the person that desires to be actually useful. No place yet heard of in America has yet been smothered with good deeds that can be bestowed by the commonest of people. Many of us are like a stuck up town dude or poodle pup sister that can't see anything close to us. If we think there is likely to be something near we look the other way. In fact the person that started the expression: "We are fools for the want of sense," spoke wisely and truly though he be not credited with either.—Perryton Vanguard.

WHAT HAPPENED TO GLORIA?

Gloria was a very unattractive child at the age of sixteen; instead of possessing youthful grace and beauty that most young ladies acquire at this age, she was self-conscious, awkward, and not a single feature redeemed these unattractive traits. Her hair was colorless, her hands poorly kept, and always in the way. But what made her so unhappy was her unpopularity with the younger set.

It was the Halloween season, and a wonderful party had been planned to which she had been invited. On this eventful night, the crowd had assembled, all in masks, and one who stood out most prominently in the crowd, was dressed in a pale green, fluffy affair. Her hair had a golden glint, and was perfectly waved. Her graceful hands, well-manicured, and lovely, attracted the attention of her many admirers on this evening. Midnight came and all masks were removed. Everyone watched the "Mystery Girl" alluring and beautiful. Gloria, the unattractive, whom they had passed every day unnoticed, became the "belle of the ball."

She told her secret. She was transformed by the MOZELLE BEAUTY PARLOR. Phone 666 for appointment.—advertisement.

If the government crop estimators could produce cotton from the soil as generously as they do with their pencils they would be able to supply the world without a bit of trouble and with about half the land that is now planted to cotton.

Special prices on all coats and dresses this week. CLYDE FOX.

There is no denying the fact that cotton as well as late feed crops were damaged by the cold weather that hit our section Tuesday night. The thermometer was down to 32 degrees and freezing weather caught the green cotton bolls and un-matured feed.

Give us a trial—we'll do the rest
Chocolate Shoppe.

Chas. Morris is expecting two more car loads of hogs to reach here in the next day or so. These will be fattened on his 250-acre peanut field. Mr. Morris now has four hundred hogs which he is fattening on peanuts and they are making fine gains. There will be about three hundred and fifty pigs in the two car loads due to arrive.

We appreciate your business.
Chocolate Shoppe.

While conditions as a whole are good in our county there are quite a few who have made a crop failure—due to drought, insect pests, hail, etc.—and these men are going to need a helping hand to tide them over until they can make another crop. They are dependable and hard working men, and failure to make a crop was not due to any failure to do their part.

EYES HURT?
We'll fit you glasses to relieve it.

SETTLE DAMAGE SUIT FOR DEATH OUTSIDE OF COURT

Amarillo, Texas, Oct. 24. — The case of Mrs. Bonnie Simmons vs. Thomas Cooksey, Sheriff of Dawson county, his deputy, Walter Henderson, and James Davis, Marshal of Lamesa, was settled out of court Friday after being called by Federal Judge James Wilson.

Mrs. Simmons, who lives near Lamesa, was asking for \$50,000 damages for the alleged wrongful killing of her husband, E. A. Simmons, Oct. 21, 1923, near Lamesa. The case had been tried once in Abilene, the jury awarding the widow \$12,500. The amount of the settlement was not made public, but the attorneys declared it was satisfactory to both sides.—Dallas News.

Back Lame and Achy?

The Advice of This Big Spring Resident Should Help You to Get Well

Do you suffer nagging backache? Feel dizzy, nervous and depressed? Are the kidney secretions irregular; breaking your rest? Likely your kidneys are at fault! Weak kidneys give warning. You have backache; rheumatic twinges. You feel weak, tired, all worn-out. Heed the warning. Don't delay! Use Doan's Pills—a stimulant diuretic to the kidneys. Your neighbors recommend Doan's. Here is a Big Spring case. T. A. Rudd, stationary engineer, says: "My back was sore and lame. I was always in pain and when I stooped it was hard for me to straighten. At night I had to get up often to pass the kidney secretions. After using Doan's Pills I was greatly relieved." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Rudd had. Foster-Milburn Co., Chicago.

XXI. NO. 7

Development Going Forward

Progress is Being Made on
Many Tests the Oil Com-
panies Now Making

Tests Near Deep Rock Test
Tests are being played on loca-
tion Morrison and Thompson's
well which is located north-
west of the Deep Rock's Hyman No.
1, in the county.

At Hyer Test Well
Hyer test well on the
ranch, 18 miles southeast
of Spring is now down to a
depth of 1050 feet.
Expect a producer to re-
turn this test.

Drilling on Scott Well Resumed
Drilling on the
well, 10 or 12 miles east
of Deep Rock test was to have
started this week. This test
is to the depth of 2600 feet
operations were suspended.

The Old McCarty Test
Drilling on the old Mc-
Carty well on the Douthit-Par-
ranch in Sterling county has
been completed and arrangements
are being made to install a
rig and make a deep test
near the old location.

Sloan to Drill
An independent oil opera-
tor to drill a deep test on the
quarter of section 62,
W. & N. W. survey.
Location is two miles north-
west of the Deep Rock's test well
and had two oil showings.

The Gulf's McDowell No. 2
Drilling to set casing in the
McDowell well No. 2 was
fully completed and they are
drilling below 2900 feet.

**Development in this
area should be**
increasing in the next few hundred
feet.

Humphries Oil Co. Interested
Representatives of the Humphries
oil company have purchased a num-
ber of acres of land in the Hyman
ranch near the Deep Rock oil test.
It is rumored that they plan
to make a deep test.

**Humphries, president of the
oil Co., made many mil-
lions by developing the
field.**

The Deep Rock Test
Deep Rock test on section 88,
in the Hyman ranch, has
a depth of 2550 feet in a
formation.
Water was encountered in
Wednesday and it will be
to case this off before
long.

**The oil companies are secur-
ing acreage around this
test. They realize a shallow field
developed around 1300 feet,
now found in a deeper pil-**

O'Daniel Well No. 1
Drilling on Choate & Henshaw's
No. 1 on section 34, block
South, in the eastern part
of county was resumed last
week. This well was around the
mark when drilling was re-

**test is only four or five
feet from the Magnolia's Mary Fos-
ter at 2370 feet, it is consid-
ered one of the important tests now
being made in this section.
Oil was encountered at
the same depth as in the Mag-
nolia. There would be some-
thing in our county.**

Howard County Oil News
The Eagle Mills well No. 1
on section 23, block 22, H. & T. C.
is 11 miles southwest of here,
and had below 1650 feet.
The well, 17 miles southwest
of Spring is now around 3400 feet.
The depth of this well is

Wrightman Foster well No. 1
F. G. Howard survey, 13
miles southwest of here, is drilling
below 2985. The com-
pletion of this well is 3000 feet.
The well, 18 miles southwest
of Spring is now around 3400 feet.
The depth of this well is

encountered another fine showing of
oil last Wednesday around 2240 feet.
The pay streak was two feet thick.
This showing was passed up and
they are now drilling past 2300 feet.

