

Vardaman Heard By Vast Throngs In Other Cities

Ben R. Vardaman, of Chicago, one of the world's best known community and business experts, has been speaking in Brownwood, Coleman, and several other West Texas cities in the past few weeks, and press reports from those cities state that scores of people tried to gain admittance to the meetings but failed because of the vast throngs which crowded the largest buildings available. Vardaman will spend next week at Lamesa.

Press comments, editorially, in these newspapers are unlimited in their praise of Mr. Vardaman and his work in the community and business institutes, clippings on file in the Slaton Chamber of Commerce office reveal.

Mr. Vardaman will be in Slaton to conduct a "Greater Business and Community Institute," from Nov. 4 to 9, inclusive. The same service rendered in Coleman, Brownwood, Wichita Falls, Breckenridge and other places will be rendered here.

Among the subjects to be spoken on by Mr. Vardaman, are: "Building the City Four-Square," "The Master Salesman," "Team Work in Meeting Today's Problems," "The A B C of Success," "The Art of Making a Sale," "Creating Community Spirit," "Romance in Merchandise," and other themes of importance.

The institute here will begin when a union meeting of churches of the city will be held at the high school auditorium, Sunday night, Nov. 4. "Building the City Four-Square" will be the famous lecturer's theme at that time.

Luncheon meetings at the Slaton Club House will be held on Monday to Friday, inclusive, at noon each day. Church women of Slaton will serve these luncheons, and the only cost for those attending will be the price of the luncheon, 75c per plate.

Night lectures from Monday to Friday, inclusive, will be given by Mr. Vardaman at the city hall auditorium. People of twenty other South Plains cities have been invited to attend these sessions, and a large number of out-of-town visitors are expected through the week for the night programs.

On Wednesday afternoon, Nov. 7, Vardaman will speak to the women of Slaton, meeting in the city hall. He will make at least one appearance before high school students, and will be available for special appointments with any business men of Slaton who want him to come to their places of business and confer with them about their individual store problems. Meetings with store employes will be held if desired by any employer.

The president of the Retail Merchants Association at Breckenridge, Arthur Miller, said while Mr. Vardaman was there that "Men will travel half across the continent to hear something not half as good as we are having twice daily right here in Breckenridge." This and other unquestionable proof of Mr. Vardaman's great worth in community and business building will assure him one of the largest crowds in Slaton that he has seen in recent weeks, officials of the Chamber of Commerce believe.

Every Slaton business man is urged to begin preparing now to attend every one of the lectures.

Mass Meeting On City Charter Plan For Friday Night

The mass meeting of Slaton citizens to appoint a charter commission to frame a proposed special city charter for Slaton will be held tonight (Friday) in the city hall auditorium. Notices by mail were sent out Thursday by the Chamber of Commerce to nearly 600 tax-paying voters of Slaton, as shown by the city's tax rolls. These notices told of the mass meeting and invited the people to attend the mass meeting, which convenes at 7:30 p. m. Friday.

Every citizen interested in a progressive step in the matter of city government, whether having knowledge about the benefits of a special charter or not, is especially wanted at the meeting, and everybody is invited.

Freeze Three Years Ago Damaged Cotton, Prospects Better Now

Three years ago yesterday, Oct. 25, 1925, the Slaton section was visited by freezing weather, according to observers who state that on that day ice was from one-half to three-fourths of an inch thick in this territory.

This freeze greatly hampered and damaged the cotton crop, it is said, and threw a wrench into the cogs of optimism.

This year, however, prospects are very bright, and though the weather is cool, no one is expecting a damaging freeze for several days yet. Cotton is opening rapidly and local farmers are expecting fair weather for some time, giving them a chance to gather the cotton.

CIRCLE TWO MEETS

Circle No. 2 of the Baptist W. M. U. met Monday afternoon, Oct. 22, with Mrs. Coltharp, with a good number of the members present. The lesson was led by Mrs. Matthews. The meeting next Monday will be held with Mrs. W. H. Weaver on South Ninth Street.

Business Firms Show Loyalty To Team Through Ads

Numerous business firms in Slaton are showing their loyalty to the Slaton High School Tigers, as they face the Post Antelopes today, by carrying special advertising in the columns of The Slatonite. These ads typify the fact that football spirit in Slaton, on the eve of the game today with Post, is perhaps higher than ever before in the city's history, although in recent years the Tigers have won victory after victory, and have always had the unwavering support of Slaton business men and practically all others.

The attitude of business firms toward the game with Post today, it seems, is worthy of particular mention. Ads of these firms offer valuable prizes to the team as a whole and to individual members of the Tiger lineup. These ads make interesting reading, and should not be overlooked by anyone. Team members, especially, will do well to go over them carefully.

Oil Mill Is Now Operating On Full Time, Says Mgr.

The plant of the Slaton Cotton Oil Company is now operating on full time, 24 hours per day, according to Horace Hawkins, manager, who states approximately 80 tons of cottonseed are being crushed daily.

A seed house, with an approximate capacity of 12,500 tons, has recently been completed at the company's plant, and is now caring for the overflow of seed, it was stated.

The company has recently installed a new device for dumping seed from wagons and trucks, to be conveyed to the large seed house.

Tech College Of Lubbock Teaching English Class Here

The organization of an advanced class in English has recently been completed here by the Texas Technological College at Lubbock, it was announced early this week.

The class is being instructed each Tuesday evening at 7 o'clock at the high school auditorium by a representative of the English department of the Technological College, it was stated.

Those attending the class are Supt. C. L. Sone, of the Slaton Public Schools; Principal B. B. Caldwell, of the West Ward schools; Mrs. Latham, Mrs. Smart, Mrs. Holloway, Ben Holloway, Miss Edith Marrs, Miss Elizabeth Smith, Miss Viola Fowler, Miss Jo Hestand, and two teachers of the Southland schools.

Mrs. George Marriott, Mr. and Mrs. W. G. Elkins and Miss Audrey Marriott, expect to leave today for Fort Worth and Dallas on a pleasure trip. They expect to return to Slaton Monday.

Reports Say Post Special Train To Arrive At Three P. M. With Scores Of Fans For Annual High School Classic

Both teams, the Slaton High School Tigers and the Post High School Antelopes, are ready for the football game to be played here today, starting at 3:30 p. m. on the West Ward school field. The Tigers were declared yesterday to be in good trim for the annual grid classic between the two high school elevens.

Reports from Post say a special train, bearing 300 or 400 fans and members of the Antelope squad, will reach Slaton promptly at 3 o'clock.

Several committees among local citizens have been appointed to handle various details of arranging for the game today and for giving Post people a rousing welcome on their visit to Slaton. A reception committee has been appointed by the Chamber of Commerce, a transportation committee is arranging for volunteer cars with drivers to meet the train and carry Slaton's guests to the football field and to the train following the game, a policing committee has been charged with special duty during the game, and a committee has been chosen to fix admission prices for the game.

Slaton business houses will be closed during the contest Friday afternoon, according to Mrs. Lee Green, secretary of the Retail Merchants Association.

