MAJORITY OF 1925 GRADUATES OFF TO COLLEGE THIS FALL

The members of the graduating class of 1925 reached the highest percentage of any class yet graduated from the Big Spring High School, in the number of members going to college or university after high school graduation. Out of the forty-one graduates of the 1925 class, five-sixths of the boys are leaving in September to further their educational pursuits in higher institutions of learning, and almost three-fourths of the girls in the class are going off to college. Some are going to attend business colleges, others have already attended summer school at the teachers colleges, and will return to resume their studies again this fall.

This is a remarkable record for the members of this class, and an unusual one. The progress they make and the success that will be theirs, as they climb higher and higher in the scale, will be noted from time to time. Each member is to be congratulated on being accorded this great privilege.

BEN LOVELACE SUSTAINS INJURY

Ben Lovelace in charge of the City Waterworks plant, was seriously injured last Sunday afternoon, while assisting in the work of cleaning a section of the city reservoir.

The fire engine was being used to flush the sides and floor of the reservoir. W. L. McColister was holding the nozzle and the pressure became so great that he was unable to hold the hose. He was knocked down and as the nozzle swung around it struck the right leg of Mr. Lovelace, below the knee, shattering a bone. A hook on the nozzle also tore a hole in the calf of his leg.

The injury was a painful and serious one and it will be quite a while before Mr. Lovelace will be able to be on the job.

S. G. CHILDRESS RAISES VERY FINE PEACHES

S. G. Childress this week brought to the office of the Chamber of Commerce samples of peaches raised on his place in the Konnahasset section and these were as fine as the finest peaches raised in any man's country. Four of these peaches weighed more than two pounds, and they sure did look good. From one twelve-year-old peach tree Mr. Childress this year secured fifteen bushels of fruit and has been successful in securing fruit most every year from the trees in his orchard. He finds a ready market for all his fruit at a good price right here in Big Spring.

Rev. W. L. Shepherd will conduct the services at the First Presbyterian church in this city at 11 o'clock next Sunday morning.

All members are urged to be present and visitors will be extended a cordial invitation.

Strong Faculty For Our Schools

Everything in Readiness for the Opening of School in Big Spring Tuesday, September 8th.

All members of the faculty for the Big Spring Public Schools have been secured for the fall session, which will open Tuesday morning, September 8th, according to Supt. P. B. Bittle, who has been working zealously during the summer months to secure the strongest and best teachers for the Big Spring schools. The line-up of teachers for the coming session are well qualified, and are ready to work and cooperate to make this school year one of the most worthwhile in the history of our schools.

Following is the list of faculty members for the 1925-26 term:
High School Faculty—Norman Spencer, principal and history; Clara Pool, Big Spring, English; Walter Scott, Denton, English; Vesta Mosteller, Greenville, Latin; Eva Rudd, Abilene, Mathematics; S. J. Smith, Edna, Mathematics; A. B. Edwards, Big Spring, Commercial; Inez Bryan, Austin, History; Werna Hargis, Austin, Clothing; Celeste Bounds, Cleburne, Foods; Frank Boyle, Jr., Paris, Assistant Coach and Sciences; Jack Bryan, Austin, Head Coach and Spanish.

Junior High Faculty—J. H. Kennerburg, Kaufman, Principal; Mrs. C. B. Thomas, Big Spring, Writing and Drawing; Mrs. Fred Keating, Big Spring, Spelling; Miss Dee Bacon, Cisco, Reading; Rena Faye Halle, Geography; Lorena Huggins, Honey Grove, History; Myrtle Cody, Aubrey, English; Letha Amerson, Fifth Grade at Junior High.
Central Ward—R. M. Wedgeworth, Timpon, principal; Mrs. D. K. Agnell, Big Spring; Eloise Antley, Forest, Miss.; Mattie Ramsey, Brownwood; Lillian Burleson, Mercury; Mrs. Fred Hopkins, Big Spring; Bernice Johnson, Commerce.

North Ward—Julia Younger, Killen, Principal; Lois Carden, Killen; Ruth Miller, (Mexican room.)
South Ward—Lellyne Rogers, Stanton, Principal; Frances Webb, Stanton; Grace Mann, Colorado.

Indications show that the schools will start off in great shape. The largest enrollment in the history is expected this fall, due to so many newcomers to our city. All of the buildings and equipment have been repaired and overhauled, and are now in readiness for the opening of school September 8th.

Coaches to Arrive Saturday

Coach Bryan of Austin and assistant coach Boyles of Paris will arrive in our city Saturday to start the football boys in training. Splendid football material is offered them this year, from which they will work up a winning team. Much pep and enthusiasm is being manifested for this splendid sport in the eagerness of the football fellows to begin practice and get in shape for the big games of the season.

COACHES WANT TO MEET FOOTBALL BOYS AT H.S. SATURDAY

Coach Jack Bryan and Assistant Coach Boyles will arrive in this city Saturday morning, August 22, and they wish to meet all of the football men at the high school on Saturday afternoon at 4 o'clock. All school fellows, whether you have played the game or not, if you are interested in playing meet with the coaches on Saturday and hear what they have to say to you. Start the season off with a lot of enthusiasm and pep for this goes a long way in stimulating interest throughout the season. Your cooperation with the coaches and the men on the team will make them endeavor to put up a winning fight on every gridiron. Tell all of the boys about this meeting, come out yourself, and bring the whole gang with you.

BIG SPRING ON LIST FOR MAKING SANITARY IMPROVEMENTS

The name of Big Spring together with the names of twenty-six other Texas cities, composes a list sent out by the State Board of Health at Austin, Texas, as having recently made some sanitary improvements. That much sanitary improvement is in progress throughout Texas is evidenced by the number of plans for sewage, disposal and water filtration plants that are submitted to the state board of health for approval.