The Cedar Hill well, on Section
43, Block 2, H. & T. C. Ry. Co., 13
miles northwest of here, is drilling
past 500 feet.

We are informed that a standard
rig is being put in the place of the
rotary at the Douthit well on Sec-
tion 173, Block 28, W. & N. W. Ry.
Co., 18 miles northwest of here.

Preparations are going forward
to begin the Wrightman Collins well
No. 1, in the center of the N. W. 1-4
of Section 3, Block "W," T. & P.
Ry. Co., in Claud Collins' pasture
6 1-2 miles east of here. It is ex-
pected that this new well will be
spudded in within the next 30 days.

D. A. Hoover is authority for say-
ing that drilling will be resumed in
the Sparkman well in about thirty
days. This well is on Section 34,
Block 30, W. & N. W. Ry. Co., just
over the line in Glasscock county,
and about 19 miles northwest of here.
The output of Durham well No. 2
is now around 16 barrels per day.
It is predicted that it will be a steady
producer for at least 20 barrels.—
Sterling City News-Record.

Reagan County Oil News

Powell No. 1 flowing 25 barrels
daily.

Powell No. 2, flowing 47 barrels
daily.

Gulf Production Company, section
31, block 12, university lands, in
Crockett county, are down 2840 feet.

Harris No. 1 drilling at 2735 feet.

Shannon No. 2, drilling below 659.

Cumberland Oil Company, Couch
ranch, Crockett county, shut down.

Bill Schaffer No. 1, section 9 in
block 47, university lands, Crockett
county, drilling at 1000 feet.

Virginia-Tex Company, Monument,
Irion county, is drilling 2170 feet.
Little gas at 2090 feet.

Kirby Company, 3047, block 24,
H. & T. C. Ry. survey, drilling below
1290 feet.

Humphreys Company, section 69,
block 1, Reagan county, drilling be-
low 150 feet.

Gulf Company, section 28, block
58, university lands, drilling at 1200
feet.

Big Mesa, Upton county, fishing,
Marland McCamey Leber, Upton
county, shut down; well will make
40 barrels daily.

New location for Kirby Company,
section 51, block 25, south of Baker
well.

Armstrong, Stover, reworking,
Pete Hoffman No. 2 is spudding.

Simon et al, block 11, section cen-
ter 5, 6, 7, 8, shut down.

J. C. Cook Oil Company, section
14, block 29, university lands, in
Crockett county, will begin drilling
soon after removing all tools from
hole; several weeks before job
completed.

Red Ball Drilling Company, sec-
tion 5, block 29, Crockett county, is
spudding.

Marland Todd, block WX, section
17, Crockett county, is spudding.

Powell Humble No. 2, had orders
to shut down; well is flowing 47
barrels daily; is thought by many
oil men well when drilled in prop-
erly and deeper will make big pro-
duction.

Several new wells started in Big
Lake field.

Production is running around 34-
000 barrels daily.—Big Lake Wild-
cat.

HIGHWAYS IN BETTER CONDI- TION THAN STREETS IN CITY

Howard county folks have some
splendid highways—especially those
that have been topped with asphalt.
This has not cost us one cent more
than if the topping had been elimi-
nated. The upkeep on the other
county roads we pay for more direct-
ly and have some idea of the cost.
We do not know what should be the
proper charge for topping highways
with asphalt. One contractor want-
ed 40 cents per square yard when
asked by the Mayor of Big Spring
for a bid. This is ten cents per
yard more than it is costing the state
to do this work.

We do know that gravel roads in
West Texas are short lived; and
firmly believe that the plan of top-
ping them with asphalt is the proper
solution. Maintenance coats should
be reduced an hundred fold where
this topping has been properly ap-
plied.

W. J. Crawford was on the sick
list the forepart of this week.

SOUTH WARD SCHOOL WINS

After a week's delay, caused by
the heavy rains at the close of the
clean-up campaign, the final in-
spection was made last week, and to
South Ward School was unanimously
awarded first prize. The chairman of
the city committee from the City
Administration is asking for a writ-
ing separately of the three districts ap-
proved, and South Ward, being best,
comes first.

All who take enough interest in
the result of the campaign to read
the three several descriptions, are
cordially urged to drive over the
ground and see for themselves what
has been accomplished.

Due to the enlistment of the
grade school children in the clean-
up, results are far more general than
otherwise could have been made.

Beginning with South Ward
School premises, we find that the
grounds are in beautiful order, free
from a single unsightly spot of
weeds, rubbish or cinders. In fact
not in sight of the school will you
find anything to mar the beauty of
your view. The principal of South
Ward, together with her corps of
teachers, and entire student body,
have done yeoman service with
rakes, hoes, etc. Every mosquito
has been pruned, every weed erad-
icated, and every bit of rubbish re-
moved.

South Ward has, to begin with,
the fairest location of all the Big
Spring schools. Just far enough out,
high and level, it is an ideal place
for the boys and girls lucky enough
to be included in the district. Most
of the homes situated near the
school show signs of the activities of
the zealous young workers for first
prize. Of course, from Johnson
Street all the eastern part of Big
Spring was included in South Ward
territory. Quite a large number of
these homes must be childless, to
judge from the total lack of re-
sponse evidenced in front and back
yards, not to mention vacant lots,
alleys, and uncut wilderness growth.
Several truck loads of cans, bottles,
and pieces of old cans, could be
found lying loose from the highway
back south four or five blocks, and
thrown upon the hillsides and into
ditches. But at that, it seems to be
short several tons of equally un-
sightly junk that was there a year
ago. If parents love their children
as they should, they will make a
concerted move to make their sur-
roundings more cleanly and attrac-
tive. Dirt, disorder, and disease
have a definite bearing upon morality
and health.

Coming away from the "ragged
edges" of the district, we find far
pleasanter material upon which to
comment. Most of the attractive new
homes built in Big Spring the past
few years are found in South Ward

region. All the beautiful, well
kept lawns in McDowell Heights,
Collins Heights, Cole & Strahorn,
and on South Scurry are worthy of
mention, also the many trees and
flowers cultivated out there. We be-
lieve the children have gained a
greater love for beauty, order and
cleanliness, thru the efforts put
forth at school and at home. Much
credit is due the principal of S. W.
and her staff of teachers, for the
marked improvement in appearance
of all that vicinity.

LITTLE BOY KILLED

Everett Lee Bearden, five years,
18 months and nineteen days, son
of Mrs. Dan Bearden, died in this
city last Saturday evening, as a re-
sult of an accident during play.
Everett and three other small chil-
dren were playing in the rear of the
Gary and Sigler Filling Station, on
East Third street, about one thirty
p.m. Saturday afternoon. One of
the little fellows started to climb
to the top of a steel gravel truck body
which was leaning against the rear
wall of the station. His weight
caused the truck body to topple over,
and Everett was caught underneath,
the weight of it crushing his chest,
and causing internal injuries which
resulted in his death several hours
later. As it fell, the truck body
struck one of the other children
in the head, knocking it out of its
path, but not seriously injuring the
child.