A large attendance of Slaton people at the game is expected, and this is urged by school officials and citizens who are taking unusually active interest in the contest. Football spirit prior to this clash with the Post team is probably higher than ever known in Slaton before for a game not classed as a final contest.

A pep rally of citizens, business men and school children was to have been held Thursday night to emphasize the need of observing strict rules of courtesy and good sportsmanship, and to see that all plans for the game have been thoroughly made. A large attendance at this pep meeting was expected.

The two teams will probably have hard battles Friday afternoon. Strength of the Slaton eleven has increased steadily in the past two or three weeks, it is said by fans, and the Post Antelopes have shown themselves to be a fighting aggregation. Neither team has had a defeat by a Class B squad this season. The teams tied the score, 13-13, last year when Slaton met Post at Post.

Ralph Dickson, son of N. C. Dickson, of the McClung community, north of Slaton, returned recently from the State Fair at Dallas, a trip given him in recognition of the work he has done this year in his boys' club work.

Ralph is interested in fine-blooded chickens and gives a lot of his time to working with his flock of fowls. He won several premiums on his entries at the Panhandle-South Plains Fair, held at Lubbock early this month. As a result of his work, the free trip to the fair at Dallas was given him by the Chamber of Commerce at Lubbock.

When the Slaton Poultry Show is held, Dec. 6, 7 and 8, Ralph expects to have his birds on display here and hopes to take some good premiums.

Mr. and Mrs. R. H. Ragland, Mrs. Moreland and Miss Tremble were Lubbock visitors Tuesday evening.

Eld. T. L. Kimmel and family have moved to Levelland, where Mr. Kimmel is operating a hatchery.

Ralph Dickson Wins High Honors In Work

Football spirit is high in Slaton, and doubtless also in Post. Sometimes loyalty to the home team overrules courtesy and good sportsmanship. This is, of course, wrong, and should never happen. It is easy to be a good sport when you win, but to be a good sport when defeated is to be a good sport in reality.

Slaton expects to win, wants to win, and believes her team will win, but if that honor should go to Post, Slaton will be courteous and play the part of a good sport in the face of defeat — we sincerely believe.

It is to urge every citizen to display this attitude today that we are writing this reminder. We shall do well to remember that Slaton and Post will be neighbors for a long, long time after today's football game. Friendship is worth more than any football contest. Let us remember that.

Tigers To Get Free Show Pass Just After Game

Stating that football is one of his hobbies, E. R. Millican, new manager for the Palace and Guster Theatres here, states he has invited all Slaton Tigers who play in the game with Post Friday night after the game, with his compliments. At this time "Vamping Venus" will be shown, and Mr. Millican is anxious that the Tigers attend. "Just say you are a Slaton Tiger, and walk in," Mr. Millican stated.

Next Sunday, from one to six p. m., the Palace will present Ramon Navarro in "Across to Singapore," Millican stated. This feature is taken from the novel by the same name, by Ben Ames Williams, supported by Joan Crawford, Ernest Torrence and Frank Currier. He expects to see a good attendance at this unusual feature.

"People of Slaton and community are welcoming the Sunday shows," officials of the O. K. Theatres state, adding that "It is our intention to give them the best that can be bought at popular prices."

The two teams will probably have hard battles Friday afternoon. Strength of the Slaton eleven has increased steadily in the past two or three weeks, it is said by fans, and the Post Antelopes have shown themselves to be a fighting aggregation. Neither team has had a defeat by a Class B squad this season. The teams tied the score, 13-13, last year when Slaton met Post at Post.

New Firm Opens On Ninth Street

Bell Tailoring Company, widely advertised and well known merchant tailors, have opened an establishment at 119 North Ninth Street here, with H. P. Roberson, formerly of Amarillo, as manager.

Manager Roberson states they have hundreds of the finest wools, direct from the best foreign and domestic looms, in bolt, at the Slaton establishment, and he invites Slaton trade to call and look them over, declaring he can save money for anyone who wants a suit of clothes or an overcoat.

Bell Tailors is an old establishment, using as their slogan, "We Made Your Dad Clothes."

Frank Heath, of the merchandising department of the Texas Utilities Company at Lubbock, was a visitor in Slaton Tuesday.

R. L. Harold and Miss Jessie May Shaw, both of Ralls, were married here last Saturday evening, Oct. 20, at the Methodist parsonage. Rev. M. S. Leveridge performed the ceremony.

Mr. and Mrs. R. H. Ragland, Mrs. Moreland and Miss Tremble were Lubbock visitors Tuesday evening.

Eld. T. L. Kimmel and family have moved to Levelland, where Mr. Kimmel is operating a hatchery.

Mr. and Mrs. R. H. Ragland, Mrs. Moreland and Miss Tremble were Lubbock visitors Tuesday evening.

Wilson To Stay With Chamber Of Commerce, 1929

The board of directors of the Slaton Chamber of Commerce recently elected L. A. Wilson, the present secretary of the organization, to serve for a third year with that body. This was announced yesterday by J. W. Hood, president of the Slaton chamber. He said Mr. Wilson had accepted the re-election. He will close his second year as secretary on November 3.

Mr. Hood stated that the board of directors, as individuals and as an executive group, believe the work done by the Slaton chamber in the past year shows the best record ever established in that length of time. In fact, he declared that "an unusually large amount of highly constructive work for Slaton and surrounding territory has been done during the year, benefitting the entire city and section as a whole."

A report of the year's work will be issued in the next few weeks, Mr. Hood said. The annual banquet will be held on Tuesday, January 8, it was announced a few days ago.

"Speaking in behalf of the Chamber of Commerce and in behalf of myself personally, we think in terms of service to the whole community at all times," Mr. Wilson stated Thursday. "We are greatly pleased at the record we have made in the past year, believing it to be one of which we may justly feel proud and to which every Slaton citizen can point with pride."

Express Delivery Question Is Given Attention Again

A meeting was held at the city hall auditorium Thursday shortly before noon, attended by Slaton business men, members of the Retail Merchants Association and the Slaton Chamber of Commerce, to discuss with a representative of the American Railway Express Company the question of establishing free express delivery in Slaton.

Mr. Johnson, of Sweetwater, represented the express company, while R. A. Baldwin, Slaton attorney, was the spokesman for Slaton interests. Numerous phases of the question were gone into thoroughly by different speakers. Loss of business by the company because of not having free delivery was emphasized, and facts were presented showing that a much larger volume of express business would result at this point if the delivery service and an uptown office were established here. Slaton's population of 6,000 or more people and yet without delivery service was compared to smaller cities which do have delivery service. Merchants testified that if the delivery service were granted, volume of express handled by the Slaton office would increase very rapidly, soon reaching the minimum amount required by the company for establishment of delivery.

Mr. Johnson said he would make a detailed report to G. Y. Reed, superintendent, at Fort Worth, and that a later report would be received here.