MAN KILLED BY LIGHTNING

Edward E. Stephen, aged forty-four years, was instantly killed about 4 o'clock Thursday afternoon, August 13th when struck by lightning. The accident took place about ten miles north of Big Spring. Mr. Stephen and J. W. Kite were erecting a new residence two miles north of Fairview and had been camping in a tent nearby while on this job. On Thursday afternoon a brisk shower made its appearance and they had gone to the tent to wait until the shower was over. Mr. Stephens had stepped outside of the tent to secure some of his tools and had gone but a few steps when the bolt descended Mr. Kite, but a few steps away, was not injured but as he looked out of the tent to see what the crash meant he noted that his fellow workman had been struck by lightning, and he went for aid. While an examination of Mr. Stephens' body revealed that no bones were broken, his clothing was torn to shreds and his shoes and hat torn to pieces. A carpenter's pencil which had been in his shirt pocket was hurled thru a box fifteen or twenty feet from where he fell.

The remains were brought to Big Spring and prepared for shipment to his home at Dublin, Texas, Friday evening. He is survived by a wife and four children. A brother arrived Friday to accompany the remains to Dublin.

HEADLIGHTS MUST BE TESTED BY SEPTEMBER THE FIRST

The headlights of every car driven in Big Spring and Howard county must be tested before September 1st, according to the law. Two testing stations, authorized by the government, are now ready to do the testing; these being Hall Tire & Top Co. and Wolcott Motor Co.

This law must be complied with, so why put this matter off of importance off, until the last day? Certain regulations must be reached, and colored lights, shaded globes, etc., will be done away with, putting in their place uniform lights, which will be placed on every car.

When this law becomes effective, night driving will be done more easily and safely, because blinding lights will be put out of operation. Highway motor accidents will also be on the decline.

Somehow or other, the car owners in our county have never been very particular about abiding by the traffic laws. There are cars in this town now, being driven with mufflers on them and cut-outs on, which are positively prohibited by law. This isn't good citizenship.

Respond more readily to this notice and have your lights tested at your earliest convenience. Each car owner will be issued a certificate stating that the lights are O. K. after they have passed the test.

SKYLIGHT BURGLARS ACTIVE

The skylight burglars paid the store of J. & W. Fisher a visit on Friday night of last week, securing a small amount of cash, shoes and wearing apparel. Removing a pane of glass from the skylight was their method of gaining entrance to the store.

Probably the same gents who robbed J. & W. Fisher's store broke into the store of Gary & Son Saturday night and stole a suit case, a suit of clothes, several pairs of pants, neckties, handkerchiefs, etc. They gained an entrance to the store thru the skylight. They must have been disturbed before they completed their haul as they left the rope they have been using to climb in and out of the stores.

The Y. M. C. A. was broken into Sunday night; this being the fifth time within the past three months.

SELLS BOTTLING WORKS

Robt. Boadle recently sold the bottling works which he has been operating in connection with the Big Spring Ice Cream Factory to Alvin Myhre of Colorado, Texas.

Mr. Myhre recently sold his bottling works in Colorado and will move here to give his full time and attention to this plant. He is an expert in the bottling business and built up a big trade while in business at Colorado.

Mr. Boadle will continue to operate the ice cream factory and will also continue to maintain a cream market here—purchasing all cream that those owning cows have to market.

Angelo Boosters Visit Our City

Eighty Business Men and Band Here Wednesday Boosting for All West Texas Exposition

Eighty business men of San Angelo arrived in Big Spring at noon Wednesday on a friendship tour and were to return to Angelo after visiting Coahoma, Westbrook and Colorado. The DeMolay Band accompanied the boosters and gave appreciated concerts here and at every point visited.

The San Angelo trippers were the guests of the Wednesday Luncheon Club at the Galleys & Robinson Cafe and a program of short talks followed the luncheon.

E. Reagan was toastmaster at this session and tendered the visitors a cordial welcome on behalf of the club. He stated that he wanted to make this welcome doubly strong so he asked that Mayor Clyde E. Thomas tender the visitors a welcome in behalf of our entire city and Mayor Thomas in his talk let it be known that San Angelo folks had always been considered friends and neighbors of Big Spring folks and it was indeed a pleasure to greet them on this occasion.

After a fine feed, the toastmaster said that while Big Spring had many A No. 1 orators he felt that there were a few among the San Angelo crowd who had something worthwhile to tell us but insisted that they hear Miss Nell Hatch, secretary of the Big Spring Chamber of Commerce. Miss Hatch made a brief welcoming talk in which she handed San Angelo a compliment for sending so many good looking men with the party.

J. E. Younger acted as toastmaster for the visitors and after complimenting Big Spring for the sumptuous luncheon and cordial welcome stated that he would permit his hired hands to do most of the talking as he was most too full for utterance.

Rev. J. H. Garrett, Dor W. Brown, Ed Elanton, Thos. Head and Walter Yancy made short and snappy talks in which they told of the All West Texas Exposition that was to be held at San Angelo October 26-31, and their present mission to interest the citizens of this portion of Texas to give it their cooperation by sending county agricultural exhibits, community and livestock exhibits.

They pointed out that other sections that had been working cooperatively were now getting the lions share of publicity in the daily press, and stated Big Spring and Howard county would benefit by taking a part in this big district fair. Every one of the speakers complimented Big Spring for the cordial welcome accorded them and urged all to attend the San Angelo Fair so they could return the courtesies.

The closing numbers on the program were two selections on an accordion by George Inriera, a real artist. There were thirty-two boys in the DeMolay band and the concert given upon their arrival in the city was indeed appreciated. The accordion artist also gave a few selections after the band concert.