Funeral services for little Everett
were held at the East Third street
Baptist church, at three o'clock Sun-
day afternoon, by Reverend McLeod,
pastor, and interment was made in
the I. O. O. F. cemetery.

To the sorrowing mother, Mrs. Dan
Bearden, the grandparents, Mr. and
Mrs. W. H. Cardwell, and the young
brothers and sisters, and other rela-
tives is extended the deepest sym-
pathy of their many friends in this,
their sad hour.

CITY BAKERY GUTTED BY FIRE

The City Bakery fixtures and
equipment were practically destroyed
by fire about 11 o'clock Monday
night. The stock of flour in the
west part of the building was not
damaged.

The fire department was on the
job shortly after night watchman
J. W. Carpenter had turned in the
alarm. They held the flames in the
room where the fire originated.

Ford & Hogue, owners of the bak-
ery, are hit quite heavy by the fire,
for in addition to a loss of approxi-
mately \$1600 on fixtures and sup-
plies, it may be several weeks before
they can resume business. The
building which is owned by Wm.
Fisher was damaged to the extent of
about \$1200.

The origin of the fire is unknown.

SCHOOLS OF HOWARD COUNTY TO OPEN NEXT MONDAY

The various schools thruout
the county, with the exception of Green
Valley, Richland, Bisco, and the
Morita schools will open Monday
morning and one of the strongest
corps of teachers ever secured to
teach country schools is believed to
have been secured this coming ses-
sion. Nineteen of the teachers hold
permanent certificates, and many
more of them have a high scholastic
standing. The teachers will organize
their classes, and get their enroll-
ment on Monday morning, and Mon-
day afternoon, they will meet with
the County Superintendent, Judge
H. R. Debenport, at the court house,
at which time plans for the year will
be discussed. A uniform report card
will be adopted at this meeting, and
certain regulations will be given the
teachers to be regarded uniformly in
each school alike. The teachers will
also get the books they will need
this year, in which several changes
have been made since last year.

About 1485 children receive their
education in the country schools,
whereas only 1236 are prepared in
the city schools. Therefore it seems
quite important that the best can be
secured for this majority, since the
whole is benefitted by it. Forty-
four teachers compose the teaching
corps for the country schools with
five teachers at Coahoma, three at
It-Bar, 3 at Midway, 3 at Center
Point, 3 at Moore, 3 at Hiway, 3 at
Knott, 2 at Midway, 2 at Richland,
2 at Fairview, 2 at Soash, 2 at
Caulb, 2 at Elbow, and one at each
of the following schools: Vealmoor,
Bisco, Hart Wells, Morita, Green
Valley, Vincent, Luther and Morris.

Most of the school buildings have
been repaired and remodelled dur-
ing the vacation time, and everything is
in readiness for the opening day.
With most of the crops gathered the
children can enter at this time, and
reap the full benefits of an entire
season this year.

Institute for the county, will be
held during December, at the Court
house, and an interesting program is
being arranged for this week, by the
County Superintendent.

FIRE AT LYRIC THEATRE

The R and K Lyric had a narrow
escape from destruction or serious
damage by fire about 10:30 o'clock
Wednesday morning.

Fortunately the blaze was discov-
ered by Yuell Robb, manager, before
it gained much headway, and the
fire department arriving in quick
time did fine work in extinguishing
the blaze.

The blaze started in the ceiling
above the stage and is supposed to
have been due to defective wiring.

The scenery, stage curtain, screen
and building were more or less dam-
aged by fire and water; the exact
amount not definitely determined.
The big photo-player piano was
also damaged by water, to just what
extent can not be determined until
an expert arrives from Dallas.

There was no interruption in the
operation of the theatre, however, as
the regular program was presented
Wednesday afternoon. Later on
they may have to close the theatre a
short time while repairs and im-
provements are being made.

ARREST THREE ON CHARGE OF BOOTLEGGING

Sheriff Frank House arrested one
negro and two Mexicans in this city
Wednesday morning on a charge of
bootlegging.

The negro is named Robert S.
Wylie and was employed as a cook
on a diner on Texas & Pacific pas-
senger train No. 2. The arrest was
made about 6 a. m. while the pas-
senger train made its customary ten-
minute stop in this city. The two
Mexicans are D. L. Mendoza and
Ernesto Subia.

Examining trials for the three will
be held today.

MRS. E. W. BENNETT DEAD

The news of the death of Mrs. E.
W. Bennett of Fort Stockton who
passed away in San Antonio last
week has reached this city, and her
friends will be grieved to learn of
her death. Mrs. Bennett was the
mother of Miss Katherine Davidson,
a teacher in the public schools here
last year, and she visited in this city
many times.

Homer Davis returned the fore-
part of this week from Canyon, where
he attended a very successful meet-
ing of the Church of Christ in that
city.

Howard County on Stable Basis

Though This Has Been Anything But
a Favorable Year Our County
Is in Good Shape at Present.

While Howard county is not mak-
ing a bumper crop, conditions in our
county are better than they are in
the majority of the counties of this
state. This is due in the face of the
fact that a big section of the most
thickly populated section was hit by
the drought that gripped all Central
Texas.

Because of the fact that we had
no boom and no over-building, our
county is going along on an even keel
whereas other sections where boom
prices for land have been in force
are going to get a severe setback.

It is remarkable that we are able
to make such a good showing when
you consider that we started with-
out any season in the ground at
planting time, and had very little
rain during the summer over the
greater portion of our county. It
just goes to show that Howard coun-
ty is a dependable agricultural
country. But with the lack of a
season and a shortage of rainfall in
summer, we would have made as
much cotton as we made last year
had it not been for the appearance
of cotton fleas, lice, leaf worms and
boll worms, just when cotton had
been revived by the rains during the
latter part of August and the first of
September. These pests did twice as
much damage to crops as did the
drought. Scarcity of pickers, unfav-
orable weather—including rain,
frost and freezes—has followed
when crop harvesting should have
been in full swing and has tended
to cut down production and injure
the feed and cotton crop.

But to top it all, the cotton gam-
blers have been able to hammer
down the price of cotton to work a
further injury to the producers who
have had everything under the sun to
contend with this year.

As the years 1924 and 1925 were
included in the seven year cycle of
unfavorable crop years we hope a
change is now due and that we are
to have a series of good crop seasons.

While many of our farmers are
hard hit by the shortage of crops,
they are not discouraged by any
means as they know that our county
is just as safe bet as any county in
Texas. One year's crop with favor-
able prices in effect will enable them
to recoup the losses of this year.

As we have a good season in the
ground now, all are looking forward
to a good year in 1926. We will not
only hold all our present army of
successful farmers but many new
families will move to Howard coun-
ty before planting time next year.