The matter of getting express delivery for Slaton has been worked on for the past three years, but thus far without success. In April this year, Mr. Johnson was sent here to look the situation over, as a result of a request made to Mr. Reed, of Fort Worth, and at that time a reduction in delivery charges on packages weighing under 100 pounds was agreed upon with local transfer men after refusal of the express company to establish delivery service. This, while better than before, has not met the existing needs, business men point out, and it is hoped the company may yet be prevailed upon to establish the service in order to get its share of the business now going through other channels and also to give Slaton business men a better quality of service.

Mr. Johnson came to Slaton at the request of the Slaton Retail Merchants Association.

Other plans for holding the annual show are proceeding in fine shape, according to W. P. Splawn, show secretary. Membership in the American Poultry Association has been secured, and this is expected to attract an increased number of exhibitors of fine fowls.

I. L. Bandy, of Godley, Texas, who is a registered A. P. A. poultry judge, has been secured to judge the show here this year. Having an A. P. A. judge will give greater prestige to the show among poultry breeders and fanciers all over the country, it is said by officers.

Place of holding the show has not yet been definitely determined, but suitable quarters are thought to be available.

Entries this year will likely go far beyond the number last year when nearly 400 birds were displayed, show officials say.

Hoover Meet Put Off Account Football Game

A Hoover-for-President rally, scheduled to be held in Slaton Friday afternoon, has been postponed due to the Slaton-Post football game which will be played here at that time, according to Charles O'Neal, of Lubbock, chairman of the Hooverites.

Mr. O'Neal states that Dr. Salkeld will deliver an address, favoring Hoover for president, at Lubbock Friday evening, at which time all Slaton people are invited to attend.

The Hoover-for-President delegation will doubtless visit Slaton at a later date, Mr. O'Neal stated, but was postponed this time due to conflicting dates.

Wilson To Stay With Chamber Of Commerce, 1929

The board of directors of the Slaton Chamber of Commerce recently elected L. A. Wilson, the present secretary of the organization, to serve for a third year with that body. This was announced yesterday by J. W. Hood, president of the Slaton chamber. He said Mr. Wilson had accepted the re-election. He will close his second year as secretary on November 3.

Mr. Hood stated that the board of directors, as individuals and as an executive group, believe the work done by the Slaton chamber in the past year shows the best record ever established in that length of time. In fact, he declared that "an unusually large amount of highly constructive work for Slaton and surrounding territory has been done during the year, benefitting the entire city and section as a whole."

"We are greatly pleased at the record we have made in the past year, believing it to be one of which we may justly feel proud and to which every Slaton citizen can point with pride."

referred to briefly a bit later in our annual report. Our work is limited only by the degree of backing given us by Slaton business firms and citizens, and we are very grateful for the fine spirit of loyalty which has been shown through the past year, and we are confident that in the coming year, and in the years to come, we can...

**THEY CAME, THEY SAW,
WE HEARD, THEY WENT**

Under the leadership of Judge Mullican, they came from the little village that nestles on the South Plains about midway between Abernathy and "The Gem of the South Plains," (sometimes called Slaton), the Democratic band wagon. With a weighty load of grace and eloquence. They saw a nice representative citizenship of Slaton and vicinity. We heard an exposition of some of the problems before the people in this campaign. Judge Mullican very nicely stated that they did not come in a spirit of malice, inasmuch as we are all friends and neighbors, and must live in peace and harmony even after the campaign is over, that they were respecters of the others' views. Naturally, they brought their heavy guns along, and some broad shots were sent home with telling effect.

Mrs. Hankins, a lady with fine, womanly qualities, opened the discussion and in a very nice manner laid the facts bare. She was followed by Pink Parrish. Well, you all know Pink. He always delivers, and did on this occasion. Pink was followed by Judge Marshall, who took some pot-shots and brought home the game. Mr. Dupree's was the last address. He just could not resist blowing the dome off the Teapot and figuratively seeing it fall into the lap of Sinclair. They all stressed the point to remain Democrats, vote the ticket straight, and not "sell the birthright for a mess of pottage." They went home feeling sure that the germ of discontent that has affected some of our people was turning to saner things, and that old Democracy would elect Al as the next president of the United States.

**Policing Committee Is
Ready for Friday Tilt**

The committee appointed to police the grounds at the football field Friday afternoon when Slaton and Post high school elevens meet here has organized for the work and will be ready to serve when the game is played, members have said.

The following men were named on this committee at Monday night's pep meeting: U. L. George, chief of police; C. W. Taylor, C. A. Bruner, J. I. Bradley and J. W. Hood. Other members may be added to this list.

**Committee Chosen To
Greet Post Visitors**

A reception committee has been chosen by the Slaton Chamber of Commerce to be at the train Friday afternoon at 1:30 o'clock for the purpose of greeting Post visitors and directing them to visitors' cars as soon as they step from the train to the station platform.

This committee is headed by J. A. Elliott, chairman of the entertainment committee of the Chamber of Com-

merce. Other members will be: George Marriott, J. H. Brewer, J. T. Overby, W. E. Olive, Carl George, A. Wilson, Mrs. C. F. Anderson, Mrs. R. W. Ragsdale, Mrs. Jess Swint, Mrs. H. C. Burrus, Mrs. L. B. Wootton and Mrs. John T. Lokey.

With thirteen members on the committee and with the game being played on Friday, officers of the Chamber of Commerce said the Tigers are sure to win the tilt with Post on Friday afternoon.

THE PIANO

By Dr. Frank Crane.
 If you were limited to one book you might want the dictionary. Some people would want the Bible. If you were limited to one piece of furniture in the house your choice should be the piano.
 The piano is easily the most important instrument in the world. It is the greatest common denominator of all musical instruments. Most music that is written for an orchestra or a banjo, a saxophone or the human voice is reducible to a piano score, and usually is first composed on the piano.
 There is no doubt about music being the most cultural of studies. It connotes rhythm and harmony, two things that are essential in all departments of human activity. Rhythm is necessary even in the motion pictures, and you must have a sense of harmony if you are going to be an orator, a painter or a sculptor.
 The piano is the best door to the knowledge of music. Almost everybody enters into the field of music by that door.
 The piano is the heart of the home. About it naturally groups all the family. A silent house is essentially a desolate one.
 The piano is the lift of every social gathering.
 If anyone can play the piano, even

manage so-so with accompaniments, a group gathers around him and the house is enlivened by the voices of the young, or partners are chosen for dancing.
 Almost every child can learn music if he is taught young enough. Modern methods of instruction are so simple that even the dullest can understand.
 It is a deprivation for any child not to know the piano.
 It is the best form of self-expression. As Thomas Moore's Anacreontic runs:
 "Music! Oh how faint, how weak,

Language fades before thy spell!
 Oh, why should passion ever speak.
 When thou canst breathe her soul so well!"
 Our moments of greatest delight, perhaps, are our moments of self-expression. Nothing is better suited to fully set forth our phases of emotion than the piano.
 No substitute will do. It is not enough to play the harp or the violin without a basic acquaintance with the piano.
 Of course there is pleasure in attending concerts, or listening to band music, or singing, but no pleasure is so full and so profitable, withal, as

the joy we get in making our own music. Again I say that if you are to buy only one piece of furniture for your home, let it be a piano.
Every Woman Knows
 Every woman knows how easy it is to burn or scald herself while working in her home. Every woman knows that these burns and scalds are painful and sometimes very slow to heal. Every woman should know that the pain of burns and scalds will be quickly relieved, infection positively prevented and speedy healing assured if Liquid Borosone is instantly applied. Get a bottle of Liquid Borosone and keep it handy in your medicine cabinet. Sold by City Drug Store.