During the short time the visitors were in the city they visited all the business houses, made many friends, and made our folks feel that their presence at the San Angelo Fair was indeed desired.

CLEAN-UP CAMPAIGN NEEDED

There is much that can be done toward giving our city a more attractive appearance. While you are not overly busy, just make a trip thru the alleys in the business district and see if a real clean-up is not needed. We are indeed fortunate that typhoid fever and other diseases are not prevalent here—since we allow disease breeding places to flourish. We make it easy for the flies to thrive.

The city dads should tag our folks for having unsanitary spots in our city, as well tag us for parking our autos on Main street.

It's very important that our city is kept healthful and we can all help by doing a little clean-up work.

Don't wait to be forced to do this clean-up work. Be a good citizen by getting busy on this job and urging your neighbors to join in.

DAIRY COWS ON FARM PAY

Just now while most folks are crazy about cotton it is difficult to talk to folks about the importance of keeping a few good milk cows on the place so the farm can be kept on a cash basis. When the price of cotton takes a big slump which we all know it is bound to do some of these days, dairying and other side lines will have to be considered.

A few farmers of Howard county have found it pays to keep a few good cows to provide a regular weekly income. Twenty-eight of these men marketed cream with Robert Boadle the Nisley Creamery representative here last Saturday. A total of 174 pounds of butter fat was marketed, bringing \$66.12. E. H. Wood of the Knott community markets about \$11.50 worth of cream weekly. He has four cows and they produce enough cream to pay for the living expenses of his family.

Mr. Boadle is now buying cream from farmers in the vicinity of Sparenberg, Stanton and Sterling City.

BIG SPRING TO HAVE ANIMAL HOSPITAL ON EAST THIRD ST.

The Big Spring Veterinary Hospital is the name of a new institution for Big Spring, which is to be located in the 600 block on East Third street. Dr. O. E. Wolfe, veterinary surgeon, is now having a building erected, that is to be a stucco structure, 24x40 feet, and it will be modernly equipped throughout. The building will have his office, operating room, medicine room, and a laboratory will also be provided. Experimental work will be carried out along with the regular work.

The building will be equipped with every modern and sanitary convenience, and will be kept neat and clean. Dr. Wolfe is indeed to be commended for making this progressive step, and it is evident that it will prove a wise investment. Dr. Wolfe has had extended experience as a veterinary surgeon and will treat any animal for disease or for injury.

WEST TEXAS TENNIS TOURNAMENT HELD AT LUBBOCK

The West Texas Tennis Tournament was held at Lubbock, Texas, on Friday, August 14, with the Lubbock teams carrying off most of the honors. Entries from Big Spring were Etter, Coffee, Bittle and Cunningham.

In the first round of doubles Ehman and Smith of Waco defeated Etter and Coffee of Big Spring, 6-2, 6-4. Bittle and Cunningham of Big Spring defeated Walker and Lanham of Slaton, 6-2, 6-30. McCriemen and Mowery defeated Bittle and Cunningham 6-3, 6-2.

It might be of interest to say that the Big Spring team, Bittle and Cunningham, were both men well past middle age, showing that tennis is not necessarily a young man's game.

In the singles, Coffee defeated Feltry of Lubbock 6-3, 7-5 and was defeated by Lanham in the second round 6-2, 6-2.

SWEETWATER CHOSEN FOR NEXT DISTRICT MEETING

The West Texas I. O. O. F. and Rebekahs Association meeting will be held at Sweetwater, Texas, in 1926. Following is the list of officers elected at the joint meeting of these two lodges which was held in Big Spring on Thursday and Friday of last week.

President, Mrs. C. H. McDaniel, Big Spring; 1st vice president, J. H. Hampton, Clyde; 2nd vice president, Mrs. H. L. Rix, Big Spring; Secretary, Mrs. Nellie Delaney, Colorado; Treasurer, Mrs. Ed Shaw, Abilene; Chaplain, T. A. Lee, Sweetwater.

Visitors from all over the district were in attendance at the programs, which were given at the First Baptist church. A chicken barbecue was given in honor of the out of town guests at the City Park on Thursday evening. Following this, the members of each of the lodges went to the I. O. O. F. and Rebekah lodge rooms, respectively, and took up the degree work. The Sweetwater team won the banner in the Rebekah lodge ip this work.

Bert Fields and Tom Williams left last Friday for Hawley, Texas. Mr. Fields was called there by the death of his great uncle, Elbert Fields, who was 89 years old on August 3rd.

BIG SPRING WINS THREE GAMES

The fans had the pleasure of seeing the T. & P. baseball team win three contests the past week. The boys were at their best and are putting up some real games.

Coahoma was here for a game on Thursday afternoon of last week and a close game was the result. The Coahoma team put up a much better game than did the Baird bunch.

The Baird Coyotes were tamed by the Big Spring T. & P. team here last Saturday and Sunday. For some time the stories had gone out that Baird had one of the fastest teams in central west Texas and was coming to Big Spring for the purpose of making the local team look like a bunch of "nuts." The pitchers of Baird were said to be world beaters. Then too, they boasted of their own percentage of .300, which is thirteen out of eighteen. But they weren't taking any of them so they strengthened their team with O'Brien, Bruckner and Abbott's left players.

It was said that if they had a good game for Baird Sunday but Moore pitched a better one for Big Spring. Purvis was touched for nine hits, while the heavy hitting Coyotes were allowed but two hits by Moore. Thornton of Big Spring secured a home run.