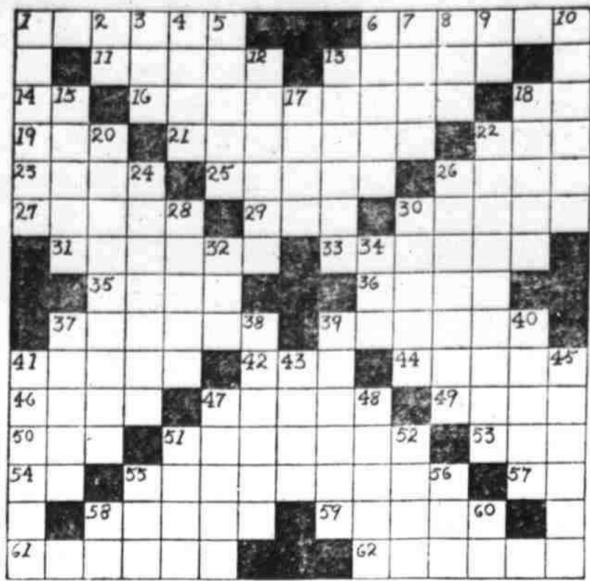

ANGELO BOBCATS ATTEMPT TO RIDE STEERS TODAY

The San Angelo Football team will
meet the Big Spring Steers on the
local gridiron in the City Ball Park
this afternoon at 3:30, and the most
thrilling game of the season is look-
ed forward to by the interested fans.
The Bobcats, wild and woolly, and
the Steers, bucksome and brave, are
about the most evenly matched
teams in this section of the state, and
naturally this contest will be the
struggle to find the winner.

The High School, Ward schools,
and the various organizations will
stage a big parade preceding the
game, headed by the Booster Band.
Each school in the city will have a
decorated car or float, and the var-
ious organizations in the high school
as well as the Parent-Teacher Asso-
ciations will be represented in the
parade. The line of march will
leave the High School building,
promptly at two-thirty o'clock, par-
ading down Main street, and then
to the ball park, in time for the
game to be called at three-thirty.

The High School Pep Squad will
be out in full force at this game,
and pep and enthusiasm that has
never been exhibited before will
urge the Steers on to victory. They
have the confidence and vim to tame
the Bobcats with a big score, and
every school patron, interested fan,
and citizen in the county is urged
to come out and lend your support.

See the big parade at 2:30 today,
when the High School and other
schools in the city strut their stuff
before the big game between the Big
Spring Steers and the San Angelo
Bobcats.

Weak In Back and Sides

"Before the birth of my little girl," says Mrs. Lena Stancil, of R. F. D. 2, Matthews, Mo., "I was so weak in my back and sides I could not go about. I was too weak to stand up or do any work. I felt like my back was coming in two. I lost weight. I didn't eat anything much and was so restless I couldn't sleep nights. My mother used to take

CARDUI For Female Troubles

so I sent to get it. I improved after my first bottle. Cardui is certainly a great help for nervousness and weak back. I took six bottles of Cardui and by then I was well and strong, just did fine from then on. Cardui helped me so much."

Thousands of weak, suffering women have taken Cardui, knowing that it had helped their mothers or their friends, and soon gained strength and got rid of their pains. Cardui should do you a lot of good.

A CHALLENGE TATE COLLEGE

THE FRESHMAN FOOTBALL TEAM. Harold Lamb, captain. Manager. High School Team. Big Spring, Texas. Dear Sir: We're good! We're good! We're good! We feel fully confident we can defeat your team. We have been in existence four years and have yet to taste defeat.

You are no doubt familiar with the name of Harold Lamb, our fullback, who last season was selected by no less than fifty gridiron critics, as an all-American. Lamb last season averaged three touchdowns per game and guarantees to score at least two in every contest. If you book us we shall POSITIVELY GUARANTEE Harold's appearance in our line-up, which alone is worth the price of admission.

If you desire to see us in action and learn the truth of my statement concerning Harold Lamb, we shall be pleased to invite you to see our first game of the season, which is to be played at the New Stadium, in Big Spring at Lyric Theatre on Monday afternoon, November 2.

Awaiting a favorable reply, I am, Yours truly, Manager

P. S.—We're regular fellows. Step right up and call us "Speedy."

OWEN CLARK, PIONEER T. & P. MECHANIC, DIES

Marshall, Texas, Oct. 25.—Owen Clark, one of the oldest railroad men in Texas, succumbed here Friday morning at the home of his niece, Mrs. E. M. Watson, on West Houston avenue.

Mr. Clark was born in England on Oct. 4, 1844, and came to America when he was 23 years of age. The greater part of his life has been spent in Texas, along the line of the Texas & Pacific Railway. He started work for this road as a machinist in 1875 and worked in Marshall, Big Spring and other points on the line. Mr. Clark was general foreman at Big Spring and came to Marshall with A. S. Douglas, who at that time also was a foreman, and when John W. Addis was made superintendent of motive power of the road Mr. Clark was made general master mechanic and occupied this position for about twenty years.

Mr. Clark is survived by three daughters—Mrs. E. G. O'Dowd of Kansas City, Mo.; Mrs. John Amann of Fort Worth and Mrs. J. H. Riggie of Fort Worth, and a sister, Miss Mary Clark of Marshall.

Funeral services were held Saturday morning at St. Joseph's Catholic church, with burial in St. Joseph's Catholic cemetery. —Dallas News.

RESOLUTIONS OF RESPECT

When the Heavenly Father has seen fit to call to that Heavenly Home, Everett Lee Bearden, aged five years, six months and nineteen days, and whereas the grandfather W. H. Cardwell and other relatives are bowed in sorrow at the parting with a loved one:

Therefore be it resolved that we, the members of Mullen Lodge No. 372, I. O. O. F. tender to Brother Cardwell our deepest sympathy in his hour of grief and ask the Heavenly Father to comfort him.

Be it further resolved that these resolutions be spread on the minutes of our body, and also be published in the Big Spring Herald.

L. E. Crenshaw, M. L. Reed, O. J. Welch, committee.

SIX PER CENT INTEREST

Money to loan on farms and ranches. Seven per cent paid semi-annually cancels the debt in 33 years. This is the easiest and best way to obtain cheap money if you want to run a long time.

Call for circular at West Texas National Bank, or see B. REAGAN, 7-41.

GOVERNMENT REPORT BUMPS COTTON PRICE

The price of cotton dropped about \$7 per bale Monday, on publication of the government crop estimate of 15,226,000 bales, an increase of 467,000 bales, compared with the forecast of October 1.

Last year's crop totalled 13,627,936 bales. More than 9,000,000 bales of cotton of this year's crop have been ginned.

RUMMAGE SALE OCTOBER 24

The South Side Circle of the First Baptist church will conduct a Rummage sale at the "M" System store Saturday, Oct. 24. Good second hand clothing will be sold at a big bargain at this sale.

Don't let cotton stand and spoil. It's a shame and sin. Pack it off as soon as picked to Price Bros. Gin—on Gail road. —advertisement.