MOST people know this absolute antidote for pain, but are you careful to say Bayer when you buy it? And do you always give a glance to see Bayer on the box—and the word *genuine* printed in red? It isn't the genuine Bayer Aspirin without it! A drug store always has Bayer, with the proven directions tucked in every box:

Aspirin is the trade mark of Bayer Manufacturing of Monroeville, Pa. U.S.A.

NERVES
Went to Pieces

"I suffered a long time, before I tried Cardui," says Mrs. Lillie Pruitt, 130 "K" St., Anderson, S. C.
 "I was badly run-down in health. My nerves 'went to pieces', and I had to go to bed.
 "I got so bad off, I could not bear to have anybody walk across the floor of my room. The least little thing upset me. Sometimes I became hysterical. I had bad pains in my back and sides, and my head and limbs would take spells of aching, which almost set me wild.
 "One day I saw where a woman, who had a trouble like my own, had been relieved by Cardui. I decided at once to try it. It began to help me from the very first. I took Cardui regularly, for several months, and my improvement was so remarkable my family and friends were delighted."
 Try Cardui for your troubles.

Clipped From Other Newspapers and Boiled Down for Busy Readers.

It cost a Randall County hunter \$22.50 for taking a shot at ducks before the season opened. He didn't kill a duck, the Canyon News stated.

A \$40,000 theatre building has recently been completed at Levelland. The show is expected to open November 5.

The Plainview Little Theatre will open its fifth season in that city November 16. They will present a double royalty New York comedy, "Sure Fire."

At an election held recently at O'Donnell, to determine whether or not bonds in the sum of \$28,000 should be issued to retire warranted indebtedness against the city, the vote was 31 for and 21 against. Very little interest was shown at the election.

A chamber of commerce has been organized at O'Donnell, taking the place of the O'Donnell Luncheon Club.

Texas Utilities Company has completed a large improvement program at Tahoka. Installation of street lights was included.

Mrs. Mollie Turner has been sentenced to serve twenty years in the state penitentiary for the murder of

her husband near Wilson about eight years ago.

Miss Opal Basinger, of Southland, suffered a fractured arm last week when the car in which she was returning to that city from Slaton overturned on the highway. Other occupants of the car were uninjured.

Sweetwater has been selected as the meeting place for the 1919 convention of the Sixth District of the Parent-Teacher Association. The district is composed of twenty-five counties.

The sixth annual meeting of the South Plains Music Teachers Association will be held at Spur November 2 and 3.

Judge Jake M. Mabe, of Crosby County, has tendered his resignation as county judge, to become effective immediately.

Hubert, son of Mr. and Mrs. C. C. Burkholder, of Ralls, was very painfully, and probably seriously, injured last week when he fell from the running-board of a car being driven by his brother.

Baptists of Ralls are soon to begin the construction of a new brick

church building.

Work is progressing rapidly on a new Masonic temple at Post.

Many houses of Lorenzo are being piped for natural gas, which will be supplied there by the West Texas Gas Company.

Kelton Anderson of Lorenzo narrowly escaped serious injury recently when he collided with a horse on a highway. His car was badly damaged.

Saturday, December 1, has been set as the date for holding an election in Floyd County to authorize the issuance of road bonds in the amount \$400,000, for paving Lee Highway through the county. Similar bond elections in that county have twice been defeated.

As a matter of health precaution the

city commission of Littlefield is drafting an ordinance which will require certain standards of cleanliness among those who are selling milk within the corporate limits of the city.

A suit for \$12,000 damages, alleged to have been received by Truman Wall when he was injured in a collision between a motorcycle he was riding and an automobile driven by M. B. Cross, has been filed in 99th district court at Lubbock.

Paducah is inaugurating an extensive street paving project. Work is expected to begin soon.

WHY BE AN EDITOR?

Running a newspaper is just like running a hotel, only different. When a man goes into a hotel and finds something on the table which does

not suit him, he does not get up and raise his hand with the landlord and tell him to stop his darned old hotel. Well, hardly. He sets that dish on one side and wades into some of the many dishes that do suit him. It is different with some newspaper readers. They find an article occasionally that does not suit them exactly and without stopping to think it may please hundreds of other readers, make a grandstand play of their supreme asininity and hasten to stop their paper.

Ira E. Franklin in the Appleton City (Mo.) Journal.

LUTHERAN CHURCH

Reformation Day will be observed Sunday. Should we not be reminded of the blessings bestowed upon us through the Reformation and learn to make proper use of the same? Anyone desiring to worship with us is cordially invited. Services begin at 2:30 p. m. A. B. Weiss, Pastor.

MAN SO NERVOUS FEELS HIS STOMACH JUMP

"I got so nervous my stomach felt like it was jumping. Vinol entirely relieved the trouble. I feel better than in years."—J. C. Duke.

Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes

THE CHEAPLY FED PIG IS VERY EXPENSIVE

Three litter mate pigs and how they grew to weigh 271, 240 and 78 pounds each at six months is related by Lewis Chapman of the Starville (Smith County) 4-H Club in his record book submitted to the county agent, E. Gentry. The three pigs were farrowed March 27 and put on full feed May 20. Two of them received protein supplement, corn on the cob, and ran on Bermuda pasture, but the third was raised "Dad's way." While the others were putting on more than 200 pounds of gain apiece this little pig ran here and there to get kitchen slop and to pick up a bit of corn in the horse lot for a total weight of 78 pounds. "The cost of the well fed pigs," Mr. Gentry says, "amounted to about eight cents per pound but the scrubby pig will cost at least 23 cents per pound by the time he is fattened for meat."

A profit of \$274 above feed and labor costs from 47 standard bred Rhode Island Red hens in ten months time is the proud boast of James Petty Boyd, a 4-H club member of Wise County. His feed consisted of milo and kafir grain and commercial mash and his returns came partly from selling hatching eggs and partly from sale of regular market eggs. James is said to have one of the finest flocks of Reds in that county.

OF INTEREST TO WOMEN

Selling \$213.80 worth of home products at a booth at the Kaufman County Fair, home demonstration club women of that county have not only earned some welcome pin money but have taken the first step in the organized marketing of home products. The sales committee reported the following products best sellers: Home-made sugs, canned fruits, pepper relish, pickles, chili sauce, home baked

cakes and dressed hens.

To encourage Texas farm women in the development of home industries to increase the family income, Miss Mamie Lee Hayden has been added to the Home Demonstration Extension Staff at A. & M. College as home products specialist. Her work is to aid such groups as that in Kaufman County through their county home demonstration agents in the organization of local selling organizations.