The Baird players attributed Saturday's defeat to the long and tiresome journey via auto and requested the fans to be out Sunday and see a real ball game, but the Coyotes were apparently off their feed. In only one inning did the Coyotes show a fighting spirit and then made three scores due mainly to errors on the part of the Big Spring players. In the ninth inning they made one more score, a total of four for the game while the Big Spring team was piling up sixteen.

The mighty Raleigh Ray who is supposed to bring consternation and gloom to the opposing team must have lost his stuff, for the home team was swatting him free and easy when he was pulled in the sixth inning. Gibson, another Callahan product who has been touted as a wonder must have suffered an attack of stage fright. He couldn't see the home plate. After he filled the bases by passing two and allowing one hit he proceeded to give two more men bases on balls, thus forcing

in two scores. He was pulled and Neeley finished the game.

The Baird bunch say they know they can play better ball than they played and want the T. & P. team to visit Baird.

Below we give the box score for the three games:

The fans of Big Spring spent \$2200.00 or more last year in an effort to have a fast ball team, but met with poor success. This year we have had one of the fastest ball teams in West Texas and the fans have no been asked to donate a single penny. That's the main reason to show our appreciation to the members of the team who made it possible for us to enjoy many fine games this season. If we show the proper measure of appreciation it will be an easy matter to arrange for a dandy team next year as most of the men on the team can be persuaded to play with the T. & P. team next summer. If you are a real fan you will donate to an appreciation fund.

GLASSCOCK COUNTY STOCK IS IN FINE SHAPE

Twenty-five to thirty carloads of yearling steers have been purchased from Glasscock county ranchmen at \$35 per head. Among those making delivery to Elkins Bros. of Midland and other buyers were John Cox, Henry Currie, S. J. Bishop and J. W. Cox.

Range conditions in Glasscock county are simply ideal and this is one county that is able to deliver fat cattle. Cattle will enter the winter in the best shape ever known.

SPECIAL NOTICE

Sunday, August 23rd being observed as Missionary Sunday at the Methodist Sunday school, Miss Lucile Reagan has kindly agreed to give a talk after the lesson at 10:30 Sunday morning.

If you are a Methodist you should be in Sunday school. You will find an interesting class from the primary department to the Adult Bible class. A hearty welcome awaits you.

Mrs. Jimmie Lee Hart of Colorado, enroute home, lost control of her auto when she noted a herd of steers in the road as she topped a hill about seven miles east of Big Spring, Thursday morning, and the auto crashed into the herd. One steer had two legs broken, and several more of the animals were knocked down but were not injured. The failure of the brakes to work was responsible for the accident.

Early Autumn Modes In Dresses

For the fall season are here now, and ready for your inspection and approval. Whether you are ready to buy now or not come in and get acquainted with what the new Fashions for this season bring forth.

The straight line tailored mode plays an important role—and the new flared skirt is strongly favored. Sleeves are long, while collars adopt almost as many different styles as the number of dresses that are shown.

EVERY CORRECT MODEL

of assured favor in styling, material, trim and color can be seen here now, and most every express brings in new additions to our showing.

Mirvorkrepe, Frostkrepe, Satin Crepe are the most favored materials and the "ever-new" black is leading in the color race, but many other colors are to be had too—Pansies, Blues, and Browns in many varieties of shades. Let us show you today.

EXTRA SPECIAL

We have arranged on tables a lot of Misses and Childrens pumps and oxfords that we are offering at

GUITAR GIN OVERHAULED
The Guitar Gin after being thoroughly overhauled and many improvements added, was tested out and everything was found to be in fine shape.

This five-stand eighty-saw gin is now ready to start operation as soon as cotton begins to come in. A big storage house to hold cotton in the seed has been erected this summer. This house is for the use of those who are too busy to wait to have their cotton ginned. They can unload their cotton in this storage room and it will be ginned in turn. The house has a capacity of sixty bales!

C. H. Gordon an expert gin man has been secured to take charge of the Guitar gin here this year and he promises the patrons of the gin real service.

HOW ABOUT AN AGRICULTURAL DISPLAY?
It might be a fine idea to have a miniature county fair in our city just prior to sending an agricultural exhibit to the Dallas Fair and other fairs in Texas.

We need plan nothing elaborate, but give our folks an opportunity to see just what crops are being produced in our county this year.

Most folks would be glad to bring in a few samples of farm, garden and orchard products in order to show what our county can do in even an unfavorable year.

LAWN TENNIS TOURNAMENT TO BE HELD AUGUST 25-26
The Big Spring Lawn Tennis Association will hold their Annual Tennis Tournament on their courts on the high school grounds in this city Wednesday and Thursday, August 25th and 26th.

Entries from the following cities are expected to participate in the tournament: Brownfield, Colorado, Lubbock, Midland, Roscoe, San Angelo and Slaton.

The Big Spring Association has especially fine courts and a fine meeting is assured on the occasion of the annual tournament.

"ATLANTIC CITY SEVEN" APPEAR AT R & R LYRIC
The entertainment given by the Atlantic City Seven, a jazz orchestra of renown, at the R. and R. Lyric theatre Wednesday and Thursday evenings of this week, scored another success with the large and appreciative audience that came out both evenings to the concerts. Such a program always takes well with the theatre-goers in Big Spring, and is held in high favor.

The selections given deserve praise, and several encores were called for. The orchestra was composed of a piano, two saxophones, cornet, banjo, drums and trombone.

"One Exciting Night" was the picture showing at the theatre these two days.

SPEAKS AT FIRST BAPTIST CHURCH SUNDAY MORNING
B. G. Holloway, head of the Extension Department of Baylor College at Belton, filled the pulpit at the First Baptist church Sunday morning at the regular service hour. The subject of his sermon was "Concentration," taking as his text, "This one thing I do." He delivered a splendid address.