B. Reagan returned Saturday from a visit with relatives in Dallas county. He visited the old home of his grandfather near De Soto, and drank from the spring he played around fifty years ago. An uncle now owns the old homestead. The visit was indeed one of much enjoyment.

Mr. and Mrs. Andy Tucker are the happy parents of a charming ten pound daughter, who arrived at their home Sunday morning, Oct. 25.

Miss Tommie Preston of Sparanburg, visited her sister, Mrs. Jones Lanar in this city the past week-end.

Mr. and Mrs. Elmer Long of Abilene were visitors here last Friday.

Foot Troubles?

FREE DEMONSTRATION Monday, Nov. 16th

Seven persons out of every ten have some form of foot trouble. It may be weak or broken-down arches, weak ankles, corns, calluses or bunions or probably a case of tired, aching, painful feet.

Regardless of what may be the nature of your suffering, you will find quick and permanent relief, this week, at our Foot Comfort Department.

Foot Comfort Expert to Serve You For the benefit of all foot sufferers, this store has arranged with the Scholl Mfg. Co., for the services of one of Dr. Scholl's most able demonstrators, who will be at our store to give free foot comfort demonstrations on the above date. Every foot sufferer should take advantage of this exceptional opportunity.

Free Podo-graph Picture Made of Your Feet In a few seconds' time, without removing the shoe, he can make a photographic print of your foot that positively shows if you do have foot troubles and to what stage the trouble has progressed. This service is absolutely free and places you under no obligation whatsoever.

FREE SAMPLES Do you want to know how to stop corns hurting instantly? Come in and get a sample of Dr. Scholl's Zino-pads. They remove the cause of corns—friction and pressure. Thin, antiseptic, healing.

Bring your foot troubles to this store during this demonstration and learn the true meaning of foot comfort.

TELL THE WORLD

Under no other government in the
 world have the masses of the people
 been given such equal opportunities
 as in America.

With 16,337,605 electric light and
 power customers, 15,000,000 auto-
 mobiles, 14,000,000 telephones, 9,-
 000,000 phonographs and 3,500,000
 radios, 110,000,000 Americans enjoy
 more of these modern conveniences
 than the peoples of all other coun-
 tries. What we consider necessities
 here are usually classed as luxuries
 by the rest of the world.

It is not just by chance that Amer-
 ica has such things in the largest
 quantities for common use. It is
 here and here only that the individ-
 ual enjoys the greatest freedom for
 developing ideas, energy, ambition
 and initiative. The result has been
 a growth unprecedented in the
 world's history. The best program
 yet offered by a Communist or
 Socialist leader not only fails to add
 in any manner to the advantages and
 freedom under which Americans
 have lived for some hundred and
 fifty years, but it actually reduces
 in a large measure the liberties and
 protection guaranteed to rich and
 poor alike by our constitution.

Every citizen should appreciate
 these facts. We should present them
 whenever possible to counteract
 spurious proposals which if not de-
 feated can undermine the strongest
 governmental structure which ex-
 ists today.—Industrial News Bureau.

We have 6 or 8 Ford chassis for

**PRESBYTERIANS HAD
 GOOD MEETING**

The District Presbyterial of the
 El Paso Presbytery met in Tahoka
 last Friday, the meeting being held
 in the spacious home of Mrs. S. S.
 Ramsey.

There were 37 present, twenty-one
 of whom were visitors, who came
 from Lorenzo, Lubbock, Big Spring,
 and possibly other places.

Report of the work the past year
 in the Ladies' Auxiliaries was heard.
 Plans for future work were discus-
 sed and the work at the Kerrville en-
 campment was recited.

The welcome address was made
 by Mrs. J. B. Stokes, and the re-
 sponse was given by Mrs. J. I. Mc-
 Dowell, the president, of Big Spring.
 Miss Dee Howard gave a much en-
 joyed reading; and Miss Lois Pressly
 rendered a beautiful piano solo.
 Lunch was served to the visitors at
 noon.

Mrs. McDowell, the president, pro-
 nounced this one of the finest pre-
 byterials she had ever had. Dr.
 Johnston, of Lubbock, stated that
 Tahoka ranked next to Lubbock in
 the amount of study covered during
 the past year. They have made a
 detailed study of the Bible and
 have taken a course in home mis-
 sions.—Lynn County News.

SPIRIT OF HALLOWE'EN PERVADES SOCIAL FUNCTIONS

The eve of October 31, is celebrated as Halloween, and since it precedes the festival of All Saints Day, witches and all sorts of mischievous spirits are supposed to be roaming abroad on this night. It was considered, formerly, not quite safe to be out alone on Halloween, and even now it is not considered good manners for the elderly people to engage in the pranks and practical jokes that are played on this eve. They remain at home and hold fireside gatherings.

The belief that spirits roam abroad has faded out, but the pranks and jokes played on this night indicate that some unusual agencies are at work. Many of the superstitions of Halloween date back into history, especially those beliefs, when the spooks revealed to the young maidens the visage of their future mates. Unless each maiden was able to see the face and form of her spouse, she was resigned to the fate of spinsterhood. All of the terrors of the day would be braved by these people just to peer into the mystic future at this magic hour to have their future love affairs revealed.

The nearness of Halloween has been the inspiration for the adornment of the rooms, table appointments, favors, and refreshments, during the past week, for many of the party features. Orange and black have been the dominant colors in the decorations, and the Halloween motif has been carried out in numerous ways, by many clever devices.

One of the most distinctive social functions of the week, was given on Thursday evening when Mrs. O. E. Wolf and Mrs. Edgar Martin entertained friends at their apartments on Main street.

The Halloween spirit prevailed throughout the entertaining suite, and in this effective background the tables were arranged for the playing of a series of bridge games. Yellow and black crepe paper, fringed and artistically arranged adorned the tables, and black cats, witches, pumpkins and other visages of Halloween prettily carried out the chosen theme. Each table was centered with a smiling pumpkin which held the dainty candies and mints. At the conclusion of the hour's play, Mrs. A. L. Wetzel won high score among the ladies, and Dr. O. E. Wolfe among the men.

The beautiful decorations reached a climax at the refreshment hour. Candles from various points in the rooms were lighted and shed a dim light over the scene. A menu in keeping with the decorative theme was served, consisting of bell peppers made in the form of wagons, with carrot wheels and drawn by black cats and witches, and stuffed with chicken salad, cheese molded as Jack O'Lanterns, jelly, stuffed dates and tea biscuits.

Favors of fancy paper hats and fortunes were given each guest.

HALLOWE'EN MOTIF USED AT LOVELY BRIDGE PARTY

With the Halloween note sounding in all of the party features, Miss Spencer Leatherwood delightfully entertained friends at bridge on Friday evening, at which time, Mrs. Fred Hopkins made high score among the ladies and R. Richardson won this honor among the men.

The orange and black motif featured the table appointments, decorations, favors and refreshments, effectively, and at four tables prettily laid in dainty covers, the guests were served a delicious luncheon in two courses.