While most folks in Titus County went without tomatoes in their gardens this Fall, Mary Lou Harbour, a fourth year home demonstration club girl there, has been raising so many more than the family can eat that she has had a surplus to sell twice monthly at the stores. "It's too dry to grow Fall tomatoes here," folks say, yet Mary Lou set out her Spring garden patch to this crop in July with wilt-resistant tomatoes and by good cultivation, pruning and staking has had vines full of fruit all Fall. The land is the common variety of sandy upland found all over Titus County.

A yield of 101 bushels of weighed corn on one acre has been made this year by Nathan Bacle, a 4-H club

member in Harrison County. This successful young farmer spread 10 loads of manure on the acre and 500 pounds of 12-3-3 fertilizer and later applied a side dressing of 200 pounds of nitrate of soda.

Every Woman Knows
Every woman knows how easy it is to burn or scald herself while working in her home. Every woman knows that these burns and scalds are painful and sometimes very slow to heal. Every woman should know that the pain of burns and scalds will be quickly relieved, infection positively prevented and speedy healing assured if Liquid Borosone is instantly applied. Get a bottle of Liquid Borosone and keep it handy in your medicine cabinet. Sold by City Drug Store.

The above is a likeness of the man who plays the part of the High Priest in the picture, "The King of Kings," which will be shown at the Palace Theatre, Slaton, sometime in the near future.

The "Agitator" Is New Machine For Testing Radiators

In the Highland Park plant of the Ford Motor Company at Detroit, there is a machine which tries with all the efficient fiendishness of an engine of destruction, to shake the life out of a Ford automobile radiator in the shortest possible time.

Ten hours is the time allotted to this machine, known as an "agitator," to do all within its power to ruin a water-filled Ford radiator. At the end of that period the much abused radiator is taken off the machine and examined by experts for any signs of damage and a brand new Ford radiator, also filled with water, is put on for another ten hours of torment.

This agitator device is part of the testing equipment for radiators that are being built for the new Model A Ford car. When you watch it jiggling and jolting and shaking the gurgling radiator, you have a feeling that no automobile driver could drive a car over roads and at a speed which would give it such a severe shaking up and still hold on to his wheel and seat. Then the factory foreman tells you that within the period of ten hours this agitator gives the new radiator more and severer jars and jolts than the average Ford car will get in its whole lifetime of service.

And he tells you also that the great majority of radiators tested on this agitator come through the ordeal without a sign of injury. Those that spring even the smallest leaks are rare indeed.

Then the foreman takes you through the radiator factory and shows you why this is so. He shows you that every part of the radiator which is touched by water is made of either copper or brass, which will not rust, and which will resist corrosion to a high degree. He shows you also that the construction of the entire radiator is rugged and strong—parts welded and soldered together in such a manner that engine vibration and road jars cannot shake them apart.

To make sure that the finished radiator is free from leaks or potential leaks, as soon as it comes off the assembly line it is given a severe compressed air test. Filled with air under high pressure and sealed the radiator is submerged in a tank of water. If there is the slightest sign of bubbles, due to escaping air, the radiator is thrown out as faulty.

The foreman points out to you also the features of this new Ford radiator which make it an unusually efficient unit of the cooling system. The upper and lower tanks are large. The openings through which the water flows from the tanks into the radiator tubes are bell-shaped, thus providing faster flow and faster circulation of the water. The tubes of copper and the fins of brass permit very rapid radiation of the heat and therefore quicker cooling.

Slaton Men To Hear Vardaman at Lamesa

Upon invitation of the Lamesa Chamber of Commerce, a group of Slaton business men will visit in Lamesa next Friday night, Nov. 2, to hear Ben R. Vardaman deliver an address in Lamesa's Business and Community Institute, to be held there next week. Mr. Vardaman will be in Slaton for an institute of the same kind from Nov. 4 to 9, inclusive.

The invitation was given to the Slaton Chamber of Commerce, and several men have already said they will make the trip to Lamesa, thus getting advance information as to what Slaton may expect when the institute starts here the following week. Others are invited to join the party, and are asked to communicate with the Chamber of Commerce office at the city hall if they wish to go to Lamesa. Business men of Lamesa have promised to return the visit during the following week, in order to hear Mr. Vardaman in one of his addresses here and to mingle with Slaton people.

The subject of the address to be delivered by Mr. Vardaman on the night of Slaton's visit there will be, "Increasing Business Through the Use of Suggestion."

Mr. and Mrs. Fred Tudor were the guests of Mrs. Tudor's william of Plainview.

M. A. Pember, of the Fember & Staggs insurance agency, is transacting business in New Mexico.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon R. E. Kelly and John W. Key by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, of the 72nd District Court of Lubbock County, to be held at the Court House thereof, in Lubbock, Texas, on the first Monday in November, A. D. 1928, the same being the 5th day of November, A. D. 1928; then and there to answer a petition filed in said Court on the 21st day of August, A. D. 1928, in a suit, numbered on the docket of said Court as No. 3415, wherein Oskar Korn is plaintiff, and R. E. Kelly, E. Woodley and John W. Key are defendants.

Plaintiff alleges that on November 8, 1927, he as owner leased by written contract to R. E. Kelly and E. Woodley, who were partners under the firm name of R. E. Kelly Drug Company, the corner store space on the first floor of a building located in the town of Pyote, Ward County, Texas, known as the Palace Theatre Building, also known as the K & H Building, for a period of one year beginning December 1, 1927, and ending November 30, 1928, at a consideration of \$2,700.00, to be paid \$225.00 cash, and the balance in eleven equal monthly installments of \$225.00 each, the first due December 1, 1927, and one due the first of each month thereafter until the entire sum was paid; that said defendants Kelly and Woodley fell behind in the payments above mentioned and supplemental agreement was entered into between plaintiff and defendant Kelly, about April 4, 1928, to the effect that said monthly installments would be reduced to \$200.00 per month if said defendant Kelly would promptly pay said installments on the first of each month in advance, but that failure on the part of the said Kelly to do so would cause same to revert back to the \$225.00 per month and that plaintiff in addition would have the right

to declare due the entire unpaid amount; that defendants Kelly and Woodley are now in arrears \$975.00 on said contract and fail and refuse to pay same, to plaintiff's damage \$1450.00; that plaintiff holds landlord's lien upon all fixtures, etc., belonging to said two defendants located on said premises to secure payment of said rents. That defendant John W. Key is claiming some interest in and to said stock and fixtures adverse to plaintiff's claim. Plaintiff prays for judgment for his debt as against defendants Kelly and Woodley, jointly and severally; for foreclosure of his landlord's lien above mentioned, and that the claim of the defendant Key be cancelled; for costs of suit, etc.

Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Lubbock, Texas, this 5th day of October, A. D. 1928.

(Seal) Flora Green Acheson, Clerk 13-4t District Courts, Lubbock Co.

RED CROSS PHARMACY

Good Reports Are Made By Clubs Of Lubbock County

REPORT FROM NEW HOME DEMONSTRATION CLUB

(Mrs. J. N. Townsend, Reporter)
This club was formed on December 22, 1927, with six members. Early in the history the club became affiliated with the County Federation, and has assisted in the activities of this organization.