Incidentally, Mr. Holloway spoke in the interest of his school. He told of the great christian influence that Baylor has spread all over the state, and he cited some of the work done by graduates, who have gone out in life's work. The impression Baylor makes in the world is lasting, and will continue to be, according to Mr. Holloway.

We have been mighty fortunate in having a good baseball team this year without costing our folks anything. We have had some mighty fine games too, just as good as you will see in the larger cities. Very few towns or cities can afford to maintain professional ball teams. As a result many towns that have tried the experiment have become disgusted and the citizens failing to see adequate returns have refused to subscribe to the upkeep of the teams where all the players were hired. A number of teams in West Texas disbanded long before the season was over.

**MAGAZINE GIVES
BIG SPRING PUBLICITY**

Big Spring has just received public publicity in the July "Forward Southwest" magazine, publication having a large circulation.

Attention for the mention of Big Spring is that the Glacier-to-Gulf Highway Association has arranged with the publishers of "Forward Southwest" magazine to have an entire section of the magazine devoted to the official organ of this highway. D. E. Colp is in charge of this department, and his article deals with a brief description of practically every town and outstanding attractions along the route from Brownsville to a distance of 1,032 miles.

Big Spring is where they get the highway. The Glacier-to-Gulf Highway, which route is the majority of people going from Texas to El Paso; all in all it is the best road and the fastest, with no gates. Big Spring has a 300-acre tract located on top of a mountain which you can see the towns of adjoining counties.

Big Spring and the center of the magazine and is furnished by accompanying a map of the Glacier-to-Gulf Highway with each town and the distance between towns are all printed. Also there is a map of the entire scope of this tour from Tampico, Mexico, to the states to Calgary, Canada.

Importance of this publicity for this town is better realized. It is known that the Glacier-to-Gulf Highway will carry a special, important and the general public each month, together with an article of several pages.

In addition each issue will feature four or five along the route, with a number of illustrations, just as the magazine has special articles on towns to tourists and home-owners. Edinburg and Mission of the Rio Grande Valley.

Big Spring along the Glacier-to-Gulf Highway is congratulated on this connection with "Forward Southwest" magazine. It is the only town in the seven southwestern states that devotes itself exclusively to the publication of articles; it is the only town to receive recognition in the Annual Year Book of the Merchants Association of the twenty-five year old body; the magazine is by subscription to practically every state in the union and is read by tourist bureaus, automobile, railroads and news throughout the several

"Forward Southwest" is at once an interesting, a work of printer's art and more profusely illustrated than any publication which we know.

Attention arrives in Big Spring they will be accorded full cooperation to the end that our town and county will secure unlimited publicity during the coming months to doubtless millions of readers, as F. R. Senor, their managing editor, enjoys an extensive reader clientele through a number of publications aside from the one of which he is editor.

Mr. Colp states that he has induced both Mrs. F. R. Senor, business manager and Mr. Senor, the editor respectively of "Forward Southwest" magazine to give attention by personal visits to each town on this motorway. At present Mrs. Senor is motoring from San Antonio to Denver, Colorado, securing special feature sections for the towns and arranging dates for their appearance. At the same time and for the same purpose Mr. Senor is making the trip from San Antonio to Tampico, Mexico.

We try to please. Chocolate Shoppe.

RHODE ISLAND REDS

Pullets and cockerels, as long as they last at \$1.00 and \$1.25 each. LAWRENCE SIMPSON, G. C. Rt., Big Spring. 482t

That we are not lined up to boom our town in a cooperative manner was very evident last week when a visitor attempted to ascertain the population of Big Spring. One citizen advised him we had a population of 4000, another guessed 5000, and still another placed the figures at 6000. If we were all working together we would be able to tell folks about our town without guessing, and in a way to convince the inquirer that we had reason to have faith in

Buick Performance steps further ahead in World Leadership

The Valve-in-Head engine in the Better Buick Master models delivers more than 75 horsepower! Extra power has been added to the extra power always a feature of Buick's famous engine.

Even drivers of previous Buicks will be amazed at the performance the Better Buick now places at their command. The higher efficiency of the engine in the Better Buick includes the same economical consumption of gasoline and oil that has distinguished all past Buicks.

And the Better Buick now leads the world in protection for engine and driving units. Three new seals have been added to Buick's famous Sealed Chassis. An air cleaner, a gasoline filter, and an oil filter, now insure clean air, oil and gasoline for the engine.

Drive one of the Better Buicks. Know how much the new 75 horsepower Standard of Performance adds to the pleasure of Buick ownership.

You never again will be satisfied with the power and performance of the ordinary motor car.

ABSTRACT OR TITLE, WHICH?

Since an abstract is a brief of all instruments at the Clerk's Office affecting the title, it must show all the defects in the title, and you may have a perfect abstract and a mighty poor title. The ambition of the abstracter is to get all the instruments out of the records; he must have a set of abstract books to do it. It is the business of an attorney to pass on the legal sufficiency of the instruments. THE BIG SPRING ABSTRACT CO. has a complete set of books of all city property and acreage in Howard county. NOTICE, CORRECTION OF ERROR

In at least one of the daily papers of the state, it was reported that R. L. Pennington, sometime known as Alcohol King, who was sentenced to the penitentiary from Howard county for violation of the prohibition act, was pardoned, and that among those asking for the pardon was the sheriff of Howard county.

This is to say that I did not recommend the pardon, directly or indirectly, and that I did not know that a pardon was even being sought. Such report as stated in the daily paper was absolutely unauthorized and does not state the facts. I hope that my record as Sheriff shows that I stand for law enforcement.