Those expressing delight at this hour with the hostess were: Mr. and Mrs. Fred Hopkins, Mr. and Mrs. R. Richardson, Mr. and Mrs. Eck Lovelace, Mr. and Mrs. Bart Wilkerson, Misses Vesta Mosteller, Rena Faye Hille, Zou Hardy, and Edmund Notentine, Vivian Nichols, Carrell Barnett and R. C. Sanderson.

PHILLIPS-FRYAR

Edgar Phillips and Miss Virgie Fryar were united in marriage on Friday evening, October 15, Rev. C. B. Waiters at his home on Tenth street. Best wishes for a happy and successful life is extended them.

BANQUET IN HONOR OF A. M. FISHER AND WIFE

Mr. and Mrs. A. M. Fisher were the honor guests at a delightful banquet given Tuesday evening at the Interstate Cafe, when the employees at the Albert M. Fisher Co. entertained in honor of their tenth wedding anniversary. Mr. and Mrs. Fisher were invited for a ride with R. L. Price and Miss Lucille Vawter, who after a short drive, brought them to the Interstate for a repast. Awaiting their arrival here, the crowd had assembled and the banquet table, prettily decorated met their eyes, and the surprise entertainment was complete. As they entered, the group sang, "Hail, Hail, the Gang's All Here," and an old witch standing by the door handed each guest a number, by which the place at the table was found. R. L. Price acting as toastmaster, greeted the "Bride and groom of ten years ago, hoping that they would live to celebrate their Diamond Anniversary."

The Halloween motif was carried out in the table decorations, place cards, and centerpiece, which was a pumpkin from which led streamers to each place, and when pulled revealed the fortune of each one. Within the pumpkin were the tin gifts from the guests for Mr. and Mrs. Fisher, symbolic of the tenth anniversary.

A menu in four courses was served consisting of:

- Shrimp Cocktail
- Olives
- Celery
- Macaroni Salad
- Older
- Salmon Croquettes
- Buttered Carrots
- French Fried Tomatoes
- Parfait Bombe Rolls
- Butter
- Pumpkin Pie With Whipped Cream
- Coffee Au Noir

The guest list included: Mr. and Mrs. A. M. Fisher and son, Albert Jr., Misses Lucille Vawter, Lena Woods, Bernice Waggoner, Lena Richardson, Willie Saunders, Mary Vance Koneaster, Ida White, Lorene McWhirter, Emily Bradley, and R. L. Price, Ben Blackwell, W. B. Conner, Jr., Elmo Wasson, Lester Fisher, C. H. Nowell, and Mr. and Mrs. Elmer Cravens.

PARTY SERIES GIVEN HONORING MRS. THURMAN

In compliment to Mrs. Ira Thurman of Wilmington, California, who left Monday evening for her home, after a several days visit here with her aunt, Mrs. A. T. Lloyd, and other relatives, a number of lovely parties were tendered by her many friends throughout her visit. On Friday afternoon, her cousin, Mrs. R. L. Davis entertained a few of Mrs. Thurman's intimate friends at bridge at the home of her mother, Mrs. A. T. Lloyd. In a delightful environment, the guests assembled, and at daintily appointed tables, a series of bridge games were played. Three tables of players contested, and at counting time it was revealed that high score of the afternoon went to Mrs. Fred Keating.

Following the interesting games, a delicious two course luncheon was served the guests.

Mrs. Thurman was again the honor guest at a delightful party given on Saturday afternoon when Miss Spencer Leatherwood invited a few friends to play bridge.

The Halloween note was featured in the decorations of the rooms, table appointments and refreshments. A salad course, pumpkin pie and coffee was served to Mrs. C. W. Cunningham, Mrs. Shine Philips, Mrs. R. W. Baker, Mrs. A. M. Fisher, Mrs. Chas. Dublin, Mrs. J. D. Biles, and the honoree, Mrs. Ira Thurman of Wilmington, California.

MISS JULIA BESS NOWELL IN ANGELO STYLE SHOW

Miss Julia Bess Nowell was chosen by the Palais Millinery of San Angelo to represent them in the Style Show given on Wednesday at the West Texas Fair held in San Angelo during the week of October 26 to 31, inclusive. All of the business firms of the city stage style show, choosing their models, and it is one of the feature attractions of the Fair.

Miss Nowell left this city Tuesday evening and returned Thursday.

HALLOWE'EN EVENTS FEATURES OF THIS WEEK END

With Halloween coming as it does this year on Saturday night, the remaining days of this week will be filled with many entertainments carrying out the Halloween spirit, with the party details featuring the colors and decorations symbolic of this season. Among the outstanding social functions of the week-end is the Halloween Frolic to be given this Thursday evening at the lovely new home of Mrs. J. B. Austin in the south part of the city, when Mrs. Austin and Mrs. J. N. Blue are co-hostesses.

On Friday evening, October thirtieth, Mrs. J. I. McDowell will entertain with a delightful party, at her home on Scurry street in compliment to the members of her Sunday school class, the Sunshine Girls.

At the Y. M. C. A. on this same evening the West Side Circle of the Methodist church will have a Rook and Forty-two party.

A big masquerade dance will be held at the Fairview skating rink on Friday evening from eight-thirty until twelve o'clock.

The school students are looking forward to Friday evening, as they have a big event planned in honor of the San Angelo football team. The Halloween motif will be carried out in the favors, place cards, and other details of the party.

On Saturday evening a Halloween dance will be held in the old K. of P. Hall over the J. & W. Fisher store. Music will be furnished by the Blue Melody Boys.

"COTTON PICKERS PARTY" AT HOME OF MRS. SAM EASON

A group of women belonging to the East Side Circle of the Methodist church planned to go to the country Wednesday and spend the day picking cotton, to raise funds for the new Methodist church. The weather became so disagreeable, that the plans could not be carried out so the same group of women, assembled at the home of Mrs. Sam Eason and enjoyed a Cotton Pickers Party. Each one brought with her 25 cents to pay for her fun. Rook was the diversion, and a thoroughly enjoyable time was had by those present. The sum taken in equalled the amount that would have been received had they picked two or three hundred pounds of cotton.

A typical workers dinner, consisting of chili, beans, pickles, crackers and coffee was served the many guests.

ROOK CLUB MEETS WITH MRS. CHAS. E. YARNELL

One of the delightful parties of the week was enjoyed by members of the Thursday Rook club last Thursday afternoon, at which time they were the guests of Mrs. Chas. Yarnell. The hostess had created a lovely setting for the party, and at daintily appointed tables the guests found their places to play a series of interesting games. Mrs. Sam Hall, Mrs. W. R. Purser, and Mrs. H. L. Batton tied among the club members for high score, and Mrs. F. M. Purser won the honor of making visitor's high score.

Five tables of guests were present at this happily planned affair, and at refreshment time, a delicious luncheon in two courses was served.