An ice cream supper was given in June, netting \$48.65, and \$37.50 of the amount was used in purchasing a canner and sealer which have been in almost constant use by the club members since that time.

Seven programs have been given by the club, two of which were in connection with formal receptions honoring girls in the community who have won state recognition. These were Virginia Mathis, winner of the state championship in declamation, and Elouise Wilke, winner of one of the three scholarships offered by the extension service.

Last Spring the club members observed Arbor Day, and planted trees in the school yard.

A large number of members, with Mrs. Haslip as sponsor, made an appreciation quilt for Mrs. J. N. Townsend.

The New Hope exhibit at the South Plains Fair won third place, and the New Hope club scored highest in the contest between the clubs sponsored by the Lubbock Chamber of Commerce, winning the prize of \$25.

Among the achievements of the club women are those in canning, having canned 327 quarts of jelly, jam and preserves; 586 quarts pickles and relishes, 1,408 quarts of vegetables, and 460 quarts of fruit.

Two thousand standard-bred chickens were raised, and fowls sold and used were valued at \$1,123, while 6,270 dozen eggs, valued at \$1,355,

were produced. Thirty-four homes were directly assisted financially in this way.

Benefitting directly from the home improvement phase of the home demonstration work, lighting, heating and cooking appliances for the use of gas were installed in three homes, lighting systems were improved in three other homes, water systems were improved in six, three power and two hand washing machine were installed, six canners and four sealers for cans were purchased.

REPORT FROM HARDY DEMONSTRATION CLUB

(By Mrs. E. B. Ship, Pres.)

The Hardy Home Demonstration Club has been organized two years, and at this time twenty-one women in the community are members, leaving only six in the community who are not.

Individual improvement in the homes, gas has been the outstanding achievement of the club during the year. Two members, Meses. A. C. Woodruff and R. M. Middleton, won first places in the county in the first and second class, in the better living room contest. This contest was sponsored by the Extension Service and the Semi-Weekly Farm News. The prizes were given by the Lubbock Chamber of Commerce. These prizes consisted of trips to the Farmers' Short Course at A. and M. College.

A number of the members made great improvements in living rooms and kitchens, such as papering, painting woodwork, putting in running water, bettering the lighting systems by lamps which give a white glow, putting in new windows and adding floor-coverings, such as congoicum or linoleum to lessen the work of the housewife.

There are four pressure cookers and two Burpee sealers among the club members that have been used to a good advantage during this canning season, and also for cooking a quick meal with less fuel. One thousand five hundred thirty-eight jars

and cans of fruits and vegetables have been canned this season.

There are twenty-three milk cows in the community, four of which are registered Jerseys. There is also a tendency to build up the poultry flock. One member, Mrs. J. A. Brown, sold all her flock, to replace them with a purebred variety. A culling demonstration was sponsored by the club in September. D. F. Eaton, county agent, was asked to give this demonstration. The purpose of this was to encourage members to cull out the non-layers in order to cut the expense of keeping them during the winter.

The record book shows the following results of the productive work: 5,922 dozen eggs used and sold during the year, \$3337.47 worth of chickens sold and raised, 1,616 pounds of cream sold.

Although this year of club work has not been futile, we intend to make the next year a banner year for the Hardy club.

Seek Cars To Haul Football Visitors

Volunteer automobiles with drivers are needed to help transport Post football visitors from the railway station to the football field and back to the station after the game on Friday afternoon, according to members of the committee in charge. W. E. Olive, R. A. Baldwin, Joe H. Teague, Jr., and L. A. Wilson.

These four men will canvass the city Friday morning to sign up cars for this service to Slaton's guests who are coming from Post on Friday afternoon. Every person who has an available car for this work, and who can furnish a driver for it, is urged to be ready to serve Friday afternoon, starting at 1:30 p. m. The special train will arrive at or very near that time, it is announced. Reports say there will be 400 aboard the train.

ATHEISM VIA RADIO THANKS, MR. WILBUR OLD HEARTS NEED CARE AMERICANS ARE TALLE

The American Association for the Advancement of Atheism demands a high powered radio station in New York City and does not get it, although the easiest way to make an atheist ridiculous is to let him talk.

It is hard to understand how anybody could talk atheism, knowing that his voice propelled by a power beyond comprehension, travels around the world through the mysterious ether.

Atheists, young ones, especially, might meditate on one of Bacon's collected apothegms:

Simonides, being asked of Hiero, "what he thought of God," asked a seven night's time to consider of it; and at the seven nights' end he asked a fortnight's time, at the fortnight's end, a month.

At which Hiero marvelling, Simonides answered "that the longer he thought upon the matter the more difficult he found it."

The more glibly you answer King Hiero's question the less you know.

Congratulations to Secretary Wilbur, who has ordered for our navy two dirigibles that will be the biggest in the world.

They will be three times as big as the Los Angeles, one-third bigger than the German giant Count Zeppelin and each will carry, under the great gas bag, five airplanes for scouting.

The Goodyear Zeppelin Corporation will build them and friendly nations abroad are informed that we do not intend to be taken by surprise.

A fleet of such dirigibles, each carrying fifty tons of explosives and modern war gas, able to unleash one hundred fast destructive planes, could leave with Uncle Sam's compliments a visiting card in Europe or Asia that would not soon be forgotten.

We make war on no nation, but we should be ready and able to fill with subsequent regret any one attacking us.

William W. Breck, retired business man, fell dead while playing golf. He was sixty-four years old.

At sixty-four, make no violent effort, unless a good doctor has pronounced your heart "fool proof."

Golf is good for old men that play as they should, talking, laughing, walking slowly. It's dangerous for

those that strain and strive to better their game.

Remember, old gentlemen, that whether you go around in 130 or 103, the cosmos will roll on, just the same. Treat an old heart as you would a delicate vase, not as you would treat an old rubber boot.

Americans are not going backward, physically, at least. Girls are taller and stronger than ever. And among 100 candidates reporting for freshman crew practice at Cornell yesterday, 48 were six feet tall; a good sign.

A well-balanced body, of good size, about six feet, is the right sort.

In the old days, a Napoleon had to be short. If he had been a little taller he would have been killed by the first of the bullets that went an inch above his head.

No wonder American boys and girls grow. The nation's food bill is twenty-three thousand million dollars.

Forty-seven thousand, nine hundred and eighty-five factories of different kinds turn out food products, assisted by 6,448,366 farmers. And 22 per cent of the food plans produce nine-tenths of the food products. Shiver at that, if you dread monopoly.

It is a rich country that can af-

ford to eat twenty-three billions worth of food in a year. Much of it, unfortunately, is wasted.

This country, after all its spending for food, clothing and other necessities, has a "social surplus" of ten thousand million dollars, more than the country needs for its living. That is what builds up values, savings bank accounts and Wall Street prices.