TO KLAN SPEAKER

Big Spring, Texas, August 12, 1925

the Herald.

the Texas.

the edition of your valuable reproduction of the address delivered by Hon. Fred E. Cunningham, lecturer of the Ku Klux Klan, on the premises of the Home of Big Spring. The speaker as that he did not give up trouble but only to the Klan. But then he goes on to say that the Catholic church is a pernicious society, warning that there were Catholics among the signers of the Constitution, that Catholic missionaries first christianized the natives of the country. Besides, the first thing that the Constitution guarantees is religious freedom. It seems to be the persistent fear of the Ku Klux Klan and men of similar mentality that wherever there exists a greater group of Catholics that they are bent on turning the country over to the Pope. They seem to be unable to see the difference between political and spiritual allegiance, the latter of which only Catholics owe to the Pope. If Christ had chosen to live on earth we would pay Him spiritual allegiance; now as Catholics we pay it to the Pope who represents Christ to us.

The speaker labors also under some misconception about the Catholic church's legislation concerning marriage, alleging that the Catholic church considers a man and woman, not married by a Catholic priest, as living in adultery. Such is in no way the case, as many a divorced non-Catholic finds out

when wishing to marry a Catholic. But the persistent and ever present specter in the mind of the K. K. K. seems to be the Catholic school. It is, in his opinion, a menace to the American Constitution and nation. How unreasonable! The framers of the Constitution were not of that opinion when they gave every encouragement to Denominational schools, the only system then in use, and placed the Catholic schools on an equal rating with the others. Mr. Wankin makes the startling assertion that Louisiana boys and girls are taught to despise American institutions. Such a statement is unfounded and preposterous. People who know Louisiana and their Catholic schools will be positively shocked at such unfair charges and will doubt the good faith of those who make them.

The spokesman of the K. K. K. sums up his reasons for his opposition to the Catholic church by saying that she is world wide in scope and activity. But is not Christianity of necessity world wide? If it were not, would the Apostles have left Jerusalem and Judea and preached the Gospel to every nation then known? If the Catholic church were not world-wide, who would have converted Ancient Rome, once the bulwark of heathenism and sponsor to every unclean cult of its subject nations? Who would have converted Italy, France, Spain, Germany, England and the rest of Northern Europe? Who would have christianized the newly-discovered continent? Christopher Columbus discovered America in 1492 and Catholic missionaries were immediately found at work in the new sphere of activity, fully a quarter a century before the birth of Protestantism. Can the Catholic church stop to be world-wide now? Is it not the command-

ment of Christ to preach the Gospel to all nations? And, besides, is it not the Klan's aim also to be world-wide in its influence and activity, according to its own admission? Here are the words of Mr. Wankin: "The Klan has written its name in the pages of Southern history. He did it for the civilization of the South, and we are following in its footsteps, not only for America but for the whole world." The difference, in our opinion, between the universality of the Catholic (Universal) church and the one intended by the Klan is that the Catholic church is spiritual in its nature and character, whereas the Klan is principally political.

To sum up: The statements of Mr. Wankin in regard to the Catholic church are erroneous and based on prejudice and far from helping America to solve its religious and racial problems, they are apt to stir up religious and racial war. If we do not mistake their purport, they are an appeal for actual persecution of Catholics and their church. This would mean a flagrant and shocking injustice to a representative and respected class of American citizens, a denial of primitive rights guaranteed us by the Constitution. Let the Klan reflect and see that it does not go in the face of the very principles upon which the American government is established.

But they remain Catholics, the speaker objects, comparing the French Huguenot (Protestant) with the French Catholics in Louisiana. The Huguenots kept up the Protestant faith, while the Catholics of Louisiana remained in the Catholic faith. But where is it written that there is no room for anybody but for Protestants in the United States? At any rate, the framers of the Constitution had no such thing in mind. Anti-Catholics ought to remember that there were Catholics among the signers of the Constitution, that a Catholic discovered that country, that Catholic missionaries first christianized the natives of the country. Besides, the first thing that the Constitution guarantees is religious freedom. It seems to be the persistent fear of the Ku Klux Klan and men of similar mentality that wherever there exists a greater group of Catholics that they are bent on turning the country over to the Pope. Concrete Streets in TEXAS

San Benito, Texas, has solved its street paving problems.

In the Spring of 1922, the city laid a short block of concrete—only 1380 square yards—which caused the taxpayers quickly to realize the economy of this type of pavement. In October of the same year 38,000 additional square yards was contracted for on the city's main thoroughfares. Since then 85,000 square yards have been laid in the business and residential sections.