PIONEER BRIDGE CLUB GUESTS OF MRS. C. W. CUNNINGHAM

The appointments for the tables and games were especially dainty when Mrs. C. W. Cunningham was hostess to members of the Pioneer Bridge Club on Wednesday afternoon, when she entertained three tables of guests. Mrs. J. D. Biles won the honor among the club members of making high score, and Mrs. F. H. Stedman won visitor's high score.

Unusually delicious refreshments in two courses were served at the close of play.

BRIDGE PARTY SATURDAY FOR CLUB MEMBERS

Mrs. Clyde Fox was hostess to members of the 1922 Bridge Club on Saturday afternoon, when she entertained three tables at Bridge. Tables were arranged in the attractive rooms, and at prettily appointed tables guests found their places for the play. At the conclusion, Mrs. Eb Hatch had won the distinction of making high club score.

An attractive refreshment plate served as a delightful aftermath of the play.

Harold Lloyd
in
The Freshman
A Pathe Picture
Harold Lloyd Corp.

Monday and Tuesday
Nov. 2, 3 and 4

He was just the goat of the college! A big hearted kid with high hopes — and purple dreams, that came tumbling down, rocked by the laughter of his fellows!

"Step right up and call me Speedy," he said, as he blazed a trail of ice cream cones in his pursuit of popularity.

A regular fellow in a mail order suit, trying to look like a tumbler made campus hero. Trying to be somebody else instead of being his own real self!

But the girl understood! Then the football game! Harold, the water boy, the college boob, the last substitute, hanging on, hoping against hope that his chance would come.

Lloyd is the hero of one of the greatest football games ever staged.

This is undoubtedly the Greatest Comedy Harold Lloyd ever created.

Rates and Capital

WHERE does the West Texas Electric Company get the money with which to do business? Here in the United States we expect to get what we pay for, and we expect to pay in return for the work we do in the service we render. The West Texas Electric Company, and every other public utility, is entitled to be paid for the service it renders. Its pay is called "rates," and its work is called "service." It, in turn, has to pass the costs of operation and maintenance, and a return to its stockholders for the use of their money that should be sufficiently liberal to attract new capital. All this has to be paid out of the rates it receives for its services. Rates provide the money for running expenses, while capital provides the means for extension and growth.

It is this fresh capital that builds the extensions and improvements. Every thrifty man or woman who succeeds in saving something from his or her earnings, wants to invest this money to the best possible advantage. They want to invest it safely and where they may expect a good rate of interest in exchange for the use of it. If they don't get it they won't invest. That is common sense, for no one should be expected to lend his savings for nothing. It is the rates that pay the interest on capital invested for public utilities.

The West Texas Electric Company has to pay as much as any other for the materials it needs to carry on its business -- oil, steel, iron, copper, wood, and the many other products needed in the production and distribution of electricity. Its employees must be efficient and satisfied, and it must pay them the "market" price in wages; otherwise they will go into other industries. Unlike other businesses, however, the utility company cannot fix its own selling prices. It has to pay the "market" price for what it gets, but its own selling prices, or rates, are fixed by some outside authority.

It is from these two sources, Capital and Rates, that the West Texas Electric Company gets the money to carry on its business.

SOCIETY

(Continued from page 6)

MEMBERS SOUTH SIDE CIRCLE MEET MONDAY AFTERNOON

The members of the South Side Circle of the Methodist church were the guests of Mrs. Chas. Yarnell at her home in the south part of the city on Monday afternoon, at which time plans to raise funds for the new church were discussed. It was decided at this meeting to have a "Month of Tens" during the month of November at which time offerings would be given, the money to go in the church fund. Then in December it was decided to open a gift shop on each Saturday during the month. The proceeds from the sale to likewise go in the regular fund.

Following the business of the meeting a short social gathering was held, and delicious refreshments were served.

DELIGHTFUL PROGRAM GIVEN AT SILVER TEA LAST FRIDAY

The members of the Episcopal church and friends were the guests at a Silver Tea on Friday afternoon at the home of Mrs. Jack Norris on Jack street. Miss Ruth Rix, who has been in New Orleans the past three weeks, attending the Triennial Episcopalian Convocation returned Friday morning, and at this meeting she gave a report of her trip, and discussed some of the great work accomplished at the convention. A brief talk was also made by Reverend Frank Stedman.

At the close of the program, an informal social hour followed during which dainty refreshments, consisting of sandwiches, cake, and tea, were served to the guests.

CIRCLE MEMBERS GUESTS OF MRS. L. W. CROFT

The members of the East Side Circle met at the home of Mrs. L. W. Croft on Monday afternoon, at their regular business meeting, at which time the business of the last quarters work was closed, and plans for the next month's work were discussed. Different means of raising money for the church fund were decided upon by the group.

About fourteen members were present at this gathering, and were served delightful refreshments at the close of the afternoon.

SOCIAL HOUR FOLLOWS INSTALLATION OF OFFICERS

The Howard Grove No. 663 W. O. W. Circle met Thursday evening,

Oct. 22, for the purpose of installing officers, after which a social hour, consisting of a short program and delicious refreshments, were enjoyed by the members and guests present.

The Circle will hold its regular monthly session on Nov. 12, and all of the members are urged to be present. A most cordial welcome is extended to members in this city belonging to other Groves to come and meet with us.

DELPHIAN CHAPTER MEETS WITH MRS. CHAS. MORRIS

The Big Spring Delphian Chapter met on Tuesday afternoon with Mrs. Chas. Morris, who proved to be an ideal hostess. She had provided a surprise in the way of a musical treat and social hour, after the regular program.

"Romanesque and Gothic Architecture and Early Italian Art" was the subject at this meeting, and was carried out in full.

The next meeting will be held on November 19, and the subject to be discussed is "The Golden Age of Painting."

WILD ANIMAL BAIT

I can spare you any reasonable amount of choice scent bait for coyotes and other fur bearing animals, as long as my surplus stock lasts; prices reasonable. Call for same at 909 Jack St., Big Spring, Texas. **JOE E. HILL** 5-27pd

The government experts dug up another half million bales of cotton in the crop estimate made public Monday. They can add hundreds of thousands of bales in spite of boll weevils, frost and generally unfavorable weather. Every time they make a big guess the price of cotton drops.

Gutters, radiators, pipes... And many things in tin. You'll find at J. T. Bell's Shop. When once you enter in.

There are any number of reasons why the citizenship should work together more harmoniously -- at least such is the case if we desire Big Spring to keep moving ahead. As long as everyone is intent on looking out for No. 1 there is no hope of progress from a community standpoint.

W. P. Edwards made a business trip to Amarillo the forepart of the week.

Down and out... We have a remedy called "Nux Ferron," that will surely help you.....Cunningham & Phillips.

J. C. Morrison of Stanton was a business visitor here the first of the week.

Mrs. Yuell Robb returned Sunday from a visit with relatives in Dallas.