West Ward P.-T.A. Shows Good Work For First 6 Weeks

Authentic information coming from the West Ward P.-T. A. organization, and from the West Ward school here, indicates the teachers, pupils and parents of this school are taking unusual interest in the pupils and in the school's welfare.

A recent tabulation shows that the boys of the school have raised \$94.85 for football equipment, and that the West Ward P.-T. A. has paid out \$60.82 for schoolroom equipment, and still have on hand a nice sum in the amount of \$79.41.

The P.-T. A. has raised, during the past six weeks of the present term, \$235.08, which, it is said, is a very

good showing for the parents of this school. All moneys raised by the organization will be spent for equipment in the different rooms and on the playground.

Teachers of West Ward have financed the equipment of two different girls' basket ball teams, it was stated, and the girls are making splendid showings at each game.

Opinion is expressed that West Ward has one of the strongest, most co-operative Parent-Teacher organizations in West Texas, as is shown by the spirit manifested and attendance at the meetings.

MEETING OF CIRCLE THREE

Circle No. 3 of the Baptist Church met Monday afternoon at the home of Mrs. H. C. Burrus, with Mrs. W.

Don't Make a Toy Out of Baby - Babies Have Nerves

By RUTH BRITAIN

Much of the nervousness in older children can be traced to the overstimulation during infancy, caused by regarding baby as a sort of animated toy for the amusement of parents, relatives and friends. Baby may be played with, but not for more than a quarter of an hour to an hour daily. Beyond that, being handled, tickled, caused to laugh or even scream, will sometimes result in vomiting, and invariably causes irritability, crying or sleeplessness.

Fretfulness, crying and sleeplessness from this cause can easily be avoided by treating baby with more consideration, but when you just can't see what is making baby restless or upset, better give him a few drops of pure, harmless Castoria. It's amazing to see how quickly it calms baby's nerves and soothes him to sleep; yet it contains no drugs or opiates. It is purely vegetable—the recipe is on the wrapper. Leading physicians prescribe it for colic, cholera, diarrhea, constipation, gas on stomach and bowels, feverishness, loss of sleep and all other "upsets" of babyhood. Over 25 million bottles used a year shows its overwhelming popularity.

With each bottle of Castoria, you get a book on Motherhood, worth its weight in gold. Look for Chas. H. Fletcher's signature on the package so you'll get genuine Castoria. There are many imitations.

P. Florence, leader, conducting the lesson. Fourteen members of the circle were present.

Next meeting, Monday afternoon, October 29, will be held with Mrs.

Frank Young. Bible study for this meeting will be taken from the seventh, eighth and ninth chapters of Esther. Members are urged to attend.—Reporter.

 At Your Grocers

Indigestion Immediate Relief!

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude helps. Use what your doctor would advise.

The best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

One tasteless spoonful in water neutralizes many times its volume in acid. The results are immediate, with no bad

after-effects. Once you learn this fact, you will never deal with excess acid in the crude ways. Go learn—now—why this method is supreme.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company, and its predecessor Charles H. Phillips since 1875.

CHEVROLET
USED CARS
 "with an OK that counts"

Never Before Have We Offered Such Values on Reconditioned Cars —Small Down Payment—Easy Terms!

Never before in our history have we delivered as many new Chevrolets as we have this year. Naturally a large part of this increased business involved the trade-in of the Chevrolet owner's previous car. This enables us to offer some exceptionally fine used cars that have been thoroughly inspected and reconditioned and carry the official red "O. K. That Counts" tag. This tag shows you exactly what has been done

to get the car in mechanical condition for thousands of miles of satisfactory service. In buying these reconditioned cars from us you get definite assurance of quality and value—and this week you can buy them at very low prices that make them the greatest values we have ever offered. Make a small down payment and drive away the car of your choice—easy terms to the balance. See these cars today!

A few of our exceptional Used Car values "with an OK that counts"

Dependability Satisfaction and Honest Value

Courtesy of the Domestic Science Department, Perfection Stove Company

NANCY'S own kitchen had been undergoing improvements, along with the others. And, as might have been expected, its color scheme was a little out of the ordinary. For Nancy, as you may remember, was an artist, and not at all afraid to experiment with color.

Her house was Colonial in style, and the woodwork throughout was white, with mahogany trim. In her kitchen, the door and window frames were of mahogany color, with all the built-in furniture, white. Walls, lavender-gray, very light. Curtains, sea blue, bordered with French blue and lavender. Floor, light gray linoleum. Oval rugs of French blue, with bands of sea blue and lavender. Breakfast table, sea blue trimmed with French blue. Chairs, French blue, trimmed with sea blue. Oil range, pots and pans, snow-white.

"I got stage fright at the thought of cooking for you experts," she told the assembled Kitchen Club. "But I have some good sandwich recipes I'm going to give you."

"I always break the first rule of sandwich making—to use day-old bread. It does make much neater sandwiches, but they are not nearly so good as those made with fresh bread. I have a very sharp knife, and use it with the lightest pressure possible."

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

These are the recipes I gave the Club:

Toasted Nut Sandwiches
Toast over a slow fire pecans, English walnuts or blanched almonds in butter and salt, constantly stirring. Slice fresh bread and spread thinly with olive oil mayonnaise. Sprinkle with the nuts, using the toasted butter as part of the spread. Are best if served immediately.

Cheese and Nut Sandwiches
Run fresh American cheese through a food chopper until it is puffy. Mix with enough evaporated milk to make a paste. Do not use fresh milk. For this recipe, the evaporated is far better. Season with salt and red pepper. Mix with nuts and spread on fresh bread without mayonnaise. While this sandwich is better if eaten at once, it can stand for hours, if necessary, and still be good.

Cheese and Pimiento Sandwiches
Run American cheese through food chopper until it is puffy. Mix with chopped canned pimiento and enough olive oil mayonnaise to spread nicely. This filling will keep for days, but is better eaten at once.

"Pick Up Supper" Sandwiches
Toast bread on one side. On soft side spread mayonnaise. Lay on this a lettuce leaf, two slices of tomato and two of crisp, hot bacon. Salt and pepper. Serve at once.

Chicken Salad Sandwiches
Chopped chicken, sweet pickle, chopped hard-boiled eggs, Pepper, salt, celery salt. A little chopped celery. Moistened with mayonnaise and spread on bread.

Cheese Dreams
These are hard to digest, but oh, so good on cold nights! Crumble fresh American cheese on fresh bread. Salt. Cover with another slice. Toast in frying pan with butter. When brown on one side turn and toast on the other. Serve at once.

Cake and Bread Box
I showed the Kitchen Club the combination cake and bread box I found at Green's yesterday. It has two compartments. Comes in half-a-dozen different colors. I got one. But, as I already had a cake box, I'm going to put silver in the top compartment of mine.

Vanishing Garbage Bucket
One store showed me a garbage bucket with an attachment to fasten it to the pipe under a kitchen sink. It pulls out on a lever to fill, and is pushed back out of sight when one is through with it. It comes in beautiful, bright colors, though, and it seems a shame to hide it.