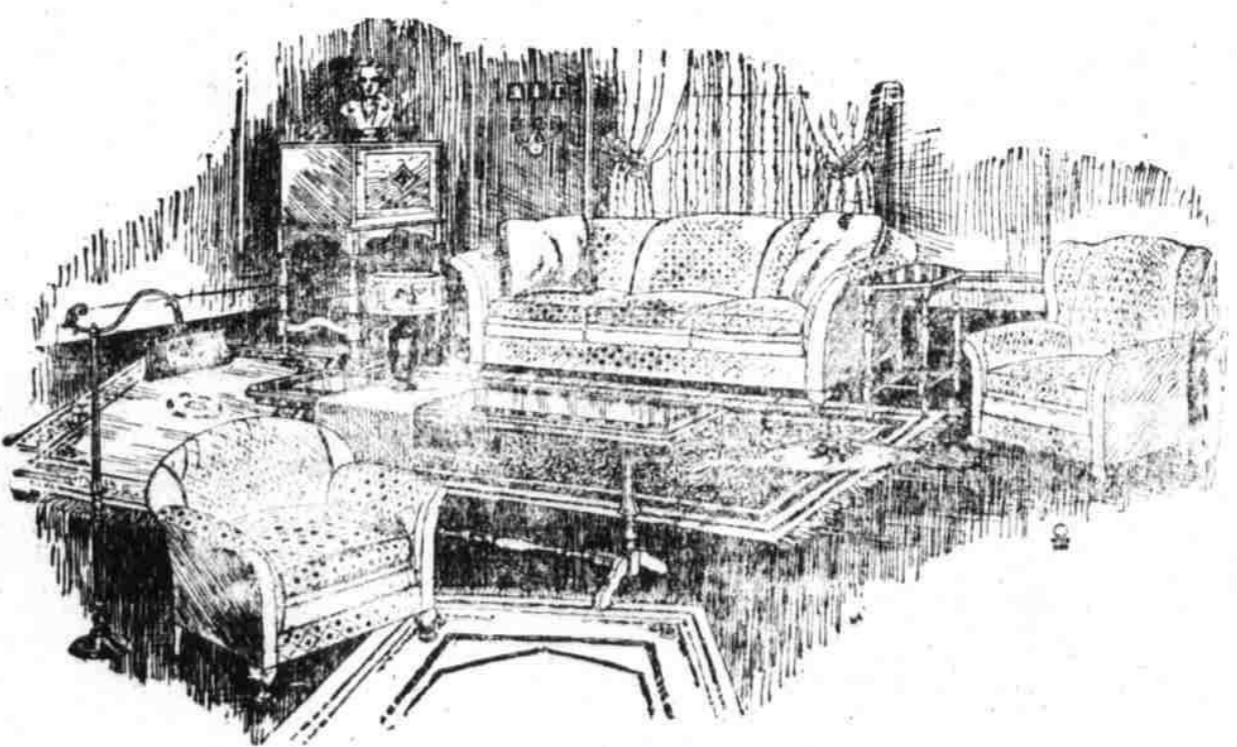

Experience has proved to San Benito that her concrete pavements cost little to maintain. Built according to present-day high standards, concrete streets meet permanently all the requirements of modern traffic.

What San Benito has learned about the value of concrete pavement may help your town.

Our booklet R-4 tells many interesting things about concrete streets. We have a free copy awaiting your request.

BRIDGE PARTY A LOVELY AFFAIR TUESDAY EVENING

A summer hospitality of unusual charm was that of Tuesday evening with Mrs. A. E. Pistole hostess to friends at bridge. Six tables of guests assembled in the Pistole home to contest in the playing of a series of Bridge games. Clever thought was expressed in the pretty table and game appointments. At counting time, Miss Clara Pool was awarded the honor for having made high score among the ladies, and was beautifully favored with a handsome vase. Eb Hatch made high score among the gentlemen, and was also favored.

A tempting refreshment plate, including sandwiches, salad, stuffed olives, cheese straws, iced tea, mints, and angel food cake, was passed.

The guest list included: Dr. and Mrs. M. H. Bennett, Mr. and Mrs. Fred Keating, Mr. and Mrs. Lib Coffee, Mr. and Mrs. R. H. McNew, Mr. and Mrs. Eb Hatch, Mr. and Mrs. Hob Everett, Mrs. R. W. Baker, Mrs. Neblett Brown of Mineral Wells, Mrs. T. E. Helton of Parsons, Kansas, Misses Clara Pool, Gertrude McJatye, Lillian Frances Gary, Thelma Fox, Ruth Pistole, Free, and Messrs Jimmie Wilson, Eddie Price, and Louis Rix.

MRS. M. H. BENNETT HOSTESS TO PIONEER BRIDGE CLUB

A very lovely party was extended to members of the Pioneer Bridge club on last Friday afternoon, with Mrs. M. H. Bennett, as hostess.

The hostess had provided a charming setting for the party, and guests found their places at daintily appointed tables by beautiful bridge tallies.

The fascination of bridge entertained the guest for a two-hour period; in which Mrs. Clyde Fox had the honor of making club score and Mrs. T. E. Helton of Parsons, Kansas, visitor's high score. At the close of play, the party was transformed into a surprise shower, complimentary to Mrs. Eb Hatch, a recent bride. Each guest presented her with a lovely token, as a remembrance of this happy affair.

A two-course luncheon served as a delightful aftermath for this two-fold hospitality.

Mrs. H. W. Leeper of Fort Worth, mother of Mrs. Bennett, and Mrs. T. E. Helton of Parsons, Kansas, sister of Mrs. Bennett, were out of town guests.

VISITORS HONORED AT BRIDGE

Mrs. Mack Brundage and Mrs. L. Ray of Baird, occasioned a beautifully planned party on last Saturday evening, when Mrs. O. E. Wolfe, with whom they are visiting, delightfully entertained at bridge, in their honor.

The ever-popular game was the diversion, and keen rivalry was felt in the series of games played. Mrs. Brundage was the lucky winner of high score among the women and Dr. Wolfe made high score among the gentlemen.

A delicious ice course was served at the close of play.

Dr. and Mrs. Wolfe included in this complimentary hospitality: Dr. and Mrs. M. H. Bennett, Mr. and Mrs. Fred Hopkins, Mr. and Mrs. Edgar Martin, Mrs. H. D. Hilliard, Mrs. Thomas E. Helton of Parsons, Kansas, and the honorees, Mrs. Brundage and Mrs. Ray of Baird.

THURSDAY ROOK CLUB ENTAINED BY MRS. MILLER

An affair of lovely appointments, was given on Thursday afternoon with Mrs. Walter Miller hostess to members of the Thursday Rook club and guests on last Thursday afternoon.

The home was made attractive with cut flowers of radiant hues, artistically arranged throughout the rooms where the tables were placed for playing rook.