PROSPECTIVE WEST TENANS

West Texas is today harboring thousands of people who have been uprooted in California. The prospectivity of Central Texas, these people, tenant farmers and small land owners have been driven from their own section by an unprecedented drought and have come to West Texas to help gather the bonneted crops here and to make money sufficient to tide them over until another crop is made. These men are for the most part practical farmers -- as the old of the earth. They are the very men needed to populate the vast area known as West Texas and they are the type of men that must be secured if West Texas is to develop. Many of them are in West Texas for their first time and in their minds they are seeking the miracle of the "desert" blighting to save the other sections of the state ordinarily considered the garden spots.

It behooves West Texas and West Texans to keep these people, or as many of them as possible in West Texas in order that West Texas may secure permanent benefits from their industry. A little encouragement extended by the proper parties at the proper time will cause many of these men to locate in West Texas permanently and they will rent or purchase farms and engage in the great development program under way in West Texas. Mr. Landowner, Mr. Business Man and Mr. Farmer, you may do well to give this encouragement to these good men and West Texas will gain because of your efforts. --West Texas Today.

In Florida they build sidewalks, paved streets and make other improvements around practically worthless tracts of land in order to subdivide same and sell to suckers as city lots at sky high prices. Perhaps it might pay us to tidy up and improve our property if we wished to secure a better price for same.

No trouble to answer questions; if we don't know we'll find out for you if it can be done. Chocolate Shoppe.

Questions such as the sections of the city where the paving is to be put down; proper plans for new water main; to be placed; proper lighting system to be adopted, all come before the Luncheon Club for discussion.

We are getting in Xmas merchandise every day and you are invited to inspect it.....Cunningham & Phillips.

SILLYYADS

Recently a customer asked one of our clerks for a hair brush for his wife. "Habit's back," asked the clerk, "has she caught her hair?" "Yes," replied the customer. Brushes and hairpins are the things that are best to use.

The best way to have money to burn is simply to have coal to burn at the price it is now sold by Big Spring Fuel Co., Phone 64.

The letter "s" is the only difference between a plumber and a hungry dog. One wipes a joint and the other swipes a joint. Dog gone good plumbing is done by Kaach's Plumbing, Heating and Electric Shop.

Man has to hustle but a hen makes money "inying around." A hen lays around best when fed on Purina Chicken Chowder from Joe B. Neel Feed and Transfer.

The trouble with wash day is that both the wash and your wife are all white and starched out. Get your clothes and not your wife white, by sending them to Big Spring Steam Laundry.

A person wants a thing lower than it is when he gets it higher than it is when he orders it. Give a wide berth to the lower quality grocer. Trade with "M" System Store.

It used to be "How many miles do we go on a gallon?" Now it's "How many miles do we go for a quart?" To best fill up a tank, stop at Human Service Station.

(To be continued)

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bedtime with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. It's your system is thoroughly purged and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

CLEANING UP THE OIL FIELD

It seems that nearly two hundred persons in Reagan county thought the Volstead act was a joke, and decided they could afford to take the risk of violating same. Jails in Reagan and adjoining counties were inadequate to hold the big bunch of prisoners when the grand jury and the officers completed their work last week.

This bunch, as well as violators elsewhere, will have a more wholesome respect for the law in the future.

This is the season of the year when a majority of the annual subscriptions to the Herald are due. Many of our subscribers are handing us the amount due and saving us the trouble of mailing out statements or sending bill collectors out for same. This is appreciated.

Everything you need for a cold... Even a handkerchief..... Cunningham & Phillips.

Mr. and Mrs. Steve Currie were here last Saturday from their ranch in Glasscock county.

Fresh chocolate candy. Chocolate Shoppe.

SPECIAL lot of hats to go for \$2.05, Saturday Elite Hat Shop.

"SNAP COTTON" FORCES DOWNWARD PRICES

One of the biggest mistakes the farmers throughout the cotton belt are now making is rushing the "snap" or pulled cotton on the market. Every bale of this inferior cotton helps to force down the price of the middling cotton this year and will be held in storage to force down the price of cotton next year. It would be far better for the cotton producer if they refused to market a single bale of "snap cotton." They could afford to let it rot in the field rather than sell it at about half the price middling cotton will bring. Next year the cotton buyer will pay for the statement that they have a million and one half bales of "snap" in reserve, and this will be "snap" for which there is no market. The spinners can't use it and the world produces far more than it can use.

There is now a surplus of about a million bales of "snap" in the hands of the growers at Houston. If it were in West Texas, it would be "snap" by the name of the county. It is "snap" because it is a half million bales more of low grade cotton added to the world's oversupply.

If you are determined to pull your cotton you should store it away and not have it ginned until all cotton that will grade up to middling has been marketed. If every grower would do this the price of cotton would be boosted upward. Keep swamping the market with "snaps" and good cotton must sell for less.

Already cotton buyers are receiving instructions from their firms to discontinue purchasing "snap" cotton.

Help yourself and the other cotton grower by holding snap cotton off the market just as long as you possibly can.

FINE FURNITURE PRICED RIGHT

Dining room, living room and bed room suites—just as fine as you will find in the big city stores. Better still and get our prices before you buy anything in this line. Phone 141. W. R. PURSER & SONS.

BIG SPRING STEERS BRING HOME ANOTHER VICTORY

Overconfidence almost cost the Steers their victory, when they met the Stanton team at Stanton last Friday afternoon, at which time a large crowd of local fans from Big Spring went to see the game.

Members of the team thought that they knew what Stanton could do, and had not figured that it would take much playing to rope those boys. But at the end of the first quarter, they were aware that they had missed their guess. They went back into the game at the beginning of the second half with renewed vigor, and with the determination to win over this team, which they did with a score of 15 to 12.

The Steers lineup was about back to normal, since Rix and Segell were both able to take their places in this game, and with the exception of Captain J. T. Johnson, who is laid up with a misplaced rib, the entire squad is in fine shape. After the men realized that it was up to them to play ball to bring home this victory, they buckled down to hard playing and showed the spectators what they could really do.

They know from the very beginning of the game this (Friday) afternoon that they have to play real ball, to get the big end of the score, and overconfidence, which almost cost them defeat this game, will not appear on the part of any of the members of the team. The Steers and the Bobcats are very nearly evenly matched, and it will be a real fust and tussle for the winning side.

LIVING ROOM SUITES

Though you may not be in the market just now it might be well for you to call and see what beautiful suites we can sell you at reasonable prices. Phone 141. W. R. PURSER & SONS.

COTTON RECEIPTS 5855 BALES

There had been received at Big Spring up to Wednesday night of this week 5855 bales of cotton according to the report of public weigher T. W. Angel. Between 1600 and 1800 bales have been received at Coahoma, making in the neighborhood of 7500 bales for the county.

The Big Spring Compress received 738 bales the past week. The Compress has received a total of 8212 bales of cotton so far. There has been pressed and shipped to concentration points 5895 bales.

We are not out of the furniture and mattress business, but just pushed it back in our store to make room for our bargains in apples and sweet potatoes. J. R. CREATH.