Vegetable Bin

I found a wonderful new vegetable bin to tell the Kitchen Club about. It has three "stories," each ventilated. The bottom one could hold potatoes, the next, apples, and the two small ones at the top, onions and beans. The bin comes in six different colors.

News Of Union

We are having splendid weather at present. Most all farmers are beginning to get through gathering their feed, though some few have not started.

Most everyone has begun to pick cotton. Some haven't started yet, however, and some are wanting hands. Last Sunday was our regular meeting day. Brother Green of Lubbock preached for us and had a good attendance.

Mr. and Mrs. Floyd Pear from Morgan visited Mr. and Mrs. Deering Sunday. We are glad to see Mrs. Pear able to be up again.

Finis Griffin visited Odas Smith Sunday.

Mr. and Mrs. Rogers' son and family, who have been visiting them, have returned to their home in Mexico.

Jim Berry and family spent Sunday with relatives in Slaton.

Mr. Ussery and family visited Mr. Price Sunday afternoon.

Montie Lee McRae and Edward Staple spent Saturday night with Ovis Denny at New Hope.

DAIRYING AND PRINTER'S INK

Printer's ink has made dairying the most profitable branch of agriculture through the increased demand for milk and dairy products growing out of a prolonged health education campaign. The strange part of it is that milk producers paid no part of this expense, the newspapers donating.

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults — White's Cream Vermifuge, which you can get at City Drug Store.

beautiful, swift-cooking
finer than you ever dreamed
an oil range could be!

new

Full porcelain enamel.. snow-white.
Compact design. Grouped burners
Built-in "live heat" oven. Accurate
heat indicator. Swift, clean
heat. One of 24 new models
priced from \$17.50 to \$154

"I'M TIRED of ugly stoves!" says the modern woman. "Why can't I find a stove that looks well and cooks well at the same time?"

Here it is, Madam—a beautiful, swift-cooking oil range in snow-white porcelain enamel. A range that not only "looks well and cooks well" but is safe and economical, into the bargain! It is now on display at your dealer's. Whether you want to buy it or not, come and see it.

This beautiful range is one of 24 splendid new Perfection models—all swift-cooking, all convenient, all light-colored. All of them finished either in porcelain enamel or in Perfectolac, a new, durable lacquer never before used on stoves.

If you are interested in a prettier kitchen and easier housework, you ought to know about these new stoves. Come down to your dealer's today and see them.

EASY WAY TO BUY. Your dealer will demonstrate the new models for you. And, if you wish it, he will no doubt be glad to tell you how you can take any one of them home and use it as you pay for it.

SAVE AND YOU PROSPER

There is something about the little word save that preaches a sermon that makes you behave. The saving of youth conserves for old age. It character builds and makes you broad gauge. By passing up things you want to buy, Don't get the impression that save is deny. For by saving you always are amply repaid. It's the way foundation for riches is laid. The First State Bank would on you impress Save and you prosper, spend and have less.

Entered as second class mail matter
at the postoffice at Slaton, Texas.

A local citizen remarks that cur-
rent campaign claims are about as
accurate as the gasoline gauge on a
cheap car.

Catalogs come and orders go, but
neither helps Slaton, our home town.

There are few dimples, whether on
knee or chin, which are doomed to be
unseen.

Let's make Slaton a friendly town
by helping all its people to succeed.

Fashions for women may be ridicu-
lous, alright, but only a modern cuss
word will describe man's apparel.

We talk a lot about our public
schools, but few citizens ever take the
trouble to visit them while in ses-
sion.

Our extra slice of pie is awarded
this week to the smart young scholar
who says he likes to go to school.

If you have some article around the

house or store that you do not use, it
is time to try a want ad in The Slaton-
ite. The cost is very small.

It costs The Slatonite money every
time it prints a line of type about
anything. That is why, in fairness
to the publishers, we cannot print
everything that the public offers.

PRESBYTERIAN CHURCH

The Sabbath school meets at 9:45
a. m. Morning worship at 11 o'clock.
Young People's Christian Endeavor
meets at 5 p. m. Evening service at
7:30 o'clock.

We are going to observe Sunday as
Reformation Day and the pastor will
preach on the theme, "The Bible's In-
fluence in the Reformation" at the
morning hour. We hope to have a
goodly number to hear this sermon.
At the evening hour we will speak on
the theme, "Christian Citizenship,"
Romans 13:1.

The public has a cordial welcome
at all of these services. We are plan-
ning and praying for a great and
gracious service.

Rev. James Rayburn, Pastor.

**MISSIONARY SOCIETY
TO ENTERTAIN MONDAY**

The Missionary Society of the
Methodist Church will be hostess to
all women of the church next Mon-
day, Oct. 29, it was stated early this
week, the meeting to be held at three
o'clock p. m. at the church building,
in a jubilee fete.

All women of the church are in-
vited to attend, it was stated.

**Porcupine Was Found
Near McAdoo Lately**

George Crump reported to the Re-
view office yesterday morning that
Norman Ethridge of McAdoo had
found a porcupine near his place.

His dog encountered the porcupine
and in the shuffle his dog received
several quills in his body that neces-
sitated the pliers to pull them out.

A porcupine in this country is some-
thing unusual, and this one is perhaps
the only one to be found in this sec-
tion of the country. Mr. Ethridge
does not know how it came to be
here, and it is creating quite a bit
of curiosity in that neighborhood.

The porcupine is of a grayish color,
the same type of animal that is found
in the Northeastern United States.—
Crosbyton Review.

**Tidwell Shows To
Be Here Next Week,
Fire Dept. Benefit**

Jack Lewis, advance advertising
and publicity director for the T. J.
Tidwell Shows, is here this week com-

pleting arrangements for the appear-
ance of his show here all next week.
It comes under the auspices of the
Slaton Volunteer Fire Department.

Included in the attractions of the
Tidwell shows are six riding devices
and ten high class shows, Mr. Lewis
stated. Three hundred people are
traveling with the show, he stated.

The show will be located on the C.
C. Hoffman lots on North Eighth
Street, according to advance pub-
licity.

Unintentional Suicide

Many people are slowly poisoning
themselves just as surely as if they
drank iodine every morning for break-
fast. They are daily absorbing the
toxins, or poisons, created by accumu-
lated waste matter in their congested
digestive systems. Sooner or later
disease will conquer their weakened
bodies.

If you have dizzy spells, headaches,
coated tongue, bad breath, insomnia,
no appetite, bilious attacks or pains in
the back and limbs, you are probably
suffering from self poisoning caused by
constipation. The surest and pleasantest
relief for this condition is Herbine, the
vegetable cathartic which acts in the
natural way. Get a bottle today from
City Drug Store.

**WILL OPEN GIFT SHOP
ON TEXAS AVE. NOV. 1**

The Mick Doll Gift Shop and Wom-
an's Exchange will open at 108 Texas
Avenue about Nov. 1, it was stated this

week by Mesdames McGinnis and
L. Blundell, who will operate the busi-
ness. A complete line of novelties
will be carried, it was stated, and a
free class in textile painting will be
instructed.