Five tables of players contested in the series of games, in which Mrs. C. E. Shive and Mrs. Walter Pike tied for club score, and Mrs. Steve Baker and Mrs. Felton Smith tied for visitor's score.

A two-course luncheon was served at the close of play.

LOCKLAR-ARMSTRONG

The ceremony which united in marriage Otis Locklar and Miss Lois Armstrong of Midland, Texas, was performed by Rev. Geo. J. Ruth, pastor of the First Christian church, at the parsonage in Big Spring on Saturday evening, August 15th.

MANY PICNICS AND CHICKEN BARBECUES GIVEN THIS WEEK

That out of doors is about the most inviting place for amusement these hot summer days is proven by the number of picnics and chicken barbecues that are given throughout the summer season. This week has been an unusually busy one for all of the cool, shady nooks bordering the city, as every evening they are visited by a jolly group of young and old, who come out to enjoy a repast in the cool of late evening. Every crowd brings a huge lunch basket filled to capacity with good eatables, because this constitutes the chief form of entertainment. The cool breeze, and shady nook is made doubly delightful after the picnic supper is spread. The City Park is always a popular spot, and the City Water Works gets its share of the crowds who come out for chicken barbecues. No other amusement can equal this sort of past time in the summer, with our cool evenings, and beautiful moonlight nights.

PICNIC HONORING REV AND MRS. SHEPHERD

In compliment to Rev. and Mrs. W. L. Shepherd of Weslaco who are here visiting friends, the members of the Presbyterian church gave a picnic at the City Federation Park on last Friday evening.

Reverend Shepherd is a former pastor of the Presbyterian church here, and he won a host of warm friends during his pastorate.

About seventy-five guests assembled at the City Park to make this reunion a happy one. A bountiful picnic supper was served, after which the group enjoyed an informal social hour in the pleasant out of doors.

HONORING MR. AND MRS. C. E. TALBOT

In honor of Mr. and Mrs. C. E. Talbot, who left Monday for California for an indefinite stay, three Sunday school classes of the Methodist church tendered an entertainment at the City Park last Wednesday evening as a farewell party for them. The members of J. M. Manuel's class, Mrs. Fox Stripling's class and Mrs. Chas. Morris' class were guests on this occasion, which proved to be a very happy one.

A feast of ice cold watermelon was enjoyed, along with the social hour of delight and merriment.

"SALLY," GREATEST STAGE HIT, FILMED

Figures which spell success are always interesting because in many instances they stand for romance. A case in point is "Sally," the Ziegfeld musical comedy success.

"Sally" is now in the movies, presented by First National with Colleen Moore as the star, will be shown at the Lyric theatre, Monday and Tuesday, August 24th and 25th. Floyd Hughes and Leon Errol, Broadway comedy kings, head the big supporting cast.

As a stage vehicle for Marilynn Miller the production is declared to have grossed more than \$4,000,000 and is acclaimed perhaps the most successful of all American stage hits. Not even the John Golden play, "Lightnin'," excelled its record, "Lightnin'," although enjoying a longer run than "Sally," fell below the Ziegfeld success in gross receipts by some \$200,000. New York alone is said to have paid \$2,000,000 to witness "Sally" on the stage. What the country at large will spend to behold "Sally" on the screen is as yet entirely problematical, but it may be guessed that the figures will not be far behind those of the spoken theatre.

June Mathis, who was responsible for such film successes as "The Four Horsemen" and "Blood and Sand," made the adaptation of "Sally." Colleen Moore brings this quaint and lovable heroine to the screen with a newness and originality all of her own. Her interpretation of the role is declared to exceed in charm and poignant appeal any of her past characterizations.

Mr. and Mrs. T. A. Barclay who have been here visiting his mother, Mrs. M. Barclay, returned to their home in Wilmington, California, Monday. They are making the trip overland, and were accompanied by Johnnie Cowan and George Barclay.

Mr. and Mrs. J. A. Rix of Lubbock will arrive in the city Saturday to spend the week-end with relatives.

SILLYYADS

When a man tells a girl he feels "all wound up," it is best she tell him "to go." People run down go for prescriptions to J. D. Biles Drug Store.

When father sent his spendthrift son away to learn stenography, he concluded from the type of letters he received, that the boy was expert at the touch system. To touch yourself up properly, get furnishing from A. P. McDonald & Co.

ADVERTISING DID IT

Wrigley, the chewing gum man, has explained how he built up a business of millions of packages a day.

He has done it by sticking to his one line and advertising it. He spends over a million dollars a year in buying newspaper space to tell the world about 5-cent chewing gum. He has educated the people to chew gum and to chew Wrigley's. He did not stop shouting as soon as he attracted attention.

He says you must keep it up or the buyers will forget you. Whether yours is a 5-cent or a \$50,000 business, keep telling about it.

FALL OPENING

Autumn with its glory of color each year offers Fashion an almost infinite number of shades to choose from. Her latest selections are in rich, beautiful tones, direct imitations of nature's own colorings.

Take the third, eighth, ninth and third letters of the alphabet and consider what the mean. Matching accessories help you attain it. The shoes, gloves and hose—must match if chic is your desire and aim.

...What shall I wear? How shall I look..... demure in neutral tones, or vivid in brilliant reds and greens? Shall I be sheathlike, slim and straight, or may I swing along in a jaunty flare of skirts?!

Of course you are asking these questions.....every woman is, because there's a new season here. Our Formal Opening will be a revelation to you of the marked Fashion changes a few months have brought. Nothing is quite like anything you have seen before. Wraps are rich with furs dyed in subtle new shades. Frocks show ingenious new lines.

Yet so versatile have the designers proved, that every type and age of woman may find here the very costume that seems made for her alone. You'll find yours here, without a doubt.
